

Chapter 1681 - 1371: How Could the Chen King Enter the Chaotic Sea and Still Come Out Alive!

Lu Jingfu has been riding high these days. Ever since he pledged allegiance to the Blood Eagle Hall, more and more forces within the Tianxia Immortal Dynasty have aligned themselves with him.

Now, on the court of the Tianxia Immortal Dynasty, more than half of the people are his supporters, and voices have begun to emerge among the populace suggesting he will become the next Immortal Dynasty Master.

People don't know that he has allied with the Blood Eagle Hall, but through various methods, the Blood Eagle Hall has helped Lu Jingfu expand his advantage.

The forces controlled by the Blood Eagle Hall are considerable, and creating momentum for Lu Jingfu is by no means difficult.

King Guangren's Palace.

Lu Jingfu sat in the grand hall, looking at the Immortal Monarchs who had pledged allegiance to him over the recent period, feeling immensely pleased in his heart.

Now he just had to wait for his father, the emperor, to pass away, and he might be able to ascend to that position immediately, without even needing his father to grant him the title of Crown Prince.

His father was nearing death, and who held the title of Crown Prince mattered little. With his current strength, no matter which brother became the Crown Prince, he could eliminate that brother immediately after his father died.

After all, he had the backing of several Immortal Kings, which gave Lu Jingfu sufficient confidence.

At this moment, a blood-red figure appeared from behind a pillar in the grand hall. Sensing this person's presence, Lu Jingfu immediately addressed the people in the hall, "My great endeavor relies on all of you."

The Immortal Monarchs in the hall responded in unison, "Willing to serve the King!"

Lu Jingfu then said, "Alright, that's it for today."

Subsequently, the crowd repeated in unison, "We take our leave!"

As they spoke, the Immortal Monarchs in the hall turned and left the grand hall.

After the Immortal Monarchs had all left, the figure behind the pillar finally stepped out.

"Congratulations to King Guangren for gaining the support of so many forces. King Guangren is getting closer and closer to the position of Immortal Dynasty Master."

Lu Jingfu did not respond directly, instead asking, "I wonder what instructions Illusion Demon Immortal Monarch has for visiting here?"

No one visits the temple for nothing; every time Illusion Demon Immortal Monarch came, there must be something afoot. Lu Jingfu didn't feel like indulging in pleasantries.

Although he was now in a cooperative relationship with the Blood Eagle Hall, he had always been wary of them.

He had always felt that the Blood Eagle Hall had its eyes on the Tianxia Immortal Dynasty, and worried that as soon as he ascended to the position, the Blood Eagle Hall would come to usurp it.

Illusion Demon Immortal Monarch was naturally aware of Lu Jingfu's wariness towards him and the Blood Eagle Hall, but he didn't mind; they were merely in a mutually exploitative relationship.

"Why say such things, King Guangren. We are allies; how could you use the word 'instructions'?"

"Before we talk business, I have brought a gift for King Guangren."

As he spoke, Illusion Demon Immortal Monarch waved his hand, and a True Immortal appeared in the grand hall.

Seeing this True Immortal, Lu Jingfu looked at Illusion Demon Immortal Monarch with a puzzled expression.

He didn't recognize this True Immortal, and it was not a beautiful fairy but a man. What kind of gift was this?

Lu Jingfu then said, "What does Illusion Demon Immortal Monarch mean by this? I don't like men."

Illusion Demon Immortal Monarch smiled and then spoke to the man on the ground, "Tell King Guangren all the things King Anyuan has been doing lately."

Hearing this, the man kneeling on the ground quickly said, "King Anyuan has been continuously transporting cultivation resources to the Land of Chaos lately, helping it grow and strengthen."

King Guangren furrowed his brow, thinking about the Immortal King who killed King Anyuan's men, and yet King Anyuan still provided cultivation resources to that Immortal King?

Could it be that after discovering that person's identity as an Immortal King, King Anyuan also wanted to curry favor?

Lu Jingfu wasn't worried; if King Anyuan wanted to please Heavenly Star Immortal King, let him. After all, no matter how much he tried, it would be in vain.

The resources he provided to Heavenly Star Immortal King were incomparable to what King Anyuan could offer. Now that he had obtained the allegiance of many forces, he could mobilize more cultivation resources, especially those capable of helping Immortal Kings recover their strength, of which he had quite a few.

But now that the Blood Eagle Hall brought up this matter, was it because they noticed his closeness to another Immortal King and were displeased?

Considering this possibility, Lu Jingfu let out a cold laugh and then said, "What King Anyuan does has nothing to do with me. Even if he sends cultivation resources to the Land of Chaos, it can't threaten me, can it?"

Illusion Demon Immortal Monarch replied frankly, "I heard that King Guangren has also been sending cultivation resources to the Land of Chaos recently, and that these resources went to someone called Heavenly Star Immortal King?"

Seeing Illusion Demon Immortal Monarch indeed mention the Immortal King, he said, "This has nothing to do with Blood Eagle Hall, right? I and Blood Eagle Hall are merely partners. Could it be that the Blood Eagle Hall wants to control who I associate with as well? They are overstepping."

Seeing that Lu Jingfu seemed somewhat angry, Illusion Demon Immortal Monarch chuckled and said, "It seems that King Guangren does not know who Heavenly Star Immortal King is."

Lu Jingfu looked at Illusion Demon Immortal Monarch in puzzlement, "What does Illusion Demon Immortal Monarch mean by this?"

Illusion Demon Immortal Monarch did not answer, but looked at the man kneeling in the hall and said, "Tell King Guangren who this so-called Heavenly Star Immortal King really is."

Yu Gang stammered, "Heavenly Star Immortal King... is... Chen King."

Hearing Yu Gang's words, Lu Jingfu was stunned, but he quickly regained his composure, saying, "Impossible!"

"Chen King has long entered the Chaotic Sea. How could he possibly come out alive?"

Not even an Immortal Emperor could come out alive from the Chaotic Sea, and now someone was telling him Lu Chen came out alive; he refused to believe it no matter what.

Currently, Lu Jingfu considered it a ploy by the Blood Eagle Hall to drive a wedge between him and another Immortal King, as they didn't want him fraternizing with other Immortal Kings, hence this deliberate scheme.

After all, if he built good relations with other Immortal Kings, the Blood Eagle Hall would have no way to control him.

Seeing that Lu Jingfu did not believe him, Yu Gang hurriedly said, "Everything I said is true! I personally heard King Anyuan say it."

Illusion Demon Immortal Monarch spoke slowly, "This person is from King Anyuan's Mansion. If King Guangren doesn't believe it, why not perform a Soul Search on him?"

Upon hearing the words "Soul Search," Yu Gang's face turned even paler, and he quickly said once more, "Your Majesty, I can swear, everything I said is true."

Though he was a True Immortal and wouldn't die from a Soul Search, it would damage the Divine Soul, which was crucial for immortals.

Ignoring Yu Gang's pleas, Lu Jingfu lifted his hand, and the next moment, Yu Gang flew into Lu Jingfu's grasp, his head held tightly.

Subsequently, Lu Jingfu used the Soul Searching Technique on Yu Gang, discovering that it was indeed as Illusion Demon Immortal Monarch had said: the so-called Heavenly Star Immortal King was indeed Chen King.

Moreover, Lu Jing had been continuously sending cultivation resources to Lu Chen, intending to use Lu Chen against him.

Chapter 1682: Chapter 1372: Whether His Power Has Returned or Not, He Must Die!

Thinking of being deceived by Lu Chen and having supplied him with so many cultivation resources during this time, Lu Jingfu was furious.

In his rage, he directly crushed Yu Gang's head.

Seeing Lu Jingfu so angry, the Illusion Demon Immortal Monarch smiled and asked, "I wonder, is King Guangren satisfied with this gift?"

After calming his emotions, Lu Jingfu's brows furrowed deeply; despite all his calculations, he had never anticipated that Lu Chen could still emerge from the Chaotic Sea.

He harbors a fear of Lu Chen; billions of years ago Lu Chen was already an Immortal King, while he, older than Lu Chen, is now just a Golden Immortal, which showcases how terrifying Lu Chen's talent truly is.

Perhaps it won't be long before Lu Chen could become an Immortal Venerate, and once Lu Chen becomes an Immortal Venerate, he would be perilously close to death.

Lu Jingfu finally understood why rumors spread in the Southern Domain over the years claiming he conspired with other forces to kill Chen King; he hadn't taken them seriously at the time, but now realizes that it was all Lu Jing's doing.

Lu Jing was reminding Lu Chen who was responsible for forcing him into the Chaotic Sea, a clear case of using a borrowed knife for murder.

Thinking of this, Lu Jingfu couldn't help but clench his fist, and after a while, he spoke to the Illusion Demon Immortal Monarch, "Thank you, Illusion Demon Immortal Monarch, for alerting this king, otherwise I might have continued to be deceived by him."

