#### Chapter 1611: Millions of Spiritual Stones

Chen Xiaobei immediately checked Yi Mozhi's true strength using his Netherspirit Battlescouter!

Unless one saw it with their own eyes, one would have never believed it. Once one did, would they be shocked beyond compare!

"This bugger is so damn powerful! No wonder he was able to trap Sister Bai last time!"

Chen Xiaobei knew that Yi Mozhi was strong but did not expect him to be that strong!

Ding!

[Cultivation: Last phase of God Ascension; Lifespan: 1566 years; Health: 1,100,000; Combat power: 1,100,000]

Thus, the power of the Master of Yin family! The strongest of all Violet Reborn Planet! More powerful than the Overlord of Northern Wilderness and Bai Linsu!

With a combat power as much as 1.1 million, Yi Mozhi was unremittingly entitled to be proud!

"So? Are you afraid now?" the corner of Yi Mozhi's lips curved upwards as his Ethereal Force began to simmer. "I don't give a damn what that black box of yours is! This attack will force it to reveal its true form!"

Chen Xiaobei returned the smile. "Heh, if you can really open it, I would have to thank you!"

The black box was the Qin Emperor Ying Zhen's coffin which was forged of the same black metal as the Evil Dragon Doors.

Back in the mausoleum, Feng Aotian failed to even draw a scratch on the door with his mighty sword.

It was only when Chen Xiaobei used his upgraded Chaos Blood Sword that the doors could be broken in.

While Yi Mozhi was far stronger than Feng Aotian, he did not possess the strength of an Earth God and could not possibly break open the coffin!

On top of that, there was the Earth-God level seal that Xu Fu put over the coffin. Even if Chen Xiaobei were to try his hardest, he would have failed in his attempt to break open the unbreakable coffin!

Ying Zhen had been dying to get out, so if Yi Mozhi did in fact manage to open the coffin, both Chen Xiaobei and Ying Zhen would be extremely grateful towards him! He would just be doing them a favor!

Of course, that was just a case of 'if'.

The truth of the matter was, that there was no way he could even crack open the coffin, much less be able to leave any dents or scratches on it!

“Faction leader Chen! Why are even talking to this useless piece of shit? Just kill him already!” A domineering voice suddenly boomed from the black coffin. The dark, hoarse voice raised the hairs of all who heard it.

“Who is it?!” Yi Mozhi was suddenly cautious.

“There’s someone inside the black box!”

Everyone’s gaze fell on the coffin.

They could see a black sinister figure seeping through the coffin, condensing rapidly. Then a shadow in the form of a human body covered in protruding muscles resembling sharp boulders crawled out of it, its razor sharp claws grabbing the sides of the coffin as it rose to its feet until it was standing a few meters tall! Its ferocious countenance was framed by the two horns protruding from its head, and there were sharp teeth gleaming in its mouth.

There it stood mighty, atop the black coffin and towering above everyone.

The moment the shadow appeared, a strong murderous intent had descended on everyone.

The 1.1 million combat-powered Yi Mozhi was just another piece of trash in the eyes of the ungodly shadow!

“Wh... What is this?”

The people held their breath, eyes widened and pupils shrunken.

“Master, what should we do now?” Left Guardian’s and Right Guardian’s hearts were racing, and it felt as if there was a mass weighing down on their chests, making it hard for them to breathe. To say that they were not the least bit afraid would be a lie.

“There’s no need to rush!” Yi Mozhi said. “This blood-red formation can’t trap us anyway. Let’s test and see what the black box can do first. If anything happens, we can just retreat. That old fart won’t be able to stop us!”

“Yes! Yes! Yes! That makes a lot of sense, master! No matter how strong that black box is, it can’t possibly grow legs and come after us can it?!” the Left Guardian nodded.

The Right Guardian was weaker in strength, so he was apprehensive. “We cannot underestimate our enemy. Let us three kill that kid together! We cannot allow him to take a breather!”

“Mm, let’s go and go all out with full power!” Yi Mozhi said covetously, “We just need to kill that old worm and that blood-red formation and the black box will belong to our family! By that time, our power will increase by tenfold and we can finally truly dominate the entire Violet Reborn Planet! When that happens, I will see to it that you are rewarded well!”

Both Guardians were very encouraged to hear this. “Don’t worry, master! We will give everything we have and kill that old fart for you!”

The three most powerful men from Yi Family started to channel their Ethereal Force and a huge energy wave could be sensed by everyone.

“Hey! They’re going to attack!” Chen Xiaobei turned around to look at the black demon behind him.

The demon spoke in Ying Zhen’s voice, “I saw that. You don’t have to tell me!”

“You saw it?” Chen Xiaobei hissed. “Then, lend me all ten thousand of your Black Dragon Riders! Those few hundred fools just now are not enough!”

“You want the ten thousand Black Dragon Riders? You’ll have to pay me one million low-grade Spiritual Stones then!” Ying Zhen said.

“What? One million Spiritual Stones? This was not in the agreement!”

Yin Zheng shrugged. “I know that. But I don’t have any cultivation. So, unless you provide me with the energy, I can’t activate the Black Dragon Riders!”

Then how were you able to do it so freely in the mausoleum?” Chen Xiaobei frowned.

“There is an underground Spiritual Path in the mausoleum. It’s filled with an endless supply of Spiritual Qi. That’s why I could control the Black Dragon Riders anytime I wanted to!”

“Is that true? Are you sure you’re not just trying to cheat me for my Spiritual Stones?” Chen Xiaobei said warily.

“Of course it’s true!” Ying Zhen was growing impatient. “If that Spiritual Path didn’t exist, all the Formations in the mausoleum would not have been able to operate!”

Chen Xiaobei thought for a moment then took out 1 million low-grade Spiritual Stones. “Fine, I believe you! Take these for your Spiritual Qi and lend me the Black Dragon Riders!”

Fwaaaah

Spiritual Stones scattered all over the floor and piled up into a small mountain.

“What is that old man doing?” asked the Left Guardian and the Right Guardian simultaneously.

Yi Mozhi responded, “He must be supplying energy to the black box! I think we’ll have a real powerful attack incoming! We have to act now! Kill that old fart before the black box activates!”

“Yes, master!”

The Left and Right Guardians followed closely behind Yi Mozhi, ready to launch an attack.

Bam! Bam! Bam!

The one million Spiritual Stones shattered under a tremendous force of pressure, releasing a sea of Spiritual Qi.

Fwaaah

Ying Zhen willed his mind, and the Spiritual Qi entered the black coffin.

“Great!” Ying Zhen said.

Chen Xiaobei roared, “Black Dragon Riders! Kill! For! Me!”

## Red Envelope Group of the Three Realms

### **Chapter 1612: Powered By Blood Robes**

Whoosh!

Whoosh!

Whoosh!

Upon Chen Xiaobei's command, tens of thousands of black shadows shot out of the demon's body like swords, flying straight to the surroundings and blocking the skies like a raincloud.

"Kill!" A deafening roar exploded, and the black fog on the surface of the cloud dispersed!

The black shadows came into form, turned into evil spirit armies clad in armour and equipped with halberds.

Suddenly, a giant battle formation of ten thousand spirits could be seen hovering in the skies!

Alive, they conquered six states and helped Emperor Qin dominate the world. They were aptly nicknamed the invincible imperial army!

After they passed away, they became evil spirits and guarded the Emperor's mausoleum. One could say they were unsurpassable martyrs!

Upon emergence of the battle formation, every person who was present felt a powerful tremble in their hearts!

"Ma... Master... What is happening? This is scary... it feels like an Earth God has just landed here. Why don't we retreat..."

