Before long, Ye Chuyao returned to the Mysterious Moon Palace with Lu Chen. Upon arriving, she immediately sent a message to Ling Yin Immortal King, asking for help to save Lu Chen.

Upon receiving Ye Chuyao's message, Ling Yin Immortal King appeared in front of Lu Chen the next moment.

At this moment, Lu Chen's Heavenly Immortal avatar lay on the bed with a bloodless face, looking as if he was on the brink of death. Seeing Lu Chen in this state, Ling Yin Immortal King couldn't help but feel tense. However, after releasing her Divine Sense and discovering that Lu Chen's other avatar was safe and chatting happily with Xiao Xueying and Cao Shiyun, she breathed a sigh of relief.

Clearly, this was just one of Lu Chen's avatars.

With a serious expression, Ling Yin Immortal King asked, "What happened? How did Chen Lu get so severely injured?"

As she spoke, Ling Yin Immortal King released a trace of immortal power to examine Lu Chen's body and found that all his meridians were severed, and his Dantian was shattered; this body was completely ruined.

Ye Chuyao said to Ling Yin Immortal King, "The Baiman Sect betrayed us, and we were ambushed by the Baiman Immortal Monarch."

"I implore Ling Yin Hall Master to save him, at least to preserve his Divine Soul."

Anxiousness was evident between Ye Chuyao's brows; she now feared Lu Chen's Divine Soul might suddenly dissipate. As long as his Divine Soul still existed, she could find a Seizing Body for him later, allowing him to survive. Though he might lose his talent and physique, surviving was still possible.

After examining Lu Chen's body, Ling Yin Immortal King said, "I have used immortal power to stabilize his life force; his Divine Soul will not dissipate for the time being. When the Hall Master emerges from seclusion, she should have a means to heal him."

Upon hearing Ling Yin Immortal King's words, Ye Chuyao still had furrowed brows. She turned to look at Lu Chen lying on the bed, and upon seeing his wounds and pale face, she felt even more distressed.

This man stood in front of her at a critical moment. Even though she had a Protective Dharma Treasure left by her Honored Master and would have been

unharmd even if he hadn't intervened, his actions in such a crisis spoke volumes about his deep feelings for her.

Yet, thinking back on their intimate moment, knowing it was merely a misunderstanding, alongside the impossibility of being together due to their Honored Master, Ye Chuyao's heart was filled with complexity.

Seeing the worried and anxious look in Ye Chuyao's eyes as she gazed at Lu Chen, Ling Yin Immortal King realized that Lu Chen most likely did not tell Ye Chuyao about his avatars. Of course, she also understood why Lu Chen did this.

Ling Yin Immortal King sighed softly and then said, "But even if healed, I'm afraid all his talents will be gone."

Upon hearing Ling Yin Immortal King's words, Ye Chuyao felt more pain in her heart, staring intently at the closed-eyed Lu Chen.

She thought to herself that no matter what, she must find a way to help Lu Chen fully recover since he became like this to protect her.

At this moment, Ling Yin Immortal King gave Ye Chuyao a once-over and then said, "You've been injured too; go and rest. I'll watch over him here, and he won't be in any danger."

Ye Chuyao said, "I'm fine; I'll watch over him here."

Ling Yin Immortal King did not say any more. She then turned and left the room; the next moment, her figure appeared in Lu Chen's courtyard.

At this time, Lu Chen's Mortal Immortal Avatar saw Ling Yin Immortal King arrive, so he knew what she wanted to ask and said, "That is just an avatar; no need to worry. But don't tell her for now."

Upon hearing Lu Chen's words, Ling Yin Immortal King smiled slightly and said, "I understand."

Ling Yin Immortal King then asked, "I wonder how things are on the battlefield; do you need me to go over?"

Lu Chen pondered for a moment, thinking that no strong figure from the Blood Eagle Hall had made a move yet, indicating a possible hidden plot. Perhaps a Blood Eagle Hall Immortal King might appear.

To err on the side of caution, sending Ling Yin Immortal King to monitor the situation wouldn't be a problem since the Mysterious Moon Palace had its own guards.

Thinking of this, Lu Chen said, "Alright, you go ahead, but don't make the first move. Let's see what the Blood Eagle Hall is planning."

Ling Yin Immortal King said, "Fine, I'll leave the Mysterious Moon Palace to you then."

With those words, Ling Yin Immortal King's body turned into light and disappeared. In just a moment, she arrived at the battlefield ahead, though she did not rush in directly.

Due to cultivating the Divine Light Thousand Lamp Scripture taught by Lu Chen, Ling Yin Immortal King now had a sharper perception of Evil Qi. She could clearly sense multiple strong concentrations of Evil Qi within the Jade Dragon Sect, indicating the presence of numerous Immortal Monarch-level Evil Immortals.

These Evil Immortals hadn't made a move yet, clearly waiting for something.

At this moment, the Mysterious Moon Palace began a full-on attack; the Wind Control Hall's Heaven Rank Magic Treasure charged directly to the Jade Dragon Sect's mountain gate, and the attack formations on the Wind Control Hall were all activated. A massive golden Array Pattern appeared in front of the Wind Control Hall.

Immediately, countless Immortal Auras gathered into that gigantic golden Formation and kept compressing. The next moment, the Immortal Aura,

compressed to the utmost, turned into a beam of destructive light that blasted toward the Jade Dragon Sect's Sect Protection Array.

Following this, Weixue Immortal Monarch's voice rang out from the Wind Control Hall, "The Jade Dragon Sect betrayed the Mysterious Moon Palace and colluded with Evil Immortals. They must be annihilated!"

The light emitted by the attack formation on the Wind Control Hall, with just a single strike, instantly broke through the Jade Dragon Sect's Sect Protection Array.

Seeing this, the Jade Dragon Immortal Monarch in the Jade Dragon Sect's Meeting Hall furrowed his brows deeply, while the Broken Soul Immortal Monarch chuckled, saying, "So this is the Heaven Rank Immortal Artifact from the Mysterious Moon Palace? The Mysterious Moon Palace truly values the Jade Dragon Sect, using a Heaven Rank Immortal Artifact to attack an affiliated Sect."

"But soon, this Immortal Artifact will belong to our Blood Eagle Hall."

Broken Soul Immortal Monarch immediately sent a message, saying, "Activate the Great Array immediately!"

The Jade Dragon Immortal Monarch cautioned, "Those affiliated sects haven't entered the Great Array yet."

Broken Soul Immortal Monarch said, "The most important thing now is to annihilate the four Immortal Monarchs of the Mysterious Moon Palace. Once they are dead, those affiliated sects will naturally disperse."

"They've already reached the mountain gate; we can't let them escape."

Although their Array required activating, with an Immortal Monarch's sense, some clues could be detected at such a close range. Broken Soul Immortal Monarch feared that the four Immortal Monarchs of the Mysterious Moon Palace might sense the Great Array below them and then immediately control the Wind Control Hall to escape.

Under Broken Soul Immortal Monarch's orders, the hidden Evil Immortals within the Jade Dragon Sect immediately activated the Abyss Evil Spirit Array.

The next moment, a terrifying pressure descended from the sky, followed by streams of nearly black blood continuously flowing from underground.

Weixue Immortal Monarch's voice abruptly came from the Wind Control Hall, "Not good! There's a Formation—retreat immediately!"

Upon hearing Weixue Immortal Monarch's words, Broken Soul Immortal Monarch and others rushed outside the Jade Dragon Sect's mountain gate, with Broken Soul Immortal Monarch sneering, "Only realizing it now? Too late!"

Chapter 1742: Chapter 1432: It Seems I'll Have to Take Matters into My Own Hands

As the words of the Broken Soul Immortal Monarch fell, the Wind Control Hall was enveloped by a massive dark barrier, and immediately countless evil spirits appeared within the barrier, all possessing strength at the Golden Immortal Realm.

Although the strength of an Immortal Monarch is much greater than that of a Golden Immortal, they couldn't withstand these evil spirits, whose strength was akin to tidal waves, and importantly, the evil qi emanating from these evil spirits could suppress the immortal aura of the righteous immortals. Under such circumstances, Weixue Immortal Monarch and the others were highly likely to fall within the great array.

At this moment, the Wind Control Hall shone brightly, blasting away all the attacking evil spirits. However, in just a moment, countless evil spirits surged forward again.

The evil spirits pounced on the golden barrier of the Wind Control Hall, continually attacking it, and soon, the light of the golden barrier of the Wind Control Hall began to dim.

Seeing this scene, the Broken Soul Immortal Monarch laughed and said, “It seems even the Heaven Rank Immortal Artifact is not that impressive!”

As the words of the Broken Soul Immortal Monarch fell, from a distance in the sky came a woman’s voice, “It’s indeed not that impressive, I thought it could last a bit longer, but it shattered so quickly.”

As that voice just fell, another Wind Control Hall appeared in the distant sky. Seeing this, the smile on the Broken Soul Immortal Monarch’s face froze suddenly, turning his expression extremely solemn.

What is going on?

Wasn’t the Wind Control Hall within the Abyss Evil Spirit Array? How did it manage to escape?

