Chapter 1781: Chapter 1471: Spirit Realm Crossing Array Activated

After hearing Guihai Immortal Monarch's voice, Lu Jing snapped back to reality. Despite fearing that the Heavenly Splendor Hall would attempt to recruit Lu Chen again, he knew that sooner or later, the news of Lu Chen being alive would reach their ears, as he wasn't the only one who remembered Lu Chen's appearance.

If he kept this information to himself, he might offend the Heavenly Splendor Hall instead.

With this in mind, Lu Jing immediately said to Guihai Immortal Monarch, "If I'm not mistaken, the person fighting against the three Hall Masters of the Blood Eagle Hall is Lu Chen."

Hearing Lu Jing's words, Guihai Immortal Monarch and Chiyan Immortal King were taken aback. They had never seen Lu Chen before, so they didn't know what he looked like.

But they had heard the news that Lu Chen was already deceased.

Guihai Immortal Monarch, regaining his composure, asked puzzled, “Lu Chen? Are you sure you’re not mistaken? Wasn’t he already dead?”

Back then, when the Heavenly Splendor Hall wanted information about the Chaotic Sea, they had sent several Immortal Kings to the Tianxia Immortal Dynasty, and those Immortal Kings had witnessed Lu Chen self-destruct. How was he alive again now?

Lu Jing said, “When Lu Chen died, I wasn’t present. Now, it seems either that person isn’t Lu Chen, or he faked his death to escape.”

Hearing Lu Jing’s words, Guihai Immortal Monarch’s brow furrowed deeply. If this person was indeed Lu Chen, it must be reported to the Heavenly Splendor Hall immediately.

At this moment, Guihai Immortal Monarch suddenly thought of something. The elders of the Heavenly Splendor Hall were eager to acquire information about the Chaotic Sea. If he could capture Lu Chen, it would be a great achievement.

However, he couldn’t possibly capture an Immortal King by himself. Moreover, Lu Chen was now able to withstand the attack of three Evil Immortal Kings single-handedly, which showed his formidable strength.

But it wasn't necessary for him to act personally.

As a special envoy of Guihai Immortal Monarch representing the Heavenly Splendor Hall, there were many Immortal Kings present. With just a word, he believed they would cooperate in capturing Lu Chen.

With this in mind, Guihai Immortal Monarch immediately said to Lu Jing and Chiyan Immortal King, "Lu Chen is wanted by the Heavenly Splendor Hall. He is very important to us, so he must be captured alive!"

"The Immortal Kings of both your forces should join in; he must not escape."

"If we can capture Lu Chen alive, there will be generous rewards from the Heavenly Splendor Hall."

Hearing this, Lu Jing and Chiyan Immortal King's eyes lit up. Although Lu Chen was very strong, there were seven Immortal Kings in total present, including those from the Blood Eagle Hall. Given that Lu Chen had only recently emerged from the Chaotic Sea and had been eroded by Chaos Qi, his strength probably hadn't fully recovered, so capturing him alive shouldn't be too difficult.

With this in mind, Lu Jing immediately ordered the Immortal Kings of the Tianxia Immortal Dynasty to capture Lu Chen alive.

Chiyan Immortal King also flew towards Lu Chen himself. Seeing four more Immortal Kings appear in the distance, Blood Demon Immortal King's brow furrowed. Initially, they attacked the Mysterious Moon Palace early to monopolize its treasures and cultivation resources.

But now a powerful Immortal capable of suppressing their Evil Qi appeared, disrupting their plan. However, as these Immortals were righteous, the situation might change.

Chiyan Immortal King and the other righteous Immortals, if they took action, would render the vile Immortals without advantage. Blood Eagle Hall could simply wait in the background and reap the benefits once the Mysterious Moon Palace's Immortal and Chiyan Immortal King's forces were at odds.

Thinking of this, Blood Demon Immortal King immediately signaled Ghostly Evil Immortal King and Netherworld Immortal King, and the three turned into fleeting shadows, appearing before Chiyan Immortal King and the other four Immortal Kings.

Blood Demon Immortal King, expressionless, said to Chiyan Immortal King, "This person is powerful. We've suffered backlash from formations and are heavily injured. It's up to you four now."

Hearing the Blood Demon Immortal King, Chiyan Immortal King felt extreme dissatisfaction. He naturally guessed Blood Demon Immortal King's intent to reap the rewards.

Even knowing Blood Demon Immortal King's intentions, Chiyan Immortal King dared not say anything, as the cooperation between Chiyan Sect and Blood Eagle Hall was temporary. Offending Blood Eagle Hall now might lead to trouble once the envoy from the Heavenly Splendor Hall leaves.

More importantly, with the absence of the Mysterious Moon Palace, Blood Eagle Hall's occupied territories directly bordered Chiyan Sect, making any attack from Blood Eagle Hall easier.

Chiyan Immortal King and others then charged towards Lu Chen, planning to capture him alive.

Once Lu Chen was besieged by Chiyan Immortal King and the four others, Blood Demon Immortal King's gaze fell on the Mysterious Moon Palace. At this moment, the space around the Mysterious Moon Palace was distorting increasingly, as if the Mysterious Moon Palace could vanish at any moment.

Blood Demon Immortal King immediately said to Ghostly Evil Immortal King and Netherworld Immortal King, "We must interrupt the activation of their teleportation array!"

With the one capable of suppressing their Evil Qi entangled by the other Immortal Kings, they must seize the opportunity to interrupt the teleportation array of the Mysterious Moon Palace. Otherwise, if the Mysterious Moon Palace truly escaped, it would all be for naught.

Once Blood Demon Immortal King finished speaking, the three of them turned into shadowy figures, heading straight for the Mysterious Moon Palace, intending to cut off the Immortal Aura delivery to the transmission array Yun Yudie and others were constructing for Lu Chen. Yet, unexpectedly, as they approached the Mysterious Moon Palace, a sense of impending danger surged within them.

Before they could react, a massive black vortex appeared instantly at the location of the Mysterious Moon Palace, and the entire Mysterious Moon Palace was directly drawn into the vortex.

After being sucked into the vortex, the black vortex quickly vanished, and all of this happened in the blink of an eye, leaving almost everyone without time to react.

After an unknown period, some finally came to their senses.

Yet, witnessing this scene, whether they were evil Immortals of the Blood Eagle Hall or righteous Immortals from Chiyan Sect and the Tianxia Immortal Dynasty, everyone stood there in shock.

Especially the three Immortal Kings who initially sensed something was wrong, despite foreseeing the possibility of the entire Mysterious Moon Palace being teleported, were nevertheless stunned to witness it occur so suddenly before their eyes.

Had an entire Immortal Sect been merely teleported away just like that?

How advanced must this teleportation array be?

Moreover, this teleportation ignored the spatial blockade formation set by the three Immortal Kings.

Standing on the deck of the warship, Guihai Immortal Monarch couldn't quite believe his eyes. He rubbed them and realized the space where the Mysterious Moon Palace stood was indeed vacant, bringing him back to reality.

“How...how is this possible...”

Even as a disciple of such a Super Force like the Heavenly Splendor Hall, Guihai Immortal Monarch had never seen an array capable of teleporting an entire Immortal Sect. He didn't believe the Heavenly Splendor Hall even possessed such a level of transformation array.

How could the petite Mysterious Moon Palace have such a teleportation array?

Could it be that Yun Yudie brought this teleportation array from the Mysterious Moon Palace? Considering the profound heritage of the Mysterious Moon Palace as a Super Force, it might indeed have such an array.

But...

What should be done next...

The Mysterious Moon Palace, having killed the envoy from the Heavenly Splendor Hall, not only faced no retribution but now escaped unscathed, completely disappearing along with the entire Mysterious Moon Palace.

The chicken was gone, and the threat intended as an example had fallen flat.

Chapter 1782: Chapter 1472: I Am No Match for the King, So I Shall Withdraw

At this moment, Guihai Immortal Monarch's face was extremely unsightly. He had painstakingly persuaded Blood Eagle Hall to continue attacking Mysterious Moon Palace, and it seemed they were about to capture the entire Mysterious Moon Palace, planning to publicly announce its crimes and make an example out of it, but in the final moment, Mysterious Moon Palace managed to escape.

How would he explain this to Qingyun Immortal King and the Immortal Venerate behind Qingyun Immortal King?

While Guihai Immortal Monarch was at a loss, pondering how to report the happenings at Mysterious Moon Palace to Qingyun Immortal King, suddenly, a terrifying pressure descended from the sky.

Guihai Immortal Monarch immediately regained his senses, his gaze landed on Lu Chen who was releasing the pressure. Upon seeing him, Guihai Immortal Monarch's eyes immediately lit up.

How could he have forgotten Lu Chen? Despite not being able to destroy Mysterious Moon Palace, most of its territories were conquered, which served as a lesson to Mysterious Moon Palace and a warning to those disobedient Immortal Sects. If he could capture Lu Chen alive, wouldn't that suffice as an explanation?

Now it's up to these few Immortal Kings to see if they can capture Lu Chen.

With this thought, Guihai Immortal Monarch's gaze was fixated on Lu Chen in the distant sky, he believed that the three Evil Immortal Kings, coupled with the four Righteous Immortal Kings, should be able to capture Lu Chen.

At that moment, one of the Immortal Kings attacking Lu Chen suddenly froze in midair, incredulously asking, "You... You are Chen King???"

Lu Chen, seeing someone from Tianxia Immortal Dynasty recognized him, no longer concealed his identity. After all, he didn't plan to keep this body; for him now, it was quite easy to create a body of Heavenly Immortal level.

He planned to fake his death to escape, so even if recognized, it didn't matter.

He glanced at the old man who spoke to him, dressed in white, with graying hair and faint death qi surrounding him, indicating he was near the end of his lifespan, having only a few days left, probably falling within tens of thousands of years.

Lu Chen recalled quickly and recognized the old man, but when he left Tianxia Immortal Dynasty over a billion years ago, this man looked very young, with black hair, appearing no older than middle-aged.

He said, "Unexpectedly, only a few billion years passed, and Xuanjian Immortal King is already this old."

Xuanjian Immortal King replied, “Time spares no one. My talents are limited, unable to take that step, only waiting for the end of days.”

Hearing their conversation, the other two Immortal Kings of Tianxia Immortal Dynasty were startled mid-air, confirming that he truly was Chen King?

He’s actually still alive!

Wouldn’t he be most qualified now to become the Immortal Emperor of Tianxia Immortal Dynasty?

After all, he possessed Immortal King’s strength; if he could acquire the dynasty’s qi fortune and coupled with Lu Chen’s talent, he might directly breakthrough to Immortal Venerate Realm, elevating Tianxia Immortal Dynasty’s status in the Southern Domain.

Moreover, Lu Chen had been able to fight several Immortal Venerates simultaneously without being disadvantaged back when he was just an Immortal King. As they contemplated, they suddenly remembered Lu Chen had offended Heavenly Splendor Hall; Heavenly Splendor Hall would never let him live.

At this point, Xuanjian Immortal King asked, “Does Chen King wish to surrender to Heavenly Splendor Hall? If willing, they might consider sparing the King’s life.”

“The current Tianxia Immortal Dynasty needs the King. Please consider the old man’s proposal for the dynasty’s sake.”

Hearing this, Lu Chen smiled faintly and asked, “You mean for me to surrender?”

Xuanjian Immortal King said, “I know you are the most talented Heavenly Pride in Tianyan Immortal Domain history, but now your wings are not yet fully grown; it’s time to endure when necessary.”

Lu Chen naturally understood Xuanjian Immortal King’s intentions. He said calmly, “I know what you’re thinking, but unfortunately, Heavenly Splendor Hall won’t let me off, and my enmity with them has long reached a point of no return.”

Years ago, Heavenly Splendor Hall led numerous forces to attack him, forcing him into Chaotic Sea, where he and his wives barely survived.

He couldn’t leave that vengeance unfulfilled. Asking him to surrender to Heavenly Splendor Hall was absolutely impossible.

Upon hearing Lu Chen’s words, the three Immortal Kings of Tianxia Immortal Dynasty became extremely solemn. At this moment, their hearts were conflicted. As Immortal Kings of Tianxia Immortal Dynasty, their fate was deeply tied with

the dynasty's qi fortune. Whether out of public or private interest, they wished Lu Chen could return and be the dynasty's master.

If Lu Chen became the Immortal Emperor, Tianxia Immortal Dynasty's qi fortune would probably be elevated through his influence, and they wondered if his presence at Mysterious Moon Palace was related to its sudden rise in qi fortune.

Should Lu Chen enhance the dynasty's qi fortune, under its profound boost, they might even achieve breakthroughs.

But they understood, if Lu Chen indeed had an irreconcilable conflict with Heavenly Splendor Hall, even if they wished him to stay, he wouldn't agree.

After all, Heavenly Splendor Hall remains the strongest Immortal Sect in the Southern Domain, commanding all forces there, and Tianxia Immortal Dynasty couldn't relocate, unless Heavenly Splendor Hall ceased to exist. Only then perhaps Lu Chen might return.

Seeing the three Immortal Kings hesitate, Chiyan Immortal King's brows furrowed, appearing displeased. If they didn't act, he feared facing Lu Chen alone.

At this moment, Lu Chen said, "As my days are numbered, I won't trouble you. In the final moments of my life, I'll eliminate Blood Eagle Hall as a threat to Tianxia Immortal Dynasty."

“In consideration of you righteous immortalists, I won’t act against you. Leave this place immediately!”

As he spoke, Lu Chen instantly released the Power of Slaughter.

Feeling the intense Power of Slaughter from Lu Chen, Xuanjian Immortal King and others were stunned.

Power of Slaughter?

Isn’t Chen King’s path not of slaughter?

Why can he use Power of Slaughter?

Could it be due to him rebuilding his cultivation?

At this point, Xuanjian Immortal King suddenly said, “I am not the King’s match and shall withdraw.”

Upon his words, Xuanjian Immortal King turned and left without any hesitation.

Seeing Xuanjian Immortal King leaving, the remaining two Immortal Kings of Tianxia Immortal Dynasty glanced at each other and made the same choice to depart.

On one hand, Lu Chen's aura was frighteningly strong, and on the other, he already mentioned his end is near, clearly implying he intends to fight desperately, advising those wishing to survive to flee.

Observing the three Immortal Kings of Tianxia Immortal Dynasty fleeing, Chiyan Immortal King felt extremely embarrassed and soon left.

Honestly, he feared Guihai Immortal Monarch reporting this to Heavenly Splendor Hall, but prioritizing his own life, he chose to escape.

Having given the final ultimatum, should he remain, he feared losing the chance to escape.

Upon seeing Xuanjian Immortal King returning, Lu Jing and Guihai Immortal Monarch were furious.

Lu Jing immediately shouted, “Xuanjian Immortal King! What is your meaning? Are you letting this criminal escape!”

Chapter 1783: Chapter 1473: Next, He Is Definitely No Match for the Blood Demon Immortal King and His Allies!

Facing Lu Jing’s questioning, Xuanjian Immortal King calmly said, “Your Majesty, Chen King’s strength is too formidable, we are not his match.”

Upon hearing this, Lu Jing’s face darkened, and he said coldly, “You haven’t even made a move, yet you claim you’re not his match?”

“Why do I feel like you’re considering past relationships and don’t want to act against him?”

“What, are you thinking of welcoming him back and letting him become the Immortal Dynasty Master of the Tianxia Immortal Dynasty?”

“Don’t forget, he’s an enemy of the Heavenly Splendor Hall! If you let him escape, you’ll all be punished!”

After hearing Lu Jing’s words, Guihai Immortal Monarch felt very comfortable inside, as Lu Jing had directly spoken what was in his heart. Guihai Immortal Monarch said coldly, “Go back immediately and capture Lu Chen, or I will definitely report today’s incident to the Heavenly Splendor Hall!”

As soon as Guihai Immortal Monarch finished speaking, Xuanjian Immortal King and the others looked at each other, and finally Xuanjian Immortal King turned his head, ready to fly towards Lu Chen’s direction.

Seeing Xuanjian Immortal King and others turn around, Guihai Immortal Monarch let out a cold laugh; in the face of the Heavenly Splendor Hall, these people had no choice but to obey.

However, Xuanjian Immortal King and the others were moving very slowly. With an Immortal King’s speed, reaching Lu Chen would only take the blink of an eye, but now their speed was slower than a mortal walking.

At this moment, Lu Chen’s figure suddenly turned into a blur and rushed towards the Blood Demon Immortal King trio.

When the Blood Demon Immortal King trio saw Lu Chen rushing towards them, they hurriedly made their move.

Blood Sacrifice Demon Refining Seal!!!

Nine Nether Ghost Flame Palm!!!

Corpse Mountain Blood Sea!!!

For a moment, the entire sky was filled with Evil Qi, and upon sensing the thick blackness, Xuanjian Immortal King and others felt a elated, immediately stopping and not continuing towards Lu Chen.

Given the current situation, it was clear they couldn't get involved. The thick Evil Qi was too daunting for them to recklessly charge through.

Seeing Xuanjian Immortal King and others stop again, Guihai Immortal Monarch's face darkened once more. He was about to say something when the Evil Qi released by the three Evil Immortal Kings made it difficult for him to breathe.

Guihai Immortal Monarch could only remain silent; with Evil Immortals in action, he knew that Xuanjian Immortal King and the others would surely use the Evil Qi as an excuse to refrain from acting against Lu Chen. Given this excuse, he couldn't

rightly blame Xuanjian Immortal King and the others, as the suppression of Righteous Immortals by Evil Qi was too significant.

