Chapter 1721: Chapter 1411: Senior Sister, Have We Really Ended?

After discussion, the final plan of the Mysterious Moon Palace and Chiyan Sect is to rigorously defend several key cities and then send disciples to scout the Blood Eagle Hall's attack direction.

Once the attack direction of the Blood Eagle Hall is determined, they will then set up their defenses.

This is a last resort. If they knew the attack direction of the Blood Eagle Hall from the start, they could set up defenses now.

After the elders of Chiyan Sect and Mysterious Moon Palace discussed the enemy strategies, the Chiyan Immortal King and others returned to the Chiyan Sect.

At the same time, the Mysterious Moon Palace also sprang into action, recalling all disciples out for training and assigning them tasks to investigate the attack direction of the Blood Eagle Hall.

As the Direct Disciples of the Hall Master of Mysterious Moon Palace, Lu Chen and Ye Chuyao also prepared to go out on missions to motivate the disciples of the Mysterious Moon Palace.

However, for these two, most of the elders of the Mysterious Moon Palace thought it best for them to stay within the sect, not going anywhere, as they are the Hall Master's Direct Disciples. If anything were to happen to them, the Blood Eagle Hall might use them to threaten the Mysterious Moon Palace and its Hall Master.

In the Meeting Hall, the Ling Yin Immortal King looked at Lu Chen and Ye Chuyao, "The elders think you should stay in the Mysterious Moon Palace. What do you two plan to do?"

The Ling Yin Immortal King intended to let Lu Chen and Ye Chuyao decide whether to leave the Mysterious Moon Palace for tasks or stay.

Ye Chuyao was the first to speak, saying: "As a Direct Disciple of the Hall Master, I should take the lead. If I stay in the Mysterious Moon Palace out of fear, how can I motivate other disciples?"

Upon hearing this, the Ling Yin Immortal King was not too surprised. At this time, the Ling Yin Immortal King turned his gaze to Lu Chen.

Lu Chen said: “My thoughts are the same as Senior Sister Ye’s. Besides, I have some life-saving cards left by my Honored Master, so even if I encounter a powerful enemy from the Blood Eagle Hall, I can escape.”

Ling Yin Immortal King said: “Since both of you have decided, I won’t say more.”

“However, as the Hall Master’s Direct Disciples, if the Evil Immortals learn that you have left the Mysterious Moon Palace, they will surely target you. So, when performing tasks, prioritize your safety.”

Lu Chen and Ye Chuyao said in unison: “Yes, Ling Yin Hall Master.”

In the next moment, the Ling Yin Immortal King left the Meeting Hall, and after the Ling Yin Immortal King left, only Lu Chen and Ye Chuyao remained in the hall.

For a moment, the atmosphere in the hall seemed somewhat oppressive.

Lu Chen glanced at Ye Chuyao. Today, Ye Chuyao wore a green gauzy long dress that clung to her graceful figure. Her long Jade legs were faintly visible under the thin veil, her cold yet flawless face radiated an icy Immortal Aura.

At this moment, memories of intimate times with Ye Chuyao flashed through Lu Chen’s mind.

As if sensing Lu Chen's gaze, Ye Chuyao turned to look at Lu Chen, her expression cold as she said: "Junior Brother, the Blood Eagle Hall is coming fiercely, be careful."

As soon as she finished speaking, Ye Chuyao prepared to leave. She did not know why, but she could not remain calm in front of Lu Chen, her mind constantly recalling those intimate moments with him.

Thinking of the fact that Lu Chen was already married, Ye Chuyao felt an inexplicable pang of pain in her heart.

Seeing Ye Chuyao about to leave, Lu Chen eagerly said: "Senior Sister, have we really ended?"

Upon hearing Lu Chen's words, Ye Chuyao stopped but replied coldly: "Junior Brother, what are you talking about? I don't understand."

Lu Chen said cheekily: "Senior Sister, if Xue Ying and Shiyun can marry me, you can too. Can you really give up the wonderful times we've had together?"

Ye Chuyao said coldly: "Junior Brother, keep your distance. You promised Honored Master not to disturb my cultivation anymore from now on."

Thinking of how Lu Chen willingly gave her up to marry Xiao Xueying and Cao Shiyun, Ye Chuyao felt a stabbing pain in her heart.

Lu Chen said: “I did promise Honored Master not to disturb your cultivation, but even if you marry me, it won’t interfere with cultivation.”

“Have you forgotten, Senior Sister? Even during our intimate times, we were in a state of cultivation, and you even broke through to the True Immortal Realm with my help.”

“Being together is only beneficial, not harmful.”

Although Ye Chuyao knew Lu Chen wasn’t wrong, their Honored Master would never allow them to be together, and she also didn’t want to serve one man alongside other women.

Originally, she engaged with him only because she thought he was Lu Chen and wanted him to expose his identity, choosing to sacrifice her body for it. But who could have thought that this Junior Brother was not Lu Chen at all?

She couldn’t let the mistake continue.

Even if she secretly yearned for those depraved times.

Recovering herself, Ye Chuyao said coldly: “Junior Brother, let’s end it here. There is no possibility for us.”

Ye Chuyao didn’t plan to say more to Lu Chen. She immediately headed towards the door.

Looking at Ye Chuyao’s graceful back, Lu Chen said: “Senior Sister, one day you will be completely mine.”

Hearing these words, Ye Chuyao was slightly startled, but she still did not stop. She clenched her Jade Fist slightly, this scoundrel, already having his two Junior Sisters, yet still longing for her. How fickle could he be?

Though he wasn’t the disaster that was Lu Chen, he was no different from him, and she detested such people as Lu Chen the most in her life.

Thinking of how Wu Junwan was tricked away by such a man in the past, Ye Chuyao unconsciously tightened her Jade Fist even more.

No matter what, she would not become the second Wu Junwan, men's romance is just a passing experience, no need to get lost in it.

After Ye Chuyao left the hall, Lu Chen returned to his courtyard.

When Lu Chen arrived home, Xiao Xueying and Cao Shiyun were sitting on the stone bench in the courtyard, seemingly discussing something.

With a smile, Lu Chen asked: "What are the two Senior Sisters discussing?"

Upon hearing Lu Chen's question, Xiao Xueying hesitated but Cao Shiyun directly said: "Junior Sister Xiao said if you are going out on a mission, she would go with you."

Lu Chen was slightly taken aback before saying: "No, you both are the most important people to me, I don't want to see you get hurt."

Hearing Lu Chen's words, Cao Shiyun looked at Xiao Xueying and said: "Junior Sister, I told you he wouldn't agree."

Xiao Xueying then said: "Junior Brother, I'm also a part of the Mysterious Moon Palace. If you're fighting for it, why can't I?"

“Besides, I’m a Core Disciple. If I, a Core Disciple, just stay hidden in the Mysterious Moon Palace, what would other disciples think of me?”

Lu Chen said lightly: “You and Shiyun are now my women. We’ve already had one person in our family married, no one will say anything.”

“Besides, didn’t I tell you this is just one of my clones, so even if anything happens, it won’t endanger my life.”

Xiao Xueying said: “But...”

Xiao Xueying was just about to say something when Lu Chen came to her side, hugging her soft body, and whispered in her ear: “If you’re with me, I’ll want to mess around with you all the time, how will I have any mind left for missions?”

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1722: Chapter 1412: He Actually Walked Right Into Our Trap!

Hearing Lu Chen's words, completely bare, a blush immediately appeared on Xiao Xueying's jade-like cheeks. This blush quickly spread across her jade-like neck and ears, making her whole body feel hot.

Lu Chen continued, "Xueying, just stay by Shiyun's side and take good care of her for me."

"Rest assured, I won't be in any trouble."

Seeing that Lu Chen was determined not to let her go out on a mission, Xiao Xueying had no choice but to say, "I understand. You take care, then."

Lu Chen then whispered softly into Xiao Xueying's ear, "Before I leave, I will leave a clone, so you won't feel lonely."

Hearing Lu Chen's words, the blush on Xiao Xueying's cheeks deepened. The once aloof fairy couldn't control her emotions in front of Lu Chen.

Lu Chen continued, "I will leave the Mysterious Moon Palace early tomorrow morning, so let's bid farewell properly tonight."

As they spoke, Lu Chen and Xiao Xueying's figures vanished from sight. Witnessing this scene, Cao Shiyun displayed a slight smile, knowing well what kind of farewell Lu Chen referred to.

However, she had no intention of joining in, considering that her lower abdomen was already slightly bulging. Perhaps due to the dense Immortal Aura of the Mysterious Moon Palace, coupled with the surge in the palace's Qi Fortune these past two years, the child in her womb developed quickly.

For ordinary True Immortals, it usually takes a hundred years to conceive a child, which would be considered brief. Yet, she had not even been pregnant for fifty years, and the child had grown so large. Perhaps in less than five years, this child could be born.

Thinking of this, Cao Shiyun gently caressed her belly, using her Divine Sense to quietly feel the tiny movements of the child within.

Early the next morning, Lu Chen left behind a Mortal Immortal physical body, then left the Mysterious Moon Palace to investigate the Blood Eagle Hall's assault direction.

Over the next few months, there were increasing incidents of Evil Immortal massacres within the Mysterious Moon Palace's domain, and several Transmission Arrays also appeared within the palace.

The Mysterious Moon Palace immediately realized that some affiliated forces had betrayed them, so they dispatched Lu Chen, Ye Chuyao, and other direct disciples to patrol these affiliated forces.

