After hearing Purple Cloud Immortal King's words, Wuque Immortal King, dressed in a blue robe and sitting beside the Purple Cloud Immortal King, said: "That's actually uncertain. Perhaps after he left the Chaotic Sea, he discovered that his body and Divine Soul had been eroded by Chaos Qi, his foundation destroyed, and his strength could no longer recover, making it impossible to break through to Immortal Emperor in the future, so he desires mutual destruction with Lu Jingfu."

"After all, his current situation is more or less related to Lu Jingfu."

If it wasn't for Lu Jingfu spreading rumors about his terrifying talent everywhere and alienating him from the Master of Tianxia Immortal Dynasty, many forces wouldn't have attacked him after Lu Chen broke through to become an Immortal Venerate.

Without Lu Jingfu's actions, perhaps Tianxia Immortal Dynasty would already have an Immortal Venerate.

After hearing Wuque Immortal King's words, Mengyang Immortal King said: "Wuque Immortal King makes sense. The fact that he hasn't shown up might be because he has already noticed that several Immortal Kings have appeared in Royal Capital, making him dare not show himself."

Purple Cloud Immortal King said: "If he continues to hide, aren't we going to keep waiting like this?"

"We need to come up with a method to lure him out."

Wuque Immortal King chuckled lightly and said: "It's simple. Isn't he aiming for Lu Jingfu? Then simply use Lu Jingfu as bait."

"I don't believe he can stay composed after seeing Lu Jingfu leave Royal Capital."

They are not particularly concerned about Lu Jingfu's safety. Although Lu Jingfu is a King of the Immortal Dynasty, they have Heavenly Splendor Hall backing them. A dynasty without even an Immortal Venerate is nothing in front of Heavenly Splendor Hall, not to mention just a King of the Immortal Dynasty.

If they want Lu Jingfu to be the bait, Lu Jingfu would have no choice but to cooperate.

After hearing Wuque Immortal King's plan, both Purple Cloud Immortal King and Mengyang Immortal King deemed it feasible and the three of them went to the Royal Palace without hesitation.

At the same time, in King Guangren's Palace.

Illusion Demon Immortal Monarch looked gloomily at Lu Jingfu and said: "King Guangren, you let people spread the news of Lu Chen's return, right?"

Two years ago, when the news of Lu Chen's return was flying everywhere, Illusion Demon Immortal Monarch didn't pay much attention to it. He thought it was Lu Jing spreading the news from his side. Unexpectedly, he recently got some information that the news of Lu Chen's return was not leaked by Lu Jing's side but spread by Lu Jingfu himself.

In the end, no wall is impermeable to the wind. As Lu Jingfu let people spread this news, exposure was inevitable someday. Those who spread the news fell into Blood Eagle Hall's hands, who easily traced it back to Lu Jingfu.

Illusion Demon Immortal Monarch could hardly believe Lu Jingfu actually dared defy their Blood Eagle Hall's orders. Blood Eagle Hall had already told him not to leak the news, since Lu Chen still had some use for Blood Eagle Hall.

Originally, the three Immortal Kings of Blood Eagle Hall had decided to go and capture Lu Chen alive in the Land of Chaos after solving Mysterious Moon Palace and Chiyan Sect, to obtain the secret of the Chaotic Sea from Lu Chen.

Lu Jingfu, as their partner, took the initiative to spread the news. Now the entire Southern Domain knows about Lu Chen's return, with major forces wanting to find Lu Chen. Blood Eagle Hall can't free their hands, end up watching Lu Chen fall into the hands of other forces.

If Lu Chen's news was leaked by others, Illusion Demon Immortal Monarch wouldn't be as angry. The key is Lu Jingfu actively spreading the news.

They had long known that Lu Jingfu was an unsteadfast person but didn't expect him to be this unsteady.

Facing Illusion Demon Immortal Monarch's questioning, Lu Jingfu showed no fear and calmly said: "You all have been reluctant to act against Lu Chen for so long. As a King, I can't watch his strength recover and then come to assassinate me."

Illusion Demon Immortal Monarch laughed coldly, "A waste eroded by Chaos Qi, scares a man destined to be an Immortal Dynasty Master to this extent? With your cowardice, I'm afraid you won't hold the position of Immortal Dynasty Master for long."

Lu Jingfu paid no mind to Illusion Demon Immortal Monarch's words, his face calm, saying: "The news has already spread. Over the past two years, there have been rumors of Lu Chen coming to Tianxia Immortal Dynasty. If you still want to know about the secret of Chaotic Sea, it's best to have your Vice Hall Master come personally."

Now, his Royal Capital has several Immortal Kings, all targeting Lu Chen. Once Lu Chen appears, these Immortal Kings will fight for him, and the secret of Chaotic Sea will have nothing to do with Blood Eagle Hall.

Illusion Demon Immortal Monarch understood this reasoning too. However, he had already reported to the higher-ups, whose stance was they had no time, now focusing on Mysterious Moon Palace and Chiyan Sect.

Moreover, Lu Jingfu's Royal Capital now has many Immortal Kings. If Blood Eagle Hall's Evil Immortal comes here, it would be suicidal, wouldn't it?

Of course, Illusion Demon Immortal Monarch wasn't aware of one thing: Qingyun Immortal King had already reached a certain cooperation agreement with Blood Eagle Hall, promising certain benefits in exchange for Blood Eagle Hall eliminating Mysterious Moon Palace.

For Blood Eagle Hall now, the most important is engulfing Mysterious Moon Palace. Any other matters are trivial. Although they are also interested in the secret of Chaotic Sea, given its perilous nature, in the eyes of Blood Eagle Hall's three Immortal Kings, its value does not surpass that of two Immortal Sects, Mysterious Moon Palace and Chiyan Sect.

Illusion Demon Immortal Monarch snorted coldly. Just as he was about to say something, the two suddenly felt three terrifying auras appear in the Royal Palace.

Their faces slightly changed. Clearly, these three terrifying auras could only be released by Immortal Kings—Immortal Kings had come directly to the Royal Palace.

Lu Jingfu left the main hall without hesitation. Upon exiting, he saw three figures flying towards him. Seeing them, Lu Jingfu hurriedly greeted:

"The junior greets the three seniors. What might the three seniors have come to my Royal Palace for?"

Without any wasted words, Purple Cloud Immortal King directly said: "We are from Heavenly Splendor Hall, and we need you to act as bait to draw out Lu Chen."

Upon hearing Purple Cloud Immortal King's words, Lu Jingfu's brow immediately furrowed, drawing out Lu Chen with himself as bait?

To be honest, he was extremely reluctant, as Lu Chen might very well have come with the intent of mutual destruction.

If he were to draw out Lu Chen, and these three Immortal Kings had no intention to protect him, if Lu Chen found an opportunity, Lu Chen might end up mutually destruction with him.

As someone who is about to become an Immortal Dynasty Master, he definitely did not wish to die so soon.

However, these three were Immortal Kings of Heavenly Splendor Hall, and he could not refuse. After all, it might only take a month for Heavenly Splendor Hall to destroy Tianxia Immortal Dynasty.

Chapter 1692: Chapter 1382: Maybe It Was Just My Imagination

Although he knew it was impossible to defy the orders of the Heavenly Splendor Hall, Lu Jingfu still clung to a sliver of hope and said, “Three elders, Lu Chen and I have a deep-seated blood feud. If he sees me, he might think about perishing together with me. Considering that it was I who revealed Lu Chen’s talent to the Heavenly Splendor Hall back then, could you allow me to refuse?”

Upon hearing Lu Jingfu’s words, the face of the Purple Cloud Immortal King instantly darkened. In the next moment, the Immortal King’s pressure from the Purple Cloud Immortal King was released, pinning Lu Jingfu to the ground, unable to move.

“We’re not negotiating with you!”

“A mere Golden Immortal dares to bargain in front of us!”

Lu Jingfu clenched his teeth. At this moment, he only felt unbearable resentment and suddenly regretted revealing Lu Chen’s talent.

If he had known at the time that divulging Lu Chen’s talent would bring about so many issues, even potentially leading to a life-and-death crisis for himself, he would certainly not have done it.

However, he couldn’t blame himself. After all, the forces of the Tianyan Immortal Domain were so inept that even after deploying an Immortal Venerate, they still let an Immortal King escape.

If the Immortal Venerate from the Heavenly Splendor Hall had directly killed Lu Chen back then, none of this would be happening today. Thinking of these things, Lu Jingfu mentally cursed the Immortal Kings of the Heavenly Splendor Hall.

He dared not curse the Immortal Venerate in his mind. If that Immortal Venerate detected it, he feared that he would be eliminated by that Immortal Venerate even before Lu Chen could try to kill them both.

