

THE DIVINE NINE-DRAGON CAULDRON

Chapter 3131 - 3131 Chapter 3019 was filled with fear

3131 Chapter 3019 was filled with fear

However, the old demonic immortal smiled coldly. “Don’t you think it’s too late to leave? All of you stay behind?”

A malicious intent flowed from the corner of her mouth as she activated the dustless curse.

In an instant, a series of screams rang out.

Four of them fell from the sky and landed on the ninth peak.

Eh?

The old demonic immortal suddenly realized that there were still two people who had not come down.

He looked up and saw that Du Yue had brought Lou Xiaoyu to the horizon.

The former's abdomen was bright and resplendent. Dense sword qi seeped out of her body. Not only did it destroy the dustless curse in her body, it also suppressed the dustless curse in Lou Xiaoyu's body, preventing her from acting up for the time being.

"Oh? No wonder you are asking so many questions. So you are trying to stall for time and remove the dustless curse in your body."The old demonic immortal suddenly understood.

Lone Moon did not escape. Instead, he stayed behind to ask questions to resolve the doubts in his heart.

He did not want to know the truth. All he wanted to do was to stabilize the old fiend immortal and stall for time so that he could secretly remove the dust-free curse.

"You dare lie to me?"The Old Fiend immortal snorted coldly and leaped up, wanting to chase after him.

However, a sudden change occurred.

Just as the Old Fiend Immortal was using his strength, a mysterious divine power descended from the sky above heaven-severing mountain without any warning. It condensed into a corporeal giant foot and ruthlessly stomped down.

The puppet controlled by the Old Devil Immortal was trampled into dust on the spot.

Outside heaven-severing mountain.

The Old Devil Immortal's true body, which was controlling the puppet with its eyes closed, suddenly opened its eyes and spat out a mouthful of black blood. Then, it clutched its chest and let out a shrill cry.

Not only did the giant foot destroy the puppet it was controlling, it also injured its true body.

It was almost destroyed along with her.

The overwhelming Patriarch's eyes revealed a look of fear. "If these powers didn't exist, it would be much easier."

They didn't want to go around in such a big circle and trick a bunch of juniors into opening the array.

There was simply too much danger inside. The Old Devil Immortal was only controlling the puppet, he couldn't use it to attack without permission. Once he exposed his power, he would be instantly killed.

"Patriarch, what about the three survivors?" The Old Devil immortal wiped the black blood from the corner of his mouth and looked ashamed.

The overwhelming patriarch closed his eyes and raised his hands. He slowly pointed at sky-breaking mountain as if he was controlling something from afar.

Inside sky-breaking mountain.

Du Yue was running wildly with Lou Xiaoyu. Just as they were about to rush out of the sky-breaking mountain region, he suddenly noticed Su Yu not far away.

Su Yu, who had already left, was surprisingly staying at the edge of the sky-breaking mountain region and did not step out.

"Why aren't you leaving?" Du Yue's eyes flashed as he asked.

He was also considered a smart person and understood that sky-breaking mountain was the safest place for the time being.

This was because neither the overwhelming patriarch nor the reincarnation king could enter this place. If they left this region, any one of those two could kill them.

However, he knew that this place was safe because he learned this secret from the old demonic immortal.

Su Yu left early, so he shouldn't know this, right?

However, what shocked du Yue was that su yu said calmly, "Sky-breaking mountain is the safest place. I guess that the overcast patriarch, the reincarnation king, and the old demonic immortal can't enter."

If he hadn't confirmed it, Su Yu would have left long ago. Du Yue even suspected that Su Yu had eavesdropped on the old demonic immortal.

"There's no evidence. You're only relying on guesses, right?" Lone Moon said.

Su Yu was expressionless. "Then why did you stop? Why didn't you leave?"

Lone Moon remained silent. He was similarly considering when to leave this place.

Looking at the two of them, Su Yu asked, “That array formation should lead to the sinkhole god Lord’s grave, right? Did the Old Fiend Immortal tell you about this?”

What?

This time, not only lone moon, but even Lou Xiaoyu was shocked. “You know all of it?”

“It seems that my guess is correct.”The shocked expression on her face proved Su Yu’s guess.

Lone Moon’s eyes were filled with disbelief. “You guessed it?”

How could he guess it?

If not for the Old Fiend immortal muttering to himself, he would not have been able to figure out where the array formation led to.

Su Yu nodded lightly. “I’ve guessed this for a long time. Don’t you think that the ecology of heaven-severing mountain is very strange?”

“This place is desolate, but it can give birth to giant poisonous toads and giant pythons. What do they eat and drink?”

Such giant monsters needed to absorb energy in order to grow.

The region of heaven-severing mountain clearly could not support their growth.

The only explanation was that they came from another place!

The moment he saw the teleportation array, Su Yu was certain of their origins. When he saw the seemingly ordinary corpse, Su Yu understood even more clearly where the teleportation array that a ten thousand saints expert had to suppress before he died was.

The answer was obvious – the sinkhole God's main tomb.

That Ten Thousand Saints expert had once been to that place when he was alive!

Hearing this, Lone Moon suddenly felt a chill run down his spine. The gaze he used to look at Su Yu was constantly flickering.

A person was actually able to find out the full picture of the truth just by relying on a few clues?

...

“You... who exactly are you?” Lone Moon’s heart was filled with dread. This was the first time in his life that he was afraid of a person’s intelligence.

Even thousand-year-old demons might not be able to plan everything as thoroughly as Su Yu, right?

“Me?” Su Yu laughed self-deprecatingly. “He’s just a puny ancient sage. There’s no need to mind him.”

Hearing this, the tension in Lone Moon’s heart eased a lot. That’s right. He was just a puny myriad sage expert. So what if he was a little stronger?

However, it was still Lou Xiaoyu who was keenly aware of something. He narrowed his eyes and asked, “Why are you fine?”

His words woke the person in the dream. Lone Moon suddenly realized that he had overlooked an important question.

He took a step back and put some distance between them. He sized Su Yu up from head to toe and was extremely shocked. “Why aren’t you affected by the dustless curse?”

At the last moment just now, the Old Devil Immortal had clearly activated the dustless curse and turned everyone into puppets to silence them.

Why was Su Yu safe and sound?

Su Yu asked indifferently, "Aren't you guys also fine?"

Lone moon shouted, "I used the unique technique of the famous sword villa, so I'm naturally not afraid of the curse. But how can you withstand it?"

...

He was just a puny ancient sage expert.

Su Yu's face was expressionless. "Luck!"

He said it lightly, but it made people feel that it was abnormally mysterious.

This kind of thing could not be explained by luck, right?

However, thinking back, he had indeed just broken through to the ancient Sage realm, and the two of them felt relieved.

How mysterious could a small ancient sage cultivator with no background be?

Du Yue regained his confidence and said, “No matter how we were before, we are now in the same boat. From now on, you will follow us.”

“With my strength, it is more than enough to protect you.”

Su Yu looked at Lou Xiaoyu in his arms and said, “Can you protect two people?”

“Hehe!” Du Yue smiled proudly. “With my ability, how difficult is it for me to protect the two of you?”

However, just as he said that, an obscure force pierced through heaven-breaking mountain and pounced on the three of them. (updated at 7 p.m.)

Chapter 3132 - 3132 Chapter 3,020, curse eruption (first update)

3132 Chapter 3,020, curse eruption (first update)

It was a dark power similar to a curse. It was extremely obscure and difficult to deal with, but it was boundless.

From what they could sense, the power was like a huge net that covered the entire heaven-severing mountain, making it impossible for them to escape.

“It’s the getian Patriarch’s Curse!” Lou Xiaoyu’s face turned pale.

Even the curse of an old demonic immortal could almost kill them, let alone the Getian Patriarch personally casting the curse?

On the other hand, Lone Moon was extremely calm. “Don’t panic. If the overwhelming Patriarch’s power could penetrate through, he wouldn’t have gone to so much trouble to find us juniors to work for him.”

As expected, the seemingly thick curse net enveloped the sky above heaven-severing mountain, but it could not suppress it.

There was a faint invisible force that prevented the power from the outside world from entering.

Seeing this, Lou Xiaoyu heaved a sigh of relief. He looked at Lone Moon with a hint of reliance.

Lone Moon was calm and composed. He said arrogantly, “Hehe, as long as we wait here, we will be invincible.”

“No matter how those two lesser myriad saints threaten us, we will be safe.”

Su Yu pondered for a moment. The power of the saintly being and the power of chaos in his body surged under his skin, forming a protective barrier.

His expression was slightly serious as he reminded them, “The forefather of the canopy great country knows more about the heaven-severing mountain than we do, but he still used the curse to kill us. There must be something fishy about it. Don’t be careless.”

Seeing his nervous expression, Lone Moon did not think much of it and said confidently, “Although you are proficient in a little deduction, you will never be able to escape from basic reality no matter what.”

He looked at the web of curses in the sky with disdain and hugged Lou Xiaoyu in his arms. He laughed heartily and said, “Come on! Old Thing, what can you do to us?”

