Chapter 4521: Perfect control!

4521 Perfect control!

A dark and terrifying hell-like World appeared in front of him.

The sky was covered by thick dark clouds. Occasionally, dark red lightning would roll in the clouds, and there was no trace of sunlight!

The ground beneath his feet was sticky mud. With every step he took, his shoes would sink a few centimeters in, and he would be stained with a lot of disgusting dark mucus!

The surrounding temperature was very low, and the air was filled with the smell of blood. Once the wind blew, it felt like being cut by a bloody ice blade, making people very uncomfortable!

Su mi, who had a slightly weaker cultivation, was already pale and her lips were green. It was as if she would be blown to the ground if the wind was a little stronger!

“This place is too scary ...”

Su mi frowned and her voice trembled, “ I can’t imagine that a race could actually be born from this place, and then flourish, step by step reaching the peak of the world!

It was obvious that if this independent great world was any other place, su mi might not have been so surprised.

However, this place was very likely the birthplace of the sky burying Yuan sacred clan!

This was extremely shocking.

After all, when a race was just born, it was very weak. It was extremely difficult to survive in such a harsh environment, let alone grow rapidly.

Because of this, su mi had once suspected whether this was the origin of the sky burial Yuan sacred clan.

“There’s no hurry. The answer will be revealed very soon!”

Chen Xiaobei was very calm. The hand that he was holding su MI’s hand emitted a warm Saint Qi to protect her, reducing the impact of the environment on her.

“Yuan Dao! I’m already inside! I’ll give you three seconds to get over here, or I’ll kill you!”

let’s go! Chen Xiaobei warned.

Without a doubt, there was no longer any space wall between them. Chen Xiaobei could activate the Chidu divine connection’s ability to kill the origin Dao divine ancestor.

“Swish!”

As expected, the origin Dao divine ancestor was still very afraid of death. He flew in front of Chen Xiaobei.

“Plop ...”

The origin Dao divine ancestor kneeled on the ground and kowtowed to Chen Xiaobei. The sticky mud on the ground covered his face and face. It was disgusting.

“Clang!!!”

Without another word, Chen Xiaobei raised his chaos Blood Sword.

“Master, please spare me ... Please spare me! Please don’t kill me ... Please don’t kill me ... I ... I’m still useful to you. I know a lot of things that you want to know ... Please don’t kill me ...”

The origin Dao divine ancestor howled hysterically.

Without a doubt, the origin Dao divine ancestor was very clear about his situation.

Earlier, he had schemed against Chen Xiaobei and wanted to use the three star divine ancestor level formation to stop Chen Xiaobei. He did not expect Chen Xiaobei to have a three star divine ancestor King Bomb and enter the place directly.

At this moment, the origin Dao divine ancestor had no way to escape. He could do nothing but beg for mercy.

No matter what he did, Chen Xiaobei would be the first to kill him.

“Don’t worry, I won’t kill you!”

Chen Xiaobei raised the chaos Blood Sword and injected a second-star divine ancestor intermediate stage energy into it.

“Whoosh ...”

In the next moment, the energy was directly burned out.

“Mo Sha, possession!”

activate! Chen Xiaobei shouted and activated his special ability.

However, Chen Xiaobei was using the chaos Blood Sword to activate this special ability.

Don’t forget, Chen Xiaobei and the chaos Blood Sword had already connected their lives and abilities.

At this moment, it was actually the chaos Blood Sword that was using this ability!

“Whoosh ...”

As a huge amount of energy was burned out, the chaos Blood Sword turned into a beam of blood light and entered the origin Dao divine ancestor’s head.

Then, the special ability took effect and directly seized the origin Dao divine ancestor’s divine soul and physical body. It also sealed his primordial spirit and soul.

This meant that the origin Dao divine ancestor’s body and cultivation would be under the control of the chaos Blood Sword.

The chaos Blood Sword was Chen Xiaobei's treasure, and it was connected to Chen Xiaobei's life.

In other words, Chen Xiaobei could control the body and cultivation of an origin divine ancestor as if he was controlling a magical treasure.

Simply put, the origin Dao divine ancestor had become a marionette that was under Chen Xiaobei's complete control.

This way, Chen Xiaobei did not have to worry about being tricked by this guy.

On top of that, Chen Xiaobei would also get a two-star divine ancestor intermediate stage fighter! More importantly, he could use the yuan Dao divine ancestor's elemental energy in future battles, saving Chen Xiaobei a lot of energy!

"Possession? Did you take over his body?"

Su MI's eyes were wide open as she looked at Chen Xiaobei in disbelief.

"It's indeed possession, but it's not perfect! I can further perfect it!"

Chen Xiaobei smiled and took out another treasure.

It was divine ancestor Wuliang's middle-stage two-star divine ancestor weapon!

It was a red metal bell, very similar to the no-self sect's no-Saint blood space shield.

In terms of power, this magic treasure was only of average standard and not worth mentioning.

However, the special ability of this magic weapon was very interesting.

The name of this special ability was the Saint awakening!

Simply put, it was to form an illusory and invisible mental energy net. Everything that happened around this net could be realized, ignoring the teleportation of spatial walls.

For example.

For example, Chen Xiaobei was in the heavenly sanctuary while the origin Dao divine ancestor was in the earthly sanctuary. They were so far apart that there were even two layers of spatial walls separating them.

However, as long as he cast a spiritual net on the divine ancestor, Chen Xiaobei could see through the divine ancestor's eyes and see everything the divine ancestor could see!

By the same logic, Chen Xiaobei could perfectly grasp the vision, hearing, taste, smell, and touch of his body!

When the chaos Blood Sword possessed an origin Dao divine ancestor, it was just a puppet. The five senses didn't exist.

Furthermore, Chen Xiaobei had to be nearby to control it.

But now, with the divine perception's spiritual net, it was like giving life to the marionette. It had the five senses of the eyes, ears, mouth, nose, and body. The five senses could cross an infinite distance and ignore the space wall, allowing Chen Xiaobei to sense them perfectly.

In other words, as long as he was not blocked by the spatial wall of a three-star divine ancestor or above, Chen Xiaobei could cross an infinite distance, perfectly control the origin Dao divine ancestor, and obtain all the feelings that the origin Dao divine ancestor could feel!

Simply put, Chen Xiaobei could lie at home, relax, and control the origin Dao divine ancestor to carry out all kinds of extremely dangerous missions.

Just thinking about it made him feel great!

Of course, to achieve this operation, there was still an important step!

[Red Envelope Group of the Three Realms](#)

Chapter 4522: A great opportunity!

4522 A great opportunity!

"Whoosh ..."

Chen Xiaobei immediately activated the Saint Pan's chaotic devour and devoured the No-Saint saint's Holy barrier.

Obviously, in order to control the puppet perfectly, the first thing Chen Xiaobei had to do was to develop the No saint's awakening.

Otherwise, every time he controlled the puppet, he would have to use up a second-star divine ancestor's energy to maintain the mental energy shield. If this went on for a long time, he would have to use up more energy and it would be a waste.

If Chen Xiaobei himself had the ability to not have Saint awakening, he could use his mental power to activate the ability with the help of his heart origin. Whether it was to activate or extend the mental net, he only needed to use his mind, which would save him a lot of energy.

"Alright, I'm done!"

After a while, Chen Xiaobei smiled.

It was obvious that the magical treasure had been fully digested, and the power of the Saint awakening had become Chen Xiaobei's own.

"No saint, saint's perception net!"

Then, Chen Xiaobei burned his mental power to create a brilliant net.

"Whoosh ..."

Then, the net covered the origin Dao divine ancestor.

It was as if it had merged with the origin Dao divine ancestor's body and instantly disappeared.

This way, no matter how far they were, as long as there was not a three-star divine ancestor-level space barrier in between, Chen Xiaobei could use the mental energy shield to receive the five senses of the origin Dao divine ancestor.

At the same time, Chen Xiaobei could also perfectly control it from a distance.

In fact, the origin Dao divine ancestor was more like Chen Xiaobei's clone than his puppet!

As long as Chen Xiaobei could do two things at the same time, he and his clone could be at the same time, in different places, and do different things. As long as he did it right, it would be very useful.

"Xiaobei ..."

