Chapter 2531: Shocking

With the primordial Witch King combat enhancement training manual, Chen Xiaobei had won without a fight, completely subduing the berserk tribe.

He had never expected that the calmest and wisest of the four war divisions, Grand Wizard Budur, would actually not intend to compete at all and directly admit that he was convinced.

This was the second time Chen Xiaobei won without a fight.

"Why ... Why is that?"

Chen Xiaobei frowned and asked, "Didn't Grand Wizard Budur dislike me as well? How could you admit defeat so easily?"

"I don't dislike young master Chen! It's just that at the beginning, young master Chen, you were too arrogant, so I was a little unhappy!"

"However, the facts have proven that young master Chen's strength and Foundation are both above the nine great tribes! Your performance at the beginning was not arrogant or Savage, but just speaking the truth!"

because of this, not only do I not dislike you, but as the challenge progressed, my impression of you has soared. I'm also convinced of your ability!

Venerable wizard Budur said solemnly, "If you become the king, all the members of the stupa tribe and I will wholeheartedly support you!"

Chen Xiaobei was taken aback. He had thought that wizard Budur would be a challenge, but he did not expect him to be so direct and straightforward. He did not even ask any questions and was completely convinced by Chen Xiaobei.

"Even so, if we don't do anything, I'm afraid that the people of the stupa tribe will not accept this!" Chen Xiaobei said, frowning.

"Young master Chen has already done it!"

"The thing that our Budur tribe is most proud of is the indestructible Pagoda art!" This is a secret technique of the Sorcerer tribe!"

our stupa Warriors are able to have strong defensive powers and use their bodies to resist earth-god instruments. To put it bluntly, it's all thanks to the 'indestructible stupa art'!

"However, from the battle just now, I can already confirm that young master Chen's body tempering technique has far surpassed our indestructible Pagoda art!"

"Even though young master Chen's current physical body is not particularly strong! However, he had such a powerful body refining secret skill! In the future, even if young master Chen uses his body to resist a celestial artifact, it will definitely not be a problem!"

"Our strongest" indestructible Pagoda art "is obviously not as good as your body-tempering secret technique, young master Chen! Therefore, starting from me, the Grand shaman, to the lowest level of commoners, no one has the right to disobey young master Chen!"

It was obvious that venerable wizard Budur was a smart person and had already seen through the main point of the matter! Even if he were to fight Chen Xiaobei, there would be no suspense. He might as well just admit defeat.

Those who knew Chen Xiaobei the best would know that Chen Xiaobei's body refining secret technique, the heaven-killing tyrant body technique, was a witch god level body refining secret technique, while the indestructible Pagoda technique was only a heavenly immortal level secret technique. There was no way it could be compared!

From this, it could be seen that Grand Wizard Budur was really very calm, very wise, and very magnanimous!

If he lost, he would admit it directly without any pretense.

that's right! Chen Xiaobei thought for a moment and said, " what wizard Budur said makes sense but I still want to do something! Otherwise, I won't be able to win in peace!"

"What does young master Chen want to do?" Asked venerable wizard Budur.

"If you're willing to show me the indestructible Pagoda art, I can help you perfect it!" Reduce flaws! Increase the effect!"

how ... How is this possible? " Upon hearing this, Grand Wizard Budur immediately lost his calm.

"As long as Grand Wizard Budur trusts me, it's definitely possible!" Chen Xiaobei smiled.

In fact, Chen Xiaobei had wanted to share the sky-killing tyrant body technique with everyone.

However, this body refining secret technique was extremely dangerous. The first trial of the Overlord body was either a success or death! Not even one in a billion people could cultivate it!

So, Chen Xiaobei changed his mind. He did not want to use the sky-killing tyrant body technique. Instead, he wanted to find a way to upgrade the indestructible Pagoda art!

"Good! I trust young master Chen!" With a thought, the wizard Budur took out the indestructible Pagoda art and handed it to Chen Xiaobei.

"I'll leave for a few minutes!" Chen Xiaobei quickly retreated to a place where no one was around and entered the verdant Emperor's divine gourd.

Obviously, Chen Xiaobei had already mastered the 'sky-killing tyrant body technique'. Reading the indestructible Pagoda technique 'was like a university teacher reading a primary school student's exercise book. It was too easy!

With the help of the scholar heart, it only took Chen Xiaobei a day to completely upgrade the indestructible Pagoda art.

He would absorb the strengths of the "sky-killing tyrant body technique" and make up for the weaknesses of the "indestructible Pagoda technique"!

Although the upgraded indestructible Pagoda art was still not as good as the heaven-killing tyrant body technique, it was definitely a level higher than the original version!

After that, Chen Xiaobei returned to the crowd.

A day spent in the sunlight cache was only a minute in the outside world.

When Chen Xiaobei returned, everyone was still discussing what had just happened. They did not expect Chen Xiaobei to return so soon.

"Young master Chen, why have you returned? Did you forget to say something?" Asked venerable wizard Budur.

"I've already settled the matter!"

Chen Xiaobei smiled and returned the improved indestructible Pagoda art to the wizard Budur. "Go back and study it yourself. If there's anything you don't understand, you can ask me at any time!"

"What? So fast? This ... How is this possible?" Grand shaman Budur's face was filled with shock and disbelief.

No one in the surroundings could believe it.

"If you don't believe me, you can take a look now!" Chen Xiaobei said.

"Alright!"

Venerable wizard Budur swallowed his saliva and nervously opened the indestructible Pagoda art. In less than three seconds, he exclaimed.

"Heavens! So many comments! Not only did Childe Chen finish reading the entire book, but he also made comments on almost every page! There were improvements and upgrades, as well as suggestions! If I didn't see it with my own eyes, how could I believe it?"

The more he read, the more excited he became. In the end, his body trembled as he looked at Chen Xiaobei in awe. "Why didn't I think of that! So you can use this method ... It's too magical ... So the effect is even better this way ... My God ... Young master Chen! He's truly a God!"

Grand Wizard Budur had always been calm. The Grand Wizards and Grand Wizards around him had never seen him so excited.

And all of this was thanks to Chen Xiaobei!

All of a sudden, Chen Xiaobei's image in everyone's heart became even more lofty and unfathomable!

As long as the new indestructible Pagoda art spread throughout the stupa tribe, Chen Xiaobei's name would become a legend in the tribe! He was even respected like a god by the people of the tribe!

Ask yourself! Who would still be unconvinced?

"Alright! Next, there's only the last Grand shaman left!"

Chen Xiaobei looked to the other side and asked with a smile, "Grand Magus Xuan Zhong! What should we compete in?"

[Red Envelope Group of the Three Realms](#)

Chapter 2532: Heavy Xuan Problem

In an instant, everyone's gaze was focused on Grand shaman Xuan Zhong.

There was only one shaman left out of the nine. If even Grand shaman Xuan Zhong was convinced by Chen Xiaobei, then the new nine Li Magus King would be born!

It had been 30 million years since the death of the former Magus King. To the Jiuli tribe, this was definitely a major event!

Of course, there was still one last step to go!

"Young master Chen! You've already convinced the eight Grand shamans, I've already seen through your ability and Foundation, and I've long been convinced! By right, I should be like Grand Wizard Budur and admit defeat!"

"It's just that our xuanzhong tribe has encountered a very troublesome problem!" Grand shaman xuanzhong said in a deep voice. I can't solve this by myself, so I want to ask young master Chen to help me solve it!"

As soon as he said that, Baili tiantu started to shout, "Grand Magus Xuan Zhong! Can't you wait for my master to become King before helping you?"

"Shut up! He didn't know anything! You're making a racket!"

Chen Xiaobei glared at Baili tiantu and said, "The heavy mystery tribe has tens of millions of people! If I don't do something, they will definitely not be convinced! Even if I become the new king, I won't be able to gain their respect!"

Oh ... Baili tiantu's expression froze for a moment before he nodded and said, "What master said makes sense! Then let's help Grand shaman Xuan Zhong first!"

Chen Xiaobei turned to Grand shaman Xuan Zhong and said, "What trouble has your tribe encountered? You can tell me, I'll do my best to solve it!"

"It's like this!"

