

55 CHAPTER 55

Colton Royal had always been an early riser so it wasn't a surprise that he woke up before Mia. He smiled seeing that they were in the same position as they were before they fell asleep.? 1

Mia was still snuggled against him. She looked really peaceful as she slept but Colt couldn't help but chuckle a little seeing how extremely exhausted she was. The duo couldn't get enough of each other. They had sex 4 times and only went to bed at 5:30 in the morning.?

Colton placed a long kiss on Mia's forehead, carefully released himself from her, put the duvet aside, and got down from the bed. He reached for his shorts, put them on, picked up his phone, and quietly exited the room.?

Colt went straight to the kitchen, made himself some coffee, then settled on the counter and made some calls. He spent a while on the phone and after what felt like forever, he ended the call with the person on the other side.?

Colt placed the empty glass cup in the sink, then went back to the bedroom. He chuckled when he saw that Mia was still sleeping peacefully, just as he left her.

With a smile on his face, He helped himself into the bed and slowly caressed her cheek with the back of his fingers.?

"If I knew this sweetheart of mine would be this exhausted, I would have taken it easy on her." He whispered, still caressing her cheek.?

Mia blushed. She slowly opened her eyes. "Good morning." She smiled at Colt.

"Morning babes." He returned the smile, leaned closer to kiss her. It was a short but passionate kiss.?

"Slept well?" He asked. She nodded.?

"Still tired?" He gently stroked her hair.?

"A little." She mumbled, snuggling closer to him.?

"I think I went extreme with you. You sure you can still walk?" He smirked.

Mia playfully hit his chest, earning a chuckle from him.?

"Of course, I can still walk. What do you take me for?" She rolled her eyes at him.

Colton smiled. He placed a kiss on her bare shoulder. "Sorry babes. I didn't mean to make you mad."

"I know, love." She placed a quick kiss on his

lips. "It's just that it's been a while for me and last night was just one of a kind. No one ever made love to me the way you do, Colt."

"I'm glad to hear that, my love. I promise you that it can only get better from here. As your man, I'll continue to protect you, cherish you, and make those wild fantasies of yours come true."?

Mia blushed, looking Colton in the eye. "Wild fantasies?"?

He nodded. "Just know that every lovemaking will be better than the last. And as time goes on, we shall be exploring new things. So, make sure you keep an open mind."?

"You're making me wet, Colt." She whispered.?

"As I should, baby girl." He slowly caressed her chest area and ended up teasing her right nipple with his fingers. Since she was naked under the duvet, it was very easy for Colton to access her body.?

"You love them so much, don't you?" Mia smiled, trying to suppress her moan when he started teasing both nipples with both sets of fingers.

"You have no idea," Colt replied as he kept on pleasuring her.?

Mia chuckled. Colton could tell something was on her mind so he spoke. "Care to tell me what you're thinking about?" He added more pressure on her tits, making her moan in pleasure.?

"Something crossed my mind."?

"Which is?" Colt mumbled.?

"Once we have a baby, who will own the rights to my boobs?"

Colton stopped what he was doing to Mia's breasts. In a blink of an eye, she was lying on her back with Colt on top of her. He had a small smile on his face. He was about to say something but he chuckled, making Mia chuckle too.?

"Are you trying to scare me off? How did you even think about that?" He said, looking deep into her beautiful eyes. He honestly didn't care if they would be blessed with a girl or a boy. At that point, he prayed that their child had her beautiful eyes.?

Mia smiled. "I'm not trying to scare you off. The realization just popped into my head. After all, I'll have to breastfeed our child. So for that period, I think you'll have to make the sacrifice for him or her. Unless you want our baby to starve."?

"Damn! You're making me rethink my

decision of wanting a child badly. I don't know if I'm ready to share you yet with another person."?

Mia laughed. "You're so possessive and you'll be in so much trouble if we are blessed with a possessive child who wants his mama's attention all the time."

"I'm going to fuck you really hard right now if you don't stop provoking me!" He said with a small smile. "Sure, you will have a hard time walking properly."?

Mia grinned. "And who am I to say NO to such an amazing offer?!?"

"Where have you been all my life?" He whispered, looking down at her as if she was the most precious item on earth.

Mia shrugged. "Somewhere in New York; dealing with life. We live in different worlds so that tells why our paths couldn't have crossed."?

"Thank you for seducing me that night."?

She blushed. "I can tell you that that was not the real me. I honestly had no idea where that fucking courage came from. But heaven knows that I would do it again if that's what it takes to have Colton Royal all to myself."?

"Just that I feel so embarrassed whenever I remember that I tried to offer you 200\$. Like

what the hell was I thinking? 200\$ for a whole Colton fucking Royal?"?