However, just as he finished his sentence, the thick net of curses began to shrink rapidly, condensing into a twisted face the size of a mountain in the sky above heaven-breaking mountain.

The strange face happened to be above their heads. It stared at them with a resentful gaze and muttered something silently.

Su Yu suddenly felt something in his arms become agitated. He could not help but take out a jade box.

What was left inside was the dustless curse that he had separated from his body.

However, the dustless curse was currently vibrating intensely, and densely packed cracks were appearing.

Threads of black air currents surged out from the dustless curse.

As expected!

This was not the dustless curse at all, but another extremely evil curse.

The black air currents surged out rapidly, turning into a pitch-black ferocious face, exactly the same as the distorted monster face in the sky.

It broke through the jade box and pounced toward Xia Qingchen.

Its speed was so fast that it was hard to guard against.

When Su Yu noticed it, the strange face had already pounced into Su Yu's body.

However, fortunately, Su Yu was on guard. The power of chaos and the power of the saintly being under his skin were impenetrable, blocking the strange face for a moment.

Taking this opportunity, Su Yu drew his sword out of its sheath. The Absolute Heaven Sword flashed past and the curse was shattered.

The so-called curse was ultimately just a force. Its power was reflected in its ability to control people.

But if you couldn't even enter a person's body, how could you be a threat?

"Ah!" Suddenly, Du Yue, who was hugging Lou Xiaoyu tightly, let out a blood-curdling scream without any warning.

Combined with the changes in the dustless curse in Su Yu's Jade Box, one could imagine what had happened in her body.

“Stay away from her!” Su Yu reminded in time.

Du Yue, who was hugging Lou Xiaoyu, had a drastic change in expression. However, it was too late for him to push Lou Xiaoyu away.

A strange black face suddenly rushed out of Lou Xiaoyu’s body and entered du Yue’s body.

“Hiss –” du Yue let out a gasp, and his face instantly turned extremely pale.

On the other hand, most of the curses in Lou Xiaoyu’s body had been transferred to Du Yue, so it was undoubtedly much easier for her.

However, this did not mean that it was over.

The strange face in the sky was still chanting curses. By relying on the connection between the curses, he controlled the curses in their bodies from afar.

Both of them felt that something in their heads was devouring their souls and fighting for control of their bodies.

Lone Moon was still fine. He had the unique skill of the famous sword villa that could counter curses. Threads of Sword Qi crazily destroyed the curses that had invaded his body.

He took back control of his body step by step. As long as he was given time, it would be effortless for him to get rid of the curses in his body.

“Brother Lone Moon, save me quickly.” Lou Xiaoyu did not have the ability to do so. The curses in her body erupted very quickly and were rapidly taking away her consciousness.

As they came into contact, a portion of the curses in Lou Xiaoyu’s body was diverted and surged into Lone Moon’s body.

Du Yue, who had barely managed to stabilize the curse, fell into a huge passive state.

He kicked Lou Xiaoyu away angrily and berated him sternly, “Get lost! Don’t try to harm me!”

Lou Xiaoyu staggered to the ground. As he covered his head and shouted, he pleaded, “Brother Du Yue, you said that you would protect me.”

Whether it was in the past, or just now when he swore that he could protect him and Su Yu, Du Yue had boasted about it.

But now, in the face of real danger, he had kicked him away.

“What does my incompetence have to do with me?” Du Yue said coldly. He would not sacrifice himself for a woman.

Lou Xiaoyu was close to despair. Suddenly, from the corner of her eyes, she caught a glimpse of Su Yu, who was standing safely not far away. It was as if she had grabbed the last straw to save her life. “Yin Yu, come and save me quickly.”

Her tone was as if Su Yu was supposed to save her.

Even if Su Yu could remove the curse in an outsider’s body, why would he save her?

What did he owe Lou Xiaoyu?

...

“I can’t help you if I want to,” Su Yu said briefly.

If it were him in the past, he would probably be eager to save her. However, after experiencing so many changes in the world, his heart had become cold.

“Come here quickly!” Lou Xiaoyu yelled shrilly.

She was not asking Su Yu to save her at all. Instead, she was giving him an order.

Even now, in her mind, Su Yu was still an ant who had just advanced to ancient sage. What was wrong with asking him to come over and divert some of the curse?

He was looking up to Su Yu!

Su Yu was unmoved. He even silently retreated a little. If Lou Xiaoyu were to change her tone, he might still be able to help ease the eruption of the curse.

But now, it seemed that there was no need.

“Ah! Why didn’t you save me?” Lou Xiaoyu was in pain, and she actually vented all her hatred on Su Yu.

She got up angrily and roared as she pounced on Su Yu, trying to force Su Yu to share some of the curse.

Su Yu's eyes revealed a cold light. Before he got close, he struck with his scabbard, sending him flying and spitting out blood. He fell heavily to the ground.

...

"This is baffling!" Su Yu said coldly.

The one who betrayed her was du Yue, not Su Yu. He was not angry at du Yue, but he was angry at Su Yu.

You think he's easier to bully, don't you?

Lou Xiaoyu's soul was already injured, and she had suffered a heavy blow. Finally, she could not take it anymore, and her consciousness was completely invaded.

Her eyes rolled, and she became abnormally dull. She was successfully controlled.

Then, the corner of Lou Xiaoyu's mouth split open, and he let out a strange smile that sent chills down people's spines.

Then, with a scream, his body exploded, and a huge black air current rushed out. It was like a volcanic eruption, blotting out the sky.

The huge air current was like a mountain pressing down on the two of them!

Chapter 3133 - 3133 Chapter 3021, nine-fingered demonic palm

3133 Chapter 3021, nine-fingered demonic palm

Most of them were aimed at Su Yu, and there was a deep resentment in the air currents.

Although Lou Xiaoyu's body exploded, her mental strength was not destroyed. She controlled the curse to try to devour Su Yu and Du Yue.

Du Yue's expression changed drastically. Such a huge curse, even his secret arts could not completely block it.

Su Yu muttered softly, "Crazy Woman!"

She did not provoke her, yet she still came to find trouble with Su Yu even after she was dead. It was as if Su Yu owed her.

“Get lost! If you continue to act recklessly, I will destroy your body and soul!” Su Yu shouted coldly.

At this moment, Lou Xiaoyu still had the chance to rebuild her body before her soul was destroyed. However, if she continued to act recklessly, then don't blame Su Yu.

“It's You! It's all your fault!” The huge airflow condensed into Lou Xiaoyu's face that was filled with hatred. Her pair of empty eyes stared straight at Su Yu.

Boom —

As she said that, a huge face pressed down at the same time.

Su Yu's eyes revealed a cold glint. “You don't know what's good for you!”

The heaven-defying sword responded and unsheathed, turning into a streak of light that pierced through the airflow.

A mournful roar could be heard. Lou Xiaoyu's soul was severely injured, but not only did she not stop, she even activated her vicious aura. "I want you to die! Ah!"

As she screamed, the huge human face pounced down.

Su Yu recalled the heaven-defying sword. As he slowly retreated, he took out an ordinary-looking broken palm.

Staring at the resentful Lou Xiaoyu, Su Yu said calmly, "In the next life, Keep Your Eyes Open. Don't follow the wrong person, and don't provoke the wrong person."

As he finished his words, he pinched his arm and lightly slapped at the huge human face.

No power erupted, and not even the slightest bit of power leaked out.

However, the majestic human face was smashed into ashes, and Lou Xiaoyu's soul shrieked like a broken cliff.

The whole sky returned to normal.

No, even the outer barrier of the Broken Sky Mountain had a deep palm print, and it was about to break.

As the air flow dispersed, a faint, obscure, blood-red light that was only as thick as a strand of hair quietly slipped out of the barrier.

Su Yu's eyes were sharp. He stared at it and snorted. "You want to leave?"

He waved his hand again. The blood-red thread was extremely stubborn. Only a few cracks appeared on its body, but it still stubbornly twisted and escaped.

Su Yu was slightly surprised. This broken palm wasn't something else, but the arm of the ten thousand saints stored by the saint puppet clan.

With a swing, it had an unrivaled power, more than enough to kill some evil creatures.

He did not expect that the seemingly weak blood thread could withstand one blow and not die.

Thinking of this, Su Yu could not let it go, so he swung his arm several times.

The blood thread weakened each time. Finally, when it could no longer withstand it, it finally exploded with a puff, turning into a cloud of blood mist and evaporating completely.

Outside heaven-severing mountain.

The gushing sky patriarch kept his eyes closed, his finger pointing at heaven-severing mountain.

Suddenly, his old eyes opened abruptly. One of his fingers snapped, and he spat out a mouthful of colorful blood.

“Patriarch!” The old demonic immortal hurried forward to support the tottering patriarch and said in panic, “Patriarch, are you okay?”

The overwhelming elder stabilized his body and wiped the blood from the corner of his mouth with a sinister look in his eyes. “I underestimated that human. He was actually able to destroy my heart demon blood curse.”