At this moment, Lu Jingfu said, “Elders, spare me. I will serve as bait!”

Seeing that Lu Jingfu agreed, the Purple Cloud Immortal King retracted the pressure. Lu Jingfu breathed a sigh of relief and then said, “Three elders, it’s been two years since the news of Lu Chen coming to the Tianxia Immortal Dynasty was spread, and there’s been no trace of him. It might just be false information he released, perhaps he’s already hiding in some corner.”

“Even if I act as bait, it might not draw him out.”

Lu Jingfu still held a glimmer of hope that he wouldn’t have to be bait, but upon hearing his words, the Mengyang Immortal King said, “That’s not your concern.”

“You just need to act as bait.”

Lu Jingfu slightly tightened his fist, ultimately resigning to his fate. He thought that since these three were Immortal Kings, with three Immortal Kings present, even if Lu Chen wanted to kill him, it shouldn’t be that easy.

Now, he could only hope that Lu Chen’s power had significantly diminished, and if Lu Chen was left with only Golden Immortal strength, it wouldn’t be so easy for him to kill. As a king of the Tianxia Immortal Dynasty, he still had some life-preserving methods.

Lu Jingfu then asked, “How do the three elders plan to act?”

The Purple Cloud Immortal King thought for a moment, then asked, “Immediately spread the word that you’re going to the Imperial Capital to visit your father.”

Lu Jingfu immediately understood the Purple Cloud Immortal King’s intention. If Lu Chen really intended to seek revenge on him, he would definitely appear along the way to the Imperial Capital to make his move.

Helpless, Lu Jingfu had to telepathically instruct his palace guards to spread the news that he would visit his father in the Imperial Capital in three days.

The news of Lu Jingfu going to the Imperial Capital to visit his father quickly spread throughout the royal city. Not only did Lu Chen know, but those hidden Immortal Kings in the city also caught wind of it.

They were also pondering whether, if Lu Jingfu goes to the Imperial Capital, Lu Chen might emerge to assassinate him en route?

If that’s the case, all they needed to do was follow Lu Jingfu.

At this time, inside a tavern, Yun Yudie, wearing a veil, sat at an inconspicuous table.

Listening to the discussions of the people in the tavern, Yun Yudie also wondered if following behind Lu Jingfu would lead her to Lu Chen.

However, she was, after all, an Immortal King. If she followed too closely, once Lu Chen sensed an Immortal King near Lu Jingfu, he might not show up.

Since the news of Lu Chen coming to the Tianxia Immortal Dynasty to seek revenge on Lu Jingfu had spread, two years had passed, and Lu Chen had never appeared. This proved that Lu Chen was extremely cautious.

Yun Yudie thought that, just as she thought of this, the other Immortal Kings would likely think the same. Those Immortal Kings might also consider following Lu Jingfu, in which case, with so many Immortal Kings trailing Lu Jingfu, Lu Chen wouldn't dare take the risk.

Yun Yudie pondered for a moment and thought maybe she could place a mark on Lu Jingfu, and when Lu Chen appeared, she could directly use that mark to let a strand of her Split Soul descend.

Lu Chen's power should have greatly diminished by now, even a strand of her Split Soul should be beyond his ability to confront.

Thinking this, Yun Yudie unhesitatingly tossed a Spirit Stone on the table and then headed towards Lu Jingfu's royal palace.

As she stepped out of the room, a man passed by her shoulder. As they bypassed each other, Yun Yudie's steps halted in mid-air. After regaining her senses, she slightly turned her head to glance at the man who had brushed past her.

For some reason, she suddenly felt that person seemed very familiar, as if she knew him.

However, that person only had the cultivation of the Spirit Immortal Realm, and his appearance was something she'd never seen before. Moreover, she could sense that he hadn't used Disguise Skills, and most importantly, his Divine Soul seemed complete—not a Clone.

Yun Yudie thought it might just be her imagination, and the priority was to get to the royal palace and place a tracking mark on Lu Jingfu.

Without further thought, Yun Yudie then headed towards Lu Jingfu's royal palace.

After passing by Yun Yudie, Spirit Immortal Realm Lu Chen let out a slight sigh of relief, inwardly marveling at how terrifyingly intuitive women could be. He had even created an entirely different body, yet Yun Yudie almost recognized him.

But, even if he were recognized now, it wouldn't pose much of a problem. Even if Yun Yudie destroyed this body, he could still create another one.

After entering the tavern, Lu Chen casually found a seat, ordered some dishes from the tavern staff, and while drinking, listened to the discussions around him.

He had already heard about Lu Jingfu going to the Imperial Capital. He knew in his heart that this was an attempt by someone to lure him out, but he didn't mind. After all, this body was meant to die in front of people.

Lu Chen intended to gather information about Lu Jingfu's travel route through rumors, as he believed that if they wanted to lure him out, they would certainly spread Lu Jingfu's route intentionally.

Just as Lu Chen thought, after spending an afternoon in the tavern, he had essentially figured out Lu Jingfu's travel route.

Three days flew by, and Lu Jingfu officially embarked on his journey to the Imperial Capital.

To successfully draw out Lu Chen, Lu Jingfu made a grand spectacle of his journey. Over a hundred Immortal Ships set out simultaneously, and when the Immortal Ships appeared in the sky above the royal city, they blocked out the sunlight, as if intentionally telling Lu Chen that Lu Jingfu was about to leave the royal city.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Seeing the densely packed Immortal Ships in the sky, Lu Chen chuckled, since Lu Jingfu was so eager to die, he couldn't be blamed for it.

However, Lu Chen didn't follow immediately; if he chased after Lu Jingfu as soon as he left the Royal Capital, it would be too obvious.

Lu Chen knew the opponent intended to lure him into action, so he was sure Lu Jingfu would stop somewhere, and he didn't need to be too anxious.

As Lu Chen expected, after flying toward the Imperial Capital of the Tianxia Immortal Dynasty for ten days, Lu Jingfu's Immortal Ship began to slow down, constantly letting people spread his route.

To attract Lu Chen to assassinate Lu Jingfu, almost all the Immortal Kings chose to leave tracking marks on Lu Jingfu, instead of following him all the way.

Ultimately, Lu Jingfu's Immortal Ship stopped at Xianyun Lake, a place rich in Immortal Aura, as the aura at Xianyun Lake had only grown dense in recent years, and Lu Jingfu hadn't had time to develop it, so there was only a small town nearby.

Lu Jingfu coming here to stay was clearly a move to lure Lu Chen into action.

Several more days passed.

The Immortal Ship on Xianyun Lake.

Lu Jingfu stood on the deck of the ship, looking grimly into the distance.

Half a month had passed, and Lu Chen still hadn't come to assassinate him. He even doubted if the information was released by Lu Chen deliberately to mislead others.

Or had Lu Chen already seen through the conspiracy of those Immortal Kings, which is why he hadn't made a move?

But then again, it made sense for Lu Chen to recognize it, after all, they had been too ostentatious along the way, and the Immortal Ship's speed was slow, choosing Xianyun Lake as a suitable place for Lu Chen to act.

Lu Jingfu looked at the Immortal Aura-filled lake in the distance and sneered, talking to himself, "It seems that since coming out of the Chaotic Sea, his courage has diminished."

If it were before, even knowing it was a trap, Lu Chen might have risked coming to assassinate him, as Lu Chen was confident enough in his abilities back then.

Lu Jingfu felt continuing like this was a waste of time, and he promptly sent a voice transmission to his entourage: "Set out for the Imperial Capital immediately!"

In his mind, Lu Jingfu thought the Immortal Kings wanted to use him as bait; he could use this opportunity to force his father to abdicate.

These Immortal Kings, wanting to lure Lu Chen out, would surely stand by him for the time being. If he went to the Capital City, seeing so many Immortal Kings backing him, the forces there might directly side with him.

This could turn into an opportunity for him, thinking of ascending to that position soon, he couldn't suppress the smile at the corners of his mouth.

However, just as Lu Jingfu was lost in thought, the Immortal Ships at the front suddenly stopped.

Lu Jingfu frowned and sent a voice transmission, asking, "What's going on?"

After speaking, Lu Jingfu released his Divine Sense to check the situation ahead, only to find a Spirit Immortal holding an Immortal Sword standing in front of the ship convoy.

Feeling the Spirit Immortal aura from the figure, Lu Jingfu was stunned. He thought Lu Chen had arrived, but it was just a Spirit Immortal?

Moreover, the person's appearance didn't resemble Lu Chen either.

No... A mere Spirit Immortal, where did he get the courage to stop him? Although the Immortal Kings weren't by his side, he still had Immortal Monarchs protecting him. How could an ordinary Spirit Immortal dare to obstruct his path?