The Illusion Demon Immortal Monarch said placidly, "It is not too late for King Guangren to awaken; although that Chen King emerged from the Chaotic Sea, his power has greatly diminished, and now he can only hide in the Land of Chaos to struggle for survival."

A hint of killing intent flashed in Lu Jingfu's eyes, "Regardless of whether his power has recovered, he must die."

Lu Jingfu is very apprehensive of Lu Chen's existence; if Lu Chen does not die, he cannot eat or sleep peacefully. Lu Chen's talent is so terrifying that if Lu Chen truly recovers, then he would surely perish.

Lu Jingfu said at this time, "This king has killed him once and can do so a second time; I will have my people spread the news of his return alive from the Chaotic Sea. I believe that by then, there will be others who will act to eliminate this nuisance without me having to lift a finger."

There were quite a few forces involved in the siege against Lu Chen back then; even a super force at the Immortal Venerate level like the Heavenly Splendor Hall sent Immortals Venerate; they were very afraid of Lu Chen growing up.

The Immortals of Lu Chen's era have only just reached the Golden Immortal Realm, while Lu Chen was already an Immortal King billions of years ago. Had those top forces not joined forces to drive Lu Chen into the Chaotic Sea, it's likely Lu Chen would already be an Immortal Venerate or even an Immortal Emperor now.

Lu Jingfu believes those Immortals Venerate absolutely do not wish to see Lu Chen become an Immortal Emperor.

Upon hearing Lu Jingfu, the Illusion Demon Immortal Monarch laughed and said, "Currently, all the attention of the major top forces in the Tianyan Immortal

Domain is focused on the Demon Emperor; do you think they would care about Lu Chen, merely an Immortal King?”

This...

Lu Jingfu froze, pondered, and felt the Illusion Demon Immortal Monarch’s words were not without reason. To those top forces now, the true threat is the Demon Emperor who has already become a Great Emperor.

No matter how extraordinary Lu Chen’s talent is, he is now just an Immortal King, and it will take him a long time to become an Immortal Emperor.

Lu Jingfu said, “Someone will always consider him a threat.”

Although the Illusion Demon Immortal Monarch’s words were not without reason, the forces besieging Lu Chen were not all top forces; once those Immortal King-level forces learn of Lu Chen’s return, they will surely fear Lu Chen’s revenge, and thus seek to eliminate him before he recovers.

That way, he won’t have to personally take action.

Facing Lu Chen, Lu Jingfu really doesn't want to personally take action; he fears Lu Chen internally, as Lu Chen is a presence that has tormented him with nightmares for over a billion years even after entering the Chaotic Sea.

He now just wants to use a borrowed knife for murder.

Yet Lu Jingfu suddenly thought of something, and immediately asked, "Why do I feel like the Illusion Demon Immortal Monarch doesn't want me to spread the news of Chen King's return?"

Based on what the Illusion Demon Immortal Monarch just said, it seemed she didn't want other forces to know about Lu Chen's existence, leaving Lu Jingfu unsure if he was mistaken.

The Illusion Demon Immortal Monarch said, "It is common knowledge that no one has ever come out of the Chaotic Sea alive, not even a Great Emperor."

"However, this common knowledge has been broken by two people: one is the Demon Emperor, the other is Chen King."

"We cannot contact the Demon Emperor; even if her power hasn't recovered, she's beyond what we can confront—but Chen King is different. It's highly likely that his realm has fallen below the Immortal King Realm."

“Isn’t King Guangren curious about what exists within the Chaotic Sea and how he managed to emerge alive from it?”

Upon hearing the Illusion Demon Immortal Monarch’s words, Lu Jingfu was taken aback; it turns out the Illusion Demon Immortal Monarch is aiming for this. He had sensed she didn’t want others to know of Lu Chen’s return, wishing instead to monopolize the secrets within the Chaotic Sea.

The Illusion Demon Immortal Monarch further explained, “Perhaps within the Chaotic Sea lies great fortune, and Chen King possesses the means to resist the erosion of Chaos Qi. If the news of Chen King’s return reaches other forces, then wouldn’t the secrets within the Chaotic Sea become known to all?”

Lu Jingfu fell into contemplation, not speaking for a long time. Deep down he still inclined towards using a borrowed knife for murder, but he considered the Illusion Demon Immortal Monarch’s words, finding some sense in them.

If indeed there are fortunes within the Chaotic Sea, would they not fall into other forces’ hands then?

But then again, even if Lu Chen’s power has waned, he still wouldn’t dare confront Lu Chen personally.

Thinking of this, Lu Jingfu asked, “How does the Illusion Demon Immortal Monarch plan to handle this matter?”

“Chen King poses a great threat to this king; he absolutely cannot be allowed to live. Should his power be restored, the position of Immortal Dynasty Master of the Tianxia Immortal Dynasty might not fall to me.”

The Illusion Demon Immortal Monarch said, “King Guangren need not rush; after returning, I will inform the three Immortal Kings of my hall about this matter, and perhaps they might personally act.”

With these words from the Illusion Demon Immortal Monarch, Lu Jingfu felt relieved. The Immortal Kings of the Blood Eagle Hall are Evil Immortals, and Evil Immortals are inherently stronger than ordinary Immortals, so even if Lu Chen were to recover his power to the Immortal King Realm, he probably wouldn't be a match for the three Immortal Kings of Blood Eagle Hall.

The Illusion Demon Immortal Monarch smiled and said, “After discussing the gift, shall we talk about cultivation resources?”

Upon hearing this, Lu Jingfu furrowed his brow again; he naturally understood the type of cultivation resources the Illusion Demon Immortal Monarch was referring to.

He previously thought cultivation resources were merely herbs or pills; later he understood that, for Evil Immortals, the real cultivation resources are living humans.

But to have Blood Eagle Hall deal with Lu Chen, Lu Jingfu had to relent and hand over some cities of the Tianxia Immortal Dynasty to Blood Eagle Hall, allowing them to massacre as they pleased.

Chapter 1683: Chapter 1373: M-Master, Master Has Returned

Lu Chen was unaware that his identity had been discovered by Lu Jingfu; his thoughts were still focused on Ye Chuyao and Xu Jingshu.

Especially Ye Chuyao, every time he saw Ye Chuyao looking humiliated, Lu Chen couldn't control himself.

Thus, as days went by, Lu Chen and Ye Chuyao completely lost track of time, while Yun Yudie and Chiyao Immortal King had mostly finalized the details of their alliance.

Through their discussions, they concluded that Blood Eagle Hall had already set its sights on their two Immortal Sects. Simply defending might lead them to a disadvantage; they needed to take the initiative instead of waiting for Blood Eagle Hall to rampage through their territories, and only act when the Qi Fortune of their two Immortal Sects was nearly depleted.

Blood Eagle Hall is a group of Evil Immortals, and to these Evil Immortals, the Tianyan Immortal Domain must eliminate them all. Therefore, the two Immortal Sects would dispatch people to find Blood Eagle Hall's strongholds, continually uprooting Blood Eagle Hall's bases and eliminating Evil Immortals, compressing their living space.

Before either side had an Immortal Venerate, the war between them was like a tug of war. Blood Eagle Hall could slaughter cities or split the forces within the two Great Immortal Sects to weaken their Qi Fortune, while the two Great Immortal Sects could weaken Blood Eagle Hall's Qi Fortune by capturing Evil Immortals and uprooting their bases.

After discussing the alliance, Yun Yudie immediately took a group of elders of Immortal Monarch Level back to the Mysterious Moon Palace. Just thinking about how those elders quaked before Heavenly Splendor Hall's envoy, even sending their Direct Disciples to act as Furnace Cauldrons for others, Yun Yudie felt extremely frustrated.

She now only wanted to rush back to the Mysterious Moon Palace to reprimand those elders thoroughly, as it was a crucial moment to resist Blood Eagle Hall's invasion. Having so many unstable factors within an Immortal Sect was unacceptable. Although she wouldn't kill them, she must intimidate them.

Quickly, Yun Yudie returned to the Mysterious Moon Palace with a group of elders, and as soon as she arrived, she sensed a strong aura.

Yun Yudie was momentarily stunned. Was this the aura of an Immortal King?

How did an Immortal King appear in the Mysterious Moon Palace?

This reminded Yun Yudie of the Immortal King's aura she recently felt at the Purple Illusion Sect.

Could it be that the Immortal King who destroyed the Purple Illusion Sect has come to the Mysterious Moon Palace?

Yun Yudie immediately sent a sound transmission, asking: "Which Immortal King is visiting my Mysterious Moon Palace?"

As soon as Yun Yudie's voice fell, Ling Yin Immortal King appeared in front of Yun Yudie with a group of elders, "Welcome back, Hall Master!"

