

## BE EATEN UP WITH LOVE

### Chapter 6: The Man at the Top of the Pyramid

As time went by, the summer vacation was coming. In this month, the name of Wayne Gilbert seemed to disappear in my life.

During the summer vacation, I was busy with paying the rent and earning the college expenses for the next semester.

Now it was a society in which either the beautiful appearance or growing up in a rich family was advantageous. Fortunately, I was good-looking so that my appearance could give others a deep and wonderful impression even without cosmetic surgery. This beautiful face had really helped me a lot. At least, it could make my job hunting go smoothly.

At present, I was in charge of receiving customers who went to the store to customize clothes by themselves in a upmarket private men's clothing shop. After living a life for so many years at the bottom of the society, what I learned most was to talk to others in the appropriate way and in the proper time and place. I would try my best to please the rich people by talking about what they liked and never mentioning what they disliked. After half a month, my basic sales performance was equal to the our group leader's.

Another week passed.

After lunch, I was idly leafed through business magazines in the shop.

Suddenly turning over a page, I was absorbed by the content of the whole page.

On the page, the picture of a man in a suit and leather shoes occupied half of the space. The five sense organs were so delicate as if they were carved. Below a pair of dashing eyebrows were the dark and deep eyes. He had a tall nose and it could be guessed that he was cool and grim from his thin lips. Even if it was just a photograph, it was unquestionable that the man was elegant and charming.

On the other side of the page, the huge black headline "Wayne Gilbert spent a billion dollars hiring the top design team in the world to start the new real estate Jiurun Minting".

Next to it was a very luxurious 3D model of the villa!

I was shocked by the amount. I knew Wayne Gilbert was rich, but I never imagined he would be so rich.

I put down my magazine and typed "Wayne Gilbert" in the search engine on my mobile phone.

Soon, a large amount of information popped up and his Baidu Encyclopedia had been built on the Internet. I looked it through and found that the introduction about him was very detailed. He started from scratch and led the Wayne Group he established on himself be listed in the United States at the age of 26. Only five years later, the Wayne Group monopolized the entire real estate, hotel and entertainment industry in Liang city. As the CEO of the Wayne Group, his name, Wayne Gilbert was more and more popular in the business district.

But what caught my attention was the following slogan "the love story analysis of Wayne Gilbert, a 31-year-old golden bachelor and the big shot in real estate industry.

When I was going to click in to read more, suddenly there were footsteps coming. I immediately put away my cell phone and raised my head with a professional smile, "Welcome to..."

Because of the angle of view, I could only see a man and a woman. The man was slender and proportionally symmetrical. Seen from his figure, he must be a

successful man. And the woman in a silk dress, carried a Hermes bag and gracefully stood beside the man.

I immediately greeted them, thinking that if I made another list today, the bonus in this month would be considerable.

"What do you need, sir?"

The man turned around, but when I saw his face, my smile froze on his face. For a moment, I thought I had hallucinated. Why did I meet Wayne Gilbert in such a place? Later, I realized that this shop was the most famous upmarket customized clothes shop in Liang city in which any one cloth was worth tens of thousands dollars. So It was not surprising that rich people like Wayne Gilbert would come here.

But the woman next to him might be his girlfriend.

Wayne Gilbert squinted, "Why are you here?"

Originally, I wanted to pretend that I didn't know him. But when he asked this question, I really didn't know how to respond. Looking at the tall and thin woman beside him, I said, "Uncle Wayne, I'm observing and learning from real life here." Wayne Gilbert raised his eyebrows and I couldn't find any emotional change in his eyes.

"Uncle Wayne?" The woman looked up and down at me, "Why don't I remember that I still have such a niece?"

Niece!!

I looked at Wayne Gilbert in surprise. It turned out that this woman was not his girlfriend, but Katherine Gilbert's aunt and Wayne Gilbert's younger sister, Simona Gilbert. I blushed instantly and was quite embarrassed.

I didn't know why I was so unconfident in front of Wayne Gilbert. Just like a shrinking tortoise, once I saw him, I wanted to retreat into the "shell". I lost the courage at that time when I was drunk and seduced him and then slept with him. "Customize a suit for me."

After Wayne Gilbert finished speaking, Simona Gilbert continued, "Brother, the suit should be red. My engagement must be jubilant."

Red!!

I immediately imagined Wayne Gilbert's look wearing a red suit, which was simply unbelievable!

## Chapter 7: Seduce My Uncle

It was the first time for me to be so close to him after a month. I quickly measured his vital statistics and recorded them on my mobile phone.

During this period, Wayne Gilbert was very cooperative and allowed me to measure these three statistics.

"Do I need to take off my clothes in order to make the measurements more accurate?" He said with a grin over my head.

I shook my hands and suddenly imagined a lot of the scenes in which he wasn't dressed, which made my face turn red.

