

Dragon Husband 1724 Part 1

Chapter 1724 The passion of the reckless man

Seeing Qin Nuoshi's perfunctory surrender, Su Qingshan's lungs were about to explode!

He wanted to threaten Lanshan Zhige!

I never thought that this damned sect would turn out to be such a white-eyed wolf!

When he was on his forefoot, he was surrounded by one by one, eager to hold him in his palm!

Now, one by one is like a big tail wolf, turning a blind eye to him!

He even wished he left early, so as not to affect the respectful atmosphere at the scene.

Where is Su Qingshan willing to go!

He was slapped by Qin Zhanxiong just now, and the divine power in the Sifang Seal was almost exhausted!

Is this account going to go to Lanshan Zhige's head!

Also, he is the genius doctor that Qin Nuoshi invited over to the cottage.

Do you have to pay for the walking fee?

However, none of the people watching the scene really cared about him anymore, so Su Qingshan had to give himself a step down.

He snorted coldly, "Hmph, let me go without a word? I'll stay and see, what kind of ability this kid has!"

In fact, he was also very interested in Wiliam.

Although I still sneer at this kid.

He intends to find an opportunity to completely expose the true face of this boy's ignorance, and then let everyone's eyes return to him.

Everyone looked at Wiliam as if they were looking at a monkey.

It made Wiliam look a little embarrassed.

He coughed dryly and said, "I'm sorry, I took the liberty to disturb me. There was no notification before, so I have no manners."

Qin Shengzhong dismantled Wiliam's platform again, "What! What is it to dare to disturb, you came here this time, but you have imported more than 100 elite soldiers for our Lanshan Zhige! This is equivalent to sending charcoal in the snow! You are ours Living benefactor!"

In a word, it made waves again.

When Lanshan Zhige needed people the most, Wiliam sent hundreds of people all at once!

This news shocked the people at the scene again.

Is this the monkey sent by God to save Arashiyama Zhige?

At this moment, even Wiliam had a strange feeling.

Qin Sheng is serious about this, as long as it doesn't demolish my platform, it's cool to demolish someone else's.

"Engong Lu, hurry up, please take your seat!" Someone immediately brought a chair and asked Wiliam to sit down, so as not to get too tired.

With a black line on his head, Wiliam said lightly, "Don't call me Engong Lu, what I do is just a little effort."

The crowd was instantly in awe!

pattern!

This is the pattern of Engong!

Such a matter of giving charcoal in the snow is actually just a small effort!

It's so arrogant!

A group of people immediately gathered around and said all their kind words and polite words.

Wiliam was a little uncomfortable with this kind of scene, so he quickly got out and signaled Qin Sheng to come out again to sort out the situation.

Qin Shengzhong still couldn't understand Wiliam's expression, he thought Wiliam was telling him that it wasn't enough, continue, E?ON!

So Qin Shengzhong said affectionately: "Everyone, listen to me! We will never forget Wiliam's kindness to us Lanshan Zhige! If we Lanshan Zhige rise one day, then the starting point will be Wiliam, today. I propose that we all offer a toast to Wiliam!"

Wiliam almost fell off the chair he just sat down on!

This ride!

Eternal shit stick!

Drink your grandma a drink!

You guys, don't you want to order anything other than drinking?

"I can't! I can't!" Wiliam quickly waved his hand and firmly refused.

The mouth says it can't be done, but the heart is screaming wildly, can't drink!
Can't drink!

Seeing that Wiliam's attitude was so resolute, everyone finally restrained the alcohol addiction and enthusiasm aroused by Qin Shengzhong.

Qin Shengzhong sighed helplessly, and said, "Wiliam is right, business matters, not when drinking. Then I propose that we all kowtow to Wiliam three times together! To show our respect!"

In Qin Shengzhong's heart, the first choice for expressing gratitude is to toast, and the second choice is to kneel and kowtow.

Guys have gold under their knees.

Wiliam was embarrassed.

He even felt self-defeating.

Because the eyes of the people at the scene are so hot.

It seems to be saying that if you don't drink alcohol, it's fine, this head must be knocked.

That's it.

That's it, let them go.

William just wanted to quickly end the party.

He couldn't help comparing the people from Lanshan Zhige with the people from the red, thin and tall buildings.

It turned out that if I had to choose one of the two places, I would rather choose to deal with women in red, thin and tall buildings.

These guys are really scary.

One Qin Shengzhong was too heavy for William, but now there are dozens, or even hundreds of Qin Shengzhong in the entire sect.

Where can you resist the enthusiasm of the reckless man!

Under the leadership of Qin Shengzhong, everyone knelt down in unison.

The sense of ceremony suddenly filled up.

William looked at the person kneeling in front of him, not to mention the bad taste in his heart.

No matter how you look at it, this group of people feels like they are going to the grave.

Just about to have a suona next to it, a group of people cried out.

However, there are also a few who do not kneel.

The angry horse and the God of Wealth had already hid in a long distance.

At the scene, there was only one person left, standing there upright, a little overwhelmed.

This person is naturally Su Qingshan.

Su Qingshan couldn't keep up with the brain circuits of these reckless men.

Why was he still standing just now, and all of a sudden he knelt down.

Not to mention, this group of people has a kind of military temperament in them, and their kneeling movements are very neat, obviously very imposing.

Only Su Qingshan was standing alone. At this moment, Su Qingshan felt out of place.

Now, he is neither going nor staying, the whole person seems to be abandoned by the world.

Why don't we kneel down too?

As soon as such an idea was born, he was immediately smashed to pieces by himself.

What a shame!

What a shame!

kneel down!

These people are sick!

Fortunately, the embarrassment didn't last long.

A group of people knelt down and kowtowed three times neatly.

I can't wait to knock out the feeling of shaking the ground.

Then they all stood up in unison.

Su Qingshan breathed a sigh of relief.

This world adopted him again.

"Okay, okay, let's get down to business, Wiliam, just say, can you help my father treat what you just said, the heart disease?" Qin Shengzhong, a straight man, was immediately released from the sacred atmosphere. When he came out, he solemnly asked Wiliamdao.

For the first time in his life, Wiliam felt that he couldn't wait to save someone.

He immediately said: "That's natural, I just said it, I probably know what's wrong."

"How to treat it?" Qin Shengzhong asked quickly.

Wiliam looked around, seeing the eagerness in everyone's eyes, the whole room seemed to be filled with respect.

He wanted to rush out quickly.

So Wiliam said, "Take your father out, let's find an ancient beast battlefield. You'll know after a try."
