

THE DIVINE NINE-DRAGON CAULDRON

Chapter 3141 - 3141 Chapter 3,029, hateful people

3141 Chapter 3,029, hateful people

“Make way, make way for fairy Xia,” a robust human youth in golden armor shouted.

He forcefully separated the crowd and opened up a path.

His actions naturally attracted a lot of dissatisfaction.

However, after exchanging a glance with him, the disgruntled people put away their expressions and didn't dare to confront him face to face.

“Fairy Xia, Please!” After clearing a path, the golden-armored young man politely extended his hand and invited Xia Jingyu to ascend the altar.

Xia Jingyu put away the book in her hand, and her cold face remained the same. “Young Master Yin, after entering the tomb, everyone has to rely on each other. Such rudeness will only hurt everyone’s harmony.”

The golden-armored young man seemed to be protecting Xia Jingyu, but in reality, such a rough action would only cause people to dislike Xia Jingyu.

It put her in a disadvantageous position.

Miss Song, who already had some prejudice against Xia Jingyu, immediately raised her neck, her eyes full of disdain. “Humph! He’s really popular. The famous human emperor, luring the mortal city, is willing to be a pawn.”

Although the others didn’t say it, it was hard to guess what they were thinking.

Xia Jingyu silently sighed and expressionlessly chose another path, passing through the crowd and arriving at the altar.

The golden-armored youth immediately followed and rudely separated the people on the path.

“Are you all blind? Don’t you know how to make way for Fairy Xia?” When passing by a male youth, he actually raised his hand and slapped the other party.

This was because when Xia Jingyu passed through the crowd, her arm accidentally touched the other party.

The golden-armored youth immediately taught her a lesson.

He couldn't allow anyone to touch Xia Jingyu.

This action caused many people to be secretly angry. This was too much!

How could Xia Jingyu pass through everyone without any friction?

She still had to take a beating like this?

However, they didn't dare to blame the youth in Golden Armor because the latter's identity was too big, yet they dared to blame Xia Jingyu.

“Vixen!”

“She only knows how to attract people with her beauty.”

“The goddess race is really a disgusting race.”

Wisps of soul communication spread among the crowd.

Ordinary people might not be able to hear it, but with Su Yu’s soul skills, they entered his ears one after another.

He looked coldly at Yin fan city and then looked at Xia Jingyu with tenderness.

What was wrong with Xia Jingyu?

What was wrong was Yin fan city, but the blame was all on Xia Jingyu.

The reason was that she was too beautiful.

Xia Jingyu seemed to have noticed it as well. She turned her back to the crowd and was silent for a moment. Then, she took out a bottle of special energy and poured it onto the altar on the ground.

The altar immediately shone brightly, and some kind of teleportation array was activated.

When it was activated, Su Yu faintly felt a strange aura that he had never felt before.

It was both wild and ancient, and it was also filled with an unknown mysterious feeling.

That kind of feeling had only happened to him when he was a mortal facing a god.

Ding —

With a crisp sound, the array rotated for a moment, and then the light dissipated.

An emerald-green firebird hovered in the air.

It was chirping away, feeling extremely unfamiliar and surprised by this place.

Seeing this, Xia Jingyu took out a rune and shot it at the Firebird's body.

A rune similar to Su Yu's immediately appeared on the emerald-green Firebird's neck.

Then, the Firebird obediently flew down from Xia Jingyu's fingertip.

“Haha, it's The Most Useless Jade Fire Undying Bird.” Miss Xiao Song couldn't help but laugh out loud.

Many people also let out gloating voices.

“Hehe, the heavenly path doesn't lack this kind of undying bird, right?”

“This bird is immortal. No matter how you kill it, it can be resurrected. It looks powerful, but in reality, other than that, it doesn't have any other special abilities.”

“It's a pity that even though it has a good-looking face, the heavens don't have much to hide it from her.”

“With this bird, she will definitely die once she enters.”

Xia Jingyu looked at the Green Fire Immortal Bird, her gaze calm and unchanging.

Although this bird was at the advanced stage of the Great Sage realm, it didn't have much ability to deal with enemies.

In the unknown tomb, its help was very limited.

"Fairy Xia, there's no need to worry." Yin fan city stepped forward and comforted her, "Since you're forming a team with me, of course I won't let you be in any danger."

"As long as I'm here, I can guarantee your safety."

As he spoke, he approached Xia Jingyu and tried to pat her shoulder to comfort her.

However, Xia Jingyu raised her eyes and looked at him calmly, "You did something, didn't you?"

...

Yin fan city's hand froze, and his expression turned unnatural. "Fairy Xia, what are you talking about?"

Xia Jingyu shook the empty energy bottle in her hand.

“The energy in this bottle shouldn’t only be able to summon a jade fire immortal bird. I think you did something to the energy in the bottle, didn’t you?” Xia Jingyu’s gaze was deep.

She was very calm, but also very cold.

Draw in mortal city said calmly, “Fairy Xia, do you have evidence for Your Words?”

Xia Jingyu said, “Among the people present, the only one who can change the energy is you.”

The reason why draw in mortal city was feared was because he was born with a special constitution and could change the nature of energy.

Weak energy, he could make it stronger.

Strong energy, he could also make it weaker.

He could even change the attributes of energy.

It was extremely difficult to deal with the enemy. There was no way to solve it.

...

Even people with a higher cultivation level than him would often be defeated and would not be able to gain anything.

Yin fan city had a calm smile on his face. “Fairy Xia, I want evidence. I have no proof.”

Xia Jingyu retracted her gaze and quietly walked down the stairs. She did not say anything else.

She knew that it was Yin fan city who did it, but there was indeed no evidence.

Therefore, any argument was unnecessary.

“Fairy Xia, now that you have nothing, are you sure you don’t want to team up with me?” Yin fan city’s lips curved into a sinister smile that was not easily noticed.

It was true that he had done something to her. His goal was very simple.

Xia Jingyu had no one to rely on, so she could only rely on him as her partner.

In order to enter the tomb, one had to combine yin and yang.

Only a man and a woman could enter the crack together and enter safely.

Otherwise, they would be forced out of the crack. If they were unlucky, they would be trapped in the crack and eventually sealed alive.

At first, Xia Jingyu had reached an agreement with him through the introduction of the Goddess tribe.

They would form teams to enter, and after entering, they would have nothing to do with each other.

But how could Yin Fan City let go of this opportunity to be intimate with the number one beauty in the world?

Therefore, he completely disregarded the agreement and even resorted to underhanded means.

Seeing that Xia Jingyu ignored him, Yin fan city went forward and reached out to grab her shoulder.

Unexpectedly, an invisible spiritual attack pierced into his soul without any warning.

Yin fan city was caught off guard, and a piercing pain came from his head.

With a grunt, he withdrew his hand and hugged his head. He looked around angrily. “Who did it?”

Of course, it was Su Yu.

He didn't kill him because he wanted to give Xia Jingyu some face. After all, he was Xia Jingyu's companion, so he needed to rely on him to enter the tomb.

Otherwise, it wouldn't have been as simple as a strand of soul thorn.

Chapter 3142 - 3142 Chapter 3,030, private property

3142 Chapter 3,030, private property

“You don’t dare to admit it, do you?” Yin fan city narrowed his eyes and scanned his surroundings.

However, no one dared to answer, let alone admit it.

After a few times, the fierce light in his eyes flickered, and he had no choice but to give up. He snorted and said, “If I catch you, I’ll teach you a lesson!”

Those who were as careful as dust could notice that Yin fan city’s words actually had a hint of being fierce on the outside but weak on the inside.

He had admitted defeat!

Yin fan city did not dare to admit defeat.

How could Yin fan city not be afraid of someone who could silently cause harm to his soul and even make him unable to detect the source?

What if he was in the middle of resisting the enemy and this person suddenly attacked him, causing harm to his soul? That would be a fatal threat!

The outcome of a battle between experts was in the blink of an eye.

How could he allow his soul to be ambushed?

He originally wanted to place his hand on Xia Jingyu's palm, but he naturally withdrew it.

As arrogant as he was, he immediately became much quieter and did not dare to continue making enemies for Xia Jingyu.

Towards this, Xia Jingyu felt a trace of surprise.

Her crystal eyes also sized up her surroundings, feeling very strange in her heart.

Among the people who came, the draw mortal city was the most powerful, and their methods were the most terrifying.

Who would warn Yin fan city secretly for her sake?

Her gaze swept over them one by one and finally landed on Su Yu, who was dressed in a black robe but could not be seen through.

After a short pause, she shook her head slightly.

This person was even less likely.

Firstly, they had only met by chance and had never known each other.

Secondly, she had just reminded Miss Xiao song not to trust this person.

