

# Having children earns benefit, start competing for dominance in the world by marrying a wife

Lu Chen clearly felt that creating a Heavenly Immortal-level body was much more difficult than creating a Heavenly Immortal Realm body, with the difficulty increased by a hundredfold.

However, compared to breaking through, using the Creation Power to create a Heavenly Immortal-level body was much easier than breaking through to the Heavenly Immortal himself.

Especially since Lu Chen's Divine Soul had been partially restored, it took about a day for Lu Chen to successfully create a Heavenly Immortal Realm physical body.

Through the Heavenly Immortal body, Lu Chen looked at the Earth Immortal body in front of him, thinking to himself that if this body were to leave the Mysterious Moon Palace, it might be discovered by others.

It seemed that he could only reclaim this body.

For him now, creating an Earth Immortal body had become much easier, so losing an Earth Immortal body wasn't a big deal.

Without hesitation, Lu Chen destroyed the Earth Immortal body in front of him, and then he prepared to leave the cave dwelling.

At that moment, he suddenly sensed a strong presence appearing above the Mysterious Moon Palace.

Lu Chen was taken aback. Was there a powerful presence coming to the Mysterious Moon Palace?

Lu Chen carefully sensed it and discovered that it was only the pressure of an Immortal Monarch, but in the Mysterious Moon Palace, which Immortal Monarch would unleash pressure without cause? This pressure was clearly targeting the Mysterious Moon Palace.

Lu Chen was somewhat puzzled. It should be an outsider Immortal Monarch. How could a mere Immortal Monarch dare to act arrogantly in an Immortal Sect where an Immortal King exists? Who gave him the courage?

Lu Chen immediately left the cave dwelling, wanting to see who was being so arrogant in the Mysterious Moon Palace.

At this moment, on the Mysterious Moon Palace's plaza, a group of Elders was looking at the luxurious Immortal Ship in the sky, and then, a man with a head full of yellow hair jumped down from the Immortal Ship.

A group of Immortal Monarchs stepped forward, cautiously watching the yellow-haired man in front of them.

The man directly took out a Token and said, "I am the envoy of the Heavenly Splendor Hall."

Ye Chuyao stepped forward and asked, "I wonder what brings the special envoy to the Mysterious Moon Palace?"

Seeing Xu Jingshu in front of him, the Golden Helmet Immortal Monarch furrowed his brows, but then his eyebrows relaxed, revealing a trace of an evil smile.

"I am here to oversee you. Now that the Demon Emperor has revived, Venerable Wuya has ordered that no Immortal Sect can keep secrets. Half of the Immortal Sect's fighting force must be dispatched to the Heavenly Splendor Hall."

Upon hearing these words, the Elders present turned pale.

Deploy half of the fighting force?

What kind of joke is this? The Blood Eagle Hall has been eyeing the Mysterious Moon Palace like a hawk. If half of the fighting force is truly deployed away from the Mysterious Moon Palace, how will the Mysterious Moon Palace defend itself if the Blood Eagle Hall attacks?

Ye Chuyao said, "Sir, the Blood Eagle Hall is currently glaring covetously at our Immortal Sect. If half of the fighting power is really sent to the Heavenly Splendor Hall, our Immortal Sect might struggle to protect itself."

The Golden Helmet Immortal Monarch snorted coldly and said, "What does this have to do with me? You only need to obey the Immortal Venerate's orders. As for your difficulties, that is your own affair."

As the largest Immortal Sect in the Southern Domain, the Heavenly Splendor Hall has always acted dominantly.

For a moment, everyone at the Mysterious Moon Palace was worried. At this time, the Golden Helmet Immortal Monarch looked at Ye Chuyao and asked with a smile, "Who are you? I remember the Hall Master of the Mysterious Moon Palace is an Immortal King. Why does a mere Heavenly Immortal dare to speak to me?"

Ye Chuyao replied, "Sir, I am the Direct Disciple of the Mysterious Moon Immortal King. My Honored Master is not at the Mysterious Moon Palace, so I am temporarily managing the Mysterious Moon Palace."

Upon hearing Ye Chuyao's words, the Golden Helmet Immortal Monarch's eyes lit up, and the lust in his gaze became more apparent.

"The Mysterious Moon Immortal King is not here?"

The Golden Helmet Immortal Monarch stared directly at Ye Chuyao, "Only I know the true strength of the Mysterious Moon Palace."

"Half of the Mysterious Moon Palace's fighting force might mean five Immortal Monarchs, or it might just mean one Immortal Monarch."

Hearing these words, Immortal Monarch Lingyin tentatively asked, "What does the lord mean? Could you please explain to us?"

Everyone had already realized that the Golden Helmet Immortal Monarch wanted a bribe. If it was possible to bribe the Golden Helmet Immortal Monarch, the Mysterious Moon Palace would be willing to pay a certain price.

After all, Immortal Crystals are just external things. As long as their people remain, the lost wealth and cultivation resources can always be found again someday.

If the Mysterious Moon Palace really dispatched half of its members away, whether they could return alive was uncertain. After all, that is the Demon Emperor, and once war breaks out completely, even an Immortal Monarch is most likely just cannon fodder.

Furthermore, if half the people left, the Mysterious Moon Palace surely wouldn't be able to withstand the Blood Eagle Hall's attack. Based on the information they currently have, the Blood Eagle Hall has three Immortal Kings, and most importantly, the Blood Eagle Hall does not follow the orders of the Heavenly Splendor Hall.

The Golden Helmet Immortal Monarch looked at Ye Chuyao and said, "I will be staying at the Mysterious Moon Palace for a while. During this time, you will be my Furnace Cauldron."

Upon hearing these words, Ye Chuyao and the Elders present instantly turned cold, as Ye Chuyao was the Direct Disciple of their Hall Master. Forcing her to become a Furnace Cauldron was like trampling the face of the entire Mysterious Moon Palace.

The Golden Helmet Immortal Monarch paid no attention to the reactions of the Mysterious Moon Palace members. Based on his experience, even if these people were angry, they wouldn't dare do anything to him, as he was backed by the Heavenly Splendor Hall. Furthermore, if they wanted to send fewer people to the Heavenly Splendor Hall, they would have to try to please her.

Even if she was the Direct Disciple of the Mysterious Moon Hall Master, so what? He had slept with many sects' Saintesses.

The Golden Helmet Immortal Monarch calmly said, "I am taking a great risk to keep this hidden for you. What, you are unwilling to pay any price but want my help?"

Immortal Monarch Lingyin said, "Sir, she is, after all, our Hall Master's Direct Disciple. As long as it's not a woman, whatever you want, the Mysterious Moon Palace will do our best to fulfill."

The Golden Helmet Immortal Monarch chuckled and said, "I am a Steward of the Heavenly Splendor Hall. What treasures haven't I seen? This is just my small preference."

Although the Golden Helmet Immortal Monarch said this, he thought to himself that he wanted both the Immortal Crystals and the woman. After all, he would be staying at the Mysterious Moon Palace for a while and had nothing else to do during this time.

Seeing that the Golden Helmet Immortal Monarch insisted on Ye Chuyao becoming a Furnace Cauldron, the atmosphere became very tense on the scene.

Their Hall Master most hated sacrificing female Disciples of the Immortal Sect to gain some sort of benefit. If their Hall Master were here, he would certainly not agree.

Seeing that the Mysterious Moon Palace seemed unwilling, the Golden Helmet Immortal Monarch's face turned dark, and he looked at Ye Chuyao coldly and said, "Becoming a Furnace Cauldron for me is your fortune. Do you hesitate? Many Immortal Sects wish to send their Saintesses to my bed yet have no chance."

Ye Chuyao's face turned extremely cold. Although she did not particularly value chastity, exchanging chastity for benefits was an insult to her, especially to become a Furnace Cauldron for this man. It would not only ruin her Dao Heart but also make it difficult for her to improve her strength in the future, and it might even cause her Cultivation State to regress.

Becoming a Furnace Cauldron is not an easy task. If she said she was to become a Furnace Cauldron, her power would inevitably be drained by this man, causing her strength to naturally decline.

Currently, she had already touched the threshold of True Immortal. To be made into a Furnace Cauldron at this time would destroy her path to Immortality.

**Having children earns benefit, start competing for dominance in the world by marrying a wife**

Ye Chuyao directly refused at this time, saying, "Sir, I will not be your furnace cauldron."

Seeing Ye Chuyao, a mere Heavenly Immortal, dare to refuse him, Golden Helmet Immortal Monarch suddenly released his Immortal Monarch's pressure, "You dare to refuse me, who do you think you are?"

Ye Chuyao was immediately forced to kneel by this pressure. Seeing Golden Helmet Immortal Monarch releasing pressure to threaten Ye Chuyao, the elders of Mysterious Moon Palace could no longer stand it. After all, Ye Chuyao was the Hall Master's direct disciple, a candidate for the future Hall Master, and here was an outsider treating their Hall Master's direct disciple in this manner at Mysterious Moon Palace.

Immortal Monarch Lingyin then also released pressure to counteract the pressure from Golden Helmet Immortal Monarch, "Sir, what do you mean by this?"

Golden Helmet Immortal Monarch sneered and said, "What do I mean? I'm determined to have this furnace cauldron. You can try to act against me, but think about the consequences."

