Red Envelope Group of the Three Realms

Chapter 3471: sinister and vicious

Central capital, underground secret room.

that's weird ... The energy fluctuations just now are way beyond hou Qingfeng's cultivation ...

Ling sheance squinted his eyes. Although he was far away, he could still sense the situation on the battlefield with his primordial spirit domain.

"Not good!"

Ling Shence's eyes were wide open, and he said in disbelief, "hou Qingfeng's Dharmakaya and primordial spirit have disappeared ... They've lost!

it seems like that kid has hidden his strength!

Ling Shence's face twisted. He sighed and said, "I really miscalculated! We've been tricked by that kid again!"

Obviously, this result was like an invisible slap on Ling Shence's face.

Originally, Ling Shence would have been able to capture Chen Xiaobei if he had gone there personally.

However, Ling sheance thought that he was smart and was afraid that he would fall into Chen Xiaobei's trap again. So, he did not go there personally.

However, all the lackeys that Ling shenci had sent over had been killed by Chen Xiaobei. Not even a single hair was left!

This face slap was simply too loud!

"Should I go over now?"

Ling shenci frowned and was caught in a dilemma.

If he went, and the gate of space changed, if he did not go, Chen Xiaobei could continue to get away with it.

"Forget it! I still have to go!"

Ling shenci calmed himself down and made a decision immediately.

if I don't move, that guy will be unscrupulous. If he escapes from the dark Whirlpool, I, Ling sheance, will suffer a double loss this time. I will lose all my face!

Ling Shence had a brain, and his analysis was absolutely correct.

"Swish!"

With a single thought, he charged out of the secret technique and headed straight for the battlefield in the distance.

Of course.

Although Ling Shence had a brain and his analysis was correct, Chen Xiaobei was smarter than him.

While Ling sheance was rushing towards the battlefield, Chen Xiaobei and Yan Lingshi were heading towards the secret chamber.

The celestial master of God's strategy was being led by the nose by Chen Xiaobei!

It was simply too ironic!

.....

At the same time, behind the door of space in the secret room.

Xia Yilian had a major discovery.

"Old Huang! What are you doing here?"

It was a huge cave that looked like the nest of some large zergs.

The surroundings were filled with maze-like tunnels, and all of them led to an underground Palace in the center!

At this moment.

After exploring, Xia Yilian successfully arrived at the underground palace.

Who would have thought that old yellow would reach this place before her?

Whoosh ... Whoosh ...

He saw old yellow sitting in the center of the underground palace. There were dozens of red flowing lights around him, fighting to enter his body.

"Miss Xia!"

Although old yellow was sitting on the ground, it was very clear-headed and quickly explained, "After I fell from the sky, I fell into a secret room. After I crashed into the door, I fell into a space gate, and then I came here."

"What ... What are you doing?" Xia Yilian looked at the surrounding red light, her eyes full of curiosity.

Obviously, old Huang did not know Xia Yilian's undercover identity. He said without hiding anything, "I was lucky to have obtained the inheritance of this space's master!"

"What?"

Xia Yilian's eyes lit up when she heard this. She asked, "What kind of inheritance is this? Is it powerful?"

this inheritance includes a cultivation technique and the right to control the entire space! the legacy is almost complete, " old yellow said without any wariness. when the time comes, we'll be able to enter and leave freely!

“Almost done?” Xia Yilian’s eyes turned cold, and she asked in a deep voice, “What happens if the inheritance fails?”

the inheritance went smoothly. Why did it fail? ” “Don’t worry!” Old yellow laughed. After I obtain the inheritance, I can take everyone and leave this place!”

“I’m asking you! If he failed! What will happen?” Xia Yilian’s tone instantly turned cold, and her expression gradually became ferocious.

Old yellow’s expression froze for a moment, but he didn’t think too much about it. He casually replied, “if the inheritance fails, then try again. There’s no loss anyway.

“Can we do it again? Good! Very good!” Xia Yilian’s emotions were unpredictable, and she revealed a cold smile.

As she laughed, she walked towards old yellow.

“Miss Xia, you ... Why are you acting so weird?” Old Huang’s expression was slightly startled, and he was a little worried about Xia Yilian.

“I’m fine!”

Xia Yilian walked behind old yellow and smiled coldly. “You’re already old! His brain was not working well either! Why don’t you give me such a good inheritance?”

“What?”

Old yellow was stunned for a moment, thinking that it had heard wrong.

Along the way, Xia Yilian was like an innocent little girl. Who would have thought that she would say such words?

Moreover, she was not just saying it!

“Swish!”

The next moment, a cold short knife pierced through old yellow’s sea of Qi dantian.

Probably because he couldn’t move in the inheritance, old yellow didn’t Dodge or even protect his body with true essence. Just like that, his Dharmakaya and nascent soul were pierced through!

“Let ... Let me go ... Please let me go ...” He begged.

Old yellow vomited a large amount of blood on the spot and pleaded, “ I’ll give this inheritance to you ... Please leave my primordial spirit behind ... I still have to cure ... Cure ...

“Ha, hahahaha ...”

Xia Yilian laughed sinisterly. She didn’t even let old yellow finish his sentence before she immediately released a burst of celestial core power.

“Bang!”

With an explosion, old yellow's primordial spirit was directly blown apart, completely losing all signs of life!

Vicious! Vicious! Cold and heartless!

Xia Yilian was countless times more terrifying than a snake or Scorpion!

"Bang!"

Xia Yilian kicked old Huang's body away and sat down.

Whoosh ... Whoosh ...

Very quickly, the Crimson flowing light that contained the power of inheritance descended once again and landed on Xia Yilian's body.

"Hahaha ... I knew it! I, Xia Yilian, will definitely rise! What great emperor, immortal Lord, celestial Lord, demon ancestor! One day, I will trample all of you under my feet! Hahaha ..."

With a burst of crazy laughter, Xia Yilian's entire aura had undergone a tremendous change.

At this moment, an extremely terrifying existence slowly descended into the world.

.....

Outside the spatial gate.

Chen Xiaobei and Yan Lingshi had arrived.

"Hurry up! Let's go in quickly!"

Without any delay, the two of them rushed into the space gate.

That was because Ling sheance was right behind them!

"Swish!"

Ling sheance was not stupid. He flew back immediately after checking the battlefield.

Almost as soon as Chen Xiaobei and Yan Lingshi stepped through the space gate, Ling sheance arrived at the scene.

The spatial gate's fluctuations hadn't subsided yet, which meant that someone had just entered!

"Let's see where you guys can run to now!"

Ling shenci's face was full of killing intent. He stepped into the space gate.

[Red Envelope Group of the Three Realms](#)

Chapter 3472: Earth Spirit base

3472 Earth Spirit base

"Chi ..."

Once they entered the cave, Chen Xiaobei turned into an ant again while Yan Lingshi transformed back into the purple Qi and wrapped Chen Xiaobei up. They then rushed into a random tunnel.

“Dammit! Where is he?”

Ling sheance rushed in. He could not sense Yan Lingshi’s presence and was surrounded by maze-like tunnels. For a moment, he had no sense of direction.

On the other side.

Chen Xiaobei and Yan Lingshi were not idle.

In his ant form, Chen Xiaobei used the out-of-body blood spirit again.

[ding Yingying’s cultivation base: peak of the dongxu stage. Lifespan: 6.33 million years, physical strength ... Combat strength: 10 billion, primordial spirit attack-sacred level!

This time, the space was even smaller, and the lifespan consumed was much less than the last time, only 10000 years.

But this time, Chen Xiaobei had made two important discoveries!

First, the nine-star heavenly-god level formation that Chen Xiaobei had speculated was buried underground!

Second, the core foundation that created this entire space was also buried here!

It was impossible for any independent space to be created out of thin air. It could only be built with a Supreme treasure as a vessel.

For example, the verdant Emperor’s divine gourd and the heaven and earth smelt were both created using divine weapons, and an independent space was built within them.

And here, this entire huge independent space was built on a one-star divine level stone tablet!

And this stone tablet was exactly what Chen Xiaobei wanted the most-the spiritual foundation of earth!

After obtaining this item, Chen Xiaobei would have a trump card to fight against Ling sheance, and it would be useful in the future.

“Swish!”

After making sure that Ling sheance was not chasing after them, Chen Xiaobei took out the earth escape Holy gourd and went underground with Yan Lingshi.

