#### Chapter 3991: All Rescued!

Heavenly Lord Yuanshi, "you ... You have evidence that jieyin is against the heaven and the Dao!?"  
(Unbelievable)

Chen Xiaobei: I don't have any evidence, so I'm just talking to you.

Heavenly Lord Yuanshi: What benefits do you want?

Chen Xiaobei: " let's go back to the deal. I'll let go of South Pole immortal Weng and the others. I'll also tell you who revealed the location of South Pole immortal Weng and Zhurong's bodies to me. Then, I'll give you the evidence that he's going against the Heaven's Will! "

Chen Xiaobei, 'all these chips in exchange for all my fellow disciples!'

Heavenly Lord Yuanshi, "this ..."

Chen Xiaobei, what are you thinking? You've definitely profited greatly from this deal!

Heavenly Lord Yuanshi thought, "great profit?" How did I profit so much?

Chen Xiaobei: " we're both smart people. Why are you acting dumb? " You heavenly path Saints may look United on the surface, but you're secretly wary of each other and scheming against each other!

Chen Xiaobei: " Daoist jieyin had the audacity to defy the heavens and the Dao. He had already planned for you to be involved! " If you don't get rid of him, there will always be a sharp sword hanging over your head!

" on the contrary, " Chen Xiaobei said, " as long as you can get rid of jieyin, I will not fight with you. You will always be the number one person under Hongjun! "

Chen Xiaobei: " besides, getting rid of jieyin will be a great contribution to the heavenly axiom. Perhaps the heavenly axiom will be happy and give you an opportunity to become a Holy King. You'll be on the same level as Hongjun. Isn't that great? "

Heavenly Lord Yuanshi thought, "this ..."

Chen Xiaobei: " tell me the truth. How long has it been since I last saw your cultivation level? " A trillion, trillion, trillion years? Don't you want to take it one step further? Are you willing to be stepped on by Hongjun forever?

Heavenly Lord Yuanshi, "I ..."

Chen Xiaobei: " I can see that you're ambitious too! " You also want to climb to the true peak! Agree to my conditions and I will help you fulfill your wish!

Chen Xiaobei, 'all I want is all the disciples of the tribe of Jie! To you, this isn't that difficult! They would not pose any threat to you! You can even report this to the heavenly Dao, and I believe he will agree!

Apparently, all the disciples of the tribe of severity had reincarnated and started to re-cultivate from zero.

The main point was that the treasures and resources in their hands had long been gone.

So, even if they were all handed over to Chen Xiaobei, they would not pose any threat to the heavenly Lord Yuanshi.

Or even, from another perspective.

When the heavenly Lord Yuanshi was done with jieyin, he would deal with Chen Xiaobei. By then, these disciples of the tribe of severity would be nothing but small fry. They were destined to be caught in one fell swoop!

Heavenly Lord Yuanshi: Wait a minute! I'll report this to the ancestor! As long as he agreed, this deal could be done!

Chen Xiaobei: " no problem! I'll be waiting for you! "

Soon after.

Chen Xiaobei then contacted Cundi.

On the one hand, he wanted to report to Taoist zhunti that he was safe, and on the other hand, he wanted to ask Taoist zhunti to help keep an eye on the situation and see if the heavenly Lord Yuanshi would play tricks again.

Taoist zhunti was also in the Zixiao Palace. As long as the honored Lord of the origin mentioned this to Hongjun, Taoist zhunti would know the inside story.

Things were going more smoothly than Chen Xiaobei had expected.

According to Taoist Cundi's reply, the primeval Lord of heaven had really reported the matter, and Hongjun had really approved it.

It was clear that Chen Xiaobei's offer was something they could not resist.

Honored Lord of the Origin's dream was to improve. If he could become a saint King, he would agree to Chen Xiaobei's offer even if Chen Xiaobei offered him a higher price, let alone the reincarnated ancient Celestials of the Jie sect!

And Hongjun seemed to have some doubts about jieyin! He was using a mere disciple of the tribe of severity to test the loyalty of a heavenly path Saint! It was like using a nest of ants to exchange for a Divine Dragon. No matter how you looked at it, it was not a loss.

That was why Hongjun quickly agreed to Chen Xiaobei's request.

In addition, Hongjun had personally issued a decree to send all the disciples of the tribe of severity to the 36th level of the overarching heaven.

No one in the universe dared to disobey Hongjun's decree.

In order to get the truth about Chen Xiaobei, all the disciples of the tribe of severity had to break their primordial spirit contracts and regain their freedom.

Among them were Chen Xiaobei's second Senior Sister, Holy Mother Jin Ling, the strongest outer disciple of the tribe of severity, Zhao Gongming, the three sky fairies, and so on ...

The total number of people finally came down to more than five hundred.

By the way, although the Jie sect had a prosperous time of 10000 Immortals, the Jie sect was still very powerful. However, most of them went to pay their respects to sect master Tongtian and listen to his teachings!

After all, the Grand Supreme elderly Lord did not accept disciples or preach!

However, honored Lord of the origin had a very strong opinion of the sect. If one wasn't an immortal with outstanding talent, they weren't worthy to listen to his preaching!

Among the Three Pure Ones, only sect master Tongtian pursued the principle of teaching without discrimination! No matter what race, no matter what talent, anyone could come and listen!

Therefore, at that time, most of the people who came to pay homage to the Celestials were not considered disciples of the tribe of severity.

The only registered disciples in the clan of Jie were these 500 people.

Of course, those who had listened to the lecture remembered sect leader Tongtian's kindness. Even if they were not disciples of the tribe of severity, they were willing to do their best for it.

Therefore, during the last immeasurable cultivation tribulation, sect leader Tongtian was able to set up the ten thousand immortal formation.

If not for the fact that the ten thousand immortal formation had just been established, there were still some loopholes, and the betrayal of the long-eared immortal dingguang, it was very likely that the result of the last immeasurable cultivation tribulation would have been completely rewritten!

At this moment.

Chen Xiaobei took the red packet and immediately let everyone out.

Chen Xiaobei confirmed that all of their primordial spirit contracts had been removed.

After that, Chen Xiaobei asked Futian Xin 'er to open a spatial gate and send all these people into the jianmu world, where they were settled in bei Xuan faction.

After that, Chen Xiaobei contacted the heavenly Lord Yuanshi and asked him to cancel the primordial spirit contracts of Lu Yue and the others.

In Chen Xiaobei's spirit space, there were still some tribe of severity disciples that he had captured in the earth-god Realm and sealed in the space.

...

The heavenly Lord of the origin had already released most of the people, so he naturally would not care about these few people.

Thus, the primordial spirit contracts of Lu Yue and the others were also terminated and returned to bei Xuan faction.

So far, everyone in the tribe of severity, except for the prime of Tongtian, had been rescued by Chen Xiaobei and had regained their freedom.

The heavenly Lord Yuanshi-Chen Xiaobei! I've already given you all the people you wanted! Now, it's time for you to hand over your chips!

Heavenly Lord Yuanshi said, "I'll say the ugly things first!" If you dare to play any tricks! Just wait to collect the body of sect master Tongtian!

Chen Xiaobei: When I do business, I'm most honest! I'll return South Pole immortal Weng and the others to you first! Then, we'll have a good chat!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3992: Capital Crime!**

This whole thing was Chen Xiaobei's game of chess. Everyone was like a chess piece, being led by the nose by Chen Xiaobei.

Chen Xiaobei did not need to play any tricks. He returned the hostages to the heavenly Lord of the origin. Of course, their cultivation had been destroyed and their Storage Treasures had been taken away by Chen Xiaobei.

This way, Chen Xiaobei could be considered to have expressed his sincerity. The two sides could continue their discussion.

Heavenly Lord Yuanshi said, "alright, I've received the hostage. It's your turn to answer me!" Who told you the location of South Pole immortal Weng and Zhurong's bodies?

Chen Xiaobei-it's Daoist jieyin!

Chen Xiaobei had pretended that he did not get the green Lotus of reincarnation. Coincidentally, the guide was not in The Purple Cloud Palace, so he became the prime suspect for taking the green Lotus of reincarnation.

Now, Chen Xiaobei was pointing his finger at Daoist jieyin.

All of a sudden, there were three pieces of evidence above Daoist jieyin's head!

Heavenly Lord Yuanshi asked, "where's the evidence?" Don't think that I'll believe you just because you said that!

Chen Xiaobei, "take a look at this chat!"

After that, Chen Xiaobei sent the conversation he had with the guide to the heavenly Lord Yuanshi.

In the chat history, it was the guide who had helped Chen Xiaobei calculate the location of the South Pole immortal Weng.

There was irrefutable evidence.

Heavenly Lord Yuanshi thought, "damn it!" To receive this traitor! On the surface, he is loyal to the heavenly Dao, but he is secretly colluding with you, Chen Xiaobei, to plot against the clan of enlightenment! It was simply detestable!

