

East Palace 291

Chapter 291: The Royal Princess of the Torch Dragon Clan

Otherwise. Huo Tingyun would have sent her over to the Heavenly Human

World last time. Other than listening to music and watching a show, he did not even take a second look at her.

“Three each?”

Li Daoran was not a pedantic person. If he was, he would not be sitting here. Although he had a high position and was a Grand Scholar, he did not mind eating. It was just that he knew his limits very well. Since Ding Yi had said so, wouldn't he be disrespecting him if he rejected? Moreover, he was about to be released. Once he became enemies with Ding Yi, his relationship with Zhang Ronghua would also be affected. It was not worth it!

Then again, why should he reject such a good thing? He was just a little older, but it was not impossible!

“You arrange it.”

“Alright! It's settled then.”

Looking at Xiao Yue Niang, Ding Yi ordered, “Send them over.”

Xiao Yue's mother responded to Ding Yi's voice and was about to turn around and take them away. After sending them into the room, Ding Yi's voice sounded again: “You stay!”

He panicked.

Among the three people in front of him, only Zhang Ronghua had no one to accompany him. He asked him to stay, so he wouldn't accompany him, right?

At the thought of this, she panicked and did not dare to show it on her face.

He could reject other people's words, but not Ding Yi's! She understood this.

Looking at Zhang Ronghua, he saw that he was young, handsome, and had the temperament of a superior. He had a strong official prestige and was obviously not an ordinary person. He comforted himself that accompanying such a person did not seem to be a loss. It was even a little suspicious of an old cow eating young grass.

"I heard that you have a Dragon Princess here?" Ding Yi said."

Xiao Yue's mother's heart was shaken, and her beautiful eyes were about to pop out. This matter was sealed very strictly. Not many people knew about this matter, so how did he know?

Could it be that Ding Yi wanted the Dragon Princess to accompany Zhang Ronghua? This was highly possible.

However, the Dragon Clan's Princess was of great importance. The higher-ups had other arrangements. If he handed her over, they would not be able to do anything to Ding Yi, but it would be very easy for them to deal with him.

Ding Yi wasn't someone she could offend, so she was in a dilemma.

Ding Yi was furious, and his face darkened. "Do you want me to say it a second time?"

This time, he called himself this young master, and the huge aura of a young master from an aristocratic family erupted. A huge pressure came over. It was clearly invisible and untouchable, but it gave her a huge pressure.

His knees went soft. Plop! Kneeling on the ground, he decided to tell the truth with a bitter face, ""Young Master Ding, don't make things difficult for me. The lord above the Dragon Princess has other arrangements. If anything happens, I won't be able to report to the higher-ups

"Tell them to come to me! This young master wants to see who dares to make this young master unhappy!"

With a change of topic, Ding Yi scolded with a cold face, "Hurry up and go!"

Xiao Yue's mother did not dare to delay. She hurriedly stood up from the ground and left in a hurry before closing the door.

"What happened?" asked Zhang Ronghua."

"Brother, I'm not going too far! Grandpa spent a lot of money to get a heaven-defying spirit medicine to cure my body. He was happy and wanted to celebrate. If he wanted to play, he could play. Otherwise, he wouldn't play at all! You're my brother. In my heart, other than Grandpa, you're the most important! "Although the women of the foreign tribes are beautiful, they are not worthy of you. Even if you don't play and just listen to music and dance, they are not qualified. If they don't have it, then forget it. However, I received news yesterday that the Education Bureau has hidden a dragon princess. It is said that she is the descendant of the dragon dragon of the true dragon clan. She has the royal bloodline and is extremely beautiful. She is as beautiful as the moon and flowers!"

He was a little thirsty after talking too much. He took a sip of his First Grade Drunk and continued.

"Only a woman like this is worthy of you! Tonight, no matter who is in the way, even if it is a prince, we must fight to the end. Even if it is to the Emperor, I will still occupy you."

"What's the reason?" asked Zhang Ronghua."

"I am Ding Yi, I like women!"

"..!"Zhang Ronghua was speechless.

However, she could understand his feelings. She treated him sincerely and spent a lot of effort to help him recover. She wanted to repay him with the best things.

Li Daoran did not understand what he had said just now, but he understood.

Just as he was about to speak, Ding Yi seemed to have guessed what he wanted to say and said sincerely, "Brother, listen to me this once!"

What else could Zhang Ronghua say? He could only wait quietly.

If it was really as he said, and this dragon princess had the bloodline of the Candle Dragon royal family, he might be able to obtain a drop of his natal heart blood from her.

This time, the delay was relatively long. Xiao Yue's mother reported the news to the higher authorities and sent it back and forth. When it was sent back, almost two hours had passed. She was also shocked when she received the accurate order. She did not expect that the higher-ups would spend so much effort to capture the princess of the Dragon Clan and hand her over to Ding Yi just like that.

She felt a lingering fear in her heart. Fortunately, she did not offend him just now. Otherwise, she would be the one in trouble.

He hurriedly ordered people to take the Dragon Princess to bathe. He used the milk of the Heavenly Fragrant Cow and sprinkled fresh flower petals on it. After the former bathed, there would be a milky fragrance on her body, making people's desire even greater.

After everything was done, they did not dare to carry her in. Two servant girls supported her and covered her face with a red veil. They then made her wear a red dress and draped a red muslin over her arms, not allowing her skin to be exposed.

Thump! Thump!

There was a knock on the door, and Xiao Yue's mother's voice came from outside,""Young Master Ding, may I come in?"

"Come in!"

He pushed open the door and walked in. After they entered, he closed the door..

Chapter 292: The Royal Princess of the Candle Dragon Clan

After bringing her to Zhang Ronghua, Xiao Yueniang waved her hand and the servant girl bowed and retreated. She respectfully said, "I've already brought him here. Eunuch Wei asked me to pass a message to you."

She tactfully retreated and closed the door.

Zhang Ronghua had guessed that this matter had probably alarmed Emperor

Xia. The royal bloodline of the Candle Dragon clan was of great importance,

and it was even secretly imprisoned in the Education Bureau. It was likely that it would be of great use. He did not expect Ding Yi to intercept it.

This matter had something to do with him. If he didn't have the Supreme Nirvana Life-Giving Technique, even if Ding Yi were to cut him off, the higher-ups might not have agreed to it. From the looks of it, he had a very important place in Emperor Xia's heart!

He could think of it, and so could Ding Yi. However, his guess was not as comprehensive as his. Regardless, the matter had already been completed.

He stood up from his chair and smiled."Brother, we won't disturb you anymore."

Li Daoran was also very tactful. Tonight's incident had a huge impact on him.

He did not expect Ding Yi to be so powerful that he had alarmed Eunuch Wei. He could not offend such a person no matter what. He smiled and said, "I can finally eat meat."

Ding Yi mumbled as he took out a jade bottle from his storage pouch and passed it over. He then whispered into his ear.

Zhang Ronghua's hearing was very good, so he heard it very clearly. He said that this was not a serious medicine. There were no side effects after taking it, and it could liven things up!

The two of them left with their arms around each other's shoulders. They closed the door from the outside and ordered that no one was allowed to disturb them.

In the room.

"Remove the red veil," Zhang Ronghua said."

The Dragon Princess hesitated. If it was before she was captured, she would definitely not agree. However, after being locked up for such a long time, her wild nature had been tamed, and all her temper had been smoothed out. She did not dare to be rash at all.

She stretched out her trembling hand and raised it with difficulty. Bit by bit, she approached the red veil. Her heart rose to her throat, and she regretted her actions. If she hadn't come out of her house, she wouldn't have been caught by them, and she wouldn't have been sent to the Education Bureau. From the moment she entered the Education Bureau, she knew that her fate was beyond her control. Her life and death were in the hands of others, including her innocence!

She held the red veil and slowly lifted it, revealing a beautiful face.

Zhang Ronghua had seen many beautiful women, including Ji Xueyan, Yang Hongling, Xu Xirou, Su Qiutang, and the Empress. He was very immune to the temptation of beauty. No matter how beautiful she was, she was still a member of the royal family of the Candle Dragon clan. He was not moved by her. He took a casual glance at her and then looked away.

