## Chapter 3201 - 3201 Chapter 3,088, the double hopeless situation

3201 Chapter 3,088, the double hopeless situation

She made a move to activate it, but her technique was very indecisive. She didn't really activate it for a long time, which made draw mortal city completely believe in his judgment.

"Haha, I didn't Guess Wrong!" Draw Mortal City laughed loudly and said sinisterly, "Song Jiayi, today will be the day of your death!"

He shouted in a low voice and held the yin-yang blood wheel with both hands, pouring power into it.

The blood theory began to spin rapidly, cutting the space into black nothingness.

Miss Xiao Song's expression was extremely grave. She knew that sharpness was only a compliment from the yin-yang blood wheel. The real scary thing was that this blood wheel could split yin and yang.

Once touched, the blood wheel would immediately release the power of yin and yang, instantly enveloping all living beings within a three-mile radius and instantly killing them.

In other words, even if you were agile, it would be useless.

An ordinary attack might be able to be avoided, but the yin-yang blood wheel was not!

“Let me see what miss song is capable of.” Yin Fan Cheng Laughed Sinisterly, and the yin-yang blood wheel in his hand instantly rushed out.

Just as Miss Song knew, after the Yin-yang blood wheel flew out, it immediately released an intense yin-yang qi flow to engulf everything in the surrounding area.

Before the yin-yang Aura got close, Su Yu could feel the thick and dangerous aura inside.

If it really came into contact with it, it would cause the yin-yang in her body to be in chaos, and then she would die suddenly.

Miss song gritted her teeth and had no choice but to forcefully activate the Sui ren Leather Armor. A weak reflection of fire flew out from the leather armor and turned into a sea of fire, burning the incoming yin-yang aura.

Those air currents were all burned to nothing under the huge flames.

Even the yin-yang blood wheel that was rushing over was burned red by the huge flames.

Seeing this, Yin fan city did not choose to fight head-on. Instead, it cunningly summoned it back and waited for it to recover before launching another attack.

Miss song was in a passive situation and once again activated the flames.

However, this time, the flames were clearly much weaker than the last time.

Draw mortal city was completely at ease, and greed was written all over his face. “Your Song family has been in control of the Suiren leather armor for far too long. It’s time for it to change its master!”

As he spoke, he recalled the yin-yang blood wheel and attacked for the third time.

This repeated over and over again. Miss song was too tired to fight back, so she could only fight back with weaker and weaker attacks.

The further she went, the more powerless miss song became.

In the end, when the flames she condensed could not even break through the yin-yang Qi flow, she completely lost the ability to fight back.

The Yin-yang blood wheel carried a murderous intent as it released a powerful yin-yang Qi flow to attack.

When the fire lion saw this, it quickly picked up miss song, whose body was weak, and carried Su Yu on its back as it turned around and ran.

It escaped in time when the yin-yang Aura swept over.

The Ten Thousand Saints'escaping speed was something that Yin fan city did not expect. After being stunned for a moment, it quickly chased after them.

"Put them down, or else I'll kill you too!"Yin fan city shouted angrily.

He was furious. He was about to kill song Jiayi, but a lion that could run suddenly appeared.

The fire lion turned its head and rolled its eyes. “Do you think your father is an idiot? If you put them down, you won’t kill me?”

The other party would let him go after breaking the Yin family’s attempt to assassinate the heir of the song family’s Wang Family?

It would be strange if they didn’t crush his bones and scatter his ashes!

Now, the fire lion could only run!

Fortunately, it was good at running. Otherwise, the three of them would be finished today.

Miss song was weak and powerless. Looking at the Yin fan city that was chasing after them, her face was gloomy. She smiled bitterly and said, “I’ve implicated Big Brother Su Yu.”

Originally, he had nothing to do with it, but in the end, it caused them to be implicated as well.

The fire lion was speechless and shouted, “What about me? Didn’t I get implicated? Lions don’t have human rights, right?”

After a pause, the fire lion said, “Oh, lions aren’t humans. They don’t have human rights.”

Miss Song could not help but laugh. However, just as she laughed, an incomparably sinister gaze enveloped them. At the same time, a sinister and resentful voice that sounded like thunder fell into their ears.

“Hehe! It’s said that there’s always a way out, but to you, it’s the exact opposite!”

A nine-colored ray of light shot into the sky from the horizon!

They did not need to guess to know who it was!

The ninth domain!

He had caught up once again!

Miss Xiao Song was extremely bitter. “The heavens are going to destroy us!”

There was the ninth domain in front and the mortal attraction city behind.

Su Yu and Miss Xiao song were both exhausted at the same time, but the two enemies were at their peak.

In such a desperate situation, Miss song could only smile wryly.

At this moment, they no longer had anything to rely on.

The fire lion said, “How about we shift the tides of disaster to the east? Let’s let Yin fan city and that bug fight to the death!”

“This is little master’s favorite plot. Oh No, it’s a plot.”

Miss song shook her head. “There’s no need to think about it. They will only join forces and not kill each other, because their goals are all different.”

The ninth domain wanted Su Yu, and the attraction city wanted her, Song Jiayi.

They each took what they wanted. It was already good enough that they did not work together, so how could they kill each other?

...

“Little Master, think of a way!”The fire lion cried.

Su Yu smiled bitterly. In front of absolute power, all schemes and tricks were useless.

Moreover, they were not facing one absolute power, but two!

As Su Yu silently recovered his strength, his mind spun rapidly, trying to find a way out.

However, no matter how he thought about it, he could not find a way out.

If he could move freely, there was still a glimmer of hope. Now that he could not move, he could not use any better method.

His only hope was probably the boots on his feet.

It was not ordinary and could not display its power because Su Yu had not figured out how to control it.

How should he control the boot?

Su Yu focused all his attention on the boot. Only by finding a way to control it could he have a chance to escape and ascend to heaven.

While he was thinking, Yin fan city and the ninth domain were rapidly approaching.

...

Both of them felt threatened by each other.

The ninth domain shouted coldly, "Who are you going to kill?"

"That woman! What About You?" Yin fan city was not without fear.

The ninth domain said, "That man!"

Yin fan city let out a sigh of relief, "Just to be safe, let's each kill our own and not interfere with each other. How about that?"

"Sure!" The ninth domain said.

With its once arrogant and tyrannical temper, it would never cooperate with others. Back at the Hall of preaching, it could be seen that it would rather break the contract to kill Zhan Wushuang.

However, it had learned its lesson after suffering a great loss from Su Yu.

Before getting rid of Su Yu, he did not dare to cause any more trouble.

The two of them reached an agreement and rushed towards their respective targets.

The distance between them was getting closer and closer. In ten breaths at most, they could enter the attack range.

With Su Yu and Miss Song's condition, any attack could take their lives.

However, Su Yu had yet to figure out how to use the boots.

Ten breaths!

They were getting closer!

Nine breaths, they were getting closer!

Eight breaths!

Seven breaths!

Six breaths!

The fire lion stood on the spot and looked up at the sky speechlessly. It had already given up on struggling.

Miss Xiao song was sprawled on the ground weakly. Her small face was filled with helplessness.

## **Chapter 3202 - 3202 Chapter 3,089, Rebirth**

3202 Chapter 3,089, Rebirth

Su Yu, however, seemed to be unaffected by the outside world. He was thinking as if no one was around.

He knew very well that this pair of cloth shoes was his only hope.

At this moment, the more dangerous the situation was, the more he had to remain calm.

His brain was working extremely fast. Countless possibilities flashed through his mind, but they were all eliminated.

Five breaths!

Four breaths!

Three breaths!

He still couldn't figure out how to use the cloth shoes!

Mortal Attraction City and the ninth domain had already arrived.

They were killed in an instant!

Su Yu closed his eyes. Death was right in front of his eyes, but he wasn't distracted at all. He was still stubbornly thinking.

Two breaths!

One Breath!

At the last moment, Su Yu still didn't give up. He had been like this all his life.

The more desperate he was, the more unwilling he was to give up.

The last breath passed in an instant.

The Yin-yang blood wheel of draw mortal city was activated in a breath's time. The eyes of the ninth domain also shot out a domain light of destruction.

Two types of attacks that could destroy everything came from two different directions. They wanted to destroy them in the human world!

At the last moment, perhaps it was due to the pressure, or perhaps it was because he was eliminated from thousands of possibilities, a flash of light appeared in his mind!

He saw Su Yu make a bold move that no one had ever thought of!

His soul had left his body!

Moreover, his soul pressed his palms together, and the sound of wind and thunder erupted from within his body.

The ninth domain was shocked. “Soul self-destruct?”

That’s right!

Su Yu was self-destructing his soul!

The soul energy in his body was like boiling sea water that was rolling crazily!

