

## **Divine King 901**

Chapter 901: Your Big Brother Is Ultimately Your Big Brother

Xu Nian directly subdued the entire Wanlong Gang like that.

And renamed Wanlong Gang to Heavenly Court.

After a simple reorganization of the new Heavenly Court, Xu Nian instructed Wu Gang and others to start mining the Rock Iron Energy Metal veins with the thousand-strong group.

In the past, Wanlong didn't have the Rock Iron Order and could only mine stealthily.

So the mining progress was quite slow.

Now Xu Nian had no such concerns, and with the frantic mining by a thousand people,

Three thousand tons of Rock Iron Energy Metal could be extracted in a single day.

Xu Nian was not stingy; he kept sixty percent for himself and distributed the remaining forty percent to everyone else.

This made the cultivators more devoted to Xu Nian, working with full zeal.

Mind you, in the past, Wanlong was reluctant to even give them ten percent.

Now Xu Nian was willing to give forty percent; this was an immense boon to them.

During this time, Xu Nian continued to comprehend the Dimension Cutting Profound Argumentation and Gravity Space Profound Argumentation.

While also continually absorbing the energy from the energy metals.

The energy absorption of the Divine Demon Refining Body Technique was extremely vast.

Even the sixty percent of daily energy metals barely sufficed Xu Nian's absorption.

Over a few days, Xu Nian absorbed a total of one hundred thousand tons of energy metals.

As Xu Nian kept absorbing this metallic energy, his physical body gradually became more powerful.

His skin, bones, and meridians all emitted a faint silver metallic sheen.

Now, without using any strength, he could fight against a mid-stage Wanxiang Realm powerhouse just relying on his physical body.

Just relying on physical strength!

Perhaps even a peak Heavenly King Realm powerhouse would not dare to say they could defeat a Wanxiang Realm powerhouse purely by physical strength.

And this trend was still increasing.

Xu Nian's absorption of Rock Iron Energy Metal was not yet saturated.

Everyone's absorption peak for the same energy metal is called the saturation point.

Once the saturation point is reached, the energy of the same energy metal cannot be absorbed anymore.

Generally, an average person can absorb about fifty thousand tons of Rock Iron Energy Metal into their body.

Some powerful Body Cultivators might be able to reach seventy or eighty thousand tons.

Surpassing one hundred thousand tons is almost unheard of.

Xu Nian absorbing one hundred thousand tons without reaching saturation is simply unimaginable.

No one knows what extent he will reach once he absorbs to the saturation point?

Just like that, another month passed.

The mining of Rock Iron Energy Metal on Silver Wolf Star continued in an orderly manner.

According to Xu Nian and his team's estimates, the Rock Iron Energy Metal on Silver Wolf Star would be enough for them to mine for three years.

After this month, Xu Nian's absorption of energy metals reached close to three hundred thousand tons.

This is a very terrifying number.

The key is, Xu Nian's physical strength has still not reached saturation.

If this were to be spread, it would surely shock many people.

...

On Silver Wolf Star, in the huge palace.

Xu Nian sat at the main seat above.

Below stood six men in total.

These six men were none other than Wu Gang's three brothers and the three early-stage Heavenly Phenomenon Realm experts who had initially submitted to Xu Nian.

"Boss, great news, Wu Gang and Brother Tie Chui have broken through and reached the early stage of Heavenly Phenomenon Realm," Zhao An said joyfully.

Since Xu Nian became the gang leader, they no longer called him big brother but directly called him boss.

"Oh? That is indeed good news." Hearing this, Xu Nian smiled and looked at Wu Gang and Tie Chui.

For Xu Nian, Wu Gang and Tie Chui's breakthrough was entirely beneficial.

This way, the strength of Heavenly Court increased significantly.

"That's all thanks to the leader's favor, rewarding us so much metal energy. I and Tie Chui both absorbed sixty thousand tons of energy metals, greatly enhancing our physiques and speeding up cultivation, only then did we manage to break through." Wu Gang said with a smile.

Although he still looked at Xu Nian with reverence.

Even though they broke through, Xu Nian still could slay mid-stage Heavenly Phenomenon Realm Wanlong.

"Indeed, leader, I absorbed seventy thousand tons of metal energy, even more than ordinary Body Cultivators. Additionally, my Earth Power Profound Argumentation recently had a new breakthrough, creating a new technique." Tie Chui said excitedly.

"Oh? What technique, it seems impressive." Xu Nian asked with a smile.

He also comprehended the Power of Earth.

Though his main focus was Gravity Space and Dimension Cutting.

Power of Earth and Wind's Extreme Speed could only be considered auxiliary cultivation.

Other profound argumentations were even less significant in cultivation.

"Earth Blast! It's the second technique I created after reaching the Great Success Realm of Power of Earth." Tie Chui said proudly.

"Earth Blast? Interesting, I'd like to see it." Xu Nian said with a smile.

"Haha, it would be my honor to spar with the leader, then forgive my offense." Tie Chui laughed heartily.

Saying so, a terrifying force surged from his body, and the floor beneath his feet instantly shattered.

Xu Nian could feel a force gathering on his body in the form of energy waves.

"Forgive my offense, leader, Earth Blast!" Tie Chui shouted loudly, then leaped up and punched towards Xu Nian.

The fist appeared plain but actually concealed a tremendous energy.

"Good!"

Xu Nian exclaimed in approval, as three energy rings instantly appeared on his arm.

Then he fiercely punched out.

"Boom!"

A shocking explosion reverberated.

The terrifying energy burst forth in the great hall.

Tie Chui quickly retreated, stumbled, and sat down on the ground.

Whereas Xu Nian remained absolutely still.

"So strong!"

Everyone around was astounded.

This punch revealed Xu Nian's significantly enhanced strength.

"Looks like the leader is still better." Tie Chui stood up, said with a face full of shame.

"Actually you don't need to mind, your punch already has considerable power. If not for my physical enhancement during this time, I might have had to use a weapon to handle your punch." Xu Nian said with a smile.

Tie Chui felt a lot better hearing this.

They all knew that besides his powerful fist techniques, Xu Nian was truly formidable in swordsmanship.

So seeing Xu Nian parry his punch with another punch made him feel quite disappointed.

"I wonder how much energy metal the leader has absorbed? Have you reached saturation?" The question was posed by one of the three early-stage Heavenly Phenomenon experts.

His name was Lan Qi and he was the strongest and most talented among the three.

Upon hearing Lan Qi's question, the other five also looked towards Xu Nian.

The energy metal Xu Nian possessed was undoubtedly the most.

Logically speaking, he should have already reached saturation.

Why has his strength improved so much?

"Not much, just a little over three hundred thousand tons of energy metals, still a bit away from saturation." Xu Nian replied with a smile.

"Three hundred thousand? Still a bit away from saturation?"

All six people in the hall gasped audibly.

Previously, Tie Chui had smugly felt joy absorbing seventy thousand tons of energy metals, but now it seemed like a hard slap.

The leader is indeed the leader!

Big Brother is still your Big Brother indeed!

Chapter 902: Time Flow Speed

Just as Xu Nian took control of Silver Wolf Star.

The last trace of light from a star on the edge of the Taiheng Star System finally dissipated at this moment.

The entire star has completely exhausted.

However, it did not manage to evolve into a constant star.

Because all the energy of this entire star has been devoured.

Inside the star, in a magnificent palace.

The Undying Devouring Sky Beast Avatar radiated dazzling light, resembling a small, scorching star.

"Boom!"

A loud explosion.

That scorching energy was entirely suppressed by the Undying Devouring Sky Beast Avatar and eventually transformed into energy flowing throughout the body.

The Undying Devouring Sky Beast Avatar opened its eyes; the crimson eyes glowed with excitement.

"Congratulations, congratulations, after such a long time of devouring, you've finally consumed the entire star. Your cultivation has probably reached the early-stage Harmonization Realm, right?" a Dao Tian Rat appeared before Xu Nian, saying with a smile.

"Thank you, Senior. My cultivation has indeed broken through to the early-stage Harmonization Realm, and my strength might already surpass that of an ordinary Harmonization Realm." the Undying Devouring Sky Beast Avatar said.

"That's right. Based on your understanding of the Space Profound Argumentation, coupled with the Undying Devouring Sky Beast's abnormal physique, it's already comparable to the middle stage of the Heavenly Phenomenon Realm. Even if you encounter the late stage of the Heavenly Phenomenon Realm, you won't be at a disadvantage." the Dao Tian Rat said.