The Left and Right Guardian had turned white as ghosts. They had not even started fighting yet, but they had already given up on the battle.

"Don't panic! From the looks of that energy wave, this evil spirit formation has not reached an Earth-God level yet!" Yi Mozhi said, brows furrowed, "Let's test the waters and see! If we can't fight it, we can always retreat!"

"Alright!" Both the Guardians were relieved.

After all, Yi Mozhi was at the later phase of God Ascension, a head-turning 1.1 million combat-powered super elite.

As long as the battle formation before them was not at a demigod level, there was always the option of retreating if they were losing.

Knowing that they had a means of escape, the three men were emboldened.

Hwaaaa!

Yi Mozhi took one step forward, and channeled his Ethereal Force to maximum. Clearly, Yi Mozhi did not dare to underestimate the formation. That was why he used all his 1.1m combat power to deal with the

formation. Shaken by his extremely powerful Ethereal Force, the weather around him started to change drastically.

Hwaaaa!

Hwaaaa!

Both Left and Right Guardians also did the same, and channeled their Ethereal Force to the maximum. Seemingly, they had no intention to follow the law of Jianguhu. Three people against one was just absurd. Everyone could feel that a massive fight was about to unfold before them.

“This is too scary! Three powerful elites working together to fight with one person – the first time I’ve seen something like this going down in the 10 years I’ve been on this planet!”

“I must say that this mysterious old man is incredible! Even Bai Linsu did not get such treatment!”

“Not just them! Look over there! The Hans! The Yuns! Sima! All the powerful elites of Violet Reborn Planets are here!”

“This has turned into such a big commotion. Of course it would draw the attention of all the powerful families! All our planet’s Earth Gods might just gather here!”

The crowd exclaimed in hushed whispers of excitement.

On the towers a distance away, the God Ascension cultivated demigods of Violet Reborn Planet were watching, observing the battle.

There was a look of genuine curiosity, unconcealed greed and fanaticism in the eyes of the elites.

They were anticipating Chen Xiaobei and the three elites to slug it out until they both ended up losers so that they could swoop in like vultures and make a profit from it.

Which family would not want to be the most powerful family on Purple Reborn Planet? Which family would not want to be the one that ruled them all?

This was their best chance!

They would be able to get their hands on Chen Xiaobei’s treasures and eliminate the Yi family once and for all! By that time, the entire planet would go through a huge change!

“What do you think, Elder Han?” The master of the Yun Family, a silver-haired man asked.

The master of the Han family said, “ This formation does not have the power of an Earth God, but it’s not weak either! Yi Mozhi only has a 50/50 chance at winning!”

“What about you, Sima?” Mr. Yun asked.

“I think that Yi Mozhi has a slightly higher chance of winning!” The Sima’s master stared at the fight. “It takes one million Spiritual Stones to power the formation! Yi Mozhi only needs to be able to hold out against the first wave of attack. The enemy won’t have any more Spiritual Stones left to supply the black box!”

“That makes a lot of sense!” Mr. Yun nodded. “I think that Yi Mozhi has a 70% chance of winning. The formation has 30%!”

Everyone’s eyes were now trained on Yi Mozhi.

They clearly believed that Yi Mozhi had a higher chance of winning. Once the situation of the battle became clear, they would all attack, killing Yi Mozhi first before grabbing all of Chen Xiaobei’s precious belongings.

Rumble! Rumble!

Yi Mozhi and his Guardians had begun their attack.

His Ethereal Force formed a giant, majestic rift a few hundred meters tall. It was as if the sun had come to destroy all that was in its way.

The Left Guardian’s Patinated Bronze Demonic Claw and the Right Guardian’s Verdant Bird were attacking Chen Xiaobei from the side. They too unleashed all their strength on Chen Xiaobei.

“Hey, old man! Do us a favor and just die!” Yi Mozhi roared, his eyes burning with rage.

“Kill!”

The 10,000 strong evil spirit army roared but did not attack.

Instead, they began to move, changing positions, and arranging themselves into another battle formation!

Hwaaaaa!

The moment the new formation was in place, the Blood God’s Deity Killing painting began to resonate, shining down ten thousand rays of blood-red light upon the ten thousand evil spirit army.

In an instant, the already fearsome evil spirit army became even more frightening!

Their armor turned a deep, blood red, and their behaviour grew even more ferocious. A cloak even materialized behind each of them!

The people’s minds were so suddenly and violently jolted that they began to hallucinate.

A hazy scene of chaos exploded into their minds where there was splattered blood, rolling heads, frigid severed limbs and slushy internal organs spilt around them... It was nothing short of absolute terror! It was all but hell!

In that instant, everyone’s heart was congested with one thing – slaughter! An endless massacre!

All ten thousand of the evil spirit army had turned into the merciless reapers!

They could slaughter everyone at any time, and turn all living creatures into a sea of mutilated flesh and blood.

Yi Mozhi’s and the Guardians’ attack descended upon the 10,000 blood-red evil spirits in robes.

The outcome however, was completely out of everyone’s expectations!

## Red Envelope Group of the Three Realms

### **Chapter 1613: Knowing Nothing**

Swoosh...

Yi Mozhi's Inferno Lord, the Left Guardian's Patinated Bronze Demonic Claw, and the Right Guardian's Divine Verdant Bird were about to land on all 10,000 Blood-robed Evil Spirits.

However!

The ultimate strike that they unleashed were completely dismissed the moment the attack touched the Blood-robed Evil Spirits. Let alone killing Chen Xiaobei, they could not even hurt a single one of the Blood-robed Evil Spirits.

"My god... This... What the hell is going on? Not even a single splash! Why didn't our combined ultimate attack fail to hurt them?!"

"This is unbelievable.... This is unbelievable.... This is unbelievable...."

Yi Mozhi was considered to be the most experienced elite amongst them. Still, he could not believe what he just witnessed. As for the bystanders, they had the same reaction as well. On top of the building stood a few powerful elites from different elite families. Their faces were burning hot when they saw that the ultimate attacks were dispersed by Chen Xiaobei with ease.

Seconds ago, all of them thought that the Yi Family was going to win the fight no matter what. They had all put their hopes on Yi Mozhi. They would have never thought that Chen Xiaobei was going win this fight.

Unfortunately, their high expectations had now crumbled completely.

"It seems like our plan is gone in the wind!" said the family head of Yun Family.

"You are right... Yi Family will definitely run for their lives since they have no hope in winning this fight! We won't be able to get any of their precious Spiritual Items!" said the family head of Sima Family.

"Let's go... This is boring. It ends just like that!" said the family head of Han Family.

He then shrugged his shoulder and was ready to bring his people to leave this place.

"Eh? What's going on?!"

However!

Family Head Han saw something magnificent which caused him to stop in his tracks. Standing high up from the ground, they could see that the 10,000 Blood-robed Evil Spirits had gathered together and was prepared to transform into their next form. Unfortunately, Yi Mozhi and his Guardians did not notice the threat that was about to land on them. Still, they were acting in an arrogant manner.

"Old junk! You win in this time! We can't destroy the special ability of the black box! We can't fight but we can run! There's nothing you can do to us the moment we step out from this crimson formation!" said the Left Guardian.

“We know the black box and the painting require a lot of Spiritual Stones to power them! We will retreat first and wait for you to consume all your resources! Expect us to return! We will make a comeback when we see that you have no resources left!” said the Right Guardian.

“There are tons of Spiritual Items in this world! I would say that your own cultivation is still the most reliable source of power! Your cultivation is so damn weak! You can only rely on your Spiritual Items to fight us! You are definitely not going to end well later!” said Yi Mozhi.

“Is that right? If I were you, I would definitely try to get out from this crimson zone before talking shit over there!” said Chen Xiaobei.

