## Chapter 3111 - 3111 Chapter 2999, the Human Alliance

3111 Chapter 2999, the Human Alliance

Xia Jingyu raised her beautiful eyebrows slightly. He didn't want to make a decision without permission.

Seeing her expression, the clan leader was a bit impatient, but he could only explain patiently, "Only men and women are allowed to enter that place. One less is not allowed."

"I won't force you to continue to cooperate after you enter. That's already the limit."

To be honest, if she hadn't met the body of the illustrious son of heaven and explicitly requested the goddess clan not to find another spouse for Xia Jingyu, how could she be so polite to Xia Jingyu?

!!

According to her usual style, she should have been taught a lesson long ago. How could she be so picky?

Xia Jingyu sighed helplessly in her heart. She knew that the clan leader was about to reach his limit, so she could only agree. "Alright, I hope he won't Pester Me."

Time flew by in a flash.

Half a year later.

At the edge of the nine-tailed emperor realm, Su Yu was traveling in an orderly manner. While he was rushing, he was controlling the surge of soul power.

On this day, he appeared on an isolated island in the vast ocean.

This island was where the overwhelming Sky clan gathered.

"The surge of soul power has made the soul ancestor technique several times stronger," Su Yu muttered.

Although the soul ancestor technique used to be extraordinary, it had not reached an unfathomable level. Especially in front of the Soul Saint Clan, it was like a child's play.

The root of the problem was that Su Yu's soul was not strong enough to use the soul ancestor technique.

Now, his soul power was almost close to ten thousand saints. It was easy to imagine how powerful the soul ancestor technique was.

With a thought, a wisp of soul power revolved around him, making him hazy and unfathomable.

If outsiders wanted to investigate his true body, they had to penetrate this layer of soul.

In other words, the other party's cultivation had to be at least at the ten thousand saints level!

"Hunting down the ten thousand saints from the sinkhole God's Tomb?" Su Yu chuckled. "Interesting."

He took a step forward and landed on the isolated island.

The moment he landed, he immediately felt several gazes sweeping over. If he was not surprised, they should be the other experts invited by the overwhelming Sky clan.

Their cultivations were uneven. The weaker ones were at the late ancient Sage realm, while the stronger ones were at the Great Sage realm.

Su Yu acted as if nothing had happened and calmly arrived at the peak of the mountain. He saw several experts of different races, each of them on their own side, ignoring each other.

His arrival only attracted their attention.

When they realized that they were unable to see through Su Yu's soul power, they all became vigilant without batting an eyelid.

Su Yu's powerful soul even captured the communication between many souls.

"An expert has arrived!"

"What terrifying strength. My Great Sage Soul went over, but it was like a clay ox entering the sea. I almost didn't manage to retrieve it!"

“This should be an old monster at the middle to Late Great Sage realm!”

“The overwhelming Sky clan has really paid a huge price for this hunt. They even managed to invite such a person over.”

The higher one’s cultivation, the more they treasured their lives.

For such a risky mission, the higher one’s cultivation, the harder it was to invite them over.

“Hush! Don’t speak. The other party’s cultivation is unfathomable. Who knows, he might be able to find out what we are talking about.” A young and handsome lady used soul transmission to end their conversation.

Everyone present stopped in fear and did not dare to use their soul power to converse casually.

The beautiful woman turned her beautiful eyes and walked over with a smile.

Her facial features were gentle and gave people a feeling of being from a small family. When she walked over, she was like a spring breeze, “Fellow Daoist, may I ask if you’re invited by the overwhelming Sky Clan?”

Su Yu looked over and was surprised to find that the other party was like him. They were rare human powerhouses.

Her cultivation level was not ordinary. She had already reached the early-stage of the Great Sage realm. She was similar to the Netherworld grandmaster and the green-robed grandmaster.

The difference was that she was very young. She was about the same age as Su Yu.

It was rare to see such a young early-stage great sage powerhouse.

In terms of talent, he was on par with Bai Xue.

“Yes.” Out of courtesy, Su Yu answered calmly.

His attitude made the woman feel even more mysterious. She smiled coquettishly and said, “I am at the six paths of heavenly son realm, a member of the Human Alliance, Lou Xiaoyu.”

Human Alliance?

This was the first time Su Yu heard that a nine-star civilization had an organization like the human alliance.

The nine-tailed heavenly son realm and the mirror flower heavenly son realm that he had been to did not have such an organization.

“Oh, human, Silver Feather.” Su Yu casually said the alias that he had used before.

Lou Xiaoyu was shocked and her eyes were filled with joy. “You are also a human?”

She really did not expect that she would meet such an expert with such profound soul attainments in a place as far away as the nine-tail heavenly son realm.

Su Yu nodded. She wanted to ask about the human alliance, so she wanted to have a chat.

The two of them found a corner and began to converse with each other.

From her, Su Yu just found out that every realm with an owner had a human alliance. Only the owners of the nine-tailed emperor realm and the mirror flower emperor realm were destroyed by Ren zu one era ago, until now, no human alliance had appeared.

“Why is that?” Su Yu asked curiously.

Lou Xiaoyu said with confidence, “Because in a realm without an emperor, the Dao Qi in the heaven and earth would be hard to defend. It would flow to the other realms, causing the place to be very barren.”

...

“The human race is weak, so they usually move to the other eight realms. There are fewer humans in the nine-tailed emperor realm and the mirror flower emperor realm, so it is even more difficult to form an alliance.”

So that was the case.

Speaking of which, he rarely met groups of humans in the two realms.

The green emperor once said that Su Yu had to defeat the kings of the human race and become the king of the human race.

However, until now, he had never met a large organization of the human race.

It turned out that there were no similar organizations in the two realms..

“It’s unbelievable that big brother silver feather could cultivate such a high level of cultivation in the bitter cold two realms.” Lou Xiaoyu took out a jade tablet, he said with great enthusiasm, “If Big Brother Silver Feather doesn’t mind, you can join the human alliance of the six paths of Heaven.”

“With your strength, you will definitely be put in an important position!”

Su Yu accepted the jade tablet and cupped his fists. “Thank you.”

Lou Xiaoyu was disappointed to see Su Yu accept it without any expression.

Each member of the human alliance only had the right to invite others to join once. They had to apply again after using it.

...

Su Yu was disappointed that he accepted it without any feedback.

“I don’t have any other gifts. This is for you.” Su Yu passed a blue heart iron to Lou Xiaoyu.

Lou Xiaoyu was stunned. After carefully identifying it for a while, he recognized it and said in surprise, “This... This is blue heart iron?”

This item was so precious that it was hard to find in this world.

It was as difficult as climbing to the sky for ordinary people to get one. Only those ancient refining families could have very few treasures.

The silver feather in front of them had casually given away a grain of silver!

When they noticed this scene, the pupils of the experts beside them rapidly contracted, and their eyes revealed a burning look.

## **Chapter 3112 - 3112 Chapter 3000, the famous sword solitary moon**

3112 Chapter 3000, the famous sword solitary moon

“Do you dislike it?” Su Yu asked when she saw that Lou Xiaoyu was stunned and did not respond for a long time.

Lou Xiaoyu came back to her senses and quickly shook her head. She said excitedly, “No, no! It’s senior’s gift that is too expensive.”

She hurriedly caught it with both hands and was extremely excited.

This top-grade material, even if it was just a little bit integrated into the Dao artifact, could increase the heaven-defying ability to self-repair.

!!

She received a blue heart iron in exchange for her invitation. It was a huge profit.

She was extremely glad that she had sharp eyes and recognized the extraordinariness of her senior. That was why she obtained such a treasure from him.

Unknowingly, she had changed the way she addressed him as senior and not brother Silver Plume.

It was not that she wanted to please him, but she did not dare to address him as her peer since he was someone who could casually take out a blue heart iron as a gift.

“Keep it well,” Su Yu said with a deep meaning.

Lou Xiaoyu glanced at the pairs of greedy eyes around her and immediately tensed up. She quickly kept it.

Swoosh —

Not long after, another mysterious expert landed on the island.

He was covered in moonlight and was dazzling. He carried nine dao weapons that were condensed from starlight on his back. As his body passed by, the sword whistled incessantly.

In the pavilion, many experts unconsciously covered the DAO weapons on their waists because they realized that their swords were gathering toward that young man uncontrollably.

Even Su Yu unconsciously pressed the heaven-severing sword lightly.

For a moment, the heaven-severing sword on his waist was agitated for a moment.

Although it was only a very short moment, it was enough to make Su Yu feel surprised.

The heavenly sword was a sword of great ferocity. Other than the emperor, no one could make it submit to him. However, it was able to sense a person it had never met before.

Sou —

After he landed, the moonlight on his body dissipated, revealing his original body. It was a young man in a brocade robe with a sword-shaped pattern on his chest.

Upon seeing that pattern, Su Yu was enlightened.

The famous sword Villa!

This person was from the famous sword Villa!

The famous sword villa was the family that had forged the absolute heaven sword. No wonder the absolute heaven sword had sensed this person.

