

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1761: Chapter 1451: Are You Willing to Take Me as Your Master?

After Liu Cai came to her senses, she quickly said, “What is the Master talking about, Sky Eagle Peak? This humble servant was sent from the main peak, I just admire the Master, which is why I did what I did today.”

At this point, she certainly couldn't admit she was from Sky Eagle Peak. She suspected Chen Lu must have sensed something during the last assassination attempt and thus doubted she came from Sky Eagle Peak. This was just a test. Perhaps Chen Lu wasn't sure she was indeed from Sky Eagle Peak.

If she admitted it now, she would be falling into Chen Lu's trap.

Seeing that Liu Cai did not admit her origin, Lu Chen became even more suspicious that the person who tried to assassinate him last time was sent by Sky Eagle Peak. However, he shouldn't have any grudges with the disciples of Sky Eagle Peak, so why would they send an assassin to kill him? Could they want him to die on Heavenly Language Peak and then sow discord between Xu Jingshu and Heavenly Language Peak?

Lu Chen then directly said, “It doesn’t matter if you don’t admit it. I will let the Heavenly Language Immortal Venerate perform a Soul Search on you.”

Upon hearing this, Liu Cai was stunned.

Soul Search? No way!

Although she wasn’t sure how her identity was exposed, she couldn’t simply sit and wait to die now.

If soft tactics didn’t work, then she might as well take immediate action. At this close distance, if she struck with all her might, there might be a chance to kill Chen Lu.

Thinking of this, Liu Cai unhesitatingly took out an Immortal Sword from her Space Ring and stabbed directly at Lu Chen.

Lu Chen had long anticipated Liu Cai would strike. The next moment, a yin-yang pattern appeared at Lu Chen’s feet.

Taichu Infinite Scripture!!!

Just as Liu Cai's sword was about to land on Lu Chen, an invisible barrier appeared in front of him, and Liu Cai's sword was unable to advance any further.

However, the Sword Qi emanating from this strike destroyed Lu Chen's house, and the noise inside the room immediately caught the attention of the maidservants outside.

Liu Cai knew she had to end the fight quickly. Not to mention the maidservants outside might come in to stop her, if she couldn't kill Chen Lu immediately, once the Heavenly Language Immortal Venerate noticed, she wouldn't have another chance.

Green Fall Yellow Spring Sword!!!

In an instant, the scene inside the room changed to one of a Corpse Mountain Blood Sea, with skeletal remains everywhere. Next to Lu Chen, a river of blood flowed, with constant bubbles rising.

Immediately, countless Blood Swords flew out from the blood river next to Lu Chen, rushing straight at him, yet Lu Chen stood unmoved.

The Blood Swords halted a mere ten feet from Lu Chen, unable to advance further. Seeing this, Liu Cai's brows furrowed.

How could this be?

As a Golden Immortal making a full-force attack against a Heavenly Immortal, how could she not even wound him?

Did he have a Life-saving Treasure from the Heavenly Language Immortal Venerate on him?

Upon considering this possibility, Liu Cai's expression became even darker, realizing that if he had such a treasure from an Immortal Venerate, it would be difficult to kill him.

Liu Cai then gripped her Longsword tighter and swung it again.

Yellow Spring Sword Intent!!!

In an instant, countless Sword Intents rushed towards Lu Chen. Although Liu Cai's Sword Intent contained destructive energy, Lu Chen remained unmoved, continuing to use the Taichu Infinite Scripture to absorb Liu Cai's attacks.

The next moment, the Sword Intent that Liu Cai had just unleashed vanished without a trace, like stones sinking into the sea. Sensing that her Sword Intent still hadn't harmed Lu Chen, Liu Cai was even more certain that Lu Chen had a treasure left by the Heavenly Language Immortal Venerate.

She knew the commotion here had surely drawn the attention of the maidservants outside, and it wouldn't be long before the Heavenly Language Immortal Venerate noticed as well. Since the mission failed, there was no need to stay here any longer.

With this in mind, Liu Cai prepared to flee, but unexpectedly, just as she was about to turn and leave Heavenly Language Peak, she suddenly sensed a terrifying Sword Intent behind her.

Liu Cai's mind went blank; she quickly turned back to look, only to see countless Blood Swords charging back at her, along with the Yellow Spring Sword Intent she had just unleashed.

Liu Cai was momentarily stunned. Wasn't that her move? How could Chen Lu use it?

With no time for further thought, Liu Cai quickly swung her sword to defend herself. However, Lu Chen had transformed the previous attacks into a single strike, which was stronger than Liu Cai's individual attacks. She was instantly

blown away, causing a violent explosion in Lu Chen's entire courtyard, and his room was blown apart.

Lu Chen's maidservants flew into the air, and when they saw the scene inside the room, they were all momentarily stunned.

At this point, Liu Cai was badly injured and half-kneeling in the courtyard, her eyes fixed intently on Lu Chen.

Lu Chen asked coldly, "Tell me, who sent you to assassinate me?"

Liu Cai didn't reply; she only let out a cold laugh and took out a Space Transmission Talisman, disappearing on the spot the next moment.

Seeing Liu Cai vanish, the other maidservants descended from the sky, though none dared to approach Lu Chen. They assumed Lu Chen had discovered the main peak's purpose in sending them, which led him to fight one of the girls.

Lu Chen glanced at his wrecked room and then said to the maidservants, "The repairs will be your responsibility."

The maidservants quickly responded, "Yes, Master!"

Once they spoke, the maidservants swiftly set about repairing the courtyard. Then, suddenly, a terrifying force rushed towards Lu Chen. Before he could respond, everything went black before his eyes.

When light returned, Lu Chen found himself in the bedchamber of the Heavenly Language Immortal Venerate. Seeing the Immortal Venerate in front of him, he paused, then asked, "I wonder why the Immortal Venerate is seeking me?"

The Heavenly Language Immortal Venerate studied Lu Chen with an impassive expression, not answering his question, but with a hint of confusion on her face.

After a while, the Heavenly Language Immortal Venerate finally spoke, "Would you be willing to take me as your master?"

The Heavenly Language Immortal Venerate typically did not take disciples casually, especially male ones. Her previous Direct Disciples were all qualified to become a Saintess, but now she was considering taking a male disciple.

Initially, she felt Lu Chen was not worthy of Xu Jingshu, since Xu Jingshu was her Direct Disciple and the mother of the Saintess, enjoying considerable status in the Mysterious Moon Palace.

However, after the previous assassination attempt, the Heavenly Language Immortal Venerate's impression of Lu Chen changed slightly. A Heavenly Immortal capable of withstanding attacks from several Golden Immortals and even convincing them to admit their wrongdoing here indicated Lu Chen had some capabilities and resourcefulness.

This time, after Liu Cai clashed with Lu Chen, the Heavenly Language Immortal Venerate watched the whole event. Because of the previous incident, she worried there would be another assassination attempt on Lu Chen, so she had a Split Soul keeping an eye on him.

Having watched the battle between Lu Chen and Liu Cai, the Heavenly Language Immortal Venerate deemed his potential immense, so she directly brought him to the Mysterious Moon Palace to thoroughly examine his Qi Fortune.

Having children earns benefit, start competing for dominance in the world by marrying a wife

The Heavenly Language Immortal Venerable didn't pay much attention initially, but upon inspecting closely, she discovered that Chen Lu's Qi Fortune was exceptionally dense. However, he seemed to have means to shield himself from the Heavenly Mechanism, which obscured his dense Qi Fortune, hence she didn't notice earlier.

At first, seeing Lu Chen as merely a Heavenly Immortal, she didn't intend to investigate seriously, which is why she overlooked the enormous Qi Fortune on him.

If Lu Chen hadn't consecutively defeated Golden Immortals twice, and this time his battle with Liu Cai was personally observed by the Heavenly Language Immortal Venerable, she wouldn't have any serious thoughts of investigating him.

When Lu Chen was initially brought back to the Mysterious Moon Palace by Yun Yudie, he realized his Qi Fortune was too conspicuous, thus he used the Power of Heavenly Mechanism to shield it. However, his current strength is insufficient; if the Immortal Venerable truly wishes to delve deeply, his Power of Heavenly Mechanism cannot shield against the Immortal Venerable's probing.

Seeing the Heavenly Language Immortal Venerable express the desire to accept him as a disciple, Lu Chen immediately realized that his Qi Fortune must have been perceived by the Immortal Venerable, leading to her decision.

Lu Chen did not hesitate to bow to the Heavenly Language Immortal Venerable, saying: "Disciple greets Honored Master!"

Seeing Lu Chen perform the disciple's homage, the Heavenly Language Immortal Venerable continued, "Now that you have become my disciple, you are qualified to stay by Jingzhu's side in the future. However, since she is the Saintess' mother, if you want to be worthy of her, you must become stronger. Otherwise, one day there may be more than just you by her side."

Lu Chen replied, "Thank you, Honored Master, for the reminder."