At this time, the Heavenly Slaughter Immortal Monarch reminded, “Something’s wrong, look at the great array.”

As the words of the Heavenly Slaughter Immortal Monarch fell, the gaze of the Broken Soul Immortal Monarch and others fell onto the Abyss Evil Spirit Array, only to find that the Wind Control Hall within the Abyss Evil Spirit Array had turned into starlight and vanished.

Instantly, everyone reacted. At this point, how could they not realize that they'd fallen for the ploy of the Mysterious Moon Palace, the previous Wind Control Hall was clearly fake, intended for reconnaissance.

Seeing the intact Wind Control Hall in the distance, the Broken Soul Immortal Monarch sneered, "Didn't expect to be tricked, those women of the Mysterious Moon Palace are really vigilant."

The Broken Soul Immortal Monarch wasn't too surprised, it was only the first formation, they had other formations. As long as the Mysterious Moon Palace dared to attack, they would immediately activate other formations.

However, judging by the opponent's appearance, it seemed they had no intention of advancing proactively.

The Broken Soul Immortal Monarch and others also understood, the Abyss Evil Spirit Array had already aroused the vigilance of the Mysterious Moon Palace, wanting to wait for them to come over and then activate the originally arranged formation wouldn't be easy.

The Broken Soul Immortal Monarch then said, “Originally thought to relax a bit, but now, it seems I have to personally take action.”

Saying this, the Broken Soul Immortal Monarch loudly said, “Everyone, no more hiding, come out and welcome our guests properly!”

As the words of the Broken Soul Immortal Monarch fell, several figures appeared beside him, all of whom were Immortal Monarchs.

Seeing this scene, Weixue Immortal Monarch frowned slightly; as the righteous immortals, when facing the evil immortals, their strength was greatly compromised. Initially, they thought they could win by sheer numbers.

Now it seems winning won't be easy.

However, there was no trace of fear on their faces, Weixue Immortal Monarch immediately said, “Give your all!”

As these words fell, the Immortal Monarchs from the Mysterious Moon Palace launched a genuine attack, instantly various spells bombarded the evil immortals on the side of the Broken Soul Immortal Monarch.

The scope of attacks from those at the Immortal Monarch Level was vast; in just a moment, the surrounding mountains, rivers, and lakes of the Jade Dragon Sect were leveled.

As the two sides collided, Ling Yin Immortal King continued to hide in the shadows without taking action. She thought that the opponent dispatched so many Immortal Monarchs proves that Blood Eagle Hall intended to use Jade Dragon Sect as bait to seriously harm the Mysterious Moon Palace and weaken its Qi Fortune.

These Immortal Monarchs should also be important to Blood Eagle Hall; they wouldn't just send Immortal Monarchs, in case Yun Yudie suddenly ends her retreat, wouldn't these Immortal Monarchs be sent to their deaths?

Therefore, there might be a Blood Eagle Hall's Immortal King secretly.

Before that Immortal King took action, she absolutely couldn't act recklessly.

Thinking of this, Ling Yin Immortal King continued to probe the surroundings of the Jade Dragon Sect, trying to uncover the hiding place of the Blood Eagle Hall's Immortal King.

After the clash between the Immortal Monarchs of the Mysterious Moon Palace and those of Blood Eagle Hall, they immediately felt immense pressure; the evil qi of the evil immortals had a terrifying suppression on their immortal aura, and Blood Eagle Hall had some particularly mysterious attack methods, making it

difficult for the Immortal Monarchs on the side of the Mysterious Moon Palace to withstand. For a time, the Immortal Monarchs of the Mysterious Moon Palace fell into a huge disadvantage.

At this moment, the Broken Soul Immortal Monarch transmitted his voice to the other evil immortals within the Jade Dragon Sect, “Kill! Leave none alive!”

As the words of the Broken Soul Immortal Monarch fell, the evil immortals within the Jade Dragon Sect no longer hid their forms, directly rushing towards the disciples of the Mysterious Moon Palace and those affiliated sects.

A large-scale battle erupted instantly, and for a moment, the battlefield was filled with battle cries, and in just a moment, tens of thousands of disciples from both sides died.

Seeing the surge in casualties on the side of the Mysterious Moon Palace, Ling Yin Immortal King couldn't help but want to take action, but thinking of the Blood Eagle Hall's Immortal King possibly still hiding in the shadows, she chose to observe.

This war marked the first large-scale battle since Blood Eagle Hall began the war against the Mysterious Moon Palace. Despite the innumerable casualties on the Mysterious Moon Palace and affiliated sects' side, Blood Eagle Hall also suffered significant losses.

This direct slaughter lasted for three days and nights, and the celestials fought countless rounds in the sky.

At this moment, Weixue Immortal Monarch and others had already sustained injuries, and their internal immortal aura was nearly depleted, whereas on Blood Eagle Hall's side, the Broken Soul Immortal Monarchs seemed unscathed, with their strength continuously increasing.

As the fight continued, the battlefield grew increasingly saturated with blood qi, enclosing the battlefield in a blood mist, greatly obstructing the disciples' vision, forcing them to rely solely on their divine senses to detect enemies.

However, such an environment greatly favors the evil immortals, as the dense blood qi nourishes them, rapidly boosting their strength, particularly the Broken Soul Immortal Monarchs, explaining why they were growing increasingly powerful.

Weixue Immortal Monarch realized this from the start, but once a war begins, casualties on both sides are inevitable, and the battlefield environment would naturally become increasingly favorable for the evil immortals.

Weixue Immortal Monarch thought, the battlefield for the Immortal Monarchs cannot be here; otherwise, their strength would be far behind the opponent's. If this continues, the crusading coalition formed by the Mysterious Moon Palace will fail.

Immediately, Ling Yin Immortal King sent transmissions to the other Immortal Monarchs, urging them to retreat at once, drawing the Immortal Monarchs from Blood Eagle Hall away from this battlefield.

Only by forcing them to leave this place could they have a slight chance of victory; otherwise, with the Blood Eagle Hall's Immortal Monarchs growing increasingly powerful, they stood no chance of winning against them.

Following the command of Weixue Immortal Monarch, the Immortal Monarchs of the Mysterious Moon Palace quickly retreated from the battlefield. Seeing them trying to flee, the Broken Soul Immortal Monarchs showed no hesitation, leading the Blood Eagle Hall's Immortal Monarchs in pursuit.

Chapter 1743: Chapter 1433: The Arrival of the Ghostly Evil Immortal King

The Broken Soul Immortal Monarch had already guessed why the Weixue Immortal Monarch and the others retreated at this time; it was simply to lure them away from that blood-soaked environment.

However, the Broken Soul Immortal Monarch didn't care at all, because their current strength far surpassed that of the Weixue Immortal Monarch and the others. Moreover, after these days of fierce fighting, the immortal power within Weixue Immortal Monarch and his group had almost run dry. Even outside that blood-soaked environment, Weixue Immortal Monarch and the others were no match for them.

Shortly after they left the blood-soaked battlefield, the Weixue Immortal Monarch and the others stopped fleeing and suddenly halted.

Seeing this scene, the Broken Soul Immortal Monarch smiled and said, "It seems that you have recognized reality. If so, then let's send you on your way!"

With that, the Broken Soul Immortal Monarch prepared to strike down the Weixue Immortal Monarch and the others. However, what they didn't expect was that at this moment, the Weixue Immortal Monarch and the others suddenly dispersed and surrounded the Evil Immortals.

Immediately, the Weixue Immortal Monarch snorted coldly, "Form the array!"

It wasn't just the Evil Immortals who could set up formations. From the beginning, the Weixue Immortal Monarch had anticipated that if an Evil Immortal Monarch from Jade Dragon Sect appeared, they might not be able to take them down, so they had specially set up a formation here.

The Broken Soul Immortal Monarch and the others hadn't reacted yet when the Weixue Immortal Monarch coldly shouted again, "Activate the Nine Heavens Thunder Array!"

The next moment, a pale blue barrier enveloped the Broken Soul Immortal Monarch and the other Immortal Monarchs. Seeing this formation, the Broken Soul Immortal Monarch immediately frowned, not expecting the opponent to have laid down a formation here.

The Weixue Immortal Monarch looked indifferently at the Evil Immortal Monarchs present and then directly activated the formation.

At that moment, countless purple lightning bolts appeared within the formation and ferociously struck at the Broken Soul Immortal Monarch and the others, causing them to dodge immediately.

The Evil Qi of the Evil Immortals indeed suppressed the Immortal Aura of the Righteous Immortals, but that didn't mean the Righteous Immortals had no means of countering. Evil Qi was inherently fearful of thunder and lightning; with substantial power of thunder and lightning, these Evil Immortals would be wounded all the same.

At this time, the face of the Broken Soul Immortal Monarch turned extremely gloomy. Despite their efforts to evade, they were occasionally struck by the purple lightning. When these bolts hit them, they amazingly dispersed the Evil Qi within their bodies.

Being Evil Immortals, if their Evil Qi was dispersed, they would lose their power.

