#### Chapter 3081: exterminating the weeds and eliminating the roots

“That ... That black blade is ...”

In an instant, everyone from Tenshou, including the ascendance military master, was dumbfounded, and some even began to scream.

“What a terrifying spiritual property ... A heaven immortal artifact! It’s also a heaven immortal item ...”

“Look at that blade energy! I’ve never seen such a real saber Qi! It’s like a true dragon coiling around the blade!”

“What’s even stranger is that there’s a pair of Lightning Wings on the back of the true dragon! Oh my God! What kind of beast was that? It’s simply unbelievable!”

Everyone present had seen the world, but at this moment, they were all shocked. They looked at the black saber in Chen Xiaobei’s hand as if they had seen a ghost.

“Everyone, don’t panic!”

The ascendance commander was also shocked, but as the leader, he had to calm himself down and calm the morale of his troops. “We’ve already formed the shenluo heavenly Conqueror great formation, and we’re not afraid of a one-star heaven-immortal artifact! We can overthrow Chen Zhufeng and take away everything he has!”

As soon as he heard this, fiery man immediately said with battle intent, “Well said! This is a great opportunity for us to Rise Up! As long as he could take Chen Zhufeng’s divine fairy instrument! We Tenshou will be able to dominate the earth-god Realm!”

“That’s right!”

The other core upper echelons also felt their blood boil and their battle intent surge. “We will do our best in this battle for the glory of Tenshou! It was also for the Supreme Spirit of the warrior path! Even if I have to sacrifice my life!”

It had to be said that these guys’ auras were very strong, and each and every one of them had an expression that looked like they were not afraid of death.

It was as if this was their final battle. If they didn’t succeed, they would die.

“You talk too much nonsense!”

Chen Xiaobei sneered, “Are you ready? I’m going to use my blade!”

Hearing this, Taiyi stepped back subconsciously, not because he was afraid, but because he was preparing to do something.

“Come on! Chen Zhufeng! The Tenshou’s strongest fighting force is now united! Today, let’s see who’s better!”

The loftiest martial artist let out a deafening roar, and was the first to circulate his true Yuan to its maximum.

At the same time, all the core members and Tenshou soldiers used all their strength and circulated their ethereal force to the maximum!

“Boom boom boom ...”

In the void, there was no gorgeous vital essence, but a deafening sound more deafening than the sky Thunder burst out!

The strange energy fluctuation was invisible, but it could twist and tremble the void!

“Dragon Air! The wings of lightning tribulation!”

At the same time, Chen Xiaobei activated the demonic Dragon’s edge.

There was no doubt that he did not need the power of a mid-stage one-star under the heavens to deal with the battle formation before him.

The dark Dragon Soul had already become a demon. It had its own thinking and judgment, so it took the initiative to suppress its power and only erupted with the power of an early one-star heaven immortal.

In this way, it would only burn 30 billion upper spiritual stones.

“Roar!”

With a terrifying roar, the demonic Dragon tribulation suddenly shot out a terrifying true core strength that could destroy the world!

In an instant, a 90000-meter-long terrifying Black Dragon was formed from true essence!

Above the boundless desert of the extreme west, he seemed to be the Overlord of the sea who ruled everything!

“BOOM! BOOM! Boom ...”

Then, thick bolts of Black Lightning of destruction burst out and formed a pair of 30000-meter-long Lightning Wings on the back of the Black Dragon!

“Whoosh!”

The lightning Wings flapped and released countless bolts of lightning, which rained down on the Tenshou Army.

Everyone had thought that there would be a terrifying clash that would explode with a world-shaking impact.

But that was not the case!

Wherever the black Lightning passed, everything was calm.

Even the powerful energy that the “shenluo heavenly Conqueror formation” had released, which was enough to shake the void, had completely calmed down.

No!

It was not peace!

Instead, its power was greatly weakened by the black Lightning and reduced to nothing!

“What ... What is going on?”

“What exactly are those Black Lightning bolts?” the loftiest Tibet martial artist shrieked. They hadn’t even fought yet! Why is the power of our battle formation already greatly reduced! Why? Why is that?”

The scene that appeared before his eyes was indescribably strange.

It wasn’t just the loftiness martial ancestor, every Tenshou member present was dumbfounded.

All of them could be considered to have experienced hundreds of battles, but they had never seen such a strange situation before. It simply refreshed their three views and completely widened their knowledge!

That’s right! This was the special ability of the Nirvana Black Thunder!

The energy was weakening!

“Whoosh ...”

The black lightning bolt cleared all the obstacles, and the lightning Winged Dragon beast charged forward in the next moment!

In fact, even without the black Lightning, the power of the Dragon’s edge was already invincible.

At this moment, the black Lightning had already reduced the power of the shenluo heavenly Conqueror formation by more than 30%.

The result was obvious!

“Woof!”

The 90,000-meter-long Dragon charged into the battle formation of three million people.

The heaven immortal level formation had almost no resistance.

The Dragon itself was formed from saber Qi and true essence. In the blink of an eye, hundreds of thousands of people were cut into pieces and fell to the ground.

Blood poured down like a heavy rain, dyeing the desert red!

“Woof! Buzzzzzz! Yi ...”

However, this was only the beginning!

The lightning Winged Dragon Daggers rampaged through the 3 million people as if they were harvesting rice straws, easily reaping their lives.

There were more and more broken bodies on the ground, almost forming a mountain! Blood continued to flow down, and even formed a Lake in the desert!

“Oh my God ... That’s too scary ... Have mercy! Please spare me ...”

Seeing this, the loftiness Lord and the dozens of Tenshou higher-ups all shrieked in fear.

They were like headless flies, running for their lives.

Just a moment ago, they were still saying that they were willing to give up their lives for glory and faith.

At this moment, in order to save their lives, they had probably even forgotten what they believed in.

But it was clear that Chen Xiaobei would not let them go.

This time, it was destined to be a battle to cut the weeds and eliminate the roots.

”

The speed and power of the lightning Winged Dragon Dagger were absolutely overwhelming, and no one could escape.

In just a few moments, 300 Tenshou soldiers and all the higher-ups of Tenshou had been killed.

“Whoosh ...”

At the same time, Chen Xiaobei was not idle. The chaos Blood Sword was operating at full power, devouring the souls, golden cores, and nascent souls of all his enemies! As long as he could digest all of it, the chaos Blood Sword would break through to the late-stage eight-star earth-god Realm!

“Since you’re here! Do you still want to leave?”

At this moment, Taiyi suddenly let out a low roar and rushed to the back!

#### **Chapter 3082**

3082 Live stream duel

Chen Xiaobei’s cultivation was not high, so his primordial spirit territory did not cover a large area.

However, Taiyi was different. With his peak earth immortal cultivation, his essence soul domain could cover a large area.

In fact, when Chen Xiaobei had just made his move, Taiyi had already sensed that someone had appeared from afar. At that time, he had even taken the initiative to step back.

He had thought that the man would attack him. However, after seeing the terrifying power of the Dragon’s edge, the man no longer had any intention to fight. He turned around and ran.

But obviously, Taiyi had been prepared for this. He would never let that person go!

“Woof!”

Taiyi was extremely fast. He flew in the void and turned into a stream of light as dazzling as the Milky Way. He suddenly rushed in that direction.

Taiyi himself was a peak earth immortal, and his strength and speed were unrivaled.

However, the enemy was only a late-stage nine-star earth immortal, one minor realm lower than Taiyi. Even if he used all his strength, he would not be able to escape from Taiyi's palm!

"Boom ..."

Soon, there was a loud explosion from afar. The enemy was hit by Taiyi's attack and fell into the desert like a meteorite.

The enemy still wanted to escape, but Taiyi flicked his fingers and released a stream of ethereal force. It was like a rope, binding the enemy tightly and bringing him back to Chen Xiaobei.

bro bei, this guy must be the Tenshou! Taiyi then threw the man in front of Chen Xiaobei.

He was wearing a black robe, which gave him a very eerie feeling. Furthermore, there were blood-red runes in their eyes. When they looked at Chen Xiaobei, the runes would slowly turn and glint in their eyes.

"Ha, your bones are quite tough!"

you're staring at me?" Chen Xiaobei raised his eyebrows. your life is already in our hands. How dare you glare at me?" "If you're so arrogant, why did you run away?"