The Heavenly Language Immortal Venerable then produced a Space Ring and said, "Inside here are some Immortal Techniques and Cultivation Resources. Take them for cultivation. If the resources are insufficient, tell me. Additionally, from today onwards, move to the Heavenly Language Palace."

The Heavenly Language Palace is very large, with over a thousand courtyards. Of course, most of these courtyards are empty, as she doesn't have many direct disciples, and there are basically no men within the palace.

Considering the possibility of assassins from other peaks coming to target Lu Chen, the Heavenly Language Immortal Venerable decided to let Lu Chen move to the Heavenly Language Palace. This way, even if someone wants to kill him, they would be apprehensive.

After all, the Heavenly Language Palace is her residence; she knows every slight move. Anyone acting inside the palace is challenging her authority, and those who intend to harm Lu Chen will consider the consequences before acting.

Of course, it's uncertain whether those assassins can infiltrate the Heavenly Language Palace. The people within the palace are mostly confidants of the Heavenly Language Immortal Venerable, and it is almost impossible to turn her confidants against her.

Lu Chen thanked again and said, "Thank you, Honored Master!"

The Heavenly Language Immortal Venerable gazed at Lu Chen once more before reminding him, "I don't care where you come from or what secrets you hold. Now that you have joined the Mysterious Moon Palace and become my direct disciple, you are a part of the palace. From now on, your focus must be on the Mysterious Moon Palace."

To the Heavenly Language Immortal Venerable, the thick Qi Fortune surrounding Chen Lu and even the shielding Power of Heavenly Mechanism suggest that Chen Lu's identity might be extraordinary, possibly a prince of some Immortal Dynasty or from a powerful faction.

But regardless of his identity, now that he is my disciple, I cannot allow him to still be concerned with past affiliations.

After hearing the reminder from the Heavenly Language Immortal Venerable, Lu Chen promptly said, "Disciple will remember Master's words."

The Heavenly Language Immortal Venerable then said, "Move to the Heavenly Language Palace."

Lu Chen suddenly thought of something and then asked, "Honored Master, what about those maids?"

The Heavenly Language Immortal Venerable asked coldly, "What, are you reluctant to part with those women?"

Of course, the Heavenly Language Immortal Venerable knew the main peak sent those women to Lu Chen for a purpose, but she initially didn't care, as she somewhat hoped Xu Jingshu would become utterly disappointed in Lu Chen.

However, since Lu Chen is now her disciple, she naturally doesn't want her disciple to be ensnared by beauty.

Lu Chen said, "Disciple has no such intention. I just think they have ulterior motives, sending them back to the main peak is best."

The Heavenly Language Immortal Venerable said indifferently, "You can see they have a purpose; you're not too foolish after all."

"But as long as you don't touch them, you can let them continue to serve you."

Now that Chen Lu is her direct disciple, naturally he requires someone to care for him, and the women sent by the main peak are quite suitable for serving Chen Lu.

However, if Chen Lu fails to resist temptation and acts on those women, he can't blame her for falling out with Xu Jingshu.

Lu Chen immediately said, "Better send them all back to the main peak. Disciple doesn't need anyone to attend to me."

The Heavenly Language Immortal Venerable said, "Alright, I will arrange for them to be sent back later. Follow Qingyi to choose a courtyard and a cave estate."

As soon as the Heavenly Language Immortal Venerable finished her words, a woman dressed in green appeared before Lu Chen, respectfully addressing him, "Junior Brother, please follow me."

Lu Chen subsequently followed Qingyi to select a courtyard. Watching Lu Chen's departing silhouette, the Heavenly Language Immortal Venerable thought in her heart; with someone possessing such dense Qi Fortune joining the Mysterious Moon Palace, the palace's immortal sect fortune would surely surge significantly, increasing the likelihood of overcoming their crisis.

At that moment, the Heavenly Language Immortal Venerable suddenly sensed Liu Cai appearing at Sky Eagle Peak. Her expression turned icy cold; she had intentionally let Liu Cai leave earlier to see from which peak she was sent.

Of course, she could use the Soul Searching Technique on Liu Cai but chose not to, as this was giving face to the other party and also a warning. If they still intend to send people to assassinate Lu Chen, they cannot blame her for turning hostile.

Soon, Liu Cai returned to the Golden Wing Immortal Monarch's sleeping palace. Seeing Liu Cai return severely injured, the Golden Wing Immortal Monarch sensed trouble and immediately asked, "What happened? How did you get hurt so badly?"

Liu Cai immediately knelt and said, "Forgive me, master; this servant failed to accomplish the master's task."

Upon hearing this, Liu Cai frowned, his expression turned grim.

Before the Golden Wing Immortal Monarch could speak, Liu Cai continued, "This servant intended to use the Charm Skill on Chen Lu but found him unharmed, and furthermore, Chen Lu directly revealed this servant came from Sky Eagle Peak."

"Identifying as exposed, I initially intended to assassinate him directly, but unexpectedly, he possessed Protective Dharma Treasure given by the Heavenly Language Immortal Venerable. Unable to kill him, I had to flee."

The Golden Wing Immortal Monarch's face turned even darker. He thought, Chen Lu couldn't have known Liu Cai's origins; he was always at the Heavenly Language Peak and didn't know Liu Cai. Liu Cai infiltrated through those women from the main peak.

If Chen Lu could directly deduce Liu Cai's origins, it must be the Heavenly Language Immortal Venerable knew Liu Cai's identity early and informed him, and the reason Liu Cai managed to return alive was likely because the Heavenly Language Immortal Venerable deliberately allowed her to.

After all, Liu Cai attempted to harm Chen Lu, and even Chen Lu activated the Protective Dharma Treasure given by the Heavenly Language Immortal Venerable. The Immortal Venerable could have easily killed Liu Cai with a slight effort, yet she did not.

Clearly, the Heavenly Language Immortal Venerable is warning them at Sky Eagle Peak!

Thinking of this, the Golden Wing Immortal Monarch snorted coldly, raised his hand, and Liu Cai was directly flown into his grasp.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1763: Chapter 1453: Identity Exposed

The Golden Wing Immortal Monarch grabbed Liu Cai's neck, his face filled with fierce light as he said, "Since you didn't complete the mission, you should know the consequences!"

Liu Cai's face paled with fright, and she hastily used the Bewitching Technique on the Golden Wing Immortal Monarch, pleading, "Y-Young Peak Master, spare me!!!"

Feeling the restless immortal aura within him, the Golden Wing Immortal Monarch sneered, knowing Liu Cai was using the Bewitching Technique on him.

Immediately, the Golden Wing Immortal Monarch pressed Liu Cai's neck to his seat, swiftly tearing the gauze off her body, punishing her.

Initially, he planned to kill Liu Cai, but considering her Bewitching Technique might still be useful to him, he decided to keep her for some more days.

...

Mysterious Moon Palace, main peak.

Inside the palace surrounded by seven-colored immortal qi, Immortal Venerable Yun Meng sat on the Ice Crystal Chair in the grand hall, her brows slightly furrowed as she listened to the reporting disciple, “Do you mean that Heavenly Language Immortal Venerable sent them back?”

The disciple said, “Heavenly Language Immortal Venerable has already accepted Chen Lu as a direct disciple and allowed him to move to the Heavenly Language Palace, so it’s likely Heavenly Language Immortal Venerable’s intention.”

Immortal Venerable Yun Meng was somewhat puzzled, wondering why Heavenly Language Immortal Venerable would do this, as that Chen Lu was merely a Heavenly Immortal.

Could it be that Heavenly Language Immortal Venerable thought Xu Jingshu and Chen Lu’s fallout would cause Xu Jingshu to resent Heavenly Language Peak, so he deliberately accepted Chen Lu as a disciple, shielding him from the flirtations of Mysterious Moon Palace to ensure Chen Lu’s loyalty to his couple?

Immortal Venerable Yun Meng rubbed her temples, thinking it shouldn’t be for that reason. Men can’t control their bodies, so why would it concern others? Xu Jingshu couldn’t possibly resent her honored master just because her man found other women.

Perhaps Heavenly Language Immortal Venerable had other reasons for accepting Chen Lu as a disciple, and out of curiosity, Immortal Venerable Yun Meng finally decided to personally visit Heavenly Language Peak to ask why Heavenly Language Immortal Venerable took Chen Lu as a disciple.

The next moment, Immortal Venerable Yun Meng's body turned into starlight and vanished from the grand hall, reappearing in the Heavenly Language Palace.

Heavenly Language Immortal Venerable wasn't too surprised by Immortal Venerable Yun Meng's visit, guessing what Immortal Venerable Yun Meng wanted to inquire.

Immortal Venerable Heavenly Language immediately bowed to Immortal Venerable Yun Meng and said, "Greetings, Palace Master."

Immortal Venerable Yun Meng responded with a nod and directly asked, "Heavenly Language Immortal Venerable, was it you who sent those women back from the main peak?"