"Our xuanzhong tribe is the best at attacking cities and setting up formations!" The Azure Dragon godly armor Army that shook jambu thirty million years ago came from our heavy mystery tribe!"

"I know that!" Chen Xiaobei nodded.

"The Green Dragon Black-armored Army! The main point is the profound armor!"

"Our Warriors specialize in attacking cities and charging formations," said Grand Magus Xuan Zhong. Therefore, a good set of battle armor is very important to us, the heavy mystery Warriors!"

"Indeed!"

that's right! Chen Xiaobei nodded. when the enemy is evenly matched, if the soldiers have better equipment, they will be safer. That way, they will have a higher chance of winning!

"Right! This is the main point!"

"The armor of our xuanzhong tribe is made of dark steel!" Originally, we had a dark steel mine in our hands, but half a year ago, the mine completely dried up and no more ore could be excavated!"

"In the past six months, I've led my clansmen to search for mineral veins all over the mountains, but we've never found anything!"

"Our tribe relies on hunting for a living and fighting demonic beasts, so we need armor and weapons! However, without the dark steel ore, our weapons and armors are only broken, and we can't replenish them!"

"If we can't find a new mine soon, I'm afraid it will directly affect the normal lives of our people! Even I, the Grand shaman, can't escape the blame!"

From the very beginning, Grand shaman Xuan Zhong had a heavy heart! It turned out that he had been thinking about this all along!

According to what he had said, the heavy mystery tribe was very dependent on dark steel ores!

If they couldn't find a new mine, they wouldn't be able to forge weapons and armor. In the process of hunting, it was inevitable that there would be casualties among the Warriors. If something went wrong while hunting, the entire tribe might run out of food!

Chen Xiaobei nodded and said, " "This is indeed a very important matter! Not only must he do it! And it must be done as soon as possible!"

"Childe Chen, do you have a way?" Grand shaman Xuan Zhong looked at Chen Xiaobei with anticipation.

Chen Xiaobei was surprised. I don't have a concrete solution to this. After all, I'm not omnipotent ...

this ... Grand shaman Xuan Zhong frowned slightly. He could not hide his disappointment.

Obviously, he really thought of Chen Xiaobei as an omnipotent Superman. When he heard that Chen Xiaobei could not do anything about it, he was disappointed and his face was filled with worry.

"Young master!"

Lockheed stood up and said in a deep voice, " "I might be able to help with this!"

"You have a way to find the dark steel mine?" Chen Xiaobei was taken aback for a moment, then he suddenly realized, " "I remember now! You were injured because you helped the sixth young master of the giant axe city to find the dark steel mine!"

"That's right!"

yes! Lockheed nodded heavily. I've been searching for dark steel mines in the mountains for a long time!

"But you didn't find it, did you?" Chen Xiaobei asked.

"I can't find the exact location! But I already have an important clue!"

yes, " Lockheed said. I'm going back to greataxe city to tell Neos about the clue so that he can send people to continue the search! But he didn't even see me, he just asked the Butler to beat me up and even took my storage bracelet!"

Lockheed gritted his teeth in hatred. There was still a knot in his heart that he had not avenged!

of course! Chen Xiaobei nodded. since you have a clue! We'll set off immediately! Go and help the heavy Xuan tribe find the dark steel mine!"

"Childe Chen, I'll go with you!" Grand Magus Xuan Zhong said.

"Alright!"

that's right! Chen Xiaobei nodded. Grand shaman Xuan Zhong's flying mount is fast, and he's familiar with the mountain environment. It'll save us a lot of time if he comes with us!

After the operation was decided, Grand shaman Xuan Zhong immediately summoned his flying mount.

It was a huge Eagle with a wingspan of nearly 20 meters. It was not crowded at all even with a few people on it.

Moreover, the Eagle was a six-star earth-god, so it could fly much faster than the somersault cloud.

So, Chen Xiaobei and his group went to look for the dark steel mine with Grand shaman Xuan Zhong.

As for the other Grand Magi and sorcerers, they returned to their respective tribes and told them everything that had happened today!

He wanted all the people of Jiuli to know that today, a young man with the surname Chen had won over all the Grand shamans with his undisputable performance!

There was no doubt that once today's news spread, Chen Xiaobei's position in the hearts of the people of Jiuli would soar! The people would respect Chen Xiaobei just like how they respected the nine Grand shamans!

If Chen Xiaobei could become the new king and bring unprecedented happiness to the people! The people would respect Chen Xiaobei even more! They might even become Chen Xiaobei's followers!

Of course, that would depend on Chen Xiaobei's performance!

If the People's lives deteriorated after Chen Xiaobei claimed the throne, he would not be able to hold his position as Nine Li Magus King for long!

So, from this moment on, Chen Xiaobei did not only have to think about himself. He had to put all the people of Jiuli in his heart. Every step he took in the future had to be for the sake of the people!

The first step was to find the dark steel mine and benefit the heavy mystery tribe!

Chapter 2533: I'm Not Afraid

A million miles away.

On top of a deep valley, Lockheed asked Grand shaman Xuan Zhong to land the flying mount on a hidden mountain rock.

"Why don't you go straight down to the valley?" Chen Xiaobei asked.

"Shh!"

Lockheed lowered his voice and said, "I smell ximu wine! That was the Titan race's favorite fruit wine! Drinking in broad daylight, they must be celebrating! If I'm not mistaken, the people from giant axe city are here before us!"

people from greataxe city? "

Chen Xiaobei was surprised. you mean that Neos has followed your clues and found his way here? "

"Right! It's highly possible!" Lockheed nodded and said.

"If that's the case, things will be troublesome!"

"that's right! sister Yun furrowed her brows and said, "once the location of the mine is exposed, even if we take it back now, the people from giant axe city will definitely come back for it!"

"It looks like we can only give up on this mine!"

"The secret that the nine Li tribe has hidden in the mountains must not be leaked out. Otherwise, it's very likely that we'll attract enemies like those years ago!" Grand shaman Xuan Zhong said helplessly.

"That's simple!"

I'll go and take over the mine. Then, I'll mine it. Even if the people from the giant axe city come, they won't be able to find the Jiuli tribe!

"This ..."

Grand shaman Xuan Zhong frowned and said,"after all, this is a problem that our tribe has encountered. How can we ask young master to put in effort and worry? in the end, we still have to be enemies with great axe city ..."

"You're being too polite by saying this!"

"I am about to become the Magus King of Nine Li!" Chen Xiaobei said. You and the people of the heavy mystery tribe are all my subjects! If I can't even take care of you, how can I still have the face to be your King?"

"This ..."

Grand shaman Xuan Zhong raised his hands and bowed deeply to Chen Xiaobei. "It's a great fortune for our Jiuli tribe to have young master Chen as our new king! I would like to thank you in advance, Your Majesty!"

"Alright, no need to be so polite!"

it's not convenient for you to show your face, " Chen Xiaobei said. just wait here. Leave the rest to us!

"I also want to go with you! If there's any danger, I can still protect her Majesty!" Grand shaman Xuan Zhong was completely convinced by Chen Xiaobei's power. He even addressed him as 'Your Majesty'!

"Heh, you're underestimating Xiao bei!" " if you want to go, I'm afraid you'll need Xiaobei to protect you! six-eared macaque said.

"Six ears! Don't mess around!"

" I'm fine with Grand shaman xuanzhong going with you. But please change into a new set of clothes!

Then, Chen Xiaobei took out an earth-god equipment battle robe from the beiming family's Treasury!

The style of this battle robe was similar to a Daoist robe. The Sorcerer tribe would not have such clothing, so it was just right to hide from people.

Grand shaman Xuan Zhong immediately changed into his new clothes and combed his Savage-like hair. Although he still looked a little wild, at least he did not have to worry about exposing his identity as a member of the Sorcerer tribe.

"Alright! Everyone, follow me!"

Lockheed walked in front and said, " "I'm familiar with the habits of the axe fighters. If I lead the way, we won't be discovered!"

It was clear that Lockheed was one of the most outstanding heroic warriors of greataxe city!

Although Lockheed's primordial spirit was still injured, his understanding of the giant axe warrior and the experience he had accumulated in the forest were extremely valuable treasures!

With Lockheed's help, Chen Xiaobei's mission would be like a tiger that had grown wings.

