

Having children earns benefit, start competing for dominance in the world by marrying a wife

After Yun Qingshu came to her senses, she turned to look at Lu Chen and asked, "Is this true?"

Lu Chen said, "I have no reason to lie to you, and this era's Era Tribulation is even more terrifying than the last."

"I personally witnessed Emperor Shenwu, as the Heavenly Emperor, being melted by that green liquid in moments."

"Initially, those red threads couldn't kill Emperor Shenwu, but the green liquid easily did."

"Now, that green liquid is surging like waves throughout the universe, and it won't be long before it reaches the Daxia Dynasty. The Barrier of the Immortal Spirit Umbrella is unlikely to hold."

Upon hearing Lu Chen's words, Yun Qingshu fell silent. She hadn't seen the green liquid Lu Chen described, but from his description, she could determine how terrifying it was.

If the Heavenly Emperor couldn't survive contact with this green liquid, then lesser emperors like them certainly couldn't.

If that's the case, they're likely not to escape this Era Tribulation.

Suddenly, Yun Qingshu thought of something and said coldly, "So you want to make me your woman before death?"

Lu Chen did not argue; instead, he smiled and said, "We're all going to die anyway. Can't I harbor such thoughts?"

Upon hearing Lu Chen's response, the Ice Qi around Yun Qingshu spread instantly throughout their Star Domain.

"What did you say to me back then?" Yun Qingshu demanded.

Lu Chen said, "That was then, and this is now."

"You've read Xianxian's memories with your Divine Sense, so you should know what kind of person I am. In terms of relationships, I've never kept my word."

Seeing Lu Chen's thick-skinned demeanor, Yun Qingshu sneered and then said, "Even in death, I won't fulfill your wishes."

As Yun Qingshu prepared to self-destruct her Divine Soul, Lu Chen was about to use his power to suppress her when suddenly a light red force spread like ripples from afar.

Feeling this force, Lu Chen's body instantly heated up, and so did Yun Qingshu's. The coldness within her was suppressed, and she found her power sealed, unable to self-destruct.

While Yun Qingshu was puzzled, a Red Flower Sedan crossed the Barrier of the Immortal Spirit Umbrella and appeared beside them.

Upon seeing the Red Flower Sedan, Yun Qingshu's expression changed dramatically. Having accessed Yun Xianxian's memories, she knew its significance.

The power from the Red Flower Sedan directly immobilized her, preventing her from mobilizing her Spiritual Power. Most importantly, even her Divine Soul

seemed locked by that power, making it impossible for her to burn her Divine Soul to break free.

At the appearance of the Red Flower Sedan, Lu Chen's lips curled slightly, suggesting he didn't need to act himself.

As Lu Chen predicted, the next moment, the Red Flower Sedan unleashed a tremendous attraction, pulling both of them into its internal space.

Inside the Red Flower Sedan was a festive bridal chamber—red curtains, red sheets, red blankets, and red pillows, all very jubilant.

Once Yun Qingshu entered, her clothes transformed into a red wedding gown, and she lay straight on the bed, unable to move.

Yun Qingshu glared at Lu Chen from the corner of her eye and warned, "If you dare do such a thing to me, I will..."

Yun Qingshu stopped mid-sentence, momentarily stuck. With the tribulation upon them, as Lu Chen said, they might not survive this era's tribulation.

Which means, after their union, they probably face death.

At this point, no harsh words would threaten Lu Chen.

Thinking of this, Yun Qingshu felt immense sorrow. To fall into this man's hands, and now herself?

Under the suppression of the Red Flower Sedan's power, she was utterly helpless. Yun Qingshu closed her eyes.

The next moment, she felt Lu Chen's body press down on her, followed by a ripping sound, and Lu Chen's voice whispered in her ear.

"Actually, we have another way to survive the tribulation."

Seeing Lu Chen bring this up now, Yun Qingshu opened her eyes, confused, and saw Lu Chen's sly face right at her nose tip.

Yun Qingshu said coldly, "Just do it."

Believing Lu Chen was mocking her, Yun Qingshu grew infuriated.

The moment Yun Qingshu finished speaking, Lu Chen leaned down, and Yun Qingshu lightly bit her teeth, "You!"

She assumed Lu Chen would say something more, but this scoundrel acted directly...

Lu Chen continued, "I've recovered some memories of my past life. If I and my wives can achieve spirit resonance, I might retrieve all my past memories, which is why I sought you out."

"I believe once I recover all my memories, I can find a way to leave this world."

"Of course, you might not believe me, but now, you can't escape me."

Yun Qingshu's mind slightly flinched.

Now that she became Lu Chen's woman, he probably didn't need to deceive her. But being forced made Yun Qingshu quite upset.

Yun Qingshu then looked away, appearing resigned to Lu Chen's whims. Lu Chen, with no hesitation, controlled all his clones to act.

At that moment, Lu Chen's Divine Soul experienced an unprecedented feeling. Even he admired himself—how he thought of this method back then.

Apparently, before entering this universe, he wasn't decent, otherwise he wouldn't ponder such a way to recover his memories. It might not even be his invention; perhaps crafted by the system's mysterious creator.

At this point, he knew nothing about the system, suggesting it might be more mysterious than imagined.

However, now wasn't the time to ponder the system's origins. Finding a way to leave this universe was the priority.

Under the unified control of Lu Chen's Divine Soul, all his body movements synchronized. Suddenly, Lu Chen's Divine Soul felt refreshed, and at that moment, a vast amount of memories surged into his mind.

This was just the first step; things didn't end with Lu Chen regaining his memories. The next moment, the Reincarnation Stone flew out of the system. A white force converged into Lu Chen's mind, dispersing through his body and into his wives' bodies.

...

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1562: Chapter 1252: Congratulations to the Host for Recovering All Memories of the Tianyan Immortal Domain

When Lu Chen's wives and concubines received the memories inside the Reincarnation Stone, their gaze towards Lu Chen changed, becoming tender and complex.

It turned out that they had always been Lu Chen's women.

Lu Chen was originally the ninth prince of the Tianxia Immortal Dynasty and became the youngest Immortal King in the Tianyan Immortal Domain in less than a hundred thousand years, while his contemporaries, who were also geniuses, were still merely Earth Immortals and Heavenly Immortals.

Thus, Lu Chen became a figure whom other princes and even other Immortal Dynasties feared the most.

Some top forces in other Immortal Dynasties and the Tianyan Immortal Domain did not wish for the Tianxia Immortal Dynasty to have another Heavenly Emperor, so they conspired with the princes of the Tianxia Immortal Dynasty to falsely accuse Lu Chen of rebellion.

The Tianxia Immortal Dynasty was merely a weak Immortal Dynasty without even an Immortal Venerate, plus Lu Chen's father was merely an Immortal King, who always had reservations about Lu Chen.

With the various powers conspiring and the princes framing him, the Immortal Dynasty Master of the Tianxia Immortal Dynasty, which was Lu Chen's father, believed in the accusation of Lu Chen's rebellion.

Thus, the Sum Emperor sent troops to Lu Chen's territory to suppress the rebellion. Seeing that his father was determined to eliminate him, Lu Chen had no choice but to take his wives and concubines to the legendary Forbidden Place, the Chaotic Sea.

The entire Tianyan Immortal Domain was like a lone island floating on the Chaotic Sea, and no one knew how vast the Chaotic Sea truly was, as cultivators entering it rarely came out alive.

Rumor had it that terrifying entities lived within the Chaotic Sea capable of devouring even Immortal Emperors; an Immortal Emperor once attempted to cross the Chaotic Sea but never returned.

Lu Chen knew that the major forces in the Tianyan Immortal Domain would not spare him, the most talented genius in its history, so he ventured into the Chaotic Sea, seeking survival.

Unfortunately, the Chaotic Sea was boundless, and soon their physical bodies began to dissipate under the erosion of the Chaotic Qi, with even their divine souls showing signs of dissolution.

Seeing that his wives and concubines were about to succumb, Lu Chen, helpless, had them abandon their physical bodies and sealed their divine souls in a piece of Seven-Colored Stone.

This Seven-Colored Stone was something Lu Chen acquired years ago in a Secret Realm within the Immortal Domain, capable of maximally protecting a person's divine soul and memory.