Upon hearing this, Xu Nian's eyes grew even more excited.

Comparable to the late stage of the Heavenly Phenomenon Realm, does that mean the avatar's strength has already surpassed the main body?

Without using Spiritual Sense Power, Xu Nian's main body's strength at most can match the middle stage of the Heavenly Phenomenon Realm.

In comparison, there's still a gap compared to the Undying Devouring Sky Beast Avatar.

"I know what you're thinking; are you planning to get revenge on the Guihai family?" the Dao Tian Rat said.

"Yes, the Guihai family has repeatedly pressured me. Last time, if it weren't for the Void Insect Nest, my main body would have perished at their hands." the Undying Devouring Sky Beast Avatar said with determination in its eyes.

"Revenge is possible, but your strength right now is just a death sentence if you go." the Dao Tian Rat said.

"I know, but I will have them taste fear bit by bit and use the Guihai family to hone my skills." Xu Nian said.

"Speaking of honing skills, the Asura Three Sabers is not bad. It can serve as a foundation blade technique. Once you master these three blades comprehensively, I'll teach you more advanced blade techniques." the Dao Tian Rat said.

"More advanced blade techniques?" Xu Nian said in surprise.

The Asura Three Sabers is esteemed as a treasure of the Guihai family.

But here with the Dao Tian Rat, it's just a foundational blade technique.

Perceiving Xu Nian's astonishment, the Dao Tian Rat chuckled lightly: "You must understand your current identity; you are the successor of the Green Emperor, and the insights of the Green Emperor are supreme even in the Divine World."

Xu Nian nodded solemnly.

The reverence for the Green Emperor is evident starting with the Dan Sea Species Green Lotus.

"This is the Control Talisman for the Chaos Divine Palace. Once you refine it, you can absorb it into your own body and carry it with you freely." the Dao Tian Rat said.

"Control the entire Chaos Divine Palace?" Xu Nian said with surprise.

"No, only the first level of the Chaos Divine Palace. When you break through to the Earth Immortal realm, you'll be able to control the second level. But even the first level is enough for your cultivation. Haven't you noticed that the time flow rate on the first level of the Chaos Divine Palace is different from the outside world?" the Dao Tian Rat said with a smile.

The Undying Devouring Sky Beast Avatar nodded.

This was something he had long noticed; it took him a full year to devour this star.

But outside, only a little over a month had passed.

Apparently, the time flow in the Chaos Divine Palace is ten times slower than the outside.

"That's right, the time flow rate on this first level is ten times slower than the outside, the second level is a hundred times slower, the third level a thousand times, and the fourth level ten thousand times, and so on." the Dao Tian Rat said.

"Ten thousand times? Doesn't that mean a year outside equals ten thousand years here?" Xu Nian said, his eyes widening.

The Dao Tian Rat smiled as though it was a matter of course.

Xu Nian was left stunned.

"Then how many levels does this Chaos Divine Palace have?" Xu Nian asked.

"Nine levels, but the first eight control the time flow, and the ninth is different; there is no time or space there. I haven't been there, and what it's like is for you to discover yourself." the Dao Tian Rat said.

Xu Nian was astonished.

No time and space?

How is that possible?

What kind of place could that be?

His admiration for the Green Emperor surged even more.

A billion-fold time flow rate, what kind of concept is that?

Is this the legendary Time Law?

As for the Time Law, there are some vague concepts present in the inheritance memory of the Undying Devouring Sky Beast Avatar.

But they are just vague concepts.

Being able to control the time flow is definitely a remarkable existence.

Some might even manage to reverse time.

But those are far beyond him; he can't even grasp the basic Profound Argumentation now.

After Xu Nian refined the Key Talisman for the Chaos Divine Palace, he could sense a connection to the first level of the Chaos Divine Palace.

In this way, he could change the appearance of the first level of the Chaos Divine Palace at will.

Whatever he wanted, it could be done with a mere thought.

And he could enter and exit this Chaos Divine Palace freely.

"By the way, Senior Dao Tian, what's the deal with the Void Insect Nest?" Xu Nian continued to ask.

This Void Insect Nest appearing here is clearly not a coincidence.

It likely relates to his Master, the Green Emperor.

"You mean that little bug? It was something your master found accidentally back then, so he caught it on a whim as a gift to leave for you." the Dao Tian Rat said.

Xu Nian was speechless.

A gift left for him?

This thing could devour an entire star system clean.

It's arguably scarier than his Undying Devouring Sky Beast.

"You need not worry; it has been tested by your master and is temporarily in a dormant state, it won't wake. Once your strength reaches the Earth Immortal realm, you can awaken it, then enslave it, thus adding considerable combat strength to you." the Dao Tian Rat said.

Enslave the Void Worm Emperor?

Perhaps only his master dared to think of such a thing.

If not careful, one might end up pulverized!

"Remember, when you go out later, to bring that asteroid into the Chaos Divine Palace; its presence has been discovered and to prevent someone from destroying it." the Dao Tian Rat continued.

Xu Nian nodded.

The Chaos Divine Palace is massive.

Absorbing an asteroid would not be an issue at all.

Despite placing it together with himself, he always felt a chill.

Soon, Xu Nian stopped thinking too much, walked out of the Chaos Divine Palace, and brought the asteroid into the Chaos Divine Palace.

Then headed towards Guihai Star of the Guihai family.

Now it's time to seek justice with the Guihai family.

Chapter 903: The Great Lecher Xu Nian

Tianhe Star is a very prosperous planet in the Taiheng Star Domain.

Basically, this planet is populated by cultivators.

It is also the hub for the transmission arrays of the Taiheng Star Domain.

Essentially, you can teleport to any star from here.

The Undying Devouring Sky Beast Avatar, Xu Nian, was walking in the central city of this planet.

However, at this moment, he had already used "Ten Thousand Illusion Body" to change his appearance and aura.

Unless they were Earth Immortal-level experts, no one could discover Xu Nian's true appearance.

As for the technique "Ten Thousand Illusion Body," it was naturally learned by Xu Nian from the Dao Tian Rat.

The Chaos Divine Palace is not just a treasure in itself; it also contains a vast number of ancient texts and secrets.

However, what Xu Nian could master now was still too little; only as his strength increased would these texts gradually be accessible to him.

Xu Nian walked among the crowd, observing the coming and going of cultivators around him.

Around him, the shouting voices were all selling items used by cultivators.

Xu Nian wasn't interested in these things.

Now, he just wanted to quickly get to Guihai Star to meet the Guihai Family.

However, his attention was soon caught by the crowd gathered ahead.

He heard them mention the name Xu Nian in their conversation.

Curious, Xu Nian walked over.

He discovered a bounty order hanging there, and the portrait on it was of Xu Nian.

Looking at the amount on it, it was as high as ten thousand top-grade Spirit Stones.

"Ten thousand top-grade Spirit Stones, the Guihai Family really holds me in high esteem," Xu Nian smiled slightly while looking at his image on the portrait.

To know, ten thousand top-grade Spirit Stones was quite a substantial fortune.

Even Heavenly Phenomenon Realm, or even Tribulation Crossing stage experts would be tempted.

So for the Guihai Family to put out so many Spirit Stones to hunt him clearly showed their determination to kill him.

But he was also fortunate that he had used the Ten Thousand Illusion Body.

Otherwise, he would have been recognized as soon as he arrived at Tianhe Star.

"Hey, have you heard? This guy named Xu Nian is very arrogant!"

"Yeah, I heard that too. This guy not only killed Guihai Family's young master, Guihai Tianxing, but also killed the new adopted son of the Guihai Family Master."

"I heard that too, this guy was extremely ruthless. Killing Guihai Family's young master was one thing, but he even killed the adopted son. Looks like he's determined to fight till the end with the Gui Family."

"That's nothing, I've heard that Xu Nian didn't even spare a maid from the Guihai Family, first raped then killed her, absolutely beastly behavior!"

"Such explosive news, no wonder the Guihai Family would spend a fortune to issue a bounty on him."

...

A wave of discussions reached Xu Nian's ears.

Xu Nian was utterly confused.

What was going on?

When did he kill the Guihai Family Master's adopted son, or rape and kill a Guihai Family's maid?

Although he planned to target the Guihai Family, he hadn't done anything yet!

But Xu Nian quickly figured it out; someone was impersonating him to take on the Guihai Family.

Wasn't this interesting?

He hadn't done anything yet.

But someone had beaten him to it, taking care of the matter for him.