Heavenly Lord Yuanshi, [ I'll immediately send this chat record to Dao ancestor for him to check! ] He must make jieyin pay a painful price!

Chen Xiaobei: What's more exciting is yet to come!"

Then, Chen Xiaobei found another chat history with the guide.

The content of the chat was that Chen Xiaobei had sent out Dipankara Daoist, some hostages, the Tower of Light, and the nine leave horsetail whisk in exchange for the grade nine Golden Lotus of merit from the guide.

Heavenly Lord Yuanshi, "what!" Receive the dog thieves! He kept saying that he was the one who saved dipankara, but he didn't expect that you were the one who gave him the dipankara! (Extremely angry)

Originally, honored Lord of the origin was very happy that Daoist jieyin had sent back Daoist dipankara and immediately bestowed Ksitigarbha with the merit of unifying the land.

However, honored Lord of the origin had never thought that dipankara Daoist was not saved by jieyin Daoist.

It was exchanged for benefits after the Daoist jieyin colluded with Chen Xiaobei.

More importantly, there must be a bigger secret behind Daoist jieyin's collusion with Chen Xiaobei.

Chen Xiaobei, 'it was dipankara who told me the location of Zhurong's body!'

Heavenly Lord Yuanshi, "but why do you say that the location of Zhurong's corpse was also revealed by jieyin?"

[ because I used the Three Treasures of guidance to defeat dipankara! ] Chen Xiaobei thought. If you don't believe me, you can ask dipankara!

Heavenly Lord Yuanshi thought, "damn it!" (Extremely angry) receive the dog thief! I actually lent you the three guiding treasures! This is clearly helping you fight against the heavenly Dao in the dark! You harmed the clan of enlightenment! It was simply unforgivable!

Of course, even though he was angry, he was still smart.

He immediately summoned dipankara Daoist and South Pole immortal Weng to verify what Chen Xiaobei said.

However, everything was within Chen Xiaobei's calculations.

" yes, " dipankara answered. Chen Xiaobei had indeed controlled the Three Treasures of guidance.

South Pole immortal Weng also said that after he was sealed in the beixuan Saint-bestowment painting, he had seen Chen Xiaobei take out the intentionless bead, one of the three guiding treasures.

In this way, there were witnesses and material evidence, and the Daoist jieyin could not clear his name even if he jumped into the Yellow River.

Of course, the witnesses and material evidence could only prove that jieyin revealed the location of South Pole immortal Weng and helped Chen Xiaobei defeat dipamkara Taoist and obtain Zhurong's body!

In this way, jieyin Taoist was only plotting against the clan of enlightenment, and he had not touched the bottom line of the heavenly way.

So, Chen Xiaobei had to add more information to make jieyin a true death sentence!

Chen Xiaobei, I still have a copy of our chat history!

After that, Chen Xiaobei sent the chat history of the exchange between him and the Daoist of many treasures to the heavenly Lord of the origin.

When the deal was carried out, the heavenly Dao was in urgent need of new sages.

And the treasure Daoist was almost the best candidate for the new Saint.

In the end, in order to get his ears back, Daoist jieyin returned treasure Daoist to Chen Xiaobei.

This deal didn't seem like a big deal, but in reality, it was to undermine the heavenly Dao.

At this moment, honored Lord of the origin hated the jieyin Taoist to the core. Destroying the heavenly Dao could be interpreted as defying the heavenly Dao, plotting against the heavenly Dao, and even trying to harm the heavenly Dao.

Moreover, there was also the missing Green Lotus of reincarnation!

Originally, the heavenly path clone had 99.9% control over the green Lotus of reincarnation. However, at this moment, the green Lotus of reincarnation disappeared.

And the Daoist jieyin happened to be the biggest suspect!

This was another scheme against the heavenly Dao!

On top of that, Chen Xiaobei was the nemesis of the heavenly axiom. Daoist jieyin had been working with Chen Xiaobei several times, so he could be considered Chen Xiaobei's ally!

In this way, jieyin's crime of defying heaven and Dao was set in stone, and there was no suspense at all!

Honored Lord of the origin,"I've seen all your evidence. I'll hand it over to Dao ancestor for review immediately!"

Chen Xiaobei,"hehe, that's your internal business. You don't have to tell me!"

Now that things had come to this, Chen Xiaobei did not need to interfere anymore. All he needed to do was to wait for the good news.

With the evidence gathered, the heavenly Lord Yuanshi would definitely step on jieyin to death.

At that time, Taoist Cundi and Taishang Laojun would make sure that no matter how many lives jieyin had, he would not be able to survive.

...

Chen Xiaobei did not have to worry at all. He just had to wait for the good news.

After that, Chen Xiaobei and the Big Green Bull chatted for a while, talking about the tribe of humanity.

It didn't take long for the good news to arrive.

Chen Xiaobei received a message from Cundi, and the Big Green Bull received a message from Taishang Laojun.

The way of heaven was furious. It had ordered Hongjun to capture jieyin and take away all his magic weapons and resources. They were imprisoned in the death prison together with sect leader Tongtian. When a new Saint was born, jieyin would be executed first!

After all, keeping the prime of Tongtian alive was still a threat to Chen Xiaobei, but keeping Daoist jieyin alive would only be a disaster!

Therefore, once a new Sage appeared, jieyin would be the first to be executed!

This was exactly what Chen Xiaobei had planned. He had everything under control.

Taishang Laojun was also very satisfied and asked the Big Green Bull to convey his approval to Chen Xiaobei.

Next, Chen Xiaobei could go to Lu Dongbin to make the deal.

After the deal, Chen Xiaobei was going to the 34th level of Yu Yu Tian Qing realm.

...

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3993: Something Must Have Been Left Behind!**

L dongbin, God Chen! I've already received Master's message! I didn't expect you to really settle the matter! (Shocked)

The news spread very quickly, and Lu Dongbin quickly received the news.

Naturally, Lu Dongbin's attitude towards Chen Xiaobei had also changed.

In the beginning, Lu Dongbin had seen Chen Xiaobei as an enemy. He did not trust Chen Xiaobei at all and even looked down on him.

But at this moment, Lu Dongbin had already addressed Chen Xiaobei as the high celestial Lord! At the same time, they were also in awe of Chen Xiaobei.

Chen Xiaobei: " you're welcome! I'll send you the Shura dark prison sword now! "

L dongbin: " alright. I'll send the Grand Wizard qiangliang and his corpse over to God Chen now! "

Everything went smoothly, and both parties exchanged red packets.

Chen Xiaobei released the Grand Wizard qiangliang and his body from the dimension.

Of course, Qiang Liang's primordial spirit contract had been removed by L dongbin, so she was completely free.

By now, Chen Xiaobei had obtained the eleventh body of an ancestral witch. He was only one step away from success.

In order to protect himself, Taishang Laojun would not give the Grand Wizard Tian Wu and his body to Chen Xiaobei for no reason.

Therefore, Chen Xiaobei had to defeat Taishang Laojun and threaten him with his life. Only then would Taishang Laojun have the right to give the Grand Wizard Tian Wu and his body to Chen Xiaobei.

To defeat the Grand Supreme elderly Lord, Chen Xiaobei could not think of any other way in the heavenly Dao world.

The only way out was the heavenly Saint realm.

Chen Xiaobei had to obtain some Saint King level trump cards in the heavenly Saint land to have a chance of defeating the Grand Supreme elderly Lord.

This was not something he could do in a short time. So, Chen Xiaobei could only divert his attention to something else. He would think of a way to get to the heavenly Saint land later.

Then ...

Chen Xiaobei then contacted Taoist Cundi.

He was pleasantly surprised to learn that after jieyin Taoist was imprisoned, Cundi had become the master of the Western religious sect.

Chen Xiaobei then sent Guanyin and the Golden Cicada back to the Western religious sect.

With Cundi in charge, the wishes of Guanyin and the Golden Cicada would be realized. In the near future, the Western religious sect would return to its original state of kindness, and its teachings and beliefs would triumph over power and interests!

Everything would be developing in a good direction.

At the same time, Ksitigarbha, who had just obtained immeasurable merit, was also under Cundi's control.

Chen Xiaobei had already destroyed K itigarbha K itigarbha's cultivation. Even if he had unlimited merit points, he could not do much.

The only thing he had to worry about was that the heavenly path was in urgent need of a new Saint. It might forcibly help K itigarbha to improve his cultivation and let him become a saint through merit.

Chen Xiaobei and Cundi had secretly agreed to find an opportunity to capture Ksitigarbha Bodhisattva. Not only would he be able to eliminate a new Saint candidate, but he would also have an important bargaining chip.

Killing two birds with one stone, this was great!

After everything was settled, the Western Buddhist world and the entire land were all under Chen Xiaobei's control!