However, it was just a sense.

The Absolute Heaven Sword had killed many of the famous sword Villa's clansmen. How could they really submit to them.

Only those ordinary swords would be tempted to make a move against the people of the famous sword villa.

"The famous sword villa has invited them." The people in the pavilion were shocked again. "The overwhelming family is determined to get it!"

The young man in embroidered clothes withdrew the moonlight from his body. He raised his neck and looked around. His expression could not conceal his arrogance.

After all, the famed sword villa was the third-ranked saint clan on the surface. They indeed had the right to look down on the vast majority of the people in the world.

However, when his gaze landed on Lou Xiaoyu, his gaze paused. A trace of joy appeared on his arrogant face. "Eh! Little Sister Xiaoyu!"

He quickly stepped forward, ignoring Su Yu, who was talking to Lou Xiaoyu, and directly stood between the two.

Lou Xiaoyu was also surprised. "Brother Duyue?"

The young man in embroidered clothes in front of him was a rather famous figure in the swordsmanship of the younger generation in the famous sword villa. Not only was his ability to forge Dao swords superb, but his swordsmanship was also unique.

Duyue, who was born in the mirror flower son of Heaven Realm, had joined the human alliance of the six paths son of Heaven Realm since he was young, and he had made a name for himself.

In the human alliance of the six paths son of Heaven Realm, Du Yue's strength was definitely ranked first!

He was at least much stronger than her, Lou Xiaoyu. It was said that his cultivation had already reached the late stage of the Great Sage Realm and was stronger than many of the old monsters in the pavilion.

"Sister Xiaoyue, so you're here too." Du Yue said happily.

He knew that Lou Xiaoyue had a very deep background in the human alliance, and it was difficult for ordinary people to reach her.

Having a good relationship with her would be very beneficial to the future.

Lou Xiaoyue nodded politely, then walked around him and came to Su Yu's side. "Senior, let's go over there."

He pointed to a quiet place in the distance.

HM?

Du Yue frowned and looked at Su Yu. “This is?”

Lou Xiaoyue thought for a moment and explained helplessly, “This is senior silver feather. Senior, this is Du Yue from the famous sword villa, an old acquaintance of mine in the Human Alliance.”

Actually, her relationship with Du Yue was not that good.

“OH.” Su Yu replied casually. He did not have a good impression of the famed sword villa that had set them up.

Du Yue sized up Su Yu and asked suspiciously, “Senior?”

Lou Xiaoyue’s strength was at the early-stage of the Great Sage realm, which was not bad. Perhaps the person she addressed as senior should be at least at the middle-stage or late-stage of the Great Sage Realm?

The person in front of her had such a cultivation level?

“I wonder where senior comes from. Is Silver Plume your name? It sounds unfamiliar.” There was a hint of provocation in du Yue’s eyes.

Hearing this, Lou Xiaoyue’s expression changed. “Please take note of your attitude. Don’t offend senior.”

Looking at Lou Xiaoyue, who was so cold to her, Du Yue became more and more dissatisfied.

In the Human Alliance, Lou Xiaoyue had a rather harmonious relationship with him. Now, for a man, her attitude toward him had changed drastically.

...

“Sister Xiaoyue, you have to keep your eyes open. There are a lot of people in this world who lie, don’t be fooled by them,” du Yue reminded her.

However, in Lou Xiaoyue’s ears, this was completely sowing discord between him and senior silver plume.

“How dare you!” Lou Xiaoyu said angrily, “Senior, do you need to lie to me?”

Why would a person who could give away a blue heart iron need to lie to her?

Lie to her about what?

“You can’t tell a person’s heart from their face!” Lonemoon insisted.

The only people the overwhelming sky clan could invite were those in the three states near the mirror flower heavenly son tier. However, Lonemoon had never heard of any great sage level experts with silver feathers in his many years of travel.

It was unknown what method this person used to deceive Lou Xiaoyue.

Clang —

Lou Xiaoyue did not say anything else. She pulled out her dao weapon and pointed it at Lonemoon. “Scram! Don’t Provoke Me!”

Hearing this, Lone Moon had just kept his mouth shut and a hint of fear appeared on his face.

...

Now that the famous sword Saint clan was in a precarious situation, he really could not afford to offend anyone, especially the faction behind Lou Xiaoyue.

“Alright! I’ll just see when he reveals his true form.”Lone Moon snorted coldly.

He walked to the side in a huff and stared at Su Yu with an unwilling gaze.

On the other hand, Su Yu was rendered speechless. To offend someone for the sake of an insignificant woman, it was truly an undeserved disaster.

Even though the person named one month was not worth mentioning in his eyes.

Su Yu closed his eyes silently and sat cross-legged on the spot to cultivate. Lou Xiaoyue tactfully stood by the side to protect him.

He was about to break through to ancient sage. He was just a hair’s breadth away.

However, he did not know when that opportunity would come.

Perhaps in the next moment, or perhaps in the next few years, he would not like this feeling of being unable to control himself.

“It seems like everyone is here. Haha.” A day later, a voice that Su Yu found familiar finally sounded.

He opened his eyes and saw the old lady of the overwhelming Sky Clan, who had invited him here previously, walking over with her walking stick.

She counted the people in the pavilion briefly, and a happy smile spread across her old face.

## **Chapter 3113 - 3113 Chapter 3,001, everything was prepared**

3113 Chapter 3,001, everything was prepared

It seemed that everyone who she had invited had arrived, and not a single one of them stood up.

“Old Immortal Mo, let’s not talk too much nonsense. What exactly is the situation? It’s time for you to tell us, right?” A boorish man whose entire body was burning with black flames and whose face could not be seen clearly had clearly waited for a long time. His patience had clearly run out.

“That’s right. This kind of mission to deal with the Ten Thousand Sage expert is really beyond our abilities. If you can’t give us a piece of reassurance, then no matter how good the conditions you give me, forgive me for not being able to continue participating.” The existence whose cultivation had reached the late stage of the Great Sage Realm said, he went straight to the point.

Su Yu remembered very clearly that this old woman had once said that there was someone else who was the main force hunting the ten thousand saints.

!!

He and the other invited people were only acting as support.

However, even if it was a support, hunting down the Ten Thousand Saints was an extremely dangerous matter. If things went wrong, their souls might disappear and they might die without a burial ground.

“Hehe, don’t be impatient.” The old immortal devil laughed hoarsely. Her smile was filled with a strange look.

Her old palm took out a ball from her bosom and pinched it. After that, an image was projected into the sky.

In that image, a majestic figure surrounded by the Sun, moon, and stars, as well as mountains, rivers, and vegetation, as if he was in another world, was staggering through the void.

After taking a few steps, he spat out a mouthful of blood.

The blood he spat out turned into endless civilizations and living beings along the way.

Seeing this scene, all the experts present turned serious. Those who were lying down or leaning on the ground could not help but stand up.

Pairs of eyes stared at the tall figure without moving.

Even though they were separated by the image, they could feel the suffocating pressure brought by the ten thousand saint expert.

However, they could tell that the ten thousand saint expert was in a very bad condition. He seemed to be seriously injured!

The Old Devil Immortal smiled deeply. “As you can see, the ten thousand saint expert we are hunting was seriously injured when he broke into the tomb of Sinkhole Emperor Lord. He won’t live long.”

“Otherwise, our overwhelming sky clan would never dare to have any designs on a true ten thousand saint expert.”

At this moment, the muscular man who was covered in flames said again, “Do you still have a bottom line? Don’t tell me that just the few of us can kill an injured ten thousand saint expert?”

“Even if ten thousand saints die and only have a skeleton left, they can still kill all of us here.”

After saying this, many people turned to look at the flaming man.

Even Su Yu was no exception.

It seemed that this flaming man had a deep understanding of ten thousand saints!

“Haha, of course there’s a bottom line.”The old woman took out another ball and crushed it. After that, another projection appeared.

In that projection was an old, broken ship that shuttled through the ghost fog.

It let out a mighty whimper as it shuttled through the vast world.

At the bow of the ship, there were actually two strange human figures standing there.

One of them was a shriveled old man with two pale green eyes and a shabby cape. If one didn't look carefully, one would think that he had climbed out of a coffin.

The other was a righteous youth with a golden sword on his back and a milky white body.

He was full of righteous energy and didn't fit in with the surroundings.

"The Gaia Elder? The Reincarnation King?" The Picky Man took a deep breath when he saw this.

"What? The Reincarnation King?"

The Gaia Elder wasn't surprised.

After all, this was an operation initiated by the overwhelming Sky clan. How could the ancestor of the overwhelming Sky clan not make a move?

However, since the reincarnation King was invited, it completely overturned their imagination.

Lou Xiaoyu, who was beside Su Yu, could not help but tremble. She was filled with respect and worry.

Su Yu looked at the righteous figure and was slightly surprised. From his appearance, he seemed to be a human!

Moreover, he was named after the human king.

“Xiaoyu, who is he?” Su Yu asked.

