Chapter 2251: Spirit-Slayer Immortal Talisman

"Is there a way to make this array ownerless?"

Chen Xiaobei narrowed his eyes and thought for a while. "It's too dangerous to attack this formation! But if we don't get rid of it, we'll be in even more danger!"

"The only way is to make it ownerless and no longer under heaven dominating sect's control. Only then will we be absolutely safe! In fact, you can even control the formation!"

Chen Xiaobei's idea was the perfect one. Not only was it safe, but it would also bring him great benefits.

Of course, the more perfect it was, the harder it was to achieve.

At least, Chen Xiaobei could not think of any way to realize this idea.

"There's a way!"

Tian Peng's eyes brightened and he said, "As long as you can get your hands on a 'spirit severing talisman', you can sever the spiritual connection of all beings below the heavenly immortal level! This formation is at the level of a nine-star earth-god, and it can be done with a piece of talisman paper!"

"There's such a good thing!"

Chen Xiaobei was excited. How could one obtain this 'spirit severing immortal talisman'? I'll get it done immediately!"

"I'm afraid that's a little difficult!"

Tian Peng frowned and said, "after all, the 'spirit-Slayer immortal talisman' is too powerful. It's extremely difficult to make!" I only know two or three people who can make it ... But this is a critical time, and they're from the heavenly court, so they can't help you!"

"Yes, you're right!"

Chen Xiaobei nodded. It's the winter solstice today. The group will be having a gathering tonight. We can't make any mistakes at this time. Shen Gongpao might get a hold of us!

Chen Xiaobei could have gone to the prime of Tongtian, the Grand deity Zhen Yuan, the chieftain of netherworld River, or even the Buddha of many treasures to solve the problem!

But in such a critical time like today, Chen Xiaobei would be harming these people if he went to look for them.

If he did, Shen Gongpao would definitely make a big deal out of it and Chen Xiaobei would only harm himself and others!

"Since begging won't work! Then I can only use the 'merit record'!"

Tian Peng said, "of course, the effect of this talisman is strong, so the price is a bit high!" If he remembered correctly, it would take seventy million merit points to exchange for one!

"What? Seventy million?" Chen Xiaobei's jaw dropped as if he had been struck by lightning!

"Xiaobei, what's wrong? You're a little too excited, aren't you?"

Tian Peng explained, "this spirit severing talisman is a one star heaven immortal!" According to the normal price, it should be worth a hundred million merit points!"

but because the 'spirit-Slayer immortal talisman' can only be used on things below the divine fairy level, there's a 30% discount. 70 million is already a good deal!

of course! Tian Peng said generously, " if Qin Wuxin didn't take my storage bracelet and phone, I would have exchanged a few for you!

second senior brother ... You don't know the key to the problem ...

"I have 1.441.33 million merit points now!" Chen Xiaobei said, depressed. Seventy million is nothing to me!"

"But! Shen Gongbao has secretly changed the price. If I exchange for it, I have to pay 10 times the merit points, which is 700 million for one 'spirit-Slayer immortal talisman'! "

"What? Seven hundred million?"

Hearing this, Tian Peng was stunned and couldn't help but curse, " "Shen Gongbao, that bitch! Despicable! He was abusing his power! Abusing his power for personal revenge! Law enforcement is against the law! We can Sue him!"

"Sue him?"

Chen Xiaobei smiled wryly. The heavenly Lord Yuanshi held great power! They had violated the heavenly laws many times! They were all covering up for each other, turning big problems into small ones and small problems into nothing! Who can Sue them?"

you're right ... Since the Three Realms mission, the clan of enlightenment has been violating the heavenly rules!

Tian Peng frowned. sending people to kill you, secretly changing the laws of time, secretly changing the merit book, fishing out the evil spirit from hell, capturing Diao Chan to threaten Lu Bu, and sealing my good thoughts ... The crimes are uncountable!

"Yeah ... That's why it's useless to Sue them!" Chen Xiaobei said helplessly.

"In that case, we can only think of other ways! That was 700 million merit points! We can't be tricked by Shen Gongbao like this!" Tian Peng's heart ached for Chen Xiaobei.

"No... It's too late!"

no! Chen Xiaobei shook his head. we don't have any other choice. Besides, we have less than half a day left before we have to go to the group to attend the winter solstice festival! I can't be late! Because my master said that I will be the first person to exchange for an earth immortal!"

"You're first?"

Tian Peng was dumbfounded and couldn't believe his ears, " that's impossible ... Let's not talk about the others. Heavenly Lord Yuanshi alone would never give up first place!

Chen Xiaobei shrugged. I'm not too sure about the details. But I have absolute trust in Sifu! If he says I'm the first, I'll definitely be the first!"

"If that's the case, then quickly exchange for it!"

Tian Peng quickly said,"I can still earn more!" However, if he lost the chance to be first! It would probably affect the progress of this measureless calamity! This is not a joke!"

"Well said!"

Chen Xiaobei entered the red envelope group and activated the merit points ledger.

Then, a huge Golden Book appeared in Chen Xiaobei's mind.

After opening it, an image similar to an online shopping center appeared on the page.

There were all kinds of items, and their prices were clearly marked. They could all be exchanged with merit points.

"I want to exchange for a 'spirit-Slayer immortal talisman'!"

The next moment, the page showed the details of the spirit-Slayer talisman.

[ethereal spirit-severing talisman-one-star heaven immortal level talisman!] It could sever all spiritual connections below the heavenly immortal stage!

[Suan ni exchange price: 700 million merit points for one piece!]

Please select the exchange amount!

"Shen Gongbao, that bitch! In the past, I only exchanged for low-level items, so I didn't lose much. This time, I was cheated of 700 million merit points! I'll make him pay for this debt with interest sooner or later!"

Chen Xiaobei had worked so hard to accumulate more than 1.44 billion merit points.

However, in the blink of an eye, he had to pay 700 million!

It was simply a loss of blood!

No matter what, he had to settle this score with Shen Gongbao!

"I want to change to another one!"

Chen Xiaobei selected the number of items he wanted to exchange.

[ding! You have exchanged for a spirit-Slayer immortal talisman. 700 million merit points have been spent. Do you wish to confirm the exchange?]

"Confirm!"

Chen Xiaobei calmed himself down. Although his heart was bleeding, he had to do this. "Damn that Shen Gongbao! If I don't take revenge, I'll write the word "Chen" backwards!"

Red Envelope Group of the Three Realms

Chapter 2252: Thousands Of Gold Scattered

-700 million merit points have been deducted!]

[your current merit points are 741330000 (charm: 74133000, luck: 74133000)!

Ding! Congratulations! You've received a red packet from the merit points reward. A spirit-Slayer immortal talisman has been stored inside your treasure chest!

"I'm done! Extract it immediately!"

Chen Xiaobei took out the spirit-Slayer talisman.

"Whoosh ..."

Chen Xiaobei immediately activated his special ability. The talisman started to burn on its own, emitting a faint silver light.

In this silver light, thousands of spiritual gossamers appeared at the core of the heaven shrouding array!

These gossamers were extremely fine and could not be seen with the naked eye!

Only under the spiritual light of the celestial talisman could one see the thousands of spiritual gossamers floating above the ground!

That's right! This was the spiritual connection between the formation and its master!

"Slash!"

go! Chen Xiaobei shouted, and the spiritual light changed!

"Swish!"

Only to see! The silver spiritual light instantly condensed into the shadow of a saber and a sword. With an unparalleled might, it instantly cut off all the spiritual gossamers!

This way, it was equivalent to directly cutting off the spiritual connection between the heaven shrouding formation and its owner!

In other words, this nine-star earth-god level " heaven shadowing array " had become an ownerless item!

"Xiaobei! It's a success!"

Tian Peng said excitedly, "Quickly establish a spiritual connection with the heaven shrouding formation and you will become the new master of this formation!"

"Chi ..."

Chen Xiaobei had already placed his hand on the core of the formation and started spiritual communication with the sky shrouding formation.

"Done!"

Chen Xiaobei grinned, his depressed mood finally lifted. even though I paid 700 million merit points, it's still a huge gain to be able to control this formation!

Tian Peng also nodded and comforted him, "although we paid a lot, we also gained a lot!" Be more optimistic, be content with what you have!"

"Of course I can!" Chen Xiaobei laughed. When I take control of the Green Dragon continent, this will be bei Xuan faction's territory! If my family and friends can move here, no one below the level of a nine-star earth-god would dare to offend bei Xuan faction!"

"Amazing! My Xiao bei!"