However, at that moment, su mi frowned and said worriedly, " although you've controlled this person perfectly, you've also made him lose his consciousness. We won't be able to find out anything about this place from him!

what are you panicking for?!

of course not! Chen Xiaobei smiled. I only took over his physical and divine soul. His soul is not dead! As long as he's alive, I'll be able to pry into all of his memories!"

R-really?! When su mi heard that, she was shocked and her face was filled with disbelief.

After all, the origin Dao divine ancestor was a mid-stage two-star divine ancestor. Under normal circumstances, it was absolutely impossible to pry into his memories.

However, what su mi did not know was that Chen Xiaobei's second sacred soul's ability was the chaos devour.

All the special abilities derived from the chaos 'devouring would be on the same level as the chaos' devouring.

This meant that Chen Xiaobei's beixuan sacred soul world had reached the mid-stage two-star divine ancestor level.

Therefore, the level of the chaos devouring had reached the middle-stage two-star divine ancestor realm, and the ability to pry into other people's memories had also reached the corresponding level.

Now, Chen Xiaobei could easily pry into the origin Dao divine ancestor's memories.

Moreover, Chen Xiaobei had the heart origin ability, which could boost his ability to the level where he was invincible against anyone below the three-star divine ancestor level.

In other words, Chen Xiaobei could look into anyone's memory below the three-star divine ancestor.

"Whoosh ..."

Chen Xiaobei immediately activated his special ability.

As the light enveloped the divine ancestor, Chen Xiaobei could read through his memories as if he was reading materials.

Of course, the origin Dao divine ancestor's memories were very complex and there were too many to count.

Even Chen Xiaobei would need a long time to sort out the origin Dao divine ancestor's memories.

Therefore, Chen Xiaobei did not read through all the memories in detail. He mainly chose to read the memories related to his current actions.

"How is it? Did you find anything?"

After a period of time, su mi could not help but ask.

"Mm ..."

that's right! Chen Xiaobei nodded. our guess is right! This place is the birthplace of the sky burying Yuan sacred clan!

the reason why the environment here is so harsh is because the sky-burying Yuan Sage clan is the lowest branch of the yuan Sage clan!

the clansmen of this branch are either of impure bloodlines or mediocre aptitudes. They are treated as slaves by the entire Yuan Sage clan and are only fit to live in the darkest, most vile, and most arduous land.

Chen Xiaobei and su mi scanned their surroundings again.

It was like hell, dark, terrifying, and oppressive.

Living here for a long time would probably drive a normal person crazy.

It was obvious that the madness, brutality, and bloodthirst of the sky burial Yuan sacred clan had been imperceptibly planted in their bones because of the torture of the environment.

"Then, are there any opportunities in this space? Why did he keep it until today? They even specially used a three star divine ancestor level array to guard it!"

Su mi hurriedly said,"if there isn't, we should quickly retreat!" You might have alerted the higher-ups of the sky burying Yuan sacred clan when you attacked the array just now. It'll be too late if you're too late!"

"There's an opportunity here! And it's a very important opportunity!"

"According to the origin Dao divine ancestor's memory, there was a phenomenon in this independent world! A nine-headed divine turtle carrying a Cypher stone tablet descended!"

"At that time, no one could understand the words on the stone tablet until that year, when the weakest youth appeared in the sky burial Yuan sacred clan! Not only is his bloodline impure, but his aptitude is also extremely poor!"

this young man was treated like a pig and was abused in every way possible by the yuan Sage Tribe. His body and soul were left with countless wounds that could not be healed ... He hated the yuan Sage Tribe to the core and was determined to seek revenge!

however, he knew very well that he would never have the chance or ability to take revenge in this life. So, he chose to commit suicide!

“However, just as he was about to dispel his primordial spirit, the Cypher stone tablet suddenly released a shocking phenomenon! The bright golden holy light filled The Dark World with light! Billions of auspicious signs appeared out of nowhere, and a Purple Rainbow filled the sky!”

“While everyone was still in shock, the young man was pulled by a force and flew above the nine-headed Saint turtle’s head! Then, the young man looked up and saw that he had actually understood the huge coded stone tablet!”

“Thus, he obtained two unprecedented opportunities! The first one is the Supreme Saint ancestor level Saint burial saber. It’s filled with energy and he can use it as he wishes!”

the second opportunity was the method to create the heaven Earth membrane. With this method, he created a large number of Heaven Earth membranes and allowed Yuan Sage sky burial’s people to obtain an external cheat, thus allowing the entire clan to rise rapidly!

When she said that, su MI’s face was filled with shock.

The identity of the young man was obvious!

[Red Envelope Group of the Three Realms](#)

Chapter 4523: The situation is out of control!

4523 The situation is out of control!

There was no mistake!

This young man was the current Supreme divine ancestor of the sky burial Yuan sacred clan!

With the Saint burial blade and the method of creating the heaven Earth membrane, he had risen from the lowest ant to the peak of the world. He had even single-handedly brought the sky burying Yuan sacred clan to the peak!

It could even be said without exaggeration that this youth’s life was simply a miracle.

In terms of the results, even Chen Xiaobei could not compare to him.

However, Chen Xiaobei had only risen to power three to four years ago, while the sky burying Yuan sacred clan’s Supreme divine ancestor had spent a very long time.

Of course, this was not the main point!

More importantly, the reason why the Supreme divine ancestor of the sky burial Yuan sacred clan had been able to achieve this miraculous feat was all thanks to the secret code stone tablet that the nine-headed Saint turtle had brought!

according to what you said, as long as we can find that stone tablet, we can also obtain a great opportunity! ”

Su mi was very smart and immediately caught the main point.

“That’s right!”

yes! Chen Xiaobei nodded. whether it’s the stone stele or the nine-headed Saint turtle, as long as we can find them, we’ll be able to obtain an unimaginable fortune!

“Then what are we waiting for? I have to act quickly!” su mi said impatiently, “ we have to find it before the pursuers arrive. Otherwise, we will be finished!

“This matter can’t be rushed ...”

Chen Xiaobei shook his head and said, “ “Didn’t you just ask me why the sky burial Yuan sacred clan kept this place? Why is there a need to use a three star divine ancestor level formation to guard the place?”

that’s right ... Why?! Su MI’s face was filled with doubt.

that’s because the nine-headed Saint turtle left this place with the Cypher stone tablet. Even the sky burial origin divine clan’s Supreme divine ancestor can’t find them! Therefore, we can only leave this world behind and hope that the nine-headed Saint turtle will return one day!”

“This ...”

Su mi was stunned for a moment, “that means that it’s impossible for us to find the nine-headed Saint tortoise and stone tablet here?” Since that was the case, he would leave immediately! Don’t just stand there!”

“No rush!”

no! Chen Xiaobei shook his head and said, “ I want to fight with the higher-ups of the sky-burier sacred clan! We’ll wait for them to catch up!”

how ... How is this possible?!

Su mi was dumbfounded and simply couldn’t believe her ears.

“Xiaobei!” He said in shock. Are you crazy? The pursuers that would arrive later would definitely be extremely powerful! How could you possibly fight them?”

“Why is it impossible?” Chen Xiaobei laughed.

Su mi frowned and said, “I know that you can fight against the three star divine ancestor with the chaos Blood Sword!” However, even if the chaos Blood Sword is filled with energy, it can only be activated nine times!”

if the other party has a three-star divine ancestor, they can exhaust your energy in nine exchanges. At that time, won’t we be dead? ”

“More importantly, the other party might send even more terrifying experts over. They might be four star divine ancestors or even five star divine ancestors! At that time, we won’t be able to resist at all!”

It was obvious that su MI’s analysis made sense.

In fact, there was no more energy in the chaos Blood Sword. It couldn’t even activate the next Supreme bloodblade.

Chen Xiaobei's strongest trump card was the nine divine ancestor transformations. By burning all his life, he could enter the three-star divine ancestor realm for ten seconds.

However, if the enemy sent a four star divine ancestor, Chen Xiaobei would have no chance of winning.

Furthermore, the sky burial Yuan sacred clan was extremely powerful and this independent world was of great importance to them. Therefore, the number of people they sent to investigate would probably be far stronger than the four star divine ancestor.

By then, Chen Xiaobei would have no chance to fight back. He would be dead.