Golden Helmet Immortal Monarch thought that he was, at least, a steward of Heavenly Splendor Hall, and Mysterious Moon Palace only had one Immortal King, not a strong Immortal Sect. He didn't believe these people would act against him for the sake of a Heavenly Immortal.

However, just as Golden Helmet Immortal Monarch thought so, he found that Immortal Monarch Lingyin still had not withdrawn his pressure. Immortal Monarch Lingyin said coldly, "Sir, even if you are an emissary sent by Heavenly Splendor Hall, you should not humiliate us like this."

"Although Heavenly Splendor Hall is the largest Immortal Sect in the Southern Domain, the Southern Domain doesn't belong to Heavenly Splendor Hall alone. We can assist in attacking the Demon Emperor, but if Heavenly Splendor Hall wants to use this to oppress us, we will rise to resist."

Having said this, Immortal Monarch Lingyin fully released his aura, and Golden Helmet Immortal Monarch was immediately stunned. He hadn't expected Mysterious Moon Palace to be so strong-willed.

If it were another Immortal Sect, let alone for a Heavenly Immortal, even if he had taken a liking to a Golden Immortal, those Immortal Sects would have sent them to his bed.

This made Golden Helmet Immortal Monarch extremely angry. These people actually dared to defy him, and he immediately took out a Heavenly Rank Immortal Artifact, the Dragon Scale Battle Saber.

At the moment the Dragon Scale Battle Saber appeared, it erupted with a terrifying killing intent, which instantly intimidated everyone present.

Immortal Monarch Lingyin and the other elders immediately recognized the grade of the Dragon Scale Battle Saber.

Heavenly Rank Immortal Artifact!

A Heavenly Rank Immortal Artifact indeed!

Golden Helmet Immortal Monarch glanced at the elders present and then said, "I'm determined to have this furnace cauldron. Who dares to stand in my way today?"

As he spoke, the killing intent of the Dragon Scale Battle Saber was unleashed again, causing cold sweat to drip from everyone present. This was the kind of killing intent that could only be accumulated by killing many people, and it wasn't emanating from Golden Helmet Immortal Monarch, but from the Dragon Scale Battle Saber itself. Clearly, this Dragon Scale Battle Saber had already developed an Artifact Spirit.

A Heavenly Rank Immortal Artifact with an Artifact Spirit would be even more difficult to deal with, and Golden Helmet Immortal Monarch's strength was probably superior to all the Immortal Monarchs present.

What should they do now? Their Hall Master had gone to Chiyan Sect to discuss an alliance with Chiyan Immortal King. They might not be able to defeat Golden Helmet Immortal Monarch. Could they really just stand by and watch Golden Helmet Immortal Monarch make Ye Chuyao into a furnace cauldron?

At this moment, Ye Chuyao's face was pale. Having walked this path, she had encountered many who coveted her body, but she had always managed to escape. However, this time, she seemed unable to escape.

This Immortal Monarch's strength was clearly much greater than that of the Mysterious Moon Palace's Immortal Monarchs. The most important thing was his special identity. If the Mysterious Moon Palace really acted against him, and this matter reached Heavenly Splendor Hall, they might send even more powerful people to trouble Mysterious Moon Palace.

Could it be that today she was destined not to escape the fate of being humiliated?

Seeing that no one dared to make a move, Golden Helmet Immortal Monarch revealed a disdainful smile. His gaze then turned back to Ye Chuyao, "Beauty, obediently become my furnace cauldron. Rest assured, you'll only lose some cultivation state. I won't take your life."

As soon as Golden Helmet Immortal Monarch finished speaking, he began to walk step by step toward Ye Chuyao. Seeing him getting closer, Ye Chuyao's face turned even paler.

Once she became a furnace cauldron, her entire cultivation state would be as good as wasted.

She hadn't yet avenged Wu Junwan; how could she be wasted like this?

Just as Golden Helmet Immortal Monarch was about to reach Ye Chuyao, Immortal Monarch Lingyin suddenly appeared, blocking in front of Ye Chuyao.

Ye Chuyao was the Hall Master's direct disciple and, no matter what, must not be harmed.

Seeing that someone dared to obstruct him, Golden Helmet Immortal Monarch's face turned extremely gloomy, "It seems you won't cry until you see the coffin!"

As soon as he finished speaking, Golden Helmet Immortal Monarch gripped the Dragon Scale Battle Saber tightly and slashed at Immortal Monarch Lingyin.

Immortal Monarch Lingyin was slightly startled. She hadn't expected Golden Helmet Immortal Monarch to be so arrogant that he would dare act against them while at Mysterious Moon Palace.

Mysterious Moon Palace, after all, was an Immortal King level force. Using their formation to handle an Immortal Monarch shouldn't be a problem. They hadn't

activated the formation earlier out of consideration for Golden Helmet Immortal Monarch being an envoy from Heavenly Splendor Hall. If anything happened to him, Mysterious Moon Palace would face even more trouble later.

However, Mysterious Moon Palace's constant forbearance only emboldened Golden Helmet Immortal Monarch to take it further.

Immortal Monarch Lingyin immediately took out an ancient zither and quickly played it. In the next moment, numerous soundwaves flew towards Golden Helmet Immortal Monarch. Golden Helmet Immortal Monarch snorted coldly, and with another slash, the two Blade Qi directly destroyed the Sword Qi formed by the soundwaves.

Golden Helmet Immortal Monarch said, "You think you can block me!"

Immortal Monarch Lingyin's expression changed slightly. She immediately said to the other elders, "Activate the Great Array!"

This...

Hearing Immortal Monarch Lingyin's words, the other elders hesitated. This person was an envoy sent by Heavenly Splendor Hall. What if something happened to him and Heavenly Splendor Hall held them accountable later?

Seeing that they didn't dare to make a move, Immortal Monarch Lingyin frowned tightly. She knew that with her own strength, she certainly wasn't a match for Golden Helmet Immortal Monarch.

Seeing that the other elders of Mysterious Moon Palace didn't dare attack him, Golden Helmet Immortal Monarch grew even more unscrupulous. He said coldly, "Step aside, and today I won't hold this against you. If you don't, I'll report your attack on me to the Immortal Venerate, and when he blames you, Mysterious Moon Palace will have no place in the Southern Domain."

Just when Immortal Monarch Lingyin didn't know what to do, Lu Chen walked over from a distance.

Seeing Lu Chen, Immortal Monarch Lingyin instantly remembered that now that Chen King had returned, she only needed to ensure the safety of Chen King. If Mysterious Moon Palace really got into trouble, she'd leave Mysterious Moon Palace with Chen King.

As for Ye Chuyao, she was really beyond her ability to protect.

Just as she was about to step aside, Lu Chen walked to the front of Ye Chuyao. Seeing Lu Chen, a mere True Immortal daring to block his way, Golden Helmet Immortal Monarch became even more furious.

# Having children earns benefit, start competing for dominance in the world by marrying a wife

Just as Ye Chuyao was in despair, she found Lu Chen standing in front of her, leaving her momentarily stunned.

After all, she had already recognized Chen Lu as Lu Chen in her heart, yet this lustful scoundrel actually stepped forward at this moment to shield her, and judging from his aura, his cultivation state had already returned to the Heavenly Immortal Realm.

However, speaking of which, a Heavenly Immortal seemed unable to block the opponent, after all, the opponent was an Immortal Monarch, and an Immortal Monarch possessing a Heavenly Rank Immortal Artifact at that.

Seeing a Heavenly Immortal coming out at this moment to block his path, Golden Helmet Immortal Monarch became immensely angry, "Who are you? How dare a mere Heavenly Immortal come out to obstruct me?"

As he spoke, the aura on Golden Helmet Immortal Monarch exploded once again, a terrifying pressure bore down on Lu Chen in an instant, though he barely managed to hold his ground without kneeling.

At this moment, Immortal Monarch Lingyin immediately released pressure to help Lu Chen resist the pressure from Golden Helmet Immortal Monarch.

Seeing Immortal Monarch Lingyin daring to intervene, Golden Helmet Immortal Monarch said coldly, "You still dare to make a move against me, have you thought of the consequences?"

Immortal Monarch Lingyin replied coldly, "She is the direct disciple of the Hall Master of our Immortal Sect and the future successor. If Mysterious Moon Palace can't even protect her, then there is no reason for Mysterious Moon Palace to exist."

Hearing Immortal Monarch Lingyin's words, the elders present all felt their faces burning with shame, but they still didn't dare to make a move.

Most of these elders joined Mysterious Moon Palace later, so they didn't have a strong sense of belonging to Mysterious Moon Palace, making it difficult for them to fight desperately for it.

Seeing that the other elders of Mysterious Moon Palace didn't dare to make a move against him, Golden Helmet Immortal Monarch became even more arrogant, since those people didn't dare to act, there was no need for him to hold back anymore.

Golden Helmet Immortal Monarch then said, "Since you dare to obstruct me, you must be prepared to pay the price!"

As he spoke, Golden Helmet Immortal Monarch's immortal power converged onto the Dragon Scale Battle Saber, and in the next moment, he swung it, a gigantic golden dragon appeared, rushing straight towards Immortal Monarch Lingyin.

Immortal Monarch Lingyin hastily manipulated the ancient zither and immediately used Immortal Law.

"Gale Chaotic Dance!!!"