It was already good that he did not hate her. Why would he save her?

“It seems that there is a hidden expert among us,” Xia Jingyu muttered softly.

The remaining few people quickly completed the summoning and obtained the Guardian Beast they wanted.

Fan attraction city became active again. “Everyone, the summoning of the Guardian Beast has been completed. Next, it is time for the joint exploration of our various races.”

He took out a scroll and unfolded it.

On the scroll, there were a series of words written in a lively manner.

“In this exploration, survival is the most important task. The second task is to explore the ruins.”

“During the exploration process, you should bear three points in mind.”

“First, anything found in the ruins will belong to you. There’s no need to hand it over.”

This made the heaven’s favorites who came to the city look happy. In the past, they had to hand over more than half of their harvest from large-scale expeditions organized by their families.

“Second, if anything happens, try to abandon your body and escape your soul.”

The body could still be reconstructed, but once the soul was destroyed, there was almost no solution.

“Third, help each other. Don’t kill each other. If you find anything, punish severely!”

It seemed to be the last item, but in fact, it was the most important one.

In the exploration, killing for benefits was common.

The majority of the casualties in an exploration did not originate from the dangers in the ruins, but from the killing of the members of the exploration team.

Everyone looked at each other and remained silent.

However, in their silence, they were extremely guarded.

Finally, the scroll had the signatures of the elders of the various families and factions. It could be considered a joint announcement.

Among them, the name of a person with the surname Yin was at the front.

Without a doubt, he should be an elder of the family of Yin fan city. Moreover, for his name to be at the front, his status was definitely not low.

“Everyone, let’s begin entering.”Yin fan city tossed the scroll.

The scroll exploded in mid-air. A Cloud of mist flowed out from within and landed on the stone wall opposite the altar.

The color of the stone wall was completely different from the usual stone wall. It was actually black and white on both sides.

Su Yu only noticed the stone wall now. He couldn’t help but release his soul’s eye and look down from above.

When he saw it, he couldn’t help but be surprised.

The so-called huge mountain in front of him was actually not a mountain at all.

Instead, it was a huge black and white coffin!

They were standing right in front of the coffin. The altar was not an ordinary altar, but a place for offering sacrifices!

“Is this the tomb of Sinkhole Emperor Lord?” Su Yu was secretly surprised.

He had thought that he had been transported to an extremely distant place, far away from sinkhole emperor tomb.

It turned out that he was only outside the tomb.

The dense airflow hit the stone door and forcibly opened a thin crack through the black and White Mountain Gate.

...

“As you can see, the dense airflow is the Qi of yin and yang. It must be paired with yin and yang to pass through. Otherwise, it will be excluded.” Yin fan city was the first to come to the thin crack.

He turned around and waved at Xia jingyu, “Fairy Xia, Please!”

A trace of disgust appeared in Xia Jingyu’s eyes.

If she had a choice, she would definitely not want to enter together with Yin fan city.

But who asked the Goddess tribe to choose him?

Unexpectedly, just as she was about to move her feet, Miss Xiao Song took the lead and said, "I'll Go First!"

As she said this, she pulled Su Yu and the bald fatty to the crack.

Su Yu was speechless. They had to fight over who was first.

How jealous was Miss Xiao Song of Xia Jingyu's looks that she had to fight over everything with her.

"Wait!" Yin Fan Cheng reached out his hand and stopped her. His eyes were fierce. "I said, Fairy Xia and I will go first!"

"Why?" Miss song was unafraid. "Others are afraid of you, but I am not!"

...

She clapped her small hand and pushed Yin fan city's hand away. She pushed him aside and said loudly, "Let's Go!"

How could Yin fan city allow Miss Song to be so presumptuous in front of everyone?

"Humph!" His figure flashed and blocked the stone door. He urged Xia jingyu, "Fairy Xia, come here quickly!"

The grave was full of danger. The further back they went, the more commotion they would cause, which would attract the attention of more unknown existences, thus adding to the danger.

Xia Jingyu walked over helplessly and said unhurriedly, "There's no need to fight over it. We can let Miss Xiao Song Go First."

She really did not want to argue with others over such trivial matters.

"How can we do that?" Draw in mortal city was determined.

He had to leave first with Xia Jingyu. Apart from ensuring his safety, he also had his own selfish motives.

That was, if he entered first, there would be no one else around. He could use the reason of danger to bring Xia Jingyu away.

If there were more people, the probability of Xia Jingyu forming a team with others would be very high.

Xia Jingyu's dislike for him was almost written on her face. It was not like he did not know.

Therefore, no matter what, he had to leave with Xia Jingyu first and quickly take her away from the crowd. She had no choice but to follow him.

He had to admit that his plan was very good.

However, Miss Xiao song was an extremely stubborn person. If you didn't let her go, then she would.

"HMPH!" Miss Xiao song stomped her feet and a blue light suddenly shot out from her eyes.

That light contained a spatial domain.

The city that was supposed to block her was pushed into the crack by the spatial domain.

However, the mist in the crack only allowed yin and yang to pass through.

He was sent back immediately.

The city was afraid of Miss Song and didn't dare to make a move on her. They could only grab at Xia Jingyu who was walking towards them from afar.

He tried to lure her over through the air, forcing her to leave first.

Xia Jingyu cried out in surprise, "How dare you!"

The other party did not treat her as a partner. It was clearly her own private property.

Chapter 3143 - 3143 Chapter 3,031, the abacus had failed

3143 Chapter 3,031, the abacus had failed

However, the city of attraction had the unique ability to control its strength. No matter how Xia Jingyu resisted, it was useless.

Whoosh –

Xia Jingyu was instantly pulled over. The city of attraction leaned back to bring Xia Jingyu into the dense airflow.

At this moment.

!!

Su Yu calmly pointed with his finger. The pockets of the bald man suddenly fell off and flew into the arms of the city of attraction.

“Ah!”!

Xia Jingyu and Yin fan city both fell into the dense air.

Miss Xiao song stomped her feet in anger. “They took it first. Damn it! Let’s Go Too!”

She brought Su Yu and the Bald Man and immediately went in.

However, before Su Yu could get close, she was expelled. Only Miss Xiao Song and the Bald Man went in.

Because they were two men and a woman, one man was pushed out.

However, Su Yu was not in a hurry to stand outside the crack.

The dense air current shook again and a graceful woman fell out.

She was Xia Jingyu.

After being pushed out by the dense air current, she returned to the altar.

She looked around in surprise and could not help but look at her own body, feeling a little confused.

Why was she excluded?

Theoretically speaking, shouldn't she be the one to enter together with Mortal Attraction City?

Why was she excluded when mortal attraction city succeeded?

It was really strange!

“Fairy, if you're lacking a partner, why don't You Count me in?” Su Yu said timely.

HMM?

Xia Jingyu suddenly raised her head and looked at the black-robed Su Yu. She said in surprise, “You're also being excluded?”

After a pause, Xia Jingyu said, “That makes sense.”

Only Miss Xiao song naively treated Su Yu as a pet but ignored her gender.

Being ostracized was within reason.

Su Yu smiled slightly. “Yes! We’re both people who have fallen to the bottom of the world.”

However, Xia Jingyu quietly looked at Su Yu. Her eyes were deep and filled with a threatening and wise light. “The reason why I’m being ostracized has something to do with you, right?”

She had always wondered why she was pushed out. Su Yu’s half-smile made her suspicious.

Su Yu did not explain. Instead, he continued, “Then, will the fairy be willing to form a team with me and enter?”

Not denying it was admitting it.

Xia Jingyu was certain in her heart. She could not help but look deeply at Su Yu. “Yes.”

She stood side by side with Su Yu. Facing the dense airflow, they walked toward it.

Before entering, Xia Jingyu asked, “How did you do it? No one can change the rules of the sinkhole Emperor’s tomb.”

Even the arrival of the son of Heaven of the sacred mountain might not be able to change the restriction of yin and yang entering together.

Su Yu smiled. “Of course I didn’t change the rules. I just changed the beauty of the luring mortal city to a female monster beast.”

Ugh!

Xia Jingyu’s footsteps suddenly stopped, and she said, “You...”

Then, she couldn’t help but smile.

That long-lost smile was beautiful and refined, just like the heart palpitating when she first saw her. It made Su Yu’s heartstrings unable to calm down for a long time.

“You are too good at pranking people, aren’t you?” Xia Jingyu covered her mouth and laughed.

The rules of the tomb indeed didn't restrict the races. Male new humans and female demon beasts could be considered to be yin and yang at the same time.

However, at this moment, the people of mortal attraction city were probably thinking of killing someone.

Su Yu looked at Xia Jingyu and said gently and gently, "You are in trouble, how can I ignore it?"

After all, she was once a beauty, once tempted, and once unforgettable.