"Don't worry!"

"Actually, I still have an extremely powerful King Bomb in my hands!" Moreover, I have the perfect puppet, the origin Dao divine ancestor, now. I can win with my wisdom!"

this ... su MI's expression froze for a moment and her expression became complicated.

Su mi still could not imagine how Chen Xiaobei was going to deal with the situation.

However, su mi had absolute trust in Chen Xiaobei. Since Chen Xiaobei had already said so, she was willing to believe him unconditionally!

After all, she had been with Chen Xiaobei for so long and he had never disappointed her. In fact, every time, Chen Xiaobei's performance would always exceed su MI's expectations and surprise her!

"Alright then, it'll all depend on your performance next ..."

Su mi composed herself and said seriously, "But you have to promise me! Don't try to be brave! Under any circumstances, self-preservation is our top priority!"

"I know," " hehe! Chen Xiaobei laughed. you're so concerned about me, I'm going to think otherwise!

can you be more serious!?"

Su mi was slightly stunned, " you are the most outstanding Pangu reincarnator in history. Your life is no longer just yours. It belongs to the entire Saint pan race! You shoulder everyone's hopes! Do you understand what I'm saying?"

"I understand! I understand!" I'll take care of myself! Chen Xiaobei laughed. but now, I'm going to send you back to the northern Mystic Divine soul realm!

I ... I want to be with you ... su mi was still worried. She did not want Chen Xiaobei to be in danger alone.

"No," Chen Xiaobei stopped smiling and said seriously, " I can't completely control what will happen later, so I can't guarantee your safety. So, you must hide first!

but I'm not at ease ... su mi still wanted to persist.

Su mi was concerned about Chen Xiaobei, and Chen Xiaobei would not allow her to be hurt at all. Before su mi could finish her sentence, Chen Xiaobei had already sent her into the beixuan sacred soul world.

“Whoosh ...”

Then, Chen Xiaobei turned into his purple Qi Dharmakaya, activated traceless Snowsteps, and hid himself above the divine ancestor’s head, between his hair.

This way, even a super powerful being whose cultivation was higher than three-star divine ancestor would not be able to detect Chen Xiaobei.

After all, no one would stare at the hair of an origin Dao divine ancestor.

After that, Chen Xiaobei could control the origin Dao divine ancestor as if it was his own arm.

Whoosh ... Whoosh ... Whoosh ...

Soon, waves of fluctuations came from the space gate.

Dozens of figures had entered this independent world.

The person in the lead was a young woman with green eyes.

She was very good-looking and had a great figure. She would be a top goddess no matter where she was.

He was wearing a set of metal armor that was burning with a dark blue flame. He looked valiant, cold, and domineering.

Behind this woman, there were about 30 people. Each of them had a cold expression and an explosive aura. Just by standing there, they could bring about an extremely powerful sense of oppression.

Chen Xiaobei’s heart tightened when he saw these people.

The situation had far exceeded his expectations!

He was about to lose control!

[Red Envelope Group of the Three Realms](#)

Chapter 4524: The power of the Supreme sacred ancestor!

4524 The power of the Supreme sacred ancestor!

At that moment, Chen Xiaobei could not see through the cultivation of any of the thirty people in front of him.

In other words, even the weakest one among them had the cultivation base of a three-star divine ancestor. From this, it could be inferred that the cultivation base of the woman in the lead must be so terrifying that it was impossible to estimate!

That was why Chen Xiaobei felt like the situation was about to get out of control.

“Who are you?”

The woman looked at the origin Dao divine ancestor coldly. Her voice was very pleasant, but it contained an inexplicable sense of oppression. It was as if there was a cold air that made people shiver.

“Great elder bi you, I am a rank eight elder of the elder compound in the Western area of the Saint burial grounds, Yuan Dao!”

Chen Xiaobei controlled the origin Dao divine ancestor and replied.

As for the woman’s identity, Chen Xiaobei found it from the divine ancestor’s memory.

This woman’s identity and status were extremely terrifying. She was actually the great elder of the core Elder Council in the West region of the Saint burial region!

In other words, the entire Western Territory of the sky burying Yuan sacred clan was under this woman’s jurisdiction!

The origin Dao divine ancestor wasn’t sure about her cultivation, but she was definitely above the nine Star divine ancestor!

Then, Chen Xiaobei searched through the origin Dao divine ancestor’s memory for information about the thirty people in front of him. All of them were core elders from the West region of Saint burial!

Even the weakest one was at the seven Star divine ancestor realm!

Suddenly, Chen Xiaobei’s anxiety increased. He felt that the situation was out of his control and he even regretted staying.

Su mi was already very worried. She thought that even if there were only one or two three or four star divine ancestor level enemies, it would be enough to make Chen Xiaobei lose all chances of winning and fall into a hopeless situation!

However, at this moment, it was the core elders of the sky burial origin sacred clan’s Western Region who had turned out in full force!

If su mi saw the scene in front of her, she would probably faint from shock!

Of course, Chen Xiaobei was now fully aware of the sky-burier sacred clan’s power!

They were divided according to the four directions!

Within the sky burying Yuan sacred clan, there were close to 150 people who were above the seven Star divine ancestor level!

There were at least four of them who were the most powerful below the Supremes, like the netherjade Saint ancestor!

In addition, there was a Supreme divine ancestor!

This was the structure of the top layer of the sky burying Yuan sacred clan’s pyramid!

It sounded like a mere 155 people, which was very little!

However, in reality, any one of these 155 people could annihilate a region with a single thought!

The main point was that the Holy ancestor was an extremely rare top expert.

Out of billions of people in the world, it was hard to find a one-star divine ancestor! And among billions of one-star divine ancestors, there might not even be a divine ancestor above seven-star!

One could imagine that experts at this level were definitely even rarer than Phoenix Feathers and Qilin horns!

By comparing the strength of the sky burial Yuan Saint clan, one could know that among the nine Supreme sacred ancestor clans, the Yuan Saint clan, Wu Saint clan, sacred ancestor extermination, and profound Saint clan were at the same level of strength!

As for the second group, the most obvious difference between the Supreme Divine Tribe, the origin Divine Tribe, and the life Divine Tribe was that they had far fewer experts above the seven Star divine ancestor rank.

As for the great sacred clan and the Saint pan clan, they were a little more special. The Saint pan clan was almost completely annihilated and enslaved by the sky burial Yuan sacred clan.

Therefore, in the ancestral divine region, there was a saying that the new nine Supreme sacred ancestors were the great clans.

In this ranking, the Saint burial clan had already replaced the Saint pan clan as one of the nine new Supreme sacred ancestor clans!

It could be seen that the Saint pan clan was now in a state of existence in name only, and it could almost be ignored.

As for the great sacred clan, they were in a similar state as the Saint pan clan.

First of all, the great sage Tribe symbolized the origin, but the great sage Supreme divine ancestor had fallen into a state of chaos when he was cultivating. It was probably like Qi deviation, but it was definitely more complicated, more mysterious, and more dangerous than it.

As a result, the great saint Supreme divine ancestor fell into a self-contradictory dilemma.

Because of this, for a long time, the great saint Supreme divine ancestor had not been able to take charge of the situation.

Naturally, the great saint tribe began to decline.

More importantly, the members of the great saint tribe could only turn into demons from Hong Meng immortal Qi, so their numbers were very small.

One should know that the primordial violet vapor was an extremely rare resource, and the primordial violet vapor that could become a demon was even rarer. It required great perseverance, great opportunity, and great luck.

Therefore, there were very few members of the great saint tribe.

Coupled with the fact that the great saint Supreme divine ancestor was in danger, the entire great saint tribe was in an even worse state. There was no hope of turning the tables.

However, the great saint was still the most powerful of the nine! He seemed to have anticipated the huge crisis at hand.

Therefore, he had already started his preparations countless years ago and created an extremely special legacy site.

With Chen Xiaobei's help, Yan Lingshi, who had turned from primordial violet Qi into a demon, had successfully obtained the inheritance in the ruins.

Simply put, Yan Lingshi's identity was similar to Chen Xiaobei's.

Chen Xiaobei was Pangu's reincarnator, and his mission was to save and free the Saint pan clan.

