

THE DIVINE NINE-DRAGON CAULDRON

Chapter 3231 - 3231 Chapter 3,017, Xin Huo of the human race

3231 Chapter 3,017, Xin Huo of the human race

When she returned from her rebirth, she would need to use tough methods to re-establish her previous position.

The eyes of the ancient Venerable Taotie were the best choice.

Her snow-white eyes flickered. Taotie was determined to obtain the body and was extremely confident in it. Otherwise, he would not have dared to make such a bet.

However, how could she not have the confidence?

!!

“Since you are so sincere, I naturally can not be stingy.”The Mirror Flower Emperor smiled and formed a seal with his hands. A loud bang came from Su Yu’s chest.

It was the stone heart that had split open. All the blood in his heart gushed out and flowed through his meridians throughout his body.

Under the black skin of his body, a layer of grayish texture faintly appeared.

Tao tie secretly took a breath and said, “The mirror flower emperor is so generous! He did not hesitate to sacrifice a part of his body to create the indestructible Emperor’s body.”

The mirror flower son of heaven shook his head slightly. “It’s only half of the immortal son of Heaven Body. It’s still a long way from the real immortal son of Heaven Body. However, the current nine-star civilization can sweep away everything.”

“Even early-stage ten thousand saints can’t destroy the body! Back then, the heaven-defying son of heaven, Su Yu, took my heart, but he couldn’t use the blood of my heart to refine the body. Otherwise, the holy infant flame seed might not be able to digest him.”

To Su Yu, the stone heart had always been a substitute for the real heart.

At most, it could release some chaotic energy, and when it fused with the power of the saintly being, it would be able to erupt with considerable power.

Under the guidance of the remnant soul of the mirror flower emperor, the blood of the heart spread throughout his entire body, refining his body to an extremely terrifying level!

“Hehe, in terms of understanding of that body, I’m afraid that I’m even better than you, son of heaven. This child has collected countless secret treasures throughout his life. Far from the nine dragons divine cauldron, near the human emperor brush, Sui ren leather armor, these treasures have all melted into that body

“Without your tempering, he already has a body close to that of ten thousand saints. After tempering, he can steadily reach the ten thousand saints body

“Even if the body doesn’t have any magical powers or precious techniques, no one below ten thousand saints can hurt a hair on it.”

In this regard, the mirror flower son of Heaven was extremely silent. He only stared at Taotie quietly.

The latter also stared at the mirror flower son of Heaven coldly.

Swoosh —

There was no more unnecessary words. The two souls continued to compete with each other in the power of the soul, fighting for the body in the most primitive way.

After the sea of consciousness experienced several violent tremors, the souls of both sides were already extremely weak.

The mirror flower son of heaven was so dim that he looked like a layer of clouds that could be blown away with a light blow.

Tao tie's body was covered in cracks, as if it would shatter at the touch.

They were just one last attack away from disappearing into thin air.

Looking at Tao tie's miserable appearance, the mirror flower son of Heaven finally let out a sigh of relief and smiled triumphantly. "It seems that I won."

Tao tie said, "How do you know? I haven't disappeared yet."

The mirror flower son of heaven ruffled his hair and said, "Hehe, whether you occupy the body or not, it doesn't really mean much to me."

After pondering for a while, Taotie suddenly became angry. "You're plotting my eyes!"

He suddenly realized that the body had already merged with a part of the mirror flower son of Heaven's body – the stone heart.

In a sense, the body had become the vessel for the mirror flower son of Heaven to nurture the stone heart!

Once the other emperor came to capture the body and destroy its soul, the body would belong to the mirror flower emperor.

He had completely lost the eye of Taotie, which could hold this trace of will and could never be destroyed.

“It's a little late to understand now.” The corner of the Mirror Flower Emperor's mouth curled slightly. “Delaying you until now is just to buy enough time for the emperor who is about to descend.”

As soon as Chen Niandao revealed his identity, the sacred mountain had sensed that an emperor had descended.

The Mirror Flower Emperor's remnant soul did not hesitate to use its own soul to delay the other party. This was to cut off the other party's escape route.

Once the emperor arrived, it would directly wipe out what little consciousness Tao tie had left.

However, Tao tie sneered. "Is that so? It's really unfortunate. I was also waiting for the emperor to descend. You probably did not notice that this eye of mine still contains the shadow of a technique left behind by the absolute beginning Dao Master."

"If I can kill a son of heaven and devour him, this remnant soul of mine should be much stronger."

The smile on the mirror flower son of heaven faded, and his eyes were gloomy. "Really?"

"Hahaha!" Taotie laughed out loud. "I've lived for countless years, how could I be schemed against by a little girl like you? I've long seen through what you're thinking!"

A black light flowed in the eyes of Taotie.

"Prepare to be annihilated. Also, thank you for offering your stone heart to help my new body, the indestructible son of Heaven Body!"

The mirror flower son of heaven gritted his teeth and turned into a stream of light to collide.

He could not let the eye of Taotie succeed!

He had to destroy its remnant soul!

That Eye was dangerous!

When the two collided, one of them would definitely collapse first.

From the aura of their souls, the difference was similar, but in the end, the Taotie would win by a hair's breadth.

That was because Tao tie had the ability to devour. He would more or less absorb a trace of the soul origin of the mirror flower emperor.

He would laugh until the end.

Xiu —

The two of them were about to touch each other. They had already turned into two streaks of light and collided crazily in the Sea of consciousness.

However, at this moment.

A cold, ethereal, and playful voice appeared in the sea of consciousness without any warning.

...

“The two of you are fighting in my body. It seems that you don’t take me as your master seriously!”

Buzz —

The two spots of light stopped at the same time and transformed into the eyes of the mirror flower emperor and the eyes of Taotie.

The former’s body trembled violently, and his pupils contracted rapidly. His eyes were filled with disbelief.

The latter’s huge eyeballs kept rolling, and shock filled his eyes.

The two of them shouted a name that they were extremely familiar with at the same time!

“Su Yu!”

Yes!

That was Su Yu’s voice. It was a voice that should have been devoured by his consciousness and wiped out by the holy infant flame seed.

It was not strange for anyone’s voice to appear in this place.

The only thing that should not have appeared was Su Yu’s voice!

...

“You miss me so much after not seeing me for a day?” That humorous voice sounded again.

The mirror flower son of Heaven’s mind was in chaos. His pupils constricted again and again. Su Yu’s appearance was completely out of his expectations.

Her plan was messed up!

The eye of Taotie roared, “No! How can you still be alive?”

The two of them were able to survive the digestion of the holy infant flame because they were both extraordinary items. The holy infant flame could not be digested.

But Su Yu, what could not be digested..

