

## Envelope 1461

### Red Envelope Group of the Three Realms

#### Chapter 1461: Up to You to Decide

“Hey, you piece of shit! Who are you calling a dog?!” Lu Mingjun exploded.

“If a person has no proof yet wants to search my Infinite Space Ring, isn’t that like a mad dog biting at people?” Chen Xiaobei retorted.

“How dare you compare me to a dog?! Believe it or not, I will kill you!”

“I don’t believe it!” Chen Xiaobei said. “Nothing good will happen to you if you kill me! Your family will be hated by millions of people and you will become like rats in the streets of Northern Wilderness Starfield! Even if you wanted to kill me, you wouldn’t dare do it in public!”

“Don’t celebrate just yet, you punk! Once I find a lead in your Infinite Space Ring, I’ll dispose of you immediately according to military law! No one can protect you!”

“Fine! I’ll let you check it then! Take a good look huh!” Chen Xiaobei took off the ring on his finger and tossed it over to Lu Mingjun.

Lu Mingjun caught it and then looked at the items inside.

If he did not search, he would never have known. But now that he had, Lu Mingjun’s face changed color!

“So? Did you find what you’re looking for?” Chen Xiaobei asked.

Lu Mingjun responded with scorn, “What a poor bastard! All he has inside this rare Infinite Space Ring are just a pile of rubbish! What a waste of resources!”

He could see everything that was stored in the Infinite Space Ring inside his head.

A few thousand low-grade Spiritual Stones, a few hundred Chinese herbal medicines, an enclosed painting, and some other insignificant everyday items.

Other than that, there was nothing else inside Chen Xiaobei’s Infinite Space Ring.

“Hey, Lu, are you going to admit that you wrongly accused an innocent man?” Chen Xiaobei raised his brows at Lu Mingjun. “Give me back my stuff!”

“Hmph!” Lu Mingjun tossed the Infinite Space Ring back to Chen Xiaobei, and then walked away without another word.

All along, Lu Mingjun was so convinced that Chen Xiaobei was the biggest criminal.

But having searched Chen Xiaobei himself, he found that the 10 combat space jets were not the ring.

So, now, Lu Mingjun would have no choice but to not keep tabs on Chen Xiaobei but to focus on searching the rest of the mothership.

“Close the door!” Chen Xiaobei barked.

After Lu Mingjun left, two people remained outside Chen Xiaobei's quarters to keep a close watch on him for 24 hours!

The two people outside dared not rub Chen Xiaobei the wrong way, so they shut the door and kept watch outside the room.

Chen Xiaobei put his ring back on, and began to tap away on his phone.

Monkey King: Xiaobei! Do you have a fever or something? Why did you suddenly send so many things over to me? What are these toys? I have no use for them!

Chen Xiaobei: It's a misunderstanding! A misunderstanding! These are all my stuff! It's not for you! 😊

Monkey King: If they are not for me, then why did you send them in Red Envelopes?

Chen Xiaobei: Because the enemy was going to search my Spiritual Instrument's storage! I couldn't let him see my trump cards so I had to transfer them to someplace safe! Out of all the people in the group, the person I trust most is you! That's why I sent everything I had to you in a big red envelope!

Monkey King: Oh, no wonder! When I saw that I received such a large Red Envelope, I nearly went berserk! Has the enemy gone? If so, then I'll send all your items back to you!

Chen Xiaobei: There's no rush! I might send you more items later!

Monkey King: Are you serious? Haven't you sent me everything already? What else are you going to send?

Chen Xiaobei: My enemy will definitely plot against me. When that happens, I will turn his tricks against him, and make him fall into a pit! I might even be able to gain something out of it!

Monkey King: You really are the smartest of them all! Any enemy of yours is going to die! I support you!

Chen Xiaobei: Haha! Monkey King and I think alike! I will not show any mercy! 😊

Monkey King: Are you busy now?

Chen Xiaobei: No, I have nothing to do but wait for the stupid fish to take the bait.

Monkey King: If that's the case, then go to the Three Realms Red Envelope group. It's something big that has to do with you!

Chen Xiaobei: What is it? 😊 I've been cultivating in seclusion lately so I've not checked the group.

Monkey King: It's good news! Go take a look and you'll know!

Chen Xiaobei: Alright!

Chen Xiaobei exited the private chat and clicked into the Three Realms Red Envelope group chat.

NeZha: Woohoo! My Bro Bei is finally online! 😊

Chen Xiaobei: Huh? I haven't seen you in this group chat for quite a long time already! I even thought that you've quit the group!

NeZha: We are people who were descended to carry out the Three Realms' duty. While we may not be able to give out red envelopes, we are not restricted from chatting in the Three Realms Intranet! I didn't join the conversation because I couldn't get the Red Envelopes. Watching other people get them is just going to be depressing!

Chen Xiaobei: Oh! Then why did you suddenly show up today?

Shen Gongpao: Let me explain! That's because there will be a new match in a few days. The people on duty from earth can also join!

Chen Xiaobei: A match? What category?

Shen Gongpao: That's up to you!

Chen Xiaobei: Huh? Am I hearing right? It's up to me? 🤔

Shen Gongpao: Yes! What the match will be is up to you to decide! You will also be providing the rewards!

Chen Xiaobei: What?! I will provide the rewards?

Chen Xiaobei muttered to himself, "Hmph! Why would this bugger Shen Gongpao be so kind to grant me the authority to decide? At the end of the day, he is still trying to find ways to set me up! I won't fall for it!"

Chen Xiaobei: I don't want to provide the reward nor do I want to decide the category of the match! You decide and I'll join!

Shen Gongpao: I'm not trying to plot against you this time! It was a consensual agreement that you should be the one calling the shots!

Chen Xiaobei: No way.

Li Bai: It's true! God Chen! You're very stingy! You are the champion of the poetry competition! Shouldn't the effects of the Scholar Heart work like magic?

Goddess Chang'e: God Chen! Don't forget, you won the singing competition and you pocketed the True Sound Pill!

Fan Xipin: And the Go competition! God Chen, you won Lady Nuwo's Verdant Emperor's Divine Gourd!

God Erlang: As the saying goes, there will not be a fourth time! You've already won three championship titles and received three awesome treasures! Can't you just share a little bit with your friends?

God Chejiao: Yeah! Yeah! God Chen! People have to be generous! If you only take but don't give back, then you're a Pixie.

Goddess Zixia: God Chen! Just agree to it! We've been waiting for a few days!

Chen Xiaobei: Hehe, it's not that I don't want to agree to it. I'm just worried that no one could beat me. What if I win four championship titles in a row? 😏

Monkey King: If that happens, we'll have another round of Red Envelope Snatching Session! You can get as many Red Envelopes as you want!.

### Red Envelope Group of the Three Realms

#### **Chapter 1462: A Brewing Conspiracy**

"Damn! Brother! No wonder, Monkey King told me that this is a piece of good news! So, he's waiting here to help me! As long as I become the champion, there will be a Red Envelope Snatching Session! This is awesome!"

Yanwang: Monkey King is right! If we managed to make you a champion, God Chen has to give us some reward! But! If God Chen manages to make himself a champion for the fourth time, then we will accept our loses! By then, we will have a Red Envelope Snatching Session!

Xiao Tianquan: Sounds good to me! We can snatch some Red Envelopes for ourselves during the Red Envelope Snatch Session as well! That would mean a happy ending for everyone!

"Damn! Brothers! Y'all did well!" exclaimed Chen Xiaobei.

Clearly, the whole thing was rigged for Chen Xiaobei to snatch more Red Envelopes for himself. After a small stir-up, the other group members began to go on board with them.

Bull Demon King: Agreed! Agreed! The plan is set!

Zhao Yun: The Red Envelope Snatching Session is long overdue! Time to have it! I support the idea as well!

Everyone: All is set in stone then! God Chen! Please don't disappoint us!

Chen Xiaobei: No problem! I will try my best to think of a good competition! I want everyone to be able to participate in it! The most important thing is that I want everyone to be happy!