In the next moment, countless tornadoes emanated from the ancient zither, and when these tornadoes collided with the giant golden dragon, they instantly caused a violent explosion.

If not for the Sect Protection Array of Mysterious Moon Palace, the full force attack of the two Immortal Monarchs might have destroyed Mysterious Moon Palace by now.

At this moment, the Sect Protection Array emanated a deep blue light, and the buildings of Mysterious Moon Palace also glowed blue. Although the destructive power contained in their attacks was great, it did not destroy the buildings of Mysterious Moon Palace.

Seeing that the buildings of Mysterious Moon Palace were so sturdy, Golden Helmet Immortal Monarch found it hard to believe.

A full-strength strike at the Immortal Monarch level could be resisted, this Mysterious Moon Palace was probably not just an Immortal King level Immortal Sect, as an Immortal King level sect shouldn't possess such a high-level formation.

This Mysterious Moon Immortal King probably had some background, but he couldn't care less now. Since he had already made a move, he would follow this path to the end.

Today, he must turn that beauty into his Furnace Cauldron to compensate for his consumption today.

At this point, Yun Yudie stepped back a few paces, her face a bit pale, and in the next moment, the ancient zither in her hand actually broke.

Although she had barely blocked Golden Helmet Immortal Monarch's attack, her body was also seriously injured.

Lu Chen thought to himself, is it necessary for him to expose his strength now?

Just then, he suddenly remembered the jade scrolls Yun Yudie gave him when he went out for training, which he hadn't used yet.

With the strength of Yun Yudie as an Immortal King, it shouldn't be a problem to instantly return from Chiyan Sect to the Mysterious Moon Palace.

At this moment, seeing that Lingyin Immortal Monarch was injured and even the ancient zither in her hand was broken, Golden Helmet Immortal Monarch sneered and said, "With such a little strength, you dare to stop me, you really don't know life and death."

At this point, Golden Helmet Immortal Monarch was about to make another move. Seeing this, Lu Chen hurriedly took out the jade scroll and infused it with immortal power, instantly activating the jade scroll.

As soon as the jade scroll was activated, a formidable pressure descended from the sky, instantly rendering Golden Helmet Immortal Monarch incapable of movement, even unable to mobilize the immortal aura within his body.

In an instant, a chilling immortal aura swept across the scene, freezing Golden Helmet Immortal Monarch's entire body, he looked at the scene ahead in disbelief.

What is happening?

Why can't he move?

Just then, countless ice butterflies appeared in Mysterious Moon Palace, fluttering everywhere, with Golden Helmet Immortal Monarch clearly sensing the murderous aura from the ice butterflies.

He hurriedly used immortal aura to shatter the immortal aura above his head, then said loudly, "I am a steward of the Heavenly Splendor Hall, how dare you attack me, I will definitely report this to Heavenly Splendor Hall, and have Mysterious Moon Palace removed from the Southern Domain!"

As Golden Helmet Immortal Monarch's words fell, a cold but stunning figure appeared above Mysterious Moon Palace. Seeing the newcomer, Golden Helmet Immortal Monarch asked, "Who are you?"

Yun Yudie did not speak, at this moment, the people of Mysterious Moon Palace hurriedly spoke in unison, "Greetings to the Hall Master!"

Golden Helmet Immortal Monarch's face instantly turned black, "So you are the Hall Master of Mysterious Moon Palace? How dare you attack me!"

Yun Yudie glanced indifferently at the people present, then calmly asked, "What happened here?"

The main body of Yun Yudie was discussing an alliance against Blood Eagle Hall at the Chiyan Sect, she didn't know what had happened here.

However, since Lu Chen used the jade scroll to summon a wisp of her divine soul, it showed that something significant happened at Mysterious Moon Palace.

At this moment, Immortal Monarch Lingyin condensed her memory into a Memory Pearl and sent it to the wisp of Yun Yudie's divine soul; after Yun Yudie read the memories in the Memory Pearl, her imposing pressure exploded, an icy chill swept through Mysterious Moon Palace, freezing the entire palace.

Clearly, Yun Yudie was thoroughly enraged, she didn't expect that someone would come to her Mysterious Moon Palace to do such things shortly after she left, what upset her most was that her direct disciple was nearly turned into a Furnace Cauldron while the elders merely stood by, only Immortal Monarch Lingyin and Lu Chen dared to stand up for her.

Feeling the cold aura released by Yun Yudie, everyone present was shivering, and Golden Helmet Immortal Monarch also realized, the Yun Yudie in front of him was just a wisp of the divine soul, yet it possessed such terrifying power, making it hard for him to believe.

This Immortal King was probably on the verge of a breakthrough, a breakthrough for an Immortal King meant an Immortal Venerate, right?

Thinking of this, Golden Helmet Immortal Monarch's face instantly turned pale, he hurriedly said, "Senior, I..."

Before Golden Helmet Immortal Monarch could finish his words, Yun Yudie snorted coldly, then waved her hand, countless ice butterflies wrapped around Golden Helmet Immortal Monarch, and in the next moment, the plaza of Mysterious Moon Palace echoed with Golden Helmet Immortal Monarch's screams of agony.

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

**Chapter 1674: Chapter 1364: Are We Just Going to Let This Go?**

Yun Yudie used just one move, and the body and divine soul of the Golden Helmet Immortal Monarch were completely frozen. When those Ice Butterflies dispersed, the Golden Helmet Immortal Monarch was entirely turned into an ice sculpture.

Seeing this scene, the Elders present were all taken aback and felt immense fear at the thought that they hadn't stopped the Golden Helmet Immortal Monarch earlier.

They were terrified that Yun Yudie might take action against them now, but Yun Yudie didn't do so. Instead, she waved her hand, and the frozen Golden Helmet Immortal Monarch instantly turned into ice crystals and vanished into the air.

Yun Yudie coldly said, "This is the only time."

Nowadays, the actions of the Blood Eagle Hall are increasing; it won't be long before they might launch an attack on the Mysterious Moon Palace. Now is a time when we need people. Although she was somewhat dissatisfied with those Elders who joined the Mysterious Moon Palace later, considering they are still useful, Yun Yudie did not plan to eliminate them.

At this time, Yun Yudie's divine soul looked at Lu Chen. She clearly felt that Lu Chen had already broken through to the Heavenly Immortal Realm, which made Yun Yudie somewhat surprised. She hadn't expected that her direct disciple would breakthrough so quickly after closing the retreat for not long.

He truly is someone with great qi fortune.

Yun Yudie was very satisfied with Lu Chen's performance. At the critical moment, when those Elders dared not stand up, her direct disciple, unafraid of power, stepped forward to protect Ye Chuyao, and even when facing the threat of an Immortal Monarch, he didn't retreat at all.

It seems that the disciple she recruited has a pretty good temperament. Although he is somewhat lecherous, immediately taking women as his partners, now it seems that both Cao Shiyun and Xiao Xueying are indeed willing.

Thinking of this, Yun Yudie said to Lu Chen, “From today on, you don’t have to continue facing the wall as punishment.”

Lu Chen immediately said, “Thank you, Honored Master.”

Yun Yudie then said, “That’s all, I am still negotiating an alliance with the Chiyan Immortal King.”

As her words fell, the wisp of Yun Yudie’s divine soul disappeared.

After Yun Yudie left, Ye Chuyao looked at Lu Chen with a strange expression on her face. She couldn’t have imagined that at such a moment, Lu Chen would step up to help her.

After all she’s done to Lu Chen, even sending people to watch him, Lu Chen was still willing to stand in front of her.

Thinking of this, Ye Chuyao felt a sliver of guilt inside, but she quickly reminded herself that she must not be misled by this lecherous guy.

This bastard had snatched Wu Junwan away, ruining Wu Junwan's imperial path. How could she easily forgive him?

At this moment, Lu Chen turned to look at Ye Chuyao with a smile and asked, "Senior Sister Ye, are you alright?"

Ye Chuyao said calmly, "I'm fine, thank you for your assistance, Junior Brother. If not for you, perhaps I would have already become someone else's furnace cauldron."

Despite her inner aversion to Lu Chen, Lu Chen had saved her cultivation state, and she was very grateful. Now she felt somewhat conflicted.

On one hand, there was Wu Junwan's revenge; on the other hand, Lu Chen was the man of her two junior sisters, and now Lu Chen had saved her and preserved her cultivation state. She didn't know how she should deal with Lu Chen now.

Ye Chuyao slightly clenched her jade fists, thinking to herself, no wonder Lu Chen's women are so willing to follow this bastard to death and beyond; aside from being lecherous, he seems to have no other flaws.

Could it be that it should end like this?

Ye Chuyao felt a bit unwilling inside.

Wu Junwan was the person she cared about the most, and Wu Junwan was harmed by Lu Chen, yet she felt tormented inside for doing nothing about it.

Seeing Ye Chuyao's expression seemed a bit off, Lu Chen understood that Ye Chuyao's heart was likely wavering.

Once shaken, it would be easier to handle.

Lu Chen didn't say much more; he turned and left the square, returning to his courtyard.

Just after Lu Chen returned to his courtyard, Immortal Monarch Lingyin also arrived. As soon as he entered the courtyard, he set up a soundproofing formation.