And the Spirit Immortal in front was holding a Heaven Rank Immortal Sword.

Lu Jingfu's mind shook. Could it be...

This was Lu Chen?

Lu Chen had used the Possession Technique to inhabit another's body? If it was like this, no wonder he couldn't recognize Lu Chen.

Thinking Lu Chen had appeared, and only with Spirit Immortal Cultivation State, Lu Jingfu was thrilled, for he could perceive that the Spirit Immortal not far away had a relatively intact Divine Soul, unlike a clone.

As long as he could kill that Spirit Immortal, his nightmare would be over.

Thinking of this, Lu Jingfu wasted no time, immediately telling the Illusion Demon Immortal Monarch: "You want to capture Lu Chen, don't you? That Spirit Immortal blocking our path is him. Now he only has Spirit Immortal Cultivation State, and coupled with his Divine Soul eroded by Chaos Qi, searching his soul should be easy."

Upon hearing Lu Jingfu's words, the Illusion Demon Immortal Monarch immediately came to the front of Lu Chen. A Spirit Immortal holding a Heaven Rank Immortal Sword indeed didn't fit the scene.

In the next moment, the Illusion Demon Immortal Monarch released thick blood energy from his body and asked directly, "Are you Lu Chen?"

Lu Chen glanced at the Illusion Demon Immortal Monarch, saying calmly, "If you don't want to die, step aside."

Upon hearing Lu Chen's words, the Illusion Demon Immortal Monarch burst into laughter.

If Lu Chen were still an Immortal King, he might fear him, as Lu Chen once could contend with Immortal Venerates.

But now, with Lu Chen only at the Spirit Immortal Realm, he dared to threaten an Immortal Monarch.

The Illusion Demon Immortal Monarch then said, "Tell this seat how you escaped from the Chaotic Sea, and maybe I'll let you die with a whole corpse!"

Lu Chen ignored the Illusion Demon Immortal Monarch's words, and without hesitation, used the Divine Light Thousand Lamp Scripture.

Seeing Lu Chen daring to attack him directly, the Illusion Demon Immortal Monarch laughed. Who gave Lu Chen the courage to challenge an Immortal Monarch with just Spirit Immortal Cultivation State?

The Illusion Demon Immortal Monarch stood in the air, curious about Lu Chen's strength in the Spirit Immortal Realm.

As the Illusion Demon Immortal Monarch believed Lu Chen was seeking death, a sensation of impending life and death crisis stirred from the depths of his soul.

The smile on the Illusion Demon Immortal Monarch's face froze instantly. What was going on?

Despite this body of Lu Chen now only having Spirit Immortal Cultivation State, the Divine Light Thousand Lamp Scripture he used inherently suppressed Evil Qi. Even though Lu Chen's Spirit Immortal Realm wasn't a match for the Illusion Demon Immortal Monarch, the scripture would still suppress the Monarch's Evil Qi to some extent.

In the next moment, countless oil lamps appeared in the sky over Xianyun Lake, the Immortal Aura they emitted made the Illusion Demon Immortal Monarch feel uncomfortable all over.

The Illusion Demon Immortal Monarch's expression turned even grim. He immediately understood; clearly, Lu Chen's cultivation technique suppressed Evil Qi.

He initially planned to toy with Lu Chen before killing him, but now he just wanted Lu Chen dead. The cultivation technique in Lu Chen's possession

absolutely couldn't fall into other hands, lest the Evil Immortal's advantage disappears.

Thinking this, the Illusion Demon Immortal Monarch attacked without hesitation.

Heavenly Demon Claw!!!

A massive claw, emitting thick black mist, descended from the sky, targeting Lu Chen in the air.

Lu Chen glanced at the Illusion Demon Immortal Monarch, and in the next moment, unleashed the power of the Immortal King's Remain Curse.

He had not acted immediately earlier, mainly awaiting the arrival of other Immortal Kings. Sensing a few Immortal Kings' auras approaching rapidly, he felt ready to perform self-destruction in front of them.

Chapter 1694: Chapter 1384: No... You Can't Be Lu Chen!

Feeling the terrifying aura suddenly emanating from Lu Chen, the Illusion Demon Immortal Monarch and Lu Jingfu were dumbfounded.

Imm... Immortal King???

How is this possible!!!

He has actually regained his strength?

At this moment, Lu Jingfu was so scared that his face turned pale, and cold sweat kept pouring out.

Lu Chen can now unleash the power of an Immortal King Realm, which means that killing him now would be easy for Lu Chen.

No way...

He can't stay here anymore, he must escape quickly!

Thinking of this, Lu Jingfu did not hesitate and immediately prepared to flee, but just as he was about to leave, Lu Chen released a thick killing intent.

The next moment, the entire area around Xianyun Lake turned a blood-red and was isolated from the outside world.

Seeing this scene, Lu Jingfu murmured, "It's over..."

This is the Slaughter Domain, an Immortal King-level Slaughter Domain, something he could not possibly break through.

Wait, since when did Lu Chen walk the Slaughter Path?

Could this person not actually be Lu Chen, but someone posing as Lu Chen to get rid of him?

Thinking of this possibility, Lu Jingfu quickly steeled himself and transmitted a message, "Senior, I don't know who sent you to assassinate me, but regardless of who it is, I am willing to offer ten times the reward they offered if you let me go!"

Although he possessed protective dharma treasures, he did not believe they could withstand the attack of an Immortal King who harnessed the Power of Slaughter.

As for depending on those Immortal Kings who used him as bait, that was even less of a hope. By the time they arrived, his divine soul would most likely have been destroyed.

Hearing Lu Jingfu's words, Lu Chen let out a cold laugh and then said, "I didn't expect King Guangren to forget this brother of his so quickly."

Lu Jingfu's heart shook at Lu Chen's words; could this person really be Lu Chen?

How is that possible!!!

If Lu Chen had reincarnated into someone else, shouldn't it take him a long time to regain his cultivation? How could he have regained it so soon after reincarnating?

With a face full of terror, Lu Jingfu said, "No... you can't be Lu Chen!!!"

Lu Chen replied, "Nothing is impossible!"

As he finished speaking, Lu Chen immediately gripped the Immortal Slaying Sword in his hand and swung it.

Green Fall Cyan Dragon Roar!!!

A blood-red giant dragon flew out from Lu Chen's Immortal Slaying Sword, heading straight for Lu Jingfu.

Upon witnessing this, the Illusion Demon Immortal Monarch was so frightened that he quickly dodged. This sword strike was aimed at Lu Jingfu; he wasn't kind-hearted enough to block it for Lu Jingfu—besides, it was an attack from an Immortal King, and it seemed the opponent used full force.

Let alone withstand it directly; even if the Sword Qi grazed him a little, it could seriously injure him. Most importantly, the opponent's Immortal Aura clearly restrained the Evil Qi in his body, making Lu Chen's attack even more lethal to him.

Seeing that blood-red giant dragon coming straight at him, Lu Jingfu was so frightened that he collapsed on the Immortal Ship's deck, but he quickly reacted.

He hurriedly activated all his protective dharma treasures and had someone activate the Immortal Ship's Defense Array.

As a prince of the Immortal Dynasty, his identity was noble, and his Immortal Ship was itself an Earth-grade Immortal Artifact capable of withstanding the attack of an Immortal King.

Lu Jingfu believed that if he could buy some time until those Immortal Kings arrived, he would be safe.

At that moment, the blood-red giant dragon crashed into the great array released by Lu Jingfu's Immortal Ship, causing the entire Xianyun Lake to surge with waves and the earth to shake violently.

Meanwhile,

Purple Cloud Immortal King and other Immortal Kings were swiftly heading towards Xianyun Lake. As soon as they sensed Lu Jingfu was in danger, they immediately headed there.

Being Immortal Kings, and not far from Xianyun Lake, it only took them a moment to arrive outside Xianyun Lake.

At this time, the entire Xianyun Lake was shrouded under a blood-red barrier, and upon seeing this, the faces of the Immortal Kings were not pleasant.

Purple Cloud Immortal King said, “Is this the Slaughter Domain?”

“Lu Chen shouldn’t have walked the Slaughter Path, right?”

Mengyang Immortal King said, “Let’s not worry about that now. Once we break through this domain, we’ll know what’s going on inside.”

As he spoke, Mengyang Immortal King raised his hand and began casting a spell.

Great Dream Breaking Yang Technique!!!

In the next moment, a massive sun appeared behind him, and immediately the golden light it emitted shot towards the Slaughter Domain, causing it to endure a fierce impact.

However, the Slaughter Domain remained intact. Seeing Mengyang Immortal King take action, Purple Cloud Immortal King and Wuque Immortal King were no longer idle and also attacked.

