

97 CHAPTER 97

5 Months Later!? 1

Even though it was Mia's wedding, Colton made sure she never stressed about anything.?

Well, it wasn't like she could do much from New York anyways. Even though Colton had people take care of all of the preparations, he made sure Mia was consulted before any decision was made. He wanted to give her her dream wedding so her approval mattered in every damn detail.?

"They are so well behaved." Victoria smiled proudly, looking down at Chole who was in her arms, and at Claire who was in Mia's arms. They fell asleep a couple of minutes ago.?

She and Mia were seated beside each other on the private jet. While her husband and Colton were seated not too far away, discussing.?

Mia smiled. "I'm so proud of them. I was actually nervous that they would be cranky since it's a 9 hours flight from New York to Greece. But they proved me wrong."?

"They've always been calm so I'm not

surprised. Their great grandparents can't wait to meet you all."?

Mia smiled. "I can't wait to meet them too. We should have visited before the twins were born but things kept coming up and we couldn't travel down. I'm glad we are having the wedding in Greece."?

"Yes, my love. You made a good decision to get married in Greece. You will love your stay there."?

Mia nodded. Colton already promised to take her sightseeing before they leave for their honeymoon and she couldn't wait to see what Greece had to offer.?

"And thank you so much, Mom. You've been of great help since the twins were born. I have no idea what I would have done without you." Mia said, with her eyes filled with gratitude.?

Victoria had literally been there for her in every step of the way. She was always there to watch the twins overnight for Mia and Colton to have some time to themselves once in a while.?

"Don't mention, My love. You know I'm always happy to help out."??

.....

In less than thirty minutes, they arrived at their destination. Santorini, Greece.?

Once they were out of the private jet, they got into the car waiting to take them to the Royal mansion.

All Mia could do was smile at everyone she saw as they exchanged pleasantries with Colton and his parents in their local dialects.?

She may not know a lot of languages but she had it in mind that her children must be sound in Greek.?

There were two cars actually. Mia, Vicky, and the twins occupied one while the men occupied the second one and their luggage was divided between both cars.?

In less than fifteen minutes, they got to the mansion. Mia's jaw was literally on the ground. What she was seeing was far greater than Colton's parents' mansion in New York. It was just a little over 6 pm so she could still see the beauty of the place with the natural lights.

Colton chuckled, upon seeing Mia's reaction. He collected a now awake Claire from her.?

"This is huge, Colton. Who lives here? Definitely not only your grandparents." Mia whispered, looking around the beautiful surroundings.?

Chole was awake and was still with Victoria who just got down from the car.?

"Just my grandparents, the staff, and a few other extended family members. And of course, it has a couple of suites to accommodate visitors and families especially on occasions like this."?

"Don't worry, I'll give you a tour of the whole place tomorrow. Let's go in, my grandparents are definitely waiting for us."?

Mia nodded, walking side by side with her soon-to-be husband who had their daughter in his arms. Surprisingly, unlike the people they came across at the airport, the staff at the mansion knew how to speak English as well as Greek. With a smile on Mia's face, She returned everyone's warm greetings.?

They were told by a staff member that Colton's grandparents were waiting for them in the main living room which was on the ground floor so they headed there.?

Words literally failed Mia when she

stepped into the living area. It was beyond gorgeous.?

She has had facetime conversations with Colt's grandparents so she could recognize them. Jane was still looking radiant at 75 while Adonis was looking elegant at 81.

?

Grandma Jane rose to her feet immediately as they walked in. She said something in Greek that made Colton blush before pulling Mia into a hug.?

"I've dreamt of this day for so long. It's good to finally see you in person my dear." Jane said in a rich thick greek accent.?

Mia smiled, returning the hug. "It's good to finally see you, too. Grandma. I'm so happy to be here."?

"You're even more beautiful in person, my dear. I was telling Colt how much of a lucky dude he is to tame such a beautiful lady. Thank you for blessing us with two great-grandchildren. I'm so grateful Colton has you."

Mia smiled, taking a glance at Colt who had smiles all over his face. "I'm blessed to be a part of this family too."

"Oh my, She's so cute." Jane smiled, taking Claire from her father.?

"Hi sweetheart," She cooed at the 5-month-old baby who suddenly gave her a toothy smile, followed by a giggle.?

Mia and Colton had proud smiles on their faces. "Oh my, I love you so much already," Jane smiled at the little one.

While Jane spent time with baby Claire, Mia went ahead to greet Adonis.

The old man gently rose to his feet and engulfed Mia into a fatherly hug. "It's so great to finally meet the woman who has captured my Grandson's heart."?

Mia chuckled. "I'm happy to finally meet you too, Grandpa." Mia smiled. She wondered where the Royals got their genes from. Adonis was 81, yet still looking handsome.

"Thank you for everything, Mia. Colton is very dear to me, thank you for loving him the way you do. I was so happy when he told me that you decided to get married here. It has been a dream to see him get married to the woman he loves so much and thank you for blessing me with two beautiful great-granddaughters. Esther will be so proud

of you and Colt up there."

"You have nothing to thank me for, Grandpa." Mia smiled. "I'm very happy to be here with you all and I'm so grateful to have you all in my life."?

"Adonis, doesn't she look like Esther in this cute outfit of hers?" Jane said, with Chloe in her arms. She already handed Claire to Victoria so she could greet Chloe.

The little girl stretched out her hands to go meet her great grandfather. Adonis smiled and happily took her from Jane.

"She really does look like my wife." He smiled.?

Little Chloe had no idea what the adults were talking about but she giggled, making everyone smile.