Guihai Immortal Monarch's gaze then fell on the Blood Demon Immortal King and his companions. He was thinking, surely the three Evil Immortal Kings would be able to capture Lu Chen, right?

Just as Guihai Immortal Monarch was thinking this, the oil lamp in the sky suddenly became brighter, and the red Immortal Aura it released instantly transformed into a red cloth that covered the sky.

This red cloth instantly blocked all of the Blood Demon Immortal King's trio's attacks, and in the next moment, all the surrounding Evil Qi was absorbed and transformed by the oil lamp in the sky.

Seeing this scene, the Blood Demon Immortal King trio immediately felt a chill on their scalps, experiencing defeat before a Righteous Immortal for the first time.

At this moment, Lu Chen's strength surged once again, the pressure emanating from him nearing that of an Immortal Venerate. Feeling the oppressive force emanating from Lu Chen, everyone present was stunned, especially Guihai Immortal Monarch.

Guihai Immortal Monarch had only experienced such pressure in the presence of an Immortal Venerate, and a terrifying thought crossed Guihai Immortal Monarch's mind.

Could it be... that Lu Chen has already become an Immortal Venerate???

If that's the case, and given his status as the envoy of the Heavenly Splendor Hall, should Lu Chen discover him, the outcome would surely not be favorable.

Thinking this, Guihai Immortal Monarch started to waver, wanting to immediately retreat from the battlefield.

Looking at the Blood Demon Immortal King, Lu Chen said, "Let's see if you can withstand this next sword."

As his words fell, everyone witnessed a scene of a Corpse Mountain Blood Sea before their eyes, the sky turning dark red, as if they had been pulled into hell. Under their feet were scattered bones and flowing blood, the wails of countless souls echoing in their ears.

Blood Demon Immortal King and the others were suddenly alarmed; this was the Slaughter Domain!

In the next moment, they felt the immense suppression of their body's power.

Lu Chen naturally restrained their Evil Qi, and with the emergence of the Slaughter Domain, their strength plummeted once more. In the Slaughter Domain, they could only endure passively.

At this moment, the Blood Demon Immortal King trio realized that the man before them was someone they couldn't defeat.

Escape! They had to escape from here!

The Blood Demon Immortal King immediately said to the Ghostly Evil Immortal King and Netherworld Immortal King, "Attack together and break through his domain!"

The Blood Demon Immortal King trio then attacked again, intending to shatter Lu Chen's Slaughter Domain.

Within the Slaughter Domain, space was locked. To break through space and escape, they needed to first break the Slaughter Domain.

At this time, Lu Chen gathered the Immortal Aura in his body and swung out a sword.

Green Fall Cyan Dragon Roar!!!

The Sword Qi transformed into a blood-colored giant dragon and, with extreme speed, reached the Blood Demon Immortal King trio. Within the Slaughter Domain, all of Lu Chen's attacks could arrive in an instant, giving the Blood Demon Immortal King group no time to prepare for defense.

As the Blood Dragon crushed them, their physical bodies shattered instantly, though it consumed a great deal of Lu Chen's power.

Feeling his strength rapidly fading, Lu Chen frowned slightly, realizing the power of the Immortal King's Remain Curse was depleting faster than anticipated.

After the Blood Demon Immortal King's physical bodies were destroyed, three red Blood Souls appeared within the Slaughter Domain, representing their Divine Souls.

Evil Immortals and Immortals were similar: as long as their Divine Souls remained, they wouldn't die, but without a body's protection, their Divine Souls would be incredibly fragile.

Witnessing their physical bodies obliterated, fear flooded the Blood Demon Immortal Kings' hearts. With just a single sword, their physical forms, tempered

countless times with the Essence Blood of Immortals and as strong as that of an Immortal Venerate, were destroyed.

If Lu Chen struck again, wouldn't their Blood Souls be obliterated as well?

It was at this moment that Ghostly Evil Immortal King suddenly said, "His aura has weakened!"

Upon hearing this, Blood Demon Immortal King and Netherworld Immortal King immediately reacted, realizing that Lu Chen's aura had indeed weakened, and even the Slaughter Domain was becoming unstable.

Blood Demon Immortal King immediately declared, "He must have used a Secret Technique to forcibly boost his strength earlier!"

"Let's dismantle his domain first!"

As he spoke, Blood Demon Immortal King moved to shatter the Slaughter Domain.

However, before he could act, the Slaughter Domain vanished on its own.

Lu Chen furrowed his brow slightly, realizing that just using the Power of Slaughter drained his strength alarmingly.

Meanwhile, Guihai Immortal Monarch, from afar, felt elated as the oppressive force that had enveloped him disappeared. He thought that given Lu Chen had just emerged from the Chaotic Sea, how could his strength have fully recovered? Now his true colors were showing.

Surely now Lu Chen wouldn't be a match for the Blood Demon Immortal King and his companions.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Feeling the power within his body rapidly depleting, Lu Chen also realized that the power of the Immortal King's Remain Curse was fixed and would not extend its duration even if supplemented by other forms of power mid-course.

He initially thought that after converting the Evil Qi into his own power using the Divine Light Thousand Lamp Scripture, he could use the Immortal King's Remain Curse for a while longer. However, it turned out that the power absorbed by the scripture only made him stronger but couldn't extend his usage time.

Seeing Lu Chen's aura rapidly declining, the fear within the Blood Demon Immortal King turned into rage. He sneered, "Dare to destroy my physical body, what do you plan to do next to die?"

As he spoke, the Blood Demon Immortal King prepared to strike again.

After hearing the Blood Demon Immortal King's words, there was not a trace of panic on Lu Chen's face. Instead, he smiled and said, "If I were you, I would choose to escape immediately instead of seeking revenge."

The Blood Demon Immortal King coldly replied, "Do you really think you can still contend with us with your current strength?"

As soon as the words fell, the Blood Demon Immortal King shouted, "Corpse Mountain Blood Sea!!!"

Just as the Blood Demon Immortal King was about to kill Lu Chen, a strange smile appeared on Lu Chen's face. In the next moment, everyone sensed Lu Chen's aura rapidly swelling again.

For a moment, the Blood Demon Immortal King and the others were stunned. What was going on?

Wasn't his aura declining, why has it suddenly risen again? At this moment, the Blood Demon Immortal King suddenly thought of something and immediately shouted, "Not good, he's about to self-destruct his Divine Soul!!!"

Upon hearing this, the Netherworld Immortal King and the Ghostly Evil Immortal King instantly snapped back to reality. They hesitated not a moment and immediately lifted the spatial blockade.

However, at this very moment, Lu Chen's body exploded with a loud bang. The instant he exploded, space itself shattered inch by inch, forming a gigantic void, and anything caught in the spatial vortex, such as Blood Eagle Hall's warships or Immortals, were ground to pieces.

In the distance, the Xuanjian Immortal King and others, being further away, were blasted away by the first wave of explosive energy and were not caught in the spatial vortex.

For a moment, the warships in the sky fell like rain.

By the time the Guihai Immortal Monarch regained his composure, the spatial vortex had already vanished, leaving behind only numerous severed limbs and remnants.

Seeing the severed limbs and remnants floating in the air, the Guihai Immortal Monarch felt a lingering fear. He never expected Lu Chen to be so decisive as to directly choose to self-destruct.

Originally, he wanted to capture Lu Chen alive to learn the secrets of the Chaotic Sea. Alive, Lu Chen was more valuable than dead.

The Guihai Immortal Monarch's face twisted as he spat out a curse, "Damn it, what a lunatic!"

Now that the Mysterious Moon Palace had escaped and Lu Chen had self-destructed, how was he supposed to explain this upon returning?

At this moment, the Chiyan Immortal King looked at the explosion's center. Not only was he not displeased, but he felt extremely thrilled. With an Immortal King's self-destruction, the three Immortal Kings from the Blood Eagle Hall probably couldn't withstand it. Who knows if they died in the explosion.

If they did die, the territory of the Mysterious Moon Palace, swallowed by the Blood Eagle Hall, would belong to the Chiyan Sect, and they would no longer have to worry about invasions from the Blood Eagle Hall.

Thinking of this, the Chiyan Immortal King felt utterly delighted. He didn't expect that aligning with the Heavenly Splendor Hall would yield him two benefits at once, affirming the correctness of his choice.

...

Meanwhile, at the Blood Eagle Hall.

A blood soul, flickering in and out, suddenly barged into the Hall Master's retreat. Once the blood soul stopped, it revealed the appearance of the Blood Demon Immortal King.

After Lu Chen's self-destruction, he immediately shattered space to escape. Although he suffered some impact and was seriously injured, he managed to survive.

Thinking back to the explosion scene, the Blood Demon Immortal King couldn't help but clench his fists. He now genuinely doubted whether that guy was an Evil Immortal.

It's one thing for him to use Immortal Law that seemed like Evil Technique, but as soon as he realized he couldn't win, he immediately dragged everyone to perish together.

Realizing that the Blood Eagle Hall would take ten thousand years to recover from this devastation, the Blood Demon Immortal King seethed with rage.

This time, not only did they lose many elders and disciples of the Blood Eagle Hall, but even the Ghostly Evil Immortal King and the Netherworld Immortal King perished. His years of effort were ruined, and the key enemy self-destructed. This left the Blood Demon Immortal King with bottled-up fury he couldn't vent.

Only after a long time did the Blood Demon Immortal King calm his inner fears and anger. He ordered the disciples of the Blood Eagle Hall to withdraw all their disciples from outside as he needed to begin his closed-door cultivation.

...

Sunset Mountain Range, North Slope.

A vast shadow obscured the sunlight, and the plains on one side of the mountain range were plunged into darkness.

Seeing the enormous shadow that appeared in the sky, the Immortals of the sect at the North Slope of the Sunset Mountain Range were astonished.

Some knowledgeable Immortals immediately understood what was happening. Clearly, an Immortal Sect had relocated above them.

Under normal circumstances, Immortal Sects in the sky are shielded by Concealing Arrays. Though they are located high in the sky, due to the presence of these formations, people beneath can't see the sect, nor does it block the sunlight, making it seem as if nothing is up there.

However, this is only under normal circumstances. When the Mysterious Moon Palace was transmitting, its external Concealing Array was destroyed, revealing its shadow.

At this moment, both the elder and the disciples of the Mysterious Moon Palace stood in shock, frozen in place. Although Lu Chen initially said it was a Transmission Array, they didn't expect it could actually transfer the entire Mysterious Moon Palace.

The concentration of Immortal Aura here was not as high as in the Southern Domain, clearly indicating they had been transported far from the Southern Domain.

Once the elders and disciples of the Mysterious Moon Palace snapped back to reality, they immediately released their Divine Sense to probe their current location.

Seeing the endless mountain ranges to the southwest and a vast desert to the northwest, they realized they had arrived in the Barbaric region.

From the Southern Domain to the Barbaric, it usually takes ordinary Immortals at least one or two years, and here they were, transported instantly, along with the entire Mysterious Moon Palace.

Similarly, Ye Chuyao stood stupefied in place. Once she came to her senses, she discovered that Lu Chen had not been transmitted along with them. For a moment, her inner worry overshadowed her confusion, prompting her to quickly speak to Yun Yudie, "Honored Master... Master Brother... didn't come through..."

Upon hearing Ye Chuyao's words, the initially dazed Yun Yudie also snapped back to reality. As a former Saintess of the Mysterious Moon Palace, she was knowledgeable, yet still, she was stunned by Lu Chen's Spirit Realm Crossing Array.

After regaining her composure, Yun Yudie's expression returned to its cold state. She glanced indifferently at Ye Chuyao and then said, "He is fine."

She knew very well that the body was just one of Lu Chen's puppet bodies. At the moment, there was another body of Lu Chen inside the Mysterious Moon Palace, so if that puppet body was destroyed, it was insignificant.

Chapter 1785: Chapter 1475: Chen Lu Is Lu Chen

Seeing Yun Yudie's calm expression as she said Lu Chen was fine, Ye Chuyao felt that she knew much about this young disciple of hers.

Yun Yudie continued to ask, "Is he... really my young disciple?"

Yun Yudie grew increasingly suspicious that Chen Lu might be in some trouble, and perhaps the Chen Lu just now was merely an Immortal King summoned by her Honored Master to temporarily take on Chen Lu's appearance.

Yun Yudie felt there was no need to keep things from Ye Chuyao any longer, especially since Ye Chuyao seemed to have a grudge against Lu Chen and apparently was unaware of his identity. She very much wanted to see Ye Chuyao's reaction after discovering Lu Chen's identity.

If Ye Chuyao knew that Chen Lu was Lu Chen, perhaps she would stop thinking about him and focus all her efforts on cultivation in the future.

Thinking of this, Yun Yudie said directly, “No.”

Hearing Yun Yudie’s words, Ye Chuyao’s heart skipped a beat. It wasn’t Chen Lu. She had wondered how Chen Lu could suddenly possess the strength of an Immortal King; that person wasn’t the real Chen Lu. So where was the real Chen Lu now?

Thinking about her prior suspicions, Ye Chuyao’s face turned pale. Could Chen Lu really have...

As she was lost in thought, Yun Yudie spoke again, “He is Lu Chen.”

With these words, Ye Chuyao snapped out of her daze.

“Lu... Lu Chen???”

Ye Chuyao was taken aback. Lu Chen wasn’t supposed to have exploded himself in the Tianxia Immortal Dynasty. She even suspected at the time that Lu Chen might have faked his death, but her Honored Master said he witnessed Lu Chen explode himself. How is he now alive again?

Yun Yudie went on, “Chen Lu is Lu Chen.”

Upon hearing this news, Ye Chuyao’s mind went blank.

She approached Chen Lu, sacrificing her innocence, all to make Chen Lu confess his identity. In the end, she thought she was mistaken and reluctantly accepted Chen Lu’s identity. Now, her Honored Master tells her Chen Lu was Lu Chen???

So, was her instinct right from the start?

Thinking about how she was played for a fool by Lu Chen, Ye Chuyao’s heart was filled with rage.

Seeing Ye Chuyao stunned on the spot, Yun Yudie didn’t say much more. She believed Ye Chuyao would ultimately know what to do.

At that moment, Lu Chen’s figure appeared in the Cultivation Square. As soon as Ye Chuyao saw Lu Chen appear, her heart’s fury ignited. Her body flickered, and she drew her sword, rushing to Lu Chen, pointing the tip at his throat with a cold voice asking, “Why did you deceive me?”

Lu Chen looked at Ye Chuyao, puzzled, “Senior sister, what do you mean?”

Ye Chuyao sneered and said, “Lu Chen, how long do you intend to keep pretending?”

Hearing this, Lu Chen paused for a moment, then glanced at Yun Yudie not far away. Seeing her watching the show, Lu Chen immediately understood that Yun Yudie had voluntarily revealed his identity to Ye Chuyao.

Lu Chen chuckled; he didn’t mind much. After all, once he exposed his strength, Ye Chuyao would likely figure out his identity. He didn’t expect to hide it from Ye Chuyao for long. Sooner or later, he intended to reveal his identity to her.

Lu Chen then said directly, “Didn’t you already know my identity? Back then, you agreed...”

Lu Chen paused, glancing at the Elders in the Cultivation Square. Yun Yudie realized such matters might be inappropriate in public. Those elders who had returned from their shock were looking at Lu Chen and Ye Chuyao, eager to watch the show.

Considering Ye Chuyao was her disciple, Yun Yudie naturally didn’t want her to make a fool of herself in public. She waved her hand, and the next moment, Lu Chen and Ye Chuyao were now in Yun Yudie’s bedchamber.

Now that there were no others around, the two of them could argue slowly, perhaps even break things off altogether.

Realizing no one else was around, Lu Chen continued, “Senior sister, you initiated everything from the start. You guessed my identity and chose to engage in dual cultivation with me. So why are you blaming me now?”

Upon hearing this from Lu Chen, Ye Chuyao paused. Indeed, she initially suspected Chen Lu was Lu Chen, leading her to choose dual cultivation with him.

With Lu Chen’s reasoning, Ye Chuyao was left speechless, her words stuck in her chest.

Ye Chuyao then coldly said, “But you shouldn’t have lied about not being Lu Chen!”

Lu Chen replied, “Even if senior sister knew I was Lu Chen, what difference would it make? We have established a marital relationship; can senior sister bear to kill me?”

“By saying I wasn’t Lu Chen, it might alleviate some of senior sister’s internal concerns. I kept my identity hidden for senior sister’s good.”

Ye Chuyao paused again. Indeed, the moment she believed Chen Lu wasn't Lu Chen, her heart had fewer internal conflicts. She had no psychological burden during dual cultivation with Lu Chen in Bihai Immortal City.

Seeing Ye Chuyao frozen in place, Yun Yudie frowned slightly. This was not the scene she wished to see.

Lu Chen, that deceitful man, truly knew how to sweet-talk; just a few words and Ye Chuyao lost the urge to kill him.

At this juncture, Lu Chen continued, "Senior sister, I know you resent me for taking Junwan away, but Junwan and I are truly in love. Junwan is still alive and has my child. Once I become an Immortal Emperor, I will go to the Chaotic Sea to bring them out and reunite you. Is that okay?"

"With things as they are, do you still wish to kill me? If you do, Junwan loses her darling, and her child loses a father. Do you want Junwan to be heartbroken?"

"Should she know you hurt the man she loves most, how would she view you?"

Hearing Lu Chen's words, Ye Chuyao's heart wavered even more.

If Wu Junwan was truly alive, she would rely on Lu Chen to see her again. After all, among those she knew, only Lu Chen had emerged from the Chaotic Sea; likely, only Lu Chen knew Wu Junwan's whereabouts.