Judging from a considerable perspective, it was indeed as Ding Yi had said. She was like a drowning fish and a falling goose, and she was on the same level as Ning Xue. However, she had the temperament of a royal family. She was born noble and dignified. Overall, she was slightly stronger than Ning Xue.

There was a seal placed by a soul master in her body that sealed her soul, martial arts, and physical body at the same time, turning her into a weak woman.

Unless he broke through or a soul master took action, he would not be able to use even a little of his monstrous cultivation.

“What’s your name?” asked Zhang Ronghua.”

“Zhu Yue!” “Where is the Torch Dragon clan?”

“I don’t know!”

Seeing Zhang Ronghua frown, he explained the simple information about the Torch Dragon Race. The place where the Torch Dragon Race was located was called the Time Sacred Island. It moved randomly and never stayed in one place. It was also protected by a powerful array formation, making it difficult for outsiders to discover it.

“Give me your hand.

He checked her pulse and transferred a bit of Black Yellow Genuine Vitality into her body to check. Her natal heart blood was still there, and her bloodline was very pure. She had the royal bloodline of the Candle Dragon Clan. Although her cultivation was a little bad, it did not affect her cultivation of the True Spirit Treasure Technique. She could still obtain one of the innate magical powers of the Candle Dragon Clan after transforming into the Candle Dragon. As for her physical body, his physical body was very strong, which was just enough to make up for it.

He retracted his palm.

“Give me a drop of your blood!” Zhang Ronghua ordered.”

Zhu Yue panicked, and her delicate body subconsciously trembled. Her beautiful eyes were filled with fear. She opened her mouth to say something, but when she thought of her current situation, she shut her mouth again.

“You don’t agree?”

“This, this servant wouldn’t dare!”

Jade pointed at her body and her red lips parted slightly.”This servant’s cultivation is sealed, so I can’t extract my blood.”

Zhang Ronghua stood up from his chair and ordered,””Relax, I’ll take it myself! ”

‘Yes, sir!’

He obediently let go of his mind and closed his eyes. He did not dare to look, afraid that he would not be able to withstand the fear.

Zhang Ronghua stretched out his palm and placed it on her head. His Xuanhuang True Essence erupted, and tens of thousands of golden lights rushed out from his palm, enveloping her entire body. They entered her body and extracted her Torch Dragon Life Heart Blood.

“Yin!”

A golden light appeared and rushed out of his body. This was the bloodline that had appeared when it was in danger. It condensed into a five-clawed candle dragon. It was bright yellow and had long fangs. It wanted to resist the suction force.

‘You overestimate yourself!’

With a tap of his finger, a golden light struck the Torch Dragon’s phantom, forcefully scattering it and extracting a drop of her natal heart blood.

Zhu Yue’s exquisite face twisted in pain as she screamed in pain for an unknown period of time.

Zhang Ronghua stopped and looked at the drop of blood in his palm. It was golden in color and contained the majestic Torch Dragon bloodline. It was as big as a baby’s fist and there was a miniature Torch Dragon swimming inside..

Chapter 293: The Princess of the Imperial Family of the Torch Dragon Clan

He nodded his head in satisfaction and took out a large jade bottle. He put it inside and stuck a talisman on it to prevent the bloodline power from flowing out. Then, he put it into the Five Dragons Spirit Controlling Belt.

He looked at her again. As a drop of her original heart blood was extracted, she had already fallen to the ground. Her face was pale, like a piece of white paper, without a single trace of blood.

As long as he took some timely nourishment, spirit herbs, and pills to restore vitality, his foundation would not be affected.

After pondering for a moment, he made a decision.

He looked outside and said in a deep voice, “Come in!”

The door was pushed open and Xiao Yue’s mother walked in uneasily. She had heard Zhu Yue’s scream and thought that she had been tortured. She stole a glance and saw that Zhu Yue had fallen to the

ground. Her clothes were intact and she had not been tortured. Her anxious heart relaxed, but she was even more puzzled. She had not been tortured, so why was she screaming so miserably?

After closing the door, he carefully walked to Zhang Ronghua and stopped. This time, he didn't dare to call him Young Master Zhang, but instead addressed him respectfully, "If there's anything, please instruct me!"

"I extracted a drop of her blood from her heart, and her vitality was greatly damaged. Take her down to consume some spiritual items to recover her vitality."

"Yes, sir!"

Xiao Yue's mother hurriedly ordered people to take her away.

"Tell Ding Yi and the others that I'm going back first."

"I will definitely pass the message!"

He left the room, went downstairs, and walked out.

There were some things that were already decided without the need to speak. Since Eunuch Wei had ordered her to bring Zhu Yue here and let him deal with her, after tonight, she would only be worshipped by the Education Bureau until he lost his power. Otherwise, no one would dare to have any designs on her.

At the same time.

The news was also sent to Wei Shang at once. Otherwise, Taichang Temple alone would not dare to make a decision. It involved Zhu Yue and was of great importance.

When she learned that Zhang Ronghua had taken a drop of her natal heart blood, she was slightly stunned. It was understandable for a young man to be hot-blooded, but it was commendable that he had such strong self-control and could still maintain his original heart in the face of beauty.

He also knew that he had obtained the True Spirit Treasure Technique from the imperial palace's arsenal. In this case, it made sense.

He gave the order to not disturb Zhu Yue and to recover her vitality according to Zhang Ronghua's instructions.

He entered the Nourishment Palace and reported this matter to Emperor Xia.

After listening.

The Xia Emperor smiled meaningfully."

Back home.

When they arrived at the bedroom, they didn't rush in. They walked to the room next door and stopped outside the window. They looked at the purple cat who was cultivating hard on the bed.

Therefore, it cultivated very hard.

Smiling in satisfaction, he entered the bedroom, closed the door, and sat on the bed.

He took out a large jade bottle, cut off the Spirit Sealing Talisman, and put it into the Five Dragons Spirit Controlling Belt. He circulated the Black Yellow

Heaven Opening Art and did not rush to refine it. He used the Black Yellow True Essence to purify it.

Although this was Zhu Yue's natal blood, which had a high purity, who wouldn't want better?

An hour later.

The original heart blood had been purified and shrunk by half. It was only the size of half a baby's fist, but the Torch Dragon bloodline contained in it was even more majestic. The aura emitted from it when it pulsated was palpitating.

He opened his mouth and swallowed it.

As soon as the heart blood entered his stomach, a huge dragon roar sounded. It transformed into a Torch Dragon phantom and struggled in his body, trying to break free.

Zhang Ronghua's expression remained unchanged. He formed a seal with his hands and circulated the True Spirit Treasure Technique to refine it. After a large circulation, the drop of heart blood immediately became obedient and fused with his body according to the method recorded in the secret technique.

Two hours later.

Zhu Yue's original heart blood had completely fused, and she had awakened the supreme innate divine ability of the Torch Dragon clan, the True Word Lock Spell!

Among the many innate divine abilities of the Torch Dragon Clan, they were terrifying existences that could be ranked in the top three. Even in the Torch Dragon Clan, according to the records of their clan, only two people had comprehended them in the long period of time since their existence, and both of them were the giants of an era.

Currently, no one in the Torch Dragon Clan, including the clan leader, Grand Elder, and the others, had comprehended this abnormal heaven-defying divine power!

If they knew that Zhang Ronghua only had a one in ten thousand chance of comprehending their race's supreme innate ability with the help of the True Spirit Treasure Technique, they would definitely go crazy and snatch him away at all costs to force him to learn the method of comprehension.

It could only be said that Zhang Ronghua's talent was too heaven-defying. The stronger his talent, the stronger the divine power he comprehended. It formed a direct ratio!

The Mantra Mind Control Technique involved time. It could control the sky, the earth, and the gods. In front of it, there was nothing that couldn't be controlled, and nothing could escape its mantra. If one cultivated to the sixth realm, one might be able to peek into the mysteries of time if one had enough luck.