After sealing their divine souls in the Reincarnation Stone, Lu Chen continued alone into the Chaotic Sea, during which he encountered a mysterious Immortal Ship emanating Dark Power.

Seeing that the woman on the Immortal Ship was unaffected by the Chaotic Qi, Lu Chen intended to ask her how to resist the erosion of the Chaotic Qi, but without a word, she attacked him.

Lu Chen battled the woman for over a thousand years, until both were exhausted, when a giant dark shadow suddenly appeared below them, swallowing them whole before they could react.

Inside the belly of the shadow, the woman's mind gradually cleared, and through conversation, Lu Chen learned that she was originally one of the Immortal Emperors who ventured into the Chaotic Sea.

After entering the Chaotic Sea, she lost her way and was trapped for countless years, her mind affected by the erosion of the Chaotic Qi.

Until they were swallowed by the giant beast within the Chaotic Sea.

Lu Chen initially intended to join forces with the woman to kill the beast that swallowed them, but realized that the beast's power was immense, containing countless Beast Guards within.

One day, while fighting the consciousness spawned by the beast, Lu Chen became separated from the woman and could only continue fighting the beast alone.

Thus passed countless years, neither able to defeat the beast nor the beast able to refine him.

Lu Chen thought staying inside the beast for a while wasn't impossible, but he discovered that the Reincarnation Stone, sealing his wives' and concubines' divine souls for too long, was absorbing their divine soul power, leading to their eventual disappearance if it continued.

With no option left, Lu Chen had his wives and concubines reincarnate within the belly of the Chaos Beast, not knowing how many years passed before his divine soul and body could no longer resist the suppression, forcing him to reincarnate like his wives and concubines to avoid being refined.

But before reincarnation, to prevent forgetting past memories and his wives and concubines, he split a wisp of Divine Sense into the Reincarnation Stone, intending for it to guide his reincarnated self to find them.

Unexpectedly, his Divine Sense in the Reincarnation Stone initially failed to work, resulting in him repeatedly sealing his memories in the stone every time he was about to succumb, and thus reincarnating endlessly, his divine soul weakening, almost on the verge of being refined by the Chaos Beast.

Retrieving his memories, Lu Chen paused, his divine soul controlling his body, gently stroking the jade cheek of the woman below him.

To gather his wives and concubines, he had reincarnated over a thousand times, countless years passing in the mortal world.

Lu Chen then called out to the system in his mind, “Are you the incarnation of my wisp of Divine Sense?”

For years, the system guided him to become stronger. Upon leaving the Tianyan Immortal Domain, he realized the true meaning of life was reproduction, embarking on the Path of Reproduction, enhancing cultivation by bearing offspring.

Unfortunately, while being hunted by major forces and his father, Lu Chen never had time to explore the Path of Reproduction with his wives and concubines.

Perhaps, after the activation of the Divine Sense in the Reincarnation Stone, guiding him down this path, it accelerated his strength.

However, when Lu Chen thought this, he noticed the system did not respond.

This...

Lu Chen was momentarily stunned.

Having recovered all his memories, his Divine Sense should have reached its guiding end, with the system disappearing, so why didn't the system respond?

Wait...

Something seemed off...

Lu Chen suddenly realized a major issue: his Earth memories weren't from the Tianyan Immortal Domain or from any era within the Chaos Beast's belly.

This memory seemed to appear out of thin air...

Moreover, neither the cosmic laws of the Tianyan Immortal Domain nor within the Chaos Beast's belly were like those of Earth's universe, and both focused on cultivation, not technology.

This...

Could the system be from a higher dimension?

As Lu Chen thought this, the system's prompt sounded.

“Congratulations to the host on retrieving all memories from the Tianyan Immortal Domain, completing the first stage task.”

“Please leave the Chaotic Sea promptly, return to the Tianyan Immortal Domain, and continue cultivating the Path of Reproduction.”

Hearing the system prompt, Lu Chen immediately understood what was happening.

Indeed, the system was not formed from his Divine Sense, but his wisps of Divine Sense was hijacked by the system, likely explaining why his Divine Sense didn't guide him in his first reincarnation inside the Chaos Beast.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1563: Chapter 1253: The True Function of the Child World

At this moment, Lu Chen's expression was somewhat grim. He initially thought he had found the ultimate answer, but he didn't expect the existence of the system to remain a mystery.

He felt that behind the system, there was an even greater hand pushing him forward.

Lu Chen coldly asked in his heart, "System, when did you intervene in my Divine Sense?"

The system remained silent...

Lu Chen suddenly thought of something and immediately said, "Was it when you first upgraded and my wives gained rewards through nurturing child worlds?"

At that time, Lu Chen felt something odd about the system suddenly upgrading.

Looking back now, the primary reason for the system upgrade was that his Divine Sense initially guiding him to become stronger did not realize that his bloodline was influenced by the God Emperor bloodline in this life.

Although his strength increased rapidly in a short time, if he continued along the original Path of Reproduction, he would never be able to cultivate to the Heavenly Emperor Realm, and he might not be able to recover his memory.

So, at that moment, a higher-dimensional system intervened, forcibly changing the way he gained rewards, until he grew stronger, broke free from the influence of the God Emperor bloodline, and then the system upgraded once more.

Of course, this still doesn't explain where his memories of Earth came from. If he was guided by Divine Sense from the beginning, logically, his Divine Sense shouldn't have known the concept of a system, nor could he have constructed a complete system to aid his growth.

The more Lu Chen thought about it, the more questions he couldn't comprehend.

Clearly, the origins of the system aren't something he can explain right now, so Lu Chen ultimately decided to stop thinking about it.

The most important thing now is to escape from the Chaos Beast's body, or else his Divine Soul might really be refined by the Chaos Beast.

If anything happens to him, his wives will ultimately die as well.

Lu Chen carries a sense of guilt in his heart for these wives of his.

During his time in Tianyan Immortal Domain, due to his extremely high talent and handsome and dashing appearance, Saintesses, Princesses, and even some Sect elders from various major forces were infatuated with him.

His wives came from those major forces, and originally, they didn't have to suffer with him. If they had stepped forward then and claimed it was all his coercion and returned to their respective forces, they could have had a comfortable life, but they didn't do so.

What worries Lu Chen is that even if they actually escape from the Chaos Beast's belly, will they be able to find the direction back to Tianyan Immortal Domain?

The Chaotic Sea is an endless darkness, and the Chaotic Qi continually suppresses their Divine Sense perception, so they have no idea where Tianyan Immortal Domain is; if they randomly proceed in any direction, they might end up getting further away from Tianyan Immortal Domain.

Of course, that's not the main issue; generally, after breaking through to the Great Emperor Realm, they have a very long lifespan. If their lifespan is long enough, they might be able to find the way back to Tianyan Immortal Domain.

The key is that the Chaotic Power in the Chaotic Sea will continually erode their bodies and Divine Souls. Even the Immortal Emperor Lu Chen encountered

couldn't resist the erosion of Chaotic Power and ultimately lost his sanity, drifting aimlessly in the Chaotic Sea.

If they stay in the Chaotic Sea for too much time, their bodies and Divine Souls will be eventually dissolve. Even if their Divine Souls don't dissolve, they will lose their sanity like the Immortal Emperor Lu Chen encountered and become soulless beings in the Chaotic Sea.

So even if they escape the Chaos Beast's body, they aren't truly safe.

As Lu Chen was thinking this, suddenly the system's notification sounded again.

“The host's wives' child worlds can resist the erosion of Chaotic Power.”

Upon hearing this notification, Lu Chen paused.

The child worlds can resist the erosion of Chaotic Power?

Really?

If he summons their child worlds, they could just live inside them?

Lu Chen pondered that the system probably wouldn't deceive him about such matters, as it likely has some value in utilizing him, so the system wouldn't harm him before he entirely loses his usefulness.

If, as the system mentioned, the child worlds can resist the erosion of Chaotic Power, then the system originally had him and his wives nurture child worlds to survive in the Chaotic Sea?

No wonder it's the system; it had already planned for the future.

Since the wives' child worlds can withstand the erosion of Chaotic Power, he doesn't need to worry much anymore, allowing him to confidently achieve a breakthrough.

