

73 CHAPTER 73

Getting to the kitchen, he placed her on the stool by the counter, then went over to the fridge to get a tub of ice cream.? 1

It was okay to say that Mia had officially started having pregnancy cravings. It started last weekend but so far, the cravings have been healthy ones. Sometimes, she feels like eating certain food and the only junk cravings she has had was ice cream.?

Mia couldn't help with the moan that escaped her mouth after taking a scoop.

"Mia...!" Colton groaned. He was sitting next to her.?

Mia pretended not to hear him. She took another scoop, licked the spoon and her lips in a way that turned Colton on.

"You're going to be punished if you keep doing that!" Colton warned, the desire crippling to his eyes.

Mia leaned closer to him and whispered. "What if I want to be punished?"?

"Mia!!!!!" He groaned.

She chuckled, kissed him on the cheek, then went back to devouring her Ice cream.?

"I know it's still early but I've been wanting to ask. Do you think our baby is going to be a girl or a boy?" Mia asked her fiancé.

Colton smiled, "I really don't know. The thought of not even knowing what we are having makes it more exciting. I want it to be a boy as much as I want it to be a girl but in the end, I guess I'm okay with any gender as long as the both of you are healthy."?

Mia nodded with a small smile on her face. "Same here. I want it to be a girl as much as I want it to be a boy."?

"Are you nervous about tonight? Our family and friends finally knowing about the pregnancy?" Colt couldn't help but ask. They've kept the good news to themselves for two weeks and both decided to tell their families tonight at the engagement/Colton's birthday party.

Mia responded after taking one more scoop of her ice cream. "Hailey and Sammie already suspect that I'm pregnant so it's not going to be a surprise to them but I'm sure they will be ecstatic for us. Same with Theo and Enoch."

"Tessie will definitely be over the moon. I guess my Dad and brothers will be happy too. I know your family will be happy also. I'm just a little nervous about what your mom's reaction will be." She said sincerely.

"Mia!" Colton chuckled. "If there's anyone that should be the happiest about this news, it's Victoria Royal. I thought you both are now on good and close terms. What's up with the fear?" He couldn't help but ask.?

The whole family was glad to hear that Colton already proposed to Mia and they all agreed to be at the engagement party tonight which would be at his parents' mansion.?

With regards to the party, Mia has had a lot of help from Victoria since it was a double celebration (Colton's birthday and the engagement party). They had talked over the phone a few times too.

Mia shrugged as the ice cream melted in her mouth. "Speaking to someone on the phone is different from seeing them in person. I don't know if I'm still traumatized by our first encounter. Colt, your mom has this very powerful aura. One that can make you pee on your pants."?

Colton laughed. "You're being ridiculous, babe!"?

"It's easy for you to say. You're not in my shoes."?

"I think it's normal for you to be nervous after your first encounter but be well assured

that such won't repeat itself. Mom already apologized to you over the phone and I'm sure she will apologize again when she sees you in person."

"If there's anyone that should be the happiest in the party, it's Victoria Royal. She has been wanting a grandchild for so long and now you've fulfilled her wish. No doubt you'll be her favorite. There's nothing to worry about." Colton assured.?

"I know the plan was to tell the good news to everyone at the same time but is it okay with you if I open up to your mom like ten minutes earlier. I would love to discuss something with her."?

Upon seeing Colton giving her a strange look, she spoke. "Yeah, I know I sound weird. I honestly don't know where I will get the courage from but I really need to have that discussion with her. It's okay if you want to be present."

"I would have loved to see her reaction when you tell her about it but it's okay if you want some alone time with her. There's nothing that will make me happier than seeing the most important women in my life getting along."

"Thanks for understanding!" Mia whispered, taking another scoop. Instead of putting the ice cream in her mouth, she stretched it out to

Colton.

He shook his head. "Mia, you know I'm not a fan of junks."?

"Your baby wants you to eat with us." She said with a puppy dog face.