"Hmph! Aren't you just relying on your heaven immortal artifact?" Tenshou glared at Chen Xiaobei and said, "Put away your heaven-immortal artifact if you have the ability, and we'll fight one-on-one with our true abilities! If I run away again, it will be a disgrace to Bushido!"

"Hehe. You ran away the moment you saw my heaven-immortal item, and you still have the face to mention warrior Dao? You're really shameless!"

I'm not trying to be pretentious," Chen Xiaobei said with a smile. even if I put away my divine instrument, you would still run for your life! However, I don't want to waste 60000 years of my life on a piece of trash like you!"

The eighth transformation of the witch Dragon's nine transformation, the peak, could allow Chen Xiaobei's physical body and combat power to reach the peak of the earth-god level for a certain period of time.

Judging from how Tenshou had run away when he saw the Dragon's edge, there was a 10000% chance that he would still run away if he saw Chen Xiaobei reach the peak of earth-god level.

The so-called warrior's path was just nonsense used to deceive believers.

In Tenshou's eyes, Bushido was nothing compared to his life.

However, Tenshou did not know how strong Chen Xiaobei was and was trying to goad him into accepting the challenge.

"You, Chen Zhufeng, only know how to talk!" "you're just a nascent soul ant! Tenshou mocked arrogantly. if I didn't have a heaven-immortal item, I could crush you with one finger countless times!

"It seems like you really want to fight with me!" "I can promise you that!" Chen Xiaobei said.

“Bro bei! Don’t fall for his goading!” life is precious! Taiyi frowned. there’s no need to waste 60000 years just because of a few words from this piece of trash!

I think you, Chen Zhufeng, don’t dare to!

Tenshou thought that he could win Chen Xiaobei, so he taunted him even more, ” and you call yourself beixuan Zhenren? you’re just a coward hiding behind a heaven immortal instrument. You can’t do anything without a heaven immortal instrument!

“Taiyi, let him go!”

Chen Xiaobei put away the Dragon’s edge and took out his phone. Tenshou, I can fight you fair and square. However, this battle must be broadcasted live to the entire earth-god Realm!

“A live broadcast?” ” you ... Tenshou’s expression darkened. do you want the whole world to see me kill you? ”

Chen Xiaobei did not say anything. He opened the livestream app and threw the phone to Taiyi.

“Bro bei, please reconsider! I can crush this guy with one hand, so why waste your precious life?”

As smart as Taiyi was, he could not guess what Chen Xiaobei was up to. “You even took care of Xuanyuan zhengyong. Everyone in the earth-god Realm knows your name! This Tenshou was far inferior to Xuanyuan zhengyong, and even if you broadcast your defeat, it wouldn’t increase your reputation and prestige much! This is not worth it!”

“Just watch and see!” Chen Xiaobei raised his eyebrows and looked confident.

Tenshou started to panic.

Tenshou was not stupid. Chen Xiaobei had even turned on the livestream, so he must be confident that he would win.

However, Tian Zhaoming could not escape from Taiyi’s palm. Only by defeating Chen Xiaobei and using Chen Xiaobei as a hostage could he threaten Taiyi. That was his only chance of survival!

Escaping meant death, but fighting meant survival!

Therefore, even if Tenshou was worried, he had to fight Chen Xiaobei in order to survive!

Furthermore, Tenshou could not figure out how Chen Xiaobei was going to fight across five realms. This was simply a fantasy!

If Chen Xiaobei cheated in the live stream, he would be despised by the entire earth-god Realm!

If Chen Xiaobei had not cheated, Tenshou would not have been able to come up with a reason for their defeat!

Tenshou’s heart calmed down, and his fighting spirit surged. He was ready to broadcast Chen Xiaobei’s death Live!

After a while, there were already hundreds of millions of viewers in the live broadcast room.

Of course, this was the result of old Wang's live streaming platform's manipulation behind the scenes. The first thing Chen Xiaobei did was to stream what he wanted to stream to the largest number of viewers!

One spread to ten, and ten spread to a hundred.

The number of viewers in the live broadcast room was still soaring.

"Hello, everyone!"

Chen Xiaobei looked at the camera and smiled calmly. "Today, I'm going to broadcast my duel with Tenshou! If I lose, I'll die and be at Tenshou's mercy!"

After that, Chen Xiaobei gave Taiyi a look.

Taiyi turned the camera to Tenshou.

Tenshou was stunned for a moment, then said with a boiling fighting spirit, "ladies and gentlemen, today I will have a fair and open one-on-one fight with Chen Zhufeng! Please be my witness. Those who cheat will be struck by lightning and die a terrible death!"

"Then what about the people who escaped?" Chen Xiaobei quickly asked.

"Running away is the greatest insult to the Tenshou warrior's spirit!" Tenshou's eyes narrowed. I swear in the name of the Tenshou God that even if I die in battle, I will not run away!"

Taiyi could not help but smile. He seemed to have guessed Chen Xiaobei's intention!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3083: easy reversal**

"Good! With your words, I can also swear in front of the audience that I'd rather die in battle than run away. Otherwise, it'll be the greatest humiliation of bei Xuan faction! Everyone in bei Xuan faction will be humiliated!"

Chen Xiaobei's blood was boiling, and he was ready to fight.

The oath was sonorous and powerful, and it mentioned everyone under bei Xuan faction.

The number of viewers in the live stream continued to rise, and there was no doubt that there would be a large number of Tenshou citizens among them.

Taiyi finally understood Chen Xiaobei's intention in the live stream. "Bro bei, you're really good at calculating! The people of Tenshou were very devoted to their faith! But after this battle, their faith will completely collapse!"

There was no doubt that Chen Xiaobei was not only going to uproot the Tenshou sect, he was also going to wipe out this orthodoxy and faith from the earth-god Realm!

"Let's start!"

Chen Xiaobei looked at Tenshou coldly.

“Little trash! You can’t cheat without a heaven immortal artifact. Let’s see what you can use to fight me!”

Tenshou thought that he had Chen Xiaobei in the palm of his hand, so he was very confident.

ten thousand phenomenon heavenly attraction!!!

Tenshou let out an angry roar, and his nine stars tribulation stage ethereal force burst out. He did not hold back at all. He wanted to defeat Chen Xiaobei in an instant and let the entire earth-god Realm know how powerful he was!

Everyone in the earth-god Realm knew that Chen Xiaobei had killed Xuanyuan zhengyong.

If they could defeat Chen Xiaobei in front of everyone, Tenshou’s reputation, prestige, and status would definitely rise!

More importantly, the citizens of Tenshou would die even more! Even the people of other forces might become Tenshou’s believers!

It was no exaggeration to say that if Tenshou won this battle, he would reach an unprecedented height in the earth-god Realm and become a dazzling figure!

Because of this, Tenshou had to go all out. Not only did he have to win, he had to win beautifully, without any suspense!

“Chi ...”

A terrifying dark ethereal force burst forth and spun around Amaterasu, forming a massive black Vortex!

Whoosh ... Whoosh ... Whoosh ...

The dark vortex was like a huge black hole, emitting a terrifying suction force!

The vast sea of sand in all directions was sucked into the black hole by the terrifying suction force!

That spectacular scene was like a river flowing into the ocean, never to return.

“Swish!”

At the same time, Chen Xiaobei’s body was sucked up by an unstoppable force and was sent flying towards the endless black hole.

[ ding Qianqian’s cultivation level: dujie late-stage, lifespan: 4.87 million years, physical body: 200 billion, combat power: 200 billion, primordial spirit attack-three-star heaven immortal level!]

With a sweep of his netherspirit battlescouter, he could see Tenshou’s strength.

At the same time, the hundreds of millions of viewers in the livestream room could see the difference in strength between Chen Xiaobei and Tenshou.

Xuanji, is the clan master of bei Xuan crazy? How could he accept such a one-on-one fight? Wasn’t this suicide?

bi an Amaterasu had used its strongest move, myriad forms heavenly attraction, right from the start. It was not giving bei Xuan's faction leader any chance!

If the faction master of bei Xuan didn't take out his heaven immortal artifact, he would die in this battle! It wasn't easy for bei Xuan faction to gain a reputation in the earth-god Realm. If he died, wouldn't it be over for them?

He looked down on the faction master of bei Xuan! Please don't die! I still want to join bei Xuan faction!

All of a sudden, the audience exploded and left comments in the live broadcast room.

Recently, Chen Xiaobei had been the most prominent figure in the earth-god Realm. At this moment, Chen Xiaobei's life and death naturally touched the hearts of the audience.