"No need."

When I finished speaking, I squatted down to measure the length of his leg.

During this period, I always felt that he was looking at me.

I looked up and saw his eyes fall on my chest...

I cursed in a low voice, "You are so shameless." Then I stood up and gathered the coat up in case of being exposed.

"Well, please pay a deposit of 10,000 dollars, and take the clothes in the store in three days." I wrote the list and handed it to Wayne Gilbert, waiting for him to pay. Although it was comfortable to receive his list, in order to get a 10% performance commission, I had no choice but treat him as an elder.

"Three days later, my company will be busy. You send it to my company." Wayne

Gilbert took out a pile of cash from his bag and handed it to me. Using the bill counter to check the money twice, I put the cash in the drawer and

said, "Our store doesn't provide the service of delivering goods to the customers' home. We won't be free in three days. When you are free..."

Before I finished, the manager rushed over in a hurry, showing a respectful look which was more exaggerated than when she showed respect to her grandfather, "Mr. Gilbert, I'm sorry, this new employee doesn't understand the service items in the store. We must deliver the goods to your company in three days."

"Well!" Wayne Gilbert nodded and went away satisfiedly with Simona Gilbert.

"Lydia, what's wrong with you today? Our shop service purpose is that customers are God. We must completely satisfy customers' demands. At the meeting, we emphasize every day that we must not offend our customers and customers are the people on whom our livelihood depends. Can we refuse their requests?

Looking at the manager's face, I couldn't help asking, "Manager, if the customer asked me to lick his penis, would I?"

The manager looked at me and answered a word, "Lick!"

...

After work, Katherine asked me to have a barbecue.

I waited Katherine at the intersection for a long time but still didn't see her and her cool Ferrari.

Then I saw Katherine, who had gone out in a luxury car all the time, now was driving a "donkey", a battery car, to stop in front of me.

"Don't you have a car? Why do you drive the battery car today?"

Katherine stepped on the foot rack, "Two days ago, I went for a ride by the river. But I accidentally drove the car into the river. Fortunately, it is an open car so I can swim back."

"Where's the car?"

"Perhaps it has sunk to the bottom of the river. In two days I'll ask my uncle to get it out of the water."

Hearing that, I changed the expression on my face. I clearly knew the worth of Katherine's sports car, "Three million dollars. You just throw away in this way. You are a black sheep, a black sheep!"

"It is a birthday present my dad bought for me, and he doesn't know I have driven it down the river, or he would have killed me. Recently, I am very poor and my pocket money is under the control of my father. It seems that I need to ask my uncle to help me."

At the barbecue stand, we ordered a lot of kebabs and several bottles of beer.

"Lydia, are you still looking into that matter?"

I took a sip of beer and laughed bitterly, "I have no money and no power. How

can I investigate it? When that thing happened, I was only six years old. Many evils have been well buried. It's hard to dig out the mastermind of that incident!" Looking at my sad look, Katherine suddenly came up with some ideas. "Lydia, you go to find my uncle. My uncle is very well-connected. He has some acquaintances in the Public Security Bureau and the procuratorate." I was stunned. Indeed, according to Wayne Gilbert's current status in Liang city, it

was estimated that it was easy to go to the Public Security Bureau to look into something.

But would he help me?

"Lydia, I'll help you figure out one way in which you would definitely become noble, rich and powerful and then live a beautiful life. As for revenging for your parents and reclaiming justice, my uncle can immediately help you to make it! You go to seduce my uncle. You'd better climb up to his bed and sleep with him. My uncle is the one who attaches importance to the matters of emotion."

## Chapter 8: Sleep With My Uncle

After Katherine finished, I couldn't help spraying out a mouthful of beer.

Suddenly I looked at her in a shock.

I had already used this method, okay?

"Then you try to get pregnant. Depending on the baby in your stomach, you can force my uncle to marry you. At that time, you will be my aunt. Of course, the most important thing is that when you become my aunt, you can tell my uncle privately to give me more pocket money. Lydia, you say this method I thought is good or not, wonderful or not?"

The more she said, the more energetic Katherine was. But I dare not breathe, because Wayne Gilbert had got off his Bentley car and had come behind Katherine with his face cold and expressionless ...

"My uncle has been an old man at the age of 31 years old. You are only twenty years old. It was aggrieved for you to marry my uncle. Think about it. When you are thirty years old, my has been more than forty years old. Besides, my uncle is stingy and bad-tempered, but he's very passionate. For example, for his ex-girlfriend, he always ... What's the matter? Lydia, why do you open your eyes so largely?"

Looking at my dull expression, Katherine was puzzled and then turned around mechanically.

"Un...uncle!" After two giggles, she said, "Why are you here, uncle?"

"Your dad said that the traffic police called him and said your car was in the river."