Heavenly Language Immortal Venerable replied, "Palace Master, I've accepted Chen Lu as a direct disciple, thus wishing no interference in his cultivation. However, this was also Chen Lu's wish, for he has no interest in those women."

Immortal Venerable Yun Meng looked at Heavenly Language Immortal Venerable with curiosity, continuing, "You usually don't easily take disciples. Does he possess something special?"

Heavenly Language Immortal Venerable's previous direct disciples either became Saintesses or had the qualities to be Saintesses, yet now he accepted a male disciple.

Heavenly Language Immortal Venerable knew Chen Lu's matters would eventually be known to Immortal Venerable Yun Meng, so he didn't hide and frankly said, "Chen Lu possesses great qi fortune. I didn't initially notice it until later discovering even a Golden Immortal couldn't defeat him, revealing his exceptional nature, which led me to seriously examine his body."

"Upon examination, I found he has the Power of Heavenly Mechanism that shields qi fortune, and his qi fortune is extremely abundant."

Hearing this, Immortal Venerable Yun Meng grew interested in Lu Chen.

Possessing great qi fortune is one thing, but he also has the Power of Heavenly Mechanism that shields qi fortune?

Could it be that this Chen Lu is a prince from some Immortal Dynasty?

Thinking of this, Immortal Venerable Yun Meng said to Heavenly Language Immortal Venerable, "Have him come to the Heavenly Language Hall."

Upon hearing Immortal Venerable Yun Meng's words, Heavenly Language Immortal Venerable, without hesitation, transmitted the message to Lu Chen, calling him to the Heavenly Language Hall.

Receiving Heavenly Language Immortal Venerable's transmission, Lu Chen promptly went to the Heavenly Language Hall, his gaze immediately captivated by the stunning beauty in the grand hall.

The beautiful woman wore a white silk Cloud Robe, which clung to her voluptuous body, and the slightly parted skirt couldn't hide her long jade-like legs, with the entire figure emitting a seven-colored glow, appearing dreamy as if she existed solely in dreams, not reality.

The next moment, Lu Chen's system interface popped up.

[Name: Immortal Venerable Yun Meng]

[Identity: Palace Master of Mysterious Moon Palace, Immortal Emperor Youlan's disciple (became intensely curious upon knowing the host possesses great qi fortune)]

[Score: 100]

[Favorability: 30]

Seeing Immortal Venerable Yun Meng's personal introduction, Lu Chen suddenly realized why just a glance captivated him; it was due to her score reaching a hundred.

The Mysterious Moon Palace truly startled him; just a visit revealed two women matching the system's criteria.

Unfortunately, these two women's realms are too high, making it difficult for him to make them his couple.

Lu Chen didn't think much further, he proceeded to bow to Heavenly Language Immortal Venerable, "Disciple greets Honored Master!"

Heavenly Language Immortal Venerable nodded and introduced, "This is the Palace Master."

Lu Chen then bowed to Immortal Venerable Yun Meng and said, "Greetings, Palace Master!"

Immortal Venerable Yun Meng didn't speak; she directly used immortal power to probe Lu Chen's body.

Hmm?

While probing Lu Chen's body, Immortal Venerable Yun Meng's brows slightly furrowed.

Seeing Immortal Venerable Yun Meng's frown, Heavenly Language Immortal Venerable puzzledly asked, "Palace Master, did you discover something?"

Immortal Venerable Yun Meng didn't immediately answer Heavenly Language Immortal Venerable's question; she closed her eyes, with the seven-colored glow around her growing more evident.

After a while, Immortal Venerable Yun Meng opened her eyes and meaningfully said to Lu Chen, "You truly have courage."

Hearing this, Heavenly Language Immortal Venerable and Lu Chen were momentarily stunned.

What does this mean?

For some reason, Lu Chen suddenly felt as if Immortal Venerable Yun Meng had seen through him.

Immortal Venerable Yun Meng continued, “I don’t care what identity you had before or what you’ve done to Mysterious Moon Palace, since you’ve joined Mysterious Moon Palace, you are one of us.”

Lu Chen pondered, could it be that his identity truly has been uncovered?

While Lu Chen contemplated, Immortal Venerable Yun Meng transmitted directly to Lu Chen, saying, “Lu Chen, I can choose not to expose your identity, but remember, being part of Mysterious Moon Palace now requires you to stand with Mysterious Moon Palace’s interests and act on its behalf.”

“If one day you become an Immortal Venerate, I can appoint you as a Peak Master.”

Upon hearing Immortal Venerable Yun Meng’s words, Lu Chen’s mind was rocked, realizing his identity had indeed been exposed by Immortal Venerable Yun Meng.

How was this discovered???

Could Immortal Venerable Yun Meng possess the ability to deduce the Heavenly Mechanism???

Heavenly Language Immortal Venerable felt something odd about Immortal Venerable Yun Meng's words, pondering what she meant by "what have you done to Mysterious Moon Palace"?

Could it be that Chen Lu previously caused some harm or damage to Mysterious Moon Palace's interests?

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1764: Chapter 1454: Mysterious Moon Palace in Crisis

Lu Chen quickly regained his composure, then bowed to Immortal Venerable Yun Meng and said, "Disciple will remember the Palace Master's teachings."

Immortal Venerable Yun Meng glanced at Lu Chen again, sighing inwardly, truly a person of great destiny, impossible to kill.

Not only did he survive after entering the Chaotic Sea, but she had received intelligence years ago stating he had self-destructed and died, yet after just a few years, here he was in the Mysterious Moon Palace.

If she hadn't noticed the Life is Like a Dream mark on Lu Chen, she probably wouldn't have recognized him either.

After dual cultivating with a woman who had practiced Life is Like a Dream, a mark of Life is Like a Dream would appear deep in the soul, which is difficult to detect unless you're also practiced in Life is Like a Dream.

Back then, Yun Qingshu practiced Life is Like a Dream, and Yun Qingshu's only man was Lu Chen. Coupled with Lu Chen's name being a reverse of Chen Lu, Immortal Venerable Yun Meng instantly guessed Lu Chen's identity.

Originally, Lu Chen had eloped with their Immortal Sect's Saintess, disrupting their plans. By logic, they should have eliminated Lu Chen, but considering the immense Qi Fortune surrounding him, even if she intervened, it might not truly kill him.

Moreover, the most crucial point is that if Lu Chen joins Mysterious Moon Palace, it will gradually enhance the Immortal Sect's Qi Fortune, which is also beneficial to Mysterious Moon Palace.

And Lu Chen's talent is unquestionable; with his cultivation talent, it might not take long for Mysterious Moon Palace to gain another Immortal Venerate.

As for whether Lu Chen will break through to become an Immortal Emperor, Immortal Venerable Yun Meng is not worried at all. Mysterious Moon Palace is unlike other Immortal Sects, they have an Immortal Emperor. Back when those Immortal Sects besieged Lu Chen, fearing he rising to become an Immortal Emperor, but Mysterious Moon Palace never got involved because they had enough confidence in Immortal Emperor Youlan.

In the eyes of the elders of Mysterious Moon Palace, as long as Immortal Emperor Youlan could live a second life, what does it matter even if the Tianyan Immortal Domain gains another Immortal Emperor.

What's more, Lu Chen taking a long time to break through to Immortal Emperor is expected; before he becomes an Immortal Emperor, their Immortal Emperor Youlan would likely have already lived a second life and led Mysterious Moon Palace to dominate the entire Tianyan Immortal Domain.

Therefore, Lu Chen is not a threat to Mysterious Moon Palace at all, but Xu Jingshu's child is Lu Chen's, if Lu Chen learns that his child is the Seizing Body of Immortal Emperor Youlan, it could lead him to betray Mysterious Moon Palace.

However, this is not a major issue. Once Xu Jingshu gives birth, they will swap the child with a newborn and use a special bloodline technique to alter the bloodline of the fake Saintess, so when Lu Chen uses bloodline sense, he won't detect anything.

In this way, the fake Saintess is exposed, and if someone really wants to attack the Saintess, it is the fake Saintess who dies, whereas the true Saintess can grow safely until she becomes the body for Immortal Emperor Youlan's Seizing.

Immortal Venerable Yun Meng did not say much more to Lu Chen. Since his identity was confirmed, from now on, they only needed to keep a close watch on him, preventing him from causing trouble in Mysterious Moon Palace.

The next moment, Immortal Venerable Yun Meng turned into starlight and disappeared from the great hall.

After Immortal Venerable Yun Meng left, Heavenly Language Immortal Venerable looked at Lu Chen with skepticism, asking, "Have you done anything in the past that harmed Mysterious Moon Palace's interests?"

Lu Chen retorted, "Made the one who was supposed to be the Saintess conceive the disciple's child, does this count?"

Heavenly Language Immortal Venerable asked indifferently, "Apart from that one thing."

Lu Chen said, "Nothing else."

