Ding Qingfeng at this time asked, "I wonder what the Immortal needs us to do next?"

Sikong Youpeng pondered for a moment. He only wanted to stir up a war between the Mysterious Moon Palace and the Chiyan Sect. As long as the direct disciple of the Hall Master of the Mysterious Moon Palace was killed, it would naturally provoke a war.

However, Sky Wolf City was a bit too close to the Chiyan Sect, and some people from the Chiyan Sect might also be nearby. If he couldn't deal with that person, it might instead attract people from the Chiyan Sect.

If people from the Chiyan Sect were drawn here, his plan would fail.

The people from the Chiyan Sect aren't fools; they won't let her kill the direct disciple of the Hall Master of the Mysterious Moon Palace.

Thinking of this, Sikong Youpeng said, "First, stabilize him temporarily and find a way to lure him to Black Stone Valley."

Ding Qingfeng immediately understood Sikong Youpeng's intention. Sikong Youpeng planned to eliminate that person in Black Stone Valley.

Ding Qingfeng then said, "Yes, Immortal."

As soon as Ding Qingfeng finished speaking, Sikong Youpeng's figure dissipated, and Ding Qingfeng led the heads of the aristocratic families of Sky Wolf City to the city gate to welcome Lu Chen.

At this time, Lu Chen had already entered the city gate. Xiao Xueying transmitted a message to Lu Chen, "Junior Brother Chen, if there's any danger, immediately activate the Hall Master's jade scroll!"

Lu Chen said, "Okay, Senior Sister."

As they entered the city gate, they clearly felt that the soldiers' gazes were off, not at all looking at them as if they were the envoys of the Upper Sect, with no awe in their eyes.

Obviously, Sky Wolf City had indeed betrayed. It was just unknown to what extent they had gone.

Soon, Ding Qingfeng, along with the family heads of Sky Wolf City, arrived before Lu Chen, "We greet the envoy of the Upper Sect!"

Lu Chen glanced over the people present and then used his system to identify them. Seeing their loyalty was zero, Lu Chen sneered internally.

"You may all rise!"

After Ding Qingfeng stood, he smiled and said to Lu Chen, "Lord Envoy, I am Ding Qingfeng, the City Lord of Sky Wolf City. We have long heard of your arrival and have already prepared accommodations for you. Please follow me."

Lu Chen said, "Alright."

Lu Chen thought to himself, he wanted to see what tricks these people were planning. With loyalty at zero, they had obviously all betrayed, just unsure if the Golden Immortal he had met before had arrived in Sky Wolf City ahead of them.

Under Ding Qingfeng's guidance, Lu Chen soon arrived at the Meeting Hall of the City Lord's Mansion. Ding Qingfeng gave the City Lord's seat to Lu Chen and sat on the lower right position.

Ding Qingfeng gestured with his eyes at the mansion's steward, immediately various delicacies were served in the City Lord's Mansion, and a large group of beautiful women was brought in.

"Lord Envoy, these women are all noble ladies from various aristocratic families, all of them pure, ensuring they will serve you comfortably."

Lu Chen glanced at the information of these women and sneered internally. These women were merely from ordinary families.

At this moment, as two women stepped towards Lu Chen, just as they were about to approach, Xiao Xueying couldn't help but speak to stop them, saying, "City Lord Ding, what is your intention? My junior brother is a gentleman, devoted to the Dao. You intend to ruin his path of cultivation by sending women to him?"

As Xiao Xueying spoke, a wave of pressure was released. Ding Qingfeng's expression changed slightly, though he knew the Immortal from the Chiyan Sect might be watching them in the dark. But at this close range, if Xiao Xueying wanted to kill him, the Immortal from the Chiyan Sect might not react in time.

Ding Qingfeng hurriedly said, "Fairy, spare me, it was my oversight."

Hearing Ding Qingfeng's words, the women in the hall quickly left.

Seeing the women leave, Lu Chen finally said, "Alright, the ignorant are blameless."

Ding Qingfeng promptly said, "Thank you, Lord Envoy, for your forgiveness."

Lu Chen then said, "It seems that two family heads are missing?"

"If I remember correctly, there's also the Liu Family and Wang Family in Sky Wolf City, where are the heads of these families?"

Upon hearing this, Ding Qingfeng thought to himself, the Mysterious Moon Palace indeed knew about Sky Wolf City's affairs all along and questioned these two families first. They probably planned to settle accounts with them, fortunately they had already joined the Chiyan Sect.

Ding Qingfeng immediately stepped to the middle of the hall, kneeling there, and said, "Lord Envoy, the Liu Family and Wang Family betrayed the Mysterious Moon Palace and relocated their entire clans to the Chiyan Sect."

Upon hearing this, Lu Chen's face turned black instantly, "The Liu Family, Wang Family have some nerve!"

"Without the Mysterious Moon Palace, they would not have their current status, yet they dared to betray the Mysterious Moon Palace!"

Lu Chen continued to ask, "When did they move out of Sky Wolf City?"

Ding Qingfeng replied, "Returning to Lord Envoy, just recently."

Upon hearing this, Lu Chen's pressure was abruptly released. Instantly, Ding Qingfeng and those family heads couldn't withstand the pressure and directly knelt on the ground.

Lu Chen reprimanded, "Ding Qingfeng! How are you doing as the City Lord!"

"You actually watched them betray Sky Wolf City, betray the Mysterious Moon Palace!"

Ding Qingfeng hurriedly said, "Please spare me, it wasn't that I didn't stop them, the strength of these two families was too formidable, the City Lord's Mansion was no match for them."

"Moreover, they had the Chiyan Sect backing them, there was nothing we could do."

Hearing this, Lu Chen said, "Oh, so you're saying people from the Chiyan Sect have trespassed into Mysterious Moon Palace territory?"

Ding Qingfeng immediately felt a chill down his spine, thinking, could it be the Immortal from the Chiyan Sect has been discovered?

Ding Qingfeng thought of something and immediately said, "Lord Envoy, the thieves of the Chiyan Sect have indeed invaded the Mysterious Moon Palace's territory. They seem to have discovered a spirit vein in Black Stone Valley and want to occupy the whole valley and even bring all Sky Wolf City under Chiyan Sect's rule."

"I ask Lord Envoy to take action to expel those villains from the Chiyan Sect out of Black Stone Valley!"

Upon hearing Ding Qingfeng's words, Lu Chen's lips curled up slightly. So this is where they wanted him, no wonder these people hadn't taken action immediately, they wanted them to go to Black Stone Valley before striking.

Lu Chen then said, "These people from Chiyan Sect are truly bold! I will report the matters of Sky Wolf City to my Honored Master."

Hearing this, Ding Qingfeng was taken aback. After realizing it, he hurriedly said, "Lord, there is no need to trouble the Hall Master with such matters. Although the Immortals of Chiyan Sect are more formidable than us mortals, they are merely some disciples from Chiyan Sect and cannot be a match for Lord Envoy. As long as Lord Envoy acts, they could be driven out of Black Stone Valley."

Lu Chen said, "Is that so, then tomorrow I will head to Black Stone Valley."

Seeing Lu Chen agree, Ding Qingfeng felt relieved. At this time, they must not let the Hall Master of Mysterious Moon Palace know about Sky Wolf City's matters. With her Immortal King strength, reaching Sky Wolf City would be a moment's work. If she came personally, it would be troublesome.

Chapter 1592 - 1282: Those who want to harm me are not necessarily from the Chiyan Sect

After the banquet ended, Lu Chen moved into the courtyard arranged by Ding Qingfeng, with Xiao Xueying and Cao Shiyun also staying in the same courtyard.

The two women went directly to Lu Chen's room and set up a sound insulation array.

Xiao Xueying said, "I suppose the Chiyan Sect has already sent people to ambush us in Black Stone Valley. But why wouldn't they attack us directly in Sky Wolf City? Why bother with the extra step?"

Cao Shiyun said, "Black Stone Valley is about a day's journey from Sky Wolf City. Perhaps the Chiyan Sect doesn't want the Mysterious Moon Palace to find out that they are behind the attack on Lu Chen."

Lu Chen smiled and said, "Although Black Stone Valley is a day's journey from Sky Wolf City, it's still considered to be next to the Chiyan Sect. If anything happens to me, the Mysterious Moon Palace would still think it was the Chiyan Sect."

"So it makes no difference where they attack me. I suspect that they didn't attack in Sky Wolf City because it's too close to the Chiyan Sect. If they fail to eliminate me immediately, it could attract other members of the Chiyan Sect."

Upon hearing this, Cao Shiyun asked puzzled, "Junior Brother, doesn't the Chiyan Sect want to harm you? Why would the people attacking you worry about other Chiyan Sect members coming?"

Lu Chen laughed and said, "Those targeting me may not necessarily be from the Chiyan Sect."

This...

The two women were stunned.

Not from the Chiyan Sect?

The Chiyan Sect and the Mysterious Moon Palace are adjacent, and the Chiyan Sect now controls Sky Wolf City. If not the Chiyan Sect targeting Lu Chen, then who else could it be?

