

Dragon Husband 1706 PART 1

Chapter 1706 The Great Demon King of Wind and Snow

"Fengxue, don't be impulsive!" He Tiantian's temper suddenly came up.

She felt so bad for Feng Xue, how could she be willing to be hurt again by Feng Xue!

Feng Xue almost died tragically because of the Medicine Knife family.

Now we can't let Feng Xue take risks for everyone again.

Other women surrounded Feng Xue and prevented her from going out.

"Oh, don't worry, I will take good care of myself. I know what to do." Bai Fengxue comforted many sisters in a low voice.

Wiliam on the side heard a black line.

Proportion?

Do you know what size is?

I almost knocked my husband to death, is that a measure of measure?

And with your hosting model, once hosting is ineffective, it won't stop if you don't have any blood.

"Fengxue, take it easy, don't be impulsive." Even Wiliam joined the persuasion team.

He was really afraid that Feng Xue would kill people on other people's territory.

"Look Fengxue, Wiliam has come to persuade you, you still think about it, don't be impulsive, you are still young, and you still have a lot of good time." He Tiantian said worriedly.

Wiliam on the side with a black question mark?

Is this complimenting me or hurting me?

What does it mean to have no conscience?

"Okay, don't worry, let me play, if you lose, you will lose. If you lose, you can go to other places to live, or let Wiliam support us, what are you afraid of? Just let me play, you are like this There are many people here, are you still afraid that my life is in danger?" Bai Fengxue seemed to have made up his mind.

And when she said that, other women were less nervous.

Also, where is the big world not home?

As long as all the sisters are together, they are home wherever they go, regardless of this red and thin high-rise building.

And with so many people, protecting the wind and snow is more than enough.

"Okay, then you pay attention." He Tiantian finally said helplessly.

"Have you discussed it?" Sun Qing'er, who was already waiting outside, sneered.

"Okay, here we come." Bai Fengxue immediately responded loudly, pushing aside the crowd and walking outside.

However, when walking to Wiliam's side, Feng Xue whispered in Wiliam's ear: "You can pull it later if the situation is not right."

Sun Qinger's ears are really smart, and she immediately sneered: "What? So soon I started thinking about the way back and let someone rescue you?"

Wiliam rubbed Feng Xue's head, and then said to Sun Qing'er, "Deputy Sect Master Sun, you are wrong. Feng Xue meant to pull a little, not for me to pull you, but for me to pull her at that time. , don't let her beat you to death."

Everyone at the scene was stunned.

As if hearing hallucinations.

What is Wiliam talking about?

Pull Fengxuedian, don't let Fengxue beat Sun Qinger to death?

Good guy, Wiliamkuang, it's okay to be mad at himself.

Now he's mad for his wife.

This is too outrageous, right?

He Tiantian was so angry that he stepped on Wiliam's foot and said angrily, "You can shut up your stinky mouth! Feng Xue really took eight lifetimes of blood and mold to find you."

William was trampled for no reason, with a look of grievance.

Why is it that no one believes the truth?

Hey, forget it, see for yourself later.

Dragon Husband 1706 PART 2

Just don't watch your legs kneel down and the tears will fall.

"Blizzard, pay attention to safety." When Fengxue stood five meters away from Sun Qing'er, He Tiantian and others began to mention Fengxue.

And Sun Qing'er was even more mad in her heart.

This kid, how dare you humiliate me?

Look, I don't beat your fairy wife to sH*T today!

"Back off! Bai Fengxue, as long as you can let me suffer a little internal injury today, even if I lose!" Sun Qing'er's eyes suddenly became sharp.

A circular field with a radius of 20 meters was pulled out immediately.

Bai Fengxue was repeating seriously, "Does it count as a win if you suffer a little internal injury? A little internal injury, a little internal injury."

She just chanted so eloquently, as if to imprint this sentence in her soul.

William was about to cry with laughter.

This silly girl.

I know that I can't interfere with anything when I enter the hosting mode, so I want to remember this, so I can keep it later?

As expected of my kind little white rabbit wife.

"Are you ready?" Sun Qing'er, who was standing opposite Fengxue, said to Bai Fengxue.

At this time, she already felt that the overall situation was settled.

She just wanted to win to look better and last longer.

Why would you want to get rid of her all of a sudden?

Must have fun.

Well, just keep playing until Su Hongxiu or someone from the other party rushes in to stop it.

Sun Qing'er secretly set this small goal in her heart.

On the opposite side, Bai Fengxue really followed Sun Qing'er's words and said, "Not yet, wait for me."

cut!

Sun Qing'er was about to laugh madly in her heart.

Really give face.

At this time, her eyes narrowed.

I don't know when, Bai Fengxue's hand has a small delicate branch.

I don't know where it came from.

The branches were also covered with shards of ice.

There are still peach blossoms on the branches?

What is this weird thing?

He Tiantian and the others also looked at Bai Fengxue with surprise.

Is this turning into magic?

If Feng Xue had martial arts strength before, everyone might not be surprised.

After all, many of them have learned to serve themselves.

But Bai Fengxue was completely lost in martial arts.

Where did the weird branches come from?

He Tiantian couldn't help looking at Wiliam.

But seeing Wiliam's worried face, he was not sure for a while whether Wiliam knew about the situation.

Wiliam is really worried.

Here it comes, here comes the familiar picture.

This brain-breaking artifact came out.

Will Sun Qinger be far from cerebral hemorrhage?

"Hmph, bells and whistles." Sun Qing'er didn't have the slightest intuition to show her weapon, but just sneered on the opposite side.

"Are you ready now?" She didn't think that an extra branch in this stupid woman's hand would greatly increase her fighting power.

Bai Fengxue waved his hand and said, "It's not yet, just wait a little longer, it will be fine soon."

William felt nervous and amused at the same time.

The current enemy, this will give you time to open BUFF!

Fengxue, be yourself.

At this time, everyone suddenly saw Feng Xue's left hand and pointed it to the center of their eyebrows.

Then—

Between Feng Xue's eyebrows, a azure blue light suddenly bloomed.

This ray of light instantly surrounded Feng Xue's body, and even the overflowing brilliance illuminated everyone's eyes to the point of pain.

Bai Fengxue's body was changing at a speed visible to the naked eye.

Her long, jet-black hair turned into a crystal clear ice blue after a while.

And her two eyes have completely turned into ice blue, and she can't even see the white in her eyes.

His eyes were icy blue, fierce and cold, and he was dazed and sluggish.

With long azure blue hair, azure blue eyes, and Feng Xue's white dress, she instantly transformed into an ice queen, so beautiful that she was aloof and indescribable.

Crazy madness hosting mode, open!