“My lord, the activities of the Blood Eagle Hall are becoming more frequent, and considering that the Mysterious Moon Palace now has offended the Heavenly Splendor Hall, if today's events spread to the Heavenly Splendor Hall, I'm afraid the Mysterious Moon Palace will soon suffer retaliation from them. For your safety, why don't we leave the Mysterious Moon Palace?”

The primary duty of Immortal Monarch Lingyin is to ensure Lu Chen's safety; she doesn't care about others, but nothing must happen to Lu Chen. This is the duty of being Lu Chen's chief maid.

Lu Chen said, "This is just one of my clones. Even if it dies, I won't be harmed, you need not worry."

Upon hearing this, Immortal Monarch Lingyin quickly realized that indeed, if it's just a clone, its death would have some impact on the main body, but as long as the divine soul contained within the clone wasn't much, the backlash wouldn't be too severe.

Immortal Monarch Lingyin felt slightly relieved. Lu Chen thought of something and then asked, "How much longer until you can break through to the Immortal King Realm?"

Immortal Monarch Lingyin sighed slightly, "I have actually felt the bottleneck for a long time, especially after meeting you, my lord, but I always feel a slight lack of something, unable to take that step."

Lu Chen immediately took out a Myriad Phenomena Life Spirit Pill, "This is the Myriad Phenomena Life Spirit Pill. After taking it, it can help you break through to the Immortal King Realm. Even if you fail to break through, the pill can protect your body and help you resist the heavenly tribulation."

The Blood Eagle Hall is plotting in the shadows, and with the current strength of the Mysterious Moon Palace, it's hard to contend with the Blood Eagle Hall. So Lu Chen wants to enhance the strength of the Mysterious Moon Palace.

Immortal Monarch Lingyin is one of his people, so it's just right to try helping her breakthrough to the Immortal King Realm. Once she breaks through to the Immortal King Realm, she can help him solve a lot of small troubles in the future.

Seeing the pill in Lu Chen's hand, Immortal Monarch Lingyin was slightly stunned. What grade must this pill be to help her breakthrough?

Heavenly Grade Elixir?

Heavenly Grade Elixirs are extremely precious, especially those that can help people breakthrough. Moreover, this pill can even resist heavenly tribulations, making it even more valuable.

Considering the pill's preciousness, Immortal Monarch Lingyin quickly said, "My lord, your strength hasn't fully recovered yet; you should keep this pill for yourself."

Lu Chen said indifferently, "I have plenty of these pills."

This...

Since Lu Chen said so, Immortal Monarch Lingyin didn't refuse anymore, taking the Myriad Phenomena Life Spirit Pill from Lu Chen's hand.

After taking the pill, Immortal Monarch Lingyin didn't consume it immediately. She suddenly thought of something, then said, "My lord, I have a request, I wonder if it could be granted."

Thinking of her request, a blush appeared on Immortal Monarch Lingyin's cheeks. She always felt that her state of mind was lacking something, and she believed this might be related to Lu Chen.

Lu Chen curiously asked, "What request? Tell me, please."

It was the first time that Lu Chen encountered Immortal Monarch Lingyin asking him for something; previously, while serving as his maid, she never made any requests, making Lu Chen very curious about what her request might be.

Feeling a bit ashamed, Immortal Monarch Lingyin still boldly made her request, "I wish to serve my lord once."

# Having children earns benefit, start competing for dominance in the world by marrying a wife

Hearing Immortal Monarch Lingyin's words, Lu Chen was slightly taken aback. Honestly, such matters didn't mean much to them, after all, Immortal Monarch Lingyin was essentially his maid, and he grew up under her care.

Although Immortal Monarch Lingyin did not meet the system's conditions, Lu Chen could still fulfill her desires as long as she wanted.

It was just that he hadn't expected Immortal Monarch Lingyin to make such a request. For Lingyin, the pleasures between a man and a woman should no longer hold any allure.

Lu Chen asked in confusion, "This kind of thing shouldn't attract you anymore, so why would you have such an idea?"

Immortal Monarch Lingyin replied, "I don't know why, but I always feel like something is missing in my state of mind. Even though I've touched the threshold of a breakthrough, I just can't cross it."

"I want to see if it has anything to do with the King."

Immortal Monarch Lingyin understood that to Lu Chen, she might not be important. Even though she served him growing up, Lu Chen did not have that kind of love for her; there was more of a master-servant bond between them.

However, in her eyes, Lu Chen was a very important presence. Back then, when Lu Chen's mother arranged for her to serve Lu Chen, she was merely a Mortal Immortal who had just succeeded in crossing the tribulation, whereas Lu Chen's identity was noble. Though she was an Immortal, she was nothing in front of Lu Chen.

Moreover, she was an Immortal who had successfully crossed the tribulation from a mortal, not an Innate Immortal.

Immortals are divided into different classes, and those who became Immortals through Mortal Tribulation Crossing are the lowest in the Tianyan Immortal Domain.

However, even though Lu Chen was noble, he never treated her as a lowly person. Lu Chen was always good to her, and she watched him grow up and become stronger. Even after Lu Chen became an Immortal King, he never despised her, which caused her to develop some inexplicable feelings towards him.

Lu Chen said, "Alright then, let's give it a try."

Seeing Lu Chen agree, Immortal Monarch Lingyin let out a sigh of relief. She was actually somewhat afraid that Lu Chen would refuse.

After all, they hadn't done such a thing for so many years, and she was merely a maid of Lu Chen, not someone who had the right to propose such a thing.

At this time, Lu Chen approached Immortal Monarch Lingyin from behind and gently placed his large hand on her derrière.

At the moment Lu Chen came close, Immortal Monarch Lingyin's emotions, which had been sealed for billions of years, were awakened. When Lu Chen was not around, she wouldn't think about such matters between men and women, but when Lu Chen touched her, memories of past intimacies instantly flooded into Immortal Monarch Lingyin's mind, stirring her emotions immediately.

Immortal Monarch Lingyin's cheeks warmed slightly. As Lu Chen's maid, she had spent countless nights by his side. Though they were familiar with each other's bodies, it had been billions of years since they last engaged in such things.

In her mind, Immortal Monarch Lingyin recalled the first time she served Lu Chen. He had just come of age, and it was her task to educate him on the matters between men and women, according to his mother's wishes.

At that time, although she had learned quite a bit about the subject, she had never been with a man, so she was extremely nervous her first time serving Lu Chen.

And Lu Chen was the same; since it was the first time they both dealt with this matter, they were both very nervous. But, fortunately, she managed to complete the teaching task in the end.

Now, Lu Chen was no longer the young, inexperienced man he once was. Thinking of this, Immortal Monarch Lingyin suddenly felt nostalgic for those nights spent teaching Lu Chen.

At this moment, Lu Chen used Space Teleportation to bring them both to his room, where he gently pressed Immortal Monarch Lingyin's soft body onto the cushioned couch.

Overlooking Immortal Monarch Lingyin's jade-like face, Lu Chen chuckled and said, "In this matter, you were my teacher. I have graduated for so many years now; it's time to test my learning achievements. So, today, you don't need to serve me actively, let me do it."

Hearing this, Immortal Monarch Lingyin was slightly taken aback before she replied, "I understand."

Lu Chen continued, "Take the Myriad Phenomena Life Spirit Pill, let's seize the opportunity for Dual Cultivation and see if it can help you break through."

Upon hearing Lu Chen's suggestion, Immortal Monarch Lingyin did not hesitate and immediately swallowed the Myriad Phenomena Life Spirit Pill. After seeing this, Lu Chen also leaned down and kissed Immortal Monarch Lingyin's cherry lips.

Lu Chen did not treat Immortal Monarch Lingyin as he did Xu Jingshu. He gently stirred Lingyin's interest, and when he felt the time was right, he began Dual Cultivation with Immortal Monarch Lingyin.

As time passed, Lu Chen found that Lingyin's resilience was unlike that of his other concubines. He relaxed, knowing that, as an Immortal Monarch, such matters were indeed of little concern to her.

However, when Lu Chen increased the intensity, Immortal Monarch Lingyin felt as if a heavy hammer was pounding her heart, and the barriers in her mind began to open and expand.

Immortal Monarch Lingyin thought to herself, it was indeed related to Chen King. She had suspected from the start that breaking through her Realm might require Lu Chen, so she wasn't surprised at all.

Then, Immortal Monarch Lingyin began channeling her immortal power, preparing to break through to the Immortal King Realm.

Meanwhile, the sky above the Mysterious Moon Palace turned overcast, and countless surges of black lightning appeared.

Upon seeing the strange phenomenon in the sky, everyone in the Mysterious Moon Palace was in a flurry, and the Elders quickly began searching for the person causing the anomaly.

"It's the Immortal King Tribulation!!!"

"Someone is about to break through to become an Immortal King!!!"

"Quick, find out who is crossing the tribulation!"

...

If this person succeeds, Mysterious Moon Palace would have another Immortal King, increasing their chances against the Blood Eagle Hall. Naturally, this prospect excited everyone in the Mysterious Moon Palace.

Soon, Ye Chuyao located the source of the anomaly, but when she realized it originated from Lu Chen's estate, Ye Chuyao stood outside in deep thought.

She furrowed her brow, her expression somewhat gloomy. Could it be that Lu Chen's strength was returning to the Immortal King Realm?

