

Divine King 911

Chapter 911: Nothing to Talk About

"Who dares cause trouble on the territory of my Red Blood Gang?"

Just as Xu Nian and his companions were waiting, a powerful voice rang out from the sky, loud and clear as a copper bell.

Then, several hundred figures flew in from the sky.

"Gang Leader!"

Seeing the figures appearing in the sky, the members of the Red Blood Gang showed expressions of great joy.

Especially the man in the Early Stage of Heavenly Phenomenon Realm, who reacted as if seeing his beloved, cried tears of joy.

Xu Nian slowly opened his eyes and looked up at the hundred men standing in the air.

His gaze ultimately fell on the five leading figures.

Indeed, all five of them were experts of the Heavenly Phenomenon Realm.

The leader among them was a short man, at the Peak of the Heavenly Phenomenon Realm.

Calling him short isn't surprising; the man was only about one meter fifty.

However, his attire was quite imposing, wearing a conspicuous blood-red cape that stood out.

If his guess was correct, this person should be Yin Chixue, the leader of the Red Blood Gang.

While Xu Nian was observing the newcomers, they were also eyeing Xu Nian and his group.

Although Xu Nian's cultivation was the lowest among his group, Yin Chixue, being a leader, instantly recognized Xu Nian as the leader of these dozen people.

He couldn't understand why they would listen to someone with lower cultivation than themselves.

Was it due to his identity?

In that brief moment, myriad thoughts flashed through Yin Chixue's mind.

Ultimately, he concluded that there was only one possibility: the youth before him was from some major power.

"Brother, who are you? Why did you kill people from my Red Blood Gang?" the Red Blood Gang Leader asked Xu Nian.

Due to uncertainty about Xu Nian's identity, he didn't dare to provoke him easily.

Tie Chui and the others were somewhat surprised that the Red Blood Gang Leader would pose such a question rather than directly causing trouble.

Only Xu Nian and Wu Gang discerned the Red Blood Gang Leader's intentions.

"Yin Gang Leader, this Rock Iron Vein was discovered by us first, and it was our people who found it first. Despite sending someone to steal it, you had the audacity to injure our Heavenly Court Gang members. You tell me, as a Gang Leader, how am I supposed to keep order if I don't resolve this?" Xu Nian coldly smiled at the Red Blood Gang Leader.

"You're the Heavenly Court Gang Leader?" Yin Chixue frowned and asked Xu Nian.

Xu Nian smiled slightly, indicating his acceptance.

"Gang Leader, it's him who killed Black Wheel and insisted we notify you to come over." The man in Early Stage pointed at Xu Nian.

"He killed Black Wheel?" Yin Chixue was stunned and somewhat unbelieving.

"Yes, it was him, we saw it with our own eyes. Gang Leader, don't underestimate him just because his cultivation is at the Harmonization Early Stage. He killed Black Wheel with one punch, witnessed by everyone," replied the man in Early Stage promptly.

Seeing the gang members all nodding in agreement, Yin Chixue finally understood that this guy was not from a significant power.

He must have hidden his cultivation.

Intentionally displaying as Harmonization Early Stage to make him underestimate.

In reality, he might be at the Late-stage or even Peak of Heavenly Phenomenon.

"Humph, so the Heavenly Court Gang Leader is just a cunning fellow, playing the game of pretending to be weak," the Red Blood Gang Leader sneered.

Xu Nian smiled without speaking.

Play weak?

Against these people, did he need to pretend?

But whatever the Red Blood Gang Leader thought, Xu Nian wasn't bothered to explain.

In any case, today, the Red Blood Gang must pay a price or they won't leave alive.

"Yin Gang Leader, what's your decision on handling this?" Xu Nian asked.

"How do you plan to handle it?" Yin Chixue laughed coldly.

Xu Nian smiled slightly and said, "Very simple, you hand over this vein and your gang's other two veins, then we let it go. Otherwise, starting today, the Red Blood Gang will disappear from the Denor Star System."

"Haha, you want our gang to disappear? Kid, you think too highly of your Heavenly Court Gang, don't assume I don't know. Your so-called Heavenly Court Gang is just Wan Long's creation, the Wanlong Gang, and Wan Long didn't even have the qualification to speak with me before. You think you can eradicate our Red Blood Gang?" Yin Chixue laughed loudly.

His followers also laughed, their gaze filled with mockery as they looked at Xu Nian and his group.

Xu Nian smiled silently.

Behind him, Wu Gang, Tie Chui, and the others also smiled.

If they hadn't seen Xu Nian face that terrifying Heavenly Tribulation, they might have doubted him.

But now, even if Xu Nian claimed he could destroy the Denor Empire, they would choose to believe him.

Because this is their deep-rooted admiration for Xu Nian.

"So the Red Blood Gang isn't planning to give up the three veins?" Xu Nian asked with a smile.

"Humph, kid, listen carefully, I'm not giving up the veins, and we're taking your Heavenly Court Gang's territory on Silver Wolf Star too. Don't think that having Late-stage Heavenly Phenomenon strength allows you to be arrogant. Even if you're at the Peak of Heavenly Phenomenon, you're just ants in front of our Red Blood Gang," Yin Chixue sneered.

Xu Nian scoffed.

"So there's no room for negotiation then," Xu Nian shrugged, his eyes filled with killing intent.

"Gang Leader, let me go, I'll teach this arrogant kid a lesson," said a burly man behind Yin Chixue.

He looked at Xu Nian with disdain.

This man was one of the two Late-stage Heavenly Phenomenon experts.

"Fine, you go, but be careful, don't underestimate him," directed Yin Chixue.

A perfect opportunity to test this kid's strength.

"Yes, rest assured, Gang Leader!" the burly man replied, then turned his gaze to Xu Nian, filled with provocation.

Xu Nian stood with a faint smile, hands behind his back.

"Kid, near death yet you dare act arrogant, courting death!" The burly man saw Xu Nian's nonchalant stance and was furious.

He stomped in the void.

Massive flames of True Essence surged from his body.

His whole being rocketed towards Xu Nian like a falling fireball.

The speed and power seemed to crush the entire earth.

However, Xu Nian was unperturbed.

In the sky, Yin Chixue frowned, feeling an ominous premonition.

He sensed a powerful aura enveloping the atmosphere.

"Not good, it's killing intent!"

Suddenly, he understood, but it was already too late.

"Die!"

That burly man threw his punch, aiming at Xu Nian.

The punch burned like a blazing sun, threatening to incinerate Xu Nian.

At that moment, Xu Nian's mouth curved into a cold smile.

And his hand swiftly struck out like lightning.

"Splat!"

Xu Nian's palm, sharp like a blade, ignored the fiery defense and pierced through the burly man's chest.

Puncturing the heart!

His arm thrust through, blood splattering.

The blazing flames enveloping the burly man's body.

Didn't harm Xu Nian in the slightest.

The burly man's eyes widened, body frozen, disbelief etched on his face.

Chapter 912: Mosquito Blood

"This..."

Everyone around was stunned, staring fixedly at the burly man whose chest had been pierced.

He was a late-stage Heavenly Phenomenon expert!

And was killed in an instant just like that!

In the sky, Yin Chixue also looked utterly shocked.

Although he could also kill this subordinate of his, there was no way he could do it as cleanly and swiftly as this fellow.

Could it be that his strength is above mine?

How is this possible?

His bone age looks only around twenty!

Wu Gang and the others had long known Xu Nian's impressive strength, but witnessing his move still left their hearts shaken.

A late-stage Heavenly Phenomenon, taken down with just one strike.

Isn't that too terrifying?

They clearly remembered that a year ago, Xu Nian, without using swordsmanship, was not the match for Wan Long at the middle-stage of Heavenly Phenomenon.

The speed of progress was truly fearsome.

However, this was certainly good news for their Heavenly Court Gang.

Tie Chui and Zhao An looked at Xu Nian with eyes filled with endless admiration.

"How about now, Yin Gang Leader, do you still think I can't destroy your Red Blood Gang? If not, why not try it yourself?" Xu Nian said with a smile.

Upon hearing this, Yin Chixue's eyes immediately surged with intense killing intent.

"Gang Leader, let me make the move, I shall teach him a lesson." At this moment, a man in a white robe, holding a folding fan, spoke out from behind Yin Chixue.

This person gave off the impression of a gentleman at first glance.

But upon closer inspection, one could easily detect the strong killing intent in his eyes.

Xu Nian faintly smiled.

He recognized the person's identity immediately.

This person's cultivation was not high, only at the early stage of Heavenly Phenomenon Realm.

And after witnessing Xu Nian instantly killing the expert at late stage, he still proactively volunteered, thus he could only be one person.

That would be the Mid-level Array Master within the Red Blood Gang.