Feeling that the Immortal King aura emanated from Ling Yin Immortal King, Yun Yudie was slightly surprised. Ling Yin Immortal King's talent was not particularly high; based on her previous estimates, Ling Yin Immortal King could at most

cultivate to Immortal Monarch Realm, with little hope for further improvement in cultivation.

Unexpectedly, she had already broken through to the Immortal King Realm. If she remembered correctly, when Lu Chen used the Jade Token to summon a wisp of her Divine Soul to the Mysterious Moon Palace, Ling Yin Immortal King was still an Immortal Monarch.

How long has it been, and Ling Yin Immortal King has already advanced from Immortal Monarch to Immortal King?

Yun Yudie glanced at Ling Yin Immortal King, noticing that her entire demeanor had changed significantly, looking radiant and seemingly more beautiful.

Yun Yudie asked: “You broke through?”

Ling Yin Immortal King replied: “Yes, Hall Master!”

Yun Yudie felt somewhat pleased; from Ling Yin Immortal King’s courage to stand against Golden Helmet Immortal Monarch, it was clear she had feelings for the Mysterious Moon Palace, unlike some of its elders.

Now, at a time when Mysterious Moon Palace needed manpower, having an additional Immortal King increased their chances against Blood Eagle Hall.

Thinking about this, Yun Yudie unhesitatingly announced: “From today, Ling Yin Immortal King will be the Second Hall Master of the Mysterious Moon Palace.”

The elders of Mysterious Moon Palace immediately said in unison: “Yes, Hall Master.”

“Salute the Second Hall Master!”

Yun Yudie surveyed the crowd and noticed her Direct Disciple was not present to welcome her, feeling puzzled. Usually, whenever she returned, Ye Chuyao was the most eager; as soon as she sensed Yun Yudie’s aura, she would come to the Mysterious Moon Palace’s entrance to greet her, but today she was nowhere to be seen.

Could it be she was frightened by that Immortal Monarch from Heavenly Splendor Hall last time?

Yun Yudie then released her Divine Thought, probing throughout the Mysterious Moon Palace to locate Ye Chuyao.

However, at the moment Yun Yudie released her Divine Thought, she was shocked.

As an Immortal King, Yun Yudie was entirely unaffected by Ye Chuyao's Sound Insulation Barrier and Isolation Array. Her Divine Thought effortlessly scanned through Ye Chuyao's Isolation Array. Upon sensing what Ye Chuyao and Lu Chen were doing, Yun Yudie was immediately furious.

She would've never expected that Chen Lu, who recently coupled with Cao Shiyun and Xiao Xueying, even getting Cao Shiyun pregnant, would soon end up with her Direct Disciple too.

If this continued, was the entire Mysterious Moon Palace going to become "Chen Lu's Harem?"

Inside Ye Chuyao's room, at that moment, Ye Chuyao looked dazed, completely forgetting her hatred for Lu Chen.

At this moment, her mind froze, clearing up a little.

What happened to her?

Was she enjoying this?

She was actually being driven to this state by this bastard...

Thinking that Wu Junwan died at the hands of Lu Chen at the Chaotic Sea, and she was with the man who killed Wu Junwan, indulging in such activities here, Ye Chuyao felt immense guilt.

She was supposed to tempt Lu Chen to expose himself, not to enjoy herself with him.

Just as Ye Chuyao was about to say something to Lu Chen, a vast Divine Thought suddenly swept across her body, immediately recognizing it as her Honored Master's Divine Thought. Her face paled instantly.

Honored Master... her Honored Master returned...

It was over...

With her Honored Master's Immortal King Level Divine Thought sweeping through, nothing happening in the Mysterious Moon Palace could evade her Honored Master, meaning what she and Lu Chen were doing would also be discovered.

Ye Chuyao hurriedly pushed Lu Chen's chest, trying to shove away this insolent fool, but Lu Chen remained unfazed, continuing fiercely.

Ye Chuyao was furious, her face flushed, "You... bastard!"

At such a moment, this bastard unexpectedly still...

The next moment, Ye Chuyao suddenly felt a terrifying pressure descending upon her chamber, her mind going blank.

Her Honored Master had arrived...

When Yun Yudie's pressure descended, Lu Chen's body was firmly pinned on Ye Chuyao's by this pressure.

The next moment, Yun Yudie's figure appeared in Ye Chuyao's room, and as she manifested, the entire room was encased in ice.

Ye Chuyao tried to explain, "Honored... Honored Master, it's not what you think..."

“Di... Disciple...”

Having children earns benefit, start competing for dominance in the world by marrying a wife

Seeing that Ye Chuyao was still trying to argue, Yun Yudie almost laughed in anger. She had seen it with her own eyes, catching them in the act, yet her disciple was still trying to argue.

How to argue?

Could it be she wanted to say their bodies uncontrollably stuck together?

Yun Yudie snorted coldly and said, "What else do you want to argue?"

Ye Chuyao was so frightened by this sentence that she immediately shut her mouth.

However, at this moment, Ye Chuyao noticed that Lu Chen was still moving his body. He tried his best to lift his body, and in the next moment, he relaxed, causing his body to be heavily pressed down again by Yun Yudie's aura.

Lu Chen began to repeat this cycle, and because the pressure from Yun Yudie on Lu Chen was so immense, Ye Chuyao was also struggling to withstand it and couldn't help but make a sound.

"Ah!"

Ye Chuyao was extremely furious at this moment. This scoundrel, he actually used the master's pressure to harm her!

He's crazy, risking his life?

He doesn't care, but she wants to live!

Yun Yudie quickly noticed Lu Chen's little movements and seeing him use her pressure for his deeds, Yun Yudie was even more furious than Ye Chuyao.

Even though she was there, this rebellious disciple dared to assault Ye Chuyao right in front of her!!!

A strong killing intent flashed in her eyes, soon covering the entire room with her murderous aura.

Feeling her master's murderous intent, Ye Chuyao's nerves were completely taut, while Lu Chen suddenly stopped moving and shouted, "Master!"

Upon Lu Chen's shout, both Ye Chuyao and Yun Yudie were dumbfounded.

Yun Yudie cursed angrily, "Scoundrel!!!"

Neither of the two women were fools; Lu Chen shouting 'Master' at this moment meant he regarded Ye Chuyao as Yun Yudie.

Although it was not her who was involved with Lu Chen, Yun Yudie felt violated.

Ye Chuyao's mind had only one thought left, "It's over, now Master will definitely clean up the sect!"

She knew better than anyone who her master was; her master absolutely hated men, though she didn't understand why her master accepted Lu Chen as a direct disciple. But she could see her master had some aversion to Lu Chen.

And now Lu Chen dared to do such a humiliating thing right in front of her; it's strange if she didn't clean house.

Ye Chuyao didn't know what to say; she couldn't understand why this scoundrel Lu Chen would risk his life for something in a brief moment.

How could such a person exist in this world!

However, just when Ye Chuyao thought Yun Yudie would clean house, she heard Lu Chen's voice.

"Phew... Master... the disciple and senior sister truly love each other."

Hearing this, Yun Yudie was almost driven mad; truly in love again?

The rebellious disciple truly loves Xiao Xueying, truly loves Cao Shiyun, and now there's another one. In such a situation, he even calls her name—is his next plan to do such a thing to her?

Upon thinking of this possibility, Yun Yudie felt the urge to kill Lu Chen.

However, as Yun Yudie was about to make her move, she sensed the Qi Fortune of Mysterious Moon Palace suddenly increasing by ten times.

Mysterious Moon Palace was founded single-handedly by Yun Yudie, so the sect's Qi Fortune was deeply bound to her. She could clearly feel the rise and fall of the sect's Qi Fortune, and upon sensing the surge, Yun Yudie froze on the spot.

Vaguely, she felt that the surge was due to Lu Chen, as the Qi Fortune on him resonated with the sect's Qi Fortune of Mysterious Moon Palace.

She brought this rebellious disciple back then precisely because of his Qi Fortune, but she never expected him to do so many outrageous deeds, even having ideas about her.

But in this situation, not only did the sect's Qi Fortune not weaken, it increased, which proves Lu Chen's union with Ye Chuyao and the others is actually beneficial to the development of the entire sect.

This made Yun Yudie's emotions complicated. She hated relying on men for any kind of gain, but now precisely these Qi Fortunes are needed. With the increase, her chances of breaking through to become Immortal Venerate would be higher.

If she killed Lu Chen, it'd be like cutting off her own path to becoming Immortal Venerate. Although she could still become Immortal Venerate later, it might take countless years to find the chance to break through.

Yun Yudie hesitated for a moment and ultimately refrained from striking Lu Chen, but she raised her hand, and a stream of ice attribute Immortal Aura entered Lu Chen's body, directly sealing his cultivation.