If so, she would once again be unable to avenge Wu Junwan, as she was only a Heavenly Immortal, not a match for an Immortal King.

Soon, the other Elders of the Mysterious Moon Palace also discovered that the anomaly was emanating from Lu Chen's estate, and they all gathered outside it.

However, to avoid disturbing the one crossing the tribulation, they merely stood outside and refrained from using Divine Sense to probe, leaving them unaware of what was happening inside the room.

One of the Elders looked at Lu Chen's courtyard, puzzled, and said, "Isn't this Chen Lu's courtyard? How could someone be breaking through inside Chen Lu's room?"

"Who is in Chen Lu's room?"

The Immortal King Tribulation is extremely arduous, so when an Immortal Monarch senses an impending breakthrough, they usually prepare thoroughly to avoid any incidents.

Yet, this Immortal Monarch chose to break through in a disciple's room.

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

**Chapter 1676: Chapter 1366: Junior Brother, Why Were You Inside Too?**

When Ye Chuyao and the others appeared outside the courtyard, Lu Chen and Immortal Monarch Lingyin had already sensed them, but Lu Chen didn't care.

This was the critical moment for Immortal Monarch Lingyin's breakthrough. No matter what, they couldn't be interrupted now. Even if the elders and disciples of the Mysterious Moon Palace discovered them, it didn't matter.

After all, once Immortal Monarch Lingyin broke through and became Ling Yin Immortal King, even if their affair was discovered by the Mysterious Moon Palace, no one would dare say anything.

Outside the courtyard, Ye Chuyao clenched her jade fist. She thought it was Lu Chen who was breaking through, so she felt very distressed, hoping Lu Chen would fail.

Because of recent events, she was still hesitant, not knowing whether to retaliate against Lu Chen. However, since both were in the Heavenly Immortal Realm, she had the power to retaliate against Lu Chen if she wanted to.

Once Lu Chen successfully regained his strength, she wouldn't have the power to retaliate even if she wanted to.

At this moment, the black thunderbolts in the sky became more numerous, madly blasting Lu Chen's room. The entire courtyard was turned into ruins by the black thunderbolts, but fortunately, a huge purple sphere appeared in Lu Chen's room, enveloping Lu Chen and Immortal Monarch Lingyin inside.

Even though Lu Chen's house and courtyard were blasted into ruins by the black thunderbolts, Lu Chen and Immortal Monarch Lingyin's bodies were still not exposed to people's sight.

Inside the purple sphere, Lu Chen felt a terrifying suction force, frantically absorbing the immortal power within his body. Lu Chen clearly felt that this body could not withstand it, as it was just a Heavenly Immortal body.

But he didn't care. After all, it was just a clone. Even if something happened, as long as the Divine Soul wasn't affected, he could create another body instantly.

However, this terrifying suction made Lu Chen feel dazed, but fortunately, it wasn't like Xu Jingshu's Charming Skill, and he was still in a lucid state.

After about two hours, a terrifying pressure was released from Immortal Monarch Lingyin. Immediately, the black tribulation thunders in the sky disappeared.

Immortal Monarch Lingyin successfully broke through to the Immortal King Realm.

However, the purple sphere surrounding Lu Chen and Ling Yin Immortal King did not dissipate, and Lu Chen and Ling Yin Immortal King were still in an intimate state.

Feeling Lu Chen's aura weakening sharply, Ling Yin Immortal King felt extremely guilty. She knew that during her breakthrough, she frantically absorbed the immortal power within Lu Chen, which caused Lu Chen to be in a weak state now.

Ling Yin Immortal King lay on Lu Chen's chest, "Thank you, my king."

At this moment, Ling Yin Immortal King suddenly thought of something and then said, “I know my king has no romantic feelings for me, but since I am the king’s maid, may I still serve my king in the future?”

Ling Yin Immortal King had self-awareness. She didn’t believe Lu Chen liked her. The way Lu Chen looked at her was different from how he looked at his wives and concubines.

But even so, she still wanted to be intimate with Lu Chen. As long as Lu Chen was willing to touch her, even if she knew Lu Chen had no romantic feelings for her, she would feel very satisfied.

Lu Chen raised his hand, gently caressing the jade cheek of the maid, and smilingly said, “Once my woman, forever my woman. You watched me grow up and should know what kind of person I am.”

“I’ll naturally satisfy you with such a small matter.”

Seeing Lu Chen agree, Ling Yin Immortal King’s jade-like cheeks turned even hotter, and her body temperature rose significantly.

Ling Yin Immortal King then inspected Lu Chen’s body and said, “My king, let me restore your strength a bit.”

As she spoke, Ling Yin Immortal King embraced Lu Chen's strong waist, flipped over, pressing Lu Chen beneath her, then delivered some immortal power into Lu Chen through mouth-to-mouth transfer.

While transferring immortal power to Lu Chen, Ling Yin Immortal King was also doing something. As the immortal power within his body was restored, Lu Chen felt much more refreshed.

But the problem was that there were so many people watching outside. If they went out now, their affair might get discovered.

Should they use Space Teleportation to leave?

If they used Space Power, the Immortal Monarchs outside would surely notice, giving off a "no silver under this place" vibe.

Meanwhile, outside the courtyard, people were eagerly watching the purple sphere in front of them.

A Golden Immortal Elder said, "This should have been successful, right?"

“Why haven’t the people inside come out yet?”

At this moment, another elder said, “Perhaps they are still adjusting their breath.”

Just then, an Immortal Monarch Elder said, “Right now, only Immortal Monarch Lingyin is missing, so it seems it’s Immortal Monarch Lingyin who broke through just now.”

As this Immortal Monarch Elder’s words finished, another Immortal Monarch Elder said, “Perhaps she shouldn’t be called Immortal Monarch anymore.”

The elder came to realize quickly and hurriedly said, “Oh yes, yes, yes, she broke through, now we should address her as Ling Yin Immortal King.”

Ye Chuyao quietly watched the purple sphere, unable to see anything inside. She very much wanted to use Divine Sense to probe into the purple sphere to find out who was inside.

Even though Immortal Monarch Lingyin wasn’t with them, she still felt that Lu Chen was inside the purple sphere. She just wanted to confirm whether Lu Chen had recovered his strength.

At this point, the offense and defense inside the purple sphere had reversed; Lu Chen now had Ling Yin Immortal King pressed beneath him, soothing her longing for billions of years.

Considering that Ling Yin Immortal King was an Immortal King and particularly resilient, Lu Chen held nothing back and displayed his full strength.

Though Ling Yin Immortal King, this maid, didn't qualify under the system's conditions, her beauty and figure were still seen as top-grade in Lu Chen's eyes.

Since obtaining the system, Lu Chen had never been this intimate with a woman who didn't meet system conditions.

At this moment, Ling Yin Immortal King, this maid, only felt immense happiness, feeling that after waiting billions of years, she had finally waited for her master to return.

A day swiftly passed, and Lu Chen and Ling Yin Immortal King were still inside the purple sphere. This purple sphere not only blocked sound but also Divine Sense detection, allowing them to be utterly unrestrained inside.

After a day, Lu Chen got up and said to Ling Yin Immortal King, "The days ahead are long; there will be plenty of time in the future."

Since so many people were still gathered outside, continuing to stay inside wasn't a good idea either.

Ling Yin Immortal King blushed and said, "What my king says is true."

With a wave of their hands, a set of clean clothes appeared on both of them, and their messy hair was instantly tidied up.

Once their appearances were tidied, Ling Yin Immortal King directly dispelled the purple sphere.

As the purple sphere gradually dissipated, the onlookers outside widened their eyes, staring intently at the purple sphere.

Next moment, the purple sphere completely dissipated, and seeing it was Ling Yin Immortal King, the elders of the Mysterious Moon Palace became thoroughly excited.

"It really is Immortal Monarch Lingyin... oh no, Ling Yin Immortal King!!!"

"This is great, our Mysterious Moon Palace has gained another Immortal King from now on!"

“Now we don’t have to fear the Blood Eagle Hall!!!”

...

As people were excited about Ling Yin Immortal King’s breakthrough, Ye Chuyao looked at Ling Yin Immortal King and Lu Chen with suspicion.

Ye Chuyao opened her mouth and asked, “Junior Brother, why were you inside as well?”

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

**Chapter 1677: Chapter 1367: I Wonder if Junior Brother Can Help Me?**

The Immortal King Tribulation is incredibly terrifying, and even a slight mistake by an Immortal Monarch could lead to death and the disappearance of their path.

During the tribulation crossing, people dare not come close, yet Lu Chen is actually in the same room with Ling Yin Immortal King.

Upon hearing Ye Chuyao's voice, everyone present finally reacted, looking at Lu Chen with puzzled expressions.

It was already quite strange for Ling Yin Immortal King to come to their Hall Master's direct disciple to cross the tribulation, and that the two were together during the tribulation was even more bizarre.

Facing Ye Chuyao's question, Ling Yin Immortal King calmly said, "I originally came to find Chen Lu for something, but then I suddenly felt the bottleneck within loosen, and I couldn't control it, so I just broke through directly."

"The entire courtyard was locked by the Immortal King Tribulation at the time; if Chen Lu ran out, he would have undoubtedly died, so I had no choice but to keep him by my side, crossing the tribulation while protecting him."