Hearing this, the old demonic immortal’s pupils constricted.

The Heart Demon Blood Curse was one of the top-tier curses that only the elder ancestor could cast. It was more than three times stronger than the dustless curse.

Even a peak great sage of the same level would not be able to escape death from the heart demon blood curse.

How did Su Yu, a junior who had just broken through to the ancient Sage realm, do it?

The eyes of the reincarnated human king lit up with interest. “Oh? So this saintly being of our race is so well-hidden?”

A cold light flashed in his eyes.

The current situation was a competition between all races.

It was even more so for the human race!

There was a legend that at the end of the path to heaven, Ren Zu left an inheritance for the human race.

Only the strongest human could reach the end of the heavenly path, obtain that legacy, and become the new Ren Zu.

One more powerful enemy meant one less chance.

The cold light in the eyes of the reincarnation lord was self-evident.

“Who cares if he’s hiding deep or not.”The overwhelming patriarch was obviously ready to kill. “Let’s see how long he can hide!”

In their eyes, a rare scene was reflected!

The nine peaks of heaven-breaking mountain, which had never changed since ancient times, slowly rose up from the ground!

Five straight and sharp peaks continued to extend toward the end of the sky.

Under the ground, a huge black object also rose up from the ground.

For a moment, the sky and the Earth became dark.

The power from all directions swept toward heaven-breaking mountain. The dark clouds in the sky somehow refracted a strange blood-red color.

The mountains and rivers in a radius of billions of miles were quickly covered by a blood-red light.

...

With this as the background, it was the entire black heaven-breaking mountain.

At a glance, that wasn't a mountain!

It was a nine-fingered demonic palm!

Its fingers were exposed all year round, and the demonic palm was hidden beneath the heavens and earth. Only when the formation was activated did the demonic palm appear from the ground.

No one knew what kind of demonic palm it was and what level it was.

The only thing they knew was that even someone as powerful as the overwhelming patriarch and the reincarnation king, who were known as the lesser ten thousand saints, couldn't even enter the range of the demonic palm.

If they forced themselves, they would be burned to death.

The three of them sucked in a breath of cold air as they watched the sky-high devil palm appear!

What made their scalps tingle even more was that the devil palm... moved!

Nine straight fingers slowly bent and formed into fists!

Everything around the Devil Palm was slowly clenched into fists until it exploded!

...

Even the air currents that were attracted to it exploded, creating shocking sparks.

On the ninth peak, the giant python that was chasing them was crushed into a bloody mist before it could leave the mountain.

The Rocks, creatures, and ancient trees that were attached to the peak were crushed into pieces.

In fact, many places were crushed into nothingness!

Su Yu and Du Yue were either crushed into nothingness, or they charged out of the range of the devil palm and were killed by the overgod patriarch and the reincarnator King.

They had no way out!

Su Yu's expression was grim, but he did not panic. He immediately leaped to Xiu Mingyuan's side.

The formation in front of him was at the final moment.

"It's Done!" Xiu Mingyuan exclaimed in surprise. Looking at the demonic finger pressing down, his expression changed drastically. "Quick, let's Go!"

The two of them immediately jumped onto the formation and poured their strength into it.

Xiu Mingyuan's strength was limited, and Su Yu was only an ancient sage.

By the time they activated the formation, they would have already been crushed to death by the demonic palm!

Without any hesitation, he took out the ten thousand sage severed palm and smacked it onto the formation.

The might contained within the severed palm was a hundred times stronger than the two of them.

The formation was immediately activated, and a brilliant radiance burst forth from it, swiftly engulfing the two of them!

“Bring Me along!” Lone Moon heard the sound and came over, leaping over.

Xiu Mingyuan’s expression changed, and he berated, “Don’t come over! !”

The array was only designed to accommodate two people, and it was impossible for it to accommodate a third person.

If a third person forcefully entered, the array would automatically expel one person.

The person who was expelled was random!

It could be Lone Moon who came in last, Xiu Mingyuan, or even Su Yu.

Chapter 3134 - 3134 Chapter 3,022, the path of life

3134 Chapter 3,022, the path of life

Lone Moon viewed the array formation as a life-saving straw, so how could he give up?

He gritted his teeth and jumped onto the array formation!

The instant he jumped onto the array formation, as expected, the stable array formation immediately underwent drastic changes.

First, the white light from the teleportation began to flicker rapidly. Then, the array formation itself began to tremble violently, causing the space to become chaotic.

“Get down! The array can’t take it!” Xiu Mingyuan was both shocked and angry. However, he didn’t dare to use force in the process of teleportation to avoid more serious consequences.

How could du Yue give up? He pulled out his sword and stabbed it into the ground. He refused to leave the array. "If you want to leave, leave. I haven't lived long enough!"

The changes in the array became more and more intense. Xiu Mingyuan, Du Yue, and Su Yu suddenly felt that the world was spinning. They couldn't stand steadily as if they were going to be thrown out at any moment.

Su Yu also had a bad feeling. His eyes were filled with coldness as he stared at du Yue.

This person was annoying from the start.

When there was nothing to do, his nostrils were facing the sky. When there was something to do, he would hide faster than anyone else!

Su Yu would not spoil his bad habit!

"Scram!" Xiu Mingyuan did not dare to make a move on his own in the array formation, but Su Yu might not.

One had to know that Su Yu did not only master physical attacks, but also the ancestral technique of the Soul Saint Clan. He had cultivated the soul secret technique to the extreme.

His eyes suddenly spat out a grayish-white pillar of soul light and pierced into Du Yue's head.

His soul was so strong that after the fusion of the first ancestor of the Soul Saint tribe, it had already evolved to the ten thousand saints level.

The soul attacks that he used were very difficult for other people to withstand, except for top-tier great saints like the Grandmaster of the heavens and the Samsara grandmaster.

Du Yue was said to be in the late-stage of the Great Sage realm, but he was very weak. How could he withstand the soul attack?

Ah —

A shrill scream was heard. Du Yue, who insisted on staying, immediately hugged his head and screamed in pain. His soul was severely injured.

If one could see through his body, one would realize that Du Yue's soul had already been split into two!

Death was only a matter of time.

As for Su Yu's soul attack, it was on the level of the soul. It would not cause any harm to the array formation.

"My famous sword Saint Clan will not let you off..." Lone Moon knew that he was going to die, so he gritted his teeth and cursed.

Su Yu was expressionless and said calmly, "This sentence can be said to anyone, but it might not apply to me."

"Because, your famous sword Saint Clan was destroyed by me!" Su Yu said indifferently.

Hearing this, Du Yue's pupils contracted.

The famed sword Saint clan used to be at the peak of their power. However, ever since they refined the heaven-destroying sword, a mysterious guest came to cause trouble, causing the heaven-destroying sword to be lost and several elders of the clan to die.

The entire mansion that the famed sword Saint Clan had built for several eras was even burnt to ashes by the fire of calamity.

This did not stop there. The famed sword Saint Clan deceived many great saints and spread the news of their blood sacrifice to the heaven-destroying sword. This caused a huge uproar.

The few great saint clans that were sacrificed in blood were ganging up on the famous sword Saint Clan.

The other clans also maintained a relationship with the famous sword Saint Clan because of this.

After all, they dared to sacrifice a great saint in blood. Who would dare to deal with them?

Right now, they were in a complete decline.

All of this was because of the mysterious person who stole the heavenly sword.

“You’re the one who snatched the heavenly sword away?” Although du Yue was in the human alliance and not in the family, hearing the message from the elders of the family, he was also filled with hatred.

He wanted nothing more than to tear the other party into pieces!

“Yes!” Su Yu said calmly. Two materialized soul light columns condensed in his eyes again and pierced deeply into Du Yue’s head. “So, don’t worry, go. Your family members will go down to accompany you soon.”

The two soul attacks completely destroyed Du Yue's soul.

His eyes were still filled with resentment and hatred, and he lost his breath.

In fact, he had no intention to argue with a junior of the famous sword Saint Clan. He had never had any intention to kill him.

Instead, it was the other party who had recklessly clashed repeatedly. Now, he was trying to interfere with life and death.

Since that was the case, then don't blame Su Yu for being merciless!

Xiu Mingyuan was shocked by Su Yu's soul secret technique. A powerful expert at the late stage of the Great Sage realm was actually killed by a soul attack.

It was the legendary Soul Saint Clan. Only some old monsters at the level of an ancestor could do this, right?

Su Yu was so young. How did he do it?

In Xiu Mingyuan's eyes, Su Yu was simply covered in mystery. He had not seen through it at all until now.

However, his reaction was still very quick. Without saying a word, he stepped forward and kicked du Yue's corpse away.

The moment his corpse was left in the array, the array tacitly acknowledged that it was three people.

Bang —

Du Yue's corpse was thrown high into the air, but at this moment, a sudden change occurred.