"Boss, that's Red Blood Gang's Mid-level Array Master, named Bai Hen, an exceedingly troublesome opponent." Wu Gang reminded Xu Nian.

Xu Nian nodded with a smile.

"You're the Mid-level Array Master?" Xu Nian said with a smile, looking at the gentleman.

"It seems the Heavenly Court Gang Leader knows me, that makes it easier, knowing I am a Mid-level Array Master, you should know my methods." Bai Hen chuckled lightly.

His tone carried a trace of arrogance.

"And what about it?" Xu Nian asked with a smile.

"Haha, what about it? Doesn't the Heavenly Court Gang Leader know it's better to offend ghosts and deities than to offend an Array Master? The power of formations is profound and vast, even if your strength rivals the peak of Heavenly Phenomenon, you're still powerless before a formation." Bai Hen replied with a light smile.

"Indeed, formations are strong, but I don't believe you possess a formation that can deal with me. Also, here's an unfortunate message for you, I know a thing or two about formations." Xu Nian said with a smile.

Bai Hen snorted dismissively.

Knowing a thing or two?

In front of a Mid-level Array Master like him, it meant having no understanding at all.

"Since you look down on my formations, I'll show you the power of my formation, Earth Array, Prison Dragon Siege Heaven!" Bai Hen shouted loudly, and a series of intricate hand signs emerged before him.

Xu Nian knew they were formation hand signs.

At this moment, he did not retaliate but allowed Bai Hen to execute the formation.

However, a green light surged in his eyes.

The hand signs of Bai Hen were being recorded by him bit by bit.

"Gang Leader, that Heavenly Court Gang leader is surely dead, Brother Bai's formation is exceptionally strong, once executed, it's almost invincible under the Transcendence Tribulation Stage." Said a person at the late-stage Heavenly Phenomenon from behind Yin Chixue.

Yin Chixue heard this and a cold smile appeared on his face.

"Of course, Bai Hen's formation is difficult for even me to resist. The only way is to strike first, kill him during the moment he executes the formation. This Heavenly Court Gang leader is an idiot, just standing still, letting him execute the formation, and yet claims to understand formations. Simply laughable." Yin Chixue sneered coldly.

In his view, Xu Nian was already a dead man.

The late-stage Heavenly Phenomenon expert also sneered.

Wu Gang and the others felt very anxious at this moment.

Their Gang Leader was standing still, allowing the Array Master to execute his formation. Was it confidence or arrogance?

Suddenly, Bai Hen's hand signals stopped, and a cold smile appeared on his lips.

"Trap!"

He uttered a word.

Immediately the ground beneath Xu Nian surged with four earth dragons.

These earth dragons directly coiled around Xu Nian's limbs, gripping them tightly, making him unable to move.

Seeing this scene, Wu Gang and the others frowned deeply.

Bai Hen's smile grew even wider.

Yin Chixue in the sky also sneered coldly.

Although it was only a trapping formation, once trapped, death was not far away.

"Haha, Heavenly Court Gang Leader? Don't you understand formations? How does it feel to be trapped by my formation?" Bai Hen burst into laughter.

Looking at Xu Nian as if he were fish on a chopping block.

"Haha, Master Bai surely deserves to be our Red Blood Gang's first Array Master. His moves are indeed extraordinary." Yin Chixue also laughed heartily.

"Master Bai!"

"Master Bai!"

The members of the Red Blood Gang suddenly cheered.

Bai Hen's face was filled with growing smugness.

"The formation is good, but unfortunately, the time needed to set it up is too long. If you could instantaneously cast the formation, maybe I'd have a bit more trouble."

Yet at this moment, a serene voice sounded.

Everyone froze and looked at Xu Nian.

Because the voice came from Xu Nian.

"Humph, you still act tough, don't you understand your situation now?" Bai Hen snorted coldly.

"I fear it's you who doesn't understand your situation!" Xu Nian sneered coldly.

Then everyone saw the four earth dragons around Xu Nian suddenly loosen their grip and slid down from his body.

Then they happily circled around Xu Nian, as if guarding him as protective guards.

"This...how can this be?" Bai Hen's eyes widened instantly.

He couldn't believe the scene before his eyes was real.

Yin Chixue was also stunned.

Then he turned to Bai Hen and asked, "Master Bai, what's going on?"

Bai Hen's mind was only filled with confusion, how would he know what was going on?

"Not good!"

Suddenly, Bai Hen's heart was startled, and he hurriedly retreated.

But before he could leave.

A gigantic hand suddenly burst from the soil beneath him.

This hand was a hundred yards wide, instantly slammed towards Bai Hen.

"No..."

Bai Hen could only let out a scream.

Then everyone saw Bai Hen's body smacked dead by the gigantic hand onto the ground.

After smacking Bai Hen to death, it suddenly collapsed.

However, everyone could see a pool of blood in the scattered soil.

The blood was extremely bright red and conspicuous.

It looked just like the blood of a mosquito that had been smashed, horrifying.

The surroundings were dead silent, like the silence of death.

Chapter 913: Second Level Gravity Wave

Bai Hen was slapped to death.

This shocked everyone.

They could all see that the giant hand that suddenly appeared was formed by a formation.

It's just that they never expected that Bai Hen, an Array Master of mid-level, would die by a formation.

This was an utter and complete failure.

However, when they looked at Xu Nian again, their eyes were filled with strong awe.

This guy really is a Mid-level Array Master.

And his accomplishments in formations actually surpassed Bai Hen's.

"I didn't expect the boss is really an Array Master. I used to not believe in him, it's truly a crime deserving of death," Zhao An said excitedly.

"Yeah, the boss is not just a training genius, but also a genius in perception, and now he is even a Mid-level Array Master. How can someone be so monstrous to such an extent?" Tie Chui also said excitedly.

Although Wu Gang didn't speak, he was also greatly shocked in his heart.

Yin Chixue's eyes were now narrowed into a slit.

His heart was both shocked and angry.

Bai Hen was considered the second general in their Red Blood Gang, and now he was killed.

The most crucial thing is, this guy is also a Mid-level Array Master.

In this way, dealing with him now became very difficult.

But at this moment, his heart was already burning with a determination to kill.

This guy is so young and already so powerful.

If he wasn't killed today, it would be very difficult to kill him in the future.

"Yin Gang Leader, what do you think? Now there's no one else to send, it's time for you to fight personally," Xu Nian said with a smile, looking at Yin Chixue.

He naturally sensed Yin Chixue's killing intent.

He also understood the reasons in Yin Chixue's heart to kill him.

If the roles were reversed, he would think the same.

As for the earlier Bai Hen.

Xu Nian had merely replicated the same formation at the moment Bai Hen executed it.

And even improved upon it, transforming the entrapment formation into a killing array.

In terms of formation mastery, Xu Nian had the inheritance of the Dark God Island Master, allowing him to learn Bai Hen's formation in an instant.

"Hmph, kid, don't think that just because you understand formations, you can be arrogant. I tell you, the moment before you execute your formation, I can easily kill you," Yin Chixue snorted coldly.

His eyes were filled with intense killing intent.

"Is that so? I don't think you have that ability, besides, I never intended to use a formation against you," Xu Nian said with a light smile.

Hearing Xu Nian's words, Yin Chixue was first stunned, then his eyes narrowed.

This guy really was being presumptuous.

But this was good.

If Xu Nian really used formations, he would indeed have some headaches.

As long as he didn't use formations, he was confident he could easily slay him.

After all, his Thunder Attribute Profound Argumentation had already reached the Great Success Realm.

"Kid, you're the most arrogant person I've ever seen, not afraid to tell you, all who were arrogant before me ended up tragically dead under my sword, today I will let you taste the flavor of my Thunder Sword," Yin Chixue coldly snorted.

With that, a surge of thunder appeared in front of him.

And amidst this thunder with a destructive aura, a Thunder Sword manifested from the void.

"It's a Top-Grade Spiritual Artifact, it seems Gang Leader Yin has quite a few treasures!" Xu Nian said with a light smile.

His face remained unmoved by the appearance of the Thunder Sword.

However, the surrounding members of the Red Blood Gang showed signs of fear.

"The boss actually used the Thunder Sword as soon as he started, it seems he is really angry."

"Yeah, the boss's Thunderclap Profound Argumentation has reached great success. I saw it once, and the power was simply terrifying."

"Hmph, who let this kid be presumptuous, actually not using formations, later he will regret it."

...

The Red Blood Gang members continued to discuss.

Although Xu Nian had previously demonstrated astonishing strength.

But compared to Yin Chixue's Thunder Sword, they still felt their boss's Thunder Sword was more powerful.

"Prepare to die, Thunderclap Heavenly Punishment!"

Yin Chixue didn't waste any more words, but grasped the sword in his hand, pointing it towards the Heavenly Dome.