Xia Jingyu's mind was sharp, and she immediately noticed the strange gaze under the black robe.

Her smile suddenly disappeared and returned to her usual cold expression. She said expressionlessly, "Between you and I. . ."

Before she could finish her sentence, Su Yu interrupted her and added what she wanted to say, "Between us, keep a distance."

This was what Xia Jingyu wanted to say, and it was also what Su Yu wanted to say.

The current him had the body of a flower in the mirror, so he indeed had to keep a distance.

Xia Jingyu was stunned and looked at Su Yu in surprise.

She had an inexplicable feeling that this man actually had some tacit understanding with her.

“Okay,” Xia Jingyu said. Then, the two of them entered the mist side by side.

This time, neither of them was pushed aside. They easily entered the tomb of the sinkhole Emperor Lord.

...

Just as their feet touched the ground, they heard a loud argument before they even opened their eyes.

When they opened their eyes, they saw that the sky was black and white.

A huge black and white sun, which looked like an eye, hung at the top of the sky, overlooking the endless land.

The land was full of withered, strange-shaped ancient trees.

The lake in the distance was also lifeless, not stirring up the slightest ripple.

The whole world gave people a depressing feeling of death.

Under a crooked tree, Yin fan city and Miss Xiao song were confronting each other. They were both berating each other, neither giving way to the other.

“Give me an explanation. Did you do this?”Yin Fan City held a demonic Beast’s pocket, unable to calm down his anger.

How could Miss Xiao Song Be the one to suffer?

She flew into a rage. “I was about to ask you, why did you have my three-headed black flood dragon? Did you steal it?”

Yin fan city was furious!

...

He had been scheming, trying to bring Xia Jingyu along to explore alone so that it would be easier for him to do things.

In the end, all of them were stirred up by a demonic beast.

And this demonic beast was actually Miss Xiao Song's.

With the state of confrontation between the two parties, who would believe that she didn't do it!

Suddenly, the appearance of Su Yu and Xia Jingyu attracted the attention of both parties.

Miss Xiao Song, who was still in a rage, was furious when she saw it. "Great! You're so immature. I just left, and you're already entangled with this woman and even passed through the dense air current together!"

"You two..."

The veins on Su Yu's forehead bulged as he said, "I say, Don't you think you should blame your own intelligence for forcefully passing through the dense airflow with two men?"

HMM?

Only then did Miss Xiao song open her eyes wide and said in realization, "AH? Aren't you a guardian beast? Why is there a gender restriction?"

In the entire world, probably only Miss Xiao song did not know.

Su Yu rubbed the space between his brows and said, "I don't know why, but I keep feeling that this expedition will be extra difficult."

With such a "Master", he would probably be very worried along the way!

"AH, Haha, Well, look at the sky here. It's So Big!" Miss Xiao song easily changed the topic and said with a laugh.

Su Yu could not be bothered with her. He looked at Xia Jingyu beside him and asked, "Fairy, what plans do you have?"

Without waiting for her answer, Yin fan city hurriedly threw down the three black flood dragons and ran over. He asked with concern, "Fairy Xia, are you alright?"

He tried to grab Xia Jingyu's hands and greeted her with skin-to-skin contact.

Xia Jingyu took a step back slightly and said, "I'm fine."

Yin fan city glanced at Su Yu beside him and shouted, "Get lost!"

Then, he tried to hold Xia Jingyu's hands again and said, "I know a secret place. There might be amazing treasures there. Let's go first. Don't let others get there first."

However, Xia Jingyu hid behind Su Yu and said, "I'm sorry. I'm with this young master. Please help yourself."

In fact, she did not want to be with anyone.

Including this black-robed man who she felt was suspicious. He had no choice but to do this in order to avoid attracting mortal city.

Chapter 3144 - 3144 Chapter 3,032, the six great treasure areas

3144 Chapter 3,032, the six great treasure areas

The expression of the city Lord turned ugly.

After using all his methods, he still couldn't get what he wanted?

He couldn't help but raise his eyes and coldly stared at Su Yu. "Are you sure you want to form a team with Fairy Xia?"

The threat in his words couldn't be more obvious.

!!

Su Yu looked at Miss Xiao Song. "Ahem, then I'll have to ask my master's opinion."

Actually, he did not need to ask to know that with Miss Song's personality, she would definitely not admit defeat to Yin fan city.

As expected!

Miss Song placed her hands on her hips and laughed out loud, “Do you need to ask? Since you guys came in together, of course you’re part of the same group!”

Yin Fan Cheng’s eyes turned cold, “Miss Song, don’t play with fire and burn yourself. The tomb of Sinkhole’s emperor Lord is very dangerous.”

He meant that it was very easy for his life to be in danger here – if he insisted on making an enemy out of Yin Fan Cheng.

“I’m not afraid!” How could Miss Song be afraid of people?

She said mockingly, “Young Master Yin, you’d better stay with your female monster beast. Wahahaha...”

“You!” Yin Fan Cheng was furious and was about to fight. Su Yu, his bald partner, and Xia Jingyu all stepped forward.

Miss Song said proudly, “Four to one. Young Master Yin, if I borrow you, this place is very dangerous.”

Yin fan city was so angry that he glared at all of them. In the end, he glared at Su Yu and left in anger.

In fact, he hated Miss Xiao Song the most. Without her arrogant and despotic protection, how would Su Yu dare to take over Xia Jingyu?

However, who asked Miss Xiao song to have a background that he was afraid of, but Su Yu did not?

“Hehe!” Miss Xiao Song revealed a victorious smile and giggled non-stop.

However, when she noticed Xia Jingyu out of the corner of her eye, she immediately became unhappy. She curled her lips and asked, “Tell me, how did you hook up with My Protective Beast?”

Xia Jingyu shook her head gently. “I’m leaving!”

She did not want to argue with Miss Xiao Song who was hostile towards her.

Since Yin fan city had already left, there was no need for her to stay.

Su Yu looked meaningfully in the direction that Yin fan city had left in and thought for a moment, he said to miss xiao song, “Master, you saved Fairy Xia with great difficulty, but she did not even thank you and left just like that. Did she not put you in her eyes?”

If Su Yu’s prediction was correct, Yin fan city did not really leave.

How could he not see that Xia Jingyu had no choice but to team up with Su Yu? Once he left, she would automatically leave Miss Xiao Song’s team.

Therefore, Yin fan city was most likely pretending to leave, but in reality, they were secretly waiting for Xia Jingyu to be alone again.

How could Su Yu let him succeed?

However, he understood that whether it was to persuade Xia Jingyu to stay or to persuade Miss Xiao song to keep Xia Jingyu, it would not succeed.

Therefore, he could only play the role of a villain who would sow discord for a while.

As expected, Miss Xiao song could tolerate anything except suffering a loss.

She stared at Xia Jingyu with an unfriendly gaze, crossed her arms in front of her chest, and snorted, “My amulet was right! If you leave just like that, wouldn’t I be helping you to go against Yin fan city for Nothing?”

Xia Jingyu did not like to owe others a favor.

Upon hearing this, she stopped in her tracks and said, “What do you want?”

Miss Xiao song touched her nose and sized her up. “Seeing that your strength is barely passable, if you help me enter treasure area number three, we’ll call it even.”

Not only did mortal attraction city have this treasure map, but Miss Xiao song, whose status was not inferior to his, also had it.

Xia Jingyu revealed a hint of surprise. “Treasure area number three? Are you sure?”

She looked around at the four of them.

The tomb of the sinkhole Emperor Lord had been divided into six grades.

The place they were at was considered treasure area number one. In the past, there had been frequent visitors, so there was no treasure to speak of.

Further into the depths was treasure area number two, number three... and number six.

It was said that the area around treasure area number two was filled with powerful late-stage great sage creatures. They were extremely fierce and repelled foreign creatures.

In the third treasure area, it was even more dangerous.

It was said that there might be someone at the peak of the Great Sage realm, comparable to a king of man.

If one encountered it, there was basically no way to survive.

Unless one was extremely powerful and had reached the peak of a certain race, like a king of man.

Miss Song wanted to rely on just the four of them and a few protective beasts to barge into the third treasure area. It was too dangerous.

“Don’t worry, it’s just at the edge of the third treasure area,” said Miss Xiao Song embarrassedly.

No matter how proud she was, she didn’t dare to barge into such a place.

Xia jingyu said thoughtfully, “I advise you to give up! Even the edge of the third treasure area is full of great danger.”

“The demonic beasts in the third treasure area don’t only stay in the area. They might spread out. If we are unlucky to meet them...”

She still didn’t understand song Jiayi’s personality.

She had to do what she was told not to do.

“I really can’t go!” Song Jiayi snorted. “I don’t believe that my luck is that bad.”