Seeing the three Immortal Kings of the Heavenly Splendor Hall making a move, the other Immortal Kings followed suit, and the next moment, dozens of magical spells struck the Slaughter Domain.

At this moment, Yun Yudie stood in the distant sky, quietly observing everything happening at Xianyun Lake.

Seeing the Slaughter Domain at Xianyun Lake, Yun Yudie was as puzzled as the other Immortal Kings; Lu Chen shouldn't be proving his path through slaughter, so how could he release a Slaughter Domain?

The one attacking Lu Jingfu shouldn't be Lu Chen, right?

But whether it's Lu Chen or not, she would stay until the moment the Slaughter Domain was broken before leaving.

Unlike some of the Immortal Kings who wanted to kill Lu Chen, she indeed came to the Tianxia Immortal Dynasty with deep killing intent at first, but the thought that Lu Chen could come out of the Chaotic Sea suggested her sister could also come out.

She wanted to capture Lu Chen and ask him whether her sister was still alive.

Meanwhile, inside Lu Chen's Slaughter Domain, the formations on Lu Jingfu's Immortal Ship gleamed with golden light, barely holding off Lu Chen's sword strike, though cracks appeared in the array barrier.

Seeing that he had blocked Lu Chen's sword, Lu Jingfu took a deep breath, then laughed and said, "Hahaha, Lu Chen, you can't kill me. Today, it's you who will die here!"

Recalling how he was trembling with fear from Lu Chen moments ago, Lu Jingfu felt utterly humiliated.

He sensed that Lu Chen's Slaughter Domain was in turmoil, which indicated that someone outside was trying to break it open. Once Lu Chen's Slaughter Domain was breached, he would survive.

Lu Jingfu continued to mock, "Lu Chen, you're always a loser!!! The Master of the Tianxia Immortal Dynasty is destined to be me! Soon, I will ascend to that position, but you'll never see it!!!"

Lu Chen ignored Lu Jingfu's taunt; he glanced at the defense array of Lu Jingfu's Immortal Ship. Although he had deployed the Slaughter Domain just now, he hadn't used the Power of Slaughter.

For the next strike, he wouldn't hold back at all.

Then, Lu Chen mobilized the Power of Slaughter and swung his sword once again.

Green Fall Cyan Dragon Roar!!!

As Lu Chen unleashed this sword strike, the Slaughter Domain, which was just about to be broken by the many Immortal Kings, couldn't withstand the power of this strike and shattered directly.

Chapter 1695: Chapter 1385: Lu Chen Self-Detonates

Just as the group of Immortal Kings were about to make a move against Lu Chen's Slaughter Domain, they suddenly felt an extremely terrifying pressure emanating from within after the Domain shattered.

The faces of the Immortal Kings changed drastically, and they quickly dodged the massive blood-red dragon flying out from within.

When the blood-red dragon flew out, a chasm thousands of feet deep appeared on the ground, and the space was instantly cleaved.

At this moment, Lu Jingfu and his Immortal Ship turned completely to dust.

Upon witnessing Lu Chen's strike, the group of Immortal Kings felt a chill run down their spines.

Is this really Lu Chen?

A mere Immortal King just emerged from the Chaotic Sea, corroded by Chaos Qi for over ten billion years, could still unleash such a terrifying attack?

Is this possible?

This strike could already rival that of an Immortal Venerate!

It should be known that the Tianyan Immortal Domain is suppressed by the Heavenly Dao Laws. Even Immortal Venerates and Immortal Kings cannot exert their full strength.

Yet Lu Chen's strike caused such tremendous destruction.

After dealing with Lu Jingfu, Lu Chen's gaze turned towards the distant Immortal Kings, as they finally snapped out of their shock.

Suddenly, Purple Cloud Immortal King thought of something and said, "That strike must have consumed a vast amount of his Immortal Aura. Now, he is already at the end of his rope. Everyone need not worry."

Hearing what Purple Cloud Immortal King said, the other Immortal Kings realized that such a terrifying strike, even if Lu Chen's strength was formidable, could likely have exhausted all his energy.

Thinking of this, Wuque Immortal King and the others immediately surrounded Lu Chen. Wuque Immortal King asked, "Lu Chen, how did you escape the Chaotic Sea? If you tell us about your experiences there, we might spare your life."

Of course, Wuque Immortal King was merely saying that.

They were all Immortal Kings. Even if Lu Chen had exhausted his power, his Divine Soul was at the Immortal King Level, posing great risks if they attempted a Soul Search on him. Failure could lead to backlash, which is why Wuque Immortal King chose to inquire first.

As for Lu Chen's fate, it was already decided. A genius of his caliber couldn't possibly be left alive. Once they learned the secrets of the Chaotic Sea from him, they would immediately move to eliminate Lu Chen.

Observing Lu Chen being surrounded, Yun Yudie from afar wanted to immediately intervene and take him away. However, upon hearing Wuque Immortal King's question, she held back, curious about Lu Chen's response.

She was also eager to learn about the Chaotic Sea and how Lu Chen emerged from it. More importantly, she wished to ascertain whether, since Lu Chen could escape, her sister might still be alive somewhere.

At this moment, Lu Chen glanced coldly at the Immortal Kings present and then said, "If you want to know the secrets of the Chaotic Sea, come down there with me, and I'll tell you them!"

As he spoke, Lu Chen's body began to crack visibly.

The faces of the Immortal Kings changed drastically, and Purple Cloud Immortal King shouted, "No, he's going to self-destruct!"

Subsequently, the Immortal Kings hurriedly fled. Yun Yudie, upon realizing Lu Chen's intention to self-destruct, was stunned. Regaining her senses, she also quickly distanced herself from Xianyun Lake.

The power of an Immortal King's self-detonation was not to be taken lightly. If unlucky, the Immortal Kings could end up sacrificing themselves for Lu Chen, and those at the blast's center could suffer severe injuries even if they survived.

Once Yun Yudie had left the blast range, Lu Chen unhesitatingly chose to self-destruct. Yun Yudie was his destined partner, and he naturally wouldn't want her harmed, though the same couldn't be said for the other Immortal Kings.

As his body exploded, a force containing destruction swept across Xianyun Lake, rapidly expanding outward. A massive sphere of destructive power formed at the center where Lu Chen exploded, obliterating everything it touched.

It was unclear how long it took for the commotion caused by Lu Chen's explosion to gradually subside.

The Immortal Kings who managed to escape felt cold sweat pouring down.

Purple Cloud Immortal King spat and cursed, "What a madman!"

Wuque Immortal King, looking at the distant crater left by Lu Chen's self-destruction, sighed, "I didn't expect him to be so decisive. Now we'll never know how he left the Chaotic Sea."

Purple Cloud Immortal King added, “Maybe he never entered the Chaotic Sea at all. Perhaps it was someone else back then, just a decoy of his.”

The Immortal Kings considered this, finding Purple Cloud Immortal King’s reasoning plausible.

Regardless of whether Lu Chen had entered the Chaotic Sea, with him dead for sure now, the Immortal Kings no longer needed to fear his revenge.

The Immortal Kings bade farewell to Wuque Immortal King, and soon they dispersed.

Wuque Immortal King looked once more at the crater from Lu Chen’s self-destruction. Honestly, although it was massive, compared to a true Immortal King’s self-destruction, its magnitude was less impressive.

However, Wuque Immortal King did not suspect much further. To him, it seemed that Lu Chen’s strength had drastically declined, and having exerted all his energy in that terrifying sword strike earlier, it was normal for his self-destruction to only have this much power.

Wuque Immortal King then said, “Let us return and report to the Honorable.”

Once his words were spoken, Wuque Immortal King vanished into thin air. After his departure, Purple Cloud Immortal King and Mengyang Immortal King also left one after another.

When all the Immortal Kings had departed, Yun Yudie arrived at the center of the blast. Amid the lingering Immortal Aura from the explosion, Yun Yudie was lost in thought.

Though she had deep-seated hatred for Lu Chen, she also desired to personally settle the score with him. She had planned to inquire about her sister, to see if there was still a chance she might be alive.

Yet Lu Chen chose to self-destruct so resolutely, with no hesitation, clearly having lost all hope in the world.

This also proved, from another perspective, that Lu Chen truly had nothing left. He knew he couldn't advance to a higher Realm and saw no future, so he chose to self-destruct after exacting revenge.

If Lu Chen had even an ounce of care left or hope for the future, he might have struggled a bit at the brink of death.

Thinking this way, her sister was likely truly gone. Realizing this, Yun Yudie's aura of coldness involuntarily expanded around her, and she muttered to herself, "Dying just like that, you got off easy!"

With those words, Yun Yudie also turned and left the Tianxia Immortal Dynasty.

