

## Envelope 2661

### Red Envelope Group of the Three Realms

#### Chapter 2661: ice-winged youth

The 81 feathers struck the ice soul spirit like a bolt of lightning, each of them piercing through its heart!

The divine Phoenix's heavenly flame was effective against the ten-thousand-year-old ice soul. Furthermore, the ice soul had just become a demon and had yet to form its dharma body!

Without a Dharmakaya, the demon Soul was extremely fragile when it was exposed to the outside world!

The ice soul spirit demon would most likely be reduced to ashes by the divine Phoenix's mystical flame!

how did this happen?!

Chen Xiaobei was shocked, and he became nervous, " 'I'm so silly! Ice and Fire were incompatible! This was common sense! It's impossible for the heart of the fire Phoenix and the 10000-year-old ice soul to merge. Instead, they'll violently reject each other ... This time, we're completely finished ...' "

Without a doubt, Chen Xiaobei had been looking forward to subduing the ice soul spirit demon so that this powerful demon could become a great help to him, making his subsequent actions much easier!

However, even though dreams were beautiful, reality was cruel!

Not only did Chen Xiaobei fail to subdue the ice soul spirit, he was about to destroy it!

To Chen Xiaobei, this was like falling from heaven to hell. The huge contrast in his heart was enough to make him collapse!

"Xiaobei, don't be so anxious!"

However, at this moment, Liu xuanxin said in a serious tone, " 'Ice and Fire can not coexist, this is indeed common sense! However, there were also exceptions to common sense! As the saying goes, the two heavens of Ice and Fire, life and death were tied by a thread! Things that don't seem compatible might not necessarily be incompatible!'

"Ice and Fire? Life and death?"

Chen Xiaobei's mind was strong enough to calm him down. His high level of comprehension allowed him to understand a profound philosophy from Liu xuanxin's words!

Ice and Fire could not coexist, just like life and death could not co-exist!

A line for life and a line for death!

A line of ice, a line of fire!

"Whoosh!"

In the next moment, an indescribable spiritual fluctuation burst out!

Who dared to think about it? The 81 feathers pierced through the ice soul spirit demon's heart. Not only did it not turn into ashes, it absorbed all of the feathers!

Immediately after, the tiny icy-Blue Demon Soul started to grow like a seed that had absorbed nutrients!

It was originally the size of a pigeon's egg, but it gradually grew to the size of a palm.

As if imitating Chen Xiaobei, the blue demonic soul slowly grew a head, a body, hands, and feet!

Then, facial features appeared on his head, and his body, hands, and feet became more and more solid. Finally, it fixed on the appearance of a young man!

"This ..."

Chen Xiaobei's eyes lit up. "Could this be the avatar of the icy soul spirit demon? It was just like Zi Yuan's Dharmakaya! It's too real!"

"That's right, this is the spirit demon Dharmakaya!"

Liu xuanxin nodded and said, "Recently, elder Jiang has been guiding us in our cultivation. He has introduced us to the finger technique, the way of the Golden core, and the nascent soul Dharmakaya! I'm sure that the icy soul spirit demon is forming its avatar, and it'll be complete soon!"

how ... How is this possible?!

Chen Xiaobei could not believe his eyes. "When immortal cultivators form their Dharmakaya, they need to use special techniques. Even the most talented people need to cultivate for a hundred years before they can succeed! Those with ordinary talent will never succeed even after thousands of years, or even forever!"

it's ten thousand times more difficult for spirit demons to form dharmakayas than for immortal cultivators! Without a cultivation technique, one can only rely on absorbing spiritual energy. It's like gathering sand to form a tower, slowly accumulating the avatar bit by bit!"

"Zi Yuan had been sealed for millions of years before he could form a Dharmakaya! The ice soul spirit demon had just formed its Demon Soul, so how could it condense so quickly? This is a heaven-defying rhythm!"

Chen Xiaobei knew Zi Yuan very well. He knew that it was extremely difficult for an item to become a demon, and it was even more difficult for an item to form a Dharmakaya!

Chen Xiaobei could not believe that the icy soul spirit demon could form a Dharmakaya in such a short time!

"Trust me! This is the avatar of the icy soul spirit demon!"

Liu xuanxin said with certainty, "elder Jiang once said that in order for a spirit demon to condense a dharma body, other than slowly accumulating, it can also successfully condense a dharma body if it encounters special opportunities!

"A special opportunity?"

what? ” Chen Xiaobei was taken aback. you mean to say that the divine Phoenix’s Mystical Fire has given the ice soul spirit demon a special ability? ”

“Right!”

of course! Liu xuanxin nodded and said, ” the divine Phoenix heavenly flame is already at the divine level, and the demonic spirit petrifying stone is not an ordinary item either. In addition, there’s also the spiritual aura of heaven and earth! Perhaps, some mysterious changes that you and I can’t see through have happened! And this is the opportunity of the ice soul spirit demon!”

“If that’s the case, that’s great!”

demonic souls! Chen Xiaobei said excitedly, ” demonic souls without a body are as weak as nascent souls! It can only be used for sneak attacks, and can not be used to fight the enemy head-on!”

“However, once an avatar is formed, the demon Soul would have a ‘body’! Then, we can fight head-on with our enemies like real Earth level deities!”

There was no doubt that the practicality and combat power of a six-star earth-god demonic soul was far inferior to that of a six-star earth-god!

Now that the avatar was fully formed, the ice soul spirit demon was equivalent to a true six-star earth-god!

Furthermore, the ten-thousand-year-old ice soul’s eight-star earth-god form could also boost its combat strength. In this way, the ice soul spirit demon could at least be invincible among its peers, and could even be infinitely close to a seven-star earth-god!

This would be a huge help to Chen Xiaobei!

Furthermore, spirit demons had special bodies. At critical moments, they could even do things that many seven-star earth Immortals could not!

The meaning behind it was self-evident!

“Xiaobei! Don’t be stunned! Let’s try again! Subdue the ice soul spirit demon!” Liu xuanxin immediately reminded Chen Xiaobei.

“Good! I’ll try again!”

Chen Xiaobei took out his primordial spirit blood contract and activated his special ability!

Not only did the ice soul spirit demon not turn into ashes, but its spirituality was even stronger than before. Chen Xiaobei’s heart trembled!

The spiritual connection and the blood contract worked at the same time, and he quickly left a primordial spirit mark in the ice soul spirit demon’s primordial spirit!

Once the imprint was completed, the contract would be officially signed!

From then on, the icy soul spirit demon would live and die with Chen Xiaobei, and would never betray him!

“Woof! Whoosh!”

The contract had just been formed, and the change occurred again!

A pair of wings spread out from the ice soul spirit demon’s tiny back!

The shape of the wings was exactly the same as Liu xuanxin’s divine phoenix wings!

However, the divine Phoenix’s wings were red and Holy, while the icy soul spirit demon’s wings were icy blue!

In the blink of an eye, the icy blue Youth became the icy winged youth. His original form hadn’t changed, but he was more handsome, more cool, and more powerful!

“What a powerful spirit! This little fellow has a bright future ahead of him!”

Chen Xiaobei and Liu xuanxin exclaimed at the same time. They stared at the young man with the icy wings as if he was their own child!

### Red Envelope Group of the Three Realms

#### **Chapter 2662: the world is in chaos**

B-bro bei ...

The young man with the icy wings was flying in the air, looking at Chen Xiaobei with great respect. However, when he spoke, his words were not clear, and his pronunciation was not accurate.

“This ...”

Liu xuanxin frowned and said, “Is this child a mouth idiot? How come you can’t even say two words clearly?”

“No!”

Chen Xiaobei’s eyes widened in shock. “This child is a genius! A super genius!”

“What do you mean by that?” Liu xuanxin asked.

when a Demon Soul is born, it can only develop consciousness and thoughts. Other than that, it can’t do anything else!

” when Zi Yuan first became a demon, he was with a human girl. It took him a long time to learn how to make prophecies and how humans deal with people!

huh? ” Liu xuanxin was shocked. you mean, it’s already very difficult for the ice soul spirit demon to speak after it has just become a demon? ”

“Of course!”

I don’t think so. Chen Xiaobei thought for a moment and said, ” this might be because of your divine Phoenix Fire! It’s giving him a mysterious change! It will make its thoughts and consciousness more acute, allowing it to imitate humans more quickly!”

but, how did he know to call you bro bei? ” Liu xuanxin asked.

“This ...”

Chen Xiaobei shook his head and said, “ I don’t know ... Could it be that it can sense special information?  
”

“I think it’s all thanks to the demon spirit petrification!” Liu xuanxin said.

I got the demonic spirit petrifying stone from the red envelope from the spirit beast. I don’t know who this spirit beast is. He would never call you bro bei!

