Chapter 361: Bring Yang Hongling Home

Yang Hongling took out two taels of silver from her purse and threw them over.””I want them all.”

“Take it!”

The boss happily handed the shelf over, kept the silver, and jogged away, afraid that she would go back on her word.

“Do you like sour food that much?” Zhang Ronghua teased.”

“Not really! Except for the candied haws, sugar was sweet to begin with. If the hawthorn was any sweeter, it would lose its original taste. It was better not to eat it.”

He plucked a bunch and handed it over.

Zhang Ronghua smiled bitterly. He thought of the shelf of candied haws he had bought last time. He didn’t know how to eat all of them. He had even given some to Mei Changshu and the others. The big ones were destroyed by her in the end. He took them helplessly and opened the oil paper. There were six of them on a string. They were indeed quite big and bright red. They were covered with a thin layer of sugar juice. He took a bite. It was really sour! He really wanted to spit it out. No wonder he only sold a few skewers a day. Eating this thing was a torment.

Seeing his bitter face, Yang Hongling smiled happily and teased,””Delicious, right?”

Zhang Ronghua passed her the candied haws and placed it on her red lips, less than two inches away. “Won’t you know after eating one?”

She opened her mouth that was as thin as a cicada's wings, revealing her neat, snow-white teeth. She did not mind his saliva. She bit one and chewed it up and down, her willow-like eyebrows relaxing. "It's quite delicious."

"I'll sell more next time and let you eat as much as you want."

As they continued on their way, neither of them noticed how intimate their actions were just now. Or rather, Yang Hongling noticed it but chose to ignore it.

When they arrived at Changqing Academy, the disciples at the entrance stopped them. They recognized Yang Hongling and were nervous. "W-what are you doing?"

He was one of the people she beat up last time!

Yang Hongling ate her candied gourd and said casually, "Didn't Xu Xirou come out of seclusion last night? I'll accept the challenge."

The disciple hesitated for a moment before asking, "Aren't you going to call for help after this?"

"I gave you face, didn't I?"

With a cold expression, he walked inside and released his aura. He shook off the disciples and brought Zhang Ronghua into Changqing Academy.

The disciple didn't dare to stop him and ordered, ""You guys stay here. I'll go inform Senior Sister Xu!"

He quickly entered Changqing Academy, bypassed them, and rushed towards the inner court.

On the way.

When some of the disciples of Changqing Academy saw Yang Hongling coming with a stranger, their expressions changed. They guessed what she was talking about and didn't dare to go forward. They stayed far away, leaving some people to monitor them, and some people ran inside.

"Changqing Academy is a despicable bunch," Yang Hongling said. "We can't be reasonable with them!" If you reason with them, they will act like hooligans, and if you act like hooligans, they will talk about fists, and if you talk about fists with them, those shameless old things will jump out and bully the weak." Although Zhang Ronghua had never interacted with them before, he could tell that they were indeed shameless from the way Changqing Academy had snatched the Haoran Bone Setting Set.

There was also the Imperial College Chancellor and the other two, who displayed their shamelessness to the extreme and almost angered Wan Guoqiang to death. They were eating and could even do something like 'paying respects' in front of him. This was evident.

"How long do you plan to keep her in bed?"

"I've received news that Xu Xirou has already broken through to the ninth-tier Great Grandmaster Realm and has even mastered the supreme divine power of Changqing Academy, the Great Five Elements Free Incarnation Divine Power. Seeing how hard she's cultivating, she'll be bedridden for at least three months."

"Great Five Elements Free Incarnation Divine Power?" Zhang Ronghua was interested.

"Yes." Yang Hongling nodded.

After introducing this skill, it was comparable to the Great Five Elements

Heaven-breaking Sword Formation of Destiny Academy. The power of the two

was almost the same. They were all the palace guarding skills of their respective academies. If one's identity was not high enough, they would not even be able to see it. Its power was huge. It could transform into five incarnations that contained the five elements of metal, wood, water, fire, and earth. After cultivating to the sixth realm, each incarnation could exert all the strength of the original body. However, it was very difficult to enter. The cultivation conditions were harsh. To master it, one had to

comprehend the five elements and condense the five elements seed in the body. The latter was similar to how she cultivated the Great Five Elements Heaven-Splitting Sword Formation. She could only attempt to cultivate it with the help of the Five Elements Spiritual Items.

Before that, he had to cultivate the prerequisite divine power, the Five Elements Illusionary Spirit Technique, to a profound realm before he could cultivate it.

Zhang Ronghua nodded. The more powerful a god art was, the more difficult it was to cultivate. Under normal circumstances, there would be restrictions on cultivation. The Great Five Elements Heaven-Splitting Sword Formation was one such example. If one wanted to cultivate it, one had to master the Vast Ten Thousand Sword Technique. Otherwise, even if one was given a god art, they would not be able to cultivate it.

After pondering for a moment, he lowered his voice and asked, "You can obtain these two divine abilities?"

Yang Hongling looked at him in surprise and guessed his thoughts. She pondered for a moment, shook her head, and said solemnly, "It's very difficult!"

Without waiting for Zhang Ronghua to speak, he said.

"My current cultivation is at the ninth level of the Great Grandmaster Realm. Just like her, I'll try to goad her later and add some stakes to see if she dares to agree. According to my understanding of her, she won't gamble, and she doesn't dare to gamble. She's only a prodigy, and it involves the inheritance of the school. It's fine if she wins, but if she loses, the consequences will be too great!"

"Let's try it first! If it doesn't work, we'll think of another way."

"Good!" Yang Hongling agreed.

When they reached the square in the front yard, they stopped. This place was spacious and suitable for fighting. Moreover, there were many people passing by here. Losing face here was the greatest loss to Xu Xirou's prestige..

Chapter 362: Bring Yang Hongling Home

In the inner court.

In a palace, Xu Xirou was wearing a bright yellow dress that didn't reveal a single bit of her skin. However, it outlined her voluptuous figure and revealed her slender waist. She was obviously very conservative, but she was also very sexy. She displayed a unique temperament that people could see but couldn't eat.

She had exquisite facial features, an oval-shaped face, neat eyebrows, and a beauty mole under her red lips. Not only did it not affect her beauty, but it also added a little purity.

At this moment, she was cultivating the Great Five Elements Incarnation of Changqing Academy. Five identical figures emitted different spiritual light, corresponding to the five elements of metal, wood, water, fire, and earth. They formed a circle and used the Righteous Qi Palm. It was powerful and domineering. It stirred up a huge palm force and left a series of palm shadows in the air.

The disciple at the door rushed over and stood outside the hall. He knocked

on the door and said anxiously, "Big Sister, bad news. Yang Hongling is here." In the palace.

Xu Xirou struck out her last palm strike, and the five figures hit the same spot at the same time. The violent palm strike was like thunder, and a loud roar was heard. She made a hand seal and withdrew the Great Five Elements Free Incarnation. The four figures flashed and turned into a spiritual light that entered her body. Xing Hua's eyes sparkled as she sneered, "Are you here?"