This was a highly dangerous task. If any betrayal was discovered by the patrolling disciples, the affiliated force would certainly attempt to kill them, possibly even before the disciple reached their sect's territory.

After receiving the patrol mission, Lu Chen discovered contact between two of the three affiliate sects he visited and the Evil Immortals, highlighting how many affiliated forces had betrayed the Mysterious Moon Palace.

Even though the Immortal Sect's Qi Fortune had increased significantly over the years, most affiliated forces lacked confidence in the Mysterious Moon Palace. They believed the palace was no match for the Blood Eagle Hall and saw surrender as a better option than following the palace into demise.

...

Jade Dragon Sect.

In the Meeting Hall, two men in blood-red robes glanced at the Jade Scrolls in their hands and burst into laughter.

After laughing, the Broken Soul Immortal Monarch said, “Well, who would have thought!”

“He’s actually come here on his own accord!”

After infiltrating the Mysterious Moon Palace, the Broken Soul Immortal Monarch and the Heavenly Slaughter Immortal Monarch had been searching for traces of Lu Chen and Ye Chuyao. They planned to use the two direct disciples of Yun Yudie to force her to hand over Xu Jingshu.

However, due to their elusive movements, the Blood Eagle Hall’s spies were unable to pinpoint their exact locations.

Now, Lu Chen had become the patrolling disciple, and the next sect he was supposed to inspect was the Jade Dragon Sect, which had just pledged allegiance to the Blood Eagle Hall.

The sect master of the Jade Dragon Sect, an Immortal Monarch, looked curiously at the Heavenly Slaughter and Broken Soul Immortal Monarchs, who suddenly burst into laughter after merely glancing at a Jade Scroll, and asked, “What has caused the two envoys to laugh?”

The Broken Soul Immortal Monarch replied with a grin, “Jade Dragon Immortal Monarch, your luck is really good. You’ve just joined our Blood Eagle Hall and immediately have a chance to make a contribution.”

The Jade Dragon Immortal Monarch was perplexed: Contribution? For what?

Joining the Blood Eagle Hall shouldn't count as contributing, should it?

Seeing the Jade Dragon Immortal Monarch's confused look, the Broken Soul Immortal Monarch took the initiative to explain, "We have just received intelligence that Chen Lu's next patrol target is your Jade Dragon Sect, and he is already on his way."

The Jade Dragon Immortal Monarch was slightly stunned upon hearing this. Chen Lu is a direct disciple of the Mysterious Moon Palace's Hall Master. Capturing him would be a significant achievement. He couldn't believe his luck; just as he was worrying about what proof of loyalty he should offer to gain the Blood Eagle Hall's trust in the Jade Dragon Sect, this opportunity presents itself.

This proof of loyalty just walked right in.

With Chen Lu as a proof of loyalty, the Jade Dragon Sect's status among the Blood Eagle Hall's affiliated forces should not be low.

The Jade Dragon Immortal Monarch calmed his excitement and asked for confirmation, "Are you sure of what you say, envoys?"

The Broken Soul Immortal Monarch affirmed, “It’s true. Chen Lu should arrive at the Jade Dragon Sect in a few days.”

The Jade Dragon Immortal Monarch, after pondering for a moment, said, “We should prepare something, given that he is the disciple of an Immortal King, he must have some life-saving measures.”

They were still within the territory of the Mysterious Moon Palace. If Lu Chen activated something Yun Yudie had left for him, it might summon the projection of the Immortal King in an instant.

Despite having three Immortal Monarchs here, the Jade Dragon Immortal Monarch doubted they were a match for even a projection of an Immortal King, let alone an actual Immortal King.

The Broken Soul and Heavenly Slaughter Immortal Monarchs immediately curbed their laughter upon hearing the Jade Dragon Immortal Monarch’s words, reflecting on them and realizing his point.

After all, Chen Lu is Yun Yudie’s direct disciple. How could she have not prepared life-saving measures for him? The Mysterious Moon Palace, being an Immortal King Level force, likely equipped Chen Lu with magic treasures or techniques essential for repelling Immortal Monarch-level attacks.

To capture Lu Chen, they needed to be careful.

Should they fail this time, and Lu Chen sensed their intentions, he might flee to the Mysterious Moon Palace and hide, making it impossible for them to capture him.

They had to ensure no opportunity for Lu Chen to escape, capturing him in one strike.

At that moment, the Broken Soul Immortal Monarch suddenly remembered something, took out a small blood-red orb, and said, "Fortunately, I brought this thing along."

The Jade Dragon Immortal Monarch looked curiously at the sphere exuding a thick blood aura in the Broken Soul Immortal Monarch's hand and asked, "What is this?"

The Broken Soul Immortal Monarch responded, "Blood Evil Pearl. It contains a small world full of prohibitions. Once Chen Lu is drawn into the Blood Evil Realm, the Mysterious Moon Palace Master won't be able to sense his existence."

"By then, we can catch him like a turtle in a jar."

Having children earns benefit, start competing for dominance in the world by marrying a wife

Upon hearing the words of Broken Soul Immortal Monarch, Jade Dragon Immortal Monarch was overjoyed. If they could shield Yun Yudie's senses of Chen Lu, capturing Chen Lu shouldn't be a problem.

After all, they had three Immortal Monarchs on their side, and according to the intel they obtained, Chen Lu was merely a Heavenly Immortal.

A Heavenly Immortal facing off against three Immortal Monarchs simultaneously had almost no chance to retaliate.

With this thought in mind, the three began to prepare, ready to execute their plan as soon as Chen Lu arrived.

Half a month later.

Lu Chen appeared outside the mountain gate of the Jade Dragon Sect.

Lu Chen's perception of evil qi was very keen. He hadn't even entered the Jade Dragon Sect but already felt the thick evil qi emanating from within it. Even though the evil immortals of the Jade Dragon Sect had hidden their aura, due to the unique cultivation technique practiced by Lu Chen, as he approached the sect, the immortal aura inside him began to surge as if excited.

At this moment, Jade Dragon Immortal Monarch suddenly appeared in front of Lu Chen, respectfully saying, "Welcome the envoy from the Upper Sect!"

Lu Chen had not yet entered the Jade Dragon Sect, so Jade Dragon Immortal Monarch temporarily refrained from acting, avoiding the chance that Lu Chen might escape.

Lu Chen said coldly, "Jade Dragon Sect Master, there's something wrong with your sect."

Upon hearing Lu Chen's words, Jade Dragon Immortal Monarch's heart skipped a beat. Could he have discovered something?

No way, the evil immortals of Jade Dragon Sect had all hidden their aura, and Chen Lu hadn't yet entered. How could he possibly have detected anything?

Could this guy be bluffing?

Thinking of this possibility, Jade Dragon Immortal Monarch steadied his mind and then asked, "What does the envoy mean? I wonder where the envoy feels something is amiss?"

Lu Chen replied, "Blood Eagle Hall is attacking; Mysterious Moon Palace has already issued orders for all sects to prepare for battle and prevent evil immortals from invading."

"But your Jade Dragon Sect's mountain gate is wide open, and you haven't even activated the protective array. If evil immortals attack, I'm afraid Jade Dragon Sect wouldn't last long and would be obliterated."

"Moreover, on my way here, I noticed your disciples at the Jade Dragon Sect don't have any sense of urgency, as if Blood Eagle Hall's invasion doesn't concern Jade Dragon Sect at all."

Hearing Lu Chen's words, Jade Dragon Immortal Monarch and the hidden Heavenly Slaughter Immortal Monarch, Broken Soul Immortal Monarch were momentarily stunned.

They hadn't expected Lu Chen to be so observant. It was trouble now; he couldn't possibly know that Jade Dragon Sect had already sided with Blood Eagle Hall, could he?

Should they act now?

At this moment, Jade Dragon Immortal Monarch said, "The envoy is correct. It is our Jade Dragon Sect that has been negligent. I had thought we were just a small sect, and Blood Eagle Hall wouldn't target such a small sect, so we didn't activate the Sect Protection Array."

"The envoy should know, for a small sect like ours, cultivation resources are scarce. Activating the Sect Protection Array for a day consumes plenty of Immortal Crystals, so we thought it would be wise to save whenever we could, which is why we didn't activate the Sect Protection Array."

"I'll go activate the Sect Protection Array shortly."

Lu Chen didn't expose Jade Dragon Immortal Monarch and continued, "It's a critical time; Jade Dragon Sect Master shouldn't be so lax."

Jade Dragon Immortal Monarch quickly said, "The envoy is right; I will definitely correct it. I hope the envoy doesn't report this to the Mysterious Moon Palace; our Jade Dragon Sect will offer a great reward."

"Envoy, this is not the place to talk; please come with me."

Jade Dragon Immortal Monarch showed a flattering demeanor, seemingly intending to bribe. Sensing the evil qi, Lu Chen naturally knew Jade Dragon Immortal Monarch wasn't trying to bribe but lure him into the Jade Dragon Sect.

With an intentional plan, Lu Chen then said, "Before Blood Eagle Hall attacks, make the correction actively."

"Lead the way; I want to see what else needs improvement at Jade Dragon Sect."

After speaking, Lu Chen crossed the mountain gate and walked towards the Jade Dragon Sect.

Seeing that Lu Chen willingly entered the Jade Dragon Sect, Jade Dragon Immortal Monarch's smile grew wider.

Jade Dragon Immortal Monarch quickly followed, leading Lu Chen to the back mountain of the Jade Dragon Sect.