Lu Chen thought to himself, if it weren't for his system that could identify others' identities—even those with hidden identities—he might really have thought it was the Chiyan Sect wanting to harm him.

He recalled seeing that person on the way to Sky Wolf City. That Golden Immortal clearly had two identities; evidently, he was sent by the Blood Eagle Hall to infiltrate the Chiyan Sect. He came to kill me, likely to instigate a war between the Mysterious Moon Palace and the Chiyan Sect, and then reap the benefits.

Such schemes are all too common in the Tianyan Immortal Domain.

Lu Chen continued, "Someone wants to kill me and then instigate a war between the Mysterious Moon Palace and the Chiyan Sect."

Xiao Xueying furrowed her brows and asked seriously, "Junior Brother Chen, how do you know this?"

Lu Chen said, "Do you remember the Golden Immortal we encountered on our way to Sky Wolf City?"

Xiao Xueying said, "I remember, you said he was from the Chiyan Sect."

Lu Chen said, "Officially, he is an Elder of the Chiyan Sect, but he has another identity as an Elder of the Blood Eagle Hall."

The two women exclaimed simultaneously, "Blood Eagle Hall!"

Seeing their surprised reactions, Lu Chen curiously asked, "Judging by your reactions, you must be aware of the Blood Eagle Hall."

Lu Chen hadn't returned to the Tianyan Immortal Domain for billions of years, and the power structure had changed significantly, with some new forces emerging and old ones disappearing. He had never heard of the Blood Eagle Hall.

Cao Shiyun was gazing into Lu Chen's eyes, "Junior Brother Chen, is that person really an Elder of the Blood Eagle Hall?"

Lu Chen said, "Yes, I have a magic treasure that can identify a person's true identity."

"Senior Sister Cao, what kind of force is this Blood Eagle Hall that surprises you so much?"

Cao Shiyun said, "The Blood Eagle Hall is a force that has emerged in the last ten thousand years. It's an evil Immortal Sect with eerie Immortal Laws that can suppress the Immortal Aura within us."

"The Blood Eagle Hall has developed very rapidly. Rumor has it that it now has three Immortal Kings, and one is already attempting to break through to the Immortal Venerate Realm."

Upon hearing this, for some reason, Lu Chen thought of demonic cultivators.

He once practiced the Chaos Demon Slaying Technique inside the Chaos Beast's belly, but he wasn't sure if it would be effective against the Evil Immortals of the Blood Eagle Hall.

Lu Chen then asked in his mind, "System, does the Chaos Demon Slaying Technique I've practiced have a suppressive effect on Evil Immortals?"

The system replied, "It has a certain suppressive effect, but compared with the Chaos Demon Slaying Technique, the Divine Light Thousand Lamp Scripture has a stronger suppression on Evil Immortals."

Lu Chen's mind jolted; it turns out the system had long prepared a countermeasure for him. He couldn't help but wonder if the system could foresee the future.

Xiao Xueying said at this time, "Junior Brother, if that person is indeed an Elder of the Blood Eagle Hall, this matter must be reported."

"The Blood Eagle Hall wants to instigate a war between the Mysterious Moon Palace and the Chiyan Sect, surely to eliminate both of our Immortal Sects while we are weakened."

"The Blood Eagle Hall has been expanding for years and cannot be taken lightly."

Lu Chen said, "Alright, you two should report what's happened here to the Mysterious Moon Palace."

Cao Shiyun then removed the sound insulation barrier and, risking being discovered, took out a sound transmission talisman intending to report Lu Chen's findings to the Mysterious Moon Palace.

But the next moment, Cao Shiyun discovered that her sound transmission talisman had lost its function. Her expression changed, and she quickly told Xiao Xueying and Lu Chen, "Something's wrong, the sound transmission talisman has failed!"

The failure of the sound transmission talisman meant that Sikong Youpeng had set up a great array, rendering the talisman ineffective.

Xiao Xueying said, "What do we do now?"

Lu Chen glanced at Xiao Xueying and Cao Shiyun, then said, "Senior Sister Cao, how about you go back and report this matter to the Elders of the Mysterious Moon Palace personally?"

Xiao Xueying said, "That person is likely watching us from the shadows. If Junior Sister Cao were to leave now, she'd be in danger. That person won't let her go back to report."

Lu Chen said, "This is simple, tomorrow when we head to Black Stone Valley, we'll lure that person out, and then Senior Sister Cao can return to the Mysterious Moon Palace."

Cao Shiyun said, "What about you two?"

"Since the Blood Eagle Hall wants to instigate a war between the Mysterious Moon Palace and the Chiyun Sect, they surely won't let you off."

Lu Chen smiled and said, "Besides the jade scroll, my honored master left me other life-saving treasures, Senior Sister Cao, don't worry."

Cao Shiyun pondered for a moment and said, "Alright then, once I'm outside his formation's range, I'll immediately use a sound transmission talisman to report this matter to the Mysterious Moon Palace."

Lu Chen said, "Alright, let's rest for today."

"Okay." The two women said in unison and then left Lu Chen's room.

Under the cover of night.

A shadowy figure appeared in the City Lord's Mansion study.

Ding Qingfeng respectfully said to Sikong Youpeng, "Immortal, the plan is successful. The emissaries from the Mysterious Moon Palace are preparing to go to Black Stone Valley tomorrow."

Sikong Youpeng said indifferently, "You did well; once the matter is settled, you can join my faction."

Ding Qingfeng, excited, knelt on the ground, continually kowtowing and saying, "Thank you, Immortal!"

Sikong Youpeng then glanced towards the courtyard where Lu Chen was staying, the corners of his mouth rising slightly, revealing a hint of a mysterious smile.

As soon as the direct disciple of the Mysterious Moon Palace's Hall Master is dead, the Mysterious Moon Palace will surely wage war against the Chiyan Sect. It wouldn't be long before these two Immortal Sects disappear.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1593: Chapter 1283: Who are you, how could you possibly know about this?

Tianxia Immortal Dynasty.

King Guangren's fief.

In a pavilion, King Guangren Lu Jingfu sat on a stone bench, playing Go with a man dressed in a red robe.

At this time, the man in the red robe spoke, "I heard that King Guangren is recently planning to ally with the Hall Master of Mysterious Moon Palace, but unfortunately, she doesn't seem interested in you, not even receiving your visiting card."

Hearing this, Lu Jingfu replied indifferently, "After all, she is an Immortal King, a bit of arrogance is normal."

The man in the red robe laughed and said, “King Guangren is good at comforting himself.”

“It’s clear that Mysterious Moon Palace has no intention of supporting you, so why warm up to a cold reception?”

Lu Jingfu said, “Did you come today just to mock me?”

The man in the red robe said, “Of course not.”

“I just wanted to remind King Guangren, with so many Immortal Kings in Tianyan Immortal Domain, why fixate on just one tree?”

Upon hearing this, Lu Jingfu sneered, “Do you really think I’m only seeking the support of one Immortal King?”

Indeed, there are many Immortal Kings in Tianyan Immortal Domain, but he wanted to ally with Mysterious Moon Palace not just for its support, but also to get close to Yun Yudie.

The man in the red robe said, “I see, no wonder King Guangren has sent people to Mysterious Moon Palace repeatedly.”

“However, winning the heart of an Immortal King is not easy.”

“King Guangren is merely a Golden Immortal at present, and not the Immortal Emperor of Tianxia Immortal Dynasty. How could Yun Yudie, an Immortal King, possibly fancy you?”

King Guangren narrowed his eyes, looking coldly at the man in the red robe in front of him, “Are you truly not here to mock me?”

The man in the red robe then said, “When you reach the Immortal King Realm and become the Immortal Emperor of Tianxia Immortal Dynasty, you’ll have any woman you want; why dwell on Yun Yudie?”

“If you really want that position, our Blood Eagle Hall can help you.”

Hearing this, King Guangren was taken aback.

“Blood Eagle Hall? You’re from Blood Eagle Hall?”

The man in the red robe answered, “Yes.”

“Our Blood Eagle Hall has three Immortal Kings. With the support of these three Immortal Kings, attaining that position becomes much easier.”

Upon hearing this, Lu Jingfu was momentarily shocked, then he laughed and said, “What does Blood Eagle Hall want in return for supporting me?”

The man in the red robe said, “We need the Qi Fortune of Tianxia Immortal Dynasty. Once you ascend to that position, establish Blood Eagle Hall as the National Religion.”

The man in the red robe was very straightforward, directly proposing the conditions. Although these conditions seemed detrimental to Tianxia Immortal Dynasty, he knew Lu Jingfu’s personality well – as long as he could become the Immortal Emperor, Lu Jingfu would surely agree to these terms.

Lu Jingfu frowned, his expression becoming extremely solemn. He began weighing the benefits and costs of such a decision.

After a moment, Lu Jingfu finally spoke, “Alright, I can agree.”

Seeing Lu Jingfu agree, the man in the red robe smiled and said, “You’ve made the right choice.”

“Alright, that’s it for today. I must return and report. If you need anything, contact me through the jade pendant I gave you.”

With that said, the man’s figure vanished. After the man left, Lu Jingfu’s face darkened.