Reality proved that her luck was really bad.

...

The group had just chosen a direction and had only taken a few steps when the ground in front of them was cut off by a canyon.

The depths of the canyon were pitch black, and nothing could be seen except for the whistling wind.

“Miss Song, please step back. I’ll test it out.” The bald youth took out a dao artifact, activated it, and threw it over.

As a result, just as the Dao artifact crossed the edge of the cliff, it immediately began to shake, as if it had been attacked.

Then, it shattered with a bang.

The bald young man picked up the fragment and observed it on the spot. After a long while, he said, “The cold wind has been accumulating all year round above the canyon, forming the cold wind domain. Since it can’t cross over, it’s easy for it to be attacked.”

After a pause, he continued, “However, the power of the domain is limited. It’s within our range.”

He took out four pieces of purple-gold armor that he had prepared beforehand. Each of them had one piece. “As long as it’s activated, the armor will be able to resist the yin wind domain.”

It could be seen that Miss Song and her companions were relatively cautious.

No matter how prideful they were outside, they were especially careful when they came to the sinkhole tomb.

“I’ll go first!”The bald youth walked at the front and turned around. “Miss Song, please pay attention to my changes. If anything happens to me, retreat in time.”

...

Miss song followed behind with a solemn expression.

Xia Jingyu closed her eyes. After calculating the fate of their trip, she stepped out safely.

Su Yu, on the other hand, looked thoughtfully at the bottomless abyss under his feet and walked out with slight hesitation.

Stepping on the sky above the cliff, everyone immediately felt the pervasive cold wind attack.

They both had power and were extremely sharp.

When they scraped against the purple-gold armor, they let out a series of crackling sounds, and fine cracks appeared one after another.

However, the cracks were still within their limits.

The bald youth said methodically, “Don’t worry, we can cross safely.”

When they reached the center of the canyon, the cracks were even more obvious. However, just as the bald youth had said, since they couldn’t hurt the foundation of the armor, crossing was completely fine.

Chapter 3145 - 3145 Chapter 3,033, “The girl who gives away her wealth.”

3145 Chapter 3,033, “The girl who gives away her wealth.”

Soon, they passed through the sky above half of the canyon.

Less than a tenth of a distance away, they would be able to reach the shore safely.

Most of the armor was intact, so there was no problem for them to survive.

However, at this moment, an unexpected scene appeared.

!!

A low roar suddenly came from the pitch-black abyss below.

A mass of solidified cold wind flew from the deepest part of the Abyss. It formed a five-clawed force and clawed fiercely at them.

The cold wind was ten times stronger than ordinary cold wind. The armor on their bodies would not be of any use.

The bald youth's expression changed slightly, and he said hurriedly, "Run!"

He turned around and grabbed Miss Song's shoulders. He carried her on his shoulders and ran toward the shore not far away.

Xia Jingyu also frowned and muttered, "The sinkhole tomb is indeed not an ordinary place."

Before crossing the canyon, she had secretly calculated the fate of this trip. The result was extremely smooth.

But the reality was the opposite!

The reason should be that the sinkhole tomb's powerful aura had interfered with his fortune-telling.

However, she did not have time to make any guesses.

Xia Jingyu had unleashed her hidden cultivation at the critical moment. She had unleashed her powerful cultivation of the middle stage of the Great Sage realm.

Her speed suddenly increased by several times. In just an instant, she had surpassed the bald youth and Miss Song. She had taken the lead.

Su Yu saw this and was secretly amazed.

Back when Su Yu was being pursued by the carefree emperor, Xia Jingyu had spared no expense to save him. She had sacrificed the opportunity to break through to give Su Yu a chance to survive.

Unexpectedly, Xia Jingyu's cultivation level continued to rise, reaching the middle stage of the Great Sage realm.

Her cultivation level was even much higher than Su Yu's.

However, even if Xia Jingyu revealed her true cultivation level in time, it was still difficult for her to escape from the sudden cold wind.

The cold wind wrapped around her five fingers and instantly grabbed the few people who were crossing the sky.

With just a pinch, she could crush all of them.

Su Yu did not change his expression and secretly activated his space domain.

A flash of space arrived and instantly brought the few of them along with it. They left the encirclement of the Yin Wind and appeared outside the five fingers.

Actually, it was not that Su Yu's space domain was not able to display its proper power.

It was that he did not want to expose too much of it.

Otherwise, he could teleport to a safe shore in one breath.

The few of them teleported away from the encirclement of the chilly wind. They were all slightly stunned, thinking that the chilly wind had grabbed the wrong area.

"Run, what are you waiting for!" Miss Xiao Song gave the bald youth's head a hard slap.

The latter came to a realization and immediately rushed to the shore in a few steps.

Xia Jingyu was also stunned, but she did not have the time to think as she charged towards the shore.

Su Yu had a look of "Fear" on his face as he shouted from behind, "Wait for me! Don't leave me behind!"

Miss Xiao Song turned her head and looked. She was so angry that her nose was crooked. “What Protective Beast? Why did I bring you here?”

She had used up a tank of energy and even took away her small cauldron. In the end, she was completely useless.

Was it a mascot that she had created at all costs?

Miss Xiao Song quickly lost her energy to continue bickering. After the five fingers of the chilly wind missed its target, it pounced on them again.

Seeing this, they ran as fast as they could.

In the end, just as they were about to reach the other shore, the cold wind whistled down and enveloped everyone.

Fortunately, they were not far from the shore, and withstood the extremely terrifying cold wind, they forcefully crossed over.

Only a muffled sound could be heard.

The four of them safely stepped on the hard land on the other shore.

Correspondingly, the armor on their bodies suffered the counterattack of the cold wind, and finally, with a Kacha sound, they were all shattered, turning into pieces that fell all over the ground.

Hu —

The bald youth was covered in sweat, and Miss Song's face was also slightly pale.

She wiped the cold sweat on her forehead and looked at the 10,000-meter-long cliff behind her. She shuddered and said, "As expected of the Emperor Tomb of the human world. It's much more terrifying than the records."

Then, she regained her confidence and said, "But fortunately, we have finally made it through. Next, let us happily pick up the treasures!"

However, Xia Jingyu quietly looked ahead, her eyes extremely solemn. "I think that perhaps we've only just started."

Miss Xiao song immediately raised her eyebrows unhappily. "Why are you making sarcastic remarks?"

Unexpectedly, when she turned around, her pupils constricted!

She saw that in front of her was an endless canyon, and the chilly wind inside was even stronger!

No!

It wasn't just one!

Through her powerful perception, she could see countless similar canyons in the distance.

...

She could roughly sense that there were at least ten thousand of them!

They had only crossed one of them.

However, just one of them had nearly taken their lives.

Xiao song's legs went weak as she sat on the ground and muttered to herself, "Is... is this going to take our lives?"

They would not be able to cross such a dangerous place no matter what.

The bald youth was also extremely shocked. "How is this possible? According to the records, this six treasures area is just filled with ferocious beasts. When did there appear so many dangerous canyons?"

Only Xia Jingyu said with a calm expression, "The sinkhole tomb is one of the most mysterious ruins of the nine star civilization. It is normal for it to change in one breath. It is not reliable to use the previous records as a basis."

Miss song swept her gaze over. "Hindsight!"

She looked at the endless cliffs again with despair in her eyes. "How are we going to get there?"

Xia Jingyu said indifferently, "Why are you sighing so softly, Miss Song? Don't you have a master in space domain among your people?"

She glanced at Su Yu from the corner of her eyes with a profound meaning.

...

It seemed that other people did not realize it, but she had keenly noticed that the reason why they were able to escape from the chilly wind was because someone had used the space domain.

Miss Song was slightly surprised and could not help but look at Su Yu. “She’s talking about you?”

Among the four of them, Xia Jingyu had never heard of the space domain, and she and the bald youth knew each other well.

The only possibility was Su Yu, no, it was dog su.

Su Yu was at a loss. “Spatial domain? Isn’t that a secret technique that only the spatial Saint Clan has mastered? Master, do I look like a member of the spatial Saint Clan?”

Miss Xiao Song looked at Su Yu for a moment and shook her head. “Not even a hair.”

She glanced at Xia Jingyu with a mocking expression. Seriously, what kind of dream was this?

If Su Yu was a member of the spatial Saint Clan, would he become her protective beast?

What kind of brain was this!

Miss Xiao Song looked forward. After a moment of silence, she gritted her teeth and said, "Alright! In order to complete the mission, I'll Go All Out!"

She opened her small mouth and spat out a thumb-sized seven-colored feather fan.

The seven-colored feather fan grew with the wind and was soon as tall as her.

"I'm going to lose another treasure," Miss Song said with a pained expression.

