

Doomsday 87

Chapter 87: Big pot of stewed dog meat

I was ecstatic. I forgot that the many people outside were waiting for me. It took a while to relieve my excitement. Then I remembered that the room was not alone, so I quickly opened my eyes and saw that a group of officials were vomiting. Yun Wu, this lightened his throat and apologized.

"Sorry everyone, I was so tired just now, I wanted to fall asleep when I sat down!"

"Nothing! Nothing! Comrade Di must be tired!"

Di Ping coughed and awakened everyone in the conference room, and hurriedly put out the smoke. Some people laughed and rushed to answer when they heard Di Ping's words.

"How long have I slept? Why don't you wake me up!"

Di Ping pretended to complain.

"Not long, not long!"

Ge Zhongping smiled and said, as if he cared at all. In fact, he scolded Di Ping's ancestors for the eighteenth generation, but he didn't dare to show it.

"President Ge (changed to the general manager of the base, please avoid some names, please understand), the mutant beast meat is ready! What should I do next?"

At this time, Lu Hai walked in, followed by Yue Lie and Liu Han. Lu Hai came in and saw Di Ping sitting in the main seat for a moment, but he immediately realized that he bit his head and looked at Ge Zhongping and asked.

"What do you think, brother Di?"

Ge Zhongping wanted to stand up and arrange what Lu Hai would do, but he just wanted to think of Di Ping next to him, and immediately shuddered and didn't dare to take any action. He turned and smiled and asked Di Ping.

"How much meat is there?"

A cold light flashed in Di Ping's eyes, swept across Lu Hai, turned to look at Yue Lie and Liu Han and asked.

Lu Hai was shuddered by Di's eye and almost sat down, thinking that this man's eyes were really scary, penetrating people's hearts like a sharp sword, he seemed to understand what he was thinking, he knew he should report to Ge Zhongping just now. It was the young man who was dissatisfied, and he would no longer dare to talk nonsense while standing.

"Ge Di has more than seven thousand catties of meat in total!"

Seeing Di Ping looking at him, Yue Lie immediately stepped forward and said with excitement.

"Seven thousand catties of meat! A lot! Enough for two days!"

Someone shouted in surprise.

"It's been a long time since I had eaten meat. If I use a big pot to stew, add some radish to stew, I can't say it, I will drool when I think about it!"

Some officials said that they just wanted to drool and sucked their lower lips, but no one laughed at him at this time because everyone felt that there was fluid in their mouths, and they swallowed.

They are not to blame. Although these people are stronger than ordinary people to ensure food supply, they have not eaten a meal properly for a long time, let alone eating meat. The cold meat in the supermarket is not enough. Filling the teeth.

"Haha! Okay, today we will stew dog meat in a big pot! People say that the dog meat can't stand still after being rolled three times. Let's try this mutant dog meat today if it is more fragrant!"

At this moment Di Ping stood up, laughed and clapped his hands, then turned his head to look at Han Zhongguo and several people and said, "I think we can make a few big pots, stew some meat, and let everyone eat dog meat. Soup, what do you think?"

"I think it's good. I want to be in the countryside when I am young. Anyone who kills or hunts always makes a big pot of stew, and everyone in the village eats it.

Han Zhongguo also laughed and stood up and praised, recalling the look of nostalgia and yearning on his face when he was a child.

"This is a good thing. I haven't eaten meat for a long time. I think many weak people may be able to regain their vitality after eating meat!"

Lu Guoliang also stood up with a smile on his face.

"How does Mr. Ge feel?"

Di Ping saw that everyone agreed with the proposal and asked with a smile looking back at Ge Zhongping sitting on the sofa.

"Haha! Very good, good! Brother Di has a good idea!"

Ge Zhongping was a little absent-minded when he heard Di Ping ask himself, he smiled and replied stiffly.

"Captain Lu, trouble to find a few big pots of stew, is there a problem?" Di Ping heard Ge Zhongping's answer before turning around and looking at Lu Hai who was waiting there and said in a flat tone.

"No...no problem!"

Lu Hai quickly glanced at Ge Zhongping and saw Ge Zhongping sitting there without raising his head or showing anything. His face went dark immediately, and then he hurriedly piled up smiling faces in response, and turned quickly to walk out.

"By the way, it is guaranteed that each person has at least one bowl of soup and two or two meats. Those who participate in the battle today can get one or two more meat!"

Just as Lu Hai was about to leave, Di Ping suddenly stopped him and said.

"Okay, it must be done!"

Lu Hai turned around should be, then turned around and walked away quickly, but his steps were a little heavy.

At this time, a few people involved in the battle heard Di Ping's words and smiles immediately appeared on their faces, and then someone ran away quickly, which should have been to pass on news.

"You two will help too!"

Looking at the background of Lu Hai's departure, Di Ping raised the corner of his mouth, revealing a meaningful smile, and then looked at Yue Lie and Liu Han who were standing in the doorway and said, and at the same time gestured to Yue Lie with a look.

"Good Dige!"

The young man Yue Lie was very shrewd, and immediately nodded when he saw Di Ping's eyes, then he took Liu Han and turned to chase Lu Hai.

As soon as the three of them left, three more beautiful young women came in, brought tea to the meeting room, put a cup in front of each one, and walked out.

Di Ping took the tea and glanced at the women, and found that these women were younger and more prettier than the other. Seeing all the officials inside taking the tea and drinking water indifferently, Di Ping was upset, these officials. Are you having a great time?

It just seems unreasonable to get angry about this, find the right opportunity to clean up these guys one by one.