“Xiao ... Heavenly ... Dog ...”

kill! the icy soul spirit demon forced out three words.

celestial Hound!?

Chen Xiaobei’s eyes lit up and said, “ The celestial Hound had a good relationship with the spirit beast! I’ve specially injected some primordial spirit information into the demon spirit petrifying stone. When I use the demon spirit petrifying stone, this information will appear in the newly-formed consciousness of the spirit demon!”

“Yes ... Yes!” The icy soul spirit demon nodded.

“Strange ...”

Chen Xiaobei frowned and asked, ‘what is celestial Hound trying to say? Why didn’t you tell me in the group? And it’s so troublesome ...”

B-because ...

chanism!?! that’s right! Chen Xiaobei said, “ the celestial Hound is being watched by the chanism, so it’s not convenient for it to contact me, right? ”

“Right!” The ice soul spirit demon nodded heavily.

that’s why Xiao Tianquan didn’t give out the red packets personally but used the demonic spirit fossil of the spiritual beast venerable to send the message! Chen Xiaobei said. It’s all to avoid suspicion!”

“That’s not right!”

“How does the celestial Hound know that you’ll be able to get the demon spirit point stone?” Liu xuanxin asked. If it was stolen by someone else, wouldn’t you and it be in big trouble?”

“It was Ying Zheng who helped me get the demon spirit petrification!”

yes! Chen Xiaobei said, “ Ying Zheng’s luck is almost at its peak. Since he’s here to help me, he will definitely get what I need the most!

Liu xuanxin was smart. She immediately understood.”You mean, the information transmitted by the celestial Hound is what you need the most! Therefore, it can be sure that you will definitely get it!”

“That’s right!”

that's right! Chen Xiaobei said, " if I'm not mistaken, the information that the celestial Hound is sending me must be of great importance to me!

"What kind of information is that?" Liu xuanxin and Chen Xiaobei looked at the icy soul spirit demon.

turn ... Turn ... the icy soul spirit demon was struggling to speak. It probably needed some time to get used to it.

"Forget it! You take it easy! Don't force yourself too much!"

I'll bring you along with me later. You can tell me when you've made up your mind! Chen Xiaobei said.

After all, the celestial Hound was using the demonic spirit petrifying stone to send the message. It did not know when Chen Xiaobei would use it again.

It was clear that although this information was important, it was not urgent.

Therefore, Chen Xiaobei did not have to make things too difficult for the icy soul spirit demon. He could let it get used to the human prophecy and tell it slowly.

As expected, the ice soul spirit heaved a sigh of relief. It was not in a hurry.

"I'll give you a name! After all, I'll be bringing you along in the future, so it'll be more convenient to have a name!" Chen Xiaobei looked at the icy soul spirit demon and said.

"Yes, yes, yes!" The icy soul spirit demon nodded with anticipation.

"It was all thanks to Xuan Xin that I was able to subdue you! It was also thanks to Xuan Xin that you were able to condense an avatar! The fact that you were able to grow a pair of Ice Wings is also thanks to Xuan Xin!"

"From now on, your name is Xuan po!" Chen Xiaobei said. How is it?"

"Good! "Okay ..." The ice soul demon spirit nodded like a chicken pecking at rice, extremely satisfied with the name.

"Good name!" Liu xuanxin was also very satisfied. It's very suitable for a cool boy!"

Xuan po was very happy. He flapped his Ice Wings and flew around Chen Xiaobei and Liu xuanxin, like a child around his parents.

.....

Chen Xiaobei's trip to bei Xuan faction was not in vain.

The plan for the operation three days later was completely finalized! At the same time, he managed to tame the icy soul spirit demon and even created his avatar!

Most importantly, Chen Xiaobei's luck had returned to normal. Even if his luck was not off the charts, it would not be as bad as before!

After that, Chen Xiaobei stayed at bei Xuan faction and had dinner with everyone!

Then, he left bei Xuan faction.

There were two more days before they would set off to explore the ruins. Chen Xiaobei did not want to waste any more time, so he decided to go to the ancient mountains.

Last time, Chen Xiaobei caught a four-star earth-god demonic beast in the ancient mountains, which raised his physical strength by one level. Then, he shone in the sect competition!

This time, Chen Xiaobei planned to capture a five-star earth-god demonic beast to prepare for his next body tempering.

After all, there were too many variables in this expedition. Chen Xiaobei could not guarantee that he could complete his plan with his current strength.

If necessary, Chen Xiaobei could upgrade his physical body to the next level, which might be the key to breaking out of this situation!

Because of that, after dinner, Chen Xiaobei set off in the middle of the night, heading straight for the ancient mountains.

.....

On the west side of the Cang Gu mountain was a huge primeval forest. Demonic beasts ran wild and danger was everywhere. However, it also hid opportunities. It was a place that adventurers loved the most!

But tonight, all the adventurers in the forest had retreated!

The strangest thing was that the forest was unusually quiet, as if all the demonic beasts and even all the birds and insects had hidden themselves!

The full moon hung in the sky!

The originally pure white moonlight was slowly turning blood-red!

The Blood Moon appeared! The world was in chaos!

These six-word ravings had been circulating in the earth-god Realm for a long time!

However, Chen Xiaobei was not from the earth-god Realm, so he did not know about this!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2663: clash between Almighty**

“What a strange phenomenon ...”

Chen Xiaobei stepped on the somersault cloud and watched as the White moon turned blood-red!

Under the blood Moon, the mountains and forests were covered in a bloody red. The surrounding cold wind was blowing, full of a demonic and mysterious aura!

“Yao ..... Devil ....”

Xuan po flapped his ice-blue wings and flew beside Chen Xiaobei. He was not very clear with his words but he managed to get to the point.

"You're saying that there will be demons appearing here tonight?" Chen Xiaobei asked.

"Yes!"

Xuan po nodded and only managed to squeeze out two words after a long time, "Don't go!"

"This demon is actually so powerful? You and I can't deal with it even if we join hands?" Chen Xiaobei asked worriedly.

strong ... Very strong ... Xuan po said with certainty.

it seems that the demon is at least a seven-star earth-god, or even stronger! Chen Xiaobei frowned and immediately stopped the somersault cloud.

let's go ... Xuan po was a little flustered as he gave a rational suggestion.

mm ... Chen Xiaobei nodded in agreement.

After all, there were many places to catch a five-star earth-god demonic beast. He didn't have to do it here!

If they didn't retreat even though they knew there were terrifying enemies, they would be courting death!

"BOOM! BOOM! Boom ..."

However, at this moment, six blood-red spiritual lights suddenly burst out from the forest in front of them. They were like heavenly pillars that stood under the night sky!

The Blood Moon hung high in the sky and shone with the six heavenly pillars, forming a huge blood-red hexagram in the sky that almost covered the entire forest!

"Boom ..."

In the next moment, a beam of holy golden light rose from the forest and formed a swastika Buddhist seal right in front of the blood-red hexagram!

Then, the swastika Buddhist seal suddenly expanded rapidly and became almost the same size as the blood-colored hexagram!

"Boom boom boom ..."

Like fire and water, the Golden Buddha seal and the blood-colored hexagram both exploded with earth-shattering power and collided head-on without any fear!

In an instant, the golden light and the blood light emitted a terrifying energy fluctuation. The thick clouds in the sky were blown away, and the vast vegetation on the ground was crushed!

One had to know that this was only the aftermath of the collision between the Golden Buddha seal and the blood-colored hexagram. One could imagine how terrifying the power that hit the core was!

However, the power of the Golden Buddha seal and the blood-colored hexagram did not seem to be much different. After they collided, they were in a stalemate!

The blood-colored six-pointed star crushed down like a mountain, while the swastika Buddhist seal supported it like an umbrella!

Thus, the two huge Dharma laksanas could not come down and could not go up. They were suspended in mid-air in a stalemate, with neither side gaining the upper hand!

bro bei ... Let's go ... Xuan po was shocked and urged.

"Don't rush!"

if it's just the birth of a demonic beast, I don't have any grudges against him. There's no need to fight him head-on! But at this moment, it's obvious that someone is fighting against the demons!"

they ... They are fighting ... We ... Are leaving ... Xuan po frowned.

"Are you trying to say that other people's battles have nothing to do with us?"

Chen Xiaobei's lips curled into a devilish smile. "What you said was right! However, when the Sandpiper and clam fought, the third party would benefit! They're already fighting, so why can't I be a patient fisherman?"

Oh ... Xuan po suddenly realized, " "We'll wait ... We'll wait ..."

It was obvious that a great battle had already broken out in the forest. More importantly, it was difficult to tell who was stronger!

This was just like the story of the snipe and clam that fought. In the end, both sides would only have one way out, and both sides would suffer!

All Chen Xiaobei had to do was to wait patiently for the results!