Earlier, Chen Xiaobei had used the chaos Blood Sword to devour a few magical treasures, but he had left the earth escape Holy gourd behind. Now, it was the perfect time for Chen Xiaobei to get to his destination.

“We’re here!”

8,000 meters underground, Chen Xiaobei and Yan Lingshi finally saw the huge stone tablet that was a hundred meters tall.

The front of the stone tablet was filled with unrecognizable ancient characters.

The back of the stone tablet was carved with the four capital cities of the independent space outside, as well as the central capital that was above the four capital cities.

“This looks like a magic treasure!”

Chen Xiaobei put his hand on the stone tablet and started to communicate with it.

“That’s great! I was right!”

Chen Xiaobei was excited.

“This stone tablet is the core foundation of this entire space. It is also the brain that controls the space and the array! As long as we can control this stone tablet, we can enter and exit this place freely. Furthermore, we can also activate that array!”

Chen Xiaobei saw the hope of victory. He tried to communicate with the stone tablet to make it recognize him as its master.

“Something’s wrong! This isn’t a magic treasure!”

After trying it out, Chen Xiaobei realized that the stone tablet was only a one-star divine item.

The ability to control the space and the array that he had just felt had been completely lost.

It was as if it had been taken away by someone else.

“No matter! As long as I have the Earth Spirit base, I will have the power to fight!”

Chen Xiaobei then put the stele into the Meru space.

After that, Chen Xiaobei brought Yan Lingshi into the Meru space.

“Bro bei! Now that we have found the earth spiritual foundation, let’s go and fight Ling sheance!” Yan Lingshi said impatiently.

“Idiot!”

Chen Xiaobei shook his head and said, “Although I have the five elements spirit base, my strongest attack is only at the mid three star heaven immortal realm!”

“Even if I use the five elements great Dao, I’ll need to cycle it thousands of times before I can reach the power of a nine-star celestial immortal! It will take at least a few minutes. Do you think Ling shenci will wait for me to accumulate my strength?”

“He will not wait! I’ll only kill you immediately!”

“Bro bei, you’re so smart!” Yan Lingshi said, embarrassed. It won’t be too late to go for the final battle after we’ve prepared everything!”

“Let’s take a rest first ...”

Chen Xiaobei then took out all the items he had gotten from the battle.

First of all, there were 20 billion upper spiritual stones in the storage bracelets of the 20000 mountain demons. There were many other resources, but Chen Xiaobei had no use for them, so he put them all back into the furnace.

After that, the five of them found a total of 200 billion upper spiritual stones in their storage bracelets. There were many resources and magical treasures, but they were all recycled goods.

Then, he found 500 billion upper spiritual stones, resources, and treasures in his storage bracelet.

Finally, there was hou Qingfeng's storage bracelet. This guy was the biggest fish in the battle just now, and Chen Xiaobei was looking forward to it.

As expected!

He had 30000 lower spiritual Jade, which was equivalent to 3 trillion upper spiritual stones.

In addition, his white jade ring was a three-star heaven immortal artifact, which was on the same level as the Yin Yang life and death Ring.

Although Chen Xiaobei could not use it now, at least he could keep it and not melt it down. It might be useful in the future!

Other than the white jade ring, Chen Xiaobei also found the key to a treasure vault.

Of course, Chen Xiaobei did not have the time to go to the territory, nor did he have the strength to challenge the entire hou family.

Therefore, he could only keep the key for the time being and find an opportunity to use it in the future.

As for the other items, they were not attractive and were all returned to the furnace.

Finally, Chen Xiaobei did some simple calculations.

His little Treasury was filled up again. After conversion, all his wealth was equivalent to 43200 inferior-grade spiritual Jade.

At least, he had regained some blood!

On top of that, once all the resources in the heaven and earth smelt were refined, the witch Dragon heavenly flame would be able to advance to the mid-stage two-star heaven immortal realm!

This was also a huge gain.

"Alright! Next up is the final battle!"

Chen Xiaobei took a deep breath, his eyes filled with anticipation."As long as I can get rid of Ling sheance, I will get more than 100 times more! Whether or not I can get rich overnight depends on today!"

After that, Chen Xiaobei took out the sky-imprisoning painting.

Then, Chen Xiaobei brought Yan Lingshi into the map.

I'm going to hide the five elements spirit base here. Before I attack, I will not let Ling Shence see my trump card!

Obviously, Chen Xiaobei had everything planned out.

"Woof! Buzzzzzz! Yi ..."

With a thought, Chen Xiaobei summoned all five elements.

The Vajra scepter, godwood sword, vast Sea Sky Crystal, primordial demonic fire, and five elements divine stele corresponded to the five elements, metal, wood, water, fire, and earth, respectively.

"Clang!"

Then, Chen Xiaobei took out the chaos Blood Sword.

In the battle just now, the essence soul that the chaos Blood Sword had devoured had all been transformed into energy. It had not held back at all and had been burned out in an instant!

"Swish!"

Chen Xiaobei's sword unleashed the power of a mid-tier three-star sky immortal, and with the help of the Scripture of heaven and earth, he fixed the power into a fire element!

[Red Envelope Group of the Three Realms](#)

Chapter 3473: mixed luck

Fire begets earth! The sword Qi was the first to enter the five elements divine monument, and it gushed out after increasing its power by twenty percent!

Earth begets gold! The force passed through the Vajra scepter and increased by another 20%!

Gold begets water! The power passed through the vast sea heavenly crystal and increased by another 20%!

Water begets wood! The power passed through the godwood sword and increased by another 20%!

Wood begets fire! His power passed through the primordial demonic flame and increased by 20% for the fifth time!

At this point, the five elements great Dao had completed a complete cycle. Its initial power had also doubled.

However, this was only the beginning.

Under Chen Xiaobei's control, the power kept circulating.

With every complete cycle of the five elements, the power would double.

In order to save time, Chen Xiaobei even released Futian Xin 'er from the verdant Emperor's divine gourd to help activate the sunlight cache.

After more than 9000 perfect cycles, Chen Xiaobei finally stopped.

“Alright! Now, the power of the five elements spirit base had reached the level of a nine-star heaven immortal! Whether we can defeat Ling sheance or not depends on the actual situation of the battlefield!”

Chen Xiaobei took a deep breath and put away the chaos Blood Sword.

However, Yan Lingshi frowned and said, “Bro bei ... This power is only at the same level as Ling sheance. Unless we hit him when he’s completely defenseless, there’s no chance of winning!”

Xiaobei Gege, why don’t you continue the cycle?” Fu Tian Xin ‘er had a confused look on her face as she said, “ as long as the five elements Dao continues to cycle, its power will surpass all enemies!

“Silly girl!”

Oh?” Chen Xiaobei smiled wryly. if there’s really such a good thing, wouldn’t I be able to beat the great elder down?”

this ... Fu Tian Xin ‘er’s expression froze, “ that’s right. If it can really be an infinite loop, even the heavenly Dao can be defeated, let alone the Dao ancestors!

“Then why can’t it be an infinite loop?” Yan Lingshi asked.

“Guys, look at the vast sea Sky Crystal!” Chen Xiaobei pointed.

Yan Lingshi and Fu Tian Xin ‘er immediately looked over and exclaimed in unison, “ “How could this be? There are many cracks on this nine-star celestial immortal item, and it looks like it’s about to collapse!”

“The problem lies here!”

that’s right! Chen Xiaobei said, “ the five elements spirit base is used to carry the power of the five elements! The vast sea heavenly crystal is a nine-star heaven immortal, and the power it’s carrying has already reached its limit!”

if I don’t stop the cycle, this vast Sea Sky Crystal might collapse at any time. When that happens, its power will dissipate and all my previous efforts will be in vain!

“I see!” Yan Lingshi and Fu Tian Xin ‘er finally came to a realization.

In Chen Xiaobei’s five elements spiritual base, the godwood sword, the Vajra scepter, the grandmist demonic fire, and the five elements divine monument were all one-star divine items.

Only the vast sea heavenly crystal was a nine-star celestial immortal item.

How much water a wooden bucket could hold depended on the shortest wooden board.

It was obvious that the vast sea Sky Crystal was the weak point of this five elements spirit base.

In order to ensure that the vast sea heavenly crystal did not shatter, the power of the five-element great Dao cycle could not exceed that of a nine-star heaven immortal.