Retracting his expression, he wore a cold face and took out a veil to cover his beautiful face. He walked out and opened the door. Just as the disciple was about to call out, he changed his words to honorifics and bowed. "Greetings, Senior Sister!"

"Where is she now?" Xu Xirou asked coldly."

"It should be in the front yard."

As they spoke, some disciples rushed over and stopped here. After bowing, they told them about Yang Hongling waiting in the front yard.

Xu Xirou's arrogance was rising, and she sneered in her heart. Did she think she was the same person as before? Your cultivation base has broken through and you've even mastered the Great Five Elements Incarnation. Even if you and Ji Xueyan come together, it's still not enough! You will be the ones defeated.

Facing the expectant gazes of his junior brothers, his gaze was fiery and filled with admiration. He did not hide it at all. He was very satisfied in his heart, but his expression was still very cold. He put on airs and gave them a reassuring pill. "She's no match for me now!"

The embroidered shoes stepped on the ground and walked out.

Hearing her words, all the disciples felt relieved. Their faces were filled with joy as they hurriedly followed her. They couldn't wait to see Yang Hongling make a fool of herself, be beaten up by their Big Sister, or even beg for mercy!

On the square.

Someone with sharp eyes pointed behind them and shouted, "Look! Big Sister is here."

Everyone looked back and saw Xu Xirou walking over from behind like a moon surrounded by stars. She hurriedly made way for her and waited for her to come forward. She stopped behind her and glared at Yang Hongling, wanting to suppress her in terms of aura.

Even if there were two or three times more people, Yang Hongling wouldn't be pressured at all.

The two of them were ten steps away from each other, staring at each other coldly.

Xu Xirou looked her up and down. When she saw that the cultivation she exuded was only at the ninth-tier Great Grandmaster Realm, her heart calmed down! At the same cultivation level, even if she used her spiritual treasure and her foundation, he could still defeat her with his own strength!

Unlike her, Yang Hongling was surrounded by stars all day long. News of her achievements spread everywhere. She usually stayed in the forbidden area and focused on cultivation. Unless she had something to do, she rarely went out. Whether it was a breakthrough in cultivation or a certain skill, no one knew except the closest people around her.

The lack of information was destined to be very unlucky.

“Why are you looking for me?”

Xu Xirou was destined to fail in front of her by acting arrogant and overbearing. Yang Hongling had a tight grip on her temperament. She was born with pride and was the little ancestor of Destiny Academy. She was the ruthless person who plucked the beard of the master of Destiny Academy when she was young. It was nothing for her to be arrogant. With just a look, Xu Xirou’s arrogance was completely suppressed. Her aura was strong and she said coldly, “Beat you up!”

Xu Xirou didn’t get angry. Her expression didn’t change. “It’s not certain who will beat who! I’m just afraid that you’ll go back and call for help after you lose.”

“You can also ask Changqing Academy to attack together!”

“I won’t fight you.”

Yang Hongling glanced at her from the corner of her eyes and reassured her, “Under normal circumstances, I rarely make exceptions! In my opinion, my identity is a kind of resource. Since I’ve suffered a loss, why don’t I use the resources in my hands to regain my dignity? But today, I really want to beat you up because your mouth is too smelly. I’ll make an exception this time. No matter who wins or loses, this battle is limited to us!”

“Good!” Xu Xirou agreed.

Although she looked down on Yang Hongling's actions, she admired her character very much. Her words were like water that had been poured out. As long as she said it, she would keep her promise. She had a good reputation and had never gone back on her words.

Only then did he have the time to size up Zhang Ronghua. His almond-shaped eyes were clearly beautiful, but they carried a bit of utilitarian-like heart. He sized him up and asked, "And this is?"

"You don't need to know!"

One of the disciples recognized Zhang Ronghua. He stepped forward and stopped beside Xu Xirou, speaking in a low voice.

After listening..

Chapter 363: Bring Yang Hongling Home

Xu Xirou said with a playful expression, "I didn't expect the proud daughter of the Fate Academy to have such bad taste and become friends with a general."

Zhang Ronghua narrowed his eyes. This woman's mouth was too smelly! So what if he was a general? Without generals, how could they expect poor scholars like you to guard the borders? She would remember this and smack her mouth when she had the chance!

Yang Hongling was angry. Her cold aura spread out like an old hen protecting her chicks. She could say bad things about Zhang Ronghua, but outsiders couldn't! "If you dare to say anything bad about him again, I'll smack your mouth!"

Xu Xirou wanted to retort, but seeing that she was serious and didn't seem to be joking, she didn't dare to take the gamble. If it really happened, her status wouldn't be enough, so she changed the topic. "Cut the crap! Let's see who's better!"

“I’ve taken a fancy to your Five Elements Illusionary Spirit Technique and the

Great Five Elements Freedom Incarnation Divine Ability!”

“You’re dreaming!”

“If you win against me, hand over the Vast Myriad Sword Technique and the Great Five Elements Heaven-Splitting Sword Formation! If you lose, give me these two skills.”

Xu Xirou refused without thinking, “Impossible!”

At this moment, someone sent her a message via Divine Sense. A respectful expression appeared on Qingyu’s face. Before Yang Hongling could speak, she said again, “The Great Five Elements Freedom Incarnation is impossible! However, the Five Elements Illusionary Spirit Technique can. If you lose, hand over the Vast Myriad Sword Technique.”

Yang Hongling guessed that someone had sent her a voice transmission and ordered her to do this. Although she couldn’t get the two Mystical Powers, it was not bad to get the prerequisite Mystical Powers. If she planned well, she might be able to get the Great Five Elements Free Incarnation Mystical Power.

She agreed, “Sure!”

He handed the rack to Zhang Ronghua and finished the candied haws in his hand. He threw the wooden stick on the ground and walked toward her with his black boots.

Xu Xirou waved her hand and ordered, “Retreat!”

The surrounding disciples of Changqing Academy retreated to the back to make more space.

Her aura rose, and her ninth-level martial grandmaster cultivation erupted.

She did not probe and attacked with her ultimate move. She used the Five

Elements Illusionary Spirit Technique to execute the Great Five Elements Freedom Incarnation Divine Power. Four identical figures rushed out of her body, corresponding to the five elements of her original body.

The embroidered shoes stepped on the ground, and five figures moved in an instant. They thrust out their jade-like hands and performed the Righteous Qi Palm. The violent palm shadows formed the power of the five elements from five different directions and slapped towards Yang Hongling. Wherever the palm print passed, the destructive force destroyed everything.

The surrounding disciples were clearly standing far away. As Xu Xirou attacked, a huge aura spread out. Even if it was not aimed at them, just a little bit of the aftershock was not something they could withstand. They all used their martial arts to resist, but their bodies still couldn't help but retreat.