Lou Xiaoyu pursed her red lips slightly and her eyes were full of worry. “He is the king of the human alliance in the rebirth state, known as the rebirth human king.”

His strength should be about the same as the king of the human alliance in the six paths son-of-heaven state.

“What strength?” Su Yu asked.

Lou Xiaoyu shook her head. “I don’t know, but he has a legendary experience of fighting with the ten thousand saints but not dying. Some people call him the little ten thousand saints.”

Little Ten Thousand Saints.

Then what was Su Yu, who was being chased by two ten thousand saints and not only survived, but also successfully snatched the bones of the Ten Thousand Saints?

“OH.” Su Yu’s expression was indifferent and didn’t care much.

But he had already made up his mind and refused this operation.

Su Yu, who had personally fought with the ten thousand saints, knew very well that even if it was a heavily injured ten thousand saints who was on the verge of death, it wasn’t something that the overcast patriarch and the Samsara Man King could deal with.

If they were to attack, they would definitely be wiped out.

However, the old demonic immortal smiled and said, “In addition, we have a third trump card.”

He clapped his hands and the two images in the air were destroyed at the same time. Then, they gathered into a ferocious image of an evil ghost and a human face.

Seeing this image, everyone present felt extremely disgusted and uncomfortable.

“This is the ultimate curse of your ancestors, the dust annihilation curse?”The late-stage great sage said in shock. He took a few steps back in fear.

The others were also shocked and pushed him away.

The old demonic immortal looked around and was satisfied with everyone’s fear. She smiled and pressed her palms together. The image in the sky dissipated. “It’s just an image. The real dust curse is in the hands of our ancestors.”

...

Hearing this, everyone heaved a sigh of relief. They were all shocked.

“You all brought along the Dust Curse?”The man covered in flames said happily.

The Old Devil Immortal smiled. “Of course! Ten thousand saints are nothing compared to other things. Our overwhelming Sky clan also doesn’t want to end up like a snake that gets killed instead of being killed.”

“Since we’ve decided to surround and hunt this ten thousand saints expert, we naturally have to kill him in one go.”

The appearance of the dust annihilation curse gave everyone present a sense of reassurance.

What was the dust annihilation curse?

It was the ancestor of the overwhelming Sky clan, a terrifying curse that successfully killed a ten thousand saints expert. It could be said to be the number one curse in the world.

If he was invited out, that heavily injured ten thousand saints expert would truly have no way to escape.

With them as support, the pressure would also be much easier.

“If anyone withdraws, it’s still not too late.”The Old Devil Immortal smiled.

However, no one withdraws, including Su Yu.

...

Since the overwhelming Sky clan was certain to win, why not give it a try?

Other things aside, what he wanted to know the most was what this ten thousand saints expert had obtained from the sinkhole emperor’s tomb.

Was there a shortcut to enter and exit the sinkhole divine monument?

“It seems that no one has any objections.”The old demonic immortal waved his hand.  
“Since that’s the case, follow me.”

Just as Su Yu was about to leave, she realized that someone had tugged at her sleeve. Turning around, she saw that it was Lou Xiaoyu. She said hesitantly, “Senior, please help this junior. This junior is extremely grateful. I will definitely repay you.”

Eh?

Su Yu was slightly surprised. “Why do you say that?”

Why did it feel like Lou Xiaoyu was especially worried about something?

## Chapter 3114 - 3114 Chapter 3,002, the breakthrough had arrived

3114 Chapter 3,002, the breakthrough had arrived

Lou Xiaoyu looked around and said in a low voice, “Senior, there is something you don’t know. There has always been a legend among the humans.”

Su Yu listened quietly. For some reason, when he heard the word ‘legend’, he remembered what Emperor Qing had told him before he died.

“Legend has it that the ultimate human king can step onto the end of the path to heaven and become the saint ancestor of the human race, comparable to the son of Heaven of the Sacred Mountain.” Lou Xiaoyu’s eyes were full of worry.

Hearing this, Su Yu's expression was calm, but his heart was already in turmoil.

This was almost the same as what Emperor Qing had said.

!!

It was just that the legend had omitted the inheritance left behind by the human ancestor at the end of the heavenly path.

"When did the legend appear?" Su Yu's eyes were deep.

Lou Xiaoyu thought for a moment. "More than half a year ago, it suddenly spread throughout the entire nine-star civilization. All the Human Alliance knew about this legend."

Half a year ago, it was when he had just escaped from prison.

"He really wants the world to be in chaos." Su Yu's eyes were filled with a cold light.

Without a doubt, the legend was spread by the carefree sons of Heaven. Their purpose was to create as much trouble as possible for Su Yu to step into the heavenly path, so that he would die in the internal strife of the human alliance.

“Senior! I am a close relative of a high-ranking member of the six paths human alliance. If I meet the reincarnation Lord, I am afraid that I will be doomed.” Lou Xiaoyu voiced his worries.

Su Yu thought for a moment. He had a soul that was close to the ten thousand sage level and a puppet body that was forged from a blue heart iron puppet.

If necessary, he could still control the puppet.

Not to mention defeating the reincarnation king, it should be no problem for him and Lou Xiaoyu to be protected.

“Sure.” After careful consideration, Su Yu felt that she was confident and agreed.

Lou Xiaoyu smiled happily and let out a long sigh. Although the senior in front of her was not comparable to the reincarnator king, he could at least protect her.

“Let’s go quickly. Don’t be alone.” Lou Xiaoyu pointed at the group of people in the air.

Su Yu nodded and got up to leave. Suddenly, a muffled thunder-like sound came from his abdomen!

A ball of golden light pierced through his abdomen and the soul power on the surface of his body.

How could the unusual movement not be sensed by the people present? They all looked over.

“This is a sign of a breakthrough, right?”

“Yes. Outside the golden light and inside the Gezhaio Manor, this is a breakthrough to the ancient Sage realm,” the muscular man covered in black flames said with a suspicious look.

The others all revealed puzzled expressions.

Su Yu had used his soul to block all the probing around him, causing people to feel that he was an old monster whose cultivation was unfathomable.

However, he had only broken through to the ancient Sage realm. This made everyone’s eyes drop.

“Are you mistaken? The person who casually gave me a blue heart iron hasn’t even broken through to the ancient Sage Realm Yet?”

“Even the old demonic immortal couldn’t have invited someone who wasn’t even an ancient sage to help him, right?”

They didn’t want to believe what they were seeing, but the increasingly dazzling golden light that was gradually dispersing their soul energy dispelled their suspicions.

The person before them was indeed not a powerful senior, but a young cultivator who hadn’t even broken through to ancient sage yet.

“Hahahaha, I’m dying of Laughter!” In a daze, the laughter of a young man echoed throughout the entire pavilion.

Duyue burst into laughter. He pointed at Su Yu and said, “I told you that I’ve never heard of any silver feather. Xiaoyu, you didn’t believe me and even drew your sword at me for him

“I told you that he would eventually take on a round shape. Xiaoyu, did you see that? This is the senior whom you are trying to curry favor with. Hahaha...”

Du Yue felt exceptionally comfortable in her heart. She had never felt so comfortable before.

This was especially so when she looked at Lou Xiaoyu, whose face was gradually turning green. She felt even more carefree.

Lou Xiaoyu clenched her fists tightly and stared straight at Su Yu. The remaining disbelief in her eyes disappeared completely after the spiritual energy around Su Yu was completely dispersed.

With her great sage level cultivation, she could already tell what it meant for Su Yu to be unable to suppress his breakthrough.

“Are you lying to me?” Lou Xiaoyu was extremely furious.

She felt that she had been deceived. As a great sage, she was fooled like a fool.

Not only did she offend the powerful du Yue, she almost fell out with him. She even went so far as to curry favor with him.

However, the cruel reality was that the other party was only a mid-stage Heavenly Dao master who was far weaker than her!

Recalling all her actions, she was so ashamed and angry that she wanted to find a crack to hide in and never come out again.

Su Yu turned a blind eye to the reactions of the outside world and was extremely excited. After so many years, the opportunity to make a breakthrough had finally appeared!

“I didn’t say anything about my cultivation. You think you are so great.” Su Yu gave a brief reply to him and immediately set up a formation, ready to make a breakthrough at the last minute.

Lou Xiaoyu’s five fingers dug into her flesh. The admiration, admiration, trust, and joy from before all turned into hatred. “You Shameless Liar! I hate you!”

Su Yu frowned and said coldly, “Before I go back on my word, wait quietly by the side. If you are in trouble, I can still fulfill my promise and save you once.”

Hearing that, Lou Xiaoyu burst into laughter. Her laughter was exceptionally sharp. She pointed at her nose and shouted desperately, “Yin Yu! What do you take me for? A Fool?”

A young cultivator who was just breaking through to ancient sage was actually boasting that he would save her in the future.

Did he really take her for a fool who was easy to fool?

Lou Xiaoyue felt that she was being deeply humiliated!

She pointed at Su Yu with her trembling finger. “I, Lou Xiaoyu, don’t need your protection! Leave your so-called protection to someone else!”