Wait a minute!

The oil lamp!

The oil lamp of a mortal sacred body!

Whoosh —

Between the two weak remnant souls, a weak flame of firewood suddenly lit up.

The flame burned brighter and brighter.

A sonorous and powerful syllable came from within.

“The human race started from the smallest of things, was born from turmoil, and experienced countless apocalyptic catastrophes. However, the backbone of the human race is straight

“Before Ren Zu, it was straight

“When Ren Zu was born, it was straight.”

“When Ren zu died, it was still straight!”

“Our backbone is the spark that can start a prairie fire. Even a single spark can start a Prairie Fire!”

Bang —

That weak flame instantly expanded ten thousand times, filling up the entire sea of consciousness!

It covered the sky and earth, and was filled with endless flames.

A huge face made of flames looked down at them coldly.

Chapter 3232 - 3232 Chapter 3,018, I am back

3232 Chapter 3,018, I am back

“I am the sacred body of the human race. I shall be protected by the will of the human race. If the will of the human race is not extinguished, I shall live forever!”

It turned out that the sacred baby flame had absorbed his consciousness, but it was unable to digest it.

This was because his consciousness was surrounded by the will of countless living beings.

The Mirror Flower Emperor had the protection of the stone heart, the remnant soul of the Taotie had the protection of the ancient pupil, but Su Yu had the protection of the will of the human race.

!!

He had woken up a long time ago, but he did not show himself. He watched coldly as the two ancient consciousnesses that had been in his body for a long time collided.

He finally showed himself at the last moment.

He was a half-step ten thousand Saint Soul. Facing two remnant souls that were fighting each other until they were only a tiny bit weak, he naturally showed a crushing force and easily occupied the sea of consciousness.

With just a thought, he could crush the two wisps of consciousnesses into nothingness.

Tao tie let out a long sigh. "In the end, I was too careless! I still don't know much about the human sacred physique."

He was a person who understood the human sacred physique quite well, but he did not expect that Su Yu's soul was hidden in the oil lamp formed by the human consciousness.

And the oil lamp was the only place that had not been carefully examined.

“A hundred secrets make one careless.”Jing Hua Tian Zi looked at the incomparably huge Su Yu’s soul and sighed silently.

Pausing for a moment, she said, “However, I don’t find it that surprising.”

The taotie roared indignantly, “The competition between me and the son of Heaven was actually a wedding dress for you! Damn it! Damn it! !”

She didn’t obtain the body and even lost her main body.

This transaction was a huge loss!

Su Yu said indifferently, “In that case, I should thank the two of you for giving me the benefits of the body. I was impolite and accepted all of them.”

A freely controlled eye of Taotie.

An indestructible body of the son of heaven.

Most importantly, it solved the huge hidden danger of the eye of Taotie at the same time!

It must be known that before the sacred infant flame seed, the eye of Taotie was still a huge threat to Su Yu. He did not dare to use the eye of Taotie at the critical moment several times.

Because once he used it, he could no longer control the eye of Taotie.

In the end, the eye of Taotie swallowed everything and swallowed the host.

Now, this hidden danger was unexpectedly removed.

The Eye of Taotie was already in Su Yu's hands.

“Now...” Su Yu's face suddenly turned cold. “It's time to talk about your value.”

The remnant souls of the two super big shots were still a hidden danger.

If there was no need for them to stay, of course, it was best to wipe them out.

The Taotie finally restrained its emotions and its gaze quickly turned.

This wisp of soul power couldn't even escape its sea of consciousness. It couldn't think of leaving safely.

"I am the Mount of absolute beginning Dao master and I know the three thousand Great Dao. If you want me to stay, I can teach you some."

Su Yu shook his head. "Change it."

The three thousand Great Dao were all available on the sinkhole divine monument. He didn't need to learn anything else.

Moreover, Su Yu's Dao probably wasn't among the three thousand Great Dao.

Tao tie was speechless. After thinking for a while, his eyes flashed as he said, "I know many ancient secrets."

Su Yu was silent for a while before shaking his head. "I can extract my soul and search through your memories on my own."

Tao tie was in a dilemma. He was only a remnant soul and could not provide much value.

Suddenly, his eyes lit up as he said, “Oh right! Don’t you have the myriad calamity scythe in your hand? That myriad calamity scythe is made from the bones of my main body.”

“If my remnant soul can enter it, I can activate some of the power of my original body. I can even create my original body for you to control.”

Su Yu closed his eyes and pondered for three breaths. He nodded slowly. “You can stay!”

Tao tie heaved a sigh of relief. However, Prince of mirrorflower sighed slightly. “My value is nothing more than my understanding of the emperor. However, you can understand a part of it through soul searching. It seems that there is no need for me to stay.”

He stared at the remnant soul of mirror flower son of heaven.

The woman who had once made him suffer had now lowered her attitude.

“I have a question that I want to ask you for a very long time.” Su Yu’s eyes flickered with light.

“Please speak.”

Su Yu said, "I want to know where the other three fragments of you are."

He did not want mirror flower son of Heaven to resurrect.

Of the known fragments, one from the vile daughter had already been taken away by carefree son of heaven. Xia Jingyu also had one, but it was still in her body.

There were still three fragments left.

If necessary, he needed to snatch it.

Mirror flower son of heaven smiled bitterly. "I'm not surprised at all. You have such plans! Forget it, I'll give you a reason not to kill me!"

"I'm the only one among the five fragments who can sense the whereabouts of the remaining four fragments."

Because she was the remnant soul of the heart, the core.

It was not strange for her to have this special ability.

...

“Tell me, where are they?”

Mirrored son of Heaven did not even think and said directly, “Three of them are in the sacred mountain, two are in the nine-star civilization, and two are in the civilization. One is in the central realm, and the other is... Eh, it’s in the central area of the mirrored son of Heaven Realm.”

Hearing the last sentence, Su Yu confirmed that her words were true.

Xia Jingyu was indeed in the central region of the mirror flower son of Heaven Realm, the goddess race.

“You can live,”su yu said slowly, “If you find another fragment, I can let you go.”

The mirror flower son of heaven smiled helplessly, “The day you find it is the time to kill it! Then, should I give you some advice or not?”

Su Yu did not mind that his inner thoughts were seen through.

“Find it. At least you can live until then. If you don’t find it, kill it now.”

Mirror Flower Son of heaven pursed his lips and lowered his head without saying anything.

Rumble —

The outside world thundered. An unparalleled pressure came from heaven and earth, affecting the entire mirror flower son of Heaven Realm.

...

Such a momentum was definitely not the arrival of the son of Heaven’s clone!