Yang Hongling was in the center of the storm. Her expression was calm. Golden light rushed out of her body and blocked all the aura that she suppressed. She narrowed her eyes and looked at the five figures rushing over. Although she looked down on Xu Xirou, this supernatural power was really strong. She put away her distracting thoughts and began to be serious.

Whoosh!

Her speed was so fast that no one could see her clearly except for Zhang Ronghua. A golden light flashed like a bolt of lightning. When she stopped again, a familiar scream rang in their ears. Their eldest senior sister, Xu Xirou, had her Great Five Elements Incarnation broken. The four figures were scattered. Two loud slaps landed on her face and sent her flying violently. Before she landed on the ground, she spat out an arrow of blood. Then, it smashed down.

The ground shook, and the green bricks shattered. Like a spider web, they spread for more than a hundred feet.

Yang Hongling withdrew her palm calmly and said disdainfully, "You're too weak! You used the Great Five Elements Freedom Incarnation Divine Power, but you couldn't even take one of my moves. To think that you're as famous as me. How disappointing!"

Those words were even more powerful than a heavy hammer. They hit Xu Xirou's heart hard. She glared at Yang Hongling with fire in her eyes. With the help of two female disciples, she stood up from the ground with difficulty.

That kick was very heavy and instantly broke her Great Five Elements Freedom Incarnation Divine Power. It landed on her chest and broke several of her ribs. She could not even circulate her cultivation.

This was not the most important thing. Yang Hongling had slapped her twice in front of everyone, almost pressing her face to the ground and stepping on it. Her heart was roaring like a crazy beast. At the same time, they were unwilling! Why was it like this? He had worked so hard and spent all his time on cultivation. Why couldn't he block one of her moves?

"You, you broke through to the tenth level of the great grandmaster realm!"

She shook her head. If it was the tenth level of the great grandmaster realm, she would not have been able to defeat her in one move. She asked enviously.

"You're in the Heaven Tier!"

Yang Hongling shook her head and didn't admit it. Her Qi Restraining Technique was taught by the old teacher. It was very profound. If she didn't show it, others wouldn't be able to see it." Half-Deva Realm!"

"You, how did you break through so quickly? Even if he had sufficient resources, what about martial arts comprehension?"

"Do you think everyone is as useless as you? Stinky mouth, and even worse talent? You can't even block a single move from me and Ji Xueyan?"

Putt!

This sentence was more powerful than sprinkling salt on the wound. This was the third time!

Qixia Forest was crushed by Ji Xueyan in one move. The last time was here, and she had been severely injured by her, and had been bedridden for a while. This time, it was here again. It was Yang Hongling, and she had defeated her with the same move, pressing her dignity to the ground and stepping on it. After hitting the left cheek, she then hit the right cheek.. If it were anyone else, their self-confidence would have been destroyed, and they would have been depressed and unable to recover!

Chapter 364: Bring Yang Hongling Home

She was the only one who had become braver and braver as she faced the difficulties. Not only did she not fall, but she had also become stronger. However, the bitterness in her heart had become a joke in the mouths of others. She had endured many looks of disdain and endured a lot of pressure. Only she knew that no matter how strong a person was, there would be times when they could not withstand the pressure. She spat out a mouthful of blood and staggered, falling to the ground. Fortunately, the two female disciples were quick to react. Just as she was about to fall to the ground, they held her up again to avoid making a fool of herself again.

Yang Hongling didn't give her any chance and demanded directly, ""Give me the

Five Elements Illusionary Spirit Technique!"

Xu Xirou gritted her teeth. She was slapped in the face and had to pay with her supernatural power. If it was someone else, she (Changqing Academy) could go back on her words, but Yang Hongling couldn't! If he didn't, he would turn around and call for help. At that time, he would have to face the entire Fate Academy, and even the old teacher!

Especially the latter, even Changqing Academy didn't dare to face it!

She slapped the pouch on her waist and took out an ancient book. She threw it over without looking at it and said with a gloomy face, "Help me back!"

Yang Hongling grabbed the Five Elements Illusionary Spirit Technique with one hand and put it into her purse. Looking at her departing figure, she said, ""'11 wait for your challenge. "

He signaled Zhang Ronghua to follow him and walked out side by side.

The surrounding disciples looked at her with great displeasure, but they couldn't get rid of her.

After leaving Changqing Academy and walking for a long distance, Yang Hongling couldn't hold it in any longer. She smiled with a tense face."This feels so good! No wonder Ji Xueyan would step on her every now and then."

Zhang Ronghua looked around. When the people around saw her bending over and holding her knees, they subconsciously looked over and said in a bad mood, "Pay attention to your image."

"Isn't it?"

"I can't take it anymore! Allow me to laugh for a while."

The two of them laughed without any regard for their image. They did not care about the opinions of the passers-by. Some people who passed by walked around them and quickened their pace to leave, afraid that they would be stuck. "Are you done laughing?" asked Zhang Ronghua."

"No! However, it was about the same. If he continued to laugh, he would be treated as a lunatic."

Zhang Ronghua took over the shelf and handed over a stick of candied haws. Yang Hongling pouted and said,""Don't be unhappy! If others want to eat, this lady won't give it to them!"

He took a skewer and bit into one. As he ate, he asked,"Where are we going

"Go home!"

Yang Hongling was surprised. She rolled her beautiful gem-like eyes, but her expression remained unchanged. Her heartbeat accelerated to more than 120 horsepower. She pretended to ask casually, "What am I going to do?"

Zhang Ronghua was stunned. He looked at the pair of beautiful gem-like eyes and was suspicious. When did I ask you to go with me? I said I'd go home myself, but she's already asked. I can't reject her, right? Or should I say, he doesn't want me to go?

"Isn't it normal for friends to visit each other?"

"Oh." "Yes!" Yang Hongling replied heavily.

The candied haws were no longer fragrant. She lowered her head and kicked her feet around, as if she was thinking. Or perhaps it was a girl's restraint. She pretended to be silent. After a while, when she saw that she was almost done, she raised her head and frowned. She looked very troubled. "Alright then!"

He stuffed the rack of candied haws over and ran to an inn at the side. He said, "Wait for me!"

"???" Zhang Ronghua was a little confused. What did this mean? What was he going to do at the inn?

Get a room?

He ate the candied haws and waited on the spot.

He waited for an hour, and the flowers were about to wither. During this time, a few young girls were mesmerized by his handsome appearance and bought a few skewers of candied haws. He was almost dumbfounded. How did a dignified fourth-grade official become a seller of candied haws? If her political rival, He Wenxuan, knew about this, he would laugh so hard that his teeth would fall out.

The familiar figure finally came out of the inn. When she entered, she was wearing a square dress and shorts without any makeup. When she came out, she had changed into a moon-white palace dress that covered her jade arms and long, slender legs. Even the black silk mesh had been changed into thick white stockings. She wore a purple bracelet on each wrist.