On the other hand, Yan Lingshi could be seen as the emissary of the great sage Supreme divine ancestor, and her mission was to revive the great sage Tribe.

It was conceivable that the inheritance that the great divine Supreme divine ancestor had left for Yan Lingshi must have done his best to push Yan Lingshi to the peak that was enough to complete her mission.

Unfortunately, Yan Lingshi had teleported to the territory of the great sage Tribe after receiving the inheritance.

Ever since then, Chen Xiaobei had been unable to contact her.

If only Lingshi was here ...

Chen Xiaobei sighed in his heart.

There was a reason why Chen Xiaobei suddenly thought of Yan Lingshi.

Chen Xiaobei had been thinking about this for a long time. The only way to break out of this situation was for Yan Lingshi to appear here.

After all, Yan Lingshi was probably the most powerful person Chen Xiaobei knew.

If he could not even deal with Yan Lingshi, then he really had no chance of winning at all.

However, Chen Xiaobei could not contact Yan Lingshi at all. He could only think about it.

Fortunately, the abyssal Jade divine ancestor did not notice Chen Xiaobei's presence, nor did she suspect the origin Dao divine ancestor.

"Yuan Dao, why are you here? Just now, was it you who forcefully broke the law-enforcing formation?"

Saint ancestor netherjade asked in a deep voice.

Her beautiful green eyes were like jade Marrow, extremely lively, as if they contained infinite wisdom and could see through everything.

[Red Envelope Group of the Three Realms](#)

Chapter 4525: trying to break out of this situation!

“Great elder bi you, this subordinate came here by chance and indeed broke the protective array outside!”

Chen Xiaobei said, controlling the origin Dao divine ancestor.

“Really?”

Saint ancestor abyssal Jade wasn't stupid. She squinted her eyes in doubt.

“Of course it's true ...”

Chen Xiaobei controlled the origin Dao divine ancestor and nodded. He controlled his tone and expression so that there were no flaws.

“Originally, it was a great fortune for you to be able to find this place. Even the Supreme divine ancestor would have been impressed by you!”

“However, your act of breaking the defensive formation is very suspicious!” Saint ancestor abyssal Jade said. Since he was a member of the sky burial Yuan sacred clan, how could he not know how to dispel the array? Why do we have to force our way in?”

It was obvious that there was a lot of information contained in these words.

First of all, the Supreme Saint ancestor of the Saint burial chamber placed great importance on this independent space, and he was looking forward to seeing the nine-headed Saint turtle and the secret code stone tablet again!

And since it was an opportunity, it must be activated by the fated person!

Therefore, an origin Dao divine ancestor could basically be considered a fated person if he could find this place!

Naturally, he would be highly valued by the Saint burial's Supreme Saint ancestor!

However, the people of the sky burying Yuan sacred clan knew how to break the formation outside. The fact that Chen Xiaobei had broken through the formation by force was the biggest suspicion in the whole matter!

“Saint ancestor abyssal Jade ...”

Chen Xiaobei was very smart. He controlled the origin Dao divine ancestor and answered immediately.

“When I came down, I vaguely heard a voice saying that he wanted to test me!” The method of the test was to let his subordinates break the defensive array outside by force! Thus, this subordinate did as I was told!”

“What?”

Saint ancestor netherjade's expression changed.

Even the 30 people behind him were so shocked that their eyes were wide open, their faces full of curiosity and expectation.

One had to know that when Saint burial was just a lowly slave, he had relied on a Supreme opportunity to defy the heavens and step onto the peak of the world!

Chen Xiaobei's made-up excuse had reignited the hope of seeing the ultimate opportunity again!

In everyone's opinion, if the yuan Dao sacred ancestor could obtain another Supreme opportunity, the sky burial Yuan sacred clan would have two Supreme sacred ancestors in the near future!

At that time, the sky burying Yuan sacred clan would become the unparalleled number one clan in the world!

Sweeping across the heavens and worlds and unifying the world would be a piece of cake!

Just thinking about it made him extremely excited!

did you find anything new after you came in? ”

Saint ancestor netherjade immediately asked.

“Uh ... Not yet ...”

Chen Xiaobei controlled the origin Dao divine ancestor and continued to make up stories, “ I've just entered this place not long ago. I'm familiarizing myself with the environment and sensing the changes around me. Most importantly, I'm waiting for the guidance of that mysterious voice!

Chen Xiaobei's acting skills were off the charts.

At this moment, he was perfectly controlling the origin Dao divine ancestor, and his acting skills were still on point.

Although it was nonsense, it was well-founded and reasonable, and everyone was shocked.

then ... Then you should continue to comprehend ... We'll protect you from the side!

Saint ancestor abyssal Jade's expression was solemn. Her beautiful eyes were filled with anticipation and even a trace of envy.

“Yes, sir!”

Chen Xiaobei controlled the origin Dao divine ancestor and closed his eyes.

In fact, he couldn't sense anything at all. He was just stalling for time and waiting for the right opportunity to retreat.

Saint ancestor bi you and the thirty-odd core elders of the Western Region were all intimidated by Chen Xiaobei. All of them looked very serious and were trembling with fear, as if they were walking on thin ice. They were afraid of offending their benefactor who had brought them the greatest fortune!

Time slowly passed.

When Chen Xiaobei felt that it was about time, he took control of the origin divine ancestor and said, “ First elder bi you, I still can't hear that voice. Do you think that outsiders can't be present? How about you go back first? I'll contact you again if there are any changes, so as not to waste your time!”

can't outsiders be present?!

"If that's the case, we'll retreat to the outside and help you keep watch!" Saint ancestor netherjade said, half-believing and half-doubting.

Chen Xiaobei controlled the origin Dao divine ancestor and said, "Don't you think it's a waste of time ..."

"Of course I won't!"

"Compared to the Supreme opportunity, everything else can be ignored!" Saint ancestor nethergreen said in a deep voice. Feel at ease and comprehend the opportunity. We'll wait for you outside!"

After saying that, Saint ancestor abyssal led the thirty-odd Western core elders out of the independent space.

"This is going to be troublesome ..."

Chen Xiaobei's heart was still filled with anxiety."The enemies are all guarding the door, and I still can't get away ... If this continues, my bragging will be exposed sooner or later! At that time, we'll still be dead!"

Chen Xiaobei was even more anxious than before.

In the face of absolute power, Chen Xiaobei felt that all his plans and trump cards would be destroyed.

He no longer had the feeling of being in control of the overall situation, and he no longer had the confidence to win with his wisdom.

Chen Xiaobei did not like this state of mind. He felt like a small boat in a storm, drifting along with the waves and leaving his fate to the heavens.

"No! I can't just wait here! We have to find a way to break out of this!"

Clearly, Chen Xiaobei's mental state was very strong. No matter how bad the situation was, he could face it with a strong and calm mind.

Chen Xiaobei decided to go to the ruins of the last Supreme opportunity to take a look.

According to the origin Dao divine ancestor's memory, Chen Xiaobei was able to get there in no time.

It was an extremely desolate Black Desert. There was no grass, no trees, no birds, and no beasts. It could be said to be a land of death without any life!

Back then, the nine-headed Saint turtle carried the Cypher stone tablet and descended here.

After that, the nine-headed Saint turtle left with the tablet. The Supreme Saint of the Saint burial personally carved a giant stone statue to restore the scene of the nine-headed Saint turtle descending with the tablet.

"It's so spectacular ..."

Chen Xiaobei looked up at the stone statue that was bigger and taller than the mountain and sighed.

However, there were no words on the stone tablet. It was a wordless stone tablet.

After all, the secret of the Saint burial knife was recorded on the stone tablet, as well as the method to create the heaven Earth embryo membrane.

This was the foundation of the Saint burial's Supreme Saint ancestor's life, so he naturally couldn't let outsiders know about it.

Of course, Chen Xiaobei was not here to pry into the secret. He was here to find some clues about what happened back then.

"Spatial wall!"

Chen Xiaobei looked up at the sky.

He calculated silently, 'back then, if the nine-headed Saint tortoise had descended from the sky, it must have penetrated the spatial wall here! If I can also penetrate it, won't I be able to escape? Perhaps we can even find the nine-headed Saint turtle!"

Chapter 4526: Can't refuse!

4526 Can't refuse!

"No, I didn't find anything ..."