.....

Sure enough, he followed Lockheed down the mountain and gradually approached the valley. The whole process was smooth and he did not alert any enemies.

The situation in the canyon was as Lockheed had predicted.

Over 10,000 Titan Warriors were holding their wine pots high up in the air, celebrating in high spirits.

"Sixth young master, you've really made a great contribution this time! He had actually found a large dark steel mine! Our great axe city won't have to worry about dark steel ores for the next few decades!"

"Sixth young master, heaven helps the worthy! They were supposed to bring us into the mountains to capture the enemy! He didn't expect to find a mine vein by accident! This luck is simply off the charts!"

"Not only that! The sixth young master was the city Lord's most beloved son! This time, he had made a great contribution! The city Lord would definitely reward him handsomely! He might even make the sixth young master the young city Lord!"

"Come on! Everyone raised their glasses! To the sixth young master ... Oh no... To the young city Lord!"

"A toast to the young city Lord! A toast to the young city Lord ..."

.....

Everyone was crazily flattering him, almost praising nayos to the heavens.

"I'll borrow everyone's auspicious words! If I can really become the young city Lord! Everyone here will be rewarded! Hahaha ..."

Neos was so proud of himself that he naturally had the expression of a villain who had achieved success. Not only was he beaming with joy, but he also raised his chin so high that it was almost above his head.

"Sixth young master! You can be happy ... But don't let our enemy get hurt!"

At this moment, the Butler came to Neos 'side and fanned the flames, " "Don't you forget! That kid's eyes could spew fire! He burned over a thousand of our berserk rhinoceros Warriors to death! We can't sleep well as long as he's alive!"

"Pa!"

Without saying a word, Neos raised his hand and slapped the Butler's face.

"Argh ..."

The Butler screamed and fell to the ground. "Sixth young master, why did you hit me?"

Neos snorted coldly and cursed, " You f * cking touched on my sore spot! I'm in the middle of a good mood, why are you bringing up that kid?"

"I ... I'm just worried that he'll suddenly come out and kill us."

"His strength is too terrifying," the Butler said sheepishly, "and the forest in the depths of this Valley is extremely dense. Who knows if he's hiding in a corner and peeking at us?" If he suddenly comes out, the consequences will be unimaginable ..."

"Coward!"

Neos raised his hand and pointed at the surrounding crowd. "I returned to the city and brought out these 10000 soldiers to find that brat, tear him into pieces, and burn his Bones to Ashes! Do you think I'm afraid of him?"

"Sixth young master, are you really not afraid?" "Then why were you so scared that you peed your pants when you saw his eyes spurting fire ..." The Butler said, embarrassed.

Bang! Bang!

Before he could finish his sentence, Neos lifted his foot and kicked the Butler away, roaring, " "You're the one who peed your pants! Your whole family peed their pants!"

Seeing this, the surrounding people raised their wine pots and vowed, " "Sixth young master! Don't bother about that cheap slave! Let's continue drinking! If your enemy dares to appear, we'll chop him into mincemeat in minutes!"

"Good! Let's continue drinking!" Neos also raised his wine pot and said indifferently, " "I'm not afraid of that kid!"

boom boom boom ... Boom boom boom ...

At this moment, two purple-gold fire dragons appeared out of thin air and suddenly flew above everyone's heads!

"Oh my God!"

Neos suddenly screamed. His hand trembled, and more than half of the bottle of wine was poured into his collar.

[Red Envelope Group of the Three Realms](#)

Chapter 2534: You're Overthinking

"BOOM! BOOM! Boom ..."

The two purple-gold fire dragons contained the power of a six-star earth-god, and their speed and strength were extremely fast. They directly crushed down on the crowd!

"Oh ... Ah! Uh ... Help ... Help ..."

In the space, a series of miserable screams suddenly burst out!

Wherever the purple-gold fire Dragon passed, the Titan Warriors did not have the power to fight back at all. As long as they were touched by the mystical flames, their bodies would be completely ignited!

In the face of the six-star earth-god level witch Dragon Flame, these one-star and two-star earth-god bodies could not even hold on for two or three seconds before they were burned to ashes!

The main point was that before the purple-gold fire Dragon appeared, everyone was still drinking and celebrating. They were not prepared for battle at all!

As a result, the two purple-gold fire dragons had burned nearly two thousand people in the first round!

The air was filled with the smell of burnt flesh, and the surrounding forest had turned into a sea of fire. However, the two purple-gold fire dragons did not dissipate. They turned around and charged at the crowd again!

"Oh my God ... Escort! Protect the Emperor! If anything happens to me, my father will definitely kill all of you ..."

Neos's face was as white as paper, and his legs were weak. He had already sat on the ground, trembling, and his crotch was wet and smelly. He had peed again!

Without a doubt, this guy was very timid and afraid of death! It was no wonder that he had only seen the witch Dragon heavenly flame from afar. In the end, he did not even dare to show his face and immediately turned around and ran!

This time, although they had brought 10000 reinforcements, nearly 2000 people had died in just a few seconds!

At this rate, all the Titan Warriors around him would be dead within 30 seconds!

How could Neos not be afraid?

However, Neos was still the favorite son of the mayor of greataxe city. If anything happened to him, the soldiers around him would be killed by the mayor even if they managed to escape!

Since they couldn't escape, they could only fight with all their might!

"Get into formation! Quickly get into formation! Protect the sixth young master!"

Some of the more experienced Warriors immediately shouted and called for their comrades to gather together. They formed a battle formation and joined forces to resist the two purple-gold fire dragons!

"BOOM! BOOM! Boom ..."

Just as everyone was getting into formation, the two purple-gold fire dragons attacked again!

This time, the Titan Warriors were prepared, and only a little over a thousand people died!

More importantly, the remaining people had already formed their battle formation while the purple-gold fire Dragon was attacking!

"Giant axe splitting the heavens!"

With a series of terrifying battle roars, the remaining 6000 Titan Warriors all activated their true core strength!

With the help of the battle formation, more than 6000 traces of true essence gathered into a force! Above everyone's head, a giant axe image that was 800 meters long appeared!

"Swish!"

In the next moment, the giant axe energy construct suddenly slashed out! It actually possessed the power of a late-stage six-star earth-god!

"BOOM! BOOM!"

The giant axe Dharma form was of a higher level. Its speed and strength were far superior to that of a six-star earth-god's purple-gold fire Dragon!

With a chop of the axe, the two dragons were destroyed!

The purple-gold flames were extinguished, and the scorching heat in the entire space dissipated!

At the same time, the Titan Warriors all heaved a sigh of relief and cheered excitedly!

"We won! We've won! Hahaha ... Even though we lost more than 3000 men, we still managed to kill the purple-gold fire Dragon! It's so good!"

"That kid is dead! His purple-gold fire Dragon can't defeat us! As long as he dares to show his face, we'll be able to split him in half with one axe!"

"Sixth young master! You don't need to be afraid! That kid isn't our match! We're already in an undefeatable position! Hahaha ..."

The crowd was overjoyed at the victory, thinking that they had Chen Xiaobei in the bag.

"I ... When was I afraid?"

Neos stood up, his body reeking of urine, but he didn't forget to show off. "I am your sixth young master! Without my wise leadership, do you think you could have won against that kid?"

"Yes, yes, yes! It was all thanks to the sixth young master's presence! Otherwise, we will definitely not win! The credit goes to the sixth young master! We're just cooperating!" Some of the ingratiating villains immediately began to go against their conscience and flatter him.

However, some of the more upright people were extremely displeased when they heard this.

Just a moment ago, when more than 3000 people were killed, Neos was still sitting on the ground and peeing his pants. Not only did he not care about the lives of the soldiers, but he also didn't allow them to escape.

Now, after killing the two purple-gold fire dragons with great difficulty, the credit was given to him, Neos, for his wise leadership? He was simply shameless!

If it wasn't for the fact that these upright soldiers still had to live in greataxe city, they would have captured Neos and given him a good beating!

After all, Neos was the city Lord's most beloved son.

Those righteous soldiers could only be angry, but they didn't dare to speak.

"Neos! Do you have any shame? He was lying with his eyes open! And you can still say it so righteously, you're simply shameless to the extreme!"

