

33 CHAPTER 33

"Dinner was delicious, Thank you!" Mia said as soon as Colton started the car.? 1

"You're welcome. I was able to get Simeon to prepare something for us."

"That was so thoughtful of you. I didn't have an appetite the whole day. Plus it was my favorite and was really delicious.?"

Colton smiled. "Same here, I was too busy with work to think of food. I only had cups of coffee. I'll let Simeon know that you enjoyed his meal."

"I would have recruited him to come to be our chef but my Mom will not let go of him."

Mia chuckled. "I'm not surprised. No one will want to let go of an amazing chef."

"I'll see if I'll be able to convince Mom and if I can't, I'll get Simeon to recommend someone for us."

"So, how have you been feeding yourself?" She couldn't help but ask.?

"Simeon arranges my meals. He's the head chef at Royals restaurant and also my Mom's personal chef so let's say I only trust him with

my food. I call him whenever I need something to eat and he will have it delivered to the office or my penthouse."

Mia nodded. "I feel kind of guilty." She whispered.

"Guilty? Why?" He asked, taking a glance at her.?

"You seem to know everything about me and I don't know much about you. You even know all the food I like."

"Don't be hard on yourself, Babe. You will learn to know me better as time goes on. And you can always ask me anything at any time. I'm not a creepy person but I only know almost everything about you because I had Chad investigate."

"Yeah, you Billionaires surely have your ways."?

Colton smiled. "And you? Aren't you a Billionaire already?"?

"Me?"?

"Yes ma'am. You're my woman, remember? Meaning anything that belongs to me also belongs to you!"

Mia shook her head. "You worked hard for everything you own so they are yours only."?

"That's not how it works, babe. You and our future kids are the reason I've been working my ass off all these years. So you've got to do me a favor, you have to embrace all of what I own. If not, all my years of hard work will be in vain."

Mia sighed. "You're going to be the end of me, Colt "

"If you say so, baby!" He smiled. "So, you thought I was going to give you a ring?" He took a glance at her.?

"You had no idea how scared I was." She mumbled.?

Colton chuckled. "I didn't mean to scare you. It was easy figuring out your dress and shoe size but it's not the same in the case of a ring. It needs to be your perfect size and of course, I didn't want to get something that you wouldn't like. But I think you should prepare your mind with regards to that because you will be receiving one from me very soon."

"Please let it be something simple and reasonable in price. I'm already wearing a necklace that's worth thousands of dollars, having a very expensive ring would be too much."?

"Noted, my love." He gave her hand a light squeeze.?

After what felt like forever, they arrived at Colton's penthouse. Putting her sleepover bag on a couch in the living room, he gave her a tour of his home.

"So, what do you think?" He asked the moment they came back to the living room.?

"Better than I envisioned it to be. It's perfect." She mumbled, still looking around, hoping to get used to this expensive lifestyle.

"I know everything here was done to suit my taste so some things may be too masculine but since you're here, let me know if you want us to change anything. Be it furniture or any other thing. I'll be glad to call someone over."?

"No, really, it's fine. I don't have anything in mind that I want to change. Everything is perfect."?

Colton nodded. "If you say so!"?

....

While Mia made use of the bathroom in the master bedroom, Colton made use of the one in the guestroom.

He finished before her so he came back to the master bedroom, sat on the bed, and occupied himself with his phone, replying to all pending messages.

After what felt like forever, Mia came out of the bathroom all dressed up for bed in her matching shorts and top.

"Are you out of shirts or something?" She mumbled when she saw him on the bed with just PJ pants.?

Colton looked up from his phone. His lips curved into a small smile upon seeing her in her nightie. He could see a bit of her cleavage. The sight of her long legs stirred up his dick.?

Colton tossed his phone aside and approached Mia who was standing not too far from the bathroom.?

She swallowed painfully, as she watched him come close to her. If it was even possible, she thought he looked sexier than the last time she saw him naked.?