However, none of the audience could guess Chen Xiaobei's intention for this battle.

Therefore, in the eyes of the audience, Chen Xiaobei would be digging his own grave if he were to fight Tenshou without using his divine instrument.

"Swish!"

It was just as the audience had expected. Under the gravitational force of the black hole, Chen Xiaobei was like a meteorite, flying into the black hole without any resistance.

If Chen Xiaobei was sucked into the black hole, his body and soul would be crushed by the terrifying power. There was no chance of him surviving.

"The eighth transformation of the witch Dragon's nine transformations! "Ta!" Peak! Feng!"

However, at this critical moment, Chen Xiaobei let out a shocking battle cry.

Stepping on the peak! Chen Xiaobei had only used this trump card in the Obsidian Dragon tomb! And all the enemies who had seen this trump card had already been killed by Chen Xiaobei!

So, at this very moment, Tenshou and the livestream's viewers had no idea what Chen Xiaobei was up to!

"Whoosh ..."

In that instant, Chen Xiaobei's entire body burst out with a brilliant purple-gold spiritual light!

Sharp purple-gold dragon scales grew on every part of his body, including his head, limbs, and body!

It was as if he was wearing a set of dragon scale armor cast from purple gold. Every movement he made exuded a powerful and violent pressure!

[ ding Yingying's cultivation base: mid-nascent Soul Stage. Lifespan: [ year 114250, physique: 333.3 billion, combat power: 333.3 billion, primordial spirit attack-sacred level!

His lifespan had been reduced by 60000 years!

But in return, Chen Xiaobei was able to reach the peak of earth God in an instant!

His physical strength and combat power had completely overpowered Tenshou!

“What ... What’s going on? How could Chen Zhufeng’s true energy fluctuate so much? Where did those purple-gold dragon scales come from? It doesn’t look like a heaven-immortal artifact ...”

Tenshou’s jaw dropped, and he could not believe his eyes.

At the same time, all the viewers in the livestream were dumbfounded and exclaimed in shock.

What did the beixuan clan master do? As soon as the purple-gold dragon scales appeared, the suction force of the nature’s attraction completely lost its effect!

That’s a bloodline ability! The clan master of bei Xuan had the bloodline of the purple-gold true dragon! Oh my God! They were definitely the highest level of existence among the beasts in the earth-god Realm!

Yingying’s bloodline ability was too terrifying! He was able to reach several major realms in a row and let the clan master of bei Xuan reach the peak of the earth level deity!

The glorious Tenshou is going to die? Wasn’t this too face smacking? We all thought that Tenshou would win, but in the end, he couldn’t even take one move from the bei Xuan faction leader!

The Xuanji beixuan faction master was definitely not an ordinary person since he could defeat Xuanyuan zhengyong! It’s all because we’re too shallow to see through the bei Xuan faction master’s power! This face-smacking, I’m convinced!

The tables had turned, and the audience’s opinion of Chen Xiaobei had turned from one side to the other.

Even the audience could understand, and Tenshou’s heart was as clear as a mirror: “I’m finished ...”

“Swish!”

Before he could even finish wailing, the purple-gold shadow had already appeared in front of Amaterasu!

A sharp Dragon Claw descended from above Tenshou’s head!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3084**

3084 Tenshou’s counterattack

“Swish ...”

The five claws were like golden dragons, and each claw had the strength of a peak earth level deity!

Like five earth-god level blades, they slashed at Tenshou’s head!

Amaterasu’s body couldn’t withstand the power of the Dragon Claw, much less the terrifying sharpness!

From the top of Tenshou’s head to his feet, five rays of purple-gold light flashed past, cutting his body into a dozen pieces!

“Chi ...”

The dismembered body, blood, and internal organs were instantly swept away by the huge black hole above. In the darkness, they were crushed into the tiniest dust!

The absolute suppression of power made this battle without any suspense!

The first move from their first clash had already determined Tenshou's fate of defeat!

"Woof!"

Chen Xiaobei did not stop there. With the help of his purple-gold ethereal force, he used his other Dragon Claw to attack Tenshou's injured Dharmakaya!

The claw just now had already injured the Tenshou Dharmakaya.

If he were to land another blow, Tenshou's Dharmakaya would be destroyed and his soul would be destroyed.

"Spare me! Spare me!"

At this moment of life and death, Amaterasu could not care about anything else, as he screamed out.

Chen Xiaobei was waiting for Tenshou to beg for mercy. He stopped his attack and smiled. "Isn't the Tenshou warrior's spirit to rather die than submit? You're begging me for mercy? Didn't that mean that Bushido was fake? The teachings of the Tian Zhao sect are fake?"

Void! Fake!

A stone that caused a thousand ripples! The entire Tenshou audience in the live stream was in an uproar!

He looked down on Amaterasu! What are you doing! A great warrior could only die in battle! Even if he was defeated, he would commit seppuku! How could you beg the enemy for your life!

Could this Tenshou God Yingluo be fake? No! He wouldn't! The fake Tenshou God couldn't have used the ten thousand nature summoning!

He looked down on Amaterasu! You are my spiritual leader, my totem of faith! Even your betrayal of Bushido! Can we, the believers, continue to believe in the way of warrior?

He looked down on Amaterasu! You've really disappointed us! We don't dare to believe in you anymore ... We don't dare to believe in the way of the warrior anymore ...

In the live stream, Tenshou's viewers were all wailing.

They had never thought that the Tenshou God that they had so much faith in would betray Bushido and the teachings of Tenshou!

It was like telling a devout Buddhist that the merciful Bodhisattva he believed in was actually an unpardonable demon!

This fact was enough to cause a trillion times critical damage to anyone who believed in Amaterasu!

Their faith collapsed! His three views were subverted!

This was exactly what Chen Xiaobei wanted!

It was not worth it to waste 60000 years of his life for a mere heavenly reflection state.

However, if he could make the billions of Tenshou believers no longer be loyal to Tenshou and no longer pursue the path of warrior, then the 60000 years of lifespan would be worth it! And it was worth it!

If the faith of these people did not collapse, Tenshou's legacy would not disappear!

Only by making everyone stop believing in Tenshou would this orthodoxy be completely destroyed and never reappear!

Moreover, there was another benefit to this.

The more devout a Tenshou believer was, the more embarrassed they would be when Tenshou begged for mercy! The humiliation would make the believers despise and hate the Tenshou! No one would take revenge for Tenshou!

Although Chen Xiaobei was not afraid of them coming for revenge, it would only be a waste of their lives and would not go well with the heavenly law.

That was why Chen Xiaobei's plan could not only destroy the entire sect, but also protect the innocent people under the banner of Tenshou!

It could be said to be killing two birds with one stone, it was a good and righteous way of doing things!

After this, the heavenly Dao would definitely reward him!

"Chen Zhufeng! You're so devious ... I should've known that you would have a plan if you dared to fight me one-on-one ..."

Tenshou finally realized that he had been tricked. His avatar let out a cry of regret, his eyes filled with despair.

If Tenshou could choose again, he would rather die than agree to a live stream with Chen Xiaobei.

If they didn't do a live broadcast, Tenshou would die!

If it was broadcasted live, the Tenshou would die along with the entire sect!

"Ha."

you and your Tenshou sect are done for! Chen Xiaobei sneered. news of today's duel will spread to every corner of the Tenshou territory. No one will believe in you anymore! Just beg for mercy! If I'm happy, I might spare your lowly life!"

"Spare me ... Please spare my life ..."

Tenshou knew very well that the orthodoxy he had worked so hard to build had completely collapsed and could no longer be salvaged.

The Dharmakaya knelt down and kowtowed to Chen Xiaobei, begging for his life.

It was obvious that the more despicable Tenshou looked, the more the Tenshou people cursed.

All Tenshou believers who had watched the live broadcast had made it clear that they would no longer believe in this humiliating orthodoxy.

Chen Xiaobei's plan had succeeded.

"Bro bei! Be careful!"

However, at this moment, Taiyi let out an anxious shout and turned off the live broadcast.

Tenshou was still kowtowing and begging for mercy, and Chen Xiaobei's plan had succeeded.

Because the situation had been decided, Chen Xiaobei and Taiyi were at their most relaxed state.

"Earth-shattering Heavenly Star!"

This was the best time for Tenshou to retaliate!

With a furious roar, two blood-red spiritual lights suddenly lit up in the huge black hole in the sky!