The back mountain of the Jade Dragon sect was surrounded by immortal aura, various spiritual plants emitting colorful glows, creating an ambiance of tranquility.

Lu Chen then said, "Jade Dragon Sect Master, this should be enough. You brought me here not to bribe me, right?"

Upon hearing Lu Chen's words, Jade Dragon Immortal Monarch paused, looked at Lu Chen, and smiled: "What are you talking about, envoy? I just wanted to thank the envoy and give some gifts, that's all, not a bribe."

Lu Chen directly said, "No need to pretend, Jade Dragon Sect Master. Before I even got close to Jade Dragon Sect, I sensed the thick evil qi. I'm afraid Jade Dragon Sect has already defected to Blood Eagle Hall, hasn't it?"

Hearing these words, Jade Dragon Immortal Monarch's expression changed dramatically; he didn't expect Chen Lu to have truly discovered the anomaly at Jade Dragon Sect.

It was trouble now; if he had discovered the anomaly from the start, he might have already reported it, and soon Mysterious Moon Palace might send people to handle Jade Dragon Sect.

They must hurry to leave Jade Dragon Sect, but before that, there's something else they need to do.

Jade Dragon Immortal Monarch no longer continued to pretend, his face darkened, and he said, "Since you know there's evil qi, you still dare to come in; do you think you can escape?"

Lu Chen laughed and said, "I, the Direct Disciple of the Hall Master of Mysterious Moon Palace, why should I fear a bunch of rats in the gutter?"

"How long do the two of you plan to hide?"

Just as Lu Chen entered the back mountain, he clearly sensed two thick evil qis, knowing that someone was ambushing him.

Hearing Lu Chen's words, Heavenly Slaughter Immortal Monarch and Broken Soul Immortal Monarch stopped hiding themselves and appeared.

Broken Soul Immortal Monarch said coldly, "Kid, I admit you do have some strength, but unfortunately, you're too arrogant."

While speaking, Broken Soul Immortal Monarch took out the Blood Evil Pearl. Since Chen Lu had already discovered the anomaly at Jade Dragon Sect, they needed to act swiftly, capture Chen Lu, and immediately leave Jade Dragon Sect.

The next moment, Broken Soul Immortal Monarch directly activated the Blood Evil Pearl, and Jade Dragon Sect's back mountain was instantly enveloped in blood mist, followed by a massive blood-colored vortex in the sky.

The vortex's suction was terrifying; even with all his might, Lu Chen was instantly sucked into the vortex.

Seeing Lu Chen easily sucked into the Blood Evil Pearl, the three Jade Dragon Immortal Monarchs were overjoyed. They immediately entered the small world inside the Blood Evil Pearl, planning to first cripple Lu Chen's skills before leaving Jade Dragon Sect.

After being sucked into the Blood Evil Realm, Lu Chen used his Divine Sense to probe this world. The world's light was dim, covered with skeletons, and filled with numerous wandering evil souls.

Just as Lu Chen was thinking of breaking this world, three figures appeared in the Blood Evil Realm. Broken Soul Immortal Monarch looked at Lu Chen and said, "Kid, Blood Evil Realm has numerous restraints; even an Immortal King cannot sense your presence! You'll pay for your arrogance!"

Having children earns benefit, start competing for dominance in the world by marrying a wife

Upon hearing the words of Broken Soul Immortal Monarch, Lu Chen gave a faint smile and then said, "Is that so, then I ought to see just how strong this Blood Evil Realm truly is!"

As soon as he finished speaking, Lu Chen drew out the Immortal Slaying Sword and then mobilized his immortal power, swinging it out with one strike.

Green Fall Cyan Dragon Roar!!!

A blood-red giant dragon instantly charged towards the three of them, Broken Soul Immortal Monarch among them. Upon seeing this scene, they remained expressionless.

Broken Soul Immortal Monarch said, "As expected of the Xuan Yue Hall Master's direct disciple, you wield a Heaven Rank Immortal Sword right from the start."

"But this Immortal Sword will soon be mine!"

As he spoke, Broken Soul Immortal Monarch raised his hand, and the blood qi within the Blood Evil Realm surged like waves towards Lu Chen, followed by all the evil souls rushing at him, filling the entire Blood Evil Realm with the howls of ghosts and wolves.

Lu Chen's strike was merely a probing attack, and he did not use his full power. He was actually quite aware in his mind that without using the power of the Immortal King's Remain Curse, it was nearly impossible to defeat an Immortal Monarch.

The disparity in realm stands as it does after all.

Of course, for these three Immortal Monarchs, he wouldn't use the power of the Immortal King's Remain Curse. Now, the Blood Eagle Hall has declared war on the Mysterious Moon Palace, and it's uncertain when the three Immortal Kings of the Blood Eagle Hall might appear there.

The Immortal King's Remain Curse can only be used once at present. If he uses it now, who knows when he'd be able to use it again. If the three Immortal Kings of Blood Eagle Hall suddenly attack, he would have no choice but to watch helplessly.

When the Blood Dragon collided with the Blood Qi Tsunami, the Blood Dragon dissipated instantly. Inside the Blood Evil Pearl, Broken Soul Immortal Monarch's power was greatly enhanced, not to mention he was an Immortal Monarch, inherently more powerful than Lu Chen, making Lu Chen's strike almost harmless to Broken Soul Immortal Monarch.

However, Broken Soul Immortal Monarch was not pleased at this moment; he frowned slightly and said to Heavenly Slaughter Immortal Monarch beside him, "Heavenly Slaughter Immortal Monarch, did you sense that?"

Just now, he felt a power that made him extremely uncomfortable, as if his power was being faintly suppressed.

Heavenly Slaughter Immortal Monarch said at this point, "I sensed it, something feels off."

Jade Dragon Immortal Monarch had not yet cultivated the evil technique of Blood Eagle Hall, so he didn't know what they were talking about. He asked curiously, "What are the two envoys talking about?"

Of course, they would not reveal such things that could restrain their evil techniques, but in the eyes of Broken Soul Immortal Monarch and Heavenly Slaughter Immortal Monarch, Lu Chen was already a marked man.

Of course, they wouldn't personally kill Lu Chen, but even if they didn't, once they brought Lu Chen back to Blood Eagle Hall, Blood Eagle Hall would kill him.

Broken Soul Immortal Monarch then said, "It's nothing. By the way, Jade Dragon Sect Master, it occurred to me that you've just joined Blood Eagle Hall and urgently need to make contributions, so we leave the credit for capturing Chen Lu to you."

Hearing this, Jade Dragon Immortal Monarch was overjoyed. He originally wanted to make sure the two would not intervene, but given they were envoys from Blood Eagle Hall, he hesitated. Now that they had voluntarily suggested it, he gladly accepted the honor.

Thinking of this, Jade Dragon Immortal Monarch immediately said to Broken Soul Immortal Monarch and Heavenly Slaughter Immortal Monarch, "Thank you, two envoys."

At this point, Broken Soul Immortal Monarch waved his hand, and the Blood Qi Tsunami instantly dissipated. The evil souls within the Blood Evil Realm halted, no longer approaching Lu Chen.

Broken Soul Immortal Monarch and Heavenly Slaughter Immortal Monarch's eyes fixed intensely on Lu Chen, wanting to see exactly what was going on. Was Lu Chen carrying some treasure that restrained their evil techniques, or was his Immortal Law cultivation rather special, naturally countering their evil techniques?

At this time, Jade Dragon Immortal Monarch channeled a set of spells, sending numerous twisters filled with the blood qi from within the Blood Evil Realm toward Lu Chen. Within each Blood Dragon Scroll lay countless Sword Qi, poised to shred anything that came into contact with them.

Feeling the Sword Qi contained within those Blood Dragon Scrolls, Lu Chen did not panic. He mobilized his entire immortal power and then channeled a spell.

Taichu Infinite Scripture!!!

The next moment, a massive Tai Chi Diagram appeared above his head, with the yin and yang ends constantly rotating to form a vortex.

As the vortex formed, Jade Dragon Immortal Monarch's Blood Dragon Scrolls uncontrollably flew into it. Upon seeing this, Jade Dragon Immortal Monarch was stunned. He hadn't expected Lu Chen, a mere Heavenly Immortal, to so easily counter his move.

However, at that moment, Lu Chen spurted a mouthful of fresh blood. Seeing Lu Chen injured, Jade Dragon Immortal Monarch was finally relieved, thinking it impossible for an ordinary Heavenly Immortal to effortlessly withstand this strike from an Immortal Monarch.

Jade Dragon Immortal Monarch then said, "Chen Lu, if you surrender now, you might not have to suffer. But if you remain stubborn, don't blame me for crippling you!"

Lu Chen chuckled lightly without replying, then continued to activate the Taichu Infinite Scripture.

The next moment, several massive Blood Dragon Scrolls shot out from the vortex formed by the Tai Chi Diagram behind Lu Chen, heading straight for Jade Dragon Immortal Monarch.

Upon seeing Lu Chen use an identical move to his own, Jade Dragon Immortal Monarch was dumbfounded.

The main reason Lu Chen chose to go head-to-head with Jade Dragon Immortal Monarch and the other two was to test the effectiveness of the Taichu Infinite Scripture.

The Taichu Infinite Scripture has the ability to absorb the opponent's spells and transform them into one's own means of attack. However, this transformation is limited and any untransformed parts directly harm his body.