The next moment, Lu Chen's Divine Soul controlled all his bodies and his wives to cultivate the Dragon-Phoenix Yin-Yang Spell.

Soon, a circulation of Origin Power formed among all of them, with each of Lu Chen's bodies resembling an electrical plug, interconnected by his Divine Soul on a single line.

When his clone and wives connected, the Origin Power from Lu Chen's Divine Soul entered his wives' bodies through his body, and the Origin Power returned to his Divine Soul through his wives' child worlds. Once the Origin Power completed a full cycle, Lu Chen's strength rapidly increased.

Soon, his Realm broke through to the Heavenly Emperor Realm, and feeling the aura from Lu Chen, Yun Qingshu stared at him with cold disdain.

Lu Chen slightly bowed his main body and smiled at Yun Qingshu, saying, "Yun Yun, you've recovered your memories. Why are you still so cold to me?"

Yun Qingshu responded coldly, "You scoundrel, you haven't changed a bit."

Despite regaining her memory and realizing she is Lu Chen's woman, Yun Qingshu still harbors some discontent towards Lu Chen.

Originally, she was the Saintess of the Mysterious Moon Palace in Tianyan Immortal Domain, and during a Secret Realm expedition, she met Lu Chen. They initially were adversaries, but due to an accident, both were afflicted by love poison, leading to her body being taken by Lu Chen.

In anger, she pursued Lu Chen relentlessly but not only failed to kill him but also was captured by him, who decided—since the deed was done—to make her his woman. He openly announced the matter, wholly disregarding her reputation.

After knowing about this, the Mysterious Moon Palace expelled her, leading her to seek revenge against Lu Chen, not expecting that he had become an Immortal King.

The realms in Tianyan Immortal Domain are divided into Mortal Immortal, Spirit Immortal, Earth Immortal, Heavenly Immortal, True Immortal, Golden Immortal, Immortal Monarch, Immortal King, Immortal Venerate, Immortal Emperor.

At that time, she was merely in the Heavenly Immortal Realm, while Lu Chen was four realms higher; the outcome was predictable—she failed to kill Lu Chen and was instead captured, facing his taunts daily.

However, after thousands of years of companionship, she discovered aside from being somewhat lecherous, Lu Chen treated all his women very well and was an extremely responsible man, helping her rapidly enhance her cultivation state and developing feelings for him.

Even when Lu Chen was defeated, pursued by the hundred-thousand-strong army of the Tianxia Immortal Dynasty and major forces of Tianyan Immortal Domain, she still chose to stand by Lu Chen, unhesitatingly following him to the Chaotic Sea.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Despite Yun Qingshu's feelings for Lu Chen, her feelings were not born from physical attraction, but rather from gradually discovering what kind of person Lu Chen was after spending a long time together.

This feeling came from the depths of her heart, and it wasn't because she was conquered by Lu Chen, so her relationship with Lu Chen was different from some of his other wives, in that she wasn't always obedient to him.

Moreover, she often had complaints about Lu Chen's constant teasing, even after reaching the Chaotic Sea, she had clashed with Lu Chen physically several times.

Of course, the ultimate result was that she was severely subdued by Lu Chen, and she was the last of Lu Chen's women to be sealed inside the Reincarnation Stone.

Although Yun Qingshu was a bit cold, like Lie Hongyun, always maintaining a demeanor of keeping strangers at bay, it was precisely because of this that during the tens of thousands of years she accompanied Lu Chen, his time in the Chaotic Sea wasn't so boring.

Whenever Lu Chen thought about the time in the Chaotic Sea with Yun Qingshu, when he subdued her and she cursed at him as a scoundrel while softly whimpering, he felt those years weren't so painful after all.

Upon hearing Yun Qingshu's words, Lu Chen laughed and said, "Who made you follow me, this scoundrel, to the Chaotic Sea back then?"

"If you hadn't followed me to the Chaotic Sea, your days would probably be much better than now, and you wouldn't be bullied by me."

Even though Yun Qingshu was driven out of the Mysterious Moon Palace, her talent was ranked among the top in the Tianyan Immortal Domain, and wherever she went, any force would welcome her joining. She might even have had the possibility of becoming the second force's Saintess.

That life was indeed much better than the current one.

Unfortunately, when Lu Chen asked her to leave back then to find a better place, she still resolutely chose to flee to the Chaotic Sea with him.

Yun Qingshu coldly replied, "I just want to see your miserable ending."

Lu Chen was unmoved, knowing very well what Yun Qingshu was thinking. She was inherently a woman who wouldn't succumb to anyone, even if she liked someone, she wouldn't be completely compliant.

A sharp tongue but soft-hearted.

Lu Chen then said, "You've witnessed my miserable plight, but your days aren't good now either, why bother?"

Yun Qingshu replied expressionlessly, "As long as your days aren't good, I am happy."

Lu Chen said, "Alright, alright, as long as you're happy."

At this point, Lu Chen got up from the bed, and seeing him rise, Yun Qingshu asked, "What are you planning to do next?"

She didn't know where they were now, as she was already swallowed into the belly of the Chaos Beast before reincarnation, but she believed Lu Chen knew. Since Lu Chen had regained memories of the Tianyan Immortal Domain, he probably had clues about leaving this universe.

Lu Chen said, "Oh, I forgot to tell you, we are now inside something called the Chaos Beast's belly. The so-called era tribulation is just the Chaos Beast scheming to refine me."

Upon hearing this, Yun Qingshu was momentarily stunned.

Chaos Beast?

She had never heard of such a thing.

Seeing Yun Qingshu's bewildered look, Lu Chen continued, "The essence of the era tribulation is the Chaos Beast forcing me to reincarnate through the tribulation, to weaken my Divine Soul Power, thereby achieving the goal of refining me."

Upon hearing this, Yun Qingshu understood, then asked, "What's the matter with those Heavenly Demons?"

Lu Chen said, "If I guessed correctly, those Heavenly Demons are likely related to that woman."

"That woman?" Yun Qingshu's tone became especially icy, making the space within the Red Flower Sedan significantly colder.

Lu Chen smiled and said, "When I was swallowed by the Chaos Beast, I encountered a senseless woman in the Chaotic Sea, and fought with her for countless years. Later, the Chaos Beast ambushed both of us, bringing us inside its belly."

"After entering the Chaos Beast's belly, that woman regained her senses, and only then did I realize she was originally one of the Immortal Emperors who ventured to the Chaotic Sea. After entering the Chaotic Sea, she lost her way and was eventually corrupted by the Chaotic Power, losing her mind and becoming a walking corpse."

Yun Qingshu immediately grasped the key information in this, and asked, "So in the Chaos Beast's belly, we won't be corroded by the Chaotic Power?"

Lu Chen said, "You could say that, but it's not absolutely safe here. My Divine Soul Power is very weak now, and if we don't leave soon, I might not reincarnate in my next life but be directly refined by the Chaos Beast."

After listening to Lu Chen, Yun Qingshu's brow furrowed. If that's the case, Lu Chen must find a way out this lifetime, but is he a match for the Chaos Beast?

Seeing a hint of worry on Yun Qingshu's face, Lu Chen leaned forward, lifted his hand to caress Yun Qingshu's jade-like cheek, looking into her eyes, he said, "Don't worry, I will defeat the Chaos Beast and take you all out."

"Then I'll let you give me seventeen or eighteen plump sons."

Upon hearing this, Yun Qingshu frowned, then coldly replied, "Stop bragging, defeat the Chaos Beast first."

Lu Chen said, "Oh? So you're agreeing to give me seventeen or eighteen plump sons?"

Without hesitation, Yun Qingshu turned her head away, evading Lu Chen's grasp, and no longer paid him any attention.

Having been teased by this scoundrel for countless years, whether she wanted children wasn't for her to decide as this guy never sought her consent before doing such things.

Lu Chen smiled faintly, without continuing to tease Yun Qingshu, and said, "Alright, the era tribulation is about to arrive, I should go out to meet it."

As his words fell, Lu Chen departed directly from the Red Flower Sedan. Upon leaving its space, he found the void already covered with green liquid, countless Immortal Boats were heading towards the Great Sum Empire, with people from various major forces in the universe hoping to enter the Great Sum Empire's barrier to escape.

Lu Chen glanced at those who were fleeing, then opened a passage in the barrier, allowing them to enter.