If both sides were heavily injured, Chen Xiaobei would be able to get a huge advantage!

If it were not for the fact that both of them were severely injured, Chen Xiaobei would not have retreated right away.

Chen Xiaobei was more than willing to wait patiently!

.....

As time passed, the Golden Buddhist seal and the blood-red hexagram were still in a stalemate. Neither of them was willing to give in.

"Foolish!"

All of a sudden, an eerie voice came from the sky!

The voice seemed to have come from the Blood Moon, almost enveloping the entire space. Those who didn't know would think that this was the sound of God from beyond the heavens!

the Blood Moon has descended. This is the will of the heavens. How can a human's strength resist it? "

The eerie voice was filled with a strong and dignified aura, as well as the aura of an Overlord!

Just by hearing the voice, he knew that this person was not an ordinary person!

What's more, the power of the blood-colored hexagram was far above that of a seven-star earth-god, which was impossible for ordinary people to have such cultivation!

"Clang!!!"

As soon as he finished speaking, a huge sword came down from the Blood Moon!

The sword was blood-red in color. It was a hundred thousand feet long and a hundred feet wide. It was like a blood-red waterfall that was crashing down!

"BOOM!"

The ten thousand Zhang Long Blood Sword descended and first stabbed into the blood-colored hexagram!

In the blink of an eye, the blood-colored hexagram collapsed and the Dharma form turned into countless blood-colored energy, which flowed into the blood Sword!

"Wu...Wu... Wu ... Wu ... Wu ..."

Then, a series of creepy wails and howls burst out in the space.

On the body of the Blood Sword, countless spirit patterns in the shape of ghosts appeared!

The faces of these malicious ghosts were extremely hideous and terrifying. Some of them had rotten bodies, some had their intestines pierced through, some were decapitated, and there were many more. It was impossible to identify what species they were!

In an instant, the 30000-meter-long Blood Sword seemed to carry the entire Shura ghost realm. It exuded an extremely terrifying sword Qi and exploded with extreme power that far exceeded its previous power!

"Clang! Beng!"

In an instant, the Blood Sword, which was covered in Asura evil ghosts, suddenly stabbed into the Golden swastika Buddhist seal!

The balance of the battle was instantly broken, and the power of the blood Sword showed an overwhelming advantage!

Just the sword Qi falling down was enough to force the swastika Buddha seal to retreat!

The moment the sword blade hit the swastika Buddhist seal, the Golden Holy Dharma form shattered like glass!

"Woof!"

The sword momentum of the 10000-foot Blood Sword did not stop. After shattering the swastika seal, it continued to crush down, wanting to kill the person who had formed the swastika seal completely!

"Boom boom boom ..."

As the sword fell, the mountains, rivers, forests, and cities within a million miles all shook violently!

The huge primeval forest below had a terrifying chasm split open from the middle!

It was as if the entire forest had been split into two by this sword!

“Ah ...”

I thought it was just a fight between the Sandpiper and clam,” Chen Xiaobei said. I didn’t expect that the Buddha would be one foot higher than the devil! I won’t be able to take advantage of this place!”

There was no such thing as a lose-lose situation. Even if there were any benefits, it would not be Chen Xiaobei’s turn!

Chen Xiaobei turned around to leave.

don’t ... Don’t go ... Xuan po quickly stopped Chen Xiaobei.

There was still a change in the battlefield!

[Red Envelope Group of the Three Realms](#)

**Chapter 2664: unexpected change**

“Chi ...”

Just as Chen Xiaobei was about to leave, a clear and elegant Buddhist chant came from the forest that had been split open!

This voice contained Buddhist scriptures, making people feel at peace.

This Buddhist scripture seemed to contain a mysterious power that instantly swept away the surrounding gloomy and mysterious aura! It even caused the blood-red light to dim!

“Idiot! The descent of the Blood Moon can not be stopped by human strength!”

On the Blood Moon, Swordmaster suddenly roared, “ “Even if you give up your life and use the Jiu fan Golden Bell formation, you can only seal me for another hundred years! A hundred years later, I, the Blood Moon Sword Master, will return to this world! You’re just going to die in vain! Do you understand?”

“Buddha said, if I don’t go to hell, who will?”

From the source of the Sanskrit, a clear and gentle voice of a woman could be heard.”I’ll seal you for a hundred years with my life! At that time, there will naturally be someone who will come and seal you again!”

“Idiot! You don’t even need to die!”

“Follow me!” The Blood Moon Swordmaster roared. Submit to me! I’ll grant you a position of being second only to one person and above all others! I’ll grant you the power to cover the sky with one hand and trample all over the world! Why do you have to fight to the death?”

“For the peace of the world, we monks and disciples will sacrifice our lives! Status and power are nothing but fleeting clouds!”

The woman’s tone was extremely calm, without a trace of emotion. However, within this calmness, there was an endless determination and the righteousness of the heavenly Dao!

For the peace of the world, he was willing to sacrifice his life!

This was the nature of the heavenly Dao to punish evil and promote good!

“Bro bei! What ... What are you doing?” Xuan po was shocked when he saw Chen Xiaobei riding the somersault cloud toward the woman who was the source of the chanting.

“I’m going to save her, of course!” Chen Xiaobei’s eyes were like torches, and there was also endless determination in them.

Obviously, Chen Xiaobei was a person who insisted on punishing evil and promoting good. In fact, he had gained many benefits from doing so!

Chen Xiaobei knew better than anyone else that good will be rewarded, and evil will be rewarded!

At this moment, the lady who had spoken the Sanskrit was preparing to sacrifice herself to seal the Blood Moon Swordmaster! This was punishing evil and promoting good, and it was a great good!

From this perspective, she and Chen Xiaobei were on the same path!

If Chen Xiaobei did not know about this, then so be it! But Chen Xiaobei already knew everything, so he could not just stand by and watch!

Abandoning one’s own Dao was equivalent to abandoning one’s own Dao!

If one’s Dao heart was cut off, how could one vindicate Dao?

Chen Xiaobei would definitely help this woman! Must be saved!

“Bro bei! You can’t go!”

Xuan po was shocked and in a moment of desperation, his stammering became very clear, “The 30000-meter Blood Sword and the heart-clearing Sanskrit mantra have both reached the divine immortal level! That was a real fight between Immortals! Not only will you not be of any help if you go over, but you will also be killed by the Qi and die without an intact corpse!”

“Heaven immortal level?” Chen Xiaobei gasped, “no wonder a million square kilometers of land was quaked and even an enormous primeval forest was cut in half by the sword! So, this is the power of a sky immortal ...”

When Immortals fight, mortals suffer!

This was the simple truth. With Chen Xiaobei’s current strength and trump cards, he would not be able to affect the direction of the battle!

However, if he did not do anything, there would be a knot in Chen Xiaobei's Dao heart that would never be untied! Sooner or later, it would become a hurdle that Chen Xiaobei could not overcome on his path of Dao vindication!

"Xuan Xin has helped me increase my fate energy. Logically speaking, I shouldn't be facing such a difficult problem again! Is there any other way to turn this around?"

Chen Xiaobei's brows furrowed. He wanted to save her, but he did not have the ability to do so. He was in a dilemma.

"Swish!"

At this moment, a blazing lightning suddenly shot over from the dark night sky and directly blasted the Blood Moon.

Countless lightning patterns twisted and turned, wrapping the entire Blood Moon like a blood-colored porcelain plate with countless cracks on the surface!

"Someone is attacking the Blood Moon! She can be saved!" Chen Xiaobei let out a sigh of relief.

"No..."

Xuan po shook his head and said, "this bolt of lightning didn't attack the Blood Moon, but it broke the seal!

"What? You broke the seal?" Chen Xiaobei was shocked.

"Hahaha ..."

As expected, the Blood Moon Swordmaster burst into maniacal laughter. "The heavens are helping me! The seal was broken! I'm finally free! Hahaha ..."

"Don't go! you ... Don't go ... at the source of the Sanskrit, the woman let out a weak cry. Her breath became weaker and weaker, almost to the point of death.

"Hmph! Do you take me for an idiot? Should I stay here and wait for you to seal me again?"

The Blood Moon Swordmaster sneered in disdain. you've already consumed more than half of your life force. You're just a little bit away from sealing me. It's a pity that the heavenly energy helped me break the seal! From now on, no one will be able to stop me! Hahaha ..."

The maniacal laughter gradually disappeared. Clearly, the Blood Moon Swordmaster had already retreated rapidly and would definitely not wait for the woman to unleash the sealing formation.

"Master ... In the end, I was unable to stop the Blood Moon from descending ... Could this really be fate?" The woman let out a mournful sigh, and her breath became weaker and weaker. In the end, there was no more movement.