"When you control the Green Dragon continent, you will be the leader of the entire apocalypse Starfield! With the sky shrouding formation in bei Xuan faction, even if people from the earthly calamity Star Ocean or the earth-god Realm came, they would have to come to bei Xuan faction to pay their respects first!"

Chen Xiaobei! Tian Peng said excitedly, " when that time comes, you will be the real Overlord of this place! In front of you, those so-called formidable people are all your younger brothers!"

"Second senior! Don't flatter me!"

we still have one more important problem to solve! Chen Xiaobei said. If this problem can't be solved, the "heaven shrouding formation" will just be a decoration!"

"What's the problem?" Tian Peng asked.

"Spiritual Qi!" this formation is a nine-star earth-god level formation! It costs ten million upper spiritual stones to activate!

"This ..."

Tian Peng swallowed his saliva and said awkwardly, "You just earned 11000000 upper spiritual stones in the nine cauldron capital city! After activating the "heaven shrouding great formation" once, you'll only have a fraction of what you have left!"

"Yup!"

what? " Chen Xiaobei frowned. even I can't afford such a huge consumption, let alone a hegemon! That would be a dream!"

"Spirit vein! There must be a large spirit vein under heaven dominating faction!"

Tian Peng said,"as long as we control that spirit vein, we can activate the sky shrouding formation ten times!" Furthermore, as time passes, the spirit Qi in the spirit vein will slowly recover, ensuring the continued development of bei Xuan faction!"

"You can say that! But How do I control the spirit veins of heaven dominating sect?" Chen Xiaobei frowned.

"It's simple!"

Tian Peng raised his eyebrows and said,"find the core of the spirit vein!" He had to control the formation that controlled the spirit vein! This way, you'll be the new owner of the spirit vein!"

"Pfft ..."

Chen Xiaobei was speechless."Second senior! Are you kidding me? According to what you said, I'll have to pay another 700 million!"

uh ... I think so ... Tian Peng nodded and said awkwardly, " "However, if you don't do this, the" heaven shrouding formation "will just be an empty shell. Even if you control it, it'll be useless"

Chen Xiaobei frowned. there's no other way. I can only use spiritual stones to activate the heaven shrouding formation! After that, he would think of a way to control the spirit vein! Otherwise, I won't be able to attend tonight's winter solstice festival with another 700 million Yuan!"

Tian Peng nodded and said,"it seems like you really have no other choice!" It's just a pity that those spirit stones are gone. I don't know how much I'll have to pay to earn them again!"

[ding! Sect leader Tongtian has sent you a message!]

"Eh? Why is shizun contacting me at this time?"

Chen Xiaobei was overjoyed. "Shizun must have something good to tell me! Hurry up and look at the message!"

He turned on his phone and immediately checked the private chat.

The prime of Tongtian, Xiaobei! Don't be stingy with the merit points! I've already laid out the trap! It can make you lose all your gold and come back!

Chen Xiaobei: With Master's words! I don't need to be calculative! He didn't even feel the pinch of spending all his merit points!

[sect leader Tongtian: I can't talk too much with you now!] Come to the group on time at night, and everything will go according to plan!

Chen Xiaobei-yes, your disciple!

"What did the prime of Tongtian say to you?" Tian Peng asked impatiently.

"Hehe!" Oh? " Chen Xiaobei raised his eyebrows and smiled. Sifu told me to spend all my merit points!

how ... How is this possible?! Tian Peng's face was filled with shock,"You're not going to attend the winter solstice festival tonight?"

"Shizun said! A thousand pieces of gold scattered and returned!" "I'll give up all my merit points first!" Chen Xiaobei laughed. Master naturally has a way to help me regain enough merit points!"

"This ... This isn't a joke, right?" Tian Peng was even more dumbfounded. He couldn't imagine how sect master Tongtian was going to operate it!

I can't imagine it either, but there's no need to think about it. Just believe in master!

Chen Xiaobei activated the merit points ledger again. "I'll first exchange it for a spirit severing immortal talisman! I'll see what else I can exchange for with the remaining merit points!"

Very quickly, Chen Xiaobei had used up the remaining 741.33 million merit points!

700 million Yuan for a spirit severing immortal talisman! he used it to control heaven dominating faction's spirit vein!

Forty million in exchange for a three-star earth-god material called 'nether Dark Crystal' to repair the infinite soul ring to three-star earth-god level!

He had exchanged one million Yuan for a high-tier prosperous monkey fur in case he needed it!

Three hundred thousand for three ordinary spiritual fruits, and he threw them to second senior brother!

With only 30000 merit points left, Chen Xiaobei stopped when he had nothing to exchange for!

"I've already scattered all the 'precious'! Let's see how we'll return tonight!" Chen Xiaobei grinned, his eyes full of anticipation!

[Red Envelope Group of the Three Realms](#)

Chapter 2253: Face Slapping On The Live Broadcast

"A thousand pieces of gold scattered and returned! I'm looking forward to the winter solstice festival more and more!"

Chen Xiaobei had piqued Tian Peng's curiosity.

No matter how hard he thought, he couldn't figure out what trap sect master Tongtian had set up. It could actually make Chen Xiaobei's used up merit points return?

This was simply unbelievable!

"The conference will have to wait until evening! Let's settle the Green Dragon continent first!"

Chen Xiaobei kept all his things, then used the earth escape Holy gourd and went underground with the canopy.

The core of a spirit vein was not difficult to find. As long as they headed in the direction where the spirit Qi was denser, they would be able to find it.

After a while, Chen Xiaobei and Tian Peng arrived at their destination!

"Xuan Xin was locked up here before!"

Chen Xiaobei's face was serious, and his eyes were filled with complicated emotions.

Previously, Liu xuanxin was trapped in the core of the spirit vein.

Everything that happened that day was still fresh in Chen Xiaobei's mind. When he thought about it, his heart still ached.

Of course, Chen Xiaobei's state of mind had become stronger. Now that he had calmed down, he would not be affected by this matter.

Memories and heartache could not solve any problems!

The only way to save Liu xuanxin was to take it one step at a time and overcome all difficulties! He would not stop until he reached his goal!

this should be the magical formation that controls the spirit vein!

Chen Xiaobei and Tian Peng walked over and found a small altar above the core of the spiritual vein.

The surface of the altar was covered with many high-level runes. It was clearly a formation!

One had to know that the foundation of any force was spirit veins!

And the first thing every force had to do after finding a spirit vein was to add such an array!

Next, only the owner of the force could control whether the spirit vein released spirit Qi or not, and who it released spirit Qi to!

By doing so, they could prevent outsiders from absorbing the spiritual energy of their own forces at will!

Only with the addition of such an array could he be considered to have completely occupied the spirit vein!

Tian Peng observed for a while and said, "this formation is very complicated!" It should also have hidden a counterattack array for self-protection! If we try to destroy it by force, we'll be met with a violent counterattack!"

Chen Xiaobei shrugged and said, "Even if there's no protective array, we can't destroy it! Otherwise, this spirit vein would go out of control! I won't be able to construct a similar formation in a short time!"

"Mm, you're right!" Tian Peng nodded and smiled. it's a good thing you're prepared. You can still control it even if you don't destroy it!

"Whoosh ..."

Chen Xiaobei smiled and activated the second spirit Slayer talisman!

"Swish!"

The immortal talisman's special ability was activated, and it instantly cut off all the spiritual gossamer that was emitted from the core of the spirit vein!

This way, the spiritual connection between the spiritual vein and its original owner would be completely cut off!

As a result, this rarely seen large-scale spirit vein had become an ownerless spirit vein!

"Xiaobei! Hurry up and make a spiritual connection! You're going to make a fortune this time!" Tian Po impatiently said.

"I can't wait!" Chen Xiaobei was so excited that he immediately placed his hand on the formation and started spiritual communication!

The reason why Chen Xiaobei could not find a territory for bei Xuan faction was because he could not find an ownerless spirit vein!

It was all good now! With this spirit vein! After bei Xuan faction moved over, Chen Xiaobei's family, friends, and disciples would be able to get a lot of spiritual Qi, which would greatly increase their cultivation efficiency!

The main point was! This large spirit vein could activate the heaven shrouding formation at least nine times to ensure bei Xuan faction's safety!

At that time, bei Xuan faction would truly be at the peak of apocalypse Starfield!

Unless a nine-star earth level deity appeared, no one could shake bei Xuan faction's position as the Overlord!

Chen Xiaobei was overjoyed when he thought of this!

Back then, when Chen Xiaobei said that he wanted to reach the peak of the ten thousand tribulations, many people questioned him! Countless people had laughed at it! Many people even advised Chen Xiaobei not to make an enemy out of heaven dominating faction!