Yin fan city glanced at it and said in surprise, “Crazy!”

A body could be reassembled if it was destroyed, but a soul destroyed would mean complete destruction.

He had seen a self-destruction body, but he had never seen a self-destruction soul!

Even if Su Yu was afraid of death, there was no need for him to destroy his soul, right?

However, the ninth domain's gaze changed drastically. A sense of anxiety and uneasiness gathered in his heart. He knew Su Yu well and knew what kind of person he was.

How could Su Yu, who was in a desperate situation, commit suicide?

He must be brewing something!

Definitely!

Thinking up to this point, he gathered the eight great ancestral techniques in his body and turned them into a nine-colored sharp arrow that shot toward Su Yu.

He was worried that his two gazes might not be able to kill Su Yu.

Thus, he had to make up for the eight great ancestral techniques with a peerless arrow.

Miss Song was also extremely shocked. “Big Brother Su Yu, what are you doing?”

The fire lion was shocked. “Little Master, are you crazy?”

No one would have thought that Su Yu did not resist at the last moment. Instead, he chose to self-destruct his soul and end his glorious life.

Boom —

A muffled sound was emitted from within Su Yu’s soul!

An aura of destruction erupted from within his soul and burned everything in his soul!

His legs, hands, torso, and head were all destroyed by the self-destruction. It was as if the dust in the world had dispersed and scattered between heaven and earth.

Wisps of soul fragments were swept up by an invisible force and entered the sinkhole world.

Heaven and Earth were silent, as if they were sighing.

There was no sound in the human world. It was as if they were standing in silence and mourning.

A human sacred body was finally forced to self-destruct and disappear from the human world.

The Fire Lion was stunned, Miss song was stunned, the mortal attraction city was stunned, and the ninth domain was stunned.

The expected result, the unexpected outcome.

The fire lion closed his eyes with a bitter smile, "I am the star, why did you disappear so sadly?"

The human juniors that the Green Emperor had high hopes for should have been like the stars shining brightly. Even if they died, they should have released a brilliant light, sweeping across the sky and earth like a comet sweeping the moon.

Why did they choose to end their lives in humiliation by self-detonation?

Looking at the approaching attack, the fire lion closed its eyes in sorrow, silently waiting for the arrival of death.

...

Miss Song also smiled bitterly and closed her eyes in silence. "Is self-detonation important? In the end, you won't be able to escape death!"

Boom —

Under the two peerless attacks, only endless rumbling sounds were left in the world. Apart from that, nothing else could be heard.

They had already accepted their fate and were waiting for death to come.

However, the pain that they had imagined did not appear. Instead, it was an impact that broke their eardrums, causing them to open their eyes in pain.

Looking over, an unbelievable scene appeared!

Su Yu, who had already turned into soul fragments and dispersed, was actually reassembling! ! !

Pieces of soul fragments, under the guidance of an invisible force, reassembled into a complete soul.

Not only that!

Su Yu's soul had once contained bits of golden yellow, which meant that his soul power had reached the quasi-ten thousand saints realm.

However, at this moment, under the nourishment of the invisible force, Su Yu's soul started to glow with a golden light.

...

“Rebirth of the Soul?” Draw in mortal city sucked in a breath of cold air. The scene in front of him had overturned everything he knew in his life.

Didn't the destruction of the soul mean the ultimate?

No matter if you were an overlord of a region or an expert of ten thousand saints, it was the same.

Even if it was the son of Heaven of the Sacred Mountain, the end result of the destruction of the soul would still be the path of the ultimate.

Su Yu's soul had clearly been destroyed and had already returned to the ultimate. How could he still be able to reassemble?

The ninth domain's heart thumped wildly. It had an extremely ominous premonition!

It was indeed true!

Su Yu wouldn't self-destruct so easily and die!

However, if his soul was destroyed, how could he reassemble it?

What could he do after reassembling it?

Even if his soul had reached the ten thousand saints realm, so what?

After all, a soul was just a soul!

After reassembling it, Su Yu's entire body flashed with golden light. His eyes slowly opened.

Those eyes were filled with vicissitudes of life, Regret, and regret.

"How great would it be if the person reassembled was Xian 'er?" Su Yu smiled. His greatest regret in his life was Qin Xian 'er.

If Xian 'Er's soul could have obtained the cloth shoes back then, perhaps she wouldn't have returned to the sinkhole and been separated from Yin and Yang ever since!

While sighing, he glanced at the two great attacks that were attacking him. With a faint smile, his soul returned to his body.

His body, which had already lost all its power, emitted a strong golden light from the inside out.

Then!

His body stood up straight.

His lips, which could not speak, moved slightly. “As I guessed, how can I control the item of the sinkhole emperor without the sinkhole?”

The end of the soul was the sinkhole.

Only when the sinkhole soul became a part of the sinkhole world would its cloth shoes truly recognize its master.

Su Yu raised his foot and stepped lightly on the spot!

Boom

A golden ripple radiated from under his foot in all directions!

At first, the ripple was only the size of a thumb. Then, it grew larger and wider!

Even though the speed of the ripple's expansion was very flat and it seemed particularly gentle.

However, the moment the ripple collided with the attacks of both sides, both the yin-yang airflow of the Yin-yang blood wheel and the two beams of light from the ninth domain were silently annihilated.

Even the sharpest arrow from the ninth domain's strongest attack was like a snowflake thrown into a furnace, disappearing without a trace.

The pupils of the ninth domain shrunk drastically! !

Meanwhile, mortal attraction city sucked in a breath of cold air! !

Even if the Yin family's patriarch came personally, he would not be able to easily dissolve the yin-yang energy flow in the yin-yang blood wheel!

## **Chapter 3203 - 3203 Chapter 3,090, the might of a cloth shoe**

3203 Chapter 3,090, the might of a cloth shoe

But what did Su Yu Do?

Just a light step, and he had already developed such terrifying ripples?

Even an extremely powerful force was easily dissolved by him. Then, what would happen if a human's body came into contact with it?

Seeing that the ripples continued to spread, the hair on the back of everyone in mortal attraction city stood on end. How could they still care about Miss Song? They turned around and fled.

The ninth domain's pupils constricted as well. The dragon's body trembled and it retreated decisively.

The ripples spread out very calmly, but each new ripple was larger than the previous one and covered a wider area.

Therefore, although the expansion seemed slow, the area it swept through was larger each time!

One Breath, two breaths, three breaths!

Luring mortal city ran toward the teleportation array with all its might.

The only thing that could save him was the teleportation array. As long as he left sinkhole's tomb, he would be saved.

Not long after!

He finally reached the teleportation array!

When he looked back, his pupils constricted. The Golden Ripple had already radiated behind him, and everywhere it passed, everything was reduced to nothingness. There was nothing left!

Luring mortal city's face was filled with suffocation. He hurriedly jumped onto the teleportation array and activated it.

The Golden Ripple stopped expanding and stopped there.

However, Yin fan city's face revealed a look of despair. "No..."

The moment the ripple stopped, it meant that an even larger ripple had appeared!

As expected!

A brand new Golden Ripple appeared above his head and covered the entire area within the teleportation array!

It covered everything within its range, instantly dissipating into nothingness..

Including Mortal Attraction City!

Only a patch of nothingness remained in this region, as well as a cracked yin-yang blood wheel that floated in the nothingness!

On the other side, the ninth domain was clearly faster than mortal attraction city. In the blink of an eye, it had passed through the second treasure trove and was running madly towards the Third Treasure Trove.

However, the golden ripples were getting wider and wider.

No matter how fast the ninth domain was, it could not be faster than the expanding golden ripples.

“Su Yu! What is this thing?”The ninth domain roared furiously as it watched a ripple appear above its head.

Everything within the range of the Ripple disappeared into nothingness!

The ninth domain was no exception!

Its heart was beating wildly as a huge shadow of death enveloped its body. It was a death that even the ancestral life technique could not dispel!

The one who answered him was Su Yu’s indifferent voice.

“It wants your life!”

At the critical moment of life and death, the ninth domain gritted its teeth and spat out a ball of spinning black energy. This was the pillar of the Dao Transmission Hall’s array formation, and the energy contained within it could destroy the world.

It clawed with its dragon claws and pierced through the rotating black energy ball.

The damaged black energy ball gradually stopped its steady rotation. The enormous power within it lost control and began to erupt crazily!

The golden ripples that covered the area were offset by a small portion of the black energy that was continuously gushing out, causing a gap to appear in the ripples.

The ninth domain took the opportunity to escape from the gap!

However, what shocked it was that the crisis had not been resolved!

Not far ahead, another ripple with a wider range was slowly condensing!

“No!”The ninth domain roared in fear as it madly rushed forward. It wanted to rush out before that ripple took shape. Otherwise, it would die without a doubt!