However, at this moment, a voice said the words that everyone wanted to say but did not dare to.

He looked towards the source of the voice.

Chen Xiaobei and his group walked out from the bushes not far away.

"That's the kid! Hurry up! Everyone, listen to my command! We'll mince that kid and his accomplices into meat paste!"

When enemies met, their eyes would turn red! Neos gritted his teeth and shrieked. He wanted to take Chen's life!

However, at this moment, most of the soldiers didn't listen to the order. Instead, they were stunned on the spot!

"That ... That's Lockheed! Didn't the sixth young master say that he had died in the mountains? Why is she by that kid's side?"

"Strange! How did Lockheed's legs become a pair of Tiger legs? Dark mane! Sharp claws! My God, what is going on?"

"Lockheed! Is it you? I'm your personal guard!"

"Lockheed! Why are you with the enemy? Quickly come over! We're going to make a move!"

.....

Lockheed was the glorious hero of Greataxe City. He was famous in the city and had a high reputation and popularity among the soldiers.

Lockheed was an upright man who did not like to cling to the rich and powerful. He treated the ordinary soldiers better than the children of the rich and powerful! Therefore, almost all the Warriors in Greataxe City admired Lockheed!

"What are you all doing? Hurry up and attack! Even Lockheed was killed! This is my order! Make your move ..."

Neos roared impatiently.

However, only a small portion of the people who were trying to flatter him circulated their true Yuan. The majority of the people did not move.

Seeing this scene, Neos's mouth was crooked with anger as he roared hysterically, "A bunch of damned idiots! Do you want to disobey my orders? I'll go back to the city and tell my father! Let him exterminate your entire family!"

"Return to the city? You're thinking too much!"

"I'm not going to let you go! Chen Xiaobei smiled. You won't be able to escape from me today even if you have wings!"

[Red Envelope Group of the Three Realms](#)

Chapter 2535: Unkind And Unjust

"F * ck! Kid, I'm afraid there's something wrong with your brain! Your purple-gold fire Dragon is no match for our battle formation! I don't think you can escape from this young master's palm!"

Neos glared at Chen Xiaobei, then turned around and scolded, "You damned idiots! What are you still doing! Hurry up and kill that kid! Hurry up! If he still didn't attack! When I return to the city, I'll definitely tell my father to kill your entire family!"

"Neos! Stop shouting! It's no use!"

Rockhid stood out and said indifferently, "In the Army of Greataxe City, the children of the rich and powerful have always looked down on the children of the poor! Even during celebrations, the children of the rich and powerful disdained to gather with the children of the poor!"

just now, my young master attacked twice. Do you think he's killing people randomly? "

Lockheed smiled faintly, "with my reminder, my young master's attack is completely aimed at the area where the children of the rich and powerful gather!" Why don't you open your eyes and see clearly how many of your scoundrels are around you?"

this ... Neos gasped and looked around.

Just as Lockheed had said, the people who had just been killed were all the sons of the rich and powerful who were madly sucking up to Neos!

Usually, they were friends of wine and meat with Neos. Even when they were on the battlefield, Neos still maintained an intimate relationship with them and gave them a lot of preferential treatment!

If these people didn't die, they would definitely do their best to protect Neos!

However, the reality was that those sons of the rich and powerful had already been annihilated, not even a trace of them was left!

Most of the Warriors who were still alive were children of the humble class. They were not valued by Neos and were ostracized by the children of the rich and powerful. At this moment, they would naturally not be obedient!

Most importantly, these children of the humble class still maintained the tradition of the Titan race. They worshipped the strong and advocated martial strength!

To put it simply, they admired Lockheed from the bottom of their hearts. At the same time, they looked down on the weakling Neos who peed in his pants at every turn!

Moreover, besides being a powerhouse, Lockheed was also an upright person.

In the past, Lockheed had been fair and just in the Army. He would not give preferential treatment just because the other party was a noble, nor would he look down on the other party just because they were children of the humble class.

It was because of this that Lockheed had a high reputation in the Army of giant axe city. He was even more popular among the humble class disciples.

Lockheed's words were definitely more effective than nayos 'in this battle!

"Dammit! You disloyal, unrighteous, and treacherous thieves! You're eating the food of great axe city! Yet, you don't listen to my orders! I'll call my father now! He'll slaughter your entire family!"

Neos was flustered and exasperated, and he immediately took out his phone.

However, before he could make the call, his phone was snatched away by a soldier next to him. He threw it on the ground and stomped it.

you ... Are you guys trying to rebel?! Neos turned pale with fright, and his entire body trembled.

"Why did you lie to us?"

The soldier who stomped on the phone asked solemnly, "General Lockheed is clearly alive, but you say he's dead! Why is that so?"

"I ... I'll say whatever I want, what's your business? You are all soldiers of great axe city! You should be loyal to me! And not listen to Lockheed!"

Neos gritted his teeth and shouted, "We Titans have faith! Disloyal and unrighteous people would definitely fall into hell after death. Their souls would be enslaved by the evil demons and they would become the dirtiest and most lowly slaves of the evil demons! Your family and ancestors will be shamed!"

As soon as he said this, the expressions of the surrounding soldiers all changed slightly, and their hearts began to waver.

Obviously, they all had faith, and they were very devout to their faith. If they were really accused of being disloyal and unjust, not only would their reputation be ruined, but even their families would not be able to lift their heads!

"Everyone! There was nothing wrong with faith! It told us that as subordinates, we should be loyal and righteous! However, it also told the master that 'benevolence' should be the foundation!"

Lockheed took a step forward and said, "he, Neos, is not benevolent or unjust. Why should we be loyal to him?"

Hearing this, everyone was stunned again. Then, they asked, "Lockheed! What happened to you? Why did Neos say you were dead? Why did your legs become like that?"

Rockhid composed himself and said solemnly, "Some time ago, I risked my life and entered the mountains to help Neos find the dark steel mine! In the end, my left leg was bitten off by the soul-devouring Tiger and my primordial spirit was seriously injured!"

"But even so, I still haven't forgotten my loyalty! Dragging my heavily injured body, I almost relied on my hands to climb out of the mountain! I'm going to meet Neos with the important clues!"

"In the end, when Neos heard that my essence soul was seriously injured and my left leg was crippled, he directly rejected me like trash! You won't even see me!"

"I'm indeed crippled. Naus looked down on me, but I'll admit it! I only wanted some reward money to treat my injuries, but not only did Neos refuse to give it to me, he even got the Butler to beat me up!"

"That detestable steward even took my storage bracelet and left me with nothing. I can only wait for death with my injuries! At that time, I had a few words with that thieving Butler, and he even wanted to kill me!"

fortunately, young master Chen saved my life. Thanks to young master Chen's superb medical skills, I was able to replace my legs with the soul-devouring Tiger's and stand up again!

Lockheed's expression was complicated. He hated Neos and the Butler, but he was also grateful to Chen Xiaobei.

After hearing his words, the surrounding people were stunned for a moment before an uproar broke out!

"F * ck! Neos! You're not human! It was an animal! General Lockheed was loyal to you and risked his life for you, but you're so heartless! The word "faith" coming out of your mouth is simply blasphemy!"

"Neos! Your conscience has already been dug out by the devil! Your soul has been demonized! You're a disgrace to the Titan race!"

"Neos! I will never protect you! If I protect you now, I might be killed by you the moment I turn around!"

"No! Not only can we not protect Neos, but we must also kill him! If we let him return to the city alive, we will definitely die! Even our family members will be implicated!"

"Well said! The city Lord was not a good person either! Brutal and tyrannical, killing people like they were numb! All these years, he's been killing people from all over the world. The number of Titan Warriors who died on the battlefield isn't even as many as the number of people who were killed by the city Lord!"

.....

At this point, the surrounding Warriors all turned their Spears and aimed their battle axes at Neos!

Chapter 2536: Minced Into Meat Paste

"What are you doing? You dare to point your weapons at me! Do you all want to rebel? Don't forget! You're all soldiers of Greataxe City! Your entire family is still living in the city!"

Neos turned pale with fright, and his entire body trembled nervously.

"Swish!"

Before he could finish his sentence, a battle-axe came from behind and directly chopped Neos to the ground.

"Pfft ..."