As he got closer, Zhang Ronghua noticed that there was a pair of earrings on her beautiful earlobes. They were half-moon shaped, crystal colored, and inlaid with expensive white gems. Her fiery red hair was fixed with hairpins. She walked with small steps, showing off the elegance of an aristocratic family.

“Get a room to change clothes?”

“Yes.” Yang Hongling nodded.

Afraid that Zhang Ronghua would think too much, he explained.

“Just now when you hit Xu Xirou, there was some blood on your clothes.”

Zhang Ronghua asked again, “When will you be able to close your eyes and ears?”

“You have many questions!”

Walking forward, Yang Hongling saw that he was still standing in the same place. She said in a bad mood, “Are we still leaving?”

Zhang Ronghua followed him. He thought that they would go back directly, but he didn’t expect Yang Hongling to take him shopping. She bought a bunch of expensive gifts and even wrapped them in exquisite boxes. There were a total of twelve items, big and small, and he held them all by himself. If it wasn’t for her urging him, she probably could have continued shopping.

When he returned home, the sun was setting. The sunset glow was like a red forest, reflecting a beautiful picture.

The guard at the door wondered if he had seen wrongly. Did Young Master actually bring a lady back? And so beautiful, no! She was a celestial being, like a fairy who had descended to the mortal world. That noble aura and innate arrogance were not something that ordinary people could possess. She rubbed her eyes hard to make sure that it was real. Then, she turned around and ran as fast as she could towards the courtyard..

Chapter 365: Bring Yang Hongling Home

Yang Hongling looked as calm as Mount Tai, but she was nervous and scared like never before. She even had the urge to escape immediately. However, since she was already here, it would be impolite to leave just like that. She secretly encouraged herself to stay calm! Don't panic. It's just a guest between friends. There's nothing to be afraid of. The more it's like this, the more confused I'll be. This isn't like the last time when I stepped on the threshold of the Qingyun Inn. I'm a guest at home.

Seeing that her footsteps were getting slower and slower, Zhang Ronghua looked back and asked in confusion, "What's wrong?"

"I'm fine!"

He slowed down and waited for her to catch up before bringing her into the courtyard.

Zhang Qin and Zheng Rou had already heard from the guards that their precious son had brought back a beautiful lady. The two of them looked at each other and saw the excitement in each other's eyes. They were happy from the bottom of their hearts.

Zhang Qin took out ten taels of silver and threw it to the guard. He waved his hand to dismiss him.

The guard thanked him for the reward and left excitedly with the silver. He thought to himself, If Young Master brings this girl back every day, wouldn't my reward be more than my monthly salary?

There were no outsiders present, and the couple spoke very casually.

"It's her?" Zhang Qin asked uncertainly.

"It should be!" Zheng Rou nodded seriously. Other than her, there seemed to be no other girl."

They had a tacit understanding and quickly walked out to welcome Yang Hongling. It was not to welcome her identity, but to welcome her future daughter-in-law! It had to be grand.

In the front yard.

Zhang Ronghua had just arrived with Yang Hongling. Looking at his parents who were walking out quickly, he guessed what was going on. That guard had gone to report!

Yang Hongling's hands were tightly clenched under her sleeves. She was so nervous that she was sweating. She was always fearless, but her legs were trembling. She was only good at keeping her composure. It was hard for her to remain calm even when she was so flustered.

When he was close.

Zheng Rou smiled from the bottom of her heart. She took a step forward and held Yang Hongling's hand. She extended her other hand and shook her hand tightly. "Red Spirit!"

Feeling the sweat on his palm, he smiled knowingly and guessed the reason.

Yang Hongling responded shyly. Her jade-like hand was being held, but she was still so enthusiastic. She wished she could find a rat hole to hide in. She politely called out, "Auntie!"

"Uncle!" He looked at Zhang Qin and said.

Zhang Qin's mouth was almost crooked from laughing. He was really too happy. He had never been so happy before. He said happily, "Hurry up! Sit inside."

Zhang Ronghua was a little embarrassed. This was the first time he came over, and he was holding her hand. Was it really good?

He took the gift into the lobby and placed it on the ground.

The servant girl served tea. Yang Hongling lowered her head and put her legs together. Her jade-like hands were playing with each other, and her ten slender fingers were playing with each other.

Zheng Rou could see the nervousness in her heart. She walked over and held her hand. "Accompany auntie for a walk in the backyard."

"Yes." Yang Hongling responded softly.

She stood up from the chair, her head still lowered, allowing her to hold her hand as they walked out of the hall and towards the backyard.

Only the father and son were left.

"How far has it developed?" asked Zhang Qin."

Zhang Ronghua held the teacup calmly and unhurriedly. The tea was covered by the lid, and the ripples were even more stable than the old dog. "We are just friends.

"Father understands! Father also lived like this back then.'

"!!!"Zhang Ronghua was speechless. He couldn't continue the conversation.

However, Zhang Qin did not intend to let him off so easily. He asked again, "Have you met the parents?"

Drinking tea and pretending to be dead!

"I'm asking you a question!" "This tea is not bad."

"Brat, are you itching for a beating?"

“We’re really friends.””

Have you seen the parents?”

“Yes.”

“What do you mean?”

“We’re talking about serious matters.”

“Hongling is a good girl, you must cherish her,” Zhang Qin said.” “We really are friends!”

” I told you last time that your marriage would not be involved. Even if Hongling is older than you by nine or ten years, I’m not as stubborn as your eldest uncle. He did something stupid and almost ruined a good marriage.” “What’s First Uncle’s attitude now?” Zhang Ronghua asked.”

“The heavens came to find me and asked me to discuss the engagement with Eunuch Xiao. Not long after he left, your aunt came and asked me to help Fugui set a time.”

After regaining his senses, Zhang Qin glared at him fiercely.””Don’t change the topic.”

16000 words! Please read it!

Chapter 366: Legend of the Human Emperor

Zhang Ronghua acted as if he didn’t see anything. He took out a pot of dragon ball wine and poured two cups. He placed one cup in front of him and made a gesture of invitation.”Try it!”

Zhang Qin was about to ask another question when he looked at the wine in his cup. The golden liquid seemed to be solid, emitting a golden light. The rich aroma of the wine entered his nose, and all the pores on his body seemed to open up. His body was filled with unprecedented vitality, as if it had been sublimated.

His expression changed, and he asked in a serious tone, ""What wine is this?"

"Dragon Ball Wine! "

"Dragon Ball?" Zhang Qin repeated. She glared at him and asked, ""The dragon pearl of a true dragon?"

"Yes." Zhang Ronghua replied with a smile.

Without waiting for him to ask again, she briefly told him about the matter of leaving the capital two days ago to go to Qingfeng Mountain to slay the dragon.

After listening.