However, thinking about how Lu Chen had fooled her and how his words hinted at threats, Ye Chuyao felt deeply unhappy.

She coldly said, "You're a bastard!"

After scolding Lu Chen, Ye Chuyao sheathed her sword and left Yun Yudie's bedchamber without looking back.

Her heart was filled with anger; the more she looked at Lu Chen, the angrier she felt. The key was she had no means against Lu Chen because she still wanted to see Wu Junwan again.

Most importantly, she herself was tossed around by Lu Chen; she felt she didn't have any qualification to speak about Wu Junwan.

Thinking about the time in Bihai Immortal City made Ye Chuyao feel incredibly distressed. She initially wanted Lu Chen to expose himself, but instead, she fell into this bastard's trap. No wonder this bastard's fractured meridians healed so quickly; it was clear he was pretending, just to deceive her.

Her mind was now chaotic, uncertain about future actions.

Once Ye Chuyao left Yun Yudie's bedchamber, Lu Chen's gaze fell upon Yun Yudie, who had been watching the drama unfold.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Seeing Lu Chen staring at her, a trace of displeasure flashed across Yun Yudie's beautiful eyes.

At this time, Lu Chen said, "Honored Master, I helped you get rid of the crisis of Mysterious Moon Palace, but you exposed my identity. Isn't that inappropriate?"

Yun Yudie said expressionlessly, "She is my disciple; I don't want her to go astray."

Lu Chen then glanced at Yun Yudie from head to toe. Today, Yun Yudie wore simple white clothes, her cloud-like hair tied high, with fewer ornaments than usual, yet still appearing cold and noble.

Seeing Lu Chen's gaze suddenly fixed on her, and his eyes seemed somewhat fervent, Yun Yudie's eyebrows slightly furrowed, she suddenly remembered her transaction with Lu Chen.

Lu Chen said, "Now that the crisis of Mysterious Moon Palace has been resolved, shouldn't Honored Master fulfill the promise?"

Upon hearing this, Yun Yudie's face showed no change in expression. She indifferently said "Okay," then voluntarily walked over to her soft couch.

Regarding such a transaction, she was not going to go back on it; regardless of who Lu Chen was, after all, Lu Chen did save the entire Mysterious Moon Palace.

Seeing that Yun Yudie did not renege, however, surprised Lu Chen a bit. He smiled and said, "No need to rush, since the Concealing Array of Mysterious Moon Palace has been destroyed, if it's repaired, people below won't see the sun."

"Honored Master should repair the array first, after it's fixed, I'll come find Honored Master."

Hearing Lu Chen addressing her as Honored Master repeatedly, Yun Yudie felt extremely awkward inside, but she didn't say more, only uttered two words, "Can do."

Soon, Yun Yudie's figure transformed into ice crystals and vanished on the spot.

After Yun Yudie left the sleeping palace, Lu Chen showed a smile. Yun Yudie only agreed to the transaction twice, without specifying for how long.

Once a day is also once, and once a decade is also once. For them, Immortals, not eating or drinking while secluded in cultivation for millennia is normal. After Yun Yudie handles the matters of Mysterious Moon Palace, he will practice Dual Cultivation with Yun Yudie, allowing him to cultivate for as long as he wishes.

Twice, perhaps each lasting a century wouldn't be unacceptable.

Yun Yudie did not know Lu Chen's thoughts; what she meant by twice was about the same duration as mortals do that kind of thing.

After Yun Yudie left the sleeping palace, she immediately led the Elders of the Mysterious Moon Palace to repair the various formations of the Mysterious Moon Palace.

This time, repairing the formations consumed a large amount of Immortal Crystals of Mysterious Moon Palace. However, fortunately, the Mysterious Moon Palace was still wealthy enough, not yet lacking Immortal Crystals.

After the formations were repaired, Yun Yudie summoned all the Elders to the Meeting Hall; although Mysterious Moon Palace had temporarily overcome the crisis, there were still more things to do.

Firstly, they had left the territory they had been running for billions of years. Although they were not short of Immortal Crystals now, if things continued like this, Mysterious Moon Palace would eventually exhaust its resources.

Therefore, the Mysterious Moon Palace must expand its territory again, but to expand the territory, it would inevitably conflict with some forces in the Barbaric areas.

Tianyan Immortal Domain is vast, but most places where Immortal Aura is dense have already been occupied. There are almost no areas in Tianyan Immortal Domain that have not been touched.

To gain more territory, it must be taken from others, and taking territory will naturally lead to war.

Tianyan Immortal Domain is cruel, big fish eat small fish, small fish eat shrimp.

Eventually, after discussions by the Elders, they decided to first explore the surroundings, to see if there were any other Immortal Sects or powerful entities nearby. If there were none, then they'd establish this area as the sphere of influence of the Mysterious Moon Palace.

Mysterious Moon Palace had just experienced war, so the Elders present planned to subdue those sects through peaceful means as much as possible, avoiding war if possible.

After finishing the discussion about expanding territory, Ling Yin Immortal King then asked, "Hall Master, what should be done with those people of the Immortal City?"

Before teleportation, Mysterious Moon Palace took all Immortals from the Immortal City below to Mysterious Moon Palace, numbering in the millions. These millions of people followed Mysterious Moon Palace to this Barbaric place, Mysterious Moon Palace must settle them properly.

Yun Yudie was silent for a moment, she glanced at the Elders present, most of whom had partners, and those partners had followed to Mysterious Moon Palace, such as the partner of Weixue Immortal Monarch.

These Elders' partners were either Sect Masters or Elders from some affiliated forces of Mysterious Moon Palace. They had stayed loyal to Mysterious Moon Palace until the last moment, even when their affiliated forces were wiped out by Blood Eagle Hall and its allies, they continued to assist Mysterious Moon Palace to resist those forces.

Now their own forces were gone, if they were not provided with a good place, it would be unreasonable.

Very quickly, a plan emerged in Yun Yudie's mind, although she felt some reluctance about it.

Due to the matter between Lu Chen and her sister, she had been quite repulsed by romance between men and women, and disliked men to some extent. That's why Mysterious Moon Palace prohibits any men from joining.

However, now that Lu Chen has come to Mysterious Moon Palace, and she herself will soon practice Dual Cultivation with that scoundrel, there's no point in holding onto her old views.

At this moment, Yun Yudie directly announced, "Next, I'll conduct disciple selection. Regardless of gender, anyone who passes the test can become a disciple of Mysterious Moon Palace."

Upon hearing Yun Yudie's words, the Elders present were stunned, clearly not expecting her to be willing to recruit male disciples.

Oh no, hadn't your Hall Master already recruited male disciples...

Only that male disciple seemed not to be just a simple male disciple.

When they were in the cultivation space, they all heard Yun Yudie's words, and learned that Chen Lu is actually Lu Chen.

Nonetheless, this is a significant change for the Mysterious Moon Palace.

Ling Yin Immortal King then continued to ask, "And... what about those Sect Masters or Elders from the affiliated forces, how should they be arranged?"

Ling Yin Immortal King thought, those Sect Masters and Elders from affiliated forces lost everything for Mysterious Moon Palace, naturally, they shouldn't be let down. Since Mysterious Moon Palace is now recruiting male disciples, those Sect Masters and Elders from affiliated sects should be recruited as well.

Yun Yudie said, "Those at Immortal Monarch Cultivation State should go to Lu Chen, let him examine them to see if they have betrayed Mysterious Moon Palace. If they haven't, they can become Outer Hall Elders, if they perform well, they will be promoted to Inner Hall Elders."

Yun Yudie thought deep down, regardless of whether Lu Chen has the means to check their loyalty to Mysterious Moon Palace, as long as this news is spread, those who have indeed betrayed will surely become restless and reveal themselves.

If Lu Chen has a method to discern their loyalty, it would be even more convenient, just identify the traitors and deal with them accordingly.

She wasn't concerned about Lu Chen causing trouble in this matter, considering that half of Mysterious Moon Palace was already under Lu Chen's control. Adding that Lu Chen was her sister's man, and that scoundrel had an interest in her, he shouldn't do harm now.

Upon Yun Yudie mentioning Lu Chen's name directly, the Elders present fell into silence.

Yun Yudie then realized and added, "From now on, you shall continue to address him as Chen Lu."

Having children earns benefit, start competing for dominance in the world by marrying a wife

The name Lu Chen is still somewhat sensitive in the Tianyan Immortal Domain. After all, many top-level forces had sent people to besiege Lu Chen back in the days, especially the Heavenly Splendor Hall, which even dispatched an Immortal Venerate to take action against Lu Chen to eliminate him.

If the news of Lu Chen being in the Mysterious Moon Palace gets out, those top-level forces might still send people to the Mysterious Moon Palace to trouble Lu Chen.

Moreover, Lu Chen is one of the only two people known to have survived the Chaotic Sea in the history of the Tianyan Immortal Domain, the other being the Demon Emperor. Thus, these top-level forces are definitely eager to know what exactly is in the Chaotic Sea from Lu Chen.

This left some of the Elders present a bit perplexed. Many of them had followed Yun Yudie out of the Mysterious Moon Palace, so they knew well what kind of grudge Yun Yudie held against Lu Chen.

Lu Chen had eloped with the former Saintess, Yun Yudie's sister, and even led Yun Qingshu into the Chaotic Sea, which indirectly caused Yun Qingshu's death.

Logically speaking, Yun Yudie should be very resentful towards Lu Chen, yet now she has actually allowed Lu Chen to stay in the Mysterious Moon Palace and even took him as a nominal disciple.

They were curious, what is Yun Yudie planning?

Could it be that she no longer hates Lu Chen?

At this juncture, Yun Yudie continued, "That's all for now, you all may leave to prepare for the recruitment of disciples."

The Elders immediately responded, "Yes, Hall Master."

...

When the Mysterious Moon Palace announced the recruitment of male disciples to the outside world, the Immortals in Immortal Cities went into an uproar.

Many had long wanted to join the Mysterious Moon Palace, but due to its policy of recruiting only female disciples, they could only stay in the Immortal Cities of the Mysterious Moon Palace. Now that the Mysterious Moon Palace is recruiting male disciples, they too could become legitimate disciples of the Mysterious Moon Palace and be openly together with their couples.

Meanwhile.

Lu Chen's courtyard.

Lu Chen was discussing something with Xiao Xueying and Cao Shiyun.

Cao Shiyun said worriedly, "If the Hall Master fully recovers her strength, I'm afraid..."

Lu Chen had directly told Xiao Xueying and Cao Shiyun about his matters with Yun Yudie, making them both quite worried.

Lu Chen is really daring, wanting to sleep with their Hall Master. Although their Hall Master had agreed, her strength hasn't fully recovered yet, so she might have temporarily agreed. When her strength recovers, she might consider the previous matters a shame and act against Lu Chen.

Hearing Cao Shiyun's concern, Lu Chen smiled and said, "Don't worry, even if she regains her strength, she can't do anything to me. She's already made a Heavenly Dao Oath not to harm me. If she truly makes a move against me, her cultivation state will no longer advance."

Despite Lu Chen's words, Cao Shiyun still seemed worried, because in her view, Yun Yudie's real trump card is not her own strength but her Honored Master behind her.

Although Yun Yudie had fallen out with the Heavenly Language Immortal Venerable and left the Mysterious Moon Palace in a fit of anger, who could say for certain whether Yun Yudie might return to the Mysterious Moon Palace someday?

If Yun Yudie returns to the Mysterious Moon Palace to apologize to the Heavenly Language Immortal Venerable, even if she can't continue being the Saintess of the Mysterious Moon Palace, she could still stay at the Heavenly Language Peak as the Young Peak Master.

Should that day come and the Heavenly Language Immortal Venerable hears about Yun Yudie's situation, he would definitely stand up for her. If an Immortal Venerate comes to trouble Lu Chen, Lu Chen would be in real danger.

Lu Chen continued, "Senior Sister, just relax, I..."

Just as Lu Chen was about to continue comforting Cao Shiyun, the Ling Yin Immortal King appeared in the courtyard.

The Ling Yin Immortal King instinctively wanted to call Lu Chen the Great King, but did not expect Lu Chen to speak first, "What brings the Ling Yin Hall Master to me?"

The Ling Yin Immortal King was momentarily stunned and then said, "Young Master, the Hall Master intends to make the Immortal Monarchs from those affiliated forces and Immortal Cities Elders of the Mysterious Moon Palace, and she would like you to help identify which among them have already betrayed the Mysterious Moon Palace."

Without hesitation, Lu Chen agreed, "Alright."

The Ling Yin Immortal King said, "Then please come with me, Young Master. Those Immortal Monarchs have gathered at the Cultivation Square."

Lu Chen went without another word, following the Ling Yin Immortal King to the Cultivation Square of the outer hall, where over twenty Immortal Monarchs had already gathered.

Seeing so many Immortal Monarchs, Lu Chen wasn't surprised. After all, the Mysterious Moon Palace has many affiliated forces and Immortal Cities. If some affiliated forces hadn't betrayed the Mysterious Moon Palace, the number of Immortal Monarchs might even double.

When the Ling Yin Immortal King brought Lu Chen over, the previously noisy Cultivation Square instantly fell silent. They naturally heard about Lu Chen's affairs, and everyone present had witnessed the scene where Lu Chen fought against the three Evil Immortal Kings alone. Although the Mysterious Moon Palace still officially said this Chen Lu was Yun Yudie's disciple, no one dared to regard Lu Chen merely as a disciple at this moment.

After all, the one who crushed the three Evil Immortal Kings with his own strength could not possibly be just an ordinary disciple, and those present suspected that the males among them who could join the Mysterious Moon Palace and the recruitment of male disciples this time was perhaps related to this Chen Lu.

After glancing at the people present, Lu Chen said straightforwardly, "You should have also heard, I have a Magic Treasure that can identify those who have betrayed the Mysterious Moon Palace. So, if any of you have betrayed the Mysterious Moon Palace, step forward immediately. Perhaps if you confess the misdeeds you committed, my Honored Master might still spare you."

"But if I find you out, I'm afraid the only road left for you is death."

Upon hearing this, the Immortal Monarchs looked at each other, saying nothing, and no one stepped forward.

Some of the Immortal Monarchs thought that this was obviously a bluff. If he truly had such a Magic Treasure, why would he need to say such nonsense?

Lu Chen sighed and said, "I've given you a chance. If you still harbor any illusions, then don't blame me when you meet your end."

"Alright, let's begin. Line up and come to me, one by one."

As Lu Chen finished speaking, the Xuan Fox Immortal Monarch was the first to step up to him. As the couple of the Weixue Immortal Monarch, he had long wanted to join the Mysterious Moon Palace, but unfortunately, he had his own Sect before, and the Mysterious Moon Palace did not take men.

Now that he finally had the chance to join the Mysterious Moon Palace, he naturally had to seize it.

Lu Chen gave the Xuan Fox Immortal Monarch a faint glance and simply said, "Next."

Hearing this, the Xuan Fox Immortal Monarch and the other Immortal Monarchs present were stunned.

Just like that?

Wasn't there supposed to be some Magic Treasure used to determine whether they had betrayed the Mysterious Moon Palace? Where was the Magic Treasure?

The Xuan Fox Immortal Monarch cautiously asked, "Have I passed, or not?"

Lu Chen replied, "If you didn't pass, my words would not be 'next.'"

The Xuan Fox immediately understood Lu Chen's implication and was overjoyed. He finally joined the Mysterious Moon Palace and became an Elder of the

Mysterious Moon Palace, able to be with the Weixue Immortal Monarch for eternity and tread the grand path together.

Immediately, the Xuan Fox Immortal Monarch said, "Thank you, my Lord!!!"

Chapter 1788: 1478: From Today On, You Are an Inner Hall Elder of the Mysterious Moon Palace

Chapter 1788: Chapter 1478: From Today On, You Are an Inner Hall Elder of the Mysterious Moon Palace

Upon hearing the address of Xuan Fox Immortal Monarch, Lu Chen said, "I'm only a disciple of the Moon Palace, and from now on, you are an elder of the Mysterious Moon Palace. There's no need to call me 'lord'."

Xuan Fox Immortal Monarch replied with a broad smile, "As you say, lord."

He's not a fool. Someone who can suppress three Evil Immortal Kings alone can't possibly be an ordinary disciple.

Although Lu Chen said this, they still needed to show respect where respect was due.

Lu Chen said casually, “After the inspection, stand aside. You might be needed later.”

Upon hearing these words, Xuan Fox Immortal Monarch felt a surge of joy. Needed for something? Could it be true that he could establish merit just after joining the Mysterious Moon Palace?

After saying “Yes,” Xuan Fox Immortal Monarch immediately stood aside.

When Xuan Fox Immortal Monarch stood aside, another Immortal Monarch approached Lu Chen. Lu Chen similarly only gave him a glance, then directed him to stand aside.

In just a moment, there were only five Immortal Monarchs left in the arena, causing the remaining ones to further doubt if the Mysterious Moon Palace was bluffing. How could merely a glance determine whether someone had betrayed the Mysterious Moon Palace?

Those Immortals skilled in Deduction Techniques need at least a deduction. If Lu Chen had Magic Treasures, he would surely use them.

Yet Lu Chen merely gave a simple glance, without using Deduction Techniques or any Magic Treasures. Could he really discern who had betrayed the Mysterious Moon Palace?

As people were pondering this, an Immortal Monarch in a gray robe approached Lu Chen. After glancing at this Immortal Monarch, Lu Chen plainly said to Ling Yin Immortal King beside him, “The Blood Eagle Hall spy—can be executed.”