Shen Gongpao: I think you should tell everyone what's the reward first! Let me tell you bluntly! Do not even try to use some garbage from earth to fool us here!

Chen Xiaobei: Hehehe... I remember that you like my Dragon's Edge a lot! I'm going to use it as the prize for the upcoming competition!

Monkey King: Xiaobei! This is clearly a rushed decision! Don't do it! Dragon's Edge is too valuable to be used as a prize!

Yanwang: Xiaobei! Quickly go find something to replace it! Dragon's Edge possesses infinite potential! It can become a really powerful Divine Weapon!

Shen Gongpao: A promise is a promise! You can't take it back! I will not allow you to do so!

Chen Xiaobei: Hehe... Who says that I'm going to go back on my words? I'm confident enough that I will become the champion again! That's why I'm not afraid of bringing out a good prize for the competition! How about you? Brother Shen... What are you going to give me if I claim the throne again?

Shen Gongpao: Hmph! You really shouldn't let your pride swallow you! I will make sure that you will not become a champion no matter what! If, you somehow manage to claim the throne again, I will definitely give you something extremely valuable in return!

Chen Xiaobei: Alright! Deal! Everyone, please remind me about this matter after the competition ends!

Shen Gongpao: You still haven't told us the details of the competition!

Chen Xiaobei: I was only told about this matter today. Allow me to some time to think about it! Three days! I will announce the details of the competition in three days time!

Shen Gongpao: Fine! We will talk about it three days later!

After that, Chen Xiaobei logged out from the Red Envelope chat group and clicked into his Brotherhood chat group.

Chen Xiaobei: Brothers! If I'm not mistaken, I think you guys came up with a competition idea for me, right?

Monkey King: Of course! We have talked about it for a few days!

Chen Xiaobei: Tell me quickly! What kind of competition? What do I have to prepare? Is there a 100% chance that I can become the champion of this competition?

NeZha: Let's welcome Old Wang to talk more about it!

Old Wang: Cough... I suggest a King of Glory competition! Almost everyone can take part in this competition! And they are just newbies! There's simply no way that they can take the first place even if they train for days and nights!

Chen Xiaobei: Damn! That's a damn good idea! Old Wang, what rank are you at right now?

Old Wang: Number one in the server!

Chen Xiaobei: What the hell! There's nothing I need to be afraid of then! You are going to help me to claim the throne! I like the idea! Let's do this!

Old Wang: The thing you need to do next is to get all the Red Envelope group members a cellphone! All of them are using a magical item to chat in the group! They can't play games on it.

Chen Xiaobei: No problem! I will ask Jing Fei to go purchase 10,000 Pear 7 Plus cellphones in a while!

Old Wang: Are you talking about the latest Pear 7 Plus? I'm pretty sure you will need to spend a lot of money for that, right?

Chen Xiaobei: Money is nothing to me on planet earth! I don't care about how much I spend. All I need to do is snatch one item during the Red Envelope Snatching Session and it will cover the entire cost of the whole thing!

Old Wang: It is settled then! Send all those cellphones to the group three days later! I will teach them how to play the game! Let them train for some time and we can have our competition after that!

Chen Xiaobei: No way! I will not let you teach them how to play the game!

Old Wang: Why?

Chen Xiaobei: You are my trump card! Please don't make your presence known before the competition! You need to act like a newbie in front of them! Just let NeZha and Hong Hai'er teach them!

Old Wang: Erm... You are just not going to let them win at all, isn't it?

Chen Xiaobei: Giving them a chance to win this competition is equivalent to suicide! Don't you forget that the prize that I'm going to reward them is the Dragon's Edge!

Yanwang: Xiaobei! Speaking of Dragon's Edge, there is something I want remind you! Shen Gongpao is more cunning than you initially thought! He will definitely do whatever it takes to win the competition!

Chen Xiaobei: I know! My most challenging opponent for this competition is Shen Gongpao! However, none of us will know his cunning plan before the competition! All I can do right now is deal with his cunning plan during the competition!

Monkey King: Don't worry! We will work together to go up against him! There's nothing he can do when he faces our combined force!

Chen Xiaobei: Well said!

.....

At the mothership's bridge.

"Nephew Zhu! I have searched everyone's storage bracelet and I find no combat quadcopters! Also, I went ahead and checked all the CCTV footage as well. There's nothing out of the ordinary! What should we do about this?" asked Lu Mingjun.

"About this... I don't know what to do about it as well..."

Zhu Dachang gulped and shifted his attention to the core family members of Lu Family.

"Uncle Lu and everyone here are wise men! I think you guys should have already figured out a way to solve this problem, am I right?"

"Alright! Follow my way then since you can't come up with an idea!" said Lu Mingjun.

"I'm all ears..."

"I want you to bring me Chen Zhufeng's Infinite Space Ring later!"

"Huh?! Chen Zhufeng has just accepted me not too long ago! He will not trust me! How is it possible that I can get my hands on his ring?!"

"I'm not asking you to ask from him! This is a bottle of roofie! Use this to drug him! When he loses his consciousness, it would be easy for you to take the ring from him!"

"Roofies? I can try that... But... I'm afraid that he will grow suspicious of me when he wakes up later... By that time, I will not be able to get close to him anymore!"

“This is a critical moment! We have to be more flexible! I will take you in as my godson if you can complete this task! You can stay at the Lu Family’s place and assist me after you get this done. In other words, you don’t need to stay with that Chen Zhufeng anymore!”

“Alright! I’m more than willing to do it!”

### Red Envelope Group of the Three Realms

#### **Chapter 1463: Mystical Stratagem**

In Chen Xiaobei’s quarters.

Zhu Dachang snuck in and closed the door behind him carefully.

“Mr. Chen! Lu Mingjun is going to set you up!” Zhu Dachang whispered.

“That’s already expected. It’s nothing to fuss over.” Chen Xiaobei said placidly. “So, what is it?”

“Lu Mingjun wants me to drug you, and then bring your Infinite Space Ring to him! He didn’t tell me exactly what he wants to do with it!”

“Heh! That’s simple! He wants me unconscious but he only wants to take the Infinite Space Ring! That means he wants to do something to my Infinite Space Ring!”

“What is he going to do?” Zhu Dachang sounded very concerned.

A treacherous, untrustworthy, despicable scumbag like Lu Mingjun was like a poisonous snake. Once he decided to attack, he would make sure that it was the deadliest attack he could muster!

“It seems like you’re not very smart, after all!” Chen Xiaobei chuckled. “10 missing combat space jets. Li Mingjun’s number one priority right now would be to salvage this situation! He wants my Infinite Space Ring – that means he wants to plant combat space jets inside my ring! Then, I would be carrying around an undeniable criminal evidence! Then he will just put all the blame of the other 10 missing combat spacecraft on me! He will sentence me to torture, and force me to reveal the location of the space jets or force me to name my accomplices! No matter how much I deny it, this crime will be pinned on me, and the Lus will be cleared!”

Chen Xiaobei’s analysis was perfectly reasonable and precise.

Zhu Dachang took in a deep breath and exclaimed, “Lu Mingjun really is a crafty old scoundrel! Not only would he be able to destroy you, he could also save his family’s name! That’s like killing two birds with one stone!”

Chen Xiaobei shrugged, a smile playing on his lips. “Heh, he really is a crafty old scoundrel. Sadly for him, I’ve already predicted everything. He will never be able to slip through my fingers!”

“That’s right!” Lu Changwei nodded. “Mr. Chen’s prediction is on point! An unpredictable prophet with an amazing foresight! When it comes to intelligence and resourcefulness, you are 10 times ahead of Lu Mingjun! Following you has been the best decision I’ve ever made in my life!”

“Alright, enough with the ass-sucking!” Chen Xiaobei shrugged. “Take out the drug, and do as Lu Mingjun said!”

“What?!” Zhu Dachang’s mouth fell wide open. “Shouldn’t we be discussing a counterplan? If we do what he wants, then aren’t you jumping into the trap?”

