

THE DIVINE NINE-DRAGON CAULDRON

Chapter 3161 - 3161 Chapter 3,049, free gains

3161 Chapter 3,049, free gains

He slapped the ground and roared, "You cheated, it doesn't count!"

His body jumped up and turned into a blur as he rushed over.

The distance between the two was less than a hundred feet. For an expert of this level, it was less than a tenth of a second.

The sky-covering Patriarch's expression changed and he berated, "You don't keep your word!"

!!

As he said this, he retracted his hand that was grabbing the Beast Egg and changed it to attacking the reincarnation King!

PA —

The two of them attacked each other directly. Furthermore, in order to snatch the Beast Egg, the reincarnation king had already broken the tacit agreement and used the power of the quasi-ten thousand saints.

The sky-covering patriarch was caught off guard. He only used his body and was directly hit until he staggered.

The Reincarnation King took the opportunity to grab the beast egg, but the sky-covering patriarch was not jealous. He roared, “Use Your power, right? Alright, Watch and die first?”

His face was ferocious as he spat out an obscure ancient syllable.

Ah!

The Reincarnation King was hit at close range and screamed in pain.

The overwhelming patriarch kept on chanting and casting curses, each of which were extremely deadly and vicious curses that could kill people.

“Are you serious?” The Reincarnation King’s killing intent rose. He completely let go of his hands and feet, risking the danger of dying from the curse to launch a full-force Attack!

When the quasi-ten thousand saints attacked each other with all their might, the momentum was quite great.

The mountains in all directions were instantly razed to the ground.

The Beast Egg was also affected by the intense shockwave and was sent flying into the distance.

Noticing this scene, the sky-covering patriarch and the Samsara King didn’t have the time to care about it. Instead, they were thinking about how to kill the other party in a short amount of time.

Since there was no one else here, the Beast Egg wouldn’t be picked up by anyone.

Gulp —

The Beast Egg, which was originally charging toward the south, seemed to have sensed something and changed its direction, flying toward the north.

Then, it landed in front of Su Yu with extreme precision and rubbed its body intimately.

Su Yu and Miss Song were currently in stealth mode. Logically speaking, no one should be able to see him.

How did this beast egg find Su Yu so accurately.

Moreover, it was so intimate?

Even when the reincarnation king and the forefather of the heavens took out the items from the creation era, they were not able to make the beast egg so excited.

There must be some reason behind it.

Suddenly, Su Yu slapped his forehead. He had almost forgotten that the scales of the Ten Thousand Saints Beast were in Su Yu's hands?

He didn't care if it was an ancient artifact that could split the heavens and earth, or if it was a sleeping memory of an ancient bloodline.

How could it be more familiar than its father's scent?

Su Yu couldn't help but burst into laughter. Those two fellows had risked being killed by the Ten Thousand Saints Beast and Nu Yi to snatch the beast egg with great difficulty.

In the end, all of it was given to Su Yu!

"You two old geezers, you also have this day. The Beast Egg can be considered as your repayment of interest." Su Yu naturally didn't stand on ceremony as he put it away and stuffed it into an interspatial ring.

Then, without any hesitation, he turned around and stuffed it into Miss Xiao Song's hand. "Take it."

Miss Xiao Song's face was filled with confusion. From the Beast Egg's unexpected landing in front of Su Yu's feet to Su Yu stuffing it into her, it only took a few seconds.

"Give... Give It to me?" Miss Xiao Song was a little stunned. "But the Beast Egg is here to find you."

Su Yu did not care about the Beast Egg. He waved his hand. "Your goal is the Beast Egg. Of course, I'll give it to you."

Miss Xiao song said in surprise, “Didn’t you hear what they said? This beast egg can make a quasi-ten thousand saint expert give up his entire family. Its value is very likely at the ten thousand saint level.”

Su Yu did not care at all.

Yes, it could indeed grow to the ten thousand saint level, but how long would it take?

A year, a thousand years, ten thousand years, or an era?

Only those super factions that could exist for several eras could nurture such a thing.

Forget about him. He didn’t have the time or energy.

“Didn’t we come all the way here just to find the Beast Eggs for you? What are you waiting for? Quickly hide them and leave,”Su Yu said.

Miss song looked at Su Yu with eager eyes. This was the first time she felt that Su Yu was so reliable.

When everyone left, including the bald youth who accompanied them, Su Yu was the one who took the initiative to step out and follow them.

For a moment, little song's heart was filled with warmth.

"Ergou, you're too good to me." Miss Song said with tears in her eyes, "I'm sorry for being too fierce to you in the past."

Thinking back to the past, Miss Song regretted being too unfriendly to Su Yu while the other party treated her so loyally.

When she thought of this, she could not help but feel ashamed.

Su Yu was not in a good mood. He wiped her tears and said, "Why are you crying? This is my duty."

Although Miss Song was simple-minded, her heart was as clear as a mirror.

How could Su Yu have the duty to accompany him to the depths of the third level?

He could not have come, but he still followed. Moreover, he did not covet such a Precious Ten Thousand Saints Beast.

...

“Dog two, when we return to the song family, don’t leave. Can you stay and accompany me?” Miss Song really liked Su Yu.

Of course, it was not the love between a man and a woman, but the love of attachment.

Su Yu sighed silently in his heart. “Another girl who lacks love.”

He was too lazy to respond. He held her hand and said, “Let’s talk about it when we return alive.”

Just as he was about to go back, Su Yu suddenly felt his heart contract. A huge danger was approaching.

The lines of fate in front of his chest fluctuated, filled with endless changes.

“There’s Danger!” Su Yu’s heart beat faster. The hair on his body seemed to sense danger, and they all stood up.

It had been a long time since he had encountered such danger!

He looked in the direction he had returned to, and then in the direction further away from Emperor sinkhole. Su Yu gritted his teeth and said, "Follow me!"

If he had not misheard, they had said that there was a teleportation array in the sixth level of the sinkhole imperial tomb that allowed him to leave.

"Ah! Why are we going that way? If we go any further, we'll reach the fourth area." Miss song was pulled by Su Yu as they ran.

...

Su Yu said, "Believe me, the path we're on is even more dangerous."

The gushing sky patriarch and the Samsara King were locked in a fierce battle. If you want my life, I want you dead.

"Wait! Stop!" All of a sudden, the gushing sky patriarch said.

The Samsara King actually stopped, and his expression became unusually solemn.

They, who were about to reach the ten thousand saints realm, were extremely sensitive and immediately noticed the changes in the atmosphere.

“Let’s leave this place. The fluctuations from our battle have attracted the Ten Thousand Saints Beast.”The sky-covering patriarch was somewhat regretful.

If he had known this would happen, he would not have agreed to the match.

He quickly searched for the Beast Egg, and the reincarnation king also quickly searched.

They did not know that their beast egg had already been taken away by Su Yu.

After searching for an incense stick, the dangerous aura was getting closer and closer, but they did not find the Beast Egg at all.

“Where did it go? I clearly saw the beast egg drop in this direction.”

“That’s not right. Where did the Beast Egg Go?”

Chapter 3162 - 3162 Chapter 3050, origin of ten thousand ice

3162 Chapter 3050, origin of ten thousand ice

With their cultivation, they had already dug three feet into the ground, but there was no sign of the Beast Egg. It was as if the other party had disappeared into thin air.

“Did you take it away?”

“Which eye did you see? I didn’t even have time to fight with you, and you still have time to take the Beast Egg Away?”

The Reincarnation King’s face was gloomy. He looked around unwillingly.

!!

Roar —

Until a faint roar came, the reincarnation King's body stiffened, and his face was extremely ugly, "Sure enough, the Ten Thousand Saints Beast has returned!"

"I don't want the Beast Egg, you can stay and search." No matter how unwilling the reincarnation king was, he could only choose to run.

Otherwise, not to mention the beast egg, even his life would be lost.

But the overwhelming patriarch ran faster than him, "Let's settle this when we get out."

The direction he chose to escape was not somewhere else, but a deeper region.

"HMPH!" The Reincarnation King was afraid of falling behind and becoming the lowest existence, so he quickly used all means to escape.

After the time it takes for an incense stick to burn.

The Ten Thousand Saints Beast, which covered the sky and covered the Sun, finally returned.

It crouched at the place where Su Yu had stayed, sniffed hard, and let out an earth-shattering anger.

Its roar contained a destructive power that instantly shattered the fragments of the continent beneath its feet into particles.

The aftermath of the huge roar swept through the entire emperor tomb with the force of lightning, causing almost all the living beings in the emperor tomb to hear it.

Those who were rushing towards the second treasure area hurriedly retreated.

Meanwhile, Xia Jingyu and the bald youth both stopped in their tracks and looked behind them.

They were very lucky and wisely avoided the path that the Ten Thousand Saints Beast had taken before. That was why they did not run into it.

Otherwise, they would have been dead by now!