"It's alright."

He jumped down from the bed, opened the door, and walked out. He stood in the backyard and scanned the surroundings with his majestic soul power. There was not a single spy around. If there was, he wouldn't mind sending them on their way.

He retracted his soul power. The night was quiet, and it was perfect for cultivating divine arts.

He twisted his hands and circulated the Torch Dragon Bloodline in his body according to the transformation technique of the True Spirit Treasure Technique. Golden light flashed, but it was limited to the surface of his body and did not rush out. It did not create a huge phenomenon. It turned into a ten-foot-tall Torch Dragon with five claws. Dragon scales covered his body and were bright yellow. The four claws contained terrifying power. His body was strong and emitted a huge dragon might. He tried to feel it and understood in his heart that his strength would double if he turned into a Torch Dragon

"Meow!"

Sensing the dragon's might, the purple cat instinctively sensed danger. Its fur stood on end and it rushed into the sky. It was extremely tense and did not dare to go through the main door. It jumped out of the window and rushed towards Zhang Ronghua's room, ready to call for help.

To their truesouls, all races were natural enemies!

After capturing the other party and eating them, there was nothing faster than using the true spirit bloodline to increase one's cultivation.

He peeked out of the corner of his eye and saw a candle dragon by the man-made lake. It had a pair of dragon eyes and was staring at him like a tiger. It was so scared that it almost peed its pants and ran even faster.

“Freeze!”

Zhang Ronghua made a move and used the Power of Mind Spell. There seemed to be an invisible force of time that formed a word. It was invisible to the naked eye and could not be detected. It suppressed the purple cat and fixed it in place.

Purple Cat maintained its forward charging posture and jumped up from the ground with its four short legs. Its upper body leaned forward and its cat eyes were filled with fear.

He raised his dragon claw and grabbed at the air. A terrifying suction force came and caught the purple cat in his claw.

“Meow!” Purple Cat begged.

He was also saying, “Brother Long, don’t eat the cat. The cat is still young. This two taels of meat won’t fill your stomach. ”

Zhang Ronghua was amused by it. He didn’t expect it to have such a funny scene.

He stopped teasing it and put away the True Spirit Treasure Technique, changing back to his original appearance.

Looking at Zhang Ronghua who had turned into a human from a real dragon, Purple Cat realized that its intelligence was not enough. It looked at him suspiciously and shouted, “Meow!”

Who are you?

Bang!

Zhang Ronghua waved his hand and knocked on its head. He said in a bad mood, "Who do you think I am?"

The familiar voice and words confirmed that this was his master!

"Meow!"

He called out to Yi Sheng and asked what was going on.

"A secret technique. Look at how scared you are."

The purple cat thought that it was going to be finished and become the food of the true dragon..

Chapter 294: Opening of the Business (Probably Got Hit)_I

The dark night gradually disappeared, and the rising sun rose, dispelling the darkness. It reflected the scene of black and white, and the warm sunlight shone down diagonally.

A night had passed since he started cultivating.

Looking at the rising sun in the sky, Zhang Ronghua thought of the legend of the Torch Dragon. When he opened his eyes, it was daytime, and when he closed his eyes, it was darkness. Combined with the first change of the True Spirit Treasure Technique, the Torch Dragon Transformation, he would probably have to cultivate the Mantra Stop Spell to the sixth state of the technique, Near-Dao, and peek into the mysteries of time. Only then could he achieve daytime with his eyes open and darkness with his eyes closed.

Yiya!

The door at the side opened, and Uncle Shi walked out. Seeing a man and a cat standing by the artificial lake, he closed the door and walked over. "You didn't sleep all night?"

"Yes." Zhang Ronghua replied.

"You still have to go on duty later. Take advantage of the fact that there's still some time to take a rest. When this old servant comes back after buying breakfast, I'll call you."

Zhang Ronghua shook his head. He and Pei Caicai had applied for leave yesterday. Today, there was a bun shop opening. He wanted to step on the threshold and didn't inform anyone. The main reason was that the shop was too small. It was just one shop. He couldn't bring himself to let others step on the threshold.

"I'm taking leave today. I'll go to a bun shop and step on the threshold later."

"This old servant will go buy breakfast."

After Uncle Shi left, Zhang put Purple Cat down and reminded time to cultivate the Mountain River World Suppressing Fist. "Meow!" Purple Cat meowed.

Moreover, the cat was about to master this fist technique.

He stood up from the ground and supported himself with his two short legs. He straightened his upper body and clenched his two small claws together. He circulated his cultivation and cultivated according to the circulation route of the Mountain River World Suppression Fist.

Although it was comical, its power was extraordinary, and it was not far from the initial glimpse of the first realm.

There was no difference between his movements. Coupled with the Phoenix Clan's divine power, Dancing Phoenix Nine Heavens, while taking into account speed, the lethality of the fist technique was also very powerful.

After looking at it for a while, he retracted his gaze.

“Not bad!” Zhang Ronghua praised.”

He mobilized the Righteous Qi and used the Infinite Sword Technique as the foundation to execute the Great Five Elements Heaven-splitting Sword Formation. The Righteous Sword condensed into sword threads and formed a sword formation. As it circulated, it exploded with immense power. It flashed and hundreds of sword lights, each with destructive power.

Three times.

Then, he changed to the Heavenly Trampling Secret Skill. He only stopped after he had used it three times.

Uncle Shi had just returned.

She placed the breakfast in the lobby and called him over to eat.

He washed his face and changed into a black brocade outfit. He entered the lobby and started eating the youtiao with a fashion brand.

After breakfast.

She told him not to cook for her in the afternoon and at night and that he might not come back. She also warned the purple cat to cultivate well and not to leave the house until it had mastered the Black Tortoise Spirit Art. If he found out, she would press him to the ground and beat him!

He left the manor and headed home.

At this time, his parents were still at home and hadn't gone to Youjian Steamed Bun Shop yet. He could give them the half pill and chat with his father.

After a while.

When he arrived at the house on the side of Riches Lane, the guard saw him

and bowed respectfully. "Greetings, Young Master!"

"Yes." Zhang Ronghua nodded.

After entering the residence, he walked towards the backyard.

They arrived at the lobby.

His parents were having breakfast. They ate late, unlike him, who had to go to the palace every day.

Zheng Rou put down her chopsticks and stood up from the chair. She smiled and greeted him with a puzzled expression, "' Today's a day off?" Without waiting for Zhang Ronghua's reply, he shook his head again.

"I just took a break two days ago. The Scholar's Hall is no less busy than the

Eastern Palace, so it's impossible for me to rest so frequently." "There's a bun shop open for business, so I took leave." "The higher-ups won't say anything, right?"

Zhang Ronghua gave his mother a reassuring look. "I'm fine!"

She pulled him to sit on a chair. "Have you eaten?" asked Zheng Rou.

"Yes."

“Have you heard about the matter of wealth?”

“Which one are you referring to?”

Zheng Rou scrutinized him, wanting to see if he was faking it. Seeing that his expression was natural and his eyes were sincere, she couldn't help but be puzzled. “You really don't know?”

“If it's about him and Xiao Mi, I know a little.”

“Not this!” Zheng Rou shook her head. Xiao Mi's grandfather asked for leave to visit his family. He came out of the palace the day before yesterday and wanted to resolve the matter between her and Fugui. He asked someone to pass a message to your uncle and arrange a place to meet him. He was rejected when he sat down and had a good chat.”

“Has Eunuch Xiao left the palace?” Zhang Ronghua frowned.”

There must be something wrong with this abnormal situation!

It was no wonder that he thought too much. The matter between Zheng Fugui and Xiao Mi had been going on for some time. Logically speaking, if he wanted to resolve it, he wouldn't have waited until now. Why didn't he do it before?

For some reason, he felt that there was another factor involved.

It was no wonder that when he had gone to the royal study to meet the Xia Emperor yesterday, he had not seen him, but Eunuch Yang instead. “What's wrong?” Zhang Qin put down his chopsticks and asked.” “I'm fine!”