As more and more Great Emperors entered the Great Sun Empire, the Qi Fortune of the empire grew increasingly rich, and the increase in Qi Fortune caused Lu Chen's strength to rise rapidly.

At this moment, Lu Chen could distinctly sense the presence of the Heavenly Dao, of course, this so-called Heavenly Dao was a consciousness manifested by the Chaos Beast, which is Xuan Tian.

Lu Chen then exited the barrier of the Immortal Spirit Umbrella, entering the void, preparing to resist those green soul-devouring forces.

Just then, waves of dark power spread like water ripples from afar.

Next, a melodious sound of a zither echoed in the void.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1565: Chapter 1255: Today I shall refine you all

When the Dark Power passed through Lu Chen's body, he immediately felt a sense of familiarity with it, and soon he remembered.

Wasn't this the same Dark Power used by the woman he encountered in the Chaotic Sea, who had lost her mind?

As Lu Chen thought about whether that woman still retained her sanity, a large Immortal Ship was slowly approaching from afar.

The deck of the ship was covered by a purple curtain, but through the sheer purple curtain, it could still be seen that a woman was seated on the deck, elegantly playing the Ancient Zither, seemingly without any sense of urgency.

It was indeed her!

Just as Lu Chen was about to speak, the system interface suddenly popped up.

[Name: Xuan Qingyun]

[Identity: Heavenly Girl of the Nine Heavens Institute, Heavenly Mystery Maiden in the Inner Universe of the Chaos Beast, former Immortal Emperor of the Tianyan Immortal Domain, who lost her mind after accidentally entering the Chaotic Sea and was eroded by Chaotic Power, later swallowed by the Chaos Beast. She intends to stimulate the Chaos Beast through the Heavenly Demon to trigger an Era Tribulation, then kill the Chaos Beast to seize its Beast Core.]

[Score: 100]

[Favorability: 30]

Seeing Xuan Qingyun's personal introduction, Lu Chen was slightly stunned.

So it was her!

But there was one thing he couldn't figure out: if the Heavenly Demon was created by Xuan Qingyun, what exactly were these Heavenly Demons supposed to achieve?

Every time the Heavenly Demons appeared, they slaughtered the cultivators inside the Chaos Beast's stomach, but apart from that, they didn't seem to inflict any damage on the Chaos Beast.

To the Chaos Beast, both the cultivators and the Heavenly Demons were merely like worms inside its stomach, weren't they?

So neither the cultivators nor the Heavenly Demons should have any impact on the Chaos Beast, then what was the purpose of Xuan Qingyun's actions?

While Lu Chen was puzzled, Xuan Qingyun's voice came from afar, "Lu Chen, long time no see!"

"I thought you had long been refined by the Chaos Beast, never expected you, a mere Immortal King, to persist for so long."

Hearing this voice, Lu Chen chuckled and then said, "I also thought you had long fallen, never expected you to still be alive. Not only alive, but you've also become a right-hand aide to the Chaos Beast."

Xuan Tian was the consciousness of the Chaos Beast, and Xuan Tian created the Tianji Pavilion. Xuan Qingyun, being the Heavenly Girl of Tianji Pavilion, was essentially on Xuan Tian's side.

Xuan Qingyun said calmly, "I am merely waiting for an opportunity."

“And look, the opportunity has arrived.”

Lu Chen said, “I’m really curious, why did you create so many Heavenly Demons? I don’t seem to see anything special about them?”

Xuan Qingyun said, “The Chaos Beast cannot fully control its body, the Heavenly Demons are just a means to force it to descend an Era Tribulation.”

“Whenever the number of Heavenly Demons reaches a certain level, whether or not the Chaos Beast is willing, its body will trigger a tribulation.”

“And when the number of Heavenly Demons swells to a certain extent, if an Era Tribulation is not triggered within the Chaos Beast, it can only watch as its body is gradually consumed by the Heavenly Demons.”

“And if the Era Tribulation within the Chaos Beast is too fierce, the Chaos Beast itself cannot withstand the damage the tribulation inflicts on its body.”

Lu Chen immediately understood what Xuan Qingyun meant.

It's just like a human body, where the Heavenly Demons are akin to cancer cells created by Xuan Qingyun, which continually attack the normal cells within Xuan Tian's body, that is, the cultivators, and constantly grow stronger.

At this time, to eliminate the Heavenly Demons, the Chaos Beast can only invoke an Era Tribulation, which also kills the cultivators within its Inner Universe.

Of course, this is only one aspect. The most important thing is that if the number and strength of the Heavenly Demons are too great, the Chaos Beast will definitely increase the intensity of the Era Tribulation to eliminate them. When the tribulation's intensity reaches a certain level, even the Chaos Beast cannot control it.

It's like a person unable to control a high fever without medication, or the secretion of stomach acid eroding the stomach walls.

Perhaps the Chaos Beast already has some difficulty controlling that green liquid emitting white vapor now.

Of course, all of this is just speculation, after all, this isn't Earth; what if the Chaos Beast can control its body?

Lu Chen then posed the question, "How do you know the Chaos Beast cannot resist the damage from the Era Tribulation?"

Xuan Qingyun didn't answer, but instead spoke towards the void, "Why don't you let the consciousness it manifested come out and speak for itself."

As soon as Xuan Qingyun finished speaking, a deep voice echoed in the void, "Xuan Qingyun, I didn't expect you to be in league with him, truly disappointing to me!"

With the emergence of this voice, a pair of giant scarlet eyes soon appeared in the void, with Xuan Tian's figure beneath those scarlet eyes.

After Xuan Tian appeared, he sneered at Xuan Qingyun and said, "So what if you've discovered the secret within this body of mine! My Soul-devouring Power will soon eradicate all of you!"

"After turning all of you into my nourishment, I will then slowly repair the injuries caused by the Era Tribulation."

Hearing Xuan Tian's words, Lu Chen was slightly surprised. He didn't expect Xuan Qingyun's speculation to be true, that the Era Tribulation unleashed by Xuan Tian would actually harm himself.

After Xuan Tian spoke, Xuan Qingyun continued, "Xuan Tian, the backlash of the Soul-devouring Power is making you uncomfortable too, isn't it!"

Then Xuan Qingyun turned to Lu Chen and said, “Lu Chen, the Chaos Beast is now extremely weak, since your memory has restored and some of your strength has returned, I believe you can slay it this time.”

Upon hearing Xuan Qingyun’s words, Lu Chen was momentarily stunned, then sneered, “You want me to make a move while you watch from the sidelines?”

Xuan Qingyun said, “The strength I have left is quite limited, and I need to conserve it to avoid being eroded by Chaotic Power once I leave the Chaos Beast’s body, unless you want to fight a mindless me for another ten thousand years?”

Hearing Xuan Qingyun’s words, Lu Chen was left speechless. To be honest, he had already guessed what Xuan Qingyun intended to do at this point.

She simply wanted to take advantage once I kill the Chaos Beast, so she can seize the opportunity to obtain the Beast Core.

But then again, what use does the Chaos Beast’s Beast Core have?

As Lu Chen pondered this question, Xuan Tian snorted coldly, “Today I will annihilate and refine you all!”

As he spoke, Xuan Tian waved his large hand, and the distant green Soul-devouring Power surged towards Xuan Tian like a tide. Subsequently, the Soul-devouring Power gathered around Xuan Tian to form several massive green dragons.

Then, with another wave of Xuan Tian's hand, those dragons formed by Soul-devouring Power charged directly at Lu Chen.

Lu Chen no longer dwelled on Xuan Qingyun's matters. He immediately drew the Shattering God Sword and directly invoked the Origin Power, striking with one sword.

Blood Soul Slash!!!

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1566: Chapter 1256 The Death of Xuan Tian

Lu Chen's first sword was merely a probing attack; he wanted to see if his Origin Power could withstand Xuan Tian's Soul-devouring Power.

The green force made Lu Chen feel quite uneasy internally, worried that his power might be suppressed by that Soul-devouring Power.

The downfall of Emperor Shenwu was still vivid in his mind, leaving him no choice but to be cautious.

Seeing the sword swung by Lu Chen, Xuan Tian sneered mockingly, "Lu Chen, you seem to be struggling!"