Su Yu looked at the seven-colored feather fan and his expression changed slightly.

The grade of this fan was not much lower than the abandoned cauldron of the Common Life!

Who Was this miss song? Why did her family have so many prehistoric treasures?

Chapter 3146 - 3146 Chapter 3,034, Big Trouble (first watch)

3146 Chapter 3,034, Big Trouble (first watch)

“Get out of the way! Don’t blame me if I accidentally hurt you!” Miss Song hugged the seven-colored jade fan that was even taller than her and swung it with great effort.

Whoosh –

A ball of seven-colored airflow floated out of the seven-colored feather fan.

At first, it was very slow, but it became faster and faster. In the end, it was as fast as a gale and lightning as it streaked across the vast sky in front of them.

!!

Wherever they passed by, they stirred up a shocking hurricane!

The canyon in front of them, the Yin Wind hidden in the Abyss, was all swept out by the hurricane.

This did not stop there. Because the two sides of the canyon could not withstand the pressure of the hurricane, they actually collapsed and collapsed.

Su Yu saw this and immediately retreated a little while secretly guarding against it.

This seven-colored airflow was not an ordinary dangerous one.

How terrifying was the Yin Wind? There was no need to say anymore, right?

The armor that was specially designed to counter the yin wind was unable to completely resist it. In the end, it was all blown apart by the Yin Wind.

And the stone walls of the canyon, which had been attacked by the Yin wind all year round, were actually not damaged at all. Instead, they were blown apart by the seven-colored air current!

The terror of the seven-colored air current was something that could be understood!

If it was hit by the seven-colored air current, even Su Yu's current body of a flower in the mirror would be reduced to ashes.

Boom —

Under the continuous attack of the seven-colored air current, the two sides of the canyon finally could not withstand it and collapsed.

In the huge smoke and dust, the giant rocks of the canyon collapsed, filling up the canyon that was filled with the cold wind all year round..

“Humph, Humph, Humph! You guys are exaggerating!” Miss Xiao Song raised her head proudly and waved her hand. She carried the seven-colored feather fan and strode through the ruins, passing through the abyss. “Let's Go!”

The bald young man flattered her from behind. “Following Miss Song is indeed not wrong. It's too easy.”

Miss Song did not stand on ceremony. She raised her nose. “There's something easier!”

Recently, she could not stand other people's horses. With a pat of her tail, she flew into the sky.

“Watch me!” Miss Song once again held the rainbow feather fan and waved it toward the distant sky.

Wherever the seven-colored air current passed, a crack appeared on the ground.

After a few breaths, when the seven-colored air current disappeared from sight, a violent rumble resounded in one’s ears, followed by a cloud of dust.

As expected, another canyon was destroyed by the seven-colored feather fan.

“Hahaha! What Cold Wind? Can it be compared to my seven-colored feather fan?” Miss Xiao song whined.

Su Yu frowned slightly. Such a dangerous thing could not be used recklessly.

He was thinking of teaching Xiao song from the side when Xia Jingyu said expressionlessly, “You’re in danger. It’s easy to put yourself in danger.”

No!

Su Yu immediately knew that things were not good. Xiao song’s brain was not like that of an ordinary person.

If she was not allowed to do anything, she had to do something.

If she tried to dissuade her directly, the result would often be the opposite.

“Hey! You’ve got my good side, yet you still want to talk about my bad side!” Sure enough, Miss Xiao song was like a cat that had stepped on its tail. She bared her teeth and said, “Fine! You Don’t want me to slap you like this, right? I insist on coming!”

Once her strange temper flared up, even ten cows could not stop her.

She picked up the seven-colored feather fan and fanned wildly a few times. Seven or eight strong seven-colored air currents rushed out in a row and rushed into the distance.

One seven-colored air current could already cause the earth to crack, let alone seven or eight?

The direct result was that the earth as far as the eye could see was actually lifted up by the hurricane created by the seven-colored air currents! ! !

A piece of land with a circumference of tens of thousands of miles rose up from the ground. A black mass soared into the sky and blotted out the sky and the Sun!

All that was left was a bottomless pit!

Hualala —

Countless small mountains were blown away by the hurricane and were thrown in all directions.

Among them, hundreds of small mountains were thrown in their direction uncontrollably.

Only then did Miss Xiao song realize that something was wrong. She stopped in a hurry and hid back. The bald youth rushed forward and blocked her behind him. “Miss song, be careful!”

At the same time, the Bald Young Man took out a golden whistle and blew at the incoming mountain rocks.

A powerful sonic domain rushed out and instantly shattered the mountain rocks.

However, the mountain rocks continued to fall like raindrops.

The bald young man blew continuously and shattered wave after wave of mountain rocks.

However, the mountain that came crashing down had no intention of stopping. The hurricane created by the eight streams of air was simply too powerful.

The bald young man's mouth was numb from the blow. His face was pale and his forehead was covered in sweat.

He was almost out of breath!

“Hurry Up! Hurry up and blow!”

“Can you do it or not!”

“Hey, Hey, it's coming!”

Miss Xiao song was so anxious that she stomped her feet and dodged left and right to avoid the scattered rocks. She was in a sorry state.

...

However, the danger was far more than just the rocks.

The real danger was the ten thousand li continent floating in the sky!

When the hurricane weakened and could no longer bear the weight, it would crash to the ground and destroy everything.

Xia Jingyu's expression was grave. If it really collapsed, even a late-stage great sage would not be able to withstand it!

"Retreat!" Xia Jingyu suggested while she took a step back first.

Miss Xiao Song did not dare to stiffen her neck. She carried the seven-colored feather fan and stuck out her tongue. She shrunk her neck and ran backward. As she ran, she turned her head and said to the bald youth, "Hold on for me!"

The bald youth's expression was bitter. Great Aunt, how could she hold on?

The trouble she caused, in the end, he still had to pay for it.

If he had known earlier, he would not have been so rude and flattered this great aunt. Now, everyone was about to be flattered to death.

He felt regret in his heart!

At this moment, he only hoped that the mountain would fall a little slower and give that great aunt more time to retreat so that he could follow closely behind.

...

What was scary came true!

Wuwu —

A loud whimper suddenly erupted in the sky. It was the air pressure caused by the weakening of the hurricane and the sinking of the ten thousand li continent.

“Oh my God!” Miss Xiao Song’s face was pale. She threw down the seven-colored feather fan and ran away with her head in her hands. She couldn’t care less.

The Bald Young Man’s face turned green. He couldn’t even whistle anymore. He turned around and ran as well.

Wu Wu Wu Wu Wu..

The pressure was getting more and more intense. They could almost see that the continent was falling rapidly, and its speed was getting faster and faster!

The initial pressure had already turned into a loud rumbling sound that could destroy everything in its path.

Raising his head, he saw that the continent was sinking too quickly, causing friction with the atmosphere. The entire area was burning red!

This scene was comparable to the impact of a giant meteorite.

Not to mention them, even a great sage advanced stage cultivator would be smashed into a pile of bones!

“Save me quickly, idiot.” Miss Xiao song was so frightened that her face had turned pale. She urged the bald young man.

The Bald Young Man’s face was filled with panic. He hurriedly said, “Hurry up and run. Just run out of the range of the continent.”

He was counting on him to save them. How could he save them?

Break the mainland into pieces?

Was that something they could do?

However, it was not easy to run out of the mainland's range.

Chapter 3147 - 3147 Chapter 3,035, lifting the restriction (second watch)

3147 Chapter 3,035, lifting the restriction (second watch)

This was because when it landed, it didn't return to its original position. Instead, it was affected by the direction of the hurricane, and it ruthlessly smashed towards their direction.

At this moment, Miss Xiao song really cried. As she ran, she cried out in a sorry state, "I don't want to die, I don't want to die..."

In the midst of panic, the continent finally pressed down on them.

With endless flames and an aura that could crush everything, it crashed down with a rumble! !

!!

Among everyone, the calmer one was probably Xia Jingyu. She was proficient in the fate domain and had already predicted that they would be safe.

The calmest one was Su Yu.

From the beginning to the end, he did not show any signs of panic. When the continent was about to engulf them, he looked left and right.

When he realized that no one was paying attention, he suddenly pulled out the heaven-severing sword!

Several types of energy in his body fused together. Moreover, under his request, the remnant soul on the sword hilt retreated and let go of the pressure on the heaven-severing sword.

Since the birth of the heaven-severing sword, its sword spirit had been restricted by the remnant soul. This was how Su Yu was able to control the heaven-severing sword freely.

The disadvantage of this was that the heaven-severing sword's power was also restricted.

Now, after Su Yu's cultivation soared and his soul underwent a drastic change, he was no longer the former Su Yu.

It was imperative to release part of the restriction of the Absolute Heaven Sword.

