

SEVEN.

I made it to my room without any problems I walk in, strip from my school uniform, and put on some PJ. I lay in bed and think, I feel tears going down my face I had no one to talk to about these things, my dad the only person who ever cared about me is dead. I cried myself to sleep.

There is banging on my door and I can hear an angry voice. I get scared and hid under the blanket hoping whoever is at the door will go away, but the banging kept going. Then it all went quiet finally, I was starting to fall back asleep when my door opened.

I hid under the blanket hoping whoever is here will leave.

"What are you doing here?" came the very angry voice of Dimitri "I've been searching for you for the last three hours!!" he says and drags me off the bed he looks mad his eyes are all black, I try to pull back but he won't let me.

He takes a few deep breaths and tries to calm himself down when his eyes finally go back to their origin green, I stop fighting and look down at the floor "I'm sorry " I whisper.

He pulls close for a hug, he's all warm and I melt in his arms. "Kitten we need to go over some rules okay" ~Dimitri

He made me sit on my desk, gave me a paper and pen, and made me write the rules down.

When I was done writing them he asked if I have any questions or objections I said no they seem okay.

"Ok kitten let's go" ~Dimitri

"Go where?" I ask when he starts dragging me out of the room

"We're going to my room so I can feed you, you missed dinner and that's against your rules" he keeps dragging me I try to stop him I'm just in my PJ.

"What is it?" he stops and looks at me I point to my PJ and he just carries me up to his hip and kept walking.

We go to another section of the castle, it's the Dom dorms. Dimitris's room well it's not a room it's a suit, he has a small kitchen a living room, a master bedroom with an adjacent room for his little and a giant bathroom with a deep tub. After the grand tour, he sits me at the breakfast bar and goes to make me a grilled cheese sandwich.

"Do u have coke?" ~Sophia

"Have yes sure " ~Dimitri

"Can I have some" ~Sophia

"No you can have milk or juice," he says and I put my mother didn't give two damn about what I drank or ate.

I finish my sandwich with a pout for being denied a drink, after I'm done he send me to brush my teeth and get ready for bed.

When I'm back he's holding a pink sippy cup I eye the cup and tell him I'm ready, he drags me toward him and sits me in his lap and hold the cup for me it got milk and vanilla, I fell asleep in his lap half way through the cup.

I wake up to kisses on my face I tried to slap whoever is kissing me away I wanted to sleep but Dimitri kept kissing me till I wake up.

"Good morning little girl" god his voice is so sexy laced with sleep.

"Morning" I whisper

"Up you go sweetheart it's time to get ready for school" ~Dimitri

After I get dressed in my uniform I leave my hair down not bothering with it, Dimitri lifts me and takes me to the cafeteria I don't object since it's a long walk and he's a vampire he won't get tired easily.

He set me on the same table he was sitting on yesterday I see a very happy Rory eating pancakes and some other doms that I'm not familiar with, most doms are drinking a red liquid which makes me think they are vampires.

Dimitri came back with a plate of pancakes for me with some fruit salad and a sippy cup full of milk. I eat most of my food ignoring the milk.

"Someone doesn't like her milk" one of the unknown doms snitch on me

"She'll get used to it, I'm still setting her on a routine" Dimitri replies as if I'm a little girl who isn't even here.

After breakfast I try to take my backpack and leave but Dimitri won't let me, he walks me toward my first class of the day little class, he put my stuff away give me a kiss on the forehead, and tell me to be good.

I'm pissed at him, I go sit next to Rory who still got that stupid smile on his face I raise my eyebrow at him and he finally spills "Vincent is officially my daddy" he says with a big smile and a blush well I'm happy for him, he's my one and only friend around here so I give him a hug and congratulate him.

Today's class is about pacifiers, we are all required to get one, especially the little one aka me and Rory.

"If you can't afford it the school will provide you one, I want to see one on you tomorrow. Have a nice day my little angels" miss Blair dismiss us.

I and Rory both wait for our daddies to come to get us while chatting about our feeling toward pacifiers, Rory really likes the idea, I'm curious but not sure about it.
