Chapter 3031: complete submission

Donghuang! The celestial Emperor!

These four words coming from Chen Xiaobei and soul Hunter's mouth would not have shocked the demon fighter at all.

After all, there were many great emperor-level experts in the earth immortal world.

In terms of strength, the demon fighter Vajra was a Supreme Master above great emperors.

Therefore, when Chen Xiaobei asked the demon fighter to look for donghuang Taiyi, the demon fighter thought that he was looking for an Emperor-level powerhouse.

However!

The meaning of the words "East Royal Celestial Emperor" was completely different when they came out of the mouth of the Arctic Dragon!

One must know that The Arctic Giant flood Dragon was an elder of the demon race that had existed since ancient times. It was a rare immortal beast and the number one person below the peak of the Supreme level!

In the eyes of the Arctic Dragon, the great emperors of the earth-immortal realm were just like ants!

Even the top Supremes in the earth-god Realm were not respected by the Arctic Dragon!

However, the North Pole giant flood Dragon was very respectful to the East Emperor Taiyi, and even called him the heavenly Emperor!

From the attitude of the Arctic Dragon, it could be seen that the status of the eastern Emperor Taiyi was 108000 times higher than that of the peak Supremes in the earth-god Realm!

This alone was enough to make the demon-subduing Vajra's heart jump with fear!

What was even more ridiculous was that Chen Xiaobei's status was even higher than Eastern Emperor Taiyi's!

The Arctic Dragon had even said that even Chen Xiaobei's Lackey had a status far above that of a Supreme-being in the earth-god Realm!

The demon-subduing Vajra was dumbfounded and couldn't believe his ears.

The king Kong could not figure out who Chen Xiaobei was.

At this moment, the demon fighter's mind was shaken, and he had an unprecedented thought.

She might as well join Chen Xiaobei!

According to the Arctic Dragon, even the Bodhisattva of the Holy tower of the ten thousand Buddhas Pagoda could not compare to Chen Xiaobei's dog!

If that was the case, the demon fighter would submit to Chen Xiaobei. It would have a better future than returning to the ten thousand Buddhas Pagoda!

“Ice worm, come down!”

At this moment, a calm voice came from below.

The voice wasn't loud or showy, but it exuded a strong aura.

Just by listening to the voice, one could know that it must be a domineering and powerful superior.

“Ice worm?” The Vajra was a little surprised and confused.

“Yes, sir!” The Arctic Dragon responded, turned around, and flew towards the broken ice.

Oh my God ... the demon Vanquisher King Kong almost peed.”Even the three Supreme Masters of the demon race had to show some respect to the ancient giant dragon, but someone actually called it an insect? This is crazy ...”

“Chi ...”

Very quickly, the Arctic Dragon flew back.

At this moment, a handsome young man in a golden Nebula robe was standing on its huge head.

That's right!

This young man was the reincarnated Eastern Emperor Taiyi!

If it was anyone else who had called her an ice worm, the giant Arctic Dragon would have flown into a rage and killed someone on the spot!

Only when the eastern Emperor Taiyi was called Bing Chong 'er would the Arctic Dragon accept it willingly, and even treat it as an honor!

The decree of the heavenly Dao, Pangu opened the sky, Nuwa created the spirit, and Taiyi ruled the world.

In terms of seniority, Taiyi was one of the first peak ancient gods to be born at the beginning of chaos!

In terms of strength, Taiyi controlled the bell of chaos, the most precious treasure of the Three Realms. He had once fought the eight ancestors of sorcery alone and eventually died together with them!

In terms of background, Tai Yi unified all the tribes in the untainted land and became the heavenly Emperor. His honorific title was the East Emperor, and he was the earliest Orthodox Supreme in the Three Realms! He had endless wealth and knew the top secrets of the world! Cultivation techniques, divine arts, heavenly treasures, there were all sorts of things!

If Taiyi had been able to defeat the eight ancestors of sorcery and survive the Tribulation of sorcerer and demon, he would have been able to prove his Dao with his strength and become a heavenly path Sage!

From this, it could be seen that East Emperor Taiyi's status was only slightly inferior to the heavenly path sages!

The Arctic Dragon was naturally willing to accept the call of “ice worm.”

Being the East Emperor Taiyi’s megaphone, the North Pole giant flood Dragon even felt that it was a great fortune that it had accumulated over several lifetimes.

greetings ... Greetings, Your Excellency donghuang ...

The Vajra only felt a strong Emperor’s pressure from Taiyi, which made the Vajra subconsciously bow to him.

“What?”

However, the demon fighter was lifted up by an invisible force halfway through his kneeling, and he couldn’t help but stand up.

you’re bro bei’s subordinate. You don’t need to bow to me! Taiyi had a handsome face and his black hair fluttered in the wind. He really had an extraordinary bearing and was suave and elegant.

“What a high cultivation!” The demon Vanquisher Vajra gasped.

The invisible force just now was actually not invisible, but a tiny thread of true energy released by the East Emperor Taiyi!

Although it was barely visible, the power of this vital essence was so strong that even the demon-subduing Vajra couldn’t resist it!

Without a doubt, Taiyi’s cultivation had already reached the peak of nine-star Heavenly Tribulation!

I didn’t expect ... That there would be a peak Supreme martial artist hidden under this ancient ice field! The Vajra swallowed his saliva and was even more in awe of Taiyi.

“There’s no need to make a fuss,”

there’s an ancient immortal mansion under the ice field. I just inherited some ancient immortal’s inheritance. Taiyi shrugged. I can help you reach the peak of tribulation transcendence at any time, bro bei!

how ... How is this possible?! The demon Vanquisher Vajra’s hair stood on end upon hearing this.

In the past hundreds of millions of years, there were less than 20 peak Supreme martial artists in the earth-god Realm!

A portion of them had failed their tribulation and had already died.

There were only 11 peak Supreme martial artists left, including the Blood Moon Swordmaster who had escaped from the seal!

Even if one used their toes to think, they would know how difficult it was to become a peak Supreme martial artist!

However, according to Taiyi, creating a Supreme martial artist at the peak was as easy as eating and drinking!

It simply destroyed his three views!

Of course, this was not strange at all!

Who was Taiyi?

He was a super existence only second to the heavenly path sages!

What was a peak Supreme martial artist?

They were only the strongest in the earth immortal world, not even as strong as the weakest celestial immortal!

It wasn't an exaggeration to say that Taiyi had countless ways to quickly make someone reach the peak of the Supreme level!

"Mr. Taiyi! Let's go back and see master now!" "I'll leave my cultivation to you!" The Vajra said excitedly.

as long as bro bei agrees to it, this is not a problem at all. Taiyi's tone was calm, as if everything was under his control.

"Thank you, thank you! Let's set off now!" The Vajra couldn't wait.

"Didn't you want to return to the ten thousand Buddhas Pagoda?" I'll come out of your body now. You don't have to see bro bei anymore!"

"No, no, no! I was wrong!"

The demon Vanquisher Vajra said seriously, "It was my fault for not recognizing Mount Tai earlier! From now on, I swear that I'll be master's dog in life and master's ghost in death! If there's any betrayal, let me be struck by lightning and be destroyed in both body and soul!"

"Heh, you're smart!" "Return immediately!" Soul Hunter laughed. Go and help bro bei!"

"Yes!"

The Vajra gritted his teeth and was instantly filled with battle intent. "I will do my best for master!"

Chapter 3032

3032 The White Snake ring

"Gulp ... Gulp ..."

Chen Xiaobei had a water repelling Pearl in his body, so diving into the lake was like walking on land. He could move freely and quickly.

Chen Xiaobei reached the bottom of the lake.

"Whoosh ..."

Chen Xiaobei took out the fifth token that Nalan Yonghe had given him and started to practice the four symbols killing formation!

Chen Xiaobei was certain that the token was the key to the treasure of the dark-kind because the original owner of the token was not just one of the core elders of the sect, but also a member of the dark-kind.

After the destruction of the weapon Mystic sect, the elder of the Xiu clan found this place through the psyche power of the Xiu clan ancient immortal and left the token by the lake.

This was enough to show that the token was closely related to the treasure in the lake.

Of course, why would the core elder of the Qiang tribe of the Supreme weapon sect do that? And where did he go after that? None of this was known.

Perhaps he was wise enough to leave the token behind and wait for the descendants of the Qiang tribe to come and solve the secret.

Even if an outsider like Nalan Yonghe picked up the token, he wouldn't be able to sense the psyche power of the Xiu clan's ancient immortal.

It was even more impossible to unravel the secret at the bottom of the lake!

"Hualalala ... Hualalala ..."

As the four symbols killing formation was activated, the mental energy of the Xiu clan's ancient Immortals in the lake became stronger and stronger.

From the mud at the bottom of the lake, four huge stone pillars slowly rose up!