“What did you just say? Our master has already figured out the mechanics of this formation! Those who have a cultivation lower than a demigod will not be able to escape from this formation! This rule doesn’t apply to us! We can enter and leave whenever we want!” said both the Guardians.

“Idiots! You guys have no idea about the true power of this formation!” said Chen Xiaobei while rolling his eyes at them.

“Hmph! What a joke! Let’s leave! Eh...?”

Just as Yi Mozhi was about to leave the formation, he could feel a mysterious force stopping him from doing so.

“What the hell is going on? Why can’t we move? We can channel our Ethereal Force as well... Someone tell me what is going on right now!” said both of the Guardians in confusion.”

They could feel that something bad was about to come to them.

“This is impossible! Supposedly, this formation is only powerful enough to trap elites who are below God Ascension cultivation! Why are the three of us being trapped here? This surge of energy... It’s so terrifying... Could... Could it be that it’s coming from this Earth-God tier formation... This is not possible...” said Yi Mozhi.

“What? Earth-God tier formation?!”

The two Guardians almost peed their pants when they got to know the true power of this formation. In the human realm, the Earth God was the most powerful divine being! The power of an Earth-God tier formation was equivalent to an Earth God coming here to fight for Chen Xiaobei. Let alone Yi Mozhi and the two Guardians, not even the combined force of the entire planet could go against Chen Xiaobei right now.

At the same time, the elites that stood on top of the building and the bystanders were left in awe after Chen Xiaobei showcased the true power of his formation. They found it hard to believe that Chen Xiaobei possessed an Earth-God tier item with him.

“Kill!!!”

At the same time, 10,000 Blood-red Robed Evil Spirits shouted once again. Like Blood Demons marching from the Void, the Yi Family was about to be annihilated. All of them could feel a more powerful murderous intent was about to charge at them.

Sii...

Everyone from Yi Family took in a deep breath. They could feel their hearts being crushed by a giant stone which was about to explode at anytime soon. At the same time, their breath had been halted; all the people could feel was the cold ravaging their bodies. The moment the Blood-red Robed Evil Spirits came to them, they would cease to exist from this universe within seconds. Though they knew they were going to die, there wasn't a single thing they could have done about it even if they wanted to.

Under such stressful circumstances, they suddenly realized that begging for a quick death would be their best relief now.

"Save us... Master... Please save us..."

Yi Jian and Yi Hui screamed at the same time. Their faces were as white as a sheet, as if their souls had been sucked out from their bodies. Their pants were now drenched in their pee. Those who got close to them could smell something foul around them.

"Dead... We are so dead this time..."

The two Guardians' foreheads were drenched in sweat and their hearts almost jumped out from their mouths.

"I... I..."

Though Yi Mozhi was the most powerful one amongst them, his legs went soft involuntarily which forced him to kneel on the ground due to the immense fear that he was experiencing.

"Bunch of junk! Kill!"

Immediately, all the Blood-red Robed Evil Spirits charged at the helpless Yi Family.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1614: Get Over Here**

The whole Yi Family was so frightened, they completely lost their mind. They stood there dumbfounded, planted to the ground and forgetting to plead for their lives.

They were doomed and it was immutable!

Zing!

Zing!

Zing!

Ten thousand Blood-red robed evil spirits zipped down like eagles, claws extended towards their prey.

Then they made a sharp ascend, drawing an arc in the air, and returned to the skies.

Rainbows of blood-colored arcs flashed across the skies, each Blood-red robed evil spirit making only one dive before returning to the air.

Ten thousand Blood-red robed evil spirits meant ten thousand dives.

At each dive, the Blood-red robed evil spirits' claws would rip the bodies of those trapped in the formation, each claw tearing them into five segments, which meant ten segments with both claws!

By the time all ten thousand claws was done, the bodies were completely unrecognizable!

This included the master of the Yi Family, the strongest elite in all of Violent Reborn Planet, Yi Mozhi and the God Ascension cultivation Guardians Grand Elder Yi Jian and also Second Elder Yi Hui!

All five of these people were the core members of the Yi Family! The most important pillars! The cornerstone of their own dynasty!

In a flash, all five of these people were ripped apart and turned into pieces of minced flesh only to be rendered completely defunct!

However, there was no trace of blood on the ground nor were there spirits in the air – the Blood-red robed evil spirits had consumed their Blood Essences and Spirits!

Emptied of both, the five of them would be completely broken away from the reincarnation system, damning them to be excluded from the chance of becoming a whole new person!

At the same time, the death of the five would also mean the official collapse of the Yi Family!

Chen Xiaobei would not have to roll up his sleeves and nip Yi Family in the bud himself. Like vultures, the powerful people from different families on the towers would tear up the rest of the Yi Family, not leaving a single bone behind and getting the job done by default!

“We finished! Our Yi Family is finished...” The Yi Family Elders led by Yi Dang collapsed, dropping to the ground only their knees, faces ashen and dark.

“That’s so scary.... Is this the strength of an Earth God... My god...”

The crowd that had been watching were bowled over. Cries of astonishment passed through the crowd, as each of them gawked at Chen Xiaobei with awe and admiration.

The other powerful elites on the tower were just as staggered and filled with amazement.

“Wh... What should we do now?” The master of the Han family asked.

The master of Yun Family took in a long, deep breath, before answering. “We cannot afford to piss that Earth God off! We better not show our faces yet.”

“Yeah,” Master of the Sima Family nodded. “Let’s wait for him to leave before we make a move, in case we rub him the wrong way.”

All the Earth Gods on the roof stood still, not daring to move.

Chen Xiaobei however, turned his gaze towards them, and said in a cool voice, “You! Get over here!”

The Earth Gods could feel their blood run cold in their veins, and they all remained unmoving.

“What? Do I have to go up there myself?” Chen Xiaobei hissed.

“No, no, no. We’ll come down now.”

The Earth Gods quickly hurried down the tower but they stopped at the edge of the blood-red light.

Chen Xiaobei waved his hand, quickly retrieving the Blood God's Deity-Killing painting and the coffin by placing them back into his Infinite Space Ring.

With the blood red light gone, the place was peaceful again, and the people's hearts were able to gradually relax.

"You guys, do you know what your crimes are?" Chen Xiaobei barked.

"We...We..." The Earth Gods stammered. "Why do you say that, elder? We... We...did not do anything to offend you..."

"Hmph! Don't think I don't know!" Chen Xiaobei's tone was stern. "You were observing from the tower, waiting for the both the Yi Family and I to lose so that you can reap the rewards afterwards!"

"We..." The Earth Gods stiffened. "Sir, you are wise and farsighted. We will not argue with you about that. Please take into consideration the fact that we did not attempt to harm you in any way. Please forgive us."

All the Earth Gods bowed obsequiously to Chen Xiaobei.

"Fine! I am not an unreasonable person!" Chen Xiaobei shrugged. "Seeing that all of you have such good attitudes, I will forgive you this once!"

"Thank you, Sir for your magnanimity!"

The demigods breathed a sigh of relief, humbly bowing and thanking Chen Xiaobei, extremely grateful to have their lives spared.

"Enough of all this nonsense! If you want to thank me, do three things for me!" Chen Xiaobei barked.

"That will be our honor! We will even do 300 things for you!" The Earth Gods nodded like chickens pecking at the ground for grains. "Just tell us whatever you need us to do! We'll spare nothing to complete these tasks for you! You will be pleased!"

"Mmm." Chen Xiaobei nodded. "First of all, Bai Linsu and I are old friends. So, your first task will be to collect all the wanted posters that the Yi Family has circulated. I want ALL of them – not a single piece less!"