But today! Chen Xiaobei was only one step away from the peak!

As long as Chen Xiaobei could take this last step, he would be able to make countless people's eyes pop out! His three views were refreshed! To Chen Xiaobei was like to worship a God!

"Second senior! Let's go! It's time to take over the Green Dragon continent!"

Chen Xiaobei activated his earth escape divine gourd and brought Tian Peng back to the surface!

.....

On the ground.

a team of heaven dominating faction disciples were patrolling with tired faces.

senior brother Zhu, we've been on guard for a few days. Does Chen Zhufeng dare to come? " A young disciple asked impatiently.

Chen Zhufeng? " senior brother Zhu pouted and said, " I bet Chen Zhufeng won't dare to come! Even if he used his toes to think, he knew how many lives Chen Zhufeng had. You dare to come here to die?"

On the side, a short and chubby young man said in disdain, " "I used to admire Chen Zhufeng. After all, he has done a lot of earth-shattering things! But this time, I really look down on him!"

"Yup!"

The young Junior Brother from before also had a disdainful look on his face as he chimed in, "Chen Zhufeng's woman was caught. He didn't even dare to show his face to save his own life! He was simply a turtle! I also look down on him!"

Senior brother Zhu nodded and said, "not just you guys!" Everyone who knew about this would look down on Chen Zhufeng! Chen Zhufeng worked so hard to build up bro bei's image in apocalypse Starfield, and now it's all ruined!"

Ding!

Before he could finish his sentence, he received a message on senior brother Zhu's phone.

"Oh my God ... This, this, this ..."

Senior brother Zhu's face was instantly filled with fear as if he had seen a ghost. He swallowed his saliva and said, "This ... This is old Wang's live broadcast! Chen ... Chen Zhufeng is live streaming ..."

how ... How is this possible?! The surrounding disciples were dumbfounded and hurriedly took out their mobile phones.

Anyone who had old Wang's livestream software installed on their phone would receive the same notification!

Everyone quickly opened up old Wang's livestream software and entered bro bei's livestream room!

"Hiss ..."

At the sight of the live stream, senior brother Zhu and the dozen young disciples around him gasped!

Their eyes were filled with extreme shock! His pupils contracted uncontrollably! His body trembled violently! His breathing was rapid! His limbs were cold! His scalp went numb! Cold sweat was pouring down like rain!

Who dared to think about it! The live broadcast screen showed the dozen of them!

This meant that the Chen Zhufeng they looked down on was standing right behind them!

"My brothers! Hello, everyone!"

Tian Peng was in charge of the camera, and Chen Xiaobei walked to the camera with a devilish smile. "Many people said I didn't dare to come to heaven dominating sect! He said I'm a turtle! Now that I'm here, those who speak ill of me, do your faces hurt?"

[Red Envelope Group of the Three Realms](#)

Chapter 2254: Kneel Down!

"Pa! Pa! Pa ..."

Before Chen Xiaobei could finish his sentence, Shixiong Zhu and his disciples kneeled on the ground and slapped their own faces.

"Sect leader Chen, please spare our lives ... Sect leader Chen, please spare our lives ... We have offended you earlier ... Now, we have deeply realized our mistakes ... You are definitely not a coward! You definitely have the guts to come to heaven dominating faction!"

Just a second ago, this group of jokers were still mocking Chen Xiaobei and saying that they looked down on him.

In this second, they were all like dogs, each slap using all their strength. In a few slaps, they had slapped themselves like pigs!

And all of this naturally appeared in the live broadcast.

At this moment, more than one billion people in apocalypse Starfield were watching the live stream!

Chen Xiaobei's appearance and his face-smacking had instantly stirred up the audience's emotions!

Wow, my bro bei is here! I've said it before, there's nothing my bro bei doesn't dare to do!

Before this, many people around me bet that bro bei would not dare to come! I bet everything I have on bro bei! This time, I'm going to profit greatly! Hahaha ... Thank my bro bei!

Everyone in the city said that bro bei was-coward who didn't dare to save his woman! I'm the only one who insisted that bro bei would definitely appear! At this moment, no one dared to say anything bad about bro bei anymore. I've also become the focus of the entire city! It felt so good!

[brother bei has arrived at heaven dominating faction!] He would use his actions to beat up anyone who looked down on bro bei! The invisible slaps started off with a wave of crazy damage! It was too f * cking satisfying!

As bro bei's super die-hard fan! Seeing bro bei's appearance, I'm also very proud!

Bro bei has never let us down before! I'll be bro bei's fan for the rest of my life!

I'll never regret being a fan of bro bei!

.....

It was clear that not only did senior Zhu and his gang look down on Chen Xiaobei, but more than half of the people in apocalypse Starfield thought that Chen Xiaobei would not come to save Liu xuanxin to save his own life!

However, Chen Xiaobei's action had turned into an invisible slap on those people's faces!

This round of face smacking had almost hit the entire apocalypse Starfield!

Those who looked down on Chen Xiaobei felt their cheeks burning and their hearts burning with shame!

Those who supported Chen Xiaobei, on the other hand, felt proud and satisfied!

Of course, this was only what could be seen on the surface!

Because of this slap in the face, Chen Xiaobei's loyal followers had become even more devoted and loyal!

Many of the passers-by started to have a good impression of Chen Xiaobei!

Some of the passers-by even quickly became Chen Xiaobei's followers!

As time went by, the number of people watching the live stream was still rising. If only a small portion of them became Chen Xiaobei's followers, Chen Xiaobei would gain a lot from it!

This was the real reason why Chen Xiaobei had to do a livestream even though he was extremely busy!

Only a live broadcast could allow Chen Xiaobei's earth-shattering feat to be spread across the world at the fastest speed and in the most realistic way!

These earth-shattering feats were the most shocking, allowing Chen Xiaobei to quickly gain a huge number of believers!

Because of this, the live broadcast still had to start! And he had to drive properly!

"My brothers! I haven't done a live stream in a long time! I'll show you a super good show today! I'll definitely let you guys have a good time!"

Let's go! Chen Xiaobei waved his hand and walked towards the core Hall of heaven dominating faction!

Tian Peng, on the other hand, followed closely behind Chen Xiaobei with his phone in hand. He was now Chen Xiaobei's professional photographer!

senior brother Zhu ... Chen Zhufeng doesn't seem to care about us ... Let's run ... a few young disciples muttered.

Chen Xiaobei did not even turn his head. He only said, "If you don't want to die, then kneel obediently!"

"Bang! Bang! Bang! Bang ..."

The dozen or so people felt as if they had been electrocuted, their heads heavily hitting the ground.

After that, they maintained this humble kneeling position and didn't dare to say a word!

Even though Chen Xiaobei had already walked far away, they did not dare to stand up or even raise their heads!

.....

"Thump! "Thump!" Thump!"

it didn't take long for the entire heaven dominating faction to be filled with alarm bells!

Hundreds of thousands of disciples were all surrounding the same direction!

The news of Chen Xiaobei's live broadcast had spread like wildfire, and all the higher-ups sitting in the hall had been slapped in the face!

At the same time, the group of high-level officials became extremely vigilant!

they didn't dare to underestimate the enemy and immediately sounded the highest alarm, sending out all the heaven dominating faction members! Surround Chen Xiaobei!

"Xiaobei! They're here!" Tian Peng stood still and his eyes were like a Falcon as he locked on to the front.

Chen Xiaobei shrugged and smiled, " "I know, they're here to die!"

"Woof! Buzzzzzz! Yi ..."

Tens of thousands of people gathered around Chen Xiaobei and Tian Peng!

There were hundreds of thousands of people, and all of them were armed! True essence circulated!

The boiling battle intent seemed to have ignited the space!

The intense killing intent brought about a fiendish pressure that resembled a mountain of corpses and a sea of blood!

This terrifying battle formation was like a war between great nations in the era of cold weapons! The Golden Iron Horse! Bold and vigorous!

It was obvious that these hundreds of thousands of people had not slept or eaten for so many days! He was extremely nervous and did not dare to relax at all! They were waiting for Chen Xiaobei to walk right into their trap so that they could kill him!

Chen Xiaobei had finally arrived!

These hundreds of thousands of people seemed to have seen the hope of relief!

As long as they could kill Chen Xiaobei, they could return to their peaceful lives!

He no longer had to be afraid! He would no longer need to work with his head!

Because of this, at this moment, the fighting and killing intent of these hundreds of thousands of people was unprecedentedly high! He wished that Chen Xiaobei would die immediately!

"Woof! Buzzzzzz! Yi ..."