“Alright! No matter what, I finally have the power to fight with Ling sheance! Even though we only have one chance, this is our only hope!”

Chen Xiaobei calmed himself down and his fighting spirit was boiling.

“Don’t we still have that formation?” Yan Lingshi said.

“Right! Let’s go and take a look!” Chen Xiaobei said.

After that, she returned to the verdant Emperor’s divine gourd.

Chen Xiaobei and Yan Lingshi returned to where they came from.

With the help of the earth escape immortal Gu, the two of them quickly arrived at the location of the formation.

The runes that Chen Xiaobei had obtained earlier were the eastern formation core of this formation.

Once the runes were placed back into the eye of the array, the entire array would be completely restored and could be used normally!

but ... When I was subduing the five elements divine monument, the control of the array seemed to have been taken away ... I’m not sure if I can use the array after it’s restored ...

Chen Xiaobei frowned and said worriedly, “Why don’t you tell us what’s good or bad?”

“Alright!”

Yan Lingshi composed herself and seemed to be lost in thought.

good and bad,” she said after a while. good and bad, and good and bad ... It all depends on whether you dare to take a gamble!

this ... Chen Xiaobei frowned. After a moment of hesitation, he placed the rune into the formation eye.

“Let’s bet then!”

Chen Xiaobei said, “In any case, I don’t have a 100% chance of winning this final battle! If we take a gamble, we might have a higher chance of winning!”

.....

In the underground palace.

“Phew ...”

Xia Yilian heaved a sigh of relief, and her face revealed an extremely excited expression. “I’m so lucky! I’m a wood-type demon, and I resonate with the origin of this inheritance. The inheritance speed is hundreds of times faster than old Huang’s, and now, it’s completely completed!”

“First of all, I’ve learned a one star deity level < wood spirit soul seizing Art >! Then, I’ve already gained control of the entrance and exit of this space! Third, I also have control over a nine-star heaven immortal magical formation!”

As she silently felt her gains, Xia Yilian’s entire body trembled, and her eyes revealed an extremely fanatical expression, as if she was possessed.

Obviously, the function that disappeared from the stone tablet was actually the inheritance of the space's master.

After Xia Yilian obtained the inheritance, the stone tablet's function became invalid, and it became a divine item without any function or power, not a magic treasure that could recognize an owner.

"Xia Yilian!"

At this moment, Ling sheance arrived at the underground palace.

"Ah?"

Xia Yilian's expression froze, and her expression changed faster than the flip of a book. She immediately squeezed out a fawning smile. "Brother God's will! Why are you here?"

"Cut the crap! Did you see Yan Lingshi and that kid?" Ling sheance asked coldly.

"I didn't see him ..."

Xia Yilian said nervously, "I've been here the whole time. Other than the dead man on the ground, I didn't see anyone else come in!"

"Strange ..."

I saw the movement of the space gate. How come they didn't come in?" Ling shenci frowned and said.

"Why don't we ... Look for it?" Xia Yilian said tentatively.

"Find? My primordial spirit domain has already covered every corner of this place. Where else can I find it?"

Ling Shence was so embarrassed that he became angry. He bared his teeth and roared, "Get over here! Kneel down! You useless thing!"

yes ... Xia Yilian swallowed her saliva and ran over to kneel down.

"Oh ... So comfortable ... Your mouth is the only useful thing!"

Ling Shence heaved a long sigh of relief and fell into a daze.

"What?"

At this moment, Xia Yilian suddenly felt a spiritual fluctuation.

"The damaged formation underground has been repaired? Who did this? Don't tell me it's that kid ..."

Xia Yilian was very surprised and immediately began to calculate.

[Red Envelope Group of the Three Realms](#)

Chapter 3474: direct confrontation

Underground, at the core of the array.

"Eh? Strange ..."

Chen Xiaobei was surprised. I couldn't control the formation just now. Why did the control suddenly come back? "

"This is a good thing!"

"With this array and the power of the five elements great Dao, we have two trump cards. Our chances of winning will double!" Yan Lingshi was instantly excited.

yeah ... The odds are indeed much higher, but I have a feeling that things are not as simple as they seem ... Chen Xiaobei frowned, feeling uneasy.

Yan Lingshi nodded. I just concluded that this matter is a mixture of good and bad. Since it has brought about a greater chance of victory, I'm afraid it will also bring about greater danger!

She had to admit that Chen Xiaobei was very smart, and Yan Lingshi's prediction was very accurate.

It was definitely not a coincidence that she had suddenly obtained control of the array. Xia Yilian had intentionally manipulated it.

Xia Yilian had received the inheritance from the master of the dimension, and was the true owner of the dimension. It was Xia Yilian who gave up control of the formation, which was why Chen Xiaobei could control it for the time being.

In other words, this array would be a double-edged sword.

It could hurt both Ling sheance and Chen Xiaobei!

Of course.

Chen Xiaobei and Yan Lingshi did not know about this. They felt uneasy but did not know how to guard against it.

"I don't care!"

it's the formation! Chen Xiaobei said, " the energy contained in this formation can be activated twice! I'll go up and hit Ling shenche with a combo! The formation has lost its energy, so it shouldn't be a threat!"

"Hmm ... That makes sense, but we still have to be careful!" Yan Lingshi warned.

you go back to the verdant Emperor's divine gourd first. Leave this battle to me! Chen Xiaobei said.

"No!"

Yan Lingshi said with determination,"I'll definitely walk with you to the end!" Let's find the girl with the Red Lotus mark!"

this ... Chen Xiaobei was taken aback.

Yan Lingshi continued,"I was going to help you find her, but now, I've fallen for her man!" I've let her down ... If I can't fight to the end for her! In the future, I will never be able to raise my head in front of her!"

Obviously, Yan Lingshi's three views were very upright, and she was very competitive.

This time, she did not just want to be with Chen Xiaobei. She also wanted to do something for Daji.

"Okay ... I know, let's go!" Chen Xiaobei did not try to persuade her any further, as that would only hurt Yan Lingshi's pride.

"Swish!"

Chen Xiaobei activated the earth escape divine gourd and brought Yan Lingshi to the surface.

At this moment, an indescribable scene was playing out in the underground palace.

"Ah!"

Yan Lingshi was shocked. She had never seen anything like this before. She quickly closed her eyes and buried her head in Chen Xiaobei's shoulder.

"Ah, it's really an eyesore ..."

Chen Xiaobei was an experienced driver, so he could see the crux of the matter. He sneered, "The caterpillars are so big. Do you feel anything when you chuckle?"

"Numbed! Who did you say was only as big as a Caterpillar?!"

Ling Shence was so angry that he jumped up. His killing intent was so intense that it seemed to cover the entire space.

"Oh, no, no, no, I was wrong ..."

it's not the size of a Caterpillar, it's the size of a peanut ... Chen Xiaobei said. Xia Yilian, it must have been hard on you. Without a magnifying glass, it must have been hard to find it, right? "

"Damn it! I think you're tired of living!"

Ling Shence was so angry that his face turned green. He trembled and blue veins popped out on his forehead. He roared hysterically, "Where's the sword? Where's my sword? I'm going to kill this bastard!"

brother strategy, please calm down ... Xia Yilian comforted him in a low voice.

"Pa!"

Ling Shence was so angry that he slapped Xia Yilian's face directly."Bitch! That little bastard humiliated me like this! You want me to calm down? Did sh * t enter your brain?"

I was wrong ... Xia Yilian lowered her head. A trace of blood was already flowing from the corner of her mouth. Her eyes, which were covered by her hair, were already revealing an extremely fierce killing intent.

"Woof! Buzzzzzz! Yi ..."

Ling sheance put on the Platinum feather coat and the Platinum feather sword. He took a step forward and stood a few meters in front of Chen Xiaobei.

“Little bastard! Tell me! How do you want to die!”

Ling Shence was extremely furious. His eyes were filled with malevolence, and the temperature around him dropped drastically.

Without a doubt, the reason why he did not kill Chen Xiaobei immediately was because he had not thought of a cruel way to torture Chen Xiaobei.

“You’re that confident?”

Chen Xiaobei took out the chaos Blood Sword and said, “Why don’t you think about how those lackeys of yours died?”

“What do you mean by that?”

Ling sheance was stunned for a moment. Then, he fixed his eyes on the chaos Blood Sword.

“What!”

