

Enchanted 380

Shirley stared at Irish unpleasantly while Kelly said with a weak voice beside her, "Shirley, you'd better not bring trouble on yourself. Do you forget that Irish will come to eat lunch with us? You have to save face for Henry. Don't argue with her." If it wasn't because of the family gathering tomorrow, she would not have come out with Shirley at all.

Of course, they were members of this shopping mall, so they would only buy some luxuries in the mall, while Mary usually went shopping on the first floor and bought some commodities at par.

After finishing her words, Kelly stepped forward and said with a faint smile, "It is unnecessary to call the police. I'll compensate for you."

Mary did not hear the words that Kelly said to Shirley, so she sneered and said, "It is lucky enough that there is still a reasonable person."

Shirley was going to get mad with her, but soon she changed her mind and smiled after taking a glimpse at Mary, and then she looked at Kelly, "Well, you are family. It is no wonder you will speak in support of her. Sister, you'd better strike up an acquaintance with her, or what if no one will get married to Lilith when she is pregnant?"

Mary turned severely after hearing this, while Kelly also became ghastly and roared at Shirley, "You are talking bullshit!"

"It's definitely not bullshit," Shirley reached out and stared at her nails that had just been finely crafted and added, "I saw a man who sent Lilith back at night, and they looked very intimated in the car. And then I found the man was Jay."

Speaking of this, she glared at Mary and said, "Don't you know that?"

Before Mary could respond, Kelly frowned and said, "It is impossible. They have broken up."

Mary was also annoyed by Kelly's attitude and snorted, "We dare not have any connections with the Lake family because I am afraid of being punished by God someday, so for the sake of my son's safety, I will definitely allow him to get married to Lilith."

Kelly frowned after hearing this, while Shirley did not intend to stop and walked forward, "It's really nifty. Rule your son. Don't let him follow her sister's misdeed."

"What do you mean he followed her sister? You'd better give me an explanation." Mary said resentfully.

Shirley turned to Kelly and pretended to be regretful, "Sister, it is not Lilith's fault since she is too young to distinguish between right and wrong. In my opinion, she must be tempted by Jay. Nowadays the policeman is not reliable. Have you heard the news that there were some policemen who always deceived some young girls' feelings? We are all unlucky since your daughter is deceived by a man while my daughter's husband is seduced by Foxtel, and she even went to South Africa to seduce my son-in-law. Doesn't she know that he is her brother-in-law? They are really disgusting, and they must covet the treasure of the Lake family."

Kelly hastily pulled Shirley and tried to stop her while Irish was completely irritated by her. However, before she could make any response, Mary rushed in front of Shirley, pointing at her, and said angrily. "Repeat that again, I dare you?"

"Of course. Do you want to know the details? Ask your son and your niece. They know what they did. Shameless!" Shirley said loudly while Kelly couldn't prevent her already.

Hearing this, Mary did not get angry; instead, she looked calm and asked while staring at her, "You are Shirley, aren't you?"

"Yes. I am. Do you just know me today? I remember that you abused me in front of my house several years ago."

Mary smiled and said, "Of course, I know you are Shirley. But I haven't seen you for many years and now you are wrinkled. Now that I didn't make a mistake, then don't blame me for what I will do next."

After finishing her words and before Shirley could react, Mary suddenly reached out and slapped her cheeks violently.

It happened so fast that Irish, as well as Kelly, didn't react. When they finally reacted, Mary slapped her several times, and Shirley was also shocked since she did not expect that she would do this. It was not until she had a burning pain on her face that she then reacted and began to strike back while screaming.

However, Mary was an iron lady, and she freed one of her hands quickly and pulled her hair while slapping her face with another hand.

Mary shouted while slapping her, "Do you know what my tenet is, and I will tell you now, I specialize in combating mistress. Do you forget that you seduced another woman's husband a few years ago? God is punishing your daughter since you have done so many misdeeds, and I am afraid your daughter is also a mistress, or why does her husband also abandon her?"

The slaps were mixed with Mary's shouts as well as Shirley's screaming, which attracted many bystanders, while some even took out their phones and took pictures and videos. Irish felt that the disaster was imminent and roared at the driver to stop those bystanders shooting video on them and shouted at Kelly, "Don't stand motionlessly. You'd better take her away."

Kelly was shocked by the scene since she did not expect Mary was so mighty and manly. Mary was originally an iron lady, and she hated Shirley so deeply. Today, she was irritated by Shirley, so it was natural that her rage would break out abruptly.

Mary was stronger than Shirley, so Shirley was no match for her at all. Kelly widened her eyes, and it was not until Irish shouted at her that she then realized and hastily pulled Shirley while Irish also held Mary tightly, trying to stop her.

"You are a bitch from hell!" Shirley shouted at Mary while her eyes were red and her hair disheveled. Her bag was trampled on the ground, and her shirt was torn up. What shocked her was her swollen face.

"You are the bitch, or why did you seduce another's husband?" Though Mary couldn't move because Irish held her tightly, she still did not intend to let her go. In the following second, she turned to those

bystanders and said loudly, "Look at this woman. She is Mrs. Lake, and she was a mistress who took the initiative seducing another woman's husband a few years ago and ruined other's marriage and family."