Zhang Qin knew that this question was wrong, but he still asked foolishly. Or rather, the impact of slaying a dragon was very great for him. True dragons were high and mighty existences, standing at the top of the food chain. Such a powerful creature was actually slaughtered by his own son? Everything felt like a dream.

If it was someone else who said this, they would have slapped him without thinking. Even if they were lying, they would have to find a better reason. However, these words came from Zhang Ronghua's mouth. As a father, how could he not know his son's personality? Anyone could lie to him, but he wouldn't!

"Is this true dragon just born?"

"???"Zhang Ronghua looked at him with a strange look and said in a bad mood. "An adult True Dragon! His innate divine ability is still a lightning technique!"

“Are we going to be killed by you just like that?” Zhang Qin asked.”

“Yes.” Zhang Ronghua nodded.

Shua!

Zhang Qin immediately stood up from his chair and rushed to the door. He stood outside and looked around. There was no one outside. After entering the lobby, he closed the door and quickly returned. He sat on the chair and asked sternly, “Who else knows about this?”

“I’ve already checked. There’s no one around. If someone comes near, they won’t be able to hide from my senses.”

“There’s nothing wrong with being careful!”

Zhang Ronghua knew what he was worried about and continued, “Other than us, no one else knows.’

“Where’s Hong Ling?”

Zhang Qin understood and looked at him deeply. The relationship between them was probably deeper than he had guessed. He didn’t ask again, nor did he ask what his cultivation was. There were some things that didn’t need to be asked, as long as he understood. After a while, his face became serious again, even more serious than before. He reminded, “Don’t expose anything related to your cultivation! If someone really found out, he had to be ruthless and not soft-hearted. Kill him! Only dead people could keep secrets better.”

Zhang Ronghua knew that his father had good intentions. This matter was very important. All along, he had also done the same. He did not expose his cultivation in front of outsiders. If he really attacked, the other party had to die!

He had also guessed the situation before him. Once the dragon ball wine was taken out, with his father's intelligence, it was impossible for him not to guess it. Unless, as he had said, it was a newborn dragon. However, other than having a noble bloodline, how could a dragon have a dragon ball?

He didn't ask about Yang Hongling anymore. He had already said this much. If he still couldn't tell, he would have lived in vain all these years.

Looking at the wine glass, Zhang Qin put down a big stone and swallowed his saliva. He asked, "The spiritual energy contained in the wine is so strong."

Zhang Ronghua smiled confidently."

'Good son! Father is proud of you."

Holding the wine cup, Zhang Qin looked at the wine in the cup without hiding the heat in his eyes. This was wine that had been melted by the Dragon Pearl. It was also based on the Heavenly Jade Brew and the essence of the True Dragon.

Originally, he could only look up at it and drink it. He did not expect that one

day, he would be able to drink it. The excitement in his heart could not be expressed with words.

He didn't drink it in one gulp. Although there was still a pot beside him, such a good thing had to be tasted. If he drank it in one gulp, it would be like a cow chewing on a peony, wasting the treasure!

He took a light sip. The Heavenly Jade Brew was fused with the dragon pearl and spirit herbs. The fragrance of the wine was even higher. It was stronger than the Heavenly Jade Brew that had not been fused. The alcohol was even stronger. At the same time, a warm flow came from his lower abdomen, filled with energy! Next was the immense power contained in the Dragon Ball Wine. It was like a tsunami, violently and brutally rampaging through his body, as if it was going to burst his body in the next moment.

Zhang Qin's original cultivation was at the second stage of the Xiantian realm.

After eating the treasures given to him by Zhang Ronghua and cultivating the

Nirvana Supreme Life Technique, he had advanced to the fifth stage of the Xiantian realm. This cultivation was not bad and could be taken out. However, in front of the Dragon Ball Wine, even a sip was not something he could withstand. The violent power contained in the wine erupted.

Zhang Ronghua was quick to react. He pointed his finger, and a stream of Black Yellow True Essence rushed out from his fingertip and entered his father's body, suppressing the huge power of the Dragon Ball Wine, making it unable to cause trouble.

Zhang Qin didn't dare to delay. He didn't mind the dirt on the ground. He lifted his clothes and landed on his buttocks. He assumed a cultivation posture with his five hearts facing the sky. He circulated the Nirvana Supreme Life Technique to refine this huge amount of spiritual qi, nourishing his meridians, body, and soul. From there, he could achieve an increase in his life level and increase his lifespan.

He only needed to refine the spiritual energy and did not need to worry about anything else. The speed was very fast. Sky blue spiritual light rushed out of his body and enveloped his entire body..

Chapter 367: The Legend of the Human Emperor

Zhang Ronghua looked around for a while and saw that his father was fine.

Regardless of whether it was the Nirvana Supreme Living Merit or the Dragon Pearl Wine, his original intention was to let his parents live a long and healthy life. He wanted to see his grandson and great-grandson being born, and his family would be together forever. Although it was a little risky, it was worth it compared to the gains.

He poured a cup of dragon ball wine and waited for his father to wake up.

In the backyard.

Zheng Rou held Yang Hongling's hand and sat down in the pavilion. The servant girl brought the fruits over and placed them on the stone table. She tactfully retreated and waited not far away.

Holding a spiritual fruit and a fruit knife, Yang Hongling pressed her thumb against the knife and began to peel the fruit. Seeing this, Yang Hongling took the initiative to say, "Auntie, let me do it!"

She extended her jade-like hand and stopped in front of her.

Zheng Rou smiled and shook her head. "You're a guest. How can I let you do

Yang Hongling had no choice but to agree. She could say no to anyone! But in front of her, he could not do it.

"Thank you, Auntie!"

Yang Hongling took the fruit but didn't eat it immediately. Seeing that Zhang Ronghua had put down the fruit knife, she immediately picked it up and began peeling another fruit. Her movements were fast and skillful. Zheng Rou didn't refuse. The smile on her face became even sweeter. She was extremely satisfied with her. If Zhang Ronghua dared to do anything to her, she would break his legs!

Yang Hongling handed it over after she had finished peeling the spiritual fruit. "Auntie, give it to me!"

"Thank you!"

The two of them ate the spiritual fruit. Yang Hongling lowered her head. Her cheeks were very red, even redder than the sunset. Usually, she would finish a spiritual fruit in a few bites, but now she ate very slowly. She was quiet, small, and chewed very lightly.

"Did he bully you when you were with Qinglin?" Zheng Rou asked.

"We, we are just friends."

Looking at her bashful expression, her ears were red. She was nervous and had nowhere to put her. As someone who had experienced it before, how could Zheng Rou not understand? A girl's skin was thin, and she couldn't pull away her pride. Friends, she understood!

"I mean friends."

'No, no, no!' "If he dares to bully you, tell auntie. Watch how I deal with him."

"Thank you, Auntie!"

As they continued chatting, Zheng Rou's kindness, patience, and gentleness gradually calmed Yang Hongling's nervous heart. At least her cheeks were not as red as the sunset.