The Broken Soul Immortal Monarch immediately said, “Find a way to break the formation!”

With those words, the Evil Immortal Monarchs began to dodge the thunderbolts of the Nine Heavens Thunder Array while bombarding the array barrier, trying to break out from within. However, what they didn’t expect was that the array barrier was exceptionally sturdy.

The faces of the Broken Soul Immortal Monarch and the others became even grimmer as they quickly realized that the Nine Heavens Thunder Array was actually a Heaven Rank formation.

The Mysterious Moon Palace is an Immortal Sect; having a Heaven Rank formation isn’t surprising. But they didn’t expect that during an all-out assault, the Mysterious Moon Palace had the time to set up a Heaven Rank formation here.

This is trouble.

Although those lightning bolts were not enough to kill them, they could continuously consume the Evil Qi within their bodies. Once their Evil Qi was

nearly depleted, even if they managed to break the barrier, they probably would no longer be a match for the Mysterious Moon Palace.

Seeing the Weixue Immortal Monarch and the others suddenly gain the upper hand, the Ling Yin Immortal King, hidden in the shadows, breathed a slight sigh of relief. She had been ready to take action but didn't expect the Weixue Immortal Monarch to activate the Nine Heavens Thunder Array at this moment.

Yet, the Nine Heavens Thunder Array is a sect-grade protective array that takes considerable time to set up. It was clear that prior to this war, the Weixue Immortal Monarch had already thought about how to counter the Evil Immortals of the Blood Eagle Hall. It seemed she chose the right individuals after all.

However, with the Evil Immortals now at a disadvantage, the Immortal King of the Blood Eagle Hall is unlikely to remain calm. If the Immortal King of the Blood Eagle Hall descends, then it truly would be a grand battle.

The Ling Yin Immortal King once again meticulously observed the battlefield. As soon as the Immortal King of the Blood Eagle Hall appeared, she would immediately step in.

Meanwhile, the Broken Soul Immortal Monarch and others noticed their power waning, facing the Heavenly Thunder more frequently. Knowing that if this continued, they would certainly be exhausted to death here today, the Broken Soul Immortal Monarch quickly took out a Jade Scroll and activated it.

At this moment, it was impossible for the Immortal King of the Blood Eagle Hall to descend into the territory of the Mysterious Moon Palace. After all, the current Qi Fortune of the Immortal Sect of the Mysterious Moon Palace was still dense, which would naturally repel other Immortal Kings, preventing them from exerting their full power.

But although the main body couldn't descend, there was no problem for a Split Soul projection to appear.

The next moment, a terrifying aura suddenly appeared within the Great Array, followed by the appearance of a colossal Law Manifestation spanning over ten thousand feet.

The moment the Ghostly Evil Immortal King's Soul Projection appeared, the faces of the Weixue Immortal Monarch and others changed drastically. Although it was only a Soul Projection, confronting the projection of an Immortal King, especially at its peak, was no easy task.

The Ghostly Evil Immortal King, seeing the Immortal Monarchs frantically fleeing from the lightning strikes, sneered, "What a group of worthless fools!"

The Ghostly Evil Immortal King presumed that without the appearance of the Immortal King of the Mysterious Moon Palace, these Immortal Monarchs would be able to deal with those from the Mysterious Moon Palace and inflict severe damage. Yet, he didn't expect the Immortal Monarchs he had dispatched to instead be trapped by those of the Mysterious Moon Palace.

But the Ghostly Evil Immortal King quickly noticed that these lightning bolts were continuously depleting the Evil Qi from their bodies. Seeing this, the Ghostly Evil Immortal King remarked, “Using the power of thunder and lightning to counter Evil Qi, it’s quite an effective approach.”

“But alas, before absolute power, any petty tricks are useless!”

As he spoke, the colossal Law Manifestation of the Ghostly Evil Immortal King raised its hand and struck the Nine Heavens Thunder Array.

The next moment, the Nine Heavens Thunder Array was shattered.

Seeing this, the faces of the Weixue Immortal Monarch and the others turned even paler. Although they had hastily set up a defective version of a Heaven Rank formation to save time, it was still a Heaven Rank formation yet it was so easily broken.

Just as the Ghostly Evil Immortal King was about to continue his assault, he suddenly sensed something amiss, detecting a pressure in this space that wasn’t weaker than his own.

The Ghostly Evil Immortal King frowned, and in the next moment, the sound of a zither echoed in the air.

Upon hearing this music, the Weixue Immortal Monarch and the others were momentarily stunned, knowing this was the arrival of the Ling Yin Immortal King. Weren't they told that the Ling Yin Immortal King was to stay in the Mysterious Moon Palace to protect their Hall Master?

Could this also be a Soul Projection?

At this time, the Ghostly Evil Immortal King likewise assumed this could only be a Soul Projection of the Ling Yin Immortal King. Being both Soul Projections, he didn't believe he would lose to the Ling Yin Immortal King.

He sneered, saying, "Who would've thought the Immortal King of a Righteous Immortal Sect would also be so secretive!"

With this, the Ghostly Evil Immortal King raised his hand, gathering surging Evil Qi, and struck towards the position of the Ling Yin Immortal King, "Come out and face me!"

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1744: Chapter 1434: Is This an Immortal Law Used by Righteous Immortals?

Watching the massive hand rushing towards her, Ling Yin Immortal King remained calm, continuing to play the Immortal Zither in her hands. In the next moment, more sound waves transformed into Sword Qi, striking against Ghostly Evil Immortal King's giant hand.

In just a moment, that giant hand was dispersed by the Sword Qi. Ghostly Evil Immortal King's attack was merely a probing assault, devoid of full Soul Projection power, thus its strength wasn't particularly great, which made Ling Yin Immortal King easily deflect it.

At this moment, Ling Yin Immortal King no longer hid her form, directly appearing before everyone.

Seeing Ling Yin Immortal King's physical form manifest, those present were slightly stunned. Previously, sensing Ling Yin Immortal King's magic, they thought she was merely a Soul Projection, not expecting her true form to descend.

Ghostly Evil Immortal King frowned, wondering why Ling Yin Immortal King showed no concern for Blood Eagle Hall's possible attack on Mysterious Moon Palace.

Wasn't the intel saying Ling Yin Immortal King wouldn't take action?

Why is Ling Yin Immortal King's true form appearing on the battlefield?

Could it be Yun Yudie has emerged from seclusion?

Only in such a case would Ling Yin Immortal King not worry about Blood Eagle Hall's Immortal King attacking Mysterious Moon Palace.

Thinking of this possibility, Ghostly Evil Immortal King laughed and said, "Didn't expect Mysterious Moon Immortal King to emerge from seclusion so soon, how unfortunate you couldn't breakthrough to Immortal Venerate!"

Hearing Ghostly Evil Immortal King's words, Ling Yin Immortal King's expression remained unchanged. She understood this was a misunderstanding, yet she didn't bother to explain. Since he misunderstood, let him continue to do so, thereby deterring Blood Eagle Hall's Immortal Kings from attacking Mysterious Moon Palace at this time.

Ling Yin Immortal King then began to incant the spell.

Divine Light Thousand Lamp Scripture!!!

In the next moment, countless oil lamps appeared in the sky, emitting a crimson glow, and wisps of red Immortal Aura began to rise from the lamps.

Even though Ling Yin Immortal King's mastery of the Divine Light Thousand Lamp Scripture isn't yet proficient, its instant use made Ghostly Evil Immortal King feel immense pressure. At this moment, he sensed his inner Evil Qi was subdued.

Ghostly Evil Immortal King's face darkened instantly, what's going on?

The Power of Thunder and Lightning restraining Evil Qi did not concern him greatly, yet precisely now, Ling Yin Immortal King did not possess the Power of Thunder and Lightning, and the suppression felt was even more pronounced than that exerted by thunder on Evil Qi.

Something felt wrong!

He had never heard of any power other than lightning that could restrict Evil Qi.

Ghostly Evil Immortal King decided not to hold back, once again gathering overwhelming Evil Qi, instantly shrouding the world in darkness.

Nine Nether Ghost Flame Palm!!!

A gigantic hand burning with fierce black flame slammed directly towards where Ling Yin Immortal King stood. Ghostly Evil Immortal King knew killing Ling Yin Immortal King with Soul Projection was improbable, yet he was confident in severely injuring the opponent.

If he could severely injure Ling Yin Immortal King, the Qi Fortune of Mysterious Moon Palace's Immortal Sect would drastically decline. When Blood Eagle Hall launched a full assault, Yun Yudie alone wouldn't withstand the three-pronged attack.

However, just when the massive hand of overwhelming Evil Qi was about to strike Ling Yin Immortal King, the red Immortal Aura from the oil lamps in the sky instantly converged, forming a long Red Silk that immediately encased the giant hand of Evil Qi gathered by Ghostly Evil Immortal King.

Even in the next instant, the Evil Qi within that giant hand was absorbed by the Red Silk, and the oil lamps in the sky became even brighter.

Witnessing this scene, everyone present was stunned, especially the Evil Immortals.