He had just spurted a mouthful of blood because he didn't fully transform Jade Dragon Immortal Monarch's spell. Currently, being merely a Heavenly Immortal, he was already doing well to transform half of Jade Dragon Immortal Monarch's spell's power.

When his realm improves in the future, perhaps during battles against those of the same realm, he will be able to transform the enemy's spells at full capacity.

Even though Lu Chen's move momentarily shocked Jade Dragon Immortal Monarch, it only took Jade Dragon a moment to regain his composure.

Then, Jade Dragon Immortal Monarch retrieved a long blade of Earth Rank from his Space Ring, gathering all his immortal power into the blade, swinging it out.

Thousand Jin Soul Cutting Blade!!!

As the blade swung, the entire Blood Evil Realm trembled, but Broken Soul Immortal Monarch remained unfazed, knowing that this strike alone wasn't enough to destroy the Blood Evil Realm.

When the Blade Qi of Jade Dragon Immortal Monarch collided with the Blood Dragon Scrolls, it instantly triggered a violent explosion, with waves of air pushing the blood qi to the edges of the Blood Evil Realm.

Lu Chen was once again affected by the explosion, spewing another mouthful of fresh blood. At this moment, Broken Soul Immortal Monarch activated the Blood Evil Pearl, and a terrifying pressure descended from above, calming the chaos caused by the explosion in no time.

As the pervasive blood qi dissipated, the three saw Lu Chen's clothes shredded, and his body covered in wounds, blood flowing freely.

Broken Soul Immortal Monarch then said, "Boy, this is the consequence of your arrogance."

"But rest assured, we won't kill you for now, given that you are the Xuan Yue Hall Master's direct disciple."

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1725: Chapter 1415: The Ghostly Evil Immortal King's Plan

Upon hearing Broken Soul Immortal Monarch's words, Lu Chen's face remained calm with no trace of panic. He naturally knew why Broken Soul Immortal Monarch and the others were not killing him—they wanted to use him to lure out Yun Yudie.

It's just a pity that their plans were doomed to fail.

Seeing that Lu Chen was not the least bit flustered, Broken Soul Immortal Monarch frowned. He vaguely sensed that something was amiss.

At that moment, Lu Chen chose to self-detonate without hesitation.

Only then did Broken Soul Immortal Monarch react, “No! He’s going to self-destruct!!”

Just as Broken Soul Immortal Monarch finished speaking, a massive force of destruction spread from Lu Chen across the entire Blood Evil Realm.

Broken Soul Immortal Monarch hurriedly activated the Blood Evil Pearl and left the Blood Evil Realm with Jade Dragon Immortal Monarch and Heavenly Slaughter Immortal Monarch.

The power of a Heavenly Immortal’s self-destruction wasn’t enough to destroy the Blood Evil Realm, but Lu Chen’s self-detonation destroyed many prohibitions within the Blood Evil Realm.

After leaving the Blood Evil Pearl with Heavenly Slaughter Immortal Monarch and Jade Dragon Immortal Monarch, Broken Soul Immortal Monarch looked at the cracks on the Blood Evil Pearl and couldn’t help feeling a bit heartache. As a pseudo-Heavenly Grade Immortal Artifact, it was damaged just like that, and repairing it would require a lot of materials.

Jade Dragon Immortal Monarch let out a deep sigh. He had originally intended to capture Chen Lu as a credit for himself, but unexpectedly, Chen Lu acted so decisively, choosing to self-destruct when he saw no escape.

“I didn’t expect him to be so resolute. It truly made me see him in a new light. I thought righteous immortals were all cowards who feared death,” said Heavenly Slaughter Immortal Monarch.

Hearing the words of Heavenly Slaughter Immortal Monarch, Jade Dragon Immortal Monarch felt a bit embarrassed, as if Heavenly Slaughter Immortal Monarch was talking about him.

At this moment, Jade Dragon Immortal Monarch said, “What do the two envoys plan to do next? That Chen Lu probably reported the happenings of Jade Dragon Sect when he entered. It’s possible that Profound Moon Palace will soon send people again.”

“Moreover, after Chen Lu’s death, his Soul Lamp or Life Jade Token left at Profound Moon Palace must have shattered.”

If Chen Lu had reported the anomaly of Jade Dragon Sect to Profound Moon Palace from the start, as long as Chen Lu was still alive, Profound Moon Palace might not send people; they would first contact Chen Lu to verify. But now that Chen Lu is dead, and it was after reporting the anomaly of Jade Dragon Sect, any fool would know it was done by their Jade Dragon Sect.

Broken Soul Immortal Monarch pondered for a moment and then said, “It seems we must leave quickly.”

Originally, Broken Soul Immortal Monarch planned to use Jade Dragon Sect as a stepping stone to teleport more Blood Eagle Hall disciples in, but given the current situation, they can only have Jade Dragon Sect's people withdraw as well.

Broken Soul Immortal Monarch then said, "I will report to the Hall Master first, and once the Hall Master's order is issued, we will leave Jade Dragon Sect immediately."

Although they also intended to leave Jade Dragon Sect, they couldn't just leave as they pleased, and they had to see how their Hall Master arranged it.

Broken Soul Immortal Monarch then took out a messaging jade token and reported what had happened at Jade Dragon Sect to Ghost Fiend Immortal King.

Meanwhile, at Blood Eagle Hall.

At Ghostly Fiend Peak.

Before Ghost Fiend Immortal King floated a projection of Profound Moon Palace's map. Profound Moon Palace's territory was vast, making it difficult to break through from any point, and the vastness gave Profound Moon Palace ample reaction time.

No matter where a breakthrough is attempted, Profound Moon Palace can respond swiftly. Most importantly, Profound Moon Palace has many affiliated sects.

Therefore, Blood Eagle Hall's current strategy is to try to subvert these affiliated sects of Profound Moon Palace. Doing so has several benefits: it can weaken Profound Moon Palace's overall strength, and most importantly, it can diminish Profound Moon Palace's immortal sect qi fortune. Moreover, after subverting these affiliated sects, it becomes easier for Blood Eagle Hall's disciples to infiltrate and wreak havoc within Profound Moon Palace.

As long as Blood Eagle Hall subverts enough sects, when Blood Eagle Hall launches a comprehensive attack on Profound Moon Palace, they can infiltrate from many places, and then Profound Moon Palace would be defenseless.

At this time, Ghost Fiend Immortal King cast his gaze upon Jade Dragon Sect, which was considered a moderately powerful sect among Profound Moon Palace's affiliated sects. Moreover, Jade Dragon Sect was located in a relatively remote place, making it less likely to be detected, making it a suitable base.

While Ghost Fiend Immortal King was contemplating this, he suddenly sensed the immortal power fluctuation from the jade token. He then retrieved the jade token from the space ring and read the message within.

“Hmm?”

When he learned that Yun Yudie's direct disciple had self-destructed, Ghost Fiend Immortal King was slightly surprised. He didn't expect that after subverting Jade Dragon Sect, such fortune would occur.

However, when it comes down to it, living people are more useful than the dead.

If Chen Lu were still alive, they could use him to entice Yun Yudie out of Profound Moon Palace's territory; most importantly, they could force Yun Yudie to hand over Xu Jingshu.

For Blood Eagle Hall, Xu Jingshu is very important. She is the key to whether they can possess an Immortal Venerate.

Currently, Blood Demon Immortal King is just short of a suitable Immortal Monarch level furnace cauldron to break through to Immortal Venerate Realm. This is why Xu Jingshu was initially sent to Sky Wolf City to absorb blood qi. However, Profound Moon Palace and Chiyan Sect not only didn't fight each other in the end, but even Xu Jingshu had an accident.

Logically, Xu Jingshu had many life-saving means left by Blood Demon Immortal King. Even if Xu Jingshu didn't actively use those means, Blood Demon Immortal King also left a final mark on her.

If Xu Jingshu encountered any danger, Blood Demon Immortal King would be able to detect it immediately, yet Xu Jingshu disappeared without a trace, and even the mark left by Blood Demon Immortal King was erased.

At this moment, Ghost Fiend Immortal King pondered for a moment. His plan to exchange Chen Lu for Xu Jingshu fell through, and there was nothing they could do about it. The other party's self-destruction was too straightforward, and Profound Moon Palace has probably already learned about Lu Chen's death and will quickly send people to attack Jade Dragon Sect.

Thinking of this, Ghost Fiend Immortal King suddenly had an idea. If they set up a trap at Jade Dragon Sect and dispatched a large number of Blood Eagle Hall disciples to lurk within, however many people Profound Moon Palace sends will all die.

Profound Moon Palace is hard to attack mainly due to the formations that exist within their cities or under their affiliated forces. These formations, with the added benefit of Profound Moon Palace's immortal sect qi fortune, become incredibly formidable in defense. Blood Eagle Hall would need to spend significant time to eliminate those cities or affiliated sects one by one.

Now that Chen Lu, the direct disciple of the Profound Moon Palace Hall Master, has died at Jade Dragon Sect, Profound Moon Palace is sure to send many disciples to attack Jade Dragon Sect.

Without the protection of formations, and with the evil immortals' immortal power inherently having significant restraint against righteous immortals, the people Profound Moon Palace sends to attack Jade Dragon Sect might all fall there.

As for whether Yun Yudie will personally take action to destroy Jade Dragon Sect, there's no need to worry. If Yun Yudie takes action, she would have to end her seclusion.