There was a Green Dragon totem carved on the eastern pillar! The Western pillar had a White Tiger totem carved on it! The Vermilion Bird totem was carved on the southern pillar! The Black Tortoise totem was carved on the northern pillar!

Chen Xiaobei's judgment was correct!

"Swish!"

In the next moment, the special weapon Mystic token was swept away by a mysterious force and flew directly to the center of the four stone pillars.

whoosh ... Whoosh ... Whoosh ...

As waves of energy rippled out, a large patch of four-colored talismans suddenly appeared from the soil right below the token!

Chen Xiaobei could tell that it was a special sealing formation!

Naturally, it was used to protect that Xiu clan treasure!

"Bang ..."

Soon, the runes collapsed and the array was unsealed. A green ring slowly floated out from the mud!

The ring was carved with exquisite snake scales, like a small white Snake coiling around.

It even exuded a surging life force, as if the little snake would come to life at any time.

“What kind of magic treasure is this?”

With a flick of his finger, Chen Xiaobei retrieved the White Snake ring and the weapon Mystic token.

Holding the White Snake ring in his hand, Chen Xiaobei frowned. what a mysterious power ... When I absorb it, it feels like winter has passed and spring has come. All living things are revived ... That’s the power of life. It’s so comfortable ...

Chen Xiaobei had never come into contact with such a talisman before, much less a power like this.

This mysterious life force seemed to be above ordinary special abilities, and it even contained traces of the heavenly Dao laws!

Time law, control of time!

Spatial dimension laws, control of space!

In that case, wouldn’t the life law be able to control life and death?

“When Nalan Yonghe fell from being poisoned, not only could the lake water detoxify him, it could also heal his injuries ...”

if I’m not wrong, this White Snake ring can’t cure Nalan Yonghe’s poison or heal him. It can only inject some life force into Nalan Yonghe’s body to make him stronger! Chen Xiaobei guessed.

just like how nature eliminates the weak and leaves the strong, the body’s cells that are damaged by the poison will die if they can’t withstand it. If they can withstand it, they will develop anti-poison!

if you have anti-poison cells, you can divide new cells to inherit the anti-poison and be immune to the damage of this poison!

at the same time, vitality will speed up the regeneration of cells. Naturally, the injuries on the body will also recover quickly!

With the scholar heart, Chen Xiaobei’s analytical ability was much stronger than the average person.

Based on his understanding of the power, he quickly deduced a general idea.

“But ... It’s a little strange ...”

this White Snake ring seems to be damaged ... Chen Xiaobei frowned. it doesn’t have an owner, but it can’t communicate with me ...

“No matter! Let’s wear it first! It was already very good to be able to resist poison and strengthen the body! As for the missing parts, I’ll think of a way to find them in the future!”

Chen Xiaobei put on the White Snake ring, turned around, and floated to the surface.

The moment he stepped out, Chen Xiaobei heard the cries of the reborn ghost king and Nalan Yonghe.

“My God ... What ... What is going on?”

The reborn ghost king was dumbfounded. He was a ghost to begin with, but he revealed a horrified expression as if he had seen a ghost. the lake is becoming dull ... The grass is drying up quickly ... The surrounding maple forest is also withering ...

“Master ... What did you do?”

Nalan Yonghe’s scalp was also numb as he trembled. if this continues, in a few minutes, this paradise will turn into a barren land like the Montenegro above!

“This ...”

Chen Xiaobei emerged from the lake, his face full of shock. “Could it be that the vitality of this red maple forest is maintained by the White Snake ring?”

“The White Snake ring?” The ghost king and Nalan Yonghe’s eyes fell on Chen Xiaobei’s hand.

He couldn’t believe that the strange scene in front of him was actually related to that small ring.

“That’s not right ...”

“This White Snake ring can release life force!” Chen Xiaobei said. However, the amount released is far from enough to sustain the growth of such a large maple forest!”

“Besides, even if the White Snake ring doesn’t release life force, the surrounding plants should be dying slowly! The rate at which it’s dying is more like it’s being forcibly sucked away by something!”

Chen Xiaobei focused his mind and activated his netherspirit battlescouter and golden gaze fiery eyes.

“West!”

Soon, Chen Xiaobei realized that the White life force was being attracted by some mysterious force, and was flowing from the ground to the West of the maple forest!

“I was right!”

Chen Xiaobei speculated, ‘something in the West must have reached an equilibrium with this White Snake ring! When the White Snake ring was still around, that thing’s power could not break the balance! Now that I’ve taken the White Snake ring, that thing’s power can be unscrupulous!’

“What ... What is that thing?” The reborn ghost king and Nalan Yonghe couldn’t help but swallow their saliva.

“If I’m not wrong, it might be the other half of the White Snake ring!”

the White Snake ring contains the law of life. It releases life force and allows all living things to grow! Absorbing life force would cause the death of all living things! Life and death sharing the palm is the complete set of nomological laws!”

Oh my God ... That’s too terrifying ... the reborn ghost king gasped.

ugh ... Nalan Yonghe wailed, and his face instantly turned pale. the vitality of the surrounding vegetation has been sucked dry. Now it’s my turn ...

Chapter 3033

3033 Absolute forbidden area

“Quickly come to my side!”

stop! Chen Xiaobei shouted.

“Phew ...”

Nalan Yonghe ran to Chen Xiaobei’s side and heaved a sigh of relief. it’s too terrifying ... Just now, I could clearly feel that there seemed to be a huge hole in my dantian, and my true essence was flowing out rapidly ... My body was also like a broken ball, and my strength was being drained ...

The ghost king of reincarnation flew to Chen Xiaobei’s side and said, “ the thing in the West is too terrifying ... My magical body is a special spiritual body, but I can’t escape its absorption ... It seems that even if a ghost comes here, it will be completely absorbed!

“Calm down, let’s go and take a look!”

Oh? ” Chen Xiaobei said, “ if I’m not mistaken, that thing will be a high-tier heaven-immortal instrument when combined with the White Snake ring!

“A high-rank heaven immortal tool? Is this for real?” The reborn ghost king and Nalan Yonghe said in disbelief, “There are only one-star heaven immortal artifacts in the earth-god Realm, and a two-star one is enough to make you invincible! There’s no need to even mention a high-rank heaven immortal tool!”

that’s right! Chen Xiaobei nodded. a magical treasure that can contain laws, even if it’s only a small amount, is definitely better than a low-grade heaven-immortal instrument!

“Then what are we waiting for? Let’s go!” The reborn ghost king was impatient.

“Let’s slow down ...”

“This is the Obsidian Dragon tomb!” Nalan Yonghe was a little worried. The maple forest has turned into a land of death, and I’m afraid that danger will soon come ...”

“Woof! Buzzzzzz! Yi ...”

Before he finished his words, countless black shadows rushed over from all directions.

Like a burning Beacon, the black shadows rolled and did not dissipate for a long time, covering the little light left in this space.

There were simply too many black shadows. Not only did they cover the sky, but they also completely surrounded all paths of retreat.

There were no blind spots, they had to kill the three of them.

what the hell are these things ...? Nalan Yonghe’s cultivation was the lowest, and a lot of his power had been sucked away just now. He was extremely flustered.

what a strange thing ... Chen Xiaobei frowned, puzzled."No demon! No ghost! Not a devil! He's even more inhuman!"

"This might be a summoned creature ..." The ghost king of rebirth furrowed his brows.

"A summoned creature? What's that?" Chen Xiaobei asked.

the summoning technique is an ancient secret technique ... the reborn ghost king said, " through a special spirit medium, by burning a huge amount of energy, you can summon a powerful existence that doesn't belong to this world!

summoning!?

"Isn't the Jade virtual Palace's highest secret manual, Jade pure spirit invitation mantra, the most powerful great summoning technique in the earth immortal world?" It's said that it can invite a God to help it in battle, and its power is extremely terrifying!"

"Hollow Jade temple? Ask the gods to help?" that's not a true God! Chen Xiaobei said. otherwise, wouldn't the Jade virtual Palace be invincible? "

"Of course he's not a true God!"

The rebirth ghost king explained, " the things summoned by the summoning technique are just projections in the void formed by energy. They're equivalent to illusory clones. Their strength is only at the level of a one-star heaven immortal. They're far from comparable to divine level!

that's still very powerful ... Nalan Yonghe sighed, " "Asking for the help of a heaven immortal's clone is equivalent to getting the help of a heaven immortal! I can even walk freely in the earth-god Realm!"

The reborn ghost king said,"the hollow Jade temple is second only to the Tianji city. It is ranked second in the earth-god Realm!" Of course, you can do whatever you want!"

Nalan Yonghe nodded, but suddenly screamed,"Not good! Those things are coming!"

"Woof! Buzzzzzz! Yi ..."

As he spoke, the black shadows did not stay idle. After surrounding the area, they rushed over at an extremely fast speed!

From afar, they looked like black smoke beacons. When they got close, they turned into ferocious demons!