Neos spat out a mouthful of blood. The wound on his back was dozens of centimeters long, and it was so deep that his bones could be seen!

The heavy injuries and the terrible pain made Neos unable to stand up. He lay on the ground and kept vomiting blood.

The hacking warrior raised his uniform high and shouted, " "Brothers! We're all children of the humble class with no power or influence! If we let Neos return to the city alive, not only US, but our entire family will suffer!"

"Well said!"

that's right! everyone around him nodded in agreement. with Neos's character, even if we escort him back to the city, he'll definitely bite back and kill all of us! Letting such an unkind and unjust animal live is simply raising a Tiger to harm oneself!"

"I've already chopped Neos with my axe! Since no one objected! Please come up and give each of you another blow!"

The soldier said in a deep voice, "this way, we'll be comrades-in-arms on the same boat!" If anyone dared to reveal today's Secret, everyone else would join forces and tear the person who leaked it into pieces! Chop him into meat paste!"

"Good! I'll go first ... I'll go too ..."

In an instant, everyone responded and walked forward, each of them chopping down on nayos 'body with their axes!

More than 6000 people, each with an axe, directly chopped Neos into pieces!

Each of these axes was actually a token of their loyalty!

Everyone had killed Neos, and if anyone leaked the information, not only would they not let him off, but even the city Lord would not let him off!

Moreover, everyone had families in the city. If their wives and children wanted to be safe, this secret had to be completely buried in everyone's stomachs!

"Lockheed! This b * tch wants to run!"

At this moment, the two warriors each held one hand. They picked up the Butler like he was a chicken and threw him in front of Lockheed.

"Good! Leave him to me!"

Lockheed narrowed his eyes and looked down at the Butler. He said coldly, "Do you still remember? A few days ago, you were also standing next to me like this, and even stepped on my face!"

"It's a misunderstanding ... Great Lockheed! That's all a misunderstanding!"

The Butler knelt on the ground and kowtowed desperately as he wailed, "I'm just a servant ... If Neos didn't ask me to hit you ... I wouldn't have dared to do it even if I had ten thousand guts ..."

"Your storage bracelet is here! I'll return it to you ... Oh right ... I accidentally stepped on your foot, so I'm now lying on the ground and you can step on me ten times ... As long as you're not angry, I'll do anything!"

Obviously, this guy was a shameless and shameless b * tch! In order to live, he even threw away his dignity!

"I'll just step on your foot!"

Lockheed's eyes narrowed. He raised his right foot and stomped down!

"Bang!"

With a muffled sound, the Butler's head suddenly exploded like a western light that had been smashed by a heavy hammer.

The skull was split into pieces, and the brain matter splattered all over the ground.

In the blink of an eye, this b * tch died under the Tiger's paw, without an intact corpse!

"Good kill ... Good kill ... Good kill ..."

The crowd cheered for Lockheed's dominance.

Lockheed released a burst of vital essence to retrieve his storage bracelet. He then raised his hand and signaled for everyone to be quiet.

"Everyone! I, Lockheed, will live and take revenge! This is all thanks to young master Chen!"

Lockheed said in a deep voice, "to put it bluntly!" It's all thanks to young master Chen's generosity that everyone here is able to survive today. Otherwise, young master Chen has an even stronger trump card in his hand that would be enough to wipe out everyone here!"

Everyone was stunned for a moment before they bowed to Chen Xiaobei.

"Many thanks for young master Chen's mercy! We'll remember your kindness of not killing us. If we have the chance, we'll definitely repay you!"

"Young master Chen is truly a young hero! He was so powerful at such a young age! No wonder even Lockheed was willing to follow him!"

"Well said! It's a pity that I still have a family in greataxe city. If not for that, I would be willing to follow young master Chen and general Lockheed!"

"That's right ... If it wasn't for my family, I wouldn't be willing to go back and suffer the anger of those rich and powerful people! We will only have true dignity if we follow Lockheed!"

.....

"Everyone!"

Chen Xiaobei stepped forward and said, " if I can build a new home for all of you, are you really willing to leave huge axe city? "

"Is there a need to say this? We're a thousand times more willing! I'm more than willing!"

Everyone nodded but sighed helplessly, " it's easy to say, but the land outside the mountains already has an owner. Other than huge axe city, there are five other major cities. There's no land without an owner for us to live on!

"If we were to live in this mountain, would you all be willing?" Chen Xiaobei asked.

"This ..."

Everyone was stunned and frowned, "young master Chen, do you want us to eat and sleep in the mountains?" We can take it, but the whole family can't!"

"Who said you have to eat and sleep in the open?"

as long as you agree, I can build a city here for you and your family to live in! Chen Xiaobei said.

how ... How is this possible?! Everyone was dumbfounded and couldn't believe it.

As soon as he said that, even Grand shaman Xuan Zhong was dumbfounded. He said awkwardly, " "Your Majesty, You must be joking!"

"This isn't a joke!"

"I, Chen Zhufeng, am a man of my word!" Chen Xiaobei said. As long as everyone agrees, I will be able to fulfill my words!"

"Good! We're willing!"

Everyone nodded and said,"as long as young master Chen gives us a place to stay, we'll immediately go back and get our families out!" Completely leave huge axe city!"

"I'll show you the answer in three minutes!"

Chen Xiaobei summoned the somersault cloud and flew into the air.

Chen Xiaobei took out the Tiangong construction blueprint, took out ten million high-grade spiritual stones, and crushed all of them. He then used his spiritual Qi to activate his special ability!

"Ka ka ka ... Boom Boom ..."

In an instant, the surrounding vegetation broke and the mountain rocks crumbled!

But immediately after, the broken wood reassembled into beams and pillars one after another, while the shattered Mountain rocks rapidly reassembled into bricks and tiles!

The pillars combined, and houses sprang up like bamboo shoots after a rain, forming a large Urban area in the valley!

Finally, there was a thick and solid city wall erected at the entrance of the valley. It could not only block the ferocious beasts, but also defend against external enemies!

In three minutes, a brand new city appeared in front of everyone!

In an instant, everyone was dumbfounded and shocked!

[Red Envelope Group of the Three Realms](#)

Chapter 2537: Subduing Everyone

"Mother! Am I dreaming? The plants, the earth, and the rocks have formed a city of their own!"

"This is unbelievable! Not only are these houses wide and clean, but they are also beautiful. They are 108000 times better than the slums I used to live in! It's almost as big as the houses of the rich and Noble!"

Childe Chen isn't a God, is he ...? If I didn't see it with my own eyes, I wouldn't believe it even if you beat me to death!

Without a doubt, other than six-eared macaque and Zhao Yun, no one else had ever seen or heard of this before. Chen Xiaobei was like a god!

"Everyone, there's no need to be shocked!"

"From now on, this city will be for you and your family to live in!" Chen Xiaobei said with a smile. In the future, when I conquer my own territory, I will give you a better living environment! I, Chen Zhufeng, will do what I say!"

Everyone was stunned for a moment before they knelt down and kowtowed to Chen Xiaobei.

"We thank young master Chen for your great kindness! Not only did you not kill us, but you also built us such a city with such an excellent environment! Your kindness is greater than the heavens and deeper than the earth. We really don't know how to repay you!"

It was obvious that the living conditions of these poor children in the city were not very good. In addition, they were often bullied by the rich and powerful, and almost every day they lived in grievance and cowardice!

Today, Chen Xiaobei had given them a new city, which meant that he had given them a new life!

They were extremely grateful to Chen Xiaobei!

"If you really want to repay me, then help me mine the dark steel ores here! I'll send someone to collect it regularly and pay you ten times the market price!"

of course, if you don't want to, you don't have to help me. I'll send someone else to mine! Chen Xiaobei said.

"I'm willing! We are willing! Even if you don't want any reward, we're absolutely willing!"

Everyone nodded their heads and agreed. "We were just worried that we would not be able to repay your kindness! Since you've personally asked, let alone mining, even if you want us to die, we'll do it!"

"Good! Very good!"

alright! Chen Xiaobei nodded and said, " get up! There were more than 3000 storage bracelets on the ground! We'll gather the wealth and resources inside and split them equally!"

"We can't take it!"