Xia Jingyu and the bald young man's eyes were filled with worry. If the Ten Thousand Saints Beast returned, not only would Su Yu and Miss Song Be Safe and sound.

At that time.

Even Su Yu and Miss Song, who had escaped far away, could hear the ten thousand saints beast roaring behind them.

“The fourth treasure area is up ahead.” Miss Song finally understood what Su Yu meant when he said that there was more danger behind them.

It was the Ten Thousand Saints beast that had sensed the battle between the two quasi-ten thousand saints, so it roared and turned back.

“Those two idiots.” Miss Song gnashed her teeth in hatred. Wasn’t this courting death?

Suddenly, Su Yu said, “The fourth treasure area is up ahead, right?”

Miss Xiao Song looked up and her pupils constricted slightly. “Yes!”

At the end of the continent fragment was a colorful world of nothingness.

From afar, one could feel the hallucinations coming from inside. If one entered, the probability of losing oneself due to the hallucinations was very high.

“I remember that my family said not to enter the fourth treasure area easily. Unless one’s cultivation has reached the quasi-ten thousand saints level, one can not think of coming out again.”

Miss Xiao song said, “The light inside can cause one to fall into a huge dream and never come out again.”

“The fourth level can be said to be a forbidden area below the quasi-ten thousand saints level.”

She felt the destructive aura coming from behind her, and her eyes could not help but be filled with deep worry.

She could not go in the front and could not go back at the back. She was really in a dilemma.

Unexpectedly, Su Yu did not say anything and directly pulled Su Yu into the fourth treasure area.

“Ah! Don’t go in, don’t...”

However, she was already brought in without any explanation. Miss Xiao song was so scared that she screamed. However, the hallucination that she imagined did not appear. Instead, an extremely warm energy wrapped around her, preventing her from being affected by the hallucination.

She opened her eyes and was shocked to find that there was a layer of soul power covering her body.

There were faint golden spots of light within the soul power.

“Quasi-ten Thousand Saints’ soul?” Miss Song widened her eyes in disbelief.

Following the source of the soul, her mind went blank when she looked over.

“You... you are a quasi-ten thousand saints’ Expert?” Miss Song was at a loss.

She was well aware of Buttfacet’s strength. How could his soul be so powerful?

“I’ve just cultivated some souls. It’s no big deal,” Su Yu said briefly.

Miss Song, on the other hand, said arrogantly, “Humph! Do you really think I’m Stupid? How could an ordinary person cultivate their soul to a level eighteen streets above their cultivation level?”

She looked at Su Yu suspiciously. “To be honest, are you a member of the Soul Saint Clan?”

Ever since Su Yu had entered the depths of the third treasure trove with her alone, she had felt that Su Yu was different.

She was completely different from her previous stupidity, greed, and incompetence. There was always an indescribable quality about her that gave people a deep feeling.

“If I’m a member of the Soul Saint Clan, why should I Be Your Guardian Beast?” Su Yu asked.

Miss Song replied, “That’s true. After all, the eight great saint clans are on par with our song clan in status.”

‘Eh??’

Su Yu’s heart trembled violently. He had always wondered what kind of status the song clan had.

He had never thought that it was a super force that was comparable to the eight great saint clans!

...

No wonder there were so many treasures in his body that he could not even count them.

Su Yu remained calm as he led Miss Song through the fourth level unimpeded.

There were no more demonic beasts that could survive in this area. The only threat was hallucination.

However, it didn't affect Su Yu, whose soul had reached the quasi-ten thousand saints realm.

Not long after.

The Great Grandmaster and the reincarnator King broke into the fourth treasure area one after another.

After half a cup of tea.

The huge ten thousand Saints Beast broke into the fourth treasure area.

Its entry caused the entire fourth treasure area to shake. Wherever it passed, the hallucination would dissipate, causing a huge commotion.

Su Yu's expression changed, and a worried look appeared in his eyes. "We're already very close. We have to head to the sixth treasure trove as soon as possible."

The teleportation array there might be the only way out.

...

Otherwise, they would be like the many demonic beasts they had seen along the way, all brutally slaughtered.

Facing an enraged Ten Thousand Saints Beast, there was no room for explanation.

Sou —

Two hours later.

Finally, they crossed the fourth treasure trove.

In front of them, after leaving the multicolored psychedelic world, a blue world appeared.

There, the sky and the earth were of the same color, as dreamy as the clear sky.

“Fifth Treasure Trove, this is the quasi-ten thousand Saints Forbidden Zone,” Miss Song said. “This is the coldest place in a nine-star civilization. It contains ice that was born during the creation of the world, commonly known as the origin of ten thousand ice

“Even if the ten thousand saints are inside, they must be careful not to touch the origin of ten thousand ice.”

Ice?

Su Yu looked over, but he couldn't see any ice.

While thinking, he took out a level six dao artifact and threw it into the fifth treasure Trove.

After crossing the boundary between the fourth and Fifth Treasure Trove, the Dao artifact was immediately covered with a layer of frost, and then fell to the ground.

What made Su Yu's heart jump was that after it fell to the ground, the Dao artifact broke into pieces and turned into pieces of ice!

The dao artifact had been frozen into dregs. If someone had intruded into it, what would be the consequences?

Chapter 3163 - 3163 Chapter 3,051, old friend

3163 Chapter 3,051, old friend

Su Yu, who was about to rush in, immediately stopped in his tracks.

Without thinking, he took out the blue heart iron and covered it with it before trying to enter.

Kacha Kacha —

One could see the blue heart iron on Su Yu's body instantly solidify into ice and shatter one after another.

!!

However, the blue heart iron could repair itself infinitely and return to its original state in an instant.

Su Yu let out a sigh of relief. It seemed that the blue heart iron could barely survive the fifth treasure area.

Then, Su Yu brought over Miss Song's armor and tried it in that area. He found that even the ice couldn't do anything to the armor.

The level of this armor once again made Su Yu look at it in a new light.

Not only could it block an attack from a ten thousand saints expert, but it also had an extremely powerful defensive effect against the ice.

After putting it back on Miss Xiao song, she jumped in easily. Other than shrinking her neck, she did not cause any harm.

"Hehe, I'm looking forward to the sixth level's treasure area." Su Yu could not help but laugh.

In terms of danger, the first three levels were actually more dangerous.

However, in terms of difficulty, it was naturally the last three levels.

If it was not for the fact that both of them had peerless defensive treasures and a superior level of soul power, the fourth level's treasure area would not even need to be considered.

Sou –

Su Yu didn't dare to hesitate. The fluctuation of fate lines in front of his chest was becoming more and more intense, indicating that danger was approaching.

The Ten Thousand Saints Beast was about to charge over.

Just as they left, the sky covering patriarch and the reincarnation king arrived at the edge of the treasure zone after a few minutes.

Staring at the world in front of them, their eyes were solemn as they took out their protective treasures.

As the Peerless Overlord of a region, and having made sufficient preparations to enter this place, how could they not have prepared their treasures?

One of them swallowed a fire dragon pearl, while the other was covered in specially made runes.

As such, they barged into the fifth treasure trove.

After barely entering, their bodies were covered in ice, and their movements were greatly hindered.

It seemed that their treasures could not compare to Su Yu and Miss Xiao Song's.

Roar —

Behind them, a bright, angry roar was heard.

The two of them were shocked.

“Let's Go! We're running out of Time!”The two of them were extremely regretful.

Not only did they lose the beast egg, but they had also attracted the Ten Thousand Saints Beast.

They had once snatched the beast egg from that nest and left behind some of its aura. They believed that the ten thousand saints beast would be able to immediately identify them as the people who had stolen the Beast Egg.

Thinking about how they had provoked such a terrifying existence, all of them felt a chill run down their spines.

Boom —

Not long after, the Ten Thousand Saint Beast charged out of the fourth treasure area, roaring as it chased after them in the bone-chilling fifth treasure area.

Four people and one beast, one chasing after the other.

However, they had never thought that there was actually someone else in the fifth treasure area besides them! !

At the end of the Fifth Treasure Trove.

In front of an incomparably huge iceberg, a red-robed handsome man stood in front of the iceberg accompanied by two black-robed elders.

Their bodies were covered with a layer of dark gray halos that covered them from head to toe, preventing them from being affected by the cold air.

“This is the mountain, right?”The red-robed handsome youth held a map and asked.

The two elders beside him nodded slightly, “That’s right. This should be the place.”

The red-robed handsome youth’s eyes were filled with anticipation, “Is the ice crystal crown that the son of Heaven mentioned really that magical?”

The first two pieces of the emperor’s four-piece set, the emperor’s killing sword and the Heaven and Earth throne, had already been obtained. However, they had yet to display any power.

It was unknown if this so-called ice crystal crown was as powerful as the son of Heaven had said.

“Master, won’t you know after giving it a try?”A black-robed man stretched out his five fingers and pressed down on the ice mountain.

