

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1571: Chapter 1261: Congratulations, You Got What You Wanted

Seeing the look in his wife's eyes, Lu Zhengze sighed deeply in his heart, then clasped Liao Xiaoshuang's hand and said affectionately, "Darling, I have said before, in this life, Lu Zhengze only loves you. It's absolutely impossible for me to take a concubine."

"Moreover, the fact that we can't conceive is not your fault. Now, in White Feather City, fewer than a hundred children are born each year."

In the last ten millennia, no one knows why, but suddenly people in the Tianyan Immortal Domain found it increasingly hard to bear offspring. With the passage of time, the number of children born each year has become fewer and fewer.

Although there is still a vast population in the Tianyan Immortal Domain, the number of people dying each year due to reaching the end of their lifespan is also continually rising, and deep crisis feelings have arisen in various Immortal Dynasties.

Conflict and war were constant among the various Immortal Dynasties in the Tianyan Immortal Domain in the past. However, since they discovered a significant decline in their population numbers, conflicts between the Immortal Dynasties have lessened, and many have now united to search for the cause of the population decline.

In fact, the Immortal Dynasties discovered long ago that the biggest reason for the population decline is their increasing difficulty in bearing offspring.

It's very normal for immortals to struggle to conceive. For immortals, it has always been possible to take hundreds or even thousands of years to conceive an offspring.

But the Tianyan Immortal Domain is not solely composed of immortals; there are also mortals among them, and these mortals are the main force of reproduction. Yet the number of these mortals is rapidly decreasing.

Now, many cities where mortals gather in the Tianyan Immortal Domain have vanished, and many low-level immortals among the major forces were promoted from being mortals. Without these mortals, the number of immortals among those Immortal Dynasties has naturally also sharply decreased.

White Feather City is located at the edge of the Tianyan Immortal Domain and is one of the cities closest to the Chaotic Sea. In recent years, the population in White Feather City has significantly declined, with the number of mortals dropping, the number of immortals has also decreased correspondingly.

Many immortals, lacking the service of mortals, have also left this city. Now, the entire White Feather City is steeped in deathly stillness, and it may not be long before White Feather City becomes like those cities where mortals gathered and becomes just dust of history.

The City Lord of White Feather City, Lu Zhengze, is not afraid of the disappearance of White Feather City. What he fears most is the advent of the end, and he can no longer wait for that person's return.

He and his wife are both only at the Heavenly Immortal Realm. How many years they've waited in White Feather City for that person's return is unknown, yet they have never seen him return from the Chaotic Sea. However, Lu Zhengze has always believed that their king will not die in the Chaotic Sea.

Lu Zhengze wanted to have a few children so that when their king returned, someone would still be there to welcome him. He planned to tell his children their story, hoping they would continue to wait in White Feather City.

But he and his wife have tried for so many years and still have not had a single offspring. Of course, they know it's already very difficult for immortals at the Heavenly Immortal Realm to have children. Coupled with the current issues in the Tianyan Immortal Domain, which make procreation increasingly difficult, having a child is naturally not going to be an easy task.

Upon hearing Lu Zhengze's words, Liao Xiaoshuang wrapped her arms around Lu Zhengze's neck and said, "Darling, our end is almost upon us. If we still can't have children, there will be no one to guard White Feather City. If one day our king returns from the Chaotic Sea, what will happen if no one is there to welcome him?"

Back then, when they followed their king to White Feather City, there were hundreds of thousands. In the end, when entering the Chaotic Sea, all those hundreds of thousands stayed behind.

The Chaotic Sea was too perilous. The realms of those hundreds of thousands were not particularly high. If they followed and entered the Chaotic Sea, their bodies would probably be eroded to nothing by the Chaotic Power as soon as they entered it.

Their king said that once a way out was found in the Chaotic Sea, he would return to take them away. But once he left, countless years passed without his return, even though the lifespan of a Heavenly Immortal was nearing its end.

During this waiting period, many believed that their king had perished in the Chaotic Sea and would never return, so they chose to leave. Meanwhile, many of those of lower realms reached the end of their lives and did not live to see their king's return.

Of those hundreds of thousands, fewer than two hundred still remain in White Feather City.

Among those two hundred, most are descendants of those hundreds of thousands. Only two of them were part of the original group that followed their king to White Feather City.

If not for the two of them successfully breaking through from the Earth Immortal Realm to the Heavenly Immortal Realm, they probably wouldn't have been able to hold on until now.

Upon hearing Liao Xiaoshuang's words, Lu Zhengze sighed deeply. He was worried about this too. However, taking concubines does not necessarily mean having children. Given the situation in the Tianyan Immortal Domain now, even if he took a hundred concubines, it's uncertain if any of them would conceive.

Lu Zhengze said, "Let's forget it, darling. Let's not talk about this anymore."

With that, Lu Zhengze pushed Liao Xiaoshuang down on the soft chaise, ready to try again.

...

Meanwhile,

In Yun Xianxian's child world, Lu Chen was mobilizing immortal power, wildly teasing Yun Qingshu.

Yun Qingshu gritted her teeth, glaring at Lu Chen, yet she did not surrender nor asked Lu Chen to let her go. She didn't believe that it was impossible to get caught in such a way.

At this moment, Yun Xianxian's child world was shaking. After all, Yun Qingshu was her main body, and any abnormality in her body could also affect Yun Xianxian's child world.

Moreover, with Lu Chen as the Heavenly Emperor and Yun Qingshu as the Great Emperor, using their powers in a heated battle in the child world, of course, Yun Xianxian's small child world would be affected.

At this moment, Yun Xianxian wanted to kick this shameless couple out. She didn't care what they were doing, but using powers so recklessly made the natives in her child world think their Mother Goddess was angry.

Seeing the increasing turbulence in the child world, Yun Xianxian couldn't tolerate it any longer. She directly entered Yun Qingshu's bedchamber and wanted to send them to the Daxia Dynasty to continue their business.

Just as Yun Xianxian entered Yun Qingshu's bedchamber, she suddenly heard a scream from Yun Qingshu, and Yun Xianxian looked at the two before her with a strange expression.

At the same time, Lu Chen finally heard a familiar voice.

“Congratulations to the host for helping wife and concubine Yun Qingshu to conceive an offspring, awarding the Heavenly Rank Immortal Technique: Divine Light Thousand Lamp Scripture.”

Hearing the system prompt, Lu Chen was slightly surprised. He hadn't expected the system to reward him with a Heavenly Rank Immortal Technique right away.

It's worth noting that when he became an Immortal King, he still hadn't received a Heavenly Rank Immortal Technique. The cultivation resources of the Tianxia Immortal Dynasty were extremely scarce. The only Heavenly Rank Immortal Technique was in his father's hands, and his father had guarded against him, never passing it down to him.

Until he left the Tianyan Immortal Domain and entered the Chaotic Sea, he was still using Earth Rank Immortal Techniques.

Lu Chen didn't immediately claim the reward. He gazed down at the nearly lifeless Yun Qingshu beneath him, smiling as he said, “Qingshu, congratulations, your wish has been fulfilled.”

Chapter 1572: Chapter 1262: Farewell

Hearing Lu Chen's words, Yun Qingshu was a bit incredulous. She tentatively asked, "Are you referring to the matter of the child?"

Lu Chen gave a slight "hmm" in response.

After receiving a positive reply from Lu Chen, Yun Qingshu fainted straight away, unsure whether it was the overwhelming joy from hearing this news or sheer exhaustion.

Seeing Yun Qingshu faint right away, Yun Xianxian coldly said, "Even if you brought her back as a captive, she has been with you for so many years. You really don't know how to cherish a beauty."

Lu Chen said with a smile, "She's already at the Emperor Realm, she can take this little bit of strength. How about Xian'er also gives me a child?"

Yun Xianxian quickly said, “No, I am her secondary body. If she has a child, that means I have a child.”

Lu Chen said, “You two have already separated. She is she, and you are you. Have one.”

Yun Xianxian rolled her eyes at Lu Chen and chose not to continue this topic with him, instead asking, “When do you plan to go to the Tianyan Immortal Domain?”

Upon hearing Yun Xianxian’s words, Lu Chen finally realized he had delayed enough. It was time to leave.

He then stood up and said, “Indeed, I should be going.”

Immediately after, he sent a message to his wives and concubines, instructing them to all go to the Heavenly Emperor Palace of the Great Sum Empire as he was about to leave and wanted to say goodbye.

Upon hearing that Lu Chen was leaving, all his wives and concubines immediately headed to the Heavenly Emperor Palace, as they had transmission arrays that could take them there directly from their residences.

In just a moment, all the women gathered at the Heavenly Emperor Palace.

Lu Chen bent down, carrying the fainted Yun Qingshu to the Heavenly Emperor Palace directly.