The next moment, a dozen more figures appeared above the crowd and appeared in front of Chen Xiaobei!

That's right! These dozen people were the higher-ups who were originally sitting at the Big O 'clock, Cheng Ye!

Jiang haoxuan! Nangong he! Ximen lang!

The three of them led the way, each holding a six-star earth-god instrument and standing at the front of the crowd!

"Chen Zhufeng! I really didn't expect this! You actually have the guts to show up!"

Ximen lang raised his eyebrows and said with disdain, " "What a pity! With your strength, appearing here is no different from courting death!"

Jiang haoxuan also laughed in disdain. "Chen Zhufeng! Did you get kicked in the head by a donkey? You could have been a turtle hiding in its shell to save your life, but you just had to come and seek death! You even asked canopy to broadcast it? You're just looking for trouble!"

"I don't want to argue with you guys!"

Chen Xiaobei said, "From now on, those who want to live, kneel down!"

Red Envelope Group of the Three Realms

Chapter 2255: War Erupts

"You little brat! You're crazy! Do you know where you are now? Who are you talking to?"

"damn it! Nangong he was furious, "this is our heaven dominating faction's thousand tribulation division! This is our home ground! You've already walked right into the trap and you're already dead, yet you still dare to act tough! Truly, the ignorant are fearless!"

as soon as he said this, the hundreds of thousands of heaven dominating sect disciples all began to stir.

"This Chen Zhufeng is too much of a poser! He should be the one kneeling!"

"You're right! We have hundreds of thousands of people and more than a dozen elders from the earth-god Realm headquarters. We can easily kill Chen Zhufeng ten thousand times over!"

"Chen Zhufeng has the nerve to ask us to kneel? Truly, a shameless person is invincible!"

"Elder Nangong! Kill Chen Zhufeng! Hurry up and kill him! We can't wait!"

"Kill him ... Kill him ..." He shouted.

The hundreds of thousands of heaven dominating faction disciples had lost their patience. They could not wait for Chen Xiaobei to die so that they could return to their peaceful lives!

"It seems like everyone can't wait any longer!"

of course not! Ximen lang laughed. right now, right here, killing Chen Zhufeng is easier than killing an ant! I'd rather see Chen Zhufeng kowtow and beg for mercy! This was interesting! Hehe ..."

As soon as he said that, the hundreds of millions of viewers in the live streaming room became nervous.

Bro bei seems to be in trouble! The last time he livestreamed, bro bei's power seemed to be at the five fire spirit refining stage? He only had a five-star earth-god instrument! He couldn't win against Nangong he and Ximen lang!

Yingluo-yes! although bro bei was brave enough to come to heaven dominating faction, he had already placed himself in a situation where he would most likely die!

What should Yingluo do? heaven dominating faction even captured bro bei's woman! When the time came, he would use it as a threat! Bro bei was probably dead!

.....

"Hahaha! The crowd's eyes were indeed sharp! Chen Zhufeng is dead meat today!"

"I thought Chen Zhufeng had a lot of supporters?" Jiang haoxuan laughed proudly. Wasn't Chen Zhufeng the Emperor Zhufeng who controlled the three continents? We'll make Chen Zhufeng kneel and beg for mercy today!"

"It just so happens to be a live broadcast! we'll let the whole world know that in front of the Jiang family and the heaven dominating sect, Chen Zhufeng is a complete piece of trash! In the end, the Jiang family and heaven dominating faction will be in charge of apocalypse Starfield!"

"Young master haoxuan is right! Today, the famous Emperor Chen Feng will be trampled under our feet! Heaven dominating faction would rule apocalypse Starfield again! The Jiang family will also re-enter the Azure Dragon Imperial City!"

Nangong he was also excited. He raised his chin and smiled victoriously, " "After today, everything will still be the same! All his hard work was nothing but a fart. He could not change anything! Hahaha ..."

As soon as he said that, the hundreds of thousands of people in the audience laughed as if there was no suspense in the battle! It was as if Chen Xiaobei had been completely killed!

"Are you all done laughing?"

Under the worry of his believers and the ridicule of his enemies, Chen Xiaobei took a step forward and said, " "If you've laughed enough, then go to hell!"

"Woof! Buzzzzzz! Buzzzzzz! Whoosh!"

Chen Xiaobei took out four infinite demonic swords!

In the East, lightning bolts were entwined, and it was extremely violent!

In the West, golden qi was floating, which was demonic and evil!

In the South, Heavenly Fire enveloped the area, blazing and majestic!

In the North, the cold light was shining, and the killing intent was murderous!

In an instant, the four demonic swords guarded the four directions! Like a guard, they surrounded Chen Xiaobei!

Under the light of the four spiritual lights, Chen Xiaobei's body glowed like a demonic god, his appearance extraordinary and unruly!

"Heavens! What's going on ... Chen Zhufeng's Four Swords are terrifying ..."

"Yeah ... This pressure is too fierce! The sword Qi was demonic! I feel like I'm about to suffocate!"

"Judging from the spiritual fluctuations, the four Swords are all five-star earth-god instruments! Furthermore, when they are combined together, they can even support each other. I'm afraid their power can crush all five-star earth-god instruments!"

"He's too strong! Chen Zhufeng actually had four such terrifying demonic swords! No wonder you dare to come to our territory alone!"

.....

in an instant, the hundreds of thousands of heaven dominating sect disciples felt the terrifying aura of the four demonic swords and felt fear from the bottom of their hearts!

There were even many people who were stunned and stood rooted to the ground, shivering!

However, in the face of the four demonic swords, the group of higher-ups showed no fear. They even sneered and mocked.

Jiang haoxuan sneered, "Hmph! It's just four five-star earth-god instruments. To us, they're just trash!"

"That's right!"

Ximen Lang's face was full of disdain, 'even if the four demonic swords can help each other increase their power, they are only peak five-star! We have three six-star earth-god instruments. Any one of them can crush Chen Zhufeng!"

"I'll crush Chen Zhufeng! After one move, I will definitely trample him under my feet!" Jiang haoxuan was very vain. He thought that Chen Xiaobei was a pushover. He would not miss this opportunity to show off in front of billions of people!

"Mountain river! Break! Shatter!"

Jiang haoxuan bellowed, his eyes filled with killing intent. He waved the mountain and river fan that he had prepared earlier!

Whoosh ... Boom ...

In the next moment, hundreds of billions of low-grade spiritual energy were burned out, and the power of the six-star earth-god level of the mountain and river fan suddenly burst out!

Visible to the naked eye, a huge amount of earth true essence condensed into a huge mountain in the void! The same amount of water ethereal force formed a long river!

Mountains and rivers ran parallel to each other! It carried a vast and enormous power! Then, it came down on Chen Xiaobei!

The terrifying power almost made the entire heaven dominating faction tremble!

The mountain and river hadn't even landed yet, but the wind and residual power had already crushed countless houses in the surroundings!

The hundreds of thousands of disciples were not at the center of the pressure, but they had to circulate their protective Zhen Yuan to the limit to stand on the spot!

One could only imagine how terrifying the power of the mountains and rivers was!

If it really came crashing down, the hundreds of thousands of people present would probably be completely wiped out!

Xuxu is in trouble! Bro bei is dead meat! Although the four demonic swords were powerful, they could only unleash the power of peak five-star at most. They could not block the mountain and river fan at all!

Yingluo, yes! The earth level deity realm, one minor realm, 33 heavens! Jiang haoxuan's mountain and river fan was too powerful for bro bei to handle ...

Is bro bei really going to lose? Would he be stepped on by the enemy? Would he kneel down and beg for mercy in front of the enemy?

Obviously, according to a normal person's line of thought, this battle had already crossed a minor realm, and there was no suspense at all! Chen Xiaobei would be defeated!

However, in this situation, Nangong he said in a deep voice, " "Ximen! You go behind young master haoxuan and keep watch! Be careful of Chen Zhufeng's next move!"

"Tsk! What other moves can that little trash have?" Ximen lang said disdainfully, "if he can withstand this move, I'll live stream myself eating shit!"

At the same time, Chen Xiaobei opened his mouth again and said, " "Wuji! Holy devil sword formation!"

[Red Envelope Group of the Three Realms](#)

Chapter 2256: Nothing Is Left

"Tsk! You still don't forget to act tough even when you're about to die?"

Ximen lang sneered with extreme disdain, " "What extreme? What sword formation? You brat, just obediently accept your death. What's the point of playing so many tricks?"

infinite sword formation!!!

Nangong he's pupils contracted uncontrollably as if he had been struck by lightning. He immediately screamed, " "Quickly go and help young master haoxuan! Otherwise, he'll be dead!"