“Heh, who do you think stole the 10 combat space jets?” Chen Xiaobei asked.

“I...” Zhu Dachang swallowed, and then in a small voice, said, “I think it’s you...”

“Now, isn’t that right? I could hide 10 combat space jets, which means I could hide more! How many Lu Mingjun puts into my Infinite Space Ring, that’s how many he’s gifting to me! I might as well take them!”

“Wow! That’s incredible, Mr. Chen!” Zhu Dachang was practically leaping with excitement. “Compared to you, Lu Mingjun is a mullock! He will never be able to slip from your fingers!”

“Hehe.” Chen Xiaobei chuckled as if everything was under control.

After that, Zhu Dachang ran into the HIVE with Chen Xiaobei’s Infinite Space Ring in his hand. “Uncle Lu! By good luck, I was able to accomplish the mission! I have Chen Zhufeng’s Infinite Space Ring!”

“Good! You did a very good job!” Lu Mingjun took the ring from him.

He examined the contents, and confirmed that it was Chen Xiaobei’s.

“Are you certain that Chen Zhufeng drank everything?” Lu Mingjun asked.

“Yes, I’m certain! I mixed the drug into his coffee and saw him finish the whole cup with my very own eyes! He’s completely unconscious now! If you’re still worried, you can go take a look at him yourself!”

“No! I cannot go or the cameras will capture me as proof to accuse me of framing him!” Lu Mingjun smiled. “In fact, from now on, you are my godson! I have to trust you!”

Lu Mingjun thought that making somebody a godson was a gift, a privilege that most people could only ever dream of receiving.

Anyone who was bestowed with this bond will be predisposed to him!

Because of that, Lu Mingjun never suspected that Zhu Dachang would deceive him. So, he honored his promise and made Zhu Dachang his godson.

“Thank you, Uncle Lu for your trust!” Zhu Dachang bowed.

“Huh? Why are you still calling me uncle?” Lu Mingjun smiled.

“Oh, godfather! Your son, Zhu Dachang, pays honor to you, godfather!” Zhu Dachang was also a very skilled actor. He dropped his knees to the ground and tapped his head on the ground three times.

“Get up! We are family from now on!” Lu Mingjun offered a hand to Zhu Dachang.

From this little gesture, it was obvious that Lu Mingjun’s trusted Zhu Dachang even more now.

“Thank you, godfather!” Zhu Dachang got up but he remained in a humbled posture, and stepped aside obediently.

Lu Mingjun smiled. “What do you guys think? How many combat space jets should we put inside so that that Chen guy is thoroughly screwed!”

Zhu Dachang was surprised to hear this. Mr. Chen really was incredible! His guess was so precise!

The core Lu core family members began to discuss among themselves.

“These interstellar combat weapons and equipment have always been the Temple’s baby. One spacecraft should be more than enough to have his whole family killed!”

“One is not enough! We lost 10 of them! If we want to set him up as the mastermind, he shouldn’t only have one left in hand!”

“That makes sense! After the bounty is split, the mastermind should get more! Everyone knows that!”

“Then we should put 10 more inside! We can say he stole 20, and gave a portion of that to his accomplices!”

“Mm, sounds about right. We’ll do it that way then!”

While the group was discussing amongst themselves, Lu Mingjun shook his head and said, “I think we should put in 20!”

The others gasped. “Tw...Twenty? Master, are you kidding? That’s enough to alarm the Temple Overlord!”

Lu Mingjun smiled. “That’s the whole point! I want to the Overlord alarmed! It’s not enough for that Chen guy to just die! The best would be for those who are close to him to be dragged into this! Eliminate all of them in one stroke!”

“Master, you are so smart! If the Overlord is alarmed, this matter would be blown out of proportion!” Everyone nodded.

“The bigger the problem gets, the better!” Lu Mingjun said. “Hurry up! Imitate the cracks on the broken doors on another 20 doors!”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1464: What the Hell Is Going On?**

Soon, there were another 20 steel doors which were slashed by True Kang. Another 20 combat space jets were being stored inside Chen Xiaobei’s Infinite Space Ring.

“Son of a bitch! There’s no one else who can save you this time!”

While holding on to Chen Xiaobei’s Infinite Space Ring, Lu Mingjun put on a sinister smile. It was as if Chen Xiaobei had already turned into dead meat in front of him. At the same time, all the other Lu Family members started to laugh at Chen Xiaobei as well.

“30 of your combat space jets were being stolen by him! No matter what, he will die today!”

“He has to die! With him dead, we would be able to be cleared of suspicion as well! This is what I call killing two birds with one stone! Awesome!”

“Our head of the family is really wise! This is a really good move to eliminate Chen Xiaobei!”

.....

“No! You are wrong! This is what I call killing three birds with one stone!” said Lu Mingjun with his head shaking.

“What? Killing three birds with one stone? Are there other hidden moves that I didn’t know of?”

“Of course! Dong Xiaowu, Wenren Muyue, and the rest of them had mentioned that they are going to live and die with Chen Xiaobei, right? Once the overlord is notified of this incident, all of them will have to die! Even their families will die with them!”

“Oh! I see now!”

Upon hearing Lu Mingjun’s evil plan, everyone was shocked.

“Our family head is the wisest man in the universe! He can see a bigger picture here! Not even we can see what he sees!”

“If Dong Xiaowu’s and the rest of their families are dead, Lu Family will definitely become the most powerful family in Silver Plume Planet! By that time, our family head will become the governor!”

“So, this is the ‘killing three birds with one stone’ plan! Too good! This is really too good!”

If that’s the case, we should store more combat space jets into the kid’s ring! We need to make the overlord even angrier! We want to destroy all their families!”

Filled with excitement, all of them had already assumed that Lu Family was going to claim the throne.

“We can’t do that! Don’t you forget that Lu Family is responsible for the safety of this spaceship! The overlord will put the blame on us if we allow too many combat space jets to go missing!”

Immediately, everyone quieted down themselves.

“Let’s follow the original plan then! Based on the current circumstance, I believe that it’s enough to get that son of a bitch and his allies into knee-deep trouble!”

Lu Mingjun then nodded his head and looked to the other side.

“Dachang, what are you thinking about?”

“Ah? Noth... Nothing...” replied Zhu Dachang, gulped.

Clearly, the things they had just said had brought forth a huge impact on him. After all, Zhu Dachang still could not figure out what Chen Xiaobei was going to do about it. That was why worry struck him. Not to mention that if Chen Xiaobei could not find a way around it, they would end up like how Lu Mingjun wanted them to be. When that moment arrived, Zhu Dachang would truly know how scary Lu Mingjun was.

He was like a reaper that collected souls without any mercy given. Not only did he want to kill all of them but he also wanted to become Silver Plume City’s governor. When compared to Lu Mingjun, Zhu Dachang felt like he was still too weak when it came to matters like this. He would not be able to do what Lu Mingjun did even if he was given ten years to train himself. He could not help but feel worried for Chen Xiaobei.

Though he was not feeling good about it, he managed to put on a very convincing act.

“Godfather, are you going to ask me to send back the ring to Chen Xiaobei?”

“No! In order to prevent the kid from transferring the combat space jets to other places, I will make you to send back the ring during the final moment!”

“That kid just drank the entire bottle of roofies. He will not regain his consciousness even when he arrives at the Thousand Lakes Planet! We don’t have to worry about any unpredictable events!”

“No! We must be very careful! It’s better to be careful than be sorry! I will not allow any of the plan to go sideways!”

“You are right...”

Zhu Dachang felt even more worried after knowing Lu Mingjun’s thoughts. If Lu Mingjun insisted that he would return the ring to Chen Xiaobei during the final moment, there was nothing Chen Xiaobei could do to stop his own death.

“Actually, I want to remind you to turn on all the CCTVs and alarms when we take our leave later.” Said Lu Mingjun.

“Yes!” replied Zhu Dachang with his head nodded.