In the lobby.

Zhang Qin had finally refined all the spiritual energy contained in the Dragon Ball Wine. Ninety percent of the spiritual energy nourished his meridians, body, and soul, making his meridians thicker and tougher. His body and soul had also been strengthened a little, and his lifespan had also increased a little. The remaining ten percent of the spiritual energy allowed him to break through a small realm and reach the sixth level of the Xiantian realm. His foundation was solid and extremely strong.

He opened his eyes and ended his cultivation. He stood up from the ground and sighed. "Poor in literature and rich in martial arts. No wonder people from large factions cultivate very quickly with the same talent. With the accumulation of countless resources, even a pig can fly!"

Puchi!

Zhang Ronghua didn't want to laugh, but his father's analogy was too much. He was amused.

Zhang Qin also reacted and glared at him fiercely. "For example! Why are you laughing so hard?"

He pulled out a chair and sat down.

He didn't drink the dragon ball wine again and put it away solemnly.

Zhang Ronghua reminded, "When I'm not around, you and my mother should pour out half a cup before you go to bed every night. Mix it with some water to neutralize the alcohol. Don't be in a hurry to drink it all. Slowly refine it."

This wasn't the first time. The pill that he had given him previously was done this way. Zhang Qin understood!

He looked outside.

In his induction, in the middle, in the middle, in the middle, the servant girl walked over from the kitchen, Zhang Ronghua said, "Someone is coming." After the serious business was over, they stopped here.

Zhang Qin looked outside. The sky was getting dark. "Dinner should be ready. Go and call your mother and Hongling over for dinner."

"Yes." Zhang Ronghua replied.

He got up from the chair, opened the door, and walked towards the backyard.

As soon as they arrived at the courtyard gate, they were greeted by their mother and Yang Hongling. Zhang Rong stepped forward and stopped beside them. He smiled and said, "Dinner is ready."

Zheng Rou was still holding Yang Hongling's hand. Compared to before, she was calm and relaxed. She was no longer as nervous. "Let's go! Let's go eat." They entered the lobby.

Zheng Rou became even more enthusiastic. She kept putting food into Yang

Hongling's bowl. Before she could finish the food in her bowl, she took more. She lowered her head, pulled the chopsticks, and ate silently. An elder couldn't refuse to take food!

"Is the decoration of the rich and noble wedding house done?" asked Zhang

Ronghua."

"No!" Zhang Qin smiled and shook his head.

"Eunuch Xiao and I discussed the date of the engagement. Fugui returned to the Eastern Palace and told His Highness about it. After His Highness found out, he took back the house he originally lived in and replaced it with a new one with two entrances and two exits. The decoration was ready-made and the furniture was of high quality."

Zhang Ronghua had guessed that he was the reason why the Crown Prince had taken action. By using this method to rope him in, he was completely tied to his ship. Furthermore, based on the methods the Crown Prince had displayed that night and his guesses when he was on duty in the Eastern Palace, there must be a hidden force. It was not difficult to investigate Su Qitang's attempt to rope him in and send Snow Garden. On the surface, the Crown Prince could not do anything, but he could use some opportunities to reward him and rope in the people around him. Just like this time, no one could find fault with it..

Chapter 368: Legend of the Human Emperor

Other than that, after this incident, unless he spoke up, Zheng Fugui would carry out the Crown Prince's orders very thoroughly. If someone wanted to harm him, he would charge forward without hesitation. Even if he died in battle, he would not retreat.

To Zheng Fugui, this was a good thing!

At least with the Crown Prince's care, his future path as a military officer would be much smoother. Although he had to endure the experience, it was better to be safe.

"Has the word 'wealth' started?"

"Not yet!" Zhang Qin shook his head. Eunuch Xiao was also in a dilemma. The people he knew were in the palace. Although Eunuch Wei's status was sufficient, he was not suitable!"

Generals and eunuchs are two systems, red lines cannot be crossed over!

"His Highness didn't mention it either, as if he had forgotten about it! As for the others, I don't think there's anyone qualified in the circle we know."

Whether it was the Zhang family or the Zheng family, one was in the Flood Dragon Guard system, and the other was in business. The former might have some face in the middle and lower levels, but it was not enough to face the upper levels. Moreover, Zheng Fugui was now the dental general of the Eastern Palace Rong Guard, and Zhang Ronghua was still the chief. It was a joke to let the other members of the Flood Dragon Guard come up with the words.

The people that the latter knew were all merchants and did not even have official positions. No matter how rich they were, a single word from them could send them into the abyss in front of the powerful. If they were allowed to write, Zheng Fugui would become a joke among the generals, a black mark that could never be washed away.

He asked again.

"What about you?"

Zhang Ronghua pondered for a moment and made a decision. He nodded. "Go and inform him tomorrow. Tell him to wait for me at the Vermilion Bird Sect."

"Is it convenient?"

“Yes.” Zhang Ronghua nodded. “Alright! I’ll inform him tomorrow.”

After dinner.

They chatted for a while more. Seeing that it was getting late, Yang Hongling bade farewell. Zhang Qin and Zheng Rou sent them out of the residence and instructed Zhang Ronghua to send her home.

On the street.

The two of them walked side by side. The moonlight tonight was not too good.

Dark clouds covered the sky and blocked out the moonlight and starlight. Occasionally, some would fall and fall on the two of them, reflecting their backs for a long time. From behind, they looked like a match made in heaven.

Yang Hongling reached out her jade-like hand and stroked her hair.””Auntie and the others are too enthusiastic. They even let me come over often.”

“What did you say?” Zhang Ronghua smiled.”

Yang Hongling squinted at him and looked away. Looking at the darkness in front of her, Yang Hongling didn’t answer but asked,””You guess!”

“A woman’s heart is like a needle in the sea.”

“You understand women very well?”

Zhang Ronghua shook his head. Dante was easy to understand, but he knew a little bit about it under the influence of Er Xuan.”

“He’s also a pitiful person. He only has one grandfather left in this world. It’s been many years since we last saw each other! It was said that some time ago, his grandfather sent someone to deliver a heaven-defying spirit herb that cured his body?”

“Yes.” Zhang Ronghua replied.

Some things couldn’t be said. The implications were too great.

Yang Hongling asked again, “Why do you still want to stay in the Department of Education when you’ve recovered?”

He obtained a Divine Art from the imperial palace’s arsenal-the Gold Emperor Heaven Burning Art. This technique belongs to the fire attribute. After cultivating it, one will be bathed in flames and burn one’s body. Only when one cultivates the sixth realm skill, Near-Dao, Yin-Yang Fusion, can this problem be solved! Otherwise, if they wanted to eliminate the internal fire in their bodies, they would have to consume Yin-attribute spirit herbs. With the Ding Clan’s financial resources, they could completely afford it. However, if they consumed spirit herbs for a long time, they were afraid that they would not be able to replenish themselves! The best way was to go to the bar and balance the yin and yang to eliminate the hidden danger.”