Seeing Yun Qingshu in Lu Chen's arms, all the women looked at Lu Chen strangely. Their darling was impeccable in every way; he just never stopped causing trouble.

After settling Yun Qingshu on a soft couch in the Heavenly Emperor Palace, Lu Chen immediately created countless Emperor Realm physical bodies. In the next moment, each of his wives and concubines had a version of him standing before them.

Lu Chen smiled and said, "My dear wives, I'm preparing to go to the Tianyan Immortal Domain, don't miss me too much."

Hearing Lu Chen's words, Empress Tianhong coldly responded, "You can leave right now; no one will miss you."

Empress Tianhong was a secondary body of Lie Hongyun. Her experiences alongside Lu Chen were somewhat similar to Yun Qingshu's, having been defeated by Lu Chen during battle and essentially forced to accompany him. Ultimately, she stayed with him for eons, even choosing to follow him into the Chaotic Sea.

However, she never showed any friendly demeanor to the troublemaker. After being brought back by him, she constantly found herself at odds with him, disliking many of the things he did despite eventually falling for him.

Upon hearing Lie Hongyun's words, the Lu Chen next to Empress Tianhong immediately wrapped his arms around her soft waist and whispered in her ear, "Honghong, you're as sharp-tongued and soft-hearted as ever. I know you can't bear to be without me."

Empress Tianhong emitted power of slaughter and coldly said, "You're just deluding yourself."

Lu Chen chuckled softly, then promptly pinned Empress Tianhong onto the Heavenly Emperor Palace's massive bed, "It seems Honghong has been quite irritable lately. Let me help soothe your temper before I leave."

The Heavenly Emperor Palace soon echoed with a slat sound. Everyone was used to such occurrences and merely ignored it.

Being humiliated by Lu Chen in front of everyone made Empress Tianhong feel angered. Yet, she wasn't his match and could only endure the fury passively.

Of course, some kept a cold demeanor, while others showed their unwillingness to part with Lu Chen.

People like Mu Zixuan, Chu Yuqin, and Xiaozhou and Dazhou, were now holding onto Lu Chen, kissing him.

Lu Chen had gathered them all here to say goodbye. Since it was a farewell, a ceremony was necessary.

Then, Lu Chen earnestly bid farewell to his wives and concubines.

This final goodbye spanned an entire year.

Originally, Lu Chen planned to stay in this gentle embrace for just a month, but his wives and concubines couldn't let him leave.

Later, he changed his mind to spend half a year with them, and even then, some didn't want him to leave.

Lu Chen had also asked the system if he could still be with his wives through a clone after returning to the Tianyan Immortal Domain. The system replied that the Chaotic Sea could isolate all power, including Divine Soul power.

His connection with his clones depended on Divine Soul power. The Chaotic Sea could sever all power, effectively stopping this possibility for Lu Chen.

Ultimately, Lu Chen spent another half year with his wives and concubines, making it an entire year elapsed without noticing.

At this moment, Lu Chen spoke up, "My dear wives, I'm really leaving now."

Upon hearing Lu Chen's words, this time, no one tried to hold him back. They understood that his departure was for their future, a necessity.

They regretted being unable to go with him, to face things together.

As Lu Chen returned to the Tianyan Immortal Domain, it would certainly be a life-or-death situation. The major factions of the Tianyan Immortal Domain could not tolerate Lu Chen's miraculous existence. Once they knew of his return, they would surely unite again to attack him.

Lu Chen also noticed the concern in his wives and concubines' eyes and reassured them, "Don't worry, I will prioritize my life above all else this time. I won't act too boldly."

“Once I find a way across the Chaotic Sea, I’ll bring you back with me.”

With that, Lu Chen asked the system in his mind, “System, will I be able to find this place again at that time?”

The Chaotic Sea was endless and disorienting. Once entered, one could easily lose all sense of direction. Lu Chen was worried that after returning to the Tianyan Immortal Domain, he would lose his way back here.

The system replied immediately, “When the host uses the Cross-border Stone, it will leave a mark on the spot. Once the host becomes powerful enough to reactivate the Cross-border Stone, the host can instantly return here.”

Relieved by the system’s answer, Lu Chen relaxed. Knowing he could come back easily alleviated his biggest fear of never returning after leaving.

At this moment, Lu Chen’s wives and concubines were shedding tears of reluctance, fearing that this might be the last time they saw Lu Chen.

Seeing their longing gazes, Lu Chen let out a deep sigh. He was reluctant to leave them, but for their future, he had to grow stronger.

Determined, Lu Chen then retrieved the Boundary Breaking Stone from the System Space, worried that if he stayed any longer, he would be even more reluctant to leave.

Under the gaze of the women, he infused his power into the Boundary Breaking Stone. As his power entered the stone, a scene immediately appeared in his mind.

Above the endless black sea, a continent radiating a myriad of colors floated. Lu Chen immediately recognized it as the Tianyan Immortal Domain.

Having children earns benefit, start competing for dominance in the world by marrying a wife

At this moment, Lu Chen discovered that he could move his view up, down, left, and right, as if he were in a godlike perspective.

Lu Chen then zoomed in on the Tianyan Immortal Domain and chose the direction where White Feather City was located.

White Feather City was where he parted ways with his old comrades. Although he didn't know if they were still alive, Lu Chen was still prepared to take a look.

Immediately afterwards, Lu Chen poured all of his power into the Boundary Breaking Stone, and in the next moment, his body vanished on the spot.

Seeing Lu Chen disappear, some of his wives and concubines began to cry loudly again. At this moment, Yun Qingshu's voice echoed in the hall, "He's not dead, why are you crying?"

Hearing Yun Qingshu's words, the group of wives and concubines thought about it and found it reasonable. Feeling this way now, it was like mourning someone, which was too inauspicious.

They were all Great Emperors now, maybe after they went into seclusion, Lu Chen could have returned by the time they closed their eyes and opened them again.

For a Great Emperor, going into seclusion takes tens of thousands of years, so the time isn't particularly long for them.

Thinking of this, the women felt a lot better at heart.

At this very moment, in White Feather City.

A woman in a white long dress, exuding an Immortal Aura, appeared on the city wall of White Feather City.

Seeing the woman standing on the city walls, the commander of White Feather City's guard hurried over and said, "I don't know what brings the senior to White Feather City?"

The pressure emanating from this white-clad woman was extremely strong, and all the Immortals in White Feather City could feel her presence. It was clear that this woman was not someone they in White Feather City could provoke.

The white-haired woman did not answer the guard commander's question; she merely looked towards the distant Chaotic Sea, as if reminiscing about something.

Seeing that the woman was ignoring him, the guard commander didn't know what else to say, so he quickly signaled with his eyes to the soldier beside him to notify the City Lord.

In the City Lord's Mansion of White Feather City.

Lu Zhengze and Liao Xiaoshuang looked worriedly at the distant city wall. There was no need for the soldiers to report deliberately; they already knew of the woman's presence.

The woman's pressure was too overwhelming, though she had already restrained herself, her aura was still very distinct. As soon as she arrived, the temperature of the entire White Feather City dropped by dozens of degrees, and the water barrels in every household in White Feather City had frozen.

Lu Zhengze said, "This woman is probably an Immortal King Realm powerhouse."

The aura of the woman on the city wall could only be felt from their King before, clearly indicating that only an Immortal King could emit such pressure.

Upon hearing Lu Zhengze's words, Liao Xiaoshuang became even more worried. Why would an Immortal King come to such a remote place like White Feather City?

Could it be that they had been discovered?

Liao Xiaoshuang said worriedly at this time, "Could it be that those people found out that we were old subordinates of Chen King, and specially sent someone to eliminate us?"

Lu Zhengze embraced Liao Xiaoshuang, patted her shoulder, and comforted her by saying, "You are overthinking, my lady. It's been more than ten billion years, and those people back then have been in seclusion. Some of them might have forgotten

about this matter. How could they specially send someone to clear out us, the remnants of Chen King?"

Liao Xiaoshuang thought for a moment, feeling that there was some sense in what he said, but her eyes still showed some anxiety.

At this moment, Lu Zhengze said, "You wait at home, my lady. I'll go inquire about that senior's purpose here in White Feather City."

Hearing this, Liao Xiaoshuang immediately grabbed Lu Zhengze's hand, not allowing him to leave.

That was a being suspected to be an Immortal King, if she really was here to kill them, wouldn't Lu Zhengze be courting death by going over?

Lu Zhengze patted Liao Xiaoshuang's hand, then said, "Don't worry, it will be fine. If she really wanted to kill us, the whole White Feather City would disappear with just one move from her and we wouldn't be able to escape."

"Since she hasn't made a move yet, it proves she isn't here for us. As the City Lord of White Feather City, if I don't meet with her, it could instead provoke her."