...

Recently, Mysterious Moon Palace's situation had been dire. Ever since Yun Yudie left, Blood Eagle Hall began invading Mysterious Moon Palace's territory aggressively, launching massacres across the cities in its domain.

Evidently, Blood Eagle Hall had learned of Yun Yudie's departure from Mysterious Moon Palace, which is why they acted so recklessly.

Having children earns benefit, start competing for dominance in the world by marrying a wife

After Ling Yin Immortal King took over the Mysterious Moon Palace, she initially planned to take the initiative to attack and hunt down the Evil Immortals, but instead, the Blood Eagle Hall came to the Mysterious Moon Palace and caused havoc.

Although under her leadership, the Mysterious Moon Palace eliminated many Evil Immortals, the Qi Fortune of the Mysterious Moon Palace significantly declined due to the destruction by those Evil Immortals from the Blood Eagle Hall. As the sect's fortune of the Mysterious Moon Palace declined, the strength of the Immortals in the Mysterious Moon Palace somewhat decreased.

Ling Yin Immortal King felt helpless as well. If the Evil Immortals concealed their presence, it was very difficult for ordinary Immortals to recognize them. By the time they were recognized, a city would have been massacred.

Even if they caught the Evil Immortal causing the destruction and killed him, the damage could not be undone, and as such incidents occurred often, the sect's fortune of the Mysterious Moon Palace began to decline.

Mysterious Moon Palace, Meeting Hall.

Ling Yin Immortal King sat on the second white ice crystal chair at the top of the hall, discussing with the Elders how to guard against the invasion of Evil Immortals.

At this time, an Elder curiously asked, "Second Hall Master, we haven't seen Chuyao for a long time. What is she doing now?"

Ling Yin Immortal King replied, "She is in seclusion to stabilize her Realm."

Ling Yin Immortal King, of course, knew what Ye Chuyao was doing now; she just wouldn't tell anyone else.

The Elders did not doubt Ling Yin Immortal King's response. After all, Ye Chuyao had just broken through to the True Immortal Realm, and indeed she needed to go into seclusion to stabilize the Realm. For them, as Immortals, two years was not considered a long time.

The reason an Elder had inquired was mainly that there was an opinion that Ye Chuyao, as the "future Young Hall Master," had not appeared during the invasion of Blood Eagle Hall, which was somewhat inappropriate.

But since she was in seclusion stabilizing her Realm, they had nothing much to say.

Meanwhile.

In the small world where Lu Chen was confined.

Lu Chen was with Ye Chuyao, engaging in intimate activities. Initially, Ye Chuyao intended to scheme and make Lu Chen reveal his identity voluntarily, but over the past two years, Lu Chen focused solely on "attacking" her, barely speaking.

Moreover, being Immortals with strong resistance abilities, even though Lu Chen "attacked" her continuously for two years, she was able to withstand it. The two of them seemed to have lost track of time in the small world, completely unaware that two years had already passed outside.

At this moment, Ye Chuyao looked at the busy Lu Chen and whispered, "Junior... huh... junior brother, do you want senior sister to get pregnant with your child?"

At first, Lu Chen still used cultivation techniques while with her, but recently, he completely neglected cultivation and engaged in intimacy with her relentlessly, appearing as if he would only stop once she became pregnant.

Ye Chuyao noticed Lu Chen's intent. Originally, she just wanted to use seduction to trick Lu Chen into revealing his identity. She didn't intend to get pregnant with Lu Chen's child; if she did, how could she take revenge on Lu Chen in the future?

Unlike Xu Jingshu, Ye Chuyao was at least a legitimate Immortal. If she became pregnant, she would want to provide the child with a complete family. Would she still want to seek revenge on Lu Chen by then?

If Lu Chen were dead, her child would be without a father. Although many children of cultivators grew up without fathers, Ye Chuyao didn't want her child to be born fatherless.

Seeing that Ye Chuyao perceived his little scheme, Lu Chen asked, "Why does senior sister ask this way?"

Ye Chuyao looked into Lu Chen's eyes and said, "You... you haven't been cultivating recently."

Lu Chen smiled and replied, "Cultivation requires gradual progress; I just want to take a break."

Ye Chuyao sneered inwardly, thinking this bastard didn't even bother to pretend anymore.

Initially, Lu Chen wanted to sleep with her and used cultivation as an excuse; now he had even discarded that excuse.

Ye Chuyao said at this time, "Junior brother, since you've cultivated enough, why not... first... um~ let's just do this."

Ye Chuyao felt that if things continued like this, she would end up falling with Lu Chen.

Lu Chen ignored Ye Chuyao's words and continued with his actions, "Senior sister, let me rest for a while longer."

Seeing Lu Chen unwilling to get up, Ye Chuyao's expression changed slightly, and she coldly said, "What do you... take me for!"

However, even though Ye Chuyao seemed to be losing her temper, Lu Chen continued with his own affairs, looking at Ye Chuyao's jade-like face, smiling, "Senior sister, if you really are unwilling, then once this is over, we can part ways."

Ye Chuyao was stunned for a moment; she didn't expect Lu Chen to say such words. For some reason, upon hearing this from Lu Chen, she felt a sudden pain in her heart.

"Junior brother, what do you mean by this?"

Lu Chen said, "Literally, if senior sister doesn't want to be my woman, I won't force you."

Lu Chen straightforwardly tore down the pretense of dual cultivation; it was never about dual cultivation—he simply wanted to be involved with her.

Ye Chuyao was once again taken aback; she hadn't yet made Lu Chen reveal his identity. If this were to end, wouldn't she have let Lu Chen take advantage of her for nothing?

Ye Chuyao could only say, "Junior brother, senior... senior sister... I do have... a bit of fondness for you."

"It's just that I don't know you well enough yet to hastily become your partner; wouldn't that be... somewhat inappropriate?"

Lu Chen said, "Senior sister, we've already gone through dual cultivation; you've given me your virginity. Does this not suffice as us having a relationship?"

Ye Chuyao continued, "The main issue is that senior sister doesn't know you well."

Lu Chen now understood that Ye Chuyao wanted him to reveal his identity voluntarily, but he wouldn't let Ye Chuyao have her way. Once Yun Yudie returned, she would probably inform Ye Chuyao of his supposed death, and then he would see if Ye Chuyao would still consider him as Lu Chen.

With this thought, Lu Chen said, "Whatever senior sister wants to know about me, feel free to ask."

Upon hearing Lu Chen's words, Ye Chuyao directly asked, "Is your real name Chen Lu, junior brother?"

Hearing Ye Chuyao's question, Lu Chen immediately pretended to be angry and began acting fiercely, saying sternly, "What does senior sister mean by this!"

"Are you still considering me as your enemy! Huh!"

"If so, why did you agree to be with me? Was it to test me, deliberately sacrificing your purity?"

Ye Chuyao froze hearing this from Lu Chen; she didn't expect such a strong reaction from him. And more, Lu Chen had bluntly pointed out her intentions.

Indeed, this bastard wouldn't be easily deceived. He must have known her purpose from the beginning and just pretended not to know, allowing him to take advantage of her body.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1697: Chapter 1387: Chen Lu Isn't Lu Chen?

Just the thought of being slept with by Lu Chen made Ye Chuyao extremely angry. This bastard, knowing her purpose, still monopolized her body!

At this moment, Ye Chuyao thought to herself, if she turned against Lu Chen now, then it would truly have been a free ride for him.

No matter what, she could never admit her true purpose.

Ye Chuyao then spoke tearfully, "Junior... junior brother, senior sister never had such thoughts. I just think that you must come from a powerful background considering your talent."

"I didn't think you'd see me like this..."

Right now, Ye Chuyao appeared deeply hurt.

Lu Chen chuckled lightly. She certainly knows how to act.

Lu Chen then asked, “Senior sister, is this really what you think?”

Ye Chuyao replied, “Then what does junior brother think I’m thinking?”

Lu Chen said, “I’m sorry, senior sister, I misunderstood you.”

Seeing Lu Chen believe her words, Ye Chuyao clenched her fists slightly. Lu Chen was too cautious; getting him to reveal his true identity voluntarily wouldn’t be easy, she had to think of another way.

While Ye Chuyao was wondering how to make Lu Chen voluntarily reveal his identity, Yun Yudie appeared at the entrance of the Mysterious Moon Palace.

Upon Yun Yudie’s return, the first thing she wanted to do was to tell Ye Chuyao about Lu Chen’s death. After all, Ye Chuyao had mentioned having a grudge against him, and knowing he was dead would surely make her happy.

The next moment, Yun Yudie unleashed her Divine Thought to locate Ye Chuyao, intending to convey the news of Lu Chen's death.