The sudden words left everyone stunned. They had always thought Lu Chen was bluffing, believing he lacked any ability to identify traitors, so it was likely everyone would pass the test. But now, someone hadn’t passed?

Upon hearing Lu Chen’s words, the Immortal Monarch intended to stir up trouble, trying to leverage public opinion pressure to make the Mysterious Moon Palace hesitate in taking action against him.

After all, he was here to join the Mysterious Moon Palace, and he wasn’t the only one joining. The Mysterious Moon Palace couldn’t just arrest anyone and say they were part of the Mysterious Moon Palace.

If that were the case, tomorrow they could label anyone as a spy from another faction, making everyone fearful.

However, unexpectedly for that Immortal Monarch, before he could begin speaking, he felt the terrifying pressure emanating from Ling Yin Immortal King.

Ling Yin Immortal King gave him no chance to plead for innocence, immediately drawing an Ancient Zither and plucking the strings a few times. The next moment, a terrifying sound turned into a visible Sword Qi charging towards the Immortal Monarch.

The Immortal Monarch, seeing the Mysterious Moon Palace attacking him without consequence, realized his chance to twist things had vanished. He didn't hesitate, and his body turned into a fleeting shadow, trying to escape the Mysterious Moon Palace.

Seeing that person try to flee, people were surprised—was that person really a spy from Blood Eagle Hall?

Just as people were still processing this, Ling Yin Immortal King's body vanished from her spot, directly chasing after the fleeing Immortal Monarch.

After they left, Lu Chen's gaze fell on the remaining Immortal Monarchs, "Continue."

Upon hearing this, the remaining Immortal Monarchs were momentarily stunned.

At this point, another Immortal Monarch, anxiously, approached Lu Chen. Lu Chen again said, "A person from Blood Eagle Hall—can be executed."

As soon as Lu Chen finished speaking, Xuan Fox Immortal Monarch directly took action. He finally understood why Lu Chen mentioned earlier that he might be needed later.

If he helped the Mysterious Moon Palace kill this traitor, it would count as meritorious service for the palace.

Seeing Xuan Fox Immortal Monarch directly attack, the Immortal Monarch, like the previous fleeing Immortal Monarch, chose not to defend himself. He speculated that perhaps the Mysterious Moon Palace had long known of their betrayal, and this was just a show, using them as an example to warn the Immortal Monarchs joining the palace.

Doing this was to tell them that Chen Lu could truly discern those who betrayed the Mysterious Moon Palace.

By now, the remaining Immortal Monarchs realized their betrayal might have been exposed. At this point, no matter what defense they offered, the Mysterious Moon Palace would probably strike them down.

The next moment, without hesitation, the remaining Immortal Monarchs turned into shadows and vanished from the Cultivation Square. Seeing those Immortal Monarchs flee, the Immortal Monarchs who had joined the Outer Hall quickly reacted and chased after them.

Clearly, fleeing now showed a guilty conscience.

Under the joint efforts of Ling Yin Immortal King and the Immortal Monarchs who had just joined the Outer Hall, it didn't take long to slay those traitors.

After clearing out the traitors, Ling Yin Immortal King and the other Immortal Monarchs returned to Lu Chen. Lu Chen smiled at Xuan Fox Immortal Monarch and the others, saying, "Congratulations, from today you are elders of the Outer Hall of Mysterious Moon Palace. As for when you can become Inner Hall elders, that depends on your contributions."

"That's all."

After speaking, Lu Chen turned and left, while Ling Yin Immortal King stayed behind to tell Xuan Fox Immortal Monarch and the others about the palace rules.

Lu Chen had just returned to the courtyard to find Yun Yudie waiting for him there. Lu Chen couldn't help but wonder if Yun Yudie was so anxious. With so much work left, even as a man, he's not in such a rush.

As Lu Chen assumed Yun Yudie was there to claim a promise, Yun Yudie instead said, "From today on, you are an Inner Hall elder of the Mysterious Moon Palace."

Lu Chen had saved the Mysterious Moon Palace, and with such strength, he couldn't continue as a mere disciple—it's time for him to have an identity.

Upon hearing Yun Yudie's words, Lu Chen was slightly startled, realizing it was about this matter. He had thought Yun Yudie came for the promise.

Lu Chen didn't refuse. His identity in the Mysterious Moon Palace no longer mattered. Seeing Yun Yudie's demeanor, she probably wouldn't act against him, especially considering her sister's situation, and besides, she had made a Heavenly Dao Oath.

Lu Chen said, "Okay."

At this moment, Yun Yudie took out a Jade Pendant from the Space Ring and tossed it to Lu Chen, "This is your Identity Token."

Lu Chen immediately caught the token and glanced at it. The token showed the character "Chen," indicating Yun Yudie intended to keep him as Chen Lu, not planning to reveal his identity to everyone.

He's not particularly concerned about his identity being exposed now, considering his numerous clones—it wouldn't be easy to kill him.

Yun Yudie said nothing further and disappeared after leaving the Jade Pendant.

Tianyan Immortal Domain, Southern Domain, Heavenly Splendor Hall.

Within the smoke-filled palace, Qingyun Immortal King sat on his throne, with a somber expression reading the memories inside Guihai Immortal Monarch's Memory Pearl.

Lu Chen actually isn't dead?

If he remembered correctly, in order to capture Lu Chen alive, Wuya Immortal Venerable had sent several Immortal Kings to the Tianxia Immortal Dynasty, and they had all witnessed Lu Chen's self-detonation. However, now Lu Chen is alive once more.

But this time, Lu Chen chose to self-detonate again; it's unknown if he will come back to life again.

Thinking of this, Qingyun Immortal King fell into deep thought. The matter regarding the Mysterious Moon Palace was not handled well, and they ultimately let the Mysterious Moon Palace escape. This was hard to explain to Wuya Immortal Venerable, but perhaps if they brought up Lu Chen, Wuya Immortal Venerable might not blame them.

Thinking of this, Qingyun Immortal King immediately said to Guihai Immortal Monarch, "You shall accompany me to Wuya Hall."

Guihai Immortal Monarch immediately said, "Yes."

Then Qingyun Immortal King took Guihai Immortal Monarch to Wuya Hall.

When the two appeared in Wuya Hall, Wuya Immortal Venerable's voice echoed like a great bell throughout the hundred-zhang-high hall.

"What is it?"

Qingyun Immortal King respectfully said, "Honorable one, while dealing with the Mysterious Moon Palace, we discovered Lu Chen's traces."

Hearing this, Wuya Immortal Venerable on the high platform frowned and then said, "Memory Pearl."

Hearing Wuya Immortal Venerable's words, Guihai Immortal Monarch instantly reacted and quickly condensed his experiences into a Memory Pearl.

With a lift of Wuya Immortal Venerable's hand, the Memory Pearl condensed by Guihai Immortal Monarch flew into Wuya Immortal Venerable's hand, who then read the memories inside.

After reading the contents, Wuya Immortal Venerable sneered and said, "I knew it wouldn't be that easy for him to die."

Speaking of this, Wuya Immortal Venerable fell into deep thought. Last time, Lu Chen didn't die from the self-detonation, so this time, did Lu Chen's self-detonation really lead to death, or is it another fake death to escape?

However, he didn't expect Lu Chen to be entangled with this Mysterious Moon Palace, no wonder the Mysterious Moon Palace dared to kill the envoy of the Heavenly Splendor Hall, probably because Lu Chen had a significant role in it.

Back then, the Heavenly Splendor Hall also sent people to hunt down Lu Chen, and even deployed an Immortal Venerate, which surely made Lu Chen harbor deep hatred for the Heavenly Splendor Hall. So, upon seeing the envoy sent to the Mysterious Moon Palace by the Heavenly Splendor Hall, he killed that envoy.

Wuya Immortal Venerable's large hand tapped lightly on the crystal chair's armrest. Seeing Wuya Immortal Venerable not speaking, Qingyun Immortal King reminded him, "Honorable one, the transmission array used by the Mysterious Moon Palace was able to teleport the entire Mysterious Moon Palace and ignore spatial blockage. This transmission array was probably found by Lu Chen from the Chaotic Sea."

People have always believed that there must be tombs of some great figures in the Chaotic Sea, even if there weren't any tombs, when those Great Emperors fell into the Chaotic Sea, their treasures would fall into it, so the Chaotic Sea must have various opportunities.

However, because the Chaos Qi is corrosive to the human body, absorbing too much Chaos Qi would quickly make an Immortal fall. So, even though people believe there are many treasures in the Chaotic Sea, they dare not venture into it rashly.

However, the exploration of the Chaotic Sea has never been stopped by the top forces. People have been researching how to resist the erosion of Chaos Qi. Once this problem is solved, all problems are easily solved.

Now that the Mysterious Moon Palace has used such a transmission array that has never appeared in the Tianyan Immortal Domain, it proves that Lu Chen obtained a great opportunity in the Chaotic Sea, and it also shows that there are indeed opportunities in the Chaotic Sea.

Wuya Immortal Venerable thought that if Lu Chen got a great opportunity from the Chaotic Sea, he should be very reluctant to die. After all, after acquiring the opportunity, he would have another chance, and in the future, he might even get revenge. It wasn't likely that he would recklessly perish with others before avenging himself, so the self-detonation was likely just a clone, not the Main Body.

In other words, Lu Chen is very likely still alive.

Upon realizing this possibility, Wuya Immortal Venerable immediately said to Qingyun Immortal King, "Send people immediately to search for Lu Chen's whereabouts."

"Moreover, the Mysterious Moon Palace is likely still in the Southern Domain. Since Lu Chen and the Mysterious Moon Palace have allied, finding the Mysterious Moon Palace might lead to clues about Lu Chen."

In Wuya Immortal Venerable's view, although the transmission array that can teleport the entire Mysterious Moon Palace is formidable, the transmission distance must not be too far, and no matter what kind of transmission array it is, it would require consuming Immortal Aura.

The higher tier the transmission array, the more Immortal Aura it consumes. It is imaginable how much Immortal Aura this kind of transmission array that transports the entire Immortal Sect consumes.

Even if this transmission array can transmit over long distances, the Mysterious Moon Palace may not have sufficient Immortal Crystals.

Therefore, Wuya Immortal Venerable suspected that the Mysterious Moon Palace was teleported to another place in the Southern Domain, and an Immortal Sect suddenly appearing in another place would be very easy to discover. The concealing array of the Immortal Sect would most likely be broken during the teleportation, and people living on the ground could certainly see the scene.

Qingyun Immortal King breathed a sigh of relief, thankful that Wuya Immortal Venerable did not pursue the matter of his responsibility, "Yes, honorable one, I will immediately deploy people to search for the location of the Mysterious Moon Palace."

Although the Southern Domain is vast, the major powers within it are led by the Heavenly Splendor Hall. As long as the Heavenly Splendor Hall orders the forces to cooperate in searching for Lu Chen, perhaps it won't be long before they discover the location of the Mysterious Moon Palace.

Thinking of this, Qingyun Immortal King left the Mysterious Moon Palace.

Once Qingyun Immortal King left, Wuya Immortal Venerable fell into deep thought once more.

His aptitude was limited; relying solely on his cultivation to reach Immortal Emperor was nearly impossible. To become an Immortal Emperor, he would need an opportunity that could help him breakthrough to Immortal Emperor.

The Tianyan Immortal Domain clearly lacked the opportunities necessary to become an Emperor, so Wuya Immortal Venerable's eyes landed on the Chaotic Sea. So many Immortal Emperors entered the Chaotic Sea and never returned, leaving countless opportunities to become an Emperor within the Chaotic Sea.

If he could obtain the method to avoid the erosion of Chaos Qi from Lu Chen, he could enter the Chaotic Sea to find his opportunity to become an Emperor.

So now, Lu Chen was very important to him.

Wuya Immortal Venerable thought for a moment, relying solely on Qingyun Immortal King to handle this matter might not suffice.

Then he took out a Jade Scroll, inscribed a line of text within it using his immortal power, and then with a wave of his hand, the Jade Scroll turned into numerous copies, transforming into beams of light that disappeared within the hall.

Wuya Immortal Venerable issued an Immortal Order, requesting all the forces in the Southern Domain to assist in searching for the Mysterious Moon Palace and Lu Chen.

When the forces of the Southern Domain received this Immortal Order, they felt incredibly puzzled. Wasn't it said that Lu Chen self-detonated and died after avenging himself at the Tianxia Immortal Dynasty? Why is the Heavenly Splendor Hall now issuing an Immortal Order to search for Lu Chen?

However, come to think of it, since the Heavenly Splendor Hall issued the Immortal Order, it proves that Lu Chen is likely still alive. Thinking of the secrets regarding the Chaotic Sea that they could obtain by capturing Lu Chen, the major powers in the Southern Domain were highly eager. In a short time, nearly every force in the Southern Domain issued a wanted order for Lu Chen.

Capítulo 1790: Chapter 1480: I Wonder If Honored Master Should Fulfill Her Promise Now?

Lu Chen was unaware that various major powers in the Southern Domain were searching for him. Although the Sunset Mountain Range was close to the Southern Domain, crossing through it required a significant amount of time, and Immortals from the Southern Domain rarely traveled to the Barbaric lands, so news from the Southern Domain did not reach the Barbaric lands quickly.

Lu Chen had been pondering for some time whether he needed to establish an Immortal Dynasty.

He wasn't someone who enjoyed work. If he were to establish an Immortal Dynasty, he would have to deal with numerous affairs daily. Being an Emperor inside the Chaos Beast's belly was already enough for him.

Even though he now could multitask, when his other bodies were indulging in joy, he still had to allocate some mental energy to handle governmental duties, which might prevent him from fully enjoying those moments.

The reason he was considering this was that after teleporting Lu Zhengze and his old colleagues to the Mysterious Moon Palace, Lu Zhengze and the others felt that although there were Immortal Dynasties in the Barbaric lands, none were particularly strong. Furthermore, there were no powerful Immortal Sects nearby, so they could establish an Immortal Dynasty here and take over the surrounding areas.

If he established an Immortal Dynasty and became an Immortal Emperor, concentrating the Qi Fortune of the Dynasty, his cultivation state might recover faster. With his talent, he might not only quickly recover but also become an Immortal Venerate in no time.

As long as he became an Immortal Venerate, unless the top forces of the Tianyan Immortal Domain besieged him, he would have a firm footing in the Tianyan Immortal Domain.

Most importantly, the top forces in the Barbaric lands were neither numerous nor strong, as the Immortal Aura there was extremely scarce. If their established Immortal Dynasty could unify the entire Barbaric lands, the Qi Fortune of the Dynasty would soar. With the support of the entire Barbaric land's Qi Fortune, Lu Chen's breakthrough to become an Immortal Emperor would be more likely.

Just as Lu Chen was considering whether to use the Mysterious Moon Palace to establish an Immortal Dynasty, he suddenly sensed a surge of Space Power. The next moment, his vision went dark, and when light returned, a pleasant fragrance drifted into Lu Chen's nostrils.

Lu Chen glanced around and discovered that he was actually in Yun Yudie's bedchamber, adorned with ice-blue Ice Butterflies everywhere, and the entire room was enveloped in a mystical cold aura.

Lu Chen's gaze then fell on Yun Yudie, and he asked with a smile, "I wonder what matter the Hall Master has summoned me for?"

Yun Yudie responded coldly, "I heard your subordinates have been quite restless lately."

Lu Zhengze and the others realized that Lu Chen had become an Elder of the Mysterious Moon Palace, and they noticed that there were no powerful Immortal Sects near the Sunset Mountain Range, making it an ideal place to establish an

Immortal Dynasty. So, they secretly used Lu Chen's influence to start planning this endeavor.

Such activities could not be concealed from Yun Yudie, and she soon noticed Lu Zhengze and the others' schemes.

Upon hearing Yun Yudie's words, Lu Chen chuckled lightly, "I thought Honored Master summoned me to fulfill a promise, but it seems just to inquire about my transgressions."

Not receiving a direct response to her question, Yun Yudie continued, "Do you intend to establish an Immortal Dynasty in the Barbaric lands?"

Lu Chen replied at this moment, "I don't have such plans for the time being."

"Putting that aside, now that the formations of the Mysterious Moon Palace have been repaired and the surrounding sect powers conquered, we've secured our footing. Shouldn't Honored Master fulfill her promise?"

Upon hearing this, Yun Yudie's eyebrows slightly furrowed, and the cold aura emanating from her body involuntarily intensified.

However, she soon calmed down, since, after all, such things had to be done sooner or later. Anyway, it's only twice, so fulfilling the promise sooner is better.

With this thought, Yun Yudie didn't say much, simply made her way to her couch, then lay down, turning her head to one side.

Witnessing this scene, Lu Chen laughed softly and approached the couch, taking a seat.

He scrutinized the Cold Fairy before him: a fairy with a cool and aloof demeanor, dazzlingly beautiful, with skin as fair as snow, wearing an ice-blue long dress, exuding a chilling aura.

Just as Lu Chen was about to act, Yun Yudie suddenly recalled something and promptly rose from the couch.

Seeing Yun Yudie sit up, Lu Chen was momentarily stunned and then asked, "Could it be that Honored Master has regrets?"

Yun Yudie's face showed no emotional fluctuation as she coldly replied, "Lie down!"

She remembered the methods used by Lu Chen in the dream realm, where Lu Chen had the lead and employed various techniques repeatedly, treating her like an animal being toyed with.

This time, she must not let Lu Chen dominate, as he would surely use those methods again if he did.

Although she agreed to dual cultivation, no mention was made of who would be in charge.

Lu Chen immediately discerned Yun Yudie's thoughts but was entirely unfazed by them.

Who takes the lead makes no difference to him, as once started, she'll quickly lose control over her own body.