Crack!

The ice mountain shattered and turned into countless pieces of ice that flew in all directions.

Only a huge block of ice floated in the air and was not affected in the slightest.

Instantly, the red-robed young man's blood started to pulse, as if he was being summoned. He said excitedly, "Inside is the Ice Crystal Crown!"

He was none other than Zhan wushuang, who had the four-piece emperor set and was born with natural luck!

After receiving the advice of the carefree emperor, he came here to take the Ice Crystal Crown.

In order to enter this place, they had spent a lot of effort and months of time to open an additional crack outside the ancient tomb, allowing the three of them to barely enter.

After entering, they encountered a series of dangers.

Fortunately, there were two quasi-ten thousand saints protecting them along the way, allowing them to arrive safely.

Otherwise, if Zhan Wushuang was alone, he doubted whether he would be able to enter the third treasure area.

...

“I’ll go and take it down.” A black-robed elder flew forward and struck out with his palm once again. The huge floating ice block shattered with a sound, revealing the thing inside the ice block.

Looking over, it was a crystal crown that was as clear and transparent as ice.

The crown was as cold as frost, and its entire body emitted a faint chill. Its appearance was ancient and filled with majesty.

It had been sealed in ice for countless eras, and it contained a dense aura of time.

However, in the eyes of the knowledgeable black-robed elder, there was nothing special about this crown.

Without thinking, he grabbed at the ice crystal crown with the power of a quasi-ten thousand saints.

However!

A sudden change occurred!

The power of the Ice Crystal Crown froze instantly!

Moreover, a terrifying cold air that could destroy the world rushed into the black-robed elder's body through the power of the Ice Crystal Crown.

The black-robed elder froze into an ice sculpture at the first moment!

...

He didn't even have time to react during the entire process.

Crack —

As he fell, he shattered into pieces on the spot.

What made one's hair stand on end was that the halo on his body was still circulating. However, it wasn't able to block the chill at all.

“Hiss!”The other black-robed person sucked in a breath of cold air. His pupils constricted and his eyelids twitched. His voice trembled as he said, “That... that was forged from the origin of ten thousand ice!”

Only in this way could such a terrifying cold air be released!

Only in this way could a quasi-ten thousand saint level existence die instantly!

Zhan Wushuang was also frightened. He fiercely swallowed a mouthful of saliva. It was actually the origin of ten thousand ice! !

He stared at the crown, somewhat at a loss.

Such a terrifying origin of ten thousand ice, even a quasi-ten thousand saint would die before touching it, let alone him?

However, a mysterious power within Zhan Wushuang's body awakened as if it was being summoned. The phantom image of the Emperor's four-piece set appeared above Zhan Wushuang's head.

The emperor's killing sword and the divine throne of Heaven and earth that he controlled flew out of his spatial storage device and surrounded Zhan wushuang.

The first two and the ice crystal crown resonated with each other!

The Ice Crystal Crown automatically flew toward Zhan Wushuang.

Zhan wushuang was worried and surprised. To be safe, he used a trace of his great saint power and shot toward the ice crystal crown. Then, he immediately cut off the connection with the Ice Crystal Crown.

In the end, that trace of power successfully hit the Ice Crystal Crown and was not frozen.

Chapter 3164 - 3164 Chapter 3,052 appeared halfway

Zhan wushuang was overjoyed. “As expected! I Am the true owner of the emperor’s four-piece set!”

The reason why the Ice Crystal Crown had frozen the black-robed elder was because it did not recognize the elder, but it recognized Zhan Wushuang.

Because Zhan Wushuang was the son of fate, the emperor’s four-piece set existed for him, and it was destined to belong to him.

Whoosh whoosh whoosh —

!!

The Ice Crystal Crown flew over quickly. Zhan wushuang stretched out his hand and grabbed it. He wanted to hold onto this supreme crown that symbolized authority!

As long as he held onto the Ice Crystal Crown, he would have three emperor sets attached to him. From then on, he would ascend to the heavenly path and pursue the ultimate martial path!

If he obtained the fourth piece, the imperial power cloak, then Su Yu would be trampled under his feet!

However!

Just as Zhan Wushuang was going through all sorts of hardships to finally obtain the ice crystal crown, another change occurred!

A blue afterimage flashed across the sky, and the ice crystal crown disappeared along with it.

Zhan Wushuang was shocked and quickly looked towards the afterimage.

He saw a person covered in blue particles sweep the ice crystal crown away.

“How is this possible?” Zhan Wushuang cried out in surprise.

Didn't the ice crystal crown identify him, Zhan Wushuang? Anyone who touched it would die instantly?

The quasi-ten thousand saints expert who had just died had already explained everything with his actions.

What was going on with that blue figure?

“Chase!” Zhan wushuang came back to his senses and shouted in shock and anger.

The ice crystal crown that they had painstakingly found had been stolen by someone else!

There was no need for him to say anything. The quasi-ten thousand saints who had come with him had already unleashed their movement techniques and sped away.

Who else could that blue-speckled figure be other than Su Yu?

He had recognized Zhan wushuang from afar and was somewhat surprised as to why Zhan Wushuang had appeared in the Fifth Treasure Trove.

In fact, Su Yu had even guessed his purpose the moment he saw him.

It seemed that only the emperor's four-piece set could make Zhan wushuang come to this place despite the dangers, right?

This was the fate master that the ancient god of nine dragons had personally instilled into Zhan wushuang, the heavenly fate emperor!

Thus, Su Yu had been hiding at the side in his emperor's new attire for a long time. When the time was right, he finally made his move and snatched the Ice Crystal Crown.

It was also a coincidence.

Almost every time Zhan wushuang obtained the emperor's four-piece set, Su Yu would coincidentally appear nearby and snatch it away.

However, for the sake of his friend, Su Yu had used up the first two times and gifted them to Zhan wushuang.

This time, it would not be so cheap.

"Put it down!" Quasi-ten thousand saints roared in anger. In just a few breaths, the other party had successfully caught up to Su Yu.

With a swipe of his two fingers, a long and clear dao mark passed through space and swept towards Su Yu.

That Dao mark was filled with the majestic aura of the stars.

An ancestral art attacked, as if the starry sky was pressing down, making it difficult for people to breathe.

Su Yu's expression did not change as he said indifferently, "Ancestral art of the Stars?"

Playing with an ancestral art in front of him was like showing off one's skills in front of an expert.

With a wave of his hand, the Blue Heart Iron puppet appeared, and then split a thread of its soul into the blue heart iron puppet's body.

Under the control of the Wisp of his soul, the Blue Heart Iron puppet raised its finger and slashed at the black-robed old man.

It was the same finger, the same ancestral technique, and it was the same ancestral technique.

"What? How can you be proficient in our astral race's ancestral technique?" The black-robed old man was shocked.

What shocked the black-robed old man even more was that the ancestral technique displayed by the other party was a hundred times more exquisite than his!

His ancestral technique contained only a galaxy.

But what about the other party's ancestral technique?

It was the entire starry universe! !

With a swipe of his finger, the other party's remnant marks directly wiped out the remnant marks of his ancestral technique.

"Who are you?"The black-robed old man roared in extreme shock.

The Star clan's unique ancestral technique could only be possessed by their clansmen. Moreover, up until now, only eight people were cultivating, and he was one of them.

Who could this mysterious blue-grained person before him be?

He could confirm that this person was definitely not from their star clan.

However, before he could wait for Su Yu's reply, the other party's ancestral technique came crashing down with a loud bang, directly hitting the black-robed person's body.

At the instant he was hit, the black-robed person felt that what hit him was not a scar, but the entire starry universe.

The irresistible force of the primal chaos sent him flying heavily. He flew thousands of miles away and smashed countless icebergs before he finally stopped.

Along the way, he spat out blood.

With just one strike, he had injured a quasi-ten thousand saint expert.

Of course, this level of injury was nothing to a quasi-ten thousand saint expert.

...

He turned around and quickly rushed back. He stood in front of Zhan Wushuang with a slightly solemn expression. "Master, step back. This person is dangerous!"

Unexpectedly, Zhan Wushuang pushed him away and his eyes were extremely gloomy.

“Su Yu!” Zhan wushuang actually said Su Yu’s name, “It’s You! Right?”

When the other party snatched the Ice Crystal Crown, a name had already appeared in his mind, Su Yu!

From his previous experience, whenever the emperor’s four-piece set appeared, Su Yu’s figure would definitely appear.

Moreover, he would always ruin his plans.

It was as if this was destined by the heavens.

However, this was only a guess.

It was only until the other party used the ancestral technique that Zhan wushuang finally confirmed his identity.

In the world, only Su Yu was able to master many ancestral techniques. This was the information he received from the emperor.