Instantly, a pillar of thunder light erupted from the Thunder Sword, rushing straight into the sky.

In a split second, it was as if the Heavenly Dome was cleaved open.

Surrounding thunderclouds gathered instantly, with thunder rumbling.

Yin Chixue, holding the Thunderclap Sword, was like the Thunder God that dominated thunder.

The robe fled with the breeze, with an aura intimidating in all directions.

Yin Chixue wielded thunder, with thunder light surging.

"It's actually Thunder Attribute Profound Argumentation!" Xu Nian smiled slightly.

Having just experienced a Heavenly Tribulation, how could he fear thunder?

He had already crossed the Seventh-level Heavenly Tribulations, why fear this mere pseudo Heavenly Punishment?

"The First Punishment, Thunder Enquiry!"

Yin Chixue shouted loudly.

Following the voice, a thick blue thunderbolt crashed down from the Heavenly Dome towards Xu Nian.

Xu Nian looked at the incoming thunderbolt and smiled slightly.

His figure remained utterly still.

"Boom!"

The thunderbolt struck Xu Nian's body.

Just like hitting an iron plate.

The thunder light shattered, yet Xu Nian remained unscathed.

"How... how is this possible?" The people around were astonished.

Yin Chixue was also taken aback.

This guy actually used his physical body to withstand his Thunder Enquiry?

Seeing this scene, Wu Gang and the others laughed.

On the day Xu Nian crossed the tribulation, the thunder's power was much stronger than this.

So seeing this thunder, they were not concerned at all.

"Gang Leader Yin, the power of your thunder isn't enough. It ought to be stronger, otherwise, it can't even make me feel like scratching an itch," Xu Nian teased with a smile.

Yin Chixue's nostrils flared with anger.

This guy actually dared to belittle his attack.

"Fine, since you want to die, I will grant your wish. The Second Punishment, God and Buddha's Doom!"

With a loud shout from Yin Chixue.

A three-meter diameter thunderball fell from the sky.

The thunderball contained an incredibly terrifying explosive power.

Indeed, this was the Thunderclap Sky Explosion Profound Argumentation that Yin Chixue comprehended.

If observed closely, one could see the thunder on this thunderball flowing like ripples.

It was layer upon layer of power stacked together.

Once it touches an opponent, it would instantly explode.

Unleashing tenfold, or even dozens of times, more terrifying power.

Xu Nian did not act brashly this time.

He began to mobilize the Divine Demon Gang Qi in his body.

A silver metallic sheen emerged on his skin.

This was a sign that the Rock Iron Metal Energy had reached saturation.

"Second Level Gravity Wave! Break it for me!"

Xu Nian shouted loudly.

Immediately, he punched with force.

As his fist punched out.

Two waves like water ripples spread out instantly.

And at the moment the ripple and the thunderball collided.

The thunderball was directly crushed and deformed, finally exploding with a horrifying detonation.

The explosion swept a radius of a hundred miles.

The disciples were all blasted away by the terrifying explosion.

Even Yin Chixue was blasted three hundred yards away by the force of the explosion.

"This time you should be dead!" Yin Chixue thought coldly, looking at the center of the explosion.

Even he was knocked away by the aftershock, that guy was the closest to the explosion, he either died or was severely injured.

Yet the next moment, Yin Chixue's expression froze.

He saw the aftershocks clear, Xu Nian's figure remained motionless and intact.

Around him, two invisible waves acted as a barrier.

It was these waves that completely isolated the explosive force outside.

"Impossible!"

Yin Chixue couldn't believe his eyes.

Chapter 914: The Growing Heavenly Court Gang

The people of the Red Blood Gang around were also shocked.

Such a terrifying explosion, the Heavenly Court Gang Leader actually blocked it.

How exactly did he manage it?

What exactly was that invisible wave?

"Has your Gravity Space also reached the Great Success Realm?" Yin Chixue looked at Xu Nian in surprise and asked.

"Barely crossed into the Great Success Realm, but still not perfect. The fist technique and defense I just used are applications of the Space Profound Argumentation." Xu Nian said with a smile.

Indeed, during this time, besides absorbing the Rock Iron Energy Metal,

he has been comprehending the Profound Argumentations of various attributes.

Now the Gravity Space, Power of Earth, Dimension Cutting, and Wind Vibration have all reached the Great Success Realm.

And the fist wind he just performed is the power of Gravity Wave reaching the Second Level Realm.

Of course, on this basis, Xu Nian also applied Gravity Wave to defense.

The reason for this thought is because he previously applied the Earth Pulse of Power of Earth in a similar way.

In a certain sense, Gravity Wave, Earth Pulse, and Wind Vibration have extremely similar patterns.

So when Xu Nian was comprehending these three Profound Argumentations, he often referenced them together.

Upon hearing Xu Nian's words, a strong killing intent surged in Yin Chixue's eyes.

The strength this youth has displayed from the beginning until now has surprised him time and again.

Whether it is physical strength, formation, or profound comprehension, he can be called a peerless genius.

This guy possesses all three at once, which makes Yin Chixue feel a strong sense of jealousy.

"Kill, must kill, if this boy is not killed, I will have no chance of survival." Yin Chixue murmured to himself.

"Yin Gang Leader, show me your strongest move now. Otherwise, you won't have another chance to use it." Xu Nian said coldly, looking at Yin Chixue.

After speaking, the King Jing Sword appeared in his hand.

It's almost enough.

Those who need to be deterred have been deterred.

Now is the time to wrap things up.

"I admit you're a peerless genius, but you should never have provoked me. Since you want to witness my strongest strike, I'll show you my third punishment, Thunder Destruction Heaven and Earth. Even I can't control this move." Yin Chixue said.

After speaking, a terrifying thunder surged in his hand.

"Boom!"

Above the Heavenly Dome, a terrifying roar sounded.

The Heavenly Dome seemed to be torn apart.

Then a thunderbolt directly struck Yin Chixue's long sword.

At the moment when the thunderbolt struck the long sword.

A terrifying power permeated the long sword.

"Die! Thunder Destruction Heaven and Earth!"

Yin Chixue shouted loudly.

Then he slashed Xu Nian with the Thunder Sword in his hand.

In an instant, a thunderbolt sword light directly tore through space, rushing towards Xu Nian.

The terrifying aura on the Sword Radiance made everyone around feel a suffocating sensation.

Wu Gang and others were extremely shocked.

Such a terrifying sword, even if ten of them were combined, they might not be able to block it.

Whether their Gang Leader can withstand this sword is unknown.

Seeing the thunderbolt sword light already in front of him, Xu Nian suddenly smirked.

"The power of this sword is decent, but it's far from enough to kill me. Wind Trace, Triple Chaos Slash!"
Xu Nian shouted loudly.

Then he directly slashed out with a sword.

In an instant, the sky and earth went dark.

All the light seemed to be taken away.

The thunderbolt Sword Radiance that violently impacted also shattered the moment it collided with Xu Nian's Sword Radiance.

"No..."

Yin Chixue only had time to let out one tragic cry.

Then his whole body was instantly split in two by Xu Nian's sword.

Too sharp!

If you look closely, you will find that the cut on his body is smooth as a mirror.

The people around were also shocked.

Yin Chixue was actually killed?

Especially the people of the Red Blood Gang, they were so shocked they were petrified.

But they quickly snapped out of it.

Their gang leader was dead, what should they do?

Would the Heavenly Court Gang Leader eliminate them?

Xu Nian looked at the nervous Red Blood Gang members and smiled slightly, "Anyone willing to join my Heavenly Court Gang can be spared from death. If not, I won't force it; after questioning my sword, they may leave."

Upon hearing this, the Red Blood Gang members immediately knelt down.

"We swear to follow the Gang Leader to the death!"

They shouted in unison.

Even the one at the late-stage of Heavenly Phenomenon Realm was among them.

They originally didn't have deep feelings for the Red Blood Gang.

Since the Red Blood Gang Leader was killed, if they didn't join the Heavenly Court Gang, they would only face death.

Moreover, following such a gang leader would definitely have more prospects than the Red Blood Gang.

So without hesitation, they accepted Xu Nian as their leader.

Seeing everyone choosing to submit, Xu Nian also smiled.

Actually, he could have killed Yin Chixue long ago, but he defeated them one by one.

The purpose was to deter these guys.

So they would opt to submit.

Before coming, Xu Nian had already planned to incorporate the entire Red Blood Gang.

Now it seems, his goal is progressing smoothly.

"Good, since you chose to join our Heavenly Court Gang, you must abide by the Heavenly Court Gang rules. If anyone breaks them, don't blame me for being merciless. But if you serve the Heavenly Court Gang, I won't treat you unjustly." Xu Nian said to them.

"Yes, Gang Leader!" They replied in unison.