Ghostly Evil Immortal King's Nine Nether Ghost Flame Palm was one of the strongest moves, used heavily against Immortal Sects during Blood Eagle Hall's attacks, yet it was easily caught by Ling Yin Immortal King despite his limited power as a Soul Projection. Against Evil Qi's terrifying suppression of Immortal Aura, such ease was unexpected.

Ghostly Evil Immortal King could hardly believe his eyes. He could distinctly feel his palm's Evil Qi transformed into fuel for the oil lamps in the sky upon absorption by that Red Silk.

What spell is this?

Absorbing Evil Qi and converting it into their own power?

Is this truly a Righteous Immortal's Immortal Law?

How is it that Ling Yin Immortal King appears more akin to an Evil Immortal than he?

Ghostly Evil Immortal King's face twisted with the darkest solemnity, not expecting to uncover such a profound secret on this battlefield!

Just as Ghostly Evil Immortal King intended to speak, Ling Yin Immortal King urged the oil lamps in the sky once more, causing them to emit red Immortal Aura plentifully, possibly due to ample fuel from absorbed Evil Qi.

In moments, the red Immortal Aura coalesced into several gigantic Red Silks aiming at Ghostly Evil Immortal King's Soul Projection.

Feeling the formidable pressure emitted by these Red Silks, Ghostly Evil Immortal King waved his hand again, but just like before, his palm's power became fuel for the oil lamps, further strengthening Ling Yin Immortal King's power.

Ghostly Evil Immortal King now realized with such terrifying suppression, wounding the opponent was nearly impossible, and his Soul Projection might be destroyed.

Without any hesitation, Ghostly Evil Immortal King waved his hand, instantly gathering the Evil Immortal Monarchs present with Evil Qi, then his Soul Projection vanished without a trace.

The pervasive Evil Qi dissipated as well, leaving Mysterious Moon Palace's Immortal Monarchs in awe of what they just saw, unable to conceive Ling Yin Immortal King's easy driving away of Ghostly Evil Immortal King's Soul Projection.

At this time, Ling Yin Immortal King looked into the distance at Jade Dragon Sect. Liumei frowned slightly. Initially, she planned to capture Ghostly Evil Immortal King's Soul Projection, yet using Divine Light Thousand Lamp Scripture made it difficult to simultaneously focus on sealing space, allowing him to escape.

Ling Yin Immortal King thought internally this might be due to her lack of proficiency; Lu Chen had only recently taught her this Immortal Law, so being unable to use it skillfully wasn't surprising.

However, the energy consumption of this Immortal Law was immensely high, especially when the red Immortal Aura from the oil lamps transformed Evil Qi into Red Silk, her inner Immortal Aura was consumed rapidly.

Ling Yin Immortal King suspected converting Evil Qi might also deplete a significant amount of Immortal Aura.

Ling Yin Immortal King planned to consult Lu Chen later, but the immediate priority was to cleanse the traitors, so she transmitted to Mysterious Moon Palace's disciples and affiliated sect disciples, "Blood Eagle Hall has been defeated, immediately clear out the traitors!"

Upon hearing Ling Yin Immortal King's transmission, Mysterious Moon Palace's morale soared, and in the next moment, they launched a counterattack. When Ghostly Evil Immortal King fled, he took only a few Immortal Monarchs, leaving Evil Immortal Disciples and Jade Dragon Sect disciples still on the battlefield. Within less than a day, Jade Dragon Sect, Baiman Sect, and the Evil Immortal Disciples either died or fled, completely losing will to resist.

Chapter 1745: Chapter 1435: She Really Did Develop Those Forbidden Feelings for This Man

The battle at the Jade Dragon Sect greatly boosted the morale of the Profound Moon Palace's side, especially when Ling Yin Immortal King appeared and quickly defeated the Ghostly Evil Immortal King's soul projection. This news spread quickly among the affiliated sects of the Profound Moon Palace, causing some wavering affiliated sects to temporarily settle down.

However, although the war was over, the elders of the Profound Moon Palace were not very happy because this war had seriously injured the Hall Master's direct disciple.

All the Immortal Monarchs were pondering how to explain this to their Hall Master once he came out of seclusion.

In the room filled with the scent of medicine, Lu Chen's Heavenly Immortal clone lay quietly on the bed, his face devoid of any color, as pale as a corpse, looking as if he was on the brink of death.

Ye Chuyao stood by the bedside, seeing Lu Chen in this state, her heart was filled with immense worry. She very much wanted to ask her Honored Master to come out of seclusion to see if there was a way to help Lu Chen recover.

Just then, Lu Chen suddenly coughed, and Ye Chuyao quickly asked, “Junior Brother, how are you feeling now?”

At this time, Lu Chen slowly opened his eyes. To be honest, if it wasn't for Ye Chuyao constantly watching over this body, Lu Chen would have wanted to give it up. This body had severed meridians all over, a shattered Dantian, and the Immortal Aura within was almost completely dissipated, with life force constantly ebbing away.

Lu Chen weakly said, “Senior... Senior Sister... I'm... fine...”

Seeing Lu Chen's appearance of bravado, Ye Chuyao felt even more distressed. She believed that Lu Chen wasn't a fool; he must be aware of his body's condition by now. Saying he's okay was definitely him forcing himself to not worry her.

Ye Chuyao really wanted to question Lu Chen on why he hadn't used the life-saving treasure their Honored Master gave him. As a direct disciple, their Honored Master would surely have left them a life-saving jade scroll, capable of withstanding a full strike from an Immortal Monarch without any issue whatsoever.

But Lu Chen hadn't used it. Not only that, he had confronted the opponent head-on. A Heavenly Immortal going head-to-head with an Immortal Monarch was courting death.

Though she was a bit angry with Lu Chen's reckless behavior, seeing him like this, there wasn't much more she felt she could say.

She now only hoped that Lu Chen could recover.

Lu Chen then said, "Senior Sister, you should go cultivate. Don't keep watching over me. If Honored Master finds out you're always here and your cultivation is delayed, she might blame me again."

Hearing this, Ye Chuyao felt even more distressed. She didn't know what was wrong with her. Clearly, it was just due to some misunderstanding that she and this Junior Brother ended up in a moment of fleeting passion; it was just a mere act of passion. As an Immortal, it was impossible to fall in love with someone over one act of passion.

But now, she was indeed feeling very troubled. Ye Chuyao couldn't help but wonder, could it be that she had indeed developed some emotions for him that she shouldn't have?

Ye Chuyao said, "It's fine. Since the Evil Immortals invaded, I can't calm down to cultivate anyway."

Lu Chen gazed at Ye Chuyao's cold and beautiful jade-like face and then said, "Senior Sister, if Honored Master comes out of seclusion and finds I've become a cripple, will she expel me from the Profound Moon Palace?"

Ye Chuyao immediately said, "Don't overthink. Honored Master isn't like that."

Lu Chen said, "Honored Master is already worried about me disturbing your cultivation. The main reason she kept me here in the first place was because she saw that I had some talent. Now that I've become a cripple, she has no reason to keep me in the Profound Moon Palace. Once I'm expelled, no one in the palace will bother you in your cultivation again."

Hearing this, Ye Chuyao fell into silence. If Lu Chen's body truly couldn't recover, perhaps their Honored Master might indeed make him leave the Profound Moon Palace.

Although their Honored Master wouldn't be heartless enough to abandon Lu Chen to fend for himself outside, she might very well let him go live in the Immortal City.

Thinking of this, Ye Chuyao didn't know how to comfort Lu Chen.

Lu Chen was still gazing into Ye Chuyao's eyes. Seeing her silent, he continued, "Before Honored Master expels me from the Profound Moon Palace, I have one wish. I wonder if Senior Sister would grant it for me."

Ye Chuyao snapped back to reality and asked, "What wish? Tell me. As long as it's something that Senior Sister can help you with, she'll do everything she can to fulfill it."

Lu Chen said, "Ever since I was apart from Senior Sister, I've been longing for you, to the point where I can't even focus on cultivation."

"I know that now I've become a cripple and am unworthy of you, but before I leave the Profound Moon Palace, I want to have some beautiful memories with you. That way, even if I'm expelled, I would have no regrets."

Upon hearing Lu Chen's words, Ye Chuyao was momentarily stunned. She immediately understood what Lu Chen meant.

Even in his current state, he was still thinking of being with her.

Was he truly so infatuated with her?

If he was truly so infatuated, why did he agree to Honored Master's decision to marry Xiao Xueying and Cao Shiyun?

Ye Chuyao fell into a long silence.

To her, such affairs shouldn't matter much. After all, she had already done such things with Lu Chen, so one more time or one less wouldn't make much of a difference.

But still, Ye Chuyao felt conflicted. If her Honored Master were to find out that she once again engaged in such behavior with Lu Chen, would she worry about him lingering after being kicked out of the Profound Moon Palace and then toss him into the mortal world to fend for himself?

If Lu Chen was still in the Immortal City, it would be easy for her to see him, since there was a Transmission Array between the Immortal City and the Profound Moon Palace. However, if Lu Chen were thrown into a mortal city or kingdom, finding him again would be like searching for a needle in a haystack.