“How come you also have a nine-star heaven-immortal instrument?” Ling sheance screamed in shock. And it’s a peak nine-star heaven immortal artifact!”

Without a doubt, Ling sheance was greatly shocked at this moment!

One should know that he was only an early stage nine-star heaven immortal tool, and his sword was only an early stage nine-star heaven immortal.

He was already a heavenly venerate of the dark domain!

Something like the chaos Blood Sword should only appear in the Qing-Yun realm! Besides, only some overlords in Qing-Yun realm could have it!

Suddenly, Ling sheance’s emotions became extremely complicated. He even suspected that Chen Xiaobei was the Crown Prince of some Big Shot in Tianyu.

If they accidentally offended someone they shouldn’t, the consequences would be dire.

“What’s wrong? Are you scared?”

I thought you were more powerful than I thought! It seems like you’re just a coward! Chen Xiaobei said.

“Numbing! You’re bluffing!”

Ling sheance was not stupid. He immediately noticed the flaw. “Although you have a peak nine-star heaven immortal artifact, you don’t have enough spiritual energy to activate it! Otherwise, you wouldn’t have needed to hide, you could have fought me long ago!”

“Right!”

of course not! Chen Xiaobei smiled. I didn’t have enough spiritual Qi at the beginning, so I had to hide from you! But now, I’ve already gathered enough spiritual energy! Otherwise, how would I dare to stand in front of you?”

this ... Ling sheance was stunned and became nervous again.

Indeed, if Chen Xiaobei dared to show up, he must have some sort of confidence and support. He would not come here to die for nothing.

“Could it be that you have really gathered enough energy?” Ling sheance was a little scared.

“You don’t believe me?”

Chen Xiaobei held the sword with both hands.

“Clang!!!”

In an instant, the blood-red light expanded, and the spiritual pressure was like hundreds of millions of volcanoes erupting at the same time. Even time and space trembled.

“Not good!” Ling Shence shivered instinctively and held his sword with both hands. He even exerted all his strength!

Chen Xiaobei said slowly, “I have a sword! It can kill all the immortals below God!”

[Red Envelope Group of the Three Realms](#)

Chapter 3475: The decisive battle begins

3475 The decisive battle begins

“Woof!”

die! Chen Xiaobei roared as he threw the chaos Blood Sword.

At this moment, the chaos Blood sword’s nine-Star Peak heaven immortal level spirituality and pressure had been exerted to the extreme.

Yan Lingshi and Xia Yilian were so frightened that their faces turned pale. Their pupils contracted, their hearts beat wildly, and they almost fainted from suffocation.

Even someone as strong as Ling Shence was in a state of shock and even lost his composure.

heaven’s wrath battle Emperor slash!!!

Facing the attack of a peak nine-star heaven immortal instrument, Ling sheance dared not to be careless or hesitate.

Almost out of instinct, Ling sheance used all his strength to add the ultimate celestial core power to the Platinum feather sword. He then slashed out with unprecedented speed!

“Clang! Clang! Clang! Clang ...”

In the next moment, the Platinum feather sword let out thousands of clanking sounds as if it was playing the guzheng.

Countless Platinum feather sword Qi burst out along with the buzzing sounds. It was like a terrifying storm that crushed toward the chaos Blood Sword.

“BOOM! BOOM! Boom ...”

Every drop of ‘rain’ in this storm was a terrifying sword Qi that contained the power of a nine-star heaven immortal.

When the sword Qi hit the chaos Blood Sword, it created a powerful shockwave and a sharp wind.

The entire cave was struck by an incomparably violent impact.

The thick stone wall had been cut into pieces as if it was made of tofu, and even the spatial wall was exposed!

What was even more unbelievable was that the chaos Blood Sword could not put up any resistance at all. It was knocked back continuously and was finally suppressed by the countless Platinum feather sword Qi on the spatial wall.

“Ka ... Ka ...”

Countless nine-star celestial Immortals ‘powers bombarded the space madly, causing cracks to appear in the space, as if it would collapse at any time.

However, the chaos Blood Sword was still suppressed and didn’t look like it wanted to fight back at all.

“Not good! I’ve been tricked!”

Ling shenci was stunned for a while and suddenly realized something was wrong.”There’s no energy in that blood-red sword at all. That kid just stimulated its power and spirituality for show! His real killing move is somewhere else!”

Obviously, Chen Xiaobei did not have any extra energy to activate the chaos Blood sword’s power, let alone the nine-star divine immortal’s power.

That move just now was purely a Bluff!

Chen Xiaobei activated the chaos Blood sword’s spirituality and aura to the maximum, and even shouted, ‘I have a sword that can kill all the immortals’.

In fact, the chaos Blood Sword had no power at all. It was only used to intimidate Ling sheance.

Chen Xiaobei’s actions were really amazing!

Ling Shence was shocked. Due to his high tension, he didn’t observe carefully at all. He launched his strongest attack instinctively.

However!

It was only then that Ling sheance realized that the chaos Blood Sword was just a target that Chen Xiaobei had thrown at him.

Chen Xiaobei’s real killing move was in another place!

That’s right!

This was another trick to lure the Tiger away from the mountain!

At that moment, Ling Shence focused all his energy and attention on the sword.

Even if he wanted to make a second attack, he would still need time to prepare.

However, he was already in a daze for a moment. When he realized that he had fallen into a trap, it was already too late.

“Cripple him!”

Chen Xiaobei grinned and used his killer move.

BOOM! BOOM!

With a terrifying explosion, the nine-star heaven immortal array underground suddenly activated its maximum power.

Like a volcano erupting, a red celestial core power shot out from the ground and hit the defenseless Ling Shence!

The red celestial core power was at the nine-star heaven immortal realm, which was the same level as Ling sheance’s!

However, at this moment, Ling sheance didn’t have time to activate his celestial core power. He wasn’t even on guard.

“Pfft ...”

The red celestial core power hit Ling sheance’s dantian, and all the power was poured into his body.

Ling sheance spurted out a mouthful of blood. He looked terrible.

“Uh ...”

The position of his sea of Qi and dantian felt an extreme pain as if it was being cut by a knife and roasted by fire.

Ling sheance looked down and saw that his Platinum feather robe had been torn.

The Qi sea and dantian were also torn and bleeding. His internal organs could even be seen. Moreover, his internal organs had been severely injured, ruptured, and displaced. He was bleeding profusely.

It was no exaggeration to say that Ling sheance’s internal organs were basically destroyed by this blow. His body could no longer be used.

Ling sheance had a Platinum battle armor demon body. Once he returned to his original form, his combat strength would be greatly improved.

Unfortunately, he did not even have the chance to transform before his physical body was completely destroyed by Chen Xiaobei.

“Bro bei! Cool!”

When Yan Lingshi saw this scene, she was indescribably excited. She couldn’t wait to shout, “Hurry up! Let’s destroy Ling sheance’s Dharmakaya for the second time and we’ll win!”

The energy contained in the earth level deity magical formation was just enough to release its power twice.

In fact, even without Yan Lingshi's reminder, Chen Xiaobei's original plan was to attack Ling sheance twice in a row.

"Again!"

Chen Xiaobei was just as excited.

With a loud roar, he wanted to activate the power of the array a second time.

But!

This time, there was no reaction from the underground formation.

what's going on?!

what?! Chen Xiaobei was shocked. why did I suddenly lose control of the formation?!

Chen Xiaobei's plan was completely ruined.

That's right!

This was Xia Yilian's Secret scheme!

The first time this woman gave Chen Xiaobei the control of the magical formation, she wanted to use Chen Xiaobei to deal with Ling sheance.

The second time, she took back the control of her body because she was afraid that Chen Xiaobei would turn on her after he had killed Ling sheance.

So, if Xia Yilian wanted to live, she could not let Chen Xiaobei win.

"Argh!"

Ling sheance had recovered from the moment of hesitation.

With a roar that shook the space, his Platinum battle armor avatar abandoned his physical body and flew directly to the scene!

"Swish!"

The Platinum feather sword flew back like a crown and floated above the Platinum battle puppet's head.

At this moment.

Although Ling sheance had lost his physical body, his practicing body was intact.

His actual combat strength had not been reduced much.

"Little bastard! You crippled my body! I want you to be in so much pain that you'll wish you were dead!"

Ling sheance let out a hysterical roar. His anger, killing intent, and hostility were all at their peak at this moment.