Blood Eagle Hall is a force he knows all too well; Blood Eagle Hall is an evil Immortal Sect, cultivating through slaughter and blood energy.

Blood Eagle Hall wants to become the National Religion of Tianxia Immortal Dynasty, likely not just for the dynasty’s Qi Fortune, but also for its mortals.

Though aware of Blood Eagle Hall’s malicious intent, he had no choice but to agree. The other party could choose him or his siblings; if he refused, Blood Eagle Hall would certainly collaborate with others.

Blood Eagle Hall has three Immortal Kings. With their help, any Prince of Tianxia Immortal Dynasty wouldn’t be far from reaching that position.

...

Early morning.

After breakfast, Lu Chen and his company headed to Black Stone Valley.

At this time, Sikong Youpeng was already waiting in Black Stone Valley; as soon as Lu Chen and his group arrived, he could easily deal with them.

He had already scouted Lu Chen and his companions' strength last night: two Heavenly Immortals, one Earth Immortal.

For him, a Golden Immortal, killing the three was easy.

A day later, Lu Chen and his companions arrived at Black Stone Valley, a place full of open-air black stones everywhere. Of course, as someone from Earth, Lu Chen knew these stones were coal, but the people of Tianyan Immortal Domain called them black stones.

Upon arriving at Black Stone Valley, Lu Chen used Divine Sense to survey the area and found no other Immortals.

Lu Chen knew the other party was concealing their aura and wasted no time, directly leading Xiao Xueying and Cao Shiyun into the valley.

Just as they entered Black Stone Valley, a formation appeared beneath their feet, and they were trapped inside a blood-red barrier.

In the next moment, a figure appeared in Black Stone Valley.

“Young Master Chen, long time no see!”

Lu Chen turned to look at Sikong Youpeng, indeed finding it was Sikong Youpeng.

Upon seeing Sikong Youpeng, Xiao Xueying and Cao Shiyun immediately drew their swords, watching him cautiously while Lu Chen remained calm and said, “May I know what this senior wants from me?”

Sikong Youpeng snorted coldly, “Didn’t you claim to be from Tianxia Immortal Dynasty?”

Lu Chen said, "I lived in Tianxia Immortal Dynasty for a while, so I'm considered one of its people."

Sikong Youpeng scoffed, "Should I say you are brave or foolish. Despite knowing that Sky Wolf City is controlled by my Chiyan Sect, you dared to come."

"Since you're determined to die, I'll fulfill your wish."

Saying this, Sikong Youpeng prepared to attack Lu Chen and his companions, yet Lu Chen unhurriedly spoke, "If I'm not mistaken, you are not truly from Chiyan Sect, are you?"

Sikong Youpeng hesitated, he thought his identity was secret, and yet this person, who had met him twice, could immediately discern he wasn't from Chiyan Sect?

Sikong Youpeng said, "Ridiculous! I am an Inner Sect Elder of Chiyan Sect."

"I am a Direct Disciple of the Hall Master of Mysterious Moon Palace. If you were truly an Elder of Chiyan Sect, even capturing me would not end in death."

“If I die, it will certainly trigger an all-out war between the two great Immortal Sects.”

“In my view, you are from Blood Eagle Hall, seeking to incite conflict between the two Immortal Sects. Once they are both weakened, Blood Eagle Hall would then annihilate Chiyan Sect and Mysterious Moon Palace.”

Hearing Lu Chen’s words, Sikong Youpeng was stunned. He never expected the conspiracy of Blood Eagle Hall to be easily identified by this person.

How is this possible?

He was sent as a spy in Chiyan Sect by their Hall Master, a secret only known to them. How could someone immediately see through it?

Sikong Youpeng warily watched Lu Chen, “Who are you! How could you know this!”

He now found Lu Chen’s identity as the Direct Disciple of the Hall Master of Mysterious Moon Palace not so simple.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Lu Chen said, "Senior, you must be joking. You've come to kill me, yet you don't know who I am?"

Sikong Youpeng sneered, "I don't think a disciple of the Mysterious Moon Palace would know these matters."

"Enough, it doesn't matter who you are. Since you know about this, you cannot be allowed to live."

As his words fell, Sikong Youpeng shouted loudly.

"Netherworld Ghost Flame Seal!!!"

Countless black flames erupted from Sikong Youpeng's body, transforming into skulls that rushed towards Lu Chen and the others.

Xiao Xueying swiftly said to Lu Chen, "Junior Brother Chen, quickly use the Jade Scroll given by the Hall Master!"

Xiao Xueying and Cao Shiyun both didn't think the three of them could stand up to a Golden Immortal. In this situation, escaping was the best choice.

But to their surprise, Lu Chen neither used the Jade Scroll nor showed any intention of fleeing. Instead, he quickly formed hand seals.

Divine Light Thousand Lamp Scripture!!!

In an instant, countless lamps appeared within the barrier. The light they emitted suppressed the black skulls.

Feeling his power being suppressed, Sikong Youpeng frowned.

What is happening?

How could his power be suppressed by an Earth Immortal?

He is an Evil Immortal, his power should suppress ordinary immortals, but today, it's the other way around.

Sikong Youpeng felt increasingly uneasy about Lu Chen. This person not only knew the Blood Eagle Hall's plot but could also suppress an Evil Immortal's power. If he let this person grow, he would surely be a major threat to the Blood Eagle Hall!

Sikong Youpeng once more mobilized the immortal aura within and struck with a palm.

Netherworld Black Demon Palm!!!

The black immortal aura intertwined to form a gigantic palm, faintly suppressing Xiao Xueying and Cao Shiyun. The two women's faces turned pale, as their immortal aura couldn't be mobilized.

Lu Chen at this moment infused his entire body's immortal aura into the lamps in the sky. The lamps shone brightly, and strands of red immortal aura drifted out, forming a Red Silk that wrapped around the palm Sikong Youpeng struck out.

When the Red Silk touched the black palm, the black immortal aura was gradually devoured by the Red Silk, causing Sikong Youpeng to suffer backlash and spit out blood.

Sikong Youpeng couldn't believe what he saw; he was a Golden Immortal!

A Golden Immortal being forced to spit blood by an Earth Immortal three realms lower—if word got out, he would be laughed at.

Sikong Youpeng glared viciously at Lu Chen, "What immortal law are you using? How can you suppress the immortal aura within me!"

Lu Chen did not answer Sikong Youpeng and continued to drive the Divine Light Thousand Lamp Scripture, sending the Red Silk formed from red immortal aura straight at Sikong Youpeng.

Feeling the threat from the Red Silk, Sikong Youpeng hurriedly took out an Earth Rank Immortal Blade from the Space Ring.

He slashed the blade at the Red Silk!

The strike unleashed Blade Qi combined with blade force and immortal aura, dispersing the Red Silk, and causing the lamps in the sky to explode and vanish.

Lu Chen instantly felt a backlash force rushing into his body, and he quickly circulated his immortal aura to stabilize himself.

After all, he was just an Earth Immortal. Although the Divine Light Thousand Lamp Scripture could suppress Sikong Youpeng's immortal aura, the gap in realms was too large, and Sikong Youpeng's use of an Earth Rank Immortal Artifact left Lu Chen at a disadvantage.

Sikong Youpeng gripped the large blade in his hand, gathering black immortal aura into it, then said to Lu Chen, "Kid, knowing too much is not a good thing. It's time for you to go on your way!"

Speaking, Sikong Youpeng slashed out.

"Azure Dragon Demon Saber!!! Cut for me!"

As his words fell, a Blade Qi was unleashed, transforming into a black Demon Dragon, its roar echoing throughout Black Stone Valley.

Seeing this, Xiao Xueying and Cao Shiyun's faces changed, and they immediately flew up, intending to shield Lu Chen from this blow.

Unexpectedly, Lu Chen also flew into the sky, placing himself ahead of them.

Before the two women could speak, Lu Chen activated the Immortal King's Remain Curse without hesitation.

In an instant, a lotus mark appeared on Lu Chen's forehead, followed by a majestic pressure emanating from his body.

Xiao Xueying, Cao Shiyun, and Sikong Youpeng were all pressed down from the sky by this pressure, unable to straighten up after landing.

Feeling the pressure from Lu Chen, the three were stunned.

Immortal King!

This was the pressure of an Immortal King!

Could he really be an Immortal King???

The two women looked at Lu Chen in bewilderment, while Sikong Youpeng clenched his fists, his gaze fixed on Lu Chen.

This man turned out to be an Immortal King!

An Immortal King disguised as an Earth Immortal is utterly shameless!

No wonder he could suppress Sikong Youpeng earlier; this guy was a disguised Immortal King.

Lu Chen laughed as he said, "Now, it's my turn to strike!"

Speaking, Lu Chen once again used the Divine Light Thousand Lamp Scripture, and in a moment, lamps appeared throughout the sky above Black Stone Valley.

These lamps released red immortal aura, quickly forming into a blood-red Red Silk, whose oppressive force was even more terrifying. As soon as it appeared, Sikong Youpeng felt as if his entire body was set aflame.