However, raping and killing a maid, wasn't that too despicable?!

Xu Nian didn't know whether to laugh or cry.

Momentarily, he developed a strong curiosity about the person impersonating him.

"What you heard is outdated; that's all from several days ago. I have the latest news here."

At this moment, a voice was heard again beside him.

Xu Nian was instantly attracted.

Could it be that 'he' did something shady again?

"What news? Speak up!" someone beside eagerly urged.

The person acted all mysterious for a moment before speaking, "I have reliable news. Someone saw with their own eyes this lecherous Xu Nian heading to Falling Flower Star."

"Falling Flower Star? Why would he go there?" someone immediately asked.

Xu Nian was curious too.

But he was speechless about being called a lecher.

"Don't you know? The Falling Flower Star is going to hold the Spirit Rain God Festival recently, and the Madam of the Guihai Family Master is a devout follower of the Spirit Rain God, attending the festival on Falling Flower Star every year. Today is the centennial grand ceremony; she wouldn't miss it." The person said with a grin.

The smile carried a hint of cunning.

"Madam Guihai? Does he intend to..." the crowd was first stunned but quickly understood.

"That's right, this lecherous bandit is audacious. He declared he'd kill all the men of the Guihai Family and greet all the women. You know Madam Guihai was once the most famous beauty in the Taiheng Star Domain. Even though she has aged, she's still charming. Do you think he would miss this opportunity?" the person chuckled.

"He truly is audacious enough to do anything. If he actually succeeds, the Guihai Family would become the biggest joke in the entire Taiheng Star Domain!" the surrounding crowd remarked.

Some were indignant, some clicked their tongues in wonder, while others looked on in anticipation.

Only Xu Nian stood in the crowd, his mind filled with black lines.

If this had nothing to do with him, he would certainly enjoy the spectacle and assist the Lustful Hero.

But now that this guy was going about causing trouble, using his name.

Xu Nian couldn't just ignore it.

"Falling Flower Star? Seems like I'll have to make a trip to Falling Flower Star first, otherwise there'll be no washing off this injustice in ten lakes worth of water." Xu Nian muttered to himself.

So Xu Nian headed directly towards the direction of the transmission array.

The transmission array at Tianhe Star was very crowded.

When Xu Nian arrived in front of the transmission array, the entire line was like a giant dragon.

The transmission array had limited openings per day.

Xu Nian roughly estimated that it would take at least three days for his turn.

This left Xu Nian a bit distressed.

However, even so, it was still faster than flying by ship.

"Hey, brother, you're heading to Falling Flower Star too?"

While Xu Nian was waiting, thoroughly bored, a young man ahead suddenly turned around to speak to him.

Xu Nian had already noticed this guy glancing at him.

He found this person had a considerable cultivation, quite high actually.

He had already reached the early stage of the Tribulation Crossing level.

Considering his age, he seemed only around a hundred years old.

A person like this would be considered a genius in a great sect.

However, the smile on this guy's face seemed a bit sleazy.

"Hello, brother, I'm Shi Guangxu, also heading to Falling Flower Star," the sleazy young man smiled at Xu Nian.

"I'm Yuu Sheng! Indeed, I'm going to Falling Flower Star; is there something you need?" Xu Nian responded coolly.

Previously, when his true self took the transmission array, someone approached him with ill intentions.

Now, encountering the same situation with his avatar, he naturally didn't show too much enthusiasm.

And besides, this guy didn't seem to be a good person.

"That's quite a coincidence. I know you're also looking for that Xu Nian, and to tell you the truth, I'm also going to find him on Falling Flower Star, and I know his location there," Shi Guangxu smiled.

Chapter 904 - 904 Shi Guangxu

"Do you know where Xu Nian is?" Xu Nian became intrigued upon hearing Shi Guangxu's words.

Of course, he couldn't completely trust his words.

After all, when traveling outside, the most important thing is not to easily trust others.

"Brother, I know you may not believe me, but everything I said is true. Not only do I know where that Xu Nian is, I also know him and have even fought him before," Shi Guangxu said with a smug expression.

The squint of his eyes gave off a crafty and sly vibe.

"You know him? And fought him? How is his strength?" Xu Nian continued to probe.

This guy knows Xu Nian?

How could that be possible?

The real Xu Nian is standing right in front of you, isn't it?

"His strength is about the same as mine. Brother, your cultivation might be a bit lacking, so if you really encounter him, I advise you to run away first," Shi Guangxu said to Xu Nian.

Xu Nian smiled slightly and didn't say anything to him.

However, if what this man said is true, this fake Xu Nian's cultivation is not that simple!

"Why are you telling me this? Like you said, my cultivation is of no use to you," Xu Nian asked.

Although the Undying Devouring Sky Beast avatar is dominated by Xu Nian's soul, Xu Nian is still somewhat influenced by the beast's proclivity for slaughter.

Therefore, when faced with such matters, he was too lazy to play any schemes.

He tried to appear relatively indifferent.

"Brother, I know you suspect I have ulterior motives, but I'm telling you this because you strike me as an extraordinary and capable person, someone destined to do great things. So, I want to join forces with you for a big heist, and there's no danger for you involved," Shi Guangxu transmitted to Xu Nian.

"Oh? What kind of big heist?" Xu Nian asked, surprised.

"Brother, think about it. So many people have come to catch Xu Nian, yet how many can actually succeed? Even if someone catches him, if the Guihai family goes back on their word and doesn't pay the bounty, what then? You might even lose your life," Shi Guangxu continued to communicate.

"So what are you suggesting?" Xu Nian asked further.

He was very curious about what medicine this guy was selling in his gourd.

"What I mean is, instead of going to Falling Flower Star, now that the news of Xu Nian being there has spread, the Guihai family will definitely dispatch a large force to protect Madam Guihai. Xu Nian will likely be caught. Why not cut the grass from the roots and make more than earning the bounty?" Shi Guangxu suggested with a gleeful smile.

"Cut the grass from the roots? Are you suggesting we attack the Guihai family's stronghold?" Xu Nian asked, surprised.

Shi Guangxu immediately showed an expression of "you're very smart."

"But it can't be that easy. Even if the Guihai family sends out a large force, they won't send everyone. They certainly have an Earth Immortal expert holding the fort," Xu Nian quickly responded.

"Rest assured, the Guihai family has three Earth Immortal experts, all in the early stage: the family master and two other old ones. I have reliable information that this time the Guihai family will send out two Earth Immortal experts. As for the remaining one, I have a way of dealing with them. As for the others at the Transcendence Tribulation Stage, they too are not a problem. We'll be sneaking in stealthily, so it's no big deal," Shi Guangxu transmitted.

Xu Nian displayed a contemplative look on his face.

He had to admit, Shi Guangxu's proposal was definitely tempting.

This was indeed a good opportunity to teach the Guihai family a lesson.

But in that case, would they just ignore the matter of the fake Xu Nian?

"But you said earlier that you knew that Xu Nian. How does that work if you said you fought him before?" Xu Nian felt that Shi Guangxu's words were somewhat inconsistent.

The beginning and the end clearly didn't match up.

"I'll be honest with you, brother. This Xu Nian is fake. I know the guy; he knows some transformation techniques to morph into Xu Nian's appearance and has been opposing the Guihai family. This time, his intention is to put a big green hat on the Guihai family master, but as you know, the Guihai family master won't just let him succeed. So he's very likely to get captured, and us going is pointless as his lie will unravel on its own," Shi Guangxu transmitted mysteriously.

"A fake Xu Nian?" Xu Nian feigned surprise.

Though in his heart, he was somewhat taken aback.

Shi Guangxu actually knew that Xu Nian was fake.

For a moment, Xu Nian became curious about Shi Guangxu's identity.

This guy's strength is not simple, and he's audacious beyond compare.

His intelligence is also incredibly well-informed.

He even wants to team up with him to raid the Guihai family?

Suddenly, Xu Nian seemed to understand something.

A faint smile appeared on his face, and he readily agreed, "Fine, I'll go with you to the Guihai family, but you must promise that if there's danger, you won't abandon me."

"Haha, no problem. I always thought you're an extraordinary and intelligent person. I contacted ten people before, and they all called me crazy, but you believed me," Shi Guangxu laughed heartily and transmitted.

Xu Nian also smiled, but there was an intriguing undertone to his grin.

"Believe you? Of course, I believe you!" Xu Nian thought to himself, smiling.

After dispelling the fog, everything suddenly became clear to him.