Even Immortal Venerable Yun Meng did not reveal his identity directly in front of Heavenly Language Immortal Venerable, so naturally, he could not tell Heavenly Language Immortal Venerable what he had done, especially since Heavenly Language Immortal Venerable's direct disciples had connections with him.

Yun Qingshu and Xu Jingshu were already troubled by him, and Yun Yudie was about to be. If Yun Yudie was also troubled by him and this matter reached the ears of Heavenly Language Immortal Venerable, who knows how she would react.

Although Lu Chen said nothing else, Heavenly Language Immortal Venerable still had doubts. She always felt that Lu Chen and Immortal Venerable Yun Meng were hiding something from her, but since Immortal Venerable Yun Meng, this Palace Master, said nothing, it shouldn't be a major issue, so Heavenly Language Immortal Venerable did not pursue further.

Then Heavenly Language Immortal Venerable said, "You can go back to cultivate."

Lu Chen then bowed to Heavenly Language Immortal Venerable and said, "Disciple takes leave!"

With those words, Lu Chen turned and left the Heavenly Language Hall.

...

In the blink of an eye, half a year passed again.

In this half year, the Chiyan Sect joined the crusade against the Mysterious Moon Palace army, and without Chiyan Sect's obstruction, the Tianxia Immortal Dynasty's army quickly reached Sky Wolf City.

Meanwhile, the Evil Immortals from Blood Eagle Hall, previously subdued, became active again in Mysterious Moon Palace territory, making the disciples and elders of Mysterious Moon Palace extremely busy.

After barely exterminating the Evil Immortals causing trouble in one place, a large number of Evil Immortals appeared in another place. When these were eliminated, the Tianxia Immortal Dynasty's army and Chiyan Sect's forces launched their attacks.

Under the attack of these three forces, Mysterious Moon Palace was powerless to resist, forced to continuously retreat, and the subsidiary forces of Mysterious Moon Palace, seeing the palace's decline, joined the other three forces, making Mysterious Moon Palace's situation even more precarious.

At this moment.

Bihai Immortal City, Chen Mansion.

With starry eyes and a dazed expression, Ye Chuyao leaned weakly against Lu Chen's broad chest, whispering, "Junior Brother, enough... enough..."

Though she stayed in the Chen Mansion for the past half year, she was still aware of external happenings, knowing that the Mysterious Moon Palace was now at a crisis of life and death.

As a direct disciple of the Hall Master, if she continued indulgence here, and the disciples of Mysterious Moon Palace learned of it, it would surely dampen their morale.

Although her strength continuously improved through cultivation with Lu Chen, and it wasn't purely indulgence, as the Hall Master's direct disciple, she should appear on the front lines instead of staying in the rear.

With their honored master absent, she, as a direct disciple, needed to go to the front lines to boost morale.

She originally intended to leave half a year ago, but this troublemaker kept entangling her. She was left without any strength and could only cultivate with him.

Lu Chen also realized the battlefield would soon reach Bihai Immortal City, so he stopped tangling with Ye Chuyao. He then asked, “Senior Sister, do you want to go to the front lines?”

Ye Chuyao replied, “Yes, as the Hall Master’s direct disciple, I shouldn’t remain in the rear no matter what.”

Lu Chen said, “Then I’ll go with Senior Sister.”

Ye Chuyao immediately responded, “No!”

“Your current strength hasn’t recovered, and it’s pointless to go to the front lines.”

To her, Lu Chen was at the Mortal Immortal Realm, and going to the front lines was a waste. What if he was targeted again and faced the same situation as before?

Last time, Lu Chen got lucky and survived, but not every time would he have such luck.

Seeing Ye Chuyao’s firm stance, Lu Chen seemingly said, “Alright then, Senior Sister, take care of yourself.”

Ye Chuyao then rose, with a wave of her hand, a set of blue robes adorned her body. She glanced at Lu Chen on the bed, “You rest well, I’ll return to Mysterious Moon Palace first.”

With those words, Ye Chuyao promptly left Bihai Immortal City and returned to Mysterious Moon Palace.

Having children earns benefit, start competing for dominance in the world by marrying a wife

After returning to the Mysterious Moon Palace, Ye Chuyao immediately headed to the front lines, and Lu Chen also created a clone to follow her to the front lines.

The war between the Mysterious Moon Palace and the three major forces was extremely brutal. On the battlefield, there were corpses of Immortals and wrecked warships everywhere, with deep ravines crisscrossing the land, and many mountain tops were leveled to the ground.

Time passed day by day, and in the blink of an eye, another six months went by. During this period, Mysterious Moon Palace lost more and more territory, and its Immortal Sect’s Qi Fortune was greatly diminished. However, throughout, none of the Immortal Monarch-level beings from the several forces had taken the field.

The side of the Mysterious Moon Palace had been trying to buy time. In the eyes of the Elders of the Mysterious Moon Palace, the only hope for victory in this war was for their Hall Master to break through to the Immortal Venerate Realm. As long as their Hall Master succeeded in breaking through, they would be able to counterattack, so they were determined to buy enough time for their Hall Master.

The Blood Eagle Hall and the three allied forces apparently realized this as well, so they ceased holding back and began a full-scale assault.

With the full-scale assault from the three forces, the auxiliary forces of the Mysterious Moon Palace either perished or surrendered, leaving only the Mysterious Moon Palace standing.

While the Mysterious Moon Palace had auxiliary forces, so did the Chiyan Sect and the Tianxia Immortal Dynasty. In terms of numbers, the Mysterious Moon Palace had no chance of victory.

Three years later, the armies of the three forces reached the Immortal City below the Mysterious Moon Palace. Once the Immortal City below was captured, the annihilation of the Mysterious Moon Palace would be just one step away.

In this situation, the Immortal Monarchs of the Mysterious Moon Palace were finally forced to take action.

At this moment.

Mysterious Moon Palace, Lu Chen's courtyard.

Lu Chen looked at the projection screen before him, thinking to himself, he hadn't expected that in just a few short years, the Mysterious Moon Palace would be reduced to only a few Immortal Cities. It seemed his idea of relying on the Mysterious Moon Palace to establish an Immortal Dynasty was shattered.

At this time, the figure of the Ling Yin Immortal King appeared in front of Lu Chen. In the next moment, the Ling Yin Immortal King raised her hand and set up an Isolation Array, then said to Lu Chen, "Your Majesty, with the enemy at the gates, the fall of the Mysterious Moon Palace is only a matter of time. Should we retreat?"

Although the Ling Yin Immortal King was now the Second Hall Master of the Mysterious Moon Palace, to her, Lu Chen's safety and interests were always the top priority. As for whether or not the Mysterious Moon Palace would ultimately fall, it wasn't of much concern to her.

Hearing the Ling Yin Immortal King's words, Lu Chen pondered for a moment, then said, "Let's wait and see if Yun Yudie can break through before the fall of the Mysterious Moon Palace."

Lu Chen wasn't too worried about his own safety, as he was merely a clone. Additionally, the usage count of the Immortal King's Remain Curse had accumulated to three. If those three forces truly attacked the Mysterious Moon Palace, he could still act three times. With his reckless fighting style, intimidating those three forces shouldn't be too much of a problem.

However, while he needn't worry about his own safety, the safety of his wives and concubines was crucial, especially Xiao Xueying and Cao Shiyun. Cao Shiyun's child was almost due, and at this time, nothing must happen to her.

Just as Lu Chen was contemplating whether to transfer the two of them out of the Mysterious Moon Palace, he suddenly felt a surge of bloodline resonance in his heart.

This is...

Lu Chen immediately said to the Ling Yin Immortal King, "Withdraw the formation."

The Ling Yin Immortal King then removed the Isolation Array. In the next moment, Lu Chen went directly to Cao Shiyun's room, with the Ling Yin Immortal King following along.

As soon as they entered the room, they found a baby floating in the air, giggling.

Cao Shiyun was lying on the couch, looking fondly at the child in the air.

Lu Chen was taken aback, realizing through the bloodline resonance that the floating baby was his daughter. However, how did her birth happen without any warning?

In the time he spent talking to the Ling Yin Immortal King, she had emerged from within Cao Shiyun.

At that moment, the baby flew to Lu Chen and raised her arms towards him, calling out in a childish voice, "Daddy... Daddy..."

Hearing his daughter's voice, Lu Chen's lips curled up slightly. As expected of his daughter, she knew how to call out as soon as she was born.

In the Tianyan Immortal Domain, children of Immortals possessed a certain level of cognition from birth because their brains mostly started developing while still in their mother's womb. This differed from mortals, so babies who could talk right after being born were not uncommon, and this was nothing to be surprised about.

Lu Chen directly reached out to hold the baby in front of him and then sat down beside Cao Shiyun's bed, looking at her, he said, "Shiyun, why didn't you tell me you were going to have the baby?"

Cao Shiyun replied with a wry smile, "I didn't have the chance to tell you; she just came out on her own. Perhaps she felt it was too stuffy in there."