On top of that, there were the human and demonic realms that belonged to Chen Xiaobei.

Of the five inner worlds of the heavenly Dao world, four were already in Chen Xiaobei's hands.

The so-called inner world was a world suppressed by the five Saint lotuses.

Back then, when the ancestral Saint Pangu created the world and the untainted land, the green Lotus of chaos withered, leaving behind five lotus seeds.

In fact, it had already been decided that the five inner worlds of this great world would be destroyed.

Later on, the chaotic mainland shattered and gave birth to the universe.

However, the core was still the five worlds of heaven, earth, man, Buddha, and devil! Other than that, it was not even ranked in the Hong Meng Demon Realm!

By then, Chen Xiaobei had already gained control of the human, earth, demon, and Buddha inner worlds.

The marks of humanity, demonic, and netherworld had all acknowledged Chen Xiaobei.

The rest were the immortal Dao marks and the Buddhist Dao marks.

Although he had yet to gain full control of the two imprints, it was not difficult to find them.

The grade 12 Golden Lotus of merit and the grade 12 Green Lotus of reincarnation were already in Chen Xiaobei's hands. As long as he went to the Buddhist realm and the heavenly realm, he would be able to feel the calling of the mark.

Therefore, it was only a matter of time before he gathered all five marks.

"Senior Green Bull! Now that there's nothing else, I'll head to Yuyu heavenly clear realm! Goodbye!"

Chen Xiaobei said goodbye to the Big Green Bull politely and then flew into the sky.

Yuyu's heavenly clarity realm was located in the 34th layer of heaven.

It was the territory of sect master Tongtian, and also the sect of the tribe of severity when it was prosperous.

When he reached the border of the 34th level, there was a barrier that kept Chen Xiaobei outside.

There were 36 levels of heaven and 32 levels of heaven. As long as one reached the peak of the pre-Saint realm, one could come and go as they pleased.

However, the Dao ancestor's daluotian and the three pure Saints 'three pure heavens had their own enchantments.

Without the permission of the master, even peak true saints were not allowed to enter.

"Senior Green Bull didn't say how to break the enchantment ... I can't get in at all ..."

Chen Xiaobei frowned and hesitated.

It must be noted that this enchantment was personally laid down by sect master Tongtian.

...

When he didn't use any Dharma Treasures, arrays, or other external forces, sect leader Tongtian was the most powerful true sage.

Even the eastern Emperor Bell would not be able to break through the enchantment that he had set up.

"Let me think ..."

Chen Xiaobei thought to himself, 'let's try the Scripture of heaven and earth! This cultivation technique was created by his master! It should be effective!'

"Whoosh ..."

Then, Chen Xiaobei started to practice the Scripture of heaven and earth.

"Chi ..."

As expected, this cultivation technique emitted a special spirituality and aura, which immediately triggered the resonance of the enchantment.

With a slight tremble, the barrier loosened like a thin film. Chen Xiaobei stepped through it and entered Yu Yu Tian Qing realm.

Compared to the Grand Supreme elderly Lord's great Red Heaven, the environment here was simply too horrible to look at.

First of all, there was no spiritual Qi in the space!

...

It was obvious that after the last immeasurable catastrophe, the heavenly Lord Yuanshi, who was the winner, must have emptied all the spiritual veins here! Furthermore, they must have taken away everything of value!

Secondly, this place was in ruins, as if it had been crushed by a disaster! Houses collapsed, the earth cracked, and not a single blade of grass grew. It was a tragic sight!

Thinking back to Yuyu's heavenly purity realm, sect master Tongtian had told him in the Azure Palace that ten thousand Immortals had come to pay their respects, which was an unprecedented Grand occasion.

Looking at the ruins in front of him, Chen Xiaobei could not help but sigh.

Of course, Chen Xiaobei's mental state was strong. He would not let himself sink into sadness and sorrow. He kept his mind calm and scanned his surroundings like a radar, looking for any possible opportunities!

According to Taishang Laojun and da Qing Niu's analysis, the prime of Tongtian must have left something for Chen Xiaobei!

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3994: The Most Important Item!**

"What will master leave for me?"

Chen Xiaobei walked through the ruins and observed every detail. He frowned.

Since the defeat of sect master Tongtian in the last immeasurable cultivation tribulation, he had never returned to this place.

As the victor, the heavenly Lord Yuanshi would certainly plunder everything of value here as if he were scraping the land.

If that was the case, even if the prime of Tongtian had left something behind for Chen Xiaobei, there was a high chance that it would be taken away by the heavenly Lord of the origin.

However, on second thought, how could sect leader Tongtian not have thought of this?

"If master had predicted that heavenly Lord Yuanshi would come to plunder everything, then what master left behind must be something that heavenly Lord Yuanshi can't find or even predict ..."

Of course, Chen Xiaobei was smart enough to come up with his own speculation.

"Primordial violet vapor!!!"

It was obvious that the primordial violet vapor was extremely special, and even the heavenly Dao could not calculate it.

Therefore, if sect leader Tongtian hid a wisp of Hong Meng immortal Qi here, as long as it was hidden well enough, even if the heavenly Dao Hongjun came to plunder the land, he might miss it.

"Whoosh ..."

Chen Xiaobei activated the purple Qi in his body.

"As expected! My guess was right!"

Soon, Chen Xiaobei could feel the aura of the primordial violet Qi in the center of the ruins.

Chen Xiaobei quickly flew over.

Following the direction of the aura, he locked onto a broken plaque with the words 'aquamarine Palace' engraved on it.

Green touring Palace was the name of sect master Tongtian's dojo.

In the past, this plaque was hung in the most conspicuous position, the most eye-catching.

“The most dangerous place is the safest place!”

” it’s the Hong Meng immortal Qi! ” Chen Xiaobei’s eyes lit up. ” Sifu hid it in this plaque! ”

Obviously, when the primeval Lord of heaven saw the plaque, he could have broken it with a raise of his hand. He could never have imagined that sect leader Tongtian would hide the most important thing in this most conspicuous object.

“Hiss ...”

Chen Xiaobei walked up to him and activated the Scripture of heaven and earth. He took a deep breath, as if he was breathing in spiritual Qi.

The next moment, a wisp of primordial violet vapor drifted out.

Everything was just as Chen Xiaobei had guessed.

Sect master Tongtian had left the most important thing in the most dangerous place.

One had to know that the heaven-killing Purple Lotus was only missing the last strand of Primal Chaos purple Qi before it could bloom.

By then, Chen Xiaobei would be able to gather all five divine lotuses and activate the chaos Green Lotus’s special ability. If everything went well, he would be able to go to the heavenly Saint land and seek out powerful opportunities.

Once Chen Xiaobei had a Saint King level trump card, he would be able to return to heaven, defeat Taishang Laojun, and get the Grand Wizard Tian Wu and his body.

One step further, Chen Xiaobei would be able to prove his Dao with his strength and become a true divine that would not be controlled by the heavenly axiom.

On top of that, Chen Xiaobei still had the undigested profound Sage aquamarine Kirin bone armor, which could increase his true sage level.

From this, it could be seen that the strand of primordial violet vapor was extremely important.

It was what Chen Xiaobei needed the most right now.

“Hiss ...”

Without further ado, Chen Xiaobei absorbed the wisp of Primal Chaos purple Qi into his human Dao seal and activated the heaven-destroying Purple Lotus.

“Whoosh ...”

Immediately after, the effect of the primordial violet vapor began to erupt.

The Lotus that was about to bloom opened its flower bud and bloomed.

The first-grade heaven punishing Purple Lotus had officially bloomed!

At the same time.

In The Purple Cloud Palace of the thirty-sixth level of the highest heaven.

“Greetings, heavenly Dao!”

With Hongjun as the leader, everyone present immediately knelt down and kowtowed.

” the fifth Holy Lotus has bloomed. Pangu’s reincarnator is about to return to the world! ”

The silver figure let out an extremely shocking sound that shook everyone’s eardrums and even their minds.

“From now on, the fourth immeasurable catastrophe will begin! I want you to kill that man at all costs! Even everyone related to that person must be slaughtered, not a single one will be left alive!”

Sect leader Tongtian had said that the fourth immeasurable cultivation tribulation would come when the heaven-destroying Purple Lotus bloomed.

The person that the heavenly axiom wanted to get rid of in the fourth measureless cataclysm was Chen Xiaobei.

No matter the cost!

These six words could already reflect the meaning of the cataclysm!

That was no matter how many people died! No matter how much space was destroyed! Even if the heavens and the earth were to fall, he would kill Chen Xiaobei!

It was precisely because of this!

Chen Xiaobei was not the only target of this catastrophe. If the war went out of control, it would be a catastrophe for the entire heavenly Dao world!

...

In the first immeasurable catastrophe, the three races suffered great losses and were unable to recover even after billions of years!