One of the reasons Blood Eagle Hall launched their invasion so quickly is because Yun Yudie began her seclusion, seemingly to break through to the Immortal Venerate Realm. If she comes out of seclusion to avenge her direct disciple, then she won't be able to break through to the Immortal Venerate Realm, which poses no threat to Blood Eagle Hall.

If Yun Yudie doesn't come out of seclusion, then Jade Dragon Sect serves as a suitable bait.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Jade Dragon Sect.

The Jade Dragon Immortal Monarch was anxiously waiting for Blood Eagle Hall's reply in the Meeting Hall.

In his view, the Mysterious Moon Palace must have already learned of Lu Chen's death. If Yun Yudie decided to end her seclusion out of vengeance for her direct disciple, she could reach the Jade Dragon Sect in an instant.

He didn't believe that the Jade Dragon Sect's formation could withstand a strike from an Immortal King.

Thinking of this, the Jade Dragon Immortal Monarch was filled with anxiety.

Just then, the jade token in Broken Soul Immortal Monarch's hand emitted a series of bright lights. Seeing this, the Jade Dragon Immortal Monarch breathed a sigh of relief. There was finally news, but he didn't know whether Blood Eagle Hall planned to have the Jade Dragon Sect go directly to Blood Eagle Hall or hide somewhere else.

While the Jade Dragon Immortal Monarch was lost in thought, Broken Soul Immortal Monarch picked up the jade token and activated it. After reading its contents, he fell into a moment of silence.

Seeing that Broken Soul Immortal Monarch wasn't speaking, the Jade Dragon Immortal Monarch immediately asked, "Envoy, how did it go?"

Broken Soul Immortal Monarch said, "The Third Hall Master wants us to continue guarding the Jade Dragon Sect and set up traps, waiting for the Mysterious Moon Palace's punitive army to come, thereby weakening the Mysterious Moon Palace's strength."

Hearing this, the Jade Dragon Immortal Monarch frowned. They had aligned with Blood Eagle Hall because they thought the Mysterious Moon Palace would eventually lose. With Blood Eagle Hall's ruthlessness, it's likely they would massacre the Jade Dragon Sect, which is why they decided to align with Blood Eagle Hall to save themselves.

However, now Blood Eagle Hall wanted to start a war in the Jade Dragon Sect, effectively treating their people as expendable in war.

If war truly broke out in the Jade Dragon Sect, the number of survivors might be few.

Thinking about this, the Jade Dragon Immortal Monarch's face darkened. Had he known Blood Eagle Hall would treat them as expendable, he would not have aligned with them so quickly. He would have waited until the war between Blood Eagle Hall and the Mysterious Moon Palace was almost over before aligning, perhaps saving the disciples of the Jade Dragon Sect.

However, it's too late to say anything now. If Chen Lu had not died in the Jade Dragon Sect, they could have regretted their decision and secretly contacted the Mysterious Moon Palace, claiming they had feigned defection.

But now that the direct disciple of the Mysterious Moon Palace Master has died in the Jade Dragon Sect, if he sent someone to claim that their defection was fake, the person would likely be killed on the spot.

Seeing the grim expression on the Jade Dragon Immortal Monarch's face, Broken Soul Immortal Monarch knew what he was thinking and smiled, saying, "The Jade Dragon Sect Master need not worry. Once the teleportation array is set up, the disciples of Blood Eagle Hall will be directly teleported to the Jade Dragon Sect. The disciples of the Jade Dragon Sect only need to provide support from the rear."

Although Blood Eagle Hall is malicious, they are not foolish. If they treat defecting sects as expendable from the start, once other affiliated sects of the Mysterious Moon Palace find out, they would no longer defect to Blood Eagle Hall. It would then be much harder to persuade any more sects to defect.

Moreover, Evil Immortals naturally suppress Righteous Immortals. Most importantly, the more Evil Immortals slaughter, the faster their strength grows. War is a great opportunity for the disciples of Blood Eagle Hall.

The war at the Jade Dragon Sect is an invaluable opportunity to improve strength for Blood Eagle Hall's disciples, and they weren't about to give such an opportunity to the disciples of the Jade Dragon Sect.

The Jade Dragon Sect is to maintain the formations and set up traps when the time comes.

Hearing this, the Jade Dragon Immortal Monarch finally relaxed. It made sense; if they treated defecting allies as expendable from the start, who else would want to align with them? Moreover, the Jade Dragon Sect isn't a small sect. Once word of their defection to Blood Eagle Hall spreads, other affiliated forces of the Mysterious Moon Palace will constantly be watching.

Broken Soul Immortal Monarch then said, "Next, please announce Chen Lu's death. The death of the Palace Master's direct disciple in the Jade Dragon Sect will likely deal a heavy blow to the morale of the Mysterious Moon Palace."

The Jade Dragon Immortal Monarch said, "Alright, I'll have someone spread the news of Chen Lu's death right away."

...

Half a month later, news of the Mysterious Moon Palace Master's direct disciple's death spread throughout the entire Mysterious Moon Palace, causing a tremendous uproar.

Frost City, City Lord's Mansion.

Ye Chuyao was cultivating in the courtyard arranged by City Lord He Shuwen. She was passing by while on a mission and planned to rest here for a few days.

Now, Frost City already has teleportation arrays directly connecting to those Immortal Cities under the Mysterious Moon Palace. Using the teleportation array, she could directly reach the Immortal City. However, Ye Chuyao didn't plan to return. For some reason, as soon as she thought of returning to the Mysterious Moon Palace, Lu Chen's figure would involuntarily appear in her mind.

A cold breeze blew, gently swaying Ye Chuyao's hair at her temples. She then opened her eyes, looking toward the entrance of the courtyard.

The next moment, He Shuwen hurriedly entered the courtyard.

Ye Chuyao asked, "What's the matter?"

He Shuwen hesitated for a moment before taking out a jade scroll and saying, "It would be best for you, Special Envoy, to take a look yourself."

Ye Chuyao raised her hand, and the jade scroll in He Shuwen's hand flew into hers. She then used her immortal power to activate the scroll, reading its contents.

The next moment, Ye Chuyao's mind went blank.

She found it hard to believe as she sensed the news contained within the jade scroll and muttered, "How... how can this be..."

The intelligence inside the jade scroll was precisely the news of Chen Lu's death.

At this moment, Ye Chuyao's body trembled slightly. Her immortal aura churned chaotically inside her, her body swaying as if she might collapse at any time.

He Shuwen hurriedly said, "Special Envoy, please restrain your grief..."

Ye Chuyao composed herself, immediately asking, "Where did this news come from?"

He Shuwen replied, "The Jade Dragon Sect. The Jade Dragon Sect has now defected to Blood Eagle Hall. City lords near the Jade Dragon Sect indeed saw Young Master Chen head there, so this news is most likely true."

Ye Chuyao's face turned pale; she hadn't expected their last parting to be a final farewell.

Quickly, Ye Chuyao thought of something. For Blood Eagle Hall, the living Chen Lu was worth much more than the dead Chen Lu. They likely wouldn't kill him directly.

Perhaps this was false information deliberately released by Blood Eagle Hall. Maybe Chen Lu was still in Blood Eagle Hall's hands. Before leaving, Chen Lu should have left a soul lamp or life plate with Xiao Xueying or Cao Shiyun.

The best way to determine if Chen Lu had died was to return to the Mysterious Moon Palace and ask Xiao Xueying or Cao Shiyun.

Thinking of this, Ye Chuyao did not hesitate and instantly transformed into a streak of light, heading for the teleportation array in Frost City.

Ye Chuyao quickly returned to the Mysterious Moon Palace. Upon her return, she headed straight for Lu Chen's courtyard.

There were no formations set up in Lu Chen's courtyard. After all, Xiao Xueying and Cao Shiyun had already married him. He could openly engage in dual cultivation with the two.

Furthermore, arranging isolation arrays in the Mysterious Moon Palace was nearly useless. With Yun Yudie's abilities, she could easily see what was happening within isolation arrays.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Ye Chuyao had just arrived at Lu Chen's courtyard when she heard the sound of a woman crying from Xiao Xueying's room. Upon recognizing Xiao Xueying's voice, Ye Chuyao's expression instantly turned icy cold.

Chen Lu hadn't been dead for long, yet Xiao Xueying had already collaborated with another man.

In a fit of anger, Ye Chuyao swung her sword to cut open the door to Xiao Xueying's room, walked straight in, and said coldly, "Junior Sister Xiao, you have really disappointed me!"

The sudden scene left Lu Chen and Xiao Xueying stunned, and they both turned their heads to look at Ye Chuyao.

Although they sensed someone entering the courtyard earlier, they didn't expect anyone to break in since this was their residence.

Yet Ye Chuyao had actually broken their door with a single sword strike.

At the moment Ye Chuyao finished speaking, she froze in place.

The person behind Xiao Xueying was actually Chen Lu...

How could this be possible...

Wasn't it said that he was killed by the Evil Immortal at the Jade Dragon Sect?

Xiao Xueying also came to her senses at this moment. She awkwardly looked at Ye Chuyao. Although she was already Lu Chen's woman, and being intimate with Lu Chen was only natural, she still felt shy being observed by an outsider in this way.

"S-senior sister, what are you doing?" Xiao Xueying asked.

Upon hearing Xiao Xueying's words, Ye Chuyao snapped back to reality, her gaze falling on Lu Chen, who was busy while watching her.

Ye Chuyao noticed that Lu Chen's aura was weak, only at the Mortal Immortal Realm.