Many of his women are rather strong-willed and prefer to be in charge, yet they never last long before giving up, ultimately yielding the lead and allowing him to employ various techniques.

Lu Chen then lay on Yun Yudie's couch, and upon seeing Lu Chen lie down, Yun Yudie was actually stunned, unsure of what to do next.

Even though in the dream realm they had already engaged in that act, Lu Chen was always in control.

Seeing Yun Yudie's hesitation, Lu Chen asked with a smile, "It seems Honored Master lacks experience. Perhaps I should take the lead?"

Yun Yudie replied expressionlessly, "There's no need."

Upon her words, Yun Yudie directly used Immortal Power, and in the next moment, Lu Chen's clothes disintegrated into powder.

Lu Chen was slightly taken aback, "Well, that's simple and crude!"

With the clothes gone, Yun Yudie eyed Lu Chen, furrowing her brows involuntarily, and stopped again.

Although she had steeled herself mentally, facing the reality still caused some hesitation.

Especially seeing this scoundrel already desiring her, looking quite arrogant, stirred a retreating thought in her heart.

Lu Chen spoke again, “How about...”

Before Lu Chen finished speaking, Yun Yudie used Immortal Power once more, and her ice-blue Cloud Robe disappeared.

Now both had laid themselves bare, and seeing Yun Yudie taking action, Lu Chen said no more, simply placing his hands on his head and quietly appreciating the beauty before him.

Lu Chen quickly noticed an issue; although Yun Yudie acted with determination, she wasn’t emotionally engaged with him yet. Attempting dual cultivation without emotional engagement might be uncomfortable for her.

Lu Chen then activated the Immortal Power within his body, letting it envelop him, alleviating any significant problems.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Capítulo 1791: Chapter 1481: You’d Better Give Up That Idea!

However, even though Lu Chen had already actively attached his immortal power to himself, the moment Yun Yudie leaned in, a trace of pain still flickered across her cold face.

But that trace of pain vanished in an instant, and she immediately circulated the immortal power within her to alleviate the bodily pain.

When she saw Lu Chen watching her with a smug expression, a flash of unnamed anger arose in her heart.

Seeing Yun Yudie just staring at him without any action, Lu Chen laughed and said, "Honored Master, just like this won't do."

Yun Yudie remained silent with indifference and then began to take some action.

At this time, Yun Yudie spoke, "I don't oppose you establishing an Immortal Dynasty, but your dynasty cannot be beneath the Mysterious Moon Palace."

The territory beneath the Mysterious Moon Palace was already occupied by the palace itself, and Yun Yudie didn't want Lu Chen to reap the benefits at this time. If Lu Chen wanted to establish an Immortal Dynasty, he should find new territories himself.

After all, the Barbaric lands are vast, and there are not many top forces within it, so Lu Chen can do as he wishes.

Watching Yun Yudie carrying on business with him while moving, Lu Chen chuckled, he realized that Yun Yudie hadn't developed any feelings for him at all.

At this moment, Lu Chen used a trace of immortal power to probe Yun Yudie's body and instantly understood the situation. Although Yun Yudie was handling business with him, she had sealed some of her senses with immortal power, so she felt nothing now.

That's a bit cheating.

Lu Chen did not expose Yun Yudie's little trick and said lightly, "Hmm, okay, I will remind Lu Zhengze and the others to be careful."

Lu Chen didn't say he wouldn't establish an Immortal Dynasty; he hadn't decided whether he wanted to or not.

Yun Yudie then asked, "Have you cultivated 'Life is like a dream'?"

Since the last time she sensed Lu Chen's consciousness was not inside his body but roaming in a higher dimension, Yun Yudie had wanted to ask Lu Chen this question.

Lu Chen's divine soul was in a detached state, while his physical body was like a puppet being controlled, which made Yun Yudie very curious about the state his divine soul was in.

Lu Chen replied, "No, I'm not the Saintess of the Mysterious Moon Palace, how could I cultivate such Immortal Law."

Hearing Lu Chen's response, Yun Yudie immediately asked, "How do you know only the Saintess of the Mysterious Moon Palace would cultivate 'Life is like a dream'? Did Qingshu tell you?"

Lu Chen said, "Sort of."

"Besides, I don't have the qualifications to become the Saintess of the Mysterious Moon Palace, even if 'Life is like a dream' was given to me, I might not cultivate it... whoo..."

Saying this, Lu Chen let out a deep breath. Although Yun Yudie had sealed her own senses, making her feel nothing, Lu Chen was feeling quite delighted at this moment.

Lu Chen hadn't expected that despite Yun Yudie's cold exterior and the burst of cold air emanating from her, her inner self was entirely different.

Seeing Lu Chen so at ease, Yun Yudie's eyebrows furrowed slightly, and she suddenly had the illusion that this situation made her look like a maid serving her master.

Yun Yudie quickly dismissed this notion; she had to seize the initiative. When she recalled the methods Lu Chen used on her in the Dream World last time, she couldn't accept Lu Chen taking the initiative to harm her.

At this moment, Lu Chen spoke up, "Honored Master, have you ever thought about what to do if you bear my child?"

Upon hearing this question, Yun Yudie was momentarily stunned, but she quickly regained her composure and said indifferently, "Impossible!"

After things are over, she will definitely circulate her power to expel anything that shouldn't be there.

However, since Lu Chen asked this question, it indicated that he must have this thought. Yun Yudie coldly stared into Lu Chen's deep eyes and then warned, "You better dismiss this thought!"

How could she not understand Lu Chen's little schemes? That scoundrel wanted to make her just like Yun Qingshu, using a child to coerce her to continue doing such things with him in the future.

His little plan was nice, but she wouldn't let it happen.

Lu Chen smiled and said, "What if?"

Yun Yudie coldly said, "There's no what if!"

Seeing the Cold Fairy's resolute expression, Lu Chen's desire for conquest instantly surged; he must make her hit the mark.

Yun Yudie then said, "Moreover, even though you are now an Elder of the Mysterious Moon Palace, don't think about getting close to Chuyao. I won't agree to you being with her."

Lu Chen nonchalantly said, "Senior Sister and I have mutual feelings for each other. Honored Master is doing such things with me, yet opposes me being with Senior Sister; isn't that a bit unreasonable?"

“If Senior Sister found out that you and I have become a couple in reality, and you still continue to oppose me being with her, do you think she would think you’re jealous, wanting to monopolize me alone?”

Hearing Lu Chen’s words, Yun Yudie fell into silence. If Ye Chuyao really found out what happened between her and Lu Chen, Ye Chuyao might indeed think that way.

However, even so, she couldn’t watch her Direct Disciple fall into Lu Chen’s clutches. Yun Yudie immediately said, “I don’t care how she thinks.”

Lu Chen smiled and asked, “What if I insist on making her my woman?”

Yun Yudie’s brows furrowed slightly, a flash of cold glimmered in her eyes, and the cold air burst forth from her body.

Seeing Yun Yudie angered, Lu Chen remained indifferent and continued, “Anyway, as long as there’s a woman who’s Dual Cultivated with me, I will take responsibility for them, and they can only be my women for eternity.”

Hearing Lu Chen’s domineering words, the amount of cold air emanating from Yun Yudie increased, and she discerned another meaning in Lu Chen’s words.

Since she had now Dual Cultivated with him, did that mean she, too, would have to be his woman for life, for him to toy with?

He sure dreams beautifully!

Lu Chen found Yun Yudie's angry yet moving appearance to be very interesting.

At this moment, Lu Chen asked, "Honored Master can lie down, I suddenly remembered there's something important I haven't told you."

Yun Yudie asked coldly, "What is it?"

Lu Chen said, "Lie down first. I'll tell you in your ear to avoid being overheard by others."

Yun Yudie looked at Lu Chen skeptically; her chamber had an isolation array, so sounds within couldn't escape, and Lu Chen could directly use sound transmission, so why whisper?

Clearly, he had no good intentions.

However, Yun Yudie still leaned over, wanting to see what Lu Chen was up to.

As soon as she leaned over, Lu Chen grabbed her delicate neck with a large hand and directly blocked her red lips.

“Mmm!”

The cold air around Yun Yudie erupted suddenly, but remembering her oath not to harm Lu Chen, she could only forcibly suppress the impulse to strike him.

This jerk indeed had no good intentions!

Calming down, Yun Yudie didn't care too much. It was just a kiss after all, nothing serious, especially as they had been in intimate contact already.

Having children earns benefit, start competing for dominance in the world by marrying a wife

After the two made intimate body contact, Yun Yudie's anger surged upon realizing Lu Chen was taking advantage of the situation. This rascal had crossed the line!

Then, Lu Chen started using the Hundred Birds Paying Homage to the Phoenix Technique, attempting to break through Yun Yudie's sensory block with immortal power. He didn't want Yun Yudie to continue using that cheating method; it would be too dull if Yun Yudie sealed off her senses.

However, as Lu Chen operated the Hundred Birds Paying Homage to the Phoenix Technique, he found Yun Yudie was completely unaffected, leaving him a bit puzzled.

What was going on?

Why didn't the Hundred Birds Paying Homage to the Phoenix Technique have any effect on Yun Yudie?

Could it be because the grade of this technique was too low?

Many cultivation techniques he had obtained inside the Chaos Beast became almost ineffective after leaving the Chaotic Sea, mainly because their grade was too low and incompatible with immortal power.

This world also had levels of power, and each type of power required different cultivation techniques to harness. Clearly, immortal power was higher in grade than spiritual power, and to drive immortal power, higher-grade techniques, namely Immortal Law, were needed.

But when he arrived at the Tianyan Immortal Domain, he did have some influence over Xiao Xueying and Cao Shiyun during dual cultivation; why was it ineffective on Yun Yudie today?

If the Hundred Birds Paying Homage to the Phoenix Technique didn't work on Yun Yudie, completely conquering her wouldn't be easy. Once Yun Yudie's senses were sealed, doing this would feel like any mundane activity, and she probably would never develop an interest in it.

This really is an ice block...

Lu Chen pondered, oh well, let her be, as he was already content.

A few hours later, Yun Yudie suddenly got up, glaring down at Lu Chen.

Initially, she thought it would end soon, but this rascal kept kissing her for hours, and she distinctly felt the influx of immortal power inside her body while this rascal intended to keep it going.

Lu Chen asked, "Honored Master, what do you mean by this?"

Yun Yudie coldly replied, "It should end."

There was a hint of command in Yun Yudie's tone. She knew Lu Chen had already been satisfied, so her promise was fulfilled once.

Lu Chen said, casually, "Honored Master mentioned twice, but didn't specify how long each time should be."

Yun Yudie stared coldly at Lu Chen, wondering how long this rascal wanted her to serve him.

Yun Yudie remained silent, simply sitting there, motionless.

Lu Chen smiled and asked, "Is Honored Master planning to break your promise?"

Yun Yudie remained silent.

Seeing the Cold Fairy looking as if she wanted to kill him, Lu Chen instead wriggled his body a bit, and another flash of coldness passed through Yun Yudie's eyes.

At this moment, Lu Chen glanced at his system interface, curious to see the rewards gained this time around. As for Yun Yudie, if she decided not to continue, they would merely remain stuck in this predicament.

Upon opening the system interface, the system rewards appeared within the framework.

"Congratulations to the host for acquiring a wife or concubine, rewarding the Holy Tier Immortal Technique, Spirit Charm Harmony Scripture."

Upon seeing this Immortal Technique, Lu Chen's thoughts moved, and the introduction of this technique appeared before him.

[Spirit Charm Harmony Scripture: A Holy Tier Dual Cultivation Immortal Technique, allowing male and female cultivators to synchronize any sensations, including Dao comprehension.]

Lu Chen was taken aback upon seeing the Spirit Charm Harmony Scripture; synchronizing sensations was somewhat similar to the Hundred Birds Towards The Phoenix, but the greatest advantage of the Spirit Charm Harmony Scripture was not just synchronizing sensations, but synchronizing Dao comprehension.

In other words, during dual cultivation, if he used the Power of Dao, the Dao comprehension would synchronize with Yun Yudie. After gaining his Dao comprehension, Yun Yudie might also comprehend other Daos and use other Dao powers.

At this moment, a thought crossed Lu Chen's mind, and his lips involuntarily curled upward. If he used the Power of Reproduction Path to make Yun Yudie comprehend the Reproduction Path, he wondered what expression she would wear then.

With this thought, Lu Chen no longer hesitated and directly absorbed the contents of the Spirit Charm Harmony Scripture.

Soon after, he began to operate the Spirit Charm Harmony Scripture.

In an instant, circles of scripture appeared on their bodies, and seeing this scene, Yun Yudie immediately became alert, thinking he was up to something again...

Before she could react, her brain suddenly froze, with a bizarre feeling rushing to her heart, and the immortal power within her body became incredibly restless. She immediately realized that her sensory block was broken, and she was emotionally attracted to Lu Chen.

Yun Yudie wasn't foolish; she quickly understood this was Lu Chen's doing.

Yun Yudie shouted, "Rascal! What did you do!"

Lu Chen smiled and said, "Honored Master, blocking your senses isn't right. Wouldn't that make it seem like you're attending to me?"

"You!"

Just as Yun Yudie was about to say something else, she noticed her body's immortal power growing more agitated, making it difficult to control her own body.

The Spirit Charm Harmony Scripture had synchronized their current feelings, meaning the more Lu Chen wanted to conquer her, the more she became attracted and wanted to engage with Lu Chen.

Yun Yudie quickly tried to escape only to find Lu Chen's arms had already encircled her waist at some unknown moment.

Lu Chen continued, "If Honored Master leaves, then this time won't count."

Coldly gazing at Lu Chen, a blush involuntarily emerged on Yun Yudie's glamorous, jade-like cheeks.

This rascal!

Although burning with anger, Yun Yudie still didn't stand up.

Moments later, unable to resist any longer, her body started to move involuntarily.

Under the operation of the Spirit Charm Harmony Scripture, the Cold Fairy's jade cheeks soon turned a rosy hue, and before long, Yun Yudie had gone limp, lying in Lu Chen's embrace.

Irritated and annoyed, Yun Yudie tried to use immortal power to block her senses again, but found her immortal power seemed linked with Lu Chen's immortal power and couldn't be activated. Whenever she tried to seal her senses with immortal power, with a slight move, Lu Chen's immortal power inside her would break the sensory block.

If this continued, she would surely sink completely, as in a dream.

However, while Yun Yudie was still struggling, Lu Chen suddenly wrapped his arms around her waist and flipped her onto her back.

Yun Yudie's mind froze; before she could react, Lu Chen began his assault. Regaining her senses, Yun Yudie immediately shouted, "Ras... Rascal! You... Uh..."

Lu Chen said, "Honored Master, let's have me personally handle it; how long would it take to conclude if you were in charge?"

Yun Yudie's eyebrows furrowed, realizing that if she led, Lu Chen might remain dissatisfied indefinitely, questioning when it would end.

Upon this thought, Yun Yudie turned her head aside and decided not to speak further.

Seeing Yun Yudie relinquish control, Lu Chen's lips curled slightly. Daring to give up the lead, she'd have a rough time ahead.

...

In the blink of an eye, three years passed, during which the Mysterious Moon Palace firmly established its footing within the Barbaric region.

Meanwhile, Yun Yudie gradually lost herself in dreams, unknowingly activating the Life like a Dream technique. Her Life is like a Dream combined with Lu Chen's Spirit Charm Harmony Scripture elevated both their consciousness and physical strength rapidly.

Chapter 1793 - Capítulo 1793: 1483: Does Honored Master Not Want to Break Through and Become an Immortal Venerate?

Capítulo 1793: Chapter 1483: Does Honored Master Not Want to Break Through and Become an Immortal Venerate?

Amidst the chilling Ice Palace, two figures clung tightly to each other, yet they seemed unaffected by the coldness surrounding them.

At this moment, Yun Yudie suddenly awoke from her dream, and when she saw Lu Chen still hurting her, she was instantly filled with rage.

This damn bastard!

As she ceased operating Life is like a dream, Lu Chen's consciousness also swiftly regained from that elusive state.

Lu Chen raised his upper body, looking at the Cold Fairy with her pair of cold eyes staring fixedly at him, her fair cheeks blushing with a hint of shyness and anger. The desire to conquer surged again within him.

Lu Chen smiled and said, "Didn't expect Honored Master's Life is like a dream to be so effective."

Neither Lu Chen nor Yun Yudie truly understood the actual purpose of Life is like a dream. However, when Yun Yudie operated Life is like a dream, their consciousness would enter a floating, detached state, as if dreaming, and the direct contact of consciousness would amplify all sensations.

That delightful sensation would make them more indulged in the dream, unable to escape that state.

Lu Chen operated the Spirit Charm Harmony Scripture to enhance their physical body's cultivation state, while Yun Yudie operated Life is like a dream to elevate their divine soul's power. Both immortal laws played a considerable role.

This also enabled Yun Yudie's strength in both divine soul and physical body to improve substantially, bringing her closer to breaking through to become an Immortal Venerate.

Upon hearing Lu Chen's words, Yun Yudie naturally understood his implication.

Life is like a dream amplified that sensation; Lu Chen didn't know how delightful it felt.

Thinking of how she was being tormented by Lu Chen, Yun Yudie felt immensely irritated inside. After all, she was an Immortal King, yet now she had become the plaything of this damn bastard.

But truth be told, she did feel herself nearing a breakthrough to the Immortal Venerate Realm. If she continued cultivating like this, she might become an Immortal Venerate in less than a hundred years.