Sikong Youpeng's face changed drastically, and he hurriedly shouted, "I'm an Elder of the Blood Eagle Hall! You can't kill me! If you do, the Blood Eagle Hall will avenge me and eradicate the Mysterious Moon Palace!"

Lu Chen snorted, "Even if I don't kill you, the Blood Eagle Hall will still act against the Mysterious Moon Palace. Alright, it's time for you to go."

As he spoke, Lu Chen raised a hand, sending the Red Silk straight for Sikong Youpeng. Seeing this, Sikong Youpeng immediately prepared to use Space Teleportation to leave Black Stone Valley, but just as Sikong Youpeng could seal space, so too could Lu Chen.

Now possessing the power of an Immortal King, Sikong Youpeng would find breaking through an Immortal King's seal nearly impossible without some special magic treasure.

Seeing the Red Silk closing in, Sikong Youpeng gathered all his power, then struck at the Red Silk, attempting to once again dissipate the Divine Light Thousand Lamp Scripture.

"Azure Dragon Demon Saber!!! Break for me!!!"

Unfortunately, this time it did not go as Sikong Youpeng expected. When the Demon Dragon slammed into the Red Silk, it instantly turned into red blood mist and was absorbed by the Red Silk, which then enveloped Sikong Youpeng entirely.

At the moment the Red Silk touched Sikong Youpeng's body, both his body and divine soul began to vaporize, emitting thick white mist. Sikong Youpeng's agonized screams echoed throughout Black Stone Valley.

"Ah!!!!"

"Nooooo!!!"

A moment later, Sikong Youpeng's body and divine soul completely vanished.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Seeing the scene unfolding before them, Xiao Xueying and Cao Shiyun were in a daze, almost doubting whether they were dreaming.

Although they knew Lu Chen had some lifesaving card up his sleeve, but Lu Chen was, after all, just an Earth Immortal. For an Earth Immortal to suddenly unleash the power and pressure of an Immortal King was simply outrageous.

Could Lu Chen really be an Immortal King?

After Lu Chen resolved Sikong Youpeng, he turned to look at Xiao Xueying and Cao Shiyun. Seeing their stunned expressions, Lu Chen smiled and said, "Senior sisters, why are you looking at me like that?"

Cao Shiyun asked, "Are you an Immortal King?"

Lu Chen then withdrew the Immortal King's aura and said, "How could that be? I just used a treasure given by my Honored Master to temporarily gain the power of an Immortal King."

Upon hearing Lu Chen's explanation, the two women snapped back to reality. So, it was the handiwork of their Hall Master. As they thought, there was no way he could be an Immortal King.

Lu Chen continued, "Now that Sikong Youpeng is dead, the Chiyan Sect probably won't cause trouble for Sky Wolf City for a while."

Saying this, Lu Chen's gaze fell on Cao Shiyun, "Senior Sister Cao, please return to the Mysterious Moon Palace and inform the Elders there about what transpired."

"The Blood Eagle Hall's attempt at incitement has failed, they will surely have a next move."

Cao Shiyun said, "I understand. I'll head back now. Junior Sister Xiao, Junior Brother Chen, be careful."

With that, Cao Shiyun took out an Immortal Ship, stepped onto it, and flew in the direction of the Mysterious Moon Palace.

After Cao Shiyun left, Xiao Xueying looked at Lu Chen and asked, "Junior Brother Chen, where are we heading next?"

Lu Chen replied, "Back to Sky Wolf City."

Xiao Xueying paused upon hearing this, going back to Sky Wolf City at this time?

Blood Eagle Hall already sent people to assassinate him. After this failure, they might not give up and continue sending assassins.

Shouldn't they find a place to hide at this point?

Xiao Xueying said, "Junior Brother, going back to Sky Wolf City now, won't it attract a second assassination attempt from Blood Eagle Hall?"

Lu Chen, with a smile, said, "Senior Sister, don't worry. The treasure my Honored Master gave me can still be used again. Even if faced with a strong adversary of the Immortal King Realm, I can hold out until my Honored Master arrives."

Lu Chen checked the Immortal King's Remain Curse within him and found that it still retained half of its power and was frantically absorbing surrounding Spiritual Energy for replenishment, albeit at a very slow recovery speed.

Hearing Lu Chen's words, Xiao Xueying finally sighed in relief, thinking to herself that the Hall Master treated Junior Brother Chen exceptionally well, gifting him such a precious treasure.

Just as Xiao Xueying was lost in thought, Lu Chen took out an Immortal Ship and quickly jumped onto it, "Senior Sister, come on up. I have something to discuss with you."

Now that Cao Shiyun had left, it was just him and Xiao Xueying, which for him was a great opportunity.

Xiao Xueying's favorability towards him had reached ninety. If he revealed his true identity to her, he might just get closer to winning her over.

At this moment, hearing Lu Chen's words, Xiao Xueying was curious about what he wanted to discuss and thus followed him onto the Immortal Ship.

Lu Chen used magic to set the direction of the Immortal Ship, then entered a room aboard the ship. Seeing Lu Chen enter, Xiao Xueying hesitated for a moment.

After all, it's improper for men and women to be alone like that, but thinking that Lu Chen probably had something important to discuss with her, Xiao Xueying followed him into the room.

Once inside, Xiao Xueying immediately asked, "Junior Brother, what did you want to discuss?"

Lu Chen turned back, looking at Xiao Xueying's exquisite face, and smiled, "Senior Sister, have you ever felt that we've met before?"

Xiao Xueying was momentarily taken aback, as she had indeed seen a face like his before, but the person in front of her was not that same person. Thinking of this, Xiao Xueying replied, "I don't think so. Why do you ask, Junior Brother?"

Lu Chen said, "But why do I feel as if I've seen Senior Sister somewhere before?"

Xiao Xueying replied, "Perhaps you saw me during an earthly training session I had in the past."

Lu Chen shook his head and said, "No, I keep feeling like Senior Sister resembles a maid I knew before."

If anyone else had heard that, they might think Lu Chen was disrespectful and become furious, but Xiao Xueying was different. Upon hearing those words, she was left stunned.

She looked at Lu Chen in disbelief, her eyes flickering slightly.

Lu Chen continued, "To be honest, Senior Sister, I am actually a Prince of some Immortal Dynasty. For certain reasons, I wandered into the Mysterious Moon Palace."

"I remember that when I was still in the Imperial Palace, I once met a maid who was often bullied. I couldn't stand it, so I helped her leave the Imperial Palace and never saw her again."

"Upon seeing Senior Sister, I found that Senior Sister resembles her quite closely."

Seeing Xiao Xueying standing there motionless, Lu Chen said:

"Perhaps I was mistaken."

Just as Lu Chen finished speaking, Xiao Xueying trembled, saying, "You... you're the Chen King!!!"

Xiao Xueying's beautiful eyes fixed on Lu Chen, hoping for a positive confirmation.

Lu Chen hurriedly made a shushing gesture and said, "Senior Sister, don't say that out loud!"

Seeing Lu Chen's cautious demeanor, Xiao Xueying was internally convinced that the man before her was indeed the one she had longed for.

The once aloof and exquisite beauty now had tears streaming down her face, "It really... it really is you!!!"

"I thought you were already..."

Billions of years ago, the Chen King emerged, crushing all prodigies of the Tianyan Immortal Domain, becoming the heartthrob of countless heavenly maidens.

Although Xiao Xueying was not a heavenly maiden, she harbored deep affections for the Chen King, especially after he rescued her from the Imperial Palace, her affection for him deepened.

If not for the Chen King, she might have perished in the Tianxia Immortal Dynasty Palace long ago.

Even after leaving the Tianxia Immortal Dynasty, she sought out news about the Chen King through various channels. One day, she suddenly heard he had betrayed and was being hunted by top powers from the Tianxia Immortal Dynasty and Tianyan Immortal Domain. She immediately wanted to go to the Chen King's territory to repay his life-saving grace.

However, before she could reach his territory, she heard that the Chen King had been cornered to the edge of the Tianyan Immortal Domain by major forces, ultimately despairingly heading into the Chaotic Sea with a retinue of wives and concubines to end his own life.

This news struck her hard. To verify it, she went to the edge of the Tianyan Immortal Domain, and after some inquiries, she confirmed the news was true.

For billions of years afterward, she drifted aimlessly. Eventually, she sealed her heart away, transforming into the cold person she appeared to be now.

But what she didn't expect was that the Chen King would return at this moment.

Chapter 1596: Chapter 1286: Junior Brother, I am willing to help you!

In an instant, Xiao Xueying couldn't control her emotions, and tears slid uncontrollably from her eyes.

Lu Chen quickly said, "Senior Sister, what's wrong?"

Xiao Xueying snapped back to reality and immediately saluted towards Lu Chen, saying, "This maid greets the king!"

Lu Chen pretended to be surprised and then asked, "Is Senior Sister really the person I know?"

Xiao Xueying said, "I didn't expect the king to still remember this maid. This maid is the maid the king rescued from the Tianxia Immortal Dynasty Palace back then."

“If it weren’t for you, the king, this maid would have been tortured to death by those in the palace.”