Ye Chuyao immediately had a suspicion. Her gaze turned cold again, "You're not Chen Lu, who are you!"

Chen Lu had long reached the Heavenly Immortal Realm, not a Mortal Immortal, so she suspected Xiao Xueying had this Mortal Immortal pose as Chen Lu to throw people off.

Before Lu Chen and Xiao Xueying could speak, Ye Chuyao said to Xiao Xueying, "Junior Sister Xiao, Junior Brother Chen just had an accident, and you're already involved with another man. How can you face him!"

Upon hearing Ye Chuyao's words, Xiao Xueying was a bit confused. Did something happen to Lu Chen? How come she didn't know?

Lu Chen had been being intimate with her all this time without mentioning anything.

Xiao Xueying then turned her head to look at Lu Chen on her back, softly asking, "Junior Brother, did something happen to you?"

Lu Chen smiled and said, "Not really, just one of my clones was killed by an Evil Immortal lurking in the Jade Dragon Sect."

Upon hearing Lu Chen's words, Ye Chuyao was dumbfounded once more.

A c-clone???

So, the one before her was the real Chen Lu???

And also a clone???

If he was the real Chen Lu, she barged in and saw them being intimate...

Ye Chuyao found it hard to believe as she looked at Lu Chen, "Y-you're really Junior Brother Chen?"

Lu Chen said, "Senior Sister and I were in the Ice and Snow Mini World..."

Before Lu Chen finished his sentence, Ye Chuyao immediately cut him off, saying, "Stop, I understand."

When Lu Chen mentioned the Ice and Snow Mini World, Ye Chuyao was almost certain that he was indeed her junior brother. After all, only she, Chen Lu, and their Honored Master knew what happened between her and him in the Ice and Snow Mini World.

Unexpectedly, the one who died at the Jade Dragon Sect was his clone. She was so worried about him, yet his clone was indulging at the Mysterious Moon Palace.

Ye Chuyao then said, "Since you're fine, let's leave it at that."

Upon saying this, Ye Chuyao turned to leave their room. Lu Chen suddenly said, "Senior Sister, you broke our door, are you just going to leave like this?"

Hearing this, Ye Chuyao slightly frowned, "What do you want?"

She acknowledged that she was wrong to break in uninvited, but she was also in a fit of rage, thinking Xiao Xueying was having inappropriate relations with another man. Her intentions were partly for this guy as well.

Lu Chen said, "Senior Sister, you were so angry just now, wasn't it because you were angry for me?"

Upon hearing Lu Chen and Ye Chuyao's words, Xiao Xueying was slightly taken aback. Didn't Lu Chen say that Ye Chuyao always wanted to kill him? Why did his words sound so ambiguous?

Xiao Xueying didn't mind having another sister, as Lu Chen's clones were plenty and it wouldn't affect her anyway.

However, she was worried that Ye Chuyao might harm Lu Chen.

Ye Chuyao said coldly, "No."

After saying those two words, Ye Chuyao left without looking back.

After Ye Chuyao left the room, Xiao Xueying raised her hand, and the door that Ye Chuyao had destroyed was instantly restored.

After fixing the door, Xiao Xueying finally asked Lu Chen, "Junior Brother... you and Senior Sister Ye..."

Xiao Xueying hesitated.

Lu Chen then looked back, laid on Xiao Xueying's fragrant shoulder, and whispered in her ear, "Senior Sister Ye has long been my woman."

Although she had already guessed it in her heart, Xiao Xueying was still a bit surprised to hear Lu Chen say it out loud.

After all, Ye Chuyao always maintained an aloof and distant demeanor, especially towards men. She was much like their Hall Master, who despised men.

Furthermore, didn't Lu Chen used to say that Ye Chuyao held a grudge against him and wanted to kill him? How come she had become his woman now?

Lu Chen continued, "Back then, our Honored Master agreed to let you and Shiyun marry me on the condition that I would no longer be intimate with her, that we would completely sever all ties."

Xiao Xueying realized and then said, "I was wondering why the Hall Master agreed to let us marry you at the same time. So it was for Senior Sister Ye."

Xiao Xueying then curiously asked, "Since you've promised the Hall Master, in the future you will..."

Xiao Xueying didn't continue her question, but Lu Chen knew what Xiao Xueying wanted to ask, so he said, "Once someone becomes my woman, she's my woman for life."

Hearing Lu Chen's domineering words, Xiao Xueying cast a lingering glance at Lu Chen.

Lu Chen said, "Alright, enough about this. Let's continue."

Xiao Xueying's cheeks flushed slightly, "Mm, okay."

...

After leaving Lu Chen's courtyard, Ye Chuyao arrived at a mountain peak. She stood quietly by the cliff's edge, looking towards Lu Chen's courtyard.

Her mood was extremely complicated at the moment. Knowing Chen Lu was not dead, she was slightly relieved, but thinking of that scene from before, Ye Chuyao felt a faint pain in her heart.

She didn't understand why this was happening. She just felt that Xiao Xueying and Cao Shiyun could marry Chen Lu and be openly intimate with him, yet she...

Ye Chuyao hurriedly channeled her energy to calm her emotions, stopping herself from sinking further into chaotic thoughts.

What was she even thinking? From the moment Lu Chen chose Xiao Xueying and Cao Shiyun, she had nothing to do with him anymore!

The current Chen Lu was just her junior brother!

Although she forced herself to think this way, Ye Chuyao still felt empty inside.

Since Wu Junwan left with that scoundrel Lu Chen, she hadn't felt this way for a long time.

At this moment, Ling Yin Immortal King's voice transmission sounded in her ear.

"Come quickly to the assembly!"

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1728: Chapter 1418: Mobilizing to Annihilate the Jade Dragon Sect in One Month!

Profound Moon Palace, Meeting Hall.

At this moment, the atmosphere inside the hall seemed somewhat heavy. The elders of Profound Moon Palace had all heard the news of Chen Lu's death.

After all, Chen Lu was the Hall Master's direct disciple, and being killed by an Evil Immortal could potentially weaken the resolve of those disciples fighting against the Evil Immortal.

Chen Lu was the Hall Master's direct disciple and undoubtedly carried many Protective Dharma Treasures. However, even a direct disciple with so many Protective Dharma Treasures died at the hands of the Evil Immortal, which means the outcome for ordinary disciples facing the Evil Immortal goes without saying.

Ling Yin Immortal King spoke at this moment: “You should have all heard about Chen Lu’s situation by now, haven’t you?”

Ling Yin Immortal King was Lu Chen’s confidante; she naturally knew Lu Chen wasn’t dead. Of course, when she first heard the rumors, a trace of worry appeared in her heart. However, when she sensed with Divine Thought that Lu Chen’s clone was vigorously confronting Xiao Xueying, she felt relieved.

Since the clone was still alive and active, it indicated that Lu Chen’s main body ought to be fine.

Even if Lu Chen was indeed killed, it would likely be only a clone.

Nevertheless, the matter cannot be left unattended. Whether or not Lu Chen is dead, the betrayal by Jade Dragon Sect still needs to be dealt with severely.

If Jade Dragon Sect isn’t dealt with, similar incidents as Jade Dragon Sect will continue to occur in the future.

Presently, there’s no telling how many affiliated sects are secretly colluding with the Evil Immortals of Blood Eagle Hall.

Upon hearing Ling Yin Immortal King's words, an elder stood up and asked, "Ling Yin Hall Master, does the Profound Moon Hall Master know about Chen Lu's situation?"

Ling Yin Immortal King replied, "She is still in seclusion and doesn't know about this matter."

At this moment, another elder stood up and said, "Even without the matter of Chen Lu, the betrayal of Jade Dragon Sect to Profound Moon Palace requires extinction; otherwise, more and more affiliated forces will incline toward Blood Eagle Hall like Jade Dragon Sect."

Ling Yin Immortal King said, "According to the information I've received, after releasing the message of Chen Lu's death, Jade Dragon Sect not only didn't leave immediately but continued to stay within Jade Dragon Sect."

"They should understand that once the message of Chen Lu's death reaches Profound Moon Palace, Profound Moon Palace is certain to send forces to attack Jade Dragon Sect. Yet, they remain fearless, proving that Jade Dragon Sect is likely bait set up by Blood Eagle Hall."

"Once we attack Jade Dragon Sect, Blood Eagle Hall is very likely to launch an attack from other directions on Profound Moon Palace, and they might also ambush us in Jade Dragon Sect."

Ling Yin Immortal King wasn't foolish; the actions of Jade Dragon Sect were too apparent. Obviously, they had support from Blood Eagle Hall; otherwise, Jade Dragon Sect would have fled long ago. How could they possibly remain in place, waiting for the army of Profound Moon Palace to come and wipe them out?

Their remaining presence is proof that Jade Dragon Sect is a trap, with Blood Eagle Hall waiting for members of Profound Moon Palace to fall into it.

At this point, an elder sighed and said, "Even if it's really a trap, we still have to send troops."

Although Jade Dragon Sect is likely a trap, if we don't extinguish Jade Dragon Sect and don't set a precedent, how can we deter the other affiliated forces of Profound Moon Palace in the future?

Of course, the most crucial point is that Jade Dragon Sect is within the territory of Profound Moon Palace; leaving such a large Evil Immortal's stronghold undealt with would permit a continuous influx of Evil Immortals via Jade Dragon Sect's Transmission Array to Profound Moon Palace.