These abominations had horns as large as water buffaloes, wings as fleshy as the blood clan's, and scales and dorsal fins like the water dwellers!

They bared their fangs and brandished their claws, looking extremely ferocious!

If they swarmed over like a swarm of bees, even a giant beast would be instantly gnawed into white bones! No! Not even his bones would be left!

In an instant, the reincarnation ghost king and Nalan Yonghe, who were busy talking, were caught off guard.

Luckily, Chen Xiaobei was always calm and alert!

“BOOM! BOOM!”

Chen Xiaobei’s eyes lit up, and two Wyvern flames burst out of his body!

The power of a mid-stage eight-star earth-god was already considered a high-level expert in the earth-god World!

The two purple-gold fire dragons charged out and instantly crushed thousands of black evil demons!

The power of the two dragons did not decrease as they continued to charge into the black shadows behind them. They charged back and forth like the wind sweeping away the clouds! Wherever it passed, the black evil demons were instantly destroyed without any ability to resist!

master is so strong ... Nalan Yonghe exclaimed.

The rebirth ghost king frowned slightly and said with some disdain, “Is this the danger of the Obsidian Dragon tomb? That’s all you’ve got!”

“You’re so silly!”

Nalan Yonghe frowned and said, “if not for master’s white Snake ring!” You’d be dead by now!”

“This ...”

The ghost king of rebirth’s expression froze for a moment, and he said with embarrassment, “We were talking about summoning creatures for a long time, and I forgot the most important thing ...”

there’s a foreign object in the West that’s constantly absorbing vitality. If it weren’t for the White Snake ring, we would’ve been dead without the help of these dark evil demons!

The rebirth ghost king composed himself and sighed, “Evil creatures absorb vitality, and summoning creatures consume spiritual energy from magical treasures! As time passes, even a peak Supreme martial artist with a heaven immortal artifact will be slowly worn out and die Here!”

“From the looks of it, the Obsidian Dragon tomb is truly a forbidden land of death! Even if a real celestial immortal comes, I’m afraid he won’t have a good time!”

If Chen Xiaobei did not take out the White Snake ring, he would be dead for sure.

Now that he had the White Snake ring, he could at least prevent his life force from being sucked away.

After breaking through the encirclement of these darkness evil demons, they would be able to continue advancing.

“Master! I’ll help you!”

The reborn ghost King’s Black robe fluttered and suddenly exploded with a terrifying and unparalleled true essence.

“” Mo Luo phaseless art “!”

In an instant, eight demonic arms were raised!

The arms of white bones, rotten flesh, fire, and poisonous gas all activated their unique vital essence and transformed into four giant ghost generals!

White bone waved his claws, which were as sharp as swords! The carrion ghost General's defense was tyrannical, and it charged forward! The fire spirit general was bathed in flames and destroyed everything in its path! The poisonous ghost general attacked with its Qi, covering the entire area!

The rebirth ghost King's cultivation had reached the early stage of nine stars tribulation passing stage, and the "mo Luo phaseless Art" was a one-star heaven immortal level cultivation technique. It was almost invincible among those of the same level!

The four ghost generals worked together with the two purple-gold fire dragons and quickly cleared a path!

"Don't be stunned! We'll charge West with all our might!"

that's right! Chen Xiaobei said, "the key to solving this is the treasure in the West!"

Chapter 3034: arrival of a powerful enemy

"BOOM! BOOM! Boom ..."

The two purple-gold fire dragons and the four ghost general Dharma forms cleared a path in front of them. They swept away a large number of black demonic creatures with invincible might.

In order to increase their speed, the reincarnation ghost king used his ethereal force to carry Chen Xiaobei and Nalan Yonghe, and flew towards the West.

Soon, the three of them rushed out of the withered maple forest.

The maple forest was originally within the Obsidian Dragon tomb. After charging out, the surrounding environment was also dark.

Not even a blade of grass grew in the surroundings, and it was endless desolation.

Even if he expanded his essence soul domain to the extreme, he could not sense the existence of any life.

The main point was that there were still dark demons appearing in the surroundings.

Moreover, the closer they got to the West, the stronger the demons became.

Life devouring and endless demonic creatures-this was the most terrifying aspect of the dark Dragon tomb!

Luckily, Chen Xiaobei had found the White Snake ring in advance. If it was anyone else, they would not be able to move a single step in this place!

The forbidden land of death was indeed worthy of its name!

master, the summoned monsters are getting stronger and stronger ... Should we continue to approach the West? "

The reborn ghost King's brows furrowed tightly. Although he had not suffered any injuries during the long run, he had consumed a lot of Zhen Yuan. If he ran out of Zhen Yuan, he would lose his combat power, and the consequences would be unimaginable!

"Continue! We're almost there!"

Chen Xiaobei's face was dark as well. The witch Dragon Flame was strong but it would consume Chen Xiaobei's ethereal force and mental power.

If Chen Xiaobei had not broken through to the nascent Soul Stage and traveled such a long distance, he would not have been able to release the witch Dragon Flame.

Luckily, Chen Xiaobei was wearing the White Snake ring. He could clearly feel that the force of rejection was getting stronger.

This meant that he was getting closer and closer to the treasure that could absorb life force.

As long as he could get his hands on this treasure, Chen Xiaobei would have a way to resolve the most fatal danger in this forbidden land of death.

Victory was almost within reach!

"Woof! Buzzzzzz! Whoosh!"

Suddenly, three extreme shadows descended from the sky and charged at Chen Xiaobei! Chen Xiaobei's plan was ruined!

"Not good!"

The ghost king's expression changed drastically as he cried out in extreme fear, "Master, save me! They were three peak Supreme martial artists! Looking at their speed and power, they definitely didn't come with good intentions! If we can't, we'll die!"

"Oh my ..."

Nalan Yonghe sucked in a breath of cold air and almost peed his pants. "How can a peak Supreme martial artist appear? This was the Obsidian Dragon tomb! How could they dare to rush in directly? Aren't you afraid of your life force being sucked dry?"

"Swish!"

Chen Xiaobei immediately took out his destructive hou and glared at the three extreme shadows.

Whoosh ... Whoosh ...

The three extreme shadows seemed to know the power of the destruction of heaven and earth banner. They quickly slowed down and did not continue to charge over!

However, they seemed to have a way to deal with the destructive hou. They were flying around at a moderate distance, forming a triangle around Chen Xiaobei and the others.

After the three of them slowed down, they could finally see their faces clearly!

The man on the left had sword-like eyebrows and bright eyes. He was extremely bold and was riding on a green horse!

The one on the right had a black face and was ferocious. He was riding a Yellow Horse!

The person in front had a cold face and Eagle eyes. His aura was heavy, and he was riding a Black Horse!

The three horses all had their four hooves in the air and were several meters above the ground. They seemed to be running but were actually flying!

[ding! Found reincarnated ancient immortal Wen pin!]

[ding! Discovered reincarnated ancient deity Chui Ying!]

[ding! Discovered reincarnated ancient immortal jiang xiong!]

A notification from the Three Realms illustrations appeared in Chen Xiaobei's mind.

[ding Qianqian: one of the generals under North count hou Chong's Black Tiger Camp. Extremely powerful. The divine Qingfu horse he rides has the wood spirit ability. It's a high-rank immortal beast!]

[cause of death: severely injured by Zhang kui's horned black smoke beast in the Mianchi battle. Zhang kui killed it with a single strike!]

[ding! Cui Ying: one of the generals under the black Tiger's banner, hou Chong of the North. Extremely powerful. Riding a divine yellow majestic horse, it has the Earth Spirit's ability and is a high-rank immortal beast!]

[cause of death: injured by Gao Lanying's two Sun Moon blades, then killed by Zhang kui with one strike!]

[jiang xiong: one of the generals under hou Chong's Black Tiger Camp. Extremely powerful. The divine dark demonic horse he rides has the wind Spirit ability. He is a high-rank immortal beast!]

[cause of death: Gao Lanying pierced her eyes with the taishu needle, and Zhang kui killed her from the back with a single Saber Strike!]

"The three of you are not the disciples of the tribe of severity!"

Chen Xiaobei glared at her and said, "If you piss me off, I'll let you die again!"

"Chen Zhufeng! Don't you dare be so arrogant!"

Wen pin said coldly, "the three of us are peak Supreme martial artists, and our spirit beasts are also at the peak of the Tribulation passing stage!" If we were to fight, we might not be afraid of you!"

The rebirth ghost king and Nalan Yonghe both gasped at this. "The three men and three horses are all peak Supreme martial artists? Oh my God ... Weren't there only eleven peak-stage Supreme martial artists in the earth-god Realm? When did you get so many?"

Chen Xiaobei, on the other hand, was calm. He was using his netherspirit battlescouter to check his opponent's strength, and his golden gaze fiery eyes to see if there were any hidden secrets in his opponent!

Using his netherspirit battlescouter, he found that the three men and three horses were all at the peak of the crossing calamity stage.