Lu Chen quickly said, “Senior Sister, please get up. There’s no need for this maid talk; now you are my Senior Sister, how can you still call yourself a maid.”

Xiao Xueying said, “From the moment the king saved me, I decided in my heart that in this life, I will always be the king’s maid!”

Lu Chen saw that Xiao Xueying was still kneeling and unwilling to get up, so he said, “Senior Sister, if you keep doing this, I’ll leave the Mysterious Moon Palace immediately.”

Upon hearing Lu Chen’s words, Xiao Xueying’s mind froze, and she quickly got up from the ground, wiping her tears.

Lu Chen continued, “Senior Sister, you should be aware of my current situation. Although it’s been over a hundred million years, there are still people who remember me, and many who want me dead.”

“I won’t even mention the distant ones. My Honored Master and my senior sister both hate me; they wish to skin and dismember me.”

For a moment, Xiao Xueying didn't understand why Lu Chen's Honored Master and senior sister hated him. Since they hated him, why did they bring him back to the Mysterious Moon Palace?

Lu Chen continued, "Besides you, no one knows my true identity, including my Honored Master and senior sister; however, my senior sister has already started to suspect me."

"When I was at the Mysterious Moon Palace, she was having people monitor me. This time, during my training in Sky Wolf City, she assigned you and Senior Sister Cao to keep an eye on me."

Upon hearing this, Cao Shiyun finally understood why their senior sister had tasked them with monitoring Lu Chen. It turned out Ye Chuyao was already suspecting that Chen Lu was actually Lu Chen.

Lu Chen continued, "Originally, I didn't want to meet you, but my cultivation technique is special. If I can't find someone to help, I might explode and die."

Xiao Xueying suddenly came to her senses and quickly said, "King, whatever you need me to do, this maid will not hesitate to die a thousand times."

Lu Chen said, “Senior Sister, if you keep calling yourself a maid, I’ll really leave the Mysterious Moon Palace.”

“If you’re careless, you might expose my identity. At that time, I will surely be hunted by my Honored Master and senior sister.”

This...

Xiao Xueying was stunned for a moment, then said, “Senior... Junior Brother, let’s just leave the Mysterious Moon Palace together!”

Since there are enemies in the Mysterious Moon Palace, why stay there? Although she has feelings for the Mysterious Moon Palace, compared to Lu Chen, her feelings are insignificant.

Lu Chen said, “My strength hasn’t recovered yet. I need a lot of cultivation resources and have nowhere else to go, so I’m not planning to leave the Mysterious Moon Palace for now.”

This...

Xiao Xueying calmed her emotions, then said, “Junior Brother just mentioned that your cultivation technique is special and requires help, otherwise you might explode and die?”

Lu Chen said, “Yes.”

“The Immortal Law I cultivate constantly increases the Strong Power, which cannot be directly expelled from the body; it must undergo Yin Yang Balance.”

“Before, when I was in the Tianyan Immortal Domain, I had many wives and concubines who could help balance the Strong Power within me. But this time, I came back without any of them, and with the continued accumulation of Strong Power, my body can’t withstand it and is on the verge of collapse.”

Hearing this, Xiao Xueying instantly understood Lu Chen’s meaning, her cheeks flushed instantly. Although she had admired Lu Chen in her heart for over a hundred million years, Lu Chen had lived in her dreams all those years, and she had never seen him.

Lu Chen quickly reconnected with her and immediately wanted to Dual Cultivate, which still made her feel incredibly shy.

However, Xiao Xueying finally said, “Junior Brother, I am willing to help you!”

As her words fell, Xiao Xueying waved her hand, and her outer garment instantly turned into points of light and disappeared, leaving only the white inner garment.

Seeing Xiao Xueying agree, Lu Chen didn't hesitate any longer. Whatever needed saying could wait until after.

Lu Chen then waved his hand, and his clothing disappeared instantly. He extended his large hand, pulling Xiao Xueying's soft body into his embrace, and then lowered his head to kiss Xiao Xueying's cherry lips.

At this moment, Xiao Xueying didn't doubt Lu Chen's words at all. After all, aside from the Chen King, no one else knew her circumstances. Lu Chen openly spoke about it, so he must be Lu Chen.

Moreover, when she first saw Lu Chen, she felt he looked exactly like Lu Chen. Most importantly, Lu Chen was still the Lu Chen of the past.

The Chen King had a fondness for beauty and was charming; she knew very well what kind of person Lu Chen was.

Whether Lu Chen truly needed this for cultivation, Xiao Xueying was somewhat skeptical, but she didn't care. All she knew was that Lu Chen desired her, wanted her body, and nothing more.

As their lips met, Xiao Xueying's cultivation state suddenly broke through at this very moment, and with joy in her heart, she realized he truly was Lu Chen.

Ever since she broke through the Heavenly Immortal Realm, her cultivation state had been unable to improve. The reason was because of Lu Chen.

Unable to be with her beloved, her state of mind couldn't be complete. Only by being with the one she loved could she take that step.

Feeling Xiao Xueying's breakthrough, Lu Chen was stunned. He had only kissed Xiao Xueying; how did she break through?

Lu Chen and Xiao Xueying slowly separated, looking into her eyes. Xiao Xueying's face was flushed as she looked at Lu Chen, "Junior... Junior Brother, thank you!"

Lu Chen said, "This seems unrelated to me?"

Xiao Xueying said, "Because I never repaid you for saving me, my state of mind couldn't be complete, preventing me from breaking through to the True Immortal Realm. Now that you are back, I've seen the chance to repay the cause, completed my state of mind, and that allowed me to break through."

Lu Chen immediately understood Xiao Xueying's meaning, "So that's it."

Lu Chen then smiled and said, "I helped Senior Sister complete her state of mind; doesn't Senior Sister need to help me next?"

The ice-cold beauty blushed and replied shyly, "Senior Sister is at Junior Brother's disposal."

With Xiao Xueying saying this, what else could Lu Chen say? He directly placed Xiao Xueying onto the soft couch and pressed down.

...

Meanwhile.

Blood Eagle Hall.

On the earth, a bloody mountainous corpse sea, the peaks made of headless giant corpses, and the flowing rivers and lakes were all red fluid.

Atop one peak, a man in a Blood Robe suddenly reached out and caught a golden light sphere floating in the air.

Then he murmured, “Yun Yudie’s direct disciple? Interesting, I wonder what kind of expression Yun Yudie will have when she finds out her direct disciple was killed.”

Having children earns benefit, start competing for dominance in the world by marrying a wife

When Sikong Youpeng ambushed Lu Chen in Black Stone Valley, he used Divine Sense to send a message to the Vice Hall Master of Blood Eagle Hall, telling him what action to take next.

The Vice Hall Master of Blood Eagle Hall, Ghostly Evil Immortal King, was very pleased upon receiving this message. In his view, as long as Yun Yudie’s direct disciple died, then Mysterious Moon Palace and Chiyan Sect would inevitably engage in a relentless conflict.

This was an opportunity for Blood Eagle Hall, an opportunity to annex two Immortal King level forces.

At this time, the Ghostly Evil Immortal King sent a message to the woman within a certain Corpse Peak, saying: "Jingzhu, come here for a moment."

In the heart area of a giant's body, a woman with long red hair heard the Ghostly Evil Immortal King's message and opened her eyes.

The woman wore a long red robe, was stunningly beautiful, with a curvaceous body and a cold countenance.

The next moment, the woman rose from the blood river, her figure flickering, and she appeared before the Ghostly Evil Immortal King, "Disciple greets Vice Hall Master Ghostly Evil!"

Ghostly Evil Immortal King directly said: "Mysterious Moon Palace and Chiyan Sect are about to go to war, at that time, many will undoubtedly die, and the essence blood of those people can help you quickly break through to the Golden Immortal Realm."

"Go to Sky Wolf City and wait for them to start fighting."

Upon hearing this, Xu Jingshu respectfully replied: "Yes, Hall Master."

As soon as she finished speaking, Xu Jingshu didn't hesitate and directly drew an Immortal Ship from her Space Ring, swiftly heading towards Sky Wolf City.

...

An Immortal Ship was slowly heading towards Sky Wolf City.

Sounds continuously emanated from the Immortal Ship.

However, thankfully, there was a Sound Insulation Array on the Immortal Ship, so the Immortals passing by could not hear the sounds from inside the ship.

In a certain room on the Immortal Ship, Lu Chen was cultivating affection with Xiao Xueying.

Although Xiao Xueying was a Heavenly Immortal, her current realm higher than Lu Chen's, she found herself utterly powerless in front of Lu Chen.

Xiao Xueying had experienced countless moments of tearful joy; it was then that she finally understood why Lu Chen's former wives were willing to follow him to the Chaotic Sea.

Thinking of the Chaotic Sea, Xiao Xueying's mind cleared slightly, and she hugged Lu Chen's neck, looking into his eyes asked: "Junior... Junior Brother, how... how did you... ah... leave the Chaotic Sea?"

It was rumored that even the Immortal Emperor had no way to leave the Chaotic Sea, once entered, it was a path to death, but Lu Chen had returned alive from the Chaotic Sea, leaving Xiao Xueying deeply puzzled.