The child had already developed Spiritual Wisdom in her mother's womb. It was natural not to stay put in a dark, sunless place.

Lu Chen then laid the baby on the couch and simultaneously imbued both of them with Life Force, gradually improving Cao Shiyun's complexion.

Immortals giving birth aren't as painful as mortals, but the body still becomes weakened.

After Cao Shiyun recovered, she turned her head to look at the giggling baby on the couch, then said, "Junior Brother, give her a name, will you?"

Lu Chen glanced at the baby on the couch. The baby exuded a white glow, and her skin was fair and smooth like jade, looking nothing like the usually unsightly mortal newborns. Lu Chen then smiled and said, "Let's call her Lu Jinyu."

Upon hearing the name, the baby babbled, "Jinyu, Jinyu..."

Lu Chen asked with a smile, "Sweet daughter, do you like this name?"

Lu Jinyu replied, "Li... like..."

Lu Chen was just about to say something when he suddenly remembered that the system reward should have arrived by now, so he opened the system interface.

[Congratulations to the host for having a child, rewarding with the Divine Grade Formation Spirit Realm Crossing Array.]

Seeing this reward, Lu Chen was taken aback. A Divine Grade Formation?

Lu Chen immediately opened the formation to check the introduction.

[Spirit Realm Crossing Array: Using this formation can teleport anything to any location within the Tianyan Immortal Domain. The larger the object to be teleported, the more Immortal Aura is required, and it ignores space locks.]

Seeing this introduction, Lu Chen was dumbfounded.

The biggest disadvantage of a Transmission Array is that it is easily blocked by space and requires a predetermined coordinate. If he wanted to teleport from Shangsha City to the Mysterious Moon Palace, he would not only need to create a Transmission Array in Shangsha City but also one in the Mysterious Moon Palace to perform the space teleportation.

However, the Spirit Realm Crossing Array only needs one formation to cross to any location within the Tianyan Immortal Domain. More importantly, it ignores space locks, meaning they could go anywhere they wanted?

Lu Chen thought to himself, if the Spirit Realm Crossing Array is set up at the Mysterious Moon Palace, couldn't he directly teleport the entire Mysterious Moon Palace away?

He just wasn't sure how much Immortal Aura it would require.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Seeing Lu Chen suddenly staring blankly at Lu Jinyu, Cao Shiyun asked in confusion, "Brother, what's wrong?"

Lu Chen came to his senses and said with a smile, "Nothing, I just suddenly remembered something."

At this time, Lu Chen turned to Ling Yin Immortal King and said, "Don't worry about the Mysterious Moon Palace. If it truly comes down to the crucial moment, I have a way to take everyone from the palace away. You should focus on your own matters and try to buy more time for the Hall Master to see if she can break through to the Immortal Venerate Realm before the three major forces reach the palace."

Hearing Lu Chen say he has a way to take everyone away, Ling Yin Immortal King relaxed and said, "Alright, I won't disturb you any further."

With those words, Ling Yin Immortal King turned and left.

At this moment, Cao Shiyun, lying on the couch, curiously asked, "Do you really have a way to take everyone away, Brother?"

Lu Chen was about to speak but suddenly noticed that Lu Jinyu on the couch disappeared.

Lu Chen was stunned for a moment, then turned around to see Lu Jinyu floating in the air, her right eye emitting purple light, with rings of Array Patterns inside her eye, looking very beautiful.

Witnessing this scene, both Lu Chen and Cao Shiyun were dumbfounded, and before they could react, Lu Jinyu's body vanished again, reappearing in another place in an instant.

Watching this, Lu Chen suddenly realized, could this be space teleportation?

His child had just been born and could already perform space teleportation?

Lu Chen quickly sensed the strong Space Power emanating from Lu Jinyu's right eye and instantly concluded that it must be special Spiritual Eyes.

Lu Chen asked the system in his heart, "System, what is my daughter's physique?"

The system's voice quickly responded, "Lu Jinyu possesses Space Spirit Eyes, naturally able to use Space Power."

Listening to the system, Lu Chen thought, indeed, it is special Spiritual Eyes.

Then, Lu Jinyu continued to perform space teleportation several times, leaving Cao Shiyun worried. She said quietly, "Little Yu is so lively from birth, I fear we won't be able to manage her when she grows up."

Lu Chen said with a smile, "Don't bother controlling her; it's good for a child to be active. With me as her father, whatever trouble she encounters outside, I'll cover for her."

After Lu Chen finished speaking, Lu Jinyu once again used space teleportation to return to the bed. Perhaps due to excessive use of power, she immediately closed her eyes and fell asleep right after lying down.

Lu Chen quickly checked her body and, finding no major issues, finally breathed a sigh of relief.

Cao Shiyun then continued to ask, "Brother, what method did you mention earlier?"

Cao Shiyun also knew how dire the situation of the Mysterious Moon Palace was. The three major forces had already besieged the Immortal City of the palace and would soon launch a full-scale attack. If their Hall Master couldn't break through to the Immortal Venerate Realm at the last moment, the fate of the Mysterious Moon Palace might be extinction.

As a member of the Mysterious Moon Palace and one of those who followed Yun Yudie away from the Mysterious Moon Palace originally, Cao Shiyun had deep feelings for the palace and cared profoundly about its fate.

After regaining his composure, Lu Chen said, "I can arrange a formation that ignores space confinement."

Upon hearing this, Cao Shiyun was instantly stupefied.

A formation that ignores space confinement?

Is it real?

If such a formation exists, they could directly teleport away from the Mysterious Moon Palace at the last moment. As long as the people of the palace survive, the palace can be rebuilt.

With the people, the palace remains unchanged; it's merely about changing location.

Cao Shiyun asked, "Are you serious, Brother? Does such a formation really exist?"

Cao Shiyun had never heard of a Transmission Array capable of ignoring space confinement.

Lu Chen replied, "Yes, it's true."

Cao Shiyun suddenly thought of something and said, "Even if there is such a Transmission Array, it's probably unusable. The three forces have completely surrounded the Mysterious Moon Palace, making it almost impossible to leave and arrange a Transmission Array elsewhere."

Lu Chen replied with a smile, "The Transmission Array I'm talking about not only ignores space but also only requires arranging a one-way array. Most importantly, it can teleport us to any place in the Tianyan Immortal Domain."

This...

Cao Shiyun was once again stunned. She now suspected Lu Chen was intentionally lying to comfort her.

Ignoring space confinement is already incredible, but it only requires a single array and can teleport them anywhere?

Is this really possible with a Transmission Array?

Perhaps only an Immortal Emperor has such power?

Seeing Cao Shiyun's skeptical look, Lu Chen continued, "I obtained this Transmission Array from an ancient relic in the Chaotic Sea, left by some ancient powerful being."

Upon hearing this, Cao Shiyun no longer doubted.

To the immortals of the Tianyan Immortal Domain, the Chaotic Sea is perilous yet full of infinite possibilities, containing countless treasures. Even Immortal Emperors find it fascinating and enter it to find treasures, after which several have never returned.

At this moment, Cao Shiyun asked, "Wouldn't this Transmission Array consume a lot of Immortal Aura? With the current strength of the Mysterious Moon Palace, can it be activated?"

This question was also a concern for Lu Chen, as he hadn't used the Spirit Realm Crossing Array before and didn't know how much Immortal Aura it would consume per use.

Lu Chen responded, "If teleporting the entire palace, it might indeed consume a large amount of Immortal Aura; however, if only teleporting people, the aura consumed should not be much."

The consumption of Immortal Aura relates to the size of the teleported object. The Mysterious Moon Palace is as large as a planet, and teleporting it would certainly consume massive Immortal Aura. But teleporting the residents, totaling only around tens of thousands, might be manageable using Ling Yin Immortal King's immortal power.

Furthermore, even if Ling Yin Immortal King's power isn't enough, the palace has Immortal Crystals. Using them should suffice to activate the Transmission Array.

While Lu Chen and Cao Shiyun were discussing the array, bursts of Immortal Aura erupted from deep within the Mysterious Moon Palace. Sensing this violent icy Immortal Aura, Lu Chen's brow furrowed as he felt an ominous premonition.

Simultaneously, upon sensing the anomaly from the forbidden area within the palace, Ling Yin Immortal King headed immediately to the mountain where Yun Yudie was in seclusion.

At this point, the mountain where Yun Yudie was secluded was entirely frozen, filled with raging Ice Power. Ling Yin Immortal King felt a stabbing cold as she tried to approach.

It's worth noting that she's an Immortal King, yet she felt cold. The terror of this Ice Power is self-evident.

Soon, other Elders from the Mysterious Moon Palace appeared before the icy mountain.

Having children earns benefit, start competing for dominance in the world by marrying a wife

At this moment, the Elders in front of Yun Yudie's closed cultivation cave showed expressions of concern.