Though she assumed Lu Chen would likely be expelled, the thought of never being able to see him again pained her heart.

With a slight sigh, Ye Chuyao thought to herself.

Indeed, she had developed those emotions for this man.

Seeing Lu Chen's pale, handsome face and his longing eyes, Ye Chuyao ultimately couldn't bear to refuse him. She thought, considering they had already shared such moments, a couple more wouldn't matter, as long as Honored Master didn't find out.

Thinking this, Ye Chuyao said to Lu Chen, "Okay, I promise you, but you have to wait until you're recovered. Then, I'll take you to the Immortal City."

Such things couldn't be done in the Profound Moon Palace. If done here, one Divine Thought from her Honored Master could detect it.

Since Lu Chen might be sent to the Immortal City, she might as well choose a suitable city for him.

Seeing Ye Chuyao agree, Lu Chen happily said, "Thank you, Senior Sister!"

Ye Chuyao then said, "Rest well first. I'll go inform the two junior sisters."

She couldn't just take someone else's darling without saying anything, especially since Xiao Xueying and Cao Shiyun were her junior sisters.

Chapter 1746: Chapter 1436: What Wish Could Lu Chen Possibly Have?

Ye Chuyao hesitated for a moment when she arrived at Xiao Xueying and Cao Shiyun's courtyard. In fact, since Lu Chen returned to the Mysterious Moon Palace, she hadn't told Xiao Xueying and Cao Shiyun about Lu Chen being heavily injured.

Not only them, but few disciples in the Mysterious Moon Palace knew about this matter, only the elders knew that Lu Chen was already abandoned.

The news wasn't announced because she feared it would affect their morale, as Lu Chen is the Hall Master's direct disciple.

So after Ye Chuyao brought Lu Chen back, she let him recuperate in her room.

Ye Chuyao stood in front of Lu Chen's courtyard gate, hesitated for a long time, and finally pushed the door open to enter the courtyard.

At this time, both Xiao Xueying and Cao Shiyun were in the courtyard, sitting in the pavilion discussing something. Seeing Ye Chuyao at the door, Xiao Xueying immediately asked, "Senior Sister, what's the matter?"

Ye Chuyao thought for a moment and decided not to tell them that Lu Chen was already abandoned. She then said, "The elders plan to send Junior Brother Chen to the Immortal City as an inspection envoy; he may not return to the Mysterious Moon Palace for a while."

Upon hearing this, Xiao Xueying and Cao Shiyun were momentarily stunned. They had just been talking and laughing with Lu Chen; why hadn't he mentioned this to them?

However, they didn't really care too much, as Lu Chen would leave clones wherever he went, and these clones were connected to the main soul; all clones shared one main body, not the traditional meaning of clones.

In other words, Lu Chen had no so-called clones; every clone was the main body.

Xiao Xueying smiled slightly and then said, "Thank you, Senior Sister, for letting us know."

Seeing that the two women didn't seem to care, Ye Chuyao sighed inwardly, thinking about the day they learned Junior Brother was abandoned, not knowing how sad they would be.

She wondered if they would choose to leave her Junior Brother.

Although they were already married to him, in the Tianyan Immortal Domain, separation between couples was very common, and it wasn't as complicated as for mortals—it was just a matter of saying a word.

Ye Chuyao thought that Xiao Xueying and Cao Shiyun chose to marry Lu Chen possibly because he was their Honored Master's direct disciple. Now that he has become abandoned, maybe they have no feelings left for him.

If it really was like that, it might be a heavy blow to him.

Thinking that Lu Chen might be abandoned by Xiao Xueying and Cao Shiyun, Ye Chuyao suddenly felt a hint of anticipation.

At this moment, she almost wanted to tell them about Lu Chen's situation, but considering that abandoning him at this time might cause deep harm to Lu Chen, which would be detrimental to his physical recovery, Ye Chuyao ultimately dismissed the idea.

Ye Chuyao didn't linger long and then turned to leave Lu Chen's courtyard.

After Ye Chuyao left, Lu Chen's Mortal Immortal Avatar emerged from the room, and Xiao Xueying looked at Lu Chen and said, "Junior Brother, why didn't you tell us you're going to Immortal City as an inspection envoy?"

Lu Chen replied with a smile, "Senior Sister Ye was lying to you."

Upon hearing this, the two women were slightly stunned. Lied to them? For what?

Lu Chen continued, "My clone was severely injured, so Senior Sister Ye thought I was abandoned and might be expelled from the Mysterious Moon Palace, so she wanted to take me to Immortal City to fulfill my wish."

Upon hearing "fulfill my wish", the two women looked at Lu Chen with a resentful expression. They weren't fools. Ye Chuyao taking Lu Chen away from the Mysterious Moon Palace and wanting to fulfill a wish for him didn't seem like a proper wish.

What wish could Lu Chen have?

Having been with Lu Chen for some time, they knew him well. This bad guy didn't seem interested in anything else except that sort of thing.

However, despite knowing what Lu Chen and Ye Chuyao planned to do next, the two women didn't say anything. After all, Lu Chen could create as many clones as he wanted, and no matter how many women Lu Chen had, they didn't feel jealous.

...

Chiyan Sect.

Meeting Hall.

The elders had serious expressions and remained silent, seemingly pondering something.

At this time, an elder said, "We didn't expect the Tianxia Immortal Dynasty to actually come and attack us, it seems they have indeed colluded with the Blood Eagle Hall."

Another elder said, "Now we have to deal with the Tianxia Immortal Dynasty, I'm afraid we won't have the strength to help Mysterious Moon Palace."

“Although the Immortal Emperor of Tianxia Immortal Dynasty is just an Immortal Monarch, the Immortal Dynasty has deep foundations, with several Immortal Kings. It won’t be easy to withstand their attack. I believe Mysterious Moon Palace will understand us.”

Another elder said, “It’s just unclear whether Mysterious Moon Palace can withstand the attack of Blood Eagle Hall. If Mysterious Moon Palace can’t withstand, after Mysterious Moon Palace is destroyed, the next immortal sect to be annihilated might be our Chiyan Sect.”

Upon hearing this elder’s words, the present elders fell into silence again. They understood the logic of shared destiny, but they truly had no spare strength to aid Mysterious Moon Palace now.

After a while, an elder said, “Now it depends if Mysterious Moon Palace can eliminate the Jade Dragon Sect, the forefront base of Blood Eagle Hall. I have a feeling that Blood Eagle Hall will send experts to guard Jade Dragon Sect.”

Just as this elder finished speaking, a steward rushed into the meeting hall from outside.

“Sect Master, good news!”

Upon hearing the steward's words, the Chiyen Immortal King, who had been silent, asked, "What good news?"

Since the Tianxia Immortal Dynasty's army threatened them, the Chiyen Immortal King's mood had been very gloomy, and bad news kept coming. Now, hearing the mention of good news, the Chiyen Immortal King couldn't help but feel a hint of curiosity.

What good news could there be at this time?

After the Chiyen Immortal King's words fell, the steward took out a Communication Jade Scroll, which then revealed the intelligence of Mysterious Moon Palace defeating the evil immortals of Jade Dragon Sect.

Seeing within the intelligence that Ling Yin Immortal King repelled the Soul Projection of the Ghostly Evil Immortal King, the elders in the meeting hall became instantly excited.

Even though it was just a Soul Projection, Ling Yin Immortal King being able to repel him under the suppression of Evil Qi indicated Ling Yin Immortal King's extraordinary strength, which made them see hope for victory in this war.

The Chiyen Immortal King, coming to his senses, laughed loudly and said, "Good! Good! Good! It seems our ally has some strength after all, we were worrying needlessly."

The Chiyan Immortal King had been concerned whether Mysterious Moon Palace's campaign against the Jade Dragon Sect would succeed, especially since the Blood Eagle Hall had the Soul Projection of the Ghostly Evil Immortal King. Yet they still lost.

The Chiyan Immortal King then continued, "Since the ally is so reliable, we can't fall behind. No matter what, we mustn't let the Tianxia Immortal Dynasty's army pass."

"Transmit my order, initiate the counterattack immediately!"

Having children earns benefit, start competing for dominance in the world by marrying a wife

Mysterious Moon Palace, Main Peak.

Xu Jingshu was dressed in a long red gown, which wrapped around her graceful figure. As she walked on the Enlightenment Field, she naturally attracted the gaze of nearby people.

At that moment, a red-haired man on the Enlightenment Field was suddenly captivated by Xu Jingshu's blood-red locks.

Seeing this woman, the Golden Wing Immortal Monarch's eyes lit up, and he asked the man beside him, "Who is this woman?"

The Golden Wing Immortal Monarch had been in seclusion until yesterday, so although he had heard about the Saintess, he hadn't seen Xu Jingshu and thus didn't recognize her.

At this moment, the person beside him said, "Senior Brother, she is the mother of the Saintess."

Hearing this, the Golden Wing Immortal Monarch was taken aback.

Initially, he was considering bringing this woman to his peak as his Dao companion, but he didn't expect her to be the Saintess's mother.