Su Yu raised his head and looked at the sky. With a thought, the flames in the sky turned into a cage, imprisoning the remnant souls of Taotie and mirror flower son of Heaven in the deepest part of the sea of consciousness.

“When I need you, I will let you out.” Su Yu left one sentence, and his heart returned to the outside world.

He did not have any warning, and he was not allowed to make any reckless moves.

The extremely weak them did not have the right to make any reckless moves.

Outside!

The grayish and black halos on the forehead of the pitch-black Su Yu had long disappeared.

His dazed eyes gradually regained their luster.

The moment the focus appeared in his eyes, numerous flowers that were like flames fell from the sky. Tens of thousands of rays of multicolored light shot into the sky from various regions of the mirror flower heavenly son realm.

The Shattered Mountains and rivers, the collapsed spirit veins, and the departed spirits all rapidly recovered their former appearances.

It was as if time and space had reversed, returning to the time before the great battle.

This was the endless life force left behind by the sacred infant flame seed, restoring the vitality of this place.

At the same time, the owner of the body had completely settled down.

The brand new body that was as black as ink gradually faded its black color, and the yellowish complexion commonly seen among humans appeared.

Su Yu raised his palm and clenched it toward the boundless multicolored light in the sky and Earth.

The boundless multicolored light returned, condensing into a bright armor around his body!

Golden armor, white hair bands, and black boots.

Layers of scales reflected a dazzling cold light.

Boundless battle intent Rose!

“I... AM BACK!” Su Yu threw his head back and let out a turbid breath.

Countless afterimages of Great Dao surrounded him, and the sounds of Heaven continued.

Chapter 3233 - 3233 Chapter 3019, the fall of the New Age

3233 Chapter 3019, the fall of the New Age

Su Yu's consciousness entered a muddle-headed state as he was trapped in the holy infant flame seed.

He did not know where the sky was or where the earth was. He did not even know how many years had passed. He did not even know if he was still alive.

In the endless chaos, Su Yu felt that he had passed through several eras. There were several times when he almost could not bear the loneliness and his consciousness collapsed.

The hundreds of years that he had experienced in his life were not as torturous as those moments in the chaos.

!!

My true time in the chaos should not be short, right?

With this thought in mind, Su Yu calculated with his fingers and his expression was silent.

It turned out that only a few days had passed since the point of Song Renwang's finger.

A few days... were as long as a few eras.

The days felt like years. It was already impossible to describe the endless chaotic time that he had experienced.

Looking at the free world, Su Yu's eyes were filled with vicissitudes. For the first time, he felt that the most ordinary mountain in his eyes was also so beautiful and peerless.

"Father!" A familiar yet somewhat unfamiliar voice seemed to be close to his ear, but also like a call from the distant horizon coming from behind.

Su Yu's heart beat slightly, and he turned around bit by bit.

What entered his eyes was Su Cai'er's much more mature appearance.

For a moment, he seemed to have seen Qin Xian'er.

The same strange elfin, the same affectionate..

Without saying a word, Su Yu stretched out his arms and welcomed Su Cai'er into his arms.

The long-lost warmth filled his heart.

He hugged her wordlessly, and the estrangement between father and daughter vanished into thin air.

"Why didn't you recognize me earlier?" Su Cai'er had tears in her eyes as she bit her father's shoulder with her silver teeth. She was afraid that it would hurt, so she let go midway.

Su Yu touched her head. "I have something I can't say."

Although he had already found Su Cai'er, he was unable to recognize her because of the appearance of the beautiful man in the mirror.

“HMPH!” Su Cai’er wrinkled her nose and wiped her tears. She said weakly, “I forgive you.”

The father and daughter spoke for a long time, but the surrounding people tactfully did not disturb them, even though they were very eager.

After a long time.

Su Yu patted his shoulder and turned to look at the evil daughter. His eyes were filled with gratitude as he said, “It’s been hard on you all these years.”

When he was not around, the evil daughter would take care of her daughter on his behalf.

The evil daughter lowered her head and spoke in a low voice with slightly red eyes, “It’s good that you’re safe.”

Everything else was unimportant, even if it was her own life.

Su Yu walked forward and tapped his forehead with his finger.

An extremely clear mark was imprinted into the Evil Woman's mind, causing her pupils to constrict.

"This... This Is?"

Su Yu smiled, "The most suitable ancestral art for you."

The Evil Woman's body trembled slightly, and her eyes revealed deep excitement, "The purest evil art in the world?"

Since the birth of the Evil Woman, evil had been the Dao.

The so-called evil was a combination of cruelty, ferocity, and karma. It was the most difficult to comprehend.

If one comprehended too deeply, they would easily lose themselves and be controlled by the sin. If one comprehended too lightly, it would be difficult for them to become a trace and display the power they should have.

The sin that the evil daughter had cultivated before was not shallow, but it was not deep either.

As such, her strength was neither too strong nor too strong. In an 8-star civilization, it was considered shocking, but in a 9-star civilization, it was not enough.

After her heart belonged to Su Yu, she changed her mind and deviated from the path of sin that she cultivated.

Despite having a cultivation base, her path of domain had no further improvement.

What Su Yu had given her was the ancestral art of sin.

It was directly imprinted in the heart of the evil woman. This way, she could skip the cruel process of cultivation and not lose her mind.

She only needed a little time to fully comprehend the ancestral art and make it her own.

“You, How Do You Know My Evil Art?”The astonishment in the Evil Woman’s eyes did not fade away.

She never remembered that Su Yu had cultivated the path of evil art. This path was not a path of great evil and was difficult to cultivate.

As for Su Yu, he had inherited the will of the human race and symbolized a righteous energy that burned through the heavens and earth.

Su Yu smiled and said, “Just focus on comprehending it. Leave the rest to me.”

He swept his gaze over and looked at the dispirited fire lion who had lost half of its life. There was a trace of gratitude in his eyes.

The fire lion turned its head proudly and said, “There’s no need to thank me.”

“I’ll treat your injuries.”

“There’s no need.” The fire lion’s aura became more and more depressed. “Because of my original body, it’s fine if I’m not injured. Once I’m injured, it’s difficult for me to recover as quickly as you normal creatures.”

Creatures in the advanced stage of the Great Sage realm could usually recover from their injuries within a breath’s time.

However, the fire lion had not recovered from its injuries until now. Instead, it had become more and more serious.

The reason should be related to its body.

...

As the Mount of the young emperor in the past, it was listed as one of the rebels by the sacred mountain when the civilization collapsed.

The heavenly axiom naturally viewed the fire lion as an anomaly.

Its luck was low, and the obstacles to its cultivation were huge. It was difficult for its body to recover with the help of the Heaven and earth.

Even if outsiders helped, the effects were often minimal.