"No problem! No problem!" The demigods nodded in desperation.

"The second thing: from now on, do you know what you should do the next time Bai Linsu visits Violet Reborn Planet?"

"Yes! Of course, we do! We'll respect Miss Bai like we respect you! We will not chastise her!"

"Mm, you are a sensible lot!" Chen Xiaobei nodded approvingly. "Thirdly, go and get the portal opened for me. I want to return to Green Hill Starfield at once!"

"Yes! Yes! Yes! Please step into the portal, sir! We'll go open it now!"

The Earth Gods hurried off to open the portal.

There was a Chinese proverb that said, 'it's easier to invite the devil in than to send him away'.

It was opportune for them that Chen Xiaobei had decided to leave on his own. The Earth Gods welcomed the prospect, and was more than happy to send him off.

Once Chen Xiaobei was gone, they wasted no time in carving up the Yi Family's possessions.

Chen Xiaobei was well aware of that but he had no plans to join their salvaging party.

This was for two reasons. First of all, Bai Linsu and himself would be visiting Violet Reborn Planet often. He wanted to let these local bullies have a taste of sweetness so that the next time they met, they would meet as friends – this would be very convenient for future transactions.

Secondly, Chen Xiaobei was in a hurry to return to Green Hill Starfield to learn everything about the unborn prince. The matters on this planet paled significantly in comparison to Little Fox!

Whoosh!

A large wave of energy undulated and Chen Xiaobei disappeared.

Whoosh!

Seconds later, he reappeared at another portal.

His surroundings had changed drastically.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1615: Mysterious Black Tail**

"Is... Is this the main planet of Green Hill Starfield?"

Chen Xiaobei took in his surroundings. It was as if he had arrived at a whole new world! Everything he laid his eyes on was fascinating!

It was very vast and at the same time, a very beautiful ancient city!

There were pavilions and gazebos, bridges with running water, red-brick mansions, and bamboo trees plus cypruses.

Chen Xiaobei felt as if he had gone back to the ancient times. Everything around him bore an ancient Chinese flair of a beautiful garden city.

Of course, the scene of the entire place was not because of time travel.

Chen Xiaobei knew that entire universe was the product of the collapse of primordial void land.

That was why the higher ranking of a starfield, the closer its environment and customs were to ancient China.

Chen Xiaobei stepped down from the portal, his eyes eagerly surveying.

He was fascinated to see that most of the people walking on the streets had a fluffy foxtail growing from behind them.

Such was the main feature Green Hill's citizens.

Bai Linsu had told him that the people of Green Hill Starfield were very different from the Demonic Foxes of the ancient times.

In the past, all Demonic Foxes were of the real Demonic Fox race. Through cultivation, they were able to transmute into a human form.

Green Hill Starfield's residents, on the other hand, were a special breed of half-beast who, at the end of the day, still belonged to the human race.

Of course, these were all not important!

Right now, what Chen Xiaobei was most concerned about was finding out the identity of the baby in the Empress' womb.

He remembered what the Prime of Tongtian told him – that as soon as Chen Xiaobei had found Little Fox, Lady Nuwo would reacquaint them.

That was why the longing in Chen Xiaobei's heart had reached its end. He desperately wanted to run into Green Hill's palace and find out for himself.

Unfortunately, it was unrealistic for him to do that.

The power of the Green Hill's royalty aside, getting Bai Linsu's approval on this was by itself an impossible task.

Bai Linsu had revealed the royal family's secret to him. If he barged in like that, he would only be compromising her.

So, no matter how painfully eager Chen Xiaobei was, he needed to be patient.

Chen Xiaobei found an empty street corner. and removed his mask. He then released Bai Linsu and Long Hushuang from the Verdant Emperor's Divine Gourd.

Linghu Shuang complained as soon as she got out. "Big Bro Chen! What took you so long to get to the portal? Sifu and I were nearly bored to death inside the gourd!"

"I did something earth shattering and that's delayed us a little!" Chen Xiaobei shrugged, smiling coolly.

"Will you die if you don't brag?" Linghu Shuang snarled.

"Shuang'er! Don't be unreasonable with Mr. Chen!" Bai Linsu scolded.

"I was not being unreasonable! He is bragging! Ouch!" Linghu Shuang protested when Bai Linsu knocked her on the head.

"This is Green Hill's main planet! Pay attention to what you say and do!" Bai Linsu warned.

"Yes, Sifu!" Linghu Shuang nodded in guilt.

"Sister Bai, the both of you better hurry up and meet the Empress! I'll be waiting to hear from you!" Chen Xiaobei said keenly.

Bai Linsu nodded. "Mm, I have to get to the palace now, but I cannot guarantee that I will be able to tell you everything I hear!"

"I..." Chen Xiaobei was slightly taken aback. "I don't need to know all the secrets. I just want to know if it's a boy or a girl, and how far along is the Empress. That should not be a problem, right?"

"Mm, this information is insignificant." Bai Linsu said. "But I would have to ask the Empress first before I can confirm whether or not I can tell you this!"

"Fine, fine, fine. Get to the palace first. We'll talk when you're done. Let's not waste anymore time!" Chen Xiaobei said.

"Alright!" Bai Linsu nodded before adding, "You better not run around when I'm gone! Do not engage in conflict with anyone with black tails! Remember!"

"I understand! I understand!" Chen Xiaobei nodded. "I'll go find a place to eat. I'll wait for you and I will not step out of bound. trust me, I will not attract any trouble alright!"

"Good. We'll talk on the phone later!" Bai Linsu said as she brought Linghu Shuang with her towards the majestic palace in the center of the city.

Chen Xiaobei's mind was so preoccupied with hearing the news from Bai Linsu that he decided not to walk around and explore the place.

He put the mask back on and found a decent-looking restaurant on the street.

As soon as he entered, a steward greeted him warmly, "Is there only one guest? Are you here for a meal or tea?"

After all, Chen Xiaobei was wearing the disguise of an elderly man in an August black robe – the steward would not dare neglect such a senior guest.

"A pot of tea and some snacks!" Chen Xiaobei said. "Find me a quiet place to sit, preferably by the window!"

"Yes! Please come in!" The steward invited Chen Xiaobei in, smiling sunnily at him.

The shop's main pedestal was pretty busy so the steward led Chen Xiaobei up to a seat by the window on the second floor, where it was quieter.

Chen Xiaobei's order arrived quickly.

He then took a sip of tea, and a bite of the dessert, and looked out the window contentedly.

When he thought about receiving news about Little Fox, his mood became exceptionally good.

Stomp! Stomp! Stomp!

Suddenly, loud, powerful footsteps walked up the stairs. There were at least ten of them.

The steward who attended to Chen Xiaobei was leading the way, an anxious smile plastered across his face.

Chen Xiaobei glanced at the group of men and saw that it was group of men dressed in black and had a black combat saber strung on their waist. All of them were at least two meters tall, broad-shouldered and brawny.

The only one who was different was their leader!

He was only about 1.7 meters tall. Scrawny and pale, he appeared rather sickly.

Chen Xiaobei had merely taken a peek at them; he dared not observe them for too long.

Before she left, Bai Linsu had warned him not to get involved with any Green Hill's foxes with black tails!

The men's tails were mostly red, grey and brown.

Their leader though, had a jet-black tail, and not a hair out place.

Right now, all Chen Xiaobei wanted was to get news about Little Fox as soon as possible.

He had no interest at all in these unwelcome guests.

Don't look, don't ask, don't care.

If he just sat there quietly and enjoyed the view, problems would not come knocking at his door.

Sure enough, the men did not pay any attention to Chen Xiaobei. They settled down around a large table on the other side, and busied themselves their food and liquor.