"Let's go down!" Chen Xiaobei did not hesitate any longer. He immediately rode on the somersault cloud and headed towards the location where the chanting was coming from.

Chen Xiaobei saw a huge Golden Bell hanging in the air!

The Golden Bell was a hundred meters tall, and there were swastika seals of various sizes engraved on its surface. It emitted a Holy and resplendent spiritual light, and its spirituality was unparalleled!

The heart-clearing Sanskrit had been produced by this Golden Bell.

The Jiu fan Golden Bell formation that the Blood Moon Swordmaster mentioned earlier could only be used with the help of this Golden Bell.

“Bro bei! It’s a heaven immortal artifact!” Xuan po said.

“I can tell!”

there’s no sky immortal in the human realm! The fight just now was actually a fight between two sky immortal items! Chen Xiaobei said. This Golden Bell and that 30000-meter-long Blood Sword are both heaven immortal artifacts!”

“That’s great!”

that’s right! Xuan po was surprised. bro bei, if you kill that woman, this Jiu fan Golden Bell will be ownerless! Bro bei will be able to take it easily!”

“You brat, you’ve just learned how to speak, how did you also learn to forget your friends for profit?”

Chen Xiaobei glared at Xuan po and said, ” “If this woman is an enemy, I will not hesitate to get rid of her and take away everything she has! But she’s not my enemy, she’s my comrade! Moreover, I’ve met her once! I definitely won’t kill her and steal her treasure!”

I understand. Bro bei, don’t be angry ... Xuan po nodded and said in a low voice.

“I’m not angry!”

don’t worry! Chen Xiaobei consoled. after all, you just gained consciousness not long ago. You don’t know the importance of friendship and morality yet. You’ll understand it when you follow me!

“Understood!”

Xuan po nodded and asked, ” bro bei, you’ve met her before. Who is she? ”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2665**

2665 Seven-colored Buddha seal

“I don’t know her exact identity either!”

Chen Xiaobei shook his head and looked at the woman.

The woman had lost more than half of her life force and was in a deep coma.

But her face was still beautiful.

She had delicate features and fair skin. In terms of looks, there was absolutely nothing to be picky about!

Moreover, she was not only beautiful, but also had a great figure!

The light blue Monk robe was very simple and unadorned, but it had a different charm on her body. It was graceful like the clouds and as kind as water!

However, she was a monk and had long cut off all her worries!

His head was smooth and round like a jade ball, without a single strand of hair!

Of course, with her superb looks and figure as the foundation, coupled with her otherworldly and gentle temperament, she was still a top beauty even without hair!

That's right!

This woman was the little nun that Chen Xiaobei and Baili tiantu met when they came here to capture the demonic beasts!

At that time, a four-star earth-god level saber-armed puppet suddenly attacked the little nun, but she didn't want to kill her, so she didn't fight back!

Chen Xiaobei had mistakenly thought that her cultivation level was very low, so he took action to protect her!

Chen Xiaobei then realized that his netherspirit battlescouter could not detect her cultivation level, which meant that she was definitely a seven-star earth-god!

Back then, Chen Xiaobei was in a hurry to attend the inter-sect tournament, so he did not talk to the little nun and left.

Chen Xiaobei did not expect that the person who was fighting the Blood Moon Swordmaster today was this little nun!

What Chen Xiaobei did not expect even more was that this little nun had a heaven-immortal instrument!

After all, there were only ten heaven immortal items in the earth-god Realm outside the earth escape immortal puppet, and they were controlled by the top ten forces!

The Blood Moon Swordmaster had been sealed previously, so his heaven-immortal artifact could not be counted!

And this little nun's Jiufan Golden Bell had always existed in the human world!

In other words, this little nun must be from one of the top ten forces. Moreover, she must be a member of the core and highest level of the force!

"There are ten top forces in the earth-god Realm. There are three in Northern kulu continent, nine nether platform, Dragon God Palace, and heavenly Yin Hall! There were four in Videha: Tianji city, gods 'Palace, Yuxu Palace, and the Xuanyuan family! There are three in aparagodaniya, but I only know about the ten thousand Buddhas Pagoda!"

'This little nun must be from aparagodya!' As for which force, I can't be sure!"

"Stop studying it!" bro bei, " Xuan po said. why don't you just wake her up and ask her? "

no! Chen Xiaobei shook his head. she's not sick. She's sacrificing her life! I may have medical skills, but I don't have any life-restoring skills!"

"Aren't medical skills used to save lives?" Xuan po asked.

"The Jiu fan Golden Bell is only a one-star heaven immortal artifact and is of the same level as the Blood Moon Swordmaster's Blood Sword! In order to win, the little nun added a peak earth-god level array on top of the Jiu fan Golden Bell!"

this formation is very powerful! Chen Xiaobei explained. once it's activated, together with the Jiufan Golden Bell, it can reverse the Blood Sword and seal the Blood Moon Swordmaster again! However, the price is that the little nun must sacrifice her life!"

she sacrificed more than half of her life just now. Not only did she lose a large amount of her lifespan, but she also lost a large portion of her essence, Qi, and spirit!

"My medical skills can treat illnesses, extend the life of a dying person, and even make pills to restore longevity! However, my medical skills can't help people recover their lost essence, energy, and spirit!"

Chen Xiaobei looked at the little nun and sighed. "She's not sick, nor is she injured. She's just unconscious after losing her energy! So, I can't treat her and can only wait for her to wake up!"

"What happens after she wakes up?" "What harm will it do to her if we offer her a large amount of essence, Qi, and spirit?" Xuan po asked.

"There are many disadvantages ..."

from now on, even if she's not sick, she'll look like she's seriously ill. She'll look Haggard, weak, and fragile! Chen Xiaobei said.

she will not be able to keep her spirits up, and her thoughts will become as slow as an old man's. Her body will not lose its vitality, and she will even become a walking corpse!

the most important thing is that her combat strength will drop sharply. Even if she has the strength of a nine-star earth-god now, she will only be able to exert 10% of her combat strength in the future!

Chen Xiaobei frowned and sighed. "To sum it up, you'll get old before you get old!"

"So miserable ..."

Xuan po was stunned and sighed, "if that's the case, won't the rest of her life be ruined?" Bro bei, please help her!"

"It is indeed destroyed ..."

Chen Xiaobei's eyes dimmed. "She gave up her life to save the world, it's a great deed! For the greater good! Of course I want to help her! It's a pity that in her current state, she's neither sick nor injured. Even if I want to help her, I don't know where to start!"

Hearing this, Xuan PO's expression dimmed and he was in a bad mood.

Love and loyalty had gradually seeped deep into black soul's newly-formed consciousness and gradually became his natural instincts!

A little love was family, love, and friendship, while a little justice was the bosom friend of brothers and companions!

As for great emotion, it was the feeling of pity for the common people, and great righteousness, it was the righteousness of sacrificing lives to save the world!

Xuan po couldn't fully understand it yet, but at this moment, he felt sorry for the little nun! He really wanted to help the little nun do something!

"I wonder when she'll wake up? I'll be leaving for the ruins in two days, I can't keep waiting here!"

Chen Xiaobei wanted to keep the little nun in the Meru space.

"Chi ... Chi!"

Suddenly, the Jiufan Golden Bell trembled and released a terrifying sound wave that was headed for Chen Xiaobei.

"What the f \* ck! How did it end up like this?"

Chen Xiaobei's heart clenched, his pupils shrank, and his scalp went numb!

The fear of death hit Chen Xiaobei right in the face. He felt that he would not even have a corpse left!

"I'm done for ... I was just born, am I going to die ..."

Xuan putong felt the terrifying power and his heart was filled with despair.

Facing the attack of a heaven-immortal instrument, Xuan po could not fight back at all. Chen Xiaobei's master-protection puppet was also useless. Any resistance was meaningless!

As long as the sound wave came, Chen Xiaobei and black soul would be destroyed!

"Woof!"

However, in the next moment, the sound wave that came suddenly turned into a seven-colored swastika Buddhist seal in the air!

The strange thing was that the Buddha seal did not carry any killing intent. It was like a spring breeze that made Chen Xiaobei and Xuan po feel clear-headed, calm, and even comfortable!

"Whoosh ..."

The seven-colored Buddha seal did not hurt Chen Xiaobei and Xuan po!

Instead, it turned into a mysterious energy, most of which was absorbed by Chen Xiaobei, and a small part by Xuan po!

"This ..."

Chen Xiaobei and Xuan po were stunned."What is going on?"

## Red Envelope Group of the Three Realms

### **Chapter 2666: Jiu fan immortal Qi**

“Amitabha!”

While Chen Xiaobei and Xuan po were still in shock, the Jiufan Golden Bell suddenly spoke in a gentle old man’s voice.

what? ” Xuan po was stunned. bro ... Bro bei, is that the heaven-immortal item talking? ”

“Yes ...”