He had never been so furious in his entire life!

It was obvious that this was the real battle!

This was only the beginning!

Red Envelope Group of the Three Realms

Chapter 3476: unexpected changes

Without a doubt, the sudden loss of control over the formation had completely messed up Chen Xiaobei's plan. It had also given Ling sheance a chance to catch his breath.

The Platinum puppet fighter also had the combat and defense power of a nine-star heaven immortal.

The only loss for Ling sheance was that he could not transform into his original form of a Platinum puppet fighter.

In addition, his strength could be said to have not been reduced at all, and he was still a powerful nine-star celestial immortal!

More importantly, it was impossible for him to lie to Ling Shence again after he had suffered a great loss!

He would not underestimate his enemy again. He did not care about anything else. His eyes were locked on Chen Xiaobei. He had set his mind on a target that he could not doubt!

Kill Chen Xiaobei! No matter the cost!

“Hiss!”

Phoenixes were of the same level as phoenixes, and Platinum battle armors were a special type of armors.

A howl that was accompanied by an ancient and desolate aura, as well as the reincarnation of life and time, seemed to make all living beings as small as dust.

“Ka ... Ka ...”

At the same time, the spatial wall that had been hit by the huge force had begun to crack, as if it would collapse at any time.

Without a doubt, this time, Ling sheance would use all his strength to perform a more terrifying and fatal blow.

As for what the cave would look like in the end, Ling sheance didn't care at all.

At this very moment, he only had one goal in his heart!

And that was to kill Chen Xiaobei!

puppet fighter mysterious wings!!!

Ling Shence's magical body suddenly spread out a pair of Platinum wings!

All the celestial core power that he could activate with his current cultivation base burst out completely!

His wings instantly turned into countless Platinum-colored sharp swords, slashing directly. The endless sword intent was like a Great River, pouring out in torrents, as if it could fill all the heavens and worlds!

bro bei!!!

Yan Lingshi shrieked as she watched the terrifying attack. Her heart was completely clenched, and cold sweat poured down her face like rain!

At this moment, she even felt that countless sharp swords were already in front of her. As long as Ling sheance thought about it, she would be cut into a thousand pieces and turned into minced meat. From minced meat, she would be cut into something even finer than dust.

A nine-star celestial immortal with endless sword essence was simply terrifying!

“Heavens ... He’s too powerful ...”

Compared to Yan Lingshi’s nervousness, Xia Yilian’s expression was fanatical. It was as if she had seen something that she had longed for so much that she wanted to have it even in her dreams.

That’s right!

That was strength!

Xia Yilian had great ambitions, and in order to support her ambitions, she had to have enough strength.

Logically speaking, what was being displayed at this moment was entirely Ling Shence’s personal strength and had nothing to do with Xia Yilian.

However, Xia Yilian’s expression was as if she had already obtained this power. She was excited! Excitement! In fact, he was ecstatic!

“Die!”

Ling sheance roared and flapped his wings.

The endless sword will turned into two long rivers of Platinum Light, and the mighty Qi swallowed the sky and earth, crushing down on Chen Xiaobei and Yan Lingshi.

He was first toyed with like a monkey, and then his physical body was destroyed.

At that moment, Ling sheance’s anger had reached an unprecedented peak. He did not even care about Yan Lingshi’s life anymore. He was using all his strength to kill Chen Xiaobei!

“Swish!”

Chen Xiaobei ran out of the sky-imprisoning painting.

Initially, Chen Xiaobei wanted to use the sky-imprisoning painting to trick Ling sheance. When Ling sheance let his guard down, he would use the power of the five elements to defeat him.

However ...

At that moment, Ling sheance did not even care about Yan Lingshi's life. Why would he care about what kind of treasure Chen Xiaobei had used?

Chen Xiaobei's plan had failed, so he could only give it his all!

"The great Dao of the five elements! The power of the extreme fire!"

Chen Xiaobei let out a powerful battle cry, even though the outcome was uncertain.

However, his state of mind, aura, and momentum couldn't lose to Ling sheance! This was the determination of his Dao heart, never to retreat!

BOOM!!!

In the next moment, extremely wild flames burst out of the "Northern profound prison sky painting", and the terrifying sound waves shook the entire space like the roar of an ancient Divine Dragon.

After the prior preparation, this true essence that came from the grandmist demonic flame had already reached the power of a nine-star heaven immortal.

Furthermore!

At the last moment, Chen Xiaobei completed another cycle of the five elements despite the fact that the vast sea Sky Crystal had shattered.

In other words, Chen Xiaobei had used a nine-star sky immortal vast Ocean Sky Crystal to increase the power of the attack by 20%.

This was an extremely risky gamble!

If the vast Ocean Sky Crystal was destroyed in the last cycle, all of Chen Xiaobei's efforts would be in vain!

Fortunately!

Chen Xiaobei was lucky!

The vast sea Sky Crystal only shattered after its power was activated.

In other words, the power of the five elements that he used was actually 20% stronger than Ling sheance's combat strength!

"BOOM! BOOM! BOOM! Boom ..."

The fire pillar that looked like an ancient giant dragon crushed down directly. The endless sword essences in the two platinum rivers were actually forced to retreat and even collapse!

"Did we win?"

Yan Lingshi's eyes widened in disbelief!

They had thought that this battle would end in a draw, but Chen Xiaobei had the upper hand!

"Win? In your dreams!"

However, at this moment, Ling sheance let out an extremely arrogant roar.

“Whoosh ...”

The Platinum feather sword on top of his practicing body emitted a strong spiritual force, which was directly added to Ling sheance’s body.

“Not good! We’ve forgotten about his life source magic weapon!”

Yan Lingshi instantly sucked in a breath of cold air, and her body instantly trembled violently. the Platinum feather sword is also a nine-star heaven immortal artifact. It can resonate with Ling sheance’s primordial spirit and increase his combat strength by 20%!

Whoosh ... Whoosh ...

Before his voice died away, the two platinum rivers instantly became turbulent, and actually withstood the crushing of the five elements extreme fire!

“This guy is really powerful ...”

Chen Xiaobei sighed.

He had already tried his best, and all his schemes had been effective.

However, he still couldn’t do anything to Ling sheance.

Clearly, this was the difference in power.

In the face of absolute power, any trump card, scheme, or scheme would only appear pale and powerless.

“You little brat! Can you still survive this time?”

you’re dead! Ling Shence roared, ” as long as I exhaust your energy, you will die a horrible death when I attack again!

Ling sheance ... I have bad news for you!

However, at this moment, Xia Yilian revealed a cold smile.”You won’t have the chance to attack again!”

[Red Envelope Group of the Three Realms](#)

Chapter 3477: I'll die, you live

3477 I'll die, you live

At this moment, the situation was very delicate.

Chen Xiaobei’s five elements fire power was barely on par with Ling sheance’s.

Just as Ling sheance had said, as long as he could block this wave of attack, Chen Xiaobei would not be able to launch a second wave of attack.

What awaited Chen Xiaobei and Yan Lingshi would be a tragic death!

However!

At this moment!

But Xia Yilian jumped out!

Obviously, from the moment she obtained the inheritance of the space Master, she became the biggest variable here!

“When the Sandpiper and clam fight, the third party gains! It’s time to reel in the net!”

Xia Yilian smiled coldly, but she did not move.

However, in the next moment, the array under the ground was activated again. Like a volcano, it spewed out two red spiritual lights!

That’s right! Xia Yilian took back the control of the formation so that she could attack and defeat both Ling sheance and Chen Xiaobei at the same time.

“Bitch! You dare to trick me!”

Ling sheance’s expression changed drastically. He had never imagined that the woman who had always been submissive to him would bite him back at this moment!

What was even more unacceptable to Ling sheance was that he had directed all his power at Chen Xiaobei, including the Platinum feather sword. There was no protective immortal essence on his body and he did not even make any defensive movements.

“BOOM!”

Without a doubt, the red spiritual light hit Ling sheance’s dharma body.

His practicing body was like a broken glass bottle, directly breaking into pieces on the ground.

Fortunately, the defensive power of his practicing body was strong enough to block most of the power.

His nascent soul was only seriously injured and did not immediately vanish.

“BOOM!”

At the same time, another red spiritual light was directed at Chen Xiaobei.

Chen Xiaobei had no strength left to fight back. He had already closed his eyes and straightened his back, ready to face death.