Whoosh —

The instant he released it, the Absolute Heaven sword was like a beast that was freed from its cage, struggling violently.

The sword hilt shook violently, trying to break free from Su Yu's hand and get rid of the restriction.

Su Yu, who was prepared, squeezed his palm and firmly held it. No matter how the Absolute Heaven Sword Shook, it was difficult to break free.

“Be obedient and accept your fate!” Su Yu silently chanted in his heart and immediately pulled out his sword to strike!

Chi —

The Absolute Heaven Sword that was released with its power was extraordinary!

A myriad of sword shadows materialized and suddenly appeared. Like a bolt of lightning in the world, they trembled as they streaked across the vast world!

The intense sword Qi was extremely piercingly cold. The turbulent airflow formed a powerful wind.

The wind was filled with scattered sword qi.

When it blew on a person’s face, it was bone-piercing pain. It was as if someone had used a sharp blade to ruthlessly scratch his face.

Rumble —

The most shocking thing was that the moment the ten thousand li continent was pressed down, it was cut into two by the shocking sword shadow! !

The two parts of the continent, with the Sword Shadow as the center, slid to the sides and collapsed.

Bang —

The earth shook violently, and the stars shook violently!

The entire vast land seemed to be shaking crazily.

When the continents collided with the continents, the impact was broken, and it almost destroyed everything!

Su Yu's expression was calm. He jumped up half of his body, held his sword, and swept it in all directions!

Chi Chi Chi —

Countless materialized sword shadows, with Su Yu as the center, swept in all directions.

If one looked down from the sky, one would be able to see an extremely stunning scene.

Numerous 30,000 feet sword shadows formed a materialized silver-white circle.

In the center of the circle, there was an empty spot, and the rest were all airtight.

The shock waves that swept over from all directions were all wiped out completely under the dazzling and dense sword shadows.

When the shock waves dispersed, the sword shadows disappeared without a trace.

Other places were devastated, but the land covered by the sword shadows was unscathed!

One was destroyed, while the other was unscathed.

The contrast between the two was even more eye-catching.

This sword attack was too powerful!

It was enough to wipe out most of the great sage advanced stage experts!

Clang —

Before the dust settled, Su Yu had already quietly returned his sword to its sheath.

Miss Song, the bald youth, and Xia Jingyu were surrounded by the dust. They could not see each other at all, much less Su Yu's action of withdrawing his sword.

"What happened? We didn't die?" Miss Song touched her face and pinched the bald youth. The latter cried out, "Be gentle, we didn't die."

Miss Song's eyes were filled with disbelief. She waved the air nearby to disperse the smoke and dust.

In the hazy smoke, she saw Su Yu sneakily running over from outside.

"Dog Su, did you see what happened just now?" Miss Song asked, still in shock.

Su Yu looked like he had survived a disaster. He shook his head like a rattle-drum. "I was so scared that I didn't even dare to open my eyes. How would I know what happened?"

"Trash! You didn't even dare to open your eyes. Can you be any more cowardly?" Miss Song was furious when she saw Su Yu's useless look.

Su Yu quickly covered his head and said aggrievedly, "But I just saw that you also closed your eyes. Your Head was still facing the ground, and your buttocks were facing the sky. You even called me 'Mommy'."

...

Miss Song's expression immediately froze. She randomly and fiercely pinched Su Yu's arm. "You Damned Dog. In such a critical moment, you actually had such a serious hallucination!"

"I'll ask the famous doctor to treat you after we get out!"

Speaking of shamelessness, Miss Song was no worse than anyone else.

She looked at Xia Jingyu with a cold expression and asked, "What about you? Did you see it?"

Xia Jingyu shook her head. “The situation was too critical at that time. I didn’t have time to care about it.”

She looked at the devastation hundreds of thousands of feet away and said, “However, we weren’t lucky. It was an expert who helped us.”

Miss Song followed her gaze and took a deep breath. “I’ll Go!”

The land 30,000 feet away was destroyed. It was either scorched earth, fire, or a deep pit. None of it was intact.

However, the area 30,000 feet away from them was intact!

The most incredible thing was that they were at the center of the continent’s fall. Theoretically speaking, they should have been destroyed even more severely.

However, they were strangely safe and sound.

...

“Miss Song, look at the Continent!” The bald youth seemed to have discovered something and was shocked.

Xia Jingyu and Miss Song looked over and were all shocked.

They saw that the continent had been divided into two pieces. The pieces were so neat that they looked like incisions!

However, the first to speak in shock was Su Yu, who had dispersed the suspicions. “My God! Who Did This? He’s too strong! He’s simply going against the Heavens!”

Miss Xiao song was stunned. “Could it be that someone split the continent apart with a single sword?”

Xia Jingyu touched her face. Traces of pain could be felt faintly. Her gaze was sharp. “Yes, and the other party used a sword to protect us from the Shockwave.”

Her gaze shifted between the bald youth and Su Yu.

The time she spent on Su Yu was obviously longer.

“Who is it?” Miss Xiao song immediately stared at Su Yu.

Just as she said before, she and the bald youth knew each other very well. How could she not know how powerful the other party was?

As for Xia Jingyu, she had never heard that this woman was proficient in swordsmanship. Moreover, it was such a terrifying swordsmanship.

The biggest suspect was undoubtedly Su Yu.

“It was me!” Su Yu licked his face and rubbed his hands with a smile. “Master, I saved your life and everyone’s lives. Can’t you give me some rewards?”

“For example, the energy in the VAT from before, is there any more?”

“Hey, why is Your Face Dark? Is it soot?”

“Why are you staring at me? Is there sand in your eyes?”

Chapter 3148 - 3148 Chapter 3036, monopolizing the fan (Third Watch)

3148 Chapter 3036, monopolizing the fan (Third Watch)

“Why did you make a move?”

Miss Xiao Song raised her fist and fiercely hammered it over. “Damn you! How dare you claim credit for yourself?”

“I don’t know what you’re capable of?”

She was just like that. If Su Yu denied it, she might be suspicious.

!!

However, if Su Yu shamelessly admitted it and asked for benefits, she would immediately dispel her doubts.

“If you’re so powerful, then I’ll be the Emperor!” Miss Xiao Song was extremely disdainful of Su Yu. “Seriously, what’s wrong with my brain? Why did I bring you in as a protective beast?”

Su Yu laughed. “Haha, I’m still very useful. Master’s choice wasn’t wrong.”

Miss Xiao Song rolled her eyes. “Stop talking nonsense. Help me find the fan.”

Su Yu was stunned. “Didn’t you take the fan yourself?”

Of course, Miss Xiao Song would not say that she threw the fan away when she was running. How embarrassing would that be?

“When I was in trouble just now, in order to protect the fan, I inserted it into the ground.”

“Why did you insert it into the ground? Wouldn’t it be more easily damaged that way?”

“That... that’s because... the seven-colored feather fan needs to be protected like this!”

“That’s not right. It’s a good dao artifact. Wouldn’t it be damaged if it were knocked?”

“Dog Su! ! Why are you talking so much nonsense? I told you to look for it. If you ask any more questions, I’ll cut off your tongue!” Miss Xiao Song was scared out of her wits.

Su Yu quickly said, “Okay, okay, okay. I’ll look!”

The group of four searched around the area for two hours, but they found nothing.

“That’s weird. I clearly lost... Oh, cough, it was inserted near here. How could it be missing?”

The bald young man ran over and said breathlessly, “I looked around too. There’s nothing.”

Xia Jingyu shook her head calmly. “I didn’t find anything.”

Su Yu was still bending over to search. He waved his hand and said, “Are you sure it was inserted here? I can’t find it.”

“That’s impossible!” Miss Xiao song was anxious. “Let’s Look Again!”

Two hours later, they had already dug three feet into the ground and searched the area within ten thousand miles. There was no trace of it.

“Even if it’s destroyed, there should be some broken pieces, right?” Miss Xiao song was suspicious. “Moreover, what kind of treasure is the seven-colored feather fan? A meteorite might not be able to break it.”

Su Yu quickly exclaimed, “Oh my god, could it be that the powerhouse who attacked took the seven-colored feather fan?”

That’s right, it was that powerhouse.

Yes, it was Su Yu.

After sheathing the sword, they saw the dust on the ground. Before they could regain their senses, Su Yu sneakily went over and put away the seven-colored feather fan.

How could he not miss such a good treasure?

Miss Xiao Song immediately flew into a rage. She stomped her feet and pointed at the sky as she cursed, “D * MN! You B * Stard, you stole my treasure. If you have the ability, don’t let me find out!”

“Otherwise, I’ll take you to the Yihong Courtyard!”

The bald youth added, “What if the other party is a man?”