Hu —

In a breath’s time, the ninth domain had already rushed below the ripple. Before the ripple had fully taken shape, it was about to pass through.

But suddenly, the ripple took shape!

The ninth domain, which had only passed through half of its body, was enveloped by the ripple!

Ah!!!

A miserable scream rose from thin air!

The second half of the ninth domain's body disappeared!!!

After countless years of cultivation, Su Yu had destroyed half of the ninth domain!

He was so far away from his dream of becoming the thirteenth absolute beginning expert!

After losing so much energy, how could the ninth domain cultivate again? How could he try to become the thirtieth absolute beginning expert?

However, the ninth domain didn't have time to scream because new waves were brewing not far away!

At this moment, the ninth domain was in despair!

Su Yu's indifferent voice came from behind, "Does the feeling of despair feel good?"

The ninth domain turned around and saw Su Yu, who was covered in golden light at the end of the world, walking over.

With every step he took, a ripple would appear under his feet. That ripple was the same as the previous one, continuously rippling and destroying everything in all directions!

Looking at the countless golden waves, the ninth territory's heart felt like it had fallen into an ice cellar.

...

It gritted its teeth and didn't give up. It fought against the new waves while roaring indignantly, "No! I'm the strongest order in this world. I'm destined to be the thirteen absolute beginning warrior in the future. I Won't Die! I Won't Die!"

The ninth territory screamed at the top of its lungs.

Su Yu walked over with his hands behind his back. “So what if I become an absolute beginning? At best, I’m only on the same level as the son of Heaven of the Sacred Mountain!”

“And I, Su Yu, am going to destroy all the son of Heaven of the Sacred Mountain!”

The dream of the ninth domain was just a stepping stone for Su Yu!

“In Your Dreams!” The ninth domain was filled with hostility. It didn’t seem like it was going to beg for mercy. “The absolute beginning is the limit of this world. No one can surpass it!”

In the past, Su Yu felt the same way.

But now, he didn’t see it that way.

“The limit of Heaven and earth?” Su Yu smiled with a hint of contempt. “If the son of Heaven of the Sacred Mountain is the limit of heaven and earth, then what is the absolute beginning Dao Master? What is the sinkhole Empyrean Lord? What is the distant Suireshi?”

“The limit of heaven and earth that you know isn’t the limit of heaven and earth, but your limit!” Su Yu hit the nail on the head, he shattered the ninth domain’s proud heart. “In the end, you are also a frog at the bottom of a well! The sky that you see will always be the sky that others will let you see.”

The ninth domain's heart fluctuated violently.

...

If it were in the past, Su Yu would have said these words with disdain.

But now, being stepped on by Su Yu, he could not help but be moved.

He did not know about the sinkhole overlord, Suireshi, but he knew about the absolute beginning dao master.

Absolute Beginning Dao Master's realm was definitely not lower than sacred mountain's son of heaven!

"Don't even think about ruining my Dao Heart!"The ninth domain was lost for a moment before it regained its senses. It said coldly, "You want me to give up on my pursuit and become a part of you, don't you?"

Su Yu didn't say anything. He said, "Your dream is to be an absolute beginning, and my dream is to be in heaven. I will perish! Give me your power, and I will fulfill your dream!"

The ninth domain laughed loudly. “In your dreams! ! ! Even if I destroy myself, I will never leave the eight great ancestral techniques to you!”

It laughed savagely. “Back then, of the eight great domains in the world, a portion was taken by ancient god Nine Dragons. The other portion was all on the returning ruins divine stele.”

“Now, you have taken a portion of ancient god Nine Dragons’ domain, and I have taken the domain of the returning ruins divine stele!”

“If I destroy these domains, you will never be able to obtain the eight ancestral techniques. You will never be able to break through to the absolute beginning realm

## **Chapter 3204 - 3204 Chapter 3,091, the Giant Hand of heaven**

3204 Chapter 3,091, the Giant Hand of heaven

Su Yu was silent.

Indeed, he and the ninth domain were inseparable.

Only when the two domains merged could he complete the nine great ancestral techniques and create a new absolute beginning expert.

Su Yu was expressionless. He said indifferently, “Ten thousand techniques become one! You only have one path to become an absolute beginning expert. As for me...”

A domain appeared around his body. A mortal body appeared and his cultivation base appeared.

He had three paths to walk!

Losing one path didn't mean the end. On the other hand, as a domain, he could only choose to become an absolute beginning expert with his domain.

“It doesn't matter to me whether you die or not,” Su Yu said indifferently. He took a step forward.

With this step, the ripples under his feet shook, and endless ripples ran rampant!

The ninth domain gritted its teeth and finally managed to escape to a brand new ripple. However, just as it was about to cross over, the ripple barely took shape and destroyed half of its body!

The once huge ninth domain only had one dragon head left, and a quarter of its body remained!

“No!”The ninth domain let out a heart-wrenching scream of pain.

The size of his body meant that his strength was high and low. The current him was not even a quarter of his peak strength!

Su Yu said, “The fate between US might not be for you to devour me. It’s also possible that I will devour you!”

As he finished speaking, he took another step forward, and more ripples chased after him.

In addition, the new ripples were condensing again. Under the double attack, the ninth domain was doomed!

Even the ninth domain roared indignantly, “I have awakened from the chaos and become the ninth domain. I have been trapped in the sinkhole divine monument for countless eras

“I have endured so many years of suffering, so many shackles that are worse than death, and so much pain that no one is listening to

“I finally managed to escape with great difficulty, but I’m going to be buried in your hands?”

“I really can’t accept this!”

As a sentient being born in the world, it was imprinted on the sinkhole divine monument as a domain the moment it appeared.

Only after countless eras did it have the chance to escape and head to the outside world.

The tortures that were akin to shackles during this period of time were unimaginable to living beings.

The reason why the ninth domain was so violent was because it had been imprisoned for countless years. A normal person who had been imprisoned for such a long period of time could lose his mind and become a lunatic, what more a newly born intelligence?

“I don’t want to Die! I don’t want to Die! ! !”The ninth domain let out its final roar.

However, the brand-new Ripple did not stop and continued to condense, rapidly forming.

The ninth domain madly ran and chased. It used its last bit of strength to struggle out of the ripple.

Looking at it, Su Yu felt as if he could see his past self.

In the past, he was also in despair, struggling again and again.

However, this did not mean that Su Yu had any sympathy.

Not only did his footsteps not slow down, but they were even faster. He easily caught up with the ninth domain.

The current ninth domain only had a quarter of its body left. It had suffered unprecedented damage and its speed was no longer the same as before.

After catching up, Su Yu coldly stepped on its back.

This kick at close range rippled enough to completely take its life!

The ninth domain did not give up, did not surrender, did not admit defeat!

He gritted his teeth and roared as he continued to run forward. Even though death was right in front of his eyes, he did not even frown.

He only carried a deep sense of unwillingness, a deep sense of rebellion, and pursued the only way to survive at the last moment.

Su Yu shook his head, but he did not show any mercy. The more this was the case, the more he wanted to take the opportunity to kill the ninth domain.

How similar was such a stubborn desire to survive to him?

If he was given a way out, he would come back with an even stronger attitude.

Therefore, Su Yu used all his strength to kick.

A golden ripple quickly spread out. As long as the ripple swept past, the ninth domain would be completely destroyed in the human world.

However!

He didn't know if it was fate that played tricks on him or if there was always a way out.

Not far ahead, the once third treasure area had been shattered into ruins. Many floating stars had been shattered.

What was unusual was that after the islands were shattered, energy balls were revealed.

They looked scattered, but if one looked down from above, they would see them.

If the energy balls were connected to each other in a line, it would be a huge teleportation array! ! !

Su Yu's eyes narrowed. He thought of heaven-breaking mountain!

The teleportation array there could lead directly to the sinkhole tomb. That was how patriarch gatian and the Samsara King had entered.

He had always wondered why the teleportation arrays should be mutual.

Since they could be teleported here, there should be a corresponding teleportation array here!

However, there was only one known teleportation array in the land of origin and one outside the DAO transmission hall.

However, Patriarch Gatian and the Samsara King did not come from those two teleportation arrays.

...

There should be a third teleportation array here.

Looking at the countless energy balls, Su Yu finally understood!

Thinking of this, Su Yu didn't say anything. He quickened his pace and tried to block the ninth domain.

However, for those who survived, any bit of hope was enough to unleash their potential.

The ninth domain, which was already at the end of its tether, swung its body and crazily rushed to the center of the energy balls. As it rushed, it released a powerful force, “Open! Open! ! !”

With the power of the ninth domain, it filled up the energy balls in just an instant.

Buzz Buzz Buzz —

The huge teleportation array immediately began to activate. Rays of bright light enveloped the ninth domain and began to teleport.