His physical body and combat power had both reached 333.3 billion.

Their lifespans were all around three million years.

Primordial spirit attacks were all at the seven-star heaven immortal level. They were definitely not to be underestimated.

After scanning them with his fiery golden eyes, he discovered that they all had a special dharmic talisman hidden on them!

The talisman exuded a mysterious power that blocked the special ability of the treasure. Not a single trace of life force was lost!

Moreover, the countless dark demonic creatures around them didn't dare to approach them!

From this, it could be seen that these three people had come prepared!

Of course, this was not surprising. They were all ancient Immortals, and before they reincarnated, they were still high-ranked divine officials of the heavenly court!

To them, it was a piece of cake to resolve the dangers in the Obsidian Dragon tomb!

"I can see that you've already made full preparations! It's impossible that he doesn't know that I have a heaven immortal artifact!"

"Show me your trump card!" Chen Xiaobei said. Just the three of you are not enough for me to use the destruction of heaven and earth banner!"

As soon as he said this, the reborn ghost king and Nalan Yonghe were even more shocked."Could it be that they also have heaven-immortal artifacts in their hands? That's impossible ... There are only a few heaven-immortal artifacts in the earth-immortal realm, and there can't be any new ones! But without a heaven-immortal artifact, they wouldn't dare to come here and court death!"

"Chen Zhufeng! You're really smart!"

Wen pin smiled coldly and said,"to tell you the truth, not only do we have heaven-immortal artifacts, but we also have two!" You have no chance of winning this battle. Surrender obediently and you'll suffer less!"

"What? You have two heaven immortal artifacts?"

Chen Xiaobei said, " "Who is your master? How dare you violate the heavenly rules and give you a heaven-immortal artifact to use! Aren't you afraid of being punished by the Dao ancestor?"

[Red Envelope Group of the Three Realms](#)

Chapter 3035: fight to the death

heh, Chen Zhufeng, you can't even save yourself. How can you worry about us? "

Wen pin sneered and said, "I'm not afraid to tell you!" The master of our contract is a disciple of the clan of enlightenment! They would all follow the heavenly rules! I definitely won't be displeased before the cataclysm!"

but you've clearly obtained two heaven-immortal artifacts! That's already against the heavenly rules! there are other heavenly path Saints in the heavenly realm other than primitive! Chen Xiaobei said. someone will expose you for your reckless behavior!

"You're thinking too much!"

Wen Bing smiled nonchalantly without any worry. the heaven-immortal instrument in our hands is a projection clone summoned by a summoning talisman. It's not a real body!

"One celestial talisman can only be used once! After you use it, you leave no traces. Even if you report it to the Dao ancestor, what's the use if you can't produce any evidence?"

It was obvious that breaking the balance of the human world was a heavenly rule recognized by the Dao ancestor, and even the heavenly Lord Yuanshi did not dare to openly violate it.

However, there were policies at the top and countermeasures at the bottom!

The clan of enlightenment was smart enough to make a summoning talisman.

In this way, not only could they activate the power of the heaven-immortal artifact, but they could also take advantage of the loopholes of the heavenly rules without leaving any traces.

More importantly, even if they were to fall into Chen Xiaobei's hands, he would not be able to take away their weapons and help Chen Xiaobei increase his strength.

It was no exaggeration to say that this summoning talisman was the greatest invention for reincarnated ancient Immortals! Killing three birds with one stone was extremely practical!

However, this kind of summoning talisman might have just been developed, so there was a limited number of them.

Otherwise, Wen pin and the other two would have easily killed Chen Xiaobei with ten to twenty of these talismans.

"You only have two celestial talismans. What makes you think you can defeat me?"

Chen Xiaobei still had his doubts, but he could only try to get more information from the other party.

"We've already investigated clearly. Not only do you have the world-destroying banner, but you also have the nine heavenly net!"

"Our two immortal talismans have suppressed your two heaven immortal artifacts," Wen pin said. "The remaining three of us and three horses can easily crush you with our cultivation base! Is there any suspense to the outcome?"

As soon as he said this, the pupils of the reborn ghost king and Nalan Yonghe contracted, and a strong sense of uneasiness welled up in their hearts.

In their eyes, there was no doubt that Chen Xiaobei would lose this battle!

One had to know that the world-destroying banner and the nine heavenly lock net had only been injected with spiritual Qi to activate their power once each!

As long as the talismans could cancel out the power of the two divine instruments, Chen Xiaobei would not have the time to charge them with spiritual Qi again!

This meant that Chen Xiaobei could no longer use the two heaven-immortal instruments and could only fight with his cultivation!

However, Chen Xiaobei had just broken through to the nascent Soul Stage.

Even with the addition of the reborn ghost king and Nalan Yonghe, they were still no match for any of the other party's people.

It was clear that the enemy had really planned a dead end, and there was almost a 100% chance that they could kill Chen Xiaobei.

master ... Let's retreat ... We have no chance of winning this battle ... the reborn ghost king said with fear.

The enemy's strength was like a bucket of ice water that doused the reborn ghost King's will to fight. Other than running away, he had no other thoughts.

"Master ... Run ... Or it'll be too late!" Nalan Yonghe's cultivation base was too weak. Even if he risked his life, he wouldn't be enough to fill the gaps between the enemy's teeth.

"Woof! Whoosh!"

Without a word, Chen Xiaobei put the ghost king and Nalan Yonghe into the Meru space.

The two of them could not help at all, and all they could do was to talk dispiritedly. Chen Xiaobei was annoyed and decided to put them away.

At the end of the day, Chen Xiaobei could only rely on himself to deal with this battle!

"Chen Zhufeng!"

Wen pin narrowed his eyes, a cold aura exuded from his body, and his fighting spirit began to brew. "You're doing this because you're not planning to run away, and you're not planning to give in, right?"

"Hmph! The three of you aren't my match!" Chen Xiaobei's dark eyes were as bright as the stars. He would not surrender, let alone run away!

"If that's the case, then don't blame us for being impolite!" Wen pin snorted coldly and raised his hands.

"Woof! Whoosh!"

In the next moment, two silver immortal talismans shot up into the sky.

Everyone could clearly sense that a massive amount of spiritual energy was instantly burned in the two talismans, and the amount was definitely no less than 30 billion!

Whoosh ... Whoosh ...

In the next moment, the two celestial talismans transformed into two identical halberds!

Its edges and corners were like lightning, and its light was resplendent!

The spirituality of the two halberds was extremely powerful! The spiritual light was released, and before its power was activated, it had already formed two celestial God Dharma forms!

The silver-armored God was over a hundred meters tall, and he held two halberds that were as sharp as lightning in his hands. He looked down at all living beings, and even though he didn't move, he still exuded a sacred and solemn pressure!

"Come on! Chen Zhufeng! Bring out your heaven immortal item! According to our plan, you'll be walking towards your destined death! Hahaha ..."

Wen pin, cui Ying, and jiang xiong all burst into laughter.

His laughter was filled with pride and confidence.

In their opinion, the plan this time was flawless, and there was absolutely no possibility of any accidents.

The scene of Chen Xiaobei being killed appeared in their minds.

There was no suspense at all. It was only a matter of time.

boom boom boom ... Boom boom boom ...

As soon as he finished speaking, the power of the two silver halberds was fully activated.

There was no doubt that the enemy would not give Chen Xiaobei a chance to catch his breath, much less to replenish his spiritual Qi.

The two silver halberds were coming for Chen Xiaobei!

They were as fast as lightning and as powerful as meteorites. Even the two immortal generals in silver armor turned into two majestic immortal beasts in the process of charging!

A terrifying power suddenly descended, and the surrounding darkness was illuminated!

On both sides, the Montenegro Mountain that was millions of meters deep started to shake violently, and dragon-like ravines were formed!

The gloomy and hard ground under his feet could hardly bear the impact of a divine immortal!

Even though the two silver halberds had yet to land, the ground had already cracked into countless spiderweb-like cracks!

It was as if the two silver halberds would pierce through the earth and shatter it!

"The summoning talisman is indeed powerful!"

Chen Xiaobei frowned.

Although Chen Xiaobei looked uninjured under the terrifying pressure, the puppet's special ability had been activated!

Otherwise, the shockwave alone would have been enough to turn Chen Xiaobei into meat paste!

Whoosh ... Whoosh ...

Seeing the enemy's trump card, Chen Xiaobei did not hesitate to attack!

Heaven-destroying and earth-shattering banner! Nine heavenly locks net!

They were released at the same time!

A battle to the death!

Chapter 3036

3036 Ace activation

The annihilation star instantly burned up 30 billion pieces of superior spiritual energy!

In an instant, black and blood-red lightning rose up and collided with the lightning halberd on the left with the power of a divine fairy!

The power of the two was almost equal, and it was almost impossible to tell which one was stronger!