Hearing this, Lu Chen said calmly, "You'll find out soon enough."

Quickly, the Sword Qi unleashed by Lu Chen directly collided with the dragon formed by the Soul-devouring Power. Just when Xuan Tian thought Lu Chen couldn't withstand the Soul-devouring Power, Lu Chen's Sword Qi surprisingly penetrated Xuan Tian's Soul-devouring Power.

Seeing this scene, everyone present was stunned, even Xuan Qingyun stared at Lu Chen in confusion.

Why could Lu Chen's seemingly effortless sword directly slice through Xuan Tian's strongest power?

Xuan Tian murmured in disbelief, "Impossible, this is impossible, how can you overcome my Soul-devouring Power!"

Soul-devouring Power was its strongest force; using it, even its own body would be eroded, yet Lu Chen could easily resist it. How could Xuan Tian accept this?

Xuan Tian then mobilized the Soul-devouring Power again, and countless Soul-devouring Powers gathered to form a massive cosmic wave, crashing towards Lu Chen.

Facing the colossal wave in front of him, Lu Chen steadied his mind, again mobilizing the Origin Power within his body; more accurately, it was immortal power.

Lu Chen then gathered all his immortal power into the Shattering God Sword.

The previous attack was a probe; upon discovering that Xuan Tian wasn't as powerful as he imagined, Lu Chen decided not to waste more time.

This sword would decide victory or death, life or death!

As all of Lu Chen's power converged into the Shattering God Sword, cracks gradually appeared on the sword's blade. Clearly, the Shattering God Sword couldn't withstand all his power.

After all, the Shattering God Sword was just a low-tier Immortal Sword. Although Lu Chen hadn't recovered the Immortal King's Power, he had already burned part of his Divine Soul Power. The Divine Soul Power of an Immortal King wasn't something a low-tier Immortal Sword like the Shattering God Sword could endure.

Feeling the surging momentum from Lu Chen, Xuan Tian realized that Lu Chen was fighting for his life, and he mobilized the Soul-devouring Power again. In an instant, the entire universe, except for the void they were in and the Daxia Dynasty, was almost filled with Soul-devouring Power.

Just as Lu Chen was about to strike, all the Great Emperors of the Daxia Dynasty suddenly appeared at the barrier's edge of the Immortal Spirit Umbrella. Seeing Lu Chen preparing to fight Xuan Tian desperately, they immediately said, "Form the array, everyone, and lend Your Majesty a hand!!!"

Hearing this, the Great Emperors present joined the Spirit Gathering Array without hesitation, and a vast seven-colored power directly passed through the barrier of the Immortal Spirit Umbrella into Lu Chen's body, making him even stronger.

His Law Manifestation kept growing, as if it was going to support the entire universe.

As the Soul-devouring Power was about to crash towards Lu Chen, he gathered all his power into the Shattering God Sword and fiercely slashed out.

This sword didn't cause the mountains to crumble or the earth to split.

This sword was very calm, not even causing any Sword Qi.

However, it was this very sword that caused Xuan Tian's expression to change drastically; for a moment, a golden horizon split the entire universe, and countless black gases diffused from that golden horizon.

Feeling a breach in his body, Xuan Tian said in disbelief, "Why... why is your Divine Soul Power still so strong when it's about to dissipate..."

Lu Chen had reincarnated in his body so many times, his Divine Soul Power was about to dissipate; logically, Lu Chen shouldn't be this strong. Even with those "bugs" in his belly, he shouldn't be able to split open his body.

At this moment, Xuan Qingyun's voice sounded, "It's not that he became stronger, but that you became weaker."

“Aren’t you aware of how much damage the Soul-devouring Power does to yourself?”

Xuan Qingyun glanced at Lu Chen, then said blandly, “Thank you.”

After speaking, a surge of Dark Power was released from Xuan Qingyun’s body; the next moment, countless black Sword Qi pierced towards the still-present Xuan Tian.

Xuan Tian roared unwillingly, “No!!! I will not die!!!”

“You ants dare to harm me! I will refine you all!!”

After speaking, Xuan Tian tried to mobilize the Soul-devouring Power again. But this time, the Soul-devouring Power changed significantly, turning into green flames.

Seeing this scene, Lu Chen suddenly felt a bad premonition. His power was almost exhausted, and if Xuan Tian had the power to counterattack at this time, they would undoubtedly die.

However, to Lu Chen's surprise, when the Soul-devouring Power turned into green flames, it was not them but Xuan Tian himself who suffered first.

As Xuan Tian was stained with the green flames, it immediately burned furiously, "No!!!"

Xuan Qingyun raised her hand, and a giant black sword formed in the void. Xuan Qingyun swung the giant sword, creating a huge rift in the void, and Xuan Qingyun unhesitatingly dived into the rift.

At this moment, Xuan Tian, being corroded by the Soul-devouring Power, suddenly seemed to sense something. A look of terror appeared on its face, and it immediately roared menacingly, "You damned dregs, dare to harm me! My master won't spare you!!!"

However, just as Xuan Tian finished speaking, suddenly, Xuan Tian's body exploded.

This...

Lu Chen paused for a moment; he was just thinking that Xuan Tian was going to counterattack, but it merely trashed-talked and then directly died?

No, Xuan Tian was just an Avatar of Chaos Beast's consciousness; even if the Avatar disappeared, it didn't mean it had died!

Lu Chen didn't lower his guard because of this, but at this moment, a black Sword Qi suddenly flew past him. Not far away, the void showed another universe-spanning rift, and shortly afterward, Xuan Qingyun's body flew out from the rift.

At this time, there was a huge bead emitting black gas in Xuan Qingyun's hand.

Lu Chen suddenly had an idea and immediately asked, "Is this the Chaos Beast's Beast Core?"

Xuan Qingyun said, "You're not too stupid; with this bead, I can no longer be eroded by Chaotic Power."

"Since the Chaos Beast is dead, farewell, you continue to stay inside the Chaos Beast's belly!"

After speaking, Xuan Qingyun and her Immortal Ship turned into a black mist and flew towards the distant golden horizon.

Seeing Xuan Qingyun leave, Lu Chen chuckled and said, “The people of your Nine Heavens Institute are still inside the Chaos Beast looking for you, the Heavenly Girl, and yet you just ran off alone.”

Having children earns benefit, start competing for dominance in the world by marrying a wife

Xuan Qingyun naturally heard Lu Chen’s words, but she still didn’t look back. For someone of her level of existence, she naturally knew the disciples of the Nine Heavens Institute were inside the Chaos Beast.

However, she could also instantly take all those people out from inside the Chaos Beast’s body, so she didn’t need Lu Chen to remind her.

Seeing the black mist that Xuan Qingyun transformed into completely disappear from this universe, Lu Chen also couldn’t be bothered to continue paying attention to her.

Though Xuan Qingyun also met the system conditions, he had no relationship with her at all, unlike his current wives and concubines who were originally his women.

Since the Chaos Beast is already dead, he should consider how to let those in the Great Sum Dynasty survive.

Just then, Lu Chen suddenly noticed that this universe was gradually collapsing, with countless black chaotic power surging into the Chaos Beast's body, but the body of the Chaos Beast was unable to resist the erosion of chaotic power and was slowly disappearing.

Lu Chen immediately understood what was going on. Initially, the Chaos Beast could resist the chaotic power entirely relying on the Beast Core within it, but now that the Beast Core was gone, its body naturally couldn't withstand the erosion of chaotic power.

Lu Chen frowned. This woman is really selfish. Since she knew about the Beast Core of the Chaos Beast, she surely knew how important the Beast Core was to the Inner Universe of the Chaos Beast's body. Yet after obtaining the Beast Core, she just left everyone in the entire universe here.

As the chaotic power surged into the Chaos Beast's body, people of the Great Sum Dynasty showed fearful expressions. Though they didn't know chaotic power, they could sense that their universe was gradually collapsing.

"It's over, we're all going to die!"

"Wasn't the Era Tribulation already stopped, why is the universe collapsing?"

"I believe the Heavenly Emperor must have a way!"

...

For a while, the Great Sum Dynasty was in chaos.

Soon, chaotic power contacted the barrier created by the Immortal Spirit Umbrella. The erosion of chaotic power was terrifying; the barrier immediately cracked upon contact, with fissures rapidly expanding outwards, seemingly about to shatter.

