

81 CHAPTER 81

Sunday evening!?

1

Once Mia was done taking a shower, She dried and wrapped her body with a towel. She also had another towel wrapped around her wet hair.

Opening the bathroom door, She came face to face with the best surprise of the day.?

"Oh my God, Colt." She threw herself at him and hugged the hell out of him, while being mindful of her belly.

"Hi, Queen Mia." He smiled, returning the hug. "I missed you so much."

"I missed you more, Colt. We miss you so much." He heard her snifle against his chest.?

Colton smiled, he kissed Mia on the side of her head and continued hugging her.?

They both stayed like that for almost a minute after which they pulled away. He smiled sadly when he saw that Mia's eyes were teary. He cupped her face in his hands and took her lips in his. The kiss was soft and passionate. Colton took his time to explore every inch of our mouth.?

Finally pulling away, he placed a long kiss on the crown of her head.?

"I've been dying to see the cute little bump. May I?" He asked. Mia could see the eagerness in his eyes.?

She nodded, slightly biting her lower lip.?

Colton went ahead to loosen her towel where it was secured. The light piece of clothing fell to the floor immediately, leaving Mia in nothing but her naked body.

"Holy shhitt!" Colton smiled the moment he sighted her belly.?

Mia had smiles all over her face as she watched him.?

He went down on one knee and placed a long kiss on the small bump. Then he placed his hand on her belly and started caressing the bump.?

"Hi, love. I've waited so long for this day to come. It's a joy to watch you grow in mommy's belly. I honestly cannot wait to have you in my arms but until then, enjoy yourself in there and please be good to mommy. I love you so much, my little one." He said, then showered kisses all over her eleven weeks old bump.?"

Colton Royal had always fancied being so

extra so he extended the kisses to Mia's laps, he teased her inner thigh; kissing and sucking, then he arrived at her bikini area, giving it all the pleasure he could.?

Colton parted Mia's legs so he would get better access to her pussy. After ensuring that, he used his tongue to tease her clit.?

"Don't stop baby!" Mia moaned as she tilted her head to the side with her eyes closed.?

Colton obeyed. Without any warning, he inserted three fingers inside of her.?

He started finger fucking her once she adjusted to his size. He went hard and fast, just like how Mia loved it; teasing her clit with his tongue at intervals.?

He withdrew his fingers from her when she was about to cum. He licked them, loving the way she tasted.?

Colton rose to his feet, released the towel from her hair, letting it drop to the floor and then he picked her up in a bridal style, taking her to the desk area in the far end corner of the room.

Colt placed Mia on her feet, then bent her upper body over the desk. He was very careful, making sure whatever they were doing didn't cause any form of discomfort to her. He was

really protective of her belly area.?

Once she was well-positioned, Colton hurriedly unbuckled his pants. He pulled down his briefs and slowly guided his dick into her opening. He thrust in and out of her, hard and fast.?

Colton was thankful that the desk wasn't occupied. He later pulled out of Mia, gently placed her on the desk, and continued where they left off.?

The room was filled with nothing but moans and grunts as both lovers satisfied their urge.?

Mia was the first to cum. The way her inner core tightened around Colton's dick triggered his own release too.?

They were both panting by the time they were done.

"I hope I wasn't rough with you." He whispered, leaning his forehead against hers.

?

"No baby. I enjoyed every bit of it." She kissed his lips.

"How did you feel when you saw this?" He placed his hand on her small bump.?

"I was ecstatic. I spent a couple of minutes

admiring my belly in front of the mirror and talking to the baby. I almost teared up too." She chuckled at the memory.?

"But you didn't mention anything to me when we spoke on Monday!" He playfully accused.?

"Because it was a surprise, remember?" She grinned.

Colton nodded in understanding. "Your surprise kept me on my toes. Thank you!" He kissed her forehead.

"For?" She asked.

"For this precious gift, you've given to me, for taking great care of yourself and the baby while I was away, and for also loving me despite my imperfections." He said.

"Thank you too for being the best thing that has ever happened to me. I love you so much, Colton." She kissed him on the lips.

"You want to take a shower with me?" He asked.

Mia nodded immediately.?

He picked her up in his arms and carried her into the bathroom. She helped Colton take off his clothes and they both got into the shower.

Colt was about to apply some body wash on her when he felt her hand stroking his cock.

"Mia!" He groaned.?

"I already took a shower. You didn't expect me to come to the bathroom with you just for another shower!"?

Colton blushed, wondering what he did to deserve an amazing soul for a life partner.?

Without any warning, Mia went on her knees, gently took a hold of Colt's cock, and began to give him one of the best blow jobs ever. She licked, sucked, and gagged as if her life depended on it.?

Realizing he was going to cum soon, Colton helped Mia stand to her feet, gently pinned her against the shower wall, spread her legs, and slowly entered her.?

Mia bit her lip, trying to suppress her moan. She subsequently circled her arms around his neck as he made sweet and passionate love to her.?

They both climaxed after a while.?

"I didn't give my Babies much attention today. I promise to make it up to them next time." He referred to her breasts, fondling with her nipples.?

"Ouch!" Mia winced in pain the moment Colt started putting a bit of pressure on them.?

"Sorry, they've been so sore these past few days." She whispered in embarrassment.

"There's nothing to be sorry for, my love. These changes are probably happening because you're pregnant. We will remember to discuss it with Dr. Almira on Tuesday."?

Mia nodded.?

Colton showered soft kisses on top of and around her breasts. Then he placed a long kiss on the crown of her head.?

The two lovebirds showered, dried their bodies, and changed into their nightwear.?

Just like the previous nights, Mia changed into one of Colton's shirts while Colton put on sweatpants and a matching tee.

"I was craving spaghetti and meatballs so that's what we are having for dinner. I hope you don't mind?" Mia said to him.

"No, I don't." He answered as he approached her.?

Placing a kiss on her lips, he spoke. "I have a gift for you both." He gestured to her and her belly.

"For us?" Mia smiled.

If there's anything she had learned these past months, it was that Colton's surprises are always mind-blowing.?