“What did First Uncle say?” Zhang Ronghua asked again.”

He felt that he had asked a question of nonsense. The heavens and his uncle sat down and chatted. His meaning was already very clear. It was impossible for Xiao Mi to marry into the Zheng family. Even if he said it to the heavens and the earth, he would not let it go.

Zheng Rou sighed and felt a headache coming on. ""It's not like I don't know your uncle's temper!"

Zhang Qin added, "This is a period of contact. Xiao Mi, this girl is quite good. Moreover, nine years old is not too much. In my opinion, as long as she is filial, sensible, and house-keeping, age is really not a problem. ""

"I think so too. If Qinglin were to date a girl nine years older than him, with such a good character, he definitely wouldn't stop her.."

Chapter 295: Opening for Business (Maybe You 've Been Tricked)(2)

".. "Zhang Ronghua was speechless.

As she spoke, why did she suddenly mention herself?

Zheng Rou stood up from her chair. ""You two can chat!"

She left with the servant girl and then got someone to close the door of the hall, not allowing anyone to approach.

Holding the teapot, Zhang Ronghua poured a cup of tea for his father and another for himself. He said, "I'm going to be promoted."

Puchi!

Zhang Qin had just finished drinking the tea when he spat it on the ground. He put down the teacup and looked at him in confusion, wondering if he had heard wrongly. "What did you say? Another promotion? How long has it been since you rose to Rank-5? Wouldn't it be from Rank-4 if he advanced again? You can enter the Imperial Court."

"Although I don't want to admit it, this is the truth! Pei Caihua had already suggested to the Ministry of Personnel Affairs that the appointment would be made after the procedures were completed."

"No! Even if he suggested it and the Ministry of Official Personnel Affairs approved it, you have enough qualifications? Without any qualifications, the people from the Ministry of Official Personnel Affairs had just suggested that the censors could scold them to death!"

At this point, Zhang Qin reacted and asked, "What have you been doing recently?"

Zhang Ronghua briefly explained the handling of the memorial and the confrontation with He Wenxuan. He did not mention anything else. The less he knew, the safer it was.

"Are you alright?"

Zhang Ronghua smiled when he saw his father's worried expression. "I'm fine!"

Zhang Qin didn't say much. He reached out and patted his shoulder twice. All his concern was on the top. He understood the matters of officialdom. From the moment he stepped into it, there was no turning back. He could only walk down the road to the end.

Even if you wanted to turn back, your political enemies would not let you off. When you left, you would have no scruples and would do anything unscrupulous, such as assassinating, poisoning, targeting your family, and so on.

"Compared to you, I've wasted all these years. I've been in the Flood Dragon

Guard for so many years, but I'm not even half as good as you.""

“No matter how powerful I am, I’m still your son, right?”

Zhang Qin was stunned for a moment before smiling. He stroked his beard and nodded in satisfaction.

Zhang Ronghua took out a jade bottle the size of two fingers and placed it in front of him. Inside it was the pill. Facing his puzzled gaze, he explained, “There is half a pill here. It was refined with the Azure Dragon bloodline and eighteen spirit herbs, all of which are around 1,500 years old. The medicinal power is immense. Every night before you go to bed, you and mother will soak it in water and drink the water. Then, you will circulate the Supreme Nirvana Life Technique to refine it until this half pill is completely used up.”

“Yes.” “Yes!” Zhang Qin replied heavily. He didn’t ask where the Azure Dragon Bloodline and spirit herbs came from and kept them.

“Have you informed First Uncle’s family?”

Zhang Qin shook his head. “Their current situation is so chaotic. How can they be in the mood to step on the threshold?” If it’s like last time, Xiao Mi and Eunuch Xiao came uninvited, and we can’t talk about it and quarrel, we’ll become the bad guys.”

Zhang Ronghua nodded. It was just a small shop. It was good that no one had informed them. They would just go and have a meal. Then, this matter would be over.

He stood up from his chair and greeted, “It’s time to go over.”

Zhang Qin put the jade bottle into his Sumeru Pouch and followed him out.

Zheng Rou had already prepared the carriage. When she saw the father and son coming out, she stepped on the small stool and got into the carriage. Zhang Ronghua followed and sat opposite his parents. The butler drove the carriage towards Vermilion Bird Avenue.

At this point.

The three of them alighted from the carriage, and the butler moved the carriage to the side. Before they could enter Youjian Bun Shop, a carriage drove over. The driver was Zheng Fugui, and he had a bitter expression on his face. His eyes were filled with resentment. It seemed that he had suffered a lot.

Zhang Ronghua looked at his father with confusion. Didn't you say that you didn't inform him? Why are they here? Zhang Qin spread out his hands and made an expression that said, "Don't ask, I don't know either."

The carriage stopped.

Zheng Fugui jumped down from the car and put the small stool on the ground. He walked quickly to Zhang Ronghua and said with a hopeful look in his eyes, "Cousin!"

These two short words contained too much information.

Zhang Ronghua understood and asked him to help solve Xiao Mi's problem. He changed the topic. "Did you ask for leave?"

"No!" Zheng Fugui felt even more wronged.

After recounting the matter, the Crown Prince heard from somewhere that Eunuch Xiao had taken leave to visit his family and wanted to resolve his granddaughter's matter, so he gave him leave and ordered him to resolve the matter before returning to work.

Zhang Ronghua patted his shoulder sympathetically.

"Why didn't you call us for the opening of the bun shop?" Zheng Shan pretended to be dissatisfied.

"You guys are so busy, yet you still have the cheek to say it?" Zhang Qin said unhappily.

After chatting for a while, he placed the flower basket on the ground and entered the bun shop. There was only one room. The decoration was of the highest quality. Although it was not luxurious, it was exquisite and grand, combining beauty together.

There was a wall separating the kitchen and the living room. There was a door on the side that was blocked by a thick curtain, so the kitchen inside couldn't be seen. In the living room outside, there were ten tables, five on each side, filling up the space, leaving only a small path for walking.

"After the opening ceremony tomorrow," Zhang Qin said, "half of the tables in the hall will be placed outside. This way, it won't be too crowded." Moreover, there was a bun shop that mainly did business for Qingyun Inn. It provided breakfast for them, and the customers were just passing by."

"Not bad!" Zhang Ronghua nodded.

"The food and wine are ready at the Qingyun Inn. Let's go over first and talk while eating."

The group of people left a bun shop and closed the door. They walked towards the Qingyun Inn. The two sides were not far apart and they reached it in a few steps.

Zheng Fugui and Xiao Mi seemed to have discussed it beforehand. He arrived first, and she arrived right after. A carriage stopped at the entrance of Qingyun Inn, and the curtain was lifted. A servant girl walked out from inside and lifted the curtain again. She placed her left hand on the top of the carriage to prevent her from bumping into it. Finally, it was Eunuch Xiao. He was dressed in a loose green robe, and he had a smile on his face. He was kind and harmonious, making people feel like they were bathing in a spring breeze.

Seeing them.

Zheng Shan and his wife were petrified on the spot. When they regained their senses, their expressions immediately changed. They glared at Zheng Fugui with a dark expression. He must have told them that they were coming over, which was why they were able to force them to meet and talk.

Eunuch Xiao walked in front, and Xiao Mi followed behind. When he came close, he cupped his hands and greeted Zhang Ronghua, "Green Kirin!"

Zhang Ronghua was helpless. He had already greeted them. He couldn't just pretend to be deaf and mute, right?

"Eunuch Xiao!" he said with a smile.'

Seeing that the atmosphere was very tense, First Uncle and the others' expressions were very ugly. They were at the door, and it was not convenient to talk in public. They suggested, "Let's talk inside!"

Although Zheng Shan really wanted to leave and didn't want to talk to them, he had to give face to Zhang Ronghua. Although he was a junior, as his status grew higher and higher, the weight of his words had already surpassed Zhang Qin.

They entered the backyard and stopped in the room behind them.