Wayne Gilbert took a look at me after he finished his speech and continued to look at Katherine and said coldly, "I haven't expect to hear all your schemes as soon as I arrive."

I was embarrassed and thought to myself: Now, Wayne Gilbert, you should have known that it was not me who made your niece learn to be bad, but was your niece who made me learn to be bad...

Katherine looked at me sadly, timidly like a rabbit that had been caught. Under Wayne Gilbert's cold eyes, she got on the car obediently. I was amazed that there was also someone that could frighten her, a fearless she-devil.

"I'll take you back. Get on the car!" After paying for the barbecue, he walked around to me and said.

Being frightened, I stepped back. Keeping a safe distance from him, I waved my hand, "No, I'm going back with Katherine's beautiful 'donkey'. Anyway, it's not very far. You go first."

Peddalling on the 'donkey', I disappeared as soon as possible.

When I got home, I found out how fast my heart was beating. When I met Wayne Gilbert again, I thought I would keep calm and not be chaotic. Unexpectedly, we just met each other twice, and I felt like I had lost my soul. I soon comforted myself this reaction was normal because this was the first man I liked. As long as I didn't met him in the future, I would forget him and all the things related to him as time went by.

The man, at the age of thirty, had gone through vicissitudes of life and had been experienced. It was not possible for me, a girl at the age of twenty, who just stepped into the society, to imagine to be together with him.

After taking a bath and applying a mask, I had a good rest. And I became energetic again on the second day.

Last night, I thought it was my last time to meet with Wayne Gilbert. Obviously, I was wrong.....

"Lydia, this is custom-made clothes for Mr. Gilbert. The designer make them last night. You need send them to Mr. Gilbert's company immediately and bring back the remaining sum by the way. Also, don't talk so bluntly and learn to be coquettish. If you offend Mr. Gilbert again, I'll fire you and let you go home. You know? "

The manager talked to me with an old face full of hyaluronic acid and put a gift box in front of me.

There was a saying that do not fear the powerful and influential people, do not make curtsies for the salary of five bushels of rice. I really wanted to learn from the ancients and say Goodbye to my job. As for Wayne Gilbert, let him die! However, next month's salary was still in the hands of the old witch, so I could only gather up my ambition and deliver clothes with indignation and obedience...

## Chapter 9 : The Nobles of Liang City

After two bus transfers, I finally found the location of his company. The company logo in front of the dozens of office buildings that rise into the sky, was a symbol of Wayne Gilbert's wealth. This Jinding building had been a landmark building in Liang City. Every time I passed by, I would marvel at this fantastic architecture and its designer. Unexpectedly, Wayne Gilbert's company was in this building and it occupied half of the floors! After asking the way, I confirmed the exact floor of his president's office. The elevator stopped at the fiftieth floor. Getting out of the elevator, the creative decoration with the unity of luxury and simplicity showed Wayne Gilbert's unique taste. I previously thought that people in real estate were basically the rich old men, and their tastes were vulgar. Unexpectedly, Wayne Gilbert completely changed my idea... Soon I found his president's office. I did not understand that would Wayne Gilbert be in the company at this point in time? I raised my arm nervously and was about to knock, but the woman in the next secretarial office stopped me. "Hello, can I help you?" I looked her up and down, and found that this woman's small face was white and clean. She wore the clean suit and smiled kindly.

Wayne Gilbert was so lustful that he could have sex with me just in the car. His secretary was so beautiful with the standard mistress face, and how could he resist the urge to have sex with her since she served him every day. "Hello, I am an employee of Si Yu customization studio. This is a suit customized by Wayne Gilbert in our store. I would send it to him and check the remaining

balance payment.”

“Do you have an appointment, Miss?” said the secretary, looking me up and down.

To make an appointment... You had to make an appointment to collect the debt these days?

Sure enough, those who owed money were all amazing people!

“Actually..... Young lady, I had an appointment with Wayne Gilbert and he said that I could come directly to find him.”

“If so, please go in, but Wayne Gilbert is chatting with the deputy director of public security bureau, the municipal leader, and the people working in planning bureau. You need to wait for a while outside.”

I nodded, and I carefully walked in. Through the glass door, I cast a glance at him from afar.

There were certainly several people talking inside, and I saw Wayne Gilbert sit on the sofa smoking immediately.

He didn't seem to notice me coming and kept talking to the people who mattered in the Liang city. And those city leaders were all arrogant when they saw other

people. But when they talked with Wayne Gilbert, they seemed to be restrained and even complimented Wayne Gilbert scrupulously.

I suddenly thought of the suggestion of Katherine, acquiring relationships with him...

I wanted to find out the murderer who killed my parents, and the sin buried by money and power.

With Wayne Gilbert, I could seize the scepter of power, find out people hiding in the dark, and find out the truth of that year passingly!

But, I continued to pester Wayne Gilbert for some purpose at the cost of my chastity, this approach...