"What!" Ximen Lang's face was filled with shock. He could not believe his ears.

"Hurry up! Don't just stand there!" Nangong he was extremely nervous and his eyes were filled with fear as if he had seen a ghost.

"Good! I'll go now!" Ximen lang wasn't stupid. Seeing how nervous Nangong he was, he naturally didn't dare to hesitate. He immediately took out his six-star earth-god instrument and charged forward.

"Boom boom boom ..."

They saw Ximen lang holding a red copper war hammer with both hands!

As Ximen Lang's figure charged forward, hundreds of billions of low-grade spiritual energy were instantly burned out, and the power of a six-star earth-god was suddenly activated!

The war hammer let out an explosive sound, as if a volcano had erupted, and a pillar of fire surged into the sky!

There was even billowing smoke that covered the sky! It was as if the entire space would be engulfed by the flames! He was completely burned to ashes!

Wufu is too despicable! It was actually two against one! Bro bei had no chance of winning now!

Yingluo, yes! One six-star earth-god instrument was already too much for bro bei to handle, let alone two of them.

The enemy was really despicable! Vulgar and dirty! Fight my bro bei one on one if you dare!

Qianqian is finished ... The enemy doesn't even care about his face! Bro bei was completely done for ...

Obviously, the viewers in the live stream had already thought that Chen Xiaobei would lose. Now that Ximen lang had appeared, they were in complete despair!

However, at this moment, Nangong he, the sly old fox, stayed where he was. He did not take out his earth-god instrument to participate in the battle. Instead, he took out a token and held it tightly in his hand!

It was as if he was holding onto a life-saving straw. Nangong he's nervous mood finally relaxed a little!

"Woof! Buzzzzzz! Buzzzzzz! Whoosh!"

At the same time, the four demonic swords had already created four demonic images!

"Whoosh ..."

Without hesitation, Chen Xiaobei took out 4000 high-grade spiritual stones and crushed them. A vast amount of spiritual Qi immediately rushed into the four Dharma laksanas!

In an instant, all 400 billion low-grade spiritual Qi had been burned out!

The four Dharma laksana of the Demon King came together and merged into one! It suddenly transformed into an even larger limitless Saint Demon King Dharma form!

It had dark golden horns on its head! A pair of fiery wings on its back! His eyes flashed with lightning! He was standing on the fiendwater Dragon!

It had four demonic arms on its shoulders, each of which had the power of a different attribute!

Each of the four demonic claws under his arm was holding a demonic sword Dharma!

In an instant, the limitless Saint Demon King's Dharma power was completely condensed, and his 800-meter dharma body stood tall! He was majestic and overbearing, and his spirit was unparalleled!

It was as if a Supreme ancient demon God had descended to the world, and he could erupt with destructive power with just a raise of his hand!

Even if he didn't make a sound, there was still a terrifying and domineering aura that enveloped the entire space, shocking everyone's state of mind!

Oh my God ... This Dharma idol is too terrifying ...

In an instant, everyone was shocked!

the hundreds of thousands of heaven dominating sect disciples all had their eyes on the top of their heads!

At this moment, they were scared out of their wits. They screamed, trembled, and desperately fled to the back! It was as if he would be dragged into the hell of Asura by countless demons if he were to run half a step slower. He would be devoured and killed without a complete corpse!

even the dozen or so high-level elders from heaven dominating faction headquarters were so frightened that they peed their pants. Like a group of frightened chicks, they shrunk their necks and hid behind Nangong he, not even daring to breathe!

Even the billions of viewers across the screen were shocked by the power of the limitless Saint Demon King's Dharma idol, so much so that the number of comments on the screen was greatly reduced!

Of course, Jiang haoxuan and Ximen lang were the ones who were most shocked!

"My God ... The four demonic swords actually formed a sword formation! The energy fluctuations are between a six-star and seven-star earth-god instrument ... It's enough to crush my mountain and river fan!"

Jiang haoxuan gasped and almost peed his pants!

"F * ck that Nangong he! You old fox, you tricked me! You're asking me to help you with such a terrifying sword formation. You're clearly asking me to die ..."

Ximen Lang's expression changed drastically. He cursed as he turned around and ran.

"You two, don't panic!"

no! Nangong he shouted, " I only asked you to help to distract Chen Zhufeng! This old man will immediately activate the "heaven shrouding formation" and ensure your safety!"

Jiang haoxuan and Ximen lang finally heaved a sigh of relief. "You should have said so earlier! We were almost scared to death! Hurry up! Activate the heaven shrouding mysterious order and control the heaven shrouding formation to kill Chen Zhufeng!

"I've already prepared for it!" Nangong he raised the token in his hand high up and with a thought, he began to communicate with the token's spirituality!

That's right! This token was the heaven covering mysterious token!

with the token, he could control all the arrays in heaven dominating faction!

The heaven shrouding formation and the spirit Meridian formation were both controlled by the heaven shrouding mysterious token!

This token was originally in beiming Wuji's hands!

but before beiming Wuji left heaven dominating sect, to ensure the normal operation of the sect, he had given the token to an elder!

After Nangong he arrived, this token naturally fell into his hands!

"Chen Zhufeng! Even though your sword formation is very powerful, in front of the "heaven shadowing array," you are just trash! You can't even hurt a hair on us! Your death has arrived! Hahaha ..."

Jiang haoxuan and Ximen lang laughed proudly.

The hundreds of thousands of disciples who were still running all stopped and laughed.

The billions of viewers in the livestream room fell silent. They had just seen a glimmer of hope, but they were instantly plunged into endless despair!

The heaven shadowing array!

To everyone who was watching the battle, this was an extremely terrifying name!

In their eyes, once the formation was activated, even if Chen Xiaobei had 10000 lives, he would still be dead!

However!

What happened next left the entire world dumbfounded! He couldn't understand!

"Woof! Buzzzzzz! Buzzzzzz! Whoosh!"

The limitless Saint Demon King's energy construct waved its four arms, and like lightning, it waved the four huge swords in its hands!

Like fireworks, the four giant swords burst out with endless mysterious changes in an instant!

Four Swords turned into ten thousand swords! Ten thousand swords turned into a hundred million swords! It was as if the entire world was filled with sword Qi!

Lightning! Water! Fire! Gold! The four types of demon spirit sword Qi enveloped the enemy in all directions! He would not give them the slightest chance to escape!

"Ah ... Uh ah ..."

A series of shrieks could be heard. In the blink of an eye, Jiang haoxuan and Ximen lang were cut into pieces and tortured cruelly!

His body was cut into pieces! The dismembered body was chopped into meat paste! The meat paste was chopped into blood! The blood was cut into a bloody mist!

Under the attack of the billions of sword Qi, the two living people were turned into two clouds of blood mist, which were blown away by the wind, leaving no residue at all!

At this moment, Jiang haoxuan and Ximen lang had already turned into ashes. However, Nangong he, this old fox, was still standing there stupidly, swallowing his saliva.

that's strange ... Why can't the heaven shrouding formation be activated???" Nangong he's face was filled with confusion and confusion.

"Ha."

Chen Xiaobei smiled and said coldly, " "If you don't want to die, it's not too late to kneel now!"

[Red Envelope Group of the Three Realms](#)

Chapter 2257: Show Mercy

"Chen Zhufeng! Don't be so arrogant! This old man might have made a mistake ..."

Nangong he's face was filled with awkwardness and confusion.

"Wait for this old man to try again. Once the "heaven shrouding great formation "is activated, you will die without a doubt!"

After all, Nangong he was an old man and his mental state was very stable. He calmed himself down and activated the heaven covering Mystic token again.

the surrounding hundreds of thousands of heaven shrouding sect disciples all stared with wide eyes as they impatiently waited for the heaven shrouding array to activate!

The billions of viewers in the live stream were worried about Chen Xiaobei's safety!

Without a doubt, the core of today's battle was the "heaven shrouding formation"!

Everyone could see that Chen Xiaobei's infinite Holy Demon Sword formation could only unleash the power of a peak six-star earth-god!

In front of the "heaven shrouding formation," they had no way to resist!

Once the " sky shrouding great array " was activated, it could suppress anyone below the nine-star earth-god level! Chen Xiaobei would be killed in an instant!

However!

At this critical moment where everyone was watching, the "heaven shrouding great formation" did not even have the slightest reaction!

"What's going on ... Why can't the heaven shrouding formation be activated? Who can tell me what's going on?"

Nangong he was like an idiot as he stood there in a daze. He tried to activate his spirit to communicate with the heaven shrouding Mystic token and activate the heaven shrouding formation!