“A man, then cut off his eggs and fry them raw for the dog. Oh right, I want them fried on both sides. My Dog likes to eat fried on both sides.”

Su Yu could not help but clench his legs. He thought to himself, “You Little Devil, Sooner or later you’ll get your retribution! Lightning is the lightest punishment!”

After the curse was over, Miss Song could only glance around in pain. Then, she hardened her heart and continued forward. “Let’s go, let’s continue.”

Su Yu’s eyes lit up. “But there are still many valleys ahead of us. Why Don’t we forget about it and go back? We’ve lost all our treasures. If we go back, won’t we die?”

“Hey, you stupid dog. Are you looking down on me?” Miss Song bared her teeth and took out a jade bottle from her spatial storage.

“Do you see it? This is the most famous nine yin heavy water of the nine star civilization. It is known as the heaviest water in the world. Even a drop of water can crush a seven star civilization.” Miss Song said, “With this kind of water, what’s there to be afraid of?”

Su Yu’s eyes could not be any brighter. “Oh, OH, then I’m relieved.”

“Why are your eyes so bright?”

“When the wind blows on your eyes, there are some tears. They reflect light.”

“Oh, I thought you were thinking about my baby.”

“Ahem... I wouldn't dare.”

“I know you wouldn't dare. You're such a coward, HMPH!”

Miss Song regained her fighting spirit and led the way. The bald young man followed closely behind, and finally, Xia Jingyu.

When she passed by Su Yu, she paused for a moment and opened her red lips slightly, saying, “It's best not to touch the Song family's things. It's very dangerous.”

“Moreover, it's ultimately not good to lie to a little girl.”

Su Yu's face turned red. He knew that even though he had lied to Miss Song and the Bald Young Man, he had not lied to Xia Jingyu.

“Ahem, that's for everyone's safety. If she waves her fan a few more times, we'll all be finished. I'm saving the fan for her now, but I'm just saving it.”

Su Yu spoke fluently, but he did not believe it himself.

He still wanted to return the thing in his hands?

Wasn't that breaking his principles?

Xia Jingyu pursed her lips into a smile and did not say anything more, acquiescing to Su Yu's actions.

The seven-colored feather fan, held by Miss Song, was indeed very dangerous.

...

Thus, the group set off again.

That nine yin heavy water was indeed worthy of being called the first heavy water of a nine-star civilization.

Every time they came to the edge of the cliff, a drop of water would press down on the bottom of the cliff, causing the bottom of the cliff to Rumble. Even the canyon collapsed as a result, and the cold wind inside would naturally be suppressed.

With the seven-colored feather fan as a lesson, Miss Song also became much more cautious and did not use it recklessly.

She only used one drop of water for each canyon, and definitely did not use it too much.

They proceeded forward without any danger. When they crossed nearly ten thousand ravines, a lush black forest came into view.

Roar —

A faint beast roar fell into everyone's ears.

Miss Song's expression tensed. She immediately took out a map and compared it. She said somewhat excitedly, "We've entered the second treasure area. Ferocious beasts run rampant here and are extremely xenophobic. There are also ferocious beasts in the late-stage of the Great Sage realm everywhere."

As long as the magic treasures in the first treasure area were strong enough, they would almost be able to pass through smoothly.

However, the second treasure area was fraught with danger. If they were careless and were attacked, no matter how many magic treasures they had, they would not have the chance to use them. They would be finished.

...

“I suggest that we just search for something useful nearby. Going deep into the second treasure area is definitely not a wise move,” Xia Jingyu said calmly.

Miss Xiao song was extremely stubborn. “I have to go!”

She took a step forward and crossed the last canyon, officially entering the second treasure area.

Su Yu walked at the back, feeling very relaxed.

He felt no pressure at all in the second treasure area.

Just as he was about to follow Miss Xiao song, Su Yu suddenly caught a glimpse of an unusual set of footprints.

These footprints were not far from where they stood.

The footprints were clear and undamaged. It could be seen that they were not far from where they were standing.

Someone was here first?

Was It Yunfan City?

No!

Yunfan city was alone. It was definitely not as fast as them.

But if it wasn't him, then who was it?

One had to know that they were the first batch of people to enter. No one should be faster than them. (update at 12 o'clock)

Chapter 3149 - 3149 Chapter 3,037, Strange Stone Statue (fourth watch)

Su Yu probed, "Are we the only ones who can enter the sinkhole?"

Miss song tilted her head and rolled her eyes. "Are you stupid? There's only one entrance to the sinkhole, and we were the first to enter. Apart from us, who else can enter?"

"There's no second entrance?" Su Yu asked.

Miss song shrugged. "If you can find the second entrance, then consider yourself capable."

!!

There were so many peerless experts and so many years, but they still could not find another entrance to the sinkhole imperial lord. Su Yu's lips moved up and down, and one appeared?

Su Yu was silent.

That was too strange!

There was only one entrance, and they were the first to enter. How could anyone surpass them?

It was really strange!

However, the clear footprints could not be faked.

Su Yu engraved the footprints in her heart and followed Miss Xiao Song into the second treasure area.

“Although it’s a dangerous place, the treasures here are not like the first treasure area where we can’t find a single hair. When we pass by, we can still find some if we are more careful.” Miss Xiao Song was eager to try.

It was obvious that this was her first time participating in a large-scale adventure, so she was especially excited.

Su Yu also became serious.

He was very curious about what treasures were left in the tomb of the sinkhole monarch.

“Be careful, there seems to be someone in the grass.”The bald youth looked around and suddenly saw a figure in the grass.

Miss Song immediately took out a small bow. Although its grade was not as high as the useless cauldron and the seven-colored feather fan, it was still an ancient Daoist artifact second only to them. Its power was astonishing.

Su Yu was looking over when Xia Jingyu slowly said, “It’s just a stone statue.”

A stone statue?

The bald youth came forward and pushed the grass aside. Only then did he realize that it was really a white stone statue that was half buried in the soil.

The surface of the stone statue was covered with dense vines, and it was covered with traces of the passage of time.

“Yi, there are still stone statues ahead. Some of them are broken.”The bald young man looked over and discovered that there were stone statues everywhere in the grass.

They were lying there in a mess. Some were broken, some were complete, but they were all very old.

Su Yu walked over and took a look. He couldn't help but wonder why there were so many stone statues in this place that should be uninhabited?

After thinking for a while, Su Yu opened his clairvoyance and swept his gaze around. His pupils couldn't help but constrict.

The place he saw, whether it was the mountain in the distance or the stones under his feet, was filled with countless stone statues without exception!

No!

To be precise, the second treasure area he saw was actually formed by the accumulation of stone statues.

It was just that after years of accumulation, dust had accumulated and formed into soil, burying them underneath.

“Strange!” Miss Song hopped to the front of a stone statue and walked up to observe it closely. “These stone statues are really lifelike. Look, even their clothes are all different.”

Wasn't That So?

The clothes, accessories, hairstyles, and expressions carved on the surface of the stone statues were all different.

Moreover, the appearance, stature, and height of the stone statue were all different.

“Why do I Feel Like They’re alive?” Miss Xiao song muttered.

The speaker did not mean it, but the listener did. Su Yu was thousands of years old, and he shattered the stomach of a stone statue. The result frightened Miss Xiao song and the others so much that they hurriedly retreated.

After the stone statue’s stomach was cracked open, the petrified intestines were revealed!
!

No matter how brilliant a stonemason was, it was impossible for him to carve out the intestines and stomach of the stone statue!

The only explanation was that they were really transformed by living people.

“It was done by the sacred mountain,” Xia Jingyu said calmly. “In this world, the only person who has the ability to transform living creatures into stone statues is the sacred mountain.”

Su Yu shook his head lightly. “No! The sacred mountain can indeed transform living creatures into stone statues, but they are still living stone statues, and they are still living creatures. The things in front of me have all turned people into dead things in an instant.”

His gaze swept across a few stone men with frightened faces.

There was no pain, only fear.

This meant that the change was only in the span of a night.

This was definitely not the transformation of the stone men of the Sacred Mountain, but a massacre!

Xia Jingyu could not help but look at Su Yu. Miss song looked at Su Yu curiously. “You suddenly became smarter, and You Already Know This?”

Su Yu quickly smiled. “No, no, I’ve heard it from others.”

“That’s more like it.” Miss Xiao song snorted and waved her hand. “Let’s not care about these stone men. Let’s just leave them to their deaths.”

Could they really not care?

They really could not!

To reach Miss Xiao Song's destination, the third treasure trove area had to cross the second treasure trove area.

Crossing it meant crossing the Black Forest in front of them.

It was strange that the trees in the Black Forest were all straight towards the sky, but they did not grow leaves, flowers, or fruits. They were like thorns, straight towards the sky.