Su Yu did not hide it and said indifferently, “Zhan wushuang, are you worthy of the Emperor’s four-piece set? A person who submitted to the carefree emperor and submitted to his own cowardice, what qualifications does he have to become the Heavenly Emperor?”

...

He sighed, shook his head and looked at the sky, “I don’t know why the heavens chose you to be the emperor. In my opinion, you don’t have the qualifications to be an emperor.”

Zhan Wushuang’s eyes were full of calmness, “Surnamed Su, I don’t want to talk nonsense with you. Hand over the ice crystal crown, or else...”

Su Yu quietly looked at Zhan Wushuang. In the past, he was Zhan Wushuang’s friend as well as his enemy.

Now, the moment Zi Xuan died, their friendship completely disappeared.

There were only enemies left between them!

“Or what?” Su Yu held the ice crystal crown in his hand and put it on his head. With the crown on his body, Su Yu looked like the king of this world of ice and snow!

“What can you do to me?” Su Yu said aggressively.

Zhan Wushuang didn't say a word. He clenched his fists tightly and stared at Su Yu with hatred, “Su Yu, you're too much!”

“So what if I'm Bullying You?” Su Yu's gaze was extremely cold. “I didn't kill you. I'm the one who's busy!”

If he really had the time, he would not mind turning Zhan Wushuang's bones into ashes.

If it was not for him, would Hanxuan have died?

“HMPH!” Su Yu flew away. Zhan Wushuang was so angry that he cursed, “Su Yu! You and I are irreconcilable enemies!”

He finally believed what the carefree emperor said. Xia Qingchen was his fated enemy!

“Master, don't chase after him. He is dangerous.” The black-robed man said, “You are the heavenly emperor. The emperor's four-piece set will belong to you sooner or later. There is no need to take the risk to chase after him.”

From the past, it was indeed the case. Even if the emperor's four-piece set fell into Su Yu's hands, it would eventually return to Zhan Wushuang.

However, they were all beyond recognition!

Chapter 3165 - 3165 Chapter 3,053, the Emperor equipment was activated

3165 Chapter 3,053, the Emperor equipment was activated

“Why?” Zhan Wushuang was not convinced!

Why did the emperor set that belonged to his destiny emperor always return to his hands after Su Yu had toyed with it?

From the first day of the collision, it seemed that Su Yu had always been on top of him.

The emperor set was snatched away by Su Yu, and even his beloved junior sister's heart was snatched away.

!!

This time, as usual, he had snatched away the ice crystal crown that he was about to obtain. Zhan wushuang could not bear it any longer!

He pressed down with his legs, and the surrounding air currents revolved around him. Then, his legs suddenly erupted with unprecedented strength, and his entire body instantly jumped out, chasing after Su Yu.

Su Yu gave him a cold glance, and expressionlessly activated the Emperor's new set, entering stealth mode.

Zhan wushuang immediately lost track of Su Yu and opened his mouth to roar, "Come out! Surnamed SU, if you have the guts, let's fight face to face!"

Fight?

Hehe, Zhan Wushuang was worthy?

Moreover, now was not the time for a fight!

Roar —

A deafening roar came from behind him.

The sound shook the entire fifth treasure area, causing the ice mountain to collapse and snow to dance wildly. Cold air currents raged throughout the entire fifth treasure area.

Zhan wushuang staggered and was almost swept away by the cold air currents, falling into the cracks of the ice mountain.

“Master, run!” The black-robed man immediately went forward and hugged Zhan wushuang, then rushed toward the sixth treasure area.

They were very familiar with the environment here, and they even knew that there was a way out of the sixth treasure area.

Naturally, the Samsara King and the sky-covering patriarch followed closely behind them. With solemn expressions, they fled toward the sixth treasure area at lightning speed.

Ten breaths later.

When they all left the fifth treasure trove and entered the sixth Treasure Trove, a towering figure appeared at the end of the Fifth Treasure Trove.

Wherever it passed, the glaciers melted and the icebergs collapsed one after another.

The Fifth Treasure Trove, which had existed for countless years, was destroyed because of this!

The terrifying destructive power of the Ten Thousand Saints Beast was beyond everyone's imagination!

Su Yu was at the front, and his mood was quite heavy.

Miss Song, who was beside him, was sweating profusely. She said hesitantly, "Dog two, why don't we give away this beast egg?"

It was obvious that the Ten Thousand Saints Beast was coming for the Beast Egg.

Su Yu shook his head. "It's useless."

With the Ten Thousand Saints Beast's ferocity, if he was angered, he would only massacre everything. Returning the Beast Egg would not only be useless, but it would also make the Ten Thousand Saints Beast lose its fear.

If that happened, they would die even more miserably.

“The sixth treasure area is inside. Do We really have to go in?” Miss Song’s eyes were filled with worry. “This is the ten thousand saints forbidden area. Any living creature that enters will definitely die.”

“I heard that even the Emperor doesn’t dare to barge in.”

Even without miss song’s explanation, Su Yu could sense the danger of the sixth treasure area.

However, the sixth treasure trove in his eyes was ordinary. From Afar, it was still a pitch-black world of nothingness.

At the center of the nothingness, there were intersecting galaxies.

At first glance, one could not see any danger.

Hu —

Two hurricanes flashed past. It was the reincarnator King and the sky-covering patriarch who had caught up. The two were unparalleled experts at the quasi-ten thousand saints level.

Their movement techniques were naturally not comparable to Zhan wushuang, the black-robed elder, and Su Yu.

After he surpassed them, the reincarnated human king looked back. At the end of his line of sight, a huge creature was charging over at an extremely fast speed.

“Damn it! We have already lost the Beast Egg, why is the Ten Thousand Saints Beast still chasing us?”The reincarnated human king said in a deep voice.

The Great Grandmaster was also puzzled. He slowed down and said, “We can’t go in anymore. This is the sixth treasure area, a place where All Saints can be buried!”

“There is no other way. We can only find the teleportation formation hidden in the sixth treasure area. If we can find it, we can live. If we can’t find it, we have to die!”The Great Grandmaster said with a serious expression.

The two looked at each other and broke through the shackles of Heaven and earth together, rushing toward the Sixth Treasure Trove.

The black-robed man who was at the back was terrified. He did not need to turn around to feel the destructive power that was crazily approaching from behind.

“Master, let’s separate. Otherwise, we will all die,”the black-robed man said resolutely.

Zhan Wushuang’s face was filled with anger. “Su Yu!”

Not only did he steal the ice crystal crown, he had also attracted such a terrifying ten thousand Saint Beast.

“Split up!”Zhan Wushuang was furious, but he still said very decisively, “Who can live depends on fate.”

However, Zhan Wushuang and the black-robed man had clearly underestimated the terror of this ten thousand Saint Beast.

The Ten Thousand Saint Beast saw the two people who were at the back from afar. It opened its bloody mouth and roared fiercely!

A pitch-black pillar of light that was thousands of meters wide pierced through the sky and covered the two people.

Ah!

The black-robed man screamed on the spot. His body was burned into ashes as if he had thrown a stone into a volcano.

This person was a quasi-ten thousand saint level existence!

...

He died just like that?

The power of the black pillar of light was no less than the power of the origin of ten thousand ice!

Zhan Wushuang was also enveloped in it. In an instant, Zhan wushuang felt like a small fish that had fallen into a pot of oil. His entire body was about to melt.

The fear of death instantly enveloped his heart, making Zhan Wushuang feel the shadow of death for the first time in his life.

His heart was thumping wildly, but his mind was blank. His limbs were stiff, and he actually lost his reaction.

But even if he could react, so what?

A scale of the ten thousand Saint Beast was already so terrifying, let alone a full-powered light beam?

Even the ten thousand saint human experts would be burned to ashes in an instant.

For a time, countless scenes flashed in Zhan Wushuang's mind.

Most of them were scenes of him with Zi Xuan.

At that time, Zi Xuan was looking at the sky while he was looking at Zi Xuan's back.

...

Once, he wanted Zi Xuan to look at him instead of looking at the person who had yet to return.

But now, he suddenly realized that it was already a great happiness to look at her quietly.

It was just that he did not realize it at that time. Now, he was lost.

“Goodbye, Zi Xuan.” Zhan wushuang felt the extreme pain of his body melting. He slowly closed his eyes and muttered in his heart.

He hated Su Yu, so he did not hesitate to seek refuge with the emperor. From then on, he would be in cahoots with the emperor. However, deep in his heart, there was always a soft and deep feeling.

It was an emotion that he could not forget even before he died.

The last image that flashed in his mind was the image of Zi Xuan's death. It was an image that he would never be able to forgive.

But what could he do even if he did not forgive her?

Zi Xuan had left in the end, and he did not have the ability to avenge her anymore!

However, at the last moment of his life and death.

The phantom image of the Emperor's four-piece set appeared above Zhan Wushuang's head without any warning!

The Divine Throne of Heaven and earth and the Emperor's killing sword flew out of his body uncontrollably and overlapped with the phantom image above his head.

