

Dragon Husband 1716 Part 1

Chapter 1716 Like a duck in water

"Chunfeng, are you awake?" Bai Fengxue rushed over and gently hugged Chunfeng.

Chunfeng's complexion was much better than before.

She slowly opened her eyes and saw Feng Xue and Wiliam in front of her.

She nodded flatly, "Yeah."

From the tone of voice, it was impossible to tell whether she was feeling lost or sad at the moment.

"You'll be fine. You were covered in blood just now, scaring me to death." Bai Fengxue's expression gradually softened.

"It's alright, I'm fine." Li Chunfeng squeezed Feng Xue's arm lightly, expressing no need to worry.

"Well, nothing is the best, Chunfeng, it seems that you and Han Xingwangqing have nothing to do with each other after all. I miscalculated the situation before, and I have a great responsibility for your injury. I'm sorry." Wiliam also sincerely said to him. Chunfeng apologizes.

However, Li Chunfeng shook his head and said nothing.

The three slowly walked out of the inner hall and returned to the previous hall.

While Du Zhaixing and others were still in the hall, they seemed to be waiting for the three of them to come out.

Wiliam cupped his hands towards Du Zhaixing and said, "Sect Master Du, I have a lot of troubles today, and I would like to thank you for your generosity and help. I will do my best to help Wiliam in the future."

"Let's say goodbye now." Wiliam said, and was about to go outside with Feng Xue and Chun Feng.

But what was surprising was that Chunfeng didn't catch up with Wiliam.

"Spring breeze?" Wiliam asked softly, frowning.

"I think, I'll stay here. Although I can't do that, I still like the environment here. It makes me feel very natural." Li Chunfeng said suddenly.

William has a black line.

What is this!

It's hard to believe that it's really the king and the mung bean, and the eyes are on each other.

The environment here is very embarrassing for William.

But to these people who are in a cold mood, it seems like a duck to water, and naturally they don't want it.

William still had a strange idea in his heart, he motioned to Du Zhaixing to take a step to speak.

Du Zhaixing walked aside with him, and William asked in a low voice, "Why does Chunfeng stay? Does she still not give up and wants to continue to try to inherit the emperor's heart?"

William raised this question for a complete reason.

He knows Chunfeng's character too well.

Even though she was a very gentle and considerate woman before, even now she is a cold and ruthless woman.

But the things in the bones, the spring breeze will not change.

That is what she believes, and if she is killed, she will not look back.

If Chunfeng is determined to inherit the emperor's heart, then it is entirely possible for her to do everything possible to achieve it.

But this is very dangerous for Chunfeng, and may even die.

William was very worried.

However, Du Zhaixing shook his head and said softly: "Impossible, as long as someone is judged to be unqualified to inherit the emperor's heart, no matter how hard he tries, it will be of no use. Don't worry about that. Besides, Chunfeng is estimated to be I really like the environment here, after all, her personality fits well here."

William looked at Du Zhaixing strangely, then turned back to see the cold spring breeze.

In the end, Wiliam walked up to Chunfeng and asked seriously, "Chunfeng, are you serious?"

Chunfeng also looked at Wiliam seriously, and said lightly: "Well, seriously. I thought before that, although the people in the sect in the red and thin high-rise building are good, it is always too strong for me, and I am a little uncomfortable. It's fine here. I can be very quiet."

After thinking about it so carefully, Wiliam somehow felt that it made some sense.

A group of coquettish bitches headed by Su Hongxiu in the red and thin high-rise buildings are like blossoming peonies.

And the spring breeze is like a cold plum blossoming on the edge of a cliff.

The two are incompatible.

Rather than forcing the spring breeze to live in that environment, it is better to make her feel more comfortable here.

"Okay, since the sect master agrees, you can live here for a while and feel it. But you have to promise me one thing." Wiliam said to Chunfeng seriously.

"What's the matter?" Chunfeng looked calm.

"Just don't try to inherit the emperor's heart at will." Wiliam was still worried.

"I promise you, from now on, there will be no more inheritance of the emperor's heart." Chunfeng agreed to Wiliam's request very quickly, which surprised Wiliam.

But since it was Chunfeng's decision, Wiliam could only respect it.

"Sect Master Du, Chunfeng likes it here, can you let her stay here for a while to see?" Wiliam asked Du Zhaixing for instructions.

"Of course. She has the same bloodline as ours. She should have stayed here. It will be more beneficial to her future development. We will also take care of it and cultivate it. You can rest assured." Du Zhaixing also agreed naturally. down.

"Thank you, then I'll see you later." Wiliam looked at Chunfeng.

"Well, let's go." Chunfeng nodded.

William and Feng Xue had no choice but to leave Han Xing Wang Qing.

"William, are you saying that Chunfeng really wants to stay here? I'm not familiar with the place, I'm afraid she will be bullied and wronged." Feng Xue still thinks about Chunfeng everywhere.

As a woman, she actually thinks more than William.

She was wondering if the spring breeze was because of her own reasons...

After all, Chunfeng once liked William, and now he is avoiding himself...

It made her feel a little guilty.

"Don't worry, Chunfeng has always been a very rational person, she has her reasons for doing things. And I will always inquire about the information here, even if they look at my face, they will not do anything to Chunfeng." William was still very confident in his own face.

"That's good, where shall we go next?" Feng Xue asked again.

William thought for a while, and said, "The group of women has settled down, and Chunfeng has found a home. The rest are naturally my group of brothers. They want to stand here, no better than those women. They have to find a good place for them to sharpen themselves."

When picking up his brothers, William had already thought about the way back.

He wanted to throw the brethren in the hardest places and let them grow up as fast as possible.

In this world, any trace of weakness can have extremely dire consequences.

And where is the most difficult place, William already knows in his heart.

He was about to speak to Feng Xue when suddenly his eyes lit up and he laughed directly.

"You said it was a coincidence, just thinking of someone, someone came to the door by himself."

"Hi!" William shouted towards the front.

In front, a straight man turned his face, saw William, and walked towards William.

Armor all the way, jingling.

But it was Lanshan Zhige's jade-faced Shura Qin Shengzhong.