This further intensified the chaos within the Great Sum Dynasty.

Lu Chen immediately asked the system in his mind, "System, didn't you say that the child worlds of my wives and concubines can prevent the erosion of chaotic power? What should I do now?"

As soon as Lu Chen finished speaking, the system's prompt sounded.

"The host just needs to mentally resonate with the wives and concubines to help them manifest the child worlds."

This...

Looking at the chaotic power continuously eroding the Immortal Spirit Umbrella's barrier, Lu Chen hurriedly controlled all his clones to continue working.

At the same time.

Inside the Red Flower Sedan.

When Yun Qingshu realized she could move, she cursed Lu Chen in her mind before planning to leave the Red Flower Sedan to check the situation outside. But just as she was about to leave, a figure suddenly appeared inside the Red Flower Sedan.

Seeing Lu Chen's anxious expression, Yun Qingshu's heart skipped a beat, and she immediately asked, "You...failed?"

Lu Chen didn't answer her question, instead saying, "Now's not the time to talk about that."

As soon as he finished speaking, Lu Chen lunged forward, pushing her onto the bed again.

Being pressed down again, Yun Qingshu was baffled. Why wasn't Lu Chen addressing the tribulation, but instead looking for her to do this now? Yun Qingshu hurriedly struggled, saying while struggling, "Are you crazy? The tribulation hasn't passed yet, and you...mmp..."

Lu Chen couldn't be bothered to argue with Yun Qingshu and directly sealed her lips.

Trying to escape, Yun Qingshu found herself restrained by the Red Flower Sedan's power again, leaving her cursing the Red Flower Sedan angrily in her mind.

She just couldn't understand where this ghastly thing came from and why it could completely restrain the power within her body. She didn't recall Lu Chen having such a magic treasure!

As time ticked away, at a certain moment, Lu Chen and his wives and concubines suddenly experienced mental clarity, and Lu Chen realized he could actually control their inner child worlds now.

Lu Chen immediately manifested the child world within Chu Yuqin's body. The next moment, within the boundless chaotic world, a world radiating a seven-colored glow suddenly appeared, repelling the surrounding chaotic power. Wherever the seven-colored glow reached, chaotic power couldn't approach.

Feeling the presence of the first child world, Lu Chen didn't hesitate at all, opening the passage to Chu Yuqin's child world and transferring part of the Great Sum Dynasty into it.

However, Chu Yuqin's child world quickly couldn't accommodate so many people. Fortunately, Lu Chen had more than one wife, so he manifested other wives' child worlds and moved the people of the Great Sum Dynasty into them.

In this way, the entire Great Sum Dynasty was completely divided, but Lu Chen had no choice. To ensure everyone survived, he could only do so.

After transferring everyone from the Great Sum Dynasty, Lu Chen suddenly realized Yun Qingshu and he might not have nurtured a child world yet?

He was too anxious earlier and completely forgot about this.

Lu Chen's main body slightly lowered its head, looking at Yun Qingshu with a cold face, and smiled, "I was also trying to save the Great Sum Dynasty earlier, sorry."

Yun Qingshu said coldly, "You think a twitch could save the Great Sum Dynasty?"

Lu Chen said, "Come with me, and you'll understand."

Upon finishing his words, Lu Chen waved his hand, dressing both of them, then took Yun Qingshu out of the Red Flower Sedan.

After leaving the Red Flower Sedan's space, Yun Qingshu noticed the entire Great Sum Dynasty seemed empty.

This...

By now, chaotic power had seeped through the barrier gaps of the Immortal Spirit Umbrella. With their current strength, they couldn't resist the erosion of chaotic power, but Lu Chen wasn't worried at all now.

The child worlds of his wives and concubines were fully manifested within the Chaotic Sea, and it would take just one thought for him to enter any child world.

Yun Qingshu turned to Lu Chen and asked, "Where did the people of the Great Sum Dynasty go?"

Lu Chen replied, "They went to the child worlds."

"Child worlds?" Yun Qingshu looked at Lu Chen with confusion.

Lu Chen continued, "You'll know shortly."

Then Lu Chen directly put away the Immortal Spirit Umbrella. He was about to leave this place; the umbrella was of no use anymore.

Just as he was about to leave, he suddenly noticed the entire Great Sum Dynasty starting to move.

Lu Chen sensed the presence of a connection between him and the Great Sum Dynasty, as if the Great Sum Dynasty was his Inner Universe.

Lu Chen realized that the Tianchen World was originally a transformation of his inner world, and the Star Domain of the Great Sum Dynasty was equivalent to being refined by him, so now the entire Great Sum Dynasty was a part of his Inner Universe.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1568: Chapter 1258: The Cross-border Stone Can Only Be Used by One Person

Upon realizing that the Daxia Dynasty had already become his Inner Universe, Lu Chen unhesitatingly mobilized his immortal power, extracting the entire Daxia Dynasty from the body of the Chaos Beast.

With the disappearance of the Daxia Dynasty, the collapse of the Chaos Beast's internal universe abruptly accelerated. Lu Chen quickly grabbed Yun Qingshu's jade-like hand, and with a thought, he brought Yun Qingshu to Yun Xianxian's child world.

When Yun Qingshu appeared in Yun Xianxian's child world, she immediately sensed the power that shared the same origin as hers, as if she were the master of this world.

Is this the child world?

Yun Qingshu felt extremely surprised, she shrugged off Lu Chen's hand and flew without hesitation to the top of the child world, looking outside.

At this moment, in the Chaotic Sea, there were dozens of child worlds emitting seven-colored light, like newly born stars in this universe.

The seven-colored light emanating from the child worlds blocked the Chaotic Power of the Chaotic Sea outside, with an area in the middle of these child worlds forming a void entirely untouched by Chaotic Power.

At this moment, Yun Xianxian, who was entwining with Lu Chen, sensed the aura of the Main Body and immediately pushed Lu Chen away, dressed, and flew to Yun Qingshu's side.

Although she was merely a secondary body split from Yun Qingshu, the memories of the Tianyan Immortal Domain had also been transferred to her by Lu Chen, giving her the same memories as Yun Qingshu.

Therefore, she knew in her heart that, although Yun Qingshu had been continually fighting with Lu Chen and was verbally obstinate, she actually liked Lu Chen in her heart, though she was rather dominant.

After arriving at Yun Qingshu's side, Yun Xianxian asked, "Now that you've regained your memories, do you want to merge with me into one?"

Initially, Yun Xianxian was somewhat resistant to merging with Yun Qingshu into one, but after regaining the memories of the Tianyan Immortal Domain, she no longer cared as much.

On the contrary, she felt that because Yun Qingshu had split her off, it caused Yun Qingshu to lose feelings for Lu Chen.

If they were to merge into one again, then Yun Qingshu would once more be as she was in the past; even if she bickered and fought with Lu Chen, she would still like him.

Yun Qingshu replied indifferently, “No need.”

Since the secondary body was already independent, she should remain independent. The beautiful memories created with Lu Chen belong to the secondary body and Lu Chen, and she didn't want to claim those memories.

While the two women were conversing, the shameless Lu Chen appeared between them, raising his arms and hugging one of them with each arm.

Yun Qingshu glared coldly at Lu Chen, then asked, “What do you plan to do next?”

Although their child worlds could resist Chaotic Power, once their time comes, there is a high probability that the child worlds will collapse along with them, and they would be eroded by Chaotic Power.

Most importantly, they might remain in the Chaotic Sea for a lifetime. Do they really have to stay in the Chaotic Sea until their Divine Souls decay?

Lu Chen glanced at the dozens of child worlds emitting seven-colored light in the void and then said, "I need to make a trip back to the Tianyan Immortal Domain to reclaim what is mine. For your safety, stay temporarily in the Chaotic Sea."

Hearing this, Yun Qingshu was stunned for a moment, then quickly said, "I want to go with you!"

If Lu Chen said he was going back to the Tianyan Immortal Domain, that meant he had found a way back, and she didn't want to stay in the Chaotic Sea any longer.

Lu Chen chuckled and said, "Looks like you haven't had enough of my teasing, huh?"

Yun Qingshu coldly retorted, "I want to see how miserable your death looks."