The food and wine were ready, and they were steaming. Zhang Ronghua called for both parties to sit down. The two sides were clearly separated. First Uncle's family and Xiao Mi sat across the table. Zheng Fugui wanted to sit over, but under Zheng Shan's gaze, he did not dare to have any thoughts.

He looked at them.

Zhang Ronghua was also having a headache. The bun shop had just opened, but no one had informed him. He just wanted to have a meal with his family. He didn't expect it to turn out like this. They were at loggerheads and were like fire and water. If he wasn't here, he suspected that his uncle would have thrown away his anger and left.

At this point, it was rare for both sides to meet, so he let them have a good chat.

"There are no outsiders here. Let's take this opportunity to settle this matter.'""

Zheng Shan's face was cold as he spoke first." There's nothing to talk about. We won't agree to this!""

As he spoke, he pulled Qiuniang to stand up and leave.

Zhang Ronghua pressed him down and signaled him not to be anxious. When he finished speaking and saw him sit down, he continued, "Whether a pair of shoes fits or not, you can only know after you wear them. Although the words are rough, the principle is the same. Wealth is the person involved, and life is his own. As long as they are truly in love, I don't think age is a problem.."

Chapter 296: The Attack of the Panchaos

Zheng Fugui hurriedly continued and nodded like a chick pecking at rice."Cousin is right. Sister Mi and I are truly in love. No matter what is in front of us, we will definitely think of ways to overcome it."

Bang!

Zheng Shan could no longer suppress his anger. He slammed his palm on the table and glared at him coldly. Just as he was about to slap him, he remembered that there were outsiders present and stopped. He flung his sleeves and retracted his palm. He stood up from the chair angrily and said, "Let's go!"

He was about to leave with Qiuniang.

Eunuch Xiao spoke at this moment. The smile on his face remained unchanged. He was kind and benevolent, and his words were very soft."Elders all want their children and grandchildren to be happy, and I am the same. Mi 'er likes wealth, and wealth also likes her. Although she is a little old, this is not a problem. Let alone us eunuchs, even if it was an ordinary family, age would never be a problem. If it was, it was just an excuse."

She calmly met Zheng Shan's angry gaze and looked him in the eye.

"No matter what you say, we will not agree to this marriage!"

He pulled Zheng Fugui's arm, but the latter didn't want to leave. However, he was forcefully pulled. As long as he put in a little effort, he could shake Zheng Shan away, but he didn't dare!

"Zhang Qin, Zheng Rou, Qing Lin, we'll be going back first." Qiu Niang said apologetically. "

Together with Zheng Shan, they pulled him out.

Xiao Mi was anxious. Panic was written on her face. She hurriedly stood up and wanted to rush over to block in front of them and save Zheng Fugui, but she was pulled back by Eunuch Xiao, not letting her go over.

Zhang Ronghua couldn't bear it. Being nine years older was really not a problem. Moreover, they were truly in love. Others could even overcome the problem of human ghosts and snakes, so why would they still be bothered by the problem of age?

When I was young, I didn't know whether a rich woman was right or wrong. I regarded a girl as a treasure. When I was old, I came to tears.

If he had been a little gentler back then, he would have been able to save at least twenty years of hard work, or even a lifetime.

He stepped forward.

He appeared in front of them and blocked Zheng Shan's path. No matter what, this kid had followed him since he was young. He was like a little follower and kept calling him cousin. This was related to his marriage, so he had to help.

"Uncle, can't you give them a chance?"

Facing Zhang Ronghua, no matter how angry Zheng Shan was, he would not vent his anger on him. He forced a smile and said, ""Qinglin, don't try to persuade us. We've already made up our minds." "Are we really not going to give them a chance?"

Zheng Shan shook his head.

“Sigh!” Zhang Ronghua sighed.

He didn’t want to do this, but at this point, it would be unreasonable if he didn’t help. He advised for the last time, “If we don’t resolve this matter, Fugui won’t be able to serve in the Eastern Palace. He’s now a tooth general of the Eastern Palace, a sixth-rank official.”

“This, how is this related to His Highness?”

Although the Zheng family was a businessman and had a lot of money, it was still the first time for them to become a sixth -rank official. Ever since Zheng Fugui became an official, the tone of his neighbors had changed. Even his business partners were much more polite than before.

“Didn’t Fugui say it just now? His Highness gave him leave and let him solve his personal problems! If he couldn’t even solve such a simple matter, how could he give him a more important task? How would His Highness view him when he returns?”

Zheng Shan’s expression changed. Zheng Fugui’s achievements today were closely related to Qing Lin.

Now that Qing Lin had been transferred to the Scholar Hall and was not in the Eastern Palace, he could not help even if he wanted to.

Other than that.

In his heart, he was still thinking that this matter was very likely related to Eunuch Xiao. He was the one who suggested to the Crown Prince to let him take a holiday of wealth to specifically solve his personal problems. Otherwise, how could there be such a coincidence in the world?

However, it was impossible for him to compromise like this!

Xiao Mi’s age was too old, and he couldn’t get over this.

Taking a deep breath, Zheng Shan said seriously, "If Your Highness wants to dismiss him from his official position because of this, you can only say that this is the fate of wealth!"

"There's no room for discussion."

Zheng Shan shook his head.

Zhang Ronghua thought to himself, "I'm sorry, First Uncle!"

He sent a Divine Sense Voice Transmission to give Zheng Fugui some advice. Otherwise, with just him and Xiao Mi, even if Eunuch Xiao stepped in and Zheng Shan ignored them, there was nothing they could do.

Zheng Fugui lowered his head. He was helpless and unwilling. The pain in his heart was all shown on his face. It was as painful as it could be. He just wanted to be with the person he loved forever. Why couldn't he get the blessings of his family?

He had already done everything he could. He only wanted them to agree. Did he really have to force himself to death to be happy?

At this moment.

His thoughts had become extreme. He was young and impetuous, one-track minded, and a little silly. Although he had been training in the Eastern Palace during this period of time and had grown up, he was more mature than before. However, when faced with his parents' incomprehension, he could not see any hope in the future. A terrifying thought sprouted in his mind.

At this moment, Zhang Ronghua's voice sounded in his ear. Only he could hear it.

Zheng Fugui's heart was filled with excitement, and his eyes shone with hope. He didn't dare to raise his head, afraid that if he did, his parents would notice and remember every word of his cousin's instructions.

After finishing all of this.

Zhang Ronghua looked at his uncle and said, "If you're not afraid of forcing him to a dead end, then force him!"

Move aside.

Zheng Shan brought Zheng Fugui away and entered the main hall.. Facing their gazes, he pointed at a chair and said, ""Sit!"

Chapter 297: Attack (2)

He sat on the same spot as before.

Eunuch Xiao had seen things from afar and guessed that Zhang Ronghua might have done more than that. However, they did not know that. He held the wine glass in front of him and said respectfully, "Please!"

Zhang Ronghua knew that he had guessed that he had done something else.

Such a person was from the palace. It would be strange if he could not guess it. This glass of wine was the best proof.

The two clinked their glasses and finished their drinks.

Seeing that Xiao Mi was still standing there, her beautiful face was twisted and filled with nervousness. Her beautiful eyes were filled with worry as she looked outside from time to time. Although she was here, her heart had already flown out. She wanted to find Zheng Fugui.

“Sit down!” Eunuch Xiao’s face darkened.

Xiao Mi hesitated but still sat down.

Zhang Ronghua took the initiative to greet them, “Don’t just stand there. Let’s eat and talk.”“

Zhang Qin changed his seat and sat beside Eunuch Xiao. No matter what, he was here to step on the threshold today, so he had to give face. There was also the factor of his son. He was an official in the Scholar Hall, so he would take care of the palace. If there was any critical news, he would be able to spread it in time.

It was not his fault. As a parent, he only wanted his children to live a better life. Even if he was very rich and had a high official position, it was still the same.

Zheng Rou’s heart ached for Xiao Mi, but Zheng Shantai was too stubborn. She was so angry that she wanted to hit someone just now. She sat beside her and took the initiative to hold her hand. She patted the back of her hand and comforted her, “Believe in yourself and believe in wealth. Although it’s a little difficult now, as long as you persevere, I believe that you will definitely be able to walk together.”