Everyone shook their heads and said, " "These three thousand people were all killed by young master Chen! The storage bracelet is the spoils of war, so it should belong to the young master!"

please don't reject my offer. This is your first month's pay! Chen Xiaobei said.

"But ... That's too much ..."

Everyone swallowed their saliva and said awkwardly, " "These 3000 people are all children of influential families. Their wealth and resources are more than ten times that of us! Even if we pay them 10 times the market price, these 3000 bracelets will be worth a year of our labor!"

"It doesn't matter! Everyone, just keep it!"

"As long as all of you are loyal to me, I'm sure you'll be able to get even more wealth and resources in the future!"

thank you ... Thank you for your kindness, Childe Chen ... We swear that we will be loyal to you. If we have any other thoughts, may we be struck by lightning and die a horrible death!

It was obvious that these children of the humble class had long been fed up with the bullying and suppression of the rich and powerful in greataxe city. They had seen through the dark and brutal nature of the city Lord and the upper echelons!

In their belief, their subordinates should be loyal and their Masters should be benevolent!

If he were to pledge his loyalty to a merciless and unjust master like the city Lord of huge axe city, he might not even know how he died!

But to Chen Xiaobei, their Lord, who was a man of his word, they would be rewarded with unprecedented honor and glory if they pledged their loyalty to him with their lives!

A fine bird chooses a tree to live in!

Anyone who was not an idiot would know which one to choose between Chen Xiaobei and the giant axe city!

After thanking him, everyone retrieved the storage bracelets left behind by the dead from the battlefield!

This meant that from this moment on, they had all accepted Chen Xiaobei's kindness and handed the center of the circle to Chen Xiaobei.

Lockheed!

"From now on, you are the governor of this city!" Chen Xiaobei said. I'll leave everything here in your hands!"

"Yes, sir!"

Lockheed nodded heavily and said, "I swear on my life that I will manage this city well!" If I fail in my duty, young master can take my head at any time!"

"I trust you!"

"If you have any trustworthy people in giant axe city, you can ask them to join you!" If you lack money or resources, just tell me!"

"Understood!"

I do have a group of friends in greataxe city, " Lockheed said. I do have a group of life-and-death friends! I'll try to contact them later!"

"Well, it's good that you know what you're doing!"

I'll leave this place to you. Help these brothers settle their Families First, and then start mining the dark steel ore as soon as possible. I still have some things to do, so I'll be leaving now!

"Young master, please wait!"

Lockheed walked to the other side and retrieved Neos 'storage bracelet. this guy is the favorite son of the city Lord. There might be something special in his storage bracelet!

Chen Xiaobei's eyes lit up. "Let me see!"

After taking the storage bracelet, Chen Xiaobei could check the resources inside.

Chen Xiaobei did not plan to take the spiritual stones and other miscellaneous items with him. He would leave them for Lockheed's daily expenses.

In the end, there were three special items left in the storage bracelet!

Chen Xiaobei took them all out.

One of them was a five-star earth-god instrument in the shape of a spear.

Without hesitation, Chen Xiaobei threw it to Zhao Yun and said, "Brother! Take it and use it. If I have something good in the future, I'll exchange it for you!"

"Thanks!" Zhao Yun was overjoyed and would definitely repay Chen Xiaobei with her own actions.

The crowd was shocked by Chen Xiaobei's generosity!

A five-star earth-god instrument for free! The world was so big, how many people could have such a heroic spirit?

There was still a black-gold token and a strange-shaped key left!

"Oh my God!"

Lockheed and the Titan Warriors around him exclaimed in shock, "This is the young lord's commander's seal and the key to the Armory!"

"What can you do with these two things?" Chen Xiaobei asked.

the young commander's seal is second only to the city commander's seal. With this seal, you can mobilize most of the generals in the city and an army of one million soldiers!

the Armory key can not only open the warehouse, Lockheed explained. it can also take out armors and weapons in the name of the castellan. There is no limit to the number!

Chen Xiaobei was excited. "Good stuff! It's of great use to me!"

[Red Envelope Group of the Three Realms](#)

Chapter 2538: Emperor's Fate

The commander's seal of the young lord of great axe city! The key to the Armory!

These two items were basically useless in times of peace. They could only be used by Neos to show off and bully the weak!

However, in times of war, these two items could very likely become important pawns that could determine the outcome of the war!

Don't forget, Chen Xiaobei's goal was to unify the entire Nanzhan state! He could even unify the earth-god Realm!

The war would come sooner or later! These two things would come in handy sooner or later!

"That wastrel nayos is too polite! It's not even the new year yet, but he already sent me a big red packet!"

Chen Xiaobei was in a good mood as he kept the two items.

However, there was one thing that Chen Xiaobei found very strange. He had just killed more than 3000 people, but the merit points had not entered his account yet!

By right, unless Chen Xiaobei used the chaos Blood Sword to devour their souls, the heavenly axiom would automatically award Chen Xiaobei with the merit points once the souls entered hell!

This time, Chen Xiaobei did not have the time to devour their souls!

However, the merit points of the Three Realms had yet to be calculated!

This was the first time Chen Xiaobei had encountered such a situation. He had no idea what was going on.

It couldn't be that the 3000 people who were killed were all good people, right?

Even if they were all kind people, they should have deducted Chen Xiaobei's merit points! But at this moment, the merit points of the Three Realms did not increase or decrease!

Could it be that among those 3000 people, some were good people and some were evil?

Chen Xiaobei's mind was filled with questions.

Of course, since everyone was waiting, Chen Xiaobei did not say much. He asked Grand shaman Xuan Zhong to summon the giant Eagle and fly back to the nine Li Magus tribe's territory.

.....

Along the way, Grand shaman Xuan Zhong did not stop praising Chen Xiaobei!

This time, not only did Chen Xiaobei take down a large dark steel mine, but he had also subdued more than 6000 Titan Warriors!

Most importantly, the entire process was highly confidential and the existence of the Sorcerer tribe was not exposed at all!

In the future, with the help of the Titan Warriors, the Sorcerer tribe would still be able to hide behind the scenes. Even if the great axe city came looking for them, they would not be able to find the nine Li sorcerer tribe!

Chen Xiaobei had handled this matter perfectly!

One could imagine that once the xuanzhong tribe went back and spread the news, all the Warriors and people of the xuanzhong tribe would be grateful to Chen Xiaobei, acknowledge him, and be convinced by him!

This way, Chen Xiaobei, the new Magus King of Nine Li, had gained the approval of the nine tribes!

The Grand shaman would support Chen Xiaobei with all his might, and the people would love and respect Chen Xiaobei!

From this moment on, Chen Xiaobei was entrusted with the fate of a country. Not only was he given the title of King, but his fate was also transformed into the fate of an Emperor!

Of course, becoming an Emperor, although there was supreme power, there was also a huge responsibility!

Power was to control everything, and responsibility was to benefit everything!

He only knew that he could control but not benefit. This was a tyrant, and the destruction of the country and family was the destined ending!

He only knew how to benefit and not control, this was a fatuous ruler, his position was destined to be lost!

Only by controlling and bringing benefits equally could one be called a wise ruler!

A wise ruler established his heart for the heavens and earth! To live for the people! In order to inherit the absolute art! To bring peace to the world!

Tyrant! An incapable ruler! A wise ruler! These three were the destinies of an Emperor!

Chen Xiaobei's goal was to conquer the entire Nanzhan state, or even the earth-god Realm!

Without a doubt, this was an extremely long path. As long as he could reach the end, Chen Xiaobei would become an unquestionable supreme ruler!

However, if he wanted to make it to the end, Chen Xiaobei had to do it according to the demands of a wise man!

Otherwise, there would definitely be variables halfway through! Chen Xiaobei might end up like the previous Magus King of Nine Li, dying before he could even achieve his great goal. He might even get his entire clan wiped out!

Because of that, although Chen Xiaobei's ascension to the throne was a happy event, it also served as a warning to Chen Xiaobei!

Being an Emperor was actually the most difficult thing to do!

.....

The heavy mystery tribe.

As soon as he returned, Grand shaman Xuan Zhong immediately gathered the other eight Grand shamans to discuss the rebuilding of the capital and the Ascension of the new king.

Chen Xiaobei and Zhao Yun were resting in the Grand shaman's tent.

