

51 CHAPTER 51

While Mia took a shower, Colton made some calls in the living room. First, he called Simeon to send breakfast to them, and then he called all the necessary people, to make the emergency Sicily trip possible. Mia requested that they spend a couple of days there and Colt made up his mind that they were going to spend one week in Sicily, Italy. They will be returning to New York next Sunday.? 1

After speaking to a couple of people, Colton called the last person on his list. Caleb Royal.?

He was almost giving up about his brother picking up his call but Caleb eventually picked.?

"Heyyyyy!" A tired voice came through.

"Don't tell me you're still sleeping!" Colton said in disbelief.

"Of course, I am Colt. I was at the club till dawn. I've only slept for two hours so far."?

Colton shook his head. He wasn't surprised. That was the life his younger brother was used to. Partying and having the time of his life.

"Anyways, I need your help!"?

"Shit, are you dying?" Caleb sat up.

"What's up with dying? Are you in your right senses?" Colton replied.?

"You said you need my help. You're Colton Royal, remember? You don't need people's help. You literally do everything yourself and even when you need help, you don't come to me, even though I offer to help out."

Colton rolled his eyes knowing that there was a bit of truth in what his brother just said.?

"Will you help me or not?" He demanded.

"Sure, what is it?"?

"I'll be taking a week off work so I'll need you to fill in for me!"?

"A week off? Are you going in for surgery or something?"?

"God, Caleb!" Colton groaned.

"I need to know, Bro. Everyone in the office doesn't joke with their leave except you. You don't take work leave, you don't take breaks, you work round the clock and even on the sickbed. The only thing I can think of that will make you forget about work is you going in for surgery and of course, it will take days for you to recover."?

"Enough with your stupid assumptions and thoughts. Are you going to help me or not?"

Colton asked.

"It depends. Why are you taking a break?"?

"Mia and I are going to Sicily for a short vacation."?

"Wait, today's her birthday, right? Shouldn't you all be in Sicily already, based on what you told me?" Caleb asked, remembering the surprise Colt said he planned for Mia.

"I should have even called you earlier. You won't believe Rebecca tampered with the wine she served me."

"She tampered with it? How come?"?

"She put a pill in my drink when we weren't looking. Natasha sent her. By the time I got home from the office to prepare for the date, I was unconscious. Natty had her way with me and even face-timed Mia."

"Holy shit, that girl is psycho! You need me to arrange some guys to beat her up?" Caleb offered.?

"That wouldn't be necessary. My lawyer is already arranging her arrest. She will be properly dealt with. Same with Rebecca. And please help me inform HR that I need a new Secretary."?

"Sure, I'll inform HR. So sorry about that,

Bro. How's Mia holding up?"?

"I'm so grateful she decided to hear me out before things went out of control. Natty went really far this time around."?

"I'm glad you both are good. You all should enjoy your vacation. I'll take care of the company. You have nothing to worry about."?

"Thanks, bro. Just give me a call if things go beyond control."?

"Stop being a cry baby, Colt. I can handle the company. Focus on enjoying yourself. The best present you can give your woman is your undivided attention for the whole week. I would suggest you all throw away your phones if possible, to avoid distractions."?

Colton nodded. "We will definitely do away with our phones, only using it when necessary. Thanks, Caleb. See you in a week."?

"Have fun. My regards to Mia."?

Ending the call, Colton turned around and he saw Mia walk out of her bedroom, looking as good as new. With a small smile on her lips, She approached him.?

He possessively circled his arms around her waist and connected his lips with hers.?

"Feeling better?" He asked the moment they

pulled away from the passionate kiss.?

She nodded, biting her lower lip.?

"Don't" Colt commanded with his husky voice, using his thumb to separate her lower lip from her teeth.?

"Why?" She looked at him innocently.?

"You want to pretend you don't know there's a consequence for what you just did?"?

"What consequence?" She whispered, still feigning innocence.?

"Mia, don't let me push you against the wall and fuck the shit out of you." His pupil was getting dilated.

"What if that's what I want?" She whispered, snuck her hand under Colton's shirt, then slowly caressed his abs with her fingers.?

He swallowed painfully, "Mia!"?

"You need something?" She smirked.?

"I thought we were both going to be patient until we got to Sicily." He said, trying not to be distracted by what she was doing to him under his shirt.