She thought to herself, could it be that Lu Chen never went to the Chaotic Sea in the first place, and he merely hid somewhere, creating the illusion that he went to the Chaotic Sea?

Lu Chen, handling matters with seriousness, answered: "Whew... that's a long story, I'll tell you slowly later."

Xiao Xueying continued to ask: "Then... mmm... what about those elder sisters..."

Throughout the Tianyan Immortal Domain, Lu Chen was known as the man who cherished his women most. Since Lu Chen had returned, his women should have returned as well.

Xiao Xueying was curious about where Lu Chen had settled them.

Lu Chen replied: "They are still in the Chaotic Sea. I'll go back to bring them when I become an Immortal Emperor in the future."

Hearing this, Xiao Xueying paused slightly, still in the Chaotic Sea?

At this moment, Lu Chen suddenly intensified his efforts, bringing Xiao Xueying back to her senses. She then asked: "Umm... Chaotic... Sea, isn't... it a dead land..."

Lu Chen responded: "It is indeed a dead land, but I have opened up a space within the Chaotic Sea that can accommodate living beings."

Xiao Xueying said: "I see..."

With her words falling silent, Xiao Xueying could no longer control her emotions, and she ceased to speak further.

After an unknown amount of time, Xiao Xueying lay nestled in Lu Chen's embrace, the once aloof fairy of Mysterious Moon Palace, now resembled a tender wife in Lu Chen's arms.

With Lu Chen's strength, he could continuously cultivate with Xiao Xueying before reaching Sky Wolf City, but considering Xiao Xueying's condition, Lu Chen ultimately decided against it.

After all, the reward had already been earned, and as for having Xiao Xueying bear a child, that wouldn't happen instantly, so there was no need to rush.

Thinking of this, Lu Chen opened the system panel.

"Congratulations to the host for having one wife, rewarded with Heaven Rank Pill-refining Skill."

When Lu Chen saw this reward, he was momentarily stunned, Heaven Rank Pill-refining Skill, what was this?

Lu Chen then opened it to check.

[Heaven Rank Pill-refining Skill: After use, the host will gain the ability to refine Heavenly Grade Elixirs.]

Seeing the system's explanation, Lu Chen was stunned again. Ever since obtaining the system, the system never seemed to have rewarded him with such a thing, directly acquiring the ability to refine Heavenly Grade Elixirs, would that mean he would become an Alchemist in the future?

When he was Chen King, he could also refine pills, but he wasn't considered a great Alchemist, at most he could only refine some conventional pills, and the grade he could refine was only Mystic Grade.

In the Tianyan Immortal Domain, the grades of pills, Immortal Laws, and Immortal Artifacts are unified into levels: yellow, mystic, earth, heaven, sacred, divine, with each level further divided into upper, middle, and lower grades.

Heavenly Grade Elixirs are useful for beings at the Immortal Venerable level, and in the entire Tianyan Immortal Domain, there are fewer than ten thousand Alchemists capable of refining Heavenly Grade Elixirs.

And this is in the Tianyan Immortal Domain, such a vast domain, yet only ten thousand Heavenly Grade Alchemists is considered extremely rare, any Heavenly Grade Alchemist would be treated as a distinguished guest by the top forces.

Lu Chen thought, if he could refine Heavenly Grade Elixirs in large quantities, his force would become much easier to develop again.

Teaching someone to fish is better than giving them a fish, this time the system finally rewarded him with something good.

To Lu Chen, the previously awarded pills or weapons from the system paled in comparison to the Heaven Rank Pill-refining Skill.

Upon regaining his senses, Lu Chen hesitated not at all and directly clicked on the Heaven Rank Pill-refining Skill.

In the next moment, a lineage of pill-refining knowledge surged into his mind, and Lu Chen found that within his body, there appeared a colored flame.

Lu Chen paused for a moment, knowing that generally high-tier Alchemists possessed an Abnormal Fire, but he had never heard of any Abnormal Fire being colored.

Lu Chen mentally inquired the system, "System, what is this Abnormal Fire? Why have I never heard of such a colored Abnormal Fire?"

The system replied: "This Abnormal Fire is called the Qionghua Biluo Flame, and it is not from the Tianyan Immortal Domain."

Hearing the system's answer, Lu Chen decided not to ask further; since the system said it was not of this world, even if he asked more, the system surely wouldn't answer.

It seems, to uncover his true origin, he might have to become an Immortal Emperor.

At this time, Lu Chen's Divine Sense penetrated the Immortal Ship, gazing at the high skies of the Tianyan Immortal Domain.

The sky of the Tianyan Immortal Domain emitted colorful halos, looking dreamlike, although it seemed like an Immortal Realm, upon hearing that the Qionghua Biluo Flame wasn't from this world, Lu Chen realized that the Tianyan Immortal Domain was probably nothing but a small place.

Just like when he was once inside the belly of a Chaos Beast, even though the Chaos Beast's Inner Universe seemed extremely vast, there are skies beyond skies.

One could only wonder what lies beyond the Tianyan Immortal Domain.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Seeing that Lu Chen remained silent, Xiao Xueying slightly got up at this point, placing her hands on either side of Lu Chen's chest, her beautiful eyes gazing at him.

When Xiao Xueying raised her head, her messy hair slid down from her fragrant shoulders onto Lu Chen's chest, covering half of her jade-like face.

Lu Chen lifted his hand, brushing aside Xiao Xueying's fallen hair, tucking it behind her ear.

Xiao Xueying asked, "Junior Brother... what are you thinking about?"

Xiao Xueying still felt a bit awkward calling Lu Chen 'Junior Brother,' knowing his true identity. However, to avoid exposing Lu Chen's identity, she forced herself to address him that way.

Lu Chen looked at Xiao Xueying's jade-like face and said with a smile, "Nothing in particular."

Xiao Xueying continued, "Is Junior Brother worried about the sisters?"

Xiao Xueying thought about Lu Chen's wives and concubines still in the Chaotic Sea, perhaps he was worried about their safety.

Lu Chen said, "A little."

Xiao Xueying then asked, "What are your plans going forward, Junior Brother?"

Caressing Xiao Xueying's jade-like face, Lu Chen replied, "I'll stay in the Mysterious Moon Palace for a while, and after I break through to the Immortal King, I'll leave the Mysterious Moon Palace to build my own forces."

Saying this, Lu Chen gazed into Xiao Xueying's beautiful eyes and said with a smile, "Senior Sister will go with me, right?"

Hearing Lu Chen's words, Xiao Xueying blushed. Wasn't Lu Chen asking the obvious? She had already given herself to him, becoming his woman, so of course, she would follow him.

Xiao Xueying then said, "Wherever Junior Brother goes in the future, I will go too."

Lu Chen smiled slightly, "Thanks to Senior Sister this time, if not for you, I might have gone mad."

Hearing Lu Chen's words, Xiao Xueying recalled the previous events, her cheeks growing incredibly hot.

Having lived for over a billion years, she was no child. She could tell Lu Chen might be teasing her, but he was the man she admired, and she was willing to be teased by him.

Xiao Xueying said, "If... if Junior Brother ever finds his body's strong power overwhelming, he can come to Senior Sister for help."

Lu Chen said, "Thank you, Senior Sister."

As they spoke, Lu Chen noticed they had already arrived at Sky Wolf City.

"Senior Sister, we've arrived."

Upon hearing this, Xiao Xueying slowly got up from Lu Chen, having maintained a close position just now. The moment she rose, a sense of emptiness welled up inside her.

Seeing Xiao Xueying's reluctant expression, Lu Chen said, "Senior Sister, time is long; we'll have many chances to engage in dual cultivation together."

Immortals do not have Kuishui, so they can engage in dual cultivation whenever they wish.

Hearing Lu Chen's words, Xiao Xueying's face turned even redder, even her ears flushed; she simply responded with a soft "Mm," then with a wave of her hand, a purple long dress appeared on her.

Lu Chen also got up from the bed, changing into a white outfit before voluntarily putting away the Immortal Ship, then flying straight to the sky above Sky Wolf City without hesitation.

Since it was almost certain that these families in Sky Wolf City were colluding with the Chiyan Sect, there was no need for further words, simply take action.

As for gathering evidence, once he captured the City Lord and these Aristocratic Family heads, the evidence would be in hand.

At this moment.

Several Family Heads were waiting at the City Lord's Mansion for Sikong Youpeng's return.

Ding Qingfeng sat at the main seat, casually sipping tea.

One Family Head said, "It's already been two days," the disciples of Mysterious Moon Palace should be dead by now.

Upon hearing this, Ding Qingfeng put down his teacup and said with a smile, "With the Elder of Chiyan Sect taking action, there's no way anything could go wrong. We just need to wait for Chiyan Sect to bring Sky Wolf City under Mysterious Moon Palace's rule."

As soon as Ding Qingfeng finished speaking, a voice suddenly came from the sky, "City Lord Ding Qingfeng of Sky Wolf City, and various Family Heads have betrayed the Mysterious Moon Palace, colluding with the Chiyan Sect, attempting to murder the Mysterious Moon Palace's envoy. These people are now being judged."