"I'm not out of shirts. I just don't feel like wearing one tonight. Any problem with that?" He smirked.

"I'm going to the guest room." She said, but before she could leave his presence, he held her hand.

"We are both sleeping here." He pointed to the bed.?

"Then go put on a shirt!" She instructed.

"Why? I sleep shirtless most nights,"?

"You are not making things easy for me, colt." She said, avoiding looking him in the eye or any part of his upper body."?

He raised her chin with his thumb. "There's no need to be shy. We've seen each other naked and enjoyed each other's bodies. My body is all yours, babe. You're free to stare and touch anytime you want."

"You look gorgeous in your nightie by the way!" He whispered, slowly caressing her leg from her knee upwards, going as far as into her shorts."?

Mia's breath hitched the moment his skin came in contact with hers.?

"Colt..." she moaned softly.

"Yes, baby, you like what I'm doing to you?" He whispered to her seductively, then started showering kisses on her collarbone, playing with the hem of her panties at the same time. He was sure he was going to leave hickeys on her body because of how soft her skin was, but he couldn't care less. It was high time the world knew that she was his.

?

From her collarbone, he trailed kisses down

her cleavage area, still running his fingers over her damp panties.?

"Fuck!!" Colton cursed the moment he slid a finger into her pussy, she was so damn wet already.?

They were not far away from the wall so he pushed her against the wall, adjusted her top, and took in one of her nipples as he finger fucked her.?

"God! Colt! That feels so fucking good." She moaned, enjoying the pleasure he was giving her.?

Colton increased his pace, doing magic with his fingers and his mouth on her nipples. He didn't stop pleasuring her until she came really hard on his fingers. Colton had the pleasure of watching her cum. It was a beautiful sight to behold.?

While she came down from her high, he showered kisses on her face, down to her earlobe.

"Should I stop or continue?" He whispered. He really wanted to go on but as promised, he wouldn't do anything without her consent.

"Say something, Mia. I see the desire in your eyes, you want us to continue but I want you to voice it out." He caressed her cheek, looking into

her eyes. Not only could Colton see the desire in her eyes, but he could also see that she was in conflict with herself (if she wanted him to continue or not).

"It's fine, I'll wait till you're ready." He kissed her forehead, picked her up in a bridal style, and gently laid her on the bed. Mia avoided looking him in the eye.?

Colton ensured that she was properly covered with the duvet, then he excused himself. He went to the bathroom to take care of his boner. He was out a couple of minutes later in fresh clothes and this time around, he wore a shirt.?

"Do you like sleeping with the lights on?" He asked as he got into bed.?

"No." She answered?

Colton clapped his hands twice and the lights in the room went off. A couple of electronic devices in his home were sound-controlled.?

A few minutes later, a dim light by the side of the bed came on.?

"I'm sorry!" Mia's voice came through. Colton could hear the guilt in her voice.

"For?" He asked, turning to his side so he

could face her.

"For not giving in to what we both want." She got her own release but he had to go take a cold shower. She felt bad about it.?

Colton reached out and caressed her cheek. "It's fine. Babe. We will take that step whenever you're ready."

"I'm sorry!" She apologized again.

Colton chuckled. "Really, Mia, it's fine. You don't need to beat yourself up for it. I'm not mad at you, I'll never be."?

"Then why do you have your shirt on?" She whispered, looking him in the eye.

Colton frowned, "Didn't you want me to put it on?"?

"I did, but not anymore."

Colton sat up and took off his shirt. Mia snuggled up to him immediately. She placed her head on his chest and held on to his upper body possessively.

Colt placed a kiss on the side of her head. He also had his arm wrapped around her.?

"It's almost midnight. You should get some rest." Mia nodded against his chest.

"Your chest is so comfy, I also like the feel of

your arms around me. I have no doubt that I'm going to have a good sleep." She said in a sleepy voice.

Colt smiled. "I know I'm going to have a good sleep too. Goodnight love."

"Goodnight" she yawned.