Upon hearing this, the smile on Xu Nian's face grew.

So the power of the Heavenly Court Gang increased.

The resources of the Red Blood Gang will also become property of the Heavenly Court Gang.

But they still have a long way to go before facing some major factions.

After all, their top strength is Xu Nian.

Seeing the Red Blood Gang submitting, Wu Gang and others also smiled.

They are not worried about these Red Blood Gang folks encroaching on their positions within the gang.

Because they believe they are Xu Nian's most trusted people.

Thus, Xu Nian entrusted Wu Gang with the task of integrating the Red Blood Gang.

With the assistance of Lin Qiang, a late-stage Heavenly Phenomenon Realm expert from the Red Blood Gang, Wu Gang smoothly incorporated the Red Blood Gang.

For better management, Wu Gang divided all Heavenly Court Gang members into three halls.

Chu'')) and Lin Qiang, and Lan Qi each managed one, to avoid internal conflicts within the gang.

Xu Nian became a hands-off leader.

Virtually everything is managed by Wu Gang.

One must admit, Wu Gang has an extremely strong talent in this regard.

Although his strength is not powerful, the gang is well-organized under his management.

Moreover, no one was unconvinced by him.

This saved Xu Nian a lot of worry, so he rewarded Wu Gang with pills he found in Yin Chixue's storage ring.

Directly allowing Wu Gang to advance from the Early Stage of Heavenly Phenomenon Realm to the Middle-stage of Heavenly Phenomenon Realm, becoming the fourth top expert in the gang.

Chapter 915 915 Mu Residence Assassin

The Heavenly Court Gang was steadily expanding.

Xu Nian's true self was once again immersed in cultivation.

However, this time, he did not choose to seclude himself in a room.

Instead, he opted to venture into the Cosmic Void.

Xu Nian sat cross-legged on a meteorite amidst the void.

Constantly absorbing the Spiritual Energy of the heavens and cosmos, while also comprehending the power of Profound Argumentation within this universe.

The universe similarly harbors the wind; the meteorite beneath his feet is akin to the earth, also possessing gravity waves.

It's just that all of these, compared to on a planet, are much more subtle.

This, however, greatly aids Xu Nian's insight cultivation.

Now he must quickly enhance his strength.

Only then can he pursue the things he wishes to accomplish.

While Xu Nian's true self was immersed in cultivation.

His Undying Devouring Sky Beast Avatar and Shi Guangxu were already out from the Chaos Divine Palace.

"Where are you planning to go next?" Shi Guangxu asked Xu Nian.

"I am heading to the headquarters of Tianbao Pavilion; I just received a message from Mei Ji—she has found all the herbs I asked her to gather," answered the Undying Devouring Sky Beast Avatar.

His heart was somewhat excited.

After such a long time, the Spirit King Pill's herbs were finally collected.

Just need to find a Top Grade Alchemist, then Emperor Ye Tian can be awakened.

Xu Nian still remembered vividly when Emperor Ye Tian saved him, which led to his comatose state.

So one of his greatest wishes is to awaken Emperor Ye Tian.

"Going to Tianbao Pavilion, the Guihai family likely won't let us go easily; if I'm guessing correctly, they've already issued a pursuit order through the Mu Residence. As long as we dare show our faces, we'll be hunted down," Shi Guangxu said hurriedly.

"Mu Residence?" Xu Nian asked in surprise.

"It seems you aren't familiar with Mu Residence; despite rarely managing affairs in Taiheng Star Domain, they have the domain's strongest intelligence and assassin organizations. As long as the price is right, Mu Residence will make a move, never failing any task they accept," Shi Guangxu explained.

"So that's how it is." Xu Nian nodded.

Thus, it appeared his adversaries weren't solely limited to the Guihai family.

Yet, he wasn't afraid, with the Chaos Divine Palace behind him.

Even if the Mu Residence Lord came personally, he wouldn't be able to kill him.

Of course, being hunted by Mu Residence is still a troublesome matter.

"I hope the Guihai family won't do this, otherwise I'll make them regret it," Xu Nian said.

A murderous intent surged in his crimson eyes.

Shi Guangxu remained silent but internally had no doubt about the youth's words.

During his time with Xu Nian, he increasingly found the youth enigmatic.

Xu Nian felt like a mystery to him.

Puzzling.

Thus, Xu Nian and Shi Guangxu flew toward the nearby planet.

They planned to use the Transmission Array to go to Tianbao Star.

Tianbao Star was where the Tianbao Pavilion headquarters was located.

And to make things easier, the two employed Transformation Techniques.

...

Just then, as Xu Nian and Shi Guangxu had recently arrived on the planet, two figures suddenly appeared in the void where they had been.

Both figures wore black robes; one had a silver mask, and the other a gold mask.

Even Spiritual Sense Power couldn't penetrate the masks to discern their faces.

"Looks like we arrived a step too late; they've already left," the silver-masked figure spoke.

"Hmph, they can't escape; as long as they're still in this world, the Tracking Mirror will guide us to them," said the gold-masked figure.

"Indeed, the Tracking Mirror's pursuit never fails," the previously silver-masked figure replied.

Saying this, a mirror appeared in his hand.

Then on the mirror, the silver-masked figure pointed, causing wave-like patterns to ripple on its surface.

As the water waves dispersed, two figures emerged on the mirror.

Their appearance was unmistakably Xu Nian and Shi Guangxu.

And it was their transformed appearances.

"It seems they've altered their looks and gone to that planet, intending to use the Transmission Array to leave here," the silver-masked figure said.

"Hmph, we can't let them escape; intercept and kill them before they reach the Transmission Array. Your target is Xu Nian, mine is Shi Guangxu; each of us must strike decisively," the gold-masked figure sternly ordered.

"Understood!" replied the silver-masked figure.

After speaking, he transformed into a stream of light and, along with the gold-masked figure, flew toward the planet Xu Nian and Shi Guangxu were on.

At this moment, Xu Nian and Shi Guangxu were flying toward a nearby city.

Generally, Transmission Arrays are set at the center of cities.

Thus, to teleport, entering the city was necessary.

However, as they arrived at the city gate, two figures blocked their way.

Indeed, these two were the pursuing silver-masked figure and gold-masked figure.

Shi Guangxu's face changed instantly upon seeing them.

"Just as expected!"

Shi Guangxu spoke two words, his eyes filled with gravity.

Xu Nian also immediately understood their identities.

Mu Residence Assassins?

It seems the Guihai family really spent heavily to hire Mu Residence to act.

The crowd at the gate also, upon seeing the two figures, reacted like mice seeing cats, retreating far away in fear.

Evidently, they were aware of Mu Residence Assassin's existence.

"I didn't expect the Guihai family would spend so heavily to hire Four-star Silver Wings and One-star Golden Wing assassins," Shi Guangxu said, looking at the two figures ahead.

The surrounding crowd, upon hearing this, felt a chill run through their hearts.

Mu Residence's Four-star Silver Wing assassin and Golden Wing assassin?

Why would such figures appear here; are they here to kill these two?

Who are they to attract such top-level assassins from Mu Residence?

Xu Nian was also surprised.

Previously, on the way here, he had heard Shi Guangxu's explanation.

Mu Residence's assassins are divided into five levels: Iron Wing, Copper Wing, Silver Wing, Golden Wing, Purple Wing.

Each level further subdivides into Four-star ratings.

Corresponding to Cave Void, Harmonization, Heavenly Phenomenon, Tribulation Crossing, Earth Immortal, five levels.

For instance, to become a One-star Iron Wing assassin, one must slay an Early-stage Cave Void level expert.

And to be a Four-star Copper Wing, slaying a Harmonization Peak expert is required.

Thus, these two figures were capable of killing Peak of Heavenly Phenomenon and Early-stage Tribulation Crossing experts.

Such assassins generally command very high prices.

Mu Residence has a rule that each assassin kills only one person, targeting solely their objective.

This explains why two assassins were sent simultaneously.

He just hadn't expected Mu Residence would dispatch a Four-star Silver Wing for him.

That was an assassin capable of killing Peak of Heavenly Phenomenon experts!

It seems Mu Residence has quite a grasp on his capabilities.

"Attack!"

The Golden Wing assassin gave a decisive command.

Immediately, he lunged at Shi Guangxu.

The Silver Wing assassin then shot fiercely toward Xu Nian.

Xu Nian and Shi Guangxu were momentarily stunned but swiftly prepared to face their attackers.

Chapter 916 916 Golden Winged Killer

A streak of silver light flashed past.

Immediately, Xu Nian felt a strong sense of danger.

He instinctively reacted, stepping back.

"Buzz!"

In the moment Xu Nian retreated.

A streak of silver light brushed past his forehead.

If he had been a second slower, his entire skull would have been sliced off.