Within the two balls of spiritual light, dark patterns floated and slowly rotated. They were exactly the same as Amaterasu's eyes!

No! That was the Tenshou's eye!

Tenshou's body had been destroyed in the battle just now. But the pair of eyes remained!

"Woof! Whoosh!"

In the next moment, two blood-red spiritual lights burst out from the two eyeballs!

One of them was aimed at Chen Xiaobei while the other was aimed at Taiyi!

Chen Xiaobei was too close to Tenshou to Dodge!

In order to save Chen Xiaobei, Taiyi had opened up an opening and was also hit by the blood light!

"Boom boom boom ..."

Then, the sand that was sucked in by the black hole suddenly burst out and rushed toward Chen Xiaobei and Taiyi!

"This is bad!"

Although Chen Xiaobei and Taiyi were both at the peak of earth-god level, they could not even use their ethereal force after being hit by the blood-red light.

This was clearly Tenshou's primordial spirit attack!

Its quality had reached the three-star heaven immortal level!

As long as they were hit, Chen Xiaobei and Taiyi would not be able to dispel it!

Whoosh ... Whoosh ...

A huge amount of sand came and swirled around Chen Xiaobei and Taiyi.

In a few seconds, Chen Xiaobei and Taiyi were sealed in two huge Sand Balls.

“Hahaha ... Chen Zhufeng! No matter how many tricks you have up your sleeve, you still ended up in my hands!”

Tenshou laughed smugly, “So what if the Tenshou sect is crippled? Anyway, I’ve already fallen to the devil path and am following the seven demon gods of hell! As long as I have everything you have, I will be the next strongest otherworldly demon to ascend to the heaven realm!”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3085**

3085 The seven Devils kneel

“Phew ...”

Tenshou gradually calmed down. Although he was still smug, his current situation was not optimistic.

In the battle just now, Tenshou’s Dharmakaya had been severely injured, and his nascent soul had been greatly damaged as well. He was at his weakest.

Furthermore, even though Tenshou’s primordial spirit attack had sealed Chen Xiaobei and Taiyi, it was only a three-star heavenly immortal. Other than sealing them, it did not have any other special abilities.

This meant that Chen Xiaobei and Taiyi were only temporarily sealed. They were not injured at all and their lives were not in danger.

I have to go back to hell and ask the seven demon gods to kill Chen Zhufeng!

Amaterasu calmed himself down, and with great effort, he released his true energy to carry the two giant sand Balls toward the West.

.....

In the land of the far west, the sky was covered by thick black clouds. The yellow sand had also turned dark gray. The entire space had fallen into gloomy darkness.

In the sea of sand, there was a strange Whirlpool.

The liquid in the vortex flowed slowly, like a mixture of blood and lava. It was sticky, eerie, and evil.

This was the legendary gate of hell!

“The seven great demon gods of hell! As a servant, I beg you to come! I’ve brought two powerful enemies and a top-notch sacrifice!”

Tenshou’s avatar kneeled in front of the gates of hell, and the way he bowed made him look like a Lackey of the seven demon gods!

Whoosh ... Whoosh ... Whoosh ...

Soon, from the vortex of the gate of hell, seven strange and huge figures slowly rose.

The demon standing in the middle was at least ten meters tall. It had a twisted and sharp horn on its head and three pairs of black wings on its back. It was wearing a set of dark red armor and exuded the overbearing pressure of an Emperor.

“We pay our respects to the extreme of hell! The chief Dark Magus! Lord Lucifer!”

Tenshou kneeled down sincerely, as if he was the most loyal believer.

The demon on the left was 20 meters tall, and its head was like a giant crocodile. When it breathed, black smoke came out of its nostrils, and fire could be seen between its fangs.

greetings, Lord Leviathan, the demon God of jealousy! Tenshou kowtowed once more, extremely respectful.

Next was a snake that was almost 30 meters long. Its head was like a skeleton, and its eyes were blood-red and evil. It was covered in black skeleton armor, and there were two pairs of blood-red Wings on its back.

“Greetings, Demon God of wrath, Lord Samuel!” Tenshou swallowed his saliva and did not dare to be slow.

The demon that appeared next was 13 meters tall. Its head was as ugly as a wild boar, and its fat body was like a small mountain. It always had a drowsy look and seemed very lazy.

greetings, Demon God of sloth, Lord Bellier! Tenshou bowed again, his eyes filled with respect.

Behind him was a 15-meter-tall demonic war god in battle armor! His head was like a crow’s, and his dark yellow eyes were constantly scanning the surroundings, calculating without stopping.

“Greetings, Demon God of greed, Lord Mamen!” Tenshou continued to bow.

What appeared next was a demon that was more than 40 meters tall, and its body was even more bloated than the sloth Demon God. His head was like a fly’s, and sticky saliva kept flowing out of his mouth. It was extremely disgusting.

greetings, glutton Demon King, Lord Beelzebub! Tenshou was still kowtowing.

The last demon was no less than 20 meters tall. His evil face was like a mummy’s, and his dark blue eyes were extremely sinister.

greetings, evil demonic god, Asmodeus! Tenshou finally finished his kowtow, but he still knelt on the ground and did not get up.

“Where is the enemy you mentioned? Where is the sacrificial ceremony?”

Lucifer squinted his eyes and looked down at Tenshou coldly, like a king looking down on his servant.

“I’ve already sealed the enemies! It’s just that I’m unable to kill them, so I had to return and ask the seven great demonic gods for help!”

Tenshou replied respectfully, “as for the sacrifice, it’s the enemy’s treasures and resources!” This enemy is no ordinary person, and he has a heaven immortal item in his hand!”

“Oh? A heaven immortal artifact?”

For a moment, not only Lucifer, but the remaining six demon gods all had extremely fanatical expressions in their eyes. It was as if a group of old perverts had seen a young beauty.

“Right! The enemy had a heaven-immortal artifact! As long as the seven great demon gods kill him, they will be able to obtain everything he has!”

” that’s right! Tenshou said excitedly, ” the seven demonic gods have extraordinary cultivation and abilities. The reason they couldn’t make the ultimate West hell a peak power was because they lacked heaven-immortal artifacts!

“The opportunity is right in front of us! As long as we can get the enemy’s heaven immortal device, the ultimate West hell will rise and become the most powerful force in the earth immortal world!”

“Do I need you to tell me that?”

Lucifer bared his fangs and laughed expectantly,”For hundreds of millions of years, we’ve been dreaming of acquiring a heaven-immortal artifact! Today, this dream was finally going to come true! Hell would finally rise! Hahaha ...”

“Then what are we waiting for? Hurry up and make your move!” no! Taiyi was even more impatient. I’ve already sealed the enemy’s vital essence. As long as the seven demon gods attack, they’ll definitely be killed!

“No rush!”

Lucifer composed himself, turned around, and knelt down toward the gate of hell!

Immediately after, Leviathan, Samuel, Mamen, Berier, Beelzebub, and Asmodeus, the six demon gods, also turned around and knelt down at the gate of hell!

“What ... What is this for?”

Tenshou’s face was filled with shock as he said, ” “Seven great demon gods, what’s the matter with you? Aren’t you the Supreme existences in the ultimate West hell? Why is there kneeling?”

“Lord ancestral God!”

The seven great demon gods knelt down one after another and said with extreme piety, ” your humble seventh servant has brought you a heaven immortal artifact. I wonder if you’d like it? ”

The seven demonic gods knelt on the ground like seven small mountains. Their heads were pressed against the ground, and their bodies were trembling. They didn’t even dare to breathe.

“This ... This, this, this ...”

Tenshou was dumbfounded,”am I dreaming?” How could the seven demon gods of hell call themselves the humblest seven servants? And all of them were cowering like dogs! Could it be ... That there are even more terrifying existences in the infernal realm?”

“A heaven-immortal tool?”

At this time, a frivolous young man's voice came from the gate of hell, "I'm here to take a look. Although I can't use it, I can give it to my bro bei.

"Whoosh ..."

A young man in a blood-red robe slowly emerged from the vortex of the gate of hell!

He had a handsome face, his black hair casually draped behind him, and his every movement was like a wild crane.

"This ... This is?" Tenshou looked at the red-robed youth like a fool.

"Me?"

"In the Three Realms and six paths, all demons have to call me ancestor!" The red-robed youth smiled.