In an instant, the emperor's killing sword and the Divine Throne of Heaven and earth miraculously returned to their original state.

No, they didn't return to their original state, but there were more subtle changes.

Chapter 3166 - 3166 Chapter 3,054, identity exposed

3166 Chapter 3,054, identity exposed

The former Emperor's killing sword was an evil sword that was full of slaughter and parasitism to its host.

Later, Su Yu extracted the god's blood from the emperor's killing sword. Its power dissipated and became dull. Its power became similar to an ordinary sword.

But now, the emperor's killing sword had come back to life.

Veins were wriggling on it, and one could faintly hear the powerful heartbeat from the Emperor's killing sword.

!!

What was even more terrifying was that the surface of the emperor's killing sword was emitting a thin layer of blood-red light.

Under the illumination of the blood-red light, the column of destructive light that swept over was actually split into two!

The emperor's killing sword was like this, and the divine thrones of Heaven and earth also underwent a drastic change.

Not only did the divine seat of heaven and earth that surrounded the sun, moon, and stars look brand new, but ancient human figures also appeared around the Sun, Moon, and stars.

Some of them held their heads high in the sky, some sat cross-legged, some lowered their heads in silence, and some maintained their battle stance.

The appearance of the illusory figure caused the divine seat of Heaven and earth to release a layer of incomparably mysterious clear light.

The clear light purified everything within thirty feet of the divine seat of Heaven and earth, including the terrifying black light beam.

Zhan wushuang, who was about to be melted by the black light pillar, was saved in an instant!

His eyes were filled with disbelief as he stared at the emperor's killing sword and the divine seat of heaven and Earth's abnormality. His heart was thumping wildly, "This is?"

Sou —

The divine seat of Heaven and earth moved to Zhan Wushuang's body and let him sit on it, protecting him in the center.

The emperor's killing sword, which had undergone a metamorphosis, contained a fierce and ruthless aura as it fell into Zhan Wushuang's hand.

Holding the emperor's killing sword, Zhan Wushuang's heart was instantly filled with hatred and a vicious aura. He grinned and revealed a sinister sneer, "So that's how it is!"

“The emperor’s four-piece set can only display its true power when it’s combined with fate!” Zhan Wushuang laughed coldly, his eyes filled with boundless excitement.

The newly activated Emperor’s killing sword and the divine seat of Heaven and earth displayed the power of the two items.

Seeing that the black pillar of light was still attacking, causing the divine throne of Heaven and earth to dim, Zhan Wushuang waved his sword.

An unprecedented blood-colored sword qi burst out from the emperor killing sword!

That sword Qi actually split the destructive black pillar of light into two halves, causing the black pillar of light to fly past the two sides of the divine throne of Heaven and earth.

The ferocious ten thousand Saint Beast suddenly stopped in its tracks, and its eyes, which were filled with killing intent, actually moved for a rare moment.

There was a trace of fear in its eyes!

After hesitating for a moment, the Ten Thousand Saint Beast roared once again and charged over with its enormous body.

Zhan wushuang's entire body was surrounded by pitch-black light shadows, causing him to appear as if he had been possessed. His entire body emitted a cold and gloomy aura.

"I'll come back to meet you later!" Zhan wushuang said coldly. He turned around and the divine seat of Heaven and Earth disappeared.

In the next moment, he appeared in an extremely distant place and was about to catch up with Su Yu.

Su Yu, who was in his invisible state, sensed something. He turned around and could not help but change his gaze.

He almost did not see anyone coming out. The divine seat of Heaven and earth that Zhan Wushuang was sitting on was the divine seat that he had almost destroyed.

And the one in his hand that had an extremely powerful destructive aura was actually the former emperor's killing sword.

What happened?

The two of them were completely different from before?

Fortunately, Zhan Wushuang could not see through the emperor's new clothes. Thus, he passed it straight to Su Yu without noticing.

“The emperor's four-piece set, could it be used for another purpose?” Su Yu could not help but think.

The Ice Crystal Crown on his head was snatched by Su Yu with great difficulty. Moreover, it was with the help of the Blue Heart Iron.

At the moment, Su Yu could not use his body to withstand the ice crystal crown and could not activate the true power of the Ice Crystal Crown.

“Heavenly Fate Emperor? Humph!” Su Yu did not believe this.

In the past, he did not care about the two four-piece emperor set, but he would not let Zhan Wushuang get this one no matter what.

Even if he could not use it, he had to destroy it, so that Zhan wushuang would never be able to gather the four-piece emperor set.

“Let's Go!” Su Yu sent a voice transmission. Behind him was the Ten Thousand Saint Beast, and he did not have the slightest time to waste.

At the moment, they had fallen to the back, and had become the ten thousand Saint Beast's closest target.

Miss Song's lips also turned green. She followed Su Yu closely and ran toward the depths of the sixth treasure area.

Roar —

The Ten Thousand Saint Beast let out a wild roar from behind and stepped into the sixth treasure area.

What was different from the past was that when they arrived at the Sixth Treasure Trove, the Ten Thousand Saints Beast's footsteps were clearly much more cautious, as if it was afraid of something.

This way, Su Yu and Miss Xiao song would not be caught by the Ten Thousand Saints Beast in a single step.

However, they did not have much time.

At this moment, Su Yu took out the fire lion.

The fire lion had already been put away by Su Yu when they were at Heaven Breaking Mountain. Now that it was suddenly taken out, the fire lion was chewing on a piece of meat in its mouth with relish.

“Hey, Hey, Little Su, can you be a little more civic-minded? Can You Say Hello to me when you summon me? You’re making me lose my appetite!”The fire lion noticed the sudden change in the surrounding environment and became very unhappy.

Su Yu did not say anything else and pulled little song along to ride on it.

The fire lion rolled its eyes and looked back while mumbling, “HMPH, there’s no need to ask. It must be causing trouble again. It’s going to rely on me to escape.”

But when it saw this, the fire lion was so scared that all the hair on its body stood up. It cursed loudly, “F * ck! A fierce beast at the middle stage of the Ten Thousand Saints Realm?”

...

“F * ck! F * ck! F * ck! !”

The fire lion spread its four limbs and ran desperately. It kept shouting, “F * ck! Do you dare to let my little darling live a few days of comfortable life?”

“How long has it been since I was chased by the old woman of the Ten Thousand Saints realm of the Soul Saint Clan? And now, I’m being targeted by a fierce beast at the middle stage of the Ten Thousand Saints realm? Oh My God! My Little Darling!”

In the face of great danger, the fire lion burst out with unprecedented speed, reaching the All Saints realm at one time. In the vast void, a fiery red afterimage streaked across the sky.

Under its rapid speed, it quickly caught up with the reincarnation king and the sky-covering patriarch, leaving them behind.

“What is it? Another All Saints realm ferocious beast?”The two of them were shocked by the fire lion’s astonishing speed.

“Something’s Wrong!”The reincarnation king quickly realized that something was wrong and said, “There’s someone on the fire lion’s Back!”

It turned out that the fire lion’s speed was too fast. The emperor’s new clothes couldn’t cover everything perfectly.

Su Yu and Miss Song’s aura leaked out a bit, but for the quasi-ten thousand saints, even a bit was enough to attract their attention.

“It’s that kid from sky-breaking Mountain!”The sky-covering Patriarch’s old eyes suddenly narrowed as he said in shock.

He had once cursed Su Yu’s body, so he was very familiar with Su Yu’s aura.

...

“No! There’s still the aura of the Beast Egg!”The sky-covering patriarch cried out in shock again, and then he was furious. “No wonder the Beast Egg disappeared. So it was you who stole it!”

The sky-covering patriarch had personally taken care of that Beast Egg, so he was also very familiar with its aura.

The first time, he detected the location of the Beast Egg!

Chapter 3167 - 3167 Chapter 3,055, provoking you

3167 Chapter 3,055, provoking you

“It’s him!”The Samsara King’s eyes were filled with killing intent.

How could he forget Su Yu?

If he didn’t get rid of a member of his race who could threaten his future path of heaven, his path of Heaven would have an additional threat.

Thinking of this, the Samsara King pressed his palms together, his eyes filled with killing intent, “Supreme Sun Divine Wings!”

!!

On both sides of his back, a ball of starlight suddenly appeared.

The starlight extended to the left and right sides for several miles, blotting out the sky and covering the sun. It was a spectacular sight.

Looking down from above, one would see that it was not just starlight, but a pair of wings condensed from new light.

Hu —

With a flap, the reincarnation king's speed suddenly increased by several times, and he instantly left the sky-covering patriarch behind.

The latter's old eyes narrowed slightly, "You reincarnated human king, so you still have a hidden skill. We've known each other for many years, and I didn't even know that you had learned the ancestral technique of the solar race back then?"