They sensed this icy energy was extremely violent, which was clearly not a sign of a successful breakthrough, but more like their Hall Master had undergone demonic transformation.

Thinking of this possibility, the faces of the Elders became even more grim. If their Hall Master underwent a demonic transformation at this time, then the Mysterious Moon Palace would truly be doomed.

At this moment, an Elder said, "Shall we go in and have a look?"

If their Hall Master really had undergone a demonic transformation, discovering it early might allow them to help their Hall Master recover. The longer the demonic transformation lasts, the greater the damage to the body, and the steeper the drop in cultivation state.

The Elders naturally understood this principle, but after sensing that terrifying icy energy, they each fell silent. At this moment, another Elder said, "I'm afraid we can't withstand the Hall Master's icy power."

Just standing here, they could feel the icy power eroding their bodies. If they entered their Hall Master's closed cultivation cave, the icy energy inside would be even more terrifying. They might find their bodies frozen upon entering.

At this moment, all the Elders' eyes turned to Ling Yin Immortal King not far away. Although the Immortal Monarchs among them couldn't enter, this didn't mean an Immortal King couldn't.

If Ling Yin Immortal King entered the cave, perhaps she could withstand the icy energy inside.

However, at this moment, Weixue Immortal Monarch spoke, "Let me go. I have ice power within me, and I can resist some of the cold."

"Now is a critical time for the survival of the Mysterious Moon Palace. Ling Yin Hall Master cannot be injured. If she gets injured, then nobody will be able to support the Great Array of the Mysterious Moon Palace."

Weixue Immortal Monarch saw through everyone's thoughts, so she stepped forward first.

After hearing Weixue Immortal Monarch's words, nobody said much more. At this moment, Weixue Immortal Monarch directly headed toward Yun Yudie's closed cultivation cave.

She soon entered the cave. As soon as she entered, she felt a bitterly cold aura that even she found bone-chilling entering her body, prompting her to immediately circulate her power to resist the erosion of this cold energy.

Fortunately, she had ice power within her, giving her a capacity to withstand cold greater than ordinary individuals. However, as she delved deeper into the cave, the cold she felt became even more intense. Ice had already begun forming on her hair and clothes.

Just as her body approached its limit, she indeed found Yun Yudie lying on the ground with a weak aura, and before her was a pool of blood encased in ice.

Seeing this, Weixue Immortal Monarch's face changed drastically. Their Hall Master had indeed undergone demonic transformation, bringing serious trouble.

Weixue Immortal Monarch initially wanted to proceed and attempt to heal Yun Yudie but found that a more terrifying cold aura surrounded Yun Yudie's body, protecting her. As soon as she took a step forward, she sensed a threat of death.

Weixue Immortal Monarch had no choice but to transmit her voice, "Hall Master, Hall Master, wake up..."

No matter how much Weixue Immortal Monarch called, Yun Yudie continued lying on the ice platform, showing no sign of waking.

At this time, Yun Yudie entered a mysterious state. She could see her own body, see Weixue Immortal Monarch inside the cave, and even see the Elders outside the cave. But for some reason, her consciousness couldn't return to her body.

She could sense that this was not an out-of-body experience. Her divine soul was still within her body, yet her consciousness permeated the entire Mysterious Moon Palace, as if the entire Mysterious Moon Palace had merged with her body.

More like a dream.

The thought that she had failed to break through left Yun Yudie feeling very dejected.

She had been just one step away from breaking into the Immortal Venerate Realm, but the sudden decline in the Mysterious Moon Palace's Qi Fortune backfired on her body, leading to her cultivation's direct demonic transformation.

Yun Yudie didn't know what to do next. She was well aware of the dire situation of the Mysterious Moon Palace. She could distinctly feel the forces of the Chiyan Sect at the gates of Immortal City below. Once the city fell, the Mysterious Moon Palace would likewise face collapse, yet she was incapable of doing anything at this moment.

Meanwhile.

In Lu Chen's courtyard.

Lu Chen, sensing the pervasive cold in the air, couldn't help but feel a thread of worry.

This icy energy was very turbulent, indicating that whoever released it might have undergone demonic transformation, and the likely source was Yun Yudie.

Yun Yudie initially neared a breakthrough due to the rise in the sect's Qi Fortune. With its decline now, her experiencing backlash was expected.

Lu Chen contemplated whether he should visit Yun Yudie's cave and check on her. After all, she was his woman-in-waiting, and he couldn't allow anything to happen to her.

Just as Lu Chen thought this, he suddenly felt a strange sensation.

This is...

For some reason, he felt as if someone was watching him, yet when he released his divine sense, he couldn't detect the other party.

It was as if the other party's consciousness, like his, had wandered to another realm.

At this moment, within the cave, Yun Yudie also noticed something unusual about Lu Chen.

She clearly sensed that Lu Chen's soul seemed not to reside within his body; it was connected by an invisible thread, and that thread seemed to lead to another realm, not this world.

Yun Yudie's heart was filled with shock. Was this Chen Lu just a puppet???

Why had she never realized this before?

She had probed Chen Lu's body before and found that his divine soul should have been complete.

But now wasn't the time to think about this. Given that the other party's consciousness was also outside their body, just like her, it was likely that she could communicate with Chen Lu.

Thinking this, Yun Yudie attempted to manipulate the thread connecting to Lu Chen's body, but to her surprise, her surroundings suddenly transformed into a sea of flowers.

The next moment, she found her body gradually appearing. Seeing this sea of flowers, Yun Yudie froze momentarily, then quickly realized.

This is Life is like a dream!!!

She finally recalled the cultivation technique she practiced in the Mysterious Moon Palace before, one ability of Life is like a dream is to draw her consciousness and others' consciousness into a dream realm.

She hadn't expected to subconsciously activate Life is like a dream after her demonic transformation.

As Yun Yudie drifted into her thoughts, Lu Chen's body also appeared slowly in the sea of flowers. Upon seeing this familiar sea, with Yun Yudie in the distance, Lu Chen was equally stunned.

He was all too familiar with this sea of flowers; he often visited it during dual cultivation with Empress Tianhong.

Seeing Lu Chen's consciousness body appear, Yun Yudie immediately asked coldly, "Who are you? What is your purpose in coming to my Mysterious Moon Palace?"

Yun Yudie's tone was icy, exuding terrifying icy energy.

Lu Chen responded with a tone tinged with doubt, "Honored... Honored Master?"

"Is it you? Where is this place?"

Having children earns benefit, start competing for dominance in the world by marrying a wife

Seeing that Lu Chen didn't answer her question, Yun Yudie's brows furrowed slightly, and the cold air around her rushed towards Lu Chen. However, just as the chill was about to reach Lu Chen's body, it dissipated.

This...

Yun Yudie was a bit puzzled. In her own dream, she should be able to do anything she wanted, so why was this rebellious disciple able to withstand her cold air?

After Lu Chen saw the chilly air released by Yun Yudie dissipate, he suddenly recalled the scene of entwining with Empress Tianhong in the sea of flowers.

It seemed that in this sea of flowers, he was an invincible existence, free to do whatever he pleased.

Thinking of this possibility, Lu Chen walked straight towards Yun Yudie. Seeing Lu Chen approaching her, Yun Yudie's brows furrowed slightly, a hint of unease arising in her heart.

Then Yun Yudie immediately manipulated the dream. In the next moment, countless ice cones appeared around her body, and then all those ice cones flew towards Lu Chen, yet as they were about to touch him, they dissipated once again.

As Lu Chen got closer and closer, a slight panic emerged in Yun Yudie's heart, and she immediately stepped back a few steps.

Luckily, this sea of flowers seemed endless, allowing her to continue retreating.

Yun Yudie noticed Lu Chen's unabashed gaze fixed on her, instantly sensing Lu Chen's intent.

Yun Yudie immediately warned, "If you take another step closer, don't blame me for cleaning house!"

Lu Chen still ignored Yun Yudie's words, continuing to walk towards her. When he got within a few steps of Yun Yudie, she retreated again.

She realized that none of her methods were effective against Lu Chen, and now she was even beginning to doubt whether this sea of flowers was a dream she had created.

Just as Yun Yudie was about to step back, she suddenly found her body seemed to be frozen in place, her mind went blank.

What's going on?

She then tried to unravel the dream but found the sea of flowers was still there.

Yun Yudie's face turned icy cold; what exactly was happening?

The dream she had created could not only be controlled but now couldn't even be undone.

As the rebellious disciple was about to get close, Yun Yudie found herself powerless to do anything.

Yun Yudie watched Lu Chen with a cold and indifferent expression, "Re... rebellious disciple... you... what do you intend to do!"

With a smile on his face, Lu Chen said, "Since Honored Master has called me a rebellious disciple, wouldn't I be unworthy of those words if I did nothing?"

"You!"

Yun Yudie struggled once more, intending to continue manipulating the dream, but found this time she couldn't even release the cold air, her entire consciousness fixed in place.

