Chapter 58 The Stubborn Little Black Hawk

The sudden appearance of the Black Hawk shocked everyone.

No one had imagined that Xu Nian actually had a Battle Pet, and it was of the Silver Moon Battle Sect Level.

It was one thing for his own cultivation to increase so rapidly, but to have a Battle Pet of Silver Moon Battle Sect Level was defying the heavens!

"Boom!"

The Black Hawk collided with the Water Dragon, creating a huge noise.

The enormous body of the Black Hawk was immediately sent flying by the terrifying Water Dragon, crashing into the viewing stand's wall and smashing a big pit.

Although Little Xu Yu had broken through to the Silver Moon Level, he was, after all, only a One-star Silver Moon Martial Sect; he had sensed Xu Nian's danger and thus chose to take the initiative to protect his master.

"Big brother, he's very strong; I'm no match for him, but I won't let him hurt you," Little Xu Yu's voice echoed in Xu Nian's mind.

His voice was still youthful, yet his speech was noticeably more coherent than before.

On hearing this, Xu Nian's heart filled with emotion; he and Little Xu Yu hadn't known each other for long, but because both had no one else to rely on, they leaned on each other, and now their interactions had built a profound bond.

Therefore, when Little Xu Yu spoke these words, it wasn't just because he was his Battle Pet, but more so because he didn't want to see Xu Nian die.

"Chirp!"

Amidst Xu Nian's emotional turmoil, Little Xu Yu emitted a piercing cry, and his massive body took off, charging towards Qin Yuanshan.

The Water Dragon had been mightily powerful, but Little Xu Yu's defense was also terrifyingly strong, so he hadn't been too seriously injured. Now barreling towards Qin Yuanshan, he clearly intended a desperate fight.

"Hmph, just an animal of One-Star Silver Moon dares seek death?" Qin Yuanshan coldly huffed, a glint of cold light flashing in his eyes, followed by the sound of a tiger's roar emanating from his body.

The Qin Family's Xuan-level top-grade Battle Technique, Overlord Tiger Shocking Fist!

"Boom!"

Qin Yuanshan unleashed a punch, and it was as if a tiger roared through the forest; the surrounding rain curtain was shattered by the force, and a punch imprint shot forth, smashing towards Little Xu Yu.

Positioned mid-air, Little Xu Yu rapidly flapped his wings, instantly conjuring a whirlwind in front of himself.

"Boom!"

The fist imprint struck the whirlwind, only holding it at bay for a second before shattering it; the same punch slammed into the Black Hawk's wing, sending him flying yet again.

Little Xu Yu crashed heavily onto the ground, feathers shed from his wings, with the left wing evidently fractured and no longer able to take flight, its cries sounding in anguish.

However, the Black Hawk didn't give up; he dragged his fractured wing and stumbled back towards Qin Yuanshan in another charge.

"Little Yu, stop, he'll kill you," Xu Nian screamed in desperation within his heart.

Yet Little Xu Yu seemed not to hear at all, his sharp eagle eyes met death unflinching.

The crowd in the stands was stupefied.

What the hell was going on?

Your next journey awaits at empire

It was one thing for Xu Nian's character to be resilient, but even the character of his eagle was this unyielding? How demoralizing.

Qin Yuanshan watched the stumbling yet still charging Black Hawk, the killing intent in his eyes growing even more intense.

"Since you seek death, I shall oblige you!"

Qin Yuanshan bellowed, spiritual energy bursting within him, the tiger's roar sounded again as he launched another punch at Little Xu Yu.

The punch flew out, shaking the surroundings with more force than before.

The hearts of the onlookers immediately rose to their throats, and they all tensely sweated for Little Black Hawk.

"Chirp!"

However, just when everyone thought Little Black Hawk would be severely injured by this punch, the Black Hawk's gaze suddenly turned sharp, and it spat out a streak of purple thunder from its beak.

As the purple thunder erupted, it exploded thunderously, colliding directly with the terrifying fist imprint.

"Boom!"

A loud noise ensued, and the fist imprint was shattered by the attack of the purple thunder.

"What, it actually blocked it? How is this possible?"

The people around all showed surprised expressions, as a One-Star Silver Moon Level Demon Beast actually blocked an attack from a Nine-Star Peak Silver Moon Battle Sect, which seemed impossible to them.

"How can this Black Iron Eagle be so strong?" On the stands, Yuu Fei asked in surprise.

"That purple thunder just now was extraordinary. Although this Black Hawk looks somewhat like a Black Iron Eagle, its defense, attack, and even intelligence are much stronger than that of ordinary Black Iron Eagles," Chen Xifeng said with a slight frown, his gaze fixed on Little Xu Yu, pondering something.

Yun Lan, however, did not speak, but her expression revealed her extreme astonishment.

The same conversation was also happening on the high platform. People like Yann Tianhai, with their perceptive eyes, naturally noticed the extraordinary nature of Little Black Hawk.

"Black Iron Eagle? What a joke. Have you ever seen a Black Iron Eagle of Silver Moon Battle Sect Level? And how many Demon Beasts that can control thunder are ordinary?" Yann Tianhai, hearing the other Family Heads discussing Little Black Hawk, let out a cold, mocking smile.

But even with his knowledge, he could not discern exactly what kind of Demon Beast Little Black Hawk was.

Little Black Hawk's spitting of thunder naturally caused a stir among the onlookers, and once again, their gaze towards Little Black Hawk changed.

There was a consensus on Tianhen Continent that any Demon Beast associated with thunder was far from ordinary. Now that Little Xu Yu could spit thunder proved the fact that it had the power to control thunder.

Not only were the others surprised, but even Xu Nian did not expect Little Xu Yu to have this trick up its sleeve.

When he had fought it initially, Little Xu Yu hadn't displayed this move; obviously, this ability was something it obtained after breaking through to Silver Moon Battle Sect Level.

At this moment, Qin Yuanshan's brow was deeply furrowed. He had already used seven moves, and not only was Xu Nian still alive, but even the Demon Beast in front of him had not been killed, which filled him with sudden anger.

"Hmph!"

Qin Yuanshan snorted from his nostrils as the spiritual energy inside his body circulated to its peak, and his body was then covered with a layer of green patterns.

"What? Qin Yuanshan actually used the Green Pattern Battle Skill. This is the only Earth-level Battle Technique of the Qin Family!" Even Yann Tianhai on the stands exclaimed at this moment.

The Green Pattern Battle Skill was a well-known Qin Family combat skill, and it was unexpected that Qin Yuanshan would be pushed to use it.

Seeing this, Xu Nian's eyes also widened in an instant.

Suddenly, as if realizing something, he rushed to shout at Little Xu Yu, "Little Yu, run fast!"

"Hmph, too late to run now!"

But before Xu Nian's voice could fall, Qin Yuanshan's figure had already appeared above Little Xu Yu, and his terrifying fist smashed down directly onto Little Xu Yu's chest.

"Boom!"

Little Xu Yu, unable to react in time, was struck by the punch. Its entire body plummeted like a meteorite to the ground, creating a massive pit on the Life and Death Platform.

Lying in the pit, Little Xu Yu was bloodied and convulsing, unable to move at all.

Seeing this, anger surged to the top of Xu Nian's skull, and his eyes instantly reddened with killing intent.