After experiencing the dangerous pursuit of the ten thousand holy beasts, the reincarnated human king had kept his composure and always had a hidden skill.

His goal was most likely to guard against the overcast patriarch.

Now that Su Yu was in front, no, the beast eggs were in front, he no longer hid and revealed his secret techniques.

"What a coincidence, I also kept some tricks up my sleeve."The sky-covering patriarch curled his lips and slashed his finger across the sky.

A clear but dark scar flashed and disappeared!

"Curse of time!"The sky-covering patriarch swiped his finger. Ordinary people couldn't sense what this finger meant.

However, Su Yu could clearly sense that time had slowed down!

The overwhelming Patriarch's curse was so powerful that it could affect the flow of time in the world!

No!

It was only effective on other people's time. The overwhelming patriarch was not affected at all.

Therefore, even though the world had fallen into a slow vortex of time, the overwhelming Patriarch's movement technique was still the same as before. He quickly surpassed the reincarnation king.

When the latter saw this, his gaze was cold. "Old Thing, you also have a trick up your sleeve."

He could not help but be secretly shocked. If he was unwittingly attacked by this old thing, the consequences would be a little scary.

The Gaia grandmaster laughed, but his gaze was fixed on the fire lion. “Human child, I have already discovered you and your companions. Hand over the Beast Egg, and I will ensure your safety.”

Of course, he wouldn't really protect Su Yu. He only wanted to protect the Beast Egg's safety.

As for how much the reincarnation king wanted to kill Su Yu, that was between them.

“Okay!” What the gushing sky patriarch didn't expect was that Su Yu actually agreed without hesitation.

He grabbed with his hand, and a beast egg appeared in his palm.

Of course, this wasn't a real beast egg. Instead, it was the product of Su Yu's soul attainment reaching the peak and turning it into reality.

It could only exist for two hours at most, but it was enough to make it look real.

“Take it, don't bother me anymore.” Su Yu threw the beast egg at the reincarnation king.

The sky-covering Patriarch's pupils contracted. He realized that the Beast Egg was indeed the one he had taken before. He immediately turned around and chased after the Beast Egg.

The Reincarnation King's heart pounded. He flapped his wings and accelerated towards the Beast Egg.

"Old Ghost, this is for me, get lost!" The Reincarnation King roared.

The Great Grandmaster was not willing to be outdone, "I won the fate competition, this is mine!"

In the end, the reincarnation king was the first to snatch the Beast Egg away.

The Great Grandmaster was furious, and he drew a scar on the spot, "Time Curse!"

The Reincarnation King took the Beast Egg and was full of confidence. He laughed, "Reincarnation Heaven opening!"

He drew out an ancestral spell, and the reincarnation king's body instantly enlarged by a hundred times. He turned into a golden primordial giant.

Swirls of vortexes revolved around his body. One of the vortexes was black, while the other five vortexes were purple.

The sky-covering Patriarch's face turned ashen. "Reincarnation ancestral spell, you actually mastered five-sixth of the essence."

It was said that this was one of the strongest ancestral spells of the human race. The reincarnation ancestral spell was divided into six levels.

As long as he cultivated to the sixth level, he would be able to smoothly break through his shackles and become a myriad sage expert.

From the looks of it, the reincarnation king only had one remnant of the ancestral technique that he had yet to master. The remaining five were all within his grasp.

He was only a hair's breadth away from the myriad sage level!

"It's good that you know. Why Don't You Scram?"The reincarnation king had completely shed all pretense of cordiality and said coldly.

The sky-covering patriarch roared, "Hand over the beast egg, or we'll burn the jade and stone together!"

His entire body emitted a strong curse aura. Waves of flickering curses surrounded his body.

Samsara man king was very strong, but his sky-covering Patriarch's curse was not to be trifled with!

In the stalemate between the two sides, Su Yu had already taken the opportunity to escape.

On the back of the Fire Lion, Miss Song tilted her neck and looked suspiciously at Su Yu, "They said your name is Su Yu? Don't you have a name? Also, you don't look stupid at all."

She narrowed her eyes like the moon. "I feel like I've been deceived by you all this time."

No matter how stupid she was, she should understand that Su Yu's previous silly appearance was all an act.

Su Yu patted her head. "Is this the time to be concerned about this? Don't bother with the details. You should worry about how to keep your life!"

...

His soul had already sensed Zhan wushuang in the distance.

Zhan wushuang had already charged into the crisscrossed galaxy. He did not know what was inside that could become the core level of the sinkhole Emperor Tomb.

Su Yu was looking forward to it.

He had never come here for any beast eggs. Instead, he had come here to investigate the sinkhole emperor tomb and see if he could find a way to bring the sinkhole people back.

However, as he probed with his soul, he suddenly discovered a scene that caused his expression to change drastically.

Just as Zhan Wushuang's divine throne of Heaven and earth was about to charge into the river of stars, a beam of starlight fell from the river of stars, leaving a long scar as it charged straight at the divine throne of Heaven and earth.

At this moment, Su Yu had already witnessed the power of the divine throne of Heaven and earth. Even if the Ten Thousand Saint Beast attacked with its full strength, it might not be able to break through its defense.

However, under the Falling Starlight, the divine seat of Heaven and earth was actually knocked over!

The many ancient figures surrounding it instantly vanished into thin air. The original body of the divine seat of Heaven and earth had suffered an indelible serious injury. The left armrest was directly damaged from the impact.

Su Yu's eyelids twitched wildly. Wasn't the Starlight attack too terrifying?

Even if the ten thousand saints expert personally came, he would be instantly killed. There was no chance of survival.

...

While probing, the fire lion had already rushed to the front of the Starlight. He hurriedly stopped and said, "No, I can't continue running."

The fire lion keenly sensed the danger of the starlight, and all the hair on his body stood on end.

His stop naturally attracted Zhan Wushuang's attention.

At this moment, Zhan Wushuang's hair was disheveled, and his eyes were red. He was like a devil.

He stared at the destroyed divine seat of Heaven and Earth in a daze, and his expression was filled with fear.

When he heard the commotion, he looked over, and his eyes were filled with killing intent that was hard to suppress!

Without any hesitation, he raised the emperor's killing sword and slashed across the air.

The fire lion was so angry that he stomped his feet and cursed, "F * ck! Did I provoke you?"

Chapter 3168 - 3168 Chapter 3,056, Starlight Formation

3168 Chapter 3,056, Starlight Formation

However, when the terrifying sword Qi attacked, the fire lion hurriedly dodged, not daring to meet it head-on.

That thing was too terrifying.

At the critical moment, the fire lion relied on his ten thousand saints level movement technique to narrowly dodge it.

The terrifying sword Qi slashed into the starlight, and wherever it passed, it triggered a series of starfalls.

!!

Every Starfall was earth-shattering, and the Sword Qi was scattered into nothingness.

Seeing this scene, Su Yu's expression was extremely grave.

The dangers within the starlight far exceeded his expectations.

Anything, including pure energy, would be destroyed if it entered, let alone living beings?

But if he didn't go deep, how could he use the teleportation formation?

Su Yu's mind spun, countless possibilities flashed in his mind, and various strategies changed in his heart.

After a while, he waved his hand and put the fire lion away.

With the cover of the Emperor's new clothes, the non-ten thousand saints would not be able to detect their presence.

Zhan wushuang immediately lost his target. He squinted his eyes and looked around. After randomly slashing for a while, he gave up unwillingly.

"Su Yu! I know it's You!" Zhan wushuang said to the air, "That fire lion is yours, isn't it?"

"I've already found the secret of the emperor's four-piece set. You are dead meat!" Zhan wushuang gave a cold smile.

Su Yu did not say a word. Lan Xintie held the trembling ice crystal crown tightly in his hand.

He was waiting for an opportunity!

Boom —

Bang —

The violent fluctuations of the battle swept across the surroundings.

Zhan wushuang looked over coldly. It was two peerless experts fighting continuously. The emperor's killing sword in his hand began to tremble violently, revealing a deep desire.

“You should die too!” Zhan wushuang had no choice but to kill Su Yu, and his killing intent was difficult to disperse. In addition, after the drastic change, the emperor's killing sword's control over people was far better than before, affecting Zhan Wushuang's state of mind.

A series of tentacles stretched out from the emperor's killing sword and pierced into Zhan Wushuang's arm, causing the sword and Zhan Wushuang to merge into one.

“Kill!” Zhan wushuang held the sword and swept across.

A magnificent sword Qi that seemed to split heaven and earth arrived with a loud bang.

The Sword Qi shook the heaven and earth, stirring up time, space, and everything else!

This sword was able to destroy even the black light pillar spat out by the Ten Thousand Saint Beast in an instant. Its power was unimaginable.

The overwhelming patriarch and the reincarnation king were indeed powerful, but under this sword qi, they could not resist at all.

The two of them, who were in the middle of the battle, sensed the sudden danger and their expressions changed.