Concurrently, Bai Linsu was received by the person in charge and had successfully entered the palace.

Because of her special status, she was allowed to go through a secret route which was heavily guarded by a pair of elite guards stationed at every hundred meters. The guards were dressed in black armor with their hands placed cautiously on their saber which were strapped against their waist. Most notably, all of the guards shared a common trait – they all had pure black foptails!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1616: Shocking Secret**

At Green Hill Palace' secret meeting room.

Bai Linsu and Linghu Shuang were waiting at the doors. A man with gold-plated armor with carvings of flames on it proceeded to report on their arrival to the higher authority. As for the other black-armored guard, he stood at the doors to keep watch on Bai Linsu and Linghu Shuang.

One could imagine that Bai Linsu must have just put on her most serious look. She did not dare to look away from the doors. As for Linghu Shuang, she felt extremely nervous to enter the Palace. She did not even dare to take in deep breaths.

Creak...

The heavy stone doors were being pushed open. The guards who went in earlier were now out.

"The Empress will see you now, Bai Linsu!"

"How about me?" asked Linghu Shuang.

The guard then looked at her with a darkened face and did not even bother to answer her question.

“Shuang’er! Wait for me here! Remember! Do not simply spurt things that you shouldn’t say!”

“Yes master!”

Actually, Bai Linsu had given Linghu Shuang the same advice multiple times while they were on their way to the palace. Knowing how serious the consequences of running her mouth was, Linghu Shuang shut her mouth immediately. Upon seeing that, Bai Linsu finally let out a sigh of relief and entered the secret meeting room.

Black was the theme of the secret meeting room. Its interior design made the entire place look like a solemn funeral home. A woman at her thirties was sitting at throne which was aptly placed in the middle on the chamber. She was wearing a crown and covered in a long royal robe. Clearly, this woman was none other than the empress of Green Hill, Bai Zixuan!

“Linsu! Come here! Let me take a look at you!”

The moment the Empress saw Bai Linsu, her serious look was swept away and it was replaced by a gentle demeanour. Now, she looked more like a sister to Bai Linsu rather than an Empress.

“Sister...”

Bai Linsu walked towards her with a smile on her face. It was not hard to notice that the two of them were indeed sisters since they looked extremely alike.

“I know it’s been a tough journey for you! I’m sorry that you have to go out there all by yourself...” said Bai Zixuan while holding Bai Linsu’s hands.

As the younger sister of the Empress, Bai Linsu was actually part of the royal family. She could have chosen to stay at the palace to enjoy all the luxuries it had to offer if she wanted to. Because of a secret, Bai Linsu had to hide her true identity from others and risked her life to complete the task. One could only imagine the pain that she had to go through. That was why Bai Zixuan showed her so much love she was back at the palace.

“Today is a happy day! Let’s not talk about it!”

Bai Linsu put on a smile and took out a really beautiful jade from the pocket, and handed it to Bai Zixuan.

“Sister, congratulations for getting a prince! I’m giving this jade to my future nephew!”

“The doctor is not even here yet! How do you know it’s a prince? What if the baby is a princess?” asked Bai Zixuan with a smile.

“If he is a prince, he will inherit the throne! And if the baby is a princess, I’m pretty sure that she will become as pretty as you!”

**BAM!**

Suddenly, the huge doors were being pushed open by someone. Without the escort of guards nor summoning by the Empress, an old thin man with a black robe walked into the secret meeting room. Instead of getting angry, Bai Zixuan and Bai Linsu were showing a slight hint of fear.

“Prince Regent... Why... Why are you here?” asked Bai Zixuan in a trembling voice.

BAM!

The old man slammed the doors shut behind him.

“Greetings, my Empress!”

Clearly, the old man was angry but pretended that he wanted to kneel down in front of the Empress.

“It’s not necessary for you to kneel down in front of me. I have mentioned that the Prince Regent works really hard in trying to maintain the country. There’s no need for all these formalities in front of me!” said Bai Zixuan.

“Okay! Why didn’t you inform me that you wanted to meet Bai Linsu? I wouldn’t have known about it if the guard didn’t tell me anything about it!”

“Regarding this...”

“I’m just meeting my little sister. We are going to have a sister to sister talk. I didn’t think it’s necessary to inform you about it!”

“Of course you had to tell me about it! The King is now missing in action! The fate of the entire Green Hill’s Royal Family now falls on your shoulder! How am I supposed to answer to the ancestors of Green Hill if something bad happens to you?!”

“There are at least 300 Black Armor Guards protecting this place! You would eventually know if someone comes to visit me! That’s why I didn’t think it’s necessary to inform you!”

“My Empress!!! The King has been missing for some time now! I constantly fear your safety! A lot of work has been done in maintaining the stability of Green Hill Starfield!”

“Yes.. Yes... Yes... I know that you have put in a lot of effort into this matter!”

“My Empress!!! You are now the ruler of this starfield! I don’t wish that anything bad happens to you! You must remember that if something bad happens to you, it might threaten the stability of Green Hill Planet! If that happens, we will both be blamed for that!”

“Yes... I understand now... From today onwards, I will tell you every little that happens in my life!”

“That’s great! My Empress, always the wise one!”

“I still have something private that I want to discuss with my sister... can you please excuse us?”

“No! You didn’t tell the King that you have a little sister when you married him! Bai Linsu’s real identity has not been announced to the public yet! To put it at a mildly, she is an adventurer that likes venturing into the wild! To put it harshly, she’s not even part of the Royal Family! Supposedly, she has no right to

even step into the Palace! My Empress, you and I are family! Why can't I listen in to your conversation with an outsider?!"

Acting in a dominant manner, the old man showed no respect to Bai Zixuan. An outsider might have actually thought that the old man was in fact the real King.

"You and I are family! There's nothing you can't hear..."

"Okay... please continue your conversation... I will not interrupt it!"

The old man then sat the chair next to them with a suspicious and angry look on his face.

With a pale look on her, Bai Zixuan found it hard to continue the conversation.

"I'm here to congratulate you and hand you the gift. Please take good care of yourself and the baby! I will leave now!" said Bai Linsu.

"Alright! Please take good care of yourself as well..." said Bai Zixuan with her eyes reddened.

Bai Linsu lowered her head, left the secret meeting room, and left the palace with Linghu Shuang.

"Sifu... Why are you crying?"

The moment Linghu Shuang talked, Bai Linsu covered her mouth.

These were the kind of things that she had to keep to herself.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1617: Three Months**

After Bai Linsu and Linghu Shuang left the palace, they called Chen Xiaobei before soon arriving at the restaurant.

"Come, come! Sit down and rest for a bit! Let me pour you some tea!"

Chen Xiaobei could barely wait any longer, asking as he poured each of them a cup of tea. "Is it a boy or a girl? How many months has it been?"

"Big Bro Chen! Stop asking questions! Can't you see that sifu is very sad?" Linghu Shuang said.

"What happened?" Chen Xiaobei looked at Bai Linsu. He had noticed her red-rimmed eyes – it was apparent that she had just cried her eyes out.

"It's nothing." Bai Linsu shook her head miserably, looking very pale and downcast. "I'll rest for a while and then I'll be leaving!"

At most times, weariness of the heart was far more agonizing than the weariness of the physical body.

"Alright, you rest." Chen Xiaobei's brows furrowed. He had been waiting the whole day but he did not get any answers. He felt as if there was any army of ants crawling in his heart – an itch that could not be scratched.

"Shuang'er!" Chen Xiaobei signalled with his finger for Linghu Shuang to come to him. "Did you both enter the palace? Did you see the Empress?"

“We did go in but only sifu met the Empress. I was not allowed to go in!” Linghu Shuang said in a hushed voice.