Su Yu did not say a word, and his palm tapped on his forehead.

In an instant!

A layer of faintly discernible chain net appeared on the fire lion's body, locking its body firmly within.

That was the Heavenly Dao chain.

The Fire Lion's eyes revealed a sorrowful expression. "There's no need to waste your energy. The seal of the Heavenly Dao can only be broken by those who control the Heavenly Dao."

The Heaven and earth of today had long been controlled by the sacred mountain.

They were the only ones who could break it.

...

Su Yu's face was expressionless. In his fingers, a speck of dull green light slowly condensed.

That Speck of light was like the color of wild grass by the roadside. It had no brilliance to speak of. It was far less eye-catching than the emerald green of the life domain.

Moreover, it was very small, like a sesame seed.

However!

When the Speck hit the net-shaped chain, the chain was actually melted!

The green light dot entered the fire lion's body as if no one was there. How Long would it take for its heavily injured body to recover!

“Ah! This... This is... the ancestral life technique?”The fire lion was so shocked that it could not close its mouth.

Su Yu retracted his finger and looked at the gradually disappearing net-shaped chain. He said indifferently, “This net can only be removed by using the son of Heaven's blood.”

There was a stone heart of the son of heaven in his body, but the blood of the son of Heaven had all been released into his body by the mirror flower son of heaven. It became a part of his body and could not be separated again.

Unless he met another son of heaven.

Moreover, he left his blood behind.

The fire lion looked at Su Yu in surprise. “It has only been a few days, and you have become unfathomable.”

What he meant was not that Su Yu’s body had undergone the transformation of the mirror flower son of heaven and Taotie.

It was an indescribable level.

Su Yu did not say a word.

After suffering for a few eras, if he had nothing to do, his consciousness would have long disappeared.

He was able to survive until now because he had been silently comprehending the many ancestral techniques on the sinkhole divine tablet.

Now, 99% of the ancestral techniques were in the process of comprehending.

Only some special ancestral techniques could not be comprehended.

This was because those ancestral techniques needed to be personally practiced and were useless.

For example, the Dao of slaughter.

Only by entering an extreme state of slaughter could one comprehend the existence of the Dao of slaughter.

And the Dao of slaughter was the greatest flaw.

If one could comprehend it, the 3,000 great daos would immediately be perfected.

Su Yu had a hunch that the absolute beginning Dao Master had carved the 3,000 great daos on a stone tablet for a profound reason.

Chapter 3234 - 3234 Chapter 3,020, profound and unfathomable

3234 Chapter 3,020, profound and unfathomable

If it was completed, perhaps something special could happen.

Su Yu was looking forward to the Slaughter Dao.

After comforting the crowd, Su Yu looked at the clouds in the sky.

“I gave you a chance, but you still refuse to leave.” Su Yu’s eyes were cold. “If that’s the case, then there’s no need to leave!”

!!

The clouds in the horizon surged, and a few figures that were retreating frantically leaped out.

They were surprisingly patriarch Huang and the experts of his clan. What was strange was that the few members of the Sacred Clan Alliance who had come with Ren si dao jiu were actually in cahoots with them.

Presumably, they were also aware of the internal struggle within Su Yu’s body. Greed arose in their hearts, and they planned to quietly watch the changes in the struggle.

Humans died for wealth, and birds died for food.

Greed was the driving force behind the continuous growth of living beings.

However, sometimes, it was also the spark of destruction.

Su Yu raised his palm and gently grabbed toward the horizon!

Weng —

The world trembled violently, and the sound of a zither string breaking was amplified by billions of times!

The bodies of the group of late-stage great sage experts on the horizon trembled violently. Including patriarch Huang, they could not help but spit out large mouthfuls of blood.

They were all greatly shocked!

This was especially so for Patriarch Huang!

He had the protective magic treasure of the famous sword Saint clan on him, yet he was still severely injured.

On the other hand, the other party had merely raised his hand and made a grab from ten thousand miles away.

“Retreat!” Patriarch Huang’s heart pounded wildly. Although the Taotie had disappeared, the one who had regained control of his body was an even more terrifying existence!

However, Su Yu’s grab just now was not just a sound.

When Patriarch Huang and the others turned around, they realized that the land within ten thousand Li had already been distorted!

The end of the horizon drooped down endlessly, while the end of the earth rapidly extended upwards.

In a breath’s time, the Heaven and Earth became one, forming a ten thousand Li Cage.

There was no way out if they wanted to escape!

Patriarch Huang’s heart pounded wildly. He turned his head to look at Su Yu, but his pupils constricted when he realized that Su Yu was walking with his hands behind his back.

No!

He didn't move. It was the world under his feet that was moving!

It seemed like he had shortened the distance in an instant, but in reality, the Earth was changing positions under his feet.

“Could it be that the ten thousand saints realm can actually control the world!” Patriarch Huang's throat was dry.

In an instant, Su Yu had already arrived in front of them.

Patriarch Huang's eyes revealed fear, but he wasn't willing to accept his fate. He said, “Fellow Daoist! Let us live. We're willing to compensate you. It's better than making you satisfied.”

Su Yu's eyes were so calm that there weren't any ripples. It was as if he wasn't facing a group of supreme experts in the world, but a group of ants.

“If I kill you, the things on your bodies will be hundreds or thousands of times more than the compensation.”

He raised his finger.

There wasn't any power or aura, but it made the hearts of many experts jump. It was as if the heavens were pressing down on them, making it difficult for them to breathe.

Patriarch Huang shouted, holding the replica heaven-defying sword in his hand, "You're going too far. If you have the ability to use it, I'm not afraid!"

Since the other party had to kill them, there was no point in begging.

They could only resist.

Su Yu said calmly, "I'm just lifting a finger. There's no need to be so scared, right?"

UH —

The group's faces turned green and red.

It seemed that Su Yu did not make a move.

He lifted his finger and fixed it on old ancestor Huang, saying, “Other than you, everyone else has a chance to survive.”

HM?

Everyone’s thoughts became active. Only old ancestor Huang’s face sank as he held the heavenly sword in his hand and shouted, “Don’t be fooled! He wants to break them one by one.”

Su Yu shook his head and said, “Then, all of you can join forces.”

Old Ancestor Huang took the initiative to attack. At the same time, he shouted, “Make your move!”

Huff —

The replica of the Absolute Heaven Sword descended with a loud bang. The sword light disappeared without a trace, and all living things withered.

Su Yu had already raised his finger and lightly slashed.

An obscure sword shadow actually floated out from his finger.

With a puchi sound, old ancestor Huang's sword light disappeared without a sound.

While he was in shock, the absolute heaven sword in his hand trembled and actually broke into two from the middle!