However, no matter how hard Nangong he tried, the heaven shrouding formation didn't have any reaction!

seeing this, the hundreds of thousands of heaven dominating sect disciples couldn't help but worry!

"Shit! If the "sky shrouding great formation" can not be activated We will all be dead"

"Yup! Chen Zhufeng was too scary! In the blink of an eye, Jiang haoxuan and elder Ximen had been killed! If they want to kill us, it'll be as easy as killing a nest of ants!"

"Also, the mountain and river fan and the explosive flame hammer are both in Chen Zhufeng's hands! Even without the heaven shrouding formation, elder Nangong would have been killed in an instant!"

"Should ... Should we kneel down and beg for mercy? I'm afraid this is our last chance ... If we don't kneel, Chen Zhufeng will start a massacre!"

"Kneel ... I don't want to die yet ..."

Just a moment ago, these hundreds of thousands of people were all laughing and thinking that Chen Xiaobei would die under the heaven shrouding formation!

But at this moment, the "heaven shrouding formation" that they were so proud of had no reaction at all! Their hearts were in their throats!

All eyes were on Chen Xiaobei, as if he was the god of death! As long as he was willing, he could make their blood flow like a river at any time!

It was obvious that the hundreds of thousands of people were terrified by Chen Xiaobei's overwhelming power!

everyone, don't panic!!!

At this crucial moment, Nangong he threw away the heaven covering Mystic token and shouted, "Even if we can't activate the formation! But we have so many people, enough to form a battle formation and use true essence to activate the [heaven shadowing array]!"

As soon as he said that, the hundreds of thousands of people who were about to kneel down were reignited with a glimmer of hope!

one had to know that the heaven shrouding formation was created by the heaven shrouding sect's ancestor! It could be used for two purposes!

within heaven dominating faction, there was an array formed by runes that relied on spiritual energy to activate!

outside of heaven covering sect, the disciples could form battle formations and use true essence to activate them!

Chen Xiaobei had already seen the heaven shrouding formation once at the Black Tortoise branch of heaven shrouding sect.

Nangong he's fighting spirit was still strong because the hundreds of thousands of disciples here could form a sky shrouding formation that could kill Chen Xiaobei!

"Whoosh! Whoosh! Whoosh ..."

in an instant, many of the heaven dominating faction disciples responded to Nangong he's call. They quickly released their true Yuan and formed a battle formation above their heads!

"Everyone, listen up!"

Chen Xiaobei said, "If I attack now, you won't even have time to form a battle formation before you'll be killed by me! Mountains of corpses!"

Everyone was shocked by his words!

many of the heaven dominating faction disciples were dumbfounded and whispered in disbelief.

"Chen Zhufeng is right! If he attacks now, we'll all be dead before the battle formation is formed!"

that's weird ... Chen Zhufeng could have won easily. Why didn't he do anything? "

"Yeah ... Why didn't Chen Zhufeng do anything? Could it be that he wants to wait for us to form a battle formation and kill him instead?"

.....

Not only the heaven dominating faction disciples, but even the livestream viewers could not understand why Chen Xiaobei was not doing anything.

To the crowd, this was a once in a lifetime opportunity for Chen Xiaobei to win!

If he missed this chance, Chen Xiaobei would have to face the sky shrouding formation formed by hundreds of thousands of people and he would definitely die!

"You're asking me why I didn't do anything?"

that's right! Chen Xiaobei said, " because you low-ranking disciples are not my enemies! to put it bluntly, they were just pawns of heaven dominating sect's upper echelon! I have no enmity with you, so there's no need for me to kill you all!"

As soon as he said that, the hearts of the hundreds of thousands of people present trembled!

Many smart people suddenly realized and instantly saw through the essence of the whole matter."Chen Zhufeng is right! We don't have any grudges with him, it was the higher-ups who ordered us to kill him!"

But at the same time, with Nangong he as the leader, all the higher-ups and elders suddenly shouted, " "As a disciple of heaven dominating sect! It is your responsibility to be loyal to the sect! The enemies of the sect are your enemies!"

Many people felt that what he said made sense!

After all, loyalty had been a traditional virtue since ancient times! In most people's hearts, being loyal to the sect was the right thing to do!

However, the truly smart ones immediately retorted, " "Right! We should be loyal to the sect! But! If the sect doesn't treat us as disciples and we continue to be loyal, that would be foolish loyalty! It's stupidity!"

"Nonsense! When did the sect not treat you as disciples?" The higher-ups and elders shouted in anger.

As soon as he said that, many smart young men immediately retorted.

"Chen Zhufeng had a chance to kill us just now! However, he showed mercy and didn't kill us all!"

"It's the opposite! Nangong he, that old b * tch, doesn't care about our lives at all. He just wants to use us as cannon fodder and use most of our lives to buy time so that a small number of people can form a battle formation to kill Chen Zhufeng!"

"We all wanted to kill Chen Zhufeng, but he showed us mercy! Originally, we were all loyal to the sect, but the sect didn't even treat us as humans!"

"Well said! A sect like this is not worthy of our loyalty! From now on, we are willing to leave heaven dominating sect!"

"Sect leader Chen! We're willing to kneel before you! But I'm not begging you to spare my life! I'm just thanking you for not killing me!"

All of a sudden, the thousands of young people knelt down and thanked him sincerely.

Their attitude was very sincere, completely from the bottom of their hearts! Their refutations were reasonable and reasonable!

the main point was that they were originally heaven dominating sect disciples. These refutations came from their mouths, so naturally, they were more convincing!

Once the People's hearts were convinced, the situation would be overturned!

In just a few seconds, the hundreds of thousands of people knelt down in unison as if a dam had collapsed!

[Red Envelope Group of the Three Realms](#)

Chapter 2258: Covering The Sky With One Hand

"Get up! Hurry up and stand up! as a heaven dominating sect disciple! How can you kneel to the enemy! This was a humiliation! It's a great humiliation!"

Nangong he and the group of senior elders instantly became anxious and shouted hysterically.

However, everyone had the same thought in their hearts! Sooner or later, he would be able to see the essence of the matter!

at this moment, the people of heaven dominating sect had completely scattered!

No matter how much Nangong he and the others shouted, they couldn't change the situation!

"Hmph! He said it better than he sang it! In the eyes of you higher-ups, us low-ranking disciples are as insignificant as ants! If you don't treat us as your disciples, we will leave heaven dominating sect. This is natural!"

At least nine out of ten of the numerous young men present knelt down!

These young men knelt down to thank Chen Xiaobei with all their heart! At the same time, they were willing to leave heaven dominating faction and stop being Chen Xiaobei's enemy!

"No! This is all a misunderstanding!"

Nangong he saw that the situation was not good, he could only brace himself and shout, " "We high-level elders have always regarded the low-level disciples as our own children! We value every disciple! It was true! I can swear it!"

As soon as he said that, the crowd immediately burst into angry rebukes.

"F * ck! We've never seen such a shameless person in our entire lives! Did you really treat the lower-ranked disciples like children? Then why don't you take out the heads of your Nangong family's children and hang them!"

at this moment, at every single most obvious spot in heaven dominating faction, there was a young disciple's head!

A total of dozens of heads were chopped off under Nangong he's orders!

He, Nangong he, had killed innocents! After killing, he actually ordered to hang the head high for everyone to see!

Even a fool would know that this was the ultimate humiliation to the dead!

It was obvious that in Nangong he's eyes, these low-ranked disciples were not even worth a fart!

"This ... This, this, this ..."

Facts speak louder than words! The head was hung high, and the evidence was as solid as a mountain! Nangong he had nothing to say. He could only watch as hundreds of thousands of disciples left heaven dominating faction and knelt before Chen Xiaobei!

seeing this, the billions of people in the livestream began to curse at heaven dominating faction for being cold and heartless!

At the same time, all the audience members were praising Chen Xiaobei's act of mercy!

One had to know that the hundreds of thousands of people kneeling on the ground all had powerful families behind them!

Chen Xiaobei could have killed them all, but he had shown mercy and given them a chance to live!

The hundreds of thousands of families behind these hundreds of thousands of people would be grateful to Chen Xiaobei from the bottom of their hearts! They could even become Chen Xiaobei's followers!

Some of the viewers in the live stream were shocked by the battle and admired Chen Xiaobei's power! Some of them were attracted by Chen Xiaobei's charm and admired his character! They would all become Chen Xiaobei's followers!

There was no doubt that after today's livestream, Chen Xiaobei's number of followers would skyrocket!

.....