“Only your sifu saw her?” Chen Xiaobei was suddenly nervous. “Has something happened to the child? Why is your sifu so upset?”

“I’m not sure. I asked her a couple of times just now, but she refused to talk about it.” Linghu Shuang frowned, her eyes filled with worry.

“Hmm...” Chen Xiaobei was growing anxious. The information did not matter anymore, what was more important was for the child to be fine!

Chen Xiaobei looked at Bai Linsu. “Sister Bai”, but she did not respond. She was looking out the window, a forlorn look in her eyes. She probably would not answer him even if he asked again.

Chen Xiaobei was on full panic mode.

Although it was uncertain if the Empress’ baby was Little Fox, it was definitely a possibility at the moment.

What if something bad did happen to the child?!

“No, I have to do something about it!”

Chen Xiaobei took out his phone, opened the Three Realms Red Envelope group, and scrolled until he found Lady Nuwo’s name.

Chen Xiaobei: I, Chen Xiaobei am here to greet Lady Nuwo! Please give me the exact information on where to find the reincarnated Daji!

The Calamity was just around the corner, and Ancestral Lord Hong Diao had invited six Saints from the heavenly realm for a lecture. Both the Prime of Tongtian and Lady Nuwo were involved.

If he was not really anxious, Chen Xiaobei would not have interrupted her by messaging her directly.

Luckily, Lady Nuwo had some free time to reply him.

Lady Nuwo: Daji is my disciple. You have been so dedicated to her, worrying about her safety – this proves that you are a good man! I will help reacquaint the both of you. To no avail, the number of days are unclear, and its fate uncertain. If I get involved, I’m afraid that I might distort your destiny and ruin everything!

Chen Xiaobei: I don’t need you to get involved. I just want to know if there’s any clue as to where she is, and if she’s alright.

Lady Nuwo: She’s fine at the moment!

Chen Xiaobei: At the moment? Are you saying that she would be in danger the next time?

Lady Nuwo: It’s still unclear and I can’t predict the exact situation! As for the danger, Calamity is coming soon and all living beings are in danger. Who would be so lucky to escape?

Chen Xiaobei: Please tell me. Lady Nuwo, where is she? I have to find her and protect her!

Lady Nuwo: It's not that I don't want to tell you. It's just that the time has not yet come. If I tell you now, it will only cause you to change your fate!

Chen Xiaobei: Little Fox died for me! I don't see why I cannot change my fate for her!

Lady Nuwo: It's not as simple as you think! The prime of Tongtian chose you because you are an anomaly when it comes to the subject of fate! If I alter your fate, then I would be ruining the Tongtian shixiong's calculation! The consequences of that are very serious!

Chen Xiaobei: Sifu's calculation?

Lady Nuwo: During the last calamity, Tongtian shixiong's Jieism suffered terrible losses!

Lady Nuwo: Until today, there's only you and the Tongtian shixiong! The Prime of Tongtian who fought four Saints on his own had his Godslayer Swords taken away. Even all his Divine Instruments had been robbed off him. Thus, he is only left with a broken Qing Ping Sword! You can say that all of Tongtian shixiong and Jieism's hopes now lie on you alone! You have to be the one to make the decision!

Chen Xiaobei: I... I can't!

Chen Xiaobei did not know what to do. He was at a loss.

On one hand was Little Fox's safety. On the other was his Sifu and the expectations from Jieism.

Both were equally important to him. Choosing one would mean sacrificing the other. Chen Xiaobei could not do either.

Lady Nuwo: You don't need to be at such a loss. Like I said just now, I will eventually tell you, but it's just not the time yet!

Chen Xiaobei: It's not time yet? When then? When will you tell me Little Fox's exact position?

Lady Nuwo: I will tell you everything when you reach God Ascension cultivation! When that time comes, you will then have complete control over your fate.

Chen Xiaobei: God Ascension cultivation! Alright! It's decided then. But can you guarantee that Little Fox will be safe before I reach God Ascension cultivation?

Lady Nuwo: Three months! She should be fine for three months!

Chen Xiaobei: What? I'm now in the human realm where most people can't even reach God Ascension cultivation after hundreds of years. You've only given me three months! It's just too short!

Lady Nuwo: I'm not giving you three months. It's just that as of now, I can only roughly estimate the situation within three months, and I can only say that she will probably be fine. Either way, there is no guarantee!

Chen Xiaobei: If that's the case, I still can't rest my mind!

Lady Nuwo: That is your only choice! Rather than going around and around in circles, you might as well use these three months to improve yourself! If you want Daji to be safe, you must first be powerful enough!

Chen Xiaobei: Yes! You're right! I am still very weak now! If anything were to happen, I might not be able to protect her!

Lady Nuwo: It's good that you understand!

Chen Xiaobei: From today onwards, I will do my best to strengthen myself and achieve God Ascension cultivation as soon as possible! Three months! No matter what, I must do my best!

Lady Nuwo: Mm, ask me again on the day you break through!

Chen Xiaobei: Thank you so much, Lady Nuwo! Goodbye Lady Nuwo!

Chen Xiaobei put away his phone and leaned back against the chair.

He heaved a long sigh, feeling as if half of the burden he had been carrying had been lifted off his shoulders.

Little Fox should be fine for three months!

As for what would happen after the three months, Chen Xiaobei did not know. That was why he was still not completely relieved of that burden in his heart!

Bam!

Suddenly, the group of men in black armour flipped their table and came over to Chen Xiaobei's table, belligerent.

Chen Xiaobei was stunned for a moment but he managed to ask, "How may I help you?"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1618: Deep Into the Enemy's Nest**

A dozen Black Armor Guards surrounded them without saying a single word.

"What is going on?" asked Linghu Shuang in a worried manner.

"I have no idea as well.. I have never offended them before..." replied Chen Xiaobei, baffled.

"Master Baihu! What are you trying to do?"

Bai Linsu could finally recognize the person that stood behind her.

"Master Baihu? Embroidered Uniform Guard?" asked Chen Xiaobei.

They were supposed to receive orders directly from the king and they served only the king. Hence, they were considered to be the most secretive group of people. Considering that they were the king's most trusted allies, they were given the mandate to capture anyone, take charge of a prison, watch over hundreds of officers, and even collect covert military intel. Throughout history, the Embroidered Uniform Guards were supposed to know the secrets of all officers in the nation because of their ability to collect intel effectively.

They could put the highest-ranking officer into a prison or even commit a death sentence to an entire family. That was why everyone was afraid of the Embroidered Uniform Guards. From the bottom to the

top, their ranking system was Xiaoqi, Zongqi, Baihu, Qianhu, ZhenFu Shi and Zhihui Shi! This man that Bai Linsu addressed as Master Baihu was be considered to be a mid-tier Embroidered Uniform Guard.

However, he started acting in a very arrogant manner when he met Bai Linsu. It seemed like he had no regard of Bai Linsu's status. Clearly, they were not afraid of anyone except for the king of Green Hill Starfield.

After waiting for some time, the man did not answer Bai Linsu's question. So, she had to lower down her voice before asking him again.

"Master Baihu, how can I help you?"

"Motherf\*cker! Do you guys even know the rules? Master Baihu is standing! How dare the three of you sit down and ask him questions? It seems like you guys have a deathwish!" said a muscular man.

With a frown on her face, Bai Linsu then stood up slowly. Upon seeing that, Linghu Shuang stood up as well. As for Chen Xiaobei, he insisted that he would not stand up for him. This was his nature after all. If someone treated him rudely, he would not be afraid of treating the person in an even ruder manner.

"Please don't get me into trouble. Stand up please!" whispered Bai Linsu.