For an Immortal King, a hundred years is incredibly short; most Immortal Kings retreat for millions, even billions of years, especially those striving to break through to become Immortal Venerate. Their retreat time is even longer; a hundred years for an Immortal King is just a blink of an eye.

But that is under normal cultivation circumstances. Now, staying with Lu Chen together for a hundred years felt like a humiliation for Yun Yudie.

If she continued to be humiliated by Lu Chen like this, would she have any dignity as an Immortal King?

Seeing the Cold Fairy merely glaring at him, eyes filled with a murderous intent, remaining silent, Lu Chen asked, “I helped Honored Master enhance her cultivation state; why does Honored Master still seem unhappy?”

“Does Honored Master not wish to break through and become an Immortal Venerate?”

Yun Yudie still remained silent, lost in confusion. She had a foreboding feeling that if they continued indulging like this, she might break through to become an Immortal Venerate in less than a hundred years.

Becoming an Immortal Venerate is the wish of every Immortal King, including her. She’s been stuck at the Immortal King realm for billions of years.

But thinking about how Lu Chen delighted himself, Yun Yudie felt quite displeased inside.

At this moment, Lu Chen suddenly wrapped his arm around her waist, flipping her over so she lay in his embrace, then said, “If Honored Master plans to leave, I won’t stop her.”

This...

Yun Yudie was momentarily stunned. She hadn't expected that after tormenting her for years, Lu Chen would actually agree to let her leave today?

Could this be true?

Could this damn bastard have some other scheme?

But looking at Lu Chen, he didn't seem to have a scheme; he genuinely seemed ready to let her go.

After they swapped positions, she could now stand up and leave anytime.

Yet, Yun Yudie hesitated.

No Immortal doesn't want to breakthrough to a higher realm, especially to become an Immortal Venerate. The Immortal Kings of Tianyan Immortal Domain are numerous, yet there are few Immortal Venerates. Many Immortal Kings fight fiercely for the opportunity to become an Immortal Venerate.

And now, Lu Chen represents an opportunity for her. Should she give up this breakthrough opportunity?

Seeing Yun Yudie neither speaking nor leaving, Lu Chen guessed what she was thinking.

Clearly, Yun Yudie wanted to seize this opportunity with him, for missing it could mean an unknown wait to break through to the Immortal Venerate Realm.

Lu Chen then said, “If Honored Master doesn’t want to miss this chance to become an Immortal Venerate, then continue with Life is like a dream.”

Lu Chen had discovered that Life is like a dream enhanced his divine soul, and he could now control more clones within the same realm. That was great news for him.

If in the future, when he breaks through to the Immortal Venerate Realm, he could simultaneously control several Immortal Venerate bodies, then no Immortal Venerate in Tianyan Immortal Domain could be his match. Even if he doesn’t become an Immortal Emperor, no one could do anything about him.

So, enhancing the divine soul's power is crucial. Since Life is like a dream can boost divine soul strength, they should continue cultivating this way. Moreover, the direct touch of consciousness is indeed indescribably wonderful.

After Lu Chen finished speaking, Yun Yudie gave him a cold glance and ultimately chose to invoke Life is like a dream.

As Yun Yudie invoked Life is like a dream, she immediately softened up, leaning into Lu Chen's embrace, and then their consciousnesses touched directly once more.

Thinking about indulging in such matters, Yun Yudie felt great shame, but in order to become an Immortal Venerate, such shame was insignificant.

Thus, as days went by, Lu Chen and Yun Yudie stayed within the sleeping palace, yet the current Mysterious Moon Palace was gradually getting on track.

Mysterious Moon Palace, under the watch of Ling Yin Immortal King, and with the recruitment of many outside palace elders, was functioning smoothly despite Yun Yudie's absence.

Meanwhile, inside a certain abode.

The abode was filled with various green plants exuding a rich aura of vegetation, and in the center stood a stone platform on which sat Ye Chuyao.

At this time, she opened her eyes, a complex look flashing across them. So many years had passed, yet she couldn't calm her mind to cultivate.

Every time she practiced cultivation, memories of her time with Lu Chen resurfaced. Thinking about the things Lu Chen did to her, her immortal power would become agitated within her.

Ye Chuyao knew she had developed feelings for Lu Chen, but remembering how Wu Junwan fell into Lu Chen's hands, her heart was greatly conflicted.

It's clear to her that she couldn't truly blame Lu Chen for losing herself, especially since she had always regarded him as Lu Chen. Now, it's just a confirmation of his identity.

However, thinking of Lu Chen deceiving her, she felt deeply pained.

Ye Chuyao clenched her fist, streams of immortal power emitting from her body, and through gritted teeth she said, "That bastard!"

It's been years since Mysterious Moon Palace moved to Barbaric, yet Ye Chuyao had been retreating within the abode, and Lu Chen had not come to see her once.

He said he liked her, is this how he likes her?

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1794: Chapter 1484: Let Her In

After calming her emotions, Ye Chuyao finally stood up from the stone platform. She planned to actively seek out Lu Chen for an explanation.

This scoundrel has completely taken advantage of her, and yet after all these years, he hasn't come to find her. It's likely he has already found a new love.

Thinking of this, Ye Chuyao's heart grew even more furious.

Soon, Ye Chuyao arrived at Lu Chen's courtyard; however, at this time, his courtyard was already empty, with even Xiao Xueying and Cao Shiyun nowhere to

be found. It seemed to have been deserted for quite a long time, with fallen leaves scattered everywhere.

Seeing this, Ye Chuyao was momentarily stunned, and a bad premonition suddenly arose in her heart.

Could it be that Lu Chen has left the Mysterious Moon Palace?

After all, her Honored Master was inherently hostile towards Lu Chen. Although she didn't know what temporary collaboration they had reached between each other, the conflict between her Honored Master and him shouldn't be easy to resolve; now that Lu Chen's identity has been exposed, perhaps he directly left the Mysterious Moon Palace.

Upon discovering Lu Chen's identity had been exposed, Ye Chuyao immediately retreated to her Cultivation Cave Mansion, going into seclusion without leaving, so she wasn't aware that Lu Chen had become an Elder of the Inner Hall of Mysterious Moon Palace.

An Inner Hall Elder has eminent status, possessing a specific small world, naturally moving out of this courtyard.

It was at this moment that Ye Chuyao saw several Inner Hall disciples passing by, so she stepped in front of them, "Where did Lu... Junior Brother Chen go?"

Upon hearing this, the disciples froze momentarily but quickly reacted, understanding what Ye Chuyao wanted to ask. One female disciple said, “Senior Sister, he is no longer a disciple.”

Ye Chuyao confusedly asked, “What do you mean?”

The disciple continued, “He is now an Elder of the Inner Hall.”

This...

Ye Chuyao was once again stunned. She hadn’t expected Lu Chen to become an Elder of the Mysterious Moon Palace; she thought he had already left the palace.

Since becoming an Elder of the Inner Hall, it means Lu Chen has moved to the small world where the Inner Hall elders reside.

Thinking of this, Ye Chuyao asked again, “Do you know where Mr Chen... Elder’s Cultivation Cave Mansion is located?”

Typically, the entrance to the small world assigned to an Inner Hall Elder is connected to the Cultivation Cave Mansion. As long as you find the Cultivation Cave Mansion, you can find the current small world of Lu Chen.

A disciple said, “We know.”

Ye Chuyao immediately said, “Take me there right away!”

“Yes, Senior Sister.”

Then under the guidance of that disciple, Ye Chuyao arrived outside Lu Chen’s Cultivation Cave Mansion. Before entering, she saw Xiao Xueying and Cao Shiyun, the two women teasing a little girl floating in mid-air outside the cave.

The little girl had two buns on her head, looking about six or seven years old, with a porcelain doll-like figure, appearing very cute.

Typically, an Immortal’s offspring grow relatively slowly, so for Lu Jinyu to reach six or seven years old like a mortal child of similar age indicates her remarkable talent. Ye Chuyao knew this was Lu Chen’s daughter and, strangely, her heart started to form peculiar thoughts.

If she also gave birth to a child for Lu Chen, could she bind him as well?

Just as Ye Chuyao was lost in thought, the disciple beside her said, “Senior Sister, if there’s nothing else, I’ll be going.”

Ye Chuyao snapped back to reality, responding with an “Mmm,” then the guiding disciple turned and left Lu Chen’s Cultivation Cave Mansion.

At this moment, seeing Ye Chuyao arrive, Cao Shiyun and Xiao Xueying quickly said, “Greetings, Senior Sister.”

Ye Chuyao was about to speak when suddenly, the floating Lu Jinyu spoke, “Greetings, Aunt.”

Hearing this, Cao Shiyun and Xiao Xueying were instantly dumbfounded, and Ye Chuyao was similarly stunned in place.

Aunt?

Who taught her that?

Though calling her this isn't much of an issue, considering Ye Chuyao and Lu Chen had already consummated their relationship, Ye Chuyao hadn't formally married Lu Chen yet.

Cao Shiyun quickly said, "Senior Sister, I apologize, Little Yu is still young and doesn't understand."

Cao Shiyun then said to Lu Jinyu, "Little Yu, how could you address your Master Aunt like that?"

"Quickly, say you're sorry to your Master Aunt."

Before Cao Shiyun finished speaking, Lu Jinyu opened her mouth again and said, "But Master Aunt has Father's aura, and she also has a marriage line with Father."

Upon hearing this, Cao Shiyun felt immensely embarrassed, as Lu Jinyu's spatial divine pupils had changed shortly after her birth and could see some causal lines.

Logically, only once reaching a certain cultivation state can one see such things, but Lu Jinyu's special constitution allowed it.

If Lu Jinyu simply perceived it, it wouldn't matter, but her directly saying it could lead to some issues.

At this moment, Ye Chuyao didn't know what to say; her and Lu Chen's identities were exposed by this child, especially the phrase "Master Aunt has Father's aura," which instantly reminded Ye Chuyao of the scene at Bihai Immortal City where Lu Chen imbued her with immortal power.

For a moment, Ye Chuyao's cheeks slightly flushed, and she could only say, "Junior Sister Cao, it's alright, children's words carry no harm."

Seeing that Ye Chuyao wasn't angry, Cao Shiyun finally relaxed and then asked, "Senior Sister Ye, do you have any business here?"

Ye Chuyao said, "Is Lu... Elder Chen here?"

Cao Shiyun replied, "He is in seclusion."

Since dual cultivating with Yun Yudie, Lu Chen's consciousness could hardly simultaneously control other physical bodies, so he simply let all bodies stop and enter seclusion to cultivate.

Ye Chuyao pondered for a moment, finally saying, "I want to see him."

Hearing this, Cao Shiyun and Xiao Xueying exchanged looks, guessing in their hearts the reason Ye Chuyao was seeking out Lu Chen.

After considering for a moment, Cao Shiyun said, "I'll go into the cave to see if he's finished his seclusion."

Cao Shiyun knew Lu Chen wasn't really in seclusion, as he had told her before entering seclusion to directly awaken him if something important arose.

As soon as Cao Shiyun finished speaking, she turned and entered the Cultivation Cave Mansion; at this time, Lu Chen's body was sitting atop the stone platform in the middle of the cave, and it hadn't entered the small world.

Cao Shiyun approached Lu Chen's physical body and quietly said, "Darling, Senior Sister Ye is looking for you."

After Cao Shiyun's voice floated through the cave, Lu Chen's consciousness instantly perceived it, he tried to separate a thread of divine sense to control this physical body, but as soon as he did so, the immortal power inside this body immediately became restless.

At the moment, his consciousness was almost entirely submerged in that sensation, so inevitably his body would be affected.

Lu Chen immediately told Cao Shiyun, “Let her in.”

Hearing this, Cao Shiyun turned and exited the cave.

Seeing Cao Shiyun coming out, Ye Chuyao suddenly became nervous, unsure how to face Lu Chen or what to say to him.

Cao Shiyun directly said, “Senior Sister, he’s finished his seclusion; you can go in.”

After hearing Cao Shiyun’s words, Ye Chuyao hesitated for a moment, but eventually walked towards the cave in front of her.

As soon as she entered the cave, she saw Lu Chen sitting on the stone platform, his eyes red and filled with intense desire.

Seeing this scene, Ye Chuyao was momentarily stunned.

Just as Ye Chuyao was about to say something, Lu Chen suddenly approached her and knocked her down.

Ye Chuyao's mind froze, and her face instantly showed a look of shame and anger, "You... What are you... Mmm mmm!!!"

Before Ye Chuyao could finish speaking, Lu Chen had already silenced her. Lu Chen's consciousness and Yun Yudie's consciousness were in a highly aligned state, so when a strand of his Divine Sense entered this body, he couldn't control himself.

Ye Chuyao hadn't expected that when she came to find Lu Chen, he wouldn't say a word and would just start acting out.

This bastard! What does he think I am?

Just as Ye Chuyao was about to push Lu Chen away, she found her own immortal power also stirring within her, causing her to hesitate.

Even if she pushed Lu Chen away, what could they say to each other, and what should they say?

Although she came to find Lu Chen to talk to him, she didn't even know what to talk about. Instead of pushing Lu Chen away and not knowing what to say, it might be better to turn what she wanted to say into action.

Anyway, she had already been eaten up by this bastard, so even if he did wrong to her, it was nothing new.

Thinking of this, Ye Chuyao raised her slender arms and instead embraced Lu Chen's neck, actively responding to his kiss.

Soon, the two were completely immersed in the moment, as they began to engage in that kind of activity within the cave.

Meanwhile, outside the cave, Lu Jinyu suddenly widened her eyes, looking at what was happening inside the cave. The outside of the cave was originally surrounded by a Barrier, making it impossible to see inside from the outside.

But Lu Jinyu possessed Space Spirit Eyes, allowing her to see right through the Barrier and clearly see what was happening inside the cave. Looking at the scene inside, she confusedly asked Cao Shiyun, "Mother, what is Father doing? Why is Aunt crying?"

Hearing this, Cao Shiyun was momentarily stunned. After coming back to her senses, she quickly went to Lu Jinyu and used her hands to cover Lu Jinyu's eyes, saying, "Little Yu, children should not peek at adult matters."

Though covering Lu Jinyu's eyes with her hands, Cao Shiyun quickly realized that Lu Jinyu's Space Spirit Eyes could penetrate most things or Array Barriers; merely using her hands wouldn't block Lu Jinyu's sight.

For the sake of the child's mental health, Cao Shiyun didn't hesitate to send Lu Jinyu into the Small World.

Over the next few years, Cao Shiyun and Lu Jinyu stayed in the Small World, although for Lu Jinyu, this Small World couldn't really confine her since she had the Space Spirit Eyes. Even without Cao Shiyun's help, she could leave the Small World at any time.

However, not wanting to anger her mother, she didn't leave the Small World on her own over the years. She wasn't really interested in the outside world.

Even without venturing out, she could use her Space Spirit Eyes to observe the happenings in the Mysterious Moon Palace. Because of this, Lu Jinyu matured mentally very quickly.

In the blink of an eye, ten years passed.

Cao Shiyun sat on the stone bench in the courtyard of the Small World, watching Lu Jinyu, who was cultivating nearby. Now, Lu Jinyu appeared to be in her teens, with a single ponytail, exuding a bold spirit, looking valiant and charismatic.

Seeing her daughter's beautiful countenance, Cao Shiyun couldn't help but smile. Lu Jinyu and Lu Chen looked very similar. Of course, it was only their appearance that was alike. Cao Shiyun was grateful that Lu Jinyu was raised by her and hadn't been influenced by Lu Chen, the lecher; Lu Jinyu's personality was more akin to her mother.

At that moment, a terrifying wave of immortal power swept across the entire Small World. The Small World was frozen, causing Cao Shiyun and Xiao Xueying to momentarily freeze.

Meanwhile, Ye Chuyao, who was being assaulted by Lu Chen in the cave, also woke up due to the cold wave.

The person capable of releasing such terrifying cold in the entire Profound Moon Palace could only be her Honored Master, causing Ye Chuyao's heart to panic. Could it be that their Honored Master had emerged from seclusion?

She would definitely be discovered doing such things with Lu Chen the next moment. Right now, Ye Chuyao did not know that not only her but Yun Yudie was also maintaining intimacy with Lu Chen.

Ye Chuyao quickly pushed Lu Chen, "You... Get up!"

Lu Chen did not listen to Ye Chuyao and continued unperturbed.

Meanwhile.

Yun Yudie's chambers.

At this moment, Yun Yudie's chambers had become an ice cave, frozen everywhere. However, the bodies of Lu Chen and Yun Yudie on the bed were wrapped in a circle of warm immortal power, unaffected.

With Yun Yudie's breakthrough, the two gradually woke from their dream state. Yun Yudie propped herself against Lu Chen's chest, staring straight into his eyes.

She had now broken through to the Immortal Venerate Realm, rendering this scoundrel worthless. Yun Yudie said coldly, "This ends here!"

Lu Chen smiled and said, "Honored Master, isn't this a bit wrong? I just helped you breakthrough to the Immortal Venerate Realm, and you want to turn your back on me?"

Yun Yudie's eyebrows furrowed slightly; she could strongly feel karmic ties with Lu Chen, not only karmic ties but also marriage lines, and these lines were very thick. Even as an Immortal Venerate, she probably couldn't sever them.

Yun Yudie felt unpleasant. Could she really bear children for this scoundrel? Help him cultivate the Reproduction Path?

After all, Lu Chen helped her become an Immortal Venerate. If she were to repay him, she would need to assist him in cultivation, and Lu Chen's path of cultivation was that Reproduction Path. She would have to help him cultivate the Reproduction Path.

But that so-called Reproduction Path would mean bearing children for this scoundrel and letting him play around, which she found difficult to accept.