“I heard that the Chen kid has a very powerful painting with him! I think it’s being stored inside the ring! Should we take it out and take possession of it?!” said one of the core family members.

“Are you in idiot? In the past five days, everyone knows about painting while they were at the Overgrown Forest Planet! If you take his painting, people would know that we have messed with his ring! By that time, we won’t be able to put the blame on him! Leave the painting alone! We are not allowed to touch anything in the ring!”

“Yes! Yes! Yes! You are right about that!”

Everyone nodded their heads.

After that, Zhu Dachang turned on the CCTV and alarm system when everyone left. Other than the people in the HIVE, no one else knew about this evil plan.

...

At Thousand Lakes Planet’s space landing pad.

After flying for some time, the spaceship that carried tens of thousands of Silver Plume youngsters had parked at Thousand Lakes Planet which was the nearest planet to Overgrown Forest Planet. They were supposed to go through the portal here to return to Silver Plume Planet.

“Wew! We are finally here! We can finally return to our home after we go through the portal!” said Qin Luoshu with a sigh of relief.

“I want to have all the good food when I return home later! I’m so damn hungry right now!” said Dong Xiaowu while rubbing his belly.

“All I want is a hot shower and a good sleep!” said Wei Ruilong.

“Muyue, what do you plan to do when you head back later?” asked Miao Yiyue.

“Something is not right! Where is Mr. Chen? Why is he still on the spaceship?” asked Wenren Muyue in a nervous manner.

“Could it be that Lu Mingjun is trying to kill Mr. Chen while we are not with him?!”

“No! I don’t think Lu Mingjun is bold enough to do it! Look over there!” exclaimed Wenren Muyue with a shocked look.

Immediately, everyone turned around to look at where Wenren Muyue pointed. They could see that Lu Mingjun was bringing a group of people into one of the spaceships.

“The one that is walking in front is the overlord of Thousand Lakes Planet! And the people around him are the family heads of top-tier noble families! What the hell is Lu Mingjun doing with all those powerful individuals?!” asked Wenren Muyue, feeling worried.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1465: I Will Cooperate**

“It shouldn’t be a big problem!” Dong Xiaowu said. “Thousand Lakes’s governor Zheng Xiongfeng and the Lu Family are not in good terms with each other, and Zheng Xiongfeng’s son, Zheng Haotian is very grateful towards Mr. Chen for saving his life! There’s no way the governor will want to harm Mr. Chen!”

“I know Governor Zheng pretty well.” Wenren Muyue nodded. “But what if Lu Mingjun has already cooked something up! What if governor Zheng is being used?”

“You have a point.” Miao Yiyue looked worried. “But, we don’t know what Lu Mingjun’s plan is, and the mothership is on lockdown! There’s no way we can go!”

“I’m calling Mr. Chen so that he can be prepared!” Wenren Muyue took out her phone.

After a while.

“No one’s picking up! There must be a problem! No, I have to go in and save Mr. Chen!” Wenren Muyue said urgently.

“Muyue! You have to calm down!” Miao Yiyue advised. “Mr. Chen is so much stronger than all of us here! If there’s a problem, he will have no problem solving it! Even if he couldn’t, and I’m just saying an if, what’s the point of going in there?”

Wenren Muyue looked exhausted with worry.

But like Miao Yiyue said, if Chen Xiaobei could not solve whatever problem it was, they would not be able to do anything to help even if they went in. In fact, Chen Xiaobei might even have to save them again instead.

“Muyue! You were the one who believed in Mr. Chen the most! Are you telling us that you don’t trust him this time?” Miao Yiyue asked.

“Yes, you’re right! We have to trust Mr. Chen!” Wenren Muyue nodded. “He can do it! There’s nothing in this world that he cannot do!”

Everyone else nodded in agreement.

After the life and death incident in Overgrown Forest Planet, they all trusted Chen Xiaobei unconditionally, and even saw him as a religious figure!

Of course, other than believing in Chen Xiaobei, they could do nothing else.

In the mothership.

The governor of Thousand Lakes said, “Master Lu! Losing 30 combat space jets is a serious crime! If the thief is not caught, you need to think about the consequences you will have to face!”

“Thank you, brother Zheng for your concern! Why would I invite you over if I’m not confident?” Lu Mingjun chuckled.

“Save the brotherly names! You and I are not that familiar with each other!” Zheng Xiongfeng said.

“Since you’ve invited me here, I will make sure to carry out my duty impartially! If I can’t catch the thief, I will have to catch you!”

“Don’t worry, governor Zheng! I am very confident!” Lu Mingjun said.

“Since you’re so confident, why didn’t you capture the thief then? Why are you wasting time? What if the person escapes?” Zheng Xiongfeng questioned.

“That’s because this person’s identity is a very sensitive issue. Unless I have someone just like you, governor Zheng, to be my witness, I wouldn’t dare to touch him. I’m afraid that people will accuse me of abusing my position to retaliate against a personal enemy!”

“Retaliate against a personal enemy? Who might that be? Who is this person you have a grudge against?” Zheng Xiongfeng asked.

“That person’s name is Chen Zhufeng. He killed my son Lu Changwei!”

“Chen Zhufeng?” For a moment, Zheng Xiongfeng’s eyes flashed with shock and confusion.

About 10,000 young people from his planet had joined the Elite Hunting Competition. Had it not been for Chen Xiaobei, Thousand Lake City would have fallen into mayhem, and the young governor Zheng Haotian would not have been able to return safely!

“What is it? Governor Zheng, don’t tell me that your heart has softened towards him just because he saved your son?” Lu Mingjun asked.

“Of course not!” Zheng Xiongfeng said sternly. “As long as there is evidence, I will make sure that justice is served!”

“I knew it! Governor Zheng has always been just and will never bend the law in favor of personal interests!” The excitement in Lu Mingjun’s eyes revealed that his insidious plan was going accordingly.

“Enough nonsense! Where is this Chen Zhufeng?” Zheng Xiongfeng asked.

Lu Mingjun raised his finger and pointed. "His room is in front! Please come with me, governor Zheng!"

"Huh? Why are there two people at the door? Did you put him under lockdown?" Zheng Xiongfeng frowned.

"No, it's not a lockdown! It's just house arrest! My men are just guarding the door. They didn't harass Chen Zhufeng at all!"

"Whether there's harassment or not, we'll know in a while! If Mr. Chen is the thief, I will not be lenient! But he's not, I will not be gracious to the people who intend to frame him!"

Clearly, Zheng Xiongfeng was very grateful towards Chen Zhufeng for saving his son.

"We're here. Just ask as many questions as you please!" Lu Mingjun shot the two men a look and they opened the door immediately.

"Chen Zhufeng! Stop sleeping! Get up!" Lu Mingjun pretended to shout, and he rushed to be the first inside the room.

Lu Mingjun reached out and grabbed Chen Xiaobei off the bed by his collar.

It might have appeared to be a simple gesture but Lu Mingjun was actually secretly dosing Chen Xiaobei with the antidote through his Ethereal Force.

The antidote was to neutralize the drug he instructed Zhu Dachang to dose Chen Xiaobei with earlier. It was effective immediately and Chen Xiaobei was awakened from the deep sleep.

"Mmm..." Chen Xiaobei stretched his arms lazily, as if he had just woken up from his slumber. It was as if he was never drugged at all.

"Don't bare your fangs and brandish your claws!" Lu Mingjun barked, and reached out to smack Chen Xiaobei's left hand.

In a swift motion, Lu Mingjun placed the Infinite Space Ring back onto Chen Xiaobei's finger. It was done so quickly and smoothly that no one saw it happen.

Lu Mingjun had obviously practiced sleight of hand many times. It was all done flawlessly and effortlessly.

Even the Zheng Xiongfeng who was only one step behind him and he did not notice anything.

At a glance, Chen Xiaobei simply looked like he had just woken up, and his Infinite Space Ring was undisturbed; therefore, eliminating all possibilities of him being framed.

This was Lu Mingjun's entire conspiracy!

