

69 CHAPTER 69

After talking to Hailey and Enoch for a while and saying their final goodbyes, they all got into their various cars and took their leave.? 1

This time around, Mia was seated in the front passenger seat. "I feel so blessed to be surrounded by amazing people." She smiled. "I can't be happier that Enoch is now friends with you and Theo. Dinner was great. It was fun dining and wining with you all. I realized we made an amazing group. I can't remember the last time I laughed this much."?

Colton nodded with a smile on his face. "Enoch seems really cool so it only made sense that Theo and I got along with him. I also agree that dinner was fun."?

"So, how have you been? I really missed you." Mia whispered. Since Colton had one hand on the steering wheel and the other on his lap, She took the one on the lap and placed a kiss on it.?

"You did?" Colton arched his brow. "I thought Sammie introduced you to some bad boys in Paris."?

Mia chuckled. "Do I smell jealousy?"?

Colton shrugged in embarrassment.?

Mia gave his hand that was in hers a light squeeze. "There's no point being jealous, Babe. My heart beats for you alone. It's true that we went places, Sammie introduced us to a lot of people but we were on our good behavior. We had our men who loved us so much back in New York so we couldn't afford to misbehave."?

"We even saw Ashley. She was so happy to see us."

"I'm not surprised. Ashley is always everywhere." Colton mumbled.?

"She couldn't hang out with us for long because she was there for work but she should be in New York in two days."?

Colton nodded. "These past few days were so unbearable. I'm glad to have you back." He took her hand and kissed the back of her palm.?

"I hope you bought me a gift?" He said, taking a glance at her.?

Mia nodded with a small smile on her face.?

Soon enough, they got to the penthouse. The security guard helped them take Mia's luggage in. She traveled with only one luggage but came back with two. Colton was more than happy that she made good use of his credit card.?

While Mia settled in, Colton excused himself to go take a shower. He was back in 10 minutes. He saw Mia sitting on the edge of the bed in nothing but a short white towel wrapped around her.?

She smiled and rose to her feet when she saw Colton walk in. She took slow steps to where he was. "I was thinking if you would want to join me in the shower." She whispered seductively, letting go of her towel. It fell to the floor, leaving her in nothing but her sexy naked body.?

Mia smirked when she saw the desire in Colton's eyes as his eyes roamed around her body. She loved it whenever he looked at her that way. It made her feel more special than she already was.?

"Hurry up or I'm going to lock the door." She smiled, turned around, then made her way to the bathroom with slow steps, purposely shaking her ass to entice him.?

Mia was about three steps away from the bathroom door when Colton harshly but carefully grabbed her by the arm and pushed her against the wall.?

Without any warning, he slammed his lips against hers. Mia's hand went around his neck as they both shared a long, passionate kiss.

Pulling away when they were almost out of breath, Colton spoke with his raspy voice. "You have no idea how much I fucking missed you. We are used to making love almost every day. I honestly don't know how I survived these few days without you."

Mia bit her lower lip as she started undoing his button. "I also miss the feeling of you in me. Please make love to me, Colton."

The moment she was done undoing the button, Colton took off his shirt, then started trailing kisses over Mia's body. He started from her earlobe, down to her neck, then her chest area where he spent more time pleasuring her boobs. Most especially her nipples.?

Subsequently, he trailed kisses down her belly and focused on her pussy.?

"Fuck!" Mia mouthed the moment she felt his wet tongue in between her folds.

With the fear of her legs giving up due to the pleasure that Colton was giving her, She rested her back against the wall.?

Because of how hard Colton was already and how much he missed her, he couldn't wait to be inside of her.

He rose to his feet, took off his trousers, turned Mia around, making her face the wall, and

then he entered her, going in and out hard and very fast.?

As Colton made love to his sweetheart, he kept showering kisses over her shoulder and playing with her nipples in front.

Before he knew it, they reached their peak and they both climaxed at the same time.?

Turning her around so she could face him, Colt placed a long kiss on Mia's forehead. He picked her up in a bridal style and took her to the bathroom.?

He prepared a bath for them and then they both got into it. Colt was in a seated position and in front of him was Mia who had her back rested against his chest.?

Colton possessively wrapped his arms around her body. He kissed the side of her head.?