The replica heaven-defying sword... Broke!

...

Patriarch Huang was at a loss.

The materials used to replicate the heaven-defying sword came from the scraps of the real heaven-defying sword. It was only slightly earlier than the heaven-defying sword.

In terms of hardness, it should be invincible and not inferior to the heaven-defying sword.

How could a person easily break the replica heaven-defying sword with a casual finger?

Su Yu retracted his finger indifferently and said, “It takes a lot of courage to use a replica heaven-defying sword in front of a real heaven-defying sword.”

What did he mean?

Patriarch Huang did not understand, nor would he.

A blood line meandered down from the middle of his forehead, becoming thicker and thicker.

Finally, Patriarch Huang’s body was split into two.

A wisp of soul was revealed. It did not have any intention of moving because the soul was also split into two.

With a ‘Pu’sound, the soul dissipated.

...

From then on, old ancestor Huang would return to the dust, leaving no trace of him in the mortal world.

The experts who were hesitating whether to act or not all stood rooted to the ground, staring at the scene before them, their bodies covered in cold sweat.

Facing Su Yu, they actually felt a terrifying feeling of facing the might of the heavens.

He was a myriad sage, right?

The entire world was silent. Nobody dared to move, it was as though they were waiting for Su Yu to announce their fates.

Su Yu turned around and looked in the direction of the cauldron. He calmly spoke, “You guys can be killed, but not killed!”

As he spoke, a group of late-stage great sage experts knelt down one after another, “Please show mercy, Senior!”

Su Yu walked towards the cauldron, “My humans need some protection.”

Those from different powers glanced at each other and immediately made up their minds.

“I am the ancestor of the bug tribe. I am willing to lead the entire tribe to rely on the cauldron.”The great saint of the bug tribe reacted the fastest.

Not only did he not feel indignant, he was even a little excited.

Who Was Su Yu?

He did not know!

However, his strength was probably that of a ten thousand saints.

He was the strongest of the bug tribe. He was in the late-stage of the great saint realm. He was not bad in the nine-star civilization. He was considered one of the top.

However, when he met those super powers, he was like an ant that could be trampled on by anyone.

If he could rely on an expert at the level of ten thousand saints, the future of the insect race would be bright.

As for being driven by someone and losing his slavery, Hehe, was that called being driven by ten thousand saints? That was giving you face.

The other experts of the saint race suddenly understood this point. They all excitedly kowtowed to him.

That fervent enthusiasm did not seem like he had surrendered in battle. It was as if he had seized a great opportunity.

The corners of Su Yu's mouth twitched slightly.

He felt like he was being enslaved, okay?

You guys are making me very embarrassed.

With a wave of his hand, several restrictive spells entered their souls. Unless they wanted to die, they would not betray Su Yu.

There were a total of eight late-stage great sage experts. When Su Yu was not around, he had some protection. He would not be so close to being destroyed today.

He grabbed elder Huang's belongings. Among them, there were a few precious treasures from the famed swordmaster tribe.

He did not look at them and casually distributed them to the eight late-stage great sage experts.

“Next, your priority is to protect the human beings in the cauldron. Do not cause them to suffer heavy casualties. If there are, there is no need for you to stay.”

The eight experts bowed and promised.

If the eight of them worked together and were still unable to prevent the human beings in the cauldron from suffering heavy injuries, then they would definitely encounter a peerless enemy.

If there really was such an enemy, they would probably have already fallen. There was no need to wait for Su Yu to come and punish them.

“Protect this world. I will meet that person from the sacred mountain.” Su Yu raised his head.

Thunder rumbled!

Chapter 3235 - 3235 Chapter 3,021. The Azure Emperor had arrived again

3235 Chapter 3,021. The Azure Emperor had arrived again

The earth-shaking thunder rumbled in all directions, shaking the world.

The terrifying aura that was pressing down and suffocating people was approaching quickly.

The Sacred Mountain that Ren si dao 9 had attracted finally arrived.

From its power, it was much stronger than the small sacred mountain that the eight-star civilization had seen before.

!!

Could it be the real sacred mountain?

It shouldn't be.

That Holy Mountain was floating in a place that was neither heaven nor Earth. It looked down at the absolute beginning realm and had the ability to suppress the origin of a realm. It wouldn't move unless it was destroyed.

When Ren zu attacked the Holy Mountain back then, the Sons of Heaven didn't move the Holy Mountain at all.

The one who came should be a part of the Holy Mountain.

Su Yu turned into a beam of light and rushed to the sky.

If the battle were to take place in the Heaven and earth, no one else would dare to say that the area around the cauldron would be reduced to ashes.

Beyond the heavens, the waves in the void raged for billions of miles.

The terrifying aura that shook all living beings in the world came pressing down like a huge mountain.

Su Yu closed his eyes and sensed it. Then, he suddenly opened his eyes. A trace of surprise was revealed in his eyes.

“This aura...”

Sou —

A stream of light rushed out from the heaven and earth and stood beside Su Yu. It was the fire lion.

His eyes were filled with excitement and disbelief.

“You felt it too,” Su Yu said with a complicated expression.

The fire lion nodded. Its four limbs scratched and scratched, unable to calm down.

It said in a low voice, “Can you confirm it first?”

Su Yu closed his eyes and said slowly, “After all, he is a senior who has taught me before. I will give him respect... if it is really as we expected.”

The fire lion lay down and said, “Thank you.”

There was only one thing he had in common with the fire lion — the green emperor.

The Green Emperor faked his death for an era and lied to the carefree emperor just to wait for an inheritor of the human race to come.

He successfully waited for Su Yu to come.

However, he underestimated the carefree emperor's scheme. In the end, he lost his mind and became a puppet loyal to the sacred mountain for the carefree emperor.

Su Yu and the fire lion naturally did not know what happened after that.

There were only two results when they suddenly smelled the aura of the green emperor today.

One was that there was the remains of the Green Emperor on the sacred mountain.

The other was that the green emperor was already under the control of the sacred mountain.

Hence, the fire lion pleaded for mercy and confirmed it before making a decision.

However, everyone knew that there was no objection to confirming it or not.

Boom Boom Boom —

At the end of the world, the dull sound of thunder became denser and denser. Through the endless void, one could see that at the end, the sky was filled with thunder and lightning, illuminating the void until it was pale.

Amidst the rumbling thunder, a towering golden mountain pushed the vast and mighty waves to surge over.

At the peak of the mountain, stood a matchless figure with two hands holding a sword.

Under the absent-minded thunder and lightning, his figure was absolutely heaven-defying, and his battle intent was world-shaking.

The terrifying pressure stirred up all kinds of waves, stirring up the void and making it seethe endlessly.