However, as soon as she released her Divine Thought, she froze. Her brow furrowed, and icy aura rampantly spread around her.

She hadn't expected that even after confining that disciple, Ye Chuyao would still run to him for pleasure.

What spell did that rebel use on Ye Chuyao, making her so attached to him?

At this moment, Ye Chuyao, muddled by Lu Chen's teasing, suddenly became alert upon sensing Yun Yudie's Divine Thought. She hurriedly raised her jade hand, attempting to push Lu Chen away.

"Junior... junior brother, let... let go of me! Honored Master has returned!"

She didn't want to embarrass herself in front of her Honored Master again like last time.

However, Lu Chen did not heed her words. Instead, he leaned down directly, tightly hugging her willowy waist, refusing to let her go despite her attempts.

Ye Chuyao instantly became furious and exasperated, “You... you bastard!”

This time, Yun Yudie didn't appear by their side; she returned to her chamber and directly sent a message to Ye Chuyao, “Come to my chamber after you're done!”

Upon hearing Yun Yudie's tone, Ye Chuyao felt a chill in her heart. It's over...

The more Ye Chuyao thought about it, the angrier she became. Lu Chen, that rogue, why is it always like this? Does he like having their activities witnessed by their Honored Master so much?

Ye Chuyao suddenly remembered something. The last time their Honored Master caught them, Lu Chen even called out to their Honored Master. That bastard must have mistaken her for the Honored Master at the time.

Which means, in Lu Chen's mind he actually has his sights set on the Honored Master.

Thinking of this made Ye Chuyao even more furious. How many people does this dog want to harm before he's satisfied?

At this moment, Lu Chen continued ruthlessly, leaving Ye Chuyao completely helpless. She suddenly felt as if she was a sheep thrown into the tiger's den.

A few hours later, Lu Chen finally released Ye Chuyao. After tidying her appearance, she immediately went to Yun Yudie's chamber.

Entering Yun Yudie's chamber, before Yun Yudie could speak, Ye Chuyao decisively knelt in front of Yun Yudie.

“Disciple is guilty, please Honored Master punish me!”

Seeing Ye Chuyao confess so quickly, Yun Yudie snorted coldly, dismissing the issue.

She then asked, “I remember you once said you had a grudge against Lu Chen.”

Ye Chuyao was startled upon hearing Yun Yudie's words, feeling somewhat confused as to why her Honored Master would ask this at such a time.

Ye Chuyao replied, “Yes, that vile traitor killed my dearest friend. I have wanted to kill Lu Chen with my own hands every moment of these billions of years, but alas, he entered the Chaotic Sea, whereabouts unknown.”

Yun Yudie said, "You may not get the chance for personal revenge anymore; he has already fallen."

Upon hearing those words, Ye Chuyao paused. Fallen?

That bastard was just making merry with her moments ago; how could he have fallen?

Yun Yudie continued, "I witnessed it myself. After killing Queen Guangren of the Tianxia Immortal Dynasty, he chose to self-destruct his Divine Soul."

Ye Chuyao froze again. Impossible, Lu Chen was clearly at the Mysterious Moon Palace, how could he have fallen?

Thinking of this, Ye Chuyao immediately said, "Honored Master, perhaps that was just Lu Chen's clone. His main body might not have died."

Yun Yudie responded, "His Divine Soul was nearly intact, and he unleashed close to Immortal Venerate level power, not a clone."

Ye Chuyao was bewildered, not a clone???

How could this be!!!

If it was Lu Chen's own self who fell, then who was the man with whom she shared pleasure?

She refused to believe it was true.

Seeing Ye Chuyao's incredulous expression, Yun Yudie asked emotionlessly, "Why don't you seem happy at all?"

Her enemy had fallen; Ye Chuyao should be glad. Yet Yun Yudie felt no joy from her.

Ye Chuyao was somewhat dazed; if what her Honored Master said held true, it meant Chen Lu wasn't Lu Chen.

And she had been with Chen Lu; this time she truly slept with Chen Lu for nothing...

How could this happen...

Chen Lu genuinely wasn't Lu Chen?

They look so similar, even their personalities were almost identical, yet he turned out not to be Lu Chen...

Ye Chuyao couldn't help but clench her Jade Fist, and then asked again for confirmation, "Honored Master, are you really certain it was Lu Chen?"

Yun Yudie said, "Indeed, it wasn't only I, but other Immortal Kings also confirmed he was Lu Chen."

In fact, Yun Yudie wasn't entirely sure the self-destructer was Lu Chen, as the person didn't look the same, following the Slaughter Path which wasn't what she had heard Lu Chen pursued before.

But only Lu Chen had such deep hatred for King Guangren, to the extent of self-destruction, which was no different from perishing together with King Guangren.

Only with adequate hatred would one choose to perish together with King Guangren; in this aspect, it was fitting that only Lu Chen met these criteria.

Upon hearing Yun Yudie's reply, Ye Chuyao suddenly felt weak all over, collapsing to the ground.

Lu Chen is dead...

He actually died...

This menace died, but the key was in her quest for revenge, she slept with someone who looked like Lu Chen, only now to be told Chen Lu isn't Lu Chen!

Seeing Ye Chuyao lost and pitiful, Yun Yudie furrowed her brows, then said, "Your enemy is dead; I hope you will focus all your thoughts on cultivation in the future."

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1698: Chapter 1388: If You Insist on Entangling With Her, I Will Expel You From the Mysterious Moon Palace

At this moment, Ye Chuyao felt somewhat cheap; for revenge, she was willing to sacrifice her purity and became Chen Lu's plaything.

In the end, Chen Lu toyed with her for so long, and now she realized that Chen Lu was not Lu Chen.

Ye Chuyao quickly snapped back to reality; oh well, this was all her doing.

Losing her virginity meant nothing to an Immortal; besides, the one who took it was not an outsider but her junior disciple.

Moreover, Chen Lu helped her break through to the True Immortal Realm, so she considered these days as a token of gratitude to her junior.

As for the future, Chen Lu is Chen Lu, she is still herself; Chen Lu remains her junior, and she is still Chen Lu's senior, but she would not let Chen Lu play with her body anymore.

Let this all be a dream.

Thinking of this, Ye Chuyao said to Yun Yudie, “I will strictly adhere to Master’s teachings and cultivate diligently in the future.”

Hearing Ye Chuyao’s words of diligent cultivation, Yun Yudie immediately thought of that rebellious disciple.

Yun Yudie said coldly, “This time let it pass, no more than thrice. If I catch you and that rogue in such acts again, I will expel him from the sect!”

Though she would not actually expel Lu Chen from the sect, she had to say this, otherwise, Ye Chuyao and that rogue would get out of control.

Ye Chuyao said, “Disciple... understands.”

Yun Yudie said, “Alright, let it be this way.”

With that, Yun Yudie immediately sent a message to the Elders of the Mysterious Moon Palace, asking them to go to the Meeting Hall to discuss how to deal with the Blood Eagle Hall.

During the two years spent at the Tianxia Immortal Dynasty, she clearly felt the Immortal Sect’s fortune of the Mysterious Moon Palace declining, so she had long

guessed that the Blood Eagle Hall was infiltrating and wreaking havoc in the territories of the Mysterious Moon Palace.

However, to capture Lu Chen, she stayed at the Tianxia Immortal Dynasty, and now that Lu Chen had self-destructed, his form and spirit both annihilated, his matters were concluded, and she should now focus on dealing with the Blood Eagle Hall.

...

After the three of Wuque Immortal King returned to the Heavenly Splendor Hall, they immediately went to Wuya Immortal Venerable's residence to report on Lu Chen's situation.

After watching the scenes in the Memory Pearl from Wuque Immortal King, Wuya Immortal Venerable fell into deep thought for a moment, then said, "If he were reincarnated, his strength couldn't recover so quickly, and he didn't cultivate the Slaughter Path; it seems this person is not Lu Chen."

Wuque Immortal King said, "Honorable, if he isn't Lu Chen, why would an Immortal King of his stature perish together with Lu Jingfu?"

He was, after all, an Immortal King; he could start a sect or even establish an Immortal Dynasty anywhere and live as lavishly as he desired. Why would he choose to perish with a Golden Immortal?

Hearing Wuque Immortal King's words, Wuya Immortal Venerable fell into contemplation again; what Wuque Immortal King pointed out was also something he couldn't understand.

Lu Jingfu shouldn't have offended so many Immortal Kings.

Wuque Immortal King continued, "If he had just emerged from the Chaotic Sea and recently reincarnated, then indeed he wouldn't have had time to cultivate other paths."

"But if he never entered the Chaotic Sea, then over these billions of years, he had ample time to cultivate the Slaughter Path."