Chen Xiaobei had already done his best in this battle.

“Swish!”

But Chen Xiaobei did not expect that just as he was about to die, a beautiful and delicate figure would appear in front of him.

“Lingshi!”

Chen Xiaobei’s scalp tingled, his heart clenched, and his mind almost collapsed.

By the time Chen Xiaobei realized what was going on, it was already too late.

Yan Lingshi stood protectively in front of Chen Xiaobei, using her own body to block the fatal blow.

At the last moment.

Yan Lingshi turned around and looked deeply at Chen Xiaobei. The corners of her mouth curled up into a sad and beautiful smile. you've taken someone's money, but you've helped them to get rid of their misfortunes ... I've calculated it. As long as I die, you can live!

"No!"

Chen Xiaobei screamed at the top of his lungs.

At that moment, Chen Xiaobei could clearly see the shadow of a person on Yan Lingshi.

That's right!

It was the little fox!

Back then, she had used her body to block a fatal blow for Chen Xiaobei, just like this!

At that moment, Chen Xiaobei only wanted to die.

Chen Xiaobei would not want to see his true love die a second time, even if he had to trade the universe for it.

"Bang ..."

However, reality was cruel.

The nine-star heaven immortal's Red Spirit light suddenly struck Yan Lingshi's body, which was only a half-step heaven immortal.

The red light instantly enveloped her.

Chen Xiaobei's heart ached, and two streams of blood flowed out of his eyes.

He was on the verge of collapse and no longer had any will to fight. He had even given up all hope.

"Hahaha ... Two idiots! Fight to the death! The final winner is still me, Xia Yilian!"

By then, Xia Yilian had already rushed over and snatched the Platinum feather sword. She turned around and was about to kill Chen Xiaobei and end this battle.

bang ... Bang!!!

However, at this moment, the red spiritual light that had swallowed Yan Lingshi seemed to be pushed back by a force that was countless times stronger.

"Boom boom boom ..."

The terrifying shockwave not only pushed back the red spiritual light, but also sent Xia Yilian, Chen Xiaobei, and Ling sheance's injured nascent soul flying backward, stuck to the spatial wall.

"Ka ... Ka ... Bang!"

At the same time, the spatial Dodge couldn't withstand the huge pressure and completely shattered.

”

The next moment, a terrifying spatial storm swept out in all directions, crushing everything in the cave and sending everyone flying.

This cave was a small space within the independent space.

At this moment, this small space was crushed by the mysterious force.

Everyone fell into the huge space that they had been in.

It was only now that everyone could clearly see what was going on with that mysterious force.

“Chi ...”

Yan Lingshi's Mystic talisman was in the air.

Even Ling sheance's dharma body was shattered.

Who would have thought that Yan Lingshi was actually unscathed at this moment!

Her eyes were closed, and her body was floating in the air. Her hands were spread out, and her hair was flying. She was like a goddess who had descended from the sky, Holy and Noble to the extreme.

At the same time, a clearly visible demonic Fire Red Lotus appeared on her chest!

And the mysterious force that had crushed red Spirit's space just now came from this Red Lotus.

little fox!!!

Chen Xiaobei was already heavily injured, and he was spitting out blood. But his eyes were burning, and his emotions were at an unprecedented level.

Never in his dreams would he have thought that the first girl he would meet in the Hong Meng demon world would be the little Daji the third generation spiritual maiden that he had been searching for.

In fact, when Chen Xiaobei first entered the Hong Meng demon world, his luck was at its peak. Meeting little Daji the third spiritual lady right away was completely reasonable.

However, the demonic Fire Red Lotus would only appear right before his death.

Chen Xiaobei had never thought that Yan Lingshi was the person he was looking for!

What Chen Xiaobei did not expect was ...

After a wonderful and dangerous life-and-death journey, they had actually cherished each other and loved each other.

The person you love is the person you want to find! What a happy thing this was!

Even if little fox could not retrieve her memories from her Second Life, she would still love Chen Xiaobei deeply!

Perhaps this was what mother Nuwa had meant by 'destiny'!

But!

Although happiness was infinitely beautiful, it was also infinitely short!

Chen Xiaobei had just experienced happiness, and now he was about to experience despair.

Although the demonic Fire Red Lotus had protected Yan Lingshi's physical body, her aura had been completely cut off. Even her nascent soul and primordial spirit had been destroyed.

Right!

She was already dead!

They wouldn't even have the chance to be resurrected!

"Xia Yilian! I'm going to exterminate your entire clan! I'll dig up your ancestral grave! I'll let you suffer endless humiliation for all your lives and never be reincarnated!"

He was furious!

Chen Xiaobei was so angry that he had never felt this way before!

His eyes turned blood-red, and a demonic haze appeared in his heart. His expression was as ferocious as a fierce ghost!

"Bro bei ..."

However, at this moment, Yan Lingshi's voice came from the sky!

[Red Envelope Group of the Three Realms](#)

Chapter 3478: Heaven-defying special ability

3478 Heaven-defying special ability

She had witnessed the death of her lover with her own eyes. Furthermore, she only found out that Yan Lingshi was Daji the third spiritual maiden in the moment before her death!

Without a doubt, this was a huge blow to Chen Xiaobei.

At this moment, no matter how strong one's mental state was, it was impossible to remain calm.

The extreme anger not only reached the peak of Chen Xiaobei's state of mind, but it also made Chen Xiaobei look like he was possessed. His eyes were bloodshot and his expression was ferocious.

Mo Luo Wutian had always wanted Chen Xiaobei to become a demon, but Chen Xiaobei had always rejected him.

Just now, when Chen Xiaobei was cursing Xia Yilian, he was on the verge of becoming a demon.

If he took one step forward, it would be the endless path of the demonic path. All of Chen Xiaobei's Dao heart that he had held on to would be destroyed. There was no turning back.

But!

At this critical moment, Yan Lingshi's voice came from the sky.

Lingshi!?

Chen Xiaobei jerked his head up as if he had been struck by lightning.

An incredible scene appeared!

Yan Lingshi, who was originally completely dead, had actually come back to life at this moment.

Her body emitted waves of purple Qi that poured onto the demonic Fire Red Lotus like water extinguishing fire.

Slowly, the demonic Fire Red Lotus disappeared from her skin.

At the same time, her destroyed primordial spirit and nascent soul actually reassembled and safely entrusted themselves to her sea of Qi dantian.

"Lingshi! Are you still alive? This ... Is this true?"

In an instant, Chen Xiaobei was pulled back from the edge of demonic possession. Hope was once again in his heart.

"Right! I'm still alive!"

Yan Lingshi nodded, warm tears flowing from her bright eyes. She said with great emotion, "Do you remember asking me what my primordial Spirit's special ability is?"

"I remember!" Chen Xiaobei nodded.

"Resurrection! This is the special ability of my primordial spirit!"

The demonic Fire Red Lotus on Yan Lingshi's chest had completely faded. She could not wait to fly to Chen Xiaobei, hug him tightly, and kiss him!

"That's great ... That's great ..."

Chen Xiaobei's brain was buzzing. He could not think of any other questions. He lowered his head and responded to Yan Lingshi enthusiastically.

They hugged each other tightly, so tight that they wanted to squeeze each other into their bodies, so tight that they would never be separated.

Their feelings were sublimating rapidly. From this moment on, they would become each other's destiny. Their hearts and minds were one, and there was no distinction between them!

[ding Yingluo's cultivation: early Mahayana stage. Lifespan: 8.33 million years, physical body ... Combat power: 20 billion, primordial spirit attack-sacred level!

Suddenly, Chen Xiaobei's body exploded with a violent burst of ethereal force.

His major realm had actually broken through in such a state!

Eight-star Mahayana realm!

Only those who had truly experienced life and death could understand the value of life!

Only those who have been completely separated can understand the meaning of an embrace!

By the same logic, only when one's Dao heart wavered would one become more determined!

Chen Xiaobei had completely turned his back on the demonic path!

His state of mind and Dao heart had been strengthened at the same time. This was a great opportunity! It allowed Chen Xiaobei to break through to the next level.

After a long time.

Chen Xiaobei and Yan Lingshi had finally finished venting their emotions. They stopped making love and looked at a place not far away.

Xia Yilian caught Ling sheance's injured Yuanying, but she didn't leave.