Golden Wing Immortal Monarch regained his composure and slightly furrowed his brows, thinking why such a beautiful woman wasn't his Dao companion.

Wait a minute...

The Golden Wing Immortal Monarch suddenly thought of something—if he could become her Dao companion, wouldn't he then be the father of the Saintess?

With this connection, his status in the Mysterious Moon Palace would certainly rise further.

He immediately instructed his attendants, "Go and find out who her Dao companion is."

As soon as he spoke, the Golden Wing Immortal Monarch walked directly to Xu Jingshu and, with a smile, said, "Junior Sister Xu, let's get acquainted. I am the Young Peak Master of Sky Eagle Peak, Golden Wing Immortal Monarch."

Seeing the sudden appearance of the red-haired man, Xu Jingshu was momentarily stunned. Since she'd arrived at the Main Peak, almost no one dared stand in her way. After all, with her bearing the Saintess inside her, they couldn't afford any mistakes.

Xu Jingshu recovered her senses and asked, "Senior Brother Jinchi, what do you need from me?"

Golden Wing Immortal Monarch smiled and said, "Nothing much, just wanted to get to know you."

"Since you've just arrived at the Mysterious Moon Palace, you might not be familiar with it. Would you like me to show you around?"

Xu Jingshu replied, "I have orders from the Palace Master not to leave the Main Peak."

In fact, due to concerns about Xu Jingshu's well-being, Immortal Venerable Yun Meng had initially kept her in a small world.

But seeing Xu Jingshu growing anxious while staying alone there made Yun Meng worried that such emotions might negatively affect the child. So, Xu Jingshu was allowed to walk around the Main Peak.

However, she was limited to the Main Peak, and Yun Meng had deliberately assigned an Immortal King to protect her.

Upon hearing Xu Jingshu's words, the Golden Wing Immortal Monarch immediately realized that Xu Jingshu was indeed a VIP requiring special protection.

Golden Wing Immortal Monarch then said, "No problem, the Main Peak is quite large. You mustn't be familiar with it yet."

Xu Jingshu slightly furrowed her eyebrows and then said, "Senior Brother, I have two Senior Sisters guiding me. I won't trouble you."

Since her arrival at the Mysterious Moon Palace, others had been afraid of associating with her for fear of being blamed should anything happen to the child in her womb. Yet, this person seemed unusually persistent, clearly driven by some ulterior motive.

After hearing Xu Jingshu's words, the Golden Wing Immortal Monarch noticed the two Immortal Kings behind her.

Golden Wing Immortal Monarch then smiled and said, "I see, then I won't disturb you anymore."

With those words, the Golden Wing Immortal Monarch stepped aside, allowing Xu Jingshu to leave the Enlightenment Field. Watching Xu Jingshu's swaying hips as she walked away, his desire to possess Xu Jingshu intensified.

However, first, he had to deal with her current Dao companion; if her existing Dao companion remained, she might not seek a new one.

Additionally, regardless of her relationship with her current Dao companion, the Golden Wing Immortal Monarch found their presence irksome. Moreover, if he

wished to become the father of the Saintess, the original father couldn't remain alive.

...

Thanks to Ye Chuyao's meticulous care, Lu Chen's health gradually improved. However, his meridians and Dantian had yet to recover, and his Heavenly Immortal clone was practically just like a Mortal.

Despite lacking power internally, he still faced no issues with intimacy. With Lu Chen nearly recovered, Ye Chuyao took him away from the Mysterious Moon Palace, heading to Bihai Immortal City below.

In Bihai Immortal City, she purchased a residence, settling Lu Chen there.

At this moment.

Bihai Immortal City, Chen Mansion.

In the courtyard, Ye Chuyao looked at Lu Chen and said, "Junior Brother, how do you find this residence?"

"If you're satisfied, you can live here from now on."

Lu Chen glanced around the courtyard and then said, "Hmm, alright, here it is then."

As he said this, Lu Chen's gaze fell on Ye Chuyao. Seeing his fiery gaze, she reacted immediately.

Thinking of the act they were about to engage in, hidden from their Honored Master, Ye Chuyao felt a peculiar sensation.

Her cheeks flushed slightly, just as she was about to speak, Lu Chen wrapped his arm around her waist, "Senior Sister, you'll fulfill my desire, won't you?"

Saying this, Lu Chen stared directly into Ye Chuyao's beautiful eyes. Being watched like this, Ye Chuyao felt slightly anxious and then said, "Junior Brother, once our Honored Master concludes his seclusion, we can't continue doing this."

Before their Honored Master emerged from seclusion, she could engage in such activities with Lu Chen, but continuing after would likely lead to exposure.

Lu Chen said, "I understand; as soon as the Honored Master emerges, I promise not to disturb your practice. I'll remain in Bihai Immortal City and won't return to the Mysterious Moon Palace."

Hearing this, Ye Chuyao sighed internally and decided against further argument. Using her Space Technique, they vanished, reappearing inside a room.

When they appeared in the room, before Ye Chuyao could speak, Lu Chen kissed her lips.

"Mmm..."

Ye Chuyao was momentarily stunned, instinctively wanting to push Lu Chen away. Yet, recalling past experiences with him, she suppressed the urge.

At that moment, Lu Chen's hand wandered over her light garments, touching her skin through the fabric. This warm sensation instantly stirred Ye Chuyao's Immortal Aura, making her body heat up.

Despite Lu Chen's body now resembling a Mortal's, this did not impede his ways.

As time passed, they moved from the floor to the bed, gradually stripping away their clothing until they got down to business.

Ye Chuyao was somewhat surprised by Lu Chen's methods; she hadn't expected him to be so aggressive despite no longer having Immortal Aura.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Even though, in Ye Chuyao's perception, Lu Chen was still as fierce as before even as a mortal, Lu Chen clearly felt how powerless he was without the Immortal Aura.

One must know that when he was an Immortal, engaging in dual cultivation with his partner for several years was not an issue, but now, without spiritual energy and Immortal Aura, his limit barely surpassed that of an ordinary person and was even inferior to those cultivators.

Lu Chen thought to himself that a mortal body was truly disappointing; no, he must find a Mortal Immortal body no matter what.

Moreover, without Immortal Aura, it would be difficult for Ye Chuyao, a True Immortal, to bear his child. Handling affairs with a mortal body had no benefits other than that slight feeling.

After the torrential storm, Lu Chen embraced Ye Chuyao, who lay atop his chest.

For some reason, lying on Lu Chen's chest always gave her a great sense of peace.

At that moment, Ye Chuyao suddenly thought of something and said to Lu Chen, "Junior brother, I need to return to the Mysterious Moon Palace. Although the war against the Jade Dragon Sect was victorious, the infiltration of the Evil Immortals continues. In a few days, there will be a discussion on how to respond to the Evil Immortals' invasion."

Being a direct disciple of the Hall Master and a potential Young Hall Master, Ye Chuyao was required to attend the Elder meetings.

Lu Chen was secretly delighted, as he had been worrying about how to change his body in front of Ye Chuyao, and now the opportunity had presented itself so quickly.

Once Ye Chuyao left Bihai Immortal City, he would immediately switch to a Mortal Immortal body, making dual cultivation with Ye Chuyao for a few years no longer a problem.

Lu Chen then asked, "Senior Sister, will you return to Bihai Immortal City after going back?"

Upon hearing this question, Ye Chuyao pondered for a moment before saying, "It depends on how the Ling Yin Immortal King arranges things. After all, I'm a direct disciple of the Hall Master, and at such a crucial time, there will always be some special tasks."

Ye Chuyao also wished to stay longer in Bihai Immortal City, but considering her identity, she had no choice.

Lu Chen said, "I understand, then I'll wait for Senior Sister to return to Bihai Immortal City."

After spending a while together, Ye Chuyao got up and returned to the Mysterious Moon Palace. As soon as Ye Chuyao left, Lu Chen's soul projection at the Mysterious Moon Palace created a Mortal Immortal avatar, which he then used to replace the mortal body in Bihai Immortal City.

...

Blood Eagle Hall.

Meeting Hall.

The atmosphere in the hall today was extremely oppressive. Within the hall, shrouded in blood mist, no one spoke. Everyone attending the meeting had already arrived, but after the Ghostly Evil Immortal King projected the image of his battle with the Ling Yin Immortal King inside the hall that day, the hall fell into a dead silence.

After an unknown amount of time, the Ghostly Evil Immortal King finally spoke, "It's not surprising that Thunderbolt Power restrains Evil Qi, but the power of the Ling Yin Immortal King did not involve Thunderbolt Power; it was a type of immortal power I've never encountered before."

The Blood Demon Immortal King asked, "This should be the result of cultivating a certain Immortal Law, causing the immortal power within to change and thus suppressing Evil Qi."

Upon hearing the Blood Demon Immortal King's words, the hall fell silent again, as this was not good news for them.

Evil Immortals were stronger than Immortals of the same Realm precisely because the Evil Qi could suppress the Immortal Aura of the Righteous Immortals.

If the Immortal Aura of the Righteous Immortals could counter Evil Qi instead, their advantage would be gone.