"Brother Zilong, six ears, I've encountered a strange thing!"

Chen Xiaobei was finally able to speak, " I've killed more than three thousand people just now, but I still haven't received any merit points. What's going on? "

"Because you have entered a state of war!"

"There is no distinction between good and evil in a war between two countries! You fight for your country, and your enemies fight for their country! Both sides were not evil people, so there was naturally no merit point settlement! If not for that, I would have been sent to the 18th level of hell after I killed countless people on the battlefield!"

"There's such a saying?"

what? " Chen Xiaobei was surprised. so, you're saying that as long as I'm in a state of war, it doesn't matter if I kill good people or bad people, it won't affect my merit points? "

"That's right." Zhao Yun nodded and said,"as long as you're killing the enemy's soldiers, it won't affect you! Because if you don't kill them, they will kill you! However, they must not kill innocent people! Otherwise, a large amount of merit points will be deducted!"

"I understand. I'm not one to kill innocent people!" I won't! Chen Xiaobei said. not only will I not kill the people, but I will also let them live in peace and happiness!

well, if you can think like that, you don't have to worry about the merit points!

"I understand." Zhao Yun nodded and said,"in war, there is no distinction between good and evil! But after the war, it's time to calculate the merit!"

"First of all, the winner will get the merit for stopping the battle! Secondly, if the victor doesn't kill the people in the war, he can also obtain the merit of protecting the people!"

finally, if the winner can let the people live and work in peace for a long time, it can be said that the merit is complete, and they can get an even greater merit!

it was obvious that Zhao Yun had experienced the war of the three empires. She had also cultivated in the land for thousands of years. Naturally, she was the most clear about the mysteries of war!

There were two clear examples of what he had just said in history!

The first one was Liu Bei!

This guy wasn't very capable, but he loved his people like his children!

No matter where he went, the people could live and work in peace. Even when he was defeated several times, he would escape with the people!

Therefore, after a few great battles, his merit soared and he became a human Emperor, becoming the Emperor of Shu!

The second one was Ying Zheng's son, the second generation of the Qin Dynasty, Hu ya!

This guy was simply a super tyrant and a super fatuous ruler!

Back then, Ying Zheng destroyed Six Nations and stopped the war, accumulating the merits of nine human emperors!

Logically, the great Qin Empire should have been able to last for at least nine generations!

However, after Ying Zheng's death, Hu ya took over the throne, and directly caused the entire country to be in a state of misery and suffering!

As a result, the great Qin Empire was destroyed by Xiang Yu and Liu Bang in the Second Life!

From this, it could be seen that the heavenly Dao punished evil and promoted good, and rewarded and punished clearly!

Justice was running in the dark. It might be late, but it would never be absent!

[Red Envelope Group of the Three Realms](#)

Chapter 2539: News

"Elder brother, I still don't understand one thing!"

"According to what you said, the merit points will only be calculated after the war is over!" Then why is it that when I killed so many enemies before, the merit points were calculated on the spot?"

because at that time, you didn't have the Destiny of an Emperor, and you didn't have the fate of a country on your shoulders!

"The enmity between you and your enemy does not involve the country or the people. To put it bluntly, you are fighting for your own interests! This way, they could distinguish who was good and who was evil on the spot! The merit points can naturally be calculated on the spot!"

"The fate of an Emperor? A country's fate?" Chen Xiaobei was taken aback.

Chen Xiaobei was already mentally prepared for this, but Zhao Yun's words confirmed his suspicions!

" that's right, old bro. My merit points are delayed. So are my generals and Warriors the same? " Chen Xiaobei asked.

"That's right! The moment you enter a state of war, your entire country will also enter a state of war!"

Zhao Yun explained,"whether it's a general or a soldier, or an ordinary citizen, their lives might be in danger. They all have the right to rise up and resist! Casualties are inevitable, so we'll have to wait until the war is over before we settle the score!"

"I roughly understand now!"

Chen Xiaobei calmed himself down and said, " "If I remember correctly, the first three measureless calamities were all extremely terrifying Wars, right?"

"Right!"

This time, it was six-eared macaque who answered, "The first time was the war between the dragon-kind and the Phoenix-kind! The second time was the war between the Sorcerer tribe and the demon tribe! The third time was the war between the clan of enlightenment and the clan of severity!"

"What about this time?" Chen Xiaobei's heart tightened.

"No one knows what will happen to this immeasurable catastrophe!"

"A race war!" The six-eared macaque said. The battle for the orthodoxy! Or even the war of the Three Realms! These are all possible!"

"Then what exactly are they fighting for?" "Just to fight for the power to control the Three Realms?" Chen Xiaobei asked.

"Right! The winner can control the Three Realms like the heavenly Lord Yuanshi!"

Six-eared macaque composed himself and said, 'the point is that the winner will get an immeasurable amount of merit to stop the war between the Three Realms! Their own fate energy, their own orthodoxies 'fate energy, and their own races' fate energy would all be greatly improved. Furthermore, it would last for hundreds of millions of years without declining!"

"I see!"

yes! Chen Xiaobei nodded and said, "if you win the infinite cataclysm, you will be the Supreme of the Three Realms for hundreds of millions of years! Furthermore, with boundless merit on him, his fate energy would be maintained at its peak at all times. Just thinking about it makes me feel so good that I can fly!"

"Yup!" the clan of enlightenment has enjoyed itself for hundreds of millions of years, "six-eared macaque said. it's time for a change!

yes! Chen Xiaobei nodded. this time, I must help my shizun to bring back the jieism! I must take revenge!

"Did the prime of Tongtian tell you the exact time of the infinite cataclysm?" Six-eared macaque asked.

Zhao Yun immediately perked up her ears. This was a matter of utmost importance that concerned the fate of the Three Realms. She could not ignore it!

master said that when the green Lotus seed of chaos in my hand blooms, it will be the time when the immeasurable catastrophe will befall!

but ... The green Lotus of chaos is even more powerful than a divine item. With my current ability, I can't possibly make it grow quickly! There's only hope after upgrading the sunlight cache!"

"Actually, you're not in a hurry!" Zhao Yun said, "the immeasurable catastrophe is no small matter!" Before it descends, you should do your best to increase your strength!"

"Right!" Six-eared macaque nodded and said, "the measureless cataclysm is a massacre!" If you don't have enough strength, you might as well just die now!"

"I understand!"

yes! Chen Xiaobei nodded. I'll try my best to increase my power. But once I reach earth-god level, I'll need some luck to break through to the next level! It's not something that I can improve just because I want to!"

"That's why I told you to take it slow!"

Zhao Yun said indifferently, "on the path of cultivation, haste makes waste!" As long as you take one step at a time, when your destiny is right, your luck will be able to take effect and send you an opportunity!"

"That makes sense!"

Chen Xiaobei nodded. I can't rush it. Let's take our time! It's more important to deal with the current Matters first!"

there are still six days until New Year's Eve, " six-eared macaque said. Xiaobei, what are you planning to do instead of rebuilding the city and preparing for the coronation? "

"I forgot to tell you!"

it's me! Chen Xiaobei said, " earlier, the blood Wolf told me that it found a person outside the mountain. He seemed to be very familiar with the mountain environment. It seems like he was heading towards an ancient ruin!

a person from outside the mountain is familiar with the mountain environment? " "Could that be a reincarnated earth immortal?" Zhao Yun's expression froze.

"Right! I think so too!" that's right! Chen Xiaobei nodded and said, " so, I'm going to take a look! If they were allies, he could pull them in! If it's an enemy, then I won't be polite and will make him lose both his wealth and fortune!"

"Two empty slots?" Six-eared macaque laughed evilly and said, "if it's a woman, I can also rape her!" Hehe!"

pfft ... Chen Xiaobei was speechless. "Are you possessed by second senior brother's soul? That's a man, and he's tall and strong!"

"A man? then forget it ... six-eared macaque pouted and said, " "I still prefer gorgeously dressed female demons!"

"Don't go too far!"

"Where is that person?" Zhao Yun asked in all seriousness. We'll go over now! It'll be over if we're late!"

I don't know the exact location either. The lone wolf said that it'll keep an eye on it and go to the Grand shaman beast if there's any news!