Hearing this voice, Ding Qingfeng and the Family Heads turned pale, breaking out in cold sweats.

Ding Qingfeng trembled and said, "This... how is this possible..."

"How could the Mysterious Moon Palace send someone so quickly!"

At this moment, Ding Qingfeng and the others didn't know that the voice just now was from Lu Chen, they thought it was someone else sent by the Mysterious Moon Palace.

In an instant, chaos broke out in the Meeting Hall of the City Lord's Mansion, "City Lord, what do we do now, Mysterious Moon Palace sent people so quickly!"

"It's over!"

"It's only been two days, how did they arrive so quickly!"

"City Lord, quickly get the Elder of Chiyan Sect to save us!"

...

Ding Qingfeng snapped out of his panic, hurriedly taking out the Jade Pendant given to him by Sikong Youpeng before leaving; as long as he activated it, he could contact Sikong Youpeng, and now they could only hope for Chiyan Sect to send someone to rescue them.

After taking out the Jade Pendant, Ding Qingfeng poured Spiritual Energy into it, attempting to contact Sikong Youpeng with it.

However, when the Spiritual Energy entered the Jade Pendant, there was no response.

Ding Qingfeng paused, unable to believe it was true, and poured Spiritual Energy into the Jade Pendant again, but still, there was no response.

Ding Qingfeng's face turned fearful, "How could this be! It's impossible, absolutely impossible!!!"

Unwilling to believe it was true, Ding Qingfeng continuously poured Spiritual Energy into the Jade Pendant, falling into a state of madness until the Jade Pendant exploded, only then did Ding Qingfeng come to his senses.

Looking at the Jade Pendant shattered to pieces in his hand, Ding Qingfeng slid from his seat, kneeling on the ground, "It's over, all over..."

Although he barely counted as an Immortal, his strength was insignificant compared to those Immortals of the Mysterious Moon Palace, and he didn't think he could escape from the clutches of those Immortals.

The next moment, he realized the entire Sky Wolf City was enclosed within a massive Formation.

Amidst the chaos in the hall, Lu Chen appeared inside with Xiao Xueying, seeing Lu Chen alive and back, Ding Qingfeng's pupils contracted slightly, unable to believe it, he said, "You... you're not dead! How could this be!!!"

He thought that the Elder from Chiyan Sect could easily kill a disciple of the Mysterious Moon Palace, but instead, Lu Chen was perfectly fine.

If he wasn't dead, didn't that mean something happened to the Elder of Chiyan Sect instead?

Lu Chen glanced around the hall, then sneered, "Everyone's here."

Several Family Heads hurriedly knelt down.

"Mercy, Your Excellency!"

"It was Chiyan Sect that forced us, we had no choice!"

"Your Excellency, I've never betrayed Mysterious Moon Palace, it was all Ding Qingfeng's fault!"

...

For a moment, there were pleas for mercy and blame-shifting, even the Elder of Chiyan Sect was not a match for this envoy; they didn't believe teaming up could win against Lu Chen.

For them at this moment, the only way to survive was to beg for mercy.

Lu Chen immediately released his pressure, and the moment it descended, these people were pinned to the ground, unable to move.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1599: Chapter 1289: I Encountered Some Problems in Cultivation, Can You Help Me?

Lu Chen coldly said, "When you betrayed the Mysterious Moon Palace, you should have anticipated what fate awaited you upon being discovered."

Lu Chen directly imprisoned everyone present, but did not kill them.

Xiao Xueying saw that Lu Chen did not immediately kill these people and asked in bewilderment, “Junior Brother, they’ve betrayed the Mysterious Moon Palace. Shouldn’t we just kill them?”

Lu Chen said, “First, imprison them. They might still be of use later.”

Although these people betrayed your Mysterious Moon Palace, wanting to join the Chiyan Sect, and the shadow of the Chiyan Sect is also behind Sky Wolf City, this might not necessarily be the intention of the Chiyan Sect.

It’s possible that this is all part of Sikong Youpeng’s scheme, aiming to use Sky Wolf City to alienate the Mysterious Moon Palace and the Chiyan Sect, ultimately leading these two Great Immortal Sects into outright opposition and finally sparking a war.

To prevent the Chiyan Sect from denying involvement later, we can use these traitors from Sky Wolf City as witnesses. The Mysterious Moon Palace can bring them to the Chiyan Sect and question them to see what the Chiyan Sect truly thinks.

Xiao Xueying said no more, and soon Lu Chen imprisoned Ding Qingfeng and those betraying noble families.

After finishing all of this, Lu Chen sat on the chair in the Meeting Hall of the City Lord's Mansion, looking at the empty City Lord's Mansion, Lu Chen fell into contemplation.

Now that Ding Qingfeng, the City Lord, and a group of noble families have been imprisoned by him, there is no one to manage Sky Wolf City.

Sky Wolf City is a very vast city, with a population approaching one hundred million. In the past Tianchen World, this could have been considered an Empire.

Of course, in the Tianyan Immortal Domain, cities of this level are very common, even today as the population decreases, such super cities as Sky Wolf City still exist commonly in the Tianyan Immortal Domain.

With so many people, there must be a new City Lord to manage it, otherwise, Sky Wolf City will soon fall into chaos.

Lu Chen now used Divine Thought to scan the entire Sky Wolf City, searching for families that did not betray the Mysterious Moon Palace, intending to support a family to manage Sky Wolf City.

At this moment, Lu Chen discovered a second-tier family, which also had an Immortal sitting in town, and in addition, their family also had some weak cultivators.

With a thought, Lu Chen's body instantly appeared above the Qin Family.

At this moment, in the underground secret chamber of the Qin Family, an elderly man with gray hair suddenly opened his eyes, perceiving the presence of a strong person above the Qin Family, he did not hesitate and came out of the secret chamber directly.

After flying into the air, the elder bowed to Lu Chen and said, "Greetings, Senior. I wonder what brings you to the Qin Family?"

Lu Chen glanced at Qin Mushan and then said, "I am the special envoy of the Mysterious Moon Palace. The City Lord of Sky Wolf City and several noble families conspired with the Chiyan Sect and have all been apprehended by me, but Sky Wolf City has a large population and cannot be without a City Lord. Are you willing to be the City Lord of Sky Wolf City?"

Upon hearing this, Qin Mushan was momentarily stunned, while the members of the Qin Family were similarly stunned.

City Lord?

The Qin Family is merely a small family, though they have a Mortal Immortal sitting in town, as the ancestor of the Qin Family, Qin Mushan is nearing the day of his limit.

As a second-tier family, the Qin Family lacks the qualifications to even meet the special envoy from the Mysterious Moon Palace, yet now the Mysterious Moon Palace wants their ancestor to become the City Lord of Sky Wolf City.

This is akin to having a pie fall from the sky. Qin Mushan even wonders if he misheard.

He is nearing his limit, recently in seclusion, trying to break through the shackles and is unaware of the incidents in Sky Wolf City.

Ultimately, the Qin Family lacks cultivation resources, making it difficult for him to break through. With a Realm Breaking Pill, he could immediately break through to the Spirit Immortal Realm.

However, if he becomes the City Lord supported by the Mysterious Moon Palace, they will surely provide him with a Realm Breaking Pill.

The Realm Breaking Pill is very precious and scarce to them, but for disciples of the Mysterious Moon Palace, it is nothing significant, let alone the envoy sent by the Mysterious Moon Palace.

After regaining his composure, Qin Mushan did not hesitate and bowed to Lu Chen, saying, “Thank you, Envoy. I am willing to be the City Lord of Sky Wolf City.”

Lu Chen sensed that Qin Mushan’s limit was approaching, so he took out a Realm Breaking Pill from the Space Ring and then said, “Here is a Realm Breaking Pill. After you break through, immediately take over the affairs of Sky Wolf City.”

With those words, the Realm Breaking Pill in Lu Chen’s hand flew to Qin Mushan. Looking at the golden Realm Breaking Pill before him, Qin Mushan’s breath became rapid.

He originally thought he would not survive his limit, but unexpectedly, after a stint in seclusion, such a good fortune fell upon him.

After catching the floating Realm Breaking Pill, Qin Mushan bowed to Lu Chen again, “Thank you, Envoy, for the pill. I will surely govern Sky Wolf City well for the Mysterious Moon Palace.”

Lu Chen said nothing more, and in the next moment, his body vanished into thin air.

After seeing Lu Chen leave, Qin Mushan said again, “Farewell, Envoy!”

With those words, Qin Mushan immediately swallowed the Realm Breaking Pill and returned to the secret chamber to break through.

A day later, the Qin Family took over the City Lord’s Mansion and began managing the entire Sky Wolf City.

After the affairs of Sky Wolf City ended, Lu Chen found himself idle and contemplated continuing cultivation with Xiao Xueying. After all, Xiao Xueying is an Immortal, even if she was unwell initially, a day’s time is enough for her to recover.

City Lord’s Mansion.

Lu Chen’s room.