Chen Xiaobei nodded and said, ” “This Jiu fan Golden Bell has already produced an Artifact Spirit! It’s just like how you produce demon spirits! It already has its own consciousness and soul, which means it has a life!”

“Artifact Spirit?” Xuan po was stunned and his face was filled with shock.

“Chi ...”

In the next moment, a wave of golden light rippled from the Jiu fan Golden Bell. Then, an old monk with a Sage-like appearance appeared from the golden light.

Of course, the old monk did not have a physical body, but a spiritual body similar to a ghost.

Chen Xiaobei could tell at a glance that the witch of winter was the weapon spirit of the limitless nine-floor Pagoda!

Simply put, the Jiu fan Golden Bell was equivalent to a human body, and the old monk’s spirit body was equivalent to a human soul or a nascent soul.

Therefore, the old monk was the Jiu fan Golden Bell, and the Jiu fan Golden Bell was the old monk!

“Not bad! I am the Jiu fan Golden Bell!”

The old monk put his hands together and looked at Chen Xiaobei and Xuan po with a kind expression.

“Senior ... What did you do to us just now?”

why is it that the seven-colored Buddha seal is completely harmless to us? why does it make us feel so comfortable? ” Chen Xiaobei asked.

“Amitabha, that’s a reward for your kindness!”

“My master has fallen into a deep coma in order to seal the Blood Moon Swordmaster. However, you didn’t choose to take advantage of him and kill him for his treasure. Instead, you want to protect my master!” I naturally have to thank you!”

“Thank us?”

Oh? ” Chen Xiaobei frowned. so, that means that the seven-colored Buddha seal can bring us some benefits? ”

“Yes, I am!”

“The seven-colored Buddha seal you just absorbed is a strand of ‘Jiu fan immortal Qi’ that I’ve accumulated for 30000 years. It can stimulate the potential of your body and greatly increase your cultivation speed for a period of time!”

increase cultivation speed? ”

Chen Xiaobei was stunned. I’ve reached the peak of the spirit sea realm. If I can’t break through a major realm, I can’t cultivate ...

“I can see your cultivation!”

“My ‘Jiu fan immortal Qi’ can stimulate the potential of the human body. Although I can’t guarantee that you will break through, it can at least make your body and mind closer to the state of breaking through to the next realm. Once the opportunity comes, it will be easier to break through!”

“That’s great!”

Oh! Chen Xiaobei was overjoyed. this is what I need the most! I have a few friends with me, and their cultivation levels are all soaring rapidly! Many of my subordinates are stronger than me! Even in my dreams, I want to break through a major realm as soon as possible!”

Ever since Chen Xiaobei became the Lord of North Mystic and led the nine Li Magus tribesmen, his forces had been growing stronger!

Liu xuanxin, Zhao Yun, Lu Bu, and Diao Chan were all seven-star earth-god level experts.

Of the nine Grand shamans, three were seven-star and six were six-star earth Immortals.

Xuan po was also a six-star earth-god.

Tian Peng and Lockheed were also peak four-star earth-god level.

On top of that, every core member of bei Xuan faction would have a seven-star earth-god instrument after New Year’s Eve.

If they were to fight face to face, Chen Xiaobei would not be able to defeat any of them easily.

Seeing the people around him getting stronger and stronger, Chen Xiaobei did not say anything but he was panicking.

After all, Chen Xiaobei was the Supreme King of beixuan! If the revered King was weaker than his subjects, people would laugh their heads off if this news spread!

Moreover, the Honorable King was going to lead everyone into battle and protect everyone, not hide in the back and be protected by everyone!

That was why Chen Xiaobei wanted to break through to the next realm as soon as possible!

Only after breaking through a major realm could one continue to cultivate, continue to improve, and continue to become stronger!

Chen Xiaobei’s cultivation would remain stagnant if he did not break through to the next realm!

The seven-colored Buddha seal released by the Jiufan Golden Bell could help Chen Xiaobei to break through to the next level. Although it was not a hundred percent, it was the thing that Chen Xiaobei needed the most right now!

Chen Xiaobei was truly grateful to the Jiu fan Golden Bell!

“Young master, you’re welcome!”

“I’ve just said that the ‘Jiu fan immortal Qi’ is a reward for your kindness, and you deserve it!” The Jiu fan Golden Bell said in a deep voice.

“Senior goldclock ...”

Xuan po swallowed his saliva and said, “If we had chosen to kill you and take your treasure, what ... What would you have done?”

In the beginning, it was Xuan po who suggested Chen Xiaobei to kill the little nun and take the Jiu fan Golden Bell. However, Chen Xiaobei rejected his suggestion and even taught him a lesson.

Now that he had received the report from the Jiu fan Golden Bell, Xuan po felt a little uneasy and was afraid that the bell would settle the score with him later!

“If you want to kill me and steal my treasure, I’ll blast out a Platinum Buddha seal and kill you on the spot!”

The Jiufan Golden Bell said indifferently, “of course, you chose kindness and justice in the end!” I’ve heard everything you’ve said, and I know what you’re thinking. Naturally, I won’t mind your evil thoughts from the beginning!”

thank you, senior goldclock ... Xuan po finally heaved a sigh of relief.

At the same time, Xuan po once again realized the importance of friendship!

If Chen Xiaobei had not cared about their friendship and the heavenly axiom, he and black soul would have died a long time ago!

However, Chen Xiaobei had held on to their friendship and received the gift of the Jiu fan Golden Bell!

Although Chen Xiaobei did not teach him anything, Xuan po had already remembered the principle of ‘kindness will be rewarded’!

“Senior ... If it’s just to repay our kindness, then isn’t your gift a little too valuable?” what? ” Chen Xiaobei frowned. if I’m not wrong, you must have other requests!

“Smart!”

I haven’t formed a Dharmakaya yet,” the Jiufan Golden Bell said in a deep voice. the weapon spirit can’t leave the Golden Bell’s body, so it can’t take care of my master!

“Understood!” I see! Chen Xiaobei nodded. you want us to help you take care of your master!

“Right!”

"I've wasted 30000 years on that beam of Jiufan immortal Qi!" The Jiufan Golden Bell said. This is the best gift I can give! In addition to repaying you, I hope you can help me take care of my master until she awakens!"

"No problem!"

yes! Chen Xiaobei promised. even if you don't give me immortal Jiu fan's anger, I will still help take care of her!

"Many thanks, young master!"

The Jiufan Golden Bell thanked him sincerely and paused for a moment before saying, " "Let's go! The Blood Moon Swordmaster was a smart person! If my master doesn't go after him, he'll most likely come back!"

"Good! Let's go!"

alright! Chen Xiaobei nodded. tell me more about this Blood Moon Swordmaster when we're safe!

### Red Envelope Group of the Three Realms

#### **Chapter 2667: number one in the human world**

Retreat from the ancient mountain range.

He went all the way to a medium-sized main city tens of thousands of miles away.

After finding a quiet corner, Chen Xiaobei entered the Meru space.

The Jiu fan Golden Bell, the little nun, and Xuan po were already waiting inside.

"The environment outside is already safe!"

Chen Xiaobei left and sat down on a stone bench in the garden.

The little nun had already been sent to the bed in the room. The Jiu fan Golden Bell had shrunk to the size of a palm and was placed on the stone table at the side.

Xuan po folded his Ice Wings and sat beside the Jiu fan Golden Bell. They were about the same size.

"Tell me about the Blood Moon Swordmaster!"

what kind of person is he? " Chen Xiaobei asked. Why did you seal him up?"

"When the Blood Moon appears, the world will be in chaos!"

The Jiufan Golden Bell said in a deep voice,"these six words have been passed down for a million years!" It means that once the Blood Moon Swordmaster escapes from the seal, the entire earth-god World will be in an endless turmoil!"

it is exactly because of that that the 'three-Saint nunnery' has been shouldering the responsibility of sealing the master of the Blood Moon sword since a million years ago!

“Every 100 years, the three sacred nunnery will find a spiritual child with the best aptitude and sacrifice his life to strengthen the Jiu fan Golden Bell formation! The strengthened array can seal the Blood Moon Swordmaster for another 100 years!”

Chen Xiaobei and black soul were both shocked.

so ... Chen Xiaobei frowned and said, “a million years have passed, and just the number of spiritual children who have sacrificed their lives has already reached 10000!

“Buddha said, if I don’t go to hell, who will?”

The Jiu fan Golden Bell said, “those who can be chosen as spiritual children all have excellent roots of wisdom!” The spirit of Buddha’s mercy and compassion for all living beings had been deeply imprinted in their hearts! In order to save the world, she would never be afraid of death!”

this ... Chen Xiaobei frowned. He had a complicated feeling that something was wrong but he could not put his finger on it.