This teleportation array was not only huge, but it was also extraordinarily efficient. As long as the power was poured in, it could be activated instantly!

Su Yu’s eyes turned cold as he said furiously, “Stay Here!”

He leaped into the sky above the ninth domain and stomped down viciously!

...

A ripple instantly appeared and stomped on the head of the ninth domain!

The ninth domain was still in the process of teleporting and had yet to completely leave this area.

It was still unable to escape death!

“No! ! !”Sensing that it was about to disappear, the ninth domain let out a heart-wrenching roar.

However, it could do nothing but watch as it disappeared under the golden ripples.

However!

At this desperate moment, the teleportation array suddenly shook violently!

On the other end of the teleportation array, a gigantic hand that blotted out the sky and covered the moon extended out!

The Palm’s lines were clear, and its skin was covered with extremely profound and obscure ancient characters!

It reached the sinkhole through the open portal from the other end of the teleportation array.

In the face of the boundless palm, Su Yu's sacred body appeared automatically. The oil lamp in front of his chest trembled incessantly, and he was terrified! ! !

Su Yu's pupils constricted, and he was shocked beyond words!

Who had such incredible abilities that they could enter the sinkhole?

## **Chapter 3205 - 3205 Chapter 3,092, life and death**

3205 Chapter 3,092, life and death

After the giant hand appeared, it grabbed the ninth domain and dragged it into the spatial teleportation array!

At this moment, a ripple appeared and sliced through the giant hand's little finger.

The little finger didn't disappear under the terrifying power of the ripple. It was only cut off by the ripple and fell out of the spatial teleportation array!

A soft groan of pain came from nowhere.

Then, a majestic and awe-inspiring voice slowly drifted over.

“The sinkhole monarch left the Pangu boots behind because he was unwilling to leave...”

The voice was extremely grand. The listener's mind was shaken, and Su Yu almost lost his guard and fell into a daze!

When the voice disappeared, Su Yu woke up again, but his back was covered in cold sweat!

“Who is that person?” Su Yu's heart was still pounding, and his entire body was still stiff.

A single voice had caused him to lose his sense of self. This was something that only happened when he was a mortal and met a god by chance.

However, Su Yu was already at the middle stage of the Great Sage realm. He was a supreme existence at the later stage of the Heavenly Dao master realm.

What kind of existence could cause him to be like this?

Even if the carefree emperor were to come personally, he would not be able to lose his mind with a single sentence?

Furthermore, the other party's voice was isolated from the sinkhole imperial tomb!

If they were face to face, he could control everything about Su Yu with a single sentence!

Just thinking about such an existence was enough to cause him to feel a lingering fear!

Rumble —

The sinkhole imperial tomb, which was already on the verge of collapse, collapsed a hundred times faster after being forcefully inserted by the mysterious giant hand.

The sinkhole imperial tomb in the distance had already completely collapsed!

Furthermore, it was charging toward them ferociously!

They could not wait any longer!

At the same time, the fire lion rushed over with miss song on its back.

Looking at the end of the sky with such a shocking momentum, all of them were scared out of their wits.

Su Yu did not say anything else. He immediately used his power to activate all the crystal balls nearby, causing the array formation to become excited once again.

Sou —

Several brilliant rays of light rushed out and enveloped them!

Teleportation was imminent!

Suddenly, Su Yu caught a glimpse of the silently floating broken finger. With a thought, he swept it over and kept it into his spatial storage!

At this moment, the spatial teleportation began and they all disappeared within.

After they barely left, the third treasure trove collapsed with a loud bang!

Su Yu and the others were sucked into the spatial teleportation and could only hear the deafening sounds of footsteps behind them.

Their ears were clear, which meant that they had successfully teleported to the outside world at the last moment.

However, they did not know where they would be teleported to.

This was because the heaven-severing mountain's teleportation array had been completely destroyed.

They might be teleported to a distant teleportation array, or they might fall back into the sinkhole emperor tomb.

Everything depended on their lives!

However, their luck did not seem to be good!

The rumbling sound that had disappeared not long ago actually reappeared!

Su Yu's expression suddenly sank!

They had been teleported back! ! !

The Heaven Breaking Mountain's teleportation array must have been destroyed and the teleportation channel was blocked, so Su Yu and the others were teleported back to where they came from!

They had managed to escape with great difficulty, but was it inevitable that they would die in the end?

Su Yu smiled bitterly in his heart. Such a way of dying was really cowardly!

However, at the critical moment, a mighty force appeared without any warning and directly cut off the teleportation passage!

Then, that mighty force charged into the teleportation passage in a heaven-defying manner and grabbed all of them before pulling them out against the Void!

Then, with a bang, the teleportation passage was broken and they were pulled out of the gap in the passage by that force.

Light reappeared in front of their eyes!

Su Yu's heart suddenly relaxed!

It seemed that when they were about to be teleported back to the sinkhole Empyrean Tomb, an expert from the outside world had discovered them and pulled them back.

When he opened his eyes, he saw that there were quite a number of people present under the blinding light!

When he looked again, he found that this place was abnormally familiar. It was the summoning altar that they had entered the sinkhole Empyrean tomb.

They were back!

Su Yu's heart hung in the air once again.

There were simply too many experts present, and many of them were exuding terrifying auras.

...

One of them, in particular, was a hunchbacked old man with a crown on his head and a face as weathered as tree bark.

His hands were folded in his sleeves. His clothes were simple and unadorned, and his beard was pale and disheveled. He was extremely inconspicuous among the crowd.

However, the people around him were all a step behind him, which brought out his status.

Waves of remnant power slowly dissipated in his sleeves. He was the one who had made a move just now and pulled them back from the teleportation!

Su Yu was secretly shocked. This person's strength was too strong!

"Ancestor!" Beside him, Miss Xiao Song threw herself into the old man's embrace with tears streaming down her face. She said coquettishly, "I almost died in there. Boohoo!"

Su Yu's heart trembled. The hunchbacked old man in front of him was the legendary six paths man King?

He could not help but size up the other party. This six paths man King, who even the ninth domain was afraid of, did not look good, but his strength was indeed heaven-piercing!

Although the hand that pulled them back from the spatial tunnel was not as good as the owner of the severed palm, it was still quite heaven-defying!

Its strength was indeed formidable!

As he sized them up, Su Yu looked at the six paths man king and suddenly discovered something unusual. He couldn't help but reveal a surprised expression.

...

This gaze was keenly caught by the six paths man king. He raised his eyes and looked over.

This glance caused Su Yu's heart to jump. This was even more terrifying than facing an All Saints expert!

Its strength was definitely not just at the early stage of All Saints. It had even reached the middle stage!

“Who are you?”The six paths man king asked as he stared at Su Yu and the fire lion.

His gaze lingered on Su Yu’s body as his eyes flickered with an unfathomable color.

Miss Xiao Song quickly wiped her tears and introduced him cheerfully like a little sparrow, “Old ancestor! Let me introduce you. This is Big Brother Su Yu, my Savior. He has saved me many times!”

“He was the one who helped me find my mission target after entering the third treasure area. Furthermore, he even brought me into the sixth treasure area!”

Eh?

The nearby experts were all astonished.

Some of the experts were shining brightly.

“Did you discover anything in the sixth treasure area?”An expert asked impatiently.

This was something that many people were concerned about. Even the six paths king cast a glance at Miss Song.

The sixth treasure area of the sinkhole tomb had always been a forbidden zone for life. Anyone who ventured deep into it would never be able to return.

It was the same even for powerful ten thousand saints.

Everyone was curious about what it was like and what was there.

Miss Song raised her head proudly. "It's the sixth treasure area. There's nothing there. It's just a huge array. Ten Thousand Saints will be reduced to ashes if they enter."

"Samsara King and sky-covering patriarch died inside."

What?

Many experts turned their attention to the six paths man king.

A foreign human king actually died inside the huge array?

That huge array was too dangerous!

“Just a huge array and there’s nothing there?”Someone asked.

Little song giggled and said, “Of course not! As long as we pass through the huge array, we’ll be able to meet the Hall of preaching. There are so many inheritances left behind by seniors.”

“For example, I received the inheritance of ancestor myriad flower,”Miss Song said.

A smile appeared on the old face of the six Daoist kings. “Which ancestor myriad flower?”

## **Chapter 3206 - 3206 Chapter 3093, Madame Myriad Flower**

3206 Chapter 3093, Madame Myriad Flower

The name myriad flower ancestor was very ordinary. Any expert who cultivated in flowers could be considered as myriad flower ancestor.

Miss Song giggled as she used her palm. A beautiful, multicolored flower took root and sprouted in her palm before withering.

Everyone present was an unparalleled expert.