The result was that the black Thunder and blood Thunder gradually dimmed, and the lightning halberd and the immortal beast Dharma form gradually dissipated. Finally, they ran out of energy and returned to calmness!

On the other side, the nineclock heavenly net had also burned up 30 billion pieces of high-grade spiritual energy in an instant!

A large red net as red as fire spread out and blocked the other lightning halberd with the defense of a divine fairy!

Both sides were equally matched in strength, and in the end, their energy was exhausted, and they both lost their power!

"Chi ... Chi ..."

The destructive hou and the nineslope net's power subsided and they flew back into Chen Xiaobei's hands.

"Chen Zhufeng! Your heaven-immortal item can no longer be activated! We won't let you replenish your spiritual energy! At this point, are you still not going to admit defeat?"

Wen Bing's face was cold as he questioned her in a condescending manner. His strong aura was like a god questioning an ant.

Chui Ying and Jiang Xiong also glared at him, their eyes filled with battle intent. He would not give Chen Xiaobei a chance to catch his breath!

"It's impossible to admit defeat! I will never admit defeat in this life!" Chen Xiaobei's eyes were cold and his mind was determined!

Even death would not change his mind!

"Since you're so stubborn, then don't blame me for not being ruthless!" Wen pin's eyes narrowed and he said coldly, "Jiang Xiong! I'll leave it to you!"

"No problem!"

Jiang Xiong's face was cold, and his eyes were as sharp as a Falcon's. "Chen Zhufeng without his divine instrument is like a paper tiger without teeth! I can kill him with one hand!"

Jiang Xiong pulled on the reins, and the dark elegant horse neighed and charged at Chen Xiaobei!

"Die!"

With a thought, Jiang Xiong directly condensed a huge battle axe with his vital essence in his palm!

This guy was already at the peak of the nine-star tribulation stage.

Although the axe was made of vital essence, its power was comparable to a peak earth-god instrument.

With Chen Xiaobei's current cultivation, even if he used the witch Dragon Flame and the chaos Blood Sword, he would not be able to block half of Jiang Xiong's attack.

This was the difference in strength, an insurmountable chasm!

Based on this, the enemy was certain that Chen Xiaobei would die.

Not only the enemies, even the ghost king and Nalan Yonghe did not believe that Chen Xiaobei had any chance of winning.

However, Chen Xiaobei was not a reckless man!

Since he dared to stay, Chen Xiaobei naturally had a trump card to deal with this battle!

Of course, Chen Xiaobei did not have this trump card before. But now that he had broken through to the nascent Soul Stage, this trump card was activated!

"Witch Dragon's nine transformation! The eighth transformation!"

Chen Xiaobei growled, and his entire aura changed!

With Chen Xiaobei as the core, a terrifying purple-gold storm was formed!

The wild tornadoes twisted into heavenly pillars, shattering the cracked earth and hurting the dark sky!

Purple-gold lightning crackled around the tornado. Wind and thunder mixed together, and the sound shook the earth. The light was dazzling!

In the storm, an unprecedented extreme pressure burst out!

It was as if the air around them had been sucked out in an instant. Jiang xiong and the dark elegant horse, who had been so aggressive a second ago, suddenly felt suffocated!

“What a terrifying pressure!”

Jiang xiong calmed himself down and reined in his dark elegant horse, observing the phenomenon in front of him.

The purple-gold storm continued to expand, and the terrifying pressure became more and more intense, as if it contained some kind of destructive substance.

Not only Jiang xiong and the dark elegant horse, but even Wen pin, Cui Ying, the Qingfu horse, and the yellow striped horse could not help but narrow their eyes and their hearts beat wildly.

They all felt that they would be swept into the storm at any moment.

Their bodies were crushed by the wind blades, and their souls were destroyed by the lightning. They had no chance of survival!

“Ta! Peak!”

Suddenly, an extremely arrogant voice burst out from the purple-gold storm! It was extremely overbearing! It was an extremely cold roar!

“Not good! Jiang xiong! Be careful!”

Wen pin’s eyes narrowed and his expression changed drastically. He said unexpectedly, “Where did Chen Zhufeng get so much life? It can actually activate the eighth transformation of the witch Dragon nine transformation!”

Chui Ying’s brows were furrowed as well, her face filled with worry, “We miscalculated! Activating the eighth transformation of the witch Dragon nine transformation would consume 60000 years of lifespan! We didn’t expect Chen Zhufeng to have so much life!”

“Boom boom boom ...”

At the same time, the terrifying purple-gold tornado suddenly descended, blasting towards Jiang xiong and the dark elegant horse!

Whoosh ... Whoosh ...

Although Jiang xiong and the dark elegant horse were both peak earth Immortals, they didn’t dare to be careless at this moment. They both activated their protective Zhen Yuan to the extreme!

The two types of wind-attributed Zhen Yuan complemented each other and formed a huge wind Zhen Yuan barrier!

With the defensive power of this barrier, most of the attacks from peak earth-god level could be perfectly blocked!

“Boom boom boom ...”

However, the power of the purple-gold tornado was beyond imagination!

The wind blades and lightning were like a tsunami as they struck the barrier continuously, each moment erupting with a terrifying force!

“Ka! Ka ...”

In this stalemate, the wind attribute barrier created by Jiang Xiong and the dark elegant horse actually began to crack, and it looked as if it would completely collapse at any moment!

How ... How is this possible?!

Jiang Xiong was dumbfounded. He could not believe his eyes. The peak of the eighth transformation of the Witch Dragon Nine Transformations forcibly raises the user's combat strength to the peak state of a plane!

In other words, Chen Zhufeng's power should be at the peak of an earth level deity's power! Why is it that his strength alone is even more terrifying than the strength of a man and a horse?!”

Jiang Xiong and the dark elegant horse were both peak earth-god level, and Chen Xiaobei now had the combat power of a peak earth-god!

Two against one, Jiang Xiong and the dark elegant horse were at a disadvantage!

This was truly inconceivable and illogical!

“Chen Zhufeng must have some skills that can increase his combat power! We must not be careless!”

Wen Pin was very calm and cautious. He did not underestimate Chen Xiaobei at all. “Chui Ying! Let's kill Chen Zhufeng together! We can't give him any chance!”

There was no doubt that Chui Ying's judgment was accurate!

Chen Xiaobei had the primordial Witch King combat enhancement training manual and the astral Beast Battle tactics. These two skills could increase Chen Xiaobei's combat power by another level, on top of his peak-stage earth-god level!

It was because of this that Jiang Xiong and the dark elegant horse were at a disadvantage!

However, if the three of them were to gang up on Chen Xiaobei, he would not be able to take on six of them at once even if he had his combat power boosted!

“Ling Jiuxiao!”

However, Chen Xiaobei was not stupid. Before the enemy could join forces, he had to take the initiative!

The purple-gold extreme shadow instantly flashed!

Chen Xiaobei's entire body was covered in purple-gold dragon scales. He descended in front of Jiang Xiong like a cold ghost!

Chapter 3037: one against six

The eighth transformation of the Witch Dragon Nine Transformations, stepping on the peak!

After activating it, Chen Xiaobei's entire body was covered in sharp purple-gold dragon scales. He was like a god of War in Dragon Armor. Every move he made exuded a powerful and terrifying pressure!

On top of that, Chen Xiaobei's combat power had soared to the peak of earth-god!

His strength and speed had reached the peak of the earth-god Realm!

[ding Yingluo's cultivation base: early nascent Soul Stage. Lifespan: Year 154255, physical body: 333.3 billion, combat power: 333.3 billion, primordial spirit attack-sacred level!

Of course, the price was that Chen Xiaobei's lifespan had been reduced by 60000 years!

When combined with the primordial Witch King combat enhancement training manual, his combat power would soar!

It was not an exaggeration to say that Chen Xiaobei was invincible under the sky immortal realm!

"What a fast speed! Black Stallion! Full defense! He couldn't hold back at all! Otherwise, we'll definitely lose!"

Jiang xiong's expression changed drastically, and his heart beat wildly.

He could feel a strong pressure coming from Chen Xiaobei.

Jiang xiong was certain that if he did not use all his strength, he would not be able to stop Chen Xiaobei's attack.

Whoosh ... Whoosh ...

In the next moment, jiang xiong and the dark elegant horse's true essence combined again, interweaving into an even more condensed wind attribute barrier.

The dark elegant horse was a high grade immortal beast with extremely high innate talent. Its battle prowess was even slightly stronger than jiang xiong.

This way, jiang xiong and the dark elegant horse would attack at the same time. Although they wouldn't be able to reverse the situation, they could at least defend and protect themselves.

After all, Wen pin and the others were already charging toward Chen Xiaobei. As long as they formed a pincer attack on Chen Xiaobei, they could use their advantage in numbers to offset Chen Xiaobei's advantage in strength and regain control of the situation.

"Ten thousand beasts, shatter the mountains and rivers!"