“Senior goldclock, you haven’t told me who the Blood Moon Swordmaster is.” Xuan po asked.

“He’s not a human!”

Jiufan Golden Bell said in a deep voice, “this Blood Moon Swordmaster is extremely evil!” In his body, he has the blood race, demon race, monster race, and beast race bloodlines, a total of four!”

“His impure bloodline makes him the lowest bastard in every race! The humiliation, bullying, and even abuse of his clansmen had completely twisted his heart!”

“After that, he was captured by the blood demon clan and became a slave! When they were worshipping the ancestor of the blood demon, he was used as a sacrifice! Throw him into the demon blood abyss!”

“No one would have thought that this low-grade bastard with an impure bloodline would be able to activate an ancient spell formation in the demon blood abyss!”

“Sealed within the formation is a divine immortal-grade demonic sword left behind by an ancient celestial demon, and it has even acknowledged him as its master! This demonic sword is the ‘Blood Sky-reaching sword’!”

“With this sword, this lowliest bastard directly opened the path of defying the heavens! Within a year, he suppressed the blood demon clan and became the blood demon King!”

a thousand years later, he became a peak earth level deity. In addition to the ‘Blood Sky sword’, he also learned the ‘Blood Moon world-destroying mysterious formation’, a peak earth level deity!

with a heaven-immortal instrument, a top-notch cultivation base, and a top-notch Xuan formation, he was almost invincible under the earth-god Realm!

“In just a few years, almost all the evil sects in the entire earth-god World were under his banner! Back then, the Blood Moon Sword Master was equivalent to the chief sect master of all the demonic sects in the world!”

“With power and influence, his ambition also expanded rapidly! He wants to unify the Nanzhan state, and even the earth-god Realm!”

at that time, as long as he gave the order, hundreds of millions of the demon cult’s Army were almost invincible. There was not a single city that they could not conquer!

“Of course, wherever they went, they would either slaughter the city in cold blood, leaving no one alive! You can either defile all the women and capture all the men to be your slaves!”

“At its darkest, even more than half of the Nanzhan state was already empty, and wailing people were everywhere! We are only one step away from the world falling into chaos!”

“There are ten top forces in the earth-god Realm, but there’s none in the Nanzhan state! Originally, these forces didn’t intend to interfere with the chaos in the Nanzhan state!”

however, if the Blood Moon Swordmaster is allowed to continue growing, the top ten forces can’t guarantee that the other three states they’re in will be able to maintain peace!

“Therefore, the top ten forces put aside all their conflicts and joined forces to attack! He sealed the Blood Moon Swordmaster with the help of the Jiufan Golden Bell formation of the three-Saint nunnery!”

after that, the three sacred nunnery will choose another spirit child every hundred years and sacrifice his life to strengthen the ‘Jiu fan Golden Bell formation’ so that the Blood Moon Swordmaster can not escape!

The Jiufan Golden Bell paused and sighed, “ the predecessors ‘relentless efforts have given the world a million years of peace ... But they still failed to seal the Blood Moon Swordmaster in the end ... With his escape, chaos is really coming!

Chen Xiaobei and black soul were so shocked that they were lost in the story.

the Blood Moon Swordmaster is really too powerful!

“He was invincible in the earth-god Realm. In the end, even the ten top forces couldn’t kill him and could only seal him!” Xuan po sighed. I’m afraid that only a true immortal can kill him!”

“Yup ...”

Jiu fan Golden Bell sighed and said, “regardless of good or evil, the Blood Moon Swordmaster is definitely the number one genius in the human world!” The number one expert in the human world! He’s invincible below the celestial immortal realm!”

the Blood Moon Swordmaster is so powerful. After he escapes, the world will definitely be in chaos!

Chen Xiaobei said, “ “However, it’s obvious that there’s an expert helping him in secret just now. That’s why the Blood Moon Swordmaster was able to break the seal! Who was the person who had secretly made a move? You’re actually so eager to see the world in chaos!”

“Yup!”

Xuan po immediately became nervous and asked, 'who exactly helped the Blood Moon Swordmaster? If this person is in cahoots with the Blood Moon Swordmaster, the chaos this time will be even more terrifying than a million years ago!'

"I don't know who that person is either ..."

"We can only wait for master to wake up and return to the three saints nunnery with her," Jiu fan Golden Bell said in a deep voice. "We can only start the investigation after we report to the three sect Masters!" With just the few of us, we definitely can't find out!"

"Mm ..."

alright! Chen Xiaobei nodded. then you can stay here and watch over your master. I have something important to do in a day's time. I won't be here with you guys anymore!

"I understand! Many thanks, young master!" The Jiufan Golden Bell thanked him sincerely.

After that, Chen Xiaobei left the Meru space with the Dark Soul.

"Bro bei, where are we going next? Are we going back to the Pearl Hall directly?" Xuan po asked.

"No!"

no! Chen Xiaobei said, "there's no one else here. Tell me what the celestial Hound is trying to tell me!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2668: important information**

Previously, Xuan PO's words were unclear and he was unable to convey the information accurately.

However, when the Blood Moon Swordmaster and the little nun were fighting, Xuan po was extremely anxious and immediately gained enlightenment. He actually learned a speaking skill.

The message that the celestial Hound wanted to send was extremely important, and it was what Chen Xiaobei needed the most right now.

It was hard to say in front of the Jiu fan Golden Bell, but now that there was no one around, Chen Xiaobei had to get to the bottom of it.

"Oh! Good!"

of course! Xuan po nodded. the celestial Hound injected a lot of information into the demon spirit petrification. It was about bro bei and the human language. The most important information was about reincarnating into an earth God!

reincarnated into an earth immortal!? tell me! Chen Xiaobei's eyes lit up. tell me!

"Wei Xiaobao, Yuji, and sun Simiao, these three are the reincarnated earth Immortals chosen by Xiao Tianquan!" Xuan po said.

"I've already met Wei Xiaobao before!"

Chen Xiaobei was surprised. "I didn't expect that brother Yu's wife, Yuji, and the medicine King, Sun Simiao, were also Xiao Tianquan's men!"

"Yes! Xiao Tianquan has already told them to help bro bei as much as possible!"

I don't think so. Xuan po said, " however, Xiao Tianquan is a member of the clan of enlightenment. So, its three earth level deities can only help bro bei in the dark. If the clan of enlightenment finds out, Xiao Tianquan will be in serious trouble!

"I understand!"

yes! Chen Xiaobei nodded and said, " Xiao Tianquan is my good friend! Even if I don't need any help, I will not let anything happen to it!"

"Celestial Hound means that danger has its benefits!"

of course! Xuan po said, " although it will be dangerous for Wei Xiaobao, Yuji, and sun Simiao to help bro bei in the dark! However, as long as they were not discovered, the three of them were the best spies! It can bring bro bei the most important information!"

"I know!"

Chen Xiaobei nodded. I'm a spy myself. Of course, I know the benefits of being a spy! Not only could he collect information, but he could also turn the enemy's benefits into his own! As long as we're not discovered, we'll be able to benefit greatly!"

"That's right! It's like this!"

Xuan po paused for a moment and continued, " also, for a period of time, the celestial Hound will be carrying out a mission with the clan of enlightenment. It can not contact you in the group. I hope that you will take care of yourself and meet you in the heaven realm soon!

"I will! I also hope to go to the heaven realm as soon as possible to see my good brother!"

Chen Xiaobei calmed himself down and said, " "I've already contacted Wei Xiaobao, but this kid is very cunning, he won't be of much help!"

and Yuji is brother Yu's most beloved woman. I will definitely find a way to find her. First, I will make brother Yu feel at ease, and second, I will find a way to protect her, in case Shen Gongbao makes a fuss about her!

"As for Sun Simiao, he's a super Traditional Chinese Medicine doctor! He had extraordinary medical skills when he was alive, and after his death, he was studying medicine in the land! Just like Hua Tuo, his medical skills improved by leaps and bounds!"

"As long as I can find Sun Simiao, even if I don't get any information, my medical skills will improve!"  
Chen Xiaobei said excitedly.

"There's another piece of information!"

yes! Xuan po said seriously. Xiao Tianquan also mentioned that luohou, Emperor Jiang, and Taiyi, these three earth level deities, can bring you great opportunities. If you have any clues, you can find them as soon as possible!

of course I know that the three of them are very important!

but ... Chen Xiaobei frowned. I'm too weak right now. It's easy to find them, but it's not easy to protect them! After all, all three of them have extraordinary identities and valuable memories!"

"If I don't look for them, they will live like ordinary people in the earth-god Realm! Once I find them, all their sealed memories will be unlocked!"