He picked up a drumstick with his chopsticks and placed it in her bowl.

“Take good care of yourself!”

After thirty days of wine and five dishes, Eunuch Xiao took out his gift and got up to leave. He took Xiao Mi into the carriage. Zhang Ronghua and his family saw them out of the door. Seeing them leave, they withdrew their gaze. “Did you give Fugui any advice just now?” Zhang Qin asked.”

“Why do you say that?”

“Divine Sense Voice Transmission!”

Zhang Ronghua gave him a strange look. With his father's cultivation, it wasn't that he didn't respect him, but he couldn't even find out what was going on.

"I guessed," Zhang Qin explained.

"If you didn't want to make a move, you wouldn't have said so much to Zheng Shan, especially that last sentence. Since you said it, he still didn't relent." A mocking expression appeared on his face.

"Even if it was Zheng Shan, he wouldn't be able to defeat you alone. This time, the opponent is you. I'll see how they deal with it."

Zheng Rou added, " My brother is really too much. Even I'm angry. Xiao Mi is such a good girl, but she's a little too old?" Everything else was fine, so why did he bite his teeth? Could it be that finding a younger one would be satisfactory? They didn't even look at their own family's conditions. For Xiao Mi to be able to fancy wealth was already something they could climb up to."

Zhang Ronghua didn't expect that this matter would make his parents angry. His uncle and the others were quite a failure.

He shook his head and changed the topic.

"Eunuch Xiao's gift contains supplements that can replenish qi and blood. Take them back to replenish your qi and blood. I have something to do first."

Zheng Rou took a step forward and held his hand. She blinked as if she wanted to see through him. "How far have you and Hong Ling progressed?"

"!!!"Zhang Ronghua was speechless. He was just about to go look for her, and you mentioned her and even asked how far it had progressed?

He hurriedly retracted his hand.

“Go back early.”

He did not give his mother a chance to ask further and quickly left.

“Look at how anxious you are. The child is scared.”

“Don’t you want to have a grandson soon?”

” You can’t eat the hot tofu in a hurry. Qinglin has a way of doing things. Let’s just wait patiently.”

In the carriage.

With no outsiders around, she saw that her granddaughter was still moving uneasily. Her beautiful eyes landed outside and she wanted to leave. She immediately went to find Zheng Fugui.

Eunuch Xiao took a sip from his teacup and put it down. He asked softly, “Is he really that mesmerizing to you?”

“Yes.” Xiao Mi admitted openly and nodded heavily.

“He’s just an ordinary person, but he’s a little upright! Such a person was not suitable to be an official, nor was he suitable to be an official. He was not even suitable to be a businessman. He was suitable to be a scholar or a martial arts fanatic.”

He said, “But he is destined to be reborn. Although Zhang Ronghua is not his biological brother, the relationship between cousins is very deep. Just this one point is enough. He is on duty in the East Palace. The Crown Prince does not look at the monk’s face but also looks at the Buddha’s face. He can give advice. He can take care of him. Other people cannot touch him.”

Xiao Mi agreed, “Cousin is indeed very powerful!”

“You’re nine years older than him and you’re already calling him cousin?”

“I’m willing!”

Eunuch Xiao smiled knowingly. His granddaughter’s happiness was more important than anything else. “He has already given Fugui some advice. With his methods, it won’t be difficult to settle this matter! After returning, he would wait patiently. It would not be long before there was a result.”

“Did cousin make a move?”

“You don’t have to ask too much. Just do your own thing.”

“This time it’s settled, cousin’s methods are very powerful, rich parents definitely can’t handle it.”

Eunuch Xiao cursed in his heart. It was not as simple as just being powerful. In the confrontation with He Wenxuan, a series of punches almost killed him. Even with Grand Secretary Cui’s protection, he was still dragged to Xuanwei Gate to be punished. The butler died on the same day. Otherwise, he would have been dragged to the market to be beheaded.

Even so, it was still a huge blow to his prestige. He had received news that this old fellow was pretending to be dead at home to hide and wait for the storm to pass before going up.

There was one more thing he did not say.

Without Zhang Ronghua’s relationship, Zheng Fugui alone, or rather, his family, was not enough to match his precious granddaughter. If ordinary people dared to put on airs like this, did they really think that the three words “Eunuch Xiao” were for nothing?

He had plenty of ways to deal with them!

But because of Zhang Ronghua, he couldn’t do anything and could only rely on his words. It was also because of him that Zheng Fugui was qualified to marry Xiao Mi.

A family match was very important at any time, especially in the eyes of powerful figures.

They arrived at Fate Academy.

Zhang Ronghua stopped and held a rack of candied haws in his hands. After leaving Qingyun Inn, he saw someone selling candied haws on the way here. He remembered that Yang Hongling was holding a rack of candied haws in her hands and was eating while walking on the street. He suddenly had a thought and bought it.

He held the skewer in his left hand and the skewer in his right. He took a bite and it was very sour!

Mei Changshu blinked.”

“Want to eat?”

He did not give him a chance to refuse. He plucked one and stuffed it into his hand. The other disciples also had a share. If one of them had a root, they could not escape.

Zhang Ronghua smiled and said,” Don’t just stand there. Try it and see if it’s good. If it’s not enough, there’s more here.”“

Mei Changshu had already opened the oil paper and put one into his mouth. The outside was wrapped in sugar, which was quite sweet, but the inside was very sour! He wanted to spit it out subconsciously, but he forced himself to swallow it back when he saw Zhang Ronghua’s half-smile. He squeezed out two words,”Delicious.”

He looked at the other disciples with a straight face.

“Still not eating?”

"You're the senior brother, so you have the final say." These disciples opened the oil paper and started eating.

Their expressions changed drastically. Some of them even took a deep breath in an exaggerated manner, as if they were not eating candied haws, but human poison. They wanted to vomit but did not dare to. Looking at the remaining candied haws, they looked extremely ugly.

Mei Changshu stuffed the iced haws into the hands of one of his junior brothers and hurriedly said, "Senior Brother, please wait a moment. I'll go and inform you!"

He entered the Fate Academy in a flash and returned very quickly. He stopped at the entrance.

"Eldest Senior Sister invites you in!"

"Thank you!" Zhang Ronghua said.

After entering Fate Academy, he walked towards the forbidden area.

There were so many people who knew him. Some of them saw him and took the initiative to greet him. Zhang Ronghua nodded in response. The road was smooth and he entered the old man's courtyard.

There was a figure lying by the lake. It was Little Four. He was taking a nap with his eyes closed. When he heard footsteps, he opened his eyes and looked over. When he saw that it was him, he was about to speak when his gaze fell on the candied haws on his shoulder. He felt fear from the depths of his soul. He supported himself on the ground with his four limbs and was about to stand up and escape.

In the next second, he lay on the ground again. He remembered that the person carrying the candied haws was Zhang Ronghua, not Yang Hongling. He felt relieved.

However, he still reminded her, "Put it away quickly!"

Zhang Ronghua felt strange. What was going on? Was he that afraid?

He stopped beside it and asked, ""What about her?"

Chapter 298: Assassinate the Crown Prince

Little Four pursed his lips and looked at the Purple Bamboo Forest in front of him. He said in a bad mood, "During this period of time, the capital was too quiet. I couldn't catch any demons and ghosts to practice, so I locked myself in the Purple Bamboo Forest and cultivated the Great Five Elements Heaven-Splitting Sword Formation."

"How's the progress?"

"It's too difficult to train. Even though she's put in a lot of effort, her progress is still slow."

Zhang Ronghua nodded. If the Great Five Elements Heaven-Splitting Sword Formation was so easy to master, everyone in Destiny Academy would have mastered it after so many years. With this, they would be able to turn the tables and surpass Jixia Academy and Changqing Academy in one fell swoop. They would be able to suppress them, and they would have nothing to do with it.

Little Four curiously asked, "You know this sword formation too, what realm have you cultivated to?"