He planted 20 combat space jets into Chen Xiaobei's Infinite Space Ring.

And then at the very last minute, he covertly returned the ring to Chen Xiaobei's finger! He obliterated any possibilities of him fabricating evidence against Chen Xiaobei, and prevented Chen Xiaobei from having any time to transfer the space jets elsewhere!

With the impartial, uncompromising Zheng Xiongfeng as witness, Chen Xiaobei would not be able to wiggle his way out once the Infinite Space Ring was thoroughly searched!

“Huh? Why are there so many people?” Chen Xiaobei glanced at the people who had gathered around him.

“Mr. Chen! I am the governor of Thousand Lakes City, Zheng Xiongfeng! Master Lu told me that he was more than certain that he has proof that you were the one who stole the 30 combat space jets! Since you are on Thousand Lake Planet’s territory, I have the responsibility to find out the truth! I hope you can cooperate with us!”

“Fine! I will cooperate!” Chen Xiaobei shrugged.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1466: A Mouthful of Blood**

“Good! It’s great that Mr. Chen Xiaobei agrees to cooperate!” Zheng Xiongfeng said. “The items that were stolen were 30 combat space jets. A plunder this size could only be hidden inside Storage Spiritual Instruments and nothing else! So, Mr. Chen, if you would, please hand over your Infinite Space Ring so that I could do a search!”

“Alright. Here!” Chen Xiaobei took off the ring and handed it over.

A smile stretched across Lu Mingjun’s face when he saw this.

Before he put the ring on Chen Xiaobei’s finger, Lu Mingjun had made sure to check that all 20 combat space jets were inside!

That was less than 10 seconds ago, but Chen Xiaobei did not even think twice before he surrendered his ring to Zheng Xiongfeng.

Chen Xiaobei had fallen into his trap. He could never get himself out of this!

Zheng Xiongfeng noticed the expression on Lu Mingjun’s face and suspected that something was amiss. So he asked Chen Xiaobei, “Mr. Chen, before I search your ring, I’d like to confirm two things with you!”

“What are they?” Chen Xiaobei asked.

“First, did anyone harass you while you were in your room? Second, has anyone touched your Infinite Space Ring?” Zheng Xiongfeng said. “These two questions are crucial. Think very carefully before you answer!”

Chen Xiaobei shrugged. “I’ve been sleeping very comfortably in my room. No one came to disturb me, and no one touched my Infinite Space Ring! I wore it on my finger and if anyone touched it, I would have surely woken up immediately.”

Zheng Xiongfeng’s brows were furrowed when he asked, “So, you’re saying that no one touched your ring, and if the stolen goods are inside, it was not planted by someone else, am I right?”

“Yup!” Chen Xiaobei shrugged again. “I had the ring on my finger the whole time. No one would have the chance to plant anything.”

“If that’s the case, I’ll begin my search! Once the search results are out, there’s no changing it!”

Lu Xiongfeng focused his attention and began to search the Infinite Space Ring.

Lu Mingjun’s smile widened at this. He had actually prepared some rhetoric to justify the search but Chen Xiaobei was so cooperative, he did not have to say anything. Chen Xiaobei had thrown himself into the fire without his prodding.

“So, the stolen goods are inside, right?” Lu Mingjun asked impatiently.

He had planted the stolen goods inside himself, and he had even made sure to check that the space jets were inside before he ‘returned’ it!

Zheng Xiongfeng said nothing, his brows still knitted together as he passed the Infinite Space Ring to the other masters of Thousand Lake’s first class nobles.

The ring was passed around, and each person looked inside it. Finally, the ring was returned to Zheng Xiongfeng.

“You have all searched it, right?” Lu Mingjun could not wait any longer and made the executive decision when he shouted, “Guys! Come in and...”

Before he could finish his sentence, Zheng Xiongfeng called out in an even louder voice, “Guards! Come in and arrest Lu Mingjun and the rest of the Lu Family!”

“What?!” Lu Mingjun’s eyes widened in disbelief. “Gov... Governor Zheng! What is the meaning of this?”

“There’s not a single combat space jet inside Mr. Chen’s Infinite Space Ring! There was none at all!” Zheng Xiongfeng said sternly. “That is to say that Mr. Chen has nothing to do with the missing combat space jets! As the people in charge of this mothership, your family will have to bear the responsibility of the missing items!”

“What?! They’re not in there? How is that possible? You must be mistaken!”

Lu Mingjun’s mouth opened so wide you could stuff a fist into it.

He had put the space jets inside himself! He even double checked! How could they not be inside?

“We’ve all searched though it thoroughly. There’s no way we’re mistaken. If you don’t believe us, then I will allow you to check it once for yourself!”

Zheng Xiongfeng offered the Infinite Space Ring.

Lu Mingjun took it, and rummaged through it. When he was done, he looked like he had just seen a ghost.

“This is impossible! This is absolutely impossible! No way!”

Clearly, Lu Mingjun could not find the space jets inside either.

Other than the few knick knacks that Chen Xiaobei had inside earlier on, there was not a shadow of the combat space jets inside!

“Give it back!” Zheng Xiongfeng grabbed the ring from him. “Now that the matter has been made clear, we can confirm that Mr. Chen is not involved in the case of the missing combat space jets!”

“No way! This is absolutely impossible, governor Zheng! Listen to me, this is a misunderstanding!” Lu Mingjun began to doubt himself as he spoke.

He would never know where the 20 combat space jets went.

“I don’t think so!” Zheng Xiongfeng said grimly. “From now on, you, Lu Mingjun has the right to remain silent. Anything you say will be used against you and shall be reported, word for word, to the Overlord!”

“I...”

Lu Mingjun looked like he was going to be sick. His palms were cold and sweaty.

He had racked his brain and exhausted his wiles to come up with this ruthless scheme, thinking that he could destroy Chen Xiaobei and everyone who supported him.

Luckily, Chen Xiaobei and his supporters were safe and unharmed. Instead, it was Lu Mingjun and his core family members who would suffer!

What was funnier was that the Zheng Xiongfeng and the Thousand Lakes nobles that Lu Mingjun invited to witness Chen Xiaobei’s crime actually witnessed his instead!

He really shot himself in the foot this time.

Based on Zheng Xiongfeng’s character, he would not be lenient with Lu Mingjun and the Lu Family. He would make sure that the case was presented before the Northern Wilderness Overlord. Even if the Lu Family was not destroyed, they would at least suffer a great deal of losses!

“Blaaargh...” Lu Mingjun was so upset thinking about it that he suddenly vomited blood.

“Heh, Master Lu, isn’t it a little too early to be vomiting blood? You’ll be doing more of that later on!” Zheng Xiongfeng barked. “Guards! Lock the Lu Family in the dungeon, and wait for the Overlord’s orders!”

Because this matter involved the Northern Wilderness Overlord, Lu Mingjun dared not resist his arrest but allowed himself to be taken away obediently.

“Mr. Chen! I’m sorry to startle you!” The anger in Zheng Xiongfeng’s had disappeared. He handed the ring back to Chen Xiaobei with both hands.

“You’re too polite, governor Zheng. I don’t deserve it.”

Chen Xiaobei took the ring back and slipped it back on.

“Why not?! You saved my son Zheng Haotian! You have done us such a great favour, I don’t know I can ever repay you!”

Zheng Xiongfeng straightened his clothes, and raised both hands, and gave Chen Xiaobei a bow.

“I...”

Chen Xiaobei did not expect this governor whose ranking was equal to that of the Silver Plume Dong Zhao to be so courteous towards him.

“Mr. Chen saved our family’s future! We will always remember what you’ve done!”

The rest of the first-rate nobles did the same, and gave Chen Xiaobei a deep bow!

### Red Envelope Group of the Three Realms

#### **Chapter 1467: Laying His Cards on the Table**

Those who joined the Elite Hunting Competition were all young nobles from different planets.

Also, these young nobles were either the families’ heirs or related to both the top-tier nobles or the common nobles. These young people were vital to their respective families.