"When that happens, the enemy will definitely kill me at all costs and take the three of them away! As long as I die, the three of them will lose their master and become the enemy's reincarnated earth Immortals!"

Chen Xiaobei could not help but sigh.

It was not that Chen Xiaobei did not want to look for Luo Yi, Di Jiang, and Taiyi, but he was afraid that he would not be able to protect them once he found them!

One must know that the greatest value of reincarnated earth Immortals was the ancient memories in their minds!

Devil ancestor Luo Yi, wizard ancestor Di Jiang, and Eastern Emperor Taiyi! The secrets hidden in the minds of the three of them were enough to make anyone in the Three Realms go crazy!

Once the three of them showed up, the chanism would not just go after Chen Xiaobei! Even the other heavenly path Saints would be tempted to kill Chen Xiaobei!

Don't forget! The clan of enlightenment was not the only reincarnated earth immortal in the human world!

Taishang Laojun's humanity sect! Mother Nuwa's demonic sect! The Buddhism sect where Cundi welcomed Daoist! They all had a large number of reincarnated earth Immortals!

As long as Luo Yi, Emperor Jiang, and Taiyi appeared in the public's view, a bloody battle would be triggered!

If Chen Xiaobei was not strong enough, he would die a horrible death, and Rahu, Di Jiang, and Taiyi would fall into the enemy's hands!

Chen Xiaobei could not accept this outcome!

Xuan po nodded and said, " of course! The celestial Hound knows what you're thinking! So, this was just a reminder to bro bei! As for the exact timing, it's up to bro bei to decide!"

"Understood!"

yes! Chen Xiaobei nodded. Rahu, dijiang, and Taiyi are very important to me! I'll only find them when I'm absolutely safe!"

“Then let’s find Yuji and sun Simiao first!”

” there’s their phone numbers in the celestial Hound’s information, ” Xuan po said. bro bei, take them down. 133 ... 188 ...

“There’s a cell phone number?”

Chen Xiaobei’s eyes lit up and said, ” that’s my brother dog! The service was perfect! He had a phone number! It’s too easy to find someone!”

“Are we going to find them now?” Xuan po asked.

“No rush!”

no! Chen Xiaobei shook his head and said, ” let me finish the Pearl Hall mission first! After we’re done, we’ll look for Yuji first, then Sun Simiao!”

.....

At the Pearl Hall.

When Chen Xiaobei returned, it was already the morning of the next day.

The huge sect was completely immersed in a tense atmosphere.

On the day of the report, everyone was still in high spirits and couldn’t wait to set off immediately.

But today, everyone was listless and flustered, wishing they could cancel the mission.

Chen Xiaobei was puzzled by this, so he gave Lord Chi Ling a call.

“Little servant girl, what happened in the Pearl Hall? The atmosphere doesn’t feel right!” Chen Xiaobei asked.

On the other end of the phone, Lord scorching Heat’s voice was also a little anxious. He said in a low voice, ”A piece of rat sh \* t spoils a pot of porridge! There’s a notorious guy who wants to join this operation!”

Chen Xiaobei frowned and said, ” “Who is that guy? It can actually make all the people participating in the operation lose their will to fight!”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 2669**

2669 The number one malignant tumor

“Fang longqi ...”

“He’s Hall Master Fang’s grandson!” Lord scorching heat said. I was originally a disciple at the headquarters, but I rushed back specially to participate in the mission!”

“Is this person’s character not good?” When Chen Xiaobei thought of that old fox, he could guess that Fang longqi’s character was not that good!

"It's not just a bad character. This guy is an animal!"

Lord scorching heat frowned slightly and said with disgust, when he was in Nanzhan state, he used the fact that he was Hall Master Fang's favorite grandson to oppress his fellow disciples, abuse the people, and defile women. He's an evil man!

what?! Chen Xiaobei furrowed his brows. that old fox surnamed Fang, he's not going to do anything? "

"Do you still need to ask? Hall Master Fang's character isn't any better, and he dotes on Fang longqi a lot. No matter what kind of evil things this grandson has done, Hall Master Fang won't blame him, and will even cover up for him!"

with Hall Master Fang's support, Fang longqi has become more and more unscrupulous. There are only evil things you can't imagine, but there's nothing he can't do! Lord scorching heat said with disdain. People call him the number one malignant tumor of the Pearl region!"

"I understand ..."

that's right! Chen Xiaobei nodded. if Fang longqi joins the operation, not only will the other disciples be bullied, but all the benefits and credit will also be taken away! No wonder everyone has lost their fighting spirit!"

"It's good that you understand!"

"With that b \* stard Fang longqi around, we basically can't get any credit!" Lord scorching heat said in a deep voice. We can only think of ways to please him! If I can gain his trust, I might be able to join the headquarters even if I don't make any contributions!"

"Please him?" hehe! Chen Xiaobei laughed. I think it's better to let him please me!

"Don't underestimate your enemy!"

Lord scorching heat said solemnly,"Hall Master dote on Fang longqi a lot!" Since Fang longqi wanted to join the operation, he would definitely give him enough trump cards! Even if you don't want to please him, don't get into a conflict with him! Otherwise, the consequences will be unimaginable!"

"If people don't offend me, I won't offend them!" Chen Xiaobei raised his eyebrows and added, " "If someone offends me, I want him to die!"

don't you ever have such thoughts ... Lord scorching heat said solemnly, " Hall Master Fang has two seven-star earth-god instruments. One is a mid-stage seven-star earth-god instrument, and the other is a peak seven-star earth-god instrument. Fang longqi can crush you with any one of them!

from what you've said, that bastard is a really strong enemy ... Chen Xiaobei's heart tightened.

In the two-star earth-god Realm, the gap between each minor realm was five million!

In the seven-star earth-god Realm, the gap between each minor realm was probably 50 million or more!

Chen Xiaobei's strongest pinnacle infinite sword formation was only at the level of an early seven-star earth-god. Even with the help of the Xuan formation, it was still not enough to make up for the difference between him and a mid-tier seven-star earth-god!

Moreover, Fang longqi must have cultivated battle tactics to increase his combat strength!

In other words, even if Hall Master Fang only gave Fang longqi a mid-tier seven-star earth-god instrument, it would be enough to crush Chen Xiaobei!

“Apart from the earth-god instrument, Hall Master Fang will give Fang long another trump card!”

“Hall Master Fang has been in charge of the Pearl Hall for thousands of years,” said Lord Chi Ling in a deep voice, “the foundation that it has accumulated is extremely strong! Elixirs, talismans, spirit beasts, and even poisons were available! Therefore, you are no match for Fang longqi!”

“Heh, I don’t like what you’re saying!”

that’s right! Chen Xiaobei said, “originally, to measure a person’s strength, we don’t just have to look at magical treasures, pills, and other external forces! A person’s state of mind, wisdom, courage, and action are more important. Most importantly, luck and opportunities!”

“You ... What do you mean?” Lord scorching heat was stunned and asked doubtfully.

“I mean ...”

Chen Xiaobei’s voice was calm, but it exuded a domineering aura. “Even if Fang longqi’s trump card is stronger than mine! However, as long as he dares to provoke me, I will not hesitate to fight him head-on! I’ll let you know that trump cards are always secondary! Only when you’re strong can you be truly strong!”

“You’re crazy!”

Lord scorching heat said worriedly, “let’s not talk about the fact that you’ll lose for sure!” Even if you really win! The Fang family would definitely seek revenge! At that time, forget about joining the headquarters, I’m afraid you won’t even be able to stay in the Pearl Hall!”

“Heh, then you just wait and see!” Chen Xiaobei smiled.

.....

After the call, Chen Xiaobei left the Pearl Hall.

The plan to capture the five-star earth-god level demonic beast had to be completed before the relic exploration.

Chen Xiaobei’s original plan was perfect, but now that gofang longqi had appeared, Chen Xiaobei had to make himself as strong as possible.

After asking Baili tiantu, Chen Xiaobei immediately rode a cloud to a primeval forest tens of thousands of miles North of the Pearl Hall.

After a few hours, Chen Xiaobei found a five-star earth-god demonic beast in the forest!

The witch Dragon heavenly flame crushed the demonic beast directly!

The chaos Blood Sword had already digested the nascent soul of the armed Battlesuit and advanced to three-star earth-god level. At this moment, it grabbed the nascent soul of the five-star earth-god demonic beast and began to devour its origin!

In about five days, the chaos Blood Sword would be upgraded again!

Chen Xiaobei stored the blood of the demonic beast, and when he had more time, he would start refining his body.

Chen Xiaobei's first time cultivating his body had taken him almost 20 years! In the outside world, it would normally take five days!

This time, he had to break through to a higher physical level, so it would naturally take more time.

However, he would be leaving for the remains tomorrow, so he would not be able to refine his physique in time! He could only wait for a chance later to start body refining!