Liao Xiaoshuang hesitated for a moment but ultimately chose to let go of Lu Zhengze's hand. Lu Zhengze then went to the city wall and bowed respectfully to the woman, saying, "White Feather City Lord Lu Zhengze greets the senior. I wonder if the senior has anything that requires our assistance?"

The white-clothed woman still did not speak. Her gaze remained on the endless Chaotic Sea in the distance. Seeing the woman not speaking, Lu Zhengze said once again, "If the senior requires anything from us, feel free to notify us at any time."

After saying this, Lu Zhengze was preparing to turn and leave. However, at this moment, the white-clothed woman said coldly, "Are you one of that person's former subordinates?"

Hearing this question, Lu Zhengze suddenly felt as if he had fallen into an ice cave. He had thought that over ten billion years had passed, and the outside world wouldn't have anyone who still knew about that matter.

Even their few tens of thousands of people have dwindled to just over two hundred today, so how could anyone outside still remember Chen King? Perhaps in those people's eyes, Chen King had long been dead in the Chaotic Sea.

Lu Zhengze was sweating coldly at this moment. He tried hard to calm his inner emotions, "What is the senior talking about? I don't understand what you mean."

As soon as Lu Zhengze finished speaking, the pressure from the white-clothed woman's body suddenly released, and the pressure from an Immortal King forced Lu Zhengze to kneel on the ground instantly.

The woman continued, "I am the Hall Master of the Mysterious Moon Palace. You think I don't know anything when that person abducted my sister?"

Upon hearing this, Lu Zhengze felt completely chilled to the bone. He thought, no wonder there were still people who remembered them, former subordinates of Chen King.

Although he hadn't heard of the Mysterious Moon Palace, he had heard of the Mysterious Moon Temple. The Mysterious Moon Temple was a Super Force on the Tianyan Immortal Domain. Given how similar the names Mysterious Moon Temple and Mysterious Moon Palace were, it was apparent there was a connection, and indeed one of Chen King's wives did come from the Mysterious Moon Temple.

Being someone around Lu Chen, and also a member of Lu Chen's clan, Lu Zhengze naturally knew what kind of person Lu Chen was.

Lu Chen was charming and had lured many women, and those women would eventually be utterly devoted to him. But even if those women were willing to follow Lu Chen, the forces behind those women might not be willing.

Lu Zhengze sighed deeply, then said, "I was indeed a former subordinate of Chen King. The senior can do as they please, but I just hope the senior can spare my wife and the people of White Feather City."

"Most people in White Feather City have nothing to do with Chen King."

Seeing Lu Zhengze admit it, the white-clothed woman instead restrained her pressure.

The woman then said, "I won't kill you, leave now."

Lu Zhengze was stunned for a moment, then quickly got up from the ground and said, "Thank you, senior!"

Immediately, Lu Zhengze hurriedly left the city wall and quickly returned to the City Lord's Mansion.

As soon as he returned to the City Lord's Mansion, Liao Xiaoshuang immediately came to Lu Zhengze and embraced him, saying, "Darling, I thought I'd never see you again."

What happened just now on the city wall, Liao Xiaoshuang also saw, after all, being a Heavenly Immortal Realm Immortal, they can actively sense everything happening in White Feather City.

Liao Xiaoshuang thought the white-haired woman was going to kill Lu Zhengze and was all set to go down with Lu Zhengze.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1574: Chapter 1264: Return to Tianyan Immortal Domain

Lu Zhengze patted Liao Xiaoshuang's back and comforted her, saying, "It's okay, it's okay, that woman should be from Mysterious Moon Palace, she's the sister of one of the King's wives or concubines."

Hearing this, Liao Xiaoshuang asked in confusion, "The sister of one of the King's wives or concubines?"

Lu Zhengze continued, "Yes, it's very likely she's here to find her sister."

After hearing Lu Zhengze's words, Liao Xiaoshuang felt slightly relieved, as long as she wasn't here to cause trouble, it's fine. But to come looking for her sister after more than a billion years had passed, how could she possibly find her?

Perhaps this woman thinks her sister has already perished in the Chaotic Sea, and she has come here to cherish her memory.

But no matter the reason this woman came here, as long as she doesn't make a move against them, let her do what she wants.

Eventually, the white-haired woman stood on the rampart for a while and then came down from the city wall and found an inn to stay at. Lu Zhengze hurriedly sent someone to inform the shopkeeper of the inn that all expenses of the white-haired woman would be covered by the City Lord's Mansion.

The inn's shopkeeper was no fool, he too could sense the woman's powerful presence and arranged the best food and accommodations for her, no matter what.

The white-haired woman stayed for several months, consuming meals daily, behaving not at all like an Immortal, even less like an Immortal King.

Occasionally, the white-haired woman would go to the tower to gaze at the Chaotic Sea, seemingly waiting for her sister to return.

One night.

A bright meteor streaked across the sky.

For people in the Tianyan Immortal Domain, this was a common sight, when a meteor passed by, it either meant an Immortal had fallen or someone was fleeing after losing a battle.

However, this meteor directly crashed into the City Lord's Mansion, Lu Zhengze, who was preparing to create an heir with his wife, heard the commotion outside, hurriedly got out of bed, thinking someone had angered that white-haired woman.

Lu Zhengze got up, and Liao Xiaoshuang also hastily got up, and they both came to the Training Ground of the City Lord's Mansion, by then the Training Ground was already filled with guards, each with swords in hand, alertly watching the large pit ahead.

Seeing the large pit emitting white fog not far away, Lu Zhengze felt slightly relieved, as long as it wasn't the anger of the white-haired woman.

He then raised his hand, and the white fog inside the pit instantly dissipated, as the white fog faded, Lu Zhengze and Liao Xiaoshuang froze in place.

At this moment, the soldiers of the City Lord's Mansion saw someone in the pit, they became even more wary, thinking this person was here to assassinate their City Lord.

“Who goes there!”

Upon hearing a voice, Lu Chen opened his eyes, taking in the unfamiliar surroundings.

His gaze fell on Lu Zhengze and Liao Xiaoshuang, who both appeared to be middle-aged, with Lu Zhengze's face covered in a long beard.

But at the moment he saw them, Lu Chen seemed to see a young man with a shy demeanor and a twin-tailed girl who spent all her time whining.

Lu Chen tentatively called out, “Xiao Ze? Xiao Shuang?”

Upon hearing Lu Chen's words, the soldiers of the City Lord's Mansion were about to shout, but Lu Zhengze opened his mouth and loudly said, “All of you, stand down! Leave the Training Ground at once!”

Upon hearing Lu Chen's words, the soldiers hurriedly retreated, and left the Training Ground.

Once all the soldiers of the City Lord's Mansion had left, Lu Zhengze and Liao Xiaoshuang cautiously approached Lu Chen, still unable to believe what they were seeing was real.

Although Lu Chen's cultivation state had obviously become inferior to theirs, Lu Chen's appearance and voice hardly changed at all, they instantly recognized the man before them as the long-awaited Chen King.

With a trembling voice, Lu Zhengze tentatively called out, "Your... Your Majesty?"

Lu Chen replied, "It is I."

Upon receiving Lu Chen's confirmation, Liao Xiaoshuang immediately collapsed, sobbing with her hand over her nose and mouth.

They have been waiting for over ten billion years, from initially tens of thousands of people, now only two hundred remain, thinking Chen King and his wives and concubines must have long perished in the Chaotic Sea, since even the Immortal Emperor couldn't return once entering the Chaotic Sea.

But now, Chen King has actually returned alive!

Although his cultivation state had dropped to the Spirit Immortal Realm, he was alive and returned.

Lu Zhengze then kneeled, “Your Majesty, you... you’re finally back, alive, boo hoo hoo hoo...”

Even Lu Zhengze, a Heavenly Immortal who lived for over ten billion years, couldn’t help but burst into tears at this moment.

Countless years waiting, today has finally yielded results, over ten billion years, their time limit as Heavenly Immortals is near!

Seeing the two of them in tears, Lu Chen felt somewhat ashamed.

He had led thousands into the Chaotic Sea, faced with no choice, he ventured into the Chaotic Sea, his initial thought was if he could find another land similar to Tianyan Immortal Domain within the Chaotic Sea, he would return to bring them over.

But the Chaotic Sea was simply sea, no other habitable land existed.

With a complex expression, Lu Chen asked, “How many years have passed?”

Lu Zhengze calmed his emotions, “Almost nineteen billion years.”

Upon hearing Lu Zhengze’s response, Lu Chen inhaled sharply, nineteen billion years, the lifespan of even a Heavenly Immortal must nearly be at its end.

Lu Chen then used a system to identify Lu Zhengze and Liao Xiaoshuang.