Hearing Ling Yin Immortal King's explanation shocked everyone present; to think that he still had the strength to protect Chen Lu during the tribulation crossing!

Ling Yin Immortal King is too strong!

Although Ling Yin Immortal King's explanation sounded reasonable, Ye Chuyao always felt something was amiss, looking suspiciously at Lu Chen and Ling Yin Immortal King.

Her intuition told her there must be something special about the relationship between Lu Chen and Ling Yin Immortal King.

Upon careful consideration, Ling Yin Immortal King was merely an Immortal Monarch before looking for Lu Chen and should have had no interactions with him in the Mysterious Moon Palace, making her coming for Lu Chen very suspicious.

Could it be that Ling Yin Immortal King was also ...

Upon realizing this possibility, Ye Chuyao's brows furrowed; currently, this possibility seemed substantial.

Although Lu Chen hadn't yet recovered his strength, he had all kinds of methods to deceive women; no one knew what kind of trick he used on Ling Yin Immortal King.

Should Lu Chen indeed have seduced Ling Yin Immortal King, it would be troubling, making her revenge even harder; with Ling Yin Immortal King protecting him, she could do nothing against Lu Chen.

What should she do now?

It seemed the only solution was to leverage her Honored Master's strength; it seemed her Honored Master also harbored enmity towards Lu Chen, and if she discovered that Chen Lu was indeed Lu Chen, she might take matters into her own hands to deal with the guy.

However, she had previously told her Honored Master that Chen Lu was Lu Chen, but her Honored Master didn't believe her. To prove Chen Lu was Lu Chen, she had to devise a plan.

Ye Chuyao pondered for a long time and couldn't come up with a good plan; Lu Chen was too well-hidden, and even if his promiscuous nature were exposed, seducing numerous women, it wouldn't serve as proof of him being Lu Chen.

After all, promiscuous immortals are not unheard of; even that envoy from the Heavenly Splendor Hall, an existence at the Immortal Monarch level, was still infatuated with her beauty.

Even Immortal Monarchs are promiscuous; let alone a Heavenly Immortal.

Wait a minute ...

Speaking of being promiscuous, Ye Chuyao suddenly thought of a plan.

If Lu Chen is this promiscuous, by employing a beauty trap and gaining his trust, he might reveal his true identity.

Once Lu Chen voluntarily reveals his real identity to her, she could immediately report it to her Honored Master, making it impossible for Lu Chen to argue.

However, doing so required her to sacrifice her chastity.

But for an immortal, chastity is trivial; for revenge, such a sacrifice is worthwhile.

With this thought, Ye Chuyao made up her mind and decided to implement her plan in a few days.

At this point, Ling Yin Immortal King spoke, "Alright, everyone, let's head back."

With these words, Ling Yin Immortal King glanced at Ye Chuyao with a smile and said, "Chuyao, I accidentally destroyed Chen Lu's courtyard during the tribulation crossing; please arrange another dwelling for him."

Ye Chuyao was slightly startled; she initially thought of implementing her plan in a few days but didn't expect to have the opportunity so soon.

She immediately said, "Alright."

Soon after, Ling Yin Immortal King and the others swiftly left the disciples' residential area.

After they left, Ye Chuyao glanced at Lu Chen and then said, "Junior Brother, I need to talk to you."

Seeing Ye Chuyao's serious expression, Lu Chen curiously asked, "What does Senior Sister want to say?"

Ye Chuyao raised her hand, setting up a sound insulation array, and then said, "Junior Brother, I was wrong before; I shouldn't have targeted you everywhere."

"Even though I made things difficult for you before, seeing you still willing to stand up and help me shows you're not the kind of person I thought you were."

With a smile, Lu Chen said, "Senior Sister, the past is in the past; let bygones be bygones."

Lu Chen then accessed Ye Chuyao's personal profile interface to check her information.

[Name: Ye Chuyao]

[Identity: A direct disciple of the Hall Master of the Mysterious Moon Palace and the personal maid of Princess Wu Junwan of the Spirit Martial Immortal Dynasty. Ever since Wu Junwan was abducted by the host, she left the Spirit Martial Immortal Dynasty and happened upon Yun Yudie, becoming Yun Yudie's direct disciple. She harbors deep resentment towards you, believing that if it weren't for you, Wu Junwan would now be the Empress of the Spirit Martial Immortal Dynasty and wouldn't have died in the Chaotic Sea. However, thinking that you're now the partner of her two junior sisters and that they carry your child, coupled with you standing up to resolve her crisis, she's now wavering on whether to take revenge.]

[Despite being conflicted internally about exacting revenge, her mind is still set on uncovering your real identity to prepare for future retaliation. She's considering taking advantage of your promiscuity by using seduction, lulling you into letting your guard down, and voluntarily revealing your identity, before reporting it to Yun Yudie.]

[Score: 93]

[Favorability: 40]

Seeing Ye Chuyao's profile, Lu Chen chuckled inwardly, realizing her plan.

A beauty trap, is it?

That's exactly his weakness.

Ye Chuyao said, "You're right, Junior Brother; let the past be the past. In the future, I will make it up to you. If you need anything, just come to me; I'll spare no effort to help you as long as it's within my capacity."

Lu Chen said, "Alright, thank you."

Ye Chuyao then asked, "Oh, Junior Brother, is it true you helped Junior Sister Cao and Junior Sister Xiao make their breakthrough?"

Lu Chen smiled and said, "I don't have such abilities; the two senior sisters were at the threshold of their breakthroughs, and I merely assisted a little."

Ye Chuyao asked, "Then was Ling Yin Immortal King's breakthrough also due to Junior Brother's assistance?"

Hearing Ye Chuyao's question, Lu Chen thought, "This woman's intuition is quite sharp. But then again, Ye Chuyao already knows my nature, and considering how much time Ling Yin Immortal King and I spent together, her guessing what happened is natural."

Lu Chen didn't deny it and said directly, "Yes, I assisted a little."

Ye Chuyao showed a surprised expression.

"It really was Junior Brother's contribution."

"I didn't expect Junior Brother to have such abilities, capable of aiding an Immortal Monarch in breaking through."

Ye Chuyao then took the opportunity to say, "Junior Brother, I'm also nearing a breakthrough, but my state of mind has been unsettled lately, hindering my progress."

"Since Junior Brother can assist an Immortal Monarch, you might be able to help me break through as well."

“Could you lend me your assistance, Junior Brother?”

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

Upon hearing Ye Chuyao’s words, Lu Chen was slightly surprised at how anxious she was.

For the sake of revenge, she really didn’t care about her own purity.

But this was good, it just happened to be to his advantage. Once she bore his child, he wanted to see if she’d be willing to let her child be born without a father.

Thinking of this, Lu Chen showed a trace of difficulty, then said, "Senior Sister, I’m afraid that’s not possible."

Ye Chuyao sighed slightly and said, "I was abrupt. Perhaps it will take some time for you to forgive me, Junior Brother."

Hearing this, Lu Chen smiled and said, "Senior Sister misunderstood. I never held any resentment against you, Senior Sister. It's just that if I am to help you break through, I need to use the Dual Cultivation Skill. You are so pure, Senior Sister, and have never had a couple, how can you and I partake in Dual Cultivation? If I ruin your good name, how would you find a couple in the future, Senior Sister?"

Ye Chuyao said, "The day you returned, Junior Sister Cao and Junior Sister Xiao told me about it. If Junior Brother doesn't mind, I'm willing to practice Dual Cultivation with you."

At this, Ye Chuyao showed a disappointed look, "I understand now, maybe it's because Senior Sister is not good looking, so Junior Brother is unwilling to practice Dual Cultivation with me."

"If that is the case, I will not force you, Junior Brother."

In her heart, Ye Chuyao thought, she didn't believe that a lecher like Lu Chen would be willing to pass up the opportunity to practice Dual Cultivation with her. Although the fairies in the Tianyan Immortal Domain were all beautiful, her looks were quite outstanding among them.

It was in Lu Chen's nature to not let go of such a tempting treat.

Hearing the sarcasm in Ye Chuyao's words, Lu Chen snorted inwardly. If she insisted on pushing in, then she should not blame him.

Thinking of this, Lu Chen said, "Alright, since Senior Sister has made up her mind, I will help you this once."

"But I must ask Senior Sister to keep it a secret from our Honored Master. If she found out that Senior Sister and I practiced Dual Cultivation behind her back, she might think I'm a lecherous man."

Ye Chuyao said, "Rest assured, Junior Brother, I won't reveal anything about our Dual Cultivation to Honored Master."

Lu Chen asked, "Then, Senior Sister, when do you plan to attempt to break through to the True Immortal Realm?"

Ye Chuyao countered, "Can we do it now?"

Lu Chen glanced at the ruins behind him, "But my courtyard has already turned into a heap of ruins."

Ye Chuyao said, "No matter, let's go to my place."

Lu Chen said, "Alright then."

Ye Chuyao then turned and said, "Junior Brother, please follow me."

With that, Ye Chuyao led Lu Chen to her own courtyard.

As soon as the two entered the courtyard, Ye Chuyao immediately activated a formation to isolate sound and block the detection of Divine Sense.

With Ye Chuyao leading, they quickly arrived at her boudoir.

Upon entering Ye Chuyao's room, Lu Chen smelled a faint fragrance. The subtle scent constantly aroused Lu Chen's interest as he scanned the furnishings of the room.