"It's not too high! He had only reached the acme of perfection in the fourth realm and had barely transformed the sword formation into sword silk. He was still far from reaching the sixth realm!"

"!!!" Little Four's face darkened, and he looked at him as if he was looking at a monster. He felt like he was being pretentious.

It had only been a short time since the old teacher taught him the Five

Elements Heaven-Breaking Sword Formation, but he had already cultivated it to such a level and even evolved the sword formation into sword silk. Even in the entire Destiny Academy, there were not many people, right?

He glanced at Yang Hongling, who was in the middle of the Purple Bamboo Forest. He was also a human, and the latter was even the little ancestor of the School of Fate. He was so talented, so how could he be so different from him?

He shook his head and said, "You're not human!"

"You're not human!"

Zhang Ronghua was not used to its bad habit. He took out a stick of candied haws and handed it over. No, I even handed you a bunch.

Xiao Si was shocked. Without looking, he quickly stood up and retreated five steps before stopping. "If you don't give me candied haws, we'll still be good friends."

"Tell me what happened."

"Humph!" Little Four snorted proudly and left, swaying his short tail.

Zhang Ronghua had guessed it. With Yang Hongling's personality, she must have harmed it with candied haws in the past. Otherwise, she wouldn't have been so traumatized by the sight of candied haws and run away in fear.

At this moment, the Purple Bamboo Forest also stopped and opened up a path. Yang Hongling walked out from inside. She was still dressed as before, as if she had been born the same, but the color had changed. She had changed into a red square dress, exposing her two white jade arms, as well as her smooth and flat belly, including her navel. It was very smooth and tender, making people want to rub it until water came out.

Below her was a black short skirt that reached her hips. She paired it with a pair of soft water colored stockings that covered her long and slender legs and her body. However, the stockings were very thin and were also mesh. They were very transparent, and it was as if she was not wearing them at all. It brought about a greater visual impact. On her jade-like feet, there were black boots that had never changed.

Having just finished cultivating the Great Five Elements Heaven-Splitting Sword Formation, his breathing was a little hurried and chaotic. His chest fluctuated greatly, rising and falling up and down. The small square robe seemed to be unable to withstand it and was about to burst out at any moment.

He walked to the lakeside and stopped beside Zhang Ronghua.

She didn't stand on ceremony. She reached out with her jade-like hand and picked up a stick of candied haws from the shelf. She tore open the oil paper, opened her red lips and white teeth, and took a bite.

She tilted her butt and sat down without caring about the dirt on the ground. Some mischievous grass moved along the mesh stockings and changed her position to make herself feel better. She asked, "What brings you here?"

"There's a bun shop opening today, so I took a day off." Zhang Ronghua said.

Yang Hongling frowned, and her delicate face showed dissatisfaction. Seeing her like this, Zhang Ronghua seemed to know what she wanted to say, so he spoke before her, "We didn't call anyone, just our family."

After a pause, he added.

"I don't know where First Uncle and the others heard the news, but they've also arrived. Just as they arrived, Eunuch Xiao and the others also arrived."

Yang Hongling was puzzled and asked curiously, "What are they doing here?"

"About Zheng Fugui."

He briefly explained what had happened.

He listened quietly.

Yang Hongling expressed her opinion.” From an objective point of view, age is really not a problem. As the saying goes, when a woman is in her third year of university, she can hold a gold brick. When a woman is in her ninth year of university, she can directly hold the Heavenly Fragrance Restaurant! ” With the Xiao family’s power, they are much stronger than the Zheng family. I have seen Xiao Mi before. She is well-educated, reasonable, and generous. She is a girl who knows her limits. She is also clean and self-disciplined. To be honest, she is more than enough to match Zheng Fugui. What is that old stubborn Zheng Shan thinking? Must you break them up?”

Zhang Ronghua felt that she was quite right when she called him an “old fogey”.

“I’ve already given him some advice. It won’t be long before there’s good news.”

Yang Hongling didn’t ask any more questions. With Zhang Ronghua’s ability, since he had said so, he would definitely win. Zheng Shan alone was not his match.

“The old teacher hasn’t come out of seclusion yet?”

“Soon! It could be now or tomorrow.”

Zhang Ronghua took out an exquisite jade bottle from the Five Dragons Spirit Taming Belt and handed it over.

Yang Hongling didn’t take it. Her beautiful gem-like eyes rolled around and she asked suspiciously,””This is?”

“I used the Azure Dragon bloodline and some spirit herbs to refine a pill. It’s very effective and will be useful to you.”

“I won’t stand on ceremony with you.” Yang Hongling smiled. ”

She took the jade bottle, opened the cork, and poured out the pill inside. As soon as it appeared, a majestic and rich medicinal fragrance spread out, forming a substance and entering her nose. She subconsciously smelled it again. The medicinal effect was very strong..

Chapter 299: Assassinate the Crown Prince

Within the pill.

There was a vague green dragon roaring and swimming, trying to break free from the restraints. However, it was restrained by the power of the pill, and everything it did was in vain. No matter what, it could not break free.

Her beautiful eyes narrowed as she looked at him in disbelief.”Heaven grade?” He asked again.

“Could it be that your alchemy skills have also reached the sixth level of the Dao of Apparition?”

She couldn’t be blamed for thinking this way. Zhang Ronghua was like a hidden boy. The more he interacted with her, the more secrets he had. It was the same for his shining points. It was as if he could never dig them out.

Take the Great Five Elements Heaven-Splitting Sword Formation as an example. He had only seen it once and mastered it, and even cultivated it to a very high realm. With the help of the five elements spiritual items, he had finally managed to enter the rudiments. Even so, his realm was still far inferior to his.

Now that he had cultivated his alchemy skills to such a profound realm, combined with the ability he had displayed now, just how abnormal was his talent?

“Yes.” Zhang Ronghua replied with a smile.

He ate another candied haws. Although it was very sour, it was not bad to change the taste occasionally.

Yang Hongling didn’t say anything. She looked at him as if he was a monster. She scrutinized him with a penetrating gaze, as if she wanted to see through him. It was as if she had just met him.

After a while, she forced out a sentence. She knew that she would still be shocked if she asked, but she still couldn’t help it. “What’s your cultivation level

“Fourth level of the heaven ascension realm!”

“..”Yang Hongling looked at the sky and was really shocked.

Martial arts, soul master, physical body, the six arts of a gentleman, plus alchemy, what else did he not know?

She retracted her gaze and stared into his eyes.

“How did you do it?”

Zhang Ronghua was very serious and calm. “It’s not too difficult! As long as he put his heart into it, it was really very simple. Then, as he did it more and his proficiency increased, his realm would increase.”

If these words had come out of someone else’s mouth, Yang Hongling would have definitely slapped them in the face.

He was too pretentious!

He didn’t look for trouble. He crossed his legs and assumed a cultivation posture with his heart in the sky. He reminded, “Protect me!”

“Alright.” Zhang Ronghua replied.

Yang Hongling consumed the pill and circulated her cultivation technique to refine it. A huge aura bloomed from her body as she refined the medicinal power and continued to polish her foundation. She was not in a hurry to break through.

There was a huge threshold between the tenth level of the Great Grandmaster Realm and the Heaven Tier. Although her cultivation had been polished very solidly and was sufficient for ordinary people, it was still not enough for a prodigy like her.

With the help of Zhang Ronghua’s pill, his foundation would become stronger and he would be prepared for the next breakthrough.

As the favored daughter of a large faction, she did not have to worry about breaking through, nor did she have to worry about cultivation resources. She just had to cultivate step by step.

After looking at her for a while, Zhang Ronghua saw that she was normal and on the right track. There was no need to worry, so he retracted his gaze.

Looking at the surface of the lake, under the reflection of the sunset, the ripples were sparkling and rippling with a layer of multicolored light. The spiritual fish in the lake were not afraid of people. They floated on the surface of the lake to bask in the sun, and some were blowing bubbles.

His gaze involuntarily fell on her. The Yang Hongling who was cultivating was different from the past. She was serious, noble, and focused. She also had an additional gentleness and a trace of fierceness. The more he looked at her, the more he liked her.