They recognized the extraordinariness of this flower at a glance.

“This flower seems to be able to absorb the power of others!” An expert said sharply.

“That’s right! It seems to be able to absorb without any difference. Even the ten thousand saints are no exception!”

“What a tyrannical flower!”

The Six Paths King’s smiling eyes suddenly shot out a ray of light. “I never thought that that almighty expert would actually leave behind her inheritance in the mortal world.”

“I thought everything about her had disappeared from this world.”

Everyone was secretly shocked.

To be called a mighty figure by the six paths king, how powerful was he?

“Human King, the mighty figure you’re talking about, could it be that Madam Wan Hua from before the era of the Sacred Mountain?” An elder asked in deep thought.

In response, the six paths king nodded slightly. “That’s right! It’s Madam Wan Hua!”

‘what??’

All the powerful warriors present were shocked.

“Wasn’t Madam Wan Hua buried in the dust of history a long time ago?”

“That can’t be right. The Great Saints before the era of sacred mountain did not have any legacies left in the world. They were all buried with the era’s destruction time and time again.”

Before the sacred mountain descended, the true world had its own powerful warriors.

If Pangu Nuwa was just a legend, then this lady of ten thousand flowers was a real existence.

However, the traces of that ancient giant had long since disappeared into the long river of history.

Only the ancient books might still have some records.

As for their legacies, they were not even worth thinking about.

Because of the sacred mountain's wanton plundering, the civilizations were destroyed one after another. Even the legacies contained within the civilizations were destroyed.

It was already a miracle that the remaining nine-star civilization could have a sinkhole imperial tomb.

It was unbelievable that there were inheritances from ancient times in it.

The six paths King's eyes were filled with joy as he stroked Miss Xiao Song's head. "There will definitely be good fortune after surviving a great disaster! Madam Wan Hua's inheritance is quite impressive. Once she completely grasps it, even the emperor might be able to fight!"

Many experts were envious.

“The song family’s luck is too good!”

“This miss song is even more blessed. Not only is the Sui ren bloodline showing signs of returning to its roots, she also accidentally obtained Madam Wan Hua’s inheritance. How envious!”

“The song family is going to be even more glorious.”

However, many people’s gazes gradually shifted towards Su Yu.

Miss Xiao Song had received Madam Wan Hua’s inheritance, so what about this unknown human?

The six paths man king also noticed him and said, “He entered the Hall of preaching with you?”

Miss Xiao song smiled and nodded. “Yes, he obtained...”

She was about to say something when she met Su Yu's gaze. She understood and immediately changed her words. "The qualifications to listen to preaching outside the hall, his cultivation has skyrocketed!"

Many experts immediately lost interest.

To them, cultivation was meaningless. Su Yu was so young, so how much could his cultivation skyrocket?

"What other inheritances are there?" Six paths man king asked in front of everyone.

His intention was to dispel the many experts' thoughts and make them give up. He wanted them to stop thinking about the other inheritances.

This was also to protect song Jiayi's safety.

Miss song said, "There are many more. There are a total of ten halls, and one of them is the sinkhole Emperor Tomb's inheritance hall."

What?

All the experts present were shocked!

Even the six paths king could not help but change his expression. He stared at Miss song with burning eyes. “Is what you said true?”

The world had been speculating whether his inheritance had been left behind in the sinkhole Emperor Tomb.

But many people guessed that the chances of it being left behind were very low.

After all, it was only a cenotaph and not a real tomb. There was a high chance that it was just an empty tomb.

The news that Miss Song had brought back had overturned everyone’s imaginations.

“That’s right!” Miss song could feel the fervent gazes from everyone, including the Patriarch. She could not help but feel apprehensive.

She was secretly glad that she had managed to keep her mouth shut in time and did not spill the beans.

Otherwise, if they knew that Su Yu had obtained the sinkhole Emphyrean Lord’s inheritance, they would probably want to eat Su Yu alive.

“Why didn’t you go in?” Six Path Man King said regretfully.

Compared to the sinkhole Empyrean Tomb’s inheritance, Madam Wan Hua’s inheritance was practically negligible.

“Every single palace requires fortuitous encounters to enter,” Young Lady Song said in resignation. “Is the palace of inheritance in the sinkhole imperial tomb something a nobody like me can enter?”

...

After some thought, many powerful warriors did not doubt this point.

If the inheritance in the sinkhole imperial tomb was so easy to obtain, they would not have believed it.

The regret in the eyes of the six dao man King continued to linger. “What a pity! If we can obtain the inheritance of the sinkhole imperial tomb, it will be the key to opening the second true world.”

All of them felt pity as well.

Of course, most of them were glad that the song family did not master it. Otherwise, the song family, which was at its peak, would have become even stronger. It would have been so big that all of them would have looked up to it.

After a pause, the six path king suddenly remembered and asked, “By the way, what is in the cenotaph left behind by Sinkhole’s Sovereign?”

Miss Song’s heart thumped. She did not dare to say it out loud.

If she really said it out loud, Su Yu would not be able to leave today.

“I don’t know!” Miss song pursed her lips. “I only know that there is a huge black coffin, but it is very heavy. It is not afraid of any attacks. The black coffin does not waver even when it is attacked by ten thousand saints. No one can touch it.”

Six paths king was not surprised at all. He shook his head and said, “How can it be so easy to take the relic of the sinkhole monarch?”

“After all, it is the burial item of the sinkhole monarch. In essence, it is not meant for people to take. The difficulty of obtaining it is even more difficult than obtaining it from the Hall of preaching.”

...

The experts secretly agreed. To be honest, they were only curious about what was buried with it.

As for what was inside, most of the experts did not have such thoughts.

This was because even their toes could guess that it was impossible to take that kind of thing so easily.

Miss Xiao Song felt extremely guilty. That burial object was right under Su Yu's feet. She changed the topic and said, "Old ancestor, you have to reward brother Su Yu well this time. Without him, I would have died a good death."

She counted her fingers and said, "You don't know that apart from the danger in the treasure area, we also encountered a giant beast of the middle stage of the Ten Thousand Saints Realm!"

The six paths king smiled. He had already heard about it from someone.

"Then, we also encountered an unknown quasi-ten thousand saints, who were snatching the ice crystal crown of some four-piece emperor set. The other party was holding a sword and starting a massacre."

The six paths King's smile disappeared. Four-piece emperor set?

## Chapter 3207 - 3207 Chapter 3094, dirty hands and feet

3207 Chapter 3094, dirty hands and feet

He had never heard of it, but since it was threatening song Jiayi, it was a provocation to the song family!

“The most terrifying thing is that we met the ninth domain.” Even until now, when Miss Song thought about it, her heart was pounding.

The six paths king's expression became serious. “You're lucky to be able to come back alive! where is it?”

The ninth domain's notoriety had long since spread throughout the entire nine-star civilization.

The news of a nine-colored dragon that had mastered the eight great ancestral techniques wreaking havoc and devouring experts from all directions had already spread throughout the entire nine-star civilization.

Wherever it appeared, everyone was in a state of panic.

No one had expected that the dragon would actually run into the sinkhole tomb.

So many experts were gathered here for the evil dragon and were prepared to attack him.

Miss Song looked at Su Yu. She only saw Su Yu chasing after the ninth domain. She had no idea where he was.

“He has probably escaped,” Miss Song said.

In this regard, the six paths king and the experts present were not surprised. Instead, their expressions became solemn.

They all felt the gigantic hand that covered the sky descend from the sky and insert itself into the sinkhole tomb.

The disappearance of the ninth domain must have something to do with the gigantic hand.

“Mm, it’s good that you came back this time,” said the six paths king. “Since you’ve completed the family assessment mission, it’s time to give you the reward you deserve.”

Miss Song was overjoyed. Of course, she did not forget Su Yu. “Where’s brother Su Yu? He saved so many dangers.”

The six paths king looked at Su Yu and smiled. He waved his hand and said, “Little fellow Daoist, why don’t you come to my Song family for a simple meal? It’s to thank you for saving Little Jiayi’s life.”

Su Yu waved his hand and declined politely, “Thank you for your kind intentions, human king. I have other matters to attend to, so it’s not convenient for me to stay.”

If it was not necessary, it was better not to deal with these superpowers rashly.

Miss Xiao Song had a kind heart, but that did not mean that the Song family was like this.

The six paths man King did not try to stop her. He smiled and turned around to leave.

Su Yu heaved a sigh of relief and prepared to leave as well.

However, just as he shifted his feet, a cold voice shouted, “Junior, let me ask you, have you seen any members of my clan?”

Su Yu looked over and discovered that it was a mighty man wearing a golden robe. There was an extremely eye-catching symbol between his brows – an eye.

Those who did not know would think that it was the third eye.