Moreover, judging by the fact that the Ghostly Evil Immortal King's soul projection couldn't withstand even a single move from the Ling Yin Immortal King's magic, it was clear the Immortal Aura of the Ling Yin Immortal King deeply suppressed the Evil Qi of the Ghostly Evil Immortal King.

The Netherworld Immortal King said, "Fortunately, the Ling Yin Immortal King made a move this time; otherwise, we wouldn't have known that the Mysterious Moon Palace secretly possessed Immortal Laws that could counter Evil Qi. If they used that magic after we attacked the Mysterious Moon Palace, the three of us would be severely injured."

Upon hearing the Netherworld Immortal King's words, both the Blood Demon Immortal King and the Ghostly Evil Immortal King felt equally relieved. Indeed, had they waited until their true bodies descended and the other party then used that magic, they would have been severely injured.

But now that they knew the Mysterious Moon Palace had methods to restrain Evil Qi, they couldn't act rashly anymore. They had to find out what that Immortal Law was.

The Blood Demon Immortal King immediately ordered, "Have all the disciples of the Blood Eagle Hall go into hiding immediately. Until we discover the Immortal Law used by the Ling Yin Immortal King, no one is to act without permission."

Upon hearing the Blood Demon Immortal King's command, an Immortal Monarch Elder said, "Hall Master, what about the Heavenly Splendor Hall's orders if we halt now?"

Most of the Evil Immortal Elders present were unwilling to stop, as the war had already begun, and more importantly, the slaughter could quickly enhance their strength.

Upon hearing that Elder's words, the Blood Demon Immortal King snorted coldly and said, "We are not the dogs of the Heavenly Splendor Hall!"

As someone about to reach the Immortal Venerate level, the Blood Demon Immortal King did not fear the Heavenly Splendor Hall much. On the contrary, he believed that sooner or later, he could step over the Heavenly Splendor Hall and take its place.

The Blood Demon Immortal King continued, "Let me remind you, if you recklessly attack without understanding the Immortal Law used by the Ling Yin Immortal King and how to counter it, it's akin to seeking death. Should the Mysterious Moon Palace locate the small world of the Blood Eagle Hall through you, I will turn you into my nourishment before the Mysterious Moon Palace even makes a move."

Since the Blood Demon Immortal King had said this much, the Elders present had nothing more to say.

...

Bihai Immortal City.

Chen Mansion.

After the meeting, Ye Chuyao immediately returned to Bihai Immortal City. Ling Yin Immortal King had not assigned her any special tasks, only instructing her to rest for a period of time.

Seeing that she had no tasks, Ye Chuyao thought of fulfilling Lu Chen's wish.

Upon entering the Chen Mansion, Ye Chuyao felt something amiss. She distinctly noticed the Immortal Aura around the mansion converging towards one room. She then used her Divine Sense to probe and discovered a Mortal Immortal in Lu Chen's room.

Ye Chuyao's face changed slightly. To her, it seemed almost impossible for Lu Chen to recover his Cultivation State, so it couldn't be Lu Chen in that room.

If it wasn't her junior brother, then who was in the room?

Could it be that something had happened to Lu Chen?

Thinking of this possibility, Ye Chuyao rushed into Lu Chen's room. Upon seeing Lu Chen sitting cross-legged and cultivating on the bed, she was stunned.

Then, with a stern face, she asked, "Who are you?"

She now suspected this junior brother might be someone else in disguise. Clearly, when she left, her junior brother was still a mortal, and it hadn't been long since she left, yet now he was a Mortal Immortal?

With all his meridians broken and his dantian shattered, how could he possibly recover to the Mortal Immortal Realm in such a short time? So it must be someone transforming into his appearance.

Upon hearing Ye Chuyao's voice, Lu Chen opened his eyes, seeing Ye Chuyao looking at him with vigilance. Lu Chen smiled and said, "Senior Sister, we just shared intimacy before you left, have you forgotten me so soon?"

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1749: Chapter 1439: Junior Brother, We Can't Keep Making the Same Mistakes...

Hearing Lu Chen's words, Ye Chuyao was immediately taken aback. Was the man before her really her junior brother?

But wasn't he supposed to have his entire meridians severed, dantian shattered, and become a mortal? Yet now, he had become a Mortal Immortal. How long had it been since she left, and he had gone from a mortal to a Mortal Immortal?

Even if his body healed itself, it couldn't be so fast, could it?

Ye Chuyao, in disbelief, asked, "Are you... really Chen Lu?"

Lu Chen smiled and said, "It's me."

Ye Chuyao immediately asked, “How did your cultivation recover?”

Lu Chen said, “I don’t know how, but right after senior sister left, my meridians began to heal themselves, and my dantian recovered too. Perhaps it’s because of my dual cultivation with senior sister?”

This...

How could one’s meridians and dantian recover so easily without using any heavenly materials? Ye Chuyao found it unbelievable.

As for dual cultivation, that was even more impossible. They hadn’t circulated any Immortal Aura during such times, so it couldn’t be considered dual cultivation, merely pure enjoyment between a man and a woman.

Ye Chuyao suddenly thought of something. Her honored master had always disliked men, and the Mysterious Moon Palace had never accepted male disciples. But for this junior brother, an exception was made. Perhaps her honored master knew he had an extraordinary physique and took him as a direct disciple.

Thinking of this, Ye Chuyao finally felt relieved. Now that Lu Chen’s meridians were healed and his dantian was normal again, although only at the Mortal Immortal Cultivation state, as long as he cultivated diligently, returning to the Heavenly Immortal Realm shouldn’t be too hard.

However, since Lu Chen had recovered, should she still fulfill his wish?

Ye Chuyao looked at Lu Chen with a complex expression and then said, “Junior brother, since you’ve recovered, you should return to the Mysterious Moon Palace with me.”

Upon hearing this, Lu Chen asked, “Senior sister, are you in such a hurry to distance yourself from me?”

“I...”

Ye Chuyao hesitated to speak.

The next moment, Lu Chen got off the bed and walked towards Ye Chuyao. As he approached, Ye Chuyao’s heart beat faster, and she suddenly felt extremely nervous.

She initially agreed to help fulfill Lu Chen’s wish, thinking he was already a mortal. But now that Lu Chen had recovered.

Soon, Lu Chen reached Ye Chuyao, and she subconsciously took a step back. However, as soon as she did, Lu Chen suddenly reached out and grabbed her delicate hand, pulling her soft body into his embrace.

Ye Chuyao's heart tightened, and she quickly said, "Junior brother, we can't continue making mistakes. If our honored master finds out..."

Lu Chen interrupted, "Weren't you worried about being discovered by our honored master when you were with me the other day?"

Ye Chuyao was momentarily speechless, feeling Lu Chen's hand sliding down her waist, growing even more nervous inside.

At this moment, Lu Chen whispered in her ear, "Senior sister, you promised to fulfill my wish."

Ye Chuyao wanted to say more, but Lu Chen directly captured her lips.

"Mmm!"

Ye Chuyao struggled slightly but eventually chose to give in. With her True Immortal strength, pushing away a Mortal Immortal like Lu Chen would be effortless.

Yet, she couldn't bring herself to do it.

She thought that since they've already been together several times, once more wouldn't make a difference, as long as her honored master didn't find out.

Seeing that Ye Chuyao didn't push him away, Lu Chen began to take advantage further, his hand on her waist gently pulled, loosening her belt. As the belt fell, her light silk robe slipped off, revealing the white undergarments inside.

Lu Chen continued to kiss her while gently guiding her to the bed. After laying her down, he leaned over her softly.

Throughout it all, Ye Chuyao did not stop Lu Chen. Instead, she wrapped her arms around his neck.

...

Mysterious Moon Palace, Sky Eagle Peak.

In a splendid palace, the Golden Wing Immortal Monarch lay across the laps of two fairies. At this time, a disciple entered the hall, “Senior brother, we have found them.”

Hearing this, the Golden Wing Immortal Monarch immediately sat up from the fairies’ laps, looking at the disciple in the hall, “Where are they now?”

The disciple replied, “Now at Heavenly Language Peak.”

Upon hearing this, the Golden Wing Immortal Monarch frowned. If it was at Heavenly Language Peak, then the person was likely under protection, given that Xu Jingshu was nominally the Heavenly Language Immortal Venerate’s disciple.

The Heavenly Language Immortal Venerate wouldn’t want anything to happen to their disciple’s couple, and maintaining a connection with Xu Jingshu’s couple would help in maintaining relations with her. When the Saintess emerges, this connection would ensure her goodwill towards Heavenly Language Peak.

The Golden Wing Immortal Monarch asked, “What’s his strength?”

The disciple in the hall replied, “Heavenly Immortal Realm.”

Hearing this, the Golden Wing Immortal Monarch chuckled.

“Just Heavenly Immortal Realm?”

He thought removing a Heavenly Immortal would be easier than crushing an ant and immediately said, “Find a way to get rid of him.”

The disciple in the hall said, “He has been staying at Heavenly Language Peak. If we intrude, it might anger the Heavenly Language Immortal Venerate.”