But Xu Nian also thought of something.

It seemed like Shi Guangxu's trip to the Guihai family wasn't just for a simple heist, right?

But besides spirit stones, what else could the Guihai family have to attract him?

Suddenly, Xu Nian's eyes lit up.

He thoroughly understood.

This time, it was the Guihai family master's first wife who visited Falling Flower Star for a memorial.

And recently, due to Guihai Tianxing's death, the Guihai family master has taken a new wife.

This new wife is young and beautiful.

It was clear that Shi Guangxu's purpose wasn't to rob the Guihai family, but it was aimed at this new wife.

In any case, it was to put a green hat on the Guihai family master, whether it's the first wife or the new wife, she's going to get it!

Brilliant!

Xu Nian couldn't help but admire Shi Guangxu's cunning.

As for Shi Guangxu's real identity, it wasn't hard to guess. It was the one impersonating Xu Nian.

Xu Nian didn't expect this guy to actually meet him.

And even wanted to take him to the Guihai family.

"Interesting, it seems the Taiheng Star System is going to become thoroughly lively. Instead of going to Falling Flower Star to watch the bustle, it's more thrilling to watch the drama unfold at Guihai Star. But this time, I won't let you use my name again," Xu Nian thought to himself, smirking.

Seeing the Guihai family in an embarrassing situation is something he'd enjoy.

But as for Shi Guangxu, using his name to commit more mischief is no longer going to happen.

However, Xu Nian still didn't understand why Shi Guangxu approached him.

But one thing Xu Nian could be sure of was that Shi Guangxu absolutely hadn't figured out who he really was.

Chapter 905 - 905 Fiancée

The Undying Devouring Sky Beast Avatar entered the Transmission Array together with Shi Guangxu.

Before long, they were teleported to Guihai Star.

Although the entire Guihai Star is under the rule of the Guihai Family.

There are still some residents on Guihai Star, as well as cultivators coming and going.

So the appearance of Xu Nian and Shi Guangxu did not catch anyone's attention.

"Brother, the Guihai Family is located at the very center of this continent, in Guihai City. The Guihai Family built their home larger than a palace, so it's easy to find. However, Guihai City is heavily guarded, and getting in is somewhat difficult," Shi Guangxu said to Xu Nian.

"Brother Shii must have already thought of a plan!" Xu Nian looked at Shi Guangxu with a smile.

"Haha, brother, you are indeed smart. That's right, I have already thought of a plan. Now, Guihai City has already dispatched a large number of main forces. We just need to kill two guards, change into their clothes, apply some Disguise Technique, and we'll be able to blend in. Our target is the Guihai Family's Treasure Pavilion," Shi Guangxu said with a smile.

Xu Nian smiled slightly without speaking.

This method proposed by Shi Guangxu wasn't far from what he expected.

However, this guy's purpose may not be as simple as the Treasure Pavilion.

Xu Nian followed Shi Guangxu as they flew, and finally, after several two hours, they arrived at Guihai City as Shi had mentioned.

One cannot deny that the Guihai Family is extravagantly wealthy.

They constructed their mansion as a gigantic city; not only is the mansion surrounded by mountains and water.

Even the palaces resemble forests.

One could say that the palace of ordinary mortals is as simple as mud huts compared to Guihai City.

There are over ten thousand guards alone within the Guihai Mansion.

And most of these guards are cultivators of Zifu Level.

Among them, there are also thousands of maidservants.

Each as lovely as a flower.

"The Guihai Family sure knows how to enjoy themselves," Xu Nian couldn't help but remark as he looked at the palace-like Guihai Mansion.

A Formation covered the air above the mansion, and several pairs of guards patrolled the city walls.

The entire Guihai Mansion is like copper and iron walls, making it completely inaccessible.

"No rush, every day around this time, someone from the Guihai Family comes to gather supplies, and when they pass by here, we just need to take them out," Shi Guangxu said with a smile.

Xu Nian nodded and quietly waited.

Sure enough, it didn't take long before two figures flew through the sky.

The cultivation of these two was not high, only at the Early Stage Cave Void.

Shi Guangxu directly took action, restraining them and sealing their cultivation.

"Don't kill them, just make them unconscious," Xu Nian cautioned as he saw Shi Guangxu about to kill them, stopping him.

These were just servants of the Guihai Family; his target was only the members of the Guihai Family, having nothing to do with these people.

"Alright!" Shi Guangxu didn't mind.

He cast a seal, causing them to fall into unconsciousness.

For the next two days, they would definitely not wake up.

After that, Xu Nian changed into their attire and transformed into one of their appearances.

Shi Guangxu also managed it easily.

"I didn't expect you also knew the Transformation Technique. I was planning to teach you, but it seems your technique is even more superior, I can't even recognize it after you've transformed," Shi Guangxu said with a smile.

"Want to learn? Once we're done with this, I can teach you," Xu Nian replied with a smile.

Shi Guangxu chuckled and didn't mind.

So the two of them flew toward the Guihai Mansion.

The guards are familiar with these two people, so there was no hindrance at all.

Just like that, Xu Nian and Shi Guangxu easily entered the Guihai Mansion.

Once inside, Shi Guangxu led Xu Nian effortlessly towards the Treasure Pavilion.

This piqued Xu Nian's curiosity; how does Shi Guangxu know so much about the Guihai Family?

"Brother, don't be surprised. I've actually grown up in the Guihai Family. However, I'm not part of the Guihai Family. My father was a Guard Commander for the Guihai Family. Five years ago, Guihai Tianxing beat him to death just because he took a liking to my mother. But he didn't succeed. After my father's death, my mother committed suicide. My father's brothers sought justice from the Guihai Family Master, but instead, the Family Master wanted to kill me to cover it up. From that day, I swore to make the Guihai Family pay," Shi Guangxu explained.

As he spoke, a fierce look filled his eyes.

Xu Nian was startled to hear this.

He hadn't expected Shi Guangxu to have such a past.

It seems his fight with the Guihai Family is to avenge his parents.

Of course, that isn't his excuse for using his fame for revenge.

With Shi Guangxu leading Xu Nian, they soon arrived at the Treasure Pavilion.

The Treasure Pavilion was shrouded in a layer of restrictions.

Anyone who entered would trigger the restriction.

But to Xu Nian, these were not difficult to handle.

After all, he was a master of Space Profound Argumentation.

Short-distance Space Shuttling was achievable.

"Brother, the Treasure Pavilion is here, but there's a restriction on top. You think of a way to get inside; I need to retrieve something my father left before he died," Shi Guangxu said to Xu Nian.

Having said that, he transformed into a shadow and disappeared.

Xu Nian smiled slightly. As expected, Shi Guangxu intended this as an excuse to get him out of the way.

As for this Treasure Pavilion, Xu Nian smiled slightly.

With a flick of his sleeve, the entire pavilion disappeared.

Find a way in?

He didn't have time for that.

Rather than finding a way in, it was better to take the whole pavilion away.

Because Xu Nian took the entire pavilion away, it did not trigger the restrictions, so not many people noticed.

After putting away the Treasure Pavilion, Xu Nian transformed into a shadow and headed in Shi Guangxu's direction.

He wanted to see what Shi Guangxu intended to do.

Soon enough, Shi Guangxu headed into the depths of the mansion.

Then he quietly slipped into a room.

Xu Nian used the Black Dragon Jade Pendant to conceal his presence and slowly approached.

He carefully looked through the window.

Inside the room, besides Shi Guangxu, was a young and beautiful woman.

The woman was apparently restrained.

Her cultivation was not high, only Late Stage Cave Void.

Facing Shi Guangxu in the Tribulation Crossing Stage, she had no power to resist.

"It's you, how come you're here!" The woman was surprised to see Shi Guangxu; despite being restrained, she could still speak.

"Cai Ling, who would've expected it? From the moment you married Guihai Badao, you should have known that one day I would appear before you, my dear former fiancée," Shi Guangxu said with a cold laugh, looking at the woman before him, a sinister glint in his eyes.

When Cai Ling heard this, her eyes noticeably shrank.

Those last words felt particularly jarring.

Standing outside the window, Xu Nian wore a face of surprise.

Former fiancée?

The second wife of the Guihai Family is Shi Guangxu's former fiancée?

Interesting!

No wonder Shi Guangxu was so determined to make the Guihai Family Master wear a green hat!

Apart from avenging his parents' deaths, there was also the hatred of a stolen bride.

Xu Nian let out a bitter smile.