In fact, it was a special ancestral spell. Once the eye opened, it would release an extremely powerful ancestral spell.

Moreover, Su Yu could feel that the ancestral spell should be very similar to the one in Yin fan city.

As expected, he was an expert of the family in Yin fan city.

Su Yu pretended not to know. “Who is your family member?”

“You don’t even know who I am?” Yin family patriarch sized Su Yu up and narrowed his eyes slowly. Traces of suspicion filled his eyes.

There were not many people in the six paths emperor's territory who did not know Yin family patriarch.

Moreover, the people who entered the sinkhole emperor tomb this time were all representatives of famous forces in the six paths emperor's territory. How could they not know Yin family.

When Miss Song saw that the situation was not looking good, she turned her head and said, "He's a friend I invited from outside. is that not allowed?"

Of course, ordinary people were not allowed to enter.

The sinkhole tomb had long been reserved by a few super factions of six paths emperor's realm.

They had sent people to guard the sinkhole tomb all year round. Outsiders were not allowed to enter, and only their own people were allowed to enter at fixed intervals.

Of course, with the song family's status, no one dared to say no to bringing an outsider in.

"Do you know Yin fan city?"Yin family patriarch asked.

Xia Qingchen nodded without hesitation. "Of course I know it."

Miss Song could not help but feel nervous. She quickly gave Su Yu a look. This Yin family patriarch was no ordinary person. She must not let him know that Yin Fan City had died in his hands. Otherwise, Su Yu would not be able to leave alive.

"Have you seen him before?" Yin family patriarch stared at Su Yu and asked.

Su Yu shook his head. "I haven't seen him since I entered."

"Liar!" Yin family patriarch, who had his eyes tightly shut, suddenly widened his eyes and shouted.

His tyrannical aura was like a tornado rampaging. In front of his aura, Su Yu was like a fallen leaf. He could be sent flying in an instant.

At the critical moment, the footsteps of the six Daoist man king who was walking forward suddenly stopped.

When his right foot landed on the ground, the tornado seemed to have been suppressed by some formless and terrifying power. It instantly disappeared without a trace, not even leaving behind any residual power.

This move made all the experts present feel their hearts skip a beat, and they all tactfully left.

Yin Jia's ancestor suddenly stared at the six paths King's back and said in a low voice, "Human King, what do you mean by this?"

The six path man King turned his back to the living beings and asked, "What do you mean by attacking my guest?"

The Yin family patriarch said righteously, "I suspect that he killed my yin family's successor, Yin fan city!"

"Do you have evidence?"The six path man King said indifferently.

As everyone knew, Yin fan city was indeed outstanding among the Yin family's younger generation. Although there was still a lot of room for growth, it was indeed possible for it to be designated as the next successor.

If Yin fan city was killed by someone, it would not be a small matter.

"Of course!"Yin family's ancestor stared coldly at Su Yu and pointed at the fire lion beside Su Yu. "This evil creature, is it yours?"

The fire lion had been following closely beside Su Yu. It was not difficult to guess the identities of the two.

...

“Yes, it’s my spiritual pet. Is there a problem?” Su Yu was not afraid.

However, the fire lion had a guilty look on its face. It could not help but step back and hide behind Su Yu.

Yin family’s patriarch sneered, “You still want to ask me what’s wrong? You’re still pretending when you’re about to die!”

Yin family’s patriarch hooked his finger and the fire lion hiding behind Su Yu suddenly rolled on the ground in pain and cried out loudly.

Su Yu turned his head and saw that the fire lion’s big mouth was rapidly expanding. In the blink of an eye, it was like a furnace.

The moment it opened its mouth, it was about to explode.

Su Yu quickly made a move and pressed his palm on the fire lion's mouth. Invisible Space Power was activated and the thing in the fire lion's mouth was moved out.

In this way, the fire lion's mouth immediately returned to its original state so that it would not explode.

However, when Su Yu saw what was wrapped in the space power, the corners of his eyes could not help but Twitch!

This was the yin-yang blood wheel that was brought into the sinkhole emperor tomb by Mortal Attraction City! ! !

Holy shit!

...

Su Yu glared at the fire lion with a pig-slaughtering gaze as he sent a soul transmission. "Aren't you afraid of Death? You Dare to take this thing?"

When he had killed the sinkhole Empyrean tomb with a single kick, his body had turned into nothingness. However, the yin-yang blood wheel in his hand had only been severely damaged.

The reason why Su Yu had not taken it away was because he did not want to cause any more trouble.

Since the ninth domain had appeared, it was obvious that there were a large number of experts gathered outside the sinkhole Empyrean tomb. One of them might even be the family experts from the Yin Yang Blood Wheel City.

If they brought the Yin Yang blood wheel out, there was a high chance that they would be noticed, and they would then be aware of the fact that they had killed the yin yang blood wheel city.

The result was good. Su Yu did not pick it up, but the fire lion secretly picked up the Yin Yang blood wheel.

So much so that the forefather of the family found that the yin-yang blood wheel fell into their hands at the first moment.

This time, even jumping into the Yellow River could not wash it clean.

No, the Yellow River was yellow to begin with.

# Chapter 3208 - 3208 Chapter 3,095, confrontation

3208 Chapter 3,095, confrontation

Sou —

The Yin-yang blood wheel spun, and under Yin family patriarch's control, it immediately returned to his palm.

Looking at the heavily damaged yin-yang blood wheel with cracks all over its body, Yin family patriarch's face was so gloomy that it was as if the sky was about to fall down, a voice that was so gloomy that it made one's hair stand on end came out of his mouth. "You dare... to damage our clan's inheritance treasure! !!"

This was even more serious than killing Yin fan city!

If the inheritor died, they could still raise another one!

In such a huge clan, there were countless clansmen, and their foundations were stable. They didn't have to worry about not having any new talents.

However, there was only one inheritance treasure!

Once it was destroyed, there would be no new inheritance treasure.

The fire lion didn't dare to look into Su Yu's eyes. It hid behind Su Yu with an honest look on its face.

Su Yu was not able to vent his anger. He snorted, "Pig teammate!"

Yin family patriarch looked around and found that the yin-yang blood wheel had been damaged. Its power was only one-tenth of its peak. He could not help but fly into a rage.

He suddenly raised his head and looked as if he wanted to eat Su Yu up. He roared, "What else do you have to quibble about?"

Su Yu was worried, but he was not afraid. He straightened his chest and said, "Alright, I'll tell you the truth. I've seen the noble's son, Yin fan city."

"However, we didn't kill him. It was the ninth domain, the nine-colored dragon." Su Yu opened his mouth and lied without stopping.

If Yin family could frame the ninth domain for the assassination of Miss Song, why couldn't Su Yu?

“You’re talking nonsense!”Yin family patriarch roared.

Others might not know, but how could he not know the arrangements of Yin fan city?

The family clan’s plan was to ambush Yin fan city near the returning teleportation array after entering the sinkhole. They should not venture too deep into the city.

There was a high chance that they would not encounter Yin fan city after entering the ninth domain.

Furthermore, based on the feedback from the inside, the ninth domain did not go on a killing spree after entering. Instead, it went straight to the deepest part of the city. It was impossible for the other party to kill Yin fan city for no reason.

“How am I speaking nonsense? Do you have evidence?”Su Yu asked.

Yin family’s patriarch obviously did not have evidence. He could not reveal the entire plan of his family.

“My words are evidence!” Yin family’s patriarch was unreasonable. “I said you were lying, you are lying!”

His aura soared. Tornadoes surrounded him. His killing intent was absolute. “Kill My Yin family’s successor and destroy my Yin family’s inheritance treasure. You come back with me and accept Yin family’s punishment!”

The eyes of many experts flickered.

They could sense that something was off.

If Yin family’s ancestor really wanted to vent his anger, wouldn’t he just kill Su Yu?

Why did he need to do this and bring Yin family back?

In an instant, they understood the meaning behind it.

If Yin fan city was really killed by them, then the Yin Yang blood wheel was also destroyed by them?

But what was the Yin-yang blood wheel?

It was a dao artifact for a reason, and its power was absolutely heaven-defying. How could it be destroyed?

Su Yu was able to destroy it, so he must have a huge treasure on him. Only this could explain it.

After thinking this through, many experts looked at Su Yu with a meaningful gaze.

Just as Yin family's patriarch was about to make a move, miss song stepped forward and blocked in front of Su Yu, staring coldly at Yin family.

Yin family patriarch said coldly, "This person destroyed my inheritor and my inheritance treasure. This is a blood feud. Are you sure you want to represent the song family and make an enemy out of the Yin Family?"

Yin family patriarch's strength was indeed inferior to the six paths king.

However, this didn't mean that his family's overall strength was much weaker than the song family's.