"Don't worry about those traitors! We only have 50000 men left! You can still form the [heaven shadowing array]!"

at this moment, Nangong he hollered in rage and led the group of elders and the remaining 50000 heaven shrouding sect disciples to form the heaven shrouding array!

In fact, these 50000 people were not truly loyal!

the reason they didn't kneel was because their families had close ties to heaven dominating sect!

If they knelt before Chen Xiaobei, the relationship between their family and heaven dominating faction would be affected, and it would also affect their family and their own interests!

In other words, they insisted on the wrong position for their own benefit! He insisted on killing Chen Xiaobei!

A thought for good! A thought for evil!

No matter if they were good or evil in the past! At this moment, they were all villains!

"Woof! Buzzzzzz! Yi ..."

Chen Xiaobei saw everything, but he did not stop them. He let them form a formation and attack!

More than 50000 traces of true core strength connected and complemented each other according to a mysterious pattern, quickly forming a terrifying and unparalleled giant battle formation!

In an instant, the sky above them was completely covered! The entire space became dark and lightless!

It was as if the end of the world had arrived, and all life would die. Everything that existed would be wiped out!

"Boom boom boom ..."

The next moment, a dark Dharma idol descended from the sky!

It was a huge palm! his five fingers were enough to cover the entire heaven dominating faction!

Chen Xiaobei's position was right below the dark palm!

As the dark palm pressed down, it looked as if it had expanded dozens of times!

In comparison, Chen Xiaobei was as tiny as an ant. Even a single pore on the dark palm was much bigger than Chen Xiaobei!

Xuxu is in trouble! In the end, the "heaven shrouding formation" was formed!

Although these fifty thousand people were not enough to unleash the full power of the "heaven shrouding great array", at this moment, the power of this heaven shrouding great array had definitely reached the level of an eight-star earth-god!

Yingluo was in trouble this time! Bro bei's infinite Holy Demon Sword formation would probably be destroyed in an instant! Only death awaits!

The live stream exploded, and everyone's hearts were clenched because of Chen Xiaobei.

"We're finished! The "heaven shrouding formation" was complete! Even if it's not perfect, it's enough to kill Chen Zhufeng!"

"No! Not only Chen Zhufeng! All of us who are kneeling on the ground will be exterminated together!"

"that's right ... Heaven dominating sect has always been cold and they won't let us off ... We are really dead ..."

The faces of the hundreds of thousands of young men who were kneeling on the ground turned ashen. The air of despair spread rapidly among the crowd, causing everyone's state of mind to reach the edge of collapse!

"Chen Zhufeng! This old man told you not to make a move! This old man will let you act tough! Now, it's time for you to be struck by lightning!"

Nangong he laughed arrogantly, "even if you kneel down and beg for mercy, I will not spare your dog life!" And those traitors! Since you believe in Chen Zhufeng, then you can go and die with him! Go to hell! Hahaha ..."

at the same time, the elders and 50000 heaven dominating sect disciples all began to laugh.

In their eyes, victory was already close at hand!

"You know it's wrong! He knew it was evil! You guys still want to do it!"

Chen Xiaobei stood there with a cold expression and said, " "I've already given you a chance to turn back! Since you're not willing to put down your butcher's knife! Then die under the butcher's knife!"

"Hmph! Little bastard! You're about to die, yet you still dare to act tough!" Nangong he laughed in disdain, " "Under this heaven covering giant hand, you brat will immediately turn into ashes!"

Chen Xiaobei was not afraid at all. "Open your dog eyes and look clearly! What does it mean to cover the sky with one hand?"

[Red Envelope Group of the Three Realms](#)

Chapter 2259: Crushing The Entire Battlefield

"Kid? Are you crazy?"

Nangong he laughed arrogantly, " I control the heaven shrouding formation. With just a thought, I can turn you into dust! Let apocalypse Starfield return to how it was before ... Huh? What was going on? What a terrifying pressure ..."

Before Nangong he could finish his words, he was completely stunned on the spot.

Boom Boom ... Boom Boom ... Boom Boom ...

A series of terrifying explosions burst out from the ground! Everyone's eyes revealed extreme shock!

In the next moment, spiritual Qi as thick as heavenly pillars shot up into the sky from the ground like a volcanic eruption!

"Spiritual energy! So much spiritual energy!"

Almost everyone at the scene exclaimed in shock, " "The spiritual energy in the underground spiritual vein is going berserk! Elder Nangong! Wasn't the heaven covering mysterious order useless? Why did the spirit vein suddenly react?"

"I ... I don't know ..."

Nangong he swallowed his saliva, and his face was filled with shock, " I've already thrown the heaven shrouding Black Order on the ground. I don't know why the spiritual energy suddenly went berserk!

"Whoosh! Whoosh! Whoosh ..."

In just two sentences, a total of eighty-one pillars of spiritual energy had already rushed into the sky, intertwining to form a huge array!

this ... This, this, this ... This is the 'heaven shrouding great formation'!!!

Nangong he took in a breath of cold air and his face turned green, " "What's going on? The heaven covering mysterious token was on the ground and no one cared about it! Why did the spiritual energy suddenly go berserk, and even automatically activate the " heaven shadowing array "? I've really seen a living ghost!"

Not only Nangong he, but everyone in the audience and the livestream viewers were all confused and couldn't figure it out!

"Boom boom boom ..."

In the next moment, an even larger dark palm suddenly blasted out from the array in the sky!

The palm seemed to come from the depths of the universe. At first, it was only the size of a normal human hand. However, as the giant palm fell, its size rapidly increased in everyone's eyes!

if Nangong he's dark palm could cover the entire heaven dominating faction!

The dark palm that had appeared at this moment could cover the entire Azure Dragon Capital city! It was as if his palm could directly smash a huge hole in the Azure Dragon continent!

Compared to this dark palm, the one that Nangong he was controlling was simply insignificant!

"BOOM! Rumble ..."

A terrifying earth-shattering sound suddenly erupted, and the even larger dark giant hand above had already crushed down!

There wasn't even the slightest bit of real confrontation. Just the residual pressure that was released directly crushed the small hand below, turning it into ashes in an instant!

"What ... What is going on?"

The group of high-level elders all screamed, " "Elder Nangong! Are you the one controlling the sect's underground formation? Hurry up and stop! We're all going to die if they keep bombarding us like this!"

The 50,000 disciples who were in the formation also let out a cry of extreme fear, " "Elder Nangong! Quickly stop! Our attacks are enough to kill Chen Zhufeng! Please stop the sect's underground formation! This was the power of a nine-star earth-god! The entire sect will be reduced to ruins with one palm!"

"I ... I ..."

Nangong he was like an idiot, frozen on the spot, and said in disbelief, " I'm not controlling it ... I don't know why the sect's underground formation was activated ... I can't stop it at all!

"Elder Nangong! What kind of international joke is this?!"

The group of high-level elders and the 50000 disciples in the formation all had the urge to jump and curse. "You've always been in charge of the heaven covering mysterious order! Don't tell me you made a mistake and broke it!"

I didn't ... I really didn't ... Nangong he's face turned red and green. Cold sweat poured down like rain!

"Boom ... Boom Boom ..."

Before Nangong he could finish his words, that even bigger dark hand had already completely crushed down!

in an instant, the entire heaven dominating faction began to shake! The houses were all crushed into waste! The ground was completely shattered! Even the mountain range where the sect was located was pressed down by a section!

At the same time, the entire Azure Dragon Capital city was experiencing a strong earthquake! Even the entire strong Dragon continent could feel the tremors!

One could only imagine how powerful the force of this palm was!

Under such a terrifying force, any target that was locked onto would have no chance of survival!

"Bang! Bang! Bang! Bang ..."

With a series of muffled explosions, the 50000 disciples who were in formation were crushed by a huge force like 50000 ripe tomatoes!

Their bodies exploded, their bones and internal organs were crushed, and their blood formed rivers!

"Bang! Bang! Bang! Bang ..."

The group of high-level elders tried their best to defend, but they only managed to live for an instant. The final outcome was no different from the 50000 disciples!

All of them were crushed into meat paste, their blood flowing into the blood River, dead!

"Blargh! Pfft ..."

Nangong he had only lived for an instant!

Under the immense pressure, Nangong he's body was crushed!

Like a leaking wooden bucket, blood spurted out from the cracks in his body!

In the next moment, Nangong he was crushed into meat paste without any suspense. He couldn't be more dead!

At this point!

Heaven dominating faction's thousand tribulation division was directly crushed into ruins!

With Nangong he in the lead, everyone who was against Chen Xiaobei was killed in an instant!