Chen Xiaobei observed for a long time, but he could not find anything.

However, this was normal. The sky burial Yuan sacred clan had dreamed of obtaining another Supreme opportunity.

Countless years had passed, and it was likely that not only the sky in front of them, but every inch of space in the entire independent world had been searched by them.

If there were any clues, they would not have left them for Chen Xiaobei to find.

However, Chen Xiaobei did not give up.

nothing can appear out of thin air. As long as it appears, it must have an origin, and it must leave behind some traces!

Chen Xiaobei's mind was strong, calm, and wise. He did not lose his cool because of a momentary loss.

He calmed his mind and thought about it carefully.

I've thought of it!!!

Hard work paid off. Chen Xiaobei suddenly had an idea.

"There's another possibility!"

Chen Xiaobei pondered and said, " "The cultivation base of the Saint burial's Supreme sacred ancestor is at the Supreme sacred ancestor level! If the traces left here are at the Supreme level, then it's possible that we'll never be discovered!"

Chen Xiaobei's discovery made perfect sense.

That was because all the memories of the myriad Dao ancestor had been erased. No one knew that there was a Supreme Being above the Supreme sacred ancestor level.

Therefore, even if the sky burial Yuan sacred clan dug three feet deep and completely tore the space apart, they would definitely not be able to find any traces of the nine-headed Saint turtle.

"If my guess is correct, then the only Supreme level in the world is the ancestor of all DAOs! As long as I show him something related to him, it might resonate with the clue!"

Chen Xiaobei's mind was very clear, and he quickly came up with a solution.

"Whoosh ..."

Chen Xiaobei immediately activated the one word Saint-killer curse.

This cultivation technique originated from the ancestor of all DAOs, so its importance did not need to be said.

However, it did not produce the resonance that Chen Xiaobei was hoping for.

"Swish!"

After that, Chen Xiaobei activated the spiritual nature of the thousand DAOs Holy Emperor armor.

However, he still did not feel any spiritual resonance.

Whoosh ... Whoosh ...

After that, Chen Xiaobei burned a huge amount of mental power to activate the Dao of all creation and Dao of all in one.

However, there was still no reaction.

"Did I guess wrong ..."

Chen Xiaobei furrowed his brows, looking a little disappointed.

If he was wrong this time, Chen Xiaobei might not have a chance to leave this place. He would have to face the abyssal Jade Saint ancestor and the rest.

It was not hard to imagine the result of a head-on confrontation.

Chen Xiaobei's chances of winning were almost zero. It was no different from suicide.

"Wait a minute! I've almost forgotten something important!"

Chen Xiaobei quickly entered the beixuan sacred soul world.

Soon, Chen Xiaobei came out with a poodle.

There was no mistake!

This little teddy was Tiandao's original form after he reincarnated!

During this time, Tiandao and the tens of thousands of stray dogs had an indescribable good time!

He was tortured to the point where both his mind and body collapsed!

Its eyes were dull and listless, and its body was full of marks of being ravaged, especially its back, which had been completely split open!

Of course, Chen Xiaobei had already added a trace of Saint Qi to it. So, no matter how it was tortured, it would not die. The torture and humiliation would follow it forever!

“Swish!”

Chen Xiaobei then wrapped the wielder of the will with his saintly celestial energy and sent it to heaven!

Chen Xiaobei had suspected that the heavenly axiom was one of the nine reincarnators of the ancestor of all DAOs!

If this suspicion was true, then the soul of the heavenly Dao would be one-ninth of the soul of the ancestor of all DAOs!

The soul was a person’s core and most original thing!

More importantly, the ancestor of all DAOs wanted to return to the world. Therefore, the nine split souls he had were definitely more special than ordinary souls.

In addition to having enough power to ensure immortality, it was even more important to have some special opportunities.

This was equivalent to the ancestor of all DAOs opening a back door for himself.

“Whoosh ...”

The moment the wielder of the will was sent into the air, the change that Chen Xiaobei had been waiting for happened.

It turned out that Chen Xiaobei’s suspicions and guesses were all correct.

Tiandao was really one of the nine reincarnators of the ancestor of all DAOs!

Furthermore, the Supreme opportunity brought by the nine-headed Saint turtle was really related to the ancestor of all DAOs!

The clouds in the sky changed, purple Qi came from the East, auspicious signs appeared, and laws trembled as if a great opportunity was about to descend!

Then, a space gate appeared directly above the heavenly Dao!

“From the looks of it, there was only one Supreme opportunity, and it had already descended back then! And now, through this door, I might be able to see the nine-headed Saint turtle and go to a mysterious realm that belongs to the ancestor of all DAOs!”

Chen Xiaobei’s eyes were deep and his face was serious.

Even though he had found a way out, Chen Xiaobei began to hesitate.

This was because it was very likely that there was an expert even more terrifying than the netherjade Saint ancestor behind this retreat!

If he went over rashly, he might just die faster!

However, the space gate had already been activated, and the people behind the gate had already been alarmed.

“Little brat! Come in! I won’t hurt you!”

An old voice came from the space gate.

His tone was very calm, and there was no hostility.

However, his calm tone exuded an extremely powerful and oppressive aura.

It wasn’t intentionally released, but this kind of pressure had already penetrated into the soul and bone marrow, so it would naturally be released.

“So scary ...”

Chen Xiaobei was on high alert.

The pressure that Chen Xiaobei was feeling right now was more terrifying than any pressure he had ever felt before!

Chen Xiaobei’s heart was already trembling, and he could not calm down on his own!

This was extremely terrifying!

One had to know that at this moment, the other party’s pressure was only naturally emitted and was far from being released on his own accord!

If the other party took the initiative to release his aura, even someone as strong as Chen Xiaobei would collapse in an instant. He might even have a mental breakdown on the spot, fainting or going crazy!

Chen Xiaobei could not believe such a terrifying existence!

“Little guy, I know what you’re thinking. Don’t be afraid. If I wanted to harm you, you’d be dead by now, wouldn’t you?”

The voice behind the space door was still very calm, but Chen Xiaobei felt an unprecedented sense of threat!

At this moment, all the calmness and caution, all the planning before taking action, had lost their meaning!

Because Chen Xiaobei could not reject her!

Chapter 4527: Nine hearts turtle ancestor!

4527 Nine hearts turtle ancestor!

“Then ... Alright ...”

Chen Xiaobei had no choice but to agree.

“Whoosh ...”

After that, Chen Xiaobei brought Tiandao with him and walked through the giant portal.

The space spun, and the scene in front of him changed drastically.

The surroundings seemed to have turned into a universe of nothingness. It was extremely vast and huge. One could not see the end at all and could not guess the depth.

Even Chen Xiaobei felt that he was extremely small in this place.

“Whoosh ...”

However, at this moment, an even larger figure suddenly appeared in the void.

It was an extremely huge Saint turtle!

Its size could no longer be described with words. One could only know that the vast and boundless void universe just now was just the dark holy light that was emitted from its head!

It had a total of nine heads, each of which was shining with a holy light of a different color!

The nine-colored Holy Radiance was extremely huge and boundless, as if they were nine independent universes!

This scene was simply shocking to the extreme!

One had to know that these nine extremely vast universes were only the Holy Radiance that shone on its nine heads. Compared to its complete body, they were still far inferior.

One could only imagine how terrifying the nine-headed Saint turtle’s body was!

In front of it, Chen Xiaobei felt as tiny as a speck of dust. He could be ignored!

It was really, really shocking!

“Little guy, you must be master’s servant, right?”

The nine-headed Saint turtle looked at Chen Xiaobei. His tone was calm but his terrifying aura filled every corner of the room.

Luckily, Chen Xiaobei’s state of mind was strong enough. If it was any other person, they would have had a mental breakdown.

“What master? What servant? I don’t understand what you’re saying ...”

Chen Xiaobei forced himself to calm down so that he would not have a mental breakdown.

As long as Chen Xiaobei could withstand the pressure of the nine-headed Saint turtle, his mental state would slowly become stronger.

I forgot to introduce myself. I'm the nine hearts turtle ancestor, and my master is the ancestor of all DAOs!