Moreover, the Song family still had a huge worry. It was even more inappropriate to offend Yin family to death.

“I’m sure!” Miss Song’s gaze was firm as she said coldly, “I didn’t want to say it in public, but since you’ve gone too far, then don’t blame me for making things clear!”

She pointed at the Yin-yang blood wheel in the Yin family patriarch’s hand. “Why did you let your clansmen bring the yin-yang blood wheel into the sinkhole tomb?”

Many experts narrowed their eyes slightly.

If Miss Song had not asked, they would not have thought much of it. As the heir of the next generation, it was understandable for Yin family to bring some powerful magic treasures with them just in case.

But since Miss Song had asked, there was a deeper meaning behind it.

Yin family patriarch remained calm. “You allowed your Song family to bring so many treasures, but I can’t?”

Miss Xiao Song coldly said, “Yes, you can! But, what are you Yin family trying to do by using them to attack me?”

Hearing this, the hearts of many experts pounded. Those who were smarter immediately retreated and left this place.

Those who were slow to react also reacted and retreated with their scalps tingling. They did not dare to watch the show up close anymore.

Yin family progenitor's pupils constricted, and his expression darkened. He sternly reprimanded, "Don't talk nonsense! Our two families will benefit from each other's cooperation, and if we fight, we will be injured. How could I not understand such a simple principle?"

"Our Yin family will never attack you!"

Miss Xiao song laughed coldly, her eyes filled with contempt.

The Man King, who had his back facing all living things, slowly turned around. Traces of coldness spread across his indifferent face.

"Little Jiayi, is it true?" He asked slowly.

Yin family's patriarch's expression changed slightly, and he said, "Man king, there must be a misunderstanding. I, Yin family, will never do such a stupid thing!"

...

Six paths human king looked at Yin family's patriarch coldly. "Did I ask you?"

He turned to look at Miss Song. "Is it true or false?"

Miss song nodded seriously. "It's true! This is a big matter. I wanted to tell you alone, but Yin family has gone too far. Don't blame me for telling you the truth!"

"Yin Yang blood wheel in Yin fan city, ambushing at the entrance and exit! We managed to escape the ninth domain with great difficulty, and we were able to ascend to heaven. Who would have thought that he would suddenly charge out and force us into a desperate situation where we were attacked from both sides!"

"Although I have the clan's supreme treasure that the patriarch gave me, I had expended too much energy in the previous battle with the ninth domain. It was difficult to resist."

"In the end, it was the ninth domain that discovered the yin-yang blood wheel and became greedy. That was why they decided to kill the yin-yang blood wheel instead. When they were preparing to snatch the yin-yang blood wheel, they were captured by an unknown giant palm."

"That was why the yin-yang blood wheel fell into our hands."

Her words were half-true and half-false, making it difficult for people to tell.

Many people expressed their belief in her words.

To be able to destroy the yin-yang blood wheel, it indeed required a great amount of strength. The infamous ninth domain clearly possessed such an ability.

Looking at Su Yu, whose strength was average, they thought about it and believed in the latter one after another.

...

However, the song family was not concerned about how the yin-yang blood wheel fell into Su Yu's hands, but about the fact that the yin-yang blood wheel had fallen into the hands of Lady Xiao Song in the Yin-yang blood wheel.

All this while, the two super families had maintained a tacit understanding and would never make a move against a growing junior.

This was because if you could kill my junior, I could also kill your junior.

In the long run, it would be extremely harmful to the family's future.

In the end, it would only benefit the other families and allow others to reap the benefits.

## Chapter 3209 - 3209 Chapter 3,096, the might of a king

3209 Chapter 3,096, the might of a king

However, Yin Jia's actions today had broken the tacit understanding between both sides that had existed for countless years. This was an extremely bad beginning!

"Miss Xiao Song, please be responsible and don't talk nonsense. This will affect the relationship between our two families, understand?" Yin Jia's ancestor said.

Miss Xiao song sneered. "You keep saying that I'm talking nonsense! Don't you know whether I'm talking nonsense or not?"

She could not be bothered to explain further to Yin family patriarch. She took off the necklace from her chest. There was a glowing crystal on it.

It was not a valuable dao artifact. Instead, it was a recording stone that could record everything that Miss Song had encountered in the sinkhole imperial tomb.

Its original purpose was to record everything so that the song family could study the sinkhole imperial tomb.

But now, it could be used as evidence!

With a tap of miss song's finger, the crystal ball opened and an image popped out. In the image, it was of them heading to the teleportation array and being ambushed by space compression. They were then lured to mortal city to use the Yin-yang blood wheel, they even said that they wanted to kill her and take Suiren's leather armor.

All the conspiracy was revealed by mortal city.

Seeing this scene, the experts sucked in a breath of cold air.

“F \* ck! He actually dares to think about the song family's Suiren's leather armor!”

“Yin family's guts are too big!”

“Is he preparing to shed all pretense of cordiality?”

“He killed the song family’s heir and took the song family’s inheritance treasure. Yin family is going to turn the sky upside down!”

“It’s probably because Ren Wang hasn’t acted for too long, causing Yin family to get carried away, right?”

“The human king is old after all!”

..

Buzz Buzz Buzz —

The sound of thunder and lightning moving around appeared unknowingly.

Everyone looked in the direction of the sound and realized that it was a ball of silver-white lightning that appeared around the human king.

However, those who knew about it understood that it wasn't lightning, but an ancestral technique formed from strands of killing intent.

According to legend, the six paths human king cultivated the mysterious ancestral technique that had already been lost in ancient times – killing the heavens.

The process of cultivation was continuous killing.

Every time he killed an enemy, he would condense tiny lightning threads and become a part of himself.

The lightning around the six paths man king was more than ten million?

More than a trillion!

These were all proof of his past killing!

With billions of killing intent, the six paths man King's sky killing ancestral art was so powerful that even the sky paled in comparison.

As if the heavens had sensed something, the sky above the six paths man king's head dissipated, leaving only nothingness!

Under the cover of such killing intent, everyone felt their hearts tremble, including Su Yu!

His pupils constricted. At this level, he was probably on par with the ninth domain, right?

Although his cultivation might not be comparable to the ninth domain, with such a powerful ancestral art, he might be on par with the ninth domain.

In addition to the power of Sui ren's leather armor, he might even be stronger than the ninth domain!

Su Yu was secretly shocked. This should be the strongest existence Su Yu had ever seen other than the emperor.

Especially since this person was an expert of the human race!

Yin family's ancestor's eyes trembled violently. He suppressed the uneasiness in his heart and said, "Human King, please calm down."

Six paths human king's voice became hoarse and heavy. "Yin lie, I'm not dead yet, and you're already thinking about my song family's inheritance treasure. If I Die, won't you be even more unscrupulous?"

Yin family's patriarch gritted his teeth and said, "This matter was done by Yin fan city alone. It has nothing to do with My Yin family. Please let Wang Mingjian Know!"

Hehe, who would believe it?

How would a junior of a family in Yin fan city have the guts to think about the Suren Leather Armor of the song family?

Without a doubt, yin fan city had the support of the entire Yin family behind them. That was why Yin fan city dared to act so boldly.

"The facts are right in front of you. There's no need to look into it."The six paths king was really angry. "Yin family, pay the price for this!"

Whoosh —

As soon as he finished speaking, the six paths king disappeared!

When he reappeared, he was already standing behind the Yin Jia Master, and his back was facing the Yin Jia Master.

No one present could catch the six paths king's actions, including the Yin Jia Master.

It wasn't until the six paths king stood behind him with his hands behind his back that the Yin Jia master noticed it. His body trembled slightly as he said, "I didn't expect that your cultivation base was about to break through to the late-stage of the Ten Thousand Saints realm."

"You... hid it really well..." as soon as he finished speaking, numerous cracks appeared on Yin master's body.

Each crack emitted a faint lightning glow from the inside.

After the lightning glow flowed out, it gathered on the surface of the six paths man King's body again.

Then, Yin master's body became dull and shriveled. In the blink of an eye, he fell straight down like a charred corpse and was smashed into powder.

Many experts sucked in a cold breath!

What kind of existence was the Yin family patriarch?

A super expert of the Ten Thousand Saints realm!

...

In the entire six paths son of Heaven Realm, the Yin family patriarch's strength was only below the six paths man king and a few super experts from other races.

But the powerful Yin family patriarch was actually killed in an instant and didn't even have the slightest ability to resist.

Just how terrifying was the strength of the six paths man King?

Su Yu's pupils constricted. Was this the power of the six paths king?

They were both human kings, but the reincarnation human king was trash in front of the six paths King!

However, the six paths king looked into the distance and said indifferently, "You're not bad yourself. You secretly learned the Shadow Clan's Sky Stream clone technique. Even I was almost fooled."