Just a human figure was enough to suppress the void and make it unstable.

That was the Azure Emperor!

That was Ren Zu's former personal disciple.

Rumble Rumble —

When the sacred mountain approached 100,000 feet away, Su Yu could no longer hear any sound. All the sounds were buried by Rolling Heavenly Thunder.

The battle body that he had met once but was filled with respect could be seen clearly.

The ink-colored ancient armor had remnants of the past, telling of the hardships of the battle against the sacred mountain back then.

The pitch-black battle sword that had experienced the vicissitudes of life was stained with the blood of the enemies of the past. It spoke of the tragedy of the desperate and desperate battle.

The dry and rough face froze the sorrow of that day. It contained the song that the human race would never yield to!

He slowly opened his eyes.

Even though the eyes of the soul could see more clearly than his eyes.

However, the backbone of this human had to be watched by others.

Even though he was only once.

The eyes of the fire lion were sorrowful and sorrowful silently. He had already understood everything from the petrified eyes of the Green Emperor.

A heart was broken.

...

It turned into sorrow and anger that filled the sky.

The Sacred Mountain was too much!

It had refined the backbone of the human race in the past and used it to deal with the human juniors that he used to prop up with his backbone.

Killing people was just a nod to the ground.

Why blaspheme?

Boom —

The Sacred Mountain stopped. Su Yu and Emperor Qing faced each other silently in the void hundreds of thousands of feet away.

“You seem familiar,” Emperor Qing said slowly. His rough voice covered the Divine Thunder in the sky and spread to all corners of the world.

After he was ordered to kill Ren Zu, he sensed that Ren si dao jiu’s aura had disappeared.

However, not only did he not receive the order to go back, but a certain emotion rippled in his head, urging him to continue moving forward.

When he arrived in front of Su Yu, he stared at the other party and suddenly felt that the other party seemed familiar.

...

At the same time, there seemed to be a seal in the depths of his mind that had been broken, and it was expanding rapidly, invading his entire sea of consciousness.

“I’ll call you senior green emperor for now.” Su Yu’s voice was slightly hoarse.

“Green Emperor?” Green Emperor’s eyes were filled with confusion and a trace of thought. “A name that seems familiar. However, I’m Not Green Emperor, I’m seven.”

He had already forgotten everything about himself. In his memories, he only had the thought of obeying the carefree emperor.

Creak —

Su Yu suddenly clenched his five fingers, causing the air to explode.

The fire lion glanced sideways at Su Yu, a trace of relief flashing in his eyes.

Seven should be the name of a servant.

The carefree emperor had tampered with green emperor's memories and named Ren Zu's disciple as a servant. It was not difficult to understand the meaning of humiliation.

"Young master, Emperor Xiaoyao is really narrow-minded." The fire lion was filled with hatred.

Su Yu said, "It's true that he is narrow-minded, but it has nothing to do with the name."

Exhaling, Su Yu said slowly, "He did it on purpose. His goal is to force me to take action."

As a human, how could Su Yu see his ancestors living as slaves?

He would do his best to let his ancestors sleep eternally. He would ask them to become slaves.

This name was not for fun, but for Su Yu to see alone.

It had to be said that this scheme had succeeded.

“You were once the Green Emperor, the disciple of Ren Zu, the senior who gave me kindness.” Su Yu’s eyes were still full of respect. “If you still have the remnant of the Green Emperor’s consciousness, please answer me.”

“If not... Do as you wish.”

The Green Emperor fell into silence. His eyes fluctuated as if he was trying to think about the huge memory that he had lost.

However, the carefree emperor had personally made a move. How could he have missed it?

What he was thinking about was all the imprint of the Carefree Emperor.

At the same time, the liberating faith expanded to its limit and occupied the entire sea of consciousness.

His eyes were dark red and his facial features gradually became ferocious. “I remember now!”

Staring at Su Yu, killing intent materialized around him, and he said fiercely, “You are my enemy. I will kill you, kill you!”

The carefree emperor had left a seal in his mind. Before it was removed, he was a puppet with astonishing strength.

If he encountered Su Yu, the seal would automatically be removed, and the obsession to kill Su Yu would be released.

The obsession was to kill Su Yu and never rest until death!

Even if he died, it was an obsession that could not be erased.

The wind blew and fluttered Su Yu’s long hair, but it could not move his calm eyes.

He stretched out his hand and made a gesture of invitation, “As you wish.”

The green emperor stomped his foot and the Holy Mountain rumbled.

The human turned into a stream of light and twisted the space between heaven and earth as he slashed with his sword.

The sword had no shadow, the wind had no trace, and it was as fast as lightning!

Chapter 3236 - 3236 Chapter 3,022. The Sacred Mountain Shook

3236 Chapter 3,022. The Sacred Mountain Shook

The sword that swept through the distorted space was aimed at Su Yu. He could feel that this sword was aimed at all four corners of the world. He couldn't Dodge it. He could only take this sword head-on.

Su Yu closed his eyes and raised his hand.

--

At the highest point of nothingness, where no one knew, the vast sacred mountain overlooked the operation of the various civilizations in the absolute beginning realm.

!!

Six giant shadows stood side by side at the peak of the Sacred Mountain, extremely silent.

The Carefree Emperor sat by the sacred mountain. His eyes traveled through time and space, looking down at the scene below. The corners of his mouth curled up. "I hope he likes the gift I prepared for Su Yu."

"This sword attack can take half of his life."

The wind blew gently.

An indifferent voice floated out from a stone statue.

"Difficult!"

The carefree emperor sneered. "You think too highly of him."

The stone statue said hoarsely, "It's you. You've always looked down on him."

HMPH!

As if he was recalling many unpleasant memories, the carefree emperor's gloomy face became even gloomier. "That was before I became serious. If I put in a little more effort, I would crush him to death like an ant."

The stone statue mercilessly exposed his disguise. "Carefree, since Ren Zu, few people have asked you to explain, right?"

In the past, when Carefree Emperor failed a mission, he would never explain.

Was it because he was disdainful?

No!

It was because he didn't care.

But now, it was an exception.

It could be seen that Su Yu had escaped from carefree emperor's hands many times, which made him very concerned.

“As I said, it’s easy for him to die. This sword will take at least half of his life!”The carefree emperor diverted his attention.

The stone statue muttered, “I think it will only take 20% of his life.”

“Hehe! Let’s wait and see!”The carefree emperor was very confident in the seven he created.

At this moment.

The Azure Emperor had already arrived with a force of ten thousand tons. Su Yu simply raised his palm and blocked it above his head.

Buzz —

The void shook violently, raising a huge wave of shock.

The fire lion was directly sent flying ten thousand miles away, and the towering small sacred mountain also drifted backward.