Walking inside, there was an indescribable sense of strangeness.

What was even stranger was that other than the stone statue of a person, there was also a stone statue of a fierce beast.

...

A fierce beast with its four legs facing the sky was full of fear, and its four limbs were grabbing towards the sky.

Su Yu raised his head to look at the sky. The dark sky above should be the top wall of the tomb, but it was completely undamaged.

However, the stone statue of the ferocious beast before him seemed to have fallen from the sky.

What was most noticeable was that the stone statue of the ferocious beast was different from the other stone statues. It was very new.

It was not more than twenty years old at most, and was very different from those stone statues that were mottled by the passage of time.

“Wow! It’s a sabertooth dragon elephant. With such a big body, it should be at the late stage of the Great Sage Realm, right?” Miss Xiao song said in surprise, “TSK tsk, what a pity. If it becomes a stone statue, it won’t be able to collect even a single hair.”

She didn’t realize the problem at all!

They continued to go deeper.

Another huge stone statue came into view. It was still a stone statue, and it was very new. At most, it would take less than two years.

What caused Miss Xiao Song's expression to change was that there was a huge bite mark on the back of this demonic beast. It should have been eaten by something before it was petrified.

"This... something isn't right. The clan didn't record this," Miss Xiao Song said.

...

The bald youth looked around uneasily. "The clan didn't record it. It's not just the stone statues. Have you heard of this Black Forest?"

"No," said Miss Song.

The Ten Thousand Paths Canyon in the first treasure zone did not match the records at all, so she did not care if this Black Forest did not match the records.

The sinkhole imperial tomb was changing rapidly. Who knew what had happened without anyone?

“However, there’s no way out. We can only cross this place,” insisted miss song as she led her people forward.

Two hours later.

They arrived at an open area. There were countless black trees here, and one of the areas with a diameter of 100 kilometers was even more spacious.

In that spacious area, there were seven to eight stone statues of ferocious beasts lying in a mess.

What was hard to ignore was that these stone statues were all extremely fresh!

They had existed for at most one day!

What made people shudder was that the strength of the ferocious beasts were all at the late stage of the Great Sage realm!

Chapter 3150 3038, Half-Human, Half-Snake

Miss song shrank her neck, finally realizing the danger.

"Do we still need to go deeper?" Xia Jingyu said quietly, "We haven't even entered the core area of the second treasure area yet."

They had only entered one-third of the area at most.

"Go in!" Miss song braced herself. She didn't know what magical thing was in the third treasure area that was worth her going at all costs.

"No matter what price I have to pay, I must go there." Xiao song steeled her heart and took a step forward, ready to leave.

At this moment, Xia Jingyu's hands, which were hanging by her sides, suddenly trembled.

A strange light red color surged out of her eyes.

She quickly said, "Quick, hide. It's dangerous."

Xiao song pouted and was about to retort when the bald youth lowered his voice and said, "The goddess race is good at divination. She must have discovered some danger."

Only then did Miss Xiao Song find a place to hide unwillingly.

However, the entire Black Forest was bare. How could there be a place to hide?

Moreover, there were few forests here and there was no shelter to speak of.

It was Su Yu who reacted quickly. He pointed at the demonic beast stone statues on the ground and said, "Open the stone statues and go in alone!"

Everyone's eyes lit up. The bald young man took out a set of Sawteeth and easily cut open the stomach of a demonic beast stone statue. The four of them immediately went in and hid inside.

Just as they were about to hide inside, they suddenly heard a strong gust of wind outside.

The others were unable to probe the situation outside through the stone statue. Su Yu's eyes flashed and he used his clairvoyance to observe the situation in the sky.

When he saw it, the corners of Su Yu's eyes twitched.

In the sky, a strange creature with the upper body of a woman and the lower body of a snake was flying over with a demonic beast statue wrapped around it.

A thousand feet away from the ground, the strange creature loosened its grip and threw the demonic beast stone statue down.

Then, it immediately turned around and headed in the direction it came from.

Before leaving, Su Yu vaguely heard the other party underestimate him. "Divine eye... is courting death."

What Divine Eye?

What was that half-human, half-snake thing?

After it left, everyone left the belly of the stone statue without any danger. They could only see an additional stone statue on the ground and did not know what it was.

Before it left, it said something else.

"This is a heaven devouring squid that is about to evolve to the peak of Great Sage." Xia Jingyu recognized it and said, "This beast was destroyed ten eras ago. I didn't expect there to be another one in the sinkhole tomb."

"This is unbelievable!"

The bald youth's pupils constricted. "Are you saying that the heaven devouring squid has the strongest defense ten eras ago?"

His expression was uncertain. "I heard that the sky-devouring Squid's defense is unparalleled in the world. Even a ten thousand sage level expert wouldn't be able to harm the sky-devouring squid. Yet... It died just like that, and it just died."

Even the bald youth began to back down. "Miss, why don't We Forget About It? I have a very bad feeling about this."

Miss Song also felt afraid. With her delicate temperament, logically speaking, she should have backed down, but she didn't.

"Continue!" Gritting her teeth, Miss Song said, "Dog Su, why are you always walking behind me? Come Here!"

She called Su Yu over. Then, she grabbed his sleeve and said, "Lead the way!"

Su Yu rolled his eyes. You were the one who wanted to continue, so why are you pulling my sleeve?

"This way!" Su Yu looked in the direction that the half-human and half-snake had left and chose another direction to move forward.

Two hours later.

Su Yu estimated that they had completely left the place where the half-snake and half-human had left the stone statue and heaved a sigh of relief.

"Where are we?" Su Yu asked.

Miss Xiao song said, "Even the map is useless, how would I know where I am? Maybe I'm in the enemy's nest..."

Before she could finish, Su Yu covered her mouth. "Please don't Say Anything!"

This little mouth of hers had never said anything good.

Roar --

Suddenly, a huge beast roar was heard.

They turned their heads to look and saw a huge, fat, rat-shaped demonic beast leap out from the bushes in the distance.

This was a demonic beast rarely seen on the continent. It was extremely ferocious.

Its strength had reached the late-stage of the Great Sage realm.

"Miss, step back."

The bald youth swallowed hard. Even if his entire body was full of treasures, facing a late-stage great sage was not an ordinary danger.

As he spoke, the bald youth took out a blade-shaped talisman and threw it into the sky.

Clang --

After the captive exploded, hundreds of giant black sabers rushed out in the form of light and shadows. Then, they stabbed towards the giant demonic beast.

Ding Ding Ding --

What shocked the bald youth was that the captive's attack power was at the late-stage of the Great Sage realm.

However, this demonic beast, which did not look very tough, actually used its soft fur to block all the attacks.

"Quick, Dodge!"The bald youth roared and dodged first.

Xia Jingyu, who was beside him, flicked her fingers continuously. A domain needle from the goddess tribe stabbed towards the rat demonic beast's eye.

The mouse glanced at it with anthropomorphized disdain. It closed its eyelids gently and the domain needle hit the eyelid. It actually shattered into fine fragments of the domain.

"What kind of monster is this?"The bald youth was shocked.

The so-called domain needle was when an expert compressed the domain into a needle.

Usually, the power of such a needle was no less than a late-stage great sage attack. It was very difficult for the late-stage great sage Demon Beasts in the outside world to withstand it.

But what about the demonic beasts in the sinkhole Emperor Tomb?

They could block it with their eyelids!

The eyelids were one of the most fragile skin on humans and other creatures. No, it was not even skin.

But even so, the eyelids of this mouse demonic beast were so hard that it made one's hair stand on end.

"Watch me!" Miss Xiao Song pinched the jade clear bottle and opened the bottle's mouth. She poured the nine yin heavy water into the mouse.

Su Yu wanted to say no, but it was too late.

The rat was only defending and did not even use its innate ability. It might not be wise to use a special magic treasure like the nine Yin heavy water.

As expected!

A few drops of the nine yin heavy water were poured on the rat. When they were about to hit the rat, a layer of smooth light that looked like a mirror flashed past.

The nine yin heavy water that was about to hit the rat flew back at an even faster speed and hit them.

They had seen the power of the nine yin heavy water before. Even the canyon had collapsed, let alone a body of flesh and blood?

Things had developed too quickly. Even Xia Jingyu's divination was not able to take effect in time.

The four of them were instantly enveloped by the shadow of death of the nine yin heavy water!

"Ah!" Miss Xiao song screamed in fear and closed her eyes in fear.

Xia Jingyu and the Bald Young Man's faces were pale as they watched the nine yin heavy water flow towards them!

At the critical moment, Su Yu immediately used her spatial domain.

A ball of red light wrapped around the rat and teleported in front of Su Yu and the others, blocking the nine yin heavy water.