In the second immeasurable catastrophe, the Wu tribe and the demon tribe suffered countless casualties, even causing the heavenly pillars to collapse and the sky to be torn apart. Only then did Nuwa mend the sky!

In the third immeasurable cultivation tribulation, the tribe of severity and the tribe of enlightenment suffered fewer casualties than the previous two. However, in the end, the untainted land could not bear the heavy pressure and collapsed directly!

It was obvious!

Every measureless cataclysm was a disaster for this great world! It was a great Tribulation of slaughter and destruction!

“As ... As you wish ...”

Hongjun kowtowed heavily, not daring to say a word.

Then, the silver figure disappeared.

Hongjun's face turned very ugly, " " this is troublesome ... The fifth Holy Lotus bloomed and the reincarnator of Pangu appeared. However, we are not sure who he is! "

" it must be Chen Xiaobei! " Heavenly Lord Yuanshi's first target was Chen Xiaobei.

"I don't think so!"

...

Taoist Cundi said, 'wasn't the green Lotus of reincarnation taken away by jieyin? If you don't gather all five Holy Lotuses, you're not a reincarnator of Pangu!"

" however, jieyin has been captured. We didn't find the green Lotus of reincarnation on his body! " The heavenly Lord Yuanshi said.

"He might have hidden the green Lotus of reincarnation!" The Grand Supreme elderly Lord added an ambiguous sentence in order to confuse the public.

There was no need for any evidence. It was enough to make everyone believe that the whereabouts of the green Lotus of Samsara were unknown.

As long as they could not prove that Chen Xiaobei had collected all five divine lotuses, they would not be able to confirm that Chen Xiaobei was a reincarnated being of Pangu.

The Grand Supreme elderly Lord did not need to say more.

"Stop talking nonsense!"

Hongjun said decisively, " now, I'll allow you to leave the Zixiao Palace. Go and investigate! Find out where the five divine lotuses are!"

"At the same time, regardless of whether Chen Xiaobei is a reincarnated being of Pangu or not, you must capture him at all costs! If you really can't catch him, just kill him!"

"This brat is a great disaster, we can't let him live no matter what!"

"Also, anyone who is related to Chen Xiaobei, arrest them! I won't let any fish escape!"

The moment he said that, everyone's expression turned awkward.

Was Hongjun so anxious that he was confused? After all the disciples of the tribe of severity, there was no one in the universe who was related to Chen Xiaobei.

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3995: Heading To The Heavenly Saint Land!**

Chen Xiaobei was really smart. He had already transferred all his close friends to the jianmu world.

Hongjun and the others didn't know where to start.

Hongjun wasn't stupid. He quickly realized his mistake and added, " " even if we can't catch anyone related to Chen Xiaobei, it's fine. As long as we have Tongtian in our hands, we don't need to worry about him! "

"Right!"

" of course! " heavenly Lord Yuanshi said with certainty. " we just need to set up an inescapable net and contact Chen Xiaobei! " If he didn't come, he would execute Tongtian directly! At that time, we'll be able to catch a turtle in a jar, and we'll naturally be able to take down that kid!"

These sly old foxes knew Chen Xiaobei's character very well.

As long as he used the prime of Tongtian as a threat, Chen Xiaobei would not be able to escape.

At the same time, Cundi and Taishang Laojun could not help but feel worried.

With Chen Xiaobei's personality, he would not ignore the prime of Tongtian. However, with Chen Xiaobei's strength, he would not be able to survive if he fell into this trap.

By then, even if Taoist Cundi and Taishang Laojun wanted to help, they would not be able to protect Chen Xiaobei.

"Let's not waste any time. Contact Chen Xiaobei now! Then, we'll set up an ambush and capture him as soon as possible. It'll definitely be helpful in investigating the whereabouts of the divine Lotus!"

Hongjun made a prompt decision and gave an order.

"Yes, sir!"

The heavenly Lord of the origin nodded and immediately took out his communication jade talisman to contact Chen Xiaobei.

However, Chen Xiaobei did not reply to the messages that heavenly Lord Yuanshi had sent him.

"How is it?"

Hongjun asked impatiently.

"He didn't reply to me ..."

Heavenly Lord Yuanshi was a little depressed.

"Did you tell him that we were going to execute Tong Tian?" Hongjun asked.

"I've said it! "I've already told him that if he doesn't show up in half a day, he'll be waiting to collect Tongtian's body, but he still hasn't replied ..." Heavenly Lord Yuanshi said helplessly.

" Chen Xiaobei can't just ignore Tongtian! " Hongjun frowned and said, 'no matter what, Tongtian must guard it well! Maybe Chen Xiaobei hasn't replied yet because he didn't see the message. He'll be nervous when he sees it!"

Obviously, sect leader Tongtian had become the most important chip in Hongjun's hand.

Before Chen Xiaobei replied, Hongjun would not hurt the prime of Tongtian. He would even protect the prime of Tongtian and prevent any accidents from happening.

On the other side.

The reason Chen Xiaobei did not reply was because after the Lotus bloomed ...

The five Holy lotuses immediately released their special spiritual light at the same time, and a chaotic Green Lotus Dharma form appeared.

The chaos Green Lotus Dharma form then opened a green space gate.

After Chen Xiaobei passed through the door, he arrived at a whole new world. Naturally, he could not receive any messages from the heavenly Lord Yuanshi.

Not only did he not see the message, but he had also helped Chen Xiaobei and the prime of Tongtian.

Knowing Chen Xiaobei's personality, he would definitely risk his life to save the prime of Tongtian if he saw him in danger.

If Chen Xiaobei really went, he would be dead!

Now that Chen Xiaobei was dead, the prime of Tongtian was no longer of any use to him.

Chen Xiaobei did not see the message, so he did not reply to it. This made Hongjun unable to do anything. Not only could he not hurt sect leader Tongtian, he had to protect him.

When Chen Xiaobei returned from the New World, perhaps he would no longer be a fish on the chopping board, and would no longer be at the mercy of others!

"Whoosh ..."

After a burst of unprecedented space travel, Chen Xiaobei appeared in another place.

The environment in front of him had changed dramatically.

The sky here was extremely high, the sun was blooming with nine-colored spiritual light, and the clouds were golden red and yellow. Even the breeze could sweep up white traces.

Of course, the most important thing was that he could no longer feel any spiritual Qi.

If one were to sense it carefully, one could feel the aura of Saint Origin Energy in the air.

Chen Xiaobei had 100 Saint origin crystals in his hand. Even if he could not absorb and use the energy, he could still recognize the aura of the energy.

"There's no mistake! This is the heavenly Saint realm!"

Chen Xiaobei was excited.

" back then, the ancestral Saint Pangu set off from here. He rose to power and embarked on a journey that defied the heavens and the Dao! "

" and today, I'm also setting out from here. I'll definitely find a way to break out of this predicament! "

” no matter how many dangers and obstacles there are in front of me, I will complete the ancestral Saint Pangu’s unfulfilled wish regardless of my life! ”

After all, Chen Xiaobei had inherited the ancestral Saint Pangu’s blood essence. So, he would do his best to fulfill the ancestral saint’s wish.

“Woof! Buzzzzzz! Buzzzzzz! Whoosh!”

Then, Chen Xiaobei took out four divine lotuses!

Heaven punishing Purple Lotus! The Black Lotus of world destruction! Golden Lotus of merit! Red karmic fire Lotus!

The Black Lotus of destructions ‘unique characteristic was that it could use different types of energy to activate its power.

Spiritual Qi, life force, Saint Origin Energy, and even primordial violet Qi could all be used by the Black Lotus of destructions to stimulate its power.

“Whoosh ...”

...

At that moment, Chen Xiaobei’s Black Lotus of destructions began to absorb the saintly celestial energy in the air.

Then, the other three Saint lotuses also started to absorb Saint Origin Energy.

Now that the Western religious sect was under Taoist Cundi’s control, the Buddhist realm was basically under Chen Xiaobei’s control!

As long as the Buddhist realm became better, the Golden Lotus of merit would recognize Chen Xiaobei as its master!

By the same logic, Ksitigarbha was under the control of Cundi, which meant that the earth was under Chen Xiaobei’s control!

‘It’s getting better and better that the red karmic fire Lotus will acknowledge Chen Xiaobei as its master!’

In the end, the mortal world was already under Chen Xiaobei’s control, and ever since the unification of the mortal world, it had been thriving and getting better and better!

That was why the howlsy Purple Lotus had already acknowledged Chen Xiaobei as its master.

Because of that, the four divine lotuses were absorbing the energy according to Chen Xiaobei’s will.

When they had enough energy, they could unleash their power according to Chen Xiaobei’s will.

In the end, the green Lotus of reincarnation was the only one who did not recognize Chen Xiaobei as its master!

...