Without Chen Xiaobei, they would have all perished, and all the noble families would have to face the tragic loss.

That was why, apart from the one million young people, their families too were very grateful towards Chen Xiaobei.

Zheng Xiongfeng and the others had invited to Chen Xiaobei to remain in Thousand Lakes Planet, and promised him nobility. He even promised to make Chen Xiaobei their number one guest of honor, promising to support whatever venture Chen Xiaobei would pursue.

However, right now, Chen Xiaobei had no desire to associate himself with them, so he made a brief, polite chatter and then excused himself.

Zheng Xiongfeng had to sort out the Lu Mingjun affair so he was not overly insistent.

Everyone lined up to send Chen Xiaobei off.

When Chen Xiaobei walked out, Wenren Muyue, Dong Xiaowu and the others rushed over to him.

“Mr. Chen! What happened? Why have you only come out now?”

Everyone studied Chen Xiaobei, watching out for any signs that Chen Xiaobei was injured or was being put in a difficult situation.

“Nothing. Governor Zheng and the rest simply came here to thank me. We merely talked about the weather. Look, am I not perfectly fine?” Chen Xiaobei shrugged.

“Really? So governor Zheng and the others purposely came here to thank you? It’s not that simple, is it?” Wenren Muyue frowned. “We saw the Lu Family being escorted out just now! Something big must have happened inside!”

“Yeah, Mr. Chen, tell us. What in the world happened to the Lu Family?” Dong Xiaowu asked.

“What happened? Don’t keep us on tenterhooks. Just tell us!” Miao Yiyue was curious too.

“Hehe, as the saying goes – don’t bother trouble unless you want trouble to trouble you!” Chen Xiaobei laughed. “Lu Mingjun got himself into trouble, and dragged his family down with him!”

No one understood what Chen Xiaobei was talking about, but as they waited for his explanation, Chen Xiaobei's phone rang.

He looked down at his phone, and everyone stopped asking questions.

It was a message.

Monkey King: Xiaobei! Why have you sent another Red Envelope? Are these the spoils you took from your enemies?

Chen Xiaobei: That's right! I was going to take only 10 combat space jets but my enemy gifted me with another 20! So, now I have a total of 30!

Monkey King: Have you taken care of that enemy?

Chen Xiaobei: I don't have to. He screwed himself up really good – enough to die, in fact. 😊

Monkey King: Then should I send the things back to you?

Chen Xiaobei: Yes, please! Thank you, Monkey King!

Monkey King: Why are you being so polite? We're brothers! Get ready to receive Red Envelopes!

Ding –

Congratulations! You received a red envelope from Monkey King. The Green Emperor's Divine Gourd, 533 Demonic Beast Corpses, and three million low-grade Spiritual Stones have been deposited into your treasure chest!

This Red Envelope contained all of Chen Xiaobei's belongings and that was why the notification text was a long list.

With this large Red Envelope, Chen Xiaobei's things were once again returned to his Infinite Space Ring.

Knowing Monkey King's personality, he would never touch anything belonging to Chen Xiaobei.

That was to say that Chen Xiaobei was able to cause that bastard Lu Mingjun to suffer by just using the Red Envelope feature.

The first time when Chen Xiaobei sent everything to Monkey King, Lu Mingjun's investigation came to naught.

The more crucial part came later.

Lu Mingjun had thought that Chen Xiaobei was drugged but the fact was that Chen Xiaobei had the Cleansing Bhodi with him so he was not knocked unconscious.

When Lu Mingjun slipped the ring back on Chen Xiaobei's finger, Chen Xiaobei was actually awake.

Chen Xiaobei used telekinesis to send the 20 combat space jets in a Red Envelope to Monkey King.

It was all done in a short 10 seconds. So, when Zheng Xiongfeng and the others searched the ring, they were unable to find the combat space jets.

And Lu Mingjun's plot was ruined. Not only did he fail to entrap Chen Xiaobei, he caused his entire core family to be imprisoned.

It was all solved beautifully.

After that, Chen Xiaobei led the Silver Plume people to the portal and returned to Silver Plume Planet.

The people on Silver Plume had already known about what had happened in Overgrown Forest.

On this very day, with the governor Dong Zhao in the lead, nearly all of the nobles gathered before the portal to welcome Chen Xiaobei and the others. It was like a hero's welcome.

Today, the whole Silver Plume City rejoiced in an atmosphere of jubilee. It was livelier than a festival celebration.

Today, the name 'Chen Zhufeng' had become the pride of the whole Silver Plume City. Whenever someone mentioned the name Chen Zhufeng, the people's faces would be filled with awe and respect. They were very proud to be associated with Chen Zhufeng.

On this same day, Chen Xiaobei was welcomed by the governor Dong Zhuo himself. Everyone knew that he had come to bestow upon Chen Xiaobei the title of a noble, and officiate Chen Xiaobei's presence in the inner city of Silver Plume!

This also meant that Chen Xiaobei had finally secured a place in Northern Wilderness. Although it was not yet written in stone, it was already considered a major breakthrough.

In the near future, Chen Xiaobei would be able to establish his foundation, allowing his friends and family to leave the secret space to live a proud and respectable life in Northern Wilderness Starfield!

When they arrived in Northern Wilderness, it was already morning. After a series of social niceties and entertaining associates, the sky was already dark.

Fortunately, the governor's banquet was the final stop. Once the party dissolved, Chen Xiaobei could finally get away.

But just as he was about to leave, he was notified by the security guard that the governor had asked for him.

Chen Xiaobei did not refuse to see him, but followed the guard to Dong Zhuo's room.

In the large, luxurious room sat two people.

"Governor Dong! Elder Wenren!" Chen Xiaobei greeted them with a slight nod.

"Please take a seat Mr. Chen!" Dong Zhuo gestured to a seat nearby, a warm smile on his face. "Are you pleased with the banquet tonight?"

Chen Xiaobei took his seat and spoke frankly, "Governor Dong called me here to talk about something that cannot be discussed during the banquet. Time is precious. Please, governor Dong, let's get straight to the point!"

“Good! That’s what I like about Mr. Chen!” Dong Zhuo put away his smile and said in a more serious tone, “I remember the first time when we met, Mr. Chen, you told me that you were a survivor from the 3rd Regiment. Am I right?”

“Yes! That’s what I said, but they were lies!” Chen Xiaobei laid his cards on the table. “Actually, I came from a tear in space. By chance, I came to Silver Plume City. If I had not lied, I’m afraid that I would not have been able to stay here till this day!”

### Red Envelope Group of the Three Realms

#### **Chapter 1468: Forming Alliance**

If it was a time before this, Chen Xiaobei would definitely not dare to confront them. Considering that Chen Xiaobei had a good relationship with Dong Xiaowu and Wenren Muyue, there was no way that Dong Zhuo and Wenren Jinghao would hold any bad intentions against Chen Xiaobei. That was why he was dared to confront them. Also, he wanted to know how Dong Zhuo and Wenren Jinghao would deal with this kind matter.

“Just as expected. Mr. Chen is no ordinary person! Mr. Chen, can you tell us more about the details? Where is the Dimension Crack? And how did it happen?” asked Dong Zhuo.

“I can tell you the details! However, I hope that you will not tell others about it. Just keep it to yourself!” replied Chen Xiaobei.

“Mr. Chen, don’t you worry about it! I can promise you that not a living soul will get to know what you are about to tell us!”

“Alright! I believe the two of you here! Atlantis was destroyed by my friend! With her sole force, she managed to defeat everyone from South Town Star Temple! The end result of the battle was a tear in the dimension! That’s how the Dimension Crack formed!”

Upon hearing that, Dong Zhuo and Wenren Jinghao were too shocked to react to it. One should know that there were seven demigods and seven elites with Ethereal cultivation guarding the place. Knowing that Chen Xiaobei’s friend had just destroyed the place singlehandedly, they were all terrified by it.

Of course, this was not the most important thing here. Dong Zhuo and Wenren Jinghao then stared into each other eyes. It was as if they had made a common decision together.