Both sides froze on the spot.

Su Yu's palm was still the same, but the blade of the green emperor was shattered.

At a glance, Su Yu's palm was left with a shallow bloody scar. That was all.

This was not even considered a minor injury.

Qing emperor held the remaining hilt of his saber. The killing intent in his eyes increased instead of decreasing. A trace of madness was revealed. "Why is it so difficult to kill you?"

He formed a seal with his hands, and an ancient and simple phantom of a small cauldron appeared above his head.

It was the universal cauldron, but it was not an illusion. Instead, it was a brand that came from the real universal cauldron.

As the ren zu disciples, every disciple had a universal cauldron brand in their bodies.

In a critical moment, they could activate the cauldron and turn it into a destructive attack. It was a tenth of the power of the cauldron of the common life.

In the depths of the void.

Xiaoyao Tianzi's expression changed. "Mirror Flower Tianzi was muddle-headed. He was tricked into cultivating the Indestructible Tianzi's body."

The stone statue was confused. "That's not right! I used half of the Indestructible Tianzi's body as the foundation to calculate it! But, why can't I take 20% of his life?"

Mochizuki Taizi's stone statue shook, and pieces of broken stone fell from the stone statue. Cracks could be seen faintly.

Xiaoyao taizi said coldly, "Maybe it's Luck! After all, he is Ren Zu's designated successor. The human race has long luck, so it's normal for him to have luck."

The stone statue said hesitantly, "Maybe."

"I wonder if he can withstand the attack from the cauldron of universal life."

"TSK!" Carefree emperor said contemptuously, "Even if we were to receive this attack, we would still feel uncomfortable, let alone this little bastard."

The deepest memory of Ren zu among the sons of Heaven of the Sacred Mountain was none other than the universal cauldron.

It was this cauldron that shook the sacred mountain and destroyed several sons of heaven.

Even now, they still had lingering fear in their hearts.

Even the sons of Heaven did not want to bear the ten percent mark of the universal cauldron.

Su Yu was just a small human cultivator. He would die if he didn't die.

Mochizuki son of Heaven agreed with him this time. "Although his body is abnormal, Emperor Qing's attack is indeed not something he can bear."

In the void.

Emperor Qing's hands quickly formed a hand seal, and the illusory image of the universal cauldron spun and crashed toward them.

...

It was silent, and there was no sound.

However, the void let out a sorrowful cry!

The entire void with the Universal Cauldron as the center twisted as it spun.

The void within ten thousand miles quickly twisted like a twist,

even when it was spinning, it twisted a part of the void. If it touched a living creature, even if it was just a slight scratch, it would be worn to death.

Su Yu sighed, raised his hand, and quickly formed a seal with his five fingers.

The seal formed was the universal cauldron controlling the valve, just like the Green Emperor.

However..

Both the carefree emperor and the Mochizuki Emperor focused their eyes at the same time.

The latter took a deep breath. “One-handed seal?”

He could not move. If he could, he would have turned his head to look at the carefree emperor for confirmation. “Back then, among the seven disciples and Ren Zu, only Ren zu and the eldest disciple seemed to be able to form a seal with one hand and control the universal cauldron, right?”

...

The carefree Emperor’s eyes flickered with a flickering light. “Forming a seal doesn’t mean anything.”

In fact, he did not understand why Su Yu could already form a seal with one hand.

He knew the method to control the cauldrons of life that the young emperor had taught Su Yu back then.

However, how did Su Yu manage to form a seal with one hand in just a few short years?

The seven disciples Ren Zu had accepted were all outstanding and godly figures. They had studied under Ren zu for an entire era, and only the eldest disciple had finally comprehended the single hand seal.

How many years had Su Yu studied?

Wangyue Tianzi's eyes shone, and he did not comment on Xiaoyao Tianzi's words.

Forming a single hand seal could at least prove that he was better at controlling the universal cauldron than the Green Emperor.

Below!

The Universal Cauldron spun rapidly!

Just as it was about to destroy Su Yu, it suddenly stopped and floated in front of Su Yu.

After a pause, it turned into a brand and flew into Su Yu's palm.

On the sacred mountain.

The two emperors fell into a dead silence.

The carefree emperor's face was so gloomy that it looked like water was about to drip out!

The full moon Emperor also fell into a long silence.

Kacha —

Kacha —

Two terrifying auras were released along with the sound of stone fragments breaking, causing the void around the sacred mountain to shake incessantly.

“Even the mark of the Universal Cauldrons can't do anything to him?” An incomparably aged voice sounded slowly.

“It seems that this human sacred body has become a success.” Another old woman's dissatisfied voice followed.

Wangyue Tianzi and Xiaoyao Tianzi quickly bowed. The latter even got up and bowed respectfully, “Greetings, Great Sun Tianzi and Great Star Tianzi.”

He was not without shock.

Su Yu’s performance had actually shocked the Sun and star Tianzi!

The Sun and star Tianzi were extremely experienced tianzi. Their strength was far above that of Xiaoyao Tianzi.

In terms of status, that was an existence that the carefree son of heaven needed to treat as an elder.

The Great Star Son of heaven was that old woman. He said unhappily, “Carefree, I let you deal with that human saintly being for many years. Why did you let him grow up until now?”

The carefree son of heaven bowed even more. His face alternated between green and white as he said, “It’s not that I didn’t try my best. It’s because of his luck that he escaped time and time again...”

“Shut up!” Big Star Son of heaven shouted coldly, “This son of Heaven’s luck is thin, and it’s not even half of an ordinary powerhouse!”

What?

Chapter 3237 - 3237 Chapter 3,023. The emperor was shocked

3237 Chapter 3,023. The emperor was shocked

The carefree emperor and even the Mochizuki Emperor couldn't help but take in a breath of cold air.

They didn't doubt the words of the great star Emperor, because she was the emperor in charge of fate. She could see through the fate of living beings with a single glance.

It was precisely because they didn't doubt that they were shocked.

Su Yu had grown to a point that even the emperor had to take seriously, but her fate was actually not half as good as that of an ordinary person?

!!

How was that possible?

If a living being walked the world without enough luck, it would be difficult for them to cultivate, lack opportunities, and frequently encounter dangers.

It was difficult for such a living being to live long, let alone reach the peak of cultivation.

But what was going on with Su Yu?

The carefree emperor was stunned. “Great Star Emperor, then why has this person grown to such an extent?”

This stumped the Great Star Emperor as well, causing him to fall into silence.

She also thought it was unbelievable. If carefree son of Heaven didn’t slack off, how did Su Yu escape from him and grow up to this extent?

Crack –

A hair-sized strand appeared on the crack on Great Sun Son of Heaven's body.