This was because Chen Xiaobei had not obtained the celestial mark yet, and he had not taken control of the celestial world!

However, when Chen Xiaobei took the green Lotus of reincarnation, he had already made a promise that he would unify the celestial world and protect all the people there!

That was why the green Lotus of reincarnation had acknowledged Chen Xiaobei, and that was why it could activate the chaos Green Lotus Dharma form with the other four divine lotuses.

However, recognition was recognition, and master recognition was master recognition!

The green Lotus of reincarnation only acknowledged him, so it would not completely obey Chen Xiaobei.

That was why Chen Xiaobei did not take out the green Lotus of reincarnation.

Of course, Chen Xiaobei was already very powerful to be able to control four divine lotuses.

“Hmm? What’s that thing in front?”

Suddenly, Chen Xiaobei’s eyes lit up. Something in front of him was attracting his attention.

#### **Chapter 3996: True Spirit Clone!**

He saw a giant axe-shaped rock in front of him.

It looked a little like the Pangu axe, but upon closer inspection, one could see many differences.

Of course, if this place was the starting point of the ancestral Saint Pangu, then the stone axe in front of him must have some internal connection with the Pangu axe.

“Whoosh ...”

Chen Xiaobei quickly walked over and released his spirituality, trying to communicate with the stone axe.

It was just as Chen Xiaobei had expected.

The spiritual connection was quickly established, and a large amount of information was fed back into Chen Xiaobei’s mind.

” Saint pan clan!?”

Chen Xiaobei was surprised.

“It turns out that a long, long time ago, there was a huge and powerful tribe in the heavenly Saint realm! They were the Saint pan clan! Its power was far above that of a Saint King! It’s many times stronger than the Saint Duke clan and the LAN family!”

“However, many years ago, an even more terrifying race called Yuan Sage sky-burier defeated the Saint pan race! After that, the sky burial Yuan Sage clan started to enslave the descendants of the Saint pan clan on a large scale!”

” the enslaved descendants of the Saint pan clan were transformed by the sky burial Yuan Saint clan’s special technique and turned into walking corpses without consciousness. They were kept in captivity like pigs and dogs, and their energy was constantly absorbed by the sky burial Yuan Saint clan! ”

At this point, Chen Xiaobei suddenly understood many things.

” first of all, Tiandao is a member of the sky burying Yuan sacred clan. He enslaved a portion of the Saint pan clan members in the independent great world he created! ”

” secondly, the green Lotus of chaos must be a sacred object of the Saint pan clan. Through some means, the green Lotus of chaos entered the heavenly Dao world and then imagined the consciousness of the ancestral Saint Pangu! ”

” following that, the chaos Green Lotus guided ancestral Saint Pangu to cultivate and face the heavenly Dao! Although the ancestral Saint Pangu failed in the end, his resistance broke through the chaos and changed the world, giving birth to a large number of new lives with consciousness, thoughts, and the desire for freedom!”

“In other words, all the living beings in the heavenly Dao world are descendants of the Saint pan clan! That’s why the green Lotus of chaos left the five Holy lotuses behind to continue searching for Pangu’s reincarnators in an attempt to defeat the heavenly Dao and save its people in this world!”

“And I am the new reincarnator of Pangu! My mission is to defeat the heavenly Dao and save everyone!”

Chen Xiaobei calmed himself down and a thousand thoughts ran through his mind.

Then, a large amount of information entered Chen Xiaobei’s mind.

” Tiandao is only considered a mid-level expert in the sky burial Yuan sacred clan. There are even more powerful and terrifying existences above him! ”

“Whoosh ...”

Just as Chen Xiaobei was thinking about this, the stone axe in front of him suddenly released a strong spiritual energy.

It was as if she was questioning Chen Xiaobei if he dared to accept the most difficult task.

If it was someone else, they would definitely think about it carefully at this moment.

After all, the enemies they had to face for this mission might be the strongest in the heavenly Saint realm! And it wasn’t just one or two, but a huge, unfathomable race!

Once he accepted this mission, he was afraid that even a narrow escape from death would not be enough to describe the dangers inside.

Most people would not dare to accept such a mission!

But!

Chen Xiaobei was different!

His state of mind and will had long been as firm as a rock, unwavering even in death!

Even if he was about to face death, Chen Xiaobei would not change his mind!

Because of that, Chen Xiaobei did not need to think too much!

“I’m willing to accept this mission! I’ll take on the mission of the descendants of the Saint pan clan!”

Chen Xiaobei looked at her and said, “I’ll follow in ancestral Saint Pangu’s footsteps and fight with my life on the line. I won’t stop until I’ve destroyed the heavenly Dao! We won’t stop until we release our clansmen!”

“Whoosh ...”

As Chen Xiaobei made his wish, the stone axe once again released a special spiritual wave.

“Ka ka ka ... Ka ka ka ...”

Then, the stone axe broke apart, revealing a small, Golden Axe the size of a finger.

The Small Axe recognized Chen Xiaobei as its master and merged into his palm.

” this ... This is a true spirit clone of the Saint pan axe? ”

Chen Xiaobei was stunned for a moment, and the relevant information immediately entered his mind.

“The Saint pan axe is the Supreme sacred artifact of the Saint pan clan, and it suppresses the destiny of the entire clan! In that Great War, the enemy actually broke the Saint pan axe and defeated the Saint pan clan!”

” however, although the Saint pan axe was shattered, the true spirit of the Saint axe was not destroyed. It is still hiding in a corner of the Beyond heaven Saint realm, waiting for the Saint pan clan to rise again!  
”

” every once in a while, the true spirit of the axe would release a clone of its true spirit, which would wander in the otherworldly Saint land in search of a new reincarnator! ”

” now, I’m the new reincarnator of Pangu. Therefore, the clone of the true spirit of the axe has recognized me as its master! ”

Chen Xiaobei said excitedly.

” this true Spirit’s clone is extremely weak compared to the Saint pan axe. However, to me, it’s extremely powerful! ”

“At the current stage, this tiny true spirit avatar can already unleash the power of a one-star true sage! I can’t say for sure in the heavenly Saint realm, but if I return to the heavenly Dao world, I’ll definitely be invincible among my peers!”

” in other words, if I can advance this pan Sheng axe true spirit to the peak Saint level, it will be able to crush all magical treasures below Saint King level when I return to the heavenly way world, including the elderly Lord’s Taiji diagram and the Xuan Huang Linglong Pagoda of heaven and earth! ”

Chen Xiaobei was very excited.

He had originally thought that he would have to find a Saint King level trump card to defeat the Grand Supreme elderly Lord.

But now, with the Saint pan Axe's true spirit clone, the difficulty of defeating the Grand Supreme elderly Lord had been reduced.

Furthermore, the upper limit of a true spirit clone of the Saint pan axe was far beyond the peak true sage level!

...

In the past, the ancestral Saint Pangu's Pangu axe was evolved from the true spirit of the Pangu axe! The final level was the primal Chaos heavenly venerate, which was above the Holy King level!

" in other words, as long as I follow the path of the ancestral Saint Pangu, I'll be able to reach the heavenly venerate level sooner or later. I'll also have a super powerful trump card at the heavenly venerate level! "

Chen Xiaobei was so excited!

Although he had accepted an extremely dangerous and difficult mission, he had also received a great opportunity.

As long as he didn't die, he would definitely become a great person!

"Whoosh ..."

Chen Xiaobei summoned the Saint pan Axe's true spirit clone from his palm. It glowed with divine light.

"Come on! Let me see your ability!"

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3997: Heaven-Defying Ability!**

Obviously, the Saint pan Axe's true spirit clone was not an ordinary clone. It must contain extremely powerful abilities, and it was very likely that it had more than one ability!

Otherwise, it would have been impossible for the ancestral Saint Pangu to raise his cultivation so quickly in such a short period of time, much less give birth to the Pangu ax, which was at the heavenly venerate level, by himself!

Whoosh ... Whoosh ...

Chen Xiaobei's mind moved, and all the Saint vitality in the space was drawn out like a river into the sea, and quickly integrated into the Saint pan axe true spirit clone.

As a result, the four divine lotuses, which had been absorbing Saint Origin Energy, had to stop now. They could no longer absorb any Saint Origin Energy.

By the way, the Golden Lotus of virtue, Red Lotus of fire, and black Lotus of destructions were all at the peak of the twelfth stage true Saint realm. It was obviously impossible for them to absorb enough energy to activate their power in a short time.

However, the heaven punishing Purple Lotus was only a first-grade one. It had just reached the early-stage one-star true sage, so it absorbed the energy relatively quickly.

After all, Saint Origin Energy was a much higher level of energy than spirit Qi, so the same volume and density of energy would produce many times more effect.

Therefore, the heaven punishing Purple Lotus could absorb energy at the fastest speed and could unleash its power ten times.