The next moment, Lu Chen came right up to her, yet Yun Yudie, having lived as an Immortal King for billions of years, although somewhat flustered, was not so easily frightened by a mere man approaching.

What Yun Yudie didn't anticipate was that this rebellious disciple, after getting close, directly pulled her into his embrace, his hands roaming over her body.

Yun Yudie suddenly became furious.

After all, she was an Immortal King, when had she ever suffered such humiliation, let alone from her own disciple.

"Scoundrel! Do you know what you're doing!"

Holding Yun Yudie's soft body, Lu Chen gazed into her eyes that almost seemed to spit fire, smiling as he said, "Of course, I know."

"Honored Master brought me here, wasn't it precisely to engage in dual cultivation with me?"

Yun Yudie felt like she was about to explode with anger. How could she possibly have brought him here for dual cultivation?

Yun Yudie glared at Lu Chen, saying, "Let go of me immediately, or once I return to my senses, I will definitely tear you to pieces!"

Lu Chen said, "Your disciple has already come this far, leaving would likely result in being torn to shreds by Honored Master regardless, so I might as well see this through to the end!"

"You... umph!"

Before Yun Yudie could finish speaking, Lu Chen bent over and seized her lips, then his large hands roamed all over Yun Yudie's consciousness-bound body.

Yun Yudie wanted to struggle, but found she couldn't move at all, forced to let Lu Chen take liberties, feeling a great fury in her heart. She never imagined she would ever be so humiliated by this wretched creature.

Just as Yun Yudie was thinking she would peel the skin off this rebellious disciple once her consciousness returned, she discovered her consciousness seemed to become agitated.

Because this was direct contact with her consciousness, the sensation was far more pronounced than dual cultivation with her body.

Under Lu Chen's kiss, Yun Yudie quickly couldn't control herself, biting her lip, trying to calm her consciousness.

At this moment, with a thought from Lu Chen, their clothes instantly vanished. Seeing this, Yun Yudie's pupils contracted slightly.

Realizing what Lu Chen intended to do next, Yun Yudie struggled again, yet things did not go as she wished.

"Um!!!"

Yun Yudie suddenly felt her mind go blank. This wretch, he actually dared!!!!

Although she didn't know why Yun Yudie appeared in this sea of flowers, since she was here, Lu Chen of course wouldn't miss this opportunity.

As for whether Yun Yudie would really trouble him upon waking, Lu Chen wasn't too concerned. He now possessed the Spirit Realm Crossing Array; if he didn't take too many people, he could instantly trigger the formation and leave the Profound Moon Palace.

Moreover, it was highly probable that Yun Yudie had already gone astray in reality, whether she could harm him remained uncertain.

...

Inside Yun Yudie's secluded cave dwelling, Weixue Immortal Monarch looked at Yun Yudie's body on the icy platform and sighed deeply.

Afterwards, she turned and left the cave dwelling. She knew that lingering here would be of no use; with that terrifying chill, she couldn't get close to their Hall Master nor awaken her, now all she could do was hope that Yun Yudie could wake up by herself.

As Weixue Immortal Monarch walked out of the cave dwelling, the elders gathered around her seeing her emergence.

"Elder Weixue, how is the Hall Master?"

"The Hall Master should be fine, right?"

"Did the Hall Master say anything?"

...

Hearing the elders' questions, Weixue Immortal Monarch worked hard to compose her emotions, then calmly said, "The Hall Master is not seriously harmed, she just failed to break through and is now adjusting her breathing to stabilize her cultivation state."

In the current situation, revealing the true conditions is absolutely out of the question. If people find out their Hall Master went astray and fell into a coma, it would definitely crush the spirit of everyone in the Profound Moon Palace. At that time, the Profound Moon Palace might not hold for much longer.

Upon hearing Weixue Immortal Monarch's words, the elders finally breathed a sigh of relief. Ling Yin Immortal King said, "It's fine then, alright, everyone return, the enemy should attack the city soon."

Hearing Ling Yin Immortal King's words, the elders then left Yun Yudie's secluded cave.

Before leaving, Ling Yin Immortal King turned to glance at Yun Yudie's cave dwelling. Weixue Immortal Monarch might be able to deceive other Immortal Monarchs, but she couldn't fool Ling Yin Immortal King.

Even though the cave dwelling was restricted, as an Immortal King, her Divine Sense could still detect some conditions within the cave dwelling. Yun Yudie's aura was evidently much weaker, clearly indicating Yun Yudie had suffered severe injuries.

Yet Ling Yin Immortal King certainly wouldn't reveal this; stabilizing morale at present was crucial, and Weixue Immortal Monarch's actions posed no issue.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1769: Chapter 1459: Read My Name Backwards

Time passed little by little, and Lu Chen stayed with Yun Yudie in the sea of flowers for an unknown amount of time.

This sea of flowers was a dreamscape, so even though a long time passed inside, only a few hours passed in the outside world.

But as for Yun Yudie's consciousness, she was genuinely tormented by that rebellious disciple for an unknown duration.

At first, Yun Yudie was furious inside, but as time passed, she was left with nothing but desire.

She had clearly noticed that this sea of flowers could magnify one's inner desires, and at this moment, she suspected that her rebellious disciple didn't truly want to do this to her, but was under the influence of this sea of flowers.

If that was the case, then she couldn't blame him, after all, she also couldn't control herself now.

Because it was a direct touch of consciousness, the sensation was more intense than in reality, and without the limitations of the body, this made Lu Chen's mind filled entirely with that matter.

Even Lu Chen's physical body in reality was affected; his consciousness originally controlled all the bodies, but due to Yun Yudie's dreamscape, his consciousness was drawn into this dream, leaving his other bodies uncontrolled and now all in a comatose state.

At this moment, Yun Yudie coldly said while looking at Lu Chen's still-moving consciousness, "Enough!"

Upon hearing Yun Yudie's voice, Lu Chen finally came to his senses, and seeing Yun Yudie's cold and stunning face, her skin as white as snow, Lu Chen's heart became restless again.

Lu Chen thought to himself that he wished it were reality. Although direct contact in the dream made the sensation more pronounced, it couldn't result in conception, making Lu Chen feel like something was lacking.

For Lu Chen, who possessed the System of Lots of Sons and Lots of Blessings, his greatest drive was to have his women conceive. No matter how much effort he put in here, Yun Yudie couldn't conceive since it was just like a dreamscape.

Yun Yudie, seeing that Lu Chen wouldn't listen to her, felt quite helpless. But thinking of the crisis that the Profound Moon Palace was facing, she eventually softened her tone.

“Chen Lu, if you continue like this, the Profound Moon Palace will be destroyed, and you will die too.”

Upon hearing Yun Yudie's words, Lu Chen said, “Once I go out, Honored Master will definitely kill me. Either way, I'm dead.”

“Better to die under a peony than live as a boring ghost!”

“You!” Yun Yudie wished she could cut this rebellious disciple into pieces.

However, to leave here, Yun Yudie had to suppress her inner anger and then said, “As your master, I know you're under the influence of this sea of flowers and that's why you're so unruly. Once we're out, I won't punish you.”

Lu Chen continued his actions and said, “Who can say for sure? The risk is too big; this disciple doesn't dare to gamble.”

Yun Yudie suppressed her anger once more and continued, “I can take an oath on the Heavenly Dao.”

To be able to leave here, even though she wanted to cut this rebellious disciple to pieces, she could only endure. If she really took an oath, then she likely wouldn't be able to make a move against him after leaving.

But she wasn't foolish; she could refrain from punishing this rebellious disciple, but it didn't mean others couldn't. By then, she could have someone else deal with him.

Although she knew he was likely under the influence of the sea of flowers, so audacious as he was, she was still very displeased at being humiliated by this rebellious disciple.

She was at least an Immortal King, yet to be toyed with by this rebellious disciple, even though it was within a self-constructed dreamscape.

Upon hearing Yun Yudie's words, Lu Chen laughed and said, "Then Honored Master should take the Heavenly Dao Oath now!"

Yun Yudie then directly declared, "I hereby swear, once outside, I shall not harm Chen Lu. Should I break this oath, I shall never advance in cultivation for the rest of my life."

After she finished speaking, Yun Yudie looked at Lu Chen coldly, “Are you satisfied now?”

Lu Chen pondered for a moment and then said, “The oath is useless; we should change it.”

Yun Yudie’s eyebrows furrowed slightly, “What do you mean?”

Lu Chen directly said, “My real name isn’t Chen Lu.”

After thinking for a while, Lu Chen finally decided to directly reveal his identity. Now that the Profound Moon Palace had reached a critical point of life and death, after going out, he would definitely reveal his true strength.

Although they hadn’t physically consummated their relationship, for immortals, the Divine Soul was most important. Now, their consciousnesses were entwined, so they were practically like a married couple.

Given this, he decided to tell Yun Yudie his identity, and now was the best time to force Yun Yudie to take an oath. If Yun Yudie swore not to harm him, then once outside, she couldn’t do anything to him.

