

Dragon Husband 1616 part 1

Chapter 1616 Sword Emperor

Asked, an understatement.

The overbearing and squinting contained in it, but it is impossible to look directly at it!

What kind of man is this!

Such a terrifying blow is not enough.

Is there any more?

Xu Tongyin, who was opposite, suddenly burst into laughter under a brief period of astonishment.

Are there any more?

Of course there is!

As expected of Wiliam!

This is definitely not enough!

Xu Tongyin's use of this trick is actually meaningful.

Thousands of dust soldiers thank the emperor map!

On the one hand, it refers to the mortal soldiers under the world, as he summons them, they must all submit!

On the other hand, for this word of thanks, it was Wiliam who thanked him.

Wiliam can afford the word Huangtu!

He will use this trick to pay tribute, see off and pay homage to the benefactor he is most grateful for.

Unexpectedly, Wiliam endured it, but only suffered a little injury.

So that's great!

"Yes!" Xu Tongyin shouted loudly after laughing.

But with one blow, he still has a million blows!

One hit is not enough, can't you return with ten thousand hits?

Some is strength!

There is time!

Xu Tongyin grabbed the sword with one hand and pointed to Wiliam, "Show out even a little bit of your true strength, otherwise, you will always be beaten."

After all, he rushed directly to Wiliam.

This charge flashed like a violent thunder!

Almost instantly, he had appeared in front of Wiliam.

The huge sword dances, and the gang wind that it brings up has caused the vigorous wall arranged by the big guys on the scene to violently sway!

"Quick rewind! Quick rewind!" someone shouted.

The threat of battle is several times more than before!

Now everyone is really risking their lives to eat melons!

"Boom!" Huangtu smashed it down!

However, at the moment it fell, the people on the scene only felt a bitter cold wind suddenly raging!

When Huangtu was almost in front of Wiliam, countless icicles sprang from the ground, and he directly froze Huangtu and Xu Tongyin's hands!

This sudden scene caused the people on the scene to scream!

Where did the stuff come from!

And when everyone saw where the icicles appeared, the screams became louder!

The icicles come from Wiliam!

Moreover, it is constantly infiltrating from Wiliam's Long Live Demon Lotus!

Long live the demon lotus is like a demon emerging from the ice, crazily gushing out icy blue ice.

Cold ice is like a flowing snake, constantly raging on Xu Tongyin's hands.

This scene stunned Xu Tongyin.

However, he reacted immediately and made a decisive action, exploding the whole body!

These blood gas quickly smashed the icicles.

With azure blue ice falling all over the sky, the scene suddenly became a piece of cold snow.

Xu Tongyin was shaking slightly with Huang Tu in his hand.

He was so familiar with this cold feeling!

The battlefield of blood and tears!

This is the same feeling in the heart of the battlefield of blood and tears!

Pain into the bone marrow, can freeze people alive into slag!

Why did this kind of ice appear on Wiliam's body?

Moreover, is it appearing on Long Live Demon Lotus?

Xu Tongyin's eyes fixed on the flying and circling Long Live Demon Lotus, frowning.

This Long Live Demon Lotus was re-forged by him.

As a result, even he didn't know that Long Live Demon Lotus had such magical characteristics.

No, at that time, Wiliam briefly mentioned that he didn't care about it.

Xu Tongyin looked at Wiliam even more admirably.

It's just that Xu Tongyin was injured just now, purely because of Wiliam's surprise.

He was also caught off guard.

Xu Tongyin had such self-confidence, and only if he made all the preparations by himself next, it shouldn't be easy for Wiliam to succeed.

Thinking of this, Xu Tongyin held the sword again and rushed towards Wiliam.

This time, Thousand Swords are still accompanying!

And Wiliam's Long Live Demon Lotus also turned into mad ice flying all over the sky, constantly colliding with the flying weapons.

The scene seemed to be trapped in a weird scene where thousands of troops are fighting each other.

It's obvious that the two are facing each other.

However, countless changes and collisions have evolved.

The sound of "Bang Bang Bang" was endless.

I don't know how long this situation lasted. Some people suddenly felt a little sore in their eyes, only to realize that they hadn't blinked for a long time.

There were a lot of scars on Wiliam and Xu Tongyin's bodies.

"Hahahaha! Interesting! Interesting!" Xu Tongyin was born to be a man who was more brave in battle, and the more bloody he was, the more vigorous his body was.

His fighting spirit is still burning.

"Is there only these? Then, it's up to me!" Xu Tongyin said, suddenly her eyes flashed!

The Huangtu in his hand danced frantically again.

This time, Huang Tu did not shoot at Wiliam!

It was shot at himself!

Huangtu fiercely inserted into Xu Tongyin's body.

However, at the point of insertion, Xu Tongyin didn't show any blood.

The giant sword seemed to melt into his body.

And then, Xu Tongyin's body changed strangely.

His hands, his legs, and even his whole body suddenly grew dense black tattoos.

The tattoo kept circulating, as if to swallow his whole person.

In the end, his face slowly began to give birth to black tattoos.

These tattoos glowed with a faint purple light under the sunlight, which looked terrifying.

With the blessing of these tattoos, Xu Tongyin's body gradually became half flesh and blood.

Like gold and iron, like ancient wood.

"What the hell is this!"

"What happened to Xu Tongyin? How did he become like this?"

"It's terrible, I don't dare to look at him just now with the aura of his body!"

People at the scene talked a lot.

Everyone felt a kind of unknown fear for this unprecedented picture.

William frowned as he watched this scene.

He finally felt a threat.

This threat seemed to be carved into his bones.

Can!

William finally started to become serious!

On the rostrum, the three referees stood up with a clatter.

For the first time since the start of the game, they have made such moves in such a synchronized manner.

Xu Tongyin clearly attracted their attention.

Just now Xu Tongyin broke through, and they were all calm.

The expressions of the other sect masters became extremely complicated.

They looked at Xu Benliu deeply, and stopped talking.

Xu Benliu's eyes were already red.

He looked at Xu Tongyin, who was inhumane, and suddenly made a shocking move.

Suddenly, his knees hit the ground fiercely, and he knelt down deeply in Xu Tongyin's direction!

How should a father kneel his son?

“哐!”

A flash of lightning appeared in the sky for no reason!

The lightning hit Xu Tongyin fiercely!

This made the black Xu Tongyin even more pitch-black as ink.

And the sky, the thunder rumbling is also constantly ringing.

Like anger, like restlessness.

“Welcome, the Nine Heavens Sword Emperor of Remnant Sword!”