[Name: Lu Zhengze]

[Identity: White Feather City Lord]

[Strength: Heavenly Immortal Realm]

[Loyalty: 100]

...

[Name: Liao Xiaoshuang]

[Identity: Wife of White Feather City Lord]

[Strength: Heavenly Immortal Realm]

[Loyalty: 100]

...

They're now only Heavenly Immortals, meaning their time limit is nearing.

If even the Heavenly Immortals are reaching their time limit, then those tens of thousands he brought might not have much left.

Lu Chen then asked, "Besides you two, are there any others left from those originally with us?"

Lu Zhengze answered, “Your Majesty, of those who came to White Feather City with us, only we two remain.”

“Some chose to leave White Feather City halfway, we cannot ascertain whether they still live.”

Lu Chen sighed and said, “Leaving is good.”

Frankly, over ten billion years, if those people hadn’t left, Lu Chen would feel he failed them.

At this moment, Lu Zhengze noticed Lu Chen was alone, he wanted to ask where were his wives.

But considering Lu Chen’s reduced strength, and none of his wives were by his side, Lu Zhengze thought they might have met tragic ends.

After all, the Chaotic Sea is a forbidden zone, even the Immortal Emperor cannot escape from it, Lu Chen’s wives were weaker than him, considering the severity of Lu Chen’s decline in cultivation, one can imagine the dangers they faced.

At this moment, Lu Zhengze suddenly thought of something and quickly said, “Your Majesty, this is not the place to talk, please follow me.”

As Lu Zhengze finished his words, he hurriedly pulled Liao Xiaoshuang, "Xiaoshuang, get up quickly, don't forget that woman is still here."

Having children earns benefit, start competing for dominance in the world by marrying a wife

Upon hearing Lu Zhengze's words, Liao Xiaoshuang seemed to awaken from a dream. She hurriedly got up from the ground, and with equal urgency, said to Lu Chen, "Your majesty, White Feather City is not safe now."

Lu Chen was taken aback by the reminder from Liao Xiaoshuang.

Not safe?

Could it be that Lu Zhengze and his group have provoked someone?

However, in a place like White Feather City, close to the Chaotic Sea, surely no powerful figures would come here, right? Those in the Heavenly Immortal Realm should be enough to handle most crises.

Could there be someone in White Feather City whose power surpasses even the Heavenly Immortal?

Thinking of this possibility, Lu Chen quickly followed Lu Zhengze and Liao Xiaoshuang to the underground chamber of the City Lord's Mansion, where there was a formation.

As soon as they entered the formation, Lu Zhengze activated it, completely isolating the sounds inside the formation from the outside world.

Once the formation was activated, Lu Zhengze finally spoke, "Your majesty, not long ago, a white-haired woman arrived in White Feather City. That woman has at least the power of an Immortal King. She claimed to be from the Mysterious Moon Palace and said you abducted her sister years ago."

"Although she did not kill us, from her tone, it was clear she harbors resentment towards you. If she learns you've returned, she might very well attack you."

Upon hearing this, Lu Chen was stunned.

Seriously? Have I been missing for over a billion years and yet someone comes seeking revenge?

Mysterious Moon Palace?

I've never heard of this power, only of the Mysterious Moon Palace.

If it's the Mysterious Moon Palace, then the one I abducted is Yun Qingshu.

Since when did Yun Qingshu have a sister? She never mentioned anything about it.

Unexpectedly, returning to the Tianyan Immortal Domain, I encounter such a major problem. I'm currently only a Spirit Immortal, and there's a vast gap of Earth Immortal, Heavenly Immortal, True Immortal, Golden Immortal, Immortal Monarch to Immortal King.

A full six realms away, even if I burn my Divine Soul, I'm unlikely to be a match for that woman.

No, I must leave White Feather City, this place of trouble. I can't encounter an incident right after arriving here.

At this moment, Lu Chen looked at Lu Zhengze and said, "Tell me in detail the state of the Tianyan Immortal Domain these past years."

Before leaving White Feather City, Lu Chen intends to learn about the changes that have occurred throughout the Tianyan Immortal Domain compared to when he was still an Immortal King.

Lu Zhengze then said, "Yes, your majesty."

Subsequently, Lu Zhengze informed Lu Chen about the changes in powers over the billion years in Tianyan Immortal Domain, as well as some major events that have occurred recently.

After hearing about the situation in the Tianyan Immortal Domain over the years, Lu Chen frowned, realizing the situation was precisely as the System described.

Lu Chen then asked, "Haven't those Immortal Dynasties investigated why procreation has become difficult?"

Lu Zhengze replied, "All major powers have looked into this issue, but none have obtained a definite answer. At present, the solution for all the Immortal Dynasties is to let mortals reproduce, then nurture their children, providing them with more cultivation resources to help those mortals become Immortals, thereby increasing the number of Immortals in the dynasties."

At this point, Lu Zhengze sighed and continued, "Even allowing mortals to reproduce, most mortals are unable to have offspring, and many mortal cities have gradually disappeared due to population decline."

Upon hearing Lu Zhengze's words, Lu Chen thought to himself, if even mortals find it so hard to procreate, wouldn't it be difficult for me to have children?

His system is the System of Lots of Sons and Lots of Blessings, making the difficulty of earning rewards much higher.

Oh well, take it step by step; fortunately, before leaving his wives and consorts, he helped Yun Qingshu become pregnant with a child, earning the Heavenly Rank Immortal Technique, Divine Light Thousand Lamp Scripture.

He previously had no Heavenly Rank Immortal Technique, yet, with his innate talents, he was able to become an Immortal King. Now he has regained all his memories from when he was an Immortal King; regaining his strength and returning to the Immortal King Realm shouldn't be overly difficult.

However, the immediate matter is to leave this place at once; if that white-haired woman finds out, he might die before becoming an Immortal King.

Thinking of this, Lu Chen said to Lu Zhengze and Liao Xiaoshuang, "Prepare yourselves; in a few days, we'll leave White Feather City together."

Lu Zhengze and Liao Xiaoshuang are his old subordinates; since he's leaving, there's no way he could leave them here alone. They've waited here for billions of years; they must not be left waiting again.

Upon hearing Lu Chen's words, Lu Zhengze hesitated for a moment before saying, "Your majesty, if we all leave now, it might draw that woman's attention."

"You could leave first; after finding a place to settle, send us a letter, and we'll come over then."

The white-haired woman knows they are Chen King's old subordinates. Although within common belief, Chen King and his wives and consorts have perished in the Chaotic Sea, if the white-haired woman believes Chen King is still alive, she will surely focus particularly on the whereabouts of his old subordinates.

If she sees signs of their departure, she might become suspicious. This is, of course, the worst-case scenario.

But for Lu Chen's safety, Lu Zhengze has no choice but to take precautions, even if the chances are minimal; they must consider this possibility.

Lu Chen thought for a moment and then said, "That could work; I will leave White Feather City tonight."

Upon hearing this, Lu Zhengze immediately took out a map from his space ring and said to Lu Chen, "Your majesty, this is the map reflecting the changes in powers over the years in Tianyan Immortal Domain."

Lu Chen took the map from Lu Zhengze, glanced at the distribution of powers on it, and ultimately decided to first head to Qingyun City, the closest city to White Feather City. He plans to elude the white-haired woman, and deal with future matters later.

Lu Chen then put away the map and said, "I'll go to Qingyun City first; you two continue to monitor the white-haired woman. Inform me immediately if she makes any moves."

Lu Zhengze said, "Yes, your majesty."

At this time, Lu Zhengze produced another space ring, "Your majesty, this contains the cultivation resources and Spirit Crystals we've accumulated over billions of years."

Seeing the space ring in Lu Zhengze's hand, Lu Chen hesitated. After all, having kept his subordinates waiting for billions of years, and now asking them for resources, he felt a bit embarrassed.

Yet, ultimately, Lu Chen took the space ring from Lu Zhengze; at present, he lacks cultivation resources, and needs to quickly return to the Immortal King Realm.

Only when he reaches the Immortal King Realm might he be able to help Lu Zhengze and Liao Xiaoshuang break through and overcome their limits.

Now is not the time to be overly sentimental. After taking the space ring from Lu Zhengze, Lu Zhengze deactivated the formation.

Lu Zhengze and Liao Xiaoshuang then escorted Lu Chen to the Training Ground within the City Lord's Mansion. Lu Chen said, "Alright, this is it; I'll contact you immediately upon reaching Qingyun City."

He was about to leave when suddenly, a terrifying pressure descended.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Feeling the terrifying pressure, Lu Zhengze and Liao Xiaoshuang's faces instantly turned pale.

The moment this pressure descended, the surrounding space was also sealed. At this point, their mighty king couldn't escape even if he wanted to. The two immediately stood in front of Lu Chen, acting as if they were protecting him.