Then she raised her hand and forcibly pulled Lu Chen out. Lu Chen was speechless; who watches them and then forcibly separates them?

Yun Yudie then said coldly to Ye Chuyao, "Clean up and come to my chamber."

Speaking, Yun Yudie took Lu Chen and vanished. When they reappeared, Yun Yudie had brought Lu Chen into a small world filled with cold air at Mysterious Moon Palace.

Because his body was frozen with ice attribute Immortal Aura, Lu Chen immediately felt a piercing cold.

Lu Chen then said, "Mas... Master, are you going to kill me?"

Yun Yudie coldly replied, "You still know fear!"

Yun Yudie thought her rebellious disciple was finally fearing death and planning to seek her forgiveness, but unexpectedly, Lu Chen continued, "It's an honor for the disciple to die by Master's hands."

Anger surged within Yun Yudie; she quickly circulated her internal Immortal Aura to stabilize her emotions, reminding herself.

Can't be mad, can't be mad; the increase in the sect's Qi Fortune relies on this rebellious disciple.

Yun Yudie's mind was puzzled; how could someone exist in this world who values the pleasures between men and women more than their own life?

Talking about true love, she didn't believe it at all. Lu Chen and Xiao Xueying hadn't been together long enough to truly love each other, especially Ye Chuyao, who initially treated this rebellious disciple as the Chen King intending to kill him when he came to Mysterious Moon Palace.

Now they truly love each other? What a joke!

Wait... Chen King...

Yun Yudie's mind shook, her beautiful eyes full of killing intent swept over Lu Chen.

Come to think of it, she felt her rebellious disciple's demeanor somewhat resembled that of the scoundrel Lu Chen?

After leaving Mysterious Moon Palace, she learned a lot about Lu Chen. Rumor has it Lu Chen was also someone addicted to the pleasures between men and women, yet his cultivation quickly advanced, showing how frightening his talent was.

Among Lu Chen's wives and concubines, some women were sent by major forces fearing his high talent to disrupt his Dao Heart. Yet they had no effect, and Lu Chen still quickly broke through to the Immortal King Realm. It was rumored that when Lu Chen was besieged by various forces, he already showed signs of breaking through to become Immortal Venerate.

Indulging in the pleasures between men and women, even being obsessed would not affect cultivation; isn't that just like her rebellious disciple?

Having children earns benefit, start competing for dominance in the world by marrying a wife

Yun Yudie's emotions were a bit out of control. The more she thought about it, the more she felt that this rebellious disciple of hers was Lu Chen.

But Yun Yudie soon calmed down. Even a Great Emperor couldn't survive the Chaotic Sea, let alone Lu Chen, who was merely an Immortal King when he entered it.

How could a mere Immortal King resist the erosion of Chaos Qi?

How could this rebellious disciple possibly be Lu Chen? I must have overthought it. Maybe they just have the same special constitution and sufficient Qi Fortune, so they don't need to cultivate intentionally, and their strength can quickly improve.

Thinking of this, Yun Yudie coldly said to Lu Chen, "You stay here and reflect well. When you realize your mistake, I will let you out!"

As soon as she finished speaking, Yun Yudie's figure disappeared directly.

The next moment, Yun Yudie's body appeared in her own chamber. At this time, Ye Chuyao had already dressed and was kneeling in the hall of Yun Yudie.

After returning to her chamber, Yun Yudie did not speak immediately. Instead, she went to her ice crystal chair, sat down, and coldly looked at Ye Chuyao kneeling in the hall.

Seeing her honored master not speaking, Ye Chuyao became more flustered. Finally, she couldn't withstand the invisible pressure and directly said, "Disciple knows what I did wrong!"

After Ye Chuyao held back such a reply for a long time, Yun Yudie coldly asked, "What did you do wrong?"

Ye Chuyao said, "Disciple shouldn't have been entangled with Junior Brother."

Yun Yudie snorted coldly. The Immortal King-level pressure instantly enveloped the hall, pinning Ye Chuyao to the ground, unable to move.

After a while, Yun Yudie said, "Since you know you shouldn't have been entangled with him, why did you do it?"

"I don't believe it was he who forced you!"

When Yun Yudie returned, she sensed that Ye Chuyao had already broken through to the True Immortal Realm. How could a True Immortal possibly be forced by a Heavenly Immortal, especially within the Mysterious Moon Palace?

Even if they indulged before, Ye Chuyao had not yet broken through to the True Immortal Realm. With their similar realms, that rebellious disciple could not forcibly do such a thing with Ye Chuyao.

Moreover, if that rebellious disciple really forced her, Ye Chuyao only needed to transmit a sound to the others in the Mysterious Moon Palace or use the Sound Transmission Jade Token left for her, and that rebellious disciple wouldn't have succeeded.

But in the end, Ye Chuyao still engaged in that affair with Lu Chen.

There could only be one possibility: Ye Chuyao was willing.

Ye Chuyao dared not say she was trying to break through the Realm by entangling with Lu Chen, or that she was trying to lure Lu Chen into revealing a flaw.

After all, her honored master detested Immortals who sold their bodies for cultivation resources. As for Lu Chen being Chen King, without solid evidence, her honored master would never believe it.

Then Ye Chuyao bit her silver teeth lightly and said, "It was because disciple was possessed during cultivation, and I was confused, so I went to seduce Junior Brother. Unexpectedly, Junior Brother couldn't resist the temptation..."

Hearing Ye Chuyao's excuse, Yun Yudie erupted again with a burst of Ice Qi.

"Possession? You could still run to seduce your Junior Brother after being possessed!"

Ye Chuyao hesitated and stopped speaking, knowing that if she continued to quibble, her honored master might get angrier. Saying nothing now might instead calm her honored master's anger quickly.

For the next quarter-hour, Ye Chuyao remained silent. Seeing Ye Chuyao prostrating without further quibbles, Yun Yudie finally said, "I don't understand. You initially regarded him as Chen King, which means there are similarities between your Junior Brother and Chen King. Yet now you chose to entangle with someone who resembles your enemy. Explain to me, what are you thinking?"

Ye Chuyao still said nothing. Until she obtained evidence that Lu Chen was Chen King, she couldn't reveal her plan.

Seeing Ye Chuyao playing dead, Yun Yudie fumed inwardly.

The two direct disciples she took in were really more infuriating than the last. Had I known, I shouldn't have taken disciples back then.

After a while, Yun Yudie calmed down and coldly said, "Forget it, since it happened, I won't say more."

Though she didn't know why Ye Chuyao had a relationship with Lu Chen, since it was voluntary, she wouldn't say much.

If to blame, blame myself for bringing that rebellious disciple back then.

Now she's most afraid that rebellious disciple would continue to corrupt the girls of the Mysterious Moon Palace.

"From now on, you're not allowed to consort with your Junior Brother."

Hearing Yun Yudie's words, Ye Chuyao slightly frowned. Although she was afraid of her honored master's further anger, if she abandoned seducing Lu Chen now, she wouldn't be able to expose his flaw. Then her purity would be lost in vain?

She finally decided to sacrifice her body to force Lu Chen into a flaw, yet now her honored master forbade her, equating to all efforts going in vain.

Seeing Ye Chuyao not respond, Yun Yudie's face turned grim. "What do you mean? Do you still want to engage in an affair with your Junior Brother?"

Ye Chuyao stutteringly asked, "Hon... Honored Master, didn't you always... not... not stop disciples of the Moon Palace from finding a couple?"

Hearing Ye Chuyao's question, Yun Yudie suddenly struck the armrest of her ice crystal chair, smashing it to pieces.

By saying this, does Ye Chuyao mean she still wants to have a relationship with Lu Chen?

What good is that rebellious disciple, making everyone bewitch their Divine Souls?

Yun Yudie coldly said, "You are an Immortal, not a beast!"

Ye Chuyao said, "Immortals also... also have emotions and desires..."

Seeing Ye Chuyao daring to retort because of that rebellious disciple, Yun Yudie now wanted to go end that rebellious disciple. To her, if not for him, Ye Chuyao wouldn't be like this.

In the past, Ye Chuyao always obeyed her and never refuted, but now Ye Chuyao was rebelling just to consort with Lu Chen.

Rebellious disciple!!!

Each and every one of them is a rebellious disciple!!!

At this, Yun Yudie coldly said, "Since you insist on engaging in an affair with that rebellious disciple, I won't bother with you, but don't forget; your Immortal Law requires you to sever emotions and desires. If you continue with him, one day you'll be possessed."

"If you become possessed, don't expect me to save you."

Hearing Yun Yudie's reminder, Ye Chuyao finally realized she had forgotten about the Immortal Law.

But speaking of which, if I occasionally do that with Lu Chen, without having feelings for him, it shouldn't affect my cultivation, right?