However, Chen Xiaobei had already seen through the situation. He would not wait for the enemy to surround him.

In an instant, the ten thousand beast astral battle technique was activated. Together with the second form of the witch Dragon nine transformations, shattering mountains and rivers, he launched a fierce assault!

"Swish!"

Chen Xiaobei's left arm glowed with a purple-gold light. The Dragon scales were like blades, cutting through the air!

At the same time, a small universe of stars of ten thousand beasts formed from ethereal force appeared on Chen Xiaobei's fist!

The power of this punch had been doubled on the basis of the previous punch!

"Beng! Ka ka ka ..."

Chen Xiaobei's left fist was like a purple-gold meteorite, crashing into the wind barrier.

The huge impact, which had far exceeded the peak earth level deity, instantly broke the barrier!

The fist struck through the cracks, and the Dragon scales pierced backward like a golden hook, tearing apart the true essence that was forming the barrier!

In the blink of an eye, the wind barrier was destroyed by Chen Xiaobei's punch.

"I'm finished ..."

Jiang xiong gasped. His face turned pale and he was almost suffocating!

"Bang!"

Chen Xiaobei's left fist had already landed on jiang xiong's chest.

The tremendous force that could shatter mountains and rivers instantly shattered jiang xiong's sternum, and even his lumbar spine and cervical spine were broken.

"Pfft ..."

Jiang xiong spurted out a mouthful of blood as he was sent flying and crashed onto the ground.

It smashed a huge pit in the ground.

"Master!"

The dark elegant horse neighed and turned around to save Jiang Chen.

However, before the horse's hooves could move, his body froze on the spot.

"Creak ..."

A purple-gold dragon Claw grabbed the back of the dark elegant horse's neck!

The claws were even sharper than a peak earth-god instrument and had already dug into the dark elegant horse's flesh!

The dark elegant horse felt a sharp pain as blood gushed out of its body. It knew that its life was in Chen Xiaobei's hands!

As long as the Dragon Claw exerted force, it could twist the dark elegant horse's neck and cut off its head!

“Swish!”

At the same time, Chen Xiaobei quickly pulled out a yellow talisman from under the dark elegant horse’s fur.

It was this talisman that had blocked the power of the treasure, preventing the dark elegant horse’s life force from being absorbed!

After taking the talisman, Chen Xiaobei let go of his left claw and let the dark elegant horse run away.

“Wuuu ...”

However, before it could fly far, the dark elegant horse immediately let out a cry.

His life force began to drain rapidly, and the surrounding dark demons also began to surround him.

The dark elegant horse’s Zhen Yuan and physical strength were getting weaker and weaker, and it also had to actively consume Zhen Yuan to resist the demonic creatures. It would probably be exhausted to death in less than half a minute!

“Wu tuan! Hurry over!”

Jiang xiong’s nascent soul rushed out of his body from the pit in the ground.

Chen Xiaobei’s punch had shattered jiang xiong’s sternum, spine, and spine. Jiang xiong’s body was now completely crippled and he could no longer move.

Fortunately, jiang xiong’s Dharmakaya had been completed. After protecting his nascent soul, he did not die on the spot.

There was also a talisman hidden on jiang xiong’s body.

The dark elegant horse hurriedly flew over and stayed close to jiang xiong. Its life force was finally no longer flowing away, and the demons no longer approached.

Chen Xiaobei was also in a hurry to kill them all because the other four enemies were already right in front of him!

“Chen Zhufeng! You’ve hidden it so deeply! He had unknowingly accumulated so much lifespan! However, you can’t defeat the six peak earth level deities by yourself!”

Wen pin’s face was livid, and his fighting spirit was very high.

Even though Chen Xiaobei had crushed jiang xiong and the dark elegant horse, Wen pin did not panic at all. He still looked as if victory was in his grasp.

“A primordial spirit attack! The wood spirit is furious!” Wen pin roared and, together with the Qingfu horse, suddenly launched a primordial spirit attack.

“Earth fiend!” Chui Ying and Huang Biao Ma both launched their primordial spirit attacks.

“Wind Spirit kill!” Jiang xiong’s nascent soul and the dark elegant horse launched their primordial spirit attacks together.

It was obvious that these three men and three horses had the strength of a seven-star heaven immortal in addition to their strength on paper.

Although it was not as powerful as Chen Xiaobei's heaven-severing thought, it was still very powerful in the earth-god Realm.

"BOOM! BOOM! BOOM!"

Three primordial spirit attacks came at Chen Xiaobei, each of them only slightly weaker than his combat power.

The six of them joined hands, three aeons in one!

The impact of this attack had even exceeded Chen Xiaobei's combat power!

"Chen Zhufeng! Did you see that? You will lose this battle without a doubt! Obediently accept your death! "Hahaha ..." Wen pin, Chui Ying, and Jiang Xiong all burst into laughter.

"Boom boom boom ..."

At the same time, the terrifying attack was already right in front of Chen Xiaobei.

"Swallow the four Seas!"

Chen Xiaobei was already prepared. He opened his mouth and revealed a row of sharp purple-gold dragon fangs.

"Hiss ..."

In the blink of an eye, Chen Xiaobei swallowed the terrifying primordial spirit attack into his mouth like a dragon drinking water!

heaven-defying!!!

Chen Xiaobei shouted again, and the Dragon fin on his back suddenly glowed with a dazzling purple-gold light!

It was as if he had transformed into a purple-gold meteor!

Chen Xiaobei was not distracted by anything else. He sprinted at top speed and went straight for Wen pin!

[Red Envelope Group of the Three Realms](#)

Chapter 3038: drawing a prison

"Swish!"

Chen Xiaobei's body charged forward, leaving a long purple-gold afterimage behind him!

It was like a rainbow crossing space, its speed was unbelievable!

"Not good! Chen Xiaobei still has a backup plan, we have to continue attacking!"

Wen pin was shocked, but he did not panic. He reacted quickly and urged his primordial spirit to attack again.

The remaining two people and three horses also reacted very quickly. They immediately activated their primordial spirit attacks.

Once again, six, six, three aeons as one!

“Boom boom boom ...”

An attack as terrifying as the one before was launched at Chen Xiaobei!

However ...

Chen Xiaobei was no longer the Chen Xiaobei he was before!

Swallow the four Seas to devour the power of others, and go against the heavens to burst out the power of the enemy!

In other words, Chen Xiaobei’s combat power had been boosted to the same level as the three-Yuan attack!

The result was obvious!

“Settle the universe!”

Chen Xiaobei extended his right palm and activated the first transformation of witch Dragon!

“Whoosh ...”

In the next moment, the terrifying triple primordial attack arrived!

However, the moment it touched Chen Xiaobei’s right palm, the terrifying power was blocked!

Countless streams of energy shot out in all directions from Chen Xiaobei’s right palm. However, they could not break through Chen Xiaobei’s right palm, nor could they hurt him!

Soon, the three aeons attack gradually weakened, and its power was about to be exhausted!

“Ling jiuxiao!”

Chen Xiaobei was already prepared.

Before the outcome of the battle was clear, he used the witch Dragon nine transformation for the third time.

With a flash of his body, he directly dodged out of the range of the three aeons attack.

At that moment, Wen pin and the others’ attention was still on the spot where Chen Xiaobei had just been!

Wen pin and the others did not notice Chen Xiaobei’s teleportation and were not prepared for it!

“Cripple him!”

In the blink of an eye, Chen Xiaobei was already in front of Wen pin!

After learning from his previous experience, Chen Xiaobei activated his golden gaze fiery eyes, aimed at where Wen PEI hid the talisman, and swung his Dragon Claw!

“Swish!”

In the blink of an eye, the purple-gold dragon claws were like five sharp blades that directly tore Wen pin’s shirt apart!

He forcefully took away the talisman that Wen Bing had hidden in front of his chest!

Of course, with Chen Xiaobei’s current strength, one swipe of his claw would not be as simple as tearing her clothes!

“Uh ...”

In the next moment, Wen pin let out a wail as five neat bloody wounds slowly split open on his chest!

What was more terrifying was that the five bloody marks were getting bigger and bigger, almost crossing Wen pin’s chest!

Through the blood marks, one could see that Wen pin’s skin, muscles, bones, tendons, and even his heart, lungs, and internal organs had all been cut open neatly!

“Pfft ...”

Wen Bing spat out a mouthful of blood and died immediately. Even the immortals could not save him.

Of course, Wen pin had also completed his Dharmakaya. His nascent soul was unharmed and his life was not in danger.

“Qingchong! Quickly run!”

At the same time, Wen pin issued a warning with extremely fast reaction speed, wanting his Mount to escape quickly.

However, even though Wen pin’s reaction was fast, he was not faster than Chen Xiaobei’s pre-planned action!

“Swish!”

The purple-gold dragon Claw swiped in the opposite direction, and the movement was smooth as water, sweeping towards the Qingfu horse’s head!