They stopped the battle and quickly dodged.

One went up to the sky and the other went down to the ground.

However, they weren't fire lions and didn't have any movement techniques of the Ten Thousand Saints realm. It was impossible for them to dodge easily.

Therefore, the sword Qi still swept over the two of them and threw them to the ground.

Looking over, the black robe that covered the sky patriarch's body was completely shattered. The countless curses that surrounded his body were all destroyed by the Sword Qi.

“My Curse!”The sky patriarch cried out in pain.

The terrifying aftershock of the sword Qi should have destroyed him instantly. The reason why he was able to survive with his weak body was because he had used all the curses in his body to resist the aftershock of the sword Qi at the critical moment.

And these curses were mostly formed after he had gone through many eras of gathering or brewing them himself.

With these curses, he was able to fight head-to-head with a top-notch quasi-ten thousand sage level powerhouse like the reincarnation king.

But now, they were completely destroyed.

These curses that were gathered and brewed were different from the curses of the ancestral technique. They could not be used repeatedly.

Once they were gone, they were gone.

Looking at the reincarnation king again, his fate was shocking!

In the vast void, blood spilled everywhere, causing the area within ten thousand miles to turn red.

Two huge creatures fell into the void and floated with the waves.

They were the reincarnation King's corpse!

His body was forcefully split into two, and everything above his waist was cut in half.

"Reincarnation!" The Reincarnation King's expression was filled with pain, and he growled unwillingly.

The bright vortex in front of his chest shattered, and he fell into darkness.

He had used an ancestral technique, sacrificing a piece of condensed remains in exchange for the circulation of some mysterious ancestral technique.

With the reincarnation king as the center, time in all directions began to twist!

The blood that had flown thousands of miles and the corpses that had been split into two returned to their original form.

In an instant, the reincarnator king, who was on the verge of death, returned to his original form.

The only thing that could not be restored was that one of the five vortexes on his chest had been extinguished.

The reincarnator King's eyes were filled with fear and hatred. "Who are you?"

...

The formation of a whirlpool required an entire era of time. Just as there was only one whirlpool left, it was about to form the ten thousand saints body.

But in the end?

It was destroyed by Zhan Wushuang's sword!

Zhan wushuang held the emperor's killing sword and his eyes were filled with a cold light, "I am the Heavenly Emperor!"

After saying that, he raised the emperor's killing sword and was about to slash again.

Overwhelming patriarch was so scared that his face turned pale, and reincarnation king's eyelids were twitching wildly.

How could they bear to do it again?

The former might die directly, and the latter would be shattered into pieces again.

“Stop!” Reincarnation king said, “We have no enmity between us. Is it worth killing each other?”

Zhan Wushuang was cold and emotionless, and his heart was filled with countless cathartic massacres. “Killing each other? You are wrong. I am the one who single-handedly massacred you!”

Overwhelming patriarch said hurriedly, “Human expert, wait!” “The Ten Thousand Saint Beast behind us is our greatest threat. Instead of killing us, why don't you join us and break through the Starlight Array in the sixth level's treasure area and head to the core of the sinkhole tomb?”

...

“As far as I know, there’s a teleportation array there that can teleport us all away.”

As if it was responding to the forefather, the ten thousand Saint Beast let out a roar that shook the sky and earth. A faintly visible giant figure appeared at the end of the void.

Zhan Wushuang had been attacked by the Ten Thousand Saint Beast before, so he knew how terrifying it was.

If the divine seat of Heaven and earth was here, Zhan Wushuang would not be afraid at all. However, the divine seat of Heaven and earth had been destroyed by the Starlight. Could He, a body of flesh and blood, withstand the attack of the Ten Thousand Saint Beast?

The sudden sense of danger made Zhan Wushuang regain his senses. He stared coldly at the two of them, “What, do you have a way to break through the Starlight?”

“Don’t blame me for not reminding you. The starlight here can easily destroy the ten thousand saint body.”

What kind of terrifying existence was the ten thousand Saint Body in the outside world?

The heavens could not be destroyed, and the Earth could not be buried!

Even a corpse could intimidate countless experts, and a wisp of ten thousand years' will after death could destroy the nine heavens!

However, under the Starlight, a wisp of starlight could turn the living ten thousand saints into dust.

Zhan wushuang found it hard to believe that two defeated opponents were qualified to break the Starlight Formation.

Chapter 3169 - 3169 Chapter 3,057 was a vicious scheme

3169 Chapter 3,057 was a vicious scheme

Forefather Garen said, "No, no! Of course, there's nothing we can do to break it. This is the protective array that Dao master absolute beginning personally set up for sinkhole Lord's tomb."

"The purpose is to protect sinkhole lord's tomb from being disturbed." Forefather Garen revealed a secret of heaven and earth. Perhaps only the sons of Heaven knew a thing or two about this. Many ancient families did not know about it.

“It’s impossible for us to break it.”

Zhan wushuang snorted. “Isn’t that just talking nonsense?”

!!

Gaia Grandmaster’s gaze was dark. “No! It’s true that we can’t break it, but it doesn’t mean that we can’t pass through!”

As he spoke, Gaia grandmaster took out a bottle of nine-colored divine blood.

Other people were not familiar with it, but reincarnation king was. He narrowed his eyes. “The blood of a human saintly being?”

He was a saintly being!

However, he had not lit the oil lamp yet, so he was not a true saintly being.

His eyes were filled with greed. If a saintly being wanted to evolve, it would have to devour more saintly beings to reach the final stage.

The overwhelming patriarch smiled and said, "This was taken from the corpse of an ancient human saintly being. You will understand once you see it."

He took out a drop of the saint's blood and threw it into the formation.

A miraculous scene happened. The starlight that could destroy everything was silent.

Then, he threw another drop of his blood into the formation. The starlight fell straight down and blew the blood away.

The two made the reincarnated human king and Zhan wushuang think deeply.

"You mean that the starlight array can sense the human saintly being and allow us to travel together?" Zhan wushuang asked.

He nodded slowly. "That's right! So, it's not impossible for us to pass through the Starlight Array."

Samsara King's eyes lit up. "You know a lot about the secrets of Heaven and Earth."

He smiled. "As long as we inject a drop of saintly being's blood into our bodies, we can blind the Starlight Array and enter the deepest part of the sinkhole tomb."

Regarding this, reincarnation king praised, "The possibility is very high."

Zhan Wushuang's expression did not show any joy. He said in a deep voice, "You shouldn't have said it."

Why?

Gaia grandmaster was stunned. "What do you mean?"

Zhan wushuang narrowed his eyes and looked around. He said in a deep voice, "My old friend is unfortunately a human saintly being. He is a pure human saintly being."

"He has been nearby the whole time. I believe that your conversation just now could not escape his eyes and ears. He has already heard it."

He turned around and looked at the vast starlight formation. He said unwillingly, "I'm afraid that he has already successfully stepped into the formation."

The sky-covering Patriarch's pupils shrunk slightly. "Why didn't you say so earlier?"

If he had known earlier, he would not have revealed this secret.

“Who knew that your method would be this?” Zhan wushuang asked coldly. He sighed, “This time, it’s too easy for him! If nothing goes wrong, he has already successfully entered.”

The reincarnator king suddenly became nervous and said, “Then we have to speed up. If he leaves first and then destroys the formation, what should we do?”

The three of them looked at each other and took a drop of saintly being’s blood and fused it into their bodies.

They first tried to put a part of their limbs into the starlight array. The starlight was calm and there was nothing unusual.

“Let’s Go!” The three of them quickly moved and stepped into the Starlight Array.

Little did they know that outside the Starlight Array, Miss Song was squatting on the ground nervously and sent a voice transmission, “Su Ergou... Oh, Su Yu, hurry up. What are we waiting for?”

“Didn’t they say that you are a human saintly being? Give me a drop of blood and we will go as well!”

Su Yu was unmoved. There was a playful look in his eyes. “Why do we have to go? Let them die first before we set off. Isn’t that good?”

Ah?

Miss Song was stunned. “What nonsense are you talking about? Once they enter the teleportation array and leave safely, they will definitely destroy the teleportation array.”

Su Yu raised his right hand and smiled enigmatically. “Then, they have to have a chance to reach the teleportation array!”

“What do you mean?” Miss Xiao Song looked at Su Yu’s enigmatic expression and felt a chill run down her spine.

Su Yu did not say a word. Traces of nine-colored blood seeped out from the five fingers on his right hand.

This was indeed the blood of a saintly being, but the difference was that his saintly being’s blood was mixed with the power of chaos that could not be dispelled!

This was the power that only the emperor's bloodline possessed.

“Go!” Su Yu waved his hand, and strands of saintly being's blood turned into thousands of blood strands the size of hair and entered the starlight formation.

At first, the saintly being's blood enveloped the power of chaos, and the Starlight Formation completely ignored it.