The Saint turtle said, "you're wearing the Saint Emperor armor of ten thousand DAOs. You can use the one-word Saint-Killing Curse. You're also skilled in the Dao word curse. More importantly, you've already helped master find a part of his soul. So, you're master's servant!"

"This ..."

Chen Xiaobei took a moment to digest the information that the man had just said.

Then, Chen Xiaobei gave a shocking answer, "You're right about half of what you said! Only the last sentence was wrong! I'm not anyone's slave! Not in the past, not now, and not in the future!"

Without a doubt, Chen Xiaobei had always sworn to protect his Dao heart!

So, even if his opponent was extremely terrifying, Chen Xiaobei would not compromise!

Once he acknowledged the status of a servant, Chen Xiaobei's Dao heart would no longer be pure, and his cultivation might stop for the rest of his life!

And now, facing the nine hearts turtle ancestor, Chen Xiaobei could give such a strong answer. This meant that his mental state had quietly overcome the immense pressure and welcomed another wave of strengthening!

Chen Xiaobei felt much more relaxed after he made his attitude clear.

This was the manifestation of an enhanced state of mind!

"Little guy, I didn't know that you have such a backbone."

The nine hearts turtle ancestor was not angry at all. Instead, he looked at Chen Xiaobei with great interest.

There was no doubt that in this world, other than the elder of ten thousand DAOs, Chen Xiaobei was the only person who dared to reject the nine hearts turtle ancestor.

This greatly aroused the interest of the nine hearts turtle ancestor.

"As expected of master's servant. His cultivation is pitifully weak, but he has an extremely strong Dao heart! State of mind! Heart! The truth is very rare!"

The nine hearts turtle ancestor was very interested in Chen Xiaobei.

"I said, I'm not anyone's slave!"

After Chen Xiaobei's mental state had grown, his attitude had become tougher, and he could even release his own pressure. Although it was not enough to intimidate the nine hearts turtle ancestor, it was still a huge improvement.

"It's useless to deny it."

The nine hearts turtle ancestor said calmly, " I am not looking down on you. It is just that you will become master's slave sooner or later! This is an unchangeable fact!"

"Why?" Of course, Chen Xiaobei knew that there was no point in arguing. The more he listened, the more questions he would get.

"This is the future that master had foreseen!"

I'm not sure, " nine hearts turtle ancestor said slowly. long before master's soul was dispelled, he had already predicted that there would be a servant in the future who would help master gather nine 10000 Saint souls so that master could return to the world! Once the master is born, you will lose all the right to choose. Other than becoming the master's servant, you can't even die if you want to!"

Chen Xiaobei's brows were tightly knitted together. He looked very worried.

He said in a deep voice,"I don't deny that the ancestor of all DAOs is a Supreme and powerful existence!" However, I've never planned to help him gather his soul!"

"This is a fixed fate, you have no choice!"

Nine hearts turtle ancestor said indifferently, " master has already planned it out. You are just a chess piece. You will never be able to escape the destiny that master has set for you! Believe me, you can take fewer detours!"

"Impossible!"

Chen Xiaobei glared at her and shouted, " "My fate is mine, not something anyone can dictate!"

"Eh!"

Nine hearts turtle ancestor did not respond to Chen Xiaobei's roar.

However, at this moment, all 18 eyes of the nine hearts turtle ancestor were filled with surprise.

He praised from the bottom of his heart,"I really didn't expect that your mental state would grow so quickly!" In just a short moment, he had already climbed several steps! If I wasn't angry, I wouldn't have been able to suppress you!"

"Don't talk about those useless things!"

I'm not going to kill you! Chen Xiaobei said, " you can either kill me now or let me go! Anyway, my attitude is very clear. I will not be anyone's servant!"

The nine hearts turtle ancestor shook his head repeatedly and said, " I won't kill you, and I won't even hurt you. After all, your current identity is very important! If you want to leave, you can do so at any time. I won't stop you!"

"Good! Then tell me, how do I get out?" Chen Xiaobei asked.

it's very simple, " nine hearts turtle ancestor said indifferently. unseal the 10000 Saint souls in your hands and learn part of the one-word Saint destroyer curse. Then, you can leave this space!

"This ..."

Chen Xiaobei looked at the poodles in surprise.

Obviously, the soul of the heavenly Dao was the 10000th Saint Soul of the ancestor of all DAOs!

Chen Xiaobei immediately asked, "How can I unseal the seal?"

Red Envelope Group of the Three Realms

Chapter 4528: A wrong move!

4528 A wrong move!

the method is simple. It's the two special abilities of the Dao character incantation, the Dao derivation of all things and the Dao return to one. You need to multitask and activate these two special abilities at the same time to unlock the seals on the 10000 Saint souls!

Nine hearts turtle ancestor's tone was calm, as if he was a teacher teaching his students.

Perhaps, the reason why the ancestor of all DAOs left nine hearts turtle ancestor behind was to let him guide the 'servants' of his later generations to ensure that the nine 10000 DAOs Saint souls could be gathered.

Therefore, the nine hearts turtle ancestor would not hurt Chen Xiaobei. In fact, he would help Chen Xiaobei to a certain extent.

"Good! I'll try!"

Chen Xiaobei did not have much to think about.

In the face of absolute power, wisdom and calculations were meaningless. He could only take one step at a time. It was already good enough that he could survive.

Whoosh ... Whoosh ...

Then, Chen Xiaobei activated both the Dao of all creation and the Dao of all in one.

If it was an ordinary person, this process would be extremely difficult. This was because the two special abilities operated in completely opposite ways. It could even be said that they were incompatible like fire and water, almost impossible to operate at the same time.

But to Chen Xiaobei, this was not a difficult task.

This was because Chen Xiaobei had an intelligence that was far beyond ordinary people's. More importantly, his state of mind was far beyond ordinary people's.

So, no matter how much the two abilities rejected each other, Chen Xiaobei could calmly endure it and operate them at the same time.

"Oh?"

Seeing this scene, nine hearts turtle ancestor once again revealed a surprised expression.

“Your state of mind is really different from ordinary people!” He praised. It was too powerful! I thought you’d have to practice for at least tens of thousands of years before you could activate two great abilities at the same time! I didn’t expect you to realize it in an instant! A genius! A genius!”

Whoosh ... Whoosh ...

Chen Xiaobei did not reply. Instead, he focused the two powers on the little poodle.

Then, a dazzling phenomenon suddenly erupted. Colorful holy light and a vast pressure burst out of the little poodle like a tsunami.

The Holy Light shone on the darkness around him and made it colorful. Even the Holy Light of nine hearts turtle ancestor was instantly overshadowed.

At the same time, the terrifying pressure surpassed the pressure of the nine hearts turtle ancestor.

Once again, Chen Xiaobei felt a huge mental pressure. His mind was shaking like never before, and he was on the verge of collapse!

Even the nine hearts turtle ancestor had lowered his head and prostrated himself, showing a submissive posture!

He said anxiously, “little guy!” You have to hold on! I forgot to remind you ... When you release 10000 Saint souls, master’s aura will be revealed. Although it’s only a small part, it’s enough to make you have a mental breakdown! If you can’t handle it, everything you’ve done in the past will be meaningless!”

“Uh ...”

Chen Xiaobei could not help but let out a painful groan.

Those who had never experienced it would not be able to imagine that at this very moment, Chen Xiaobei’s mental energy was being crushed like never before!

The mental pain far exceeded the physical pain by countless times!

Under the crushing pressure of this terrifying might, an ordinary person’s state of mind and spirit would collapse in an instant. The final result would not be fainting or going crazy, but a direct exhaustion of mental power, a scattering of soul, and a complete and utter death!

“Little brat! You have to hold on ... Over the countless years, you’re the only one who’s made it this far! Hang in there ... I don’t want to continue waiting ...”

The nine hearts turtle ancestor kept encouraging Chen Xiaobei.

If Chen Xiaobei could not hold on any longer, he would be dead.

If Chen Xiaobei was dead, nine hearts turtle ancestor would have to wait for a long time before he could see the next person.

The long wait had already made the nine hearts turtle ancestor extremely lonely

Sometimes, the nine-hearts turtle ancestor even wanted to learn from the ancestor of ten thousand DAOs and go through a reincarnation that he could leave at will, completely getting rid of this extremely boring life.