I don't think that the lone wolf will be able to find out where that person is so quickly. I plan to cultivate for a while before I set off! Chen Xiaobei said.

"Alright! You go, we'll watch over this place!" Said Zhao Yun as she nodded her head.

Chen Xiaobei then entered the verdant Emperor's divine gourd.

In the sunlight cache's special ability area, Chen Xiaobei took out a large number of spiritual stones and started to cultivate.

There were still more than 1000 Titan Warriors and berserk rhinoceros at the scene. None of them were trustworthy. That was why Chen Xiaobei kept them here. He would only let them out when the city had a new master.

.....

This time, Chen Xiaobei cultivated for five hours just like the last time.

Under the effect of the heavenly Dao level four cultivation Halo, his combat power had increased by 3.6 million!

Chen Xiaobei had paid a total of 10.8 million superior-grade spiritual stones!

Of course, there was always a price to pay. Chen Xiaobei was actually very happy that he could use money to increase his cultivation!

What made Chen Xiaobei even happier was that when he returned to the real world, there was also news from the lone wolf!

Chapter 2540: Nation-Holding Heavenly King

The blood Wolf found the Grand shaman.

It just so happened that the familiar Grand shaman was coming to the heavy mystery tribe to discuss matters, so he brought the evil blood lone wolf along.

After that, Chen Xiaobei brought lone wolf, Zhao Yun, and the others to look for the person who was suspected to have reincarnated into an earth level deity.

As for the Ascension ceremony of the new king, he would leave it to the nine Grand shamans to discuss, there shouldn't be any problems.

.....

Tiger emperor mountain.

Chen Xiaobei arrived on a cloud and released everyone from the Sumeru dimension.

"Come with me!" Said the lone wolf. I can smell that person's scent! I can bring you there directly!"

"Good! Then I'll leave it to you!" Chen Xiaobei nodded. He had absolute faith in the lone wolf's ability.

As expected, Chen Xiaobei and the others found footprints along the way, which proved that someone had been here.

In places without footprints or clues, the blood Wolf could rely on its keen sense of smell to continue tracking the location of the person.

The lone wolf only stopped when it reached the cliff of the mountain.

"Why aren't you moving?" Chen Xiaobei asked.

"I can't smell that person's aura anymore!" who knows? " the lone wolf frowned and said, " maybe that person flew off the cliff!

"I won't!" no! Chen Xiaobei shook his head. if we wanted to fly, we would've done so long ago. There's no need to climb to the top of the mountain!

"But there's no other way!" The lone Blood Wolf's eyes were filled with confusion.

"No rush! Let me see!" Chen Xiaobei immediately activated his golden gaze fiery eyes.

He scanned his surroundings and immediately made a discovery!

"There's a small magical formation on this stone wall!"

Chen Xiaobei immediately released his ethereal force to communicate with the formation on the stone wall.

Most people would not have thought that there would be an array here. Therefore, the array was just a simple switch and did not need any special method to unlock it.

"Chi ..."

A wave of restlessness could be heard, and the stone wall actually moved away on its own, revealing a deep cave.

"Young master is indeed powerful! You can even guess this!" Lone wolf was shocked. He could not understand how Chen Xiaobei did it.

Chen Xiaobei smiled and did not explain. there might be great danger in this cave, so you shouldn't go in. Go back and take care of your Wolf Cub. If you need any help, go find the Grand shaman beast!

alright, then I'll take my leave first. Young master, be careful! The lone Blood Wolf nodded and left.

"Alright, let's go in! Everyone, be more spirited! Don't let your guard down!" Chen Xiaobei reminded.

"Don't worry!" you've given us so many spiritual stones, " six-eared macaque said. we have the power to fight. There's no need to be so nervous!

"I'm also prepared for battle!"

Zhao Yun shook her armor and pulled out her spear. Gripping it tightly in her hand, she said solemnly,"Xiaobei! You're already the king! There are many things that you just need to do, you don't have to do everything by yourself!"

"Master, don't worry!" Baili tiantu immediately expressed his stance and said, " although my combat power can't be compared to yours, I'm definitely willing to fight to the death for you!

"Alright, let's go in first!" Chen Xiaobei calmed himself down and took the lead.

After entering the cave, there was a long flight of stairs that seemed to lead to the inside of the mountain.

Finally, at the end of the stairs, the scene suddenly opened up, and a huge and ancient Grotto-heaven appeared.

The four walls, the ceiling, and the ground were all very flat, and they were densely engraved with ancient wizard runes!

In the middle of the grotto-heaven, there was a small high platform. On the platform, there was a tall and strong man who was sitting cross-legged in meditation. It looked like he was cultivating!

[ding! Ding! Ding! Reincarnated ancient immortal mo lihai discovered!]

[ding! Demon ritual sea guide activated!] [do you wish to check the information related to mo lihai?]

"Mo lihai? The Heavenly King of the East who guarded the heavenly gates of the celestial heavens! He was the second of the Four Heavenly Kings of the mo family! How did he reincarnate?"

Chen Xiaobei was confused. "Check immediately!"

[dingyu mo lihai: an outer sect disciple of the tribe of severity. He joined forces with three other brothers to defend jiameng pass for the Shang Dynasty and resist the Zhou Dynasty's Army. The disciples of the clan of enlightenment assisted the Zhou Army, but they still couldn't take down the Shang Dynasty!] It could be seen that the four generals of the mo family were not ordinary!

[cause of death of ding Qianqian: Huang Tianhua of the clan of enlightenment carried a rare treasure, the heart-piercing nail. He cooperated with Yang Jian and set up a series of schemes. Mo lihai's state of mind was in chaos and he was nailed to death in one strike!]

"As expected, the deity positions on Investiture of the Gods are used to humiliate the members of our tribe of severity! The four generals of the mo family were so powerful, but they could only guard the gates of the celestial heavens! No wonder mo lihai would rather be killed and reincarnated than be a watchdog for the heavenly court!"

Chen Xiaobei thought to himself, 'Mo Li Hai Bing's reincarnation is obviously still on the Jie sect's side! I just don't know if his current master is my enemy or my brother?'

"Who cares!" mo lihai's cultivation isn't high, " the six-eared macaque said. just take him down and interrogate him!

"Sure!" Chen Xiaobei nodded and reminded her, " "You can catch him, but don't hurt him!"

"Understood!"

Six-eared macaque rubbed his hands and said seriously, " you want to revive the tribe of severity, and Mo lihai is loyal to the tribe of severity. Even if he's working for the enemy now, it's out of his control. I won't hurt him!

"Let me do it!" sister Yun's eyes focused. With her spear in hand, she rushed to the center of the grotto-heaven.

"Zhao Yun! You're not kind!"

Six-eared macaque was shocked. He immediately protested, " "I was just about to make my move! First come, first served, do you understand?"

"Liu er, don't fight with me!"

Zhao Yun continued to press forward without even turning her head. Xiaobei saved my life and even gave me an earth-god instrument and spiritual stones. I have to show him what I'm capable of. Otherwise, how can I face Xiaobei? "

no! six-eared macaque continued to protest, " Xiaobei is good to me too! I'm still thinking of repaying him!"

"Just let brother Zilong go!" it's not a big deal! Chen Xiaobei laughed. you're making it sound like kids are fighting over candy!

" Okay, okay, okay! six-eared macaque pouted. for your sake, I'll give this candy to Zhao Yun!

"Swish!"

on the other side, Zhao Yun had already charged into the battlefield!

because she didn't want to hurt mo lihai, Zhao Yun had only extended a palm in an attempt to capture him with her own strength!

"Woof! Boom ..."

However, in the next instant, a green barrier appeared around mo lihai and blocked Zhao Yun's palm. Furthermore, it triggered a powerful rebound!

With a muffled sound, Zhao Yun was actually sent flying!

"What a terrifying power!"

Zhao Yun pushed her spear against the ground and barely managed to stand firm. She sighed. fortunately, I'm wearing the five-star earth-god grade armor that Xiaobei gave me. Otherwise, my arm would have been broken!

"Eh? Who was it? How dare you interrupt me while I'm obtaining the inheritance of the ancient witch?"

At this moment, mo lihai slowly opened his eyes. His gaze was sharp and filled with killing intent!