This situation was becoming more and more complicated.

Chapter 906: Colluding with Each Other

Xu Nian finally understood why Shi Guangxu chose to come to the Guihai Family.

One reason was to get revenge against the Guihai Family Master, and the other was likely to retaliate against his fiancée who betrayed him.

Now thinking about it, Shi Guangxu was indeed pitiful.

"Hmph, Shi Guangxu, although I once liked you, what could you give me? In front of the Guihai Family, you are nothing. I advise you to let me go, otherwise the Guihai Family will never spare you." The woman named Cai Ling threatened Shi Guangxu.

Upon hearing this, a wave of anger surged on Shi Guangxu's face.

"Do you think I would be afraid of the Guihai Family? To be honest with you, I've tricked most of the Guihai Family's strongmen to the Falling Flower Star. Now they're busy trying to catch Xu Nian!" Shi Guangxu sneered.

Upon hearing this, Cai Ling suddenly realized something and looked at Shi Guangxu in shock, saying, "That Xu Nian is you? You killed Guihai Tianxing?"

Shi Guangxu sniffed and laughed, "The real Xu Nian indeed exists, and Guihai Tianxing was indeed killed by him. But after killing Guihai Tianxing, he disappeared. I only used his name to execute a diversion tactic on the Guihai Family. That pervert trying to make a move on the Guihai Family's Madam was just a cover. My real target is you!"

As their eyes met, Cai Ling shivered involuntarily.

A wave of dread surged in her heart.

She knew well the Guihai Family Master married her because Guihai Tianxing was dead and the Madam couldn't bear children anymore.

Therefore, she was to bear a son for the Guihai Family.

Also, this was her chance to become a superior.

But now, there's a mountain blocking her path.

Yes, it was Shi Guangxu, her former fiancé.

"What do you want? I can give you Spirit Stones, just name your price if you're willing to leave." Cai Ling hurriedly said.

At this moment, she was somewhat scared.

If Shi Guangxu really did something to her, the Guihai Family would definitely not accept her anymore.

After all, the Guihai Family couldn't afford such disgrace!

"What do I want? I'm just taking back what belongs to me, and making the Guihai Family pay a small price for killing my parents." Shi Guangxu laughed coldly.

After speaking, he walked up to Cai Ling.

"No, don't come near, please! Xu, I was wrong, I really was wrong, I love you, I was forced by the Guihai Family! Please let me go." Cai Ling implored.

Her eyes suddenly became sincere.

Xu Nian, standing outside the window, couldn't help but admire.

This woman's acting was truly divine.

Especially when she uttered the words "I love you," her gaze was tender like water.

Even Shi Guangxu was momentarily stunned.

Of course, Shi Guangxu wasn't a fool, and he quickly snapped back to reality.

"If you love me, then prove it!" Shi Guangxu laughed coldly, then released Cai Ling's physical restraint, though her cultivation seal remained.

Cai Ling, seeing she could move, quickly embraced Shi Guangxu.

Then she began to kiss him frantically.

Shi Guangxu sneered, cooperating with Cai Ling's actions.

Then the two became entangled.

Only Shi Guangxu's movements had a wild, venting intensity.

Standing outside the window, Xu Nian felt awkward.

However, he didn't do nothing; he skillfully used the Light Ball to record this wonderful scene.

After two hours, the pair ended their previous activity.

And just at this moment, Shi Guangxu did something that surprised Xu Nian.

He directly strangled Cai Ling, then discarded her naked corpse on the bed.

Never did Cai Ling imagine that despite her utmost effort to please, she would still meet a tragic end.

As Shi Guangxu walked out of the room, he noticed Xu Nian standing outside.

His eyes immediately flooded with intense hostility.

"No need to glare at me. Though I snuck a peek at your business, we're even now." Xu Nian remarked to Shi Guangxu.

He had no intention of hiding.

The game had gone on long enough; it was time to reveal the truth.

Shi Guangxu paused upon hearing this.

Then, seeming to understand, he smiled slightly.

"So you are Xu Nian. I originally planned to find a scapegoat, but unexpectedly ran into the real deal."  
Shi Guangxu smiled at Xu Nian.

Calling Xu Nian to steal from the Treasure Pavilion wasn't without purpose.

The Guihai Family's Treasure Pavilion defenses were extremely tight; it wasn't easy to get in.

Once Xu Nian was discovered, the Guihai Family would definitely be vigilant against him, allowing Shi Guangxu to escape amidst the chaos.

Then he could blame Xu Nian for his deeds.

He didn't expect the person he lured was the actual Xu Nian.

"Indeed, you didn't see it coming. Actually, I had already suspected you were a fake. So, I followed to watch. I must say, it was a brilliant performance." Xu Nian said, weighing the Light Ball in his hand.

"You don't need to threaten me with this, I don't care. In fact, thank you; if it gets out, even better. That'll just make the Guihai Family Master even angrier." Shi Guangxu shamelessly said.

Xu Nian raised an eyebrow, smirking: "You're the one who said it. Then I'll buy a thousand Light Balls and have people sell them. I guarantee everyone in the Taiheng Star System will know this, making the Guihai Family Master furious enough to vomit blood!"

Shi Guangxu widened his eyes upon hearing this: "Damn, you don't have to be so ruthless!"

"Who told you to tarnish my name with evil deeds? Now I'm called a notorious pervert. I really want to know, if this scene spreads, what people will call you?" Xu Nian chuckled.

Shi Guangxu was speechless.

But he didn't stop Xu Nian from doing so.

Though this meant he'd have to openly confront the Guihai Family.

However, since Xu Nian had discovered him, he clearly couldn't use this identity anymore.

Might as well reveal his identity!

He would eventually face the Guihai Family head-on.

But the most critical part was, he'd gained an ally.

He held no contempt for Xu Nian.

He wasn't foolish; since the other party dared to confront him, they clearly had a way to deal with him.

So he had no intention of attacking Xu Nian.

"Let's go! Further delay and we will be discovered!" Shi Guangxu said to Xu Nian.

Xu Nian raised an eyebrow, saying: "Leaving like this is too easy for them. Shouldn't we light a fire or something?"

"No need, watch out or you'll get burned!" Shi Guangxu widened his eyes.

He was already reckless enough, yet Xu Nian was even crazier.

Setting a fire in the Guihai Family?

That's asking for death!

Just as Shi Guangxu was astonished, Xu Nian was already holding a ball of flame in his hand.

Then the flame transformed into a fiery dragon, soaring into the sky, and descended upon various parts of the mansion.

"Whoa, you're serious!" Shi Guangxu exclaimed in surprise.

He didn't expect Xu Nian to actually do it!

Chapter 907: Escape to Heaven

Xu Nian ignited a fire, instantly setting the entire Guihai Mansion ablaze.

The entire Guihai Mansion suddenly seemed to explode like a pot.

The guards all rushed over to extinguish the fire.

For cultivators, ordinary flames are naturally easy to extinguish.

But the fire that Xu Nian set was not ordinary flame, it was the flame of a constant star

Without a cultivation above the Transcendence Tribulation Stage, it's completely impossible to extinguish this flame.

"Let's go!"

After starting the fire, Xu Nian and Shi Guangxu fled towards the outside of the mansion.

"Amazing!"

Shi Guangxu looked at the guards all busy with extinguishing the fire and gave Xu Nian a thumbs up.

Xu Nian smiled slightly, the energy of the constant star he devoured was not in vain.

However, before Xu Nian and Shi Guangxu could celebrate for long, a shout came from the sky.

"Get out of my way!"

With a loud roar.

Then a terrifying chill instantly swept across the entire Guihai Mansion.

Then Xu Nian saw the fire he set disappearing completely in that terrifying chill.

"Not good, run quickly, it's an Earth Immortal level expert."

Xu Nian's face changed drastically, hurriedly telling Shi Guangxu.

Shi Guangxu's face also turned ashen instantly.

An Earth Immortal level expert, perhaps his little life was about to be lost here.

"Humph, bold madmen, since you came, don't think of leaving alive."

But before Xu Nian and Shi Guangxu could escape a few steps, a cold hum came from the sky.

This cold hum seemed to explode in their hearts, making their whole bodies feel a strong chill.

Xu Nian and Shi Guangxu both turned back, only to see an old man with white hair turning into a ghostly figure, rushing towards them to kill.

Xu Nian and Shi Guangxu were shocked, hurriedly harnessing all their True Essence to resist.

However, the two of them were no match for an Earth Immortal level expert.

