

34 CHAPTER 34

Mia was the first person to wake up. She opened her eyes to Colton's arm wrapped around her waist. She smiled. She also had her arm wrapped around his torso.? 1

She spent the first few minutes staring at his sleeping face and closely admiring his upper body. He was nothing short of perfection. He got the looks, the good and charming behavior, a great personality, the money, and the fame (not that she cared about that). He was indeed everything a girl could ever wish for.?

Mia showered his handsome face with a couple of kisses, caressed his cheek and hair for a while, then she decided to come back to reality, which was, getting ready for work.?

She gently released his arm from her and got down from the bed quietly. Once she got to the bathroom, She brushed her teeth, undressed, then got into the shower.

She was halfway through when she sighted Colton through the transparent shower wall. He smiled at her, then took off his pants. Mia unconsciously bit her lip as she saw his dick sprang to life. Her eyes never left him as he joined her in the shower.

There was no denying that she wanted him but she had no idea why she was holding back. Mia couldn't believe she resisted him last night. She honestly had no idea how much strength she had left in her to fight this.?

"Morning Gorgeous," Colton said in his husky voice. Mia's back was facing him so he hugged her wet body from behind and placed kisses on her shoulder.?

Mia suppressed her moan when she felt Colton's cock poking her ass. She had no idea why but she was very sensitive to Colt. Any little touch with his skin makes all the tiny hairs at the back of her neck stand to attention. He affected her so much and she had no idea if he knew that.?

"Good mornl...arghhh" she moaned when he began fondling her nipples.?

"Did you sleep well?" He whispered, but his voice came out seductively. He didn't stop playing with her boobs.?

Mia found it hard to respond to him so she just nodded.?

"Good to hear, sweets." He whispered, then spanked her left butt cheeks. Mia hissed. She was definitely not expecting that.?

Afraid that he might have just crossed the

line, he slowly twirled her around. She was looking at his chest area instead of his eyes so he raised her chin with his thumb.?

"Did I make you feel uncomfortable? You don't like it?" He asked, his eyes not leaving her, not wanting to miss her reaction.?

He was ready to apologize if she didn't like it but He could see her trying to hide her blush and that was a relief for Colton.

?She shook her head. "It was unexpected but I think I liked it" she whispered, unconsciously biting her lower lip.

"Good, because I'm not done with you, yet."?

He slammed his lips against Mia's own and gently pushed her against the glass wall.?

Mia had turned off the shower when Colton came in. So he put it on but to its lowest level.?

The duo fought for dominance as they both kissed passionately.?

Pulling away because they were out of breath, Colt trailed kisses down her neckline, to her collar bone, he sucked on both of her nipples for a while, then trailed kisses down her belly.?

Colton got on his knees, spread her legs apart, and then buried his face into her core, sucking on her pussy.?

"Fuck!!!" Mia cursed, the moment he started to pleasure her folds with his mouth.?

"Don't stop babe!" She cried in pleasure as he increased his pace. It felt so fucking good.?

Mia made it known to Colt that she was close to cumming. He knew too because he could feel the pleasure building up in her lower area but he didn't pull away. He pleased her till she came in his mouth.

?

He rose to his feet while she came down from her high. Colt got a hold of her before her legs gave up from exhaustion. He chuckled, placing a kiss on the side of her forehead.?

Coming back to reality, he saw that she was avoiding looking him in the eye.?

"Hey!" He raised her chin with his thumb. "I thought we've passed the stage of being shy about each other."

She blushed, "I'm not shy, I'm just embarrassed." She whispered.

"Why?" He asked.

"The way my body shamelessly reacts to your touch, everything about you."?

Colton smiled. "As it should but there's

nothing to be embarrassed about. You have the same effect on me. It's a pity we have to stop here because we both have to go to work. But don't worry, we shall continue the next time we are together."?

Mia swallowed painfully, slightly jamming her thighs together to ease some tension. She was anticipating when the next time was going to be."

"I saw that," Colton said with a smile on his face. She blushed in embarrassment.

"I can't wait for next time too. But you have to be prepared in case I can't control myself."?

Mia nodded slowly. She felt it was high time she gave herself to him.?

They shared a passionate kiss, washed each other's bodies, rinsed off, and then exited the bathroom to prepare for work.?

.....

"Let me help you," Mia said as she approached Colton. She took his tie from him and helped him knot it.

"Perfect!" She smiled, doing the finishing touches.?

"You're a master at this," Colt said, looking down at his tie.?

Mia shrugged with a smile. "I used to help my Dad knot his tie so I had no choice but to be good at it."

"Thanks, babe." He leaned closer and placed a kiss on her lips.?

"You're welcome," Mia whispered.?

"You want me to change into something else?" He asked when he saw her staring at him even though she was the one who helped him choose his present outfit.

Mia shook her head. "I was trying to figure out if you look more handsome in a suit, casual wear, or sleepwear!"?

"I think I'm more handsome when I'm naked. Right?" He winked at her.?

"Yeah, I think so!" Mia smiled. "It's going to be hard keeping other women away from you. Looks like I'm going to have my hands full as long as we are together."?

Colt caressed her cheek. "I'm a one-woman man so there's nothing to worry about! They all can't make me feel the way you do."?

Mia nodded slowly. "I feel special."

Colton circled his arms around her waist. "You should because you're indeed very special."?

"Thank you!" She smiled, tiptoed, and kissed his lips. Colton took advantage and deepened the kiss.?

"You're going to make me late for work." She playfully grumbled in between kisses.

Colt ignored and continued to kiss her. They both pulled away after satisfying themselves.?

"I'll talk to your Boss" He spoke.

Mia shook her head. "He knows I'm always punctual. I'll probably come up with an excuse."

"If you say so. Let's go have breakfast." With his hand on the small of her back, he led Mia to the dining room. They both got seated and dug in, making small conversations in between. Colton had told Simeon about breakfast the previous night so he had it delivered on time this morning.?

They were almost done with breakfast when the sound of the doorbell came through.