The next moment, a white-haired woman clothed in white appeared, stepping through the air.

The woman's appearance was cold and stunningly beautiful, her entire being exuding an immortal aura. A belt cinched her willow waist, accentuating her perfect figure.

Upon seeing this woman, Lu Chen was momentarily distracted; he immediately felt that this woman looked somewhat familiar.

Of course, his sense of familiarity wasn't because he knew this woman, but because she resembled Yun Qingshu greatly.

Lu Chen quickly snapped out of it; this woman must be the white-haired woman Lu Zhengze and Liao Xiaoshuang mentioned, and the elder sister she accused him of abducting was likely Yun Qingshu.

Doomed, the sister-in-law has come for revenge!

Just as Lu Chen was thinking this, the system interface suddenly popped up.

Seeing the introduction of Yun Yudie, Lu Chen was taken aback. A great Qi Fortune?

Himself?

He suddenly thought of something. He had never met Yun Yudie before, and Yun Yudie had probably never seen him either, even if she had, his appearance had changed somewhat over the tens of billions of years.

Unless it was someone like Lu Zhengze or Liao Xiaoshuang, who had been with him for years, they shouldn't be able to recognize him. Thinking of this, Lu Chen devised a plan.

Before Lu Zhengze and Liao Xiaoshuang could say anything, Lu Chen immediately bypassed them, walked to the front, and respectfully saluted Yun Yudie in the sky, saying, "Junior Chen Lu, greets Senior!"

Hearing Lu Chen's words, Lu Zhengze and Liao Xiaoshuang were slightly stunned but quickly realized what Lu Chen intended to do. They, too, bowed in greeting, "Greetings, Senior!"

Yun Yudie glanced at Lu Chen. Upon seeing him, she was briefly dazed. For some reason, she felt this man looked familiar, but she couldn't recall where she had seen him before.

Yun Yudie then sensed Lu Chen's Qi Fortune and found that his was even denser than hers, which immediately made her want to accept him as a disciple.

At this moment, Yun Yudie asked, "Would you be willing to become my direct disciple?"

Hearing Yun Yudie's words, Lu Zhengze and Liao Xiaoshuang had a peculiar expression on their faces. It seems this woman indeed did not know their king and now was even considering taking him in as a direct disciple.

Lu Chen did not agree immediately. After a moment's hesitation, he said, "Senior, I was just about to join White Feather City."

Yun Yudie coldly snorted, and the pressure from her body was instantly released. Lu Zhengze immediately understood Lu Chen's intention and quickly said, "Senior, this person has high talent. If he stays in White Feather City, his talent will surely be wasted. It would be better for him to follow you to the Mysterious Moon Palace."

Continuing, Lu Zhengze pretended to advise Lu Chen, saying, "Chen Lu, the Senior here is the Hall Master of the Mysterious Moon Palace. Taking you as a direct disciple is your great fortune, don't miss such an opportunity."

"Only by following the Senior can you have a better future."

Lu Chen appeared to be in a difficult position, just as Yun Yudie was about to speak and let Lu Chen think it over, Lu Chen suddenly said, "Alright, I am willing to be the disciple of the senior."

Then Lu Chen saluted Yun Yudie, saying, "Honored Master above, your disciple pays respect!"

Yun Yudie was slightly surprised. She originally thought that if Lu Chen was unwilling, she would give him some time to consider, since she planned to stay in White Feather City for a while.

For someone carrying great Qi Fortune, forcibly taking them away would certainly not do, as it might bring some undesirable karma.

However, since he had agreed, there was no problem. Yun Yudie then took out a Space Ring and tossed it to Lu Chen, "This is your apprenticeship gift."

Lu Chen immediately caught the Space Ring thrown by Yun Yudie and used Divine Thought to scan it, discovering countless cultivation resources and spirit crystals within. His heart was filled with joy. With the cultivation resources previously given by Lu Zhengze, coupled with those from Yun Yudie, he could return to the Immortal King Realm in no time.

At this moment, Lu Chen found an Immortal Sword within the Space Ring. Judging by the imposing aura emanating from the sword, it was at least an Earth Rank Immortal Sword.

It must be said, Yun Yudie was indeed generous, directly giving away an Earth Rank Immortal Sword.

Of course, from the name of the Mysterious Moon Palace, one could relate it to the Mysterious Moon Palace, which was vast and wealthy, so taking out an Earth Rank Immortal Sword was not unusual.

Then Yun Yudie continued, telling Lu Chen, "I will stay in White Feather City for a while. During this time, you will cultivate on your own. When I leave, I will come to you."

With the Divine Thought of an Immortal King, it would only take an instant to locate Lu Chen in White Feather City, so Yun Yudie wasn't worried about him disappearing.

Lu Chen said, "Disciples understand."

Yun Yudie then turned and left, and Lu Chen immediately and respectfully said, "Disciple respectfully sees off Honored Master!"

After Yun Yudie left, Lu Chen turned to look at Lu Zhengze and Liao Xiaoshuang. Just as Lu Zhengze was about to shout 'king,' Lu Chen coughed.

"Ahem... I am called Chen Lu."

Understanding this, Lu Zhengze smiled and said, "Congratulations, Chen Lu, on becoming the direct disciple of the esteemed Senior."

"If you need anything in the future, you can always ask the City Lord's Mansion. We will do our best to accommodate."

Lu Chen said, "Since my Honored Master won't be leaving for a while, I will stay in White Feather City for some time. Please arrange a room for me, City Lord Lu."

Lu Zhengze promptly replied, "Alright, I will arrange it immediately."

He then called the butler of the City Lord's Mansion and arranged for Lu Chen to reside in the second largest hall.

In the following days, Lu Chen spent his time cultivating, having not returned to the Tianyan Immortal Domain for a long time, and the rich spiritual energy there made him a bit unaccustomed.

These days, he was just getting familiar with the environment.

Lu Chen also observed that Yun Yudie nearly every day would gaze toward the direction of the Chaotic Sea from the city tower of White Feather City, seemingly reminiscing about Yun Qingshu.

Unable to resist his curiosity, one day Lu Chen also went up to the tower.

Sensing Lu Chen's presence, Yun Yudie asked without turning, "What is it?"

Lu Chen asked, "Disciple is curious, why has Honored Master been gazing at the Chaotic Sea these days?"

Hearing this question, Yun Yudie coldly replied, "Tens of billions of years ago, when I was in seclusion, a wicked thief took my elder sister into the Chaotic Sea."

Chapter 1577: Chapter 1267: I don't know if his body has drifted back to the Tianyan Immortal Domain.

Upon hearing Yun Yudie's tone, Lu Chen felt a chill run down his spine. Clearly, Yun Yudie harbored deep resentment because he took Yun Qingshu away.

It seems that from now on, he mustn't let Yun Yudie know that he was that villain from over a billion years ago.

At this moment, Yun Yudie asked, "Where do you come from?"

Generally, people like Lu Chen who have great Qi Fortune come from some significant power. Yun Yudie was worried that after she accepted Lu Chen as her disciple, she might offend the major power behind him.

At this moment, Lu Chen said, "Disciple is a loose cultivator, having wandered in the Tianyan Immortal Domain for tens of millions of years. I have long forgotten where I came from."

Upon hearing this, Yun Yudie felt a little relieved. If he was a loose cultivator, that would be much easier to handle.

For most loose cultivators, if you treat them a little better, they will develop a strong sense of belonging to the sect.

In today's Tianyan Immortal Domain, loose cultivators don't have it easy, so she believed Lu Chen would soon see the Mysterious Moon Palace as his home after joining.

Yun Yudie then said, “From now on, the Mysterious Moon Palace is your home.”

Upon hearing these words, Lu Chen thought to himself that he thought so too.

Lu Chen then asked, “Honored Master, I once heard of a force called the Mysterious Moon Palace. What is the relationship between the Mysterious Moon Palace and the Mysterious Moon Hall?”

Upon hearing this, Yun Yudie’s face instantly turned cold, and her aura inadvertently emanated.

Lu Chen paused, not knowing why Yun Yudie suddenly got angry.

Just as Lu Chen was about to apologize, Yun Yudie said, “After I finished my seclusion, I heard that my sister was banished from the Mysterious Moon Palace, so I left with some people from the Mysterious Moon Palace and established the current Mysterious Moon Hall.”

Lu Chen said, “I see.”

Yun Yudie's beautiful eyes glanced once more at the boundless Chaotic Sea, then said, "Alright, it's time for us to return to the Mysterious Moon Hall. Tomorrow morning, you shall depart with me."

Lu Chen said, "Yes, Honored Master."

...

Evening.

White Feather City Lord's Mansion.