Of course, compared to the Saint pan axe true spirit clone, the four divine lotuses were many times slower in terms of the speed and amount of Saint Qi they could absorb.

In just a short moment, all the Saint Origin Energy in the entire space had been sucked dry.

If he had not seen it with his own eyes, Chen Xiaobei would not have believed it.

“This is a little strange ...”

Chen Xiaobei frowned and asked, “ ” the Saint pan Axe’s true spirit clone is only a one-star true Saint, but the energy it’s absorbing has already far exceeded the energy limit of a one-star Saint weapon! ”

One had to know that an ordinary magic treasure could only contain the energy to activate its power ten times.

At this moment, the amount of Saint Origin Energy that the true spirit of the axe had absorbed was probably enough to activate the power of a one-star true Saint a million times.

In other words, there was almost no upper limit to the amount of energy that the Saint pan axe true spirit could contain.

It was close to being able to absorb it infinitely.

The absorption speed is extremely fast, and there is no limit to the amount of absorption.

With these two points, Chen Xiaobei could absorb Saint Qi wherever he went.

Just thinking about the effects of this special ability was already awesome!

If the Saint pan Axe’s true spirit clone could still absorb spiritual Qi, Chen Xiaobei would be able to absorb all the spiritual Qi in the entire heaven realm when he returned to the heavenly realm!

“Whoosh ...”

Of course, after the energy was extracted, it was not simply stored.

With a strong wave of Saint Qi, a large amount of Saint Qi was burned rapidly, activating another special ability of the clone of Saint pan axe true spirit.

“Whoosh! Whoosh ...”

Along with the abnormal fluctuations of Saint Origin Energy, the level of the Saint axe true Spirit’s clone actually increased in an instant.

From the early-stage one-star true sage, he had directly advanced a small realm and reached the middle-stage one-star true sage.

“This ... This is too terrifying ...”

” what? ” Chen Xiaobei was taken aback. ” absorb and burn your Saint Qi to level up! ” This is simply cheating!”

” in other words, as long as there is enough energy, the true spirit of the sacred axe can continue to upgrade rapidly! ”

Chen Xiaobei thought for a moment and took out the 100 Saint origin crystals.

“Ka! Ka! Ka ...”

As expected, the Saint axe true Spirit’s clone crushed the Saint origin stone and absorbed all the Saint origin power released.

For a moment, Chen Xiaobei felt that this Saint pan axe true spirit clone was similar to Xiao ‘er.

They were all Super Foodies.

As long as it was energy that could be used, the Saint pan axe true spirit clone would absorb and devour it at the first moment.

“Let’s try other types of energy!”

Then, Chen Xiaobei took out some superior-grade spiritual Jade.

“Ka ka ka ...”

The result was the same. The Saint pan axe true spirit clone crushed the spiritual Jade and devoured all the spiritual Qi. Not a single trace of it leaked out.

” since that’s the case, I should be able to use my life force too! ”

Chen Xiaobei released some of his life force from the armor.

“Hiss ...”

As expected, his life force was instantly sucked away.

” no wonder ancestral Saint Pangu was able to go from having nothing to possessing the Pangu axe, which is at the level of heavenly venerate Primal Chaos! The special ability of the true spirit of the axe is too heaven-defying!”

“It can absorb any kind of energy. As long as the energy reaches a certain amount, it will upgrade! Furthermore, the speed of the upgrade was completed almost instantly!”

Chen Xiaobei was so excited.

With the Super power of the true spirit of the axe, it wouldn’t take long for it to grow into a Super Ace.

“Eh? It seems to have a special ability!”

Chen Xiaobei took out a one-star Saint item to test the waters.

Buzz ... Crack crack ... ”

In the blink of an eye, the Saint pan axe true spirit released a golden light net and wrapped the one-star Saint artifact up. It was actually directly stirred into pieces and then digested in a few seconds!

“What the f \* ck! It can even devour magic treasures!”

...

Chen Xiaobei could not help but be shocked.

This special ability was similar to the chaos Blood sword’s chaos devour, but it was faster and fiercer. It could be digested in a few seconds!

“Whoosh ...”

However, the speed of digestion was not the most shocking thing to Chen Xiaobei.

Then, the true spirit of the axe, which was just a ball of golden light, began to grow into a real body.

It had just devoured a silver sword.

At that moment, a silver shell formed on the surface of the Saint pan axe true spirit clone, forming a palm-sized axe.

Chen Xiaobei held the Small Axe in his hand and felt it carefully. He was surprised and happy.

“Originally, the Saint pan Axe’s true spirit clone was just an incorporeal spirit. But now, it has a physical body, and its offensive and defensive power has reached the level of a one-star true Saint! This is equivalent to having an additional physical body!”

“Of course, the most important thing is that the new body can also inherit the special abilities and attributes of the object it has devoured! This was heaven-defying! For example, if the Saint pan axe true Spirit’s clone devoured the Grand Supreme elderly Lord’s Taiji diagram, it would be able to unleash an extremely strong defensive power! If you devour the drawing of the celestial eradication sword formation, you can form the celestial eradication sword formation at any time and place!”

There was no doubt that the powers of the true spirit of the axe were extremely powerful.

...

Chen Xiaobei then took out a few more one-star Saint items that were not of much use and let the Saint pan axe true spirit clone devour them all.

Then, the Small Axe that was originally the size of a palm turned into a battleaxe the size of an arm. Its surface was red and gold, and it emitted a holy light. It was like the sun, strong and overbearing!

Of course, the most important thing was that after devouring these one-star Saint weapons!

The level of this battle-ax had increased by two small realms and reached the peak of a one-star true sage!

“From today onwards! You shall be known as the Saint devouring Dao axe!”

### Red Envelope Group of the Three Realms

#### **Chapter 3998: Obtaining The Holy Meridian!**

Holding the Saint devouring Dao axe, Chen Xiaobei began to move forward.

This world was very unfamiliar, and the surrounding environment was also very special. It was a vast grassland.

From time to time, there would be some extremely old ruins on the grass.

These ruins had long been weathered, and a layer of tender green grass had even grown on the surface.

But Chen Xiaobei had no idea where he was. He didn't even know what to do.

Even though the ancestral Saint Pangu had started from this place and rose to power step by step, it was still a place where he had to be careful.

However, Chen Xiaobei did not receive any guidance even after walking for a long time.

Could it be that the only use of the true spirit of Saint Pan's axe was to transform it into a Supreme treasure? Other than that, it would not give any guidance. Every step after that would have to be taken by the Samsara traveler himself.

Chen Xiaobei could not help but feel a headache coming.

His own situation was not comparable to ancestral Saint Pangu's.

Back then, the ancestral Saint Pangu was all alone and had no pressure. Naturally, he could explore the boundless grasslands.

But now, Chen Xiaobei had a lot of responsibilities and pressure!

Chen Xiaobei had already made a promise to the green Lotus of reincarnation to protect the celestial world and its people. The heavenly axiom had already announced the start of the fourth measureless cultivation tribulation. If Chen Xiaobei did not stop the Tribulation soon, many people would die and many dimensions would be destroyed!

In private, the safety of sect master Tongtian had not been guaranteed yet! Chen Xiaobei could not waste too much time here! Otherwise, he might have to collect the body of sect master Tongtian when he returned.

Therefore, whether it was for public or private reasons, Chen Xiaobei had to speed up and obtain the ability to defeat Taishang Laojun as soon as possible.

“I can't waste my time here!”

Chen Xiaobei quickly summoned Daoist Wen.

The Blue Dragon was supposed to be more familiar with the heavenly Saint realm, but Chen Xiaobei's attempt to get the green Lotus of reincarnation was too dangerous. So, all of its companions were left behind in the heavenly Saint realm.

However, Daoist Wen was different. He was Chen Xiaobei's slave. After he was heavily injured, he had been carrying it in the Meru space. That was why Chen Xiaobei could summon it.

"Don't kill me ... Don't kill me ..." He cried.

Daoist Wen thought that Chen Xiaobei was going to kill him. He was so scared that he peed his pants and kneeled on the ground, trembling and begging for mercy. He was so humble.

"Shut up! If you want to live, then stop being so noisy!"

Chen Xiaobei shouted impatiently, "I asked you to come out so that you could point the way! As long as you're obedient, you'll naturally be able to live!"

"Yes, yes, yes! I'll be obedient! I'll definitely be obedient!" Daoist Wen nodded his head like a chicken pecking at rice, not daring to say a word.

"Do you know what this place is?" Chen Xiaobei asked.

"This ..."

Daoist Wen raised his head and looked around. "100000 heavens! Nine-colored scorching sun! The Golden-red auspicious cloud! This ... This is the heavenly Saint realm! God Chen! How did we end up in the heavenly Saint realm?"

Obviously, Daoist Wen was quite familiar with the environment.