“I was blind to find you!” Lou Xiaoyu turned around and left decisively.

At this moment, her face was filled with bitterness. She could no longer find the gentleness and gentleness that she had when they first met.

Su Yu did not say a word. He just silently crossed off the promise of saving her life. If the other party did not need it, what was the point of him keeping it?

“What should we do? Are we all waiting for him to break through to ancient sage?” The experts looked at each other.

...

The old demonic immortal looked at Su Yu meaningfully and said, “We’ll leave him to break through by himself. We’ll go ahead and gather at the ambush site. It’ll be best if he can make it. If he can’t, it won’t hurt to lose him.”

Su Yu was personally invited by the old demonic immortal. The old demonic immortal was well aware of Su Yu’s strength.

However, there were many experts at the moment. Su Yu wasn't much more than him.

“That's true. We have a heavy responsibility. We can't waste it on a small cultivator in the middle stage of the Heavenly Dao Master Realm.”

“Let's go, let's go, let's all go. Don't waste time.”

Everyone urged each other to leave with the Old Devil Immortal.

However, many people were sizing up Su Yu from the corner of their eyes before they left.

Everyone present remembered that Su Yu had casually given them a blue heart iron.

From the point of view of how straightforward it was, there should be more than one blue heart iron on his body!

Greed was the original sin of all living beings.

In particular, people or things that should not be greedy on greed.

...

## Chapter 3115 - 3115 Chapter 3003, condensing the sacred mark

3115 Chapter 3003, condensing the sacred mark

After they had all left, the little skeleton came out from the dark and looked in the direction where everyone had left. He gloated, "Little Master, you seem to be in trouble."

How could Su Yu not know that he had been targeted by others?

Moreover, there would be quite a number of them.

"If they want to die, what can I Do?" Su Yu looked helpless.

!!

Even when he was in the crucial period of breaking through, he was not someone that the cat and dog could care about.

Among that group of people, other than that late-stage great sage elder and that burly man who was covered in flames that Su Yu was afraid of, everyone else was seeking their own death.

“Hehe, that’s true. They better be tactful and not come back to cause trouble. Otherwise, they will be miserable.”The little skeleton stood in front of Su Yu, temporarily protecting him.

Su Yu made use of the time to break through this sudden opportunity.

The Heavenly Dao master’s power in his body quickly filled the 800 dao marks in his body.

The dao marks glowed with a bright radiance that was extremely eye-piercing.

Looking over, there were 800 bright marks on Su Yu’s chest that were exceptionally strange.

In contrast to the eye-piercing radiance, the sky had unknowingly dimmed.

Layers of dark clouds, which came from nowhere, gathered together and shrouded the entire sky.

The little skeleton, who was leisurely enjoying himself, was startled. His eyes widened as he asked, “You must be mistaken. You are only at the first stage of the intermediate stage of the Heavenly Dao master realm to the advanced stage of the Heavenly Dao master realm. Why would there be a heavenly tribulation?”

He stared at the sky in a daze before turning to Su Yu. “Young Master, did you steal Tian Zi’s wife? Is that why they hate you so much?”

“I’ve lived for a long time. I’ve learned a lot today. To think that someone would encounter the heavenly tribulation even after breaking through to ancient sage!”

Su Yu raised his head to look at the sky before lowering his head expressionlessly. He continued to prepare for his breakthrough as if nothing had happened. “It’s the heavenly tribulation. I’m used to it.”

To others, the heavenly tribulation represented a narrow escape, but to Su Yu, it was nothing out of the ordinary!

Ever since he started cultivating, there had never been a breakthrough without a heavenly tribulation?

“A... Habit?”The little skeleton stared at Su Yu with his eyes wide open, his heart in a mess.

What on earth had he experienced to make the heavenly tribulation sound so light?

Rumble —

At this moment, thunder rumbled in the dark clouds, and burning bolts of lightning flickered in the clouds.

Su Yu's breakthrough had officially begun.

When the Heavenly Dao master broke through from the middle stage to the first stage of the later stage, the most important thing was to convert the dao marks in his body into a sacred scar bead.

The sacred scar bead was the container that stored the power of an ancient sage.

In terms of the amount of power stored, it was ten times that of the Heavenly Dao master's middle stage.

Those people dared to underestimate Su Yu because the difference between the Heavenly Dao master's middle stage and an ancient sage was ten times. Moreover, many of them had already reached the great sage level?

At this moment.

The 800 dao marks were emitting a bright radiance. The radiance became more and more dazzling. In the end, it was so blinding that one could not look straight at it.

Looking at it, it was like a huge ball!

Under the effect of the abundant energy, the dao marks were bending. They intersected with each other and headed towards the circular shape.

However, this process was unusually slow!

The little skeleton looked over. With his powerful eyesight, he could see through the radiance and see the essence.

“Holy crap! Eight Hundred Dao Marks?”The little skeleton was shocked.

For an ordinary person, it was not bad to have one hundred dao marks. If there were more than two hundred, he would be a heaven’s favorite. If there were three hundred, he would be a Super Heaven’s favorite.

But how many were Su Yu?

Eight hundred!

Eight hundred!

“Did you grow up in the Dao marks Jar?”The little skeleton asked in disbelief.

It could not help but shake its head in amazement. Then, it became serious again. “The more dao marks there are, the more difficult it is to form the bead of Sacred Scar.”

The principle of forming the bead of sacred scar was to weave all the dao marks together to form a spherical shape. One could not lack any of them.

The fewer dao marks there were, the easier it was to successfully weave them.

The opposite was not the case.

Su Yu had 800 dao marks. How difficult it would be to weave them into the bead of Sacred Scar? Just thinking about it was suffocating.

If the power in Su Yu's body was insufficient, his dao marks would not be able to be converted.

Thinking of this, the little skeleton could not help but sweat for Su Yu. "Oh my God, you really know how to give people surprises! 800 dao marks, even Ren Zu was not so exaggerated back then."

"You must succeed. If you can't break through, then the joke is too big."

If he could not break through this time, part of the dao marks in his body would be converted into holy marks, while the other part would still be dao marks, stuck in the process of breaking through.

If that was the case, he would never be able to achieve a breakthrough in the future, and his cultivation would forever remain stuck in the state of a breakthrough.

The Azure Emperor had endured patiently for an entire era, and he was the successor whom Ren Zu had placed high hopes on. If even an ancient sage was unable to achieve a breakthrough, then everything would be over.

Fortunately, Su Yu's cultivation was steady and steady, and he had accumulated sufficient strength.

As such, his dao marks were slowly curving in an orderly manner, forming a sphere. There was nothing out of the ordinary at all, which made the little skeleton feel much more at ease.

Time slowly passed.

...

The ball on his abdomen finally took shape!

The bead of stigmata was about to take shape!

However, at this moment, an accident happened. The dao marks did not change anymore. They gradually stopped moving and did not move.

The little skeleton's heart suddenly sank. "As expected, it still came."

The most difficult part of condensing the bead of stigmata was usually at the back. When the energy in the body was exhausted, it was very likely that the bead of stigmata would stop condensing.

Su Yu's 800 dao marks were circulating at the same time, and the amount of energy consumed was unprecedented.

It was already because Su Yu's energy was exceptionally rich that he stopped at this step. If it was someone else, they would have been forced to stop not long after the beginning.

The little skeleton's heart was as heavy as water. "It's over, it's all over!"

At the same time, a thunderous roar came from the sky. It was the heavenly tribulation that saw an opportunity to launch an attack.

A lightning dragon formed from more than a thousand lightning bolts swooped down from the sky.

The power of the Lightning Dragon was no less than the ultimate attack of a late-stage great sage!

...

The four corners of the Earth would definitely be scorched by this attack.

The little skeleton saw this and was anxious. Now was the critical moment for Su Yu to break through. He could not pull out his hand at all.

If he was hit without any defense, he would definitely die!

“Forget it, quickly give up. It’s already too late to break through.”The little skeleton sighed and reminded him.

However, Su Yu still did not move.

Rumble —

The Lightning Dragon arrived in an instant and soon reached the top of Su Yu’s head.

Right now, it was difficult for him to dodge even if he wanted to.

“What are you doing? Quickly defend! !”The little skeleton reminded him anxiously.

Outsiders couldn't interfere with the heavenly tribulation. Otherwise, the heavenly tribulation would be ten times stronger. At that time, Su Yu would die even more miserably.

However, Su Yu didn't seem to hear it. He just let the lightning strike down, covering him in a sea of lightning and fire.

"No!"The little skeleton screamed.

He couldn't believe everything that was happening in front of him. The descendant of Ren Zu, the hope of the future human clan, and the hope of the absolute beginning realm were all destroyed by the heavenly tribulation?

## **Chapter 3116 - 3116 Chapter 3004, eight-colored Su Yu**

3116 Chapter 3004, eight-colored Su Yu

"What are you shouting for? Quiet!"However, as the little skeleton cried out in despair, a powerful voice came from the destructive lightning fire.