Immediately, Chen Xiaobei stood up because he did not want to drag Bai Linsu into unnecessary trouble.

"Can you please talk to us now?" asked Bai Linsu for the third time.

"Hmph! I have an order from the Prince Regent! The order is to capture Bai Linsu and her allies!"

"What?! Master Baihu, there must be some misunderstanding! I just met the Prince Regent! He was the one that allowed me to leave the palace!"

"Are you trying to say that I'm making up the order? You should know that accusing a Black Armor Guard is punishable by death!"

"No... I'm not saying that you are making up the order. I just want to know why!"

"Why? I don't know the reason behind it! I am asked to capture you, that's all! That's the order!"

"Fine! I will come with you! As for my disciple and my friend, can they..."

"No! They are your allies! According to the order, I'm supposed to capture them as well! No one is allowed to walk away from us!"

"This..."

Bai Linsu would not say yes to the Black Armor Guard since Chen Xiaobei and Linghu Shuang were now dragged into her trouble.

"What now? Are you going to disobey the order? I know your cultivation is higher than me! If you disobey this direct order, I will have to use the Black Jade Token! By that time, Master Zhihui Shi and two Zhenfu Shi will come and arrest you and your allies personally!"

Bai Linsu was left in shock after hearing what he said.

“I’m really curious! Who is more powerful? You or the three masters?!”

Seemingly, Bai Linsu could not make up her mind right now.

“No! Don’t do that! We will come with you guys!”

To their surprise, they did not expect Chen Xiaobei would succumb to them follow their order. That was not the Chen Xiaobei that they knew. The reason why Chen Xiaobei changed his mind was because he had noticed that the Black Armor Guard and Prince Regent had a huge influence in the entire Green Hill Starfield.

He wanted to know why Bai Linsu had left the Palace in tears.

He also wanted to know what was going on with the queen’s baby.

Since Bai Linsu was not willing to tell him about it, he had decided to go inside the palace to find out himself.

“Bai Linsu, your ally has succumbed to us! What are you going to do now?”

“I... I’m willing to follow you back to the Palace!” said Bai Linsu.

“I can’t believe that the legendary Bai Linsu is a coward! Chain them up and bring them with us!”

“Yes sir!”

Immediately, all the muscular men cuffed them with cuffs that were made out of Obsidian Steel. They then took out three bottles with mysterious liquid inside them to feed the three of them.

“What is that?” asked Chen Xiaobei.

“This is Black Jade Ethereal Force Sealing solution! Our Ethereal Force will be sealed completely after we drink it! In other words, we will not be able to fight unless we get the antidote!” answered Bai Linsu.

“Okay... Fine. I will drink it!”

The moment the solution went inside Chen Xiaobei’s stomach, he could feel something had blocked his Dantian and he could no longer muster a single ounce of Ethereal Force.

After that, Bai Linsu and Linghu Shuang drank it as well.

“Let’s go!”

The sick looking man swung his hand and brought them to leave the restaurant. Soon, they arrived at a magnificent looking building. There were three words inscribed on an engraved board which said Heilin Shi! Though the name was slightly different, Chen Xiaobei thought about the Zhenfu Shi during Ming Dynasty.

After that, all of them hustled and locked up in a cold and dark prison cell. Minutes later, an old and thin man approached them.

“Greetings Prince Regent! All hail the king! All hail the king!”

The sick looking man and all the muscular men knelt down at the same time.

## Red Envelope Group of the Three Realms

### **Chapter 1619: I m the One Who Did the Killing**

“Okay!

The old man harrumphed, took out a dozen black stones as big as eggs, and tossed them into the sky. Immediately, all the people who kneeled on the ground snatched the stones like a bunch of rabid dogs that had been starved for a long time.

“Thank you, my king! Thank you so much! All hail our eternal king!”

The sick looking man managed to snatch two of them and the rest of the people managed to snatch at least one each.

“That is...”

Chen Xiaobei had his gaze fixed on the black stones and he was surprised that he actually recognized it. Some time ago, he was in possession of two of these black stones. It allowed him to increase his combat power tremendously.

These black stones were none other than the 10,000 year-old Ambergris! Usually a piece of 10,000 year-old Ambergris could be found buried under the deep sea. Hence the name, it had to use 10,000 years to absorb the essence of Spiritual Qi. By consuming a piece of it, one could increase their combat power by a total of 3,000!

Focker from the Rothschild Family used to spend a ridiculous amount of money to build different kinds of infrastructure on an island with the purpose of locating a single piece of 10,000 years-old Ambergris. One could imagine that it was an extremely rare item back on Earth. Seeing that the Prince Regent could toss a dozen of it on the ground for his people had Chen Xiaobei figure out that the resources on a higher-tier planet was definitely more abundant than that of planet Earth.

Right now, Chen Xiaobei’s goal was to train himself to get to God Ascension cultivation within three months. With his eyes fixed on the Ambergris, he knew that he had to get his hands on it to achieve his current goal. The more he consumed, the more powerful he would become. Of course, he had to look for a higher-tier Ambergris to boost his combat power. All the Ambergris that the Prince Regent tossed to the floor were useless to Chen Xiaobei.

Just like the Hundred Herbs Potion, it was now useless to Chen Xiaobei as he had become a lot more powerful. Right now, he had to use Taiyi Life Enhancement Pills to achieve a better healing effect. If he wanted to cure an Earth God or a deity, he would have to resort to using Divine Medicine rather than Taiyi Life Enhancement Pills.

Considering Chen Xiaobei’s current cultivation, he would need 100,000 year-old or a million year-old Ambergris to boost his combat power.

Of course, a 100,000 year-old or a million year-old Ambergris was definitely an ultra-rare item. Chen Xiaobei would have a hard time looking for them. At least he had now managed to figure out a way to increase his combat power in the shortest time possible. If he wanted to do something in the span of three months that other ordinary people had to spend at least hundreds of years to complete, he would have to attempt all kinds of strange methods to make himself more powerful.

Right now, he had something more important to deal with.

“Prince Regent! Does the Queen know that you’ve captured us?” asked Bai Linsu.

“Hmph! What do you mean by that? Are you questioning my loyalty to the Queen?!”

“No... I don’t mean that...”

“Stop lying! You are clearly questioning my loyalty! You must have thought that I would capture you and your friends behind the Queen’s back!”

“Prince Regent, please calm down! Linsu is not questioning your loyalty to the queen! She just wants to know the reason why you captured us!” said Chen Xiaobei.

“Who the hell are you?”

Wei Zhonglie turned around and looked at Chen Xiaobei.

Usually, Wei Zhonglie was really confident about his Qi Field. He could easily strike fear in the hearts of every single person on Green Hill Planet with ease. To his surprise, he did not expect that Chen Xiaobei was completely unfearful of him. That would mean that Chen Xiaobei’s Qi Field was almost as powerful as his! Luckily, Chen Xiaobei was wearing an old man’s mask; otherwise Wei Zhonglie would have gotten the shock of his life.

“I’m Linsu’s Sifu!”

Chen Xiaobei went ahead and started to make up a high tale. Upon hearing that, Bai Linsu and Linghu Shuang were left in shock. Thinking about it, Chen Xiaobei did indeed look like an old man. The reason that he had just given made perfect sense to everyone.

“Sifu? I have never heard that Bai Linsu has a Sifu!” said Wei Zhonglie rudely.

“That is because you don’t care about her!”

Staring at Chen Xiaobei, Wei Zhonglie could not find any flaws in Chen Xiaobei’s conversation. One could only say that Chen Xiaobei was an excellent actor. Considering that Bai Linsu did not always come back here, Wei Zhonglie would never be able to find out whether Bai Linsu truly had a Sifu or not.