It was a pity that the nine hearts turtle ancestor did not have this authority.

As the slave of the ancestor of ten thousand DAOs, nine hearts turtle ancestor had to fulfill his mission.

Perhaps, only when the ancestor of all DAOs reappeared in the world would the nine-hearts turtle ancestor have a chance to obtain relative freedom.

So, the nine hearts turtle ancestor hoped more than anyone else that Chen Xiaobei could hold on.

“Uh ... Uh ah ...”

However, as the pressure of the ten thousand Saint souls continued to be released, Chen Xiaobei's condition was getting worse.

His eyes gradually became empty and lifeless, and the expression on his face also disappeared bit by bit. He was completely dazed, and could even be said to be dumbstruck.

“It's over ... It's completely over ... He's already at his limit ...”

The nine hearts turtle ancestor also fell into despair.

However, he was still an existence that stood proudly at the top of the world. The nine hearts turtle ancestor more or less still had some Foundation.

At this critical moment, the nine hearts turtle ancestor made a bold Association.

He immediately shouted, “little guy!” Your cultivation level just so happens to be at the peak of the divine ancestor realm, and your state of mind is the most outstanding trait!”

“If you can carry out the Dao of the state of mind to the end, you may be able to sublimate a holy path that belongs to you! In this way, your mental state will be elevated and you might be able to withstand the pressure at this moment!”

It was clear that the nine hearts turtle ancestor had indeed thought of a way to break out of the situation at a critical moment.

However, Chen Xiaobei was on the verge of death. Whether he could hear what the nine hearts turtle ancestor said was a big problem.

More importantly, The Holy Road wasn't something that could be easily refined.

In other words, even if the nine-hearted turtle ancestor had pointed out the way for Chen Xiaobei, even if Chen Xiaobei had heard what he had said, it was still unknown whether he would succeed in the end.

“This is all I can do ... The rest will depend on whether you can follow the Dao of state of mind to the end ...” He said.

The nine hearts turtle ancestor frowned and said in a low and sad tone.

Although the nine hearts turtle ancestor was already very, very powerful, comparable to the Supreme sacred ancestor, he was still a powerful being.

However, there were still some things that nine hearts turtle ancestor could not do. He could only wait for Chen Xiaobei to escape from the gates of hell.

If he couldn't, everything would be over.

"I'm finished ..."

A moment later, the nine hearts turtle ancestor let out a cry of despair. This little guy has no heartbeat or aura. His body is dead, and his soul is about to be destroyed ... It seems like he has given up ...

For a moment, nine hearts turtle ancestor's eyes were filled with sadness, regret, and deep self-blame for not warning Chen Xiaobei earlier.

However, he did not remind Chen Xiaobei because he did not expect Chen Xiaobei to be able to activate the two abilities so easily.

One wrong move and the whole game was lost!

The nine hearts turtle ancestor's intestines were about to turn green!

"No..."

However, at this moment ...

Chen Xiaobei, who had been sentenced to death by the nine-hearted turtle ancestor, suddenly let out a roar that shook the earth, " I haven't given up yet!!!

[Red Envelope Group of the Three Realms](#)

Chapter 4529: escaping death and entering life!

"What!"

In an instant, the nine hearts turtle ancestor turned pale with fright. His nine heads straightened and his eighteen eyes were dumbfounded!

Chen Xiaobei, who was supposed to be dead, let out a blood-boiling roar!

Chen Xiaobei's body was dead!

huh?!

Nine-hearted turtle ancestor looked closely and realized that the roar did not come from Chen Xiaobei's mouth.

It exploded in Chen Xiaobei's mind.

As long as one's state of mind was strong enough, everything that was in one's state of mind could burst out with the pressure.

As long as the pressure was strong enough, it could affect the state of mind of others and cause illusions to appear in their minds!

There was no mistake!

The shout did not come from Chen Xiaobei's mouth, but from the determination in his heart! He was extremely persistent! The determination to not give up until death!

In the face of death, Chen Xiaobei had indeed carried out his Dao to the end!

And this was also in line with the opportunity for the birth of The Holy Road!

"Whoosh ..."

Just as Chen Xiaobei was roaring silently, his Dao had ascended to another level!

The so-called holy path was directly born!

Chen Xiaobei's holy path was the Holy path of the mind!

Therefore, the moment the divine path appeared, Chen Xiaobei's mental strength was greatly enhanced, even sublimating in essence!

Chen Xiaobei had the ability to resist the pressure that he could not!

steady!!!

In the moment of his death, Chen Xiaobei's mental power, which was on the verge of collapse, stabilized.

Soon after, his state of mind and spirit both stabilized.

"Hiss ..."

In the next moment, his body, which had already lost its heartbeat and breathing, suddenly sucked in a breath of cold air. It was as if it had been charged and instantly restarted!

"Swish!"

Chen Xiaobei stood up.

That pair of black eyes, which were like the stars in the night sky, revealed an incomparably overbearing and blazing sharp light!

Not only would he not have a mental breakdown, but he would also be completely immune to the pressure in the entire space!

Objectively speaking, Chen Xiaobei's mental suppression was comparable to that of the nine hearts turtle ancestor!

This was because Chen Xiaobei was immune to the aura and pressure of the myriad Dao ancestor! Although it was just a tiny bit, it was definitely comparable to the nine heart turtle ancestor!

"Godly! It's simply godly!"

The nine hearts turtle ancestor immediately cried out in alarm, "Going from death to life, returning to the original! This was a great fortune! What a great opportunity! You ... What's your name?"

There was no doubt that at this moment, the nine hearts turtle ancestor had already suffered an incomparably huge shock and impact.

It had completely changed its opinion of Chen Xiaobei. It was too embarrassed to call Chen Xiaobei 'little guy' anymore and began to ask Chen Xiaobei's name sincerely!

"I'm Chen Xiaobei ..." He said.

Chen Xiaobei's eyes narrowed, and his aura exploded. From now on, I'm the North Mystic Divine ancestor!

Obviously, when the divine path was being upgraded, Chen Xiaobei's cultivation had also broken through a major realm.

[ding Yingying's cultivation base: early phase of one star divine ancestor; lifespan: 3500 years of the underworld! (Zero points are ignored)]

From this moment on, Chen Xiaobei had officially stepped into the divine ancestor realm!

The North Mystic Divine ancestor's name would surely resound throughout the universe!

"Beixuan, my brother ..."

The nine hearts turtle ancestor immediately changed his words, and his voice actually trembled.

At this moment, the nine hearts turtle ancestor was clearly hiding his true state.

The moment Chen Xiaobei released his aura, nine-hearts turtle ancestor's mind was completely shaken!

The reason why nine hearts turtle ancestor was trying to hide his shock was because he did not want to admit that Chen Xiaobei was superior to him in terms of mental state and pressure!

Of course, Chen Xiaobei was only slightly stronger than the nine hearts turtle ancestor. He could not use his aura to affect the nine hearts turtle ancestor much, let alone intimidate him!

However, it was already very terrifying to be able to win by a little!

After all, the nine hearts turtle ancestor was an existence that was comparable to the nine Supreme Saint ancestors!

Including Chen Xiaobei, there were only three people who could beat the nine hearts turtle ancestor in terms of mental state!

One could only imagine how terrifying this was!

"Brother beixuan, congratulations! He had escaped death! Good fortune to the heavens!"

The nine hearts turtle ancestor laughed awkwardly.

Chen Xiaobei's near-death experience was all because of the nine hearts turtle ancestor's carelessness.

Luckily, Chen Xiaobei did not die. Otherwise, nine hearts turtle ancestor would have to bear most of the responsibility.

But then again, Chen Xiaobei's survival was partly due to the advice of the nine hearts turtle ancestor.

The two offset each other, and the nine hearts turtle ancestor could be considered to have made up for his mistake.

"Many thanks."

Chen Xiaobei nodded. His tone was calm.

In the beginning, Chen Xiaobei felt like a speck of dust in front of nine hearts turtle ancestor.

Now, Chen Xiaobei's state of mind had been greatly improved. He no longer felt small and insignificant. When he spoke to the nine hearts turtle ancestor, he felt as if he was on the same level as him. He no longer looked up to him or feared him.

brother beixuan, since you're all stable now, I'll continue explaining the situation of the 10000-DAOs Saint Soul to you.