Then, in his blurry vision, a person slowly stood up from the lightning fire.

It was Su Yu!

At this moment, his sacred scar Pearl had reached the point where it could no longer be sustained. The power that had been accumulated in his body for many years could no longer cause it to continue condensing.

However, the power in his body had already disappeared, but there was no more outside his body!

!!

He looked up at the vast void and laughed. “How many years has it been? Haven’t you all seen it clearly? The Tribulation is the opportunity for me, Su Yu!”

Which tribulation had Su Yu not succeeded in transcending the tribulation in the end, and he had benefited greatly from it?

“The fate of Heaven and earth does not rest on your sacred mountain alone. I, Su Yu, want a share of it!” He shouted loudly and raised his right hand.

His five fingers formed a claw that was like a sharp blade as it ruthlessly tore towards his abdomen.

A terrifying sound of flesh being torn apart could be heard. Su Yu's abdomen was forcefully torn open, revealing the situation inside.

Under the cover of his organs, a pearl that had condensed halfway was emitting a gradually weakening light.

"It is difficult to temper one's body with tribulation!" Su Yu opened his mouth and shouted fiercely.

The lightning flames in all directions seemed to have found a vent, giving up on attacking his body and soul and turning to attack the seemingly fragile Pearl of Stigmata.

Boom —

A wisp of lightning flames rushed over, but it was instantly absorbed by the Pearl of Stigmata to the point that not a trace was left.

Seeing this scene, the little skeleton was dumbstruck. "Madman! What a madman! He actually wanted to use the heavenly tribulation to complete the condensation of the Pearl of Stigmata!"

Its entire body trembled as it looked at Su Yu, who was the size of the Lightning and fire. It had an extremely complicated feeling.

It felt that he was a madman without any sense of reason, but it also felt that its heart was surging with excitement and admiration.

Looking at Su Yu at this moment, it was as if it was looking at Ren zu from the past.

Throughout the entire era, other than Ren Zu, Su Yu was the only one who was so unrestrained and unrestrained.

Even the seven disciples who had followed Ren zu all those years ago did not have such courage!

“However, if the power of the heavenly tribulation exceeds the limit of the stigmata Pearl’s endurance, then the pearl will be destroyed.”The little skeleton was extremely experienced and realized that things were not looking good.

The stigmata Pearl had already been attracted by the heavenly tribulation. If the stigmata pearl could not absorb the power of the heavenly tribulation before it was over, then its body and soul would be destroyed.

“Hahaha! Again!”Su Yu’s hair was disheveled, and he looked extremely miserable. Only his eyes, which could see through the world, were extremely bright.

That was because the wisp of lightning fire that he had absorbed had indeed made the sacred scar bead shine even brighter!

This meant that this method was absolutely feasible!

His words and actions seemed to have angered the lightning fire. More Lightning fire swept over crazily, intending to extinguish the sacred scar bead in its swaddling clothes.

However, they were like clay oxen entering the sea.

No matter how many came, they were all absorbed by the Holy Mark Bead, not even leaving behind any residue.

On the other hand, the holy Mark Bead's light became more and more resplendent. It was even more dazzling than the one in Su Yu's abdomen.

The condensation that had already stopped actually started to continue. Hundreds of dao marks continued to bend and gather in the shape of a ball.

Rumble —

Within the majestic dark clouds, thunder rumbled. It was as if the will of the unseen world had been triggered, bringing down an even more terrifying heavenly tribulation.

Chi La —

Eight different colored thunderbolts descended on the ancient land at the same time.

They struck the mountains and the land, burning everything nearby into ashes.

After landing, the eight Thunderbolts intersected and actually condensed into an eight colored human figure.

Su Yu was very familiar with that figure.

Because it was himself! !

“The heavenly tribulation of a nine-star civilization is indeed extraordinary,” Su Yu muttered softly.

Due to the isolation of a black abyss, the heavenly tribulation of a nine-star civilization would usually be much less powerful when it descended on an eight-star civilization in the past.

Usually, there was only one heavenly tribulation, and there would be none after it was over.

However, this was obviously not the case. Not only were there more times, but they also had memories. They could actually condense into the appearance of Su Yu when he was undergoing the heavenly tribulation.

“Heaven-defying son, Heaven and Earth Will Punish You!”The eight-colored Su Yu’s palm rotated and actually transformed into a small cauldron.

The eight dragons on top of it were moving unpredictably, representing a law.

“Time, set!”The eight-colored Su Yu shouted softly.

Su Yu immediately felt the powerful law of time descend, sealing the time around him.

“Space collapse!”Then, the eight-colored Su Yu said again.

The space around Su Yu also showed an irreversible collapse.

“Hehe!” Su Yu smiled without saying anything. With a light tap of his toes, time and space were destroyed.

“Showing off in front of an expert!” Su Yu walked forward with his hands behind his back and said indifferently, “I’m playing the rest, so don’t take it out and embarrass yourself!”

The so-called eight laws had long been condensed into a domain, and his soul domain had already reached the limit.

“Time, life, soul, death...” the eight-colored Su Yu acted as if he hadn’t heard anything and flicked his fingers. The eight laws appeared one after another and attacked Su Yu.

Su Yu smiled contemptuously and took a step forward. Invisible Soul Ripples suddenly surged up like a tsunami.

The eight-colored Su Yu sensed something and immediately released a layer of gray, sticky energy.

...

Chi –

With a light sound, Su Yu's powerful soul attack was actually blocked by that sticky energy.

“Tribulation Force?” Su Yu's eyes deepened. Tribulation Force should be a very special power among all things.

It was neither the power of martial arts nor the power of domain. Instead, it was a kind of overpowering power used to punish all things in the world.

“But, so what?” Su Yu took a step forward and used his space domain to pull the distance between them from 30,000 feet to 30 feet!

The eight-colored Su Yu's mind changed, and the sticky power on the surface of his body immediately erupted and pounced toward Su Yu.

Su Yu snorted coldly, “I'll teach you how to be me, Su Yu!”

He raised his hand and grabbed, and the eight domains in his palm appeared at the same time. They condensed into a 30-foot-wide claw and pressed toward the eight-colored Su Yu.

The sticky force that pounced on him rolled back and pressed down on the eight-colored Su Yu's body until it was disoriented.

The latter still wanted to resist, but the nine dragons divine cauldron in his hand swung down.

Su Yu didn't even think about it. He pulled out his heaven-defying sword and stabbed out fiercely.

...

Chi —

Even the nine dragons divine cauldron and its people were all pierced through by the sword.

The eight-colored Su Yu's wound immediately flowed with an endless amount of tribulation force.

It immediately retreated and prepared to escape.

However, how could Su Yu allow it to escape?

That raised claw clawed fiercely and scattered the tribulation force around its body, grabbing the entire lightning Su Yu.

“You only have this little ability,” Su Yu said disdainfully. Then, he opened his mouth and crushed the Lightning Su Yu into strands of tribulation lightning, swallowing it in one gulp!

The little skeleton was in a mess in the wind, looking at this scene in a daze. “Eating tribulation lightning... Oh my god, what kind of little master did Emperor Qing find for me?”

Throughout history, this was the first time he had heard of someone eating tribulation lightning, and it was also the first time he had seen someone eating tribulation lightning!

However, this big tonic pill... No, after eating tribulation lightning, the sacred scar bead on Su Yu’s abdomen condensed at an even faster speed.

After a long while, a total of eight hundred dao marks all bent and gathered into a ball.

The sacred scar bead was completely condensed!

However, the dark clouds in the sky did not disperse. Instead, they became even gloomier.

Rumble —

Another eight bolts of lightning descended with a Rumble!

No, it wasn't eight bolts.

This was because the lightning continued to descend. One bolt after another formed a group of eight bolts of lightning and continuously descended onto the earth.

Rumble —

This continued for an entire minute before the world was shaken.

Eight hundred bolts of lightning descended onto the Tribulation Field!

Among them, every eight bolts of lightning formed a body and formed an eight-colored Su Yu that was exactly the same as before! ! ! (two at night)

# Chapter 3117 - 3117 Chapter 3005. There was no other choice

3117 Chapter 3005. There was no other choice

“Oh my God!”The little skeleton’s hair stood on end. “It’s all messed up!”

“One is eating the heavenly tribulation, and the other is throwing it around for free!”The little skeleton felt that he had seen countless ridiculous things while following Emperor Qing.

However, he was still shocked when he followed Su Yu.

The level of the heavenly tribulation before him had already surpassed that of an ancient sage breakthrough. That was a rare heavenly tribulation that only a great sage breakthrough could have.

!!

Only those great sage geniuses could enjoy such extreme treatment.

But what level of cultivation did Su Yu have?

The heavens really wanted to play Su Yu to death and not let him breakthrough.

“Heaven-defying son, Heaven and earth will punish him!” A hundred eight-colored Su Yu surrounded Su Yu like stars surrounding the Moon.

Pairs of eyes surrounded by lightning stared at Su Yu with disdain.

Su Yu stood with his hands behind his back and smiled at the sky. “It’s already too late!”