Ye Chuyao's room was adorned with many paintings, all of which depicted Wu Junwan.

Lu Chen feigned curiosity and asked, "Senior Sister, who's depicted in these paintings?"

Hearing Lu Chen's question, Ye Chuyao sneered inwardly.

What an act.

She didn't believe Lu Chen had forgotten what Wu Junwan looked like. After all, Lu Chen was once an Immortal King, such things are not easily forgotten.

Ye Chuyao didn't expose Lu Chen, and simply replied, "That's my sister."

Lu Chen looked confused as he said, "Your sister, Senior Sister? Why do you have so many paintings of her?"

Ye Chuyao answered, "She's no longer here, I can only reminisce by looking at her paintings now."

Lu Chen apologized, "I'm sorry, Senior Sister. I shouldn't have asked about this."

Ye Chuyao restrained the urge to strike Lu Chen and said, "It's fine, I've long grown used to life without her."

"Alright, no more idle chatter. Let's focus on our Cultivation now since Honored Master might be returning soon."

As Ye Chuyao said this, she slowly untied her belt, and the next moment, her green outer garment slid silkily from her fragrant shoulders.

Seeing Ye Chuyao take such initiative, Lu Chen slowly approached her, wrapping his arms around her slender waist, holding her close to him, and looking down at her fair cheeks, he said, "Senior Sister, I hope you won't regret this."

As Lu Chen embraced her, Ye Chuyao's delicate body couldn't help but shiver slightly, but remembering that Wu Junwan was harmed by Lu Chen, she steeled herself and tried to quell her repulsion.

Compared to Wu Junwan's despair when engulfed by Chaos Qi in the Chaotic Sea, her sacrifice was nothing.

After stabilizing her emotions, Ye Chuyao met Lu Chen's gaze with a cold stare, making no move, even though every part of her resisted him, she forced herself not to react.

Lu Chen naturally sensed Ye Chuyao's inner rejection of him, especially from her cold eyes, which held a hint of disdain.

But it didn't matter. If she wasn't disdainful, he would find it less entertaining.

Imagining Ye Chuyao's eventual submission, despite her initial disdain, excited his Immortal Aura even more.

Without further hesitation, Lu Chen lowered his head, and their lips met.

While kissing Ye Chuyao, Lu Chen's hand roamed over her body. Feeling his fiery touch, Ye Chuyao's delicate form couldn't help but shiver slightly.

No matter how she tried to control her emotions, she couldn't suppress this involuntary reaction.

After an unknown period, Lu Chen felt the time was right and gently placed Ye Chuyao on the soft couch. At that moment, Ye Chuyao was still struggling to suppress her agitated Immortal Aura, realizing only when feeling the weight on her body that Lu Chen was about to act.

She turned her head away, unwilling to look at Lu Chen's face. Lu Chen didn't mind, and went about his business.

...

Meanwhile.

Heavenly Splendor Hall, Heavenly Treasure Peak.

On the mountaintop, an old man in a yellow robe sat in a pavilion enjoying tea. Suddenly, a disciple stumbled before him.

"Elder Qingyun, something has happened!"

Seeing the disciple's panicked state, Qingyun Immortal King said with some displeasure, "Panic and disorderly conduct, what kind of behavior is this?"

In the eyes of Qingyun Immortal King, who was in the Southern Domain's Heavenly Splendor Hall, anything happening in the Southern Domain was not worth much attention.

As the Outer Sect Elder, he mainly handled relations with various Immortal Sects in the Southern Domain, a task that had always been easy for him. Since taking on this role, he had never encountered any difficulties.

After all, given the Heavenly Splendor Hall's strength, the Immortal Sects in the Southern Domain dared not utter a word of defiance against them.

The disciple reporting the news quickly composed himself, then said, "The Soul Lamp of the Golden Helmet Immortal Monarch has extinguished."

## **Having children earns benefit, start competing for dominance in the world by marrying a wife**

Hearing the disciple's words, the Qingyun Immortal King was taken aback while preparing to drink tea, the teacup halted at his lips.

"What?"

The Qingyun Immortal King could hardly believe what he had just heard.

Although the Golden Helmet Immortal Monarch was merely an Outer Gate Deacon at the Heavenly Splendor Hall, he was still someone from the Golden Helmet Immortal Monarch's faction.

Who would dare lay a hand on someone from the Heavenly Splendor Hall?

At this moment, that disciple, trembling, spoke again: "The... the Soul Lamp of the Golden Helmet Immortal Monarch... has extinguished."

Upon hearing the disciple's reply again, the Qingyun Immortal King was finally certain he wasn't hearing things.

The next moment, the aura of an Immortal King erupted from Qingyun Immortal King's body, and he coldly said, "What audacity, to dare lay a hand on someone from the Heavenly Splendor Hall!"

The disciple immediately knelt on the ground, not daring to move, as the Qingyun Immortal King asked, "Which Immortal Sect was he supervising?"

The disciple answered, "It's... it's the Mysterious Moon Palace."

Upon hearing this, the Qingyun Immortal King's brow furrowed, the Mysterious Moon Palace?

The Qingyun Immortal King had some impression of the Mysterious Moon Palace; when it was first established, he had personally visited it.

Mainly because the founder of the Mysterious Moon Palace had some connections with the Mysterious Moon Palace.

However, Yun Yudie had been detached from the Mysterious Moon Palace for so many years, and now the Mysterious Moon Palace already had other Saintesses. According to the Mysterious Moon Palace's way of treating traitors, the Mysterious Moon Palace probably didn't care about Yun Yudie's life or death anymore.

Thinking of the most gifted Saintess in the past, just because she lost her honor in a Secret Realm, the Mysterious Moon Palace directly expelled her, and in the end, she followed Chen King into the Chaotic Sea. Since that Saintess was expelled, the Mysterious Moon Palace never cared about her life or death again.

Yun Yudie, merely a traitor of the Mysterious Moon Palace, actually dared to be so arrogant, daring to lay a hand on the steward of the Heavenly Splendor Hall.

Thinking of this, the Qingyun Immortal King said, "Immediately investigate and see if the Golden Helmet Immortal Monarch died while in the Mysterious Moon Palace."

It's still uncertain if the Golden Helmet Immortal Monarch was killed in the Mysterious Moon Palace. Once confirmed, he could report the matter to the Honorable, and by then, the Mysterious Moon Palace could disappear from the Southern Domain.

Upon hearing the Qingyun Immortal King's words, the disciple immediately said, "We have already clarified that before the Soul Lamp of the Golden Helmet Immortal Monarch extinguished, he sent back a message."

The emissaries dispatched by the Heavenly Splendor Hall to supervise the great Immortal Sect powers would immediately send a message back to the Heavenly Splendor Hall upon reaching their designated Immortal Sect power, indicating their arrival.

Upon hearing the disciple's words, the Qingyun Immortal King's face turned dark, "So it does seem that the death of the Golden Helmet Immortal Monarch is indeed related to the Mysterious Moon Palace?"

"Good, very good!"

As the words fell, the Qingyun Immortal King vanished on the spot and, when reappearing, stood outside a splendidly gilded main hall.

"Qingyun requests an audience with the Honorable, there is an important matter to report!"

As soon as Qingyun Immortal King's words fell, an elder's voice emanated from the main hall, "Speak!"

Qingyun Immortal King immediately said, "The Immortal Monarch we sent to supervise the Mysterious Moon Palace died there."

As the words fell, an elder's voice echoed from the hall, "It's a crucial time to deal with the Demon Emperor now, this matter is your responsibility to handle."

"Any Immortal Sect that dares defy the Heavenly Splendor Hall should not exist in the Southern Domain."

Upon hearing this, the Qingyun Immortal King was taken aback. He had initially intended to ask the Immortal Venerate to personally intervene, thinking that with the Immortal Venerate's intervention, a mere Immortal King would pose no challenge.

After coming to his senses, the Qingyun Immortal King immediately said, "Yes, Honorable!"

"This junior takes his leave!"

With those words, the Qingyun Immortal King turned and left. Upon returning to his own peak, the Qingyun Immortal King felt more and more uneasy about the matter.

Although the Heavenly Splendor Hall was actively preparing for the war against the Demon Emperor, it required little effort for an Immortal Venerate to handle an Immortal King, and currently, the Demon Emperor should still be in the Northern Domain, with a Central Domain in between.

The Demon Emperor wouldn't appear in the Southern Domain any time soon, the Immortal Venerate had ample time to deal with this issue.

According to the nature of Taihua Immortal Venerable, upon hearing someone dared defy the Heavenly Splendor Hall, he should've acted decisively.

Why have him handle this instead?

He and Yun Yudie are both Immortal Kings; if he had to handle this matter alone, he might not be Yun Yudie's match. Yun Yudie, after all, hails from the Mysterious Moon Palace and was once its Saintess, undoubtedly possessing strength surpassing ordinary Immortal Kings.

At that moment, a realization dawned on Qingyun Immortal King.

Indeed, Yun Yudie comes from the Mysterious Moon Palace; although she voluntarily left the Mysterious Moon Palace, she retains certain connections to it.

No one can guarantee that after killing Yun Yudie, the Mysterious Moon Palace won't seek trouble with the Heavenly Splendor Hall.