Yang Hongling rolled her eyes and muttered, “What kind of person cultivates what kind of cultivation technique.”

She slapped the pouch on her waist and took out the Five Elements Illusionary Spirit Technique.

Zhang Ronghua didn’t stand on ceremony. He took the spell from her hands and flipped it open. The darkness couldn’t block his vision. It was as clear as day. The entire text was no more than a thousand words. Even if an ordinary person obtained the ancient text, they would be blind if they didn’t understand it. According to the records, the Five Elements Illusionary Spirit Spell could control the five elements and change them at will. If that was all, it wouldn’t be worthy of being a spell, much less become the treasure of Changqing Academy.

Its marvel was that it could condense the Spiritual Qi of Heaven and Earth and transform it into the Sacred Beasts of the Five Elements to fight. The Sacred Beasts of the Five Elements were the Azure Dragon, White Tiger, Vermillion Bird, Black Tortoise, and Qilin. If one cultivated to the sixth level of the

skill, the Sacred Beasts of the Five Elements would be like the descent of the Sacred Beasts, possessing all their abilities. This was the terrifying part. Otherwise, it would not be as famous as the Vast Myriad Sword Technique.

He finished reading it in one go.

Zhang Ronghua had already memorized it, and the terms contained in the divine techniques had also been deciphered. In the eyes of those who understood it, this thing was like a decoration. In front of different people, it was more difficult than the heavenly book. He handed it over.

Yang Hongling was puzzled. Her beautiful gem-like eyes rolled around and she asked tentatively, "Don't tell me you remembered everything?"

"Yes."

"Thoroughly?"

"Yes." Zhang Ronghua once again responded with a voice of agreement.

Yang Hongling put it away and introduced it, "" This divine art was created by an expert from Changqing Academy. He was extremely talented and his talent was even higher than the heavens. Unfortunately, he was hurt by the word 'love' and disappeared for more than a hundred years. When he returned, his lifespan was already at the end. He did not let the divine art he had spent so much effort to create disappear. He held on with one breath and passed on this divine art. It is said that in order to create this divine art, he killed the five spirit saint beast."

"Such a person shouldn't be as simple as reaching the end of his lifespan, right?"

Chapter 369: Legend of the Human Emperor

After breaking through to the Heaven Tier, one's life level would undergo a transformation. As long as one's origin wasn't damaged, it wouldn't be difficult for one to live for several hundred years. If one consumed medicinal pills that increased one's lifespan, or cultivation techniques or divine arts, one could live even longer.

If he could take another step forward and break through to the heaven ascension realm, his lifespan would double. Heaven ascension realm! What was ascending to the heavens? Every step was a heaven. Every step he advanced to the next heaven would give him enormous benefits.

Yang Hongling nodded and continued, ""A dead heart is greater than a broken soul! "

"Looks like he's really hurt too deeply by his feelings."

"Yes, I am!"

Zhang Ronghua asked again, "Where's the Great Five Elements Avatar Avatar?"

Yang Hongling sighed. In that era, Changqing Academy was really full of talents, making Destiny Academy and Jixia Academy jealous."It was created by a deceased palace master!"

Putting aside the faction, in terms of talent, a person who could create such a divine art was worthy of respect!

"Have you ever thought that the Five Elements Illusionary Spirit Technique and the Great Five Elements Free Incarnation are very compatible with your school's Great Five Elements Heaven-Breaking Sword Formation?"

How could Yang Hongling not know this?

How could it be as simple as matching? They were simply a perfect match!

Using the Great Five Elements Incarnation, condensing the Five Elements

Incarnation, and then using the Great Five Elements Heaven-Splitting Sword Formation. The five of them used five sword formations at the same time, and then fused the five sword formations as the foundation. The power that erupted was not just heaven-defying. It could even kill a god! No matter how many experts stood in front of him, the two great divine powers were like entering a state of anatta!

To put it arrogantly, even if the Hundred True Spirit Races, beasts, demons, and Grand Shang joined forces, they wouldn't be able to stop them.

"Not two, but three great divine abilities!" Zhang Ronghua frowned and reacted quickly."

"Yes." Yang Hongling nodded.

Jixia Learning Palace has two Mystical Powers called the 'Five Extremes

Righteous Cultivation Method' and the 'Five Extremes Supreme Divine

Cultivation Method.' The former is a prerequisite Mystical Power, just like the Vast Myriad Sword Technique. The latter can only be cultivated to a profound level. If one successfully cultivates the Five Extremes Supreme Divine Cultivation Method, in theory, it can increase one's combat strength indefinitely. Even the former can increase one's combat strength by a terrifying amount. Together with the Great Five Elements Heaven-Splitting Sword Formation and the Great Five Elements Freedom Incarnation, Grandpa once said that the world was huge! No one can stop it."

Zhang Ronghua frowned." Why does the Palace-guarding Divine Powers of your three academies seem to be a set of Divine Powers?"'"

"I'm not too sure either." Yang Hongling shook her head."

"Have you ever thought about how powerful these three divine abilities would be if they were combined with the secret skill of Trampling Heaven's Path?"

Yang Hongling's steps were suspended in the air. She paused for a few seconds and then landed on the ground. Her beautiful gem-like eyes were filled with deep shock. She had never thought about this question. If a person could really master these three Mystical Powers and this secret skill, then, then...

She didn't dare to think about it anymore!

Then, he shook his head, "How difficult! Whether it was the Great Five

Elements Heaven-Cleaving Sword Formation, the Great Five Elements Free

Incarnation Super Power, or the Five Extreme Supreme Divine Heart Technique, they were all Super Powers that guarded the palace. They were related to the inheritance of a school. No matter if they were to exchange or force it, they would not hand it over! Previously, you asked me if I could obtain these two sacred arts from Changqing Academy, but I wasn't confident either! Even if he tried, he would still fail. He didn't expect that someone would send a voice transmission to Xu Xirou, asking her to use the Five Elements Illusionary

Spirit Technique as a bet."

He paused for a moment before continuing.

"We've already obtained the Five Elements Illusionary Spirit Technique. The protection of the Great Five Elements Incarnation will be even stricter. Without a great divine art at the back, the value of the pre-set divine art was not high, and it was impossible to form a set of divine arts. Taking a step back, even if he had obtained three top-notch great divine powers, what kind of talent did he need to be able to learn them and master them?"

Her gem-like beautiful eyes rolled around and landed on Zhang Ronghua. She smiled mockingly, "Maybe you can!"

"..!" Zhang Ronghua was speechless.

"I'll explain the Five Elements Illusionary Spirit Technique to you once." "Yes." Yang Hongling nodded.

With her intelligence and memory, she could remember it in one go. There was no need for her to repeat it a second time.