"Really?" Colton smirked. "I didn't hear him or her say so."?

She rolled her eyes. "Just shut up and eat with us."?

Colton obeyed. He opened his mouth and waited for Mia to feed him.?

"Oppppps" Mia smirked.

"God, Mia...." Colton hissed the moment the cold substance made contact with his bare chest.?

"Sorry!" Mia chuckled. Pretending to want to use the spoon in her hand to scoop the ice cream from his body, rather, she used the spoon to spread them to different parts of his chest area.?

"Mia!!!!" Colton groaned with a smile plastered on his face.?

"Sorry! I guess using my tongue will be better." She smiled as she came down from the stool she was seated on, closed the tiny gap with

Colton, and started licking off the ice cream from different parts of his chest area.

Colton held onto the counter tightly as he enjoyed the pleasure from his woman.?

Seeing she was done licking every drop on him, Mia took another scoop, and this time around, she spilled the ice cream over his abs area.?

Colton chuckled the moment she started to lick them off.

She smirked at him "You love it, don't you?" She said, not stopping what she was doing.

"You're going to be punished, babe!" He whispered to her but she didn't even care. Mia knew what she wanted.?

Getting enough of all of her teasing, Colton rose to his feet, then placed Mia on the counter.?

"Wow!" She giggled, due to the coldness of the marble counter against her skin. She was putting on a silk nightdress so it didn't prevent much.

"Sorry, not sorry," Colton smirked. "It's payback time, Miss"?

Placing a kiss on her cheek, he connected his hands to the hem of her top and took it off in one swift.?

Colton smiled coming face to face with her boobs. "I can see a slight change in these beauties" He referred to her breasts, taking a scoop of ice cream from the tub.?

"Really? I think they look the same" Mia mumbled, looking down at her boobs.?

Colton shook his head, rubbing the back of the spoon filled with cream against her left nipple. Mia shivered from the coldness. She tried to suppress her moan but she failed. He did the same for the other nipple.

Colt also kept drops of ice cream on her chest area; in between her boobs, then down to her stomach.?

Getting to her lower abdomen, he bent a little and placed kisses over there. "Hi love, you've got nothing to worry about. I'll be gentle with mommy. I promise."?

Mia smiled at Colton's gesture. She loved it when he talked to her tummy.?

"Goddddd!!!!" Mia moaned the moment she felt Colton's tongue lick the ice cream off her tits. He sucked on her nipple for a couple of seconds, then trailed kisses up to her earlobe where he whispered to her and at the same time, fondling her nipples with his fingers "I know your body like the back of my palm. You've

become very sensitive and I can tell it's because you're carrying our child. I hope you're not in pain with this?" He referred to the way he was fondling her nipples.?

Mia unconsciously bit her lower lips before she answered. "I feel a little bit of pain. But it's a pleasurable pain. Please don't stop. I'll tell you when I can't handle it anymore.?"

Colton nodded. Placing a long kiss on the crown of her head, he went back to licking off all the ice cream drops on her body, then continued where he left off in pleasuring Mia's boobs.?

"Damn, I love it when you're wet for me." He whispered the moment he snuck his fingers into her panties; inside her core.

Mia blushed in embarrassment. "This pregnancy has made me so horny. My body is so damn sensitive to your touch." She whispered, trying to stay sane as Colt slowly rubbed her clit.

He smiled. "You've always been sensitive to my touch and my body. You being pregnant made you more responsive."?

Mia nodded in agreement, with her eyes slightly closed, enjoying what he was doing to her under there.?

"Babe, please....." Mia moaned after a while of her fiance fingering her.?

"You want me to stop?" He teased.

Mia shook her head immediately. "Please, take me now!"?

Colton heeded to her plea. He took off Mia's panties, positioned her well on the counter, pulled down his pants, and slowly entered Mia's wet dripping pussy, going in and out, hard and fast.?

They both came together after a while.?