This proved that Chen Xiaobei had made the right choice by summoning him. At least he could provide some guidance.

"Since I can come, I naturally have my ways!"

"My only purpose in coming here is to get stronger as soon as possible!" I'd like to hear your opinion on what I should do."

" become stronger!?"

Daoist Wen was stunned for a moment, and then said awkwardly, "I'm not too sure about this ... I was lucky back then and accidentally found a profound Sage Jade Qilin's bone armor. Otherwise, I wouldn't have become so strong so easily ..."

Obviously, when Chen Xiaobei met Wen Daoist, he had already reached the pinnacle of true divine.

If not for Chen Xiaobei's tree of Seven Wonders, he would have died in Daoist Wen's hands.

The reason why Daoist Wen's strength had increased so quickly was indeed because of the profound Sage Azure Qilin bone armor. Otherwise, with the talent of his mosquito body, it would be impossible for him to reach the peak of the true sage realm in another trillion years.

"You don't know either?" Chen Xiaobei's eyes narrowed and he said coldly, "So you're no longer of any value to me!"

"Hiss ..."

Upon hearing this, Daoist Wen immediately gasped. His face was pale, and he couldn't wait to wail. "Don't ... Don't don't don't ... God Chen! Please let me think about it! I can definitely help you think of a way!"

"Good! I'll be waiting!" Chen Xiaobei nodded and continued to let the Saint devouring axe absorb the surrounding Saint energy.

"Eh?" Daoist Wen's achievements today were not entirely due to luck, but rather his cleverness.

Seeing the Saint devouring Dao axe absorbing the Saint Vital energy, Daoist Wen immediately had an idea.

"God Chen! I've never been to this grassland before! However, the Saint Origin Energy here is extremely abundant. As long as we can find the Saint vein, we'll be able to obtain a huge amount of Saint Origin Energy!"

"Holy Meridian?"

Chen Xiaobei was surprised. "It's something like a spirit vein?"

"That's right!"

"yes!" Daoist Wen nodded heavily. "the Saint veins are the source of the Saint Origin energy in space. The Saint Origin Energy they contain is countless times more than the Saint Origin energy in space!"

"Ha, that's a nice way of putting it!"

Chen Xiaobei was expressionless. "In the heavenly Dao world, almost all spirit veins, big and small, are under the control of their owners! The larger the spirit vein, the greater the power it belongs to!"

"I've only just reached the heavenly Saint realm and my strength hasn't improved much, and you want me to snatch someone else's Saint vein? Isn't this just looking for death?"

Obviously, Daoist Wen was smart, but Chen Xiaobei was definitely smarter than him.

The value of a Saint vein was definitely countless times higher than a spirit vein. It was obvious that a place with a Saint vein would definitely have a powerful force.

If Chen Xiaobei really went to steal the spiritual vein, he would not even know how he died.

"No, no, no..."

...

"God Chen, if you want the Holy Meridian, you don't have to take it by force!" Daoist Wen quickly explained. I can help with my ability!"

"Your ability?" "How?" Chen Xiaobei asked.

"First of all, I can sense the location of the Holy Meridian. Secondly, I can transform into a small mosquito and sneak underground without anyone knowing, absorbing all the Holy Meridian! Finally, I'll come back and release my Saint Origin Energy! Isn't that the perfect solution?" Daoist Wen said.

“Hmm ... That sounds good! I can try!” “ alright! ” Chen Xiaobei nodded. “ tell me, where is the Holy Meridian that you sensed? ”

“ it’s in the North ... ” Daoist Wen said, “ “However, I’m afraid that it’s a trillion miles away from here. With God Chen’s speed, I’m afraid that you won’t be able to get there in a short time ...”

“Alright!”

God Chen! Daoist Wen was excited. please help me heal my wounds. I’m willing to bring you there! Moreover, with my strength, I can fight anyone below the Saint King realm! Wouldn’t that be wonderful?”

### [Red Envelope Group of the Three Realms](#)

#### **Chapter 3999: Trying To Steal A Chicken Only To End Up Losing Rice!**

“Heh, you’re really smart!”

“ what? ” Chen Xiaobei raised his eyebrows and said, “ you said you wanted to help me, but you actually wanted me to help you heal your injuries! With your cultivation, I’m afraid I’ll be bitten back by you the moment I cure you!”

Chen Xiaobei was smart, how could he fall for Daoist Wen’s trick?

“I don’t dare! He didn’t dare! I don’t dare!”

Daoist Wen was still seriously injured, so he could only admit defeat.

However, Chen Xiaobei had already seen through his true thoughts.

As long as Chen Xiaobei healed him, he would find a chance to take revenge on Chen Xiaobei and make Chen Xiaobei die a horrible death!

Don’t forget that Daoist Wen had been like a pet, submissively and obediently dormant in the Western religious sect.

No one had been on guard against him, and no one had even looked down on him.

However, at the critical moment, he suddenly exploded and sucked Holy Mother GUI Ling’s cultivation dry. He even sucked away three grades of the Golden Lotus of merit, which almost made Daoist jieyin vomit blood in anger.

It was the same at this moment.

Although Daoist Wen had always been submissive and had always acted more humble than a dog, he was still a Daoist.

However, a leopard can not change its spots. As long as he had the chance, he would deal Chen a fatal blow.

Chen Xiaobei had already seen through Daoist Wen’s thoughts.

Daoist Wen was in despair and did not dare to ask Chen Xiaobei to heal his injuries.

“I can help you heal!”

But Chen Xiaobei’s answer surprised Daoist Wen.

Daoist Wen would never have thought that Chen Xiaobei would still be willing to help him even though he had already seen through his plan.

Wasn’t this courting death?

It seemed that Chen Xiaobei was not as smart as he had thought!

In order to obtain the Saint vein, he actually dared to take such a huge risk!

He really didn’t know how to spell the word ‘death’!

Hehe! Watch how I’m going to deal with you, Chen Xiaobei! When your injuries are healed, I’ll make you beg for death!

Daoist Wen’s face looked harmless, but he was already laughing in his heart!

“But ...”

Suddenly, Chen Xiaobei changed the topic and said, “Before I help you heal, I need to control your primordial spirit!”

“What?”

Daoist Wen’s expression froze, and his face was suddenly filled with bewilderment.

He had thought that Chen Xiaobei was not as smart as he had imagined. But Chen Xiaobei’s quick grab caught him off guard and he was taken aback.

Controlling the primordial spirit!

This was not a joke!

Once Chen Xiaobei took control of his primordial spirit, Daoist Wen’s life would be in Chen Xiaobei’s hands. By then, even the slightest disrespect to Chen Xiaobei would cost him his life, much less revenge!

“Whoosh ...”

Before Daoist Wen could react, Chen Xiaobei had already taken out the grade 12 Red Lotus of fire.

Chen Xiaobei was now in control of the land, and the grade 12 red karmic fire Lotus had acknowledged him as its master.

Although the amount of Saint Qi He had just absorbed was not enough to activate the power of the Red Lotus of fire, once the Red Lotus of fire recognized its master, Chen Xiaobei could now control the special ability of the underworld mark!

“Whoosh ...”

A stream of blood suddenly gushed out, poured into the top of Daoist Wen’s head, and then integrated into his body, gathering around his primordial spirit.

It was like a shackle that trapped his primordial spirit.

This way, he would not be able to release his primordial spirit. Moreover, Chen Xiaobei could use the blood spring's power to kill his primordial spirit.

Obviously, this was the benefit of becoming the lord of the land!

The special ability of the mark of the underworld would only be activated when Chen Xiaobei was facing death.

But now, Chen Xiaobei could activate the blood fountain ability at any time.

By the same logic, the human Dao and demonic Dao imprints could also activate their special abilities at any time.

However, the special abilities of the three imprints were still the same. They could only be activated once a day.

" God Chen ... You ... You ... You really controlled my primordial spirit! "

Daoist Wen's face turned green.

He had planned to trick Chen Xiaobei into treating his injuries.

However, before her injuries were healed, Chen Xiaobei had already taken control of her primordial spirit.

This was a typical case of trying to steal a chicken but losing the rice instead!

What was even more ridiculous was that just a moment ago, Daoist Wen was laughing at Chen Xiaobei for not being smart. But now, reality had given him a tight slap in the face.

Chen Xiaobei was not smart?

Were there any smart people in this world?

"Alright, I can help you heal now!"

...

Chen Xiaobei smiled and took out some high-quality spiritual herbs from his infinite space ring.

After mixing these spirit herbs according to a certain formula and proportion, he let Daoist Wen eat all of them.

Soon, Daoist Wen's physical injuries began to recover rapidly.

In fact, Chen Xiaobei could not only control Daoist Wen's primordial spirit, but he could also poison him while he was feeding him the medicine.