He held the heaven-severing sword with unprecedented ease.

With a resounding clang, the heaven-severing sword swept out, and a sword ripple that had completely materialized radiated in all directions with him at the center.

The stronger one’s cultivation was, the more powerful the heaven-severing sword would be.

After breaking through to ancient sage, the strength of the Dao master in Su Yu’s body was more than twice that of the past. One could imagine how powerful the sword was!

Boom! Boom! Boom

The Heaven and earth along the way could not withstand the rampage of the sword wave at all. All of them collapsed, revealing bits and pieces of nothingness.

One had to know that this was a 9-star civilization. The toughness of the Earth was not something that an 8-star civilization could compare to.

Even a great sage advanced stage expert would not be able to create nothingness!

The might of this sword could be said to be that of a strike from a great sage pinnacle expert.

Boom

The sword wave spread out and covered thousands of miles of mountains and rivers, shattering everything within its range into dust.

No, even the dust would be shattered into nothingness by the sword ripples after two or three times.

The hundred or so Su Yu was no exception. Before he could even make a move, the sword ripples had already shattered him into a streak of lightning.

Su Yu opened his mouth and took in a deep breath. Boundless might swept over and absorbed the Lightning on the ground.

Countless viscous calamities were also absorbed along with it.

“Stop, stop, Stop! What are you doing?”The little skeleton hurriedly called for a halt.

Su Yu had already successfully broken through to the ancient Sage realm, and the sacred scar bead had been completely formed. Why would su Yu bother to absorb the Tribulation Force and Lightning Fire?

Wasn't that just adding to the problem by destroying the sacred scar bead that he had just formed?

Su Yu ignored it and absorbed the Tribulation Force and lightning fire that filled the sky.

As they approached Su Yu, they seemed to have a mission. They all attacked the bead with the intention of destroying it.

The little skeleton covered its face and could not bear to watch.

It really did not know what was wrong with Su Yu that he would do such a stupid thing.

No matter how powerful Su Yu's bead was, it could not withstand the attack of eight hundred tribulation lightning at the same time.

However, the little skeleton obviously underestimated Su Yu.

The sacred scar bead on his abdomen shot out eight hundred domains and gathered into a huge cage, sealing off the lightning bolts and lightning bolts.

Then, the eight hundred domains kept compressing, compressing the lightning bolts and lightning bolts into balls.

From 30,000 feet to 3,000 feet, from 3,000 feet to 3,000 feet, and then from 3,000 feet to 3,000 feet.

In the end, the 30,000 feet was compressed to 30,000 feet!

The extremely dense tribulation lightning and tribulation power were extremely compressed and condensed into a 30,000-foot-wide sphere that was almost liquefied.

The little skeleton was stunned. “This... can also be done?”

It stared at the sphere and suddenly shuddered. If so much tribulation lightning and tribulation power suddenly erupted, no one below the ten thousand saints realm could withstand it.

“Hey, what are you trying to do?”The little skeleton asked.

Su Yu stared at the sphere that had been compressed into a liquid, and his eyes were filled with shock. “I’m trying to do something!”

As he spoke, a nine-colored oil lamp appeared above Su Yu’s head, and an enormous, towering shadow slowly appeared behind him.

After it appeared, a pair of giant hands that shook the stars held the sphere and continued to compress it!

The sphere immediately let out a sound of being overwhelmed. The 800 domains that restrained the tribulation force and Tribulation Lightning also showed signs of instability, as if they were about to shatter.

The little skeleton could not help but retreat far away, its eyelids twitching as it stared at what Su Yu had done.

In its infinite worry, the sphere became smaller and smaller, and did not break as it had imagined.

When the giant shadow's hands had already compressed it to its limit, the sphere had shrunk to one foot in size.

Su Yu was still not satisfied. He pressed his palm on the stone heart in his chest, and powerful chaotic energy flowed out and turned into another palm, grabbing the one-foot-large sphere.

Chi Chi —

The sphere could not bear the weight, and tiny cracks appeared on it, reaching the edge of explosion.

However, under the compression of the 800 domains, the power of the mortal body, and the power of chaos, those powers could not self-destruct, and could only be compressed.

Finally, the liquid tribulation force and tribulation lightning were compressed into an unprecedented solid shape.

...

The one-foot-long sphere was finally compressed into an inch-long size.

Its size was the same as the stigmata pearl!

Only then did Su Yu withdraw the mortal body and the power of chaos. He looked down at the two balls in front of his abdomen.

With a sweep of his palm, he recalled the two balls back into his abdomen.

Then, with a thought, he used his strong physique to quickly recover from his injuries.

The little skeleton saw that it was safe and immediately ran back. "Little Master is wise and divine, unparalleled in the world. The little skeleton's longing for you is like the river of stars, flowing endlessly..."

Su Yu waved his hand and interrupted it. "I remember that you can take a beating."

He looked at the little skeleton with a calm expression. Back in the prison, the terrifying water of the Netherworld was overflowing. Any expert who touched it would be decomposed into water.

The little skeleton was the only one who treated it as if it was nothing. Moreover, it was completely unafraid of the demonic corpse that was guarding the lowest level.

Now that Su Yu had broken through to the ancient Sage realm, he had even successfully refined the heavenly tribulation into a mysterious bead.

It would be a pity if he did not test his true strength.

...

The fact that the little skeleton was able to take a beating was a perfect test for him.

“Hey, Hey, hey, what’s with that look?”The little skeleton could not help but cover his anus. “Are women not fun, or are men not interesting enough? Why are you thinking about the anus of a lion?”

The bead of stigmata that Su Yu had just condensed was almost shattered by the impact.

He no longer had any worries and his gaze became unfathomable. “Little skeleton, I have a great mission for you. You are the only one who can take it.”

However, the little skeleton was even more cunning than the thousand-year-old fox. He shook his head and said, “Do I have a choice?”

Su Yu smiled. “Yes, and I have two choices.”

“First, accept the mission and let me beat you up.”

“Second, if you don’t accept the mission, let me beat you up.”

“You, which do you choose?”

The little skeleton’s face was as stiff as a stone statue. The corner of its mouth twitched, “Little Master, can you tell me the difference between the two choices?”

# Chapter 3118 - 3118 Chapter 3006, using the power of calamity

3118 Chapter 3006, using the power of calamity

“Of course... There’s no difference!” Su Yu was exceptionally “Honest” as he stared at the little skeleton. “Tell me, which one do you choose?”

The little skeleton rolled its eyes and ran away with its four hooves. As it ran, it turned its head and grinned. “Only a fool would choose!”

Its movement technique was outstanding and far surpassed Su Yu’s. Could the other party catch up to it?

In just a flash, the little skeleton had disappeared without a trace.

!!

Su Yu stood where he was and had no intention of catching up at all.

The faint smile on his face gradually disappeared and was replaced by a thought-provoking expression. He looked over and looked at a certain rock. He said calmly, "I'm the only one left. Aren't you going to show yourself?"

The direction he was looking at did not move at all. There was no suspicious person at all.

Su Yu raised his finger, and a trace of obscure power jumped between his fingers. Then, he flicked his finger.

That power penetrated through the long space and went straight to the rock.

With a muffled sound, a figure suddenly jumped out from behind the rock. He hurriedly extinguished the obscure power that had accidentally touched his body, and his expression was slightly solemn.

This person's body was burning with flickering flames. It was the flaming man who had repeatedly questioned the overwhelming sky clan.

He raised his eyes and stared at Su Yu. A trace of hesitation flashed in his eyes.

"You can make your move now," Su Yu said lightly.

The reason why he had sent the little skeleton away was to meet this person alone.

The flaming man sized up Su Yu. There was a trace of fear in his eyes. He had only come halfway, and what he saw was precisely the scene where Su Yu had swallowed an entire heavenly tribulation and refined it into his sacred scar pearl.

This scene made even a great sage advanced stage cultivator tremble in fear.

From ancient times until now, who would dare to refine the devouring tribulation into their second sacred stigmata pearl.

Just hearing it made one shudder in fear!

However, he was certain that the other party was only breaking through to ancient sage, and his cultivation realm was indeed very low.

“Hand over all the Blue Heart Iron You have on you, and from now on, we will not interfere in each other’s business,”the man in flames steadied his mind and said ferociously.

The Flames on his body increased by three times with a bang. His aura was particularly frightening.

“I’ll bully you first, then we’ll make an agreement from now on. We’ll be on friendly terms, right?” Su Yu smiled faintly.

Where did his confidence come from! !

Did he think Su Yu was gullible, or was he easy to bully?

It was probably both.

“Don’t refuse the toast and take the punishment.” The flaming man said coldly, “If I want to kill you, it’s as easy as flipping my hand!”

Su Yu stood rooted to the spot. “Then come and kill me. I’ll stand here and do nothing.”

The flaming man gritted his teeth. Since he had made up his mind to obtain the Blue Heart Steel, there was no need for him to hesitate!

It was a pity that if he were to hesitate a little longer, he might be able to save his own life.