The three people who were cautiously moving forward suddenly noticed the movement behind them.

Reincarnation king fixed his eyes and saw a strand of saintly being's blood, the size of a strand of hair, appear a thousand feet ahead of him.

The sky-covering patriarch also noticed many strands of blood flying in front of them.

Zhan wushuang also noticed it.

The first two frowned, but before they could understand what was going on, Zhan Wushuang's expression changed after his eyes changed. He exclaimed, “Oh no, we've been tricked! !”

He had known Su Yu for many years and he knew how terrifying this fellow was.

It was not that the other party was powerful or that he had grasped many things. It was that the other party's scheming ability was something that even the carefree emperor had admitted defeat!

This inexplicable appearance of the saintly being's blood gave Zhan wushuang a very bad feeling.

At this moment, they had already reached one-third of the Starlight Formation.

...

He was reluctant to retreat.

The risk of advancing was too great.

Su Yu had grasped this opportunity like a beast!

If it had been earlier, Zhan wushuang would have retreated without hesitation and killed Su Yu.

If it had been a little later, Zhan wushuang would have continued to charge forward without hesitation even if they were halfway through. Because retreating and advancing were equally intense, the danger was the same. Of course, he chose to advance.

In the end, he was stuck at one-third of the position. He could neither retreat nor advance!

“Su Yu! You’re F * cking Inhuman!” Even with Zhan Wushuang’s calmness, he could not help but swear.

It was not his fault. If he wanted to blame someone, it was Su Yu’s timing. It was too f * cking painful.

After saying that, Zhan wushuang gritted his teeth and ran forward crazily.

Although the forefather and the reincarnator King did not realize what was going to happen, they had a bad premonition when they saw Zhan Wushuang’s expression.

Just as the two of them moved, Su Yu smiled faintly.

...

With a thought, the blood of the saintly being that contained the power of Chaos released the hidden power of chaos.

The absolute beginning Dao master only designed the passage of the human saintly being. He was merciless to the others.

Moreover, the sons of heaven probably made the absolute beginning dao master hate them even more.

The appearance of the power of chaos would probably trigger the most violent attack of the Starlight Formation!

As expected!

Chapter 3170 - 3170 Chapter 3,058, killing the Patriarch

3170 Chapter 3,058, killing the Patriarch

The power of chaos appeared, and the calm galaxy seemed to be boiling. The stars were jumping crazily like beans in a pot of oil!

Zhan wushuang, who was running, raised his head and looked up. His eyelids were twitching, and he was about to curse, “Su Yu! You’re F * cking ruthless! ! !”

The faces of the reincarnated human king and the overwhelming patriarch were pale. They were anxious and angry, “Human Brat! ! !”

So what if they were furious? The starlight formation was activated like never before!

!!

Beams of starlight fell down like they were free!

What made Zhan wushuang, the reincarnated human king, and the overwhelming patriarch even more furious was that under Su Yu’s control, the power of chaos was split into ten, ten into a hundred, and a hundred into a thousand!

As a result, a thousand strands of power of chaos were split into as many as a million! !

What kind of concept was that?

The entire starlight formation was filled to the brim!

The already raging starlight formation was completely in chaos!

The stars in the Sky were all shaking!

Looking from afar, the stars in the sky were all falling, leaving not a single star in the sky!

Miss Song was so shocked that her mouth was so wide that it could fit an egg. She was extremely shocked. "This... This was done by you?"

Su Yu shrugged. "A little trick."

Miss Song looked at Su Yu's calm expression and shuddered. "You're too sinister... ahem, I mean, aren't you too scheming?"

She found it hard to believe that Su Yu could scheme people to such an extent.

"Did you sense that you could pass through the Starlight Formation?" Miss Song suddenly thought of it.

That was because she clearly sensed that when the great grandmaster told her the way to pass through the Starlight Formation, Su Yu's face did not change at all. It was as if he had known all along.

Su Yu nodded. "Yes."

When he first came to the Starlight Formation, he had already sensed it. He vaguely sensed that the saintly being's bloodline in his body was actually resonating with the starlight formation.

Therefore, he guessed that his saintly being's blood could directly pass through the Starlight Array.

"AH? You knew? Then did you deliberately stay here to scheme against them?"

"Yes!"

Miss Xiao song was stunned. "But how can you be sure that they must have a way to pass through the Starlight Array? What if they are powerless against the starlight array and choose to retreat?"

Su Yu smiled. “Since they know that there is a teleportation array inside, don’t you know that there is a destructive starlight array in front of the teleportation array?”

“If they still dare to come, there must be a way.”

Miss Xiao Song pondered and shook her head. “It’s still a bit risky. Even if they know the way, how can you be sure that they will pass through together?”

“If they become cautious and leave one person behind, and the other two leave first, you won’t be able to make a move.”

Su Yu’s deep eyes pierced through people’s hearts.

“Behind? Do you think there is any trust between them? Who is willing to be behind?”

Miss song thought about it carefully and realized that it was true!

The Reincarnation King and the Great Grandmaster claimed to be good friends for many years, but they fought to the death for a beast egg. Looking at Zhan wushuang, they disdained to be behind the two of them.

So no matter what, they would go together. No one was at ease with each other.

There seemed to be all sorts of unpredictable possibilities, but under Su Yu's plan, everything actually took shape smoothly.

"You really know how to play dumb." Miss Xiao Song recalled how Su Yu played dumb in front of her. It was both funny and infuriating.

But more than that, she felt an inexplicable sense of relief. If Su Yu had evil intentions and wanted to harm them, with this terrifying scheming power, the three of them would have died long ago.

"Haha." Su Yu laughed and looked at the starlight array that was bombarding them.

The first strand of starlight finally poured down and crashed in a certain direction.

It was far away from the three of them and did not directly harm them.

A strand of primal chaos power was directly destroyed by the Starlight.

However, this was only the beginning!

The strands of starlight were dense like a storm, sweeping across the vast land and wreaking havoc in all directions.

The Falling Starlight silently destroyed the wisps of the power of chaos.

Zhan Wushuang and the other two tried everything they could to avoid the surrounding power of chaos, or to destroy the surrounding power of chaos in advance.

However, it was useless.

Because there was too much power of chaos everywhere!

Finally, a beam of starlight fell near the reincarnation King!

That Ray of power of chaos was 30 feet away from his body!

Seeing that the starlight was about to reach him, the reincarnation King's face changed and he used the Great Sun Divine Wings to Dodge!

But after dodging this ray of Starlight, because the divine wings were too big, it was contaminated with hundreds of power of chaos, and the rays of starlight fell crazily.

Boom Boom Boom —

In just an instant, the Supreme Sun Divine Wings of the reincarnation king were blown apart.

One of the Starlight hit the reincarnation King's original body directly!

Pu —

...

In the blink of an eye, the reincarnation king was turned into powder!

Fortunately, the reincarnation king still had five reincarnation whirlpools. The moment he turned into powder, the reincarnation ancestral spell in the surroundings was activated. Time went by little by little, turning the reincarnation king back into a complete human form from a powder state.

The only thing that could not be restored was the dim vortex on his chest.

This time, he would not be able to break through to become a ten thousand saints in this era.

However, they were only halfway there. Whether or not his remaining four vortexes could last until the end was a big problem.

In comparison, the reincarnation king was glad that he could be resurrected after his death. However, the other two did not have such heaven-defying methods!

The overwhelming patriarch was terrified. He used the remaining curses on his body again and again, each time he used the curses to offset the falling starlight attack.

The curses that he had accumulated throughout his life were quickly consumed.

Looking at Zhan wushuang, it was even more difficult. His cultivation was not strong to begin with, so he had to rely on the divine thrones of Heaven and earth and the Emperor's killing sword to hold on.

Now that the divine thrones of Heaven and earth were destroyed, he could only rely on the emperor's killing sword to give the falling starlight attack when the starlight came.

Although the sword Qi of the Emperor's killing sword could not destroy the Starlight, it could barely block it for a moment, giving Zhan wushuang time to dodge in time.

...

However, this was only a temporary measure, because there were too many falling starlight.

Several times, he had been surrounded by danger and passed by the edge of death.

For the remaining half of the journey, he did not have the slightest confidence that he could successfully pass it.

They narrowly avoided the attacks again and again.

Finally, they made it through two-thirds of the journey, and there was only one-third left.

From where they stood, they could already see the end of the Starlight Formation. There was an ancient hall filled with brilliant lights and moving figures.

The sound of the sky-sweeping music came from the hall, as if it was the deepest dao in the world. It made people's minds fly and their souls clear.

What was even more suffocating was that both Zhan Wushuang and the reincarnation king and the overwhelming patriarch, who had reached the quasi-ten thousand saints realm for countless years, actually noticed the changes in their bodies.

Zhan Wushuang's cultivation base was restless. Without any external help, he was actually going to make a breakthrough!