The Golden Wing Immortal Monarch said calmly, “Who said it has to be someone from our peak?”

That disciple instantly understood the Golden Wing Immortal Monarch’s intent and said, “I’ll go make arrangements immediately.”

As the words fell, the disciple turned to leave. Watching the disciple’s back, the Golden Wing Immortal Monarch’s lips curled up, muttering, “Once your couple is dead, you’ll find it hard to endure loneliness.”

...

In the dead of night.

In a quiet bamboo forest, leaves danced in the wind. Deep within the bamboo grove was a small courtyard, where Lu Chen's Heavenly Immortal clone now resided.

At this moment, practicing cultivation in the room, Lu Chen's eyes snapped open. He sensed several auras quickly approaching his courtyard.

Coming here so late, they were clearly up to no good. Without any hesitation, Lu Chen took out the Immortal Slaying Sword from the system space.

At this moment, a Sword Qi descended from the sky, directly striking the courtyard where he was.

Seeing the opponent's intent to kill from the start, Lu Chen smirked. They showed no fear of alerting the Heavenly Language Immortal Venerate. Could these assassins have been sent by the Heavenly Language Immortal Venerate?

Did the Heavenly Language Immortal Venerate think he was unworthy of Xu Jingshu, afraid he would delay her, and thus wanted to eliminate him?

Thinking of this, Lu Chen quickly dismissed the thought. The Heavenly Language Immortal Venerate, after all, was an Immortal Venerate and likely wouldn't target a Heavenly Immortal like him.

Perhaps someone else wanted him dead, and the Heavenly Language Immortal Venerate tacitly allowed it, to let someone else do the dirty work, which is why they managed to get here.

Thinking of this, Lu Chen swung his sword.

Green Fall Cyan Dragon Roar!!!

A blood-red colossal dragon roared thunderously, charging at the Sword Qi headed for the courtyard.

When the Blood Dragon collided with the Sword Qi, it instantly shattered the Sword Qi and charged toward the assassins.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1750: Chapter 1440: Lu Chen's Bluff

Seeing the Blood Dragon before them, the assassins were immediately shocked.

Wasn't the target supposed to be just an ordinary Heavenly Immortal???

This sword strike wasn't something an ordinary Heavenly Immortal could have produced!

At this moment, Wei Pengtao said to the others, "Attack with all your might! Leave no room for mercy!"

As his words fell, everyone used their most powerful magic techniques. In the next moment, various spells were hurled at Lu Chen. Although Lu Chen's sword strike had already far surpassed the strength of a Heavenly Immortal, when faced with several Golden Immortals attacking at once, his sword strike was quickly blocked.

Lu Chen glanced at the masked people in front of him. Although these assassins' masks had the effect of preventing Divine Sense probing, Lu Chen didn't need to use Divine Sense to identify someone.

Lu Chen immediately used the system to identify these people's identities and discovered that they were all disciples of Heavenly Language Peak.

Lu Chen couldn't help but suspect Heavenly Language Immortal Venerable again. Could it really be that Heavenly Language Immortal Venerable sent them to deal with him?

Just as Lu Chen was thinking this, Wei Pengtao attacked again, slashing towards Lu Chen.

Lu Chen immediately put away his sword. In the next moment, a Tai Chi Diagram appeared behind him.

As Wei Pengtao's blade qi was about to touch Lu Chen, it suddenly vanished.

With the Heavenly Immortal Realm, Lu Chen could use the Taichu Infinite Scripture to withstand a full strike from an Immortal Monarch, let alone an attack from just a Golden Immortal.

Wei Pengtao was unwilling to give up, so he swung his blade again. However, after slashing more than a dozen times in a row, he still couldn't injure Lu Chen.

Wei Pengtao couldn't help but curse, "Damn it, is this really a Heavenly Immortal?"

At this moment, Lu Chen activated the Taichu Infinite Scripture. In an instant, the blade qi Wei Pengtao had slashed at him flew back towards Wei Pengtao and the others.

Seeing this, Wei Pengtao and the others' expressions slightly changed, "Not good!"

Wei Pengtao and the others hurriedly dodged. After the blade qi passed, Wei Pengtao frowned deeply, "What kind of wicked Immortal Laws are these!"

With one glance, he saw that the blade qi released by Lu Chen was actually the same as the blade qi he had previously slashed, clearly indicating that the opponent had converted his attack into their own.

If the opponent could continuously convert his attacks, they might not be able to harm this guy at all.

However, Wei Pengtao quickly realized that the more heaven-defying the Immortal Law, the greater the Immortal's consumption. This kind of Immortal Law that could completely convert a Golden Immortal's attack should consume an even more terrifying amount of Immortal Aura. As long as they waited for this guy to exhaust his Immortal Aura, they could easily kill this guy.

However, this commotion would soon attract other people, so they had to finish quickly.

Wei Pengtao guessed that the more powerful the magic technique converted, the greater the opponent's Immortal Aura consumption, so he immediately said to the people behind him, "Don't hold back!"

As his words fell, Wei Pengtao gathered all his Immortal Aura.

In the next moment, a massive Golden Bell appeared above his head. Immediately after, he shouted, "Soul Suppressing Bell!!!"

As his words fell, waves of sound rushed towards Lu Chen, but as they were about to reach him, they vanished again.

Like Wei Pengtao, the other people's spells also disappeared without a trace as they were about to reach Lu Chen.

Wei Pengtao did not stop his attacks, continuing to strike. However, despite their repeated full-power attacks, Lu Chen still stood firmly in place.

Wei Pengtao frowned, his face turning extremely ugly. How could a mere Heavenly Immortal possess such strength? They were all Golden Immortals, attacking with full force, yet unable to shake him?

At this moment, Lu Chen smiled and said, “You don’t have any more tricks, do you? In that case, it’s my turn?”

As his words fell, Lu Chen immediately activated the Tai Chi Diagram behind him. Subsequently, the magical phenomena used by Wei Pengtao and the others reappeared and locked onto them.

Wei Pengtao hurriedly took out various Magic Treasures to defend against the attacks. Although they blocked their own spells, they felt extremely frustrated.

Several Golden Immortals failed to assassinate a Heavenly Immortal and ended up being made a fool of by this Heavenly Immortal.

At this moment, Lu Chen suddenly thought of something and directly said to Wei Pengtao, “Senior Brother Wei Pengtao, Heavenly Language Immortal Venerable just transmitted to me, telling you all to go to her immediately.”

Upon hearing this, Wei Pengtao and the others were stunned, momentarily dumbfounded.

They feared being discovered and thus wore masks that blocked Divine Sense probing. Chen Lu absolutely couldn't recognize them, and Chen Lu didn't know them personally, which meant there was a possibility that what he said was true.

The Heavenly Language Immortal Venerable, as an Immortal Venerate, could perceive what was happening at Heavenly Language Peak with a single Divine Thought.

Although their masks could block most Immortals' Divine Sense, they couldn't block the Divine Thought of the Heavenly Language Immortal Venerable.

However, as mere figures at Heavenly Language Peak, these Golden Immortals ought not to have their names known to Heavenly Language Immortal Venerable unless she was long aware of their actions.

At this thought, Wei Pengtao and the others broke out in a cold sweat.

It's over now...

Seeing these people being stunned by his words, Lu Chen said, "If you don't go, I can't say what the consequences will be."

Upon hearing this, Wei Pengtao and the others quickly came to their senses. Without any hesitation, they headed directly to the residence of Heavenly Language Immortal Venerable, the Heavenly Language Palace.

As for the thoughts of escaping, they did not entertain such ideas. With the strength of an Immortal Venerate, if they attempted to flee, their bodies would likely turn to blood mist before they could leave Heavenly Language Peak.

On the way to Heavenly Language Palace, someone nervously asked, “Why does the Peak Master want us there?”

“Could it be that she wants to kill us?”

Wei Pengtao replied, “If the Peak Master wanted to kill us, we would already be corpses. She probably wants to ask who the mastermind behind us is.”

Wei Pengtao added, “If we reveal the mastermind, we might still have a slim chance of survival.”

Saying this, Wei Pengtao felt tremendous regret. They should have never agreed to assassinate Chen Lu, whom they thought was just a servant of Xu Jingshu. They believed even if he died, Heavenly Language Immortal Venerable wouldn't care, which led them to agree to Sky Eagle Peak's request.

Soon, Wei Pengtao and the others arrived at Heavenly Language Palace. Just as they were about to enter, they were stopped by a young woman in green attire.

“What are you here for?”

The young woman in green was puzzled to see several Golden Immortals running to Heavenly Language Palace. Usually, disciples of Heavenly Language Peak wouldn't come to this place.

Wei Pengtao said, “The Palace Master summoned us here.”

Hearing this, the young woman in green was taken aback. She hadn't heard of Heavenly Language Immortal Venerable summoning anyone.

Regaining her composure, the young woman in green said, “Wait here, I'll go in and report.”

Soon, the young woman in green entered the palace. At this moment, Heavenly Language Immortal Venerable was sitting cross-legged in the hall. Feeling someone enter, she opened her eyes.

“What is it?”