Knowing that if she did not compromise today, this scoundrel would stay, Yun Yudie, thinking this over, said coldly, "This time doesn't count."

She had just broken through to the Immortal Venerate Realm and needed to consolidate her Realm promptly. Continuing like this with Lu Chen would hinder her focus on other matters, potentially leading her to perpetual descent.

Upon hearing this, Lu Chen immediately understood Yun Yudie's meaning. If this time didn't count, then that meant he still had two chances to assault her?

Lu Chen jokingly asked, "Honored Master means I can still do this two more times?"

Yun Yudie coldly looked into Lu Chen's passionate eyes, refusing to answer; she did not want to repeat herself. She only felt humiliated.

Even though now she was an Immortal Venerate, she still had to resort to such conditions to get this scoundrel to leave.

Having children earns benefit, start competing for dominance in the world by marrying a wife

Chapter 1796: Chapter 1486: Yun Yudie's Compromise

Seeing Yun Yudie coldly staring at him without speaking, Lu Chen merely gave a faint smile, then shamelessly said, "Once is not enough."

“Could it be that helping my Honored Master break through to the Immortal Venerable Realm, such a big achievement, is only worth one time? And this time is on the existing terms, which is hardly any benefit for me. I’ve done the labor without any reward; this isn’t quite right, is it?”

Yun Yudie stared coldly at Lu Chen with frosty eyes, “What do you want?”

Lu Chen calmly replied, “On the existing terms, add ten more times.”

As soon as Lu Chen finished speaking, the cold aura around Yun Yudie suddenly erupted, shaking the entire palace. The cold aura emanating from her body was terrifying, and the Immortals near her palace were thrown away by it.

Moreover, her cold aura wasn’t ordinary; it contained the Power of Slaughter.

Huh?

When Yun Yudie felt the cold aura mixed with the Power of Slaughter released from her body, she was momentarily stunned. She hadn’t cultivated the Slaughter Path, so why was there such a strong Power of Slaughter?

What's going on?

Just as Yun Yudie was confused, Lu Chen said with a smile, "Can you feel it?"

Hearing Lu Chen's words, Yun Yudie stared at Lu Chen with a cold, indifferent gaze, "Did you do this?"

Lu Chen said, "The Immortal Law we cultivate is called the Spirit Charm Harmony Scripture, which can help the other party in Dual Cultivation comprehend each other's Power of Dao."

Upon hearing Lu Chen's words, Yun Yudie was completely stunned. It was the first time she'd heard of such a heaven-defying Dual Cultivation Immortal Technique.

How did she never know such Immortal Law existed?

Soon Yun Yudie came to her senses; just because it didn't exist in the Tianyan Immortal Domain didn't mean it wasn't in the Chaotic Sea. Lu Chen must have obtained this Immortal Law from the Chaotic Sea.

In other words, as long as she kept Dual Cultivating with Lu Chen, then one day, she might fully control the Power of Slaughter and comprehend the Slaughter Path?

No!

Seeing Lu Chen's insidious smile, Yun Yudie instantly felt this was Lu Chen's bait, just to make her fall into the trap, so he could be unscrupulous with her in the future.

Thinking of this, Yun Yudie coldly said, "Do you think I can't see through your little trick?"

Lu Chen asked, "Little trick? Why does the Honored Master say that?"

Yun Yudie said coldly, "Infusing the Power of Slaughter into my body, when I release the cold aura, that Power of Slaughter would naturally be released as well."

While they were cultivating, Lu Chen infused her with a lot of immortal power, which likely included the Power of Slaughter. This Power of Slaughter was most likely just Lu Chen's; it had nothing to do with her.

Hearing Yun Yudie's words, Lu Chen chuckled and then said, "The Honored Master only needs to sense it slightly to know."

“Whether you yourself have comprehended the Slaughter Path, I believe the Honored Master knows in their heart.”

Yun Yudie’s brows furrowed slightly, and then she indeed tried to mobilize the Power of Slaughter. The result was that the entire palace turned blood red, and the Power of Slaughter erupted from her body.

The next moment, a phenomenon of the Slaughter Path appeared over the Mysterious Moon Palace. Sensing this, Yun Yudie was momentarily stunned.

She actually controlled the Slaughter Path!

That means what Lu Chen said is true!

If she mastered the Slaughter Path, then with her strength, it would be difficult for any other Immortal Venerate in the Tianyan Immortal Domain to be her opponent; of course, the premise would be a one-on-one fight.

However, she clearly sensed that her comprehension of the Slaughter Path was incomplete, and she couldn’t continue on the Slaughter Path. When she just had the idea to continue forward on the Slaughter Path, the Ice Power in her body began to agitate.

Apparently, her body couldn't tolerate the Power of Slaughter she cultivated, meaning she herself couldn't cultivate the Slaughter Path.

She wanted to walk down the Slaughter Path but had to continuously Dual Cultivate with Lu Chen, letting him balance the other Power of Dao within her body.

Wouldn't that mean she had to continue this with Lu Chen?

Upon thinking this, Yun Yudie's expression turned even colder. It truly was bait, and it was incredibly tempting to her.

She just used the Power of Slaughter for a moment and found that when this Power of Slaughter merged with her Ice Power, its potency increased.

Such formidable power was within reach, and to say she wasn't moved would be a lie.

Yet the price was being bullied by this scoundrel indefinitely...

This scoundrel had entirely consumed Yun Qingshu and made her bear his child, and now he was scheming on her—utterly shameless.

Lu Chen clearly saw the struggle on Yun Yudie's face; he leaned closer and softly asked in her ear, "How has the Honored Master considered?"

Yun Yudie paused before speaking, "I won't bear offspring for you, so you better give up on that."

Yun Yudie didn't directly refuse; she merely stated she wouldn't bear children for him. Clearly, she'd agreed to continue Dual Cultivating with Lu Chen in the future, as the allure of that power was truly irresistible.

Lu Chen also read between the lines in Yun Yudie's words: sleep together, yes, but having children, no.

Yun Yudie continued coldly, "This ends here; leave immediately!"

Lu Chen gave a faint smile. This time he didn't linger; he promptly rose since he'd achieved his goal. He believed in the future, seeking Dual Cultivation with Yun Yudie would be very easy.

Having spent over ten years with Yun Yudie, his consciousness was always in a dazed state; now was the time to sort out matters with Ye Chuyao, as his other body was still entangled with her.

Seeing Lu Chen stand, Yun Yudie felt slightly relieved; this scoundrel was finally leaving.

The more she thought about it, the more humiliated she felt; a dignified Immortal Venerate was being toyed with like this!

She didn't know what her sister would think of her if she found out about this.

No, she couldn't let her sister know about this under any circumstances. With that in mind, Yun Yudie promptly warned Lu Chen, "You can't tell anyone about us!"

Lu Chen said, "Don't worry, Honored Master. I'll keep it a secret, and we'll keep Dual Cultivating in private."

Hearing Lu Chen's response, Yun Yudie's cold aura erupted again.

What "private Dual Cultivation," it made her sound like a shameless opportunist.

Then she coldly said, “Get out!”

As soon as she finished speaking, Lu Chen was immediately moved to his abode by a force of Space Power.

When Lu Chen’s other body appeared, Ye Chuyao, who was lying drowsily on the stone platform, suddenly snapped awake.

“Lu...Lu Chen???”

If that was Lu Chen, then who was inside the abode?

Ye Chuyao quickly turned around, looked at Lu Chen, and saw two identical people.

It didn’t take Ye Chuyao long to figure it out; it was surely Lu Chen’s clone.

Ye Chuyao glared at Lu Chen not far away and said, “You’re using your clone to fool me, aren’t you?”

“Do you think I’m only worthy of being played with by your clone?”

Having children earns benefit, start competing for dominance in the world by marrying a wife

Capítulo 1797: Chapter 1487: All My Clones Are the Main Body

Lu Chen was momentarily stunned by Ye Chuyao’s words, but he quickly regained his composure, understanding what she meant.

It was clear that Ye Chuyao thought his clone was a traditional clone, controlled by a mere trace of Divine Soul.

At that moment, Lu Chen bent down behind her, whispering softly in her ear, “What are you talking about? Where did I use any clone?”

Ye Chuyao replied coldly, “Do you really think I’m that easily fooled?”

The Lu Chen behind her had noticeably lower cultivation state than the Lu Chen in front of her. Isn't this a clone?

Seeing Ye Chuyao's disbelief, Lu Chen straightforwardly said, "Senior Sister, you've misunderstood me. I don't have any actual clones."

"Or rather, all my clones are the main body."

Hearing Lu Chen's words, Ye Chuyao furrowed her brows. All clones as the main body?

What does that mean?

A clone is a clone; how can it be the main body?

What exactly is Lu Chen talking about?

At this moment, Ye Chuyao's face glowed, tears hanging in her eyes as she stared fixedly at Lu Chen, wanting to see how he would continue to argue.

Seeing Ye Chuyao seemed unconvinced, Lu Chen said directly, “This is my special ability; I don’t have a fixed main body. My Divine Soul simultaneously controls every physical body, so each physical body’s Divine Soul appears complete. If you don’t believe me, Senior Sister, you can carefully investigate.”

Upon hearing this, Ye Chuyao was initially stunned. A Divine Soul simultaneously controlling all clones? Is that possible?

These physical bodies aren’t puppets, so how can they be controlled by a single Divine Soul?

But after regaining her senses, she carefully investigated the Lu Chen not far away and found that his Divine Soul was indeed quite complete.

Then she turned her head to investigate the Lu Chen behind her, and upon probing, she discovered it was indeed as Lu Chen claimed; both Lu Chen’s Divine Souls seemed to have no major defects, with complete fluctuations, so his words were true?

No way!

There’s another possibility!

That is, one of the Lu Chens is fake, impersonated by someone else. If this possibility was true, Ye Chuyao's body trembled slightly, as it meant she might have been sullied by someone other than Lu Chen.

She absolutely would not allow such a thing to happen!

She engaged in relations with Lu Chen willingly, so even if she discovered Lu Chen's true identity, she could reluctantly make peace with it. But if it was with someone else without her knowledge, she wouldn't accept it under any circumstances.

She turned coldly towards the Lu Chen behind her, saying, "You're not Lu Chen; who are you really?"

Her thoughts revolved around the idea that the one with higher cultivation state was Lu Chen, and the one with lower cultivation state was definitely not Lu Chen.

Lu Chen instantly guessed Ye Chuyao's thoughts, and his lips involuntarily curled slightly as a thought struck him.

Then he controlled the Lu Chen in front of Ye Chuyao to speak, "Since you've found out, I might as well stop pretending. Actually, I'm the real Lu Chen; he is Chen Lu!"

Upon hearing this, Ye Chuyao's mind shook, and after regaining clarity, she looked at the Lu Chen not far away, unable to believe this was true.

Does this mean the person she lost herself to all along was Chen Lu, not Lu Chen?

Ye Chuyao was bewildered by how it alternated between Chen Lu and Lu Chen.

Who is the man sleeping with her, or were both involved?

The thought of possibly being victimized by both enraged Ye Chuyao, wondering what she had been made into—a brothel woman?

Seeing her anger, Lu Chen ceased his teasing, saying, "Senior Sister, I was kidding before. It's been me all along."

"Chen Lu is Lu Chen, and Lu Chen is Chen Lu."

"If you don't believe me, I can create some clones for you to see right now."

As he finished speaking, Lu Chen raised his hand, harnessing Creation Power, and after a moment, three more Lu Chens appeared inside the cave, each with differing powers.

Ye Chuyao was momentarily stunned, realizing that the clones created by Lu Chen indeed had complete Divine Souls, meaning these clones could indeed be regarded as Lu Chen's main body.

This reminded Ye Chuyao of an event when Lu Chen was seriously injured in a battle at Jade Dragon Sect, becoming incapacitated, yet he recovered swiftly.

Back then, she genuinely thought it was due to her special physique, which led to her spending time dual cultivating with him in Bihai Immortal City. Now it seems that was just one of Lu Chen's clones.

Regardless of severe injuries—even if that body died—it likely wouldn't affect Lu Chen. She lamented how worried she had been over that rascal.

Thinking of this ignited an unexpressed fury within Ye Chuyao.

Seeing Ye Chuyao still angry, Lu Chen behind her tightened his embrace around her waist, whispering in her ear, "Why is Senior Sister still mad at me?"

Ye Chuyao replied coldly, “I am not your Senior Sister!”

Lu Chen said, “What are you talking about? We both apprenticed under the same Honored Master; how are you not my Senior Sister?”

“Besides...”

Lu Chen shifted slightly before continuing, “You are now my woman; whether or not you’re angry with me, you can’t change that fact.”

“You!”

Ye Chuyao was at a loss for words towards Lu Chen, admitting he was right. Even her Honored Master sided with him now, along with his power, putting her at a disadvantage. Even if she wanted revenge for Wu Junwan, she had no means.

Moreover, she couldn’t rid herself of Lu Chen, let alone seek revenge.

Ye Chuyao took a deep breath, eventually calming her emotions, realizing that no matter how angry she was, it wouldn’t help.

She then directly asked, “Is Junwan... alright?”

Rather than anger, it was better to ask about Wu Junwan’s situation, thinking that if Lu Chen survived, Wu Junwan likely did as well.

Lu Chen responded, “She’s fine, not only fine but also bore me a child.”

As he spoke, Lu Chen copied his memories with Wu Junwan at Chaotic Sea into a Memory Pearl and infused it into Ye Chuyao’s forehead.

The next moment, memories of Lu Chen and Wu Junwan emerged in Ye Chuyao’s mind, and her expression gradually turned complex.

She didn’t know whether to be happy for Wu Junwan or pity her, knowing she was a princess of Spirit Martial Immortal Dynasty but had become this rascal’s plaything, even having his children.

But then again, it was all her choice; she had joined Lu Chen entering Chaotic Sea, bringing about her own wish.

Noticing Ye Chuyao remain silent, Lu Chen asked, “Now are you reassured, Senior Sister?”

Ye Chuyao regained her composure and retorted, "How can she leave Chaotic Sea?"

Having children earns benefit, start competing for dominance in the world by marrying a wife

Ye Chuyao was most worried about Wu Junwan's safety. Although she had read from Lu Chen's memory that Wu Junwan was currently safe, no one could predict if one day Chaos Qi would rush into the area where the Great Sum Empire was located.

Lu Chen replied, "Once I break through to the Immortal Emperor Realm, I'll be able to take them away from the Chaotic Sea."

Upon hearing this, Ye Chuyao fell into silence. She didn't truly know Lu Chen's current cultivation state, but she guessed that his state and power might have declined.

Although Lu Chen had bravely stepped up during the crisis at the Mysterious Moon Palace last time, resisting the attack of three Evil Immortal Kings, Ye Chuyao speculated that Lu Chen probably burned his Divine Soul to withstand their attack.

Who knew how many years it would take for Lu Chen to break through to the Immortal Emperor Realm?

Yet, speaking of this, it somewhat clung to her hope of seeing Wu Junwan again.

After speaking about Wu Junwan, Ye Chuyao fell silent again, not knowing what to say.

Seeing Ye Chuyao silent, Lu Chen continued to tempt her by whispering in her ear, "Since we're already like this, why don't you completely be with me, dear sister?"

Ye Chuyao snapped back to reality, responding indifferently, "Honored Master won't agree."

Lu Chen replied with a smile, "She has already agreed."

Lu Chen's words startled Ye Chuyao for a moment.

Agreed?

How could her Honored Master possibly agree to the two of them being together?

Ye Chuyao looked up at Lu Chen before her, "Are you telling the truth?"

Lu Chen answered, "Of course, it's true."

Ye Chuyao fell silent again. Even her Honored Master agreed. Was she really going to promise Lu Chen, to be Lu Chen's woman?

If even she became Lu Chen's woman, then she wouldn't be any different from Wu Junwan back then. Realizing this, Ye Chuyao's heart grew exceedingly complicated.

Seeing Ye Chuyao hesitating to make a decision, Lu Chen continued, "Actually, whether you agree or not, you can only be my woman in the future."

Hearing Lu Chen's domineering words, Ye Chuyao's jade hand on the stone platform clenched into a fist.

After a while, she exhaled deeply. Now that she and Lu Chen had already reached such a point, it was useless even if she didn't want to.

Oh well, even Wu Junwan had become his woman; there's no big deal in becoming his woman myself, and when Wu Junwan returns to the Tianyan Immortal Domain in the future, we can still be together.

Thinking of this, Ye Chuyao said, "I... can promise you..."

Seeing Ye Chuyao agreeing, Lu Chen rejoiced internally. In this way, the entire Mysterious Moon Palace would be under his control in the future.

Yun Yudie was the Hall Master, Ling Yin Immortal King was also a Hall Master, and Ye Chuyao was probably the Young Hall Master. He was the man of these three, thus the Mysterious Moon Palace would indirectly be his influence.

After Ye Chuyao finished speaking, she collapsed, as if all the strength in her body had been exhausted. It indeed required enormous courage for her, considering she had always seen Lu Chen as an enemy in the past, yet now, the enemy had become her man.

Thinking that after becoming Lu Chen's woman, he would do those kinds of things to her without restraint, Ye Chuyao felt utterly powerless.

Lu Chen softly said in Ye Chuyao's ear, "From today onwards, dear sister, you will be my couple."

Saying this, Lu Chen gently breathed into Ye Chuyao's ear before continuing, "Yao Yao, shall we continue?"

Ye Chuyao felt somewhat helpless hearing Lu Chen's words. She couldn't comprehend how this scoundrel could always maintain that state.