He said slowly, "He must have opened the path with his obsession and went against his fate to reach this stage!"

Mochizuki son of heaven and carefree son of heaven listened to him respectfully. Great Star Son of heaven also said respectfully, "Great Sun Son of Heaven, please explain."

Great Sun Tengzi's stone golem was surrounded by a mysterious dao rhythm.

"The sacred mountain overlooked the absolute beginning realm and controlled thousands of great daos. Only then did it establish the Order of Heaven and earth, causing all living things to wither and prosper. All spirits have life and death, and Karma has a beginning and end."

"However, there was one dao that was kicked out by the sacred mountain and expelled by thousands of great daos. It was also sealed, preventing all living beings from comprehending it."

The three Tengzi's eyes and ears were refreshed as they listened.

"That Dao is the rebellious dao."

“The Rebellious Dao is the rebellious dao. It can be used to defy the heavens, and it can be used to defy fate.”

“Its existence is a threat to the stability of the absolute beginning world. That’s why the sacred mountain sealed it when it descended. There are rebellious spirits, but they have never rebelled against the Dao. That’s the reason.”

The three heavenly venerates suddenly understood. They looked at Su Yu on the ground with a strange light in their eyes.

“Could it be that Su Yu is an exception and has comprehended the Reverse Dao?” Carefree emperor frowned.

Since the Reverse Dao was sealed, how could he comprehend it?

Dayi emperor shook his head, “Not yet! But it is already the extreme of adversity. If he takes another step forward, it will be the Reverse Dao.”

“Fortunately, the reverse DAO has already been sealed. He is stuck at the extreme of adversity and can not step into the Reverse Dao. Otherwise, there will be endless trouble.”

The three emperors finally understood.

Carefree emperor asked, “How do you cultivate the extreme of adversity?”

Dayi emperor said, “There is no other way. Countless trials and tribulations are enough! For this child to cultivate the extreme of adversity is already a rare variable in the world. It is the best way to get rid of it.”

The three emperors were stunned.

For dayi emperor to personally say “The best way to get rid of it”, Su Yu’s threat was not small.

In the past two eras, besides Ren Zu, there was only one other person who could make the son of the great sun emperor say something similar.

Su Yu!

The carefree son of the Great Sun Emperor took a deep breath. For the first time, he looked at the ant that he had never cared about and said, “He won’t live.”

Closing his eyes, he formed a seal with one hand.

In the Void, the majestic sacred mountain suddenly shook violently. Then, with a loud bang, it exploded!

A rusty broken sword stained with dried blood floated in the shattered mountain.

The moment the broken sword appeared, the Void suddenly became as hot as boiling water.

The blood in the fire lion's body, which was thousands of miles away, began to boil and burn uncontrollably.

It stared at the broken sword. Its pupils constricted, and its throat seemed to be blocked by something. It was so terrified that it could not speak. "That... that is..."

Su Yu frowned slightly and pressed down on his chest.

The oil lamp that had appeared out of control was pressed back down.

This was the first time the oil lamp had appeared out of control.

All because of the broken sword?

In the sky, Xiaoyao Tianzi opened his eyes, and a cold smile appeared on his face. “This sword was prepared for Ren Zu’s descendants. It is most suitable for him.”

Wangyue Tianzi’s voice sounded relaxed. “The sword that cut off one of Ren Zu’s arms was indeed a sharp weapon to kill the mortal body.”

“The remnant of Ren Zu’s blood has been nurtured by the sacred mountain. It is a deadly poison to the mortal body.”

In the void.

The Broken Sword flew into the Green Emperor’s hand. The fire lion’s expression changed drastically as he sent a voice transmission, “Little Master, be careful! There is Ren Zu’s blood in there. He has been baptized by the Sacred Mountain and is already a deadly poison to kill the mortal body. You will die if you touch it!”

The Green Emperor had already fallen into madness. He held the Broken Sword and roared at Su Yu, “Kill!”

As soon as the word ‘kill’ was said, the remnant blood on the broken sword emitted a blood light that shot into the sky and spread over ten thousand miles.

Under the cover of the blood light, it was dyed with the remnant blood!

The fire lion had warned him too late, and the range of the remnant blood was too wide.

...

Su Yu did not have any room to dodge. He was directly wrapped in the blood light.

His skin instantly turned purple-black, followed by his flesh, then his bones, and finally his soul.

Every part of his body was tainted by the blood poison.

This scene caused the fire lion to let out a heart-wrenching roar, “No! !”

Su Yu, who had just returned and was about to shoulder the responsibility of the future of the human race, actually died under the blood of Ren Zu.

Why?

Why was it like this?

Looking at the wild laughter of the Green Emperor and Su Yu, whose aura had been completely extinguished by the poison, the fire lion threw its head back and let out a desperate cry.

“Sacred Mountain! ! ! This is too much! ! ! !”

Ren Zu’s disciple, Ren Zu’s successor, was a puppet that the emperor could play with to his heart’s content!

This was the sacred mountain! ! !

...

Endless roars burned in the fire lion’s chest, as if it was going to explode.

However, there was nothing he could do.

He could only watch helplessly as Su Yu was poisoned and his body withered bit by bit into mud.

“No...”the fire lion was extremely sorrowful.

However, in the next moment, the fire lion was suddenly startled.

This was because it suddenly discovered that although Su Yu’s aura was extinguished, his eyes were actually flickering with a calm light.

A trace of Aura was even spat out from his mouth.

“These three moves are the last respect I have for you. Now, it’s time to send you on your way.”

On the sacred mountain, the atmosphere froze again.

Carefree Emperor, Full Moon Emperor, Great Star Emperor, and even great sun emperor all fell into silence.

The ancestor’s blood poison in his body... didn’t die?

Carefree Emperor's throat rolled. He carefully looked at great sun emperor but didn't dare to say anything.

Big Star Emperor was a little lost. "What, what is going on?"

The Dayi Emperor was silent.

He didn't know either.

Kacha —

Another crisp sound rang out. It was the female stone golem on the left side of the emperor. A piece of rock had fallen off her body.

A dreamy and gentle voice slowly sounded. "Who is that? Even the refined ren Zu's blood can't be killed?"

Hearing this, carefree son of heaven was shocked and immediately bowed three times.

Mochizuki son of Heaven, Big Star Son of Heaven, and even big day son of heaven immediately gave out extremely respectful voices.

“We are useless and alarmed great dream son of heaven. Please forgive us!”

At this moment, carefree son of heaven was already filled with shock.

Even great dream son of Heaven was alarmed!

After several eras, great dream son of Heaven only woke up once when Ren zu attacked the sacred mountain.

Now he was startled by Su Yu!