Chapter 1686: Chapter 1376: Didn't Expect to Be Exposed So Soon

Yun Yudie vaguely felt that Ye Chuyao did not do that with the traitor because she liked him. After all, Ye Chuyao despised Chen King greatly, and the traitor resembled Chen King. She couldn't believe that Ye Chuyao would fall for someone similar to her enemy.

Ye Chuyao must have another purpose, but Yun Yudie really couldn't figure out what her disciple was plotting. What kind of purpose would make her willing to fall out with her Honored Master and still be intimate with Lu Chen?

Yun Yudie chose not to inquire further. She wanted to see how things would end for these two in the end.

After Ye Chuyao and Lu Chen did that, not only did Mysterious Moon Palace's Qi Fortune not decrease, but it drastically increased, proving their union was beneficial for Mysterious Moon Palace. It was just that she found it unacceptable.

After hearing Yun Yudie's words, Ye Chuyao said, "Thank you for honoring my wish, Honored Master!"

Yun Yudie immediately became furious and said coldly, "Get out!"

Ye Chuyao quickly stood up and said, "Disciple takes her leave!"

As soon as she finished speaking, Ye Chuyao turned and left Yun Yudie's chamber. At this time, she used her Divine Sense to check on Lu Chen in the small world.

Lu Chen had already put on his clothes, sitting cross-legged, seemingly meditating in cultivation. However, his cultivation state had been sealed by Yun Yudie, making it impossible for him to cultivate; he was just resting with his eyes closed.

Yun Yudie thought to herself, if it were her former self, she would have killed this traitor long ago. She had become increasingly soft after leaving Mysterious Moon Palace.

Yun Yudie then waved her hand and released the seal on Lu Chen.

This traitor possessed great Qi Fortune, and his cultivation should not be delayed. Although she was displeased with this traitor's actions, he did increase Mysterious Moon Palace's Qi Fortune.

Even if the merits and demerits were offset, she didn't intend to let this traitor out too soon. If he were released so early, who knows how many female disciples he would harm.

First, keep him detained for a while, so he can focus on cultivation. With his talents, perhaps his cultivation state would improve faster without the distractions of relationships.

When Lu Chen noticed the seal within his body was lifted, he realized Yun Yudie's anger had subsided somewhat. A slight smile formed at the corner of his mouth; he didn't expect his Honored Master to have a sharp tongue but a soft heart, just like Yun Qingshu.

Half a year passed in the blink of an eye.

King Guangren, Royal Palace.

In the Meeting Hall, Lu Jingfu looked gloomily at Illusion Demon Immortal Monarch.

Illusion Demon Immortal Monarch had just brought him news that was very unfavorable to him—three Immortal Kings from Blood Eagle Hall agreed to help eliminate Lu Chen.

But they would wait until they conquered Mysterious Moon Palace and Chiyang Sect first.

As for when they would strike these two Great Immortal Sects, at least another hundred years.

Lu Jingfu was furious at the news Illusion Demon Immortal Monarch brought back.

A hundred years?

What a joke!

Although a hundred years is just a blink of an eye for Immortals, not long, for someone as talented as Lu Chen, that's a considerable time for growth.

One hundred years later, Lu Chen's strength and realm might already be restored, and eliminating him will be even more challenging.

Blood Eagle Hall is surely unreliable!

Seeing Lu Jingfu's silence and dark expression, Illusion Demon Immortal Monarch continued, "King Guangren need not worry too much. Even for a heavily injured Immortal King, a hundred years for recovery may not restore them."

"Besides, having entered the Chaotic Sea, and being eroded by Chaos Qi, whether he can recover to the Immortal King Realm is uncertain."

Lu Jingfu ignored Illusion Demon Immortal Monarch's words and asked, "With Chen King's current lack of restored power, dealing with him should be easy for Blood Eagle Hall's three Immortal Kings. I truly don't understand why delay?"

Illusion Demon Immortal Monarch replied, "As I said earlier, Blood Eagle Hall is currently focused on Mysterious Moon Palace and Chiyan Sect."

“Despite Chen King’s likely decline in power and realm, he was once an Immortal King, capable of having trump cards. If the three Hall Masters were injured by them, Blood Eagle Hall’s odds against Mysterious Moon Palace and Chiyen Sect would decrease.”

Illusion Demon Immortal Monarch carried the news of Lu Chen’s survival back to Blood Eagle Hall, and the three Hall Masters were intrigued by Lu Chen’s survival from the Chaotic Sea; they wanted to know if it held any secrets.

However, the immediate priority is to eliminate Chiyen Sect and Mysterious Moon Palace.

Lu Chen’s power might have declined, but he was once renowned throughout the Tianyan Immortal Domain. No one knows if he holds any hidden trump cards.

The three Immortal Kings of Blood Eagle Hall believe that even if Lu Chen hasn’t regained all his strength, he isn’t easily dealt with. Their focus should remain on Mysterious Moon Palace and Chiyen Sect, and only after dealing with those can they turn their attention to Lu Chen.

To counter Mysterious Moon Palace and Chiyen Sect, Blood Eagle Hall has planned for years and cannot disrupt their plan because of Lu Chen.

Upon hearing Illusion Demon Immortal Monarch's words, Lu Jingfu sneered coldly, choosing not to dwell on the topic further. Since Blood Eagle Hall is unreliable, he decides to let the news spread.

He cannot afford to wait. For Blood Eagle Hall, not being concerned makes a hundred years insignificant.

But if Lu Chen recovers, he might be the first to suffer, so Lu Chen must not be allowed to regain strength, and this threat must be extinguished.

Lu Jingfu no longer wished to waste words with Illusion Demon Immortal Monarch. Once their conversation ended, Lu Jingfu promptly ordered the news of Chen King's revival to be disseminated.

In merely a month, news of Chen King's revival spread throughout the entire Southern Domain.

King Anyuan, Royal Palace.

Lu Jing looked at the intelligence in his hand, furrowing his brows, muttering to himself, "I didn't expect it to be exposed so quickly."

“It seems that with Blood Eagle Hall’s assistance, nothing can be hidden from King Guangren.”

Lu Jing then instructed the nearby soldier, “Immediately send this news to the Land of Chaos.”

“Yes, Your Majesty!”

The soldier immediately turned and left the hall.

Lu Jing watched the soldier’s figure disappear, thinking to himself, hoping Lu Chen had already regained some strength to impact Lu Jingfu; otherwise, his years of support would be in vain.

The dispatched personnel quickly arrived at the Land of Chaos, informing Lu Zhengze of Lu Chen’s identity being exposed. Upon hearing the news, Lu Zhengze’s expression changed drastically, promptly searching for Lu Chen.

Lu Chen’s clone was currently in a standby state, though he could control multiple bodies with his Divine Soul. If one body’s activity requires significant energy, he would temporarily suspend control over other bodies.

For instance, his current focus is on Xu Jingshu, the Demoness, so he temporarily isn't controlling other bodies, but would still detect if someone were seeking him.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Lu Zhengze arrived outside Lu Chen's cultivation chamber, anxiously saying, "My King, something major has happened!"

Lu Zhengze feared that Lu Chen might be in seclusion at this moment, and if he was, he probably wouldn't awaken any time soon.

Now that his identity has been exposed, it won't be long before someone comes to the Land of Chaos, making this place unsuitable to stay.

As Lu Zhengze's words fell, seeing no movement inside the cultivation chamber, Lu Zhengze shouted again, "My King, your return has been leaked; now all major forces in the Southern Domain know you are in the Land of Chaos!"

Following Lu Zhengze's words, Lu Chen inside the cultivation chamber suddenly opened his eyes. He had been focusing all his attention on Xu Jingshu and had neglected the matters of the Land of Chaos.

However, he had just relaxed when his Divine Soul slightly manipulated this clone in the Land of Chaos and heard Lu Zhengze mention that the news of his return had leaked. This instantly triggered a strong sense of crisis in Lu Chen.

He knew that the news of his return would sooner or later be known by other forces, as there are no walls completely without wind, especially in a world where many Immortals possess deduction techniques.

He just didn't expect that so soon, the news of his return had spread throughout the Southern Domain.

Was it Lu Jing who leaked it?

Probably not, as Lu Jing intended to kill with borrowed knives, hoping he could deal with Lu Jingfu for him, it's impossible for Lu Jing to leak the news at this moment. If he were to leak it, he would do so after Lu Chen had dealt with Lu Jingfu.

Lu Chen rubbed his temples; now thinking about who spread the news is no longer meaningful. The immediate concern is how to respond.

Since the news of his return is already known by all major forces in the Southern Domain, it won't be long before some forces come to attack him.

They must know that his cultivation state has not yet recovered, wishing to eliminate a threat like him in its cradle.