“You’re courting death! You’re just a mere ancient sage. No matter how strange you are, how powerful can you be?”The flaming man opened his mouth and bellowed. A long fire dragon shot out from his mouth toward Su Yu.

The might of this fire was extraordinary. It was almost on par with the tribulation fire just now.

However, since Su Yu was able to devour the tribulation fire, how could the mortal fire before him possibly harm him?

“Are you playing with Fire?”Su Yu stared at the incoming fire and muttered, “I once cultivated a secret art related to fire as well.”

Thinking about it now, he felt a little emotional.

He raised his finger and pointed at the incoming fire, and an obscure energy gushed out from his fingertip.

That power was the power of calamity, which then evolved into a grayish-black flame. Like a landslide, it dashed forward.

The opponent’s ordinary fire could not even resist the overwhelming fire of calamity. It was as if the fire had met with water and was extinguished on the spot.

Seeing this, the fire man was shocked and hurriedly got up. The Flames on his body expanded several times, forming a huge wall of fire that was ten people tall.

However, in front of the calamity fire, the wall of flames was like a snow sculpture, quickly dissolving.

The heart of the man jumped, and he was shocked. “How is this possible? You can already use the calamity?”

At first, he did not understand why Su Yu refined the calamity into the stigmata bead. Now, he finally understood that the other party actually used it as a container to store the calamity power, similar to the stigmata bead.

“You have already discovered it, yet you still dare to charge forward. I admire your courage,” Su Yu said calmly.

The middle of the flaming man’s brows began to twitch continuously. A shadow of death grabbed him like a giant palm, making it difficult for him to breathe.

He knew that if he did not leave now, he might really have to give up his life here.

“Ten Thousand Flames return to origin, eight desolates crack!”As an expert of the Flaming Saint Clan, the flaming man naturally had his own powerful secret technique.

His two palms slammed fiercely onto the ground, causing the Earth to rumble and crack with countless cracks.

Flames spurted out from within, like pillars that supported the collapsing heaven and earth.

The tribulation fire that had been pressed down was also forcefully pushed up.

Seizing this opportunity, the flaming man turned around and fled without any hesitation.

Unfortunately, he only wanted to leave now, and it was clearly too late.

Su Yu’s five fingers formed into a claw and grabbed at the flaming man across the air. He could faintly feel a powerful heartbeat in his palm.

The flaming man could clearly feel that a faintly discernible calamity was tugging at his heart.

He turned around and looked at him. His expression was extremely unsightly as he shook his head and begged, “No! Please...”

Su Yu was silent as he clenched his five fingers.

...

In the body of the flaming man, near the heart, a ball of obscure energy condensed into Su Yu’s claw. With a fierce pinch, he crushed the heart.

Tribulation was omnipresent and omnipresent.

Space could not withstand the force of tribulation.

Looking at the corpse of the flaming man that was slowly falling down, Su Yu walked forward and muttered, “There is no medicine for regret in this world. If there was, I would have drunk it long ago.”

Even Su Yu himself had many years of regret.

For example, the death of Xian ‘er and the encounter with Jing Yu.

Sighing slightly, Su Yu found his spatial storage device and searched through it. He ignored everything else.

The only seed that was burning with flames gave off a warm and holy aura. It was placed in the deepest part of the storage space by the flaming man and was sealed in nine seals. It seemed extremely precious.

“What is this?” Su Yu observed it curiously.

He did not know what this seed could grow, but from the aura, it seemed that it was at least at the great sage level.

“Can a seed give birth to powerful creatures?” Su Yu did not understand.

...

Huff Huff —

At this moment, the little skeleton ran back in a hurry. From Afar, it roared furiously, “Woah! Who Dares to Bully My Master? If you want to bully him, step over my corpse first!”

It rushed over in one breath, speaking righteously and shouting righteously.

Those who did not know would think that it was loyal to protect its master.

“You’re finally willing to come back?” Su Yu said calmly.

The little skeleton’s face was not red and its heart was not beating, “What are you talking about? I... I went to investigate the enemy situation for my master.”

## **Chapter 3119 - 3119 Chapter 3007, Holy Infant Kindling (second watch)**

3119 Chapter 3007, Holy Infant Kindling (second watch)

Su Yu rolled his eyes at him and said, “Let’s go.”

As he said that, he put away the seed of unknown origin in his hand.

However, the little skeleton saw it at a glance and could not help but mutter, "In this day and age, there is actually a holy infant kindling that went extinct in the previous era?"

Su Yu was stunned for a moment and asked in return, "You know it?"

!!

The little skeleton nodded, "Of course!"

It pointed at the flame seed, it said, "This is a good thing! Although it can't be said to be very precious, its value lies in its rarity. In the current era, there should not be many of them. Even if there are, they are kept by those old monsters and can not be sold again."

"Its function is very simple. It is to brew a brand new body."The little skeleton said, "As long as we use our own blood and irrigate it day after day, when the seed blooms and bears fruit, we will be able to develop a perfect body."

Su Yu immediately felt that its function was particularly useless. "This thing might still be useful for low-level martial artists. At the stage where we can create a body out of thin air, it is meaningless."

He only needed a thought to create a body. Why would he need to expend his mental energy and strength?

The little skeleton shook his head and stared at the holy infant flame seed with some envy. “If you don’t want it, you can give it to me! The body created by this seed can inherit everything in the body.”

“Moreover, the body is very pure and doesn’t have any impurities.”

‘HMM?’?

Su Yu’s heart moved and he couldn’t help but fall into deep thought.

His current body was quite awkward.

At the same time, he had part of the illusionary Prince’s body and he had been transformed into a female body.

Even if he had the chance to obtain the Yin-yang sect and return to his original body, he probably wouldn’t be able to get rid of the illusionary prince.

As long as his heart was in his body for a day, the other party would have the chance to retaliate.

The sinkhole divine tablet on his body couldn't stay by his side forever to suppress her. If he were to lose it one day, wouldn't it be a time of great danger for him.

"I'll give it a try." Su Yu tore open the seal.

A holy aura that was a hundred times stronger than before gushed out, causing Su Yu to be unable to help but Dodge.

That seed was not only holy, but also full of unprecedented vitality, like a living creature that could be born at any time.

Su Yu thought for a moment and tried to take out a drop of his blood essence and drop it on the holy infant flame seed.

In the end, while the blood essence was still in the air, tendrils of tender air stretched out from the flame seed and wrapped up the blood drop.

Then, the tendrils absorbed the blood drops bit by bit.

During the process of absorption, the impurities in the blood were also removed.

So Be it. Su Yu didn't care much about it. What surprised him was that after being absorbed, the saintly being power and the power of chaos in his body merged together naturally and stored in the sacred baby tinder.

"How could this be?" Su Yu couldn't believe it.

Although Su Yu could also use the power of saintly being and the power of chaos, it didn't mean that they could merge together.

One was a saintly being, and the other was the power of chaos. They should repel each other.

However, after being absorbed by the sacred baby flame seed, those powers merged together and formed an unprecedented new power.

"Unbelievable!" Su Yu was full of admiration.

He could not help but exclaim at the creator's miraculous ability. A natural object could fuse two completely opposite powers.

After that, Su Yu carefully observed and was even more surprised to find that the many domain powers in his body were also being continuously fused by him. It was as if ten thousand daos had become one.

If he watered it every day, at the last moment, the body that was born would be an invincible holy body that no one had ever seen before or since.

This body was born with the cultivation base of a great sage!

Not only that, it also possessed the unitary domain that had never existed before. It also possessed the Holy Body and primal chaos. It was a brand new magnificent power after the fusion of the two supreme powers of heaven and earth.

It was not difficult to imagine that the hardness of the mirror flower emperor's body would also be transferred to the new body.

"What did you do?" Suddenly, Su Yu felt a piercing pain in his mind.

Su Yu covered her head and recognized that it was flower of the mirror.

He was shocked. Wasn't flower of the mirror suppressed by the Sinkhole Divine Monument?

How could it still be transmitted into his mind?

He tried to pick up the sinkhole divine monument. Sure enough, the voice of flower of the mirror, who had lost its suppression, came again.

However, compared to flower of the mirror's calmness, she seemed to be a little flustered and scared at the moment. She shouted anxiously, "Are you fighting against a powerful enemy?"

Su Yu's heart moved and he pretended to say, "Yes."

"Damn it! Protect the heart well and don't let it suffer any losses!" Flower of the mirror roared.

Oh?

Su Yu placed the returning ruins divine monument back and suppressed it again. At the same time, he immediately checked his heart.

When he saw the result, he couldn't help but be shocked.

A small piece of his stone heart was actually missing! !

At the same time, Su Yu felt an inexplicable sense of weakness, as if he had lost a lot of things.

“Hey, Hey, Hey! You have to be careful.”The little skeleton reminded him, “While the holy infant flame seed is absorbing the essence blood, it is also absorbing everything in your body, including all kinds of divine abilities, secret arts, and even cultivation.”

What?

