After his class is over, I get to change back to my uniform and we go to lunch most of the doms coos and oohs at me for being hurt, I've had the worst and never had this many people fussing about me.

The rest of the day was peaceful I went to my classes afterward, until in Dom/little class where the teacher decided to inform all doms about the new pacifier rule.

"All little should have one tomorrow, any little under the age of 4 should have one at all time"

I'm starting to change my mind about sir milo.

After class Dimitri said I can go "play" with other littles, I gave him my best death glare before I went to hang out with Rory. We went to my dorm room since it's mine till the end of the week.

I told Rory about Andy because well I trust him and I made him pinky promise not to tell Vincent.

We watched some N*****x well we watched Cinderella and the lion king.

Until Dimitri and Vincent came and get us. Back at Dimitri's room he shows me what he got me, he got me a brand new iPhone with a unicorn cover case, his number along with Vincent, Rory, and some other "trustworthy doms" -his words not mine- programmed in. 1

He also got me three new pacifiers and clips.

He tells me I can change to something comfier and we'll go have dinner, apparently, he got a full wardrobe for me here. I chose a graphic T-shirt and some jeans, daddy change to jeans and button shirt too, he eyes my outfit but says nothing. There were a lot of little girl clothes but I didn't feel like it.

Walking into the cafeteria this time I go with him to choose my food, I pick a pizza slide, fries, chocolate brownies, and Pepsi. Dimitri takes off my fries and put some vegetable instead and return my Pepsi for a sippy cup of juice. I put the Pepsi back on and he removes it we keep going back and forth till he snaps.

"If you put that thing on your tray one more time I'm taking away your desert" he threatens but I ignore him and put the Pepsi back on.

He snatches the tray away from me, takes off my Pepsi and brownie, and replaces them with juice and some strawberry-flavored yogurt.

"Hey that's not fair" I whine loudly

"Don't care go sit your ass down" he says between gritted teeth.

"No no no I want my brownies back," I say and stomp my foot, well big mistake right now the whole cafeteria is looking at us.

"What did you just say to me little girl?" he says in his Dom voice

But seem like I got a death wish cause I keep my tantrum "no I want brownies" I scream

I hear the sound before I even feel the pain two loud slaps landed on my ass. "Victor sit her down please," he says to someone, that

someone turns out to be one of his Dom friends he drags me to my seat, I plop down and start crying. He let me cry for a few minutes before I'm lift up and settled in his lap I don't fight him I just cry against his chest.

"Shhh shhh that's enough.....shh I didn't even pop you that hard" when I still don't stop crying he goes to dom mode again "stop crying right now or I'll give you a real reason to cry" he wipes my face although tears are still streaming down, make me drink some water before he feeds me my dinner I fight him the whole time not wanting to eat.

I ended up sitting in his lap with my hand crossed on my chest still sniffing while he drank his blood.

He took me back toward his dorm and took me straight toward the bathroom. He started filling the tub while I'm still ignoring him, he put some bubble bath in the tub and it's starting to call my name. He comes to undress me and I fight again, I don't want him seeing me naked.

"Sophia I'm your Dom and your daddy. I will see you naked so no use to fight unless you want a real spanking" he growls at me.

He's right so I let him undress me and put me in the bath it was amazing until he got a washcloth and started washing me, after I squirmed around too much he said in a calm voice " baby girl I'm going to wash you every night before bed so please stop fighting me and enjoy "

I'm a submissive at heart, his dom voice, well his dom voice can make me do anything he asks for so I do relax after my bath he dress

in PJ and get one of my new pacifiers.

"Come on let's try it" when I shake my head no he says "you want to try it tomorrow in class alone or now with me here"

Well, he did make a point so I open my mouth I spit it out immediately "I don't like it" I pout.

"Kitten give it a minute " he pleads with me and stuck it back in my mouth I start sucking on it, his movement helping me relax, I fell asleep with a paci.