"Or perhaps he left the Chaotic Sea long ago, just hiding in some corner of the Tianyan Immortal Domain, only revealing himself when he recovered his strength to the Immortal King Realm to feud with Lu Jingfu."

After listening to Wuque Immortal King's analysis, Wuya Immortal Venerable found some sense in it, but this brought another question: Lu Chen had already cultivated back to the Immortal King Realm; why would he not cherish his life and choose to self-destruct his Divine Soul?

It's known that billions of years ago, when Lu Chen was besieged by various forces, he would rather enter the Chaotic Sea than choose to self-destruct; now, after killing Lu Jingfu, he chose to self-destruct immediately without even clashing with other Immortal Kings.

Wuya Immortal Venerable couldn't fathom what was going on, so he said, "Alright, you may leave now."

Following that, the three of Wuque Immortal King saluted in unison, saying:

"Yes, we shall take our leave!"

After Wuque Immortal King and the others left, Wuya Immortal Venerable played the images in Wuque Immortal King's Memory Pearl once more.

He then repeatedly watched the scene of Lu Chen's self-destruction; the first sword Lu Chen swung was as powerful as an Immortal Venerate's blow, but the power from his self-destruction was not as formidable as a typical Immortal King's, which could be explained, as he had recently consumed a great amount of immortal power, and perhaps his strength hadn't fully recovered, so the power of his self-destruction wasn't as intense as that of a usual Immortal King.

But Wuya Immortal Venerable felt something was not right, the most crucial question being why Lu Chen would choose self-destruction?

He had battled with Lu Chen; the Lu Chen of that year was full of spirit, fought him to an impasse with just the Immortal King Realm, and if not for the large number of Immortal Kings besieging Lu Chen, even as an Immortal Venerate, he would have struggled to defeat Lu Chen.

Wuya Immortal Venerable always felt Lu Chen was not someone who would abandon himself to despair.

Perhaps...

Someone was using Lu Chen's name to act?

But what would be the purpose of that?

Wuya Immortal Venerable decided to continue investigating, so he sent a message to Qingyun Immortal King.

Soon, Qingyun Immortal King arrived at the hall, "Greetings, Honorable! What instructions does the Honorable have for this junior?"

Wuya Immortal Venerable said, “I need you to investigate from where the news of Lu Chen’s return originated.”

Upon hearing this, Qingyun Immortal King was puzzled; when Wuque Immortal King and the others returned, they met him, and Wuque Immortal King told him Lu Chen had already self-destructed and fallen.

If Lu Chen had already fallen, what’s the point of investigating this?

Qingyun Immortal King asked, “This junior heard Lu Chen has already fallen.”

Wuya Immortal Venerable said, “Just investigate, and once you find the source, report back to me immediately.”

Since it was the Immortal Venerate’s order, Qingyun Immortal King couldn’t say much, so he immediately said, “I will comply and investigate right away.”

...

Mysterious Moon Palace.

Inside the Ice and Snow Mini World where Lu Chen was confined, Lu Chen was meditating in cultivation when suddenly, a piercing cold wind whipped through, causing Lu Chen to open his eyes abruptly.

Seeing Yun Yudie dressed in a sky-blue Cloud Robe, Lu Chen immediately stood up, "Disciple greets Honored Master!"

Yun Yudie coldly scrutinized Lu Chen and then said, "From now on, you are not permitted to engage in affairs with Chuyao."

Lu Chen hurriedly said, "Disciple..."

Lu Chen's words were abruptly cut off by Yun Yudie, "If you insist on entangling with her, I will expel you from the Mysterious Moon Palace."

Lu Chen was slightly taken aback; he didn't expect Yun Yudie to be so ruthless.

Yun Yudie continued, "If you promise not to disturb your senior sister's cultivation, I can arrange for Xiao Xueying and Cao Shiyun to marry you."

In her mind, Yun Yudie thought, after all, this rogue has already had countless trysts with Xiao Xueying and Cao Shiyun, not to mention that Cao Shiyun is already bearing this rogue's child, might as well marry them to Lu Chen. By doing

so, she could bind Lu Chen to the Mysterious Moon Palace, and perhaps the sect's fortune might further increase.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Lu Chen fell into silence, pondering whether it was time to take what he had and withdraw. If he continued to insist on Ye Chuyao, it might anger Yun Yudie.

If Yun Yudie really expelled him from the Mysterious Moon Palace, how would he improve his relationship with Yun Yudie?

Thinking of this, Lu Chen asked, "Honored Master, are you truly willing to marry Senior Sister Xiao and Senior Sister Cao to me?"

Yun Yudie replied indifferently, "The premise is that you are not allowed to disturb Senior Sister Ye's cultivation in the future."

Lu Chen said, "Okay, disciple promises Honored Master not to disturb Senior Sister Ye's cultivation from this day forward."

Seeing Lu Chen agree, Yun Yudie immediately said, "Since you've agreed, go back and prepare. Three days later is your wedding with Xue Ying and Shiyun."

Lu Chen immediately said, "Thank you, Honored Master, for making this possible!"

Without saying anything more to Lu Chen, she left the small world. Just after Yun Yudie left, Lu Chen felt a powerful force sending him out of the small world.

Not long after Lu Chen left the small world, Xiao Xueying came before him. Not having seen her man for so many years, Xiao Xueying couldn't help but rush forward to embrace Lu Chen's strong waist.

"Junior Brother, have you been doing well all these years? Has the Hall Master troubled you?"

Lu Chen stroked Xiao Xueying's beautiful hair, laughing as he said, "I've been well. She is, after all, my Honored Master. How could she trouble me? You took the initiative to find me; you must know about that matter, right?"

Upon hearing Lu Chen's question, a faint blush rose on Xiao Xueying's cheeks and neck. Earlier, while she was cultivating, their Hall Master suddenly communicated with her, telling her to get ready to marry Lu Chen in three days.

When she heard these words, she thought she must have misheard. However, when she heard Yun Yudie later say that she had already let Lu Chen out, she realized she hadn't misheard.

But she couldn't understand why their Hall Master would agree to marry her to Lu Chen when she was quite angry about their affair initially.

As Xiao Xueying was lost in thought, Cao Shiyun also arrived on her sword from afar, quickly landing beside Lu Chen. At this time, Cao Shiyun still didn't appear pregnant; her belly showed no signs of carrying a child.

This is how Immortals are; it takes a long time to conceive a child, but the children they give birth to are Immortals from birth.

Lu Chen looked at Cao Shiyun and said, "Shiyun, did you get the message too?"

Cao Shiyun said, "Yes, the Hall Master said we'll have our grand wedding in three days."

Lu Chen then stretched out his hand, pulling Cao Shiyun into his embrace. Being suddenly pulled into his arms, Cao Shiyun paused slightly, given all the senior and junior sisters watching around.

Lu Chen whispered in the ears of the two women, laughing, "Now we can openly be together."

Warmth surged in the hearts of both women; they were finally waiting for this day.

At this moment, Ye Chuyao was watching this scene from afar, feeling an indescribable sadness.

Her Honored Master had just told her that in three days, Chen Lu would marry Xiao Xueying and Cao Shiyun, and Chen Lu agreed not to disturb her cultivation anymore.

Ye Chuyao couldn't help but think that Chen Lu agreed so easily with her Honored Master's conditions just to marry Cao Shiyun. Did she hold no place in his heart at all? Was their time together just about venting desires?

Ye Chuyao calmed her emotions. So be it. It was all a mistake anyway. It was her desire for revenge that pushed her to get involved.

Faced with a delicacy brought before him, why wouldn't Chen Lu enjoy it?

She brought this upon herself.

From now on, she would have nothing to do with Chen Lu.

With this thought, Ye Chuyao turned and returned to her closed-door meditation cave, preparing to seclude herself for a long time. As for the wedding of Lu Chen and the two junior sisters in three days, she did not plan to attend.

A nameless sadness crept into her heart. After two years of entwinement, it's impossible to say there was no emotion involved, especially when he indeed brought her unforgettable joy.

She feared attending Lu Chen's wedding would make her even more heartbroken.

After coming out, Lu Chen, led by Xiao Xueying and Cao Shiyun, chose a new courtyard and began arranging it.

While directing people to set up the wedding chamber, Ling Yin Immortal King arrived at Lu Chen's new courtyard.

Upon seeing Lu Chen, Ling Yin Immortal King smiled and said, "Chen Lu, congratulations on not only winning the hearts of beauties but two at once."

Lu Chen smiled, saying, "If you count, it's not just two."

As he spoke, Lu Chen looked meaningfully at Ling Yin Immortal King.

Ling Yin Immortal King paused slightly, thinking to herself, did the king also count her in?