Su Yu immediately took out the emperor’s oil lamp, but the oil lamp actually dimmed a little.

No wonder the stone heart was also missing a piece. It turned out that the holy infant flame seed absorbed everything about Su Yu, including these two things.

...

“Why didn’t you say so earlier?”Su Yu wanted to give the little skeleton a slap.

The latter looked wronged. “You didn’t ask.”

“You...” Su Yu was angry and helpless.

Looking at the obviously larger holy infant flame seed, he asked, “How long will it take for it to give birth to a new body?”

The little skeleton counted with its claws, “Let me calculate, HMM... about an epoch.”

Bang —

Su Yu really slapped the little skeleton with his palm, causing it to fall to the ground.

An epoch? What kind of joke was that?

How could he wait so long?

Moreover, he could imagine that the later he gave the essence blood, the weaker he would become.

However, his current situation was that the further he went, the stronger the enemies he encountered, and the more dangerous the environment he was in.

...

“If I don’t inject more blood essence, what will happen to it?” Su Yu was a little reluctant.

The little skeleton rubbed its head, and sure enough, it did not feel any pain at all. “Of course it will die!”

“It’s fine if you don’t touch it. It can live as a seed for two epochs, but once it has been irrigated with blood essence, it must be irrigated every other day. Otherwise, it will quickly wither and die.”

The little skeleton had a regretful look on its face. “I’m afraid there aren’t many of these. There won’t be any more in the future.”

Su Yu’s expression fluctuated. Wither rapidly?

He could predict that in the future, if this breed was successfully nurtured, it would give birth to an extremely terrifying body.

That might be the only way for Su Yu to get rid of the flower in the mirror.

It would be a pity to give up just like that.

However, he would continue to be weak, so what should he do?

After thinking about it, there was only one way!

Continue to get stronger!

Getting Stronger Day by day. As long as the gains he gained every day were greater than the losses he suffered, he would not fall into weakness.

Of course, the only drawback was that Su Yu's growth in strength would be slower than that of an ordinary person.

Unless Su Yu worked harder than an ordinary person!

“For the sake of a new body, I’ll go all out!” Su Yu gritted his teeth and made his choice.

He put away the saint infant flame seed and checked the body of the flaming man again. He was a little confused. “Strange. Since the saint infant flame seed is so precious, why would it appear in his hands?”

HMM?

The little skeleton also understood and showed a puzzled look. “Yes! The saint infant flame seed is an old monster of the Ten Thousand Saints level. It’s something that they would dream about even in their dreams.”

!!

“But how did it appear on this little shrimp’s body? That’s not right!”

The more he understood, the more he realized how terrifying the holy infant flame seed was.

This item shouldn't have appeared in the hands of a great sage. How did he obtain it?

"There's something strange about it." Su Yu's eyes revealed a thoughtful expression.

He flicked his finger and burned the corpse of the flaming man. Then, he turned his gaze towards the direction where everyone had left.

"Forget it. How we get it might not have anything to do with us. The most important thing now is to hunt down that heavily injured ten thousand saints expert," Su Yu muttered.

He really wanted to know what kind of world-shaking item that heavily injured ten thousand saints expert, who was on the verge of death, had brought out from the tomb of the sinkhole Emperor Lord.

But what he wanted to know more was how to get in and out of that tomb.

Whoosh —

Su Yu rode on the little skeleton and chased after the star chasing the Moon.

One month later.

In front of a pile of ruins, Su Yu finally caught up with the large group that had left first.

“Look, that kid actually came back.” A great sage expert said in surprise.

“Oh? He broke through to the ancient sage level? Hehe!” Another person ridiculed.

“Seriously, since he has already fallen behind, why did he come back to court death? Does he think that his life is too long?”

Everyone whispered to each other, expressing a complicated attitude towards Su Yu’s return.

Those who were thinking of Su Yu’s blue heart naturally had their eyes lit up, and they heaved a sigh of relief.

Those who were not thinking of him shook their heads incessantly.

“Welcome back.” The old demonic immortal leaned on his walking stick and turned his head to look at Su Yu, revealing a kind smile.

Then, his smile disappeared, and he stared at the ten thousand li of scorched earth below.

Su Yu swept his gaze over and discovered that most of the people present had extremely grave expressions as they all stared at the scene on the ground.

Su Yu followed their gazes and lowered his head to take a look. His expression couldn't help but change slightly.

He saw that the area within ten thousand li seemed to have been destroyed by something. It was charred black and lifeless.

The most terrifying thing was that there were actually five black holes in one of them.

What kind of person could create such a shocking scene?

Only Ten Thousand Saints, right?

Su Yu, who had personally witnessed the battle between ten thousand saints, had the right to speak about this.

He just didn't know how much strength this ten thousand saints used.

At this moment, the little skeleton suddenly used its mouth to pick up Su Yu's sleeve.

"What's Wrong?" Su Yu turned around and asked.

The little skeleton mysteriously pointed to the sky above, meaning that it wanted Su Yu to fly up.

Su Yu was somewhat puzzled. He followed the little skeleton to the higher sky and asked, "What's the matter?"

The little skeleton's expression was somewhat solemn and fearful as it pointed below, "You... You Look Again!"

HMM?

Su Yu lowered his head to look. When he looked, his pupils constricted! !

At this moment, he was even higher in the sky. He could see the situation on the ground in a more comprehensive manner.

However, this glance caused Su Yu's heart to tremble uncontrollably.

The scorched earth on the ground was not a place where they had fought before. It was clearly a giant footprint that spanned ten thousand miles! !

The five black abysses that were almost standing side by side were actually created by the giant's toes pressing on the ground.

With just one foot, it was as if the Ten Thousand Saints had fought before! !

What was this?

And who had stepped on it?

If it was the ten thousand saints who had escaped from the sinkhole monarch's tomb, then his strength was too terrifying, far beyond the Gaia clan's expectations!

Even with the help of the Samsara King and the Gaia patriarch, it was impossible for them to defeat the ten thousand saints at such a level.

Su Yu's mind was shaken as he pondered whether he should continue moving forward with them.

At this moment, elder demon noticed Su Yu's abnormality and asked, "Sir, did you discover anything?"

Su Yu quickly hid his abnormality and shook his head as he flew down, "No."

Standing high up in the sky, he could only see a part of the scorched earth. It was impossible to see clearly. This was actually just a footprint.

"OH." Old Immortal Mo did not suspect him. Looking at the scorched earth on the ground, his expression was solemn. "I believe this is the place where they fought. We are not far from each other."

"For the rest of the journey, everyone must be prepared to take precautions."

...

His words made everyone tense up. Some of the temporary groups that had agreed to advance and retreat together discussed among themselves.

Lou Xiaoyu could not help but approach Lone Moon. He tugged at his sleeve and said pitifully, "Brother Lone Moon, you must protect me well."

Lone Moon laughed and hugged Lou Xiaoyue's shoulder. "Don't worry, you have me! Even if a myriad sage expert came, he would not be able to hurt you!"

As he said that, he glared at Su Yu.

That's right, Lou Xiaoyu returned to Lone Moon's side. He cursed at Su Yu and obtained Lone Moon's forgiveness.

"Mm, brother Du Yue is the best." Lou Xiaoyu's face was flushed red as she leaned against Du Yue's side.

Su Yu casually glanced at him and expressionlessly followed at the end of the group. As he walked, he pondered.

"Xiaowei, little master, you're thinking of dirty tricks again..." after the little skeleton said that, Su Yu glared at him and immediately changed his words. "Ahem, what I mean is that little master is far-sighted and shrewd."

Su Yu retracted his gaze, but his mood was somewhat heavy.

Such a huge footprint was definitely not something that a heavily injured and dying ten thousand saints expert could step on.

“You should be prepared at all times. If the situation turns bad, we will immediately retreat,” Su Yu transmitted his voice.

...

The little skeleton had also seen the huge footprint, so he naturally knew what was at stake. He nodded seriously, “Yes.”

The group of them followed the old demon immortal and rushed towards their destination through the signal left behind by the Great Grandmaster and the Samsara Man King.

Finally.

A month later.

They arrived at a land of ruins. There was dust everywhere and the land was completely destroyed.

In the atmosphere, there was an energy wave that could destroy the world.

If they were not careful, even a great sage would be killed instantly.

Standing at the periphery of the battlefield, everyone's hearts were tense. Even their breathing was stifled.

Most of them believed that this was the first time they had seen a battle between ten thousand saints. Furthermore, this was not a true ten thousand saints.

It was a heavily injured ten thousand saints and two half-step ten thousand saints.

Gulp —

Looking at such a shocking scene, many people fiercely swallowed a mouthful of saliva.

They couldn't help but doubt whether they alone were qualified to join the hunt?

Not to mention the dying ten thousand saints expert, even the scattered energy all over the ground could easily take their lives.

“Everyone, it’s right in front. Get ready to attack! !”Old immortal mo shouted in a low voice, his expression extremely grave!

She took out a dao artifact to protect herself and carefully walked towards the battlefield.