As they spoke, the two of them arrived a hundred feet away from the gate of

Fate Academy.

"We're here," said Zhang Ronghua. "Be careful," Yang Hongling warned."

"Yes."

He turned around and left.

Yang Hongling was not in a hurry to enter. She waited until his figure completely disappeared before entering the Fate Academy.

In the courtyard.

The old man didn't sleep. He sat on a stone bench beside the spiritual lake and brewed a pot of Eastern Sea Ten Thousand Spirit Tea. He had drunk more than half of the tea since dark.

The crisp sound of footsteps came from outside. Yang Hongling walked in. Her beautiful gem-like eyes swept over and saw her grandfather sitting on the stone bench. She was shocked. The smile on her face instantly disappeared and she regained her composure. It was as if the person who laughed just now was not her, but someone else. She walked over and pretended to be calm as she asked, "Grandpa, you're not asleep yet?"

The old man looked at her and stroked his beard. ""Where did you go with him?"

' I went to Changqing Academy and beat up Xu Xirou. I got the Five Elements

Illusionary Spirit Technique from her. Ran, ran..."

He stammered for a long time and did not say the rest of the words..

Chapter 370: Legend of the Human Emperor

"Did you go home with him?" the old master asked on her behalf."

"Yes." Yang Hongling lowered her head, bit her red lips, and responded softly.

He pointed at the chessboard.

"Play a game with Grandpa," the old man said."

He returned home and entered the bedroom.

Zhang Ronghua sat on the bed and didn't rush to sleep. He went through the Five Elements Illusionary Spirit Technique in his mind before he started to cultivate. The Divine Sense of the three academies had one thing in common. The more powerful the Divine Sense, the prerequisite was to master the Righteousness Qi. If you couldn't comprehend the Righteousness Qi, you wouldn't be able to cultivate it even if you were given a Divine Sense. It was the same for the Five Elements Illusionary Spirit Technique.

Using Righteousness Qi as the foundation and combining the five elements to form one's own Five-Element Saint Beast seemed simple, but it was actually very difficult. Even if the method of forming a Saint Beast was marked on it, it was not that easy to do.

For him, there was no such restriction. With his heaven-defying talent, no matter what he learned or cultivated, it would be very fast, including the Five Elements Illusionary Spirit Technique. He would start with the Azure Dragon first. According to the cultivation method on the book, he would sense the wood

attribute. The Azure Dragon belonged to the wood attribute, so he would establish a connection with the wood attribute Spiritual Qi in the air. Then, with the Righteousness Qi as the foundation, he would fuse the wood attribute to form the Azure Dragon,

If it was an ordinary person, it would be harder than ascending to the heavens to control the two attributes and carve the Azure Dragon!

The meridians, dragon scales, dragon claws, and dragon might alone were not something that could be done in a short period of time. In his hands, it only took him fifteen minutes to create a three-meter-long Azure Dragon floating in the air. It was completely condensed by the Righteousness Qi and the wood attribute. The azure light soared into the sky and was realistic. It was as if it was not a spiritual body, but a real Azure Dragon that had descended into the world.

Similarly, the more lifelike the five-element saint beast was, the more powerful it would be.

Zhang Ronghua nodded in satisfaction and condensed the Vermilion Bird.

Two hours later.

The five spirits floated in the air according to the positions of the five elements. They were all three meters tall, realistic and spirited, emitting a huge True Spirit pressure.

He controlled them and tried to fight. The more he used them, the more proficient he became. In the blink of an eye, the night had passed. Seeing that there was still two hours before dawn, Zhang Ronghua stopped.

After a night of cultivation, he had already reached the basic level of the Five Elements Illusionary Spirit Technique. Coupled with his terrifying foundation, his power was very strong. If the people of Changqing Academy saw this, they would definitely be shocked!

He waved his right hand.

The five spirits turned into five different colored spiritual lights and entered his body. If he were to fight, they could appear in an instant with a thought. As long as they were not scattered, they could be released at any time.

If it was destroyed in battle, it would take some time to reform it. Overall, it was very practical.

He got out of bed, opened the door, and went out. Looking at the dark night, he smiled bitterly. Although being promoted was a good thing, he had to wake up early to attend court. After washing up, he had to change into his official uniform.

Uncle Shi knew that he was going to attend the morning court session today, so he woke up very early. He bought breakfast at the south street and placed it in the lobby. Zhang Ronghua ate first while he prepared the carriage of time.

After breakfast.

Sitting on the Time Carriage, he left through the side door and rushed towards the Vermillion Bird Gate. At this moment, the effect of the carriage was fully

displayed. Lying on the bed, covered with a blanket, Zhang Ronghua took a nap and slept for a while.

Some roads were full of potholes, and the Time Carriage traveled as if it was walking on flat ground. It did not feel any bumps at all, and the shock absorption effect was very strong.

When he arrived at the Vermillion Bird Gate, he stopped a thousand feet away.

Uncle Shi turned around and looked into the carriage. He reminded softly, "Qinglin, we're here."

"Yes." Zhang Ronghua opened his eyes and responded.

He lifted the curtain and came out.

There was a familiar carriage parked at the side. It belonged to Pei Cai. The butler was standing beside the carriage. When he saw him come out, he quickly came up to him. "Lord Zhang, you're here!"

Zhang Ronghua looked at the carriage beside him and guessed it. He asked, "Uncle Pei is inside?"

"Master is in the car."

He walked over and stopped beside the carriage.

At this moment, the curtain of the carriage opened and Pei Cai came out. He stepped on the small stool and smiled gently. "Coming!"

"Thank you for your trouble, Uncle Pei," said Zhang Ronghua.

"This is your first time attending court. If you take the wrong path or delay something, wouldn't you be giving them a chance?"

"Let's go!" Pei Caihua said. "Let's go in."

The two of them walked together and entered the Vermillion Bird Gate, walking towards the Purple Extreme Hall.

The Purple Extreme Hall was the Town Hall of the Hundred Officials. On the way, he explained the things to take note of, the standing positions, and the rules in great detail. He also briefly introduced the factions in the court. In one sentence, there were many factions in the court. In addition to the factions on the surface, there were also the princes or concubines in the dark. Some people were hidden very well and could not be seen unless it was a critical moment.

Some people had a clear stand, but there was one thing to pay attention to. Look more and talk less. If it did not involve your own interests, it was best to pretend to be deaf and dumb. Don't make enemies randomly, wait until the court session is over before dispersing.

If it involved his own interests, he could not retreat! Not even half a step. Otherwise, once you opened your mouth, there would be a second time, a third time, and it would never stop. In the eyes of outsiders, they would think that you were easy to bully.

When it came to the point where they were like fire and water, competing with each other in terms of eloquence, they must not hold back. They must use all their abilities to make the other party doubt their lives. There was one thing that was very important. They could fight! They were all within the rules, but they couldn't make a move. If they did, they would break the rules..