This move by Blood Eagle Hall can be called a blatant scheme. They aren't afraid of Profound Moon Palace detecting it's a trap. Even if it's a trap, Profound Moon Palace must venture within.

As the elder's words fell, the hall returned to silence.

Just then, Ye Chuyao entered the hall.

Seeing the elders silent, she guessed what they must be discussing.

Ling Yin Immortal King paused briefly before saying, “Elder Weixue is right, even if Jade Dragon Sect is a trap, we must eliminate the traitors of Jade Dragon Sect.”

“In regards to the news of Chen Lu’s death...”

Stopping there, Ling Yin Immortal King hesitated. At this point, Ye Chuyao actively spoke: “Junior Brother Chen isn’t dead; the one who died at Jade Dragon Sect was merely one of his clones.”

Upon hearing this, the elders in the hall were stunned.

Not dead?

Is it true?

Chen Lu was the Hall Master's direct disciple, and they naturally didn't want him to encounter misfortune.

Ling Yin Immortal King feigned curiosity and asked, "Chuyao, how do you know this?"

Ye Chuyao said, "Chen Lu's other clone is still within Profound Moon Palace; I just went and asked him about the situation concerning Jade Dragon Sect."

Upon hearing this, a group of elders felt a surge of joy.

An elder said, "Since he has been to Jade Dragon Sect, he must be aware of its situation now, which will immensely aid us in exterminating Jade Dragon Sect."

Ling Yin Immortal King stated, "I will summon him here to the Meeting Hall now."

Subsequently, Ling Yin Immortal King's Divine Thought swept through Lu Chen's courtyard, discovering that Lu Chen was still diligently working. She felt a slight helplessness, yet she still sent a communication to Lu Chen saying, "Great King, come to the Meeting Hall."

Upon hearing Ling Yin Immortal King's transmission, Lu Chen's body shivered sharply. After taking a deep breath, he said, "Alright, I understand, I'm coming."

After his words settled, Lu Chen tidied himself briefly and then proceeded to the Meeting Hall.

Seeing Lu Chen appear not far away, the elders finally breathed out a sigh of relief; as long as he's fine. If he had died, the disciples' morale would likely have faced severe impact.

Lu Chen said, "May I ask why Hall Master Ling Yin has summoned me?"

Ling Yin Immortal King said, "Tell us about the situation at Jade Dragon Sect."

Lu Chen said, "I was assigned the task of surveying various sects, and so I went to Jade Dragon Sect. Upon arrival, Jade Dragon Immortal Monarch claimed to have an important matter to report to me and brought me to the rear mountain of Jade Dragon Sect. Just as I was about to inquire about the matter, two Evil Immortals at Immortal Monarch Realm suddenly appeared."

"One Evil Immortal took out a bead, drawing my clone into the bead. Within that bead were numerous restrictions; once inside, my clone couldn't break through them. Helpless, I chose to self-destruct."

When Lu Chen's voice fell, Ling Yin Immortal King let out a cold snort, "Jade Dragon Sect has quite some audacity. No wonder they never fled after publicly announcing your death; it turns out they have Evil Immortals of Immortal Monarch level backing them."

"From today onwards, commence preparations for war; in a month, deploy troops to exterminate Jade Dragon Sect!"

The power of Evil Immortals greatly suppresses Righteous Immortals. If both parties are Immortal Monarchs, it's extremely difficult for a Righteous Immortal Monarch to kill an Evil Immortal Monarch.

Therefore, the mere presence of these two Evil Immortal Monarchs is enough to justify a large-scale mobilization by Profound Moon Palace.

Of course, Ling Yin Immortal King could directly intervene but who knows if this is a diversion stratagem by Blood Eagle Hall.

The Hall Master is currently in seclusion, and the Blood Eagle Hall's Immortal King is certainly aware. Should Ling Yin Immortal King leave Profound Moon Palace, even if just for a moment, allowing Blood Eagle Hall's Immortal King to seize the chance to attack Yun Yudie who is in seclusion, it could likely result in Yun Yudie becoming internally deranged.

Having children earns benefit, start competing for dominance in the world by marrying a wife

After confirming the siege of Jade Dragon Sect in a month, Xuan Yue Hall started its preparations. Normally, dealing with an affiliated force doesn't require much preparation.

But the current Jade Dragon Sect is different. It's clearly a trap, and along with Chen Lu's claim that Jade Dragon Sect has two Evil Immortal Monarchs, and no one can predict how many Immortal Monarchs the opponent will send, attacking Jade Dragon Sect must be done with full effort and without any oversight.

Before attacking Jade Dragon Sect, Ling Yin Immortal King sent numerous disciples to investigate Jade Dragon Sect's deployments.

Since it's confirmed to be a trap, the opponent will definitely set up some formations. It is necessary to figure out what arrangements have been made by Jade Dragon Sect to reduce casualties.

To stabilize the morale of the Xuan Yue Hall disciples, Ling Yin Immortal King also had Lu Chen walk around Xuan Yue Hall more during this period. When Xuan Yue Hall's disciples saw Lu Chen, the rumors of Lu Chen's death were naturally put to rest.

Lu Chen once again crafted a body in the Heavenly Immortal Realm and personally participated in the crusade against Jade Dragon Sect. Seeing Lu Chen take part in the siege of Jade Dragon Sect this time greatly boosted the morale of Xuan Yue Hall's disciples.

After all, Chen Lu is their Hall Master's direct disciple. He must have many trump cards prepared for him by the Hall Master, and if it truly comes down to life and death, they believe their Hall Master will not ignore his direct disciple.

So even though they know the existence of Evil Immortals in Jade Dragon Sect, the disciples of Xuan Yue Hall are still unafraid. It must be said that although Xuan Yue Hall's disciples are all women, the courage and decisiveness they display are no less than that of men.

This is mainly because Yun Yudie instilled a lot of self-reliant thoughts into these Xuan Yue Hall disciples.

In this world where the strong prey on the weak, generally, if a beautiful woman falls into the hands of a bad person, she might be subject to some violation, losing herself is almost certain; this is a great fear in the mortal world.

But it's different in Xuan Yue Hall. The female disciples there have no concept of chastity. On one hand, it's an Immortal Sect with almost only female disciples, dominated by women, and some powerful fairies even have their own male pets. For them, even if being violated by men, it's nothing significant.

For the fairies of Xuan Yue Hall, the only thing they care about is whether they are on top or bottom, whether they are dominating or being dominated.

Take Ye Chuyao, for instance, she doesn't actually care much about her chastity. What she cares about is the dignity of the strong.

Being ridden by someone makes her feel she has lost the dignity of the strong, and combined with her constant longing for Wu Junwan in her heart, she has been able to maintain her purity. If it weren't to manipulate Lu Chen, she wouldn't engage in improper affairs with Lu Chen.

Hence, even though the female disciples of Xuan Yue Hall know that falling into the hands of Evil Immortals might lead to insult, they still don't care, not giving these consequences a thought.

The world of Immortals is very different from the mortal world. These Immortals have lived for tens of thousands or even hundreds of millions of years and do not possess a strong sense of morality.

In the war against Jade Dragon Sect, what the disciples of Xuan Yue Hall care about is victory.

The month quickly passed.

The warships of Xuan Yue Hall majestically headed towards Jade Dragon Sect.

At this moment, in Jade Dragon Sect.

In the Meeting Hall, Broken Soul Immortal Monarch looked at the jade scroll in his hand, frowning deeply.

"Not dead? How is this possible?"

They just received news that rumors in Xuan Yue Hall say Chen Lu didn't actually die and that he will participate in the siege against Jade Dragon Sect, which made the three Immortal Monarchs incredulous.

They had personally witnessed Chen Lu self-detonate in the Blood Evil Realm, so how could he not be dead?

Jade Dragon Immortal Monarch then said, "Could it be that the Chen Lu who self-detonated in the Blood Evil Realm was just a clone? After all, he self-detonated so decisively. People cherish life; if it was his main body, he wouldn't have chosen to self-detonate so easily."

Heavenly Slaughter Immortal Monarch said, "Impossible to be a clone. We checked his divine soul at first sight. Given the intactness of his divine soul, if it were a clone, his divine soul couldn't be so complete."

"Besides, he himself is a Heavenly Immortal; it's incredibly difficult to cultivate a Heavenly Immortal level clone. According to our information, he was only at the Spirit Immortal level when joining Xuan Yue Hall, how could he cultivate a Heavenly Immortal Realm clone in such a short time?"

Upon hearing what Heavenly Slaughter Immortal Monarch said, Jade Dragon Immortal Monarch fell silent. When Chen Lu came to Jade Dragon Sect, he also checked Chen Lu's divine soul, and Lu Chen's divine soul was indeed quite complete.

Of course, he just briefly sensed Lu Chen's divine soul intensity, so whether Lu Chen's divine soul is absolutely complete, he couldn't ascertain. But what Heavenly Slaughter Immortal Monarch said is very true; it's almost impossible for Lu Chen to cultivate a clone with strength comparable to his main body in such a short time.

It takes them thousands of years to cultivate a clone one realm weaker than themselves, and the higher the realm, the more time-consuming it is to cultivate a clone. A Heavenly Immortal level clone would take at least hundreds of years.

How long has it been since Chen Lu broke through to Heavenly Immortal? How could he have cultivated a Heavenly Immortal Realm clone so quickly?

At this moment, Jade Dragon Immortal Monarch suddenly thought of a possibility and then said, "Could it be that after seeing Chen Lu's death, Xuan Yue Hall was greatly affected in morale, so they crafted a replacement to impersonate Chen Lu?"