"I had thought so too." She bit her lip. "But this man before me is just so difficult to resist. Why do you have to be so perfect, Babes?" She

tiptoed and stole kisses from him.?

"I'm so fucking glad to call you mine, Colt." She said in between the kiss. "Would have probably died of jealousy if you belonged to another woman"?

Pulling away, Mia dropped down to her knees, She started unbuckling Colton's belt.

"Mia," Colton groaned but she paid no attention to him. She continued with what she was doing. Pulling down his pants along with his boxers in one swift, his member sprang up to life.?

Mia smiled, taking his erect dick into her hand. Her smile got bigger when she felt Colton's breath hitch under her touch. She was happy that she had a great effect on him. Just as he had on her.?

Staring up at him, She started pleasuring him by putting the tip of his dick in her mouth.?

"Fuck!" Colton cursed, throwing his head back to enjoy the pleasure his Queen was giving him.?

Subsequently, Mia increased her pace, sucking and gagging.?

"Babe, it's okay if you cannot take all of it in. I don't want you to do more than what you can

handle." Colt managed to whisper, despite being in cloud 9.?

Colton's cock was hugeeee and Mia was trying to fit it all in her mouth. It was a bit difficult, but she did it.

"Fuck, Mia!" Colt cursed at her gesture!?

Mia smirked as she continued to pleasure him. She was glad she was able to go the extra mile for him.?

She loved it even more when Colton grabbed her hair and applied a bit of pressure in fucking her mouth.?

Mia continued to suck and gag until Colton couldn't take it anymore.?

"Mia, let go." He mumbled since he was close to coming.?

Mia smiled, ignoring his plea. She didn't pull away until after he came really hard in her mouth. She proudly swallowed all of his cum and cleaned him up. She pulled his pants up and zipped it, not forgetting to buckle him up. Then she rose to her feet.

"How did I perform?" She asked with a small smile on her face.?

"God, Mia, I almost passed out!"?

She laughed. "I will take that as a compliment. Feeling better?" She slightly caressed his cheeks with her fingers. "You've been tense since you got here. I was hoping you would be better by the time I got out of the shower but you weren't so I had to do what I did. I can't have my man looking grumpy all day."

"I didn't think you would notice. This release was much needed. Thank you." He placed a long kiss on her forehead.?

Mia smiled. "You're welcome, sweets"?

Tucking some stray strand of hair behind her ear, he spoke. "You know you're not obliged to swallow my cum. It's perfectly okay if you're not comfortable with it." Colt said, as far as he knew, not all women were comfortable with that gesture and he didn't want to subject Mia to what she doesn't want.

Mia shook her head, looking him in the eye. "You're clean so I'm not worried. I must confess that this was my first time swallowing anyone's cum. I was quite nervous but I don't regret it. You taste as sexy as you look." She blushed, unconsciously biting her lip in the process.?

Colton smiled, wondering what he did to deserve an amazing person like Mia. Separating her lower lip from her teeth, he spoke. "If you're going to make this a habit, then I think you

should get ready to be fucked at any time, irrespective of the venue”?

Mia blushed even more, “I’ll keep that in mind.”?

Colton raised Mia’s chin with his thumb so she could look him well in the eye. “I’m so grateful for your presence in my life, Mia. Everything between us started out so crazy but I’m glad for how far we’ve come. I promise to always make you happy.”?

“Same here, babes.” She tiptoed and placed a kiss on his lips.?

“How did the arrangement go? Will we still make it to Sicily today?” Mia asked, hopefully.?

“Yes, babe.” We will be departing by 12pm. We will take my private jet. Since it’s a nine-hour flight, we shall be arriving in Sicily at midnight. But don’t worry, you won’t be bored, there’s a lot of fun stuff we can do on the jet.” Colton smiled.

Mia swallowed painfully, “I’ll remember not to be naughty!”?

He chuckled, “you’re scared of trying new things while on board?”?

She playfully hit Colton on his chest.

“Don’t tell me you’re afraid of heights babe?”?

"I'm not. It's just that flying isn't too much of a hobby."?

"You've got nothing to worry about, babe. I'll literally be beside you throughout and we have the best captain on board, I promise."?

She nodded.?

"Breakfast will be here soon. You need me to help you pack?" He asked her.?

"Yes, please. Since you're the one who will be taking me places over there, I'll need your opinion on the kind of outfits to take." She reached for Colton's hand and led him to her bedroom.?