"Boom!"

They only felt a powerful True Essence slamming onto them like a huge mountain.

Then the two of them flew backwards rapidly like meteors.

The wall behind them exploded like it was made of paper.

The two retreated several thousand feet before stopping, spitting blood wildly from their mouths.

"So strong, is this the Earth Immortal level expert? Truly significantly powerful." Xu Nian murmured to himself.

He is now the avatar of the Undying Devouring Sky Beast, with a considerably stronger physical strength.

Yet even so, facing such a strike from an Earth Immortal expert, he ultimately found it hard to withstand.

Shi Guangxu was no better off.

He was utterly disheartened.

"Damn, I told you not to start a fire, now look, the Earth Immortal monster has come out, today we'll probably end up here." Shi Guangxu couldn't help but blame Xu Nian.

He was also in a chaotic state at the moment, with blood staining the corner of his mouth.

He looked at Xu Nian with eyes revealing a sense of despairful relief.

"Don't worry, we won't die." Xu Nian told Shi Guangxu.

Shi Guangxu laughed miserably.

He didn't believe Xu Nian's words.

The monster in front is an Earth Immortal level expert.

Escaping from his grasp is probably as difficult as reaching the heavens.

"Two mice dare cause trouble in my Guihai Family, today I will let you know the consequence of offending my Guihai Family." The old man coldly snorted, his eyes revealing a chill.

"Not good, Patriarch, the Treasure Pavilion is gone."

But at this time, a guard suddenly appeared behind the old man, said anxiously.

The old man was stunned upon hearing this.

The Treasure Pavilion held the wealth of the entire mansion for thousands of years, it was the foundation of the Guihai Family.

Now it has disappeared?

It must be them, the two people in front of him.

"Report to Patriarch, the Second Madam... has died, and it seems she was also humiliated." Another guard appeared behind the old man.

The old man's pupils shrank again, looking at Xu Nian and Shi Guangxu with even more fierce eyes.

Xu Nian and Shi Guangxu heard this but exchanged smiles.

"Didn't think you'd move the entire Treasure Pavilion." Shi Guangxu said to Xu Nian with a smile.

"Of course, since we're here, there's no reason to leave empty-handed." Xu Nian responded with a smile.

Shi Guangxu was a little surprised, this guy is so composed, does he really have a way to escape?

Xu Nian just smiled mysteriously, didn't say a word.

"Humph, facing death and still acting cheeky, today I'll make you wish you were dead!" The old man got furious at once and rushed towards Xu Nian and Shi Guangxu.

Shi Guangxu could no longer fight at the moment, he could only close his eyes and await death.

"Don't resist!"

But at this moment, Xu Nian's voice rang in his mind.

Then he felt a blur in front of him, and then he disappeared from the spot.

When he opened his eyes again, he was already in a vast void.

"Where is this..." Shi Guangxu looked at the vast void around him, full of astonishment.

"This is inside my space artifact, you and I will heal here first, don't worry, this artifact is very well concealed, the old man won't be able to find us, see for yourself." Xu Nian smiled slightly and waved his sleeve, projecting the scene outside.

At this moment, outside, the Earth Immortal monster was looking around in surprise.

In that instant before, the two of them had actually disappeared.

Even using his Spiritual Sense Power, there was no trace.

It was as if they vanished into thin air.

This made the old man quite astonished.

"See, I wasn't wrong!" Xu Nian said to Shi Guangxu with a smile.

"Truly a treasure, but will we stay inside forever? As soon as we go out, won't we still be discovered?" Shi Guangxu asked.

"Don't worry, this artifact can change size freely, it has now shrunk to dust and attached to a guard's clothing, the old monster will certainly send guards out to search, as soon as that guard leaves Guihai Mansion, we can naturally leave too." Xu Nian said with a smile.

Shi Guangxu nodded.

This reassured him.

Then he began to quietly heal.

Xu Nian smiled slightly, the artifact he spoke of was naturally the Chaos Divine Palace.

But the first layer of the Chaos Divine Palace had been transformed by Xu Nian and adjusted to normal time flow speed.

So Shi Guangxu would only regard it as an ordinary space artifact, without suspicion.

After all, space artifacts do exist in the Cultivation World.

They're just extremely rare.

Thus Xu Nian didn't think much of it, began to quietly recover from his injuries.

And the guard where the Chaos Divine Palace was attached initially searched for Xu Nian and Shi Guangxu inside Guihai Mansion, then was sent out to search throughout Guihai Star.

Xu Nian once let the Chaos Divine Palace leave that guard and floated into space.

In this way, even if the experts of the Guihai Family searched again, they wouldn't be able to find them.

After all, trying to find a speck of dust in the universe.

Unless an Immortal descended, otherwise even the peak of Earth Immortal Realm couldn't find it.

After all, the dust that the Chaos Divine Palace transformed into was no different from real dust.

Chapter 908 - 908 Guihai Yanshan

The Undying Devouring Sky Beast Avatar and Shi Guangxu hid within the Chaos Divine Palace.

For a short time, all was silent.

However, the entire Taiheng Star Domain was in chaos.

During this period, Xu Nian came out of the Chaos Divine Palace once.

He went to a nearby planet and replicated Shi Guangxu's Light Ball ten thousand times, then found people to distribute and sell these ten thousand copies across various planets.

As expected, due to the Guihai Family Master's wife, these Light Balls quickly spread throughout the entire Taiheng Star Domain.

Eventually, not only were there ten thousand copies, but even a billion was not enough.

For a time, the Guihai family's affairs became the hottest topic in the entire Taiheng Star Domain.

The man in the image became famous throughout the entire Taiheng Star Domain.

Everyone was discussing, who on earth is this man in the image?

How dare he put a green hat on the Guihai Family Master?

Subsequently, news of someone setting fire to the Guihai family also spread rapidly.

As a result, the entire Guihai family was pushed to the forefront.

Of course, Guihai Badao, the Guihai Family Master, was so furious that he spit blood.

As a master in the Earth Immortal Realm, unexpectedly, someone dared to put a green hat on him, and it spread throughout the entire Taiheng Star System.

This was the greatest humiliation in the history of the Guihai family.

"Find them for me, even if you have to dig three feet into the ground!"

The roar of Guihai Badao echoed inside the Guihai Mansion.

The guards kneeling below were as silent as cicadas in winter.

In recent days, several of their companions had been strangled to death by the enraged family head.

Just because they said they couldn't find them.

Now, the entire Guihai family seemed to be shrouded by Death God, and no one dared to say a word.

Even casual conversation, if seen by the family head, he would assume they were gossiping and execute them on the spot.

Thus, the entire Guihai family was eerily silent and oppressively hell-like.

"Family head, calm down. According to the current investigation, the one who killed the second sister-in-law should be that Shi Guangxu. His father was once a member of our Guihai family, and the second sister-in-law was once his fiancée." Guihai Yanshan said, looking at his furious younger brother.

He was the elder brother of Guihai Badao and his reliable assistant.

"This wretched beast, still not dead? Wasn't it said that he had been completely exterminated?" Guihai Badao squinted his eyes and said.

"Family head, you know that Shi Guangxu's father held some prestige among the guards, so they somewhat protected his son. However, these people have now been executed by me." Guihai Yanshan said.

Though he was Guihai Badao's elder brother, in terms of cultivation talent, he was ultimately inferior to his younger brother.

So, when the family's head position was elected, he voluntarily ceded the family head position to his younger brother.

Firstly, for the sake of the Guihai family, and secondly, for self-preservation.

"Hmph, who is the other one? I heard two people broke into our mansion and moved our Treasure Pavilion, and the savings of our Guihai family for thousands of years vanished just like that." Guihai Badao said.

Though some of the Guihai family's savings were on him, there were still abundant resources in the Treasure Pavilion.

These savings were supposed to provide for the cultivation of Guihai family descendants for thousands of years.

Now having been completely plundered is indeed a fatal blow to the future of the Guihai family.

"It should be Xu Nian. Last time, my son let him go because of the Void Insect Nest, and he disappeared. Afterward, the rumored Xu Nian was always Shi Guangxu in disguise, but unexpectedly, he reappeared and colluded with Shi Guangxu." Guihai Yanshan said.

Guihai Badao's brow furrowed instantly, his fist clenched, and intense Killing Intent filled the entire mansion sky.

"Xu Nian, I will tear you to pieces!" Guihai Badao roared in anger.