At such a close distance, the Qingfu horse had no time to react!

He only felt a chill as the Qingfu horse’s head split open with five bloody wounds!

Along the five bloody lines, his skin, flesh, tendons, and bones were separated.

The Qingfu horse’s head was like a piece of bread, sliding down piece by piece. The blood and brain matter were like jam, sticking on it, making one’s hair stand on end!

“Swish!”

Chen Xiaobei took the talisman from the Qingfu horse.

In this way, Wen pin and the Qingfu horse’s nascent souls lost the protection of the talismans.

Even if Chen Xiaobei did not make a move, they would be killed by this.

Of course, they still had a chance to live.

“Woof! Whoosh!”

Without any hesitation, Wen pin and the Qingfu horse flew toward jiang xiong and the dark elegant horse on the ground.

Jiang xiong still had a talisman in his hand, which could temporarily protect everyone.

Of course, Chen Xiaobei did not go after them. Instead, he turned around and attacked Chui Ying and the yellow striped horse.

Chen Xiaobei’s goal was clear. As long as he took away Chui Ying and Huang Biao Ma’s talismans, they would have no way to escape and would have to gather around jiang xiong.

In the end, Chen Xiaobei only needed to take away jiang xiong’s talisman and he would be able to capture the three of them!

They were not disciples of the tribe of severity. Even if Chen Xiaobei could not get any treasures from them, he would not let go of their peak earth-god cultivation!

As long as they could take them down, bei Xuan faction would have six more peak earth level deities!

Just thinking about it made him feel so good that he could fly!

“It’s your turn!”

Chen Xiaobei used his penetrate the nine Heavens again, and in the blink of an eye, he was in front of Chui Ying!

“We’re finished!”

Chui Ying gasped. The way she looked at Chen Xiaobei was like a rat looking at a Tiger. Not only was her body trembling, but even her soul was trembling.

“Swish!”

Chen Xiaobei’s speed and strength were way above his opponent’s.

Although the energy devoured by the devour skill was about to run out, the energy was still very weak.

However, it was more than enough to kill Chui Ying in an instant!

Chen Xiaobei thrust his claw into Chui Ying’s chest!

“Creak ...”

The next moment, Chen Xiaobei clenched his fist and pulled it out.

Plop ... Plop ...

A heart dripping with blood and still beating slowly was pulled out.

As for the talisman, it was hidden by Chui Ying in the position of his heart, and it fell into Chen Xiaobei's palm together with his heart!

After leaving the talisman and throwing away the heart, Chen Xiaobei's eyes fell on the yellow striped horse.

"Wuuu ..."

The yellow striped horse let out a cry of despair. It was as if it was not a person in front of it, but a vast and majestic purple-gold dragon.

In the face of such an enemy, the yellow striped horse did not have the slightest intention to fight.

Of course, it was also a reincarnated ancient deity, so it would not submit to Chen Xiaobei. It would only be Chen Xiaobei's enemy.

If Chen Xiaobei did not cripple it, it would find a way to kill Chen Xiaobei.

"Swish!"

Chen Xiaobei cut off the horse's head and pulled out a life-saving talisman from its mane.

Chui Ying and Huang Biao Ma's nascent soul did not dare to stay any longer. They abandoned their dead bodies and flew to Jiang Xiong's side.

At this point, only the dark elegant horse's body was intact. The remaining three people and two horses were only left with nascent soul.

The range of the life-saving talisman was only about five meters, so they could only huddle together.

It was as if the ground was a prison, and he couldn't go anywhere, nor did he dare to go!

However, they still believed that Chen Xiaobei would lose.

"Chen Zhufeng! You're really amazing! However, you can't fool us!"

Wen pin's eyes were cold, as if he could see through everything. "Although you have the upper hand, you've only killed 1000 enemies and lost 800 of your own! Your ability to reach the peak is starting to decline, and your body is also injured by the heaven-defying! You are destined to lose this battle!"

[Red Envelope Group of the Three Realms](#)

Chapter 3039: dead body

Wen pin's eyes were really sharp!

Stepping into the peak would consume 60000 years of lifespan each time, and it would be converted into a certain amount of energy!

Every time Chen Xiaobei attacked, the energy would be consumed.

Once the energy was depleted, Chen Xiaobei's combat power would return to its original level.

At the same time, Chen Xiaobei had temporarily reached the peak of earth-god level and could use the devour Four Seas to completely devour the power of his opponents.

However, the three Yuan attack just now was The Power of Six opponents of the same level!

Chen Xiaobei swallowed it in one gulp. He had killed two people and two horses in a row, which was unparalleled and overbearing!

However, as a price, Chen Xiaobei's body was under too much pressure, and he had suffered some internal injuries.

"You're right!"

There was purple-gold blood at the corner of Chen Xiaobei's mouth. He did not hide the fact that he was injured anymore. "I indeed killed 1000 enemies and lost 800 of my own! However, before I fall, I still have enough strength left to take care of you!"

As he spoke, Chen Xiaobei strode toward the three men and three horses!

Their goal was simple. As long as they took the life-saving talisman from jiang xiong, the three men and three horses would have their life force slowly sucked dry by the treasure in this space.

In fact, Chen Xiaobei did not even need to do anything. All he needed to do was to wait until they were at their weakest, capture them, and take away their cultivation. Then, he would have a great harvest.

However, Chen Xiaobei did not chase after her. Instead, he walked slowly towards her.

Chen Xiaobei had a feeling that the enemy's attack would not be that simple.

First of all, the enemy was well prepared. It was impossible for them to only have one trick up their sleeves, and it was even more impossible for them to reveal all their trump cards.

Secondly, they had already become turtles in a jar, but Wen pin and the others were not flustered and still had a look of victory in their hands.

Chen Xiaobei had every reason to suspect that the enemy had a backup plan!

As he walked, Chen Xiaobei was considering if he should use this time to replenish the destruction star's spiritual Qi.

However, the enemy did not plan to give Chen Xiaobei such a chance!

"Wood Spirit's rage!"

"Earth fiend!"

"Wind Spirit kill!"

The three men and three horses of the enemy once again joined forces to launch a wave of triple Prime impact.

The terrifying power was exactly the same as before. It didn't weaken because of the loss of his physical body!

"They're here!"

Chen Xiaobei was on high alert.

The enemy's combat power had not weakened.

However, Chen Xiaobei only had a little bit of energy left. His physical body was also unable to support the consumption of the four Seas for a second time.

One grew while the other grew!

If the enemy revealed their trump card, it would be a fatal blow to Chen Xiaobei!

"Ling jiuxiao!"

Chen Xiaobei could no longer take the attack head-on, so he could only teleport away.

"Woof! Whoosh!"

At this moment, two extreme shadows rushed out from the darkness!

It was as if they had been waiting in the dark, watching Chen Xiaobei's every move. At the perfect time, they shared the first position that Chen Xiaobei had appeared in!

"Not good!"

Chen Xiaobei was shocked. The enemy still had a trump card, and it was a very subtle plan. They had launched the most fatal attack at Chen Xiaobei's weakest moment!

"Settle the universe!"

Chen Xiaobei had no other choice but to use the last of his energy to activate his most powerful defensive ability.

"BOOM! BOOM!"

The next moment, Chen Xiaobei's left chest and right waist were hit by two peak earth-god ethereal force!

"Bang!"

Chen Xiaobei fell like a meteorite and was buried deep into the ground.

"Ugh ..."

Chen Xiaobei vomited a mouthful of blood, and his body was in excruciating pain.

The Dragon scales on his body gradually disappeared.

The left side of his chest looked like it had been cut by a sharp blade. The skin and flesh were split open, and the white bone could be seen.

The right side of his waist seemed to have been burned by flames, and a large, charred, and bloody hole appeared, as if his internal organs would pop out at any moment.

It had been a long time since Chen Xiaobei had suffered such a serious injury. It had also been a long time since he had been in such a dangerous battle.

If he had not used calming heaven and earth at the last moment to block most of the impact, Chen Xiaobei's body would have been destroyed. Perhaps his nascent soul would have been crushed by the impact and his soul would have been destroyed!

“Da! Da!”

At the same time, the two people who had just attacked Chen Xiaobei landed on the ground.

They stood on both sides of Chen Xiaobei's landing spot.

Obviously, they would not give Chen Xiaobei any chance to make a comeback.

[ding! Discovered reincarnated ancient immortal Chong Heihu!]

[ding! Discovered reincarnated ancient immortal Huang Feihu!]

A notification from the Three Realms illustrations appeared in Chen Xiaobei's mind.

Chongheihu, the northern count of the Shang Dynasty! After that, he joined King Wu of Zhou and assisted Jiang Ziya. He used the iron-mouthed Divine Eagle to destroy Gao jineng's centipede pouch and killed him. He had made many contributions and had extraordinary combat strength!