#### **Chapter 3086**

3086 The Supreme devil ancestor

Three worlds and six DAOs, the ancestor of The Fiend sects!

That's right!

This red-robed young man was the reincarnated Rahu of the demon race!

However, Amaterasu wasn't sure what was going on, and he asked with a confused look, "Old ancestor? You're still so young ... Oh ..."

However, before he could finish his sentence, Tenshou was sent flying by Lucifer's inner Yuan and landed a few dozen meters away.

"Idiot! Do you have the right to question the words of the ancestral God?" Lucifer cursed angrily and then quickly knelt down with his head on the ground.

"Uh ..."

Tenshou's Dharmakaya and nascent soul were already very weak. After being hit by Lucifer's attack, his Dharmakaya was almost shattered and he died.

Tenshou didn't dare to say another word and knelt on the ground, trembling.

"Unseal your seal." Rahu glanced at Tenshou and said indifferently.

"Untie it?" Tenshou's expression froze for a moment, and he said nervously, "the enemy has an extremely powerful heaven-immortal artifact in his hands. Isn't unsealing the seal the same as releasing a Tiger back to the mountains ..."

"Idiot! You still dare to talk nonsense! Do you really want to die?" Lucifer turned around and roared at Tenshou, "You do whatever Lord ancestor God tells you to do! If you say another word of nonsense, I'll turn you into ashes!"

"Yes! yes ... Tenshou took a deep breath. His Dharmakaya was so scared that he almost peed.

“Whoosh ...”

Tenshou was worried about letting the Tiger return to the mountain, but he could feel that Rahu was a super powerful being. Even if he let Chen Xiaobei and Taiyi out, Rahu was confident that he could handle them.

Tenshou quickly dissolved the two Sand Balls and released Chen Xiaobei and Taiyi.

Tenshou and the seven demonic gods were on high alert. They glared at Chen Xiaobei and Taiyi with hostility. If anything happened, they would use their strongest move to attack these two enemies.

However, what happened next shocked them so much that their eyes and mouths were wide open, and their world views were shattered!

“Bro bei!”

Luo hou’s calm face was suddenly filled with joy. He waved his red robe and flew to Chen Xiaobei.

He was a Supreme demon of the Three Realms and six paths, and even the seven great demon gods knelt before him like dogs.

But now, he placed his hand on his chest and bowed to Chen Xiaobei.

how ... How is this possible?!

At the sight of this, the seven demonic gods were all shocked by the nuclear explosion. Their three views were shattered into powder, and they even began to doubt the birth of demons!

“Oh my God ... I’m ... I’m dead ...”

Tenshou’s face was filled with despair, as if his father had just died.

He had thought that Luo Yi was a super powerful figure who could kill Chen Xiaobei and Taiyi.

However, he would never have thought that Rahu, a powerful elite, would be so respectful to Chen Xiaobei! Not only could he not kill Chen Xiaobei, but it seemed like he was also Chen Xiaobei’s subordinate!

It’s cold!

It was completely over!

Tenshou’s state of mind had completely collapsed, and he no longer had the will to fight. He didn’t even have the will to escape.

It wasn’t because he didn’t want to run.

It was because he had no chance of escaping successfully.

“Tenshou, you’re such an idiot!”

Chen Xiaobei looked at Tenshou and laughed, “Do you know why I’m here in the far west Desert SEA?”

I ... I don’t know ... Tenshou shook his head.

“My main purpose in coming here is to find Rahu! Exterminating the heavenly reflection sect was just a passing act!”

of course not! Chen Xiaobei laughed. if you bring Taiyi and me to the pagoda, we might really die! But you brought us to hell! Aren't you just shooting yourself in the foot?”

” I ... Tenshou really wanted to find a piece of tofu to smash himself to death.

Chen Xiaobei was only here to look for Rahu and had no intention of going against the tendo sect.

It was all Tenshou's own bad luck to have met Chen Xiaobei!

Chen Xiaobei had only struck out in passing and he had completely eradicated the Tenshou sect. Their orthodoxy had been completely destroyed and was destined to disappear from the long river of history!

Even worse, Tenshou had fallen into the demonic path. After he had sealed Chen Xiaobei and Taiyi, he ran into Rahu.

Just as Chen Xiaobei had said, if Tenshou had gone to the ten thousand Buddhas Pagoda and the six-faction Alliance had arrived, Chen Xiaobei and Taiyi would have been in deep trouble.

Tenshou had the perfect opportunity to kill Chen Xiaobei, but because of that one mistake, they lost the game.

Tenshou's intestines were about to burst from regret.

“It's a waste of resources to keep such an idiot!”

Luo Yi's eyes focused, and his aura suddenly turned cold. His eyes revealed a destructive killing intent.

Chen Xiaobei's heart skipped a beat!

“No rush! He's still useful!”

Chen Xiaobei calmed himself down and said, 'I'm definitely going to the Treasury under Tenshou! Moreover, this guy is a high-ranking member of the gods 'Palace. The six-faction Alliance is going to attack the Xuanyuan family, and Tenshou's territory might be a breakthrough!”

“Alright, then.” Rahu nodded, and that terrifying killing intent instantly disappeared.

“Chi ...”

Chen Xiaobei took out his infinite soul ring and cast a spell on Amaterasu. “If you don't want to die, open your soul and obediently become my ghost slave!”

“Bro bei, why do you have to do this?” I've already planted a mental demon contract in his body, ” Luo Yi said indifferently. his life is in the hands of these seven slaves!

“Yes, yes, yes ...”

The seven demonic gods were like seven pugs, lying on the ground and bowing. as long as you say the word, North ancestor, we can instantly turn Tenshou into ashes!

dogs should be controlled in one's own hands. Only then can one trust them one hundred percent! Chen Xiaobei said calmly.

With that said, Rahu and the seven great demon gods no longer spoke nonsense.

Tenshou knew that he had no other choice, so he opened up his soul and accepted the infinite soul ring's control, becoming Chen Xiaobei's little ghost slave.

After that, Chen Xiaobei turned to Luo Yi and said, "Speaking of the heart demon contract, this is the main reason why I came to find you! Do you have a way to remove it?"

"Remove?"

bro bei? " Rahu's expression changed slightly. I don't sense any mental demon contract on bro bei's body. Are you trying to help your friend get rid of it? "

"Right!"

yes! Chen Xiaobei nodded and said, " they are my best friends and confidants. So, I have to remove them! Don't you have a way?"

"I usually don't personally take action for such a small matter!" Luo Yi said with a playful smile.

"North ancestor! We are willing to serve you!"

The seven demonic gods crawled over and kneeled in front of Chen Xiaobei. "Just leave this matter to us! You just need to put your heart at ease!"

"I don't want to bring you back to bei Xuan faction!" "Just give me the method!" Chen Xiaobei said.

#### **Chapter 3087: merit of enlightenment**

Luo Yi said respectfully to Chen Xiaobei.

The seven demonic gods obeyed Chen Xiaobei's every command.

She immediately taught Chen Xiaobei the method to dissolve the mental demon contract.

This way, after Chen Xiaobei used up God's greed, he could help his own people break the mental demon contract.

"Whoosh ..."

Then, Chen Xiaobei released 10000 demonic Pixiu crows from his ten thousand Beast Ring.

These devil crows quickly flew towards the east.

It was clear that there were more than 70 Tenshou higher-ups and three million Tenshou Warriors 'storage bracelets on the battlefield.

Chen Xiaobei was currently in need of spiritual stones, so he could not forget about the huge amount of resources he had.

[ ding! Save the people: you have received 3 billion merit points! ]

[ ding! Eliminate villains: you have received 3 billion merit points! ]

[ your current merit points are 99.5 billion (charm: 9.95 billion, luck points: 9.95 billion)

At the same time, the heavenly reward had also been calculated and was now on Chen Xiaobei's body.

Obviously, the three billion merit points for saving the people were not just for saving those one hundred girls!

Tenshou had fallen to the demonic path, and this was not the only evil thing Tenshou had done.

The three billion merit points were because Chen Xiaobei had exterminated the Tenshou sect and saved all the innocent people who had been oppressed by the Tenshou.

The other three billion merit points were naturally the reward for the battle just now.

Tenshou did evil, but the higher-ups and Warriors did not resist. Instead, they followed him.

That was why Chen Xiaobei did not punish them for killing them. Instead, he was rewarded.

[ you have gained 300 million new believers! ] The total number of believers was 66.3 billion! (Only '100 million' as the unit, the rest of the numbers are not calculated in detail.)