And with the Mysterious Moon Palace's strength on par with the Heavenly Splendor Hall, should they seek trouble at the Heavenly Splendor Hall, the Hall might lose focus on dealing with the Demon Emperor.

However, as long as it isn't the Immortal Venerate personally taking action, even if the Mysterious Moon Palace comes to the Heavenly Splendor Hall demanding answers for Yun Yudie, the Hall could hand over the Qingyun Immortal King as the culprit.

With this in mind, cold sweat formed on the Qingyun Immortal King's forehead.

The situation with the Mysterious Moon Palace might not be so easily resolved after all.

The Mysterious Moon Palace killed the envoy of the Heavenly Splendor Hall, damaging its prestige. It wouldn't do to leave the matter unsettled, for if the Southern Domain's other Immortal Sects heard of this, they might follow suit, making it difficult for the Heavenly Splendor Hall to maintain dominance.

But personally handling the issue is equally troubling—if the Mysterious Moon Palace still considers Yun Yudie one of their own, harming her might lead them to retaliate, turning him into a sacrificial pawn.

To an Immortal Sect at an Immortal Venerate level such as the Heavenly Splendor Hall, sacrificing an Immortal King amounts to nothing, as the Hall lacks no Immortal Kings.

The Qingyun Immortal King considered: no, he couldn't personally handle the Mysterious Moon Palace issue; another method must be found.

At that moment, the Qingyun Immortal King suddenly thought of something. He'd heard rumors of a newly formed Immortal Sect in the Southern Domain, allegedly established by an Evil Immortal.

With this thought, a slight smile appeared at the corners of the Qingyun Immortal King's mouth. If Yun Yudie were to fall at the hands of those Evil Immortals, it would have nothing to do with him, and even if the Mysterious Moon Palace sought trouble, he could redirect blame onto those Evil Immortals.

At that point, he could use it as an excuse to eradicate the Blood Eagle Hall.

With this in mind, the Qingyun Immortal King summoned an Immortal Monarch and instructed him to go to the Blood Eagle Hall in person.

Meanwhile.

In Ye Chuyao's room.

Lu Chen seemed to have lost control, his eyes blazing, furiously persistent.

Ye Chuyao bit her lip, heavily suspecting that this rascal was seeking revenge on her.

Despite feeling deeply humiliated, Ye Chuyao maintained her composure, striving to steady her emotions.

Only by lulling Lu Chen into a false sense of security would she have the chance to make him reveal his identity; this sacrifice was necessary now.

**Having children earns benefit, start competing for dominance in the world by marrying a wife**

## Chapter 1680: Chapter 1370: Ye Chuyao's Breakthrough

Lu Chen also knew that Ye Chuyao was feeling quite humiliated now, but the more humiliated she felt, the happier he became.

He employed all sorts of methods, not holding back in the slightest.

Since Ye Chuyao had come to him willingly, he couldn't be blamed for being ruthless.

In just a few days, Ye Chuyao felt dazed, and every time she recovered her senses, Lu Chen would attack viciously, causing her to become dazed again.

In a trance, she seemed to see the figure of Wu Junwan.

Deep down, a thought emerged in her heart; Wu Junwan had done the same thing with this bastard, so when she was cultivating with Lu Chen, could it be considered that she was indirectly with Wu Junwan?

Two places yearning under the same snow, this life counts as growing old together.

Although it's not snow, both of them share the same experience.

Lu Chen didn't know what Ye Chuyao was thinking, but he seemed to notice a smile on her lips, which made him a bit perplexed.

This woman, could she have some brain issues?

Just as Lu Chen was confused, he heard Ye Chuyao murmuring, "Junwan..."

Hearing Ye Chuyao speak Wu Junwan's name, Lu Chen was speechless.

Good heavens, she considered him as Wu Junwan?

Thinking of Ye Chuyao's loyalty to Wu Junwan, Lu Chen felt slightly sympathetic towards her. Despite their different stances, Ye Chuyao was willing to sacrifice her purity for Wu Junwan's revenge, showing how important Wu Junwan was to her.

Lu Chen gently stroked Ye Chuyao's porcelain cheek, thinking to himself, in Wu Junwan's name, let's help her breakthrough.

He then took out a Myriad Phenomena Life Spirit Pill, put it into his mouth, and leaned down, sealing Ye Chuyao's red lips, guiding the pill's power into her mouth.

As the pill's power entered Ye Chuyao's body, she immediately became clear-headed, feeling the immortal power inside her crazily increasing, with Immortal Aura continuously flooding into her body from the entire courtyard.

Ye Chuyao was incredibly surprised inside, was she about to break through?

How could it be so fast?

Just now, Lu Chen was only attacking her physically, without dual cultivating, how could she suddenly break through?

While Ye Chuyao was shocked by her imminent breakthrough, a mass of dark clouds appeared over her courtyard, with purple lightning flashing within. Though her breakthrough wasn't as grand as Ling Yin Immortal King's, the Heavenly Tribulation overhead couldn't be ignored.

Ye Chuyao hurriedly pushed Lu Chen's chest, saying, "Junior... Junior brother, I'll cross the tribulation first..."

Lu Chen didn't get up, smilingly said, "Senior sister, don't worry, this Heavenly Tribulation will pass quickly."

As he spoke, a purple lightning bolt descended from the sky, yet surprisingly, it dissipated upon striking Lu Chen.

In their intimate state, the pill's power also remained within Lu Chen's body, so the Myriad Phenomena Life Spirit Pill helped Lu Chen withstand the Heavenly Tribulation. Instead of harming his physical body, the purple Thunderbolt Power tempered Lu Chen's body.

Every time purple lightning struck Lu Chen, Ye Chuyao could distinctly feel Lu Chen's body becoming stronger.

Soon, the dark clouds in the sky dissipated, and Ye Chuyao formally stepped into the True Immortal Realm.

Sensing the boundless immortal power within her, Ye Chuyao felt somewhat conflicted inside. Her original intention was merely to seduce Lu Chen, making him lower his guard and voluntarily reveal his identity.

Unexpectedly, Lu Chen did help her breakthrough; though she didn't know how Lu Chen achieved it, she clearly knew her swift breakthrough was certainly related to Lu Chen.

Her mental state was unstable; had she broken through on her own, it would have taken at least decades, even centuries, and during the Heavenly Tribulation, an unstable mental state posed significant risks.

But today, the Heavenly Tribulation caused her no harm, all of the tribulation struck Lu Chen instead, even aiding in tempering Lu Chen's physical body.

However, with this development, should things between her and Lu Chen come to a stop?

Her excuse for approaching Lu Chen was to breakthrough, now that she had succeeded, it seemed time for them to end.

As Ye Chuyao was contemplating new excuses to retain Lu Chen, Lu Chen proactively spoke up, "Senior sister, I've absorbed a large amount of Thunderbolt Power just now, this force is rampant within my body, it's quite uncomfortable, requiring some adjustment."

"I wonder if senior sister would be willing to help me adjust?"

Upon hearing this, Ye Chuyao sneered internally; she was just considering how to retain Lu Chen, unexpectedly, he came up with new excuses himself.

Perfect, now she didn't need to exert herself coming up with excuses.

Then Ye Chuyao said, "Alright."

Lu Chen replied with a smile, "Thank you, senior sister."

Ye Chuyao said, "Junior brother helped me to breakthrough to the True Immortal Realm, such a small task is my duty."

Lu Chen said, "Then, let us continue!"

With his voice falling, Lu Chen busied himself again.

...

Blood Eagle Hall.

The residence of Blood Demon Immortal King.

Inside a spacious cave dwelling, intense blood mist mingled with moisture to form a blood fog, rendering the entire cave dwelling pitch black.

The cave was strewn with bones, all of female origin.

Deep within the cave, Blood Demon Immortal King opened his eyes, staring at the mark on his hand in confusion.

He had just attempted to contact Xu Jingshu through the Sound Transmission Jade Token he left on her, but there was no response from Xu Jingshu's Jade Token.

He contemplated using the Blood Seal left on Xu Jingshu to communicate with her; though such an action would expose the Blood Seal he left on her, it was better than losing this Furnace Cauldron.

However, to Blood Demon Immortal King's surprise, the Blood Seal also failed to respond, it seemed as though someone had erased the Blood Seal from Xu Jingshu.

What was going on?

Who could possibly erase the Blood Seal he left?

Blood Demon Immortal King's expression turned extremely grim, immediately relaying a message to an Immortal Monarch, instructing them to send people to investigate Xu Jingshu's whereabouts in the Mysterious Moon Palace territory, suspecting she might have been discovered by those from the Mysterious Moon Palace.

Xu Jingshu was key to his breakthrough to Immortal Venerate, her Furnace Cauldron could not be compromised.

Upon sending out people to search for Xu Jingshu, Blood Demon Immortal King soon calmed down, vaguely sensing something amiss.

He had left Xu Jingshu with numerous Life-saving Treasures; even for an Immortal King, killing her wouldn't be easy, why hadn't she utilized those treasures?

Moreover, if she truly encountered trouble, her Blood Seal would immediately activate, allowing him to detect it instantaneously, she couldn't simply vanish so silently.

Crucially, the disappearance of the Blood Seal failed to alert him in any way?

Who on earth did this?

Whomever dared target his Furnace Cauldron must pay the price, regardless of their identity.