Heavenly Slaughter Immortal Monarch said, "That's quite possible. After all, Chen Lu is the Hall Master's direct disciple, and his death has a significant impact on Xuan Yue Hall."

Broken Soul Immortal Monarch then said with furrowed brows, "It's also possible that we never killed the real Chen Lu at the beginning, and it was an imposter. Perhaps Xuan Yue Hall had already detected abnormalities in Jade Dragon Sect, so they deliberately sent an imposter to test Jade Dragon Sect."

Upon hearing this, both Heavenly Slaughter Immortal Monarch and Jade Dragon Immortal Monarch were stunned. Indeed, this possibility was very high. After all, Chen Lu is a direct disciple, letting him personally inspect those affiliated sects was quite risky, yet Xuan Yue Hall still did so.

This implies another possibility, that sending the Hall Master's direct disciple to inspect affiliated sects was a bait to detect whether those affiliated sects had allied with Blood Eagle Hall.

If those affiliated sects had allied with Blood Eagle Hall, they would be eager to gain merit, and the Hall Master's direct disciple would be the best bargaining chip for them.

Upon considering this possibility, the faces of the three Jade Dragon Immortal Monarchs turned dark. They did not expect that they were the ones falling into a trap.

Quickly, Broken Soul Immortal Monarch regained his composure, and with a cold laugh, said, "So what if it's a trap? Jade Dragon Sect is now the trap. Since they dare to come, let them have no return."

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1730: Chapter 1420: We're All Family, No Need to Be So Formal

For the matter of whether Chen Lu's death is real or fake, the Broken Soul Immortal Monarch no longer cares. Whether it's true or not, the fact remains that the Mysterious Moon Palace has already assembled its army to prepare to attack the Jade Dragon Sect.

As long as they come, the Mysterious Moon Palace will fall into their trap.

The advance of the Mysterious Moon Palace was very swift; in less than two months, the warships of the Mysterious Moon Palace arrived at a distance of no more than five days from the Jade Dragon Sect.

However, the Mysterious Moon Palace did not launch an immediate attack. Before the attack, the Mysterious Moon Palace would let its affiliated sects launch a probing attack on the Jade Dragon Sect.

In this attack on the Jade Dragon Sect, Mysterious Moon Palace dispatched a total of four Immortal Monarchs. However, including the affiliated sects of the Mysterious Moon Palace, there were ten Immortal Monarchs on their side, which from a scale perspective is no small undertaking.

The affiliated sects of the Mysterious Moon Palace had completed a siege formation against the Jade Dragon Sect. Unless the Jade Dragon Sect used a transmission array, they would not leave the territory of the Mysterious Moon Palace.

However, there are limits to the transmission array. Only high-tier transmission arrays have the capacity for mass transmission, and each transmission consumes a large amount of Immortal Crystals.

The reason it took two months for the warships of the Mysterious Moon Palace to arrive is that they did not use a transmission array, and instead flew at full speed.

Even the Mysterious Moon Palace must consider the consumption of Immortal Crystals. In such evenly matched wars, it is a contest of both individual strength and the foundation of the Immortal Sect.

Without the appearance of an Immortal Venerate on either side, the consumption of the war would be enormous.

When the grand army of the Mysterious Moon Palace and its affiliated sects gathered, the leading Weixue Immortal Monarch summoned the Immortal Monarchs of the affiliated sects to discuss the siege of the Jade Dragon Sect.

Under a clear sky, a massive palace floated high in the air. This palace is a Heaven Rank Immortal Artifact, one of the few Heaven Rank Immortal Artifacts of the Mysterious Moon Palace, capable of withstanding the attacks of an Immortal King.

Of course, if an Immortal King attacks with full force, it wouldn't take long to break through the protective array of this palace.

At this moment, in the temporary meeting hall, the Immortal Monarchs from the affiliated sects participating in the siege of the Jade Dragon Sect had all arrived.

At this time, Weixue Immortal Monarch and the other three Immortal Monarchs of the Mysterious Moon Palace entered the hall. As Weixue Immortal Monarch was about to speak, one of the sect masters of the affiliated sects asked, “Weixue Immortal Monarch, we heard that the direct disciple of the Mysterious Moon Hall Master was killed by the Jade Dragon Sect. Is this true?”

Hearing this, the other five Immortal Monarchs from the affiliated sects all looked towards Weixue Immortal Monarch.

Weixue Immortal Monarch calmly said, “It was only Chen Lu’s clone that died. He used his clone to probe after discovering something unusual about the Jade Dragon Sect.”

Upon hearing this, the Immortal Monarchs thought to themselves that it was no wonder the Mysterious Moon Palace let Yun Yudie’s direct disciple patrol. It seemed they wanted to use this method to determine which affiliated sects had defected to the Blood Eagle Hall, luckily they had no intention of betraying, otherwise, they would have fallen into the trap as well.

For those sects that betrayed the Mysterious Moon Palace, capturing Yun Yudie’s direct disciple would be a great achievement that no traitor could resist.

Among the six Immortal Monarchs, the Baiman Sect’s Sect Master, Baiman Immortal Monarch, slightly frowned, feeling suddenly fortunate. He thought that luckily when Ye Chuyao came to their sect to inspect, they didn’t make a move against Ye Chuyao; otherwise, their Baiman Sect might have also faced a siege.

At this moment, Ye Chuyao and Lu Chen entered the hall simultaneously. Weixue Immortal Monarch introduced, “These two are the direct disciples of our Hall Master.”

The crowd immediately greeted Lu Chen and Ye Chuyao respectfully, “Greetings to Young Master Chen, greetings to Miss Ye.”

Weixue Immortal Monarch continued, “Alright, let’s begin discussing how to attack the Jade Dragon Sect. Since the Jade Dragon Sect dared to boldly broadcast the news of Chen Lu’s death, it proves they must be prepared and perhaps by now, there are quite a few Evil Immortals inside the Jade Dragon Sect.”

Following that, Weixue Immortal Monarch and the sect masters formulated the battle plan, while Lu Chen and Ye Chuyao listened on the side without interjecting.

After finalizing the search plan, Weixue Immortal Monarch asked, “Does anyone have any questions that could be raised now?”

At this time, Baiman Immortal Monarch asked, “I heard that recently someone in the Mysterious Moon Palace successfully broke through to the Immortal King. Is that Immortal King not participating in this siege operation?”

“Blood Eagle Hall, after all, has Evil Immortals at the Immortal Monarch Level. Even if we are opponents, just us ten Immortal Monarchs might not be able to retain them, but if an Immortal King took action, they could easily eliminate the Jade Dragon Sect.”

Weixue Immortal Monarch said, “We cannot confirm if this is a move by the Blood Eagle Hall to lure us away. Right now, our Hall Master is in seclusion, requiring someone to protect her, so Ling Yin Hall Master will not participate in this war.”

Upon hearing this, the Immortal Monarchs all felt somewhat regretful. Even though the Mysterious Moon Palace assembled so many people, and even dispatched four of their own Immortal Monarchs, this time might very well be their first direct confrontation with the Blood Eagle Hall, so they were somewhat apprehensive.

Weixue Immortal Monarch then asked, “Does anyone else have other questions?”

Everyone looked at each other and then said, “We will strictly follow the orders of the Upper Sect.”

Weixue Immortal Monarch said, “Then everyone go and prepare, in three days, we launch the attack.”

As the words fell, Baiman Immortal Monarch and others left the hall and returned to their respective stationed areas to start planning the war.

Meanwhile, at the Mysterious Moon Palace.

Lu Chen's Mortal Immortal Avatar was discussing the true objectives of the Blood Eagle Hall with Xiao Xueying and Cao Shiyun in the courtyard.

Xiao Xueying said, "I think they just want to lure the tiger away from the mountain, to attract the Ling Yin Immortal King to go there, and then suddenly attack the Mysterious Moon Palace."

Cao Shiyun said, "Perhaps they just want to use the Jade Dragon Sect as bait to gradually weaken the strength of the Mysterious Moon Palace."

Xiao Xueying said, "Weakening the strength of the Mysterious Moon Palace is not easy, after all, Mysterious Moon Palace has so many affiliated forces, and Weixue Immortal Monarch surely wouldn't initially let the disciples of the Mysterious Moon Palace go up; they would surely let other affiliated forces first probe the situation."

Cao Shiyun gazed at Lu Chen lying on Xiao Xueying's snow-white lap and asked, "Junior Brother, what do you think?"

Just as Lu Chen was about to speak, Ling Yin Immortal King's figure appeared in the courtyard. Upon seeing Ling Yin Immortal King, the two women hurriedly said, "Greetings to Ling Yin Hall Master."

Ling Yin Immortal King immediately said, "We are family, no need for such formalities."

Upon hearing the words "family," the two women instantly understood, and then they each gave Lu Chen a wistful glance.

Lu Chen asked, "Does Ling Yin Immortal King have something to discuss with me?"

Ling Yin Immortal King said, "I am somewhat worried that an Immortal King from the Blood Eagle Hall will appear at the Jade Dragon Sect. Although they have taken the Wind Control Hall there, if an Immortal King were to really appear, the Wind Control Hall would not withstand many full-force attacks from an Immortal King."

"I want to know if you have a way to temporarily protect the Mysterious Moon Palace. If an Immortal King does appear, I can then go to the Jade Dragon Sect to support them."