“I believe what you say... for now! After all, Bai Linsu is not powerful enough to kill all three demigods of Yi Family!”

“Kill? Three demigods? What... What the hell is going on?”

Bai Linsu and Linghu Shuang could not figure out what had happened to the Yi Family since at that time, they were in the gourd.

“That’s right! I’m the one who killed that three pieces of shit!” said Chen Xiaobei with his shoulders shrugged.

“How... How is that even possible?” asked Bai Linsu, shocked.

One should know that Yi Mozhi was more powerful than Bai Linsu and two of his Guardians were elites with God Ascension cultivation as well. In order to avoid crossing paths with these three people, they

had chosen to hide in the gourd. To their surprise, Chen Xiaobei had actually killed the three of them to cross the portal.

Earlier, Chen Xiaobei told Linghu Shuang that he had done something big. Now, she knew that Chen Xiaobei was telling the truth all along.

“It’s good that you admitted it! It’s time for you to pay the price! As the guardians of Green Hill, it’s only right for me to chop off all of your heads and bring peace to Yi Family!”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 1620: The Truth is Revealed**

After a whole day of mucking about, it was finally revealed that Wei Zhonglie’s reason for arresting Bai Linsu and her friends was not for fun but because of news about what happened back in Violet Reborn. The news had eventually reached Green Hill Starfield.

Upon hearing this, Bai Linsu and Linghu Shuang began to panic.

He who murders pays a forfeit of his life! There was such a law in Green Hill Starfield!

If Wei Zhonglie were to incriminate them on this account and execute the three of them, it would be considered reasonable and fair – a legitimate act in this place!

Even the Empress Bai Ziyang would not be able to intervene! In fact, she would not dare intervene!

This was no joke! This really was a matter of life and death!

Fear was written all over Bai Linsu and Linghu Shuang’s faces but because they had drunk the Black Jade Ethereal Force Sealing solution, and therefore could not put up a fight.

Rendered unable to use their Ethereal Force, they could only wait for death!

Despair filled both Bai Linsu and Linghu Shuang.

But Chen Xiaobei was unperturbed. “A life for a life! If I have to pay with my life for killing someone, then if someone else kills me, would they have to pay with their life as well?”

“Of course?” Wei Zhonglie answered. “Green Hill Starfield’s laws are fair! Nobles and commoners who violate the law would be punished the in the same way!”

“That’s great!” Chen Xiaobei broke into a smile. “I was on my own when I travelled through the portal and had not done anything against the law but the Yi Family wanted to kill me so they could get their hands on my Infinite Space Ring! The other powerful families of Violet Reborn and thousands of other people can be witness to this! If you don’t believe me, you can go find out for yourself! All the Yi Family’s elites came to kill me! If I hadn’t fought back, I would have died! Based on what you said just now, the members of the Yi Family are the ones who committed the crime and, by law, should be executed! Wasn’t it entirely justified for me to have killed them?”

Chen Xiaobei said this in a tone that was neither overbearing nor obsequious!

Those who murder are the ones who deserve to die!

“That...” Wei Zhonglie was speechless.

“In my opinion, this is all a misunderstanding. Prince Regent, you don’t need to trouble yourself. Just let us go!”

“Let you go? No way! That’s just your side of the story. I don’t even if it’s true!”

“If you don’t believe me, you can go and look into it!” Chen Xiaobei shrugged. “I can guarantee that the three most powerful families and tens of thousands of citizens of Violet Reborn would testify on my behalf!”

“You guarantee? On what basis?” Wei Zhonglie asked.

“I am not at liberty to inform you!” Chen Xiaobei chuckled.

Chen Xiaobei was so confident because the three remaining powerful families all wanted a piece of the Yi Family!

If the Yi Family was portrayed as the victim and received the protection of the royal family, the three powerful families’ dreams would then be destroyed.

On the contrary, only if the Yi Family was made out to be the criminal and relinquished by the royal family, would they be able to reap the rewards.

There was no doubt that these three families would side with Chen Xiaobei and testify against the Yi Family.

As for the rest of the people of Violet Reborn who would have to depend on the three families, they too would speak against the Yis.

When Chen Xiaobei left, he did not take anything from the Yi Family, as to leave a way out for himself for times as such as this.

Chen Xiaobei was very certain about what the Violet Reborn people were going to say, so he had no problem with Wei Zhonglie going there to investigate.

As a matter of fact, Chen Xiaobei was telling the truth. If Wei Zhonglie were to look into the matter, he would find that everything happened just as Chen Xiaobei had described.

“You really are something!” Wei Zhonglie squinted at Chen Xiaobei. “You have everything right, but you underestimate me! I will not let you off the hook so easily!”

Chen Xiaobei frowned. “Prince Regent, didn’t you say that you are loyal? According to Green Hill’s laws, you are supposed to release us!”

“Law?” Wei Zhonglie grinned. “This is the Black Phantom Bureau! All our 10,000 Black Armor Guards are my loyal servants! In here, my word is the law!”

“Your word is the law?” Chen Xiaobei’s eyebrows raised. “So, you’re saying that, you the Prince Regent are the most powerful person in Green Hill?”

“So, what if I am?!” Wei Zhonglie raised his chin vaingloriously.

“Then what about her Royal Highness? How are you going to explain killing us to her?” Chen Xiaobei asked.

“Explain?” Wei Zhonglie laughed contemptuously. “Heh, why would I need to explain my actions to anyone?”

Bai Linsu was furious. “Wei Zhonglie! You’ve finally revealed your true self!”

“True self? What true self?” Wei Zhonglie retorted.

“You are using the Black Phantom Bureau to control Green Hill” Bai Linsu snarled. “You claim that you are loyal but in reality, you defy the Empress and you defy the law! You murder people who do not conform to your ways in cold blood and you monopolize power! You cruel bastard! have all the reasons to suspect that you, Wei Zhonglie, are a traitor!”

Linghu Shuang’s widened in horror.

But Chen Xiaobei showed no surprise, because it was all within his expectation.

Bai Linsu had been unwilling to share the secrets of Green Hill’s royal family.

Under such conditions though, through this emotional outburst, Bai Linsu laid bare her disgust and hatred towards Wei Zhonglie!

All that pent-up secrets buried deep inside her heart was revealed.

And all these important clues allowed Chen Xiabei to get closer to the truth.

The truth was out.

“Heh, hehehe...” Wei Zhonglie sniggered. “You could no longer hide your true self either, could you? Ever since the Emperor went missing, you have been out searching for him! You were going to find him so that he can kill me, right?”

“Yes!” Bai Linsu answered truthfully. “I cannot stand your overbearance! I cannot stand watching you push my sister around! I cannot stand seeing you hogging all the power, and you treating Green Hill as your private property! When the Emperor returns, he will make sure to get rid of the cancerous growth that you are from Green Hill! I look forward to that day!”

“Very good! I admire your courage!” Wei Zhonglie narrowed his eyes and snarled, “Do you know what the consequences are for saying these things?”

“We all know it’s death!” Bai Linsu spat. “You never intended to let the three of us go anyway!”

“The three of you? Oh, I really didn’t think you’d be that naïve!” Wei Zhonglie sneered. “It’s not just the three of you who would have to die today!”

“You... You’re going to kill my sister too?” Bai Linsu’s voice rose an octave. “No... You wouldn’t dare! You still need the Empress to stabilize the whole thing! You wouldn’t dare kill her!”

“You’re right. Bai Zixuan is an important puppet. Of course, I won’t kill her!” Wei Zhonglie said delightedly. “But, that worthless seed in her womb cannot stay!”

Chen Xiaobei and Bai Linsu exploded with rage at this statement.