He could sense the terrifying power contained within that silver light.

It was a dagger, sharp to the extreme.

Though Xu Nian dodged the attack from the Death Dagger.

He couldn't evade the palm strike that followed from the Silver Winged Assassin.

"Pfft!"

Blood spurted from Xu Nian's mouth, and he flew backward instantly.

"Such speed, such strength," the Undying Devouring Sky Beast Avatar muttered to himself.

Even though he had broken through to the Harmonization Early Stage, with strength approximating the Late-stage of Heavenly Phenomenon.

Facing a Four-star Silver Winged Assassin capable of killing the Peak of Heavenly Phenomenon, he was still lacking.

Xu Nian's figure rapidly flew backward.

"Buzz!"

The Silver Winged Assassin did not give Xu Nian time to react.

His figure once more charged toward him.

But this time, Xu Nian did not sit and wait for death.

With a thought.

A battle saber appeared in his hand.

This battle saber belonged to Guihai Tianxing.

"Break!"

Xu Nian shouted loudly, slashing a blade at the silver light.

The sword light was domineering, clashing swiftly with the Silver Winged Assassin.

"Huh?"

The Silver Winged Assassin plainly paused, silver light flickering from his hand, slashing toward the sword light.

"Boom!"

The sword light exploded.

Though it didn't harm the Silver Winged Assassin, his advancing movements were halted.

"Asura Three Sabers, are you from the Guihai Family?" the Silver Winged Assassin interrogated.

"No!" Xu Nian responded.

The Silver Winged Assassin seemed to understand something, a faint smile appeared at the corner of his mouth.

Xu Nian's red eyes surged with strong battle intent.

He followed with another slash.

This was the second move of the Asura Three Sabers.

The Silver Winged Assassin saw Xu Nian's sword light, a cold smile curled at his lips.

He waved his hand, and his dagger emitted silver light.

Once again neutralizing Xu Nian's sword light.

Simultaneously, he stepped in the void.

His figure charged toward Xu Nian.

Seeing this, Xu Nian immediately slashed the third saber.

"Clang!"

But just as Xu Nian swung his blade, the Silver Winged Assassin suddenly appeared before him.

Blocking the saber with his dagger.

The battle saber and dagger collided, forming a dazzling energy impact.

"The Asura Three Sabers are useless against me, and you haven't even mastered the essence of this saber style," sneered the Silver Winged Assassin.

"Die!"

The Silver Winged Assassin's left hand morphed into a hand blade, slashing toward Xu Nian's neck.

The speed of the hand blade was astonishing, with silver flickers on its surface.

Xu Nian dared not be careless, hurriedly mobilizing Space Power to slow the Silver Winged Assassin's movements, while swiftly retreating.

"Buzz!"

The hand blade brushed against Xu Nian's clothes, slicing them open.

Revealing the hard black scale armor beneath.

Xu Nian retreated rapidly, a white mark appeared on his black scale armor.

"Interesting, looks like your true form isn't human!" remarked the Silver Winged Assassin with a smile, eyeing Xu Nian's scale armor.

"I didn't expect the assassins from Mu Residence to be so strong," replied Xu Nian with a smile.

It was evident to him that these assassins were highly trained.

Their cultivation techniques and killing methods were top-tier.

Not to mention their extensive experience in combat with stronger opponents.

Truly challenging adversaries.

"It's good you know. No one ever survives the Mu Residence list. Boy, if you're smart, end yourself and save me the trouble," the Silver Winged Assassin taunted with a cold smile.

Xu Nian smiled faintly.

"No one survives? That was before me. Now that I'm here, someone will."

With that, a strong killing intent surged in Xu Nian's eyes.

He prepared to unsheathe his sword, ready to utilize his profound argumentation.

"Bang!"

Just then, a loud noise sounded from afar.

Shi Guangxu fell from the sky, struck down by the Golden Winged Killer near him.

At this moment, Shi Guangxu was in a pathetic state.

He had even been beaten back into his original form.

"It's him, isn't he the man who cuckolded the Guihai Family Master? No wonder the Mu Residence dispatched. Seems Guihai Family ordered a kill hunt."

"Yes, this guy showed up again, after offending the Guihai Family, they won't rest until he's dead."

"But this boy is gutsy, seducing the Guihai Family Master's second wife, truly a monster of lust!"

...

A monster of lust?

Lying in the pit, Shi Guangxu's face turned green upon hearing this.

Xu Nian couldn't help but stifle a laugh internally.

He was branded a lecher, while Shi Guangxu was labeled a monster of lust.

They were indeed infamous now.

"Xu Nian, what are you waiting for? Quick, absorb me into your treasure! I can't fight anymore, I'll surely die if I keep going," Shi Guangxu shouted to Xu Nian.

Xu Nian was speechless.

This guy really treats his Chaos Divine Palace as a refuge?

However, Xu Nian obviously wouldn't just watch Shi Guangxu die.

Seeing the Golden Winged Killer approaching Shi Guangxu.

He hurriedly waved his sleeve, containing Shi Guangxu within the Chaos Divine Palace.

"Boom!"

The Golden Winged Killer punched the ground, causing the entire planet to shake.

Shi Guangxu's form had vanished.

"Buzz!"

The Golden Winged Killer's sight swiftly shifted to Xu Nian.

With a cold gaze, the Silver Winged Assassin looked at Xu Nian, eyes filled with gravity.

Their intelligence mentioned that Xu Nian possessed an unknown space treasure.

Even Earth Immortal Experts couldn't detect it.

It turned out to be true.

"Hand over Shi Guangxu, and you'll get to keep your corpse intact!" the Golden Winged Killer threatened coldly.

The Silver Winged Assassin also eyed fiercely.

Observing the situation, Xu Nian knew it was a lost cause.

Against a single Silver Winged Assassin, he might have stood a chance, but now with the Golden Winged Killer here too.

Even with his true form, he couldn't match them!

"Think killing me will be easy? Let's call it a day, I'm off!" Xu Nian chuckled.

Then he attempted to enter the Chaos Divine Palace.

"Buzz!"

At that moment, the Golden Winged Killer reached Xu Nian.

A dagger appeared in his hand, slashing toward Xu Nian's neck.

Like a streak of golden light.

Xu Nian was stunned, quickly utilizing Space Power.

"Buzz!"

Just as the golden light was about to slash across Xu Nian's neck, his body disappeared from the spot.

If he had been a second late, Xu Nian would have died at the hands of the Golden Winged Killer.

The Golden Winged Killer's words were meant to lower his guard, aiming to kill him instantly.

Unfortunately for him, Xu Nian managed to escape using Space Profound Argumentation.

Chapter 917 917: Frenzied Devouring

Inside the Chaos Divine Palace.

The Undying Devouring Sky Beast Avatar and Shi Guangxu were both panting heavily, sitting there.

Especially Xu Nian, who was still somewhat shaken in his heart.

If he hadn't reacted quickly just now, using his Space Power to block the Golden Winged Killer for a moment.

His Undying Devouring Sky Beast Avatar would likely have been severely injured.

Although the true core of the Undying Devouring Sky Beast Avatar lies within its internal core.

As long as the core isn't broken, he won't die.

But if the physical body is damaged, his cultivation will definitely take a major hit.

This is not something Xu Nian wants to see.

"I didn't expect the Guihai Family to hate us so much, to actually issue a pursuit order to the Mu Residence." Shi Guangxu said.

Xu Nian couldn't help but roll his eyes at him.

You slept with someone else's wife, isn't it only natural for them to hate you?

"What should we do now? Anyway, I'm staying in your space, I'm not going out. You wouldn't drive me away, right?" Shi Guangxu shamelessly said.

Xu Nian sighed helplessly and simply said, "Stay as long as you like, I'm going to cultivate first."

After saying this, Xu Nian ignored Shi Guangxu's opposition and directly left this Nihilism Space.

This space was temporarily created by Xu Nian from the Chaos Divine Palace.

The flow of time inside is the same as the outside world.

Shi Guangxu staying here doesn't affect him much.

The people from Mu Residence are still outside, and they won't give up until the pursuit mission is complete.

So now Xu Nian can only seek out Senior Dao Tian Rat.

"Senior, what should we do? These two are guarding outside, there's no way out!" Xu Nian couldn't help but say.

Although he can turn the Chaos Divine Palace into dust and attach it to someone else's body to float away.

It seems the Mu Residence has a way to find him.

As soon as he appears in the outside world, the people from Mu Residence will come after him.

By that time, he would still face pursuit.

He doesn't want to become a stray dog, scared by the Mu Residence people into hiding in the Chaos Divine Palace again and again.

"The solution is simple, just cultivate here until you reach the Transcendence Tribulation Stage, then you can defeat those two assassins outside." Dao Tian Rat said nonchalantly.