Lu Chen immediately stood up and emerged from the secret chamber; seeing Lu Chen come out, Lu Zhengze slightly relaxed, fortunately, the Chen King had not secluded himself.

Lu Zhengze proactively suggested, "My King, should we leave the Land of Chaos now?"

The Land of Chaos is not a good place; not only does it lack Immortal Aura, but it often faces invasions of Chaos Qi, being close to the Chaotic Sea.

For Lu Chen, this place can only serve as a temporary foothold; now that he has been discovered, it is a good opportunity to leave.

Lu Chen did not immediately respond to Lu Zhengze; he began to ponder where he should develop next.

After thinking for a while, Lu Chen thought of a perfect plan and said, "I will go directly to King Guangren's territory next. You don't need to leave for now; if you encounter any danger, use the transmission array I left to reach Shangsha City of the Mysterious Moon Palace."

Lu Chen had long anticipated this day might come, so he had left transmission arrays in some inconspicuous cities of the Mysterious Moon Palace.

Initially, his power was insufficient, and due to the laws of the Tianyan Immortal Domain, the transmission arrays he constructed couldn't reach such distances. However, if he borrowed the power of the Immortal King's Remain Curse, the transmission arrays should allow Lu Zhengze and the others to directly transfer to Shangsha City.

Upon hearing this, Lu Zhengze hurriedly replied, "My King, absolutely not. Many strong ones have gathered around King Guangren. If you go to his territory, there might be danger..."

Before Lu Zhengze could finish, Lu Chen interrupted, "I am just a clone now. I will sacrifice this clone, performing a Golden Cicada Shell move, and no one will pay attention to the Land of Chaos, allowing you to develop there securely."

Hearing Lu Chen's words, Lu Zhengze realized that indeed, if Lu Chen left the Land of Chaos, this place lacking Immortal Aura wouldn't attract the attention of those top forces in the Southern Domain.

At first, he left so many people in the Land of Chaos, and as he entered the Chaotic Sea, those top forces in the Southern Domain retreated directly, not even clearing out Lu Zhengze and his old subordinates.

To those top forces in the Tianyan Immortal Domain, they only need him—the threat—to die, as they don't care about minor figures, believing they can't cause any waves.

Thus, Lu Chen decided to show himself briefly to Lu Jingfu, taking the opportunity to deal with him. Then, a self-detonation would make people think he was dead, ensuring no one cares about the Land of Chaos, and they can continue managing it.

After capturing Yun Yudie in the future, he plans to move the people of the Land of Chaos to the Mysterious Moon Palace's territory and establish a country there.

Lu Chen then said, "Alright, it's decided."

With that, Lu Chen used Creation Power again to create a Spirit Immortal Realm body.

Then, he used the power of the Immortal King's Remain Curse to construct a large transmission array.

Once the transmission array was completed, he controlled the body in the Earth Immortal Realm to travel to Shangsha City via the transmission array. After verifying the transmission array worked, Lu Chen headed directly to the Tianxia Immortal Dynasty.

Moreover, on the way to the Tianxia Immortal Dynasty, he actively spread the news that the Chen King vowed revenge and would soon appear in King Guangren's territory.

This shifted the attention of those forces in the Tianyan Immortal Domain to Lu Jingfu's domain, no longer focusing on the Land of Chaos.

Initially, he planned to take it slow, seeking revenge on Lu Jingfu once his strength was restored. But with the news of his return leaking so quickly, he had no choice.

The news of the Chen King's return, spread by Lu Jingfu, immediately alarmed all Immortal King-level forces in the Southern Domain, especially those who had besieged the Chen King's territory.

They knew Lu Chen's talent was terrifying; once his strength recovered, an Immortal King possesses nearly Immortal Venerable level power. If not for the intervention of the Immortal Venerate from the Tianyan Immortal Domain, Lu Chen wouldn't have been forced into the Chaotic Sea.

For a time, people were anxious, and some leaders of Immortal King-level forces went to Heavenly Splendor Hall, seeking the Immortal Venerate's help to eliminate Lu Chen. However, unexpectedly, Heavenly Splendor Hall issued an Immortal Order, commanding those Immortal King-level forces to round up Lu Chen.

In the view of Heavenly Splendor Hall, even if Lu Chen returned, his strength is basically not much left, much like the Demon Emperor coming out of the Chaotic Sea with his power plummeting to Immortal King Realm, let alone Lu Chen.

The current Lu Chen is not considered a threat, so there is no need for the Immortal Venerate of Heavenly Splendor Hall to act. Besides, their attention is on the Demon Emperor, leaving no time to focus on a weakened Immortal King.

Meanwhile.

Mysterious Moon Palace.

In Yun Yudie's bedchamber, Yun Yudie looked at the intelligence in her hand, displaying an expression of disbelief. Following this, cold air emanated from Yun Yudie's body, enveloping the entire Moon Palace.

The Elders of Mysterious Moon Palace thought something was amiss and quickly arrived at Yun Yudie's bedchamber.

Upon entering Yun Yudie's abode, they found Yun Yudie standing in the hall, full of murderous intent.

Ling Yin Immortal King proactively asked, "Hall Master, what has happened?"

Yun Yudie didn't speak, directly throwing the Jade Scroll in her hand before the group, and Ling Yin Immortal King immediately read the intelligence within.

Having children earns benefit, start competing for dominance in the world by marrying a wife

After reading the intelligence in the Jade Scroll, Ling Yin Immortal King's brows furrowed deeply; he hadn't expected the news of Chen King's return to be leaked so quickly.

This is troublesome...

However, to say the least, the intelligence suggests the Chen King is currently in the Land of Chaos, implying people don't yet know Chen King has arrived at the Mysterious Moon Palace.

Yet, it seems this Chen King at the Mysterious Moon Palace is merely an avatar; whether the one at the Land of Chaos is also an avatar remains unknown. Ling Yin Immortal King plans to ask Lu Chen about this later.

After seeing the intelligence on the Jade Scroll, an Elder unaware of Yun Yudie and Chen King's enmity asked puzzledly, "Chen King is back; this should have nothing to do with our Mysterious Moon Palace, right? Back when Tianyan Immortal Domain's major powers besieged Chen King, our Mysterious Moon Palace was not yet established."

"Even if he wanted revenge, he'd likely not come after us."

Those unaware of Yun Yudie's grudge against Chen King indeed couldn't understand why Yun Yudie reacted with such anger upon seeing this intelligence.

Yun Yudie didn't explain to those Elders; she directly told Ling Yin Immortal King, "Ling Yin, you shall manage Mysterious Moon Palace from now on. I will take a trip to the Land of Chaos."

Ling Yin Immortal King wanted to say something, but realizing the vendetta between Yun Yudie and Chen King, knew any words from him wouldn't change Yun Yudie's mind. On the contrary, they might expose his connection with Chen King, so he simply said, "Yes, Hall Master!"

As Yun Yudie's words fell, her body transformed into ice crystal, vanishing on the spot.

She was eager to tear that scoundrel to pieces; if not for that scoundrel, her elder sister wouldn't have died in the Chaotic Sea.

Who would have thought that evil actually survived!

This made her exceedingly furious; her sister was dead, so why could this evil still emerge alive from the Chaotic Sea!

Isn't Chaos Qi meant to corrode the Immortal's body and Divine Soul? This scourge stayed in the Chaotic Sea for over ten billion years yet still emerged alive!

Could it really be true that good people don't live long, but evil lingers for a billion years?

After Yun Yudie left Mysterious Moon Palace, Ling Yin Immortal King wasted no time and directly came to the Ice and Snow Mini World where Lu Chen was detained.

Feeling Ling Yin Immortal King's arrival, Lu Chen opened his eyes, "Why are you here?"

Ling Yin Immortal King said directly, "The Hall Master found out you're in the Land of Chaos; she's heading there now."

Upon hearing this, Lu Chen paid no heed; his Earth Immortal Avatar had already left the Land of Chaos and spread news of his impending arrival there, causing Yun Yudie to head towards Tianxia Immortal Dynasty to await him upon hearing these rumors.

As an Immortal King, Yun Yudie's speed was faster than his, with high likelihood that she would reach Tianxia Immortal Dynasty first. Then, when he sought revenge on King Guangren, Yun Yudie would probably witness the event.

Once he dies in front of Yun Yudie, she would no longer suspect this avatar of his, making the thought delight him, as indicated by a slight upward curl of his lips.

Ling Yin Immortal King asked in worry, "Your Majesty, is your main body in the Land of Chaos?"

Lu Chen answered, "The body in the Land of Chaos is not my main body, so don't worry."

Upon hearing Lu Chen's response, Ling Yin Immortal King finally breathed a sigh of relief, grateful that it wasn't the main body.