A cold snort came from the dark. That voice was Yin family patriarch, “Song Jun! We’ll see!”

What?

The Yin family patriarch didn’t die?

Then who was the one who died in front of him?

Su Yu knew a little about it. The Heaven Stream clone technique was the ancestral technique of the alien race. It could imitate an existence that was very similar to the original body.

...

Its strength could reach one-third of the original body.

Since the Yin family patriarch’s strength had reached the level of leveling up, it was very likely that the original body would break through to the middle stage of Ten Thousand Saints realm!

Su Yu could not help but exclaim inwardly. No wonder the Yin family patriarch's attitude was so tyrannical. It seemed that he was not too afraid of the six paths king.

It turned out that he had concealed a considerable amount of strength.

The six paths king grabbed across the air and grabbed the damaged yin-yang blood wheel into his palm. He was deep in thought and did not speak.

“Patriarch, what are we waiting for? We might as well take the opportunity to annihilate the Yin family in one fell swoop.” Miss Xiao song said, “Since they have already made a move against our clansmen, they will only be even more unscrupulous in the future.”

The six paths man king muttered, “He doesn't even dare to show his true self easily. I'm afraid he has already been on guard against the matter being exposed. If nothing goes wrong, Yin family has already escaped en masse.”

Miss Song thought about it and agreed. Yin family's ancestor was cunning. Since he was prepared to make a move against her, he must have left a way out.

At this moment, if they rushed over, there was a high probability that they would be empty.

“Damn it!” Miss Song said angrily, “Those bastards are lucky!”

The Six Paths King said, “However, although they left, they shouldn’t be able to take the spiritual land with them. If we send people over now, we should be able to occupy it before they destroy it.”

3210 Chapter 3,097, the sinkhole inheritance

After saying this, the Six Paths King waved his hand and sent a message back to the Song family.

“Disperse.” The Six Paths King waved his hand, and the surrounding experts all left with lingering fear.

After witnessing the Six Paths King’s methods, it was likely that no one would dare to target the Song family for a short period of time.

“Why aren’t you leaving?” Many experts left, but there was still a beautiful figure standing not far away.

“Waiting for someone.”The other party’s voice was ethereal and dreamy, just like her face, so beautiful that it was suffocating.

Su Yu looked over, and his eyes lit up. “Fairy Xia, you’re actually still here.”

At the edge of the third treasure trove was, Su Yu once said that Xia Jingyu would wait for him outside.

He originally thought that he would be able to return soon, but he didn’t expect that he would be gone for a year.

He did not expect Xia Jingyu to keep her promise and wait outside.

“You asked me to wait for you. What’s the matter?”Xia Jingyu asked calmly.

Su Yu walked forward and said, “Give me your hand.”

“What?”Xia Jingyu asked. After hesitating for a moment, she still reached out her hand.

Under the bright sunlight, her fair and soft hand was as delicate as white jade.

Su Yu silently pointed his finger between his brows and took out a ball of light. He then stuffed it into his palm.

“What?”

“It’s a gift for you.” Su Yu smiled calmly.

Xia Jingyu was stunned for a moment. She quietly closed her palm and accepted it. “Is there anything else?”

Su Yu raised his head and looked into Xia Jingyu’s eyes. There were thousands of words in his heart. He wanted to say them, but he felt that he had no way of saying them.

A familiar yet strange feeling spread in his heart like a fog.

They were once confidants. They had loved each other, lived and died together. They had died for each other, and I had reversed time and space for you.

Time changed, and fate intersected.

He had his own wife, his own direction, and his own mission.

They were like two stars that rose together. After they had a common track, they walked in two different directions.

They were getting farther and farther away from each other, more and more distant, and more and more unfamiliar.

A trace of pain filled Su Yu's heart.

"Is there anything else?" Xia Jingyu asked again.

Su Yu smiled faintly. Through the black veil on his face, he said in a gentle voice, "Take care of yourself."

Xia Jingyu was stunned for a moment and looked at Su Yu strangely.

She had a feeling that they did not seem to have just met. Instead, they seemed to be friends who had known each other for many years.

“Do we know each other?”

“No.”

Xia Jingyu nodded slightly. “Yes, you too. Take Care.”

She looked at Su Yu, turned around slowly, and slowly walked toward the distant sky.

Little did she know that Su Yu, who was behind her, had been staring at her back the whole time, disappearing from her sight bit by bit.

Su Yu’s eyes were filled with disappointment and desolation. He stared at the empty sky alone and did not regain his senses for a long time.

Miss Xiao Song walked over and heard su yu mumble, “The things that we have been thinking about are gradually forgotten by us during the days that we have been thinking about...”

Who would forget who?

Who would forget who first?

These were the final destination of two people who had different paths and never intersected again.

They would eventually forget each other.

“Hey!” Miss Xiao Song patted his shoulder and pouted unhappily. “Is she really that pretty? She’s already gone, yet she still won’t Let Go!”

Su Yu turned around and smiled faintly. “You’re the prettiest, Alright?”

“F \* ck you!” Miss Xiao Song rolled her eyes in annoyance. “Xia Jingyu is pretty, but don’t even think about it. There are plenty of people who miss her. Some Old Monsters of the Ten Thousand Sage level have already spoken and want to marry Xia Jingyu as a concubine.”

“If you don’t want to get into trouble, don’t think about her.”

Su Yu was inexplicably nervous. There was an old monster of the Ten Thousand Saints level who wanted to marry Xia Jingyu?

He did not expect that Xia Jingyu’s charm would be so great.

But immediately after, a deep sense of melancholy welled up in his heart.

“Let’s go. I’ll bring you to my family to take a look,” miss song said.

Su Yu braced himself and did not think about it anymore.

He was interested in seeing the song family, but..

He looked at the song family’s patriarch with a heavy heart.

The song family’s patriarch took a step forward and brought Su Yu, the Fire Lion, and miss song to the song family.

Before he left, the fire lion looked back in the direction where Xia Jingyu had left and asked, “Little Master, what did you give that woman?”

Su Yu smiled slightly and said, “It’s just a small token. It’s not worth mentioning.”

...

Somewhere far away.

Xia Jingyu stopped in a pavilion on a mountain peak in the outskirts of the city. She opened her palm and looked at the Speck of light. After thinking for a moment, she pressed it into the center of her brows.

Immediately, a bolt of lightning flashed in her mind!

That chaotic mind seemed to have been split apart by that bolt of lightning. A voice that sounded like a great bell from the ancient times came over.

“Eight desolation returning ruins, ten thousand ancestors worshipping their ancestors!”

In Xia Jingyu’s crystal-like eyes, there were two words shining – returning ruins!

“The inheritor of my returning ruins controls the life and death of ten thousand ancestors, controls the reincarnation of a thousand lives. In the eight desolation universe, outside the ten directions realm, Gaimoneng...”

The majestic voice struck Xia Jingyu’s heart again and again, causing her mind to sink into huge waves.

In the sky above the mountain peak, lightning flashed and thunder rumbled. Violent winds raged. That day, the sky actually split apart, and an incomparably huge mountain faintly appeared.

On the mountain, seven towering stone golems stood tall, and their projections enveloped the entire nine-star civilization.

“The sinkhole monarch’s inheritance has appeared.”The stone golem in the middle said indifferently, “Six paths, didn’t you already destroy the Emperor Tomb?”

...

Six paths emperor said, “It was indeed destroyed. I also confirmed that the person who entered did not receive the inheritance. Someone must have brought the inheritance out and handed it to someone else. That’s why it was able to deceive my senses.”

The stone man in the middle muttered, “There are still such creatures in the world that are willing to give up the sinkhole emperor Lord’s inheritance on someone else?”

“Quickly investigate. is the inheritor an enemy or a friend?”

The Lightning and thunder above the mountain lasted for two hours before they finally dissipated.

The process of Xia Jingyu accepting the inheritance ended here.

She was covered in sweat and was panting as she lay on the table. Her whole body was sore and soft, and there was still a deep swelling pain in her mind.

“The inheritance of the sinkhole monarch, how could it be? How could it be?” Xia Jingyu’s mind was shaken. She turned her head with great difficulty and looked behind her in the direction of Su Yu.

“Why? Why would he give me the inheritance of the sinkhole Emperor Tomb?” Xia Jingyu’s heart sank into an unprecedented shock.

In such a cruel nine-star civilization, who did not live for themselves? who did not fight for their own interests?

Perhaps someone had given her priceless treasures in order to please her.

However, those treasures were just a drop in the bucket for the giver.

What was the sinkhole Emperor's inheritance?

It was an existence that was comparable to, no, even older than, the emperor.

Under such an inheritance, the ultimate achievement could not be any higher.