After hearing that Lu Chen and others were leaving White Feather City tomorrow, Lu Zhengze held a grand banquet to bid them farewell. He also personally invited Yun Yudie, but she did not attend.

Of course, whether Yun Yudie came or not was irrelevant, as the farewell was primarily for Lu Chen.

At the banquet, Lu Zhengze said, "Chen Lu, once you head to the Mysterious Moon Hall, I don't know when we'll meet again."

Lu Chen smiled faintly and then said, “Once I reach the Mysterious Moon Hall, I’ll write to you. In the future, if I have the time, I will return to White Feather City for a visit.”

Lu Zhengze and Liao Xiaoshuang were his old subordinates, after all. Besides, their end was near, and they had waited more than a billion years to see him return. He couldn’t just abandon them.

Hearing Lu Chen’s words, Lu Zhengze felt slightly relieved. His greatest fear was that once Lu Chen left, he would never return to White Feather City, leaving them behind.

After all, to Lu Chen, these few people held little value.

If they had hundreds of thousands more people, they might be of some help to Lu Chen, but the current two hundred or so people, plus White Feather City, which had almost no population, held no value to him. It would be normal for him to abandon them.

Lu Chen continued, “City Lord Lu, White Feather City has become rather desolate. After I leave, try to gather more mortals and develop White Feather City.”

Hearing these words, Lu Zhengze immediately understood Lu Chen's intention. Lu Chen wanted to use White Feather City as the starting point for his return to the Tianyan Immortal Domain. Lu Zhengze happily said, "Please rest assured, Brother Chen Lu. The next time you return, you'll find a prosperous White Feather City."

Although the population of the Tianyan Immortal Domain was dwindling, given the desire for development, White Feather City could still grow.

Initially, Lu Zhengze thought Lu Chen had died in the Chaotic Sea. After all, they had waited over a billion years without seeing his return, and his end was near, so he lost the desire to maintain White Feather City, which led to the departure of most of its population.

Now that Chen King planned to use White Feather City as his return's starting point, as his old subordinate, Lu Zhengze naturally had to revive White Feather City to support Chen King in rising again.

Meanwhile.

In the Tianxia Immortal Dynasty.

In a place nestled next to mountains and rivers, the area was enveloped in mist, with pavilions faintly visible among the mountains, creating an enchanting scene.

At the mountain's peak sat a "middle-aged" man in a white robe in a pavilion. The man seemed only about forty or fifty years old. Of course, in the Tianyan Immortal Domain, one couldn't judge a person's age by their appearance.

The man's real age was over a billion years. At this moment, a servant approached him respectfully and said, "Great King, good news!"

Upon hearing the servant's words, the white-robed man picked up the teacup before him, took a sip, and then asked indifferently, "Is that old fellow about to fail?"

Upon hearing this, the servant immediately said, "As expected of the Great King, you have the capital city's every move under your control!"

"It's rumored that Your Majesty failed a breakthrough attempt, and Death Qi now surrounds him. He likely doesn't have much time left."

Lu Jingfu chuckled softly and then murmured to himself, "What's wrong with being an Immortal King? Why risk your life for a breakthrough?"

"If you hadn't chosen to try, you might have lived several million more years."

At this time, the servant spoke from the side, “Congratulations to the Great King! Once Your Majesty passes on, you’ll be the new ruler of the Tianxia Immortal Dynasty!”

Lu Jingfu said, “That may not be certain. My brothers and sisters are no easy opponents.”

The servant flattered, “Back then, the Chen King was in his prime, yet you eliminated him with a mere ploy. I believe none of those will be a match for you, Great King.”

Hearing the servant mention Chen King, Lu Jingfu’s lips curved slightly upward, and then he asked, “Hasn’t it been 1.5 billion years since Lu Chen entered the Chaotic Sea?”

The servant respectfully replied, “Yes, Great King.”

Lu Jingfu said, “I wonder if his corpse has drifted back to the Tianyan Immortal Domain.”

“I’d love for him to witness the day I become the Tianxia Immortal Dynasty Master.”

Back then, to eliminate Lu Chen, he allied with those Super Forces and the Immortal Dynasty externally, greatly exaggerating the threat Lu Chen would pose as he grew. Internally, he consistently sowed discord between their father and Lu Chen, fabricating stories of rebellion, which led to the major Super Forces besieging Lu Chen together, ultimately driving him into the Chaotic Sea to self-destruction.

In people's eyes, no one could withstand the Chaotic Sea's erosion. Even an Immortal Emperor couldn't emerge after entering the Chaotic Sea, let alone Lu Chen, who was merely an Immortal King. Hence, after Lu Chen entered the Chaotic Sea, they all considered him dead.

Thinking about having eliminated Lu Chen as a tremendous threat brought Lu Jingfu immense satisfaction.

At this moment, Lu Jingfu stood up and said, "To seize that position, relying solely on my current power isn't enough. I still need the support of an Immortal King."

"Immediately send a visiting card to the Mysterious Moon Palace. Next month, I shall visit the Hall Master of the Mysterious Moon Hall."

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1578: Chapter 1268 Ye Chuyao

At the banquet, Lu Chen explained everything that needed to be explained. Early the next morning, while he was still cultivating, he felt a cold immortal power spreading into his room.

Realizing it was Yun Yudie, Lu Chen immediately ended his cultivation and came out of the room.

Yun Yudie took a look at Lu Chen and found that his aura was much stronger than yesterday, hinting at signs of another breakthrough.

Yun Yudie was amazed internally. As expected of a Great Qi Fortune, when she first met him, his aura was still very unstable, clearly having just broken through. She didn't expect him to be on the verge of another breakthrough so soon.

Lu Chen said, "Honored Master, your disciple is ready."

Yun Yudie didn't speak; she raised her hand and an Immortal Ship, larger than the City Lord's Mansion, appeared above White Feather City.

Yun Yudie then flew onto the Immortal Ship, and Lu Chen hurriedly followed.

After boarding the Immortal Ship, Yun Yudie stood at the bow, looking ahead. Her long white dress and silver-white hair flowed in the wind.

Seeing Yun Yudie's back, Lu Chen thought of Yun Xianxian, reminiscing about the days spent entwined with Yun Xianxian. His blood surged for a moment, and he quickly circulated his spiritual power to restrain the unrest in his body.

At this moment, Yun Yudie spoke, "Chen Lu, the Mysterious Moon Palace is female-oriented. Once you enter, you must prioritize cultivation and avoid romantic entanglements, or I will not hesitate to expel you from the Mysterious Moon Palace."

Hearing Yun Yudie's warning, Lu Chen immediately said, "Yes, Honored Master, I will remember your teachings!"

Yun Yudie then asked, "What is the current immortal law you are mainly cultivating?"

Lu Chen thought for a moment and eventually answered with a low-tier immortal law from his past life.

“Honored Master, the immortal law I am cultivating is a Yellow-Tier immortal law called the Falling Star Heart Method.”

Hearing Lu Chen’s response, Yun Yudie said, “Since you are my disciple, the rank of the immortal law you cultivate cannot be too low. Take this Earth Rank immortal law and cultivate it from today onwards.”

As Yun Yudie finished speaking, a Jade Scroll appeared in her hand, and without turning back, she tossed it to Lu Chen.

After receiving the Jade Scroll, Lu Chen immediately said, “Thank you, Honored Master, for bestowing this immortal law upon your disciple!”

Yun Yudie said indifferently, “There’s still some time before returning to the Mysterious Moon Palace. During this time, find a room on the Immortal Ship and focus on cultivating.”

Lu Chen said, “Yes, Honored Master.”

“Disciple takes his leave!”

With those words, Lu Chen turned and entered the cabin of the Immortal Ship, casually finding a room to sit and cultivate.

Mysterious Moon Palace.

The Mysterious Moon Palace floats high in the air, governing hundreds of thousands of large cities below.

The location of the Mysterious Moon Palace was originally a place with thin spiritual energy, unnoticed by any of the immortal dynasties. It was a chaotic, lawless area in the Tianyan Immortal Domain.

After Yun Yudie led some disciples of the Mysterious Moon Palace to independence, she subdued all the forces in this chaotic area with the disciples of the Mysterious Moon Palace, eventually claiming it as their territory.

At the gate of the Mysterious Moon Palace, a woman in a green mid-length dress gazed into the distance. The woman was extremely beautiful, with a graceful figure, the dress only covering her knees, revealing her long jade-like legs.

The woman muttered to herself, “Where has Honored Master been these days? Why can’t I ever see her?”

Ye Chuyao recently encountered some problems in her cultivation and wanted to seek guidance from her Honored Master, but after visiting all the places in the Mysterious Moon Palace, she didn’t find any trace of her Honored Master.

Originally, Ye Chuyao planned to wait for her Honored Master to return before speaking.