Xu Nian immediately rolled his eyes.

Reaching the Transcendence Tribulation Stage, how long would he have to cultivate?

Even if time here flows ten times slower than the outside world.

The energy required by his Undying Devouring Sky Beast is extremely large, requiring long-term accumulation.

Unless he encounters a particularly large energy source.

"Actually, I don't need to cultivate to the Transcendence Tribulation Stage, I only need to cultivate to the Heavenly Phenomenon Realm or achieve the domain level of comprehension to defeat that Golden Winged Killer." Xu Nian said.

If so, his true body's strength already rivals the Peak of Heavenly Phenomenon.

He's only a step away from the Transcendence Tribulation Stage.

"There is a way to let you break through to the Heavenly Phenomenon Realm, after all, you are an Undying Devouring Sky Beast, as long as you have enough energy, you can break through." Dao Tian Rat said.

"What way?" Xu Nian's eyes immediately lit up.

If he absorbs Heaven and Earth Spiritual Energy, it would take him at least a hundred years to break through to the Heavenly Phenomenon Realm.

So to improve his cultivation, a large energy source must be found.

But where can this energy source be found?

"Kid, there is boundless energy in this universe, the most terrifying of which is Dark Matter Energy. This energy is more terrifying than that of a Constant Star. If you absorb Dark Matter Energy, your cultivation speed will be hundreds or even thousands of times faster than absorbing Heaven and Earth Spiritual Energy." Dao Tian Rat said.

"Dark Matter Energy? But with my current body, I'm afraid it can't withstand the impact of Dark Matter Energy!" Xu Nian thought for a moment, then said.

Although the Undying Devouring Sky Beast can devour everything.

If the energy absorbed exceeds his absorption limit, he still won't be able to withstand it.

"Of course, Dark Matter Energy is extremely terrifying. Forget about you, even Earth Immortal experts dare not touch it. I'm not asking you to absorb it directly, but to let the Chaos Divine Palace absorb it. You then absorb the converted Dark Matter Energy from the Chaos Divine Palace. Although it's still very dangerous, with your Undying Devouring Sky Beast physique, you should be able to withstand it." Dao Tian Rat said.

Upon hearing this, Xu Nian's eyes brightened.

The Chaos Divine Palace is a massive container and a huge spiritual energy conversion array.

All external energy absorbed can be converted into spiritual energy that is absorbable.

"But now those two assassins are gathered outside and have even blocked the surrounding area. My Chaos Divine Palace can't get out." Xu Nian had tried earlier.

He attempted to turn the Chaos Divine Palace into dust and attach it to an ordinary cultivator's body.

But when that cultivator passed through the assassins' setup restrictions, he was filtered out.

It seems they were prepared long ago.

Now, Xu Nian can only leave by killing these two assassins.

"This is easy. Dark Matter Energy exists in the Cosmic Void; the Chaos Divine Palace's energy absorption can extend directly into the universe, ignoring these two assassins' restrictions, and directly draw in Dark Matter Energy." Dao Tian Rat said.

"Great, let's get started!" Xu Nian immediately said.

Dao Tian Rat said no more and directly began activating the Chaos Divine Palace.

At this moment, the two assassins were sitting cross-legged at the city gate, quietly waiting for Xu Nian and the others to appear.

They believed that Xu Nian and the others couldn't escape their restricted range.

If they couldn't endure staying, they would immediately kill them.

"Buzz!"

However, the two assassins didn't notice that not far from them, an inconspicuous speck of dust suddenly shone brightly.

Then, in the dark area of the void outside this planet, it was as if a black hole had suddenly been birthed out of nowhere.

The Dark Matter Energy, which had been hanging in the void for hundreds of millions of years, began disappearing bit by bit into this black hole vortex.

Simultaneously, within the first layer of the Chaos Divine Palace where the Undying Devouring Sky Beast was.

An incomparably vast power emerged.

This power was so vast that it started to vaporize, then liquefy.

Eventually, it even solidified into a solid form.

Solid spiritual energy, Xu Nian had never seen it before.

He knew this was Dark Matter Energy being converted to spiritual energy within the Chaos Divine Palace.

However, as the entire space filled with an overwhelming amount of spiritual energy, the entire first layer of the Chaos Divine Palace was engulfed in terrifying spiritual pressure.

This spiritual pressure weighed Xu Nian down as if a huge mountain was pressing him, holding him to the ground, unable to move.

His entire body felt as if it were about to be crushed.

"How about it, seen the terror of Dark Matter Energy, haven't you? Why not start absorbing it?" Dao Tian Rat said, walking freely in this terrifying spiritual pressure, smilingly looking at Xu Nian.

Xu Nian did not dare hesitate and immediately transformed into his true form, opening his mouth wide to devour the terrifying spiritual energy.

Meanwhile, the space Xu Nian had separated for Shi Guangxu to stay in was also permeated with a misty type of spiritual energy.

This delighted Shi Guangxu, who hurriedly activated his cultivation technique to absorb it.

Of course, his absorption speed was worlds apart compared to Xu Nian's with his Tenfold Time Acceleration and innate talent divine ability of the Undying Devouring Sky Beast.

Chapter 918 918 Arrogant Demon Axe Gang

In the following month, the Undying Devouring Sky Beast Avatar was completely immersed in the Spiritual Energy Ocean.

It frantically devoured the vast amount of spiritual energy, gradually increasing its cultivation.

Of course, Shi Guangxu also benefited from it.

As for those two assassins, they continued to guard outside the city gates.

They firmly stood their ground.

Thus, a brief calm settled between them.

...

Meanwhile, as the Undying Devouring Sky Beast Avatar fell into peace, there was a great crisis brewing for its original form.

The Heavenly Court Gang gradually expanded, occupying as many as seven Rock Iron Energy Metal Veins.

The Heavenly Court Gang's forces grew directly from an initial thousand people to a terrifying six thousand.

This was already nearing the strength of those medium-sized gangs.

Originally, all of this was beneficial, as the Heavenly Court Gang's growth also boosted Xu Nian for the future.

But the gang's growing prominence attracted the attention of a mid-level force.

Demon Axe Gang!

The Demon Axe Gang was led by the overlord of the Demon Axe Star, located a billion kilometers away from their Silver Wolf Star.

This person's cultivation had reached the Early Stage of Tribulation Crossing.

In his hand were also four Peak Powerhouses of the Heavenly Phenomenon Realm.

However, among the many mid-level forces, they held the weakest position.

Unable to compete with other mid-level gangs, they chose to devour surrounding small gangs to strengthen themselves.

Before they targeted Xu Nian's gang, three small gangs nearby had already chosen to submit.

One of them refused and was massacred by the Demon Axe Gang.

Thousands were killed overnight.

The means of the Demon Axe Gang were extremely ruthless and domineering.

Originally, the Demon Axe Gang targeted the Red Blood Gang but unexpectedly found it wiped out.

They quickly sent people to investigate and eventually discovered it was the work of the Heavenly Court Gang.

When they learned the Heavenly Court Gang held seven Rock Iron Veins.

The Demon Axe Gang Leader immediately sent a message to Xu Nian, demanding submission.

Xu Nian directly refused.

The Demon Axe Gang Leader did not relent, but he also didn't attack immediately.

Instead, he sent one of his four great Heavenly Phenomena as a negotiator.

"Leader, the Demon Axe Gang's fleet has already arrived in the outer space of Silver Wolf Star; it will be here in about fifteen minutes," Wu Gang said to Xu Nian, who was seated in the leader's chair.

"How many of them have come?" Xu Nian asked.

"Not many, only two people, but Leader, they are here on behalf of the Demon Axe Gang Leader, afraid they are going to deliver the final ultimatum," Wu Gang said with a frown.

Upon hearing this, several Heavenly Phenomenon protectors nearby immediately murmured among themselves.

Occasionally, they shook their heads and sighed.

Though the Heavenly Court Gang had grown significantly, compared to the Demon Axe Gang with their Tribulation Crossing experts, there was still a considerable gap.

"This time, the protector from the Demon Axe Gang is here to persuade surrender; Leader, perhaps we should submit to the Demon Axe Gang, as opposing them leads to a very grim fate," Lin Qiang, a late-stage Heavenly Phenomenon powerhouse who joined from the Red Blood Gang, suggested.

He didn't have the strong sense of belonging to the Heavenly Court Gang like Wu Gang and Tie Chui did.

When they felt their lives threatened, his first instinct was self-preservation.

"Humph, the Heavenly Court Gang has developed to this point; how can we just hand it over? I say if they dare come, let's go down together," Tie Chui snorted in disagreement.

He firmly opposed submission.

"Indeed, we in the Heavenly Court Gang have never feared anyone," Zhao An added.