The array shook violently for the first time. Xiu Mingyuan and Su Yu felt that the world was spinning and heaven and earth were turning upside down!

Su Yu's body swayed and he found it difficult to stabilize himself.

When his vision changed and his feet stabilized on the ground, he realized that he was actually stabbed into the ground.

What caught his eyes were the nine devil fingers that were clenched tightly and the rapidly disappearing formation!

...

He was thrown out! !

The formation randomly threw Su Yu out of the formation! !

Not Good!

Su Yu did not dare to hesitate. Seeing that the formation was about to disappear, he immediately used a spatial secret art and tried to teleport into the formation.

However, the Jing clan's Escape Art Formation had the advantage of being able to teleport far away, and it was extremely fast!

Su Yu looked at the teleportation over, and the formation had already stopped operating. The ball of white light on it had disappeared without a trace, leaving only the formation flags and materials on the ground.

Although he could still activate it once more, was there still time?

The nine devil fingers came crushing down, destroying the entire sky-breaking mountain region into nothingness.

He could no longer stay here, unless he wanted to perish together with sky-breaking mountain.

However, the great grandmaster and the reincarnator King must have been waiting for him to come out.

If it was just one of them, Su Yu could still use the blue heart iron puppet to fight.

...

But there were two of them, so it was almost impossible for him to fight back.

Between the dilemma of advancing and retreating, Su Yu's mind was full of thoughts, and all kinds of possibilities were rapidly spinning in his mind.

All kinds of possible situations and all kinds of possible hopes for survival appeared clearly in his mind like a spider web.

With his ability to calculate, he was now able to see through the entire situation in an instant.

Suddenly, he found a chance to live.

His gaze changed abruptly and shot towards the ninth peak. No, it was the tip of the ninth devil finger.

The reason why the nine-fingered devil palm appeared was because Lou Xiaoyu had unintentionally punished the formation and it had begun to operate.

And that place, according to Su Yu's speculation, was most likely the tomb of the legendary sinkhole monarch.

The danger there was not to be underestimated.

Even the ten thousand saints were heavily injured when they returned from that place. As a result, they were bullied and chased by the two half-step ten thousand saints, the sky-covering patriarch and the Samsara Man King. In the end, they died tragically.

Chapter 3135 - 3135 Chapter 3023, Ninth Domain

3135 Chapter 3023, Ninth Domain

With Su Yu's cultivation level, he would most likely die if he barged into the ruin Lord's tomb.

However, he would most likely die if he left, but he would most likely die if he stayed!

Therefore, Su Yu made a decisive decision. He immediately rushed to the rotating array formation and jumped into it before the devil finger crushed him.

The spatial power that surged out of the array formation was extremely powerful. It teleported Su Yu away in a short moment.

In terms of speed, it was much faster than Xiu Mingyuan's unique escape technique formation.

Rumble —

The nine devil fingers also tightened completely at this moment, crushing the so-called heaven-severing mountain area into ruins.

Smoke and dust rose up, covering the sky and covering the sun, filling the land of the nine prefectures.

The sky-covering patriarch and the reincarnation king on the outside faced the overwhelming smoke and dust, but they did not dare to open their eyes.

They squinted their eyes to find out if Su Yu would come out.

However, even after the dust settled and the sky became clear, Su Yu was still nowhere to be seen.

The two looked at each other and immediately entered the ruins.

At this moment, the nine-fingered demon palm had been completely stomped. It had lost its vitality and couldn't move anymore.

Even its pressure had been lost, so that the sky-covering patriarch and the Samsara King could enter it without worrying about being destroyed.

The two searched the ruins for a while before they met again.

“Have you found him?” Samsara king was very concerned. Such a powerful member of his race was definitely a huge threat to him.

Gaia grandmaster returned with half of his body and threw it on the ground. “I only found him.”

It was Lone Moon.

When his body was thrown out, it happened to be at the moment when the formation was activated, so it was cut in half by the formation.

“Apart from that, there is also a very mysterious teleportation array,” said forefather omnipresent in a deep voice. “If I’m not wrong, the other party has already left the range of my curse.”

Hearing this, the reincarnator king frowned. “Where did he come from and why is he here?”

He was worried.

“Forget it. Since he has already escaped, we can only seize the time and go to the tomb of sinkhole monarch to see if we can find anything before he leaks the news.”

“In that case, there will be no harm in your journey to Heaven.”

The reincarnator King looked around and sighed unwillingly, “That’s all we can do.”

Their ultimate goal was to enter the earthly tomb and look for opportunities.

Chasing after Su Yu was just a small detail.

The two came before the ninth finger’s array formation. Although the demonic finger had lost its vitality, the array formation was already fully activated and a rich light circulated on it.

The two of them looked at each other, then took a deep breath and jumped into it.

At the same time.

In an extremely distant place, a spatial fluctuation appeared without any warning.

Xiu Mingyuan fell out from within, and along with him was du Yue's half corpse.

Plop —

Xiu Mingyuan's body was limp and powerless, and he didn't even have the strength to stand up.

However, when he noticed that the person who had fallen along with the weapon wasn't Su Yu, but du Yue's half corpse, his expression became gloomy.

He stood quietly on the spot and sighed deeply. "The heavens envy the talented."

A mysterious young expert had died tragically on heaven-severing mountain.

When he thought about how powerful Su Yu was, he felt even more regretful.

After lamenting for a long time, Xiu Mingyuan observed the surrounding environment and discovered that this place was an extremely strange zone.

The fourth area of the sky was filled with strange eight-colored colors. Each color represented a domain.

Moreover, each domain had traces of an ancestral technique!

“This... This is an ancestral technique from one of the eight domains?”Xiu Mingyuan gasped.

He finally understood why there was such a violent jolt in the process of his teleportation, which made him exhausted and tired.

It turned out that a spatial domain was affecting his teleportation!

He found it hard to believe that the ancestral techniques from any of the eight domains were in the hands of the eight great saint clans.

Some of them had even been lost, and even they themselves were unable to master them.

But before his eyes were the ancestral techniques of the eight great domains, all of which had been unleashed here.

However, after so many years of experience, Xiu Mingyuan was extremely vigilant and instinctively sensed danger.

It was impossible for the ancestral techniques of the eight great domains to appear here for no reason.

It was better for him to leave early.

With this thought in his heart, he took a step forward like an arrow leaving the bow.

However, after taking a few steps forward, he casually glanced at a deep pit and couldn't help but feel his scalp go numb!

He saw that the deep pit was densely packed with corpses.

Moreover, every single one of them was the corpse of an expert.

...

At the very least, they were at the great sage level.

In fact, Xiu Mingyuan could even sense an aura that made his heart skip a beat.

It was a corpse that looked like a Rockman. Its body was covered in mottled wounds, but it had already lost its life.

“Ten... Ten Thousand Saints! !”Xiu Mingyuan sucked in a breath of cold air.

How could there be so many corpses of experts here, and even ten thousand saints.

The most incredible thing was that those corpses were all fresh and had just died!

Xiu Mingyuan’s scalp went numb. He felt that there were countless blood-sucking bugs all over his body, causing goosebumps to form on his skin.

Deep fear grew in his heart!

How could he dare to hesitate? He immediately ran outside.

But what made him feel despair was that the ancestral spells of the eight great domains were actually unable to leave the sealed area.

No matter how he attacked, those domain ancestral spells remained unmoved.

...

He was like a rabbit that had fallen into a trap. He could only wait for the arrival of bad luck.

Bad Luck did not delay for too long.

Just as Xiu Mingyuan was thinking of a way to escape, a playful and greedy voice fell into his ears.

“Another one has fallen into the net. Unfortunately, he’s too weak and can only be stuffed between his teeth.”

Xiu Mingyuan’s entire body trembled. He looked up and his pupils contracted rapidly.

Above his head, a nine-colored dragon was poking out half of its head from outside the domain.

A pair of greedy eyes were sizing up Xiu Mingyuan, full of greed.

Xiu Mingyuan's entire body trembled. "You... You Are..."

He had never seen such a strange thing in his life.

It was said to be a living creature, but it lacked the vitality of a living creature.

It was said to be a puppet, but it had the intelligence of a living creature.

It was said to be energy, but it was like a living creature.

"I... Hehe..."the nine-colored dragon's enormous body slowly crawled over from the outside world.

Its body was abnormally huge, at least 30,000 feet long!

However, its body was covered in scars, and there were black scars everywhere.

The injuries on its neck were especially serious, almost cutting its neck in half.

“I don’t have a name.”The nine-colored dragon floated in the air and looked down at Xiu Mingyuan. Its bloody mouth slowly opened, “But, I was once a domain!”

It was none other than the ninth domain that had escaped after being injured!

Just as Su Yu had guessed, it had been hiding itself and secretly strengthening itself.

For this reason, it did not hesitate to hunt down experts from all over the place.

The eight domains in front of it were a trap that it had set up, intercepting all the passing experts and then surrounding them to kill them.