With Lu Chen's words, Yun Yudie fixed her icy gaze on Lu Chen's eyes. Just as she thought, this rebellious disciple hid his true identity.

Yun Yudie then said, "Speak! Who exactly are you?"

Lu Chen smiled and said, "Just reverse my name."

Reverse it?

Yun Yudie was momentarily stunned, and in the next instant, it was as if she had been struck by a bolt out of the blue, her mind went blank.

Reversing Chen Lu gave 'Lu Chen'?

Once Yun Yudie came back to her senses, she glared at Lu Chen with killing intent. She thought it strange that Lu Chen's self-destruction seemed inexplicable at the time.

Thinking about it now, that was probably just one of Lu Chen's clones.

Yun Yudie was furious and shouted, “Scoundrel! You’re courting death!”

Yun Yudie struggled hard, wanting to tear Lu Chen to pieces. But no matter how hard she struggled, it was useless, and Lu Chen began to intensify his efforts.

“Huff... Yudie, you do look just like Qingshu when you’re angry...”

“Even as a conscious entity, this still feels enjoyable.”

Yun Yudie gritted her teeth, her cold eyes filled with murderous intent, but she couldn’t do anything.

Lu Chen continued, “Being angry is futile; what’s done is done. Moreover, don’t you want to see your sister?”

“If you truly kill me, then you might never see your sister again.”

“Only when my strength reaches the Immortal Emperor Realm will I have a chance to return to the Chaotic Sea and bring your sister out.”

Upon hearing Lu Chen's words, half of Yun Yudie's inner rage was extinguished instantly.

Although she did want to personally kill the man who kidnapped her sister, the thought that if she did kill him, she'd never see her sister again left her deeply conflicted.

Yun Yudie then coldly demanded, "What do you want!"

Lu Chen replied, "Be my woman."

Yun Yudie refused outright, "Impossible!"

This scoundrel had kidnapped Yun Qingshu and now had designs on her too.

Lu Chen calmly said, "The Profound Moon Palace is under siege by three forces. Without my help, they will all die."

"You're an Immortal King and could easily escape, but others might not get away. The Profound Moon Palace is full of female disciples; if they fall into the hands of Evil Immortals, being violated would be the least of their worries. Who knows what inhuman fates they'd meet."

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1770: Chapter 1460: Is It Possible That This Is My Path of Cultivation?

Upon hearing Lu Chen's words, Yun Yudie fell into silence. For the women of the Mysterious Moon Palace, chastity was not really important. Immortals are not mortals; they don't have such a strong notion of purity. But if those women fell into the hands of Evil Immortals and were reduced to mere playthings, it was inevitable, and they might even be treated as a Furnace Cauldron.

The Furnace Cauldron in the eyes of Evil Immortals is different from that perceived by Righteous Immortals. The Furnace Cauldron of Righteous Immortals might at most assist in cultivation and have a chance of survival, whereas those who become the Furnace Cauldrons of Evil Immortals are likely sentenced to certain doom.

Seeing Yun Yudie remain silent, Lu Chen continued, "As far as I know, many disciples of the Mysterious Moon Palace were initially brought out by you from the Mysterious Moon Palace. They were willing to give up the prosperous cultivation environment of the Mysterious Moon Palace to follow you to this remote place to establish an Immortal Sect, showing their immense loyalty toward you."

“Do you have the heart to watch them become playthings and Furnace Cauldrons for Evil Immortals, ending with nothing left of their bodies?”

Yun Yudie still didn't speak, her cold eyes simply fixated on Lu Chen.

Lu Chen continued to entice her, “Be my woman, and I can not only help you free from this menace, but possibly push you further to become an Immortal Venerate. Of course, the most important thing is you will have a chance to see your sister again.”

Upon hearing Lu Chen mention her sister, Yun Yudie finally broke her silence and said, “Transmit all memories related to her to me.”

Though Lu Chen had left behind some memories of Yun Qingshu before, they were not complete. Yun Yudie now desperately wants to know how Yun Qingshu is faring in the Chaotic Sea.

Seeing Yun Yudie request memories regarding Yun Qingshu, without hesitation, Lu Chen coalesced all his memories with Yun Qingshu from the Chaotic Sea into a Memory Pearl and transferred it to Yun Yudie's consciousness.

This time, the memories Lu Chen transmitted included even those of his intimate moments with Yun Qingshu. After Yun Yudie received these memories from the Memory Pearl, her face turned somewhat grim.

From the Memory Pearl, it was evident that this wretch had a deep obsession with procreation. Now he's targeting her, which means he wants her to bear his children as well.

It was one thing to indulge with Yun Qingshu, but he's not letting her off either. Yun Yudie coldly looked at Lu Chen and said, "You've focused all your thoughts on women; aren't you afraid they'll corrupt your Dao Heart, preventing you from ever becoming an Immortal Emperor?"

After seeing Lu Chen's memories, Yun Yudie realized he had spent virtually all his time with women and found it hard to imagine him ever achieving the status of Immortal Emperor.

If Lu Chen continues down this path, he might never become an Immortal Emperor, unable to bring back her sister, and Yun Yudie might die never seeing her sister again.

Lu Chen calmly replied, "Isn't it a possibility that this is my Dao?"

Hearing Lu Chen's words, Yun Yudie was momentarily stunned.

She had never heard that engaging in such affairs of men and women, procreating offspring, could lead to strengthening oneself. How could such a Dao exist in this world?

Yun Yudie coldly said, “Do you think I am a fool?”

Lu Chen replied, “You must have heard my story. When I was the Prince of Tianxia Immortal Dynasty, after coming of age, I devoted all my thoughts to women. Yet, my cultivation state advanced faster than any prodigy in the history of Tianyan Immortal Domain.”

“People thought it was because of my talent, and indeed, my talent is good. But do you think I achieved such advancement purely due to talent?”

“If someone else with talent were to indulge in women, no matter how gifted, they would likely become useless. Yet, I’ve not only remained fine but my cultivation state accelerated even more.”

“Had it not been for those top forces fearing my rise to Immortal Emperor, sending Immortal Venerates to besiege me, I might already be an Immortal Emperor.”

Listening to Lu Chen, Yun Yudie was slightly astonished. After her seclusion ended, she did inquire into Lu Chen’s background, especially since Lu Chen had

eloped with her sister, and she was curious how a man could make her sister willingly follow him to the Chaotic Sea.

Through her investigations, she discovered Lu Chen was utterly a lustful individual, obsessed with women, yet his cultivation state rose rapidly, considered by many as due to Lu Chen's exceptional talent.

However, as Lu Chen said, regardless of talent, cultivation still requires effort. Lu Chen spent all his focus on women and hardly cultivated. How could his power grow so quickly? Even Evil Immortals wouldn't invest their efforts predominantly in dual cultivation between men and women.

Though dual cultivation offers some benefits for cultivation, such assistance was limited.

At this moment, even Yun Yudie couldn't help but suspect Lu Chen might be telling the truth.

Could it be that someone in this world relies on offspring production to enhance their cultivation state, potentially even breaking through to the Immortal Emperor Realm?

What about those who diligently cultivate?

Lu Chen continued, “There are millions of paths in this world, reproduction path is one of them, and it is an immensely important path for this world.”

“If it weren’t for the reproduction path being eroded by some unknown force, the offspring production within Tianyan Immortal Domain wouldn’t have become excessively difficult.”

“I actually have one hypothesis: it was because I was driven out of Tianyan Immortal Domain, and no one continued pursuing the reproduction path, that caused the mysterious force to persistently erode the reproduction path.”

“Until my return, when I again treaded upon the reproduction path, did I dispel that mysterious force from the reproduction path, returning Tianyan Immortal Domain’s cycle of life and death to normal, otherwise who knows how many wandering spirits in Tianyan Immortal Domain would remain unable to reincarnate.”

Listening to Lu Chen, Yun Yudie fell into meditation. Upon reflection, she realized offspring production indeed became easier after Lu Chen returned. Could it truly be related to Lu Chen?

This...

This was unheard of.

Seeing Yun Yudie remain silent, Lu Chen took action once more.

Yun Yudie instantly snapped back to reality, glaring coldly at Lu Chen. Even if what this wretch said was true, how dare he elope with her sister, and now, he even sets his sights on her.

Yun Yudie said, “Out there are countless women, with beautiful fairies... innumerable...”

Lu Chen knew what Yun Yudie intended to say and interrupted her before she could finish, “You mean to say I could choose anyone; there’s no need to involve Qingshu and you, right?”

“Initially, I thought so too, but later I realized only a small number of women can aid my cultivation of the reproduction path.”

“This includes Qingshu and you. As to why, I do not know yet. But the mere fact you were able to become the Saintess of Mysterious Moon Palace indicates your constitutions are unique; maybe those capable of supporting my cultivation of the reproduction path must have special constitutions.”