Her long eyelashes moved occasionally, her exquisite nose bridge, and her red lips that were covered in lipstick were very beautiful and alluring.

Under the cover of her beautiful hair, her earlobes were faintly visible, but she was not wearing earrings. Instead, her ears were blurry, and the temptation was even stronger.

He stood up from the ground and walked to the side without making a sound.

A while passed.

Yang Hongling ended her cultivation and stood up from the ground. The power of the pill had been refined by her. Once again, she polished her foundation and made her cultivation more stable. In a few days, she would be able to try to break through to the Celestial Realm.

She retracted her aura and stopped in front of him. Her red lips opened slightly. "Suppress your cultivation level to the same level as mine. Let's spar!"

Zhang Ronghua kindly reminded her, "Even if you are at the same realm, you can't block a single move!"

"I want to try!"

Looking at her beautiful gem-like eyes, she was arrogant, strong, and unwilling to admit defeat. Perhaps she was looking for confidence after being defeated.

She didn't reject him anymore. Her eyes had already explained everything. She nodded lightly and said, "Use all your abilities. Whatever you have, use it. Don't hold back, or you'll lose miserably."

Yang Hongling knew that Zhang Ronghua was too terrifying. Even if he were to combine all the geniuses of the same age, they wouldn't even be enough to defeat him with two hands. Facing such a person, if he held back, it would be no different from seeking death.

She raised her jade-like hand, and Righteousness Qi rushed out of her body. Divine justice, extreme Yang, and extreme hardness illuminated her entire body. With her as the center, nearly 200 Righteous Giant Swords condensed.

With this as the foundation, she cast the Great Five Elements Heaven-Breaking Sword Formation.

The sword array rotated. With every rotation, the power emitted would increase. When it rotated to the limit, coupled with his tenth-tier Great Grandmaster cultivation, he did not hold back at all. He attacked with all his might and controlled the sword array to slash over.

The momentum was huge, sealing the world and blocking the spiritual energy of heaven and earth. Every sword qi could easily injure a great grandmaster. Even a first level Heaven Tier cultivator would lose a layer of skin if they faced her sword formation.

Zhang Ronghua looked on calmly, standing still on the spot. He let her Great Five Elements Heaven-Splitting Sword Formation be so powerful, as if he didn't see it..

Chapter 300: Assassinate the Crown Prince

It was as if she was strong, let her be strong, the breeze caressed the hills, she was as strong as she wanted, and the moon shone on the river.

Yang Hongling's beautiful gem-like eyes were filled with surprise. The Great Five Elements Heaven-Splitting Sword Formation was already in front of him, but why was it still motionless? Could it be that it was giving way to him?

Impossible!

Since Zhang Ronghua had already agreed, he would not change his mind. This would not change because of the other party's identity.

There was only one possibility left. He was too weak! That was why he didn't even have the right to look at her. Thinking of this, her pride exploded. She didn't believe that a full-powered attack couldn't even make him take a step back.

Once again, she circulated her cultivation technique and crazily mobilized her internal strength, sending it into the Great Five Elements Heaven -Splitting Sword Formation. The intense golden light illuminated her even brighter, increasing the power of the sword formation by 30%.

When he saw that he still had an arm.

Zhang Ronghua made his move, still standing there with his hands behind his back. He opened his mouth and shouted, "Freeze!"

Invisible.

It was as if there was a power of time coming out of his mouth, condensing into the word "fix" and suppressing Yang Hongling's body. He only used the cultivation of the tenth tier of the Great Grandmaster Realm to fix her and the Great Five Elements Heaven-Breaking Sword Formation in place, making her unable to move.

Yang Hongling refused to admit defeat and struggled violently. However, the more she did so, the more powerful the Mantra Focus Spell became. It tightened around her, and an even greater force suppressed her body. In the end, she could not even operate her cultivation technique.

Awkward!

This time, she was completely lying flat and her beautiful eyes were like gemstones. She couldn't believe it and blurted out: "What divine power is this?"

"Mantra Focus Spell!"

Yang Hongling didn't ask any more questions. When she asked him where he got it, it involved the time god art. Even if one used their toes to think, the origin was not ordinary. She admitted generously, "I lost!"

He waved his sleeves.

Zhang Ronghua put away the spell and said seriously, ""In fact, you are already very strong. No one in the same realm can break your Great Five Elements Heaven-Cleaving Sword Formation."

Yang Hongling rolled her eyes at him and ruffled her hair. ""That's right! Indeed, no one in the same realm can break it, but there is someone who can stop me and the sword formation together."

Zhang Ronghua touched his nose. He couldn't answer this question. He had forgotten about himself.

He changed the topic.

"I have an ancient secret technique here. It's quite powerful."

The old teacher had taken care of him so many times, and Yang Hongling was not bad either. When she came, she had already thought about returning the favor and giving her the secret skill of the three words, Heavenly Trampling.

Without thinking, Yang Hongling blurted out, "As long as you teach me, I will learn!"

After saying that, she felt that what she said was wrong. It was too ambiguous, so she added.

"A secret technique that can catch your eye is definitely not an ordinary one."

Zhang Ronghua smiled and didn't think too much about it. He also didn't notice that her earlobes were already red and had a unique charm. Unfortunately, she couldn't see it because of her hair and missed this beautiful scene.

"This secret technique is called Heavenly Trampling. It's a three-word secret technique created by the ancient scholar Su Mu Yu, a genius of a generation. The word 'Trampling' represents attack, the word 'Heaven' represents defense, and the word 'Movement' represents speed. It can be stacked up to nine times, and its power is enormous. However, the entry requirements are also difficult.

With your talent, you should barely be qualified to cultivate it!"

Yang Hongling rolled her eyes. She was the proud daughter of the Fate Academy, but she was just an ordinary person in his mouth.

On second thought, it was true. Compared to his abnormal talent, it was really not enough!

Zhang Ronghua explained the secret technique in detail again. He spoke very slowly until she had completely memorized it. "I'll show you once. Watch carefully!"

"Yes." Yang Hongling responded.

Starting from the secret technique of the "step" character, he demonstrated it one by one and then told him the points to pay attention to.

Fifteen minutes later.

"Do you remember?" asked Zhang Ronghua."

"I'll try!" Yang Hongling said.

According to what Zhang Ronghua had taught her, she tried to cultivate the secret technique of the three words, Heavenly Trampling. However, this secret technique was very difficult. Even if he had explained it clearly, it would not be possible to get started in a short time.

After an hour, he didn't even grasp the secret skill of the 'step' character, let alone the three words.

Zhang Ronghua walked over and subconsciously raised his palm to pat her shoulder. He realized that she was wearing a square shirt, exposing her shoulders. There was no obstruction between their skin. A warm and smooth feeling came from his palm. He awkwardly retracted his palm and explained, "Would you believe me if I said I was just trying to comfort you?"

Yang Hongling rolled her eyes at him and shrugged her shoulders, pretending to be indifferent. "It's not a big deal."

Her heart was highly tensed up, and her heart was beating very fast. It was not as if nothing had happened on the surface.

"Sigh!"

A sigh came from the room next to him. The door opened from the inside and the old man walked out with his hands behind his back and a disappointed expression on his face. It seemed that the creation of the cultivation technique was not going smoothly.

Yang Hongling's beautiful eyes lit up and she quickly called out, "'Grandpa!"

The black dragon boots touched the ground and rushed over with a fragrant wind. It stopped beside him and hugged the old man's arm, shaking it vigorously.

The old master's disappointment was swept away when he was being held by her. He stroked his beard and raised his two white eyebrows as he smiled happily.

Zhang Ronghua walked over and stopped in front of him. He bowed and said, "Greetings, Headmaster!"

She looked at him.

The old man was very satisfied. Although he was in the room just now, he had sensed everything that had happened outside. Seeing Zhang Ronghua give her a Heaven Grade elixir and teach her an ancient secret technique, his impression of him went up another level. This was a person who knew how to repay kindness. He smiled and said, "Coming.."