Following that, even the number of believers soared.

It was obvious that this was all thanks to the live broadcast just now.

In this world, strength was everything. The strength that Chen Xiaobei had displayed was enough to win him a large number of followers.

let's go. We'll fly slowly to the East. By the time we arrive, the demonic mayfly crows will have collected all the storage bracelets!

Said Chen Xiaobei as he packed his things.

bro bei, I have a suggestion. Luo Yi said in a deep voice, not in a hurry to leave.

"Go ahead," Chen Xiaobei nodded.

"I hope you can conquer the entire infernal court!"

Rahu said,"the demon race is actually not as evil as people think." The reason why most demons are evil and tyrannical is because they have no rules to control them and are not properly educated!"

"If you can rule the demon race, discipline them well, and make them abandon evil and turn to good, it will be a huge merit for you! For the demon race, this is also an opportunity for them to coexist with the righteous path and live in peace for a long time!"

Chen Xiaobei's heart skipped a beat."I can roughly understand what you mean, but ..."

I know bro bei has his concerns!

“bro bei,” Rahu continued, “you didn’t want to bring Lucifer and the others because you didn’t want to get involved with the demons. But bro bei, don’t forget that I’m the Three Realms ‘demonic ancestor. I have an inseparable relationship with the demons!”

“Bro bei, you’re my contracted master. Sooner or later, you’ll be inseparable from the demon race! Instead of both sides being in an awkward state of neither keeping close to each other, allowing others to take advantage of a loophole, it’s better to be straightforward and directly become one family!”

Even though it’s very difficult to educate the demons, as long as I succeed, the heavenly Dao will reward me with more merits than Fuxi!

according to the legends, the door to the demonic realm might open in the heaven realm’s desolate land during this infinite cataclysm. An unprecedented celestial and demonic catastrophe will break out!

if bro bei wants to resolve or stop this catastrophe, he should have gathered the demonic race outside the demonic realm as soon as possible. This is to prevent them from joining mo Luo Wutian’s side in the future!

Obviously, Luo Yi did not ask Chen Xiaobei to accept the demons just because of his identity. He was also analyzing the pros and cons for Chen Xiaobei from various angles!

First of all, the demon race was evil and tyrannical, and was not tolerated by the heavenly Dao! There were only two ways to follow the heavenly Dao. One was to exterminate the demons, and the other was to educate them!

It was obvious that massacring them was a bad idea, as it would result in countless deaths.

Teaching was the best way. Without killing, one’s virtue would not be damaged! Peaceful co-existence, no losses in yangde! This was undoubtedly even more recognized by the heavenly Dao!

Once he succeeded, this enlightenment merit would be immeasurable!

Secondly, the rumors of the demonic tribulation in the ancient desolate land had already spread between the heaven realm and the reincarnation of ancient Immortals.

Sect leader Tongtian and the other heavenly path Saints had gone deep into the ancient Barrens more than once.

It was conceivable that once this catastrophe broke out, it would definitely threaten the peace of the entire heaven realm.

Whoever could quell this catastrophe would be the greatest hero of the heaven realm, and even the Savior of the heaven realm.

The reward of the heavenly Dao would definitely be an immeasurable virtue!

If Chen Xiaobei were to start subduing and educating the demons, he would be able to gain the upper hand in the future catastrophe.

More importantly, if Chen Xiaobei did not subdue the demons first, all the demons in the Three Realms would join Wutian's side when he was born. They would become Chen Xiaobei and the entire heavenly realm's mortal enemy.

Rahu's suggestion to take in the demons was all for Chen Xiaobei's sake!

This was the best choice for Chen Xiaobei!

"Bro bei! I agree with Luo Yi's idea!" Taiyi was silent for a long time. After calculating repeatedly in his mind, he also expressed his attitude.

"Good! Then it's decided!" Chen Xiaobei was a smart man. He knew the pros and cons of this matter.

"That's great!" that's right! Luo Yi smiled. this way, my demon descendants will have hope to live for a long time in the next immeasurable catastrophe!

"I hope I can really enlighten the demons ..."

Chen Xiaobei took out the verdant Emperor's divine gourd and said, "the demonic nature of the demons from hell is still there, and the world can't accept them. So, I can only put them into the verdant Emperor's divine gourd for the time being!

"No problem!"

of course! Rahu nodded. the verdant Emperor's divine gourd is extremely large. Bro bei can definitely build a universe of the demonic race in it!

"The universe of the devil race?"

Oh? " Chen Xiaobei raised an eyebrow. a few days ago, I just put one billion undead demons into the verdant Emperor divine gourd. It seems like I'm destined to live with the demons!

may the demons of the Three Realms be with bro bei!

Rahu let out a deep sigh.

He raised his hands, and a blood-red ethereal force covered the area!

"Boom boom boom ..."

All of a sudden, a huge underground devil Kingdom floated up from the sea of sand!

The hundreds of billions of demons in the country prostrated themselves in worship as if they were seeing a God!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3088**

3088 Creation and possession

Ordinary people would not be able to imagine that under this vast desert, there was a super underground city that was several times larger than an ordinary capital city!

The number of demons in the city had reached hundreds of billions.

Ghouls, hellhounds, skeleton monsters, six-armed snakes ... All kinds of demons formed a complete demon Empire in front of Chen Xiaobei.

Although these demons looked ugly and evil, and they did things cruelly and violently, they still had great devotion to their faith.

From the way they knelt before Rahu, it could be seen that they could be educated.

Chen Xiaobei was the master of Rahu's contract. After he taught them, these demons would slowly become Chen Xiaobei's followers.

What's more, when sect leader Tongtian established the tribe of severity, he put forward the idea that there was no discrimination in the sect.

Regardless of their race, family, or status, sect leader Tongtian was willing to take them as disciples, teach them cultivation, and train them to become powerful zenith heaven golden Immortals.

Since Chen Xiaobei was the prime of Tongtian's disciple, he had the intention to follow his master's example. The demons were the first step!

"Whoosh ..."

With a thought, Chen Xiaobei kept the entire devil Kingdom into the verdant Emperor's divine gourd.

At present, there was already a blood fountain planet in the verdant Emperor's divine gourd, on which there were one billion immortal demons.

Since they were all demons, Chen Xiaobei decided to place the entire demonic kingdom on bloodspring.

The one billion undying demons merging into the hundred billion Demon Country wouldn't have too big of an impact, and they would definitely be able to co-exist peacefully.

alright, from now on, I officially accept the demons of hell!

Chen Xiaobei looked at Rahu and the seven demon gods and said, "From now on, any demon that is willing to submit can enter my demon race universe! I will treat them well and teach them!"

thank you, bro bei! thank you! Luo Yi cupped his hands and bowed. on behalf of the demons of the Three Realms, I thank you for your kindness!

"Thank you, North ancestor!" The seven demon gods were still kneeling on the ground and said respectfully, "it's a great opportunity for us to be taken in by you. We'll do our best to listen to your orders!"

"No need to be so polite ..."

I don't think so. Chen Xiaobei waved his hand. the only thing I'm worried about right now is that the blood Kirin's divine blood has almost drained all of the spiritual veins on the planet!

"Even though the blood Bodhi Divine Tree has already sprouted after a long wait! However, the planet of the blood spring has almost no spiritual energy left. It's not conducive to the growth of the divine blood Bodhi tree, and it's not conducive to the life of the demon race!"

“This is simple!” there was originally a large spirit vein under the infernal court, ” Luo Yi said with a faint smile. now that the infernal court has moved it away, there’s naturally no need to leave this spirit vein behind!

but, I can only drain this spiritual vein. I can’t move it to bloodspring planet. This won’t solve the demons ‘problem ... Chen Xiaobei said.

“Bro bei, don’t worry!” Luo Yi smiled indifferently, and an evil dark red aura suddenly appeared between his brows.

“What are they doing?” Chen Xiaobei was confused.

Taiyi couldn’t help but swallow his saliva and said awkwardly, ” “At the beginning of the first measureless cataclysm, Rahu drained the billions of spiritual veins in the West in an attempt to kill the daofather! What I rely on is the most heaven-defying essence soul attack in the Three Realms, creation possession!”

“Creation ... Creation and possession?” Chen Xiaobei’s eyes widened in shock.

Although the path of immortal cultivation was a heaven-defying path that seized the Fortune of the heavens and earth to strengthen one’s own body.