But yesterday, King Guangren of the Tianxia Immortal Dynasty sent someone to deliver an invitation, intending to visit the Mysterious Moon Palace, forcing Ye Chuyao to seek her Honored Master again. Afterward, she asked the elders of the Mysterious Moon Palace, who only said that her Honored Master had left the palace and did not know where she went.

This puzzled Ye Chuyao. In the past, whenever her Honored Master left the Mysterious Moon Palace, she would always inform her and explain some matters. Why this time, she left without a word and didn't mention where she was going?

Ye Chuyao looked into the distance again, not knowing where to find her Honored Master. After some thought, she went to the courtyard where King Guangren's envoy was temporarily staying.

Seeing Ye Chuyao arrive, the maid from the Prince's Mansion who delivered the invitation immediately greeted her respectfully, "Greetings, madam! Has the Master of the Mysterious Moon Palace agreed?"

Ye Chuyao said, "My Honored Master is currently not in the Mysterious Moon Palace. The elders said she went out and probably won't return soon. Please convey to King Guangren that when my Honored Master returns, I will send someone to inform you."

Hearing this, the maid from King Guangren's mansion was briefly taken aback, but she quickly responded, "Then I must trouble you, madam!"

The maid from King Guangren's mansion did not think Ye Chuyao was deceiving her, as the Master of the Mysterious Moon Palace is an Immortal King of a sect power. If she did not want to see them, she could simply refuse without the need to concoct an excuse.

Since Ye Chuyao said Yun Yudie wasn't there, it was likely true, and if she wasn't there, all the maid could do was return and report.

Soon after, the maid from King Guangren's mansion tidied up and left the Mysterious Moon Palace.

Not long after the maid from King Guangren's mansion departed, a luxurious Immortal Ship appeared near the Mysterious Moon Palace. Sensing Yun Yudie's ship, Ye Chuyao immediately went to the palace gate.

In a moment, the Immortal Ship docked at the Mysterious Moon Palace's gate, and Yun Yudie disembarked.

Seeing her Honored Master, Ye Chuyao hurried forward, “Honored Master, earlier King Guangren of the Tianxia Immortal Dynasty sent a messenger to deliver an invitation, wishing to visit the Mysterious Moon Palace in a month.”

Yun Yudie’s brows furrowed, and a chill emanated from her body, with an imposing aura released from her presence.

Feeling Yun Yudie’s anger, Ye Chuyao was slightly bewildered; she didn’t understand why her Honored Master would be so upset upon hearing the words “King Guangren.”

Yun Yudie coldly said, “Tell the servants from King Guangren’s mansion that I have no time.”

Upon hearing this, Ye Chuyao quickly responded, “I have already sent their people away, telling them you were out and wouldn’t be back soon.”

Yun Yudie was about to say something when Lu Chen disembarked from the Immortal Ship. Seeing someone coming down, Ye Chuyao’s gaze instinctively fell on Lu Chen.

However, upon seeing Lu Chen’s face clearly, Ye Chuyao was completely stunned.

Lu Chen, at the moment he saw Ye Chuyao, was slightly taken aback as well.

Could it be, encountered an old acquaintance?

Is this world so small?

After billions of years, how come I just came back and encountered an old acquaintance?

Isn't this a bit too coincidental?

It should just look alike, Lu Chen quickly used the system to identify Ye Chuyao's identity.

Chapter 1579 - 1269: Don't think I'll fail to recognize you just because you reversed your name!

At the moment Lu Chen saw Ye Chuyao's information, his heart had already died.

He didn't expect to really encounter an old acquaintance.

The woman before him was indeed Ye Chuyao, the maid who was once by Wu Junwan's side.

Ye Chuyao grew up alongside Wu Junwan in the Imperial Palace of the Spirit Martial Immortal Dynasty, like sisters.

Wu Junwan as the Princess of the Spirit Martial Immortal Dynasty was not favored at all, even with her extraordinary talent, she couldn't gain the attention of the Royal Family of the Spirit Martial Immortal Dynasty, simply because her mother's status was humble, being a mortal.

Fortunately, Wu Junwan's talent was extremely high, among all the children of the Martial Emperor, her talent was the best, and her strength was the strongest.

Having faced cold eyes from a young age, Wu Junwan developed a desire for power, she desperately cultivated, just to one day become the next Immortal Dynasty Master of the Spirit Martial Immortal Dynasty.

As a good sister who grew up together with Wu Junwan, Ye Chuyao always supported Wu Junwan's quest to strive for the position of Immortal Dynasty Master of the Spirit Martial Immortal Dynasty, she believed that with Wu Junwan's talent, she would definitely ascend to the throne in the future.

However, one day, a man suddenly broke into Wu Junwan's world, capturing Wu Junwan's heart, from then onward, Wu Junwan lost interest in cultivation and the position of Immortal Dynasty Master no longer mattered to her.

Seeing Wu Junwan's despondent appearance, Ye Chuyao was very anxious, she knew how hard and desperately Wu Junwan used to work for that position, and now she was about to give it up for a man.

Ye Chuyao tried every means possible to awaken Wu Junwan, but ultimately Wu Junwan was taken away by that man, more critically, Wu Junwan was not the only woman in that man's harem.

Moreover, when several Immortal Dynasties attacked that man, he even took Wu Junwan into the Chaotic Sea in a suicide pact!

Watching her former good sister enter the Chaotic Sea, Ye Chuyao once wanted to rush in too, but her strength was too weak back then, she couldn't withstand the erosion of the Chaotic Power.

Ultimately, she could only watch as Wu Junwan's figure disappeared into the Chaotic Sea.

Ye Chuyao attributed all of this to the man's fault, if it weren't for that man, Wu Junwan wouldn't have abandoned the position of Immortal Dynasty Master of the Spirit Martial Immortal Dynasty, Wu Junwan wouldn't have entered the Chaotic Sea to die with that man.

If that man hadn't entered the Chaotic Sea too, she would have skinned him alive.

Even though ten billion years have passed and her hatred for that man has gradually faded, the moment she saw Lu Chen again, she instantly recognized Lu Chen.

Ye Chuyao was about to draw her sword when Lu Chen suddenly smiled and said to Ye Chuyao, "Honored Master, is this Senior Sister? Hello, Senior Sister, I am the new disciple of Honored Master."

Hearing this, Ye Chuyao was momentarily stunned, new disciple?

She regained a bit of clarity at this moment, feeling the aura of the Spirit Immortal Realm on Lu Chen, Ye Chuyao couldn't help but think, is it simply a resemblance?

Yun Yudie also spoke at this moment, "Yaoyao, this is the new direct disciple I accepted, he is your junior disciple, in the future, when I am not around, you need to guide him well, if he doesn't understand anything in cultivation, you must clear it up for him."

But every Immortal King wants to breakthrough to higher realms, Yun Yudie's retreat has become more and more frequent over the billions of years, she is going to White Feather City this time to cherish memories of her sister, then return to retreat.

Although she accepted Lu Chen as a direct disciple, the time she can actually teach Lu Chen isn't much, but fortunately, her other direct disciple is already at the Heavenly Immortal Realm and is about to breakthrough, letting her direct disciple teach Lu Chen is more than sufficient.

Ye Chuyao at this moment tried hard to suppress her emotions, and said with a friendly face, "Ah, it's Junior Brother."

Yun Yudie then said, "I have other matters, Yaoyao, take your junior brother to the Mysterious Moon Palace to familiarize himself with the environment and arrange a residence for him."

Ye Chuyao said, "Yes, Honored Master."

The next moment, Yun Yudie's body vanished on the spot.

After Yun Yudie left, Ye Chuyao glanced again at Lu Chen, no matter how she looked, she felt this junior brother in front of her was that scoundrel.

Ye Chuyao forcibly suppressed her impulse to draw her sword against Lu Chen and said, "Junior Brother, come with me, I'll arrange a residence for you first."

Lu Chen replied with a smile on his face, "Okay, Senior Sister."

Then Lu Chen followed Ye Chuyao to the courtyard where direct disciples lived, on the way to the residence, Ye Chuyao tentatively asked, "Junior Brother, my name is Ye Chuyao, Senior Sister doesn't know your name yet?"

Lu Chen said, "Senior Sister Ye, my surname is Chen, and my name is Chen Lu."

Upon hearing this, Ye Chuyao's footsteps in front instantly stopped.

Chen Lu?

Lu Chen?

In the next moment, Ye Chuyao suddenly turned around, directly drew her sword towards Lu Chen.

Lu Chen showed a panicked expression, "Senior Sister, what are you doing?"

Ye Chuyao gnashing her teeth said, "Scoundrel, don't think that reversing your name makes me not recognize you!"

Saying this, Ye Chuyao prepared to strike at Lu Chen.