Lu Chen said, "Alright, you should leave now. Since my Honored Master has gone to the Land of Chaos, if her departure from Mysterious Moon Palace reaches the ears of those Evil Immortals from Blood Eagle Hall, they might soon wreak havoc within Mysterious Moon Palace's territory; you must stay vigilant."

Ling Yin Immortal King said, "Yes, Your Majesty."

Lu Chen sighed, "Ling Yin, I've told you countless times, stop addressing me as Your Majesty from now on—even with the Isolation Array, remain cautious."

Upon Lu Chen's remarks, Ling Yin Immortal King paused momentarily and then said, "I understand."

Even though they were within the Mysterious Moon Palace, with Yun Yudie having left there, their forms of address could still be overheard by others, potentially casting suspicions on their relations. If Yun Yudie found out, it would spell trouble.

Although Ling Yin Immortal King set up an Isolation Array before every conversation, such arrays are not foolproof, with certain special techniques capable of probing into what occurs within.

Ling Yin Immortal King spoke no further and subsequently left the sight of this Ice and Snow Mini World; since their King's main body wasn't in the Land of Chaos, she felt less stressed.

Once Ling Yin Immortal King left this mini world, Ye Chuyao's figure appeared within.

Upon seeing Lu Chen amidst the ice and snow, Ye Chuyao feigned a pained expression, saying, "Junior Brother, it was Senior Sister who harmed you."

She too heard the news of Chen King's return. But what perplexed her was that Lu Chen was currently within Mysterious Moon Palace; why did rumors indicate he was appearing in the Land of Chaos, and why was her Honored Master off to search for Lu Chen there?

Her Honored Master had originally brought Lu Chen from the Land of Chaos; could she not suspect that Chen Lu was actually Lu Chen?

Seeing Ye Chuyao come to him, Lu Chen chuckled inwardly at the woman's ability to act.

Lu Chen then said, "Don't blame Senior Sister; it's my lack of self-control that caused embarrassment before Honored Master, making her angry."

"Why has Senior Sister come here today? Quickly leave; if Honored Master discovers, she'll be upset again."

Coming up to Lu Chen, Ye Chuyao said, "Junior Brother needn't worry; Honored Master has gone to the Land of Chaos."

Ye Chuyao deliberately relayed this to Lu Chen, waiting to see his reaction.

Lu Chen feigned curiosity and asked, "The Land of Chaos? Why is Honored Master going there?"

Ye Chuyao replied, "Rumor says Chen King emerged from the Chaotic Sea; since Honored Master and Chen King bear grudges, she intends to kill that scourge in the Land of Chaos."

As she spoke, Ye Chuyao looked at Lu Chen with layered intent, but Lu Chen remained calm, seemingly indifferent.

Lu Chen continued asking, "Chen King? Isn't that who Senior Sister once mistakenly took me for?"

Ye Chuyao confirmed, "Yes, you resemble Chen King so closely, which led to my error of mistaking you for him."

"But now it appears that I misunderstood Junior Brother; you're simply a lookalike to the Chen King."

Lu Chen asked, "Senior Sister seems to have a grudge with that Chen King; why not accompany Honored Master to the Land of Chaos?"

Ye Chuyao thought inwardly, because she knows that scoundrel is within Mysterious Moon Palace.

Of course, Ye Chuyao only mused in her heart without directly voicing it.

Ye Chuyao answered, "I actually bear no deep-seated vendetta with Chen King; I just couldn't stand him taking my once-close friend to the Chaotic Sea."

Ye Chuyao thought that to make Lu Chen lower his guard and confess his identity willingly, she mustn't show him animosity; otherwise, Lu Chen would never be proactive in admitting who he really was.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1689: Chapter 1379: I Will Definitely Get Dirt on That Bastard and Avenge You!

Upon hearing Ye Chuyao's words, Lu Chen chuckled to himself. He could clearly perceive that Ye Chuyao was trying to lull him into a false sense of security, so she deliberately said so.

When he first met her at the Mysterious Moon Palace, she was eager to cut him down, and now she claimed there was no animosity.

However, Lu Chen wasn't particularly concerned about Ye Chuyao's acting. Since she wanted to put on a show, he'd simply go along with it.

Lu Chen said, "So that's how it is. I thought Senior Sister and the Chen King had some deep-seated enmity."

At that moment, as Ye Chuyao was about to say something, Lu Chen continued, "Senior Sister, I've been staying amidst this icy realm lately, and the cold Immortal Aura has greatly hindered my cultivation. The Immortal Aura within me is vaguely showing signs of losing control. I wonder if Senior Sister could help me adjust it."

Upon hearing this, Ye Chuyao was momentarily stunned. Although she entered this Ice and Snow Mini World with the intention of forming a relationship with Lu Chen to lower his guard, she hadn't expected Lu Chen to make such a proposal on his own.

Adjust?

Wasn't it just an excuse for intimacy between men and women?

Heh, truly a lecher.

Ye Chuyao thought for a moment; her Honored Master probably won't be back for a while. After going to the Land of Chaos and not finding Lu Chen, he would likely search for him.

She could dual cultivate with Lu Chen during this time.

Thinking of this, Ye Chuyao said, "Alright, I'll help Junior Brother adjust, but Junior Brother must not behave like last time. If you sense Honored Master returning, you must separate from me immediately, or I will never help you adjust your body again."

Lu Chen said, “Last time was an accident. Rest assured, Senior Sister, it won’t be the same this time.”

Ye Chuyao cast a doubtful glance at Lu Chen but didn’t dwell on it. At this moment, Lu Chen waved his hand, and a palace appeared in front of them.

Lu Chen then walked up to Ye Chuyao, wrapped an arm around her slender waist, and began groping her recklessly with one hand on her hips.

Ye Chuyao sneered inwardly; this lecher didn’t even bother to pretend anymore. But it’s better this way – only when he lets his guard down can she extract his secrets.

Lu Chen then embraced Ye Chuyao and walked into the palace. Once inside, he laid Ye Chuyao down on the soft couch in the main hall, pressed down onto her, and kissed her red lips.

Perhaps because of their previous encounter, this time Ye Chuyao wasn’t too nervous; the two quickly entered an intimate state.

In the haze of consciousness, Ye Chuyao thought to herself, Junwan, rest assured, I will definitely seize this scoundrel’s weakness and avenge you...

The news that the Chen King was about to head to the Tianxia Immortal Dynasty quickly spread throughout the Southern Domain and reached Yun Yudie's ears. Originally, she was almost at the Land of Chaos, but upon hearing Lu Chen was going to seek revenge on Lu Jingfu, she didn't hesitate and went straight to the Tianxia Immortal Dynasty, planning to wait for Lu Chen's arrival in King Guangren's territory.

In her view, since his hiding place had been exposed, Lu Chen likely had already left the Land of Chaos. Continuing her journey there would probably be in vain; it would be better to go to the Tianxia Immortal Dynasty and wait.

Considering how King Guangren initially caused Lu Chen to lose everything, the possibility of Lu Chen seeking revenge was very high. Hence, waiting at the Tianxia Immortal Dynasty might actually lead to meeting Lu Chen.

King Guangren, the Royal Palace.

In the main hall, Lu Jingfu looked at the message on the Jade Scroll in front of him, feeling a bit flustered.

Lu Chen is really heading directly to the Tianxia Immortal Dynasty?

How is that possible?

He should not have recovered his strength yet, and now various top forces are keeping an eye on him, wanting him dead, fearing he might rise again. Would he really dare to come to the Tianxia Immortal Dynasty? Isn't it more likely he'd hide in a corner somewhere?

Could this message be a deliberate ploy by Lu Chen to mislead people, drawing their attention to the Tianxia Immortal Dynasty while he hides elsewhere?

It likely is.

Lu Jingfu didn't want to believe Lu Chen would risk himself just to kill him.

Thinking of this, a slight smile appeared at the corner of Lu Jingfu's lips. He was no longer the person he used to be. Although his cultivation state might not compare to Lu Chen's, the forces he controlled were enough to deal with Lu Chen.

He had Blood Eagle Hall behind him, and many Immortal Monarchs gathered at his side. There was no need to fear an Immortal King whose cultivation had fallen, especially since Lu Chen was an Immortal King who had been eroded by Chaos Qi. Who knew how poor his condition was now, how could he possibly kill him?

Thinking of the Immortal Monarchs and formations near his palace, Lu Jingfu felt slightly relieved.

Lu Jingfu sneered and said, “If you dare come, this king will ensure you have no return!”

Heavenly Splendor Hall.

Inside a certain grand hall of several hundred feet, a golden figure sat on the throne atop the hall.

At this time, Qingyun Immortal King entered the hall, bowed to the huge golden figure, and said, “Greetings, Honorable!”

The next moment, a voice as resounding as a great bell echoed, “This Honorable heard Lu Chen has come out from the Chaotic Sea?”