However, the vast majority of immortal cultivators had extremely slow cultivation speeds.

Anyone who had a great fortune must first experience a Great Tribulation or a great opportunity.

But Rahu was different!

Creation possession!

What he meant was that as long as he had his eyes on the good fortune of the heavens and earth, he could snatch it away with a single thought!

This was more than just heaven-defying!

This was simply unreasonable! He did whatever he wanted!

No wonder Rahu even dared to kill a daofather!

With such a terrifying skill, what else would he not dare to do in the Three Realms?

Of course, this was the so-called possession.

When there was snatching, there must be giving!

What did Luo Yi give up behind this heaven-defying snatching?

Chen Xiaobei did not know.

However, since Luo Yi had the ability to take it, the things he had to give up were naturally within his tolerance. Chen Xiaobei did not have to worry too much.

“Whoosh ...”

In the next moment, the dark red aura between Luo Yi's eyebrows suddenly fell and transformed into a super demonic claw the size of a city!

This demonic claw had sharp bone spikes, fiery red skin, and knotted veins as if it was made of steel, revealing an extremely tough pressure.

The demon Claw went deep into the ground and quickly pulled out a 'giant dragon' that was shining with colorful spiritual light from the desert!

That's right!

This was the large-scale spirit vein that the underground devil Kingdom relied on for survival.

The main vein of this spirit vein was millions of miles long, and there were countless branch veins in the surroundings.

From this, it could be seen that all the spiritual energy in the extreme west Desert was silently supplied by this spiritual vein.

"What the f \* ck! A spirit vein actually looks like this!"

Chen Xiaobei's jaw dropped. He had used to drain a lot of spiritual veins, but this was the first time he had seen a large, complete spiritual vein being pulled out from the roots. The spiritual Qi did not even dissipate.

Luo Yi's creation possession! It was terrifying!

The act of snatching the spirit vein was equivalent to snatching away the Fortune and fate energy of the entire desert.

From now on, the ultimate West Desert would become a wasteland with extremely thin spiritual energy, and no one would ever set foot here again.

Bro bei, let me into the verdant Emperor's divine gourd! Rahu said.

"Good! Let's go in together!" Chen Xiaobei passed the gourd to Taiyi and entered it with Rahu.

"She!"

At the location where the blood Bodhi Divine Tree was planted, Luo Yi controlled the huge demonic claw with a thought and sent the spirit vein underground.

With that, the blood Bodhi Divine Tree would have spiritual energy and could continue to grow.

At the same time, the spiritual energy emitted by this large spiritual vein could also make the entire bloodspring planet rich in spiritual energy.

The demons here could continue to live and develop steadily, at least not worse than before.

"This time, my problem is completely solved!" Oh right! Chen Xiaobei smiled and asked, " what's the point of your possession? " How will it affect your body?"

“Plundering is the nature of the demon race! Abandoning is the most difficult thing to do for the greedy demons!”

Luo Yi said indifferently, “I can plunder the good fortune of the heavens and earth. However, as a price, my lifespan and fate energy will plummet!” Of course, if I can give up the good fortune I’ve stolen, it won’t affect me!”

Chen Xiaobei’s eyes lit up. “According to what you’ve said, if you give me all the things you’ve plundered, it’s the same as giving up everything! If you’re not affected, then you can take whatever you want! We can take as much as we want!”

### Red Envelope Group of the Three Realms

#### **Chapter 3089**

3089 The battle of fate energy

“Well, it’s a little complicated to explain ...”

Luo Yi thought for a moment and said, “first of all, I can only seize the Fortune of heaven and earth.” You can’t just take whatever you want!”

“Secondly, if I give you the thing that I seized! I won’t be affected! However, your fate energy will plummet!”

for example, if I give this spirit vein to you, although you can obtain a huge amount of spirit Qi, your luck and charm may decrease, or you may encounter a disaster. There are still some unknown variables!

I see ... Chen Xiaobei frowned. then how did you survive when you didn’t even abandon the spiritual veins you plundered? ”

“At that time, I was already a peak quasi-Saint, a half-step heavenly path Saint. I lived as long as the heavens and earth, I was immortal and undying! Therefore, there was no such thing as a sharp decrease in lifespan! However, the fall of fate energy is the most fatal!”

“Back then, I plundered billions of spiritual veins and set up the peak celestial slaying sword formation in Mount Meru, the ancestral vein of the desolate land of the Western flood!” Luo Yi said in a deep voice.

“At that time, your Dao ancestor, Hongjun, had not yet proven his way and become a saint. His cultivation was equal to mine! Logically speaking, I have ten thousand percent confidence that I can kill him!”

“Hongjun even invited great immortal Yang Mei, Grandmaster Yin Yang, and Grandmaster Qian Kun of the same cultivation! The four shameless old men will attack me together!”

“But the result? Yang Mei, Yin Yang, and Qian Kun were all seriously injured by me! I’m about to obtain the final victory!”

“But I never thought that the two lunatics, the Yin Yang ancestor and the heaven and earth ancestor, would risk their souls and never reincarnate. They even self-detonated their origin souls to forcibly block my attack! Great immortal Yang Mei also didn’t care about life and death, and entangled me like a Mad Dog!”

“Originally, this was just a small interlude. It wasn’t difficult for me to take care of the three of them. The final victory should still belong to me!”

“However, what I didn’t expect even more was! At this time, the way of heaven actually sent down an opportunity for Hongjun’s good, evil, and obsession corpses to appear together! This is a boundless opportunity for beheading three corpses to verify the Dao!”

“Take advantage of Yang Mei’s entanglement! Hongjun himself released the auspicious clouds to suppress the celestial eradication sword sect! Hongjun’s corpse took out the cauldron of heaven and earth to suppress the celestial killing sword sect! Hongjun’s evil separation used the Tai Chi pattern to suppress celestial trapping sword sect! Hongjun took out the good fortune Jade tome to suppress the immortal-eliminating Sword School!”

“In an instant, all four gates of the sword formation were broken, and the four immortal-killing swords were all taken by Hongjun! Hongjun’s fate energy rose again, and he actually comprehended the mystery of the great way contained in the good fortune Jade tome. He integrated with the three separations and became a heavenly path Sage!”

“At this point, the battle has completely lost its suspense! Hongjun killed me with one move! Fortunately, I bear the boundless karma of the 3000 demonic gods cursing all living beings in the untainted land!”

“If the karma isn’t settled, I won’t be destroyed! This was why his remnant soul was sealed under the 18 levels of hell! It wasn’t until the winter solstice festival that I finally got the chance to see the light of day again!”

Luo Yi slowly recounted the events of the past. Although his tone was calm, it was still difficult to conceal his unwillingness and resentment.

After all, Luo Yi was only one step away from victory! But in the end, he lost completely!

If his strength was inferior, there was nothing to say about Luo Yi’s defeat.

However, Luo Yi’s strength was at an advantage, and he had the upper hand even when he was fighting one against four!

It was because Hongjun’s fate energy had increased by two degrees in the battlefield that the situation was completely reversed!

Think about it, if the person whose fate energy had skyrocketed was Luo Yi, what would have happened?

Because of this, Luo Yi’s heart was absolutely not convinced and unwilling!

it’s all in the past now. Since you’ve seen the light of day again, you should reflect on your lesson and not let this new life down!

Chen Xiaobei could understand Luo Yi’s feelings. He comforted Luo Yi and encouraged him to seize the opportunity to reflect on his problems so that this new life could shine as brightly as it should!

after being killed by Hongjun, I have been reflecting on my actions for a long time!

Rahu said in a deep voice, "the biggest mistake I made was to ignore fate energy and the heavenly Dao!" "I thought that just because I was immortal, I could freely plunder the Fortune of the heavens and earth! But in the unseen world, he went against the heavenly Dao!"

after the death of Grandmaster Yin Yang and Grandmaster Qian Kun, their fate energy was transferred to Hongjun, which triggered his three separations!

after he seized the four celestial-slaying swords, Hongjun's fate energy skyrocketed. Then, he activated the opportunity of the Jade plate of fate and succeeded in beheading the three corpses to prove his way!

"From this, it can be seen that my failure was due to fate energy! He was defeated because he was not protected by the heavenly Dao! As long as the heavenly Dao can help me even a little, the winner of that battle will be me!"

Rahu's tone was heavy, but his emotions were still calm.