Perhaps it was because its mouth was wide open, causing pain to its injuries, the ninth domain grimaced in pain. From the corner of its eyes, it glanced at the ten thousand saints’corpse in the deep pit.

“I almost lost my life to eat this guy,” domain nine muttered.

– I recommend my friend’s new book, the wrath of the Holy Universe. It’s hot-blooded fantasy. It’s worth a look. Those who like to vote, leave a message.

Chapter 3136 - 3136 Chapter 3024, enslavement runes

3136 Chapter 3024, enslavement runes

Upon hearing this, Xiu Mingyuan sucked in a breath of cold air.

The thing in front of him was actually able to eat even a ten thousand sage expert!

Just what kind of existence was it!

“Enough, you should also accept your fate. Obediently let me eat it, and you can still be satisfied.”The ninth domain once again opened its huge mouth and bit down without saying a word.

However, just as it was about to bite Xiu Mingyuan, the huge head suddenly stopped and stopped above Xiu Mingyuan’s head. It sniffed with all its strength.

This sniff almost sucked him into its nostrils.

“What a familiar smell!”The ninth territory’s huge eyes narrowed slowly.

It stared at Xiu Mingyuan, causing the latter to have goosebumps all over his body. Cold sweat kept flowing down his body, and his body was extremely stiff. He did not dare to move at all.

He was afraid that if he moved, the other party’s dragon mouth would bite down.

“You... have you seen a person called Su Yu?”The ninth territory’s eyes narrowed into slits.

It was filled with deep greed.

Su Yu?

Xiu Mingyuan shook his head. “No, no, I’ve never heard of this person.”

“Are you lying to me?”The ninth territory’s head hung down. Its huge mouth was filled with a fishy smell. It breathed out hot air, blowing Xiu Mingyuan to the side.

“Senior, this junior really doesn’t know Su Yu.”Xiu Mingyuan said, “I wonder what the Su Yu you mentioned looks like.”

The ninth domain was sure that Xiu Mingyuan did not seem to be lying.

It raised its head and looked into the distance. It snorted, “Few people know what he looks like. However, he is an existence like me who has mastered the eight domains.”

However, the ninth domain had mastered the pinnacle of domains – the ancestral technique.

Su Yu had only mastered the soul ancestral technique.

Upon hearing this, Xiu Mingyuan was shocked, “Senior, are you talking about Silver Feather?”

He had seen with his own eyes that silver feather had used the soul ancestral technique to easily destroy Lone Moon.

“Silver feather should be his alias.”The Dragon Eyes of the ninth domain opened. There were traces of excitement in them, “I didn’t expect that he was still alive.”

“How is his current strength?”The ninth domain suddenly asked.

Xiu Mingyuan thought for a moment and shook his head. “I’m not sure about the specifics, but I’ve seen with my own eyes that an expert at the late-stage of the Great Sage realm was killed by his soul ancestor technique.”

“Hahahaha...”

The ninth domain suddenly raised its head and laughed loudly. “I’ve underestimated this human. His strength has actually skyrocketed!”

The ninth domain wasn’t the only one whose strength had also skyrocketed. Su Yu, who also came from an eight-star civilization, was also there.

While laughing, the long tail of the ninth domain swept fiercely, wiping out all the domains nearby.

“How can I cultivate him by myself?”The huge dragon eyes of the ninth domain were filled with a profound light.

After devouring for the past few years, it gradually discovered that it wanted to break through the limit of its domain and cultivate the legendary absolute beginning power, becoming one of the thirteen supreme beings of the world.

There was a limit to just relying on devouring experts.

Devouring would only make its territory purer. However, once it reached a certain limit, it would be hard to change.

For example, it spent a lot of effort and risked its life to eat that ten thousand saints.

But what was the result?

It almost lost its life, but its territory didn't gain anything.

After thinking for a few months, it gradually understood that devouring power was useless if it wanted to become a supreme territory.

He wanted to devour a domain!

A domain that was the same as his!

Only when two extremely powerful domains fused together could the absolute beginning force be born.

Currently, because it had stolen the remnant marks on the sinkhole divine monument, its domain was extremely powerful.

It needed another creature that had the same eight great ancestral techniques.

“Kid, I won’t kill you. But as the price of saving your life, you must listen to my orders from now on,” threatened the ninth domain.

Xiu Mingyuan was overjoyed. How would he dare to disobey?

“I’m willing to follow Senior’s lead.”

The ninth domain looked up at the sky and laughed. “Do you know where the spatial saint clan is?”

“Yes.”

“Then use your escape art and bring me there!”The ninth domain said.

Xiu Mingyuan was startled and probed, “Senior, are you going to visit them?”

The ninth domain smiled. His smile was filled with cruelty. “Yes! Go ask them for something.”

—

Speaking of which, Su Yu.

After experiencing the teleportation, he felt dizzy and Dizzy.

It felt as if he had been teleported for an entire day and night!

Dong —

...

With a muffled sound, Su Yu finally landed on the ground. His body smashed into an extremely solid boulder, creating a deep pit on the surface of the rock.

“Hiss!” Su Yu took a light breath and endured the discomfort in his body. He got up instinctively and observed his surroundings.

He would never forget that he had been transported to the extremely dangerous tomb of the sinkhole Emperor Lord.

Even the most ordinary plants here could kill him in an invisible manner.

However, when he fixed his eyes on it, Su Yu could not help but be stunned.

He was surrounded by people all around him!

They all stared at Su Yu with dumbfounded eyes.

Su Yu looked around and found that he was on top of an ancient altar. There were strange runes around his body that had a huge amount of energy.

In a split second, Su Yu understood that his teleportation had intersected with the nearby teleportation.

He was supposed to be teleported to the tomb of the sinkhole emperor, but he was summoned by the altar.

Su Yu heaved a sigh of relief.

...

It would be best if he did not go to such a dangerous place like the tomb of Emperor sinkhole.

It seemed that his luck was not bad. He thought that he had narrowly escaped death, but now, not only did he leave the Broken Heaven Mountain region, but he also avoided the tomb.

It was a little regretful that he did not get a glimpse of the tomb of Emperor sinkhole.

As the owner of the sinkhole divine monument, Su Yu wanted to search for the answer to Emperor Sinkhole's departure from the tomb.

"Ahem, everyone, excuse me." Facing everyone who was staring at him, Su Yu's priority was to leave first.

“Wah! Woo Woo Woo...”

Suddenly, a 14-year-old girl in a red dress in the crowd burst into tears.

She touched her tears with both hands and burst into tears with grievance.

“How can I be so unlucky! Woo Woo Woo...”the girl cried even more sadly. “Great-grandfather’s 100 years of accumulation of the absolute beginning stones have all been wasted. How am I going to report back? Woo Woo Woo Woo...”

Su Yu was startled. What was he crying for?

But he didn’t care!

He cupped his fists in all directions and quickly walked down the altar.

Unexpectedly, just as he stepped out of the range of the runes, those runes actually came to life.

They peeled off from the ground and floated in mid-air. They connected with each other head and tail, forming a circle. Then, they suddenly wrapped around Su Yu's neck.

Su Yu immediately felt his neck tighten. At the same time, something was embedded in his soul, restraining it tightly.

"This is a slavery rune?" Su Yu recognized it at the first moment and couldn't help but twitch his lips.

There were strong and weak slavery runes.

The slavery rune in front of him should be one of the more powerful ones.

It wouldn't be a problem to enslave a late-stage great sage expert.

Chapter 3137 - 3137 Chapter 3025, the unexpected

3137 Chapter 3025, the unexpected

Of course, it was useless to Su Yu.

His current soul contained a trace of a ten thousand saints soul. This rune was far from enough to enslave him.

With this thought in mind, Su Yu casually grabbed the rune on his neck. He wanted to casually tear it off and quickly leave them.

However, Su Yu suddenly noticed a familiar figure behind the crowd.

Her body trembled and she froze on the spot, her eyes filled with disbelief.

Behind the crowd, the people nearby were discussing noisily. However, only a young lady with an elegant and graceful figure in a black gauze dress was sitting on a Stone Mountain quietly reading a book.

Her expression was serene, as if she was isolated from the noisy world.

Her breathtakingly beautiful facial features were like night pearls in the dark altar environment, releasing a fatal attraction.

In Su Yu's entire life, he had only seen one person with such a devastatingly beautiful face.

That was Xia Jingyu.

Su Yu simply could not believe that his unintentional teleportation would appear in front of Xia Jingyu.

The last time they met was when Su Yu had just arrived at the nine-star civilization.

He did not expect that they would meet again.

“Speak, who are you? Why are you disrupting our training?” Beside the weeping girl, a burly young man berated.

His cultivation was at the middle stage of the Great Sage realm. He did not conceal his strength and forced his way over.

Training?

Su Yu looked at them and then at Xia Jingyu, who was reading quietly.

The palm that was holding the rune was lowered after a moment of hesitation. He cupped his fists and said, "I'm sorry. I didn't mean to disturb you."