"How has work been?" She asked.

"Fine. Burying myself with work was the only thing that kept me sane. I was so bored yesterday that I found myself in my parents' home."?

Mia chuckled. "They must be so shocked and happy to see you."?

Colt smiled. "They were. Most especially my

mother. At some point, I was mad at myself for going there because mom kept on teasing me about missing you. But in the end, I'm glad I went there. We had a good time. Caleb also joined us and from there we went to Theodore's place."?

Mia looked up at Colt and placed a kiss on his lips. "I'm glad you tried to have fun."?

"There's this strip club that Sammie took us to," Mia whispered after a couple of seconds of silence.?

Colt released his hand from Mia. "I knew it!!!! I'm going to kill Sammie when I see her."?

"Calm down, babe." The bathtub was round and spacious so she turned towards him and cupped his almost angry face in her hands.

"It was just for fun," She promised.?

"How would you all feel if tomorrow I take Theodore and Enoch to a strip club?"?

"I'll feel bad," Mia answered in all honesty.

"There goes how I feel," Colton admitted.?

"You didn't let me finish, babes. Those dudes had their panties on as they danced around the pole. We chose to stay in the regular section. If we wanted to see naked men, we would have gone VIP."?

"We only went there for fun; to watch them dance and laugh at them over some drinks. Sammie didn't even let any man come close to us. She was like our bodyguard throughout our stay in Paris. She took great care of me and Hailey, constantly reminding us that you were going to put her in jail if anything were to happen to us."?

"The way those men were dressed was no different from the men we see at the beach or poolside. We didn't even stay long at the strip club."?

"Colt, you have nothing to be jealous about. Even though I'm in the midst of plenty naked men, you will still be the most attractive to me." Mia scoffed, "Those dudes are not even up to half of you in terms of good looks."?

"Really, colt. There's nothing to be jealous of. I only opened up to you about the club because I felt that at this point in our relationship, there is no use in keeping things away from each other."?

Colton exhaled. "I'm sorry. I got jealous. It's not that I don't trust you. I just don't trust other men with you." He reached for Mia's hand and kissed the back of her palm.?

"If there's anything I've learned these few days, it's appreciating your presence in my life. Honestly, it was hard not seeing you and not

being able to communicate with you. I almost went crazy. I've never been this addicted to someone in my life."?

Mia blushed. "No doubt I'm the luckiest woman on earth."?

Colton shook his head. "I'm the one who's lucky to have you as my Woman." He hugged Mia, bringing her closer to him. Then he connected his lips with hers.?

The passionate kiss turned into a little bit of smooching. They made out in the jacuzzi tub, then proceeded to the shower where they continued their lovemaking.?

After the heavy climax, they rested for about two minutes and then took a shower together.?

They dried their bodies and changed into their nightwear.?

"Why are you staring at me like that?" Mia blushed, pretending she didn't do anything wrong. She was putting on one of the sexy nighties she bought in Paris. It was wine in color, fitted her perfectly, very revealing, and it looked really sexy on her.?

She bit her lower lip and chuckled a little when she saw the desire in his eyes. She loved that he was attracted to her as much as she was attracted to him.?

Colton was standing by the door of their closet all this while. He took slow steps to her, then possessively wrapped his arms around her waist.?

"Mia!" He whispered with a voice full of desire.?

She smiled, circling her arms around his neck. "Yes, love."?

"Why are you so fucking sexy? You're making it hard for me to take my hands off you. I swear you're going to be the end of me!"

Mia chuckled. "Maybe I don't want you to take your hands off me." She smirked. "Besides, it's my duty to look sexy for you all the time."?

"And I appreciate all of your efforts, sweets." He leaned closer to her and placed a long kiss on the crown of her head.?

"Before I get carried away by your looks, I better give you what I've been wanting to give you before I lose the little confidence I have in me."?

Mia smiled, "You have a gift for me?" Gone are those days when she would be nervous or grumpy about receiving gifts from Colton. It's okay to say that she had learned her lesson after their fight. Besides, she was getting used to his lifestyle and always loved it whenever he

showered her with gifts.?

Colton nodded. "I'll be right back!" He kissed her lips, then proceeded to the closet where the gift was.?