Nine hearts turtle ancestor raised his head and looked at the brilliant and vast holy light in the sky.

At this moment, little Teddy's heavenly Dao had already fallen down and was in a deep coma, unconscious.

In the center of the Holy Light, there was an illusory figure floating.

As the Holy Light was too bright, it felt like a bright star in the endless darkness. It was very spectacular and full of visual impact.

"Brother beixuan, did you see that? The illusory human figure is one-ninth of the 10000 Saint souls!"

master," nine hearts turtle ancestor said. in the future, you can bring every 10000-Daoist Saint Soul you find here. After the seal is removed, they will stay here and wait for the nine 10000-Daoist Saint souls to merge into one. Then, master can return to the world ...

"Stop!"

Chen Xiaobei interrupted him and said, "I've already said that I don't intend to let the ancestor of the myriad DAOs return to the world, and I won't look for the myriad DAOs Saint Soul again! I still have my own things to do!"

"No! You'll find one!" The nine hearts turtle ancestor shook his head.

"Why?" Chen Xiaobei frowned.

"Because you want to become stronger!" it's a one-word Saint-Killing Curse," nine hearts turtle ancestor said. there's a one-word Saint-Killing Curse sealed in each of the 10000 Saint souls! As long as you're full of desire for power, you'll continue to search for 10000 Saint souls!"

"You're wrong!" Chen Xiaobei shook his head. There are many ways to become stronger. I don't necessarily have to practice the one word Saint destroyer curse!"

“I don’t want to argue with you.” Nine hearts turtle ancestor said indifferently, “ now, you’ve released the first 10000 Saint souls. Go and cultivate the first one word Saint destroyer curse! Once you’re done with your cultivation, you can leave this place!”

Red Envelope Group of the Three Realms

Chapter 4530: Huge improvement!

4530 Huge improvement!

In the sky, the 10000 Saint souls that were as dazzling as the stars, the sun, and the moon had already revealed the cultivation method of the one word Saint destroyer curse.

There were only two paths left for Chen Xiaobei.

The first option was to turn back and face the abyssal Jade Saint ancestor and the others.

The second option was to learn the one word Saint destroyer curse and leave via another route.

Chen Xiaobei did not want to take the risk.

Therefore, he could only choose the second option.

This was relatively safe.

However, Chen Xiaobei still had some concerns!

After all, the one word Saint destroyer curse was the cultivation technique of the ancestor of all DAOs!

Although there was nothing unusual about it.

But in the future, this skill could very well be a powerful counter to Chen Xiaobei!

Never forget, there was no such thing as a free lunch in this world.

When Chen Xiaobei could learn the higher level of the one-word Saint-killer curse for free, he was destined to pay the corresponding price. It was just a matter of time.

“Brother beixuan, what are you worried about?”

Nine hearts turtle ancestor’s 18 eyes seemed to have seen through Chen Xiaobei’s mind.

He said in a deep voice, “are you worried that master will use the one word Saint destroyer curse to counter you?” Actually, you’re worrying too much. You’ve already learned the one word Saint destroyer incantation, haven’t you?”

“This ...”

Chen Xiaobei was taken aback.

That’s right!

He had already cultivated the one word Holy extermination curse. Although it was an incomplete, low-level version, it was still the one word Holy extermination curse!

If there really was a hidden danger in this cultivation technique, then Chen Xiaobei had already fallen into the trap!

It was too late to worry about this now!

“You’re right. I don’t need to worry about it now!”

Chen Xiaobei flew up to the 10000 divine souls in the sky and said, “Since I’ve already been schemed against, there’s no use in worrying! It’s better to continue cultivating. Becoming stronger is the most important thing!”

Obviously, Chen Xiaobei’s worry was useless.

More importantly, even if he was really tricked, it would only be the descent of the ancestor of all DAOs that would pose a threat to Chen Xiaobei.

As long as Chen Xiaobei did not let the elder of ten thousand DAOs descend, all of the elder’s plans would not work. This would solve all the hidden problems.

then you can slowly cultivate. I can’t help you with this. Whether you can learn it or not will all depend on your luck!

The nine hearts turtle ancestor said slowly, “you might take a long time to cultivate. I’ll take a nap first. I’ll wake up on my own in a million years. I hope that you can learn this part of the one word Saint destroyer curse by then!

“A million years?”

you don’t need to sleep. I’ve browsed through the technique. I want to master it in three days! Chen Xiaobei said.

“Three ... Three days? This ... How is this possible!”

Nine hearts turtle ancestor had an expression of disbelief on his face. He shook his head repeatedly and said, “Don’t joke around, this is absolutely impossible! No one could learn that part of the technique in three days! Definitely not!”

“You just wait and see!”

Chen Xiaobei then took out the Saint sunlight cache.

Under the sunlight domain, three days passed in an instant.

Before the nine hearts turtle ancestor could even react, Chen Xiaobei had already finished.

“Alright, I’m done!”

Chen Xiaobei put away the Saint sunlight cache and flew back to them.

“Done?”

The nine hearts turtle ancestor could not help but frown, appearing very suspicious. “Brother beixuan, you’ve gone too far with your bragging! At this moment, let alone learning the cultivation method, you probably didn’t even finish reading the first line of the cultivation method!”

Obviously, the nine hearts turtle ancestor didn’t take the Saint sunlight cache seriously.

Therefore, in the eyes of the nine hearts turtle ancestor, time had indeed only passed for an instant.

Under such circumstances, even if nine hearts turtle ancestor was beaten to death, he would not believe that Chen Xiaobei could learn the advanced version of the one word Saint-killer curse!

“I won’t argue with you! Watch carefully!”

Chen Xiaobei did not want to waste any more time. Instead, he activated the skill that he had just learned.

“Whoosh ...”

With a strong wave of mental energy, the cultivation technique started to operate smoothly.

Hong, Xuan, Pan, Yuan, Shi, birth, destruction, void, and Ji-nine giant words appeared around Chen Xiaobei.

After the low-level one word Saint-Killing Curse was activated, the nine characters only gave off a dazzling holy light.

At this moment, in addition to the Holy Light, these words also exuded an extremely strong aura of the Holy way!

In other words, the one word Holy extermination curse had already broken through to the Holy ancestor level!

More importantly, its quality had been upgraded to no superior grade!

In other words, even at the level of the Holy ancestor, the one-word Holy extermination curse could cross realms and crush the enemy!

For example, the one word Saint destroyer curse was currently at the level of a one-star divine ancestor. It could directly crush opponents at the level of a two-star divine ancestor. It could even be said to be invincible under the level of a three-star divine ancestor!

Of course, this was only for the nine words of the foundation!

“Whoosh ...”

Then, Chen Xiaobei activated the Dao word incantation.

The nine words around him instantly transformed into a huge vortex of golden light that filled the sky. They converged and formed an auspicious sign!

A huge and heavy character of Dao was born from the vortex!

The Holy Light shone with a myriad of colors, changing the color of the entire space!

At the same time, it also exuded a Supreme aura that was above Dao ancestors!

There was no doubt that the power and effect of the Dao word incantation far exceeded the basic nine words incantation. It could fight against opponents two levels higher than him!

At the Dao ancestor realm, this was absolutely heaven-defying! It was an extremely powerful existence!

It was not an exaggeration to say that other than Chen Xiaobei, no one else could fight someone two levels above them!

This was a huge boost to Chen Xiaobei!

After Chen Xiaobei had finished cultivating this technique, he had also gained another important piece of information!

That was, if one didn't find a Saint Soul of 10000 DAOs and cultivated the cultivation technique contained in it, the level of the one word Saint destroyer curse would directly increase by one level.

In other words, when Chen Xiaobei found all nine 10000 Saint souls and cultivated the complete one word Holy extermination curse, he would be able to upgrade the one word Holy extermination curse to the peak of the Holy ancestor level.

As long as he could cast the ultimate divine ancestor level Dao word incantation, Chen Xiaobei would be able to crush the Supreme divine ancestor and become the most powerful person in the world!

Even if all the Supreme divine ancestors in the world joined forces, Chen Xiaobei could kill them all with a single word!

Killing a Saint with one word!

He would kill the Supreme holy ancestor!