“Mr. Chen, I appreciate your honesty! I’m glad that you didn’t see us as outsiders! We are willing to tell you some secrets as well!” said Wenren Jinghao.

“Oh? What kind of secrets?”

“There are three core people in the Atlantis incident. They are the Tenshou God, Nikkawa Uchu, and Sakuragi Hyokitsune! Before the war, Tenshou had already confirmed that the emperor was not the real emperor! He was someone else with a mask on! When the temple master, Lu Gang regained his consciousness, he went to ask every demigod on planet earth to find out the truth of the Atlantis incident. Though some connection that he had in China, Lu Gang found that the young man from Green Vine City had a special relationship with Sakuragi Hyokitsune! In other words, the fake emperor was actually the young man from China! And his name is Chen Xiaobei! After that, Lu Gang also found out

that Chen Xiaobei had built a faction called Bei Xuan Faction at Dragon City! And! He has a nickname! He named himself Chen! Zhu! Feng!” said Wenren Jinghao, purposely emphasizing the last three words.

Clearly, Lu Gang had known the whole truth and Wenren Jinghao and Dong Zhu should have known about this earlier as well. That was why they were not surprised when Chen Xiaobei confronted them just now. The thing that shocked them the most was the strength of his friend. Right now, they had no intention to make Chen Xiaobei pay for what he had done. Instead, they wanted to discuss some strategy with him.

“This Lu Gang is actually not bad! I’m surprised that he found out the truth in such a short period of time!” said Chen Xiaobei.

“The South Town Star Temple is guarding the only passage that connects the Northern Wilderness Starfield to earth. Naturally, all the demigods from earth would worship him like a god. With this kind of power, he could easily find out the whole truth!” said Dong Zhuo.

“How many people know about this?”

“As for now, only the three of us know about it! Elder Wenren is the person assigned by the temple overlord to investigate the Atlantis matter. That was why Lu Gang handed the report to Elder Wenren once he found out the whole truth! We also managed to bury this report for now. Not even the Lu Family’s members know about it!”

“Thank you so much for covering it up for me! If not, I’m afraid I will die tonight!”

“Mr. Chen! You are most welcome! If it wasn’t for you, I’m afraid we would have had to bury our offspring! Besides, Lu Family has always been savage and unreasonable. They have done all kind of bad deeds at the South Town Star Temple! Needless to say, we know that they were the ones that started the war!”

“Governor Dong, you really are wise! During that time, I was planning to wear the Japanese emperor’s mask to travel to Northern Wilderness Starfield to improve my strength. It was not my intention to destroy the entire Atlantis! Lu Gang lusted over my friend’s beauty! He was the one that forced out his hand!”

“Mr. Chen! This is not your fault! Lu Family is at fault! So, we are not going to submit the report!”

“It’s easier said than done though! I thought the temple wanted to protect the Lu Family?! Submit the report and let me take all the blame, so Lu Family can be free from it. Isn’t that the temple’s initial plan?”

“You are right but we don’t want to protect them anymore!”

“What do you mean by that?”

“Lu Family has been doing whatever they liked in the inner city! They even worked with the bad guys to bully their own people! They are like a tumour here! I have always chosen to ignore it. However, they have stepped on my head this time! Not only do they want to take over Wenren Family as the second most powerful family in Silver Plume City, they are also thinking of eliminating my family as well! Keeping them around is no difference from keeping a tiger in your house!”

Seemingly, Dong Zhuo and Wenren Jinghao had already figured out Lu Family's cunning plan. That was why they did not want to protect them anymore. Though they knew that Chen Xiaobei was the key person of the Atlantis incident, they had decided to ignore it and work together with Chen Xiaobei to take out Lu Family.

"May I know your plan? Please enlighten me. I will definitely work together with you guys to take down Lu Family!"

"Great! I appreciate that! That means we are allies now! This time we have to eliminate them no matter what!"

### Red Envelope Group of the Three Realms

#### **Chapter 1469: The Heavens Want the Lus Dead**

"Then, how are we going to get rid of the Lu Family completely?" Chen Xiaobei asked.

Dong Zhuo replied, "The Lu Family is like a tool, a pawn, to the Overlord! He wants to protect the Lus because there are no other suitable tools to replace them!"

Chen Xiaobei understood immediately, "You are saying that as long as there's a replacement for the Lu Family, the Lus will lose all value, and the Overlord will not do everything in his power to protect them anymore?"

"That's right!" Dong Zhuo continued, "The Lu Family's main responsibility is to guard the South Town Temple on earth! On top of that, the old man in Lu Family is an Elder in the Temple's core management who are in charge of the campaign. If someone can do the job just as well, I believe that the Overlord will not hesitate to abandon the Lu Family!"

"Governor Dong, why are you so certain that the Overlord will cast the Lu Family aside?" Chen Xiaobei asked.

"That's simple!" Dong Zhuo explained, "The Lu Family has managed the South Town Temple for a very long time. They've pocketed so much wealth they are practically swimming in resources! Other than lining their pockets, the Lu Family also busied themselves with forming cliques. Many powerful forces have formed close relations with the Lus in the dark!"

To a person who values power and authority like the Overlord, this was intolerable, as his subordinates were basically forming groups for their personal campaign! Moreover, the old man also has control over a portion of the military authority! The Overlord is, naturally, worried about this! 500 years ago, it was because of how powerful the Overgrown Forest nobles were that the Overlord was worried about them! Although the Lu Family is not as powerful as the Overgrown Forest nobles, the pattern is pretty much the same! Based on the Overlord's character, as long as there are suitable candidates who could replace the Lus, he would not think twice to rid himself of this disease that is the Lu Family! He would not allow the Lus to continue to grow bigger!"

Dong Zhuo's dissection was meticulous.

Chen Xiaobei nodded thoughtfully. "If that's the case, the next question, or rather, the most important question is, who would replace the Lus?"

Dong Zhuo and Wenren Jinghao looked at Chen Xiaobei and answered concurrently, "You!"

"Me?" Chen Xiaobei pointed at himself, a look of surprise washed over his face. "Are you both joking? I am just an outsider. How can I replace the Lus?"

Wenren Jinghao said, "The two important criteria for replacing the Lu Family are: One, strength that is powerful enough to make everyone bow to you. Two: prestige that is good enough for everyone one to listen to what you say! As long as we could convince the people of Northern Wilderness, replacing the Lu Family is not an impossible task!"

"Strength? Prestige?"

Chen Xiaobei looked puzzled.

Wenren Jinghao continued, "Strength! Mr. Chen, you were able to defeat one million Demonic Beasts on your own! That includes three demigod ranked Beast Kings! Who wouldn't submit to someone with strength like that?"

Chen Xiaobei shook his head. "Actually, my cultivation is not very strong. I had to rely on my wits to defeat them!"

"Who said that strength must be cultivation?" Dong Zhuo said. "A pen is sometimes more powerful than a sword! There are many people who hold multiple positions. Their cultivations are not very strong either! To give an example, they are the Overlord's anointed military advisor, the Chinese traditional medicine doctors, and Yin Yang masters. These people's cultivations are much weaker than most of the core elders, but their positions are much higher! That's why, intelligence is a part of strength! In fact, your medical skills are much stronger than the Temple's Chinese traditional medicine doctors! If you could cure Muyue's sickness, your name would be known all over Northern Wilderness. Then even the Overlord would look up to you!"

Chen Xiaobei nodded. "As long as I can get my hands on the Golden Purple Echeveria Lola, I can cure Lady Wenren!"

"Hmm!" Dong Zhuo continued. "Now that we've talked about strength, let's talk about prestige! During the battle in Overgrown Forest, you saved one million young people on your own! You are now a hero to all of the nobles in Northern Wilderness! One word from you and all of them will respond to you! Mr. Chen, you're already equipped with an abundance of strength and also peerless prestige! All we need to do is find the right opportunity to refer you to the Overlord. This will very likely succeed!"