He pointed at the rune on his neck and said, "Can I trouble you to unlock the Slavery Rune?"

The burly young man saw that Su Yu was easy to talk to, so he became even more overbearing. "Unlock your grandmother! Where did you take Miss Song's Protective Beast? Tell me!"

Amulet?

It should have been some kind of beast that was supposed to be teleported to the altar.

Now, it should have replaced Su Yu and been teleported to the tomb of the sinkhole monarch.

There was a high probability that it had been eaten by the fierce creature in the tomb..

Su Yu touched his nose. "This is a misunderstanding. I'm also in the middle of teleportation. How could I have been teleported to this place by such a coincidence? I hope everyone will not take offense."

“How about this? I’m willing to compensate miss song, how about it?”

He still had quite a few good things on him.

For example, the Blue Heart Iron. Any one of them should be much more expensive than some protective beast.

“Compensate? What are you going to compensate me with?” Seeing this, the burly youth’s tone became a little better.

At the same time, he winked at the little girl.

He meant that since things had already come to this, it was useless to be sad. It was better to ask for some practical benefits.

“I am not talented. I have some resources in my hands that might be of help to you.” Su Yu thought of giving the girl a blue heart iron.

However, the weeping girl was unusually persistent. “I don’t want resources. I only want my amulet beast. Give me back my amulet beast, sob SOB SOB...”

The muscles at the corner of Su Yu’s mouth twitched slightly.

He was a patient person, but he was an exception for unreasonable people.

Where could he transform into another guardian beast? Could it be that he had gone to the sinkhole's tomb to retrieve it?

If it were not for Xia Jingyu, he would have left long ago if he did not want to fall out with the group of people in front of him.

"I can't transform back into a guardian beast. If you want anything, just say the word." Su Yu held back his temper.

However, the girl only knew how to cry. She did not know how to solve the problem.

The nearby youths also gradually became impatient.

"What the hell? What should we do? Hurry up and tell us. This will delay all of our efforts."

"That's right, we have to summon our amulet ourselves!"

In the midst of urging, the burly man also became anxious. He looked at the crying girl, then looked at Su Yu, and comforted her, “Miss Song, why don’t you let this person be your amulet?”

“He pushed away your guardian beast and was enslaved by the enslavement runes. Maybe it’s the will of the heavens.”

The crying girl stole a glance at Su Yu. Feeling the urging of the people nearby, she could only hold back her tears and said resentfully, “This... alright.”

She bit her red lips tightly, looking especially aggrieved.

The burly man let out a sigh of relief and glared at Su Yu, “You heard it? Why aren’t you here to greet master?”

Su Yu was furious. Did he think of him as a protective beast?

He was about to tear off the rune when he suddenly raised his head as if he had noticed something. He happened to meet Xia Jingyu’s gaze.

Xia Jingyu had unknowingly raised her head and was quietly watching Su Yu.

There was a trace of contemplation in her eyes as if she was suspecting something.

Seeing this, Su Yu withdrew his hand without batting an eyelid. He walked down the altar and came in front of the little girl.

“Alright, if you don’t mind, I’ll protect you for a period of time to train.” Su Yu cupped his fists and looked very polite.

Miss Song was obviously still angry. She glared at Su Yu with hidden bitterness. “You have to call me master!”

...

Her hands were placed on her waist. Her eyes were bulging and her black and white pupils were wide open.

At first glance, she looked like a dancing peacock.

Su Yu could not help but chuckle. She bowed and cupped her fists. “Yes, yes, Young Master.”

“It’s master, not young master. Who asked you to add Words?”Miss Xiao song stomped her feet.

Su Yu changed her words. With a stern face, she replied, “Yes, Master.”

“That’s more like it. Humph!”Miss Xiao song rubbed her nose and sized Su Yu up. “What cultivation level and race are you from?”

Su Yu answered everything he knew.

“Just like master, humans have a cultivation level of ancient sage primary stage.”

Speaking of which, Su Yu suddenly realized that most of the people who came were humans. Only a small number of them were from other races like Xia Jingyu.

“AH? Ancient Sage Primary Stage? You Aren’t lying to me?”Xiao song was so shocked that her jaw nearly fell off. “Release your cultivation level and let me see.”

Su Yu honestly released his cultivation of ancient sage primary stage.

...

At the same time, he asked, “How is it? I’m Alright, right? I’m already at ancient sage primary stage.”

Xiao song’s face had already turned livid. Her eyes, which had just been wiped dry, were now filled with tears once more.

After brewing for a moment, she finally burst into tears. “Ahhhh! Why is my life so miserable? Ahhhh...”

For a moment, the burly young man could not find any words to console Su Yu.

He could not help but blame Su Yu. “Tell me, why are you so weak? You are only at ancient sage primary stage. ptui! You Can’t even catch up to miss song! She is an innate ancient sage!”

HMM?

The speaker did not mean what he said, but the listener did.

Su Yu’s heart skipped a beat.

Innate ancient sage primary stage?

What kind of constitution was this? Even a child born to a myriad sage expert might not be able to become an ancient sage?

It turned out that the unremarkable young lady before him had a powerful background.

“Sigh, then release the enslavement runes and let me go. I don’t want to drag master down,” Su Yu said with a sigh.

“No!”

Young Lady Xiao Song raised her head abruptly and said stubbornly, “I... I’ll turn you into an expert! Sit Down!”

Oh?

She wants to do, help Su Yu raise the cultivation?

Chapter 3138 - 3138 Chapter 3,026, divine blood of Taotie

3138 Chapter 3,026, divine blood of Taotie

“Sit down quickly.”As Miss Song urged him, she took out a broken vat.

It had an ancient appearance and was covered in mud. It was even stained with some ancient blood.

If it had been thrown outside, no one would have looked at it.

However, there were two words on the vat that made Su Yu unable to shift his eyes away.

“Sinkhole...”after the two words, there was another half of the word “Palace.”.

Miss song placed it in front of Su Yu and snorted with some heartache, “You’re really lucky! Let me tell you, this is a treasure that my group obtained by accident.”

“There is a mysterious energy inside. If you can absorb a little of it, you can easily break through a little of your cultivation.”

Su Yu looked inside, but his eyes could not penetrate it.

He tried to use the eye of the soul, but he was still blocked outside and could not see anything.

He could only see that the inside of the VAT was pitch black.

“If you put your hand in, you will feel a special energy.” Miss Xiao Song held her hands in front of her waist and said, “The process will be a little painful, but the longer you hold on, the deeper you reach, the more you will be able to obtain.”

“Quick!” Miss Xiao Song urged him.

Su Yu hesitated for a moment before putting a finger in.

Immediately, a sharp pain assaulted him. It was as if a venomous snake had bitten his finger, wanting to bite it off.

Subconsciously, Su Yu wanted to pull out his finger.

However, at this moment, a unique energy surged into his abdomen, causing the ancient sage cultivation that he had just broken through to loosen up a little.

He was delighted.

If he were to cultivate normally, it would take him at least ten years or even tens of thousands of years to raise his cultivation to the next level.

Didn't you see that even with so many ancient sage experts, it was still difficult for the cultivation of all living beings to take a step forward?

Even if he were to encounter a fortuitous encounter, he might not be able to make a breakthrough in a short period of time.

However, the ancient vat before him was simply heaven-defying.

Su Yu's heart jolted. Such a heaven-defying fortuitous encounter was right before his eyes. If he were to let it go, he would be as foolish as a pig!

Whoosh —

Regardless of the consequences, Su Yu extended his arm into the deepest part of the ancient vat.

His fingers touched the bottom of the ancient vat, and an exceptionally cold sensation assaulted him.

What followed was a piercing pain.

It was as if there were countless embroidery needles piercing Su Yu's arm back and forth.

Moreover, the scope of the pain grew larger and larger, and the degree of the pain became deeper and deeper.

In three breaths, Su Yu was still able to rely on his extraordinary willpower to persevere.

In six breaths, his body was already numb. Even his soul began to feel a piercing pain.

Miss Xiao song was stunned for a moment before coming back to her senses. She hurriedly said, "Ah! Are you crazy? How can you reach so deep? The spiritual liquid at the bottom will kill you the moment you touch it."

She was incomparably flustered. Even in her family, no one dared to reach into the bottom of her arm.

It was said that the blood flowing inside was the blood of the sinkhole god Lord's pet, Taotie.

If an ordinary person touched it, they would definitely be devoured.

Even the patriarch was extremely wary of it. He absolutely did not dare to touch it with his body.

Sure enough, a layer of indistinct black air appeared around Su Yu, causing the air to fluctuate.

It was as if the space around him and himself were about to disappear without a trace.

"Stop! You're about to be devoured!" Young Lady Xiao song shouted in panic, not daring to go over.

However, Su Yu remained unmoved.

He began absorbing the mysterious energy from the ancient vat frenziedly, and his cultivation as an ancient sage primary stage cultivator began rising rapidly.

In the ninth breath, an explosion sounded in his body.

He had achieved a breakthrough!