As for the hundreds of thousands of young men kneeling on the ground, they were not the target of the formation. They were all covered in a layer of faint spiritual light and were unscathed!

"What's going on? Was the battle over just like that? Who is controlling the underground formation?"

Hundreds of thousands of people were stunned on the spot. They could not figure out the cause and effect of the matter even after racking their brains!

As the saying goes, the onlooker sees more clearly than the involved!

At this moment, it was the billions of spectators who were not involved who could see the situation more clearly!

It's bro bei! It's my bro bei controlling the underground formation!

There was really a strong spiritual fluctuation coming from bro bei's body! This proved that bro bei was the one controlling the dark hand!

Yingluo was too unbelievable! the heaven shrouding formation was heaven shrouding sect's Top Secret! It could not be controlled without the heaven covering mysterious token! How did bro bei do it?

Why do you care how bro bei did it? He did it anyway! He's the omnipotent bro bei! It was Emperor Zhufeng, the man who had claimed the throne in apocalypse Starfield! He's the person I admire the most in my life!

Yingluo is amazing! My bro bei! Heaven dominating faction was known for being able to rule the heavens with one hand! My bro bei defeated the heaven dominating faction!

Bro bei was so cool! Mighty, domineering, and invincible! From now on, I want to be bro bei's fan!

Yingluo, Who Do You Think You Are? From this moment on! Bro bei was already the Supreme ruler of apocalypse Starfield! There were countless people who would become bro bei's fans!

"Well said!"

Chen Xiaobei released his ethereal force and took the heaven covering Mystic token into his hand. today, I'm going to completely control the Azure Dragon continent!

Chapter 2260: Myriad Tribulation Surrenders

"Chi ..."

Chen Xiaobei connected with the heaven shrouding mystical badge's spiritual energy!

It was obvious that the heaven shrouding mysterious token was not damaged and its functions were still normal!

Now that Nangong he was dead, Chen Xiaobei had become the new owner of the heaven shrouding Mystic token!

Chen Xiaobei immediately activated all the portal in the Green Dragon continent!

Then, The White Tiger! The Vermillion Bird! Black Tortoise! The nine million troops from the three continents marched into the Azure Dragon continent!

As everyone knew, the Azure Dragon continent was the base of heaven dominating faction and the foundation of the Jiang family!

Over the years, many forces on the Azure Dragon continent, big and small, had a deep and complicated relationship with heaven dominating faction and the Jiang family!

Even though Chen Xiaobei had taken down heaven dominating faction's thousand tribulations division, their headquarters in the immortal realm was still there!

Even if Chen Xiaobei controlled the Green Dragon continent on the surface, heaven dominating faction's headquarters would definitely be able to secretly order the forces that were close to them to wreak havoc in the dark!

Chen Xiaobei had already thought of this!

Therefore, Chen Xiaobei had ordered the armies of The White Tiger, Vermillion Bird, and black Tortoise continents to March into the green Dragon continent!

Those who were willing to accept Chen Xiaobei's control would be safe!

those who were unwilling to break off relations with heaven dominating sect and Jiang family would be suppressed by force!

The main point was that the three-party alliance would guard the Azure Dragon continent until all the heaven dominating faction and Jiang family's henchmen were wiped out!

This way, the present and the future were all under Chen Xiaobei's control!

Chen Xiaobei had really done it. He controlled the Green Dragon and became the God of all calamities!

"It's all over!"

Chen Xiaobei let out a long breath, looked at the camera and said, " "Today's great battle has finally come to an end! The power structure of apocalypse Starfield is finally settled!"

"With this live broadcast as an opportunity, I would like to announce to the entire apocalypse Starfield! A new era had begun! The future of apocalypse Starfield will be ruled by bei Xuan faction!"

"I will build bei Xuan faction on top of these ruins and completely replace heaven dominating faction! I'll also modify the heaven shadowing array into the profound North array and make it a heavenly immortal! No one in the world will dare to offend beixuan!"

"I'm bei Xuan faction! Definitely! Ten thousand! Ancient! Long! Save!"

His words were shocking!

Chen Xiaobei's bold words, every word, and even every punctuation, deeply shocked the entire apocalypse Starfield!

"Sect leader Chen is benevolent and righteous! We are indebted to him for not killing us! We are willing to use bei Xuan faction! Submit to Emperor Zhufeng!"

The hundreds of thousands of people present could clearly feel the overbearing pressure that Chen Xiaobei was exuding!

They were all kneeling on the ground, looking up at Chen Xiaobei!

Their eyes were full of respect and fear as if they were looking at an arrogant and overbearing Emperor!

Their hearts had completely surrendered, and they absolutely didn't dare to disobey!

From small to big!

Behind the hundreds of thousands of people, there were hundreds of thousands of large forces and nearly hundreds of millions of members!

These hundreds of thousands of people were the epitome of the hundreds of millions of people!

And those hundreds of millions of people were the epitome of the trillions of people in the entire apocalypse Starfield!

At this very moment! This situation!

Not everyone in apocalypse Starfield had submitted to Chen Xiaobei, but most of them were willing to accept him as a new generation that belonged to bei Xuan faction!

[3.3 billion new believers!] The total number of believers was 9.3 billion! (Only '100 million' as the unit, the rest of the numbers are not calculated in detail.)

[the number of believers has reached the standard. You may choose a heavenly Dao reward!] (You can choose 33 rewards for Level 1, 16 for Level 2, and 11 for Level 3! Level 4 reward 8 times!

Who dared to think about it!

In that instant, Chen Xiaobei's number of followers had increased by 3.3 billion!

Furthermore, the number of new additions were still increasing! In the next few days, it could even exceed four billion!

One had to know that submission was not faith! His subjects were not his believers!

Even though most people in apocalypse Starfield were willing to submit to him, they did not see Chen Xiaobei as a religion!

Only a very small number of people were deeply shocked by Chen Xiaobei and developed a devout faith in him, which was why they became Chen Xiaobei's new believers!

Of course! The population of apocalypse Starfield was in the trillions. Even a small part of it had reached an astonishing 3.3 billion!

To Chen Xiaobei, this was a huge gain!

The main point was that as time passed! As the peaceful and prosperous days of apocalypse Starfield under bei Xuan faction's rule passed, it became better and better! As Chen Xiaobei created even more earth-shattering achievements! There would be even more people who would start to believe in Chen Xiaobei and become his followers!

Right now, Chen Xiaobei was not in a hurry to exchange for the heavenly Dao reward because time was of the essence. He did not have the time to cultivate! Moreover, after a few days, he could exchange for ten level four rewards in one go, which would make his cultivation more effective!

[ding! You have eliminated an evil person. You have been rewarded with 1000 merit points!]

[ding! You have eliminated a first-generation villain. You have been rewarded with 10000 merit points!]

[eliminated ...]

[your current merit points are 200030000 (charm: 20003000, luck: 20003000)!

Then, Chen Xiaobei found something else!

After killing the 50000 people, Chen Xiaobei had earned 200 million merit points!

One thought to become a Buddha, one thought to become a devil!

Good and evil could be decided in a single thought!

From the moment those 50000 people committed evil for their own benefit, they had become unquestionable villains!

Punish evil and promote good! It was only natural!

For Chen Xiaobei to kill them, he would naturally gain a huge amount of merit! Naturally, there would be a huge number of believers worshiping Him!

"Shizun said! Thousands of gold scattered and returned! I can't waste this merit!"

Chen Xiaobei calmed himself down and activated the merit points book.

Because he had to pay ten times the price, it was very difficult to get anything good with two hundred million merit points.

Chen Xiaobei searched for a long time and suddenly found something interesting!

Super prosperous monkey fur!

[Suan ni super prosperous monkey fur: its effect is similar to that of high-grade prosperous monkey fur. When used on yourself, the effect will be greatly extended!] It could also be used on enemies below the seven-star earth-god level! Turns the enemy into any object (lasts for 1 minute)!

[exchange price: one hundred million merit points for one Kasaya!]

Please select the exchange amount!

"This is it! Exchange for two!"

Chen Xiaobei made up his mind. He was looking forward to this new magical equipment. "When the time comes, I'll turn the enemy into a pile of poop. It'll definitely be super interesting! Hehe!"

[200 million merit points have been deducted!]

[your current merit points are 30000 (charm: 3000, luck: 3000!

Ding! Congratulations! You've received a red packet from the merit points reward. You've received two super prosperous monkey fur. It has been stored inside your treasure chest!

"It's done!"

Chen Xiaobei's lips curled into a smile as he became more and more excited. "The war has ended, and thousands of gold coins have been scattered! The winter solstice festival is about to begin!"