[cause of death: during the battle of the Mianchi Lake, Chong Heihu wanted to feign surrender and kill him, but Zhang kui saw through him and killed him with a single slash!]

[Huang Feihu: King of Wucheng in the Shang Dynasty!] His wife was teased by King Zhou and forced to die. She overcame her difficulties in anger and turned to Jiang Ziya! Because he used troops like a god, leading the Army to victory after victory, his achievements were illustrious, and his combat strength was outstanding!

[cause of death: during the Mianchi battle, Zhang kui killed four generals in-row. Huang Feihu ran away and was killed by Zhang kui's fatal Flying Dagger!]

According to Investiture of the Gods of the last immeasurable cultivation tribulation, Huang Feihu, Chong Heihu, Wen pin, cui Ying, and jiang xiong were respectively conferred as the five Mountain Gods after their deaths. They had high positions even in the heavenly court!

At this moment, the five Mountain Gods had all appeared. It could be seen that the enemy had revealed all their trump cards!

“Chen Zhufeng!”

Chong Heihu's Black face was red, his eyes were like golden bells and his voice was like a great Bell, ” in this battle, we five true gods and three high-grade immortal horses have joined hands to plot a scheme. Even if you die, you can hold your head high and be proud!

“Chen Zhufeng! Even though you’re an enemy, I admit that you’re a real man!”

Huang Feihu’s eyebrows were straight, and he had a straight face and an extraordinary aura. “Don’t worry, with me, you’ll definitely die a quick and painless death!”

“You want me to die? It’s not that simple!” Chen Xiaobei’s voice came from the crack in the ground.

Although the voice was weak, it was extremely calm and flat, without any waves!

The fact that Chen Xiaobei could still remain so calm in the face of death meant that the situation was still under his control!

“Chen Zhufeng! You’re really too stubborn! Go to hell!” Huang Feihu frowned and shot out a sharp gold ethereal toward Chen Xiaobei’s voice.

Chen Xiaobei no longer had the power of a peak-level adept. The master-protecting puppet would only be activated after 24 hours!

If he was hit by Huang Feihu’s ethereal force, Chen Xiaobei would die!

“Boom boom boom ...”

In the next moment, soil and stones flew everywhere, and a huge pit with a radius of 100 meters was blasted out of the ground.

Chen Xiaobei had disappeared without a trace!

Dead and alive, yet to be seen!

Chapter 3040

3040 Super powerful treasure

“Where is he?”

Huang Feihu frowned and his expression turned serious. I know what I’m doing. If Chen Zhufeng is dead, there will be a body left behind!

“Not good! We miscalculated, earth escape immortal Gu!” Chong Heihu’s eyes focused and he immediately released his primordial spirit domain to the maximum.

The primordial spirit realm could detect the situation underground and lock onto Chen Xiaobei’s position.

“West! Hurry up and chase!”

Chong Heihu took the lead and rushed out, followed by Huang Feihu.

Wen pin’s nascent soul cultivators squeezed onto the dark elegant horse and used their last life-saving talisman to chase after the horse to the West!

Of course, although they were all at the peak of the earth immortal realm, the earth escape immortal puppet was a genuine heaven immortal artifact, so it was naturally much faster than them!

“We’re here!”

Under the ground, Chen Xiaobei held the earth escape Holy gourd in one hand and rushed to his destination!

That’s right! Chen Xiaobei’s target was the treasure that could absorb life force!

There was also a sealing magical formation under the ground!

Rays of green light interweaved into a large net. From the energy fluctuations, it was probably no less than a divine immortal!

He might even reach the middle to late-stage one-star heaven immortal realm.

However, all the heaven immortal artifacts in the earth immortal world were only at the early stage of one-star heaven immortal.

In other words, even if the old man of heavenly secrets brought his heaven immortal item here, he would not be able to break the seal.

However, Chen Xiaobei could do it!

This was because this seal had also been set up by the Xiu clan’s ancient immortal. The seal could be broken by using the fifth piece of the mystic weapon token and the four phases absolute killing Mystic formation!

“The enemy will be here soon!”

With his golden gaze fiery eyes activated, Chen Xiaobei turned around and made a decision, ” “We can’t leave this treasure to the enemy!”

Chen Xiaobei did not have time to make any other choice.

He immediately took out the weapon Mystic token and activated the four phases absolute killing Mystic formation to communicate with the Xiu clan ancient immortal’s psyche power.

“Boom boom boom ...”

Soon, the seal started to loosen up. Rays of green spiritual light quickly flowed in four directions and turned into four illusory Dharma forms—a Green Dragon, a White Tiger, a Vermilion Bird, and a Black Tortoise!

The four symbols settled and the array was lifted!

The treasure that was sealed in the center of the spell formation had also revealed its original appearance!

It was a black ring that was also engraved with dense snake scales. It was very exquisite, as if a small black snake was circling it.

“Swish!”

Before Chen Xiaobei could reach for it, the black serpent Ring flew over and slid itself onto Chen Xiaobei's finger!

"Ka! Ka!"

In the next moment, the black snake ring and the White Snake ring automatically buckled together. The gap was perfectly closed, and they were one!

"So the missing part of the White Serpent Ring was this black serpent Ring! The White Snake releases its life force, while the black snake devours it. This is the complete life law!"

Chen Xiaobei's heart was filled with joy. this way, this magic treasure is complete, and it can recognize its master!

Chen Xiaobei immediately communicated with the black and white snake ring's spirit.

As expected, the ring had a strong spiritual nature, and it instantly recognized him as its master.

"Heavens! This ... This seems to be a three-star heaven immortal item!" Chen Xiaobei was dumbfounded.

The few heaven immortal items in the earth-god Realm were only one-star heaven immortal items. A three-star heaven immortal item was enough to dominate the entire earth-god Realm.

However, this was only in theory!

In order to activate the power of a three-star heaven immortal item, it would require the energy of at least 1000 large energy veins.

That would be 30 trillion upper spiritual stones.

Chen Xiaobei only had 207 billion upper spiritual stones. It was impossible for him to activate the black and white snake ring!

Of course, the black and white snake ring was not completely useless!

After being buried in the Obsidian Dragon tomb for trillions of years, the black snake ring had absorbed countless life forces!

The White Snake ring could release this life force!

"If you can heal my injuries, I can fight again with all my strength!"

Chen Xiaobei quickly activated the black and white snake ring and released a stream of green energy.

"Hiss ..."

Chen Xiaobei absorbed the green energy into his body!

In the next moment, a miracle was born!

On the left side of Chen Xiaobei's chest, the muscles and tendons that had been cut by the sharp blade were growing like a plant. They were growing at a speed visible to the naked eye, healing and returning to normal!

At the same time, the black hole on the right side of Chen Xiaobei's waist, which was burnt black by the fire, cracked and fell off like a plant breaking through the soil! Fresh blood and flesh grew rapidly, and the wounds healed!

In less than three seconds, Chen Xiaobei had fully recovered from his terrible injury!

"What a magical power!"

Chen Xiaobei was both surprised and happy. His dark eyes were filled with shock.

"This kind of life force can not only heal injuries, but also replenish the physical strength, mental strength, and true essence consumed in battle! In just three seconds, I've returned to my best state! It's much stronger than ordinary healing pills!"

Physical strength was the strength of the body and determined the state of the body.

Mental power was the power of the soul. It determined whether primordial spirit strange fire and primordial spirit attacks could be released.

True essence was the power of the nascent soul, which determined whether the immortal cultivator could continue to attack.

Without considering external forces such as Dharma Treasures, physical strength, mental strength, and true essence would directly determine the success or failure of a battle!

For example, Wen pin's three men and three horses had almost run out of spiritual power, and it was difficult for them to activate the three primordial attacks!

But now that Chen Xiaobei's mental power had been replenished, he could release the heaven severing thought and the witch Dragon Flame at will!

From this, it could be seen that this black and white snake ring was truly an extremely heaven-defying treasure!

"BOOM! Boom ..."

At this time, two explosions came from the ground above.

Huang Feihu and Chong Heihu had arrived first. The attacks of two peak earth immortal realm Warriors cracked the earth and crushed the thick rock layer into dust!

Two huge pits appeared where Chen Xiaobei was standing.

Luckily, Chen Xiaobei was able to escape the attack range with the help of the earth escape Holy gourd.

"Chen Zhufeng! You don't have to hide anymore! The earth escape immortal Gu's energy will run out sooner or later, and your life will die in our hands sooner or later!"

Huang Feihu was very confident. After all, they had planned and prepared for everything. There was no way Chen Xiaobei could get away!

"Is that so?"

Chen Xiaobei burst out from the ground and used the pinnacle of the step again. His body was now covered in purple-gold dragon scales!

how ... How is this possible?!

Huang Feihu and the others were shocked, "how did you recover?" Also, how can you still have 60000 years left in your life? That's impossible ..."

"Look at his finger!"

Chong Heihu composed himself and his expression changed, "That ... Could that be ..."