Ancient Sage Intermediate Stage!

However, his cultivation did not stop there. It continued to soar.

At the same time, the sharp pain in his soul was also rising.

His limbs had already lost their senses. If even his soul lost its senses in the pain, he would be dead.

However, this was a once-in-a-lifetime opportunity, so how could Su Yu let it go?

Gritting his teeth, he allowed the pain in his soul to rise, relying solely on the enhanced soul energy to withstand the pain.

Fortunately, he had interacted with one of the ancestors of the Soul Saint tribe. His soul was no longer the same as it was in the past. It was close to the ten thousand saints level.

Therefore, although the pain was intense, it was not to the extent of causing him to collapse.

Twelve breaths.

Su Yu continued to grit his teeth and persevere. Miss Xiao Song, who had been anxious, became a little surprised.

Why was he not dead yet?

An expert at the late stage of the Great Sage Realm dared to be like him. He could not last more than ten breaths.

...

Another three breaths passed. After fifteen breaths, Su Yu was still safe and sound.

On the contrary, within the ancient vat, one could faintly hear the sound of the divine blood of the Taotie being absorbed.

“Hey, Hey, hey, that’s enough. Stop.” This time, Miss Xiao song shouldn’t be worried about Su Yu, but her own treasure.

If the divine blood of the Taotie was sucked dry, the ancient vat would lose its function.

“Master, I Can’t Stop.” Su Yu’s expression was in pain, and he spoke with difficulty.

The opportunity to increase his cultivation was right in front of him, so Su Yu naturally could not stop.

“What? Is it the divine blood inside?” Miss Xiao Song asked anxiously.

Su Yu felt guilty and looked left and right. “En, uh, hiss, it hurts so much...”

The divine blood of Taotie was an extremely dangerous existence to others.

But to Su Yu, it was nothing?

He had the eye of Taotie between his eyebrows and a sickle made of the bone of Taotie in his hand. A little bit of the divine blood of Taotie would be absorbed by the eye of Taotie after it entered his body.

...

The only thing to worry about was whether the eye of Taotie could still be suppressed after absorbing enough divine blood.

He could already feel that the sealed eye of Taotie between his eyebrows was starting to move..

A feeling of swelling arose spontaneously.

Su Yu could even feel a strange breathing from the depths of his soul.

The Eye of Taotie was awakening.

Previously, in order to resist the destruction of the sacred mountain, Su Yu had released the eye of Taotie. After absorbing the power of the Sacred Mountain, the other party had fallen into a deep sleep.

When it awakened again, the blood paper might not be able to seal it.

With this thought in mind, Su Yu knew that it was time to stop.

Otherwise, the gains would not make up for the losses.

Eighteen breaths.

Another explosion sounded from within his body.

His cultivation had broken through once more!

Ancient Sage advanced stage!

Su Yu's heart was filled with regret. It would be great if he could absorb the divine blood a little longer. He would be willing to endure hell-like torture.

Suddenly, Su Yu's heart jolted.

That's right.

Didn't he still have the kalpa scythe?

It was also a taotie item. The kalpa scythe could also absorb divine blood. The kalpa scythe that absorbed divine blood wouldn't do any harm to it.

Shua —

The kalpa scythe immediately appeared in his hand.

Sure enough, its appearance instantly accelerated the absorption of Taotie's blood.

The Taotie divine blood in the ancient vat quickly entered Su Yu's body and then flowed into the kalpa scythe through his arm.

The Eye of Taotie was unable to snatch it and fell into a deep sleep again.

Not only that, the divine blood of Taotie passed through Su Yu's body without stopping, so it no longer caused any harm.

The pain immediately disappeared without a trace.

However, Su Yu's cultivation still rose rapidly because of the divine blood of Taotie entering his body.

Since he didn't have to endure the pain, his cultivation could still soar.

Su Yu couldn't help but let out a comfortable moan.

Chapter 3139 - 3139 Chapter 3,027, useless cauldrons

3139 Chapter 3,027, useless cauldrons

"Are you comfortable?" A questioning gaze was cast over, causing Su Yu to be quick-witted. He gritted his teeth again and forced himself to suffer. "How is that possible? I... Ow, it hurts! ! I'm dying!"

“I’m the one dying.” Miss Xiao Song’s little face was very, very long..

She only felt that Su Yu’s cultivation was low and wanted him to raise his cultivation a little.

It was really just for a second.

I don’t know. He just keeps getting better and better.

BZZZ bzzz —

Until the bottom of the old urn, issued a liquid to see the bottom of the sizzling sound, Su Yu finally stopped.

The Glutton God’s blood has been drained.

His cultivation, also further, reached the peak of the ancient sage! !

If the opportunity is right, you can break through to the great sage level!

“Cultivation is indeed an easy task.” This was the first time Su Yu felt this way in his life.

He was not the only one who had undergone such a huge transformation. There was also the myriad calamity scythe.

After absorbing a layer of the Taotie’s divine blood, the myriad calamity scythe had become much thicker and heavier. Even though it did not look any different from before, if it was activated, it would definitely be different from before.

The black air around Su Yu disappeared, and Miss Song ran up, holding the ancient vat and shaking it.

It was empty inside, and there was no sound at all.

Her little face turned even darker.

Gritting her teeth, she mustered up the courage to put her fingers into the ancient vat, but there was no longer the pain from before.

Unwilling to give up, she probed deeper and deeper, but until she reached the bottom, there was no pain at all.

“Wah! My Baby!” Miss Xiao song hugged the ancient VAT and sat on the ground, crying loudly. It was needless to say how sad she was.

The cold-hearted Su Yu could not help but feel guilty.

This was already the second time she had made the little girl cry.

“Cough Cough, master, you should open up a little. Although the ancient VAT has lost its effect, you have brought back a strong me.” Su Yu swung his fist.

Miss song cried even more sadly. “I will be beaten to death.”

She really did not expect that there would be such a ruthless person in the world who would suck all the energy in the ancient vat in one go.

“Don’t Cry, Don’t cry. You can eat the candy later.” Su Yu squatted down and stroked her head comfortingly.

“Go to hell!” Miss Song said with bloodshot eyes.

Su Yu said embarrassedly, “Since things have come to this, I’m sorry for your loss. Think about it. If I die, who will protect you in the tomb of the sinkhole monarch? Everyone else has a protective beast.”

Miss Song seemed to be persuaded. After sobbing a few times, she said with tears in her eyes, “Then what realm have you broken through to?”

Su Yu showed a proud expression. “Peak ancient sage.”

This was the highest level of cultivation he had ever achieved.

“Ah! Only the peak of ancient sage?” Miss Song’s mouth was wide open. She wanted to cry again. “You’ve absorbed the ancient vat dry. How can you still be at the ancient Sage Realm?”

“You’re not even as good as me. How can you protect me?”

Su Yu touched his nose. To be exact, most of the Taotie’s divine blood had been absorbed by the kalpa scythe.

He himself could not bear that much.

“I’m very satisfied.”

“I’m not satisfied!” Miss Song said fiercely. “I really want to kill you.”

However, she could not bear to do so.

After all, she had already invested a treasure in him. If she really killed him, wouldn’t it be a waste?

However, his cultivation was still too low. It was completely useless in the sinkhole tomb.

“What Dao artifact do you usually use?” Miss Song asked as she sized Su Yu up.

She was unable to help Su Yu improve his cultivation level.

She could only consider things other than improving his cultivation level to increase his overall strength.

Su Yu’s eyes lit up. Without hesitation, he took out a tattered iron sword. “This!”

Miss Song was actually a very cultured and kind-hearted girl.

However, as she looked at the tattered iron sword, her body twitched and she could not help but clench her fists. "If I could turn back time, I would definitely kill you."

Damn it!

Too damn, too despicable, too shameless!

It was obvious that she was trying to swindle some good things from her.

However, you would not go so far as to cry miserably with a tattered iron sword!

It was simply an insult to one's intelligence!

"I'm sorry, Master. My incompetence has made you angry." Su Yu sighed.

Miss Xiao Song puffed out her chest. "HMPH! Stop it! Aren't you just trying to trick my treasure? Alright, I'll give you a chance!"

With a sweep of her finger, the spatial storage device flashed and a burlap sack appeared on the ground.

“This is a treasure discovered by my ancestors. It has both offense and defense. It’s a very valuable treasure.”Miss Xiao Song said with a faint smile.

...

Is that so?

Su Yu reached out to grab it out of curiosity. However, he did not expect the item to be so heavy.

He subconsciously tugged at it, but not only did he fail to grab it, he nearly pulled it back.

After all, Su Yu’s cultivation was at the peak of ancient sage, so his physical strength was naturally extraordinary. Yet, he was unable to pick up an inconspicuous item?

“Hehehe.”Xiao song covered her mouth and giggled. She said proudly, “This item is extremely heavy. Not many people in my clan are able to pick it up.”

“If you can use it, I can lend it to you.”Miss Xiao Song said calmly.

Didn't she want to cheat the treasure?