"Family head, since Xu Nian was able to move the entire Treasure Pavilion, he must have a space-type treasure on him. Previously, the ancestor said they suddenly vanished, they must have hidden in a space treasure. I once sent people to check the star with the Void Insect Nest, but found that the star was gone. I think it must also be related to Xu Nian." Guihai Yanshan analyzed.

Guihai Badao was momentarily stunned, and after thinking for a while, he said, "Are you suggesting that Xu Nian has a space-type treasure that can store an entire star?"

"Exactly, that's what I mean. This level of space treasure, the family head should know, is at least of Immortal Artifact grade, and might even be one of the legendary Divine Artifacts. If we manage to get it, the losses of the Guihai family could be immediately compensated, and with the Void Insect Nest, our Guihai family could potentially dominate the entire Taiheng Star Domain without a doubt." Guihai Yanshan said.

Hearing this, Guihai Badao's eyes suddenly brightened.

Dominating the entire Taiheng Star Domain had always been the dream of their Guihai family.

But there had always been two great mountains in their way.

One was the Tianbao Pavilion Commerce, and the other was the mysterious Mu Residence.

Now, hearing his elder brother's words, Guihai Badao's ambition was instantly ignited.

Once their Guihai family dominated the entire Taiheng Star Domain.

What would these humiliations count for?

History is usually written by the victors.

"Elder brother, you truly are the strategist of our Guihai family. Alright, I will now send everyone out to search for their whereabouts. Once found, do not act rashly, notify me, I will handle it personally." Guihai Badao said.

"No problem, but finding them seems difficult. I think both of them possess the Transformation Technique, making it nearly impossible to locate them." Guihai Yanshan said.

"So what do we do?" Guihai Badao immediately frowned.

If it was indeed as his elder brother said, finding these two cunning Little Foxes seemed entirely impossible.

"We can let the Mu Residence help us, elder brother. Don't forget, the Mu Residence has a treasure, the Wentian Mirror. Anyone tracked by the Wentian Mirror cannot hide anywhere in the cosmic expanse." Guihai Yanshan said.

"But why would the Mu Residence help us find them?" Guihai Badao asked.

"Family head, didn't you forget that the Mu Residence has a bounty order? If we offer a high price, the Mu Residence will naturally act." Guihai Yanshan said.

Hearing this, Guihai Badao's mouth immediately curled into a cold smile.

"Alright, as long as we can find them, no amount of Spirit Stones is too much. Ten million top-grade Spirit Stones, I'm sure the Mu Residence will be tempted." Guihai Badao said.

There was a hint of chill in his eyes.

Guihai Yanshan's mouth also curved into a cold smile.

"Hmph, Xu Nian, Shi Guangxu, you two ants, just wait. No one has ever escaped the Mu Residence's pursuit over the years. Once you show yourselves, it will be a dead end." Guihai Badao snorted coldly, his eyes filled with deep Killing Intent.

Chapter 909 - 909 Mid-level Array Master

At the same time the Undying Devouring Sky Beast Avatar hid within the Chaos Divine Palace.

Xu Nian himself experienced earth-shattering changes.

Initially, as Xu Nian and his team continued mining, they obtained a large amount of Rock Iron Energy Metal.

Xu Nian's physical strength also improved rapidly.

In the end, Xu Nian absorbed nearly six hundred thousand tons of energy metal to reach a state of bodily saturation.

As such, Xu Nian's physical strength directly reached a level comparable to the Peak of Heavenly Gang Realm.

It's worth noting that Xu Nian's cultivation was only at the Peak of Cave Void, and his Body Cultivation had only just reached the Wanxiang Realm, yet his physical strength was at the Heavenly Gang Realm level.

This was simply a defiance of the heavens.

With the addition of Divine Demon Energy, Xu Nian could completely crush late-stage Heavenly Phenomenon Realm experts.

This crossed nearly two major realm levels.

Of course, Xu Nian had also reached the pinnacle of his strength.

To further increase his strength, he had to break through his current realm.

Thus, Xu Nian chose to break through.

And he crossed the Heavenly Tribulation.

This time the Heavenly Tribulation that descended was the seventh-level Heavenly Prohibition Tribulation.

On the day Xu Nian crossed the tribulation, the entire Silver Wolf Star seemed to be engulfed by a sea of lightning.

However, Xu Nian still managed to cross the tribulation, though he was severely injured as a result.

"Boss, are you okay? You scared us to death, you actually attracted such a terrifying heavenly tribulation," Tie Chui and others said excitedly upon seeing Xu Nian emerge from seclusion.

Apart from them, several others also looked at Xu Nian with nervous expressions.

Although three days had passed, their hearts still filled with lingering fear during those three days.

"I made you worry, I'm fine, and now I'm doing exceptionally well," Xu Nian said with a smile.

Indeed, he felt better than ever.

Now his Spirit Cultivation and Body Cultivation had both broken through.

His strength had increased significantly.

At this moment, he was at least ten times stronger than before.

"Boss, you really are the most amazing genius I've ever seen, having just broken through to the Unity Realm Stage, you possess such strength. I can't imagine how powerful you'll become once you reach the Heavenly Phenomenon Realm," Zhao An said excitedly.

The others didn't speak, but judging from their expressions, they were as surprised and excited as Zhao An.

Xu Nian smiled, and thought to himself that causing such a commotion during his tribulation crossing.

Now his subordinates revered him even more.

Currently, the influence of the Heavenly Court Gang was also gradually expanding.

From an initial one thousand members, they had grown to nearly two thousand.

Zhao An and Tie Chui had also both broken through to the Heavenly Phenomenon Realm.

Among the original three in the Heavenly Phenomenon Realm, one had broken through to the middle-stage of the Heavenly Phenomenon Realm.

With this, the Heavenly Court Gang, including Xu Nian, had seven experts in the Heavenly Phenomenon Realm.

As long as they didn't encounter tribulation crossing stage experts, the Heavenly Court Gang was invincible.

"By the way, have you got any news about the Xuan Gold Token I asked you to investigate?" Xu Nian asked.

"Boss, the matter of the Xuan Gold Token is somewhat difficult. There are only three thousand of these tokens in the entire Denor Star System, and they are basically all in the hands of tribulation crossing

stage experts. Even if we knew where they were, we wouldn't be able to do anything," Tie Chui explained.

The others also nodded in agreement.

"You just need to investigate, as for seizing the tokens, leave that to us," Xu Nian said casually.

Currently, their strength was still too weak. If any tribulation crossing stage expert appeared, even the Heavenly Court Ranking might not withstand them.

"Also, Wu Gang, how is the progress on the two other Rock Iron Metal Veins you mentioned earlier?" Xu Nian asked again.

Rock Iron Metal Veins are resources of the Denor Star System, which are, to some extent, more precious than Spirit Stones.

The more resources available, the more plunderers they could attract to join their Heavenly Court Gang.

Because without the Rock Iron Order, those plunderers could only obtain energy metals by killing and plundering.

And those lacking in strength could only join a gang to get these resources.

Moreover, they also got the gang's protection to keep their lives safe.

Thus, gangs like the Heavenly Court Gang were numerous in the Denor Star System.

"We've already sent people to one of them, and we've stationed Lan Qi as a protector, so it should be alright," Wu Gang replied.

Xu Nian nodded.

Lan Qi was the person who'd broken through to the middle-stage of the Heavenly Phenomenon Realm.

Also one of the people Xu Nian had taken a liking to.

"What about the other place, did you encounter any difficulties?" Xu Nian asked.

"Yes, we encountered the Red Blood Gang. On our way to that vein, they spotted our movements and reported it to their leader, the Red Blood Gang Leader, who then came and took over our vein, also killing many of our brothers. Even Tie Chui was severely injured," Wu Gang said.

"Yes, Boss, the Red Blood Gang Leader is simply too arrogant. It's one thing to seize our vein, but to attack our brothers so ruthlessly as well. It's as if the Heavenly Court Gang is nothing to them, even saying you're just some small-time thug, it infuriates me," Tie Chui said, face full of anger.

Xu Nian furrowed his brows.

In the Denor Star System, such gang conflicts were common.

Even if a gang was slaughtered entirely, the Denor Empire wouldn't interfere.

But generally, gangs knew to leave some leeway.

Without certainty of annihilating the opponent completely, they would not rashly massacre each other's members.

"What is the strength of the Red Blood Gang Leader?" Xu Nian asked.

"The Red Blood Gang Leader is at the Peak of the Heavenly Phenomenon Realm, with eight experts under him at the Heavenly Phenomenon Realm, including two in the late-stage, three in the middle-stage, and three in the early-stage," Wu Gang replied.