Daoist Wen wanted to plot against Chen Xiaobei, but in reality, he could not even fly out of Chen Xiaobei's Five Finger Mountain.

Then, Chen Xiaobei activated the demonic Dragon Slayer divine armor and released a huge amount of life force.

Life force could recover one's mental energy and was also very effective in recovering one's primordial spirit.

After a while, the injuries of Daoist Wen's primordial spirit were greatly alleviated.

Of course, neither his body nor his primordial spirit had fully recovered.

Chen Xiaobei had only treated Daoist Wen to the point where he could move normally, but he had not fully recovered.

After all, the level of Wen Daoist's body and primordial spirit was too high. It would take too much energy to completely heal him. Even if Chen Xiaobei used up all his life force and spiritual medicine, he would not have enough.

...

However, Chen Xiaobei did not need Daoist Wen to fully recover. He just needed to use his speed to travel.

When it came to a real battle, Daoist Wen's cowardly character would not allow him to fight a tough battle.

After that, Daoist Wen took Chen Xiaobei and flew at top speed. With his peak true Saint speed, he could cross a trillion miles of space as if he was taking a stroll in a garden.

It had to be said that Daoist Wen's perception of Holy meridians was very accurate!

When they reached their destination, Chen Xiaobei could feel the Saint Qi that was many times stronger than before.

He was sure that there was a Saint vein hidden nearby.

Of course, where there were Saint veins, there would definitely be Saint stage forces.

In front of Chen Xiaobei and Daoist Wen, there was a huge main city.

The area of this main city alone could be compared to the 32 heavens of the heaven realm. The number of people in it was probably in the trillions.

As for the powerhouses in the city, they were naturally as numerous as the hair on an ox.

There were six true sages and one great sage king in the heaven realm!

The number of Saint Kings here was not fixed, but the number of true saints was at least a hundred times more than in the heaven realm!

" I'm afraid this Saint vein won't be easy to obtain! " Chen Xiaobei frowned.

Daoist Wen's face was pale. that's right ... he said. we should think about it. Don't act rashly ...

## Red Envelope Group of the Three Realms

### **Chapter 4000: Senior, Please Wait!**

“Coward!”

Chen Xiaobei gave Daoist Wen a disdainful look.

Before he came, he had even vowed that he could sneak into the Saint veins and suck them dry without anyone knowing.

However, as soon as he saw the huge city, Daoist Wen immediately cowered.

However, then again, it was indeed not difficult to act rashly in such matters.

If they were to alert the enemy, it would be a small matter if they couldn't obtain the Holy Meridian, but it would be a big problem if they were chased.

“Why don't you go and investigate first and see where the core of the Holy Meridian is? How strong were the surrounding guards? Then, come back and tell me, and we'll decide what to do!”

“I'll wait for you here!” Chen Xiaobei said. I'll give you two hours, go and come back quickly!”

“As ... As you wish ...”

Daoist Wen hesitated, but he did not dare to reject Chen Xiaobei.

“Chi ...”

He turned into a tiny mosquito and flew toward the huge main city at an extremely fast speed.

Although the main city was huge, Daoist Wen was extremely fast. Not only could he quickly reach any corner of the city, but he was also not easily discovered.

Letting him Scout the path was definitely the wisest choice.

“Whoosh ...”

At the same time, Chen Xiaobei took out the Saint devouring axe and began to absorb the Saint Vital energy around him.

In fact, the Saint devouring Dao axe had been absorbing Saint Origin Energy all along.

At this moment, it was already showing signs of breaking through a major realm and reaching a two-star Saint weapon.

Right now, Chen Xiaobei still had the three three-star Saint items that he had obtained from the Old Man of the South Pole, Lord Daoxing, and Lord Dao de.

Once the Saint devouring axe became a two-star Saint weapon, he would let it devour the three three-star Saint weapons.

If nothing went wrong, he could directly upgrade the Saint devouring axe to the three-star Saint level. In addition, there was some spirit Qi in the three Saint weapons, which could also be converted into energy. Perhaps it could even upgrade the Saint devouring axe to the intermediate three-star true sage!

“Hua ... Hua!!!”

However, Chen Xiaobei did not expect that the rate at which the Saint devouring axe was absorbing the Saint Qi was proportional to the concentration of the Saint Qi around it!

In other words, the purer the surrounding Saint elemental energy, the more powerful the Saint devouring Dao axe would be! The more domineering it was!

The surrounding Saint Origin Energy seemed to be drawn in by a tornado, creating a terrifying Saint Origin Energy storm in the air!

” boom boom boom ... Boom boom boom ... ”

Furthermore, as time went on, the surrounding area was filled with the sound of tigers and leopards. The earth trembled and the sky suddenly changed color.

“No way ...”

Chen Xiaobei was dumbfounded. ” ” the amount of Saint Origin Energy I’m absorbing right now has already far exceeded the total amount of Saint Origin Energy in this space. I’ve already begun to forcefully extract Saint Origin Energy from my Saint veins!!! ”

Without a doubt, the Saint devouring Dao Axe’s power was extremely terrifying and powerful!

This was very terrifying!

One had to know that this Saint vein had an owner! There was even a powerful array protecting it!

However, the Saint devouring Dao axe was able to bypass the owner of the Holy Meridian, penetrate the protective array, and extract the Saint Origin Energy by force!

Furthermore, it was an extremely crazy extraction!

It was simply unreasonable!

Of course, this result was very beneficial to Chen Xiaobei. It could save him a lot of trouble.

However, such a huge movement would definitely alert the master of the Holy Meridian.

By then, Chen Xiaobei would be in even more trouble!

“Just a little more, just a little more and I’ll put away the axe ...”

Of course, Chen Xiaobei knew that if he caused too much of a commotion, he would be in trouble later.

However, the Saint devouring Dao axe was just a little bit away from breaking through to the next realm. Since the battle had already started, there was no reason for him to stop now.

“Whoosh ...”

With a strong spiritual fluctuation, the Saint devouring Dao axe broke through to the early stage of two-star true sage.

“Alright, you can stop now ...”

Chen Xiaobei immediately stopped the devouring ability of the Saint devouring axe.

Gradually, the storm of Saint Origin Energy calmed down and everything returned to normal.

However, the people in the huge city were not blind!

“Shua shua ... Shua shua ...”

In an instant, tens of thousands of beams of primordial chaos holy light burst out from the main city and shot into the sky. They were like ten thousand rainbows, heading straight for Chen Xiaobei.

“Shit ...”

“ I can’t escape! ” Chen Xiaobei’s scalp tingled. “ there are more than 10000 beams of primordial chaos Divine light. The weakest one is a Sage-to-be, and the strongest one is probably a high-tier true divine ... Without Daoist Wen here, I can’t escape ... ”

Based on the size of the city, Chen Xiaobei and Daoist Wen had estimated that there were close to a hundred true saints.

With Chen Xiaobei’s current strength, he did not have enough spiritual Qi to fight! They wanted to retreat, but they were not fast enough!

It was really a dilemma, and only death was left.

...

“Swish!”

Suddenly, a tiny shadow flew back to Chen Xiaobei at a speed faster than the primordial chaos Divine light.

“God Chen! The enemy is coming! There are over ten thousand people!”

Obviously, this tiny figure was Daoist Wen’s mosquito form.

“You came just in time! Let’s retreat!”

Chen Xiaobei said as he put away the Saint devouring axe.

“Retreat? Why are we retreating?”

Daoist Wen immediately transformed back into his human form, his face revealing a hint of ferocity. “ I have observed that the strongest among the enemies is only a Seven Star true sage. They are not my match at all! I alone can exterminate all of them!”

“Destroy my ass!”

“ I’ve devoured someone else’s saintly ethereal force. I’m in the wrong. If I kill someone else, what kind of person would I be? ” Chen Xiaobei said.

It was clear that Chen Xiaobei was a man of justice.

...

Chen Xiaobei would never do something like taking someone else's things and then killing them.

"Then we're retreating just like this?" Daoist Wen was a little unwilling.

"Let's go! Don't talk nonsense!" Chen Xiaobei said.

"Senior, please wait! Stop!"

However, at this moment, the tens of thousands of people behind him had already surrounded him.

Originally, with Daoist Wen's speed, it would have been absolutely easy to escape.

But now, these ten thousand people were all addressing Chen Xiaobei as 'senior'. There was no hostility.

This was very strange!

"I've devoured a large amount of their Saint Qi, but why are they not hostile? And you're even calling me senior?"

Chen Xiaobei was very confused.

"Let's stay and see!" "they can't beat me anyway," Daoist Wen said indifferently. "there's no need to be afraid!"

Chen Xiaobei did not say anything, which meant that he agreed with Daoist Wen's words.

"Shua shua ... Shua shua ..."

Soon, the tens of thousands of people gathered.

These people looked at Chen Xiaobei devoutly and kneeled on the ground without a word.