Alright, then let's see if you have the ability.

Su Yu thought for a moment and opened the sack. The item inside came into view.

It was an ancient small cauldron with a few notches.

The small cauldron was very old. There were all kinds of drawings on it and it gave off an ancient aura.

...

Miss Xiao Song raised her head and said, "Our ancestor found this in an ancient ruin. According to his speculation, it should be a failed dao artifact."

"However, even if it failed, it still gave off a peerless power."

"Unfortunately, without the method to activate the small cauldron, it can not be used."

Su Yu did not say a word. He placed his hand on the small cauldron silently.

Miss Xiao song smiled and said, "Alright, don't waste your energy. You Can't pick it up."

She waved her hand and summoned the small cauldron back to her spatial storage device.

However, what surprised her was that the small cauldron did not move and could not be absorbed?

The next scene made her freeze on the spot.

That was because Su Yu held the small cauldron with one hand and easily picked it up.

Looking at the small cauldron, Su Yu muttered with a complicated expression, "We seem to know each other."

He had seen the small cauldron in Ren Zu's hands before.

It was the supreme holy weapon that he used to kill the son of Heaven of the sacred mountain – the river and mountain cauldron.

However, the one in front of him was obviously not the real one, but a failed one.

One could imagine that Ren zu had once failed to refine the river and mountain cauldron.

The failed product had been accidentally obtained by Miss Song's family, and it had been preserved to this day.

They did not know how to control it, so it was naturally difficult for them to capture it.

As for Su Yu, she had received ren Zu's personal teachings. She could even control the true river and mountain cauldron, let alone a failed product?

"Could it be the will of Heaven?" Su Yu muttered.

On the path of Ren Zu's inheritance, she had obtained the failed saint weapon that Ren zu had refined in the past.

Chapter 3140 - 3140 Chapter 3,028, I quit

3140 Chapter 3,028, I quit

Miss Xiao Song's eyes widened as she stared at Su Yu in shock.

She pointed at Su Yu and stammered, "You... you... you..."

The small cauldron that even the ancestors could not lift was actually picked up by a small human with an ordinary appearance?

Was this fake?

The people around who noticed this scene also looked at her sharply.

Those who didn't know little cauldron might not feel anything, but those who knew it were all secretly shocked.

"You what?" Seeing that there were too many people around, Su Yu weighed the little cauldron and put it back into his spatial storage.

Miss Xiao Song woke up from her dream and hurriedly said, “Wait! Give it to me! Quickly!”

How did she really want to give the little cauldron to Su Yu?

She was just ridiculing Su Yu for taking out scrap metal. She wanted to use a treasure that he could not use to bully him and take out her own dao artifact. Don’t count on her.

But who knew that he actually picked it up!

“Master, you said that if I can take it, then give it to me. Why Can’t You Keep Your Word?” Su Yu muttered with an aggrieved look.

Miss Song was so angry that her lungs exploded. “You... who are you exactly?”

Su Yu calmly pointed at the slavery rune on his neck. “Your Substitute Guardian Beast! Have you forgotten?”

“You must be lying to me, right?” Miss Xiao Song felt that she had been tricked.

Let him increase his cultivation. Let him absorb all the energy in the vat, leaving nothing behind.

Let him be equipped with a DAO tool. Let him take away her precious cauldron.

She was unwilling.

She was really unwilling.

Su Yu asked, “Do you have the nerve to go back on your words in front of everyone?”

Of course, she was embarrassed. Miss Xiao song was thin-skinned and was not as shameless as Su Yu.

“You!” Miss Xiao song gritted her silver teeth so hard that they made cracking sounds.

If Su Yu could make it into a dish, she would probably grind her bones into pieces and eat them.

“Don’t be like this. What’s mine is yours. What you give me will eventually belong to you, right?” Su Yu shook the slavery rune on his neck.

Miss song thought about it carefully and it seemed to be the same.

Su Yu was enslaved by her and could no longer escape from her palm. She could be said to be her person.

What was the difference between the small cauldron on his body and on her own body?

After consoling herself like this, Miss Xiao song's livid expression faded away. She snorted and said, "Consider yourself lucky. Come Here!"

She brought Su Yu and retreated to a corner, not affecting the others from summoning their guardian beasts.

"What's Your Name?" Miss Xiao Song stood on a stone platform with her hands on her waist. She stared down at Su Yu from above.

Su Yu's gaze shifted and said, "My surname is Su, and my name... I forgot."

"It's good that you've forgotten it!" Miss song said, "I'll give you one."

She tilted her head and thought for a moment before saying, "I once had two cute dogs, but they accidentally fell into the toilet and drowned. I've always missed them."

“Since you don’t have a name, I’ll give you the name Ergou. Yes, Ergou Su!”

Damn it!

I Can’t do it anymore!

The name Ergou Su would be an indelible disgrace to my glorious life.

Damn girl!

I Won’t do it if you dare to name me ergou!

Just as he was about to wave his hand, a soft and dreamy voice drifted over, “Miss Song.”

Miss song glanced sideways at the dreamy beauty who was walking over and rolled her eyes. She raised her snow-white chin with a hint of hostility, “Do you have any advice?”

Everyone in the nine-star civilization knew of Xia Jingyu’s beauty, especially in the current reincarnation stage!

Everyone said that she was the most beautiful woman in the world. Even the son of Heaven of the sacred mountain coveted her.

As a woman, Miss Xiao song was naturally not convinced.

Xia Jingyu looked at Su Yu, who was dressed in a black robe. She said calmly and elegantly, "I'm just giving you a reminder."

"Speak." Miss Xiao song raised her chin even higher.

Xia Jingyu said calmly, "You can't control this person. It's best if you don't use him."

Her gaze was very calm, but it was extremely penetrating. It was as if she could see into the past and the future, making it impossible for people to hide.

Su Yu, who was about to throw his hands away, immediately quieted down.

Xia Jingyu seemed to be especially prejudiced against him. If she threw her hands away, it would be even harder for her to integrate into the team.

It would be even harder to get close to Xia Jingyu.

Therefore, she could only endure it.

The prerequisite was that Miss Xiao song was still willing to accept him.

Fortunately, Miss Xiao song did not disappoint Su Yu. She puffed out her chest, as proud as she could be. “HMPH! I use people. I don’t need you to remind me. Just Mind your own business!”

...

Su Yu laughed to himself. “Jingyu, Oh Jingyu, you still don’t know how to read people’s minds.”

Although Xia Jingyu had mastered the field of fate and could read People’s future, she had never studied people’s minds.

With Miss Xiao Song’s proud personality and the fact that she had been ridiculed by everyone, she was unusually sensitive.

She was displeased with the slightest offensive remark and deliberately went against it.

If Xia Jingyu had reminded her in the beginning, Miss Xiao song might have considered it carefully.

But now, she would not.

Xia Jingyu was aloof from worldly affairs. Seeing Miss Song's attitude, she smiled faintly and silently turned back to her original position.

Before she left, she glanced at Su Yu from the corner of her eye.

Xia Jingyu's cold warning reached Su Yu's ears. "No matter who you are, please take care of yourself!"

At this moment, Su Yu did not know whether to laugh or cry.

He had never thought that one day, he would be warned by Xia Jingyu!

...

Looking at her cold face, Su Yu had the heart to protect her.

The danger in the tomb of the returning ruins emperor was probably beyond the imagination of the youths in front of him.

Not only were there dangers from the tomb of the returning ruins emperor, but there were also all kinds of terrifying fierce beasts that were bred there.

The most troublesome thing was that the two old geezers, the Samsara King and sky-covering patriarch, had entered the tomb of the returning ruins emperor.

Those two were not good people.

If they encountered this group of people, they might have to kill them all.

Su Yu did not care about the others, but he could not rest assured about Xia Jingyu.

“Wow! It’s a three-headed black flood dragon!”

“This luck is too good!”

“With it around, we can do whatever we want in the Ruins!”

A clamor suddenly sounded. Su Yu looked up and found that it was the fat, bald youth who cared about Miss Xiao Song. He was standing in front of the altar and casting a spell.

Behind a pillar of light, a three-headed black flood dragon appeared on top of the altar.

Its cultivation had reached the late-stage great sage realm, comparable to Xiu Mingyuan.

However, in Su Yu’s opinion, such a thing would only serve as an appetizer for the beasts if it entered the tomb of the sinkhole monarch.

The bald man was very pleased with himself. He took out a special spatial pocket and put the three-headed black flood dragon into it. Then, he came in front of Miss Song.

“Miss, we don’t have to worry anymore.”The bald man laughed.

Miss Xiao song clapped in surprise. “That’s great! My Heart is finally at peace.”

As she spoke, she rolled her eyes at Su Yu.

Su Yu did not care. He quietly observed the summoning ritual.

Time passed bit by bit. Most of the people had finished summoning. Only a few people had yet to begin.

Seeing that no one came forward, Xia Jingyu, who had been reading, finally put down her book and raised her head.