She had been in a deadlock in the distance, like a vicious Wolf staring at its prey.

Because ...

The Platinum feather sword and Ling sheance's storage bracelet had both landed beside Chen Xiaobei during the explosion.

Due to the greed and unwillingness in her heart, Xia Yilian was unwilling to give up such a huge benefit.

However, she only had the power of a one-star divine immortal. She did not dare to get close to Chen Xiaobei, much less Yan Lingshi, who had just shown her power.

"Bro bei!"

Xia Yilian composed herself and said loudly, "I want to make a deal with you!"

"What right do you have to talk to me?"

With a thought, Ling sheance's storage bracelet and the Platinum feather sword flew into Chen Xiaobei's hands.

At the same time, the chaos Blood Sword flew back to him.

At this moment, Chen Xiaobei was standing at the highest point. He could decide Xia Yilian's life and death with a single thought.

"Cang tianao and the 33 soldiers are all in my hands!"

Since Xia Yilian dared to stay, she had naturally prepared a bargaining chip.

The moment they entered this space, Cang tianao and the 33 soldiers were caught by Ling sheance and locked in his Meru space.

At this moment, Ling shenche was in Xia Yilian's hands. All the hostages were Xia Yilian's bargaining chips.

"You're very powerful! It's far more powerful than I imagined!"

Chen Xiaobei's expression changed. Friendship was his bottom line as a person, and it was also the Dao heart that he held fast to.

He could give up his life, but he could not give up his love.

"Do I have the right to talk to you now?" Xia Yilian composed herself, and her expression was extremely determined.

"Tell me, what do you want?"

I hope you know what you're holding in your hands! Chen Xiaobei said. don't ask for too much!

Obviously, Chen Xiaobei would save her, but he had to warn Xia Yilian to not ask for too much.

Xia Yilian did not understand Chen Xiaobei's personality. She was also afraid that if she asked for too much, Chen Xiaobei would give up on saving her and kill her instead.

He hesitated for a moment.

Xia Yilian said,"how about this, the Platinum feather sword will be mine, and the storage bracelet will be yours!" Furthermore, I can stop the dark vortex's repulsive force and let you all leave this space!"

Chen Xiaobei raised his head and looked at the sky.

The dark vortex was still spinning, and the huge repulsive force made it so that only nine-star celestial Immortals could get out.

When he thought of Cang tianao and the 33 loyal and brave soldiers who had risked their lives to accompany him, Chen Xiaobei had no reason to hesitate.

"Deal!"

alright! Chen Xiaobei nodded and said, " stop the dark vortex! We'll trade at the exit!"

"Alright!" Xia Yilian was already the master of this space. With a thought, the dark vortex stopped spinning.

After that, Xia Yilian, Chen Xiaobei, and Yan Lingshi flew to the exit of the dimension.

"This is the Meru space! They're all inside!"

Xia Yilian took out her chips, and at the same time, she was extremely cautious."If you go back on your word, I'll seal this space forever and drag all of you to die with me!"

"The sword is here!"

Chen Xiaobei handed over the Platinum feather sword and said, " I'll count to three, and we'll let go together! Then, we'll each take what we need!"

"No problem! We'll do as you say!" Xia Yilian nodded, her eyes locked onto Chen Xiaobei's.

"One! Two! Three ..."

Red Envelope Group of the Three Realms

Chapter 3479: full harvest

“Woof! Whoosh!”

Xia Yilian snatched the Platinum feather sword away while Chen Xiaobei snatched the storage bracelet.

The two of them seemed to be worried. Xia Yilian used the power of space and spun the dark vortex in reverse, sucking Chen Xiaobei and Yan Lingshi out of it.

At the same time, Chen Xiaobei did not resist and allowed the suction force to throw him out of the space.

“Whoosh ...”

The next moment, Chen Xiaobei and Yan Lingshi landed on the ground. They were already standing in the forest of the Tian Lu mountain range.

At the same time, the dark vortex had already flown far away at an extremely fast speed.

At this point, the Super decisive battle had finally come to an end.

“Bro bei, why didn’t you subdue Xia Yilian just now?”

Yan Lingshi’s face was filled with confusion.

By right, Chen Xiaobei could have made his move at the last moment of the deal, taking away the Meru space and the Platinum feather sword at the same time, and also defeating Xia Yilian.

“Ugh ... Pfft ...”

Chen Xiaobei spat out a mouthful of blood and fell to the ground.

bro bei!!!

Yan Lingshi was shocked. She did not expect Chen Xiaobei’s body to be so badly injured.

From the looks of it, Chen Xiaobei was just trying his best not to let Xia Yilian see his weak side.

In fact, Chen Xiaobei was already at his limit. It was not easy to get the Sumeru space safely. He could not do anything else.

“Don’t be nervous ... I’m fine ...”

Chen Xiaobei trembled as he took out a blood Bodhi and swallowed it. His complexion immediately improved and his injuries began to recover rapidly.

“Besides being seriously injured, I can’t gamble with Xia Yilian ...”

Chen Xiaobei regained his composure and said, “What if she really seals us in that space forever! With our strength, we can’t escape!”

“There are still many important things waiting for me to do! Therefore, I must ensure that I can leave 100%, and I can’t use my future to bet on Xia Yilian’s life!”

Apparently, the earth-god Realm was about to be unified. Luohou, Taiyi, and the others were about to prepare for the first wave of Ascension. Luo puti was still waiting for Chen Xiaobei to return for her wedding. Chang 'e was still in danger.

Chen Xiaobei could not use such an important matter to bet on Xia Yilian's life.

If he was really sealed in the medium by Xia Yilian, even if he killed her and took all the benefits, it would be meaningless to Chen Xiaobei.

Moreover, Chen Xiaobei did not come out empty-handed this time.

Breaking through to the next realm was more important than any other benefits. Furthermore, Chen Xiaobei had also obtained Ling sheance's storage bracelet and a Sumeru space.

Most importantly, Chen Xiaobei had found his little fox, and that had solved one of his biggest worries.

Even if he did not get anything, as long as he could find his little fox, Chen Xiaobei would be satisfied.

"I understand!" Yan Lingshi nodded and said, "let's not care about Xia Yilian. Quickly check if everyone is alright!"

"Alright!"

Chen Xiaobei nodded and released everyone from Ling sheance's Meru space.

Fortunately, everyone was only unconscious and not seriously injured.

Chen Xiaobei turned his Qi into a needle, and after some simple acupuncture, everyone woke up.

.....

According to their previous agreement, Chen Xiaobei gave each soldier one billion upper spiritual stones and sent them safely back to Duanmu Imperial City. He also personally told Duanmu Baoshu that he would promote them in the future!

After that, Chen Xiaobei went to old Huang's house and used some spiritual medicine and acupuncture to cure old Huang's son's strange illness. At the same time, he also left one billion upper spiritual stones.

After dealing with all this.

Chen Xiaobei, Yan Lingshi, and Cang tianao left Duanmu imperial capital.

bro bei ... Since miss Yan is the person you're looking for, then ... Cang tianao was a loyal follower of primordial chaos demonic ancestor. He had never forgotten about that.

"Don't worry!"

yes! Chen Xiaobei nodded and said, " you and I are brothers who will go through life and death together! I'll release primordial chaos demon ancestor even if it's for your sake!"

"Good! With bro bei's words, I can finally relax!" Cang tianao nodded, trusting Chen Xiaobei from the bottom of his heart.

Since Chen Xiaobei had already promised him, Cang tianao would not doubt him!

After that.

Cang tianao had returned to the blue Wolf Kingdom.

Chen Xiaobei and Yan Lingshi, on the other hand, ran to another place.

After the demonic Fire Red Lotus was activated, Yan Lingshi faintly felt a force summoning her.

Chen Xiaobei knew that the power that summoned her was the heaven-immortal instrument that the weapon Mystic sect had hidden all those years ago.

According to Wu Gutu, only Yan Lingshi could find the heaven immortal artifact.

At the same time, Yan Lingshi would be able to retrieve the memories of her Second Life and receive an inheritance.

Without the enemy, there was no pressure. The ash cloud bird flew in the air leisurely.

Chen Xiaobei and Yan Lingshi had their moment together for a while before he finally got serious. alright, it's time to check Ling sheance's storage bracelet!

Without a doubt, the biggest material gain of this trip was in this storage bracelet.