I suddenly felt heavy at heart, and even felt buried under the pressure. Standing up, I intended to go to the bathroom, and to wash the face in order to keep a clear sense!

Coming out from the toilet, I found Wayne Gilbert was going toward the toilet. He saw me, and said with surprise, “why did you come?”

I mentioned the gift box in the hand, “I was going to send clothes to you, but I saw you have a guest. Thus, I refined the make-up in the toilet first.”

He responded and went into the men's room.

I wanted to leave his clothes and came back. But if I didn't take the rest of money back, the manager would probably just pay the debt by my meager salary!

So, I was going to his office and waited for him to come back from the toilet...

## Chapter 10: The Bad Nature of Men

I opened the door and found the guests had gone. I was the only person that left in the big office. I looked around and found that Wayne Gilbert was really enjoying himself on daily life.

The wine rack, a whole row of vintage red wine, I estimated that the value of this wine rack alone was more than one million yuan!

On the other side was a row of floor-to-ceiling bookshelves. There were many difficult books of business and philosophy.

"I did not expect that Wayne Gilbert seemed to be a pig with knowledge!" Just as I finished speaking, a big hand touched me from behind and Wayne Gilbert put his arms around my waist.

"I'm just a pig to you? So you are the sow that was fucked?"

Scared, I turned around and pushed him away. Eyes to eyes, his gaze was calm but profound.

"Wayne Gilbert, you still lack the balance of 53,000 yuan, and please pay me.

Then, I will grab the money and run. Besides, when you meet with me next time, please pay attention to your personal quality, and don't behave like a hooligan anytime and anywhere!"

I found that Wayne Gilbert was simply a Wolf in sheep's clothing!

He behaved like a gentleman when I met with him two days ago. In front of Katherine, he was like an elder. He seemed to be deep in thought when he saw me!

The typical beast in human attire...

"Please remember that we are not children, since it was you who seduced me in the beginning. Then you should know the consequences. I have feelings for you, and I want to keep making love with you. You can play hard-to-get with other people. When it comes to me, you should just stop."

Wayne Gilbert caught a glimpse of me, he sitting on the sofa, and his casual posture couldn't hide the noble style.

The irresponsible hookup!...

"Wayne Gilbert, I am not interested in you. The sex of the first time was for money, and the sex of the second time was buy-one-get-one-free. If you want to have sex with someone in the future, please don't look for me. For a man of your position, I don't think you lack a woman! Also, I don't think Katherine can know that her uncle Wayne was one of such people."

Wayne Gilbert sneered and walked over to me. He lifted my chin and said, "Lydia, you are a clever woman, and you should know that threats don't work for me! I'm not a living bodhisattva, and I don't have time for kindness. No matter what you slept with me for, now that you had sex with me, you can't refuse me, of course, until I get bored with you!"

I was so angry, that my heart seemed to be clenched with pain! If I had known the result of having sex with him at the outset, I wouldn't choose him by any means! He looked like a piece of dog skin plaster that I could never get rid of it.

I was regarded as the cheap woman who had sex with him for free!

He even said that when he got bored with me, he would dump me!

"Wayne Gilbert, although your superior appearance and your wealth make you arrogant, but you cannot require everything. However, if you are willing to marry

me, I'll give you a chance."

What I just said was in order to make him sick. If he was angry, I was happy! As to make Wayne Gilbert marry me, I was just kidding. It was easier to dream in bed for me.

"Lydia, having sex is just purely having sex without any meanings. Please stop playing the love game of primary school students. We are both adults, and you want me to marry you? You are so naive!" Wayne Gilbert laughed. From his voice, I clearly knew he mocked me.

I was insulted, and falling in love ending up without a marriage was undoubtedly behaving like a hooligan. Thus, for Wayne Gilbert, having sex was not for the purpose of falling in love. What was his behaving like?

"Wayne Gilbert, I am different from you. You can think only with your sexual desire. When you are happy by having sex, you can put up your trousers and ignore me. I don't want to have this kind of relationship and I can't afford to play this kind of game without love. So, please give me the rest of the money, and we will treat each other as strangers."

I said these words in one breathe, and it also made me can't fawn on Wayne Gilbert anymore.

Wayne Gilbert looked like a gentleman, but in fact, he was nothing but a shameless bastard in his bones!

Wayne Gilbert was silent for a moment, and sat on the sofa with his legs crossed. His gloomy eyes stared at me.

I supposed he had heard too much of his flattery, and too much of the women were willing to have sex with him. His face was darkened by my straightforward

rebuff.

"Right, Lydia, you have seed."

Then, he took more than fifty thousand yuan in cash from the safe, and threw it

onto the coffee table with a bang.

After I counted the amount, I quickly put the money into my bag and left without looking back.

I believed that after this time, Wayne Gilbert would never appear in my life.

...