Lu Chen's return would undoubtedly be perilous. While it's unknown how many years had passed, once the major powers of the Tianyan Immortal Domain or the Tianxia Immortal Dynasty knew he survived from the Chaotic Sea, they would certainly gather forces from the major Star Domains to besiege Lu Chen again.

Upon hearing Yun Qingshu's words, Lu Chen lightly patted Yun Qingshu's behind, "What do you mean see how miserable my death is; you're clearly worried about me."

Feeling Lu Chen's small gesture, Yun Qingshu's Ice Qi instantly exploded, "Stop being handsy with me!"

Lu Chen nonchalantly said, "Back in the day, I captured you, you're my captive; I do what I want."

Hearing their conversation, Yun Xianxian stood to the side, speechless at the two of them.

Seeing Yun Qingshu about to take action, Lu Chen suddenly became serious, "If possible, I'd like to bring you back with me too."

Saying this, Lu Chen asked the system in his mind, "System, is the Cross-border Stone capable of taking my wives and concubines out of the Chaotic Sea?"

When Lu Chen obtained the Cross-border Stone, he was always puzzled by its purpose. Now, he realized it was meant to help him leave the Chaotic Sea.

But he wasn't sure if the Cross-border Stone could take him and all his wives, concubines, and children away.

At this moment, the system's voice echoed, "The Cross-border Stone can only be used by one person."

An idea came to Lu Chen, and he smiled slightly, "What if I have them within my Inner Universe?"

The system's prompt sounded again, "After the host uses the Cross-border Stone, it can only help the host's Divine Soul return to the Tianyan Immortal Domain, unable to take anything, including the host's strength."

Upon hearing the system's response, Lu Chen was stunned.

Not being able to take anything, including his strength, doesn't that mean he will have to reincarnate when he returns to the Tianyan Immortal Domain?

At this moment, Yun Qingshu beside Lu Chen said, “Since you can return, why can’t you take me with you?”

Lu Chen returned to his senses and responded with a bitter smile, “To return to the Tianyan Immortal Domain, I need to rely on a Cross-border Stone and have to reincarnate, so I can’t take you.”

After hearing Lu Chen’s answer, Yun Qingshu fell into silence; although she didn’t know what the Cross-border Stone was, hearing Lu Chen say he had to reincarnate made her understand how difficult it was to return to the Tianyan Immortal Domain.

Lu Chen gazed at the child worlds in the void and said, “You wait here for me to come back. Once I handle the matters with the Tianxia Immortal Dynasty, I’ll come to take you back.”

Yun Qingshu sarcastically commented, “Once you return to the Tianyan Immortal Domain, there will probably soon be a flock of beauties around you; will you still risk coming back for us?”

She knew what kind of person Lu Chen was too well. Once Lu Chen reincarnated back to the Tianyan Immortal Domain, as soon as his body matured and he gained that ability, within less than a year, he would have at least two bed warmers by his side.

When Lu Chen had many women, she doubted whether he would ever come back; after all, to him, the women in the Chaotic Sea could be dispensable.

Lu Chen tightened his hold on Yun Qingshu's slender waist and said earnestly, "Qingshu, what are you saying? You've been with me for so long; don't you know what kind of person I am?"

"If I were really as cold-hearted and unscrupulous as you say, you wouldn't have been willing to follow me into the Chaotic Sea back then."

Hearing Lu Chen's words, Yun Qingshu fell into silence.

Indeed, the reason she liked Lu Chen was that, although he was a bit lustful, he was very responsible, and he had a strong sense of duty. While he was affectionate, he was by no means unprincipled.

In the Tianyan Immortal Domain, there was almost no other existence like Lu Chen.

Having children earns benefit, start competing for dominance in the world by marrying a wife

After a long silence, Yun Qingshu asked, "Even if you return to find us, what if something happens to you, and you lose your past life memories again?"

Lu Chen kept reincarnating inside the belly of the Chaos Beast, constantly searching for his past life memories with each reincarnation. It took so many cycles before he finally found all of them.

If Lu Chen returns to Tianyan Immortal Domain this time and something happens again, making him reincarnate and lose the memories related to them, then how long would it take for him to regain those memories?

How long would they have to wait for Lu Chen in the Chaotic Sea, or could they even wait for Lu Chen to return before reaching the end of their lifespan?

Moreover, a very critical point, what if some accident permanently erases the memories of them related to Lu Chen, would Lu Chen still return to find them?

Upon hearing Yun Qingshu's words, a hint of worry crept into Lu Chen's heart. All those reincarnations inside the Chaos Beast, he was indeed weary of the endless cycle of reincarnating and searching for past life memories.

If it weren't for him sealing his memories in the Reincarnation Stone every time, he might have gone crazy due to the constant reincarnations. This was a key reason he chose to seal his past life memories initially.

Just as Lu Chen fell silent, Yun Qingshu suddenly said, "If you stay, I can bear your child."

Lu Chen and Yun Xianxian were both stunned by these words.

Most surprised was Yun Xianxian, who had received Yun Qingshu's previous memories. She knew well that Yun Qingshu, despite having feelings for Lu Chen, had never considered bearing his child, nor did she want to raise one. Yet now, she was using the promise of a child to keep Lu Chen.

After coming to his senses, Lu Chen helplessly said, "Even if you are willing to bear my child, I must leave. My journey to Tianyan Immortal Domain is not just for revenge; there are more things to accomplish."

In Lu Chen's view, since the system's origin remains unexplainable, it indicates that a secret or conspiracy awaits him to unravel.

If he settled for contentment now, he feared he wouldn't be able to protect his wife, concubines, and children in the end.

Also, it was crucial to him that this place was the Chaotic Sea; he could not let his wife and children spend their lives here.

Although they didn't have to worry about erosion by Chaotic Power due to the child world, the child world was only so large, and with the Chaotic Sea lacking sufficient Spiritual Energy for cultivation, their strength would have difficulty improving.

Without improving strength, their lifespan, too, couldn't extend, and their end would soon come.

Only by becoming stronger himself could he hope to take his children and wife out of the Chaotic Sea.

Seeing that Lu Chen was determined to leave, Yun Qingshu refrained from saying more.

At this moment, Lu Chen left Yun Xianxian's child world and entered the Chaotic Sea.

He carefully observed the surroundings of the child world. The multicolored light emitted contained a special kind of energy, neither Spiritual Power nor immortal power, a force Lu Chen had never encountered before.

Once the multicolored light radiated outward, it formed a storm of light particles, creating a shield that kept the Chaotic Power at bay.

It was akin to how solar winds keep high-energy cosmic ray particles at bay.

Lu Chen suddenly thought of a clever idea to maximize the creation of more usable space. He manipulated the movements of those child worlds, encircling them and having their light shield boundaries intersect. This way, a large area in the center of the child worlds would be free from the erosion of Chaotic Power.

But Lu Chen didn't stop there; he then moved the entire Daxia Dynasty from within the Inner Universe to the outside.

Thus, the Star Domain of the Daxia Dynasty reappeared, with the child worlds of his wife and concubines protecting it from the incursion of Chaotic Power.

Subsequently, Lu Chen moved all the people from the child worlds back to the Daxia Dynasty.

Once everything was completed, Lu Chen himself returned to the Daxia Dynasty.

He first held an Emperor Level meeting, gathering all the Great Emperors together and divulging all the matters concerning the Chaos Beast and this universe.

After hearing Lu Chen's recounting of the true cause of the Era Tribulation, silence fell upon the Heavenly Emperor Hall. None of the Great Emperors had imagined they were inside the belly of a massive beast.

Seated on the Dragon Throne, Lu Chen gazed down at the Great Emperors below. Seeing no one speaking, he spoke once more: "The universe is now settled; an Era Tribulation will never arise, and the Daxia Dynasty is stable."

"To traverse the Chaotic Sea, I intend to go into seclusion to reach a higher Realm. I entrust the Daxia Dynasty to my eldest son, hoping you will assist him in making the Daxia Dynasty even more prosperous, allowing its people to enjoy a richer life."

Upon hearing Lu Chen's words, the Great Emperors looked at each other, then knelt in unison, saying, "We will remember Your Majesty's words!"

"Alright, this meeting is concluded then."