The benefits from this would exceed the sum of all the benefits he had obtained before.

"Hu ... Hurry! Let's see!"

Yan Lingshi's face was full of anticipation as well. She could not help but rub her little hands together as she stared unblinkingly.

"Whoosh ..."

First of all, the spiritual Jade! A total of 200000 low-grade spiritual jades fell like water from the sky! Chen Xiaobei was overjoyed.

Chen Xiaobei only had a little more than 80000 low-grade spiritual Jade when he was at his richest.

Now, with the 200000, Chen Xiaobei had 243200 low-grade spiritual jades in his little vault. That was a huge fortune!

Then, Chen Xiaobei found another key to the vault.

Just like hou Qingfeng's key, Chen Xiaobei did not have the time nor the ability to explore it. He could only keep it for now.

However, he was sure that Ling Shence had 200000 pieces of lower spiritual Jade with him. The amount of spiritual Jade in the treasure vault was dozens or even hundreds of times more than that!

If there was a chance in the future, Chen Xiaobei would definitely go to this treasure vault, take a walk, swim around, and empty out everything in it!

At that time, it would not only be spiritual jades, but also rare treasures and high-grade resources!

Just thinking about it made Chen Xiaobei very happy.

Next, Chen Xiaobei found something that he needed.

It was a dark blue conch. It wasn't anything useful, but it was a seven-star celestial immortal item.

It just so happened that the vast sea Sky Crystal had already shattered. This blue sea conch had pure water attributes and could be used as a water spirit base.

Then, Chen Xiaobei found a magical pill.

From the smell and color, Chen Xiaobei could guess that the effect of this pill was to increase one's cultivation!

Chapter 3480: major business opportunity

"I've heard of it in the dark domain! This should be the Ling family's Secret medicine, the Platinum Ascension pill!"

"Taking this pill can greatly increase one's cultivation base. Anyone below the nine-star heaven immortal realm can advance by one minor realm for every ten of these pills!" Yan Lingshi said.

ten medicinal pills in exchange for a minor realm?!

Chen Xiaobei gasped, " although it's far from being comparable to the blood Bodhi, the effects of this pill are too good!

"The effect is good, but the side effects are also great!"

"Every time you take one of these pills, you'll lose 100000 years of your lifespan!" Yan Lingshi said. Ten of them meant a million years! Therefore, there's a saying in the dark domain that you can't eat the Platinum levitating pill just because you have money, you have to be alive!"

yeah ... Chen Xiaobei frowned and said, " how can ordinary people dare to burn their lifespan like this?"

Chen Xiaobei had the heavenly life Halo, but he only had a lifespan of eight million years.

The average person could only live for 700000 to 800000 years, and they would not even be able to advance one minor realm with the white gold levitating pill. Their lifespan would be depleted by this kind of pill.

"But then again! In the dark domain, there are still many people who are willing to give up their lives for the sake of cultivation!"

"The Ling clan made a fortune by selling these pills," Yan Lingshi said. "Step by step, they rose to become the number one force in the mysterious domain."

"There are still people fighting for this broken thing?" Chen Xiaobei was confused.

"Yes! And they're fighting to get it!"

“In this world, the strong are respected,” Yan Lingshi said. “Even if you lose your lifespan and spirit stones, as long as you’re strong enough, you’ll have a chance to earn them back! If you don’t have strength, your money and lifespan will only get shorter and shorter. This debt is easy to settle!”

“You’re right ...”

Chen Xiaobei nodded and asked, “ how many spirit stones is this stupid elixir for? ”

three thousand inferior-grade spiritual Jade. Yan Lingshi said.

“What? Three thousand?”

Chen Xiaobei’s eyes widened. “This lousy thing is selling for three thousand lower-grade spiritual Jade, and there are still people fighting for it? Then wouldn’t my blood Bodhi be sold for 30000? No! It’s going to be sold for 300000!”

The blood Bodhi could increase both your cultivation and health if you were not injured.

More importantly, there were no side effects.

It was a million times more powerful than the Platinum feather transformation pill!

“Of course it can’t be compared. Your divine fruit is a divine item that has grown naturally by seizing the Fortune of the heavens and earth! As for medicinal pills, they’re forcibly refined from various raw materials!”

all medicine is 30% poisonous, ” Yan Lingshi said. moreover, each pill contains dozens to hundreds of medicinal toxins. The side effects are inevitable!

“Good! That’s great!”

Chen Xiaobei could not help but laugh. “I’ve discovered a huge business opportunity!”

“What business opportunity?” Yan Lingshi asked.

“Selling the blood Bodhi!”

“Blood Bodhi is useful for anyone below God-tier!” Chen Xiaobei exclaimed. Furthermore, I’m the only blood Bodhi Divine Tree in the world! I can sell it to the heaven realm, and there will definitely be a lot of people fighting to buy it!”

Chen Xiaobei gave the prime of Tongtian 32000 likes in his heart.

As long as the blood Bodhi sold well in the heaven realm, the blood Bodhi Divine Tree that the prime of Tongtian gave him would become Chen Xiaobei’s money tree.

An endless supply of fruits was equivalent to an endless supply of spiritual Jade.

Just thinking about it made him feel so good that he exploded.

Chen Xiaobei continued to check Ling sheance’s storage bracelet.

There weren't many items, but every one of them was of high quality. There were high-grade heaven immortal items, high-grade cultivation techniques, high-grade immortal medicines, and even the lowest grade was at the five elements heaven immortal level.

Chen Xiaobei could not bear to refine it.

The main point was that even if he wanted to refine it, the level of the witch Dragon heavenly flame was too low and he could not refine it at all.

"Keep it for now, maybe it will have other uses at some point."

Chen Xiaobei did a rough count. There were a total of 29 items.

Most of the medicinal herbs were there, fifteen of them. They were obviously necessary materials to refine the Platinum feather transformation pill.

Besides, there were also many celestial immortal items. There were eight of them, like the blue sea conch, which could be used to refine weapons.

As for the last six books, Chen Xiaobei was not interested in any of them. He would find an opportunity to sell them later and it would be a good thing.

After finishing the inventory check, Chen Xiaobei and Yan Lingshi started to get intimate with each other again since they had nothing to do.

.....

Within the Five Nations space.

"Xia Yilian ... Let me go ... I beg you to let me go ..."

Ling Shence's nascent soul had been severely injured. He had lost the ability to fight and might be destroyed at any time.

"Let you go? Ha, it's broad daylight, what kind of dream are you having?"

Xia Yilian sat cross-legged on the ground and silently circulated her immortal essence. "Think about it, how did you treat me? And how did I treat you? You should be content to die in my hands!"

"No! Don't!"

I have cultivated for nine million years to achieve what I have today ... Ling sheance begged. I don't want to die ... I don't want to die!

"Even an ant wants to live, so of course you don't want to die! However, if I want you to die, you have no choice but to die!"

Xia Yilian shouted coldly. At the same time, immortal elemental energy that looked like vines gradually rose from her body.

"Listen to me ..."

as long as you spare my life, I can take you back to the top, ” Ling Shence said nervously. all my wealth, status, and power will belong to you ... Please spare me ... Please spare me ...

“Wealth! Status! Power! I’ll go and get these myself!” “As for you, just obediently go and die!” Xia Yilian said in a cold tone.

“Woof! Buzzzzzz! Yi ...”

In the next moment, the vine-like celestial core power of those things suddenly flew toward Ling sheance!

The celestial core power entered Ling sheance’s nascent soul bit by bit and absorbed some mysterious energy, just like how roots were stuck into the soil.

That’s right!

This was the “wood spirit soul-snatching technique” that Xia Yilian had obtained from the inheritance of the space Master!

The effect of this secret technique was like a plant absorbing the nutrients of the earth. It forcibly seized the cultivation of others for its own use!

“Ah ... Argh ...”

Ling sheance’s nascent soul shriveled up little by little and was completely destroyed in the end.

And his primordial spirit was wrapped up by countless fine roots and directly sent to Xia Yilian.

“Let me use my mouth to help you one last time ... See you again, Ling sheance!”

Xia Yilian smiled coldly. She opened her mouth and sucked Ling sheance’s primordial spirit into her mouth.

Just like that, the nine-star celestial being God CE was completely annihilated and erased from this world!

Soon, a female heavenly venerate would descend upon the dark domain and officially begin her path to becoming a heaven-defying hero!