"Then, do you intend to confront the Demon Axe Gang Leader? Do not forget he is a master of the Tribulation Crossing Stage, capable of countering most of our gang, not to mention the Demon Axe Gang's thirty thousand cultivators after annexing three small gangs," Lin Qiang retorted.

"Even if their power is formidable, what of it? With our leader in the future, our leader's cultivation will surely surpass the Demon Axe Gang Leader," Tie Chui said proudly.

He trusted Xu Nian's cultivation speed greatly, believing the Heavenly Court Gang under Xu Nian's leadership would reach unprecedented glory.

"You mentioned that it is in the future; while our leader's talent is high, the Demon Axe Gang won't give us the time," Lin Qiang countered.

Tie Chui and Lin Qiang argued heatedly.

Meanwhile, Wu Gang and Lan Qi maintained a surprising silence, silently observing Xu Nian on the leader's seat.

Xu Nian smiled slightly, knowing the time was almost right.

"No need to argue, Lin Qiang, remember this: we in the Heavenly Court Gang would rather die than submit. Even if the Denor Emperor came personally, the Heavenly Court Gang would always remain its own and never bow to anyone," Xu Nian said calmly.

Yet his words were incredibly inspiring.

Lin Qiang was stunned by Xu Nian's words.

Although one might describe his words as extremely arrogant.

For some reason, Lin Qiang somewhat believed what Xu Nian said was true.

He didn't realize it was the imprint left in his mind from when Xu Nian slew Yin Chixue.

"What do you mean by this, Leader?" Lin Qiang asked.

"The Demon Axe Gang dares to come, so I'll make sure they don't return. I remember the Demon Axe Gang has a Xuan Gold Token, right?" Xu Nian laughed lightly.

Upon hearing this, Wu Gang and others laughed softly.

Lin Qiang was left speechless.

Is the leader planning to swallow the Demon Axe Gang?

Lan Qi also showed a slight smile.

At this moment, he truly believed he had not followed the wrong person.

Only those with the heart of a strong man can achieve a monumental empire.

"The Demon Axe Gang Tie Guardian is here!"

At this moment, a voice shouted from outside.

The expressions on Wu Gang and the others instantly became serious.

Xu Nian's eyes also narrowed slightly.

Next, a robust figure entered from outside the hall.

Following behind was a young man with a sword.

Both wore remarkably similar expressions.

Both showed an arrogant demeanor.

Especially the young man with the sword, upon seeing Xu Nian still sitting atop the seat, furrowed his brow and immediately shouted: "Audacious, seeing our Tie Guardian here, yet you dare not descend quickly to greet him."

The young man's voice echoed in the hall.

The burly man did not interrupt, instead, he arrogantly watched Xu Nian.

Apparently, he shared the same view.

Iron Hammer and the others immediately grew angry, wanting to step forward to teach the young man a lesson.

But they were restrained by Wu Gang.

Xu Nian looked at the young man with the sword, then glanced at the arrogant burly man, with a slight smile of anger at the corner of his mouth.

"As a gang leader, you are merely protectors, yet dare demand me to kneel. The ones who should kneel are you," Xu Nian replied coldly.

"Humph, the little Heavenly Court Gang dares to call itself a gang leader in front of our Demon Axe Gang..."

"Kneel!"

The young man with the sword sneered sarcastically, yet before he could finish his words.

A violent shout suddenly rang out.

The young man with the sword seemed pressed by an invisible hand crashing to the ground.

His knees abruptly struck the ground, creating two large dents in the floor of the hall.

The young man with the sword cried out miserably, face like a pig belly.

Iron Hammer and others chuckled softly.

Chapter 919 919: Too Much Force

Dare to shout in front of their Gang Leader?

This young man really doesn't know how to live.

"Xu Gang Leader, what does this mean?" The burly man looked coldly at Xu Nian, his eyes like an enraged tiger.

Xu Nian forced his attendant to kneel, which was like slapping his face.

He had visited several small gangs, and each was extremely respectful to him.

Now, upon arriving at the Heavenly Court Gang, not only did he receive no courtesy, but he was also publicly humiliated.

"Tie Guardian, your attendant doesn't understand the rules. I'm teaching him a lesson for you, so he doesn't offend some big shot later, which wouldn't be as simple as this punishment." Xu Nian said with a faint smile.

He paid no attention to Tie Guardian's fierce gaze.

The sword-wielding youth's face contorted with intense anger.

Pointing at Xu Nian, he shouted, "Xu, you won't die a good death, and not only you, but your entire Heavenly Court Gang will be destroyed along with you."

"Hmph!"

Xu Nian let out a cold snort.

It exploded in the young man's mind like thunder.

The young man, with cultivation only at the Harmonization Peak, immediately spewed blood from his mouth, rolled his eyes, and fainted.

Xu Nian smiled slightly.

How could the young man withstand his Spiritual Sense Power at the Peak of Heavenly Phenomenon?

"You..." Tie Guardian saw his guard faint, and then glared angrily at Xu Nian.

This sword-wielding youth was not just a mere guard, but his plaything.

Indeed, Tie Guardian had a fondness for young men.

Wherever he went, he always took a rosy-cheeked young man with him.

And this sword-wielding youth was his favorite plaything.

This explained why the young man was so arrogant.

But he hadn't expected that Xu Nian wouldn't fear even the Demon Axe Gang Leader, let alone a mere Tie Guardian.

"Tie Guardian, don't worry, your little lover isn't dead. I merely shocked him into fainting." Xu Nian said with a smile.

People around laughed aloud upon hearing this.

Tie Guardian's face turned pale.

Xu Nian openly exposing his relationship with the sword-wielding young man was clearly an insult.

"Hmph, Xu Gang Leader, I am here under the Gang Leader's name to deliver the last ultimatum to your Heavenly Court Gang. Our Gang Leader has given you two choices: one is to submit to our Demon Axe Gang, or face the complete destruction of your Heavenly Court Gang." Tie Dan said coldly.

His tone was extremely dismissive.

Even though he was very angry.

But he suppressed it.

No matter what choice Xu Nian made next, it would be his opportunity for revenge.

If Xu Nian chose the first option, he could completely use the opportunity of Heavenly Court Gang's submission to say a few bad words about Heavenly Court Gang before the Demon Axe Gang Leader, and then Heavenly Court Gang would be at his disposal after being incorporated.

Of course, if Xu Nian chose the second path, that would be even better.

He could justifiably trample Xu Nian underfoot.

As for Xu Nian's strength, he did not believe a small Heavenly Court Gang could have someone to challenge him.

This point, he had some doubts before seeing Xu Nian.

After witnessing Xu Nian's cultivation, he was completely at ease.

This guy with a minor Harmonization Early Stage, how could he contend with his own Peak of Heavenly Phenomenon?

Xu Nian heard Tie Dan's words, smiled slightly, and replied, "If you want us to submit, your Gang Leader must agree to one condition."

"What condition?" Tie Dan didn't think Heavenly Court Gang was qualified to negotiate conditions but still asked.

"Let your Gang Leader resign and let me become the Gang Leader." Xu Nian said with a smile.

"You're mocking me!" Tie Dan shouted angrily.

Was this guy an idiot or arrogantly overconfident?

Daring to covet the Demon Axe Gang Leader's position?

Was he courting death?

"Hahaha, that's right, mocking you is exactly what I'm doing. What is your Demon Axe Gang? Coming to our Heavenly Court Gang to flaunt and swagger. One day, all of your Demon Axe Gang will submit to us." Tie Chui laughed sarcastically.

Others also looked at Tie Dan with mocking expressions.

Crazy!

The Heavenly Court Gang is crazy!

So arrogant, thinking they can swallow the Demon Axe Gang?

Don't they know their own strength?

The Demon Axe Gang could crush them like ants!

"I've seen arrogance, but not this level of arrogance. Since your Heavenly Court Gang is so conceited, I'll show you the strength of our Demon Axe Gang! Hmph, I can destroy you all without the Gang Leader taking action. Accept your fate!" Tie Dan shouted, and then swung his fist towards Xu Nian.

Gold light surged on his fist.

And his skin surface was covered with a layer of silver sheen.

This indicated he had absorbed Rock Iron Energy Metal to saturation.

But Xu Nian, sitting on the main seat, seemed unmoved by this punch that could destroy a hundred-mile radius.

"Hahaha, scared dumb?" Tie Dan laughed loudly, the ridicule in his eyes thickening.

At this moment, the sword-wielding guard had awoken, seeing this scene, he rejoiced, "Good, Master, kill him!"

However, Tie Chui and the others chuckled lightly, unbothered.

"Nice posture, but too weak in power and too slow. Let me teach you!"

Just then, Xu Nian's lips curled into a cold smile.

Then he flashed his punch in Tie Dan's shocked gaze.

