

## **Divine King 70**

### Chapter 70 The Pretty Senior Sister

Exotic Beast corpses continued to fall, and Xu Nian's score on the rankings soared ever higher while the audience's mouths gaped wider and wider.

When Xu Nian cut down the last Nine-star Exotic Beast of the Star Realm with his sword, everyone was petrified on the spot.

In one breath, Xu Nian had slain ninety-six Exotic Beasts, among which six were Nine-star Beasts of the Star Realm. What kind of strength was that?

Couldn't his Spiritual Energy be exhausted?

How could he possibly have endured for so long?

However, they didn't know that the storage of Dan Sea Species Green Lotus Spiritual Energy cultivated by Xu Nian was three times that of others. Let alone ninety-six Exotic Beasts, even if a hundred more came his way, Xu Nian would still kill them without error, not to mention Xu Nian hadn't even used his Gang Qi yet.

"Buzz!"

A massive amount of Exotic Beast energy converged into Xu Nian's body, running through his limbs and into the depths of his bones, greatly strengthening his sinews and skeleton and even showing signs that his Divine Demon Refining Body Cultivation could skyrocket to the peak of the Seventh-star of the Star Realm.

"Fantastic!"

Xu Nian roared, feeling an indescribable exhilaration at that moment.

Looking again at the score display on the Golden Crow Token, Xu Nian's points had now reached two hundred and eighty-seven, surpassing Han Xin, who was in ninth place, and putting direct pressure on Luo Dong in eighth place.

Xu Nian smiled with satisfaction at this scene. It didn't matter that these people were temporarily ahead; in the next three days, he would regain all the scores.

At this point, the people on the field also came back to their senses, their hearts still full of amazement.

Where others killed Exotic Beasts one by one, this Xu Nian had wiped out ninety-six in a single breath, almost catching up with the number of Exotic Beasts others had killed in six days.

"Boom!"

Just then, a rumbling sound came from afar, indicating a battle.

Xu Nian was also drawn by this roaring sound and dashed toward the source, eager to see who was fighting.

Meanwhile, the audience outside had shifted their gaze to the ninth and eighth Xuantian Mirrors.

Because at this moment, the images displayed on these two Xuantian Mirrors were the same, showing two people fighting, and their opponent was a Silver Moon Level Fire Wolf Exotic Beast of the Battle Sect.

These two were none other than the eighth-ranked Luo Dong and ninth-ranked Han Xin.

After entering Jade Cave Heaven, they somehow found each other.

Luo Dong was a suitor of Han Xin's, so he had been following her around ever since he saw her.

Now, this Silver Moon Level Fire Wolf Exotic Beast was one they had agreed to slay together, aimed at obtaining the energy at the beast's forehead.

Both knew they had no chance of making it into the top three; instead of wasting time on scoring points, it was better to focus on finding treasures and capturing Exotic Beast energy.

The energy of a Silver Moon Level Fire Wolf Exotic Beast was exceedingly rich, greatly beneficial even to Spiritual Cultivators.

If they could slay this Silver Moon Level Fire Wolf Exotic Beast, they could not only enhance their own Cultivation but also win Han Xin's trust.

However, Luo Dong and Han Xin had overestimated themselves. Although this Fire Wolf was only at the One-star Battle Sect Level of the Silver Moon, it was incredibly powerful, especially its flames were terrifying.

The fireballs it spat out could melt even rocks.

So now it was no longer about Luo Dong and Han Xin wanting to slay the Fire Wolf Exotic Beast; the beast was frantically pursuing them.

"Buzz!"

The Fire Wolf Exotic Beast spat out another fireball, aimed directly at Han Xin, who was not far off.

"Han Xin, run quickly, I'll help you block this beast!"

Luo Dong shouted towards Han Xin, swinging his long sword rapidly to release a burst of Sword Radiance to confront the fireball spat out by the Fire Wolf Exotic Beast.

...

However, he had not yet broken through to the Silver Moon Battle Sect Level. Although he could barely unleash Sword Radiance, its power was far inferior to the Fireball of the Fire Wolf Mutant Beast.

"Boom!"

The giant fireball came crashing down, and Luo Dong quickly rolled to the side. The spot where he had just stood was blackened, and he narrowly escaped death by fireball.

But even though he didn't die, Luo Dong's legs were still hit by the fireball.

At this moment, his entire calf was a mess of burst skin, burnt black, with intense pain twisting his face and a miserable cry escaping his mouth.

The audience outside the arena burst into exclamations, each one frowning, showing a look of sympathy.

Through the Xuan Tian Mirror, they could all feel Luo Dong's pain.

"Luo Dong, are you okay?" Han Xin, standing beside him, quickly asked, seeing Luo Dong injured.

"Go quickly, don't mind me. I'll draw its attention. Don't worry, I won't die. If it comes down to it, I'll just crush the Golden Crow Token!" Luo Dong shouted to Han Xin.

Hearing this, Han Xin hesitated for a moment before nodding.

Though Luo Dong would be eliminated early if he crushed the Golden Crow Token, her staying would be of no help either. This would only get her into trouble as well, and eventually, both would be forced into a corner and eliminated.

But the Fire Wolf Mutant Beast seemed to possess considerable intelligence. Instead of going for the injured and immobile Luo Dong, it went straight for Han Xin who was preparing to flee.

The Fire Wolf let out a howl, its form dashing forward in a frenzied run, charging directly towards Han Xin.

"Be careful!" Luo Dong hurriedly shouted out, trying to warn Han Xin.

By the time Han Xin felt the danger and turned around, it was already too late.

The Fire Wolf Mutant Beast was incredibly fast—it was upon her in the blink of an eye, with sharp claws carrying a fearsome momentum, aiming to grab her.

It was about to pierce through her chest and tear her apart.

At this critical moment, Han Xin, too, was startled, and for a moment, she even forgot to crush the Golden Crow Token, watching helplessly as the sharp claws grew larger before her eyes.

"Don't..." Luo Dong cried out with great emotion, his voice filled with intense unwillingness and regret.

The audience outside all widened their eyes and covered their mouths, obviously unable to bear watching Han Xin being shredded by the terrifying Fire Wolf Mutant Beast.

In the nick of time.

Everyone's focus was on Han Xin in the ninth Xuan Tian Mirror, but no one noticed that Xu Nian, in the tenth Xuan Tian Mirror, had mysteriously disappeared.

In fact, he had not disappeared. It was just that Xu Nian's speed was so fast that even the image of him on the Xuan Tian Mirror became blurry.

"Boom!"

A thunderous explosion followed.

The expected scene of Han Xin's chest being pierced by the Fire Wolf Mutant Beast did not occur. Instead, the Fire Wolf's entire body was sent flying out, traveling a full thirty yards before stopping.

"This..."

The audience outside all had their eyes wide open, petrified on the spot.

Their gaze clung to the figure that haughtily appeared in the ninth and eighth Xuan Tian Mirrors, too shocked to speak.

And Han Xin, who had thought herself to be certainly dead, was also staring blankly at the young man who had suddenly appeared before her, her beautiful eyes filled with disbelief.

A single punch!

He had sent a Silver Moon Battle Sect Level Fire Wolf Mutant Beast flying thirty yards. Was this person even human?

While Han Xin was stunned, the heroic young man let out a breath, sighing, "Phew, luckily I was in time. Otherwise, it would have been such a pity for such a beautiful senior sister to die under those wolf claws."

Hearing this, Han Xin's face immediately blushed.

...