"So, the Red Blood Gang isn't anything special then," Xu Nian said with a cold smile.

Now that he'd broken through, facing an opponent at the Peak of the Heavenly Phenomenon Realm was no longer an issue.

"Boss, you might be able to handle the Red Blood Gang Leader, but there's a much more troublesome figure in their gang—Zhao Feng. His cultivation is only at the middle-stage of the Heavenly Phenomenon Realm, but he's a Mid-level Array Master. Even the Peak of the Heavenly Phenomenon Realm experts wouldn't dare to underestimate his Killing Array!" Wu Gang reported.

Upon hearing the term Mid-level Array Master, the faces of the others fell into sighs of dismay.

Cultivators can be dealt with, but Array Masters are the real headache.

Once trapped in an array, there's simply no calling for rescue!

"A Mid-level Array Master?" Xu Nian smirked at the corner of his mouth.

Although he hadn't spent much time on array studies, he had the array legacy from the Dark God Island Master in his mind.

His current array skills were not far off from a Mid-level Array Master.

He just rarely used them.

So a Mid-level Array Master, he naturally didn't take seriously.

"Don't worry, we in the Heavenly Court Gang also have a Mid-level Array Master," Xu Nian said with a smile.

"Who?" Wu Gang and others were stunned and looked around.

However, all of them seemed confused, not knowing who Xu Nian was referring to as the Array Master.

"It's me!"

While Wu Gang and others seemed to have no answer, Xu Nian's voice rang out once more.

Everyone turned to look at Xu Nian, their faces filled with astonishment.

Chapter 910: Power Shock

Wu Gang and the others couldn't believe what Xu Nian said.

Their Gang Leader is a Mid-level Array Master?

How is that possible?

First of all, being an Array Master requires an extremely strong talent.

Even if Xu Nian has talent, it would require time to comprehend it!

Comprehending formations is a profession that takes more time than Alchemists and Artifact Refiners.

Xu Nian's cultivation talent has already shocked them immensely.

If he were also an Array Master, wouldn't that be too defiant of heaven?

However, Xu Nian just smiled and didn't explain.

He simply asked Wu Gang and the others to lead the way to confront the Red Blood Gang.

After hesitating for a moment, Wu Gang led Xu Nian in the direction of the Red Blood Gang.

Accompanying them were naturally Tie Chui, Zhao An, and ten members of the Heavenly Court Gang at the Harmonization Peak Level.

"Gang Leader, the planet ahead is the one where we initially discovered the Rock Iron Metal Veins, and the reserves of its Rock Iron Metal are even larger than our Silver Wolf Star."

In the void, Wu Gang pointed to an ice blue-colored planet below and said to Xu Nian.

"It does look a bit like the Tianlan Star. Let's go down and take a look!" Xu Nian said to the crowd.

Wu Gang immediately nodded, then led Xu Nian towards a direction on the continent below.

Meanwhile, in a mountain within the area where Xu Nian and the others landed.

At this moment, there were more than five hundred cultivators mining the Rock Iron Vein.

And in the mountains, there was a temporary palace built.

Inside the palace at this moment, a middle-aged man in black armor was holding two beautiful women with water snake waists, joyfully enjoying himself.

Suddenly, his expression changed, and he quickly transformed into a shadow and darted out of the palace.

He looked intently at the scores of figures appearing in the sky outside the palace and shouted fiercely, "Who are you to dare intrude on the territory of my Red Blood Gang?"

With his shout, the members of the Red Blood Gang who were mining immediately put down their work and transformed into streaks of light, surging forward.

Instantly, they surrounded Xu Nian and his group.

Xu Nian viewed the black-armored man below from a superior position.

"Middle-stage of Heavenly Phenomenon Realm?"

This man's cultivation was only at the middle stage.

Besides him, there were two at the early stage, while the others were merely insignificant.

"Where is your Red Blood Gang Leader? Have him come to see me," Xu Nian's voice sounded suddenly, his tone filled with icy authority.

"Who do you think you are, demanding our Gang Leader to see you? Are you tired of living?" The black-armored man's face sneered upon assessing Xu Nian's cultivation, discovering he was merely a Harmonization Early Stage ant.

"Humph, he is the Gang Leader of our Heavenly Court Gang! Hurry and get your Gang Leader, or your Red Blood Gang will be drenched in blood today." Tie Chui said coldly.

He was unpleasantly shocked by the black-armored man's arrogant attitude.

Xu Nian is someone they respect greatly, yet he was scorned like this.

How could they endure it?

"I wondered who it was, turned out to be a stray dog driven away. No wonder you are so unimportant, choosing a Gang Leader with only Unity Realm Stage cultivation. I think your Heavenly Court Gang should just be called the Naive Gang." The black-armored man taunted.

The surrounding Red Blood Gang members immediately burst into laughter.

One face revealed a mocking expression.

Tie Chui and Zhao An were both enraged.

Xu Nian's lips curled into a cold smile.

"So, you aren't planning to notify your Gang Leader?" Xu Nian asked with a smile.

"Haha, are you even worthy of meeting our Gang Leader? I advise you to give up on this idea. Now you have the time of three breaths to disappear from my sight, or I'll make sure you have no place to die." The black-armored man taunted.

"In that case!" Xu Nian smiled slightly.

After speaking, his figure flashed, and he vanished from his original spot.

The black-armored man was still mocking him one second, but the next, his sneer froze instantly.

Because he realized that the guy named Xu Nian had inexplicably appeared right in front of him.

And at this moment, his body seemed as if it was crushed by a mountain, unable to move even slightly.

"You had your chance, don't regret it now!"

Xu Nian smiled slightly, then threw a punch directly.

"Boom!"

In an instant, the black-armored man's body exploded, even the Low Grade Spirit Armor he wore shattered to pieces.

"This..."

The Red Blood Gang members who mocked Xu Nian and his group earlier were all too shocked to speak.

Looking at the flesh scattered on the ground, they couldn't believe it was real.

Especially the two at the early stage of the Heavenly Phenomenon Realm, who were equally stunned.

Suddenly, they felt their back hairs stand on end.

Because they realized that the terrifying figure before them had turned his gaze on them.

"Well, are you planning to notify your Gang Leader, or do you want to end up like him?" Xu Nian pointed to the flesh on the ground and asked the two Heavenly Phenomenon Realm early stagers.

One of them frowned immediately and shouted at Xu Nian, "Our Gang Leader will definitely not let you go..."

However, he hadn't finished speaking.

Xu Nian just extended his hand, and the Heavenly Phenomenon Realm early stager was helplessly pulled.

He flew directly to Xu Nian's front, where Xu Nian's palm pressed directly against his skull.

"Crack!"

With a squeeze from Xu Nian's hand, the Heavenly Phenomenon early stager's skull burst instantly.

The other early stager who had remained silent witnessed this scene and was scared out of his wits.

With a thud, he fell to his knees.

As he knelt, the more than five hundred cultivators immediately joined him in kneeling, crying.

"Please... don't kill us!"

They finally understood that the guy seemingly at Harmonization Early Stage before them was not someone they could contend with.

And his heartless brutality was truly horrifying.

Seeing all the Red Blood Gang members kneeling.

Tie Chui, Zhao An, and the other Heavenly Court Gang members smiled, filled with excitement and relief.

Previously, the Red Blood Gang had killed so many of them, and now seeing them so frightened that they're almost going to wet their pants.

They naturally felt proud in their hearts.

Moreover, their respect for Xu Nian was boundless like an endless river.

This moment truly made them feel that having such a Gang Leader was undoubtedly a great fortune for their Heavenly Court Gang.

"Inform your Gang Leader, he has two hours to come, or I will kill one of you every minute until your Gang Leader appears. Tie Chui, you're in charge." Xu Nian commanded directly.

"Yes, Gang Leader!" Tie Chui immediately complied, then looked at the Red Blood Gang members with a cold smile.

The Red Blood Gang members were already terrorized by Xu Nian to the point of fright, how could they dare resist?

As for that Heavenly Phenomenon Realm early stager, he continuously utilized the Communication Spirit Talisman to send messages.

Afraid that if he delayed even a moment, his life would be forfeit.

Xu Nian quietly sat cross-legged to the side, awaiting the arrival of the Red Blood Gang.

The sight of his tranquil figure was viewed by the Red Blood Gang members as more terrifying than an Asura in hell!
