

Chapter 28

In her previous life, it was probably because Qi Jingxuan had been too careless that he had fallen into a trap that others had carefully set up.

Therefore, in order to prevent him from repeating the same mistake again, Su Yan emphasized her tone.

Hearing her words, Qi Jingxuan looked at her meaningfully and did not say anything more. After leaving the Su family, his attitude was also ambiguous and unpredictable.

In the evening at home, Su Zhile began to make a scene again.

The holiday was coming to an end in two days, and school was about to start. To return to school, Su Yan shut herself in her room after dinner and read books to consolidate the high school course that she hadn't been in contact with for a long time.

The words were difficult and hard to read. Especially in Su Yan's previous life, because of Wang Suping's instructions, she did not read them well at all. Therefore, it was inevitable that it would be difficult for her to put everything back in her mind for the past three years in high school.

But fortunately, she was smart.

After the initial difficulty, like a sponge absorbing water, she began to quickly absorb all the knowledge into her mind.

But at this time, there was a loud noise in the room not far away...

Su Yan frowned. The next moment, she called in a servant from outside. "What's going on?"

"Miss Su Yan, it's Miss Su Zhile who is throwing a tantrum and saying that she wants to meet Mr. Su."

"Oh?" Did Su Zhile want to meet her father?

Su Yan couldn't help but laugh.

It seemed that her elder sister is so naive being raised by Wang Suping. She didn't understand the ways of the world at all.

She thought to herself meaningfully. The next moment, she put down the book in her hand and walked to Su Zhile's door. As the distance between them got closer, the noise inside became clearer.

After she smashed something again, Su Zhile roared, "You b*stards! When my mother was at home, you were so obedient in front of my mother. Now that my mother has temporarily left the Su family, don't you know who your master is?"

"I am the eldest daughter of the Su family. How dare you lock me up and not let me go downstairs for dinner! I said I wanted to see my father. Why don't you go and find someone for me?"

"Don't you want to live anymore? When I turn over in the future, you all will have to be driven out from the Su family!"

Su Zhile raised her voice and shouted. As soon as she finished speaking, there was another sharp smashing sound.

Hearing these words, Su Yan was also happy. However, the servant said with a bitter expression, "Miss Su Zhile has been making a scene for a long time. However, Mr. Su had already ordered us to lock her up and cannot let her get out. Furthermore, Mr. Su is also not at home now. He left after having dinner."

Due to the incident with Wang Suping and Su Zhile, the company and the circle were in a mess now.

Originally, Mr. Su shouldn't have eaten at home at night, but because he didn't want Su Yan to be alone, he stayed at home with her. How could he have the time to pay attention to Su Zhile?

However, this was just right. It was more convenient for Su Yan to cause trouble.

She smiled slowly and said, "Wait outside. I'll go in and talk to my sister."

The servant quickly nodded and could not wait to stand further away.

At the same time, the tightly shut door was also quickly opened. Su Yan slowly walked in and looked at Su Zhile with a beautiful smile on her face. "Sister, why are you so angry?"