As soon as the words fell, Lu Chen's body vanished from the spot.

Having dealt with the Daxia Dynasty's affairs, family matters followed. Lu Chen called together all his wives, concubines, and offspring for a family meeting.

He didn't plan to tell his children about his departure. He worried that if they knew he left the Daxia Dynasty, they might end up fighting each other over the throne.

Of course, his wives and concubines surely knew about his departure, but compared to his children, Lu Chen trusted his women more.

After spending countless years together, despite their varied personalities, they understood completely that before Lu Chen, competing for favor or power was out of the question. Lu Chen held family harmony in high regard.

During the family meeting, Lu Chen shared some truths about the Daxia Dynasty and this universe with his children.

Much like those Great Emperors, upon hearing that they had always lived inside the Chaos Beast, they were astounded. However, recalling hiding in their mothers' child worlds during the cosmic tribulation, it didn't seem that surprising anymore.

For a strong one with their own Inner Universe, living anywhere is the same.

However, at this point, the ever-curious Lu Huanhuan about science asked, "Father, if we lived inside the Chaos Beast before, could the Chaotic Sea we're in now, and this world, also be inside a giant beast?"

Hearing this, Lu Chen smiled faintly and replied, "It's hard to say. To uncover the universe's secrets, I might need to become an Immortal Emperor first."

Immortal Emperor?

Upon hearing Lu Chen's response, Lu Changfeng and others were puzzled.

Having children earns benefit, start competing for dominance in the world by marrying a wife

In Lu Changfeng and the others' view, their father already was the Heavenly Emperor, standing at the pinnacle of this universe. So why is there suddenly an Immortal Emperor now.

Lu Chen's children looked at him with puzzled faces. Lu Chen continued, "This world is vast, and the Chaotic Sea is just a part of this universe. There's a continent called Tianyan Immortal Domain somewhere in this world."

"The Tianyan Immortal Domain is home to countless Immortals, and their realms are divided into Mortal Immortal, Spirit Immortal, Earth Immortal, Heavenly

Immortal, True Immortal, Golden Immortal, Immortal Monarch, Immortal King, Immortal Venerate, and Immortal Emperor."

"Although I broke through to become the Heavenly Emperor, becoming the strongest existence within the Inner Universe of the Chaos Beast, my strength in the Tianyan Immortal Domain is only similar to that of Spirit Immortal Realm beings."

Hearing this, Lu Changfeng and the others were deeply shocked again. They thought that their father, after becoming the Heavenly Emperor, was already the strongest in this universe, but it turns out that his strength in the universe is merely considered a minor player.

Seeing his children all staring at him wide-eyed, Lu Chen continued, "That's why I need to retreat and strive for a higher realm. Only when I reach the Immortal Emperor Realm can I take you away from the Chaotic Sea and head for a broader world."

Lu Huanhuan asked, "Father, since you know so much, and even know about the Tianyan Immortal Domain, were you once also an Immortal of the Tianyan Immortal Domain?"

Lu Chen replied, "Not only was I an Immortal of the Tianyan Immortal Domain, but your mother and aunts were also Immortals of the Tianyan Immortal Domain and were once Saintesses and Princesses of the major forces there."

Hearing Lu Chen's answer, Lu Changfeng and the others were shocked once again. Their father and mothers had such significant backgrounds.

At this moment, Lu Huanhuan said, "Father, could you tell us about your experiences in the Tianyan Immortal Domain?"

Lu Chen thought for a moment, then said, "Alright, since you want to hear it, I'll tell you about it."

Then Lu Chen slowly recounted his experiences in the Tianyan Immortal Domain and how he came to know and love their mother to his children, which took more than a month.

After the story was finished, Lu Chen also began to prepare for the future. Now, although his wives and concubines had all recovered their memories, their strength was still very weak, especially Mu Zixuan and Xiaozhou, Dazhou.

To help them enhance their strength, Lu Chen poured his power into them. Since leaving the Chaotic Sea and returning to the Tianyan Immortal Domain required him to reincarnate, he couldn't retain all this power anyway, so he might as well give it all to his wives and concubines.

Moreover, he could take this opportunity to try and see if he could make them bear more children.

Time flies, and in the blink of an eye, several decades passed. Lu Chen could even make his wives and concubines conceive, to the point he suspected the system of being up to something.

Although it's really hard to get pregnant after becoming a Heavenly Emperor, and Immortals find it relatively difficult to have offspring, how could it be possible that none of his wives and concubines, after being together for thirty years, got pregnant?

Lu Chen had asked the system several times, but the system said it had nothing to do with it. It only distributed rewards and had nothing extra to do.

Yun Xianxian's child world.

Yun Qingshu's bedroom.

Lu Chen embraced Yun Qingshu, smiling, "Qingshu, you seem to have become a bit more proactive lately."

Yun Qingshu ignored Lu Chen's words and continued her own actions.

Lu Chen, in fact, also guessed what Yun Qingshu was aiming for, but he was helpless; he had already tried his best.

To be able to conceive children, he even used the Creation Power and Power of Reproduction, but he still couldn't create offspring. He felt as if something was confining him and preventing him from having children.

Lu Chen continued, "It's been thirty years already; I should probably be leaving."

Upon hearing this, Yun Qingshu furrowed her eyebrows slightly and stopped her graceful movements, staring directly at Lu Chen.

"Are you really going to leave?"

Lu Chen smiled and said, "This has been decided early on. I need to become stronger so I can take you away from the Chaotic Sea."

Yun Qingshu didn't say much more and began to move again. She also knew she couldn't keep this man because he was doing this for their future.

At this moment, a figure appeared in the bedroom. Seeing Yun Xianxian suddenly appear, Lu Chen smiled and said, "Xian'er has come at the right time."

Yun Xianxian glared at Lu Chen, then said to Yun Qingshu, "It seems that it's not a problem with Lu Chen. The situation in the Daxia Dynasty is also not looking good."

Lu Chen asked in confusion, "What do you mean, not looking good?"

Yun Xianxian gave Lu Chen a speechless look, "You've been thinking about women for thirty years without any concern for the Daxia Dynasty at all. The number of children born in the Daxia Dynasty has been decreasing, especially those cultivators with higher realms. Those Great Emperors don't have a single offspring."

Hearing Yun Xianxian's words, Lu Chen was slightly taken aback. He thought it was his issue, but it turns out it's not just him experiencing this.

Does this mean it's an issue with the Chaotic Sea?

Could it be that without the Chaos Beast's body, reproduction isn't possible?

Lu Chen then released his Divine Thought to probe the entire Daxia Dynasty, discovering that the population of the Daxia Dynasty had barely increased compared to thirty years ago.

While Lu Chen was puzzled over the reason, the system notification sounded.

"Not only is the host's Daxia Dynasty experiencing this, but the entire Tianyan Immortal Domain has also seen a significant decline in newborns."

"If the host delays going to the Tianyan Immortal Domain any longer, it will become even harder to reproduce offspring even if the host masters the Path of Reproduction."

Lu Chen sighed in his heart. Originally wanting to spend more time with his wives and concubines, it seems that now it isn't feasible.

Although he didn't know what had happened, since the system was urging him, there must be a crisis in the Tianyan Immortal Domain.

Lu Chen then said to Yun Qingshu, "Qingshu, you still aren't skilled enough, let me do it."

As he finished speaking, Lu Chen flipped Yun Qingshu over, embracing her, and mustered all his strength, intending to give all his power to Yun Qingshu to help her enhance her strength.

Seeing Lu Chen in a frenzied state, Yun Xianxian pursed her lips without saying much. She had only come by to tell Yun Qingshu that conceiving a child with Lu Chen is no longer an easy matter, and not to push herself.

For thirty years, Yun Qingshu had been clinging to Lu Chen's main body, desiring a child, but after thirty years, Yun Qingshu's belly hadn't reacted at all, though her realm had improved significantly with Lu Chen's help.

Meanwhile.

Tianyan Immortal Domain, White Feather City.

Lu Mansion.

A middle-aged man looked at his wife beside him with a deep sigh, "The situation in the Tianyan Immortal Domain is getting worse. It's been so many years, and we still can't have a child."

The woman in the man's arms gazed affectionately at him and gently said, "Darling, why not take a few more concubines and try?"