It was obvious that Chen Xiaobei's training took a long time each time, and it would get longer and longer!

However, with the help of the "sky-killing tyrant body technique", every time he trained his body, he could directly break through a big realm of physique! With no upper limit and no obstacles, even with a trash cultivation, he could reach the peak of the physical body realm!

With such a huge advantage, it was normal for him to take a longer time to cultivate!

Moreover, the sky killing tyrant body technique had an even more overbearing advantage, which was healing!

When Chen Xiaobei first cultivated the heaven-killing tyrant body technique, his health was completely destroyed and his life was hanging by a thread. But after this, his health started from zero and broke through nine major realms, and his injuries were completely healed!

With such an advantage, it was only natural for him to take a long time to cultivate!

After all, the stronger one's physical body was, the harder it was to heal once one was injured!

It was just like how Minghe had been injured by Tathagata for hundreds of millions of years. He had to ask Chen Xiaobei for pills from the Grand deity Zhen Yuan to gradually recover!

But if Minghe could practice the sky-killing tyrant body technique, his injury would have been healed long ago!

There were gains and losses. The sky-killing tyrant body technique had many heaven-defying advantages, so the cultivation speed would naturally be slower!

However, this slowness was also relative!

It only took Chen Xiaobei 20 years to upgrade his three-star physique to four-star! Compared to the vast majority of immortal cultivators, this speed was already considered extremely fast!

Only an extremely small number of geniuses, under the guidance of a great teacher and the consumption of a huge amount of resources, could achieve such a speed of improvement!

In comparison, Chen Xiaobei only needed a pool of beast blood to replace the countless cultivation resources of others. This showed the power of the sky-killing tyrant body technique!

“The beast blood is done!”

Chen Xiaobei kept the demonic beast’s body and rode on the somersault cloud again. I have to go to the Dong Sheng merchant Association overnight to exchange this corpse for more spiritual stones!

### Red Envelope Group of the Three Realms

#### **Chapter 2670: arrogant and overbearing**

Dongsheng Chamber of Commerce, golden cloud City branch.

The Golden cloud City that they were in was the main city closest to Pearl Hall.

The reason why he chose this place was so that he could return to Pearl Hall after he was done selling the demonic beast’s body.

When Chen Xiaobei arrived, it was already night time. The city was bustling with noise and excitement.

Of course, Chen Xiaobei was not in the mood to hang out. He went straight to the Dongsheng Chamber of Commerce after entering the city.

Time waits for no man. Chen Xiaobei had to get this done quickly and return to the faction. If he was late, he might lose this important opportunity.

This branch of the Dong Sheng merchant Association in the Golden cloud City was very large in scale. Every day, guests came like clouds, and they made hundreds of millions of Yuan a day.

But tonight was an exception.

As a group of arrogant and overbearing young men barged in, all the guests were driven out.

“Aiyaya! Isn’t this young master Fang? That wind brought you here!”

The branch president, Lu Guangdu, greeted him with a smile. He was an old man, but he was very respectful to ‘young master Fang’.

That’s right, young master Fang was the boss of this group of young people.

It was easy to tell from the gorgeous clothing and arrogant personality of this group of young people that they all had extraordinary identities and positions.

Their ancestors must have come from golden Fate City, or even the entire Pearl region, with great power and heritage!

And this young master Fang’s status was obviously the highest among this group of people! His family background must also be the deepest!

It was no wonder that the president of the Dongsheng Chamber of Commerce's branch had to be respectful to this young master Fang. He definitely didn't dare to neglect him!

"Cut the crap!"

Young master Fang looked up and was extremely arrogant. He didn't take Lu Guangdu, the president of the branch, seriously at all. "I'm going out to carry out an important mission tomorrow! I'm here to sell some things! I'll use it to activate the earth-god instrument that my grandfather gave me!"

"Heavens! Which earth-god instrument did Hall Master Fang give you?" Yuan Hongjian? " Lu Guangdu asked in surprise. Yuan Hongjian? " Or the nine tunes heavenly snake ring?"

Oh, my grandfather dotes on me so much. Of course, he'll give me both earth-god instruments! Young master Fang raised his chin and was extremely proud.

"Awesome!"

Lu Guangdu swallowed his saliva and flattered, " "With these two earth-god instruments in hand, young master Fang's operation will be smooth-sailing! I'm sure you'll be able to make the greatest contribution to the Pearl Hall!"

As soon as he said that, the group of young people around him followed suit and started to flatter him.

"Is there a need to say this? Young master Fang, there's a ten thousand percent chance of success!"

"That's a must! Young master Fang has always been wise, mighty, and domineering. With Hall Master Fang's full support, this operation will not succeed unless the sun rises from the North!"

"Young master Fang is so cool!"

"Young master Fang is invincible!"

Obviously, this group of young people followed young master Fang for a living. When they flattered him, they had no moral integrity at all. They started with a wave of brainless flattery!

"Hahaha ... Well said!"

Young master Fang was vain and enjoyed the feeling of being flattered. He said arrogantly, " "You're all my Good Brothers! From now on, you can do whatever you want in the Pearl region! If there's anything, just say my name!"

"Many thanks, young master Fang! thank you ... the group of young people smiled and continued to flatter young master Fang without shame.

.....

At the entrance of the Chamber of Commerce.

Just as Chen Xiaobei was about to enter, he was stopped by two shop assistants.

"Stop!"

The two shop assistants were fat and thin, but their eyes were full of contempt, and their tone was extremely unfriendly. "Are you blind, kid? Didn't you see that all the guests have been driven out?"

"Why were you kicked out?" Chen Xiaobei's face turned cold. He was not happy with their attitude.

"Are you really stupid or are you just pretending?" "Young master Fang has come to our Chamber of Commerce. Before he leaves, no one else is allowed to enter!" The fat man said with a look of admiration.

"Which young master Fang? How can you be so arrogant?" Chen Xiaobei asked coldly.

"Idiot!"

The skinny man rolled his eyes at Chen and said, "You don't even know the famous young master Fang? He actually still dared to stay in the Pearl region? Truly, the ignorant are fearless!"

Chen Xiaobei was a little angry and said, "That Fang guy is a guest, am I not? I've never heard of the Dongsheng Chamber of Commerce rejecting other customers for one customer!"

Fatty said disdainfully, "Hmph!" Who Do You Think You Are? How our Dongsheng Chamber of Commerce does business is our business. It's none of your damn business!"

"Hurry up and get lost!"

The Thin Man even cursed and drove him away, "get out of our sight in three seconds. Otherwise, we'll call the guards and you'll die today!"

"I'll also give you three seconds!"

Chen Xiaobei said coldly, "If you don't move away in three seconds, don't blame me for being impolite!"

Chen Xiaobei could be persuaded by reason but not cowed by force. If the two shop assistants could explain to him politely, Chen Xiaobei would leave peacefully and find another Chamber of Commerce!

However, these two snobbish things made Chen Xiaobei very unhappy. Even if Chen Xiaobei could go to other Chambers of Commerce, he would not go now. He had to go to this one!

"Guards! Guards! Someone is causing trouble!" The two shop assistants did not care about Chen Xiaobei's warning at all. They yelled at him.

"Pa! Pa!"

The next moment, Chen Xiaobei swung his arm and slapped the fat man on the ground. Then, he slapped the skinny man on the ground.

"

The two of them did not have a high cultivation level, so they took the full brunt of Chen Xiaobei's slaps. Their teeth were all broken, and blood was spurting out of their mouths. They could not even get up from the ground!

"You dare to stop me! Kill without mercy!"

Chen Xiaobei looked at them coldly and walked into the Chamber of Commerce.

The two shop assistants naturally didn't dare to stop him. They could only roll and crawl behind him. At the same time, they took out their mobile phones and contacted the guards.

"Who's in charge here? Get over here!" Chen Xiaobei walked into the hall and shouted.

"What's going on?"

As soon as he said that, all the eyes in the hall immediately turned to him.

"President ... President ..."

At this moment, the two shop assistants scrambled in and wailed hysterically, " "This kid barged into the Chamber of Commerce! We tried to stop him, but he beat us up until we were seriously injured!"

"This is not only a slap to us, but also a slap to the face of the Dongsheng Chamber of Commerce! If we don't punish him severely, any Tom, Dick, or Harry will dare to come to our Dongsheng Chamber of Commerce and cause trouble in the future! That's not good!"

"What? There's someone who dares to break into the Dong Sheng merchant Association?"

Lu Guangdu was stunned and said angrily, " "I've been in charge of this branch for hundreds of years, and I've never met such a bold fanatic!"

"You're the president?"

Chen Xiaobei looked at Lu Guangdu coldly and said, " "Get over here, or I'll whip you too!"