The Heavenly Splendor Hall had several Immortal Venerates, and the Wuya Immortal Venerable was the one who had hunted Lu Chen billions of years ago.

Other Immortal Venerates in the Heavenly Splendor Hall didn’t take the news of Lu Chen’s resurrection seriously. They believe Lu Chen’s Divine Soul and body have already been eroded by Chaos Qi; it’s uncertain if his strength could return to the Immortal King Realm, let alone breakthrough to become an Immortal Emperor.

Lu Chen is no Demon Emperor, so they were indifferent to his return, instructing Southern Domain's Immortal King-level forces to besiege Lu Chen, while their focus remained on dealing with the Demon Emperor.

But Wuya Immortal Venerate was different. Having faced Lu Chen in the past, Wuya Immortal Venerate knew Lu Chen's terrifying prowess. Upon hearing of Lu Chen's return, he immediately summoned Qingyun Immortal King to report on Lu Chen's situation.

Qingyun Immortal King replied, "Yes, Honorable."

Wuya Immortal Venerable asked again, "Where is he now?"

Seeing Wuya Immortal Venerable inquire into Lu Chen's whereabouts, Qingyun Immortal King couldn't help but wonder if Wuya Immortal Venerable intended to take action personally. If so, perhaps Wuya Immortal Venerable could deal with the Mysterious Moon Palace as well. For an Immortal Venerate, dealing with an Immortal Sect that only has one Immortal King would be a simple task.

Qingyun Immortal King respectfully answered, "Rumor has it he's in the Land of Chaos, but recently there's been talk he's seeking revenge on King Guangren of the Tianxia Immortal Dynasty. He might be on his way there now, or perhaps already in the Tianxia Immortal Dynasty."

After hearing Qingyun Immortal King's reply, Wuya Immortal Venerable pondered for a moment, then said, "Keep an eye on his movements. If there's news about him, report to me immediately."

Hearing this, Qingyun Immortal King was slightly taken aback — Wuya Immortal Venerable wasn't planning to act personally?

Having children earns benefit, start competing for dominance in the world by marrying a wife

Qingyun Immortal King, upon regaining his senses, immediately inquired, "Honorable, do you not intend to act personally?"

He had planned to have Wuya Immortal Venerate conveniently destroy the Mysterious Moon Palace. If he doesn't take action himself, how could he get Wuya Immortal Venerate to help? As an Immortal King from the Outer Sect, he had no right to demand a Venerate to come specifically for his task.

Wuya Immortal Venerate's strong voice echoed, "If his strength hasn't recovered, any Immortal King can eliminate him; I do not need to act personally."

Although he worried that Lu Chen might grow strong again, he also felt that Lu Chen should be severely damaged in foundation due to the Chaos Qi. To recover his cultivation state would require a long time.

Of course, he still considered Lu Chen a threat in his heart, but for a Venerate to deal with someone lacking even Immortal King strength seemed somewhat degrading.

He would keep tabs on Lu Chen's news but wouldn't go to the extent of taking action personally.

Upon hearing Wuya Immortal Venerate's words, Qingyun Immortal King felt a bit regretful, originally thinking he could use Wuya Immortal Venerate's hand to conveniently deal with Lu Chen.

It seems now that relying on Blood Eagle Hall is still necessary.

Qingyun Immortal King then said, "Junior understands, if Honorable has no other matters, junior will take his leave."

Wuya Immortal Venerate said indifferently, "You may leave!"

With Wuya Immortal Venerate's words finished, Qingyun Immortal King turned and left the great hall.

After Qingyun Immortal King left, Wuya Immortal Venerate's murmuring voice echoed through the great hall.

"The Demon Emperor just emerged from the Chaotic Sea, and now Lu Chen has returned from it too. Could there be some connection?"

In the past, people believed that anyone entering the Chaotic Sea would be corroded by the Chaos Qi. Even the Immortal Emperor couldn't emerge from it.

More than just the Demon Emperor has entered the Chaotic Sea; in endless ages, whenever an Immortal Emperor was born in Tianyan Immortal Domain, their ultimate fate was almost always to enter the Chaotic Sea and vanish without a trace.

Very few Immortal Emperors would naturally fall due as their end approached, as if there's something in the Chaotic Sea attracting Emperor Level experts.

Unfortunately, not one Immortal Emperor entering the Chaotic Sea emerged alive, instilling fear and mystery in people's minds regarding the sea, as no one emerged to identify its inner secrets.

It was then Wuya Immortal Venerate suddenly thought, since Lu Chen has come from the Chaotic Sea, he must know what's inside.

If Lu Chen could be captured alive, wouldn't that allow the probing of secrets from Lu Chen regarding the Chaotic Sea?

Thinking of this, Wuya Immortal Venerate instantly summoned a few Immortal Kings, instructing them to personally head to Tianxia Immortal Dynasty to capture Lu Chen alive.

Time flew by as two years passed swiftly; Immortal Kings from various forces in the Southern Domain gathered in Tianxia Immortal Dynasty, all waiting for Lu Chen's arrival.

Most Immortal Kings feared his recovery would bring retaliation, but more, like Wuya Immortal Venerate, wanted to clarify why Lu Chen survived the Chaotic Sea and whether it held secrets.

Most importantly, how did Lu Chen resist the corrosion of Chaos Qi?

After two years of leisurely traveling, the Lu Chen in Earth Immortal Realm naturally reached Tianxia Immortal Dynasty and arrived at Lu Jingfu's domain.

After disguising himself and considering his body is merely an Earth Immortal, almost no one could recognize him.

Just as Lu Chen prepared to infiltrate King Guangren's capital, he noticed there were Immortal Monarch level figures guarding the city gates, more than one in fact.

Seeing these Immortal Monarchs, Lu Chen chuckled lightly; it seems Lu Jingfu was truly afraid of death, actually dispatching Immortal Monarchs to guard the city gate.

However, this makes infiltrating the capital a significantly difficult task.

The perception of Immortal Monarchs is sharp, and his disguise might not necessarily fool them.

At this moment, Lu Chen suddenly thought, why does he need to disguise himself?

He, possessing Creation Power, could casually create a body differing in appearance, negating the need for deliberate transformation.

Upon considering this, Lu Chen didn't hesitate, creating a Spirit Immortal Realm body directly, guiding this body to the capital's gate.

After undergoing the inspection of those Immortal Monarchs and confirming no issues with Lu Chen, they finally allowed Lu Chen to enter the capital.

Those Immortal Monarchs paid little attention to Lu Chen as a Spirit Immortal; their focus was those with Immortal Monarch strength, or potentially tainted by Chaos Qi.

In their minds, even if Lu Chen disguised himself, the Chaos Qi on him couldn't be completely eradicated, coupled with his injuries leading possibly to a degradation to Immortal Monarch Realm, thus these were their focus.

As for hiding aura, this posed no concerns, as they brought diverse treasures to detect strengths, passing all these checks was required for entry.

After entering King Guangren's capital as Spirit Immortal Lu Chen, he went to a tavern, intending to gather intelligence regarding Lu Jingfu's movements.

Uncertain whether Lu Jingfu was in the capital, given Lu Jingfu's fear of death, swapping gatekeepers for Immortal Monarchs hinted he might have fled elsewhere.

Initially, Lu Chen intended to utilize the Power of Heavenly Mechanism and deduce Lu Jingfu's position, but he considered Lu Jingfu was a king of an Immortal

Dynasty, currently attracting widespread attention, those skilled in deduction likely surrounded him.

His location likely obscured by those skilled in the Path of Deduction among those around; trying to deduce his position would result in failure or even inversely deducing his own position.

Recently, Lu Chen frequently sensed attempts to deduce his position; were it not for his Creation Power being convertible to Power of Heavenly Mechanism for concealment, he'd be unable to shield the Heavenly Mechanism.

Although he can conceal Heavenly Mechanism, actively using it to deduce Lu Jingfu's location would certainly expose loopholes for detection by those skilled in Heavenly Mechanism deduction.

Clearly sensing numerous Immortal Kings in King Guangren's capital, if his location were locked, his body might be destroyed even before nearing Lu Jingfu.

Thus it seemed prudent to first confirm Lu Jingfu's presence in the palace, then directly activate the Immortal King's Remain Curse and charge into Lu Jingfu's palace for self-detonation.

Currently, at a certain tavern.

Three Immortal Kings sat within a tavern room, gazing toward King Guangren's palace direction, one Immortal King stated, "I believe Lu Chen likely won't come here; this message must've been deliberately released to mislead people."

These three Immortal Kings were those sent by Wuya Immortal Venerate to capture Lu Chen alive. They've waited nearly a year without seeing Lu Chen arrive, leading to their strong suspicion that Lu Chen had no intentions of coming here.