It could be seen that in the past trillion years of being sealed, he had reflected on his failure countless times and had long digested his anger and hatred.

At this moment, he was able to calmly talk about the past and face his failure peacefully! This was enough to prove that he would not fall into the same pit twice!

"If that's the case, what do you think of this skill?" Chen Xiaobei asked.

"I'm a devil! Plundering was a natural instinct! I must use this skill!"

Luo Yi said, "however, before using it, we must first see if the Fortune is worth plundering!" After plundering, it would be best to reduce one's lifespan! If it's your luck that's been reduced, then we have to find a way to make up for it!"

"As long as I can calculate the cause and effect clearly after each plunder and think of a way to make up for it! Basically, the situation that I was in back then won't happen again!"

"For example, this time, I plundered the spirit vein that belonged to the devil kingdom of hell, but I returned the spirit vein to them! It will not affect me!"

moreover, this spiritual vein has nourished one billion immortal demon Warriors. I can also get some merits from it and increase my fate energy a little bit!

Obviously, Luo Yi had already reflected on his mistakes and naturally thought of a way to deal with them.

In general, as long as he calculated it clearly and thought of a way to make up for it later, he could minimize the impact of creation and possession, or even completely eliminate it.

Therefore, this was still an extremely heaven-defying skill!

As long as it was used well, it would definitely bring about endless benefits!

"I'm relieved then!"

alright! Chen Xiaobei heaved a sigh of relief and said, " next, you have to help me with something!

"Bro bei, just give me your orders!" Rahu said indifferently.

"There are some enemies there. I want to control them!" Chen Xiaobei pointed forward.

There were still more than fifty enemies sealed under the nineclock heavenly net.

They were the young masters of the three top forces, the sea god Poseidon, and more than 50 high-level members of the top forces.

Once these people were under control, they would be of great use to Chen Xiaobei.

"This is too easy!" Luo Yi smiled faintly and was extremely confident.

#### **Chapter 3090**

3090 Demon God tribulation curse

Bewitching minds, poisoning curses, controlling others, these had always been what the demon race was best at.

bro bei, listen carefully. I'll give you the demonic god tribulation curse directly ...

Rahu immediately passed on a mantra to Chen Xiaobei and said, " this is a deity-level curse. Anyone under the true God level can't dispel it!

"A seed of the curse will be planted in the soul of the cursed person! As long as he dares to have any thoughts of disloyalty, his soul will be completely obliterated!"

Obviously, Luo Yi's Demon God tribulation curse was of a much higher level than Lucifer and the others 'mental demon contract!

Lucifer and the others had to control the person who signed the mental demon contract. If that person was thousands of miles away, Lucifer and the others wouldn't know what the other party was doing or thinking. They wouldn't even know if they were sold.

For example, the people from bei Xuan faction already had the heart demon contract in their bodies. However, they were far away and Lucifer and the others could not control them at all. Even if they were betrayed, they were no longer under their control.

However, the demon God tribulation curse was different!

The seed of the curse was in the soul of the person being controlled, and it had a very strong sense of spirituality.

As long as the controlled person had the slightest disloyalty, the seed of the devil curse would obliterate his soul and make him die without a burial.

This way, the people under Chen Xiaobei's control, even if they were hundreds of millions of miles away, even if they were in an independent space, would still carry the seed of the curse and the fear of being dominated by Chen Xiaobei!

Anyone who dared to betray would die!

“I’ll try it now!”

Chen Xiaobei grinned and walked towards the seal of the nine heavenly locks net.

“Whoosh ...”

With the scholar’s heart, Chen Xiaobei could learn it on the spot.

With a thought, his primeval essence circulated, and he succeeded on his first try, condensing a dark red demonic pattern.

“Swish!”

The strange pattern was like a wave of water that merged into the body of an elder of the heaven’s legacy city.

“Come out!”

Chen Xiaobei released the elder from the seal of the ninesuns Sky Net and said, “I’ll give you one chance to kill me! I promise I won’t fight back. As long as you have the ability, my life is yours!”

I wouldn’t dare ... I wouldn’t dare ... the elder of Tianji city kneeled on the ground and kowtowed to Chen Xiaobei.

“Elder Wang! You are an elder of our Tianji city headquarters! How can you be so timid!”

At this time, Xu gengnian, the young lord of Tianji city, shouted, “Show me some courage! If you kill Chen Zhufeng, I’ll reward you with one billion upper spiritual stones! I’ll reward you with a nine-star earth-god instrument! When I become the Lord of the heaven’s legacy city, I’ll make you a core elder!”

“I don’t dare ... I don’t dare ...” He said.

On the surface, elder Wang was shaking his head desperately. However, deep down, he was wavering.

After all, Xu gengnian’s conditions were too tempting. If he succeeded, elder Wang could save tens of thousands of years of hard work!

“Uh ...”

But just as he was about to kill Chen Xiaobei, elder Wang let out a wail.

There were no wounds on his body, not even any pain.

However, he fell to the ground and stopped moving. He was dead!

His body was intact, but he was dead!

This meant that elder Wang’s soul had already been destroyed!

“What ... What is going on?”

Seeing this scene, Xu gengnian and everyone within the nine heavenly lock net were all dumbstruck, their scalps tingling.

“Elder Wang’s death must have been because of that dark red mo matrix!”

“That’s right! I saw Chen Zhufeng put the dark red rune into elder Wang’s body with my own eyes!”

but Chen Zhufeng didn’t do anything. Could it be that the dark red rune killed elder Wang? ”

“This ... This is too unbelievable!”

The crowd gasped in shock. They could not imagine what the dark red rune was. How could it kill someone without Chen Xiaobei’s control? This was too strange!

it’s normal for you to find it unbelievable that it’s a divine level curse!

as you can see, I used the demonic God’s curse on this guy. I asked him to kill me because I wanted to test if he has really submitted to me! Chen Xiaobei said.

“As long as he truly submitted to me and had no other thoughts about me, he wouldn’t have died just now! It’s a pity that after he heard Xu gengnian’s temptation, he wanted to kill me!”

“Even if they have the slightest intention to kill me or rebel against me, the spirituality of the curse will be able to sense it! The curse will directly destroy his soul, leaving him no chance to explain himself before he completely disappears from the three worlds and six paths!”

Chen Xiaobei was using elder Wang as a guinea pig to test the demonic god tribulation curse.

At the same time, this was also a warning to the others. He wanted everyone to see the consequences of feigning submission.

“Woof! Buzzzzzz! Yi ...”

The effect was very obvious. Chen Xiaobei did not hesitate to cast the demonic god tribulation curse more than 50 times, cursing everyone under the ninesuns Sky Net!

However, even though this skill was heaven-defying, it also consumed a lot of energy.

After using it for more than 50 times, Chen Xiaobei’s ethereal force and mental power were completely exhausted.

Because of this, this move could be used to deal with experts above the seven-star earth-god level, but it was better to use dog food to control those below the seven-star earth-god level.

“Whoosh ...”

After everyone was cursed, Chen Xiaobei removed the seal on the nineslope heavenly net and kept the heaven-immortal instrument.

Childe Zhufeng, please spare us ... Childe Zhufeng, please spare us ... We’ll be loyal to you ... We won’t dare to betray you ... We won’t ...

The fifty or so people all knelt on the ground and wailed.

Even Xu gengnian and Zhao Wanji, who were the proudest of them all, had completely lost their temper. In the face of death, they could only choose to submit.

Even Canaan Yu, who only knelt before the gods and bodhisattvas, knelt in front of Chen Xiaobei. He was the one who kowtowed the hardest among the crowd.

As for Poseidon and the other high-level officials, they kowtowed repeatedly and were extremely pious.

They had put in countless efforts and overcame countless difficulties to obtain the status and power they had today. If they died, everything would have been in vain.

They simply couldn't bear to die! Naturally, they would not dare to betray Chen Xiaobei!

"Very good!"

hehe! Chen Xiaobei grinned. with these lackeys, the six-faction Alliance's plan to attack the Xuanyuan family is basically useless!

"That's right ... The six-faction Alliance is nothing but trash in front of Childe Chen! "Wherever Childe Chen's blade is pointed at, the six-party alliance will be annihilated ..." The fifty or so people nodded their heads desperately, not daring to say a single word.

Chen Xiaobei ignored them and said, " "Rahu, let's go! The 3,000,000 storage bracelets should be ready by now. It's time to have a big harvest!"