Lu Chen quickly said, "Senior Sister, what are you talking about?"

"What scoundrel?"

Ye Chuyao sneered coldly, "Lu Chen, stop pretending, even if your face turns to ashes, I would recognize it!"

When the words fell, Ye Chuyao stabbed her sword forward.

Without saying a word, Lu Chen turned and fled, shouting while running, "Honored Master, help! Senior Sister is going to kill me!"

After all, Yun Yudie is an Immortal King, the entire Mysterious Moon Palace is within her sensing range, he just needs to shout slightly and Yun Yudie will hear.

Sure enough, not long after Lu Chen ran, Yun Yudie's figure suddenly appeared in front of Ye Chuyao, directly pinching Ye Chuyao's sword tip with two fingers.

Yun Yudie coldly glanced at Ye Chuyao, "Yaoyao, what are you doing?"

Ye Chuyao said bitterly, "Honored Master, I have irreconcilable enmity with this scoundrel!"

Upon hearing Ye Chuyao's words, Yun Yudie was slightly stunned.

Scoundrel?

Then she indifferently looked at Lu Chen, Lu Chen quickly said, "Honored Master, I have never met Senior Sister before, she is slandering!"

Ye Chuyao sneered and said, "Lu Chen, dare to do but not take responsibility, right? Ten billion years ago, you were the most famous person in Tianyan Immortal Domain, your reputation, who doesn't know?"

Upon hearing the name "Lu Chen", the Immortal King pressure on Yun Yudie's body was suddenly released, and in an instant, both Ye Chuyao and Lu Chen were pressed down by this pressure, unable to move.

Ye Chuyao didn't know Yun Yudie also had a grudge against Lu Chen, she thought Yun Yudie was angry thinking she was talking nonsense, so she held up against the

pressure and said, "Honored Master... I have seen Lu Chen's appearance, he looks almost identical to Lu Chen, and his name reversed is Lu Chen."

"He used to burn, kill, rob in Tianyan Immortal Domain, seized countless beautiful women and locked them up for his amusement, now approaching you, he surely does not have good intentions, Honored Master, let me kill him now!"

Chapter 1580: Chapter 1270: That person has already died in the Chaotic Sea. This is your junior brother, Chen Lu!

Yun Yudie didn't respond to Ye Chuyao's words. Her gaze coldly fixed on Lu Chen to her right, but she didn't immediately make a move against him. Instead, she asked, "Are you Lu Chen?"

Lu Chen promptly replied, "Honored Master, I am Chen Lu, not Lu Chen."

"Honored Master, if I were really Lu Chen and wanted to disguise my identity, why would I reverse the name? Reversing it would only make it obvious to others."

“Moreover, I wasn’t even born for billions of years. I’ve only heard the name of Immortal King Lu from the historical records.”

Hearing this from Lu Chen, Yun Yudie was silent for a moment. Indeed, if Lu Chen intended to disguise himself, he wouldn’t reverse his name. He would choose something completely unrelated.

Besides, back then, so many people and forces witnessed Lu Chen entering the Chaotic Sea with his wives, and many forces watched from the coast, never seeing him return.

Furthermore, even the Great Emperor who entered the Chaotic Sea couldn’t come out, let alone Lu Chen, who was just an Immortal King. His corpse was likely eroded entirely by the terrifying forces of the Chaotic Sea.

At this thought, Yun Yudie said to Ye Chuyao, “Yaoyao, that person has already perished in the Chaotic Sea. This is your junior brother, Chen Lu!”

Upon hearing Yun Yudie’s words, Ye Chuyao was momentarily stunned.

At this time, Yun Yudie continued, “That person killed my family long ago. If Chen Lu were him, I would’ve eliminated him long ago and wouldn’t bring him to the Mysterious Moon Palace.”

Hearing what Yun Yudie said, Ye Chuyao was once again taken aback. She was surprised that Lu Chen also had a vendetta against her Honored Master.

If that's the case, then is this Chen Lu really not Lu Chen?

It's just that...

They look so alike!

And the name is so suggestive.

Ye Chuyao cautiously said, "Could he be his reincarnation?"

Yun Yudie said, "The Chaotic Sea can annihilate everything, including an Immortal's Divine Soul!"

Yun Yudie's words were straightforward: Lu Chen's Divine Soul had already been extinguished in the Chaotic Sea, making reincarnation impossible. At most, this Chen Lu just bears a resemblance to Lu Chen.

After all, it's been billions of years. It's not strange for someone resembling Lu Chen to appear. Given how vast the Tianyan Immortal Domain is, with its enormous population, it wouldn't be surprising for a thousand lookalikes to exist.

At this point, Yun Yudie withdrew her Immortal King's pressure and said to Ye Chuyao, "Yaoyao, from now on, you must not attack your junior brother again!"

The disciple she accepted had great Qi Fortune, and if the Mysterious Moon Palace mistreated him, once he grew stronger and left, there could be future trouble for the palace.

After hearing Yun Yudie's warning, Ye Chuyao replied dejectedly, "Yes, Honored Master."

Yun Yudie glanced at Lu Chen again and said, "I know you're not him, but I still must warn you not to become a villain like Lu Chen. If one day I find you turning into such a villain, I will purify our house myself!"

Lu Chen immediately bowed and said, "Disciple will remember Honored Master's teachings!"

After Yun Yudie finished speaking, she vanished into thin air again. Once she left, Ye Chuyao continued to stare intently at Lu Chen, as if trying to find some flaw in him.

Lu Chen quickly said, “Senior Sister, Honored Master already said I’m not that Lu Chen, so why do you keep staring at me?”

Ye Chuyao pursed her lips, retracted her Immortal Sword, and said, “Junior Brother, I’m sorry, I mistook you for someone else.”

Lu Chen smiled and said, “It’s alright, Senior Sister. As long as the misunderstanding is cleared up.”

Seeing that Lu Chen had forgiven her, Ye Chuyao took out a Space Ring and said, “Junior Brother, here are a million Spirit Crystals as my apology.”

Lu Chen said, “Senior Sister, there’s no need. I already have enough Spirit Crystals on me to cultivate for a while.”

Ye Chuyao forcefully placed the Space Ring into Lu Chen’s hand, “This is my apology gift. You must accept it.”

Seeing how insistent Ye Chuyao was, Lu Chen said, “Then... alright.”

Ye Chuyao continued, “Junior Brother, do you remember where you came from?”

Even though Yun Yudie said Chen Lu wasn't Lu Chen, Ye Chuyao was still a bit unconvinced.

Lu Chen said, “I've traveled in the Tianyan Immortal Domain for millions of years and have long forgotten where I originally came from. But I remember I should be from the north of the Tianyan Immortal Domain.”

Hearing Lu Chen's response, Ye Chuyao slightly furrowed her brows.

The north of the Tianyan Immortal Domain?

The north of Tianyan Immortal Domain is vast, how could she know exactly where he's from?

But then again, not everything he says could be true. Trying to extract more information from him through questioning is unlikely.

Ye Chuyao didn't press further, "Junior Brother, these are the residences for direct disciples. You can choose any unoccupied courtyard."

The residence area for direct disciples is extremely spacious and serene. Each direct disciple has a large courtyard with several servants inside.

Under Ye Chuyao's guidance, Lu Chen chose a bamboo grove courtyard surrounded by serene bamboo, perfect for cultivation.

After choosing his courtyard, Ye Chuyao initiated, "Junior Brother, has Honored Master given you any Cultivating Immortal Technique?"

Lu Chen responded, "Yes, Honored Master gave me an Earth Rank Immortal Law."

Ye Chuyao said, "If you ever encounter anything you don't understand in cultivation, feel free to ask me. I live in the courtyard on the other side of the Green Leaf Forest."

Hearing this, Lu Chen was momentarily taken aback. When he passed by that courtyard earlier, this woman didn't mention it, and now she does. It seems she still doubts him and wants to continuously monitor him.

After regaining his thoughts, Lu Chen smiled and said, "Alright, Senior Sister, I appreciate the help."

Ye Chuyao continued, "Then I won't disturb your rest any longer."

With that, Ye Chuyao turned to leave. Watching her departing figure, Lu Chen fell into contemplation.

His current situation was quite precarious because his power was too weak. Despite the fact that around him there were two women who met the system's requirements, both bore intense grudges against him, making it almost impossible to form a couple with them.

Moreover, this place wasn't the Tianchen World, and there were no Dragon Phoenix Trees here either. Even if he had the Dragon Phoenix Tree leaves, they likely would have no effect on a Heavenly Immortal and an Immortal King.

He realized that, for now, he could only focus on cultivating the Divine Light Thousand Lamp Scripture. He must ensure these two women don't discover that he is Lu Chen.

Without adequate strength, it's best to maintain a low profile.