But she had no choice; during cultivation, she had no strength to resist, and even if she had the strength, her heart didn't even rise with resistance. She felt as if she had already completely fallen.

Meanwhile.

In a certain place in the Barbaric area, Thunder Serpent Sect.

In the lightning-surrounded grand hall, sat a white-haired Immortal King with the appearance of a middle-aged man, arcs of electricity dancing all over his body. He glanced around at the people in the grand hall, turning the elders in the hall as silent as cicadas in winter. No one dared speak.

They were well aware that the Thunder Serpent Immortal King was very angry at this moment.

Originally, the Thunder Serpent Immortal King planned to conclude his seclusion and then create an Immortal Sect. Now, their sect was still on the ground, so they could only be considered an ordinary sect. Only by creating a Floating Island could it be considered an Immortal Sect.

However, creating a Floating Island requires consuming vast amounts of immortal power, so the Thunder Serpent Immortal King thought to wait until he was stronger before establishing the Immortal Sect.

What he didn't expect was that upon emerging from seclusion, the elders of Thunder Serpent Sect informed him that the empty space they intended to use for the Immortal Sect had already been occupied by an Immortal Sect named Mysterious Moon Palace.

Most importantly, the Mysterious Moon Palace actually had two Immortal Kings.

Thunder Serpent Sect only had one Immortal King, and because of its location in the Barbaric area, the number of Immortal Monarchs in Thunder Serpent Sect wasn't very high. If Thunder Serpent Sect went to war with Mysterious Moon Palace for that empty space, Thunder Serpent Sect certainly wouldn't benefit.

Thinking of this made the Thunder Serpent Immortal King extremely furious—where did this Mysterious Moon Palace come from?

In the Barbaric area, only the airspace near the Sunset Mountain Range was rich in Immortal Aura, suitable for creating an Immortal Sect, and in this vicinity, only this place hadn't been taken over by an Immortal Sect.

Due to the sparse Immortal Aura in the Barbaric area, the area controlled by Immortal Sects here had to be larger than in the other domains.

If Thunder Serpent Sect were to create an Immortal Sect next to Mysterious Moon Palace, they might invade the territory of other Immortal Sects, thus triggering war.

Could it be just letting it go like this?

Just then, an elder entered the grand hall, addressing the Thunder Serpent Immortal King, "Sect Master, lately people from Mysterious Moon Palace have been frequently invading our controlled cities."

At this point, the elder took out a jade scroll, and in the next moment, the information from the jade scroll appeared in the grand hall.

Seeing the rows of characters formed by immortal power in the grand hall, the Thunder Serpent Immortal King's inner rage burned even more fiercely, "It's truly outrageous!!!"

Mysterious Moon Palace occupied the empty space they intended for the Immortal Sect, and now they even dare attempt to occupy the cities they control.

In such a sparsely inhabited area as the Barbaric region, each city is extremely important to them. If Thunder Serpent Sect's cities were extensively occupied, the sect's Qi Fortune would also significantly decline.

The Thunder Serpent Immortal King coldly said, "What exactly is Mysterious Moon Palace trying to do! Do they want to go to war with Thunder Serpent Sect?"

Typically, when external forces expand their territory, they go through various wars. Thunder Serpent Sect, as a local sect, naturally wouldn't just let it go when core interests are touched.

The Thunder Serpent Immortal King immediately instructed an Immortal Monarch in the grand hall, "Dongliang, take people and go to Mysterious Moon Palace. Ask exactly what Mysterious Moon Palace intends to do. If they want to fight, we will accompany them all the way!"

Dongliang Immortal Monarch replied, "Yes, Sect Master."

The Thunder Serpent Immortal King continued, "Also, if people from Mysterious Moon Palace dare to invade Thunder Serpent Sect's land again, show no mercy—kill directly!"

Having children earns benefit, start competing for dominance in the world by marrying a wife

After the Thunder Serpent Immortal King's order was issued, the affiliated

forces newly acquired by the Mysterious Moon Palace soon conflicted with the Thunder Serpent Sect.

In fact, Ling Yin Immortal King, to avoid conflict with some nearby sects of slightly stronger powers, immediately instructed the Mysterious Moon Palace to cease further expansion once they established themselves.

Although top forces in the Barbaric are few, it's not without Immortal Venerates and Immortal Kings. If the Mysterious Moon Palace expands too much, it can easily offend these forces, and should the Barbaric forces unite against them, the Mysterious Moon Palace would struggle to endure.

However, even though Ling Yin Immortal King halted the expansion of the Mysterious Moon Palace, its affiliated forces did not see things the same way. Upon joining the Immortal Sect, some affiliated forces that came under the Mysterious Moon Palace felt empowered and began to expand outward.

This indirectly caused conflicts between the Mysterious Moon Palace and other sects. Fortunately, they were not near any powerful Immortal Sects, with the Thunder Serpent Sect being the strongest sect they offended so far.

Mysterious Moon Palace, inside the Meeting Hall.

Ling Yin Immortal King looked at Dongliang Immortal Monarch below in the hall and asked, "What brings the friend of the Thunder Serpent Sect to my Mysterious Moon Palace?"

Dongliang Immortal Monarch queried, "Are you the Hall Master of the Mysterious Moon Palace?"

Ling Yin Immortal King replied indifferently, "I am the second Hall Master in the Mysterious Moon Palace. Our Great Hall Master is currently in seclusion; speak with me, I can make decisions."

Upon hearing this, Dongliang Immortal Monarch did not hesitate and immediately said, "Why have the friends of the Mysterious Moon Palace

invaded the territory of my Thunder Serpent Sect? Is this an intention to start a war?"

Hearing this, Ling Yin Immortal King was slightly taken aback; hadn't she already ordered the disciples of the Mysterious Moon Palace not to expand outward?

Ling Yin Immortal King quickly realized the situation, clearly some disobedient affiliated forces were using the name of the Mysterious Moon Palace for expansion.

Thinking of this, Ling Yin Immortal King said, "I have already ordered the

Mysterious Moon Palace's disciples not to stir up trouble. If anyone invaded the Thunder Serpent Sect's territory, it's likely some who harbor sinister intentions doing so under the name of the Mysterious Moon Palace."

Dongliang Immortal Monarch fell into brief contemplation, showing a hint of doubt. He wasn't certain of the truth, but if the Mysterious Moon Palace intended to start a war, lying would be unnecessary.

Was this to confuse the Thunder Serpent Sect and lower their guard?

As Dongliang Immortal Monarch pondered this, Ling Yin Immortal King continued, "If someone invades the Thunder Serpent Sect's territory, the Thunder Serpent Sect may directly retaliate, and the Mysterious Moon Palace will not object."

With Ling Yin Immortal King's words laid out clearly, Dongliang Immortal Monarch had to believe her sincerity.

Ling Yin Immortal King was indeed wondering if someone might be secretly instigating a rift between the Mysterious Moon Palace and the Thunder Serpent Sect.

Given the vastness of the Barbaric, and the considerable distance between the Thunder Serpent Sect and the Mysterious Moon Palace, rapid expansion wasn't feasible.

Moreover, the Mysterious Moon Palace doesn't plan on expanding there yet, although the Thunder Serpent Sect is merely sect and not an Immortal Sect, foundationally possessing an Immortal King means creating an Immortal Sect is inevitable. The elders of the Mysterious Moon Palace, having newly migrated to the Barbaric, naturally want to avoid conflict with such forces.

Ling Yin Immortal King recalled the Southern Domain incident when the Blood Eagle Hall sought to alienate the Chiyan Sect and the Mysterious Moon Palace by

inciting mortal cities under Mysterious Moon Palace's rule to join Chiyan Sect, even plotting to assassinate Lu Chen to frame the Chiyan Sect.

The current situation bore such a striking resemblance to previous incidents in the Southern Domain, forcing Ling Yin Immortal King to suspect the existence of a third-party force.

Ling Yin Immortal King then asked, "Does the friend have any other matters?" Dongliang Immortal Monarch was momentarily taken aback, having ventured here primarily to assess the Mysterious Moon Palace's stance, thinking that the second Hall Master's demeanor suggested the territory intrusion issue wasn't Mysterious Moon Palace's doing.

Dongliang Immortal Monarch questioned again, "Is it true that the Immortal invading our sect's cities is unrelated to the Mysterious Moon Palace?"

Ling Yin Immortal King did not deny directly. If she outright denied, and later found those people to be from the Mysterious Moon Palace or its affiliated forces, it would exacerbate the Thunder Serpent Sect's suspicion.

Therefore, Ling Yin Immortal King said, "It's not certain; you ought to realize that we only recently arrived in the Barbaric, and since then have subdued many Barbaric forces as affiliates."

"Among these affiliated forces, there must be some who are resistant to the Mysterious Moon Palace's authority. Perhaps they retaliate by causing trouble under our name, trying to provoke war between the Thunder Serpent Sect and the Mysterious Moon Palace, hoping to benefit when both forces suffer." Hearing this, Dongliang Immortal Monarch considered it and felt that Ling Yin Immortal King's point held validity, such possibilities indeed exist.

However...

Dongliang Immortal Monarch subsequently said, "Even if what you say is true, the affiliated forces of the Mysterious Moon Palace remain its responsibility to

manage."

Ling Yin Immortal King replied, "Please be assured, friend, we'll establish rules for those affiliated forces after today, to ensure their compliance."

"If any defy the Mysterious Moon Palace's orders and invade your sect's territory, you may handle them at your discretion."

Dongliang Immortal Monarch said, "Then I, junior, shall take my leave."

Ling Yin Immortal King had spoken up, regardless of truth, her attitude was clear, so Dongliang Immortal Monarch couldn't press further.

He then turned and left the hall.

After Dongliang Immortal Monarch departed, the Inner Hall elders began to

discuss, with one elder remarking, "Such arrogance from a mere sect, daring to

send someone to question us."

Dongliang Immortal Monarch's tone was uncomfortable for the elders present, feeling akin to receiving an accusation.

The Mysterious Moon Palace is an Immortal Sect, whereas the Thunder Serpent Sect, though possessing an Immortal King, remains just a sect; they've

yet even to establish Immortal Sect territories, yet dare to confront an

Immortal Sect.

Then, another elder suggested, "Now that the Great Hall Master has broken through, should we just annex the Thunder Serpent Sect?"

The assembly of elders today aimed initially to discuss Yun Yudie's breakthrough; now with an Immortal Venerate, the Mysterious Moon Palace's strength differs significantly from before.

Upon learning of Yun Yudie's advancement to Immortal Monarch, many elders felt emboldened, believing expansion should resume to fortify the Mysterious

Moon Palace.

Seeing the elder's ambitions swelling, Ling Yin Immortal King reminded, "We've recently arrived in the Barbaric, unfamiliar with its full circumstances, rashness is inadvisable. Rapid expansion could attract certain Super Forces' attention,

posing a risk to us."

Upon hearing the reminder from Ling Yin Immortal King, the elders present gradually calmed down. After thinking it over, they felt that Ling Yin Immortal King had some valid points.

Although they had sent many people to gather intelligence on the Barbaric once they arrived, the information they had collected so far was all public and superficial.

Even though there appeared to be no Super Force within the public

intelligence, it was impossible for a vast place like the Barbaric to truly have no Super Force. Most likely, those Super Forces were hidden.

There are many hidden Immortal Sects in the Tianyan Immortal Domain. Not to mention other places, even the Southern Domain where they were previously situated was like this. Although the Heavenly Splendor Hall of the Southern Domain is reputed as the number one force, if those hidden Immortal Sects were to emerge, the Heavenly Splendor Hall might not be able to retain its number one position.

The Immortal Sects in the Tianyan Immortal Domain fall into two categories: those located high in the sky and those residing within special spaces.

The Tianyan Immortal Domain contains many Secret Realm spaces or small worlds, and within these Secret Realms or small worlds, there could be Immortal Sects.

Some Super Forces, for certain reasons, have hidden themselves within Secret Realms and small worlds and haven't revealed themselves, only coming out when their interests are threatened.

Ling Yin Immortal King speculated that such Super Forces might also exist in the Barbaric, so they must be extra cautious when expanding. They cannot begin acting recklessly just because they possess an Immortal Venerate, as this would inevitably lead to trouble.

At this moment, an elder puzzledly said, "Strange, why hasn't Elder Chen come?"

Lu Chen is now also an Inner Hall elder, and by reason, he should attend such a level of meeting.

However, in the past decade or so, Lu Chen had never once attended an elder meeting, which made the Inner Hall elders curious about what Lu Chen was up

to.

Ling Yin Immortal King casually said, "He is helping the Hall Master stabilize his Cultivation State."

After hearing Ling Yin Immortal King's words, everyone stopped questioning Lu Chen's affairs and focused their discussion on how they should develop in the future.

Whether to continue expanding or to first manage well the territories they have occupied and continue accumulating strength.

At this moment, Weixue Immortal Monarch stood up and said, "The Great Hall Master should be about to exit Seclusion; why not leave this matter for her to decide?"

Mysterious Moon Palace was founded single-handedly by Yun Yudie, so it is only natural for Yun Yudie to make such significant decisions.

As soon as Weixue Immortal Monarch finished speaking, Ling Yin Immortal King responded, "Alright, then we will decide after the Hall Master exits Seclusion. Additionally, everyone should closely monitor those Affiliated Sects. If any Affiliated Sect causes trouble, report it immediately. That's all for today."

With Ling Yin Immortal King's words, all the elders responded in unison, "Understood!"

Subsequently, the elders left the Meeting Hall. Shortly after they left, Yun Yudie's figure suddenly appeared in the hall.

Ling Yin Immortal King asked, "They just left, should we call them back?"

Yun Yudie said, "No need; Profound Moon Palace will maintain its current state."

Although she had made a breakthrough, it was precisely because of this breakthrough to Immortal Venerate that she truly understood that the Barbaric is not as simple as people imagine.

After becoming an Immortal Venerate, she moved a step closer to Immortal Emperor, and her ability to communicate with the world has strengthened, allowing her to sense many beings in the Barbaric whose presence is stronger than hers.

Clearly, the Barbaric also possesses many Immortal Venerates, and must also contain Super Forces, so they cannot become complacent.

Continuing to accumulate strength is currently what Profound Moon Palace should focus on.

At this point, Yun Yudie directly mobilized her immortal power, issuing an Immortal Order to the elders of Profound Moon Palace and its Affiliated Sects, directing everyone to focus on enhancing their own strength and forbidding further expansion.

With the issuance of the Immortal Order, the Affiliated Sects that were planning to abuse the name of Profound Moon Palace immediately straightened

up.

However, this also caused some discontent among the Affiliated Sects.

Quicksand Sect.

Sandstorms enveloped in the wind continuously swirled throughout Quicksand Sect, the sect appearing within a dust storm, but this was merely an illusion created by formations on its periphery.

Inside Quicksand Sect, it was like an oasis in the desert, with plants everywhere and a richer Immortal Aura in the air than outside.

At this moment, in the Meeting Hall of Quicksand Sect, Quicksand Immortal Monarch looked grimly at the Immortal Order before him.

Quicksand Sect differed from other Affiliated Sects of Profound Moon Palace; they joined Profound Moon Palace of their own accord, even before Profound Moon Palace had sent an envoy, they had already taken the initiative to send an envoy to Profound Moon Palace to join them.

They took such an initiative because they were attracted to the strength of Profound Moon Palace, thinking that it would make external expansion much easier under the banner of Profound Moon Palace.

And indeed, things had turned out as they had anticipated. Since joining Profound Moon Palace, they had annexed quite a few Immortal cities in the Barbaric, expanding Quicksand Sect's territory and swiftly enhancing their

overall strength.

However, just as they prepared to take advantage of this opportunity to

continue expanding, hoping to increase their Sect's Qi Fortune enough to help Quicksand Immortal Monarch break through to the Immortal King, Profound Moon Palace issued the Immortal Order barring further expansion.

This left Quicksand Immortal Monarch feeling very uncomfortable, for he was on the verge of breaking through to the Immortal King Realm, but without sufficient Sect Qi Fortune due to the halt in expansion, the risk of failure in his breakthrough was high.

At this point, an elder suggested, "Sect Master, why don't we simply leave Profound Moon Palace?"

They had joined Profound Moon Palace to reap the benefits; now that Profound

Moon Palace was restricting them and not allowing further expansion, the benefits were gone, meaning remaining in Profound Moon Palace had no value. It would be better to just leave.

Quicksand Immortal Monarch remained silent, and another elder spoke up, "Despite everything, Profound Moon Palace has two Immortal Kings; joining was easy, but leaving will likely be difficult."

After all, Profound Moon Palace is an Immortal Sect. You can't just join and

leave as you like. If they dare propose leaving Profound Moon Palace, the day after they announce it, they might find the crusading army of Profound Moon Palace at Quicksand Sect's doorstep.

Hearing this elder's words, the meeting hall of Quicksand Sect fell into silence, with no one speaking further. They all understood that it was almost impossible

to leave now. Unless they joined an even stronger Immortal Sect, with the protection of

another Immortal Sect, even if they left Profound Moon Palace, it wouldn't dare

touch Quicksand Sect.

However, in their locality, there were no other Immortal Sects nearby; only

Thunder Serpent Sect had an Immortal King, besides them, no other Sect could contend with Profound Moon Palace.

Thinking of this, Quicksand Immortal Monarch couldn't help but clench his

fists.

Must it end like this?

Just then, an elder suddenly entered the hall and said to Quicksand Immortal Monarch, "Sect Master, we received news that just now, Thunder Serpent Sect sent an envoy to Profound Moon Palace."

Upon hearing this, Quicksand Immortal Monarch thought of something.