Lu Chen transmitted a message to Xiao Xueying, who was cultivating in the adjacent room, “Senior Sister, I’m encountering some problems in cultivation. Could you help me?”

Upon hearing this, Xiao Xueying's eyes suddenly opened, her cheeks instantly flushed pink, she knew Lu Chen wanted to find her.

The next moment, Xiao Xueying appeared in Lu Chen's room, as Lu Chen sat on the bed, smiled at her and said, "Senior Sister, now that Sky Wolf City has a new City Lord, the remaining affairs don't concern us. We just need to wait for Senior Sister Cao to bring the Elders of the Mysterious Moon Palace."

"Senior Sister Cao will need at least one and a half months to return. How about we cultivate together during this time?"

Xiao Xueying whispered with a blush, "Alright."

Then Xiao Xueying slowly walked toward Lu Chen's bed. As she approached, Lu Chen suddenly stretched out his hand, pulling Xiao Xueying into his embrace, then flipping her over to pin her underneath.

At this moment, Lu Chen glanced at Xiao Xueying's favorability, which had reached one hundred percent, meaning he could now do whatever he wanted with Xiao Xueying.

Xiao Xueying was ready to use mana to remove the light gauze from her body but was stopped when Lu Chen said, "Senior Sister, no need to rush."

Xiao Xueying was slightly taken aback as Lu Chen leaned down and whispered in her ear, “I prefer to do it myself.”

Hearing this, Xiao Xueying felt even more ashamed. She quickly spoke to shift her focus, “Junior... Junior Brother, can you tell me about your experiences in the Chaotic Sea?”

Lu Chen’s hand roamed across the fairy’s body as he replied, “Sure.”

Chapter 1600 - 1290: I don’t believe that as an Immortal Monarch, I still can’t kill you

In the following month, Lu Chen cultivated his relationship with Xiao Xueying while sharing stories of his experiences in the Chaotic Sea.

Of course, he didn’t tell Xiao Xueying about the system; he only told her how he encountered his past life’s wives and concubines and how he found them one by one.

Each time Xiao Xueying heard about Lu Chen finding a wife or concubine, a small emotion would rise within her, causing her to lose control over her body.

This made Lu Chen find it very intriguing; he never expected Xiao Xueying to get feelings from just listening to stories.

In the blink of an eye, a month had passed.

After spending this month together, Xiao Xueying had gradually opened up, no longer as shy as she was at the start. After all, she's lived for billions of years, so she adapts quickly, especially since Lu Chen is the man she admires.

At this moment, Xiao Xueying was sitting on Lu Chen, curiously asking, "Hmm... Since Junior Brother cultivates the Creation Dao, I suppose you're particularly... oh... good at creating life..."

Upon hearing this, Lu Chen chuckled and asked, "Which kind of life is Senior Sister referring to?"

The fairy replied shamelessly, "Naturally... the Human Race."

Lu Chen said, "Right now, the Path of Reproduction in the Tianyan Immortal Domain seems to be restrained by some force. Even if I cultivate the Creation Dao, creating children is very difficult."

At this point, Lu Chen gazed into Xiao Xueying's misty eyes, "But immortals have long lives, so there's no rush with such matters."

Xiao Xueying raised her jade-like neck, like a proud swan, taking a long breath and said, "Junior Brother... is saying..."

At this very moment.

Inside a certain inn room in Sky Wolf City.

A woman dressed in red sat upright on the bed, extending her Divine Sense outward, listening to various discussions in the streets, taverns, and brothels.

"I've long disliked that Ding fellow. Daring to betray the Mysterious Moon Palace, he deserved to be captured by the special envoy."

"Do you think Ding Qingfeng's spirit has been shattered by now?"

"Not yet; he and those noble families that sided with the Chiyan Sect were all captured by the special envoy."

"Ding Qingfeng and those noble families betrayed the Mysterious Moon Palace; logically, they should've been executed, right? Why are they still imprisoned after a month?"

"Who knows? Maybe the special envoy needs them as witnesses since this involves the Chiyan Sect."

"I heard that this special envoy isn't an ordinary envoy, but the direct disciple of the Mysterious Moon Palace Hall Master."

"Really?"

...

Upon hearing discussions from kilometers around, a hint of confusion appeared on Xu Jingshu's cold face.

The Ghostly Evil Immortal King told her that the Chiyan Sect and the Mysterious Moon Palace were about to go to war; but from the situation in Sky Wolf City, it doesn't seem like war is imminent at all.

If the two Great Immortal Sects were truly on the brink of war, the atmosphere in Sky Wolf City would be quite different. What exactly is happening?

Xu Jingshu immediately took out a sheet of talisman paper and communicated with the Ghostly Evil Immortal King, reporting the current situation in Sky Wolf City.

A day later.

Blood Eagle Hall, certain Corpse Peak.

The Ghostly Evil Immortal King stood atop Corpse Peak, gazing into the distant blood sea, when a light dot appeared before him. With a casual lift of his hand, the message from the light dot entered his mind.

After listening to Xu Jingshu's report, the Ghostly Evil Immortal King's brow furrowed.

The direct disciple of the Mysterious Moon Palace Hall Master is still alive?

How is that possible?

Didn't Sikong Youpeng say he went to kill him? Sikong Youpeng also said that Chen Lu is only at the Earth Immortal Realm and the two female disciples protecting Chen Lu are only at the Heavenly Immortal Cultivation State.

A Golden Immortal like Sikong Youpeng shouldn't have any problem killing two Heavenly Immortals and one Earth Immortal.

Moreover, their Immortal Aura has a terrifying suppressive effect on normal immortals.

How is Chen Lu still alive?

And there's no sign of the two Great Immortal Sects going to war.

The Ghostly Evil Immortal King's figure flashed, and the next moment he appeared in a cavern illuminated by countless blood lamps. He looked towards Sikong Youpeng's blood lamp and found it extinguished.

An extinguished blood lamp signifies that its owner has already perished.

This...

Sikong Youpeng, a Golden Immortal, ambushed an Earth Immortal and two Heavenly Immortals, yet failed and was killed instead?

The Ghostly Evil Immortal King snorted coldly, "What a waste!"

He then communicated with Xu Jingshu, instructing her not to act rashly.

Xu Jingshu is the Saintess of the Blood Eagle Hall; she cannot afford any mishaps. As for Chen Lu, he must die!

However, Xu Jingshu doesn't need to take action herself.

If a Golden Immortal can't kill Chen Lu, then send an Immortal Monarch.

But once an Immortal Monarch reaches Sky Wolf City, it may attract the attention of the Mysterious Moon Palace Hall Master or the Chiyan Sect Sect Master.

The Ghostly Evil Immortal King then communicated with someone, "Tian Xiao, come to me."

With those words, a bloodied man appeared before the Ghostly Evil Immortal King, "Hall Master, what do you need from me?"

The Ghostly Evil Immortal King said, "The direct disciple of the Mysterious Moon Palace Hall Master is in Sky Wolf City; go kill him and frame the Chiyen Sect to provoke a war between the Mysterious Moon Palace and Chiyen Sect."

Upon hearing this, Immortal Monarch Tianxiao's lips slightly curled up, "I'll go right now!"

Immortal Monarch Tianxiao didn't even ask about Lu Chen's strength. In his view, since the Ghostly Evil Immortal King instructed him to kill the target, the target must be weaker than him; asking about the target's strength would be redundant.

With those words, Immortal Monarch Tianxiao turned into a light dot and flew towards Sky Wolf City.

Watching the blood-red light point in the distance, the Ghostly Evil Immortal King said, "I don't believe even an Immortal Monarch can't kill you."

...

At this very moment, Lu Chen and Xiao Xueying were still unaware that the Ghostly Evil Immortal King had dispatched an Immortal Monarch. They continued to explore the Creation Dao.

Meanwhile, back at the Mysterious Moon Palace.

Upon returning, Cao Shiyun immediately reported the events of Sky Wolf City to Ye Chuyao, who hurriedly gathered all the Inner Sect Elders of the Mysterious Moon Palace to discuss the situation.

The Elders were puzzled by Ye Chuyao's urgent summon of all Inner Sect Elders. Ordinarily, the sect wouldn't gather all Inner Sect Elders unless there was an enemy attack on the Mysterious Moon Palace.

However, they hadn't detected any enemy attacks on the Mysterious Moon Palace.

The Inner Sect Elders, all at the Immortal Monarch Level, were highly attuned to events within the Mysterious Moon Palace's territory. If there was an attack, they'd surely be aware of it.

Ye Chuyao, seated on the Hall Master's Ice Crystal Chair, glanced over the Inner Sect Elders below, "Since everyone is here, Junior Sister Cao, please explain what happened in Sky Wolf City."

At the mention of "Sky Wolf City," some Inner Sect Elders immediately had foreboding thoughts.

Cao Shiyun then said, "I accompanied Junior Brother Chen to Sky Wolf City to train, and as soon as we arrived, we discovered that the City Lord of Sky Wolf City and the major noble families were colluding with the Chiyan Sect..."

At this point, an Elder suddenly interrupted, "Shiyun, why have you returned alone? What happened to Chen Lu?"