Thinking of this, a faint blush appeared on Ling Yin Immortal King's cheeks. She had long been thoroughly claimed by her king; she wasn't new to him.

Even so, hearing Lu Chen's words, Ling Yin Immortal King felt very happy inside.

Though she wasn't hoping to become Lu Chen's wife or concubine like Xiao Xueying and Cao Shiyun, just being able to stay by Lu Chen's side and serve him made her very happy.

Ling Yin Immortal King composed her thoughts, continuing, "The Hall Master has already spread news of your upcoming marriage. She plans to organize a grand ceremony for you."

After all, Lu Chen was the direct disciple of an Immortal Sect leader, and his wedding naturally needed to be grand.

Lu Chen was somewhat surprised. Though his identity merited a grand wedding, given the Immortal Sect was mostly female and the fact that Yun Yudie apparently disliked matters of love between men and women, he had expected a simple ceremony to just bring Xiao Xueying and Cao Shiyun to his courtyard.

Yet still, Yun Yudie managing to arrange a wedding for him had already left him quite surprised.

But the so-called grand ceremony was merely within the Mysterious Moon Palace as three days weren't enough to send invitations to surrounding Immortal Sects.

Ling Yin Immortal King then said, "If there's anything you need help with in the coming days, feel free to ask."

Lu Chen said, "Thank you, Ling Yin Hall Master."

Ling Yin Immortal King glanced at Lu Chen's courtyard, thoughts flooding her mind. She recalled when she first organized Lu Chen's wedding herself.

Back then, Lu Chen was marrying a princess from the Immortal Dynasty with a noble identity. To ensure a joyous bridal night, Lu Chen had practiced with her, using all means learned on her.

Watching this man grow, watching him marry, then fall, and now rise again to marry once more, filled Ling Yin Immortal King with a strange feeling.

Though she wasn't his woman, she seemed to witness all his ups and downs. Her only regret was not being able to accompany him into the Chaotic Sea back then.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Three days passed in a flash, and the entire Mysterious Moon Palace was filled with a joyful atmosphere.

When the disciples and elders of Mysterious Moon Palace heard that Yun Yudie was holding a wedding for her direct disciple, they were very surprised. They always thought that their Hall Master was very averse to matters of love between men and women. Although she didn't explicitly oppose them finding a couple, there were quite a few rules against male immortals in the Mysterious Moon Palace.

There are two types of coupling relationships among immortals in the Tianyan Immortal Domain. One is similar to marriages in the mortal world, where the

woman has to marry into the man's family and will belong to the man for the rest of her life.

The other is that both parties live their own lives and only meet when necessary or as scheduled. They remain disciples of their own immortal sect.

For example, female disciples of Mysterious Moon Palace, even if they have a couple, remain disciples of Mysterious Moon Palace. After spending some time with their couple, they return to the Mysterious Moon Palace.

However, many female disciples of Mysterious Moon Palace brought their couple back. Although those couples only lived in the immortal city below the Mysterious Moon Palace, Yun Yudie set very strict rules for them.

Moreover, Yun Yudie repeatedly reminded the disciples of Mysterious Moon Palace to focus on cultivation and not to indulge in matters of love between men and women, which made the disciples and elders think that their Hall Master despised such matters.

Unexpectedly, their Hall Master now actively hosted a wedding for her direct disciple, and the bride was a female disciple of Mysterious Moon Palace. Does this mean their Hall Master will loosen some of the rules in the future?

Blood Eagle Hall.

On a Corpse Peak.

The Blood Demon Immortal King gazed at the distant Corpse Mountain Blood Sea with a troubled expression.

Over the past two years, people from Blood Eagle Hall had been searching everywhere for Xu Jingshu but had never found her. Spies sent to Purple Illusion Sect discovered it had been razed to the ground, indicating something significant happened there, and Xu Jingshu was likely taken away at that time.

The Blood Demon Immortal King suspected that Yun Yudie discovered Xu Jingshu's existence and sealed her within some immortal artifact, which is why he couldn't sense Xu Jingshu's presence.

Of course, this was just his speculation. Without Xu Jingshu as a furnace cauldron, it would be extremely difficult to become an Immortal Venerate. Xu Jingshu was the most compatible furnace cauldron he had painstakingly discovered and couldn't simply give up.

The Blood Demon Immortal King muttered to himself, "Looks like I need to speed things up."

At this moment, an immortal turned into a streak of light and flew in, landing beside the Blood Demon Immortal King, "Greetings, Great Hall Master!"

The Blood Demon Immortal King asked coldly, "What is it?"

The evil immortal directly took out a jade token. The Blood Demon Immortal King received it, infused immortal aura to activate it, and the intelligence appeared before him in the next moment.

"A wedding?"

The Blood Demon Immortal King was a bit surprised. According to the information they had gathered, Yun Yudie was supposed to be a woman who despised men. Blood Eagle Hall once thought of using handsome men to corrupt female disciples of Mysterious Moon Palace and then sending those men as undercover agents to Mysterious Moon Palace.

However, those men couldn't even enter Mysterious Moon Palace and could only stay in the immortal city below. Yun Yudie had set various rules for the men coming to Mysterious Moon Palace.

The strictest rule was that men in the immortal city below Mysterious Moon Palace could not show themselves publicly. They could only stay in their couple's home, and their identities had to be strictly controlled.

They were even subjected to the Heart Stone test annually. If it's discovered that their love was not pure—like having feelings for another woman, or not truly loving the fairy of Mysterious Moon Palace and approaching her for other purposes such as dual cultivation—they would be castrated immediately.

The spies Blood Eagle Hall sent to Mysterious Moon Palace largely ended up as eunuchs.

At this moment, the Blood Demon Immortal King muttered to himself, "It seems Yun Yudie thinks highly of this male disciple she took in."

"Interesting..."

The Blood Demon Immortal King was thinking, if he could capture that Lu Chen, perhaps he could force Yun Yudie to hand over Xu Jingshu.

He was almost certain now that Xu Jingshu's disappearance was related to Yun Yudie, primarily because Purple Illusion Sect was within the territory of Mysterious Moon Palace. In addition, their spies found that Purple Illusion Sect was destroyed with a single move, which was likely the work of an Immortal King.

The Blood Demon Immortal King had seen the footage brought back by spies using the Projecting Stone. An Immortal Monarch couldn't achieve that level of

destruction. When Xu Jingshu disappeared, Yun Yudie was the only Immortal King in Mysterious Moon Palace. Who else could have done it but Yun Yudie?

An Immortal King entering another Immortal King's territory would be easily discovered. The Blood Demon Immortal King didn't think other Immortal Kings would attack a sect within Yun Yudie's domain.

However, since Lu Chen was now in Mysterious Moon Palace, bringing him out wouldn't be easy.

He needs to think of a way.

...

After the wedding, Lu Chen, Xiao Xueying, and Cao Shiyun entered their bridal chamber and saw the two ladies sitting on the wedding bed with red veils over their heads. The corners of Lu Chen's mouth slightly lifted.

The wedding in the Immortal Sect was different from the mortal world, with fewer formalities. Lu Chen lifted his arms and removed the red veils of the two fairies, Xiao Xueying and Cao Shiyun, at the same time.

Upon seeing Lu Chen, a shy blush appeared on the cheeks of both women. Although they had enjoyed the pleasures of love countless times, those were always done in secret. Formally becoming a couple brought a different feeling.

Lu Chen gently caressed the jade-like faces of the two women and then said, "Ladies, it is late. We should rest."

The women simply responded with a soft "Mm," and Lu Chen then pushed them onto the large bed.

At that moment.

In Frost City.

The City Lord, He Shuwen, was in seclusion in a secret chamber, cultivating when suddenly a terrifying aura descended upon Frost City.

He Shuwen was startled and hurriedly exited the secret chamber, immediately running into numerous evil souls.

He Shuwen quickly took action to slay these evil souls, but they were incredibly powerful, almost each one having the strength of a Mortal Immortal.

Against such a multitude of evil souls, He Shuwen's strength was far from sufficient.

He hastily took out a jade token to send an SOS to Mysterious Moon Palace, but he quickly discovered that Frost City was shrouded in a massive blood-red barrier. There was no way to reach the outside world, and his heart sank—it's over.

Beneath Frost City appeared an enormous formation, emanating thick yin sha qi. The cultivators of Frost City, once touched by this yin sha qi, would have their souls extracted immediately.

He Shuwen looked up at the sky, outside the barrier, there were four evil immortals,

He Shuwen immediately warned, "Dare you massacre the city! Mysterious Moon Palace won't spare you!"

Liang Jingxing burst into wild laughter, "Mysterious Moon Palace is busy hosting a wedding and won't have time to bother with the life or death of you ants!"