Chen Xiaobei grinned in return. "This opportunity might just be around the corner!"

"What? What do you mean?" Dong Zhuo and Wenren Jinghao leaned forward with interest.

Chen Xiaobei shrugged. "Only this morning, 30 combat space jets went missing from the mothership we boarded. All the core Lu Family members, including Lu Mingjun have been arrested by the Thousand Lake City governor Zheng Xiongfeng!"

"Ho... How is that possible?" Both Dong Zhuo and Wenren Jinghao gapsed. "The combat space jets are extremely crucial battle equipment! How could 30 of them go missing? Mr. Chen, are you sure got it right?"

"I can personally vouch that this is absolutely true!" Chen Xiaobei said.

"My goodness! The heavens want the Lu Family dead!" Dong Zhuo nearly jumped out of his seat. "The Atlantis issue already had the Overlord in a fit and he had no choice but to protect the Lu Family! Now the Lu Family have stirred up problems again! 30 combat space jets costs about 30 billion low-grade Spiritual Stones! The Overlord won't be so lenient this time!"

"That's right! To abate the matters in Atlantis, the Lus had to sell off their Family's properties, and take out a few hundred million Spiritual Stones to rebuild Atlantis!" Wenren Jinghao was also very excited. "This time, the Lu Family won't be able to reimburse the loss of the 30 combat space jets! If they fail to pay this debt, the Overlord will not only give up protecting the Lus, but he will also have the whole Family destroyed!"

Chen Xiaobei nodded. "The situation is looking good. Soon, the Overlord will have to make a decision! Once he's decided to give up on the Lus, he will be on an urgent search for a substitute! And that would be our best chance!"

Both Dong Zhuo and Wenren Jinghao nodded. "Everything is in order except for one thing!"

Once the major affairs were decided, Chen Xiaobei asked for an interstellar map from Dong Zhuo, and then left the governor's mansion in a hurry.

Instead of returning to the secret space to rest, Chen Xiaobei stepped onto the Somersault Cloud and flew to a place far away from Silver Plume City.

Obviously, Chen Xiaobei had something that he needed to take care of, and that was to find the one million Demonic Beasts inside his Verdant Emperor's Divine Gourd a safe new home.

Chen Xiaobei settled the battle, and saved one million young people and one million Demonic Beasts. That was how he got his 10 million merit points.

If the Demonic Beasts starved to death, half of his merit points would be deducted!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1470: Combat Space Jet**

Late at night.

Deep inside the Silver Plume Forest.

Chen Xiaobei took out a space jet from his Infinite Space Ring.

He then walked to the entrance of the space jet and soon he managed to find the switch.

Buzz...

The door opened automatically when Chen Xiaobei pushed on the button. In order to make sure that it could take off anytime, this space jet had been topped up with enough fuel to fly for some distance. According to Wenren Muyue, Chen Xiaobei found out that the fuel for this spaceship was Spiritual Stones! And it required a huge amount of it. Now that it was fully fuelled, Chen Xiaobei could avoid spending his stashed Spiritual Stones.

After entering the cockpit, Chen Xiaobei started to figure out how to fly this technologically advanced space jet. On earth, Chen Xiaobei was an expert pilot at flying a fighter jets. To his surprise, this space jet that he was sitting in was actually quite similar to the fighter jets he flew when he was on earth. Because of technological advancements, a lot of redundant controls were being eliminated. In other words, it was actually easier to fly this space jet than the regular fighter jets!

“Start!”

Soon, Chen Xiaobei was confident enough to press on the ‘START’ button.

Buzz...

Seconds later, the entire space jet was successfully fired up. The sound of Spiritual Energy flowing within the space jet had a clear distinction when compared to fighter jets on earth. After that, Chen Xiaobei could see blue light glowing from the wings of the space jet. It then started to rotate at an extreme speed. Its glow actually came from the burning of Spiritual Stones – similar to True Kang that one would channel into their bodies. The force that was generated from the spinning would enable the space jet to fly into the sky.

Swoosh!

In about three seconds, the space jet had managed to achieve the speed of sound and went straight into the clouds. Once it broke out from the atmosphere, its speed increased again! Though Chen Xiaobei had seen a lot of things in his life, he was still marvelled by this technologically advanced space jet.

“The planet that I need to travel to is Willow Hill Planet... If my calculations are correct, I think I can arrive to this place before dawn...”

Immediately, Chen Xiaobei took out a space map to study it. He found out that the distance between one planet to another planet was extremely far. Even a powerful space jet like this would need a considerable amount of time to bring him to this desired destination. Without wasting any time, Chen Xiaobei looked for the autopilot function on his space jet and he managed to find it after a short while.

This space jet was after all the most advance intergalactic weapon at Northern Wilderness Starfield. Naturally, Chen Xiaobei would want to study its combat system. Just like the flying instruments, the combat system was pretty easy to master as well. There were only two buttons; low-level and high level!

“I shall try the combat system since I’m in deep space!”

Out of curiosity, Chen Xiaobei pressed the ‘low-level’ button.

Swoosh!

Swoosh!

Immediately, both of the space jet’s wings shot out blue rays! These two blue rays were the size of an arm and the length was around one meter. It looked exactly like the light saber from Star Wars! Most importantly, these two blue rays disappeared into the deep space almost instantly. In other words, the speed that the blue rays were travelling at were way faster than the space jet itself.

“Damn! That’s just too fast to be true! If I’m not mistaken, the speed of this space jet is similar to how fast a demigod can move! With that being said, a demigod would not be able to dodge the attack since they moved faster than it! However, why would a demigod get into a close fight with a space jet like this? Besides, I don’t think the attack is powerful enough to cause any significant damage to a demigod! To put it bluntly, this space jet is useless against a demigod!”

After putting some thought into it, Chen Xiaobei shifted his attention to the ‘high-level’ button.

“Maybe it can shoot out a higher level laser beam that is powerful enough to hurt a demigod. Let me try! Hehehe...”

As Chen Xiaobei was about to press on the ‘high-level’ button, he found out that there was a gauge on top of the two buttons. It was showing 87%, and it was constantly decreasing as well.

“I think this is the energy meter! The spaceship is flying right now. That’s why the number is going down! All I did was press the ‘low-level’ button. I didn’t expect that it would consume such a huge amount of energy. I think it’s better for me not to click on the ‘high-level’ button... Things will get really awkward if energy runs out before I arrive at my destination...”

These kind of space jets were normally carried by a space carriers. In other words, a space jet like this would need the space carrier to ferry them to the battlefield before the HIVE released them to fight their enemies. They were suitable for short-range combat but not long-range flying. In order to preserve more energy, Chen Xiaobei had to resist the temptation to push the ‘high-level’ button.

.....

After some time, Chen Xiaobei could finally lay his eyes on Willow Hill Planet. The space jet managed to dive into the atmosphere and landed successfully on the planet. Before he left the space jet, he took some time to study the inner structure of the space jet again. He found out that there was a special tube for one to put in Spiritual Stones. Immediately, Chen Xiaobei dropped 1,000 Spiritual Stones inside it to refill the energy that he spent just now.

“This journey costs me 1,000 low-grade Spiritual Stones! This is like a money burning machine! It is no wonder that even the nobles can’t afford to play with this thing!”

With a loud sigh, Chen Xiaobei opened the door and stepped foot on Willow Hill Planet. Just like its name, the planet was in bad condition. There were limited amount of resources on the planet. That was why human beings decided to abandon this planet. That would mean this would be the best place to release all those Demonic Beasts. If this planet was not inhabited by humans, there would then be no war between humans and Demonic Beasts. In other words, Chen Xiaobei had just protected them.

“This is the best I can do for now! I will let the millions of Demonic Beasts live here! I think this is one good deed that I have done!”

Chen Xiaobei then took out the Verdant Emperor’s Divine Gourd from his Infinite Space Ring. Millions of Demonic Beasts were being poured onto the planet like raindrops! As for the three Demonic Beast Kings, Chen Xiaobei would not let them out for now.