"Boom!"

Like a snapped bowstring.

Tie Dan instantly bent over like a shrimp.

His eyes bulged, face twisted, the pain made his veins pop out.

And a huge dent appeared on his chest.

Next, his body flew out.

But Xu Nian didn't stop there.

Leaping from the main seat, he stomped on Tie Dan's body, crashing to the ground.

"Boom!"

The hall trembled, the floor shattered, cracks spread out over a hundred miles outside the hall.

Watching Tie Dan lying in the pit, his face dazed.

"This... how is this possible?" Tie Dan was shocked.

The sword-wielding youth beside him was also scared stiff.

His image of Tie Dan's strong power was collapsing.

Yet Xu Nian looked at the grounded Tie Dan and said something that made Tie Dan spit out blood, "Sorry, my Body Cultivation just broke through to the Middle Stage of the Heavenly Gang Realm, and I haven't mastered the power accurately, hit a bit too hard."

"Pfft!"

Upon hearing Xu Nian's words, Tie Dan, who had barely suppressed his injuries, spat out a mouthful of blood in frustration.

Pointing at Xu Nian with all his might, he said, "The Gang Leader will not... spare you."

Then he tilted his head, fell, and no longer had any vital signs.

The sword-wielding youth beside him had a vacant expression.

Dead?

How could it be?

Xu Nian smiled slightly.

Indeed, he hit a bit hard with that punch.

The punch shattered Tie Dan's cells completely, even the Daluo Golden Immortal couldn't save him.

"Gang Leader, what to do with him?" Tie Chui pointed at the sword-wielding youth and asked.

"Drag him out, hand him to the brothers in the gang who enjoy this sort of thing." Xu Nian waved his hand directly.

Tie Chui chuckled, ordering Tie Dan's body and the sword-wielding youth dragged out.

Chapter 920 920: Meeting Xuanyuan Qingling Again

"Gang Leader, you killed Tie Dan. I believe the Demon Axe Gang Leader already knows this, and he will definitely come to kill in person," Wu Gang said, looking at Tie Dan's corpse being carried out.

Xu Nian nodded.

He had considered this before taking action.

However, he and the Demon Axe Gang were bound to fall out sooner or later, so instead of being evasive, it was better to kill directly.

"How long will it take for the Demon Axe Gang's army to arrive here?" Xu Nian asked.

Most planets in the Denor Star System don't have Transmission Arrays.

So to travel between two planets, only ships can be used.

Even the distance between nearby planets is at least a hundred times or even a thousand times wider than on land.

And the Demon Axe Star where the Demon Axe Gang is located isn't too far, but also not too close.

"Reporting to the Gang Leader, with the current number of ships the Demon Axe Gang has, it's no more than twenty. Each ship can hold up to a hundred people, so at most they can send out two thousand people. Thus, the speed of their ships will be greatly reduced, and it will take at least fifteen days," Wu Gang said.

Xu Nian nodded.

Without large ships, using small ships for interstellar voyages takes naturally more time.

"Alright, within these fifteen days, I will come up with a way to deal with the Demon Axe Gang. Don't worry, unless I die, the Demon Axe Gang won't gain any advantage," Xu Nian said determinedly.

The people in the hall were also filled with fervor.

They believed Xu Nian's words to be true.

After all, besides being highly skilled, Xu Nian was also an Array Master.

At this moment, Xu Nian fell into contemplation.

Just yesterday, his Divine Demon Refining Body had another breakthrough.

He had already reached the Middle Stage of Heavenly Gang Realm, equivalent to the Middle Stage of Harmonization for Spirit Cultivators.

However, this breakthrough didn't change Xu Nian's power significantly.

Unless he reached the Heavenly Phenomenon Realm or the Gang King Realm, his current status wouldn't see much improvement.

But now Xu Nian himself faced the same problem as his avatar.

Where to find the immense energy needed for rapid power enhancement?

His Undying Devouring Sky Beast Avatar had the help of the Chaos Divine Palace, absorbing cosmic dark matter energy.

But the main body didn't have such enormous power.

Of course, Xu Nian had Wentian Demon Sovereign.

Leaving the hall and returning to his chamber, Xu Nian entered the God King Tripod.

Inside the Divine Hall Tripod, there was a breath of life.

The Spiritual Spring flowed slowly.

The Seven-colored Bodhi Tree emitted colorful light, its trunk now a foot taller than before.

This growth speed was quite fast for the Divine Tree.

Still, Xu Nian's gaze fell on the woman in a white dress under the Divine Tree.

The woman's beauty was like a heavenly immortal, her exquisite face making her look like a Holy Daughter.

At this moment, she was quietly sitting under the Seven-colored Bodhi Tree, contemplating the Heaven and Earth Profound Argumentation.

Indeed, this woman was Xuanyuan Qingling.

After Xu Nian rescued her back then, she stayed within the God King Tripod.

Now, her cultivation had reached the Peak of Heavenly Phenomenon Realm with the help of the Spiritual Spring and Top-Grade Spirit Pill.

As for her profound argumentation cultivation, Xu Nian didn't know.

But according to Xu Nian's feeling, her insight into profound argumentation was definitely not low.

"Buzz!"

As if sensing Xu Nian's arrival, Xuanyuan Qingling slowly opened her eyes.

Her deep and clear eyes were as pure as the spiritual springs, as profound as the starry sky.

"Have your insights progressed?" Xu Nian saw Xuanyuan Qingling and asked.

"Yes, my insight has made a bit of progress, but to go further, it will take some time," Xuanyuan Qingling said calmly.

At this moment, she appeared particularly serene.

Not as cold as when Xu Nian first saw her.

Xu Nian smiled slightly.

He knew Xuanyuan Qingling had reached the Small Achievement Realm before, and now her breakthrough was the Great Success Realm.

As for her going further, it should refer to the insight into the Profound Argumentation Domain.

"Cultivation can't be rushed, particularly insight cultivation," Xu Nian said with a smile to comfort.

Xuanyuan Qingling had a very high talent in insight cultivation, aided by the Seven-colored Bodhi Tree, making her contemplation much faster.

"It seems you're encountering some trouble?" Xuanyuan Qingling did not mind Xu Nian's comfort but instead stared at him with her deep eyes.

"I am indeed facing some trouble. The Heavenly Court Gang now meets a rival force whose leader is in the Early-stage Tribulation Crossing. I need to find a way to enhance my cultivation," Xu Nian said.

"I can help you. With the pills you gave me and the Spiritual Spring's help, my cultivation has already reached the Peak of Heavenly Phenomenon. Give me ten days, and I can break through to the Transcendence Tribulation Stage. By then, dealing with that gang leader shouldn't be a problem," Xuanyuan Qingling said promptly.

Xu Nian smiled and said, "It's great if you can break through, but it's not yet time for you to take action. There's still fifteen days; I should make some breakthroughs."

Xuanyuan Qingling was somewhat dissatisfied, her voice slightly colder, "Don't forget, I'm also part of the Heavenly Court. Now, the Heavenly Court Gang counts as the Heavenly Court's force, and I naturally have the right to fight."

Xu Nian looked at Xuanyuan Qingling and noticed her eyes were firmly resolved.

He paused and then laughed.

"Alright, I will let you take action, but as the Gang Leader, I must also improve my power. I can't rely on you to protect me every time there is danger," Xu Nian said with a smile.

Xuanyuan Qingling said nothing, just nodded lightly.

Xu Nian smiled slightly and then walked out of the small space within the God King Tripod.

"Senior, you heard everything, right?" Once out of the God King Tripod, Xu Nian transmitted to Wentian Demon Sovereign.

"Kid, you really have a fortune with women, every step you take they help!" Wentian Demon Sovereign's teasing voice sounded.

"I'm asking you where I can find the energy to strengthen my power," Xu Nian replied irritably.

"Kid, you ask for help with such an attitude?" Wentian Demon Sovereign's voice came again.

Xu Nian immediately changed to a smiling face and quickly said, "Senior Wentian, Wentian Lord, please tell me. I know you must have a way; you also wish for me to improve and restore your physical body sooner."

"Kid, don't tempt me. You're still tens of thousands of miles away from helping me recover my body. I've waited so many years; a little longer won't matter," Wentian Demon Sovereign's voice sounded again.

Clearly, he wasn't swayed by Xu Nian's words.

"Then do you have any requests? Let me know, and I'll see if I can fulfill them," Xu Nian quickly said.

"Enough, wait until you break through to Earth Immortal to talk. If you want the energy to improve power, it's right underneath this planet," Wentian Demon Sovereign said impatiently.

"Right underneath?" Xu Nian was surprised.

He immediately extended his Spiritual Sense Power toward the underground.

When his Spiritual Sense Power reached the earth's core, his face displayed an astonished expression.