Colton laughed. "About that, I was shocked. I was really shocked. But again, you wouldn't have known because you had no idea who I was and I'm glad about that. Would you have approached me if you thought I was Colton Royal?"?

"Hell NO!" She answered immediately, making Colton chuckle.?

"I love you, Mia." He looked down at her adorningly.?

She smiled, brought her hand up, and slowly caressed his cheek. "I love you too, my handsome man."?

"And with regards to our future baby, I don't know how soon we are going to be blessed but until then, you're a hundred percent mine and I'm going to cherish every moment with you."?

"I don't think having an addition will disrupt things between us. We will find a balance and I'm sure things will work out really well for us."

"I know it will, baby. Do you still want to make love to me or should I put on some clothes?" She put her hand in his shorts and brought out his dick.?

"Looks like someone wants to be in my

pussy so bad!" She smirked when she felt how hard he was.?

Colton blushed. "I'm not denying that."?

Mia guided his dick to the entrance of her moist pussy and he slowly entered her.?

She bit her lower lip, trying to suppress a moan, with her fingers digging into his back.?

"Yes, baby. Faster.....just like how I love it." She moaned as Colton increased his pace.?

With a bit of a force, he turned Mia around, made her kneel on the bed with her back facing him, then he bent her upper body, sliding his dick into her from behind without any warning. He went hard, fast, and a little bit rough, spanking her ass a couple of times until they both came.?

The duo lazily collapsed on the bed. Colton pulled Mia closer to him. She immediately snuggled against him. "This just gets better. Always more exciting than the last." She whispered, still trying to catch her breath.?

Colt kissed the side of her head. "And that's how it will continue to be. Better than the last."?

"Thanks for making me feel good all the time. I don't think I've ever been more confident when making love. You're literally all that I've

ever wished for." She confessed.

"Wished for?" Colton smiled.

She nodded against his body.

"I always wanted a man who would love me beyond words, be my biggest cheerleader, a good listener, and has an amazing personality."?

"But God blessed me beyond what I asked for. He gave me a full package that made me doubt my self-worth."?

Colton laughed.

Mia giggled. "I didn't think you would come in the form of a rich dude, not to talk about being the sexiest man."?

She softly caressed his cheek, looking into his beautiful eyes. "Sexiest man or not, Rich or poor, I will not love you any less."?

Colton had a proud look on his face. He was really short of words and he did the best thing he could think of. He kissed her, pouring his heart and emotions into the kiss.

"Hungry?" He asked her when they finally pulled away.

She nodded. "What time is it?"?

"Almost noon."

"Any plans for today?"?

"Yup. We are to meet Theodore and Sammie at 1 pm for lunch."

"Good. I'll just have brunch when we get to the restaurant. I hope your friends warm up to me though. I'm a little nervous about meeting them."?

Colt smiled. "You don't have to be nervous. They love you already."?

"I hope so," Mia whispered. "Anything to know about them? How did you guys meet?"?

"Theodore and I have known each other since high school. We were a bit close but got closer after high school." He sighed. "Sammie on the other hand is a psycho."?

Mia chuckled. "I'll remember to tell her you said that."?

"You better don't mention it if you know you want your man alive. She wouldn't hesitate to kick my ass. Well, she's not a psycho in a bad way but a good way."

"She sounds interesting. I can't wait to meet her."

"She's interesting and can be a pain in the ass too. Years ago, she bashed my new car. I got no apologies for that. Instead, she blamed me

and even insulted me."?

Mia laughed. "I can imagine how angry you were by envisioning the scene in my head."?

"I was beyond pissed. She insulted and bullied me. I was ready to take the matter to court but she didn't seem scared and neither did she back down. But then, Theo got involved and he did all he could to make peace between us. To date, Sammie hasn't apologized for that. She said she's never going to say sorry because I caused the accident."?

Mia laughed. "I love you all already and I can see myself getting along with Sammie. So you mean Theo and Sammie got to know each other through you?"?

"Yes, Babe. I wonder how they fell in love in the midst of me mourning over my newly bashed car."?

Mia smiled. "So what happened to the car eventually and how did you and Sammie get along?"?

"Theo took care of everything. He repaired our cars, then tendered an apology to the both of us, on our behalf. Sammie and I eventually got along with each other because we were both special people to him. We started by tolerating each other and before we knew it, we became

good friends."?

Mia smiled. "Such a heartwarming story! Did they know how we met?" She couldn't help but ask.?

"Theodore is aware of everything. Sammie only knows that I disappeared with a girl on her birthday. And she's very curious to meet the girl."?

Mia exhaled. "I hope she won't think ill of me."?

"Of course, not." Colt brought her hand to his lips and kissed the back of her palm.
